## Jackson To Practice Dentistry In City

Barry L. Jackson, son of Mr. and Mrs. Oscar Jackson of Seymour received a Doctor of Dental Surgery degree from the University of Texas Dental Branch at Houston. He will be associated with Dr. Morrison and Dr. Boardman in their dental office in Burk Burnett and plans to live in Burk Burnett. Jackson, an honor graduate from W.F. George High School in Iowa Park, was named outstanding teenager of Iowa Park for the year 1968. In the fall of 1968, he entered Midwestern University for his pre-dental training. After two years of study at Midwestern University, Jackson was admitted to the Freshman Class of the University of Texas Dental Branch in the fall of 1970. While attending dental school, he was an active member of Xi Psi Phi Dental Fraternity, as well as a member of American Dental Association, American Student Dental

Association and Texas Dental Association. In addition to his studies, he worked part-time as a laboratory technician in St. Luke's Episcopal Hospital.

## School Board Hires Auxiliary Personnel

The Burk Burnett School Board met in a regular session Monday night at 7 p.m. to hire auxiliary personnel for the 1974-75 school year and discuss other business.

Supervisors will include Robert Hunter, maintenance; E.J. Tatum, transportation; Mona Givens, director of cafeterias; and Gwen Meaders, assistant. Custodial and maintenance personnel approved include J.D. Abbott, Thomas Bryan, Avon Fields, Henry Hodges, Lonnie Hoffman, Wallace Kemp, Tex Northrip, Scott Newton, Charley Smith, W.H. Thompson, and Forest Whitney. Educational secretaries and clerks who were approved include Elwanda Allmon, Alice Bryan, June Doten, Rosa Gregory, Rocille Groenewold, Jill Hensley, Mary Hogan,

Yvonne Lewis, Betty Loveless, and Marion Studebaker. Full-time cafeteria personnel approved by the board were Flora Stewart, Nell Cox, Effie Garrett, Mina Lindsay, Katherine Musgrave, Verdie Reynolds, Frances Cozby, Daisy Varner, Dorothy Willeford, Sophia Willingham, Bethel Morris, Reba English, Virginia Gilchrist, Erna Turner, Bernita Siber, Elvira Civileto, Nina Hardaway, Patricia Egnoto, Gloria Miller, and Thelma VanLoh.

Bus drivers approved were Karen Brightman, Thomas Bryan, Jonie Gillis, Robert Heuchert, John Hinnant Jr., Mary Hogan, Carl Hogue, Burl Matthews, A.J. Mays, Jr., Clarence Newell, Scott Newton, Tex Northrip, J.B. Shaw, and Thomas Wilkerson.

A committee consisting of Thurman Allison and C.J. Lippard was appointed to look into the present system's wage scale and make recommendations.

The board agreed to put \$709 back into the school newspaper fund to pay for photographic equipment (including \$325 for a camera, \$285 for an enlarger, and \$99 for a processor) which was purchased. This would

## July 4 Celebration To Feature "Shoot Out"

Plans are progressing for the Burk Burnett 4th of July Celebration which will be sponsored by the Chamber of Commerce and the Community Service Council. Committees are being formed and tickets sold to get the event preparations underway. The first \$100 of tickets for the July 4 barbecue were sold to L & L Auto of Burk Burnett to be used as tickets for underprivileged persons. Tickets will be sold at various business establishments throughout Burk Burnett and are \$2.50 each. According to Chamber Manager Jim Lemley, almost all the chairmen for committees have been appointed and a list will be announced next week. He said that there will be a big surprise shoot-out at the celebration as an added feature to the booths, games, bands, choir groups, country-western groups, flag-burning, and fireworks display.

He said, "Several clubs will have their booths open in the early afternoon, but the barbecue will not be served until about 6 p.m. The bands plan on starting about 6:30 p.m., till around 9 p.m. At 9:00 the local American Legion Post will destroy old and tattered American flags in the correct ceremony for their destruction. Just as soon as the last note of taps is sounded while the flags are being destroyed, the fireworks display will be set off."

He said that the reason for starting this late in the afternoon at the park is so that the trees will help provide more shaded area. Also it will give those persons who go to the lake time to get back for the main festivity. Persons are urged to save old American flags and bring them to the park that day. Anyone wanting to help with

the celebration should call the Chamber of Commerce, 569-3393. Local stores are urged to dress up windows during Heritage Week, July 1-6, and fly the American flag from June 14-July 4.

## Steam Engine Builder Goes To Washington D. C.

Jay W. Carter, Jr. of Burk Burnett has been invited to speak at a Congressional Hearing and hold a press conference in Washington, D.C. concerning a steam engine he and his father built recently. Carter will be in Washington Monday and Tuesday, June 17 and 18, to address the House Committee on Science and

Astronautics, concerning Bill 10392 which has to do with NASA research.

Carter's steam-powered Volkswagen recently was the first car in the nation to meet and exceed the original 1976 emission control standards set by the Environmental Protection Agency.

### Impressions

Thoughts Of A Newsman

Merchants and citizens of Burk Burnett are asked to fly their flags beginning Friday, June 14, which is national Flag Day, through July 4, Independence Day, to promote Patriotism in America.

INDUSTRIAL NEWS REVIEW describes the United States Flag this way: "At first glance, it is only a bright piece of cloth, yet men and women would die for it, and millions revere it as the symbol of justice and freedom. To those who love life and the opportunity to carve their own destiny, it offers a representative form of government based on the dignity of the individual. To the dictator, it is an unbearable thorn in the side. In short, it is the flag of the United States."

This excerpt describes the undercurrent of America's ideals, with the flag serving as the common denominator which is the unifying factor. Local residents are asked to

save any old, soiled flags for the July 4th Celebration at which time they will be burned in the traditional manner.

Perhaps one of the most discouraging changes is happening in the United States today. Either good leaders are becoming scarce or Americans are just becoming rotten judges of character—maybe both. It seems that a Washington, Jefferson, Lincoln, or Roosevelt cannot be found anywhere to work the federal government these days.

Of course Lincoln was disliked by most southerners during the Civil War as Nixon is disliked by most liberals (and many conservatives) now. But Lincoln went down in history as the one who held the nation together during the war between the states. Nixon will probably be written down as the one who stood firm and saved the U.S.

## Mobil "Water Floods" Oil Wells Near Burk Burnett

Mobil Oil Company is currently in the process of fresh-water flooding ten oil wells in the Burk Burnett area. The reason is to force hard-to-get oil out of wells and possibly lengthen almost depleted well life by 20 years. Some of the wells were first drilled in 1918 and have become almost nonproductive.

There are two other sites in Texas where water flooding is being tested. Locally, Mobil is experimenting by flushing each of the ten wells with 300,000 gallons of fresh water before adding chemicals to the water to force out oil.

Mobil Oil Company is one of the older industries in Burk Burnett and has 24 men employed locally. Twenty-one of these live within Burk Burnett and the other three live on the outer edge of the community. Locally, Mobil has a quarter of a million dollar yearly payroll and much purchasing power within the community.

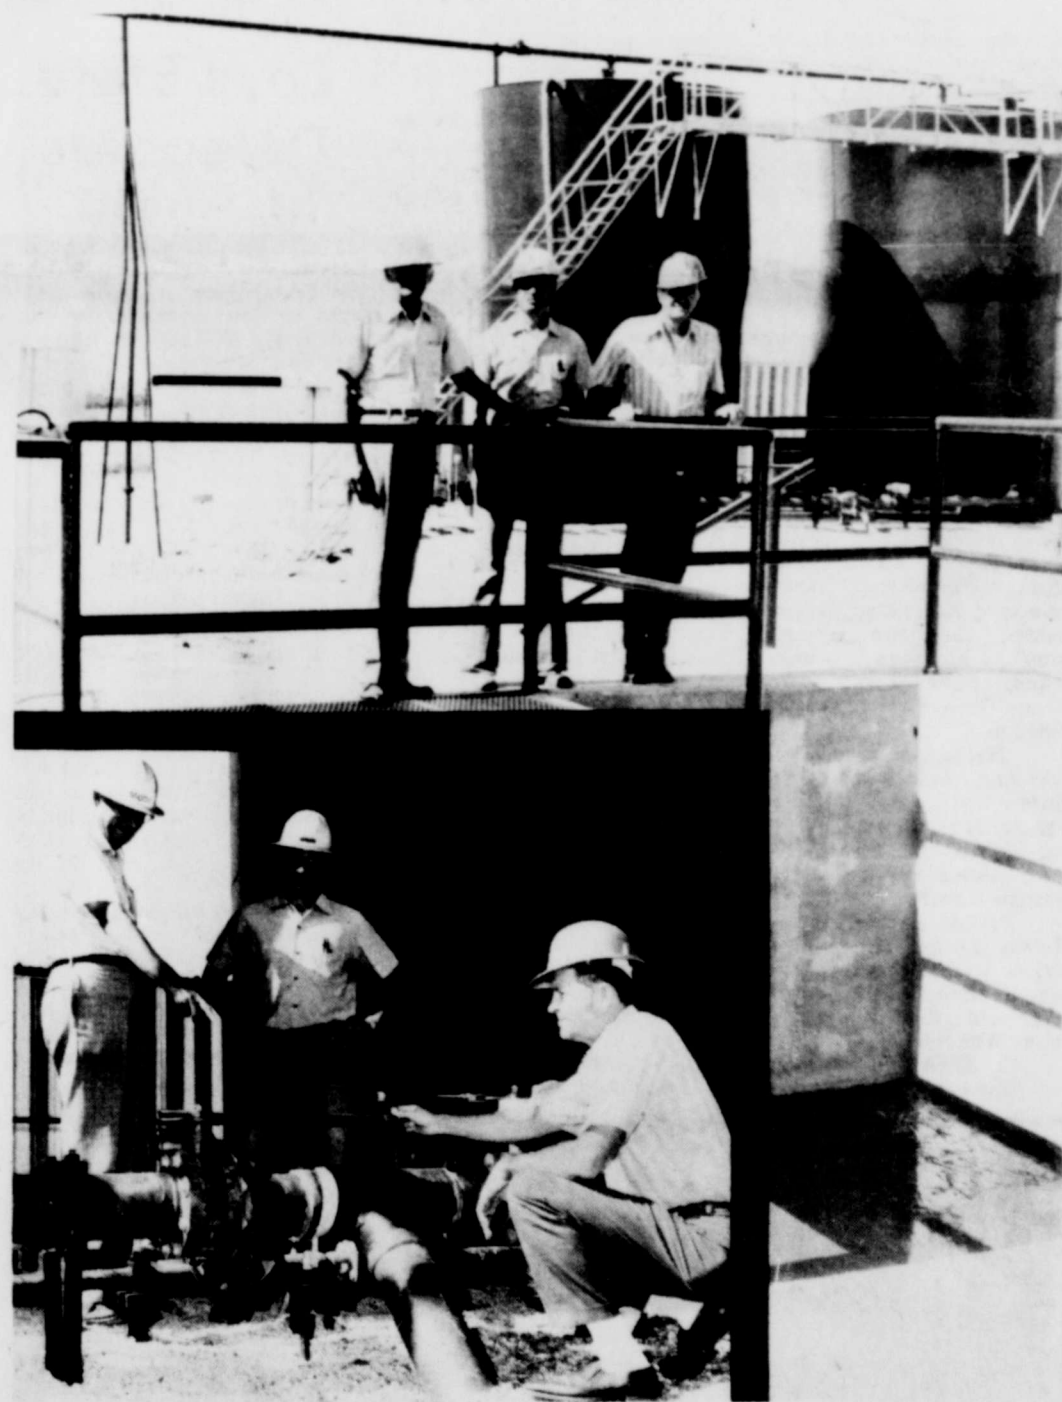

According to Richard Northrip (Production Foreman) and Carl Hardaway (Assistant Production Foreman), if water flooding proves successful on the ten wells, the technique will be more widely used in the area and more Burk employees will be needed.

Henry Vasquez, Mobil's Production Maintenance Technician, said that each of the wells now under the new program receives fresh water as far as seven miles away from the well site by means of automatic equipment. A chemical mixer is used to combine chemical activators with water to create force on the oil.

If the experiment fails, a number of oil wells will be plugged off and some of the work force moved elsewhere. Chamber of Commerce Manager Jim Lemley, talking with the foreman last week,

said, "In a community like Burk Burnett we often lose track, or our memory slips, and we overlook some of our important assets in the community. With all the new industry which has recently moved into the area,

one of our most important and oldest industries needs to be recognized once again. I for one wish Mobil all the success in the world, as we need this industry in Burk Burnett, and the world needs its products."

### WATER FLOODING FACILITIES

Pictured are several of the structures which play a very important part in fresh-water flooding of oil wells. This new procedure is carried out by such men as [from left] Carl Hardaway, assistant production foreman; Henry Vasquez, production maintenance technician; and Bill Byington, technician. The

process, developed by Mobil Oil Co., should lengthen oil well life. In the larger photo the men are inspecting the mixing pit, and in the smaller inset photo they are checking valves used for transporting the chemical from one tank to another. See related story.

## Recreation Program Announced

General plans concerning the Summer Recreation Program were announced this week by Bob Carpenter, coordinator. Carpenter said, "We've been on a tremendous effort to clean up and paint parks and get playground equipment which is broken into workable condition". He added that they're looking forward to the July 4 celebration and are getting the parks in condition for that.

He noted that the high school track will be open Mondays through Thursdays from 7:30 p.m. to 9 p.m., beginning Monday, June 17. The track will be available to anyone who wants to use the facility for activity until around the first

week in August. Beginning June 8 and lasting through June 11 will be a girl's golf clinic held at Hidden Valley Golf Course. A boy's clinic will be July 15-19 at the same course. Both clinics will be for youths ages 6-18 and are free. All the person needs to bring is enthusiasm and interest, according to Carpenter. He said

that equipment will be available if the student doesn't have any. Both clinics will precede some type of Junior Golf Tournament to be held in latter July. Plans to initiate a Junior Tennis Program are in the making and will probably occur in late July. Other activities will be announced at a later date.

## Plant Clinic Scheduled

A clinic designed to help solve problems with diseases or insects on shrubs, lawns, flowers, or field crops will be held Thursday, June 13, from 1:30 p.m. to 2:30 p.m. at Berend Brothers in Burk Burnett.

A specialist will be on hand to look at specimens of harmed plants and recommend controls. The service is provided by the Texas Agricultural Extension Service and B.T. Haws, Wichita County Extension Agent.

## Burkburnett Resident Is Suicide Victim

The Burk Burnett Police Department reported a suicide Tuesday, June 11 at 11:45 a.m. The victim was Peter George Koehler of 1019 Francis. Here's how Officer Curtis Salyer's report read, "On above date and time, Officer Spruill and I were dispatched to above address on emergency call from complainant. Upon arrival, we were shown into the bathroom where we found Peter George Koehler in the tub. His mother stated that he had gone into the bathroom at 10:30 a.m., and at 11:40 a.m. she went to investigate and found her son about nose deep in the water.

Mouth-to-mouth resuscitation was attempted with negative results. It is believed that subject was already deceased when we arrived. Gold Cross Ambulance and Dr. Adams, local coroner, were summoned to the scene. After Dr. Adams pronounced subject dead at approximately 12:10 p.m., Gold Cross took the body to Wichita Falls for autopsy.

The coroner's verdict was suicide and an autopsy was ordered to determine exact cause of death." Koehler's brother, William F. Koehler, 18, died last Thursday

Rev. John B. White (president of the Community Service Council) to give the tickets to underprivileged persons in the community. The purchase of the tickets kicked off the campaign for business establishments in Burk Burnett to begin selling tickets for the barbecue on July 4.

enable partial financing of students to summer workshop August 4-8.

In other action the board unanimously approved the use of commodities in cafeterias from the U.S. Dept. of Agriculture. The board also authorized Mona Givens to receive the supplies.

The board unanimously approved the financial report, BHS athletic and activity reports, payment of school bills, and the minutes of the regular May 6 board meeting and the May 27 special meeting.

Notes concerning the revision of policy rules and regulations were handed out to each member present and a special meeting for Monday, June 24, was set to put new rules into effect.

Tax collections for the month totaled \$171.98, making the sum to date \$271,828.44 of the total tax roll of \$279,046.95.

The employment of Mrs. Susan Blackburn, Mrs. Mary Hicks, and Mrs. Caroline Paskus was approved as were resignations from Mrs. Mary P. Dodson and Mrs. Jan C. Moore. The trustees also approved the use of the high school track by the City Recreation Department during the summer months and accepted a one semester leave of absence from Mrs. Mary Anne Darland.

The board approved the sending out of forms to potential bidders concerning supplying gas, oil, washing, greasing, and flat fixing to the school. Trustee Norman Roberts suggested that the board put in a large underground tank to store gasoline and possibly eliminate any shortage problems which might arise. The board agreed to look into costs of one.

The ordering of two new school buses was approved, with the superintendent checking to see if specifications might be honored more carefully on early orders.

The board approved the reroofing of the back half of Southside Elementary School and will put out bids later.

Board member Frank Morton was not present for the meeting.

**Obituaries**

**William F. Koehler**

Services were at 10 a.m. Monday in Owens & Brumley Funeral Home for William F. Koehler, 18, of Burkburnett, who died June 6 in Brooke Army Medical Center, San Antonio as a result of burns received in a March 23 auto accident.

Rev. Harry Fisher, pastor of St. Jude Catholic Church officiated and burial was in Burkburnett Cemetery.

Koehler was born Feb. 20, 1956, in North Carolina and lived in Burkburnett for three years.

Survivors include his mother, Mrs. Dorothy Jean Koehler of Burkburnett; a brother, Robert, of Burkburnett; four sisters, Ruth, Mary, and Pamela Koehler, and Mrs. Linda Salswei, all of Burkburnett; grandparents, Mr. and Mrs. Robert Baney of Phillipsburg, Pa.; and grandmother, Mrs. Elizabeth Koehler of Richford, N.Y.

**46-Acre Park From Refuse**

Kansas City, Kans.—(HK) —A deep-sided ravine and 650 tons of daily refuse from Kansas City are being combined to create John A. Garland Memorial Park, 46 acres of grass, tree-lined playgrounds and baseball fields.

Once called Rattlebone Hollow and located in north-east Kansas City, the ravine was full of thick brush and trash. The Environmental Protection Agency's Mid American Regional Council (MARC) chose to reclaim the ravine by using it as a sanitary landfill.

The sanitary landfill is the most economical means of building the park according to MARC which contracted with Browning-Ferris Industries for the project.

Browning-Ferris, the nation's largest publicly owned solid waste systems company, operates the landfill like a major construction project. The collection vehicles unload their refuse which is immediately spread, packed and covered with earth. The packing and covering minimizes settlement and organic action, reduced the possibility of fire, and wards off rodents and scavengers.

The site has a capacity of 560,000 tons and, at the current rate of disposal, a life expectancy of 3.6 years.

The cost of the entire project is estimated at \$2 million, with initial funding provided by the City of Kansas City, Kansas, matched by the Department of Housing and Urban Development under an "open space" grant.

**Burkburnett Day Camp Registration Set**

by Betty Holcomb

Burkburnett offers its young people a variety of summer activities at bargain rates. One of the best of these is the Day Camp for girls sponsored by the Girl Scouts. It is scheduled toward the end of summer when parents are barely hanging on to their sanity until school reopens. It offers parents an opportunity to take five deep breaths before plunging into school activities and places their daughters under the supervision of directors who have been trained to handle the high spirits of today's liberated young ladies. If you want to remove the August 'saas' and leave the September 'spirit', register your daughter for a week of camp activities.

Final registration for Camp Running Fun will be held Tuesday, June 18 from 1:00 to 3:00 and 5:00 to 7:00 p.m. in

Permian Park beside the swimming pool. If you currently have a registration form, please turn it in by June 18.

Camp Running Fun is open to all girls ages six through seventeen. Girls do not have to be Girl Scouts to attend. The camp will be held August 5th through 9th in Permian Park from 9:00 a.m. to 3:00 p.m. Fees for the week are 3.75 for Girl Scouts and 4.00 for non scouts. This fee covers insurance, swimming, program supplies, three drinks per day and food for a cookout.

Camp activities will include arts and crafts, sports, first aid, swimming, nature and ecology study and special projects. Trained consultants will instruct in various fields.

A First Aid Instructor will be on the site at all times. Girls seldom need first aid but the counselors require a lot of

aspirin.

In Burkburnett we have a rare, unpopular breed of mother. She is organized, efficient and courageous. Her life runs smoothly and she generally has time to brush her hair once a day. Her schedule is such that she isn't insane by the first week of August. The Directors of Camp Running Fun have decided to hide their envy, quell their prejudices and accept your assistance with camp activities. Please register yourself when you register your daughter.

For further information call Mrs. Roberta Crawford, 569-1584 or Mrs. Betty Holcomb 569-0668.

**Boys State Delegates In Austin**

The 34th Annual American Legion Boys State, sponsored by the Department of Texas and held on the Campus of the University of Texas in Austin, got underway June 12 as 872 high school boys from all parts of Texas, and two from Mexico, began registration. Lynn Steward, Department Commander, announced.

Among those registering from Burkburnett Post 264 were Robert Earl Felty of 521 Dot Avenue, Dave L. Schroeder of Rt. 1, and Thomas Clayton Rushing, Jr. of 510 E. 3rd, who were sponsored by the local American Legion Post.

Following registration, each citizen was assigned to one of two political parties--the Nationalist or Federalist. Each citizen then functions as a member of his party, he attends its precinct, county and state conventions, and votes in its primary.

Boys State helps to develop civic leadership and pride in American citizenship. This program arouses a keen interest in the detailed study of our government. These civic workshops stress the importance of maintaining our form of government and bring better understanding of our national traditions and beliefs to the more than 28,000 young men who are participating this year.

**Ocean Burning Of Toxic Wastes To Start in 1975**

The U.S. will soon outfit a cargo vessel with two specially-constructed combustion chambers to incinerate toxic wastes, according to a non-profit environmental education organization.

The American Eagle Foundation is largely responsible for arrangements for the ocean-going vessel, modeled after one converted two years ago by a German shipping company.

Expected to be ready for operation from East Coast ports by early 1975, the vessel will be able to burn up to 22 tons of chlorinated hydrocarbons and other hard-to-treat wastes per hour in its incinerators.

Cost of this ocean burning from East Coast and Caribbean ports is anticipated to be \$55 to \$60 per ton. Land incineration frequently costs twice this amount, according to an American Eagle Foundation spokesman.

### THE FACELESS MEMBER OF THE HOLY FAMILY

Joseph, the foster father of Jesus is the faceless member of the holy family. The art galleries of the world are filled with ancient and modern paintings of the Madonna and child, but one can recall only a handful of masterpieces which depict Joseph—and usually as a shy and backward creature standing in the shadows.

That is unfair. Joseph was chosen by God for his role just as much as Mary. True, hers was more critical to the birthing process, but not in the overall plan of God.

Look at Luke 2:41: "Now his parents went to Jerusalem every year." Who do you suppose set the tempo of the spiritual life of this little family? Joseph, of course. That is expected

of a man by his God. See Genesis 7:1 where God says to Noah, "Come thou and all thy house into the ark." Here as elsewhere in Scripture the man is designated by God as the spiritual head of his house. Not the boss; the spiritual leader of his family.

Joseph followed this noble pattern and in so doing fulfilled the design the Heavenly Father had in mind. God chose Joseph to provide just the right kind of religious training and spiritual upbringing for the Son of man — which, by the way, was a name Jesus delighted to use in describing Himself.

One just can't help believing Joseph was partially responsible for the joy Jesus showed when He called Himself, "the Son of man."

## County Agent News

B.T. HAWS

The week of July 25-31, 1974 has been proclaimed as National Farm Safety Week. The theme is "Alertness, Balance, Care--ABC's of Avoiding Falls." Falls rank second to motor vehicles as a cause of accidental death. Falls were responsible for nearly a third of the injuries reported in recent farm accident surveys in 10 states. About half of the falls were work related. Falls are responsible for about one-fourth of farm work injuries.

Sorghum producers in the United States can expect feedgrain supplies to increase during the next few months, thus bringing prices down. Of course, much of the outcome depends on the world feedgrain situation and the weather. We are now moving into the transition period between grain crops, so the market will tend to overreact to any news, good or bad. Producers will want to keep abreast of the situation, since the way they market their 1974 crop will have a sizeable impact on their income. Current indications are that a sorghum price of around \$3.50 per hundred-weight can be expected during the coming season.

1973-74 has been an excellent year for the Texas Community Improvement Program. Twelve new communities were organized during the year. One hundred and ninety four communities enrolled in the contest. Cash awards were presented to 92 communities representing 44 counties.

The Texas Angus Association is having a Field Day at the 77-Ranch in Wichita Falls on June 14-15. On June 14, they are having a Junior Angus Heifer Show for members of the Junior Angus Association. The heifers have to be in place by 12 a.m. The judging of the show will be at 4 p.m. June 15 will be a full day for club boys and girls and adults. A livestock judging contest will be held at 11:15 a.m.

A number of outstanding speakers will be on hand for the meeting. This looks like an outstanding program for both youth and adults.

An insect clinic to help all area residents identify and control insects on their lawns, shrubs, trees, flowers and field crops will be held in one of the following locations:

- 9:00 a.m.-10 a.m.--Sears Garden Center, Wichita Falls.
- 10:00 a.m.-11 a.m.--Smith's Gardentown, Wichita Falls.
- 11:00 a.m.-12:00 noon -- Webb's Nursery, Wichita Falls.
- 1:30 p.m.-2:30 p.m.--Berend Brothers, Burkburnett.
- 3:00 p.m.-4:00 p.m.--K & K Grain, Electra.
- 4:30 p.m.-5:00 p.m. -- McClendon Feed Store, Iowa Park.

Specialists from the Texas Agricultural Extension Service will be available to help answer your questions and solve your problems. Bring a specimen with you, if possible, for the specialists to examine. This service is free of charge and is open to the general public.

### 4-H Record Book Session Slated

Record books of Cotton County 4-H members are due in the OSU Extension Center on Friday, July 5. To aid 4-H members in preparing the books, a training session has been scheduled next week in Randlett. The session is set for Wednesday, June 19, from 2 to 4 p.m. in the Randlett Community Building.

Participants should bring a pencil, ballpoint pen, paper, and any pictures of the youth involved in 4-H activities. Parents are encouraged to attend also, according to Janice Duncan, Extension Home Economist of Walters, Okla.

**DEVOL BAPTIST TO GLORIETTA**--A caravan of three pickup campers and a small trailer loaded with fifteen members of the Baptist Church and their supplies departed Friday evening for Glorieta, N.M. The group will spend a week of fun and inspiration while attending the Baptist Conference Center. Food supplies, bedding and other necessities for camping out were packed. Glorieta is in the Sangre de Cristo Mountains near Santa Fe, New Mexico.

Those making the trip were Mr. and Mrs. A.D. Green and a granddaughter, Lesley Thole; Sue Warren and her niece, Christy Pruet; Linda Green, David Allen, Jeff Brisco, Grace McClurkin, Mike Powell, Joy Capps, and Rev. and Mrs. Laine Crowe and family, Penny and Sandy.

### Home Demonstration News

By Dee James

County Extension Agent

If your refrigerator seems to need defrosting too often, one cause could be poor air circulation. Check the flap on the chiller tray located under the freezer section. This flap is designed to control air flow; directions for its placement are usually written on the flap. Also check the placement of any large pans or food items in the refrigerator and see that they do not block circulation.

When defrosting use 1/2 cup of baking soda in a dishpan half full of water to remove odors and clean the inside of the refrigerator. To prevent odors do not use soap on the inside.

Appliance users determine their machines' efficiency. With basic changes in practices, consumers can cut home energy consumption.

Refrigerators and freezers will require less energy if the consumer will: --Defrost the refrigerator when ice coating is one-fourth inch thick. -- Have closed door seals so tight that a strip of paper won't pull through. -- Allow for free air circulation in the refrigerator, and -- Turn control to a colder

setting when storing large amounts of food, then return setting to normal after food has chilled.

Laundry equipment will require less energy if the consumer will: -- set water level and temperature correctly for size and type of load, -- adjust wash cycle length for clothes that are only slightly soiled, -- avoid overdrying clothes, remove them from dryer with a little moisture, -- be sure dryer venting has no obstructions, and keep lint filter clean.

Dishwashers will conserve energy if the consumer will: -- avoid over-rinsing dishes before placing them in the appliance, and -- use dishwashing cycle recommended for type of load being washed.

Ranges and cooling appliances will cut energy use if the consumer will: -- be sure the flame is blue when using gas, since a yellow flame indicates waste, -- keep oven vents clean and open to allow efficient heat circulation, and -- start on high heat and reduce to the lowest possible setting for cooking.

### Cooper H. D. Club Hears Retirement Topic

The Cooper Home Demonstration Club met at the Friberg Community House recently with Mrs. Cecil Huddleston serving as hostess.

Mrs. Hubert Miller, vice president, opened the meeting with a prayer and Mrs. Anna Mae Emmert gave a program on retirement.

After Mrs. W.P. Rogers read the minutes of the last meeting,

Mrs. Bee Bryant read the council report and Mrs. Emmert gave the treasury report.

It was announced that Mrs. Everett George would be honored with a breakfast on June 12 at 8 a.m. and that camp day would be in August at the Burkburnett Civic Center.

Mrs. Hubert Miller and Mrs. Sam Spencer won at recreation, and it was noted that John Self, formerly of Burkburnett, is recovering at his home in Fayetteville, Arkansas after a stroke.

Twelve members and one guest were present. Members included Mrs. Ella Gill Emmert, Miss Amelia Spencer, Loma Vollmer, Mrs. Bill Clayton, Bee Bryant, Mrs. Hubert Miller, Gertrude Barfield, Mrs. Sam Spencer, Mrs. W.P. Rogers, and Mrs. Everett George. The guest was Miss Yvon George.

### LETTERS to the EDITOR

Many Montague County ranchers are forming together to get Congress to stop importing beef. With the high costs of feed, fuel, labor and interest many cattlemen have already gone broke.

If you would like to join in with the Montague County ranchers, just send a post card to Dan Cunningham, Box 208, Bowie, Texas 76230. All letters and post cards will be delivered to the Congress of the United States.

### Dan Cunningham Square, Round Dancers Attend Convention

Red River Valley Square and Round Dancers have returned from attending the 12th Texas State Federation Square and Round Dance Convention in Dallas.

Winner of the drawing of the 1974 Chevrolet Caprice door prize was William (Cotton) Shepherd from Henrietta, Tex.

### Burk Riding Club Plans Parades

The Burkburnett Riding Club met for its regular meeting June 6, in the Community Room of the Burkburnett Bank.

President Wendell Goins called the meeting to order. Minutes of the last meeting were read and approved and a financial statement was given.

Parade marshals for the upcoming parades in June were appointed. They are Jim Holly, Wichita Falls; Sam Elliott, Archer City; and Terry Baber, Electra.

The club voted to have a trail ride and weiner roast Saturday afternoon, June 22, at the Baptist encampment near Perkins Reservation.

Sunday, June 9, was the regularly scheduled playday. Many persons attended and the weather was acceptable.

The next meeting will be July 2, at the Burkburnett Bank. Anyone interested in joining the club is invited to attend.

### Girls' Grooming Clinic Scheduled

School is out and thoughts are turning to new "looks" for the summer. Good grooming is an important aspect of any girls' vacation plans.

Grooming workshops, presented by Mrs. Jean Anderson, Assistant County Extension Agent, will be held in Girls' Clubs in Wichita Falls, June

**4-H ADULT LEADER HONORED**--Mrs. J.C. Bentley (center) of Route 1, Burkburnett, was one of 25 adult leaders to be recognized for distinguished service to 4-H at the 1974 State 4-H Roundup at Texas A&M University

June 5. She was presented a special plaque by Dr. Dan Pfannstiel, left, associate director of the Texas Agricultural Extension Service, and J.L. "Curly" Hays of Abilene, a trustee of the Texas 4-H Youth Development Foundation.

### Cotton Growers Play 'Wait And See' Game

AUSTIN--Forward cotton contracting for the 1974 season is currently at a standstill with growers seeking 60 cents a pound and buyers willing to pay only 45, reports Agriculture Commissioner John C. White.

As a result, only about five percent of Texas growers have contracted as compared to 16 percent this time a year ago.

In the Lower Rio Grande Valley, which grows six or seven percent of the state's cotton, 99 percent of the crop was contracted earlier in the year at 65-70 cents a pound. Upper Gulf Coast counties contracted some acreage at around 60 cents, and in the Winter Garden area acreage was signed up for 60-65 cents.

Since then, however,

prices have dropped. Warehouses and processors are stacked up with the 1973 crop. For the time being, farmers, confronted with rising costs, and buyers, facing a drop in the market, are playing a waiting game.

On the High Plains, where around 80 percent of the state's cotton is grown, no one is even talking the subject, White said. "Compresses and warehouses are 90-120 days behind schedule in processing and shipping. When that crop starts to move, maybe then buyers will start thinking about the new crop."

White expressed some concern about High Plains' cotton, which is currently being planted. "If they don't get more rain, there could be a drop in harvest," he said.

### WEEKLY MARKET REPORT

Poultry is a key word now in economical food buying, one authority says.

She's Mrs. Gwendolynne Clyatt, consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

"Fryer production is three percent larger than last year, and bargains appear on whole birds, cut-ups and select pieces," the specialist reported. "Turkey and turkey parts with attractive price tags are feature items in many markets."

Fresh fruit and vegetables in good supply include cabbage, carrots, corn, collards, mustard greens, dry yellow onions, soft shell squash, radishes and green onions, Mrs. Clyatt said. "During this 'between season' for fruit, peaches are priced high, and much of the fruit has not sized well.

Cantaloupe and watermelon prices are dropping as supplies increase.

Turning to pork, the specialist said best values are shoulder roasts and steaks, smoked hams and picnics, end-cut loin roasts and steaks.

Beef values are chuck roasts and steaks, ground beef, round steaks and roasts.

**Consumer Watchwords:** Milk production is at its seasonal peak now. Watch for specials on dairy products during June, Dairy Month.

Freezing cantaloupe is easy, say Texas Department of Agriculture home economists. Cut the flesh of the melon into slices, cubes or balls. Cover it with cold sugar syrup, using two cups of sugar to four cups of water. Seal and freeze immediately.

# ROUND the TOWN

by Sylvia Lohofener

Mrs. C.C. Taylor, who had the misfortune of falling about ten days ago and injuring her hip, will undergo surgery the first of this week. She is in Wichita General Hospital.

Charles and Carol White of Abilene, Texas visited their parents, Al and Sylvia Lohofener and Mrs. Ralph White, this past weekend.

Mr. and Mrs. F.T. Felty Sr. have returned home from a trip to Magnolia, Arkansas. They brought their daughter, Mrs. James (Marilyn) Jones and little sons, James and Allan, home with them for an extended visit. Dr. Jones is teaching in the Army Reserve at Camp McCoy, Wisconsin for a summer term and Marilyn will stay here with her parents.

Mr. and Mrs. Marshall Geisler and daughter, Rebecca, and Mr. Sam Felts, both of Skelleytown, Texas visited the J.G. Cheneys over the weekend.

Mrs. Donnie Voss' grandmother, Mrs. C.H. Bown of Munday visited in the Voss home this past week.

Miss Donna White of Ft. Worth is visiting her aunt, Mrs. Lela Mallett, here indefinitely. Mrs. Mallett has been ill for several days but is feeling much better at this writing.

Mrs. Bertha Mitchell left last week to visit her brother, Rev. Ray Lawler, who pastors a church near LBJ Lake. She will also visit in Houston and Corpus Christi for a few weeks before returning to Burk.

Mrs. Tex. Wm. (Elva) Allen of Atlanta, Ga. returned to her home there Thursday after several days stay here with her parents, Mr. and Mrs. Ray Stimpson. Mrs. Stimpson is still confined to her home after a long illness.

Mrs. Verna Mae Hawkins of Moline, Ill. and sister, Mrs. Dora Baine of Olney and Mrs. Thelma Bogy Bryan of Olney all visited in the Will Teal home Sunday afternoon. All were former residents of the Northwest Field, living in this area for many years.

Mrs. Ina Sauls spent the past week visiting Mr. and Mrs. Pete Simmons in Fort Worth. She reports a most pleasant and restful week. The Simmons are former residents of this city and a close neighbor of Mrs. Sauls.

Mrs. Agnes Story of Los Angeles, Calif., who has spent several weeks here with her mother, Mrs. Ina Sauls, left for her home last week. She was called here at the time her brother, Alphis Sauls, passed away in April.

Mrs. Joe Ballinger and Joey and Leslie of Harlingen, Tex. arrived Saturday for a visit with Mrs. Elizabeth Baker. Mrs. Ballinger will be remembered as Beckie Baker, daughter of the late Carlos and Sonny Baker, formerly of this city.

Mrs. Beatrice Pace of East 6th Street left last week to visit relatives in Bakersfield, Calif. She accompanied her son, Jack, wife and family who were moving to California.

Mrs. Nina Owens of this city fell while working in her garden, and broke her knee. She has suffered a lot of pain with it.

Mrs. Bash Wheelon of Lake city, Texas is here visiting her sister, Mrs. Beekham.

Mrs. Fred (Loretta) Hunt underwent foot surgery Friday in the Wichita General Hospital. She is resting well but will be unable to be about, in her lively way, for several days.

Mrs. Paul (Audrey) Fields of San Antonio, a former resident of Burk, visited relatives and friends here over the weekend.

Mr. and Mrs. I.J. Daniel of 734 W. 3rd in this city had as their visitors this past weekend, Mr. Daniels' two sisters and husbands, Mr. and Mrs. J.C. Bixler of Duncan, Okla. and Mr. and Mrs. A.L. Baxley of Dallas.

Mrs. Leulla Odom, who underwent surgery last week in the Wichita General Hospital, is reported doing nicely. Mrs. Odom is the mother of Mrs. Raymond Smart of this city.

Miss Elizabeth Anne Penn, daughter of Rev. and Mrs. William Penn, and Michael Charles Malone were married June 3rd. Rev. Penn is the Minister of First United Methodist Church in Burk. ## Thoughts

From The Living Bible

For we speak as messengers from God, trusted by him to tell the truth; we change his message not one bit to suit the taste of those who hear it; for we serve God alone, who examines our hearts' deepest thoughts. Never once did we try to win you with flattery, as you very well know, and God knows we were not just pretending to be your friends so that you would give us money! As for praise, we have never asked for it from you or anyone else.

The Less the Mow, The Mo' the Grass

Raise the height of cut one notch on your lawn mower. This not only reduces the power needed to cut the grass but the increased height of cut means less frequent mowings.

Taller grass is more drought resistant, Dr. James R. Watson, The Toro Company's agronomist, points out, thereby reducing the amount of water needed for sprinkling.

Mowers should be properly adjusted and lubricated. Sharp blades, properly inflated tires, and clean combustion chamber and air cleaner, contribute to maximum efficiency and minimum fuel usage.

## Texas Tour Urged For Vacation

Texas history from a century ago and scenery shaped through the ages dominate the vacation opportunities of Far West Texas, that region rolling west of the Hill Country to El Paso.

And today's 55 mph speed limit stretches the fuel far enough to see it all: the Sonora Caverns, Langtry, Big Bend, restored old Fort Davis, and Guadalupe National Park and El Capitan.

These and more than five dozen travel shops are mentioned in the new "Wonderful West Texas Fun and Adventure Map," says J. Fike Godfrey, executive vice president of the

### Travel Series, Story No. 1

West Texas Chamber of Commerce.

Sonora Caverns, best-known of the Edwards Plateau caves, was discovered only in 1961.

Langtry is the home of Judge Roy Bean's frontier court and an attractive Texas Highway Department tourist information center. It shares the Rio Grande region with Amistad (Friendship) Reservoir and the Texas-Mexico towns of Del Rio and Ciudad Acuna.

Up river is Big Bend, one of Texas' two national parks, a blend of desert and mountains, horseback trails and house trailers, and the canyon waters of Santa Elena, Mariscal and Boquillas.

Plenteous air currents make Marfa the site in early summer of the national sail plane meet. Twenty-one miles north, 19th Century Fort Davis isn't far from the 20th Century's McDonald Observatory, both open to the public.

The Texas Highway Department also recommends a scenic 74-mile drive, looping through the Davis Mountains.

More mountains lie across Interstate 10 between Van Horn and Ysleta, location of the Tigua

Indian Reservation, the only one in West Texas.

Just beyond there's populous El Paso and Juarez. A tank of gasoline goes a long way there, with the handy concentration of border shopping, bullfights, dog and horse racing and the Mt. Franklin scenic tramway.

Between El Paso and Carlsbad Caverns rise El Capitan and Guadalupe Peak, both above 8,000 feet, and Guadalupe Mountains National Park.

To the east, the wind has sculptured 4,000 acres at Monahans Sandhills State Park. Oiltown Odessa has America's second largest meteor crater and Globe of the World, an authentic replica of the original Shakespeare Globe Theatre, with professional talent.

And there's Balmorhea State Park with one of the world's largest swimming pools, Fantasyland in Iraan with Alley Oop and dinosaur tracks beside U.S. 67 between McCamey and Fort Stockton.

Details are available in a library of 200 brochures available from the West Texas Chamber of Commerce, Box 1561, Abilene, Texas 79604.

**UT Honors Student Named**

The College of Social and Behavioral Sciences at The University of Texas has named 556 students to the fall semester honor roll.

In constructing the honor roll, account is taken of both the quantity and quality of work accomplished by the student as shown by reports of instructors.

To achieve the honor roll, a student must earn at least 52 grade points during the semester, passing all courses.

Total grade points are calculated by multiplying the number of semester hours by the value of each grade. (A equals 4 points).

Included on the list of honor students was Laura Lucille Allison (Cum Laude) of 517 South Hilltop, Burkburnett.

Winners of the High School Poetry Contest, sponsored by the Current Literature Club, are as follows: First Place to Becky Tate for PENALTY OF CRIME, Second Place to Becky Tate for GOD AND STARS, and Third Place to Beverly Lynn Brewster for HIBERNATION.

First Honorable Mention went to Marsha Milam for PROVERB, Second Honorable Mention to Leilani Dow for WHERE HAVE THEY GONE, and Third Honorable Mention to Vicki Shubird for BEAUTY.

Winners in the Junior High School Contest were Donna

Beckett (First Place for ONCE A MASTERPIECE), Julia Hamilton (Second Place for THE LONELY CHURCH), and Christie Key and Helen Carr who tied for Third Place for LOVE IS and FREE IS THE WIND, respectively.

There was a tie in each of the four honorable mention awards. Winners were Bruce Littlefield (CONQUEST), and Debbie Pettit (SUNSET ON A SNOW-TIP MOUNTAIN), first place; Tracie Howard

(TRIBUTE TO A LIVING ONE) and Jo Ann Smith (LONELY IS THE SEARCH), second place; Tripp Holmgram (A PLACE WE HAVE NEVER BEEN) and Jennifer Rorabow (GROWING GREEN), third place; and Jerry Elvie (MOWING GRASS) and Steve Clement (CLIMBING A MOUNTAIN), fourth place.

Mrs. F.G. Jeffers is Youth Poetry Chairman.

## Allen-Swearingen Exchange Vows

Miss Denita Kay Allen, daughter of Mr. and Mrs. Darwin Allen, became the bride of Mr. Larry Wayne Swearingen, son of Mrs. Lois Daugherty and Mr. Randall Swearingen Thursday, May 23, at 7 p.m. at Jan Lee Baptist Church. Rev. Ken Lyles officiated.

The bride, given in marriage by her father, wore a gown of white embroidered lace over taffeta, featuring an empire bodice, long fitted sleeves and a chapel length train. Her waist length veil was attached to a circlet of seed pearls. She carried a bouquet of white daisies, with yellow streamers.

Miss Terrie Allen, her sister, was maid of honor, and bridesmaids were Misses Rickie Gann, Sharon Greshel, and Donna Wilkinson. Each wore yellow plisse formal trimmed with white lace, and carried single white carnations with yellow streamers.

Best man was Pvt. John Allen, brother of the bride, of Lawton, Oklahoma. Groomsmen were Dean Platner, Buster Daugherty, and Randy Wilkinson.

Miss Joanna Whittenbeck, flower girl, carried two single yellow roses in her white wicker basket, which she presented to

the mothers of the bride and groom, Russell Allen, brother of the bride, carried a white satin pillow, holding the rings exchanged by the couple.

Ushers were Randy and Ricky Allen, brothers of the bride.

A reception following the ceremony was held at the Burkburnett Community Room. Miss Doyla Ross kept the bride's book, Mrs. Imogene Blackaby served the cake, and Mrs. Sarah Smith and Mrs. Rosalea Brock served punch.

The groom, a graduate of Big Pasture High School, is employed by Wilkins Electric of Burkburnett. The bride, a 1974 graduate of Burkburnett High School, is a student at Mrs. Carter's School of Beauty in Wichita Falls. The couple will reside at 317 1/2 Preston.

Mr. and Mrs. Larry Swearingen

LAMB IS VERSATILE--Texas lamb can be cooked in a variety of ways to enhance its flavor. Here, chops are prepared with vegetables and simmered in wine and bouillon. Though Texans eat only a small amount of what the state produces, Agriculture Commissioner John C. White believes lamb consumption may be on the increase.

### LAMB CHOPS EXOTIC

- |                                       |                            |
|---------------------------------------|----------------------------|
| 6 loin lamb chops, 1-inch thick       | 1 Tbsp. curry powder       |
| 2 Tbsp. salad oil                     | 2 vegetable bouillon cubes |
| 1 cup sliced celery                   | 2 cups boiling water       |
| 1 package (1 1/2 oz.) gravy sauce mix | 1/4 cup dry red wine       |

Brown chops in hot oil until well browned on both sides; drain off drippings. Add celery, gravy sauce mix and curry powder. Dissolve bouillon cubes in boiling water; stir into skillet with wine. Bring to a boil, stirring constantly. Cover and simmer 30 to 45 minutes or until lamb is tender. Serve with rice. Note: For a variation, sliced carrots and green peppers may be simmered with meat.

For additional recipes, write John C. White, Commissioner, Texas Department of Agriculture, P.O. Box 12847, Austin, Texas 78711.

**BIG CATCH**--Jim Jacobs and Tommy Moore of Burkburnett caught four huge yellow catfish at the mouth of Gilbert Creek on the Red River last Wednesday while trotline fishing with shiner minnows [5 or 6 in. long] as bait. The fish weighed 22, 20, 14, and 13 pounds. According to Jacobs (left), fish bite better on the river when the water has been high and starts falling. He said that they caught a 28 pounder the week before.

### Girls Softball Standing Listed

Burkburnett Girls Softball is off to a rip-roaring start with seven games having been played and one rained out thus far this season.

Current standings are as follows: Reed Construction 1-1, Mills Gen. Construction 1-1, First National Bank 2-1, Burkburnett Bank 0-1, Lions Club 0-2, American Legion Auxiliary 2-0, and First Savings & Loan 1-1.

The public is invited to watch these teams in action every Monday, Tuesday and Thursday night at the Girls Softball Field across from the Youth Center.

### Price Hits Hole-In-One

Lonnie Price, 15, son of Mr. and Mrs. Bill Price of Burkburnett, sank a hole-in-one Saturday, June 8, on the 95-yd. No. 3 hole at Hidden Valley Golf Course.

His father and brothers, Rusty and Shawn, witnessed the ace.

Dennis Barnes, 17, son of Mrs. Mary Barnes of Burkburnett made a hole-in-one at Hidden Valley Golf Course Thursday, June 6, on the No. 2, 105 yard hole.

Larry Doerre and Norman Key witnessed the ace.

### Cornelius Sinks Ace

Tim Cornelius, 9, son of Mr. and Mrs. T.M. Cornelius of Burkburnett, sank an ace in the 97-yd. No. 1 by using a 5-iron at Hidden Valley Golf Course Monday, June 10. This is the fifth hole-in-one made at the local course since Memorial Day.

Arnold and Craig McKinnis and Larry Doerre witnessed the ace.

## Service Council Elects Officers

The Burkburnett Community Service Council met Thursday at 7:30 p.m. in the Civic Center for a regular meeting and had its election of officers. Officers include John B. White, president; Mrs. Gary Owen, 1st vice-president; Larry DiMarzio, 2nd vice-president; David Schroeder, 3rd vice-president; Mrs. Irv. Smith, secretary; and Mrs. D.C. Dodson, treasurer.

The Council discussed the 4th of July Celebration as the main topic during the meeting, stressing pre-bicentennial preparation. It was noted that a place (probably the Youth Center) will be used for the July 4 celebration if the weather is bad.

Club members present gave resumes of community projects and discussed ways of eliminating overlap, or duplication of efforts. Also discussed was the kinds of projects officers should steer for in the coming year.

**KEEP LOTS MOWED!**--City Manager Gary Bean urges local citizens to keep their lots mowed of tall grass and weeds during the summer months in order to help prevent mosquitoes from breeding. He added that lots look much better when mowed and there is a city ordinance against uncontrolled weeds. "It is the responsibility of the owners, not the city, to keep lots mowed," said Bean. According to Fire Chief Bill Mize, taller

grass and weeds are dangerous fire hazards also.

In the above photo is one of the many privately-owned lots in Burkburnett which is full of tall weeds and grass. The City, and probably many neighbors, urge owners to keep lots cleared off for both looks and safety of the community.

## LVN Director Attends Workshop

Ruby Lange, LVN Director of Nurses at Hickory Elm Convalescent Center in Burkburnett, attended the LVNA workshop in Odessa, Texas, June 6 through 9, at the "Inn of the Golden West".

The program was titled "Concepts of Cardiology", with several doctors speaking about subjects such as hospital care of

heart failure, hospital care of the hypertensive, care of the past operative peripheral vascular patient, monitoring the past operative cardiopulmonary patient, and myocardial infarction care.

On Friday night a Chuck-wagon Gang Supper was served to the group.

government during Congress' exploitation of the Watergate mess. He'll be hailed for seeing his way through this trying period and will emerge a hero--unless impeachment traps him first. This optimistic mood will probably (during the year 2025) be inscribed as part of Great American History. Insecurity, mistrust, and disloyalty will not be included in the records because they might tend to make the U.S. look structurally weak to late generation Americans.

The only way to dispense with making the same mistakes twice is to note all details of the first mistakes (no matter how ugly) so that future persons will know exactly which trends to avoid.

We'd like to commend Mobil Oil Company for its efforts in trying to get all the oil possible out of area wells, even ones which are more than a half-century old. The experimental process of fresh-water flooding the wells is in progress and could add as much as 20 years of productivity to old wells. After touring the complex, one can recognize right off that a very large sum of money and much time is being spent to eliminate tapping off hard-to-get oil from the wells.

The costly and complicated procedure is occurring also in two other Texas fields with the hope that the tests prove successful. If so, the process will probably be more widely used.

## Baker Speaks At Convention

Dan Baker, who was born in Burkburnett, recently was speaker for the Texas Restaurant Association Convention held in June. Baker, now of San Antonio, spent most of his growing up years in the Rio Grande Valley and after high school, graduated from SMU. He served as a Methodist minister for six years and later became a life insurance representative. Today he is primarily a professional speaker, traveling throughout the country speaking for conventions, after-dinner occasions, sales and management seminars.

At the convention his program topic was "Be Proud You're In The Food Service Business".

## Rickety Ladder Spells Trouble

The annual spring home fix-up campaign in most families will include some climbing. The Texas Safety Association warns that a ladder can develop dangerous faults in storage.

Keeping your ladder in good repair is the most basic safety rule, but, TSA says, make sure you follow through safely in the use of the ladder too.

The footing of the ladder must be firm and even for safety.

## Private Sullivan Named Recruiter

Private First Class Patrick M. Sullivan, a native of Burkburnett, Texas, has been selected to represent the Army and Ft. Sill, Oklahoma as a hometown recruiter, with the Army Recruiting Station in Wichita Falls, covering the Burkburnett area, informing young men and women of military job and educational opportunities available at Ft. Sill.

Sullivan entered the Army in June of 1973 after graduating from Burkburnett High School. He enlisted for Ft. Sill and was guaranteed the \$2,500.00 Cash Bonus in Combat Arms. Following completion of Basic Training at Ft. Polk, La., he was assigned to Ft. Sill as the C Battery, 2nd Bn, 37th Field Artillery battery commander's driver.

PFC Sullivan is the son of John Raymond Sullivan of Burkburnett and is married to

Pvt. Sullivan

Donna Gail Sullivan of Baltimore, Maryland.

Recruiting officials at Ft. Sill chose Sullivan because of his excellent job performance and his willingness for hard work.

## Classroom Teachers Conference Slated

Teachers from all areas of Texas will be traveling to San Antonio this month to attend the fifth annual Conference for the Improvement of Instruction sponsored by the Texas Classroom Teachers Association (TCTA). The meeting is

scheduled for June 19-22 at the Sheraton - San Antonio.

The goal of the conference is two-fold. One goal is to assist teachers in improving their teaching skills. Going one step further, the conference also is

designed to teach the teachers how to instruct their colleagues in the new skills they have learned.

Registration for the conference will be 8-10 a.m. on June 19. For additional information contact the TCTA Center for Professional Services, P.O. Box 1489, Austin, 78767. Registration fee is \$10 for TCTA members and \$15 for non-members. One hour of college credit may be obtained through North Texas State University.

## Energy Information Now Available

Creation of a national energy information center to answer the public's questions about fuel and other energy matters was announced this week by John Sawhill, administrator of the Federal Energy Office in Washington, D.C.

The Center, located in FEO's Washington headquarters, will be staffed by energy experts, and will have available the latest information on production, imports, and supplies of petroleum, gasoline, and other petroleum products.

Within the limits imposed by law to protect proprietary

information, the Center will make available all energy related information collected in all FEO programs, as well as information collected by other Federal agencies.

"The public and private production of statistics on energy has exploded in the past year," Sawhill said. "However, duplication is common and coverage is uneven. The center will concentrate on collecting the most comprehensive data available, and synthesizing it into a form meaningful to the public. New information to fill in the gaps in the current system will also be collected.

A prime objective of the Center, Sawhill emphasized, is to help public and private energy users improve their understanding of the difficult energy problems that lie ahead.

He said the Center is now operational, and may be reached by dialing any of these four numbers: (202) 961-8486, 961-8685, 961-8686, or 961-8687.

The Center will also provide a number of publications on request.

## Children's Evangelist Due In Burk Sunday

A young woman who preached her first sermon at the age of 12 will begin a children's crusade at First Assembly of God, College and Avenue B, Burkburnett, June 16 through June 21.

She is Evangelist Karen Sue King, of Sterling, Okla. Recently ordained as an Assemblies of God minister, Miss King has specialized in reaching children with the gospel since 1970. Her own childhood conversion and a strong conviction that it is possible and desirable for children to find a valid spiritual experience at an early age has led her to specialize in this field.

The evangelist uses a ventriloquist figure she calls Chesley, and two hand puppets named Chad and Tad, to dramatize and illustrate Bible

stories and Christian adventures.

The singing of gospel songs and action choruses is a popular part of her crusades. Those attending will also have an opportunity to learn some songs in sign language. Other special features are included in every service.

Attendance at the services will not be limited to children, according to the Rev. Hocker, pastor of the sponsoring church. He explained that "there will be something in these unusual meetings for everyone," and said that all meetings are open to the public.

Sunday services begin at 9:45 a.m. and 7:15 p.m., and week night services (except on Saturday) will begin at 7:15 p.m.

## Things to remember not to forget before you go on vacation.

For economy and energy efficiency, here's a quick checklist of important things to do around the house before you go on vacation.

REFRIGERATOR OR FREEZER: Change thermostat control to slightly warmer (or "Vacation") setting according to manufacturer's recommendations.

ELECTRIC RANGE: Make sure all switches are in the "Off" position.

WASHING MACHINE: Turn off water supply at faucets.

WATER HEATER (ELECTRIC): Turn off at circuit breaker. Upon returning run a small amount of water from a hot water faucet to make sure there's water in the tank before you turn the circuit back on.

TELEVISION SETS: Unplug from electrical outlet and disconnect antenna.

LIGHTING: Be sure all lights are off except those needed for security, such as: 1) yard light with automatic on/off control; 2) lamp in living area with automatic control.

AIR CONDITIONING: Normally, air conditioning should be turned off completely while on summer vacation. However, if there is anything in your home that might suffer heat damage, raise thermostat setting 5 to 10 degrees above normal and leave unit on.
