## Kileen Man Commits Suicide In Burkburnett

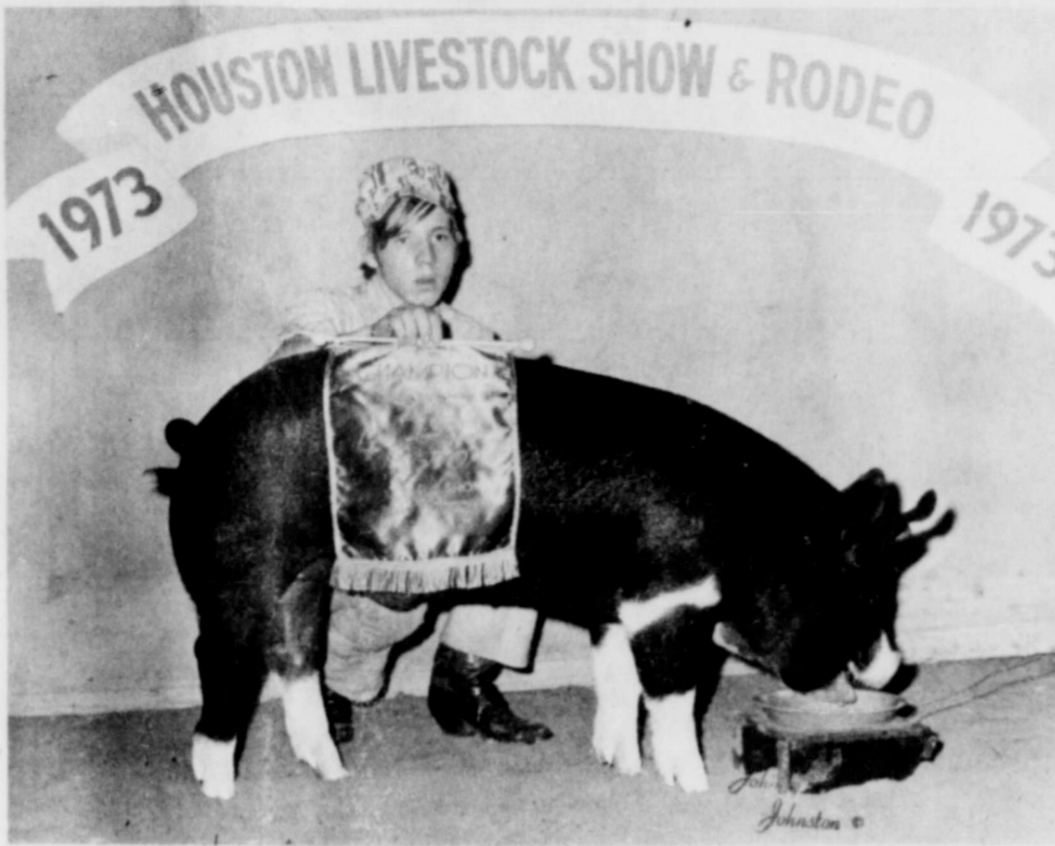

An apparently self-inflicted gun shot wound took the life of Ralph Campbell, 30, in Burkburnett Tuesday afternoon between 5:00 and 6:00 p.m. Campbell, a resident of Killeen, Texas, was at the Burkburnett Mobile Manor, Lot 2, located at College and Berry, when the shooting took place.

Campbell lying in the front seat of his pickup truck with a gun shot wound in his head. A Caliber 380 (9 MM) automatic pistol was found lying on the floor ready to fire again. Campbell was rushed to the Wichita General Hospital and pronounced dead shortly after his 5:41 p.m. arrival. According to Mrs. Aglian, it is possible that Campbell's suicide was due to family problems but she said that it would be difficult to say for sure. Campbell and his wife were in

the process of divorce and Campbell was emotionally upset. He and his wife had three children, ages 7, 6 and 5. Dorothy Aglian stated "When he walked out of the trailer, he said, 'I might as well just kill myself.'" Mrs. Aglian said that she told him that it would not help matters. Campbell and his brother-in-law, Ronald E. Reed got into the pickup and were backing out when Campbell pulled the trigger.

Members of the Burkburnett Police Department and Gold Cross Ambulance personnel load Ralph Campbell onto a stretcher, moments after Campbell had self-inflicted a gun shot wound to his head. Campbell was rushed to the Wichita General Hospital where he died a few moments later.

BENNY DORLAND of Route 1, Burkburnett shows his Champion Berkshire that he entered in the Houston Livestock Show. Benny is the son of Mr. and Mrs. Bill Dorland.

## Burk Vocational Agriculture Students Place In Houston

Burkburnett Vocational Agriculture students made an excellent showing at the Houston Livestock Show and Rodeo last week in Houston. Benny Dorland, of Route 1, Burkburnett, showed the Champion Berkshire in the show. David Watson showed the third place Berkshire, Tracy Martin, tenth place Chester White, Kathy Landers, eighteenth place Chester White.

Dena Masters showed the 3rd place Brahman Steer in the show. Three pens of commercial steers were also judged in Houston. Vernon Smith was judged with three good steers, Rick Bradley was judged with three good steers and Graig Crumpler showed two choice and one good. The Wichita County Junior Livestock Show will be held March 12 and 13 at the 4-H barn in Wichita Falls. The show schedule is as follows: Monday, March 12: 7:00 - 10:30 a.m. - Arrival of Animals; 10:30 - 12:00 noon - Poultry and Rabbit Judging. Weighing and tagging of Market Lambs; Weighing and Tagging of Beef Steers; Weighing of Market Barrows; 12:00 - 1:00 p.m. - Break for Lunch; 2:00 - 4:30 p.m. - Judging of the following classes: 1. Market Lambs; 2. Breeding Sheep; 3. Dairy Heifers; 4. Breeding Swine; 4:30 p.m. - Make up Sale Order for Lambs; 7:00 p.m. - Judging of Market Barrows. Tuesday, March 13 - 8:30 a.m. - Judging of the following classes: 1. Beef Steers; 2. Beef Heifers; 10:30 a.m. - Make up sale order for barrows and steers; 12:00 noon - Deadline to notify show officials whether animal sells or not; 1:30 p.m. - Judging of horses; 6:45 p.m. - Presentation of Trophies; 7:30 p.m. - Premium Sale of Animals.

## School Board Surveys Needs For Kindergarten

The School Board met in regular session Monday night with 16 items on the agenda to be considered. Approval was given to hand master, Jimmy McClain, for the purchase of 100 new band uniforms. Tax collections have been coming in rather slow. The total current and delinquent taxes collected thus far is \$242,905.97. The final selections have been made by the textbook committee and approvals have been given. It was recommended on the question of air-conditioning the Southside Elementary Schools offices, that they should get some more bids on the project before making a final decision.

School participation in the construction of a new community rodeo arena was taken under advisement by the School Board Monday. The board approved the employment of Mrs. Anna Lawless as first grade teacher and accepted the resignations of Sandra Melancon, H.J. Powell and Donna Sparkman. Expenses in the amount of \$39.50 are to be paid for two D.E. Students to attend the State competition in Houston. Schedules of the spring athletic activities were presented. A survey is presently being conducted to find out what will be needed in the way of facilities for Kindergarten classrooms.

## American Business Women's Association To Meet Sunday

Boontown Chapter of the American Business Women's Association will hold its hand of friendship enrollment event March 11 at the Burkburnett Bank Community Room, according to Valree Matherly, chapter president. The event will be at 3 p.m. This event is held semi-annually to introduce the organization and the local chapter to business women in this area. At the same time similar events will be held across the country by more than 1,000 other ABWA Chapters. The chief function of ABWA is to help women in business advance through education, increased competence, and

through upgrading of professional skills and business attitudes. The Association, founded in Kansas City, Missouri, in 1949, now has over 65,000 members. Locally, chapters awarded over \$375,000 in scholarships from October 1, 1971 to September 30, 1972. During this period an additional \$85,000 in scholarships was awarded from the national scholarship fund. Boontown Chapter has awarded local scholarships to 13 worthy recipients. The enrollment event will feature a program entitled "Fashions ABWA Style", narrated by Vera Colyer.

## State Congress Passes Tri-Mester Program Delay

by Sedelta Verble "Both houses of the state Congress have passed the delay of the Tri-mester program and it is currently on the Governors desk, and educators are assured that the Governor favors the delay also," commented BHS principal Bill Darland in regard to the new Tri-mester program previously due to begin in all Texas schools this next year. The tri-mester program advocated three semesters in-

stead of two, consisting of sixty day divisions. The school year would still include 180 days total, but the report to parents would be sent out less often. Instead of receiving a report card once every six weeks, the cards would be sent once every nine weeks. Mr. Darland commented on the advantages of the upcoming program by saying that this system was first thought of as an alternate program because of the

## Mayor Proclaims American Legion Birthday Week

### PROCLAMATION

WHEREAS, The American Legion was founded in 1919, shortly after the cessation of World War I hostilities, as an organization of war veterans dedicated to continuing service to God and Country; and

WHEREAS, The American Legion is observing its fifty-fourth anniversary this year, focusing the efforts of a membership encompassing four generations of war veterans on the theme, "Reach Out-In Service For America," and

WHEREAS, Its major contributions to American thought and deed and its endeavors to strengthen our freedom and perpetuate our free institutions have identified The American way of life; and

WHEREAS, The American Legion has achieved its position of high esteem through its programs of service to community, state, and nation; and

WHEREAS, Such programs have become an integral part of Burkburnett, Texas; and

THEREFORE, I, Irv Smith, Mayor of BURKBURNETT, TEXAS do hereby proclaim the week of March 11-17, 1973, as AMERICAN LEGION BIRTHDAY WEEK, and do call upon all citizens, business houses, and organizations to join with me in commending the good works of this organization as an expression of our appreciation of both the wartime and peacetime services of our Legionnaires and to signify our support of their various programs of endeavor following their theme of "Reach Out-In Service For America".

IN WITNESS WHEREOF, I have hereunto set my hand and caused to affixed the official seal of the Town of Burkburnett, Texas, on this 5th day of March 1973.

IRV SMITH  
MAYOR  
BURKBURNETT, TEXAS

## Five Run For City Council Place

Burk's City Council election will be held on April 3, 1973. Voting will be conducted at the council room in City Hall from 7:00 a.m. to 7:00 p.m. Five names will be on the ballot for the election. They are John Musick, Henry Long, A.H. Lohofener, Reid McCandless, and Irv Smith.

Burkburnett Mayor, Irv Smith, proclaims the week of March 11-17 as AMERICAN LEGION BIRTHDAY WEEK. Mayor Smith signed the proclamation last Monday as American Legion Commander Jim Lemley (left), Judge Advocate Joe Jancke (center), and Service Officer Scott Newton (right) look on.

# Burk Athletes Receive Honors

by Sedelta Vertle  
Gene Stallings highlighted the Annual All-Sports Banquet held at the Burk Burnett Civic Center last Friday night. The Defensive Backfield Coach for the Dallas Cowboys talked about recruiting players and the different coaching assignments he performed for the Dallas team.

As a former football star, he could relate many amusing and humorous episodes of the sport from the position of player and coach.

Football and basketball athletes were honored as well as the many athletes who compete in track, tennis, baseball, golf and the other sports at Burk Burnett High School. After a run down on the magnificent season for the Bulldogs in football and basketball, awards were presented to All-District and Honorable Mention recipients.

Presented plaques for All-District in football were Sam Hancock, Rick Bradley, Scott Smith, David Spinks, Allan Fournier, Vernon Fournier, Mike Myers and Zac Henderson. Besides receiving All-District for the second year, Rick Bradley also accepted the prestigious All-State Award. Honorable Mention plaques for football were given to Vernon Smith, Bill Snowden, Rusty Barrett, and Mark Balla. These are the players who were outstanding in taking the Bulldogs into the State semi-finals and who were successful in bringing to Burk Burnett for the first time in its football history, a Regional Championship.

Athletes who were recognized for basketball All-District were Mike Millar, Danny Nix, and Paul Dean. Honorable Mention went to Larry McMahlil and Greg Mayes.

The basketball success is just another one of the fairy tale victories for the Burk Burnett High School athletic program this year. The BHS Roundballers took district honors and then went into the Regional play-offs, for the first time in twenty-three years.

Coach Bill Froman who is the head coach at BHS honored the Varsity and Junior Varsity Cheerleaders who are an important addition to any athletic program. Varsity Cheerleaders are Stephanie Anderson, Donna Bankhead, Connie Dolan, Judy Frye, Marilyn Koller, who was

head cheerleader and Teresa Sossaman. Junior Varsity Cheerleaders include Kim Aaron, Gay Blackney, Gay Meaders, Debbie Dempsey, Barbara Rogers, and Tracey Marten.

Football and basketball queens were recognized. Diana Awtrey was chosen as football queen earlier this year and Susie Dennis was selected as basketball queen.

Athletes were asked to stand and be recognized. The senior athletes for this year include Mark Bailey, Rick Bradley, Steve Brock, Mark Balla, Kathy Curtis, Bill Deville, Mitch Doerre, Robert Fore, Allan Fournier, Vernon Fournier, Bill Freeman, Sam Hancock, Bill Horn, Monica Hubbard, Mark Johnson, Alex Koulovas, Lyle Larson, Greg Mayes, Larry McMahlil, Mike Millar, Ted Neble, Danny Nix, Madison Padigo, Scott Smith, Vernon Smith, Bill Snowden, Robert Snyder, David Spinks, Richard Spole, Thomas Surges, Terri Taylor, Mark Tucker, Diana Utery, Mike Vergari, and Marilyn Williams. These are the people who helped to make these last four years at BHS very successful athletically and they were subsequently honored at this special event.

## Know Your Babysitter

One of the most important jobs a person can have is being responsible for someone else's child, yet parents too frequently hire a babysitter at the last minute and know very little about her and fail to give her the proper instructions.

The Texas Safety Association urges parents to choose a sitter wisely. If possible pick her from a family with whom you are acquainted. Know that she is reliable. It is important that your sitter enjoy keeping children for she is apt to be more attentive and cooperative with your instructions.

Whether teenager or grandmother, the sitter you want should be capable of using good judgment--for example, never admitting a stranger to the house, never permitting dangerous play, never leaving a child alone even for a minute. Every sitter should be able to

Gene Stallings, defensive Backfield Coach for the Dallas Cowboys, uses his hands to explain a humorous quip about his football career. Stallings attended the All-Sports Banquet to honor BHS athletes.

Ground breaking ceremonies were held Tuesday at 2:00 p.m. at Bill's Auto Parts, 903 Sheppard Road. Burk Chamber of Commerce officers, directors and members, as well as other leading citizens were on hand to witness the first shovel of dirt turned for the all new building. Bill Pickett started in the auto parts business eight years ago in his garage at home and has since then grown into a prosperous business. In 1970, Bill moved to his present location and started Bill's Auto Parts. Now in 1973, Bill is building his all new, ultra modern building to better serve his customers. The three-handed ceremonial shovel is manned by Mayor Irv Smith (left), Dan Mills, and Bill Pickett.

administer first aid for minor cuts and bruises.

Ask the sitter to come at least 15 minutes ahead of time; this will give her time to read and hear your instructions and to get acquainted with your children. Write down the phone number and address of the place you intend to be. Tell her when

you expect to return and always phone if you are delayed.

List on a permanent card near the telephone the phone numbers of the police, ambulance service, family doctor, and nearest relative or friend who can be contacted in case of an emergency. Before you leave make sure all the doors and windows are locked.

Warn your sitter not to fall asleep - people who are not mothers are not well tuned to children's night sounds and may not awaken quickly. Ask her to always investigate when the children cry; there may never be a serious cause but it's best to be sure. Don't hire an inexperienced sitter if your children are ill.

## Houston Livestock Show And Rodeo Extends Scholarships

The Scholarship Program offered by the Houston Livestock Show and Rodeo is among the finest in the nation.

During the year 1972-73 this program has been expanded greatly and currently there are 85 students attending college on scholarships provided by the Houston Livestock Show and Rodeo.

These scholarships are presented annually to outstanding FFA and 4-H Club members in the amount of \$4,000 each, thus providing them with an education and preparation for a career to help better the agricultural economy.

Through the show's Area Go-Texas Program, this year an additional 31 \$1,000 scholarships will be awarded to worthy boys in 31 counties in the Gulf Coast Area.

NOTICE TO THE PUBLIC: Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation, which may appear in this newspaper will be gladly corrected as soon as it is brought to the attention of the publisher.

Jo Lynn Montgomery, Major Francis F. Kimball, and David Goad hold a framed issue of the Burk High newspaper, SPIRIT, presented to them from ex-POW Maj. Bob Jeffrey. SPIRIT ran the front page picture of Maj. Jeffrey upon his arrival at Sheppard after he was held captive for seven years in Hanoi. Jo Lynn and David met Major Jeffrey and presented him with the POW bracelets they wore which bore his name. The issue of SPIRIT was signed by Major Jeffrey and thanked all students for supporting the VIVA movement. Maj. Kimball served as envoy for the presentation.

## Library Members Meet Today

Friends of the Burk Burnett Library will meet in the Library Thursday, March 8, at 2:30 p.m. All members are urged to attend this open meeting.

Billie J. Morgan, Route 1, Burk Burnett proudly displays one of 70 ten dollar bills she won in the Piggly Wiggly Jackpot Contest. Billie is the first Burk Burnett resident to win the \$700.00 jackpot prize. Mrs. Morgan has missed having her card punched only once since the contest started.

SCHOOL... Continued from Pg.1

cause of protest from Texas unions which complained of schools not utilizing facilities to their fullest extent. The tri-mester program was at first scheduled to have Texas schools open during the summer, thus easing the heavy classroom over-population, but such problems as lack of air-conditioning for many Texas high schools eliminated this idea. Another concept which added the tri-mester proposal was the variety of subjects available. With the three semesters, more subjects can be covered, but in a shorter depth. Mr. Darland stated that the two years would give educators time to iron out some of the problems the tri-mester system will present. Because of the different lengths of study the Tri-mester system presents, teachers will have to revise their lesson plans. Although these are definite complications to the system for BHS, Mr. Darland assures us that the magnitude of problems increases with the size of the school. Those BHS students who will be directly affected by the upcoming program change are freshmen and sophomores. The seniors and juniors will face this type of curriculum if they plans to attend college.

# Nuptials Solemnized Saturday Between Mann - Goddard

Mr. and Mrs. Bradley Christopher Mann are on a honeymoon trip to Fort Worth-Dallas and Possum Kingdom Lake. The bride is the former Miss Debra Joan Goddard, daughter of Captain and Mrs. Jimmy L. Ray of Burkburnett.

JanLee Baptist Church in Burkburnett was the setting for the wedding ceremony performed Saturday evening by the Reverend Wayne Glazener, pastor. A pair of white columns holding large white urns of flowers were on either side of steps leading to the altar which was decorated with a pair of fifteen branch candelabra entwined with greenery and stephanotis and each had a cluster bouquet of greens and stephanotis tied with large white satin bows. A large white archway was entwined with the greenery and stephanotis with white feathered doves. Garlands of greenery and bows encircled the area and a white stand entwined with greenery, stephanotis and large white satin bows held the kissing candles which completed the scene.

The bride will reside in the home of her parents at 909 Easy Street temporarily until the groom returns from sea duty after which time the newlyweds will live in Jacksonville, Florida, where the bridegroom is stationed with the United States Navy.

The bride graduated from Burkburnett High School where she was an honor thespian, representative to Bluebonnet Girl's State, active in Pop Club, and during her junior and senior years was honored in Who's Who Among American High School students.

The bridegroom is the son of Mr. and Mrs. James E. Mann, Sr., of Haysville, Kansas. Prior to entering the Navy, he attended Wichita State University in Wichita, Kansas.

The bride chose a formal gown of chantilly lace over silk peau de soie. Bands of peau de soie encircled the fitted empire waist and bodice front. Tiny covered bridal buttons accented the front panel and a softly rolled collar completed the bodice trim. Her full skirt featured a scalloped redingote of chantilly lace with alternating panels of silk peau de soie to form a chapel train adorned with scalloped lace. A Juliet cap of ruffled chantilly lace and satin ribbon held her veil of english illusion. She carried a white satin and lace covered Bible which held a miniature white orchid surrounded by feathered carnations and ivy which were also tied in the full streamers.

Miss Lori Goddard attended her sister as maid of honor. Her formal gown of soft pink lace over tafia was princess styled with full sheer pink chiffon sleeves and a matching lace hat with pink illusion. Miss LuAnn Victoria of Wichita Falls was bridesmaid. Her pink satin gown and matching satin and illusion hat were fashioned like the honor attendant. They carried colonial bouquets of pink feathered carnations, baby's breath, large loops of burgundy satin ribbon with streamers of burgundy and pink.

Traditional wedding music was provided by Mrs. Charles Schrader, organist. Mrs. G.R. Sossamon sang "We've Only Just Begun" and during the ceremony sang "The Lord's Prayer."

The brides mother chose a formal gown of bone knit crepe trimmed with scallops of seed pearls around pink and gold embroidered braid. She wore a matching hat with bone illusion, gold accessories and a corsage of burgundy and pink feathered carnations.

The formal gown of the bridegroom's mother was pale aquamarine crepe with matching accessories and a corsage of soft yellow feathered carnations.

The bridegroom's grandparents, Mr. and Mrs. Samuel Weller, from Americus, Kansas, were among the many out-of-town guests.

James E. Mann, Jr., of Haysville, served his brother as best man. Groomsman was Dale Rose also of Haysville. They were dressed identically to the groom in burgundy brocade Prince Edward Tuxedos with pale pink shirts styled with ruffled jabots and cuffs with black velvet accessories and pink boutonnières.

Also from Haysville were ushers Jon Turkle and Jeffrey Mann, brother of the groom, who wore traditional black tuxedos with white lace jabots and black velvet accessories.

Following the ceremony, Captain and Mrs. Ray hosted a reception at the Sheppard AFB Officers' Open Mess. The Manadaly and Caravan Rooms were beautifully appointed in the bride's chosen colors of pink and burgundy. Mrs. Schrader provided background organ music while Miss Debra D. Mann served at the punch table and Miss Kimberley K. Mann presided at the guest book. Both are sisters of the groom and reside in Haysville. Ms. Geneva Willard cut the bridal cake which was served by Miss Kim Trout of Haysville. Assisting were Misses Beverly Hitchcock and Susan Barad of Wichita Falls and Miss Linda Dellefeld of Burkburnett.

A formal rehearsal dinner was hosted by the groom's parents in the Tiffany Room at Sheppard Officers' Open Mess.

For her wedding trip, the bride wore a floor length two-piece gown of orchid and white voile styled with fitted bodice and full pleated skirt, white accessories and a white orchid corsage completed her ensemble.

Mrs. Bradley Christopher Mann (Miss Debra Joan Goddard)

## Alaska, Theme For Sorority Program

Theta Epsilon Chapter of Epsilon Sigma Alpha held a meeting in the National Room Monday, February 26. The business session was conducted by the chapter president, Helen Eaton. Clodella Bridges gave a report on "Being A Leader". A new pledge, Mrs. Joe Alvey, was introduced and welcomed into the chapter. This makes a total of four new pledges this sorority year.

Theta Epsilon had a Valentine social at which time Doc Glover was crowned Sweetheart. Those in attendance enjoyed chips, dips and sandwiches after which they enjoyed playing dumb bunny bridge.

Reservations were made for the State Convention to be held May 18-20 at the Gunter Hotel in San Antonio. Members and husbands will attend a hospitality party with skits Friday night and meetings all day Saturday. A banquet will be held Saturday night with installation of state officers. Sunday morning will be memorial services followed by business sessions.

Welfare chairman Kathleen Brammer announced the Valentine social at the Hickory Elm Convalescent Home was a big success. Games were conducted by members of Theta Epsilon

with prizes and refreshments furnished by members.

The Educational Program for the evening was "Across The Great Alcan to Alaska" presented by Frankie McClurkin. Slides of Alaska were shown after the written program by Romona Vaughan. The main educational topic for the year is "We Discover America".

The meeting was adjourned and refreshments were served to members and pledges.

## Private Amaya Completes Army Basic Training

Private Mariano Amaya, 23, son of Mr. and Mrs. Luis Amaya, 207 Washington, Wichita Falls, Texas, has completed eight weeks of basic training at the U.S. Army Training Center, Infantry, Ft. Polk, La.

Pvt. Amaya received the training with Company E, 3rd Battalion, 2nd Brigade. Before entering the army he was employed by Scott's Level Best, Wichita Falls. His wife, Melba, lives in Burkburnett.

## Cooper H.D. Club Has Program On Shades

Cooper Home Demonstration Club met February 26 at the home of Mrs. James Creger. The president, Mrs. Bee Bryant, opened the meeting with a short talk on "When I Speak Let Me Think First".

Mrs. W.P. Rogers substituted as secretary for Mrs. Sam Spencer and conducted roll call. Each member answered with "The Most Stupid Thing I Ever Bought".

The minutes of the previous meeting were read by Mrs. Rogers and they were approved as read.

Mesdames Loma Volmer, Herbert Miller and Anna Mae Emmert were selected to the nominating committee to nominate officers for the new year.

Mrs. Cherry Kolter gave a demonstration on making lamp shades to match the decor of the room. She said never paint or apply heavy green or blue material on lamp shades as it is most difficult to match the room decor with them.

Mrs. W.P. Rogers gave safety hints on ways to drive defensively and courteously on the highways.

Games were played with Mesdames Art Ackenborn and Cherry Kolter winning the prizes.

The meeting was attended by eleven members. The next meeting will be held March 12 at the home of Mrs. Loma Volmer in the Thornberry Community. Mrs. Bee Bryant will present the program on yard care, flower beds and pruning.

Refreshments were served by the hostess, Mrs. James Creger and co-hostess, Mrs. Mattie Clayton.

## Burk Band Parents Change Meeting Time

by JoAnn Gibson

The Burkburnett Band Parents met for its regular monthly meeting on February 26 and attendance was down again. As an effort to increase attendance at the meetings, it was voted to change the meeting night from the fourth Monday to the second Thursday of each month.

Please note on your calendar now of the meeting to be held at 7:30 in the Senior High Band Hall on March 8.

We hope to see you tonight and each second Thursday night of the month hereafter.

Elizabeth Ann Taylor

## Miss Taylor Honored On 3rd Birthday

Elizabeth Ann Taylor, daughter of Mr. and Mrs. Edward Taylor of 1011 Frances, was honored February 26 on her third birthday with a party given by her grandmother, Mrs. Claudine Boydston.

Celebrating the occasion with little Miss Taylor were Tony Dillard, Jana Kay Curry, Julie Antwine, Terry Overton, Butch Luzier, Billy Ray and Kenneth Morgan, Alicia and Charlie Austin, Steve Staton and Mmes. Mattie Boydston, J.E. Gentry, Leatha Jennings, Annie Taylor, Claudine Boydston, Linda Luzier, Linda Overton, Charlie Curry, Billy Morgan and Brenda Austin.

Those sending gifts were Jill Phillips, Stephanie Ann Hull, Krystal Taylor, Lynn and Ouis Taylor, Glenda Tuills, Ruby Lange, Mary Chastain, Rose Caroland, Joyce Townsend, Mr. and Mrs. Clyde Hester, James Phillips, Eddie Taylor and Ocho Ryals.

American Cancer Society

## Little League To Hold General Meeting March 13

There will be a general meeting for all parents, children and officers involved in the Little League Baseball activities Tuesday, March 13. This meeting will be at 7:30 p.m. in the Reddy Room of Texas Electric Service Company. Everyone who plans to be a participant in this year's activities is urged to attend this important meeting.

Debra Arlene Hayslip

## Engagement Announced

Mr. and Mrs. Jack T. Hayslip of 4409 32nd Street, Lubbock, announce the engagement of their daughter, Miss Debra Arlene Hayslip, to Edwin Doyle Gann. He is the son of Mr. and Mrs. Cecil Gann of Burkburnett.

A June 23 wedding is Central Baptist Church, Lubbock, is planned by the engaged pair. She is a 1971 graduate of Coronado High School and a sophomore at Texas Tech majoring in elementary education.

A 1968 graduate of Burkburnett High School, Gann is a senior at Tech, majoring in electrical engineering.

## Mrs. Goins Hosts Hardin H.D. Club

The Friendly Hardin H.D.C. met February 28 in the home of Mrs. W.E. Goins with Mrs. Yada Bolin as co-hostess. Jane Lature, president, presided at the meeting.

The Budget committee submitted the budget for 1973, which was adopted by the club.

After the business meeting, committee reports were given. Dee James, county extension agent, presented the program on new fabrics for the home.

The next meeting will be March 14 in the home of Mrs. J.G. Cheney, 528 S. Berry. Those present for the meeting were Mmes. Roderick, Lature, Askins, Williams, Cheney, Bolin, Goins, and the visitor, Dee James.

## Burk Girls' Track Team Takes Places At Meet

by Sedelta Verble  
The magnificent new track may have something to do with the results of last Friday's Girls' Track Competition in Henrietta, but the largest portion of the success must be credited to natural talent. The Burk Burnett Girls Track team coached by Mrs. Judy Bledsoe raced for 108 total points for third place in the total team effort.

Coach Bledsoe's girls placed or won in eleven events. Marilyn Koller, Cheryl Hicks, Jo Ann Masters, and Paula Crumpler made up the winning combination to win the 440 Relay. The competition was tough in this particular race as the team which came in second to the BHS runners in the 440 were in the state matches last year. For capturing the 440 race the girls were awarded a team trophy and individual medals. Their time for the relay was 53:4.

Dee Dee Umlah, Jan Stewart, Vicki Rich, and Janice Martin bagged third place honors in the 880 Relay with a 2:03 time.

The tedious Mile Relay was competed in by Judy Lemley, Sherry Sutton, Nan Sullivan, and Jo Anne Masters. Although the BHS girls took fourth place honors, it is quite a grueling event.

Into the jumping portion of the competition, Cheryl Hicks was once more in the limelight as she won the Triple Jump with an astounding 32 feet

and 6 inches. Cheryl was awarded a medal for her diligent jumping after she outjumped the other contestants by two feet.

In High Jump Competition, Evie Richardson took second place honors with a ribbon, and Cheryl Hicks again triumphed in the Broad Jump with second place qualifications. Cheryl jumped 15 feet 1 1/4 inches in the Broad Jump contest.

Jo Ann Masters who is also a repeating contender for the Bulldogs again accomplished a reward with third place in the 440 Dash. Jo Ann's time was 72.9.

Liz Greene placed third in the 220 Yard Dash with a time of 28.7, and in the 60 Yard Dash, Cheryl Hicks attained second place with a 7.6 time while Paula Crumpler achieved third place with 7.7. Cheryl again competed in the 100 Yard Dash where she succeeded in taking second place with 12.05. Cheryl was second only to another contestant by what is called a lean. She needed only a fraction of a second to win this event also.

The 80 Yard Hurdles were taken by Evie Richardson with a time of 13.6 for second standing.

Coach Bledsoe commented on the meet by saying that she did expect the girls to do an exceptional job, but was a bit surprised by some of the ex-

cellence such as Cheryl Hicks' performance on the Triple Jump. Only twice before has Cheryl jumped this outstanding distance. Also Coach Bledsoe was pleased by the 440 Relay outcome. She stated that many of the coaches commented to her about the feat accomplished when the Burk Burnett team defeated the second place winners, because they advanced to the finals last year. This is a good insight to the future competition although this was a small meet, she said, optimistically. Coach Bledsoe also added that the future competition meets will be larger and will include awards for high point individuals. The girls who competed in several events such as Cheryl Hicks, Jo Ann Masters, and Evie Richardson have a very good chance at this high point trophy in upcoming events. The meet was a productive one in Henrietta and the girls are hoping for even better as they travel to Vernon next Friday and Jacksboro next Saturday afternoon.

Cheryl Hicks

## First Annual Burk Burnett Men's Basketball Tournament In Progress

The first annual Burk Burnett Men's Invitational Basketball Tournament got underway in the Junior High Gym Monday night with four exciting games. Action started fast and fierce with the Burk Exes trimming Lamar Baptist of Wichita Falls 46 to 42. The score was tied on numerous occasions, but the Exes came on strong in the 4th quarter to win going away. Failure to hit from the free throw line doomed the Baptists.

Van Loh was high point man for the Exes with 18 points while Walker scored 11 for Lamar Baptist.

In the second game the Aces from Allis Chalmers won a close one from the local Piggy Wiggly team. The Teams played an even first half with the Aces taking a 31-29 halftime lead to the dressing room. Halfway through the last quarter the Aces pulled ahead ending the game with the score Aces 47, Piggy Wiggly 41.

The third game started off even, with the First Baptist Church and the Over Thirty Gang matching point for point. However, in the 2nd quarter the Baptists started pulling away and led 31 to 18 at the half. The increase was increased to 49 to 31 at the end of the third quarter and the final score became 74 to 39 in favor of the First Baptist Church. Wiley, Jones, Broom, and Avritt all scored 6 apiece for the Over Thirty Gang, while Dean had 14 for the Baptists.

The final game between Central Baptist Church of Burk Burnett and the Mixers of Wichita Falls ended with the Mixers ahead 87 to 44. Central Baptist put forth a valiant effort but were no match for the taller mixers. High man for the Mixers was Kozill with 17 and Payne scored 13 for Central Baptist.

Second round games start tonight at the Junior High Gym with Lamar Baptist meeting Central Baptist at 6:30 and Piggy Wiggly taking on the Over Thirty Gang at 7:45. At 8:45 the Aces team up with First Baptist Church and in the final game the Mixers and the Burk Exes tangle.

Friday night the final four games are scheduled at the same times as previous nights. Championship finals will be played at 8:45 and Consolation finals at 9:45.

## Boy's Track Team Makes Good Show At Vernon

by Sedelta Verble  
John Panter placed third in the Shot Put competition during the Vernon Invitational held Friday and Saturday at Vernon in track competition. The third place ranking contributed six points to the team effort. Kenneth Eaton also placed in the Shot Put competition with sixth place and added one point. Other winners in the Track contention were Rusty Barrett who placed fifth in the Discus throw.

Vernon Smith, Robert Fore, and Jay Lippard ran the mile relay and placed fifth place, while Tim Kormos tied for fifth place in high jump. Bill Deville competed among thirty other contestants and ranked fifth with 42.9 time.

The points contributed according to ranking were ten points for the first place, eight, six, four, two, and one point for each consecutive ranking until sixth place. Although the Bulldogs have a new track and lots of hustle, nothing can make up for experience and this is why the school system is starting to train students in the seventh grade. Also track is a thrilling sport and when an observer attends a track meet he is treated to many varieties of competition in one area.

## Preparations For Slow Pitch Season

The Parks and Recreation of the City of Wichita Falls is preparing for the 1973 Slow Pitch season. The following Slow Pitch leagues will be offered:

1. Men's City Slow Pitch;
2. Men's Church Slow Pitch;
3. Women's City Slow Pitch;
4. Boys' City Slow Pitch (new);
5. Senior Boys' Church Slow Pitch (new);
6. Girls' City Slow Pitch (new).

There are three newly offered Slow Pitch leagues: Boys' City Slow Pitch, Senior Boys' Church Slow Pitch, and Girls' City Slow Pitch.

A Slow Pitch managers meeting will be held at Memorial Auditorium, Room 500, on Monday, March 19 at 8:00 p.m. Entry fees, schedules, rules, and practices will be discussed. If you are interested in fielding a team, it is imperative that you attend this meeting. The opening date for the season will be announced. For further information please contact Gary L. Gorham, Athletic Director, at 322-5611, Ext. 265.

## Cornelius Insurance Agency

569-3498

T.M. Mickey

### Recipient of 1972 "Agency" Persistency Award

The name known synonymously with insurance in Burk Burnett is Cornelius. A former Superintendent of Schools in Oklahoma, T. M. Cornelius holds a Masters Degree from the University of Oklahoma. He has been in insurance since 1956. Working with T.M. is his son, Mickey. Holding a B.A. Degree from Oklahoma State University, Mickey has been in insurance for eight years.

Cornelius Insurance Agency is representative of American Mutual Life of Des Moines, Iowa and Inter-State Assurance of Des Moines, Iowa. Policies carried include Life, Income re-

placement, hospitalization, accident and health, estate planning and retirement plan services.

Recipient of the highest honor in the field of insurance, T.M. Cornelius was named a Qualifying and Life Member of the Million Dollar Round Table for 1973.

The Cornelius Insurance Agency was presented the Agency Persistency Award for 1972. This means the Agency led in the sales of insurance remaining in effect for 1972.

Mickey and T.M. both qualified this year for the National Quality Award.

For 1972, T.M. sold 363 lives and Mickey sold over 150 lives. Mickey produced over \$1 million worth of ordinary insurance for this past year.

Both men are active members of the Burk Burnett Chamber of Commerce and the Wichita Falls Chapter of the National Association of Life Underwriters.

Mickey and his wife, Tona, have two children, Scott and Kristen. He is also active in the Noon Lions Club.

T.M. and his wife, Helen, have three sons, Mickey, Jackie and Timmy. He is active in Rotary and a member of the Burk Burnett City Council.

Dr. Field H. Winslow, of Bell Telephone Laboratories, will be the keynote speaker of the Science Recognition Day program held at Midwestern University March 8.

## Club Recipient Of Unusual Program

Picture the steady glow of a laser beam, bubbling beakers creating rubbery things, a machine that works when you talk to it.

Is this the laboratory of a mad scientist?

No, it was part of a unique telecommunications program that was performed before the Burk Burnett Rotary Club on March 6.

Scott, who has given such programs to more than a million Texans in nearly 20 years with the telephone company, presented "From Beryllium to Vanadium, by Way of Krypton."

The program centered on the research and development that has made communications service in the United States the best in the world. "But," he says "I also show some dramatic Bell Telephone Laboratories experiments which may have far-reaching impact on our future."

"For example, the laser beam--commonly thought of as a grim weapon--has untapped potential as a communications carrier for voice or data transmission."

As part of his program, Scott demonstrated the "Voice-Controlled Dialer," an instrument which responds to verbal

orders. By speaking into the instrument, motion-handicapped persons will be able to place phone calls and even turn on small appliances.

Scott said Bell Labs scientists feel they may have only scratched the surface in the possible applications of these inventions. "Who would have thought when Bell Labs invented the transistor in 1947 that men would be able to walk on the moon because of it?"

The Bell Systems used 97 of the 104 known chemical elements to manufacture telephone equipment which is more reliable, dependable, compact and economical than ever before.

"Products you rarely see--such as underground cable, magnets in your telephone receiver, dials that light up your Princess set--are all possible because of new discoveries in the world of chemistry," he points out.

"I thought I had seen it all," Scott said, "from magneto crank telephones to communications satellites in the sky. But as long as man continues to communicate, telephone people will search for a way to help him communicate even better--now and in the future."

Glenn Scott, science demonstrator for Southwestern Bell, shows how two chemicals combine in a beaker to form a "nylon rope" during his show "From Beryllium to Vanadium, by Way of Krypton." The program featured demonstrations of experimental telephone equipment and explained the kind of research going into today's communications services.

## Legion Auxiliary Presented Awards For Best Essays

The American Legion Auxiliary held its annual Americanism Awards February 19 at the Post Home. Awards were given to the Junior High School students for the best Essay on "My Responsibility As An American." Approximately seventy-five attended.

A twenty five dollar savings bond went to each first place winner and a trophy went to the two runners-up in each grade. Approximately three hundred essays were entered in the contest.

The following were winners in the grades listed:

**SIXTH GRADE**  
First Place: Ronald L. Clemmer; Second Place: Bryan Dowling; Third Place: John Dixon.

**SEVENTH GRADE**  
First Place: Tam Garland; Second Place: Gloria Fain; Third Place: Jeff Leonard.

**EIGHTH GRADE**  
First Place: Randy Umlah; Second Place: Sheila Shirley; Third Place: Teresa Renner.

Each winner read the essay they had written for the Assembly. Mr. Dixon was thanked for his help in the Americanism Program. Following the program, refreshments were served.

## Science Recognition Day Program Slated Today

Hundreds of high school students and their teachers from North and West Texas will gather in Wichita Falls March 8 to take part in the annual Science Recognition Day program sponsored jointly by Southwestern Bell and Midwestern University.

Outstanding science and math students have been invited to hear Dr. Field H. Winslow of Bell Telephone Laboratories and explore specially designed telecommunication exhibits. Dr. Winslow, a pioneer in the development of atomic energy, will discuss the ever-expanding role of molecular chemistry in the continuing expansion and improvement of the Bell System's telecommunication services.

## Mrs. Garland Presented "Texas" Program For Study Club

The Contemporary Study Club met in the home of Mrs. F.T. Felty, Jr. with Mrs. E.C. Richer as co-hostess.

Mrs. Frank Miller, vice-president, had charge of the meeting which opened with the Club Collect. Roll call was answered with a "Texas Cattle Trail". Several committee reports were given. A report was given on the "Aluminum Pop Art" show to be held March 24 in the Reddy Room. Posters will be displayed in various parts of town. A donation was made to the Community Service Center for "Rodent Control". Mrs. Miller also appointed Mmes. Tom Smith, Harry Elliott and Robert Norris to a committee to form a "Junior-ette" Club.

Mrs. Gad Garland presented the program on "Texas". Mrs. Garland was dressed in western clothes complete with cowboy boots and hat. She gave a very interesting program about Texas, the industry, the cattle and some of the pioneer days. She also gave some of the "Texas Language" and told what certain phrases mean. Mrs. Tom Smith won the door prize.

The next meeting will be March 19 with Mrs. Edgar Fulcher. Members will have a craft and art display.

Mrs. Miller also reported that the "Heart Fund" headed by the club in Burk Burnett was a success.

### Southside PTA To Meet March 13

Southside P.T.A. will hold its regular meeting Tuesday, March 13, at 7:30 p.m. Guest speaker will be Mrs. Loretta Hunt, Life Member of P.T.A., who will be speaking on "P.T.A. Involvement for School and Home." She is a long-time resident of Burk Burnett, and has spoken several times to P.T.A. organizations.

The new Southside P.T.A. officers for 1973-84 will be elected at this time.

The P.T.A. would like to thank everyone who helped make Southside's game night, a fund raising project sponsored by the American Legion, a success.

Nursery will be provided at the next meeting. Coffee and cookies will be served.

Guidelines of Life

by Father David A. Jones, St. John the Divine Episcopal Church

"What Am I To Do With Jesus, Who Is Called Christ?" (PART 2)

Last week Judas was the person whose answer to the above question we discussed. Now, consider two others: Caiaphas and Herod Antipas.

Caiaphas, the High Priest, had heard much about Jesus, and about what we refer to as Jesus' triumphant entry into Jerusalem on the first Palm Sunday. Caiaphas sent temple guards to arrest Jesus in Gethsemane, and presided at the trial held before the Sanhedrin. The trial was illegal: it was held in the middle of the night; then Jesus finally said what Caiaphas wanted to hear, because the required two witnesses against Him could not be obtained. Filled with fear and dread of Jesus, Caiaphas used a noble and high-sounding phrase to accomplish his purpose, saying: "It is meet one man should die for the people"; causing the Sanhedrin to condemn Jesus to death for blasphemy and having Him taken to Pilate to secure the necessary authority. Thus Caiaphas answered our question for himself and received his just reward. Too many people let fear, jealousy, or similar weaknesses misuse good statements for evil purposes. We should beware of such uses ourselves.

Herod Antipas, Tetrarch of Galilee, needs little description. Jesus showed him for what he was by calling him: "That Fox!". The term was as uncomplimentary then as now; reminding us of craftiness, slyness, and all types of under-handedness. Herod was in Jerusalem at the time of Jesus' trial because of the Passover Festival. He and Pilate had been at enmity with each other. When Pilate learned Jesus was from Galilee he sent Him to Herod. Herod tried to make our Lord perform some great miracles before his eyes. Jesus did nothing of the sort and was returned to Pilate for final judgement. This action by Herod brought peace between himself and Pilate; but it was the kind of action that refused to accept our Lord of what He was and is! So, Herod answered for himself our question, and like all others, received his just reward. May we so live as never to earn the title Jesus gave Herod: "Inat Fox"; that we never be classed amongst the crafty, sly, cunning, under-handed people of this world.

Remember, too, that Amos, one of the earliest of the Old Testament writing prophets, taught that one of the first attributes of God is JUSTICE!

## Mrs. Peters To Attend Conference On Govt. Ethics

Mrs. Marguerite H. Peters, of Burk Burnett, has accepted Lieutenant Governor Bill Hobby's invitation to participate in a Citizens Conference on Ethics in Government.

The conference will be held in Austin on March 20-21, to consider the various aspects of ethics in state government.

"The subject of ethics in government is of great concern to all Texans," Hobby said. "This conference is an effort to secure true grass-root input into the legislative process."

Hobby said he hopes the 150 delegates to the conference will develop a consensus report, outlining the major areas which the citizens feel should be covered in ethics legislation.

Mr. and Mrs. Peters have four children, Wayne, Marilyn, Gary, and Clark.

She is a member of Common Cause, League of Women Voters, Democratic Women, Texas Women's Political Caucus, Board of Directors Wichita Falls Education Television, Order of Eastern Star, Volunteer Occupational Therapist at Help Center M.H. & M.R. Facility, and Meadow Lane Garden Club.

Mrs. Peters will be arriving in Austin March 19 at 3:30 p.m.

## Safety Rules Urged For Kite Flyers

Young kite flyers are urged to follow a few simple rules for their own safety, according to Mr. Bill Vincent, company manager for Texas Electric Service Company.

Vincent warns them of the danger of flying kites in the vicinity of electric power lines.

"If you kite should get caught in electric wires, call Texas Electric Service Company," Vincent says. "Someone will be sent to get it down for you."

Vincent recommends the following safety rules for kite flying:

- Always use dry string, not wire or anything metallic; always use wood and paper in your kite, not wire or metal; always fly your kite on days when there is no rain; always avoid busy streets and highways while flying your kite.
- Don't pull on the string or climb a power pole to loosen a snagged line; always fly your kite far from electric or power lines; always fly your kite away from TV and radio aerials.

"Posters containing these safety rules have been distributed by the company to all schools," Vincent said, "so youngsters will get more fun out of flying kites and at the same time keep from getting hurt or losing their kites."

## TOPS Members Plan To Attend State Days

TOPS Tx 636 met Monday, March 5 at the Central Baptist Church for the regular monthly business meeting with 22 members weighing in.

Marsha Anthony, who transferred from a Wichita Falls TOPS chapter, was welcomed into the local chapter.

Officers elected to serve during the current fiscal year are: Leader, Dorothy Smith; Co-Leader, Ginger Smith; Secretary, Betty Tolson; and Treasurer, Lee Milam. These officers will be installed March 30.

Members were urged to make plans to attend the State Recognition Days to be held May 4 and 5 in Fort Worth.

Anyone interested in Taking Off Pounds Sensibly may get information by calling 569-2741. TOPS meets each Monday evening at the Central Baptist Church. Weigh in starts at 6:30 p.m.

## Missman Deployed To Thailand TDY

U.S. Air Forces, Thailand--Sergeant Charles W. Missman, son of Mr. and Mrs. Vincent N. Missman of -639 Pecan Ct., Burk Burnett, Tex., as deployed to Thailand on temporary duty with the U.S. Air Force's 354th Tactical Fighter Wing.

Sergeant Missman is an administrative specialist with the wing--equipped with the A-7D Corsair attack fighter--which moved from Myrtle Beach, S.C. to Korat Royal Thai Air Force Base.

His unit replaced four F-4 Phantom squadrons last September which had either returned to the United States or been reassigned within the Pacific theater.

Sergeant Missman, a 1966 graduate of Burk Burnett High School, attended Texas A&M University, Midwestern University, Wichita Falls, Texas, and the University of Arizona.

## News From

# RANDLETT

by Mollie Elliott

Mr. and Mrs. C.C. Watkins of Henrietta visited her mother, Mrs. Zaida Bryant, and her sister and husband, Mr. and Mrs. Rex Austin last Monday evening.

Mrs. W.G. Harwell of Wichita Falls visited her sister, Mr. and Mrs. C.R. Ressel Sunday.

Mr. and Mrs. Bill Goodwill and sons of Dallas were Saturday and Sunday guests of Mr. and Mrs. V.L. Bentley.

Mrs. Larry Wileman and children of Boise City, Okla. are visiting Mr. and Mrs. T.L. Wileman.

Mr. and Mrs. Leonard Riddle and son of Ravia, Okla. visited Mrs. T.E. Riddle and Pete Sunday.

Mr. and Mrs. DeWayne Moyer and daughters of Sherman visited both of their parents, Mr. and Mrs. Jess Butler and Mr. and Mrs. Lewis Moyer, over the weekend.

Mrs. O.D. Bales and Mrs. Pat Abbott and children visited Mr. and Mrs. Wesley Bales of Lawton, Okla. Sunday.

Mr. and Mrs. Don Fowler

and children of Ft. Worth visited his parents, Mr. and Mrs. Ted Fowler Sunday.

Miss Betty Jo Braden of Iowa Park and Mrs. Mable Fammen of Wichita Falls visited Miss Alta Mae Braden Sunday.

Rickey and Robbin Hatcher of Burk Burnett visited their grandmother, Mrs. Flora Hatcher Friday evening.

Mr. and Mrs. David Elliott of Lawton were Sunday guests of his mother, Mrs. Mollie Elliott.

Mr. and Mrs. Rex Austin, and Mr. and Mrs. D.N. Austin of Reedy, Calif. visited in the home of Mrs. Rex Austin's mother, Mrs. Zaida Bryant and other relatives, from Monday of last week to Wednesday of this week.

Mr. and Mrs. Lewis Williams visited their son, Mr. and Mrs. Jerry Williams and family of Sedan, Kansas from Friday evening to Sunday evening.

Mrs. Minnie Adams fell at a rest home in Temple, Okla.

last week and broke her hip. She is now in a Lawton, Okla. hospital.

Mrs. Phillip Britt and children of Iowa Park and Mrs. Maurice Brown and children and Donna DeJoy of Burk Burnett were Sunday guests of Mr. and Mrs. R.C. Brown, last week.

Mr. G.W. Bowers of Temple, Okla., father of Mrs. N.R. Kirkpatrick, is critically ill in a Wichita Falls hospital and has been in intensive care for the past week.

Miss Viola Chandler of Wichita Falls visited friends and relatives in Randlett, Thursday.

Mrs. Johnie Jones visited her 2 brothers and their families, Mr. and Mrs. Bud Sanders and Mr. J.R. Sanders, and her mother, Mrs. Grace Sanders, in Atkins, Ark. last week.

Mr. and Mrs. Gary Lee Osley and children of Oklahoma City recently visited his mother, Mrs. Zana Osley.

Mr. and Mrs. W.R. Baldwin went to Little Rock, Ark. Wednesday of last week for a few days visit with their daughter, Mr. and Mrs. David Esparza and son David Troy, Jr. David Troy returned home with his grandparents for two weeks visit.

The family of Mrs. Zaida Bryant met at the Community Room of the Burk Burnett Bank Saturday night for a family reunion and dinner. Approximately thirty attended the reunion.

Mrs. C.B. Ressel, Mrs. W.T. Oliver and children, Mrs. Joe Fender Eastman and Mrs. Ralph Postelwaite attended a retirement party at the State Hospital last Wednesday night for Mrs. Ressel's sister, Mrs. W. G. Harwell, who retired after 25 years service there.

Sunday visitors in the home of Mrs. Zaida Bryant to see Mr. and Mrs. Rex Austin were Mr. and Mrs. Johnny Bryant, Mr. and Mrs. Bill McGarry and children of Burk Burnett, Mr. and Mrs. Rickie Bryant and son, Mrs. Gerald Brent, Mrs. David Homes, and Larry Solomon of Wichita Falls.

## Library Corner

Two new books of memoirs of boyhoods - one fiction and one non-fiction: A.E. Hotchner's story of a boy in St. Louis in the 30's, KING OF THE HILL, is reminiscent of other tales of the Mississippi River boyhoods a hundred years before. And Bruce Catton tells of his own early life in Michigan in his book WRITING FOR THE MORNING TRAIL.

Mrs. Willie Newbury Lewis' new biography of her husband, TAPADERO, is pure Texas. It is the story of a boy from Maryland who became a Texas cowboy, and finally, a ranch owner in the Panhandle.

Marc Duke's new book, ACUPUNCTURE, gives an account of the history and theory of medical acupuncture. It represents a large step in calling

the public's attention to that new but ancient system of medicine.

Other non-fiction: HRDS OF NORTH AMERICA--eighty pages of beautiful photographs, by Eliot Porter; LADIES, PLEASE COME TO ORDER - a look at Women's Clubs, including advice on forming, financing, and running your club, by Peggy Cameron King; ENCOUNTERS WITH STRAVINSKY, by Paul Horgan; AMERICAN CENTURY by Ralph Andrist; and THE SILENCE OF THE NORTH, by Olivia A. Fredrickson.

New fiction: THE WAITING SANDS, by Susan Howatch; THE LONELY STRANGERS, by Charity Blackstock; THE CAMERONS, by Robert Crichton; OVER THE EDGE, by David Westheimer; and RULE BRITANNIA, by Daphne du Maurier.

## News From Evergreen Manor

by Artie Mullins

Mrs. Diane Gensner and Mrs. Cindy Slansberry of Cashion Baptist Church have adopted Mrs. Mattie Meyers as their patient to visit and be her adopted family.

Winnie Austin will enter the hospital this week for an eye operation.

Visiting Mrs. Austin Sunday were Mr. and Mrs. Clynch, from Houston.

Last week Mrs. Betty Patrick, Mrs. Blanch Muller and Mrs. Susie Brown attended a work shop on Reality Orientation. This week Messrs. Applin, Osborne, Boydson and Armstrong are attending the same workshop at Vernon.

We thank Mrs. Jackson for

her help in our games each Tuesday.

The ladies from the First Baptist Church came Wednesday and had a party for everyone that had a birthday in February. They sang and served punch and cup cakes. Everyone enjoyed the party. Thank you so much. It helps the patients to get out of their rooms and this is a wonderful work the ladies are doing.

Wage Boy was visiting old friends here this week.

Mr. and Mrs. M.L. Thompson from Ft. Worth visited her two sisters, Mrs. Clynch and Miss Brewer, last week.

Mr. Kilgore's daughter from Iowa Park visited him Saturday.

day.

\*\*\*\*\*

Mr. and Mrs. I.B. Pence and son Mark, from Las Vegas, Nevada visited her grandparents, Mr. and Mrs. C.D. Mullins.

\*\*\*\*\*

Mrs. Clynch's son and wife from Houston visited his mother Sunday. They took she and her sister, Miss Brewer, out for lunch.

\*\*\*\*\*

Mrs. Wilburn spent the day Sunday with her son and family at Electra.

\*\*\*\*\*

Mr. and Mrs. Roy Williams from Randlett visited Mrs. Harst, Sunday.

\*\*\*\*\*

Mr. and Mrs. Louise Harde-man and children from Georgetown visited her grandparents, Mr. and Mrs. C.D. Mullins.

\*\*\*\*\*

Mrs. Bowman is still very ill. Her children are here from California and a son from Missouri.

\*\*\*\*\*

Visiting Fay Postelwait Sunday were friends, Mr. and Mrs. Bennie Smith from San Angelo,

Tex., Mr. W.G. Harwell from Wichita Falls and a sister, Mrs. Ressel and grandchildren from Randlett.

\*\*\*\*\*

There were 32 in Sunday School. Mr. Wortham brought a good lesson. The Assembly of God Church conducted the afternoon services. Everyone enjoyed the good singing.

\*\*\*\*\*

We have a new resident, Mrs. B.F. Rush. We hope she will like it here and soon be better.

\*\*\*\*\*

Guy Blyeu of Lawton visited his mother Sunday.

## TEMPLE NEWS

**JUNIOR SHOW**

Temple is finalizing plans to host the annual Cotton County Junior Livestock Show set for four days and opening March 2 in the usual location near the city's north boundary.

With the assistance of business firms in surrounding towns, individual contributions and volunteer labor, this year's showing is expected to top all others in entries, showmanship, and public pride, according to event leaders.

Competition is expected to be strong among 4-H and FFA members, and Dave Richardson, Temple Chamber of Commerce president's message in this year's brochure expresses his, and the Mayor's and county citizen's appreciation for help received from Burk Burnett, Randlett, Walters and the County Fair Board.

"Without their help, the show would not have been possible," Richardson said.

To assist individuals who cannot attend all four days of the show, the schedule is listed:

March 2-- 3:45 p.m. 4-H meat identification contest, Temple; 4:00 p.m. weighing market swine; 6:00 p.m. all swine entries must be in place.

March 3-- 9:00 a.m. all other entries must be in place; 9:00 a.m. weigh halter steers; 10:00 a.m. weigh commercial steers; 1:00 p.m. swine judging and showmanship; 4:00 p.m. sheep judging and showmanship; 7:00 p.m. cattle judging and showmanship.

March 4-- Show open to public; all animals not in sale released at 4:00 p.m.

March 5-- 9:00 a.m. FFA and 4-H livestock judging contest; 6:00 p.m. fish fry, Temple school cafeteria; 8:00 p.m. premium auction, M.D. Philpott, auctioneer.

Dr. Jim Hillier, Oklahoma State University will judge all livestock.

**CHAMBER OF COMMERCE**

Peggy Moore, chairman of Temple's Chamber of Commerce membership committee, has plans to boost the membership roll and take the maybe factor out of the organization's undertakings planned around improving local and trade territory conditions.

During a committee meeting last week attended by Jack Lattimer and Edie Laxson, chairmen, Ms. Moore outlined her plans to promote more participation and interest in various community undertakings and at the same time secure additional membership.

Virginia Striner, member number four of the committee, was absent but later agreed that a contest with cash prizes going to the top three area organizations recruiting the largest number into the Chamber during a 12-day period tentatively set for March 1-12 is the best answer to replenish membership.

Businesses, clubs, school systems and individuals will be asked to take part then share in a victory dinner honoring the three high top recruiters

and the newest members.

"It will be hard to secure new members and get dropouts back into the harness if all that can be offered is regular, uninteresting and out-dried business sessions," Mrs. Moore said.

She is for creating a new conception of the town's chamber.

The committee hopes to make sure each member is notified of proposed meetings and topics to be discussed, and the public will be kept informed of all decisions.

An all out-drive to secure individuals as members at \$12 per year along with additional businesses joining, and the group hopefully can come up with a fair plan to standardize dues for both large and small businesses and would welcome helpful suggestions.

Should the proposed dates for the drive be used, then plans will be made for the victory meal the following night, March 13. Prizes have been set at \$5, \$10, and \$15, plus the honors that could accompany the ratings.

**AGING**

Initial responses from Oklahoma business firms paints a colorful future for something recently undertaken by members of a Council on Aging, formed in Cotton County to assist older citizens in boosting their income by making saleable articles.

The new organizations separate from the local Senior Citizens Center, but works closely with them and their efforts and results are being eyed from a number of firms as far away as Oklahoma City.

Bill Lucas, county agent, has been the main broadcaster of news about the items made from scrap materials donated by Temple's Haggard Slack Manufacturing Company. Credit for securing orders for four dozen and one dozen shoe holders rests with Lucas and Mrs. Janice Duncan of Oklahoma State University Extension Center. She took articles to Stillwater and is helping to find suitable markets.

What started out as a pilot project under a sponsored coop in Cotton County to encourage both sewing and making of articles at home from discarded materials, has the potential of becoming a recognized industry with far reaching sale territories.

Mrs. Gladys Purvis, Senior Citizen, and Mrs. Agnes Oneal, outreach worker for Cotton Co. Community Action Program, were named by the council to seek out ideas and means of training individuals so marketable articles may be produced.

At present approximately 23 women have joined the sewing circle, held three meetings to exchange ideas, had special classes on making tote bags, shoe bags, rug making, covering of coat hangers and a number of other articles. Many items have been completed and sales have been made, according to Council officials.

A percentage of sales is to be placed in a special fund for expenses and the remainder goes to individuals making the items. Workers may keep their share or donate any part or all to a special fund for the local Senior Citizen Center.

The primary motive behind the movement is to bring added income to families who need additional support. Old and young alike, hopefully, will take part in this promising venture that stands to become a vital cog in Cotton county's future.

Saleable items may be obtained at Temple's Community Action Office or at Yellings and other stores are asking to display articles.

The leaders revealed that the John A. Brown store in Oklahoma City is buying four dozen articles for their first order. Nomis Ark of Edmond will receive one dozen and other orders are expected.

Sleep-Aire Mattress Co. of Oklahoma City has purchased one bedspread made by Mrs. Bob Hoffer and hinted future purchases may be expected.

Mrs. Essie Bryce's sleeping bag made to resemble a huge alligator is creating a large amount of interest locally, and 8 have been sold from her home in Hastings.

Yellings' Clothing Store is the first of Temple's businesses to agree to display and sell the articles that could be an attraction for tourists plus county citizens.

**SCHEDULES**

Temple high schools' baseball and track schedules are not complete, but head coach Roy Masoner, and coach Gary Ledford have released the following dates:

Ledford's baseball dates: March 12 at Cache; March 20 at Grandfield; April 9, Grandfield there and Grandfield at Temple, April 17.

The Tigers will compete in Davidson's tournament March 29-31.

Masoner's thin clads will take part in track and field events on the following dates: March 24 at Madill--boys; April 5, girls at V.A.; April 6, girls at Cache relays; April 7, Southern 8 meet at Temple (girls).

Boys' schedule (boys and girls) at a Rebel meet April 13-14; boys travel to Hobart April 21 following their Marietta contest April 20.

## Busy Activities Ahead For Burk Riding Club

by Bobbie Klinkerman  
Well, here I am again back to fill you in on some of the activities that the Burk Burnett Riding Club is having.

We are getting so excited now. With all of the invitations coming in to go to rodeos, parades, club playdays and district playdays. We all enjoy getting our families together and having a picnic and visiting together.

The Burk Burnett Riding Club held a playday Feb. 11. We had a real good turnout. We all need to work the horses and get them ready to enter the playdays. Some of the horses had been turned out to pasture for several months and you could really tell it.

The District held its regular monthly meeting at the L&M

Restaurant in Wichita Falls Feb. 20.

The first thing on the agenda was the upcoming district playday that will be held in Bowman arena. The Bowman Club will be the first hosting club for the year.

The area clubs will be assigned to events with the hosting club assigned the last two events for the day.

A decision was made that each member that is riding in the playday must fill out the entry blank at the beginning of the playday, and it must be completed at this time. This will help the secretary with the bookkeeping.

Mrs. Jack Spanble will be the assistant bookkeeper for

the first playday from the Burk Burnett Club.

Frank Smith, president, explained that all committees that were elected to serve for the AASP & RC Association will serve for a term of two years.

A card was received from the Vernon Riding Club inviting the clubs to attend the Vernon Rodeo and Parade, May 9-13. The Burk Burnett Club voted to attend.

Frank explained that the Spring Roundup will be held at Vernon June 8 and 9. There will be all kinds of activities going on including a trail ride over the Waggoner Ranch, a Bar-be-Que and activities for children as well as adults.

A motion was made that the District give the Associated Belt Buckle for the first place winners in each division at the end of the year.

The Shoppard Playday will be held the fourth weekend of each month. They are a new club and we are happy to have them a part of the Association.

The Wichita Mounted Patrol is also new. They just joined us this past week. They have a large club and we are happy to have them riding with us also.

The Burk Burnett Riding Club voted to have an auction to raise money for the club. The auction will be March 24th, beginning at 2:00 p.m. Anyone that would like to donate to the sale may call 569-2046 and we will make arrangements to pick the donation up.

The Directors of the Burk Burnett Club had an executive board meeting. Elmer Klinkerman was elected to serve as vice-president until Paul Holderness, who is TDY, returns.

Burk Burnett Riding Club will have its regular playday March 11. Registration will be at 1:00 and ride at 2:00.

If you live in our vicinity, like to ride horses and have your own horse, we invite you to come to our playdays and ride with us. If you have never attended a playday before and don't know anything about them, ask at the registration office for help and someone will assist you.

## Farm Program For Feed Grain

by Scotty H. Odum  
County Executive Director  
Wichita County ASCS  
SIGN-UP FOR WHEAT, FEED GRAIN, AND COTTON: Don't wait - avoid the long lines by coming in as soon as possible and sign your intentions for these programs. LAST DAY OF SIGN-UP: March 16.

1973 FEED GRAIN PROGRAM CHANGES: OPTION A: The set-aside requirement will be 25% of a farm's total feed grain base. Preliminary payment rates will be equal to the farm program yield times 32 cents for corn, 30 cents for grain sorghum and 26 cents for barley. Other program provisions as previously announced remain the same.

OPTION B: The set-aside requirement has been eliminated. Preliminary payment rates will be equal to the farm program yield times 15 cents for corn, 14 cents for grain sorghum and 12 cents for barley. Other program provisions as

previously announced remain the same. Under this plan the 1973 feed grain acreage is limited to the acreage planted for harvest in 1972.

GRAZING AND/OR HAYING OF SET-ASIDE AFTER MAY 15: If you elected to set-aside acres under the wheat or feed grain program you may graze and/or hay these acres after May 15 with a reduction in payment. The payment reduction will be equal to 30% of the average rate per acre of set-aside under the 25% plan (Option A) for feed grain.

MINIMUM SET-ASIDE REQUIREMENT: The minimum set-aside must be at least 5.0 acres and 2 chains (32 feet) wide. Exceptions may be granted only if (1) an entire field is designed which is less than this requirement, (2) the area represents the balance of the set-aside required, or (3) the total set-aside required is less than the minimum and the area offered represents the total set-aside requirement.

# FARM REVIEW

B. T. HAWS

## County Agent News

### U.S. Women Have It Easy Compared To European Women

The U.S. housewife may have rising food prices to contend with, but she still has a few advantages over her European counterpart, according to Dr. Randall Stelly of the Texas Agricultural Experiment Station.

In the U.S., for example, an average income family spends about one-fifth of its income on food. In Italy and England, however, a third of the total consumer income goes for food. Similarly high figures hold true in other European countries as well, with France spending a quarter of her average income and Germany, 30 percent.

It also takes proportionally less work to buy food in the U.S. than in Europe, Stelly said. Paying for a pound of roast beef takes 20 minutes of work in New York but more than an hour and 20 minutes in Moscow. The same amount of beef costs 54 minutes of work in London, 85 minutes in Paris and 70 minutes in Munich, West Germany.

Even buying such a basic as bread requires 13 minutes of work for one pound in Moscow and 12 minutes in Paris but only about half as much in New York.

Another way of looking at the total cost of food is the "food basket", a figure that shows the theoretical weekly food expenditures for a family of four. In 1969, the latest figures, a U.S. food basket costs \$22 and required 12 hours of work. France's cost was close to the U.S., \$31, but required almost three times as much work, 36 hours.

In England the basket actually cost less, \$29, but took 27 hours of labor by the breadwinner. Russia, on the other hand, ranked among the highest with the basket costing \$56 and 82 hours of work needed.

Another plus the American housewife has going for her is the quality and ease of the U.S. products. American food quality is the highest in the world, Stelly said, and often the easiest to prepare. Preprocessed foods that only have to be heated and served and specially prepared mixes are common in the U.S. but rare elsewhere, he added.

### Consumer's Market

Fryer chickens remain a bargain in comparison with other high-protein food—although chicken prices increased in recent weeks.

"Some markets are spotlighting a wide variety of choice ham selections, including center ham slices—which usually represent a good menu choice.

"Fruit counters are continuing to show plenty of citrus, apples and bananas as the lowest costing items. Avocados and fresh strawberries sport rather economical price levels."

The small grain pest populations remain light in the seven Rolling Plains counties where wheat fields are being inspected weekly. Beneficials (Nabids, lady beetles, spiders and green lace-winged fly larvae) are present in most fields.

Greenbug populations in Wilbarger, Foard, Childress, Wichita, Archer, Knox, Haskell and Throckmorton counties range from one to six greenbugs per foot of drilled row. This is extremely light when it is considered that in small grains four to eight inches high, populations of 200 to 400 greenbugs per foot of drilled row can generally be tolerated before economically damaging levels are reached.

Populations of two to four winter grain mites per foot of row were reported from Archer, Wichita and Foard counties. As warm weather conditions are experienced the chance of damage from winter grain mites becomes smaller. Populations of these pests have generally decreased during the past three weeks.

The recent U.S. Dollar devaluation should boost agricultural exports. However, U.S. consumers will pay higher prices for certain imported food and fiber products such as spices, vanilla, pepper, coffee, tea, bananas, cocoa, silk and rubber.

Rooting is a positive means of brush control primarily suited to limited acreage of productive range land. The method con-

sists of undercutting the brush with a horizontal blade at a depth of 12 to 18 inches high. Large crawler-type tractors are used as power requirements are high. Costs have varied from about \$12.00 an acre upward—depending on the density of the brush. If the brush is raked and stacked and the area seeded, expenses could climb as high as \$30 per acre. Costs will have to be negotiated with a local contractor.

Rooting is best accomplished during the winter months when there is good soil moisture and the primary forage species are dormant. As a result of good precipitation, soil moisture is adequate at this time in much of the Rolling Plains. In fact, it is probably too wet in most of the area. In order to avoid excessive loss of established forage plants, rooting operations should be completed prior to April 1, unless the area is to be seeded.

Range areas may be seeded directly behind the root plow, but results have been disappointing. Rooting followed by chaining or roller chopping prepares a much better seedbed and increases the chances for establishing a stand of grass.

In view of the expense involved in this type of brush control program, careful planning is a must. Plans should include the plowing operation, raking or stacking if necessary, reseeding if necessary, follow-up weed control and subsequent management.

## 4-H Club Pasture Demonstration To Be Held Again This Year

Interest among Texas 4-H youth in the pasture demonstration contest was so great last year that the contest is being continued in 1973, reports Dr. Neal Pratt, agronomist for the Texas Agricultural Experiment Station, Texas A&M University.

The contest is open to all 4-boys and girls and involves a method demonstration on any subject dealing with introduced grasses. Some of last year's topics included "Pasture Fertilization," "Pasture Development," "Weed Control," "New Grasses" and "Hay Production."

District winners will compete for state honors at the Texas 4-H Roundup, June 5-6, at Texas A&M, notes Pratt.

Winning teams are invited to present their demonstrations at various events, such as the annual meeting of the Texas Plant Food Institute which sponsors the contest.

The Dallas County winning team composed of Angel Biasatti and Shelley Kippenbrock presented their demonstration at the TPFI meeting Feb. 8 in Ft. Worth. Their demonstration lists important factors for planting a pasture improvement program. The team placed second at the 1972 4-H Roundup.

The 4-H pasture demonstration contest can be worthwhile learning experience for all 4-H members, adds Pratt. County Extension agents can provide additional details of the contest.

### County Extension Agent

**JOYCE SMITH**

The Wichita County Home Demonstration Council will meet Tuesday, March 13, 1:30 p.m. in the Commissioners Court Room in Wichita Falls.

Horace Mann, a noted American educator wrote, "Habit is a cable we weave a thread of it everyday and at last we cannot break it." The habit of good eating, when established in babyhood and on through adolescence, is one of the most cherished gifts that parents can give to a child.

The small child mimics his parents in attitudes toward food served. Start out by setting an example at breakfast. The young child is a keen observer of Dad's quick morning coffee and "Sorry, I don't have time for more this morning." Learning to like a variety of food begins in babyhood, with serving a variety of pureed food and graduating from these to regular grown-up food prepared in a variety of ways.

Making meals a family sit-down affair develops the habit of regular hours for meals, not just for the kids, but for Mom and Dad, too. Food that looks attractive is usually eaten quickly. A garnish of parsley, paprika or a bright orange or lemon wedge or cartwheel will give leftover hash or turkey pizza.

So many mothers complain that their youngsters do not like and will not eat vegetables. Here are a few tips that will develop the vegetable habit:

1. Serve only a teaspoon or tablespoon of a new vegetable for the first time. This

amount is a taste tease and won't overwhelm.

2. Don't overcook vegetables. Most youngsters like them crisp and chewy. Let them pick pieces up as finger food. It's better to establish a liking for a new food first. Good manners will follow.

3. Combine bite-size pieces of orange with vegetables. They go together beautifully and provide color contrast as well as flavor. Add orange pieces to cooked cabbage, cabbage slaw, zucchini, and fresh green salads. By combining favorite oranges with new or non-favorite vegetables, there is a pleasant association.

4. Tangerines, too, can combine with vegetables. They are so easy to peel and the segments are so easy to separate. Make delightful flower or face designs over cottage cheese salad or pudding. What child can resist a face design looking up from his plate with a big tangerine.

Don't be fenced in by your child's strong feelings about a certain food when he was very young. Just because a very young child rejected the tartness of grapefruit does not mean he will always feel so. Serve it later when he can eat it from the shell. Most youngsters love to remove the "meat" from grapefruit counting the segments as they eat them. It becomes a game. Remember to save the grapefruit shell. Clean out the remaining membrane and rinse. Use as a special container for a not-so-well liked food at supper time.

## Tax Deduction Time Is Here

It's that time of year again—people across the nation are filing income tax forms—and often legitimate deductions go overlooked.

Lynn Bourland, home management specialist with the Texas Agricultural Extension Service, Texas A&M University, reminded readers that moving expenses are deductible if they qualify as "allowable" expenses.

"A move to a new job at least 50 miles from the previous one can be deducted.

"However, to qualify, one must be a full-time employee in the new location for at least 39 weeks during the 12-month period following the move—or, if self-employed, be employed 78 weeks of the 24 months immediately following the move.

"If the new employer reimburses moving expenses, the restrictions no longer apply, but expenses that exceed reimbursement still are deductible.

"If reimbursements exceed allowable expenses, the employee pays taxes on the difference.

"Charges for transportation, personal travel and out-of-pocket expenses are deductible," she continued.

Transportation involves moving household goods and furnishings—including packing charges, in-transit fees and insurance.

"Meals and lodging for the family while moving are included in personal travel expenses.

On personal travel, figure actual out-of-pocket expenses for transportation, or figure six cents per mile traveled.

Miss Bourland emphasized the limitations on deductible amounts.

"For instance, only one trip's expenses are deductible—even if the whole family doesn't travel together or at the same time.

"In computing distances between the two locations, use the shortest distance of commonly traveled routes.

"One cannot deduct expenses in buying and selling a home, penalties for breaking a lease, or prepaying a mortgage," the specialist noted.

"Other non-deductible expenses are charges for connecting and disconnecting utilities, refitting carpets and draperies, expenses from preliminary trips to find suitable housing, and cost of temporary lodging and meals at the new location."

When employers reimburse moving costs, the taxpayer should add such reimbursements to gross income on the 1040 form.

Also, taxpayers don't have to itemize all other types of deductions on the return in order to claim moving expenses.

"Use the proper IRS form, number 3903, in computing exact moving expense deductions," Miss Bourland concluded.

# SHEPPARD AIR FORCE BASE

# 41 RETIRE IN WICHITA FALLS AREA

SHEPPARD AFB, TEXAS--Twenty of the 41 men who retired from the Air Force at Sheppard February 28 will live in the Wichita Falls area.

Heading the list of men retiring is Colonel Thomas O. Morrison, director of operations at 3750th Air Base Group, who will live in Mansfield, Tex. after 30 years of military service.

Other officers are Lieutenant Colonel Roland N. Calkins Jr., chief of detachment operations branch of 3751st Field Training Squadron, who will go to Universal City, Tex.; and Major Richard E. Woodruff, health service administrator at the

## ARRS Rescued Nearly 1,750 People In 1972

SHEPPARD AFB, TEXAS--The Air Force Aerospace Rescue and Recovery Service, represented at Sheppard by Detachment 15, 43rd Aerospace Rescue and Recovery Squadron, rescued nearly 1,750 people throughout the world during 1972.

Although the service, part of the Air Force's Military Airlift Command, rescued 301 downed airmen in Southeast Asia, the majority of saved people were foreign civilians.

During the year, the service medically evacuated crew men from Russian fishing trawlers, participated in airlifts of food and clothing to flooded villages in the Philippines, and supported the Apollo 16 and 17 missions.

The service has rescued more than 13,000 people during its 27-year history.

It has also distinguished itself in Southeast Asia. Since 1964, members of the service have earned one Medal of Honor, 39 Air Force Crosses, and 600 Silver Stars.

Detachment 15 at Sheppard has people who have served in every corner of the world. At Sheppard since April 1971, it operates 2 HH-43 helicopters.

School of Health Care Sciences, who will stay in Wichita Falls. Both are retiring with 20 years service.

Retirees in Air Base Group include Master Sergeants Billy O. Cochran, protective equipment supervisor, who will live in Beaumont, Texas, with 20 years; William S. Cross, vehicle operations superintendent here from Turkey for retirement, 21 years; and Francis Milluzzi, accounting and finance superintendent, both of whom are staying in Wichita Falls; Technical Sergeants Lawrence C. Cannon and Robert D. Evans, both personnel technicians, who are to reside in Chiefland, Fla., and Wichita Falls, respectively; and William E. Geer, Jr., inventory management supervisor, Burkburnett, Tex., all with 20 years of service.

Others in Air Base Group retiring are Technical Sergeants Richard B. Goodman, accounting and finance supervisor, Spokane, Wash.; Fred

Reynolds, air operations supervisor, Amarillo, Texas; Juventino Salas, baking supervisor, Wichita Falls; Samuel D. Watson, noncommissioned officer in charge, fire department maintenance, Austin, Texas; and Staff Sergeants Loyd E. Hollabough, food service supervisor and Olin L. Holloman, law enforcement and correction supervisor, Security Police Squadron, both in Wichita Falls; and Raymond L. Scott, food service supervisor, Battle Creek, Mich. Sergeant Reynolds has 21 years service and the others 20.

Sergeants who will retire in the School of Applied Aerospace Sciences, Sheppard (SAAS) are Senior Master Sergeant Stanley Bergquist, computer systems superintendent, 21 years; Master Sergeants Robert A. Draper, programming technician, both assigned to the 3772nd Instructor Squadron; and Robert E. Speck and Technical Sergeant Albert E. With-

ington, both aircraft maintenance technicians, all retiring in Wichita Falls; and Master Sergeants Hubert D. Bracken, aircraft maintenance technician, Chanute, Kan.; and Lee C. Turner, jet engine technician, Iowa Park, Tex., all four in the 3773rd Instructor Squadron. The latter five each retire with 20 years service.

Also retiring in the SAAS are Master Sergeant James O. Zellner, electrical power production technician, Wichita Falls; and Technical Sergeant Melvin R. Crowder, protective coating technician, Rushville, Ind., both in the 3774th Instructor Squadron, each with 20 years. In the 3751st Field Training Squadron are Master Sergeants Roger Schwinke, aircraft loadmaster technician, Blue River, Wis., and Edward L. Weyeneth, aircraft egress system repair technician, Phoenix, Ariz., both with 20 years; and in the 3760th Instructor Squadron are Senior

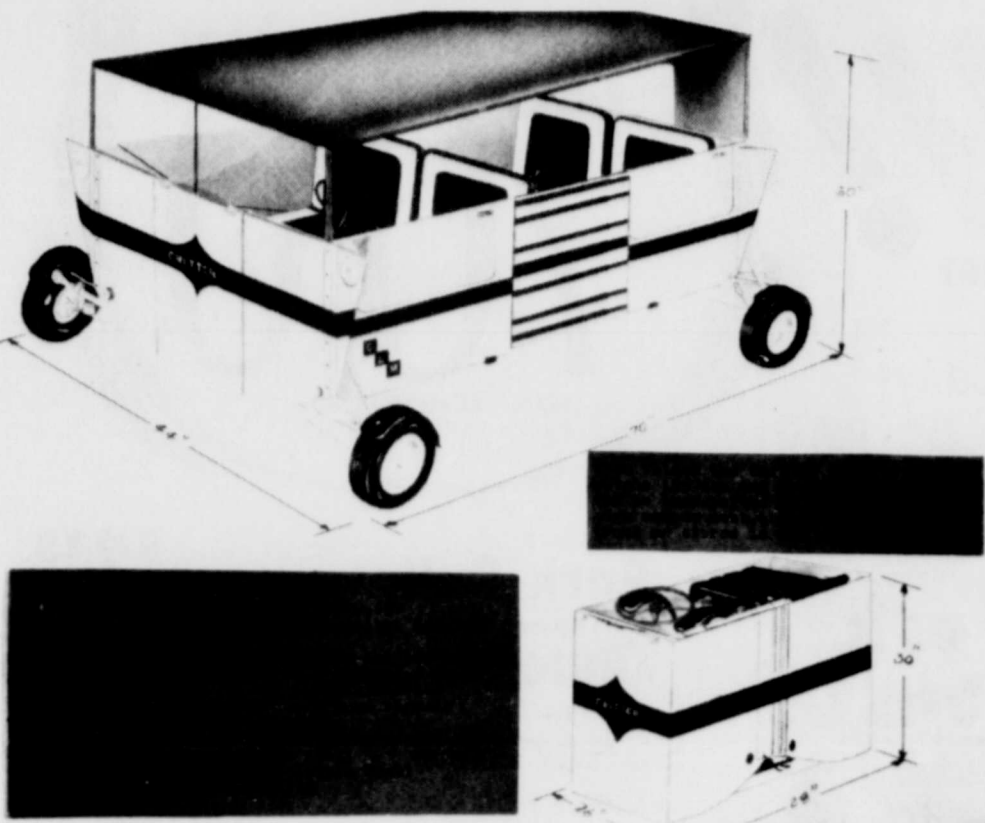

Master Sergeant David G. Hamaker, inside plant maintenance superintendent, Mesa, Ariz., 24 years; Master Sergeant William D. Thomas, missile electronic maintenance superintendent, Haleyville, Ala., 20 years; and Technical Sergeant Billy D. Ozment, electric communications and cryptographic systems technician, Wichita Falls, 21 years.

Sergeants who will retire in the 3750th Maintenance and Supply Group are Master Sergeant Carter L. Huffman, aircraft propeller technician, Wichita Falls; Technical Sergeants Apollonio C. Balli, avionics navigating systems specialist, Brownsville, Tex.; Jimmie L. Burkitt, aircraft maintenance technician, Iowa Park, Tex.; and Louis DeJoy, weapons control systems technician, Lynbrook, Long Island, N.Y.; all with 20 years; and also Technical Sergeant Clifford S. T. Mah, inventory management supervisor, Simi, Calif., 24 years; and Staff Sergeant William W. Brandon, aircraft maintenance specialist, Short Creek, W. Va., 20 years.

From the School of Health Care Sciences are two retirees, Chief Master Sergeant Lyman C. Long, medical service superintendent, Fort Smith, Ark., 26 years; and Master Sergeant Richard K. Galvin, first sergeant of the 3796th Student Squadron, Burkburnett, Texas, 20 years.

The USAF Regional Hospital also has two retiring, Master Sergeant Thomas A. Röhacher, histopathology technician, Wichita Falls, 28 years; and Technical Sergeant Kenneth C. Looney, aeromedical technician, Patterson, Va., 22 years.

Those retiring in the 2054th Communications Squadron are Senior Master Sergeant Leonard R. Roseland, ground radio communications superintendent, Wichita Falls, 26 years; and Technical Sergeant Tolly R. Caldwell, communications center supervisor, Bald Knob, Ark., 20 years.

SHEPPARD AFB, TEXAS--FOLDING CAR--Unfolded and ready for the road, the Critter looks like the vehicle in the upper left. Capable of traveling at 60 miles per hour, it also folds into the box in the lower right, small enough to fit in a car trunk, boat, or small plane.

## Folding Car Developed By The Boyd Brothers

SHEPPARD AFB, TEXAS--A folding car capable of fast, over-the-road travel has long been the dream of countless campers and boat owners who find themselves needing easy, simple ground transportation. Now, due to the ingenuity of three modern Henry Fords, such a vehicle may soon be available.

Technical Sergeant Joe L. Boyd of the 2054th Communications Squadron at Sheppard and his brothers C.L. and L.M. have designed and tested a vehicle which will carry four passengers at 60 miles an hour and fold into a box 28 inches by 30 inches weighing 120 pounds when not in use.

The Boyd brothers have taken their idea further than the dream stage--their engineer's concept, a full-sized working model created out of scrap iron and a chain-saw engine, has proved their ideas will work. They have acquired a patent and now have a prototype 65 percent completed. Eventually, they hope to mass pro-

duce the vehicle, called the Critter, and market it to boat owners, private pilots, and campers.

The brothers first conceived the Critter in 1969 while on a trip to Mississippi in a private plane. After landing, they found ground transportation was difficult or expensive to attain, and on the flight home they joked about building a folding car able to fit into their small plane.

They then forgot about the idea, but six months later reconsidered it and built two models, the first out of white pine and a second from balsa wood.

Their concept worked in the model form so they built an engineer's concept to test two ideas basic to the car. The first was the power plant. Although powered by a 15-horsepower motor, the car is able to hit high speeds because the engine is not connected directly to the wheels; rather it is joined to a hydraulic system which forces hydraulic fluid against a small turbine attached to each

wheel. The engine is able to generate 3,000 pounds per square inch of pressure in the system, theoretically enough to propel the car at 120 miles per hour.

The second problem was the folding mechanism. In its drivable form, the car measures 44 inches by 60 inches by 70 inches and meets all federal regulations for roadability. To reduce it in size, the brothers have created a frame which folds longitudinally like a telescope. A jack screw runs through the center, and as it is turned by an electric motor, the car becomes shorter as each section slides into the next larger one. The fiber glass body folds in sections and forms the sides of the box, the seat fit one on top of the other, and the axles fold up towards each other similar to the wings on a Navy aircraft. When folded the car can easily be placed in a closet or car trunk.

The car is a natural result of the Boyd brothers' mechanical inclinations. Raised on a farm near Waco, Tex., they still live in Texas. L.M., a Dallas electronics technician and the main engineer of the project, presently has the prototype of the car in his home. C.L., a retired Navy chief petty officer and an insurance salesman, and Joe, a radar approach controller, live in Wichita Falls.

Their prototype is progressing slowly since part of the frame must be cast from aluminum--piece by piece. The work is expensive and it has been difficult to find foundries with the time required to create one part at a time.

A finished Critter will feature front disc brakes, electronic speedometer, shatter-proof windshield, optional five-mile-per-hour impact bumper, choice of colors, and, as benefits a car with a 15-horsepower engine, good gas mileage. It should also be easy to park.

SHEPPARD AFB, TEXAS--VOLUNTEER OF THE MONTH--Mrs. Jesse A. Carlile, Jr., is shown as she holds a tray in the Allergy Clinic at the USAF Regional Hospital at Sheppard, for Technical Sergeant Chester Ware, noncommissioned officer in charge of the clinic. Named volunteer of the month for February, Mrs. Carlile has been a volunteer since September 1971, and serves as captain in the allergy clinic where she works Wednesday mornings. She is also publicity chairman for the hospital volunteers. (OFFICIAL USAF PHOTO)

### Letters We Luv

Whoever said "you can't take it with you" hasn't seen our camper piled high with equipment. We had difficulty deciding on a motor home, travel trailer or a simple camping trailer. We had no trouble deciding where to finance it--at the bank of course. Our experience has been that loan charges are lower at the bank.

Before you finance a purchase or make a loan elsewhere, call First National Bank to compare our loan costs. You'll be glad you did.

**1st THE NATIONAL BANK**  
BURKBURNETT, TEXAS

Mrs. Baird taught her sons to take personal responsibility for the quality of their product.

And today Mrs. Baird's Bread is still judged by members of the Baird family... because they still care about personal supervision.

## March Has Been Designated As Youth Art Month

March is Youth Art Month. The Crayon, Water Color and Craft Institute, Inc. initiated this special observance in March of 1961. The stated purpose is to gain understanding of the true importance of art education and to gain public support for quality school art

programs.

Look at your schools' art program. Children benefit from an art program where art fundamentals are taught and not left to chance. Art requires as much preparation, planning, guidance, and technical know-

how as any other school subject, as much indeed or more. And because such a high premium is put on preserving the individuality of the child's expression, the teacher must teach the language, the vocabulary, and the fundamentals of art, in such a permissive way

that each child can benefit without endangering his uniqueness.

the same creative plateau for years.

Most art experts agree that the most important factor in a qualitative art program is the teacher. Without a wise teacher's help and encouragement, a youngster may stay on

In observance of Youth Art Month, the Burk Burnett Library has an exhibit of 3rd grade children's art from Southside Elementary School taught by Mrs. Lavern Easter.

Give to the March of Dimes

## Nikki Radanovic Recognized For High Academic Achievement

LUBBOCK--A total of 2,377 students in the College of Arts and Sciences qualified for the dean's honor list for the 1972 fall semester, according to Dean Lawrence L. Graves.

Nikki K. Radanovic, a junior, from Burk Burnett was recognized for her high academic achievement in the College of Arts and Sciences.

# 1973 Baseball Team Chosen

by Sedelta Verble  
The 1973 season of Burk Burnett High School Baseball is opening on March 20 as Coaches David Keller and Charles Seagler prepare their team for the first non-district game against Windhorst. For the last three weeks BHS athletes have been trying out for the Varsity Bulldog Baseball team. The positions have now been filled and they are as follows:  
Donald Quinn and Phillip January were chosen for the catcher position; Bimbo Davis, and Larry Johnson were selected for pitchers and Mike Miller will be a combination pitcher and right fielder. First

Basemen include David Todd and Rick Schroeder, while Zac Henderson and Robert Felty have qualified for second basemen.  
Benny Wilkenson and Richard Spole are the shortstops for the baseball team and Mike LaBrie and Gary Dilbeck are the third basemen. Doug Garrison is also a third baseman. The outfield consists of Terry Maxwell, Johnny Hamilton, Chris Strayhorn, Bob Hackworth and Jimmy Koulouvatos.  
The Bulldogs will play all home games at Bulldog Field located directly west of the high school.

CHARLES HICKS

## Charles Hicks To Join Winnipeg Blue Bombers

by Sedelta Verble  
Charles Hicks is a 1968 graduate of Burk Burnett High School who has taken the experience he gained and the natural ability he has to take himself further into his beloved sport of football. Charles originally signed with the big name Green Bay and the Packers, but injuries and a wavy blocked his career with the Packers. Hicks will now put his three years experience with the Bulldogs to use as he has signed with the Winnipeg Blue Bombers of the Canadian Football League. Hicks commented that he was a free agent for the Packers and after his injury during a scrimmage game at the opening of the NFL season he was already out of contention.  
Hicks who was a two-year letterman for the Bulldog Varsity Football team, all district halfback and was chosen All School Favorite, will leave for training camp June 22. Meantime, he is a student at South-

western State College in Weatherford and is planning a coaching career.  
"I hear that the CFL is a much tougher organization than American football," Charles Hicks commented. "For one thing there are more men involved --12 in Canada and the field is longer and wider. There is no fair catch signal for the punt receiver and the guards don't block for the punt return man. The Canadian style football calls for five men in the backfield instead of four and the backfield can be in motion at all times and this is not illegal," he added.  
The BHS graduate stated that he felt high school athletes had a better chance in the CFL, because it is young and in the United States if you don't get picked in the first six rounds of the draft, then you don't really have a chance to play.  
Charles Hicks is the son of Mr. and Mrs. A.C. Hicks.

Sedelta Verble

For many years football was king. He ruled the land with an iron clad grip and much of the blame for his dictatorship was accredited to the high school. Coaches cared only for the grid-iron sport, the rough, tough contact sport, that so few gifted athletes are permitted to play--not to mention the total exclusion of female athletes. Yes, and the entire athletic curriculum was built around this sport--the kingdom of high school. But a new examination must be made now. It seems that the populace of hopeful athletes can no longer echo this grievance--anyway not at Burk Burnett High School, for the king must now move over and make way for the spring sports which seem to have swept the citizens of BHS off their feet.

Yes, all the athletes paid earnest attention to their designated practice -- seriously preparing for competition. So after visiting this training camp of dedicated athletes who cared so much for their individual sports -- who practiced and moaned with lazy muscles and strived for excellence--I would say it is hard to believe that football is king--a la exclusive. I would say that the new sports are here to stay, increasing in importance each year and are coming of age at BHS. Townspeople are always welcome to view this wonder world of athletics and to marvel with the rest of us as to the beauty, grace and entertainment displayed by these "new" athletes. The sports of track and field and baseball are joined by tennis and golf--also amazing spectator sports. These are new parliamentarians of the high school sports world. Football is still king in many cities in our vicinity, but here at least it must be contented with a limited monarchy.

## Skaters Bring Home Trophies

Three members of the Orbit Skate Club participated in a competitive skate meet March 3-4 in Beaumont. This was the first annual invitational contest to be held at the Texas On Wheels Skating Rink. Sixteen Clubs with over 300 entries were represented.  
Denise Fulcher won a first

place trophy in Freshman Girls Figures, and a first place trophy in Freshman Dance. She also won a third place trophy in Sophomore Ladies Figures. David Miller won a first place trophy in Freshman Dance and a third place trophy in Freshman Boys Figures. Mark Miller entered Open Senior Mens Figures and placed fifth.

## Sturges Takes Second Place

by Sedelta Verble  
Thomas Sturges who is favored to go far in the district singles this year, won second place in last Friday's boys singles in the Electra tennis tournament. The girls were not far behind in competition as Gail Cullison and Linda Watts advanced to the semi-finals in girls doubles.  
This is only the first meet of the season and this week holds in store for the young BHS tennis team three dual matches with Iowa Park, Lawton, and Electra. However, no tournament will be completed in this week.  
Coach Susanne Hardeman commented that this is only the first meet of the season and many of the players are still very inexperienced, but that is easily eliminated during the playing season.

## School Menu

MONDAY - - Fish fillet with tartar sauce, macaroni and cheese, cole slaw, bread, butter, milk, cherry cobbler.  
TUESDAY--Hamburger, bun, onion, pickle, mustard, french fries, baked beans, butter, milk, chilled fruit.  
WEDNESDAY--Burrito with cheese, pinto beans, corn bread, spring salad, butter, milk, fruit, gelatin.  
THURSDAY - - Turkey tetrazzini, sweet potatoes with marshmallow topping, celery sticks, bread, butter, milk, ice cream.  
FRIDAY - - Fried chicken, whipped potatoes, seasoned green beans, hot rolls, butter, milk, pineapple.

Player of the Week  
Linda Watts

## Watts Shocks Fans

The first week of competition for the spring sports has been successful, giving both the players and the audience an insight into the possibilities and talent of the coming events at Burk Burnett High School. One outstanding girl athlete who has shown surprising ability is Linda Watts.  
Linda teamed up with another promising tennis player, Gail Cullison, to advance to the semi-finals in the girls doubles at the Electra tournament. Linda is a junior this year and in the second year of playing tennis for BHS. Linda is skillful enough to compete in

either singles or doubles. "I think the reason Gail and I did so well is that she is a good player and we work well together," Linda commented about the Electra Tournament, modestly.  
Since Linda is the only member of her family who plays tennis, she has chosen this as her unique sport and practices long hours on this hobby. She stated that she chose tennis because it best suited her capacities and that she enjoyed it more than other sports.  
Linda plans to become a teacher probably in the field of English.

## Alma Jackson Circle Visits State Hospital For Easter

The Alma Jackson Circle of the First Baptist Church met Monday night, Feb. 26 in their regular meeting with Mrs. Artie Whitesides. The group sang Trust and Obey and Mrs. Beldon, chairman, led in prayer. The business session followed. The secretary and treasurer's reports were given and discussed.  
Mrs. Beldon reminded members the Circle is due to serve March 14 at the Baptist Student Union in Wichita Falls. The Week of Prayer will be observed at the church beginning Mon-

day the 5th.  
The members were reminded to gather up hats, shoes, purses and jewelry to be taken to the State Hospital for Easter. Several read notes and others reported on hearing from their Valentines sent to former members, the ill ones and friends.  
Mrs. Houser reported on the visit to the Children's Service Center where Mmes. Bertha Johnson, Lena Houser and Sylvia Lohofener served punch and cup cakes to 24 little ones and gave each a Valentine from the Circle.

## BHS Golf Opens With WF Tourney

by Sedelta Verble  
Friday was a big competition date for the spring sports at Burk Burnett High School. Coach Bob Carpenter's Golf team, not unlike the other sports at BHS, saw competition for the first time thus far this season. The Golf team attended the Wichita Falls Invitational Tournament and although they didn't advance into the Finals, gained invaluable experience.  
Danny Lee racked up an 85 point score followed by Darral Coleman and James White tied

with an 86, and Frank Andra-jack and David Robinson who putted for an 89 and 93, respectively. Coach Carpenter commented on Danny Lee as low scorer for BHS, by explaining that Danny started off with a birdie on the first hole and a triple bogie. Danny trailed the Medalist of the WF Tournament by only eleven points.  
Although Danny got off to a flying start he got swamped down later in the competition, but Carpenter added that experience will aid this problem.  
The contest called for the top five low scoring teams in the local division to advance to the finals. Those making the rank were Ardmore, Hirschi, Childress, Noland, and Brownwood in that order. The Bulldogs summed up a 346 team total--not far behind the other contenders. The weather has hampered by rigorous practice and the Bulldogs lack experience at this time with the team consisting of a freshman, sophomore, and three juniors.  
Coach Carpenter does speak with enthusiasm and expectation about the prospects of the Golf team's season. This is only the first round of many invitations to come including the Red River Invitational coming up March 9th and 10th at Lawton.

## Radio Club To Hold Annual Carnival

The Faith City 5 Watters Citizens Band Radio Club will hold their 7th Annual Carnival at the Burk Burnett Civic Center on March 10, from 4 p.m. to 10 p.m. There will be games and fun for all ages. The proceeds from this carnival are used to maintain the club's Civil Defense Communications equipment, and for other civic contributions. There is no admission charge, and the public is invited.  
The Faith City 5 Watters Citizens Band Radio Club is a non-profit organization. Their main contribution is to the Midwestern University Nursing Scholarship Fund.

### Sheppard OWC Offering Three Scholarships

SHEPPARD AFB, TEXAS--The Sheppard Officers Wives Club is offering three scholarships of \$500 each to eligible seniors of the high school class of 1973.

Two of these are planned for students desiring a college degree and one for an individual with a vocational goal.

To be eligible for a scholarship, a student must be a senior in the Wichita Falls area whose father is on active duty and whose mother is a member of the Sheppard Air Force Base Officers Wives Club.

Or he may be a high school senior in the Wichita Falls area whose father is a retired Air Force officer and whose mother has continued without interruption, associate membership with the Sheppard AFB Officers Wives Club since the father's retirement.

The applicant must be a high school senior as of 1973 and the scholarship is to be used for schooling during 1973-74. If the applicant is granted a Service Academy appointment or any other fully paid scholarship, he is not eligible for this scholarship.

All applications must be submitted to the scholarship committee by March 14, 1973 and all applicants must be present for a personal conference at 2 p.m. March 26.

Interested students may obtain application forms or additional information from Mrs. James Caldwell at 855-4563; or Mrs. Jerry Mansheim, at 855-5145.

SHEPPARD AFB, TEXAS--PERFORM FOR OFFICERS WIVES--These three hula dancers presented the program for the Sheppard Officers Wives Club Wednesday. From left to right they are Adonna Patterson, a student of Lucille Doran School of Dancing; and Cheri and Vicki Sogard, students of Houston's Dance Studio. (OFFICIAL USAF PHOTO BY AMN, DAN BARNETT)

### Sheppard Luncheon Offers Hawaiian Motif

SHEPPARD AFB, TEXAS--A Hawaiian luau entertained members of the Sheppard Officers Wives Club at the monthly luncheon and business meeting of the group held at the Officers Club Wednesday.

The tables were decorated with baskets of tropical fruit and flowers and each member was given a colorful flower as she entered. Most of the members wore typical Hawaiian costumes in bright hues.

The program featured hula dances performed by Misses Vicki and Cheri Sogard and Adonna Patterson. A sextet from the OWC Skylarks consisting of Mesdames Bruce Ilten, Vern Saxon, Pat Dunne, Kenneth Emery, George Hull and Terry Maisey sang a native Hawaiian song. They were accompanied at the piano by Mrs. Albert H. Lindemann.

The entire Skylark choir sang "The Air Force Song" as the invocation for the meeting.

Mesdames Forrest Hight and Albert G. Schneider were co-chairmen of the hostess committee. They were assisted by Mesdames Guy Powell, Patrick M. Dunne, Ronald L. Marcum, David S. Telling, Kenneth P. Zaccuzzo, Alfonso King, Richard Townsend, George E. Weaver and Ronald H. Holcomb.

Newcomers introduced were Mesdames Michael Perini, Michael Patrick and Charles Nadler.

During the business session conducted by Mrs. Ronald Morley, president, the club voted to donate \$100 for baskets for Homecoming.

Plans were announced for the spring entertainment project which is to be a luau May 12, and for a tea honoring invited guests from the surrounding communities March 14 from 2 to 4 p.m.

The tea committee consists of Mesdames Donald J. Butz, Ronald Marzano and Villas Biedfeldt. The tea will be held instead of the monthly OWC coffee.

Mrs. James Caldwell, scholarship chairman, announced that the club is offering three scholarships of \$500 each to eligible seniors who are graduating this year.

Nominees for officers for the 1973-74 term were introduced.

### 'Operation Identification' To Aid Security Police

SHEPPARD AFB, TEXAS--Fifty-four electric etchers were recently distributed to most of the squadrons at Sheppard AFB for people's use in marking personal property, as part of "Operation Identification" initiated by the Security Police to lessen problems with thefts.

Lieutenant Colonel Ronald Marzano, chief of the Security Police Squadron, explained that stolen items that are not marked are almost impossible to recover, while items with an identifying mark, such as a social security number, are less likely to be targets of thieves.

He also pointed out that a descriptive listing of all valuables including the brand name, model number and serial number, color, date and price, and the location of the identify-

ing engraving should be maintained.

According to the colonel, an experiment called "Operation Identification" originated in Monterey, Calif., in 1963. The purpose of the program was to mark property in test homes, then determine the ratio of thefts in these homes in comparison with homes where the property had not been marked. Since the beginning of the experiment, only three of the 4,000 households participating have been burglarized.

"In contrast," said Colonel Marzano, "the 7,000 non-participating homes have been victimized over 1,800 times. This program has also been used effectively in New Jersey and Connecticut with comparable results."

SHEPPARD AFB, TEXAS--OPERATION IDENTIFICATION--Sergeant John R. Clark uses an electric etcher to engrave his social security number on his camera, in accordance with "operation identification", a program recently initiated at Sheppard AFB by the Security Police. (USAF PHOTO BY ROBERT ARNOLD)

### "The Attic" To Give SAFB Much Assistance

SHEPPARD AFB, Texas ---The Attic, a new base program for supplying young married airmen with household articles, opened its doors March 1 at Sheppard.

Colonel S. D. Berman, commander of Sheppard, opened the doors at 2 p.m. for the first recipient.

The Attic will loan small appliances, furniture, toys and other items needed to set up a household to young married airmen. The recipients will use the articles until they leave Sheppard. They then return the items to the Attic to be loaned to someone else.

Hours of operation for the Attic will be Tuesdays from 9 to 11 a.m. and Thursdays from 2 to 4 p.m.

# no deposit — no return —

It's that simple. If you don't start saving, your money won't work for you. To help you make your "financial goals", First Savings & Loan offers many attractive savings plans:

Regular Savings	5.00%
Yield Per Annum If Left 12 Months	5.13%
Certificates - 1 Year \$1,000 Minimum	5.75%
Yield Per Annum If Left To Maturity	5.91%
Certificates - 2 Year \$5,000 Minimum	6.00%
Yield Per Annum If Left To Maturity	6.18%

REMEMBER:

### Get an air conditioning checkup before the heat's on.

Now's the time to call your air conditioning serviceman. Because right now he can work your call into his schedule. And get your unit ready to deliver dependable, efficient cooling through the summer ahead.

We know that many people wait until the heat's on to have their units serviced. Later on, your dealer or serviceman may have a waiting list.

Although Texas Electric does

not service, sell or install air conditioning equipment, we do want you to get full value from your electric service. One way we can help is to remind you to get the jump on summer by calling your serviceman early.
