## 'Band Of The Oilbelt' To Perform Soon In Burkburnett

"The Air Force Band Of The Oilbelt" will perform for newcomers and citizens of Burkburnett Friday, August 23, in the Burkburnett Civic Center. Admission is free and all localities are welcome to attend, according to Chamber of Commerce manager Jim Lemley. The Burkburnett Chamber is sponsoring the concert.

The 761st Air Force Band is stationed at Sheppard Air Force Base and consists of 45 outstanding concert and jazz musicians. Popularly known as

"The Air Force Band Of The Oilbelt", it is under the direction of Captain Kenneth M. Green.

The band plays throughout Texas and Oklahoma at state fairs, parades, dedications, and military functions, as well as appearing on national television. Because of the contribution made to the Air Force program, the band has become a recipient of the Air Force Outstanding Unit Award.

Captain Green, director of the band, began his career in Air Force music in 1967. He assumed command of the "Band of the Oilbelt" in May, 1973. He has been a three-time music director for the Miss Los Angeles County Beauty Pageant, has performed with jazz greats such as Sarah Vaughan, Sue Raney, Frank Rosolino, and Stan Kenton, and has played for Johnny Carson, Merv Griffin, and numerous other television personalities.

The 761st Air Force Band is assigned to the Sheppard Technical Training Center, Sheppard AFB, Texas. Major General Robert L. Petit is the Commander.

## Pre-registration Continues At VRJC

Pre-registration counseling for the fall 1974 semester at Vernon Regional Junior College began August 1, and will continue through August 16. Entering freshman and transfer students are urged to come to the VRJC Administration Building prior to or during that time to visit with college officials concerning applications, scheduling, financial aid, and other related matters.

Schedule advising for returning students will be from 1:00 until 5:00 p.m. August 26. All faculty advisors will be available to assist students at that time.

Orientation for new VRJC students will begin at 9:00 a.m.

August 27 for students whose last name begins A-J and 1:00 p.m. for students whose last name begins K-Z. The orientation sessions will be held in the auditorium of the Administration-Fine Arts Building.

Registration for students whose last name begins A-J will be in the VRJC Student Union Building from 8:30 a.m. until 12:30 p.m. and 4:30 p.m. until 8:30 p.m. on August 28. Students whose last name begins K-Z will register at the same times on August 29.

Classes will begin on September 3 after the labor day holiday, and finals for the fall semester are scheduled for December 16-19.

## ★ New Education Program Described To Chamber ★

Carl Dixon, director of the new "Plan A" program in the Burkburnett school system, was featured speaker at the noon luncheon of the Chamber of Commerce Monday in the Burkburnett Community Center.

After introducing his fellow workers in the new program (who include Thelma Campese, diagnostician; Bob Carpenter, counselor; and Arbury Ritter, vocational adjustment coordinator), Dixon told chamber members the purpose of the individualized education program. He said that the idea

of Plan A is to help students correct learning disabilities by offering individualized aid in problem areas. Dixon then let Campese and Carpenter explain their jobs to the audience.

Carpenter said that the first step in Plan A is to have a student referred to the program by teachers or parents. The student then takes tests; and after the results, parents are asked for approval to place the student in the program where the most good can be done. After a period of time, the student will be reviewed and progress noted, so that changes

in placement can be considered if necessary.

Thelma Campese, who is the diagnostician, said that Plan A uses new methods of teaching, which aren't regularly used in the classroom.

She stated that many problems with learning are due to auditory or visual deficiencies which hinder learning in certain areas. Plan A's job is to find these areas and correct them.

"One of the first things we have to do is build up the child's self-esteem," she said. After this, "We teach new materials to his strengths and remediate

his weaknesses. The student will have his own individual plan."

She noted that sometimes students may be referred to other teachers in specific areas, or maybe even other people who are not related to the school.

To end the presentation, Dixon said, "We want you to be aware of what we're trying to do in the community. We definitely need your help and support."

Other guests present at the program were Sen. Jack Hightower of Vernon and T.J. Hubbard.

It was announced that there will be a teacher's coffee in the high school cafeteria at 8 a.m. August 15, and a concert by Sheppard's Oil Belt Band Friday, August 23, at 7:30 p.m. in the Civic Center.

The next Chamber Luncheon will be Monday, September 9, which will be the second Monday of the month. There is a holiday on the first Monday.

### Clinic Set To Help With Plant Problems

A free clinic designed to help with insect or disease problems on lawn ornamental plants or trees will be held August 15, from 1:30 to 2:30 p.m. at Berend Brothers in Burkburnett.

A specialist will be on hand to answer any questions.

## Tennis Tourney Underway

Pairings for the invitational tennis tournament sponsored by the Summer Recreation Program have been made and are posted at the high school tennis courts, says Bob Carpenter, head of the summer program.

The tournament began Sunday, August 4, and will continue through Saturday, August 10, with preliminary matches being played throughout the week. Finals in each division are slated for Friday and Saturday.

Awards, which were donated by Preston Dairy, First Savings & Loan, and the First National Bank, will be presented to winners and runners up in each division at 9 p.m. Saturday night at the high school courts.

According to Carpenter, entries are from participants from Vernon, Wichita Falls, Sheppard, and Burkburnett; and this tournament is the one with the most interest ever. Persons not participating in the tournament are asked to reserve courts #3 and #4 for tournament play during the week.

All interested tennis buffs are urged to attend the matches. This tournament will mark the end of the Summer Recreation Program for 1974, since school begins on August 22.

CLASSES START SOON! - Getting registration forms in order for high school registration are Judy Smiley, counselor, and Rose Gregory, registrar. According to the Burkburnett I.S.D. School Calendar, enrollment for new high school students is August

## School Board Approves Athletic, Music Budgets

The Burkburnett School Board approved a proposed \$29,921.20 athletic department budget and a \$14,931.00 music department budget for the coming year at the regular

monthly board meeting Monday night at 7 p.m.

Pat Smiley read the athletic department proposals and Jim McClain reported for the music department.

The 1974-75 school year budget hearing was set for 7 p.m., August 19 by the board, and the Amended Budget for the 1973-74 school year was approved by all present.

In other action, the board approved the minutes of the regular board meeting of July 8 and the special board meeting of July 22. Also meeting approval were the school financial reports, BHS athletic and activity reports, presentation of school bills, report on tax collections, and transfer of \$10,000 out of the operating fund into the building fund.

The board agreed to hire the following personnel as recommended: Ernest Chesney, Jr. (high school), Mrs. Sandra K. Cunningham (high school), Milton E. Fleming (high school), Mrs. Flora C. Holcomb (Sheppard-Burk), Mrs. Esther N. Newton (high school), Miss Emily Potts (all schools), Mrs. Kathy A. Twitty (Sheppard-Burk), Mrs. Bonnie J. Wagner (Jr. High), and Thomas B. Hays (high school).

Mrs. Janice Vincent was transferred as Distributive Education Coordinator of the High School and Mrs. Maxine Kennedy was granted a semester's leave of absence. The board also accepted the resignation of Mrs. Linda Phillips.

It was noted that the annual faculty meeting will be held August 15.

Board members Frank Morton and Charles Chittum were not present for the meeting.

## Neighborhood Group To Meet Monday

The Neighborhood Group Meeting will be held Monday, August 12, at 7:30 p.m. in the Burkburnett Community Service Center.

The speaker for the meeting will be Mr. Larry Kilgo, from Texas A&M University. He is an Urban Rodent Control Specialist

and will give a talk and show a film on rodent control.

There will be a report on the Recreation Center, and it will be announced that the City of Burkburnett has allocated funds for a part-time worker for the Center.

Everyone is urged to attend.

## Football Practice Scheduled

All Burkburnett High School Freshman, Junior Varsity, and Varsity football players should note the following instructions concerning 1974 football practice, says head football

coach Pat Smiley:

Practice will start Monday, August 12, at 8:45 a.m.

There will be practice twice daily at 8:45 a.m. and at 4 p.m. until school starts.

## Kindergarten, 1st Grade Requirements Announced

A child must be five-years-old on or before September 1, 1974, to be eligible for kindergarten, according to Bill Weatherred, principal at Southside Elementary School.

To be eligible for first grade, a child must be six years old on or before September 1, 1974.

Public kindergarten is by choice and not compulsory this year. Enrollment will be held in

the school office of each of the respective schools.

According to a news release offered by Weatherred, parents need to secure and present at the time of enrollment the following:

1. Immunization Record from a licensed physician of:

(a). DPT--a series of 3, one of which has been since age 4.

(b). Sabin Polio--A series of 3, one of which has been since age 4.

(c). Rubella Vaccine or the history of 7 day measles.

(d). Rubella Vaccine (3 day measles) is required regardless of disease.

2. An official Birth Certificate from the Bureau of Vital Statistics of the state of birth must also be presented at the time of enrollment.

The above records must be presented for a student to enroll.

## Booster Club To Serve Watermelon

The Burkburnett Booster Club will serve watermelon to all high school football players Monday, August 12, between 5:30 and 6 p.m. after the first practice of the season at the football field, according to Randy Clement, president of the Booster Club.

"We urge all Booster Club members to come," said Clement. He also issued an invitation to anyone interested in joining the Booster Club, and a special invitation to PPG persons.

This will be the first organized meeting of the club this season.

## Chamber To Honor BHS Teachers

The Burkburnett Chamber of Commerce will sponsor a "Welcome-back Coffee" for all Burkburnett Teachers Thursday, August 15, beginning at 8 a.m. in the high school cafeteria.

Mickey Cornelius, chairman of the event, will serve coffee, soft drinks, cookies, and donuts.

All officers and directors of the local Chamber of Commerce are urged to attend the Coffee.

## Registration For Band Set

Registration for all high school band students will be from 8 a.m. to 12 a.m. Wednesday, August 14, according to Burkburnett High School band director Jim

McClain. He said that practice will probably start Thursday night, August 15.

## Palace Theatre To Show Films On Thursdays

Don Claeys, new manager and owner of the Palace Theatre at 310 E. Third in Burkburnett, announced this week that the local theatre will start showing films on Thursdays, in addition to the regular show times of 7:30 p.m. Fridays, Saturdays and Sundays.

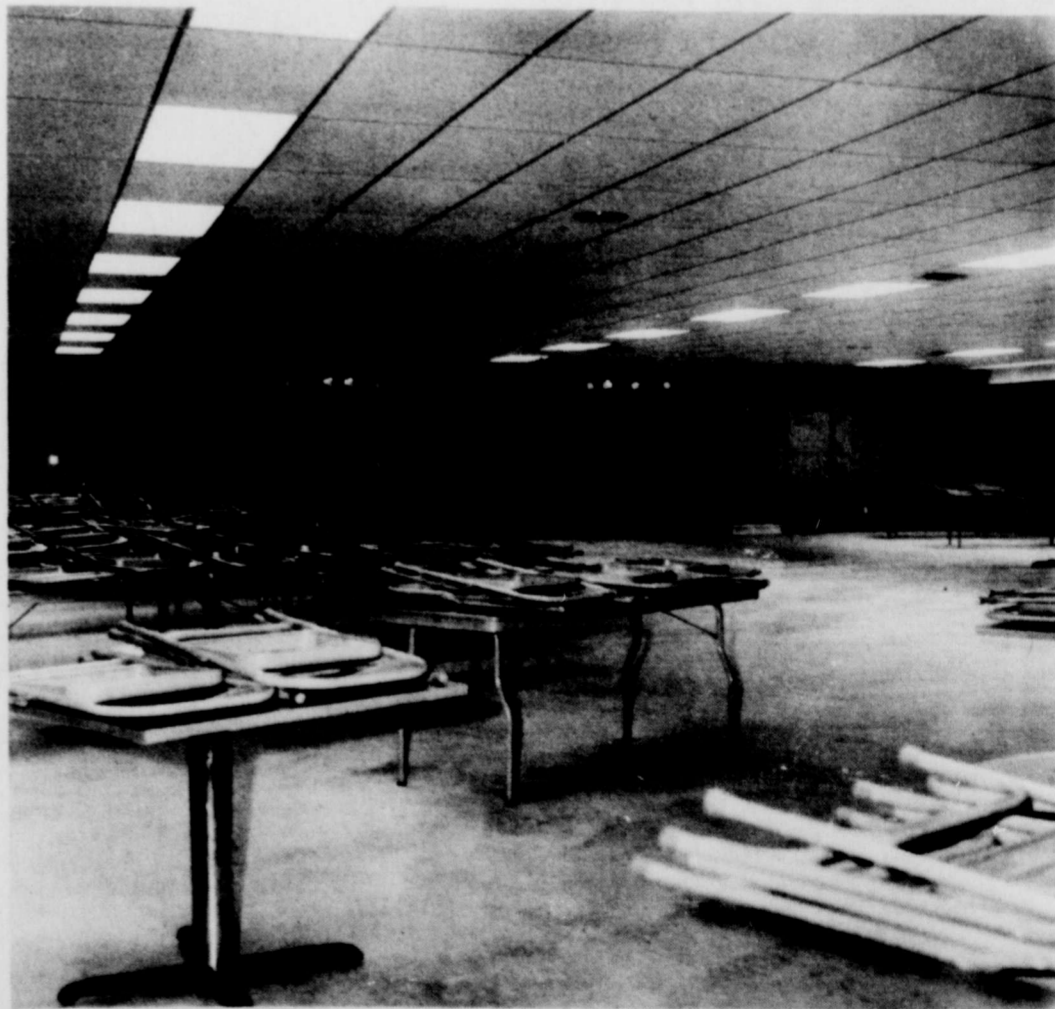

Also, G-Rated children's matinees begin at 2:30 p.m. on Saturdays and Sundays.

Check the Palace Theatre ads in the Informer/Star each week for further information.

## Humane Society Fund-Raisers To Meet Today

The August 1 meeting for persons ages 11-14 who were to plan a fund-raising drive for the Humane Society was rained out. Therefore, the meeting was rescheduled to be held this week on Thursday, August 8, at 2:30 p.m. at Hayes Field in Burkburnett.

For more information contact Tracy Cowles, 569-2464, or Steven Clements, 569-3613.

MAIN ASSEMBLY HALL--The main assembly hall of the American Legion Frye-Vaughn Post 264 building is almost 80 per cent complete, according to Jim Lemley. All that needs to be done is to carpet and curtain the stage, add acoustical tile at strategic points to stop echo, and complete the

floor and furniture. Lemley said that when completed, the hall will comfortably seat 400. The entire Legion building is being remodeled and is approximately 55 per cent complete as a whole complex. Shown is the main assembly hall with the stage in the background.

TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — When the Constitutional Convention collapsed in total failure, state legislators immediately began proposing new approaches to the long-awaited revision effort.

A wide range of alternatives are available, and lawmakers are committed to try all of them. These suggestions already have been offered.

— Creation of a brand new Constitutional Convention, with plain citizens rather than legislators occupying most of the delegate seats.

— Submission to voters of the basic revision document drafted by the 1974 convention, without the controversial separate submission proposals (like right-to-work) which deadlocked this year's session.

— An article-by-article revision, based largely on work of the convention.

— Submission of the document originally prepared by the 37-member Constitutional Revision Commission as a guide to the convention.

— If all else fails, consideration of a cleaned-up and slimmed-down version of the 1876 constitution stripped of outdated provisions.

While the 1974 convention ran out the clock without accomplishing anything, hope remains lawmakers will have learned some lessons and that more than a year of research and expenditure of \$3.2 million will not be a total loss.

NO SPECIAL SESSION — Gov. Dolph Briscoe rejected requests for a special legislative session on state employee pay raises and supplementary school financial aid.

He said a special session at the tag end of an exhausting Constitutional Convention would not be practical, and the most pressing problems can be met by emergency action in the next regular legislative session.

Specifically, Briscoe committed himself to these emergency goals in 1975, which will cost approximately \$216 million in general revenue:

— A 10 per cent cost of living pay raise for all state employees effective Feb. 1, 1975. (Legislative Budget Board has recommended \$285 million in pay and fringe benefit increases for state employees during the 1976-77 fiscal period).

— An increase of \$40 per student in average daily attendance for maintenance and operation of public schools, with distribution arranged to benefit "poor" districts most.

— A 15 per cent increase in benefits of teachers who retired before March 31, 1969, and a 10 per cent increase for those who retired between that time and May 31, 1971.

— A 10 per cent increase in retirement benefits for state employees who retire before August 31, 1974.

AUTO HEARING SET — The annual auto insurance rate hearing has been scheduled for October 1.

The State Board of Insurance will conduct the hearing for new rates to become effective December 1.

While the hearing is usually held in the summer, it was delayed this year to get maximum information on impact of the gasoline shortage and slower speed limits which may bring rate reductions.

AG OPINIONS — Cities cannot purchase land for industrial site development by promissory notes to be paid out of revenues from the project, Atty. Gen. John Hill held.

In other recent opinions, Hill concluded:

• District clerks are liable for mysterious disappearance of child support money paid into registry of the court prior to deposit.

• When judgement on which an execution sale is based is void, a purchaser obtains no title to property.

• Requirements that counties, hospital districts and certain cities must adopt a uniform system of accounting and make quarterly reports of expenditures made for welfare programs are valid.

• A contract to buy fuel for a county from the brother of a county commissioner is not necessarily void when the commissioner has no interest in fruits of the contract, direct or indirect.

midway between Port Isabel and Port Mansfield.

ELECTION SET — A special primary election to name a Democratic nominee for State Board of Education in East Texas District 1 is slated for August 31, following a court ruling. (The date originally was set for September 7.)

The election will be held in Bowie, Camp, Cass, Cherokee, Delta, Fannin, Franklin, Harrison, Henderson, Hopkins, Hunt (partially), Lamar, Marion, Morris, Panola, Rusk, San Augustine, Shelby, Titus, Upshur and Wood counties. Absentee voting will begin August 12 and last through August 27.

SHORT SNORTS

Hot, dry weather has cost the Texas agricultural economy two billion dollars this year, according to Agriculture Commissioner John White.

Midway Services Inc. withdrew its application for a controversial waste disposal site near Groesbeck.

Governor Briscoe asked Briscoe and Fisher counties be added to the list of counties designated disaster areas because of drought.

Another \$4.7 million in Criminal Justice grants have been approved for law enforcement and justice improvements.

Texas Society of Professional Engineers has come out in support of private ownership of offshore terminals.

An application has been filed for a new bank at Oak Ridge in Montgomery County.

The Governors Committee on Aging awarded a \$200,000 contract to Texas Farmers Union Community Development Association for administration of the Senior Texans Employment Program (STEP).

Texas State Securities Board has received nine applications for permits to sell \$4.3 million worth of securities in the state during the last two weeks.

REF LIFTED — Obstacles to permits for Liberty Ship fishing reefs have been removed, according to Sen. A. R. Schwartz of Galveston.

Schwartz, of the Texas Coastal and Marine Council, said U. S. Department of Interior concern over placement of the ship hulls at points selected by the council is now lifted. Interior feared the ship sites might interfere with offshore oil and gas exploration.

Several steps remain, however, before the ships can be obtained, scrapped and sunk. Proposed locations are southeast of Freeport, south-southeast of Port O'Connor, south-southeast of Port Aransas and about

**TO: ALL WHEAT PRODUCERS**  
**Dear Producers:**

The economic crisis, scarcity of fertilizer and weed problems have prompted us to organize a county-wide agriculture meeting on Monday, August 12. It will be held in the Cotton Electric Civic Room at 8:00 p.m. in Walters.

The agenda will consist of:

1. Economic feasibility of wheat pasture cattle.
2. Wheat price outlook.
3. Economics in fertilizer use

(availability, costs and amounts) N.B. Thomas, OSU Area Agronomist

1. Wheat varieties (a.) Grain production (b.) Grazing.
2. Fertilizer use for grain production versus pasture and grain production.
3. Planting dates.
4. Weed control. (a.) Cheat (b.) Wild oats (c.) Wild flax.
5. Insect problems

We won't have all the answers, but the program ought to create a good climate for discussion.

Why not get a car load from your community together for some grand fellowship.

The Walters Coop Elevator will furnish coffee and doughnuts.

**Thornberry Baptist To Hold Revival**

The Thornberry Baptist Church will have a revival August 11 through August 18, beginning at 7:30 p.m. each evening.

The Rev. Lawrence Cox of Highland Heights Baptist Church, Wichita Falls, will conduct the services. Rev. Ben Valadez of the First Mexican Baptist Church will lead the singing.

**Anthrax Outbreak Controlled**

AUSTIN—Agriculture Commissioner John C. White has credited fast response by ranchers and government agencies for bringing the Falls County anthrax outbreak under control.

After a recent air and ground survey of the affected area, White commented, "Anthrax is not now as big a problem in Texas as drought and low cattle prices."

However, White added that despite the inroads of modern medicine, no one can afford complacency about potential animal health hazards. He stressed the importance of vaccination in combating anthrax.

"It is a blow to cattlemen to lose 200-300 head of cattle in these days of high production costs. But the situation could have been worse without this kind of quick mobilization by all concerned."

Gov. Dolph Briscoe mobilized units of the Texas National Guard to enforce the state quarantine at roadblocks and to search for dead cattle by helicopter as soon as the disease was confirmed July 12.

Mass vaccination of livestock in Falls County and seven surrounding buffer counties were conducted by local veterinarians and representatives of the Texas Animal Health Commission. Texas Department of Agriculture personnel worked with the guard to restrict livestock shipments from the quarantine area.

Dry hot weather provides the best host for growth of anthrax bacteria, especially if it has been preceded by a moist period. The bacteria can persist in the soil for extremely long periods of time.

**We don't intend to leave the next generation with a generation gap.**

In the years ahead, these youngsters will need enough electricity for their homes, jobs, schools and hospitals — and to take care of the environment. At the same time, the availability of the basic fuels used to run our generating plants — natural gas and oil — will continue to decline.

That's why at Texas Electric we're starting to use other fuels, to decrease our dependence on natural gas and oil.

We're already adding lignite coal plants to our system. And we're planning a nuclear plant near Glen Rose for the 1980's.

One advantage of using lignite and nuclear fuels is that neither is being used extensively for any purpose other than the generation of electricity.

But plants that use these fuels cost a lot more than gas/oil plants.

While this means electricity will have to cost more in the future, the cost will be less with lignite and nuclear fuels than with natural gas and oil — even if adequate new supplies were available.

We're continuing the orderly development of our power system, because we don't intend to leave the next generation with a generation gap.

Agricultural income has tremendous impact on the value of certain lands. As commodity prices began to rise in 1973, returns to land encouraged land purchases by producers and investors as well. This boosted land demand and prices. To evaluate agricultural land values, "capitalize" the net income to land from agricultural production by dividing the annual net to land by an appropriate capitalization rate. This rate has historically been about 4.5 per cent.

found in official herd tests. However, indemnity payments have been lowered. The indemnity is now \$40 on grade cows (down from \$50) and \$80 on registered cows and bulls (down from \$100). No indemnity is allowed for grade bulls, steers or spayed heifers, as previously announced.

It is important that producers have their herds tested in order to rid the nation of the disease. Only about one per cent of the nation's cattle is infected with the disease, but that is enough to threaten the entire livestock industry. Many of the infected herds are in southern and southwestern states.

Animals found to be reactors will be branded with the letter "B" on the left jaw and will be tagged in the left ear. They must go directly to slaughter.

We will have members from Wichita County attending the State 4-H Dog Show to be held in Lubbock on August 10. Judging by American Kennel Club approved judges will begin at 11 a.m. The show will consist of eight conformation classes, four obedience classes, three showmanship classes and a drill team competition. The show is open to any 4-H member.

Proper site selection is one way to reduce building costs. Be sure easements, codes, regulations and restrictions are known. Select a level, well-drained site that will reduce the need for large equipment as bulldozers, earth movers and backhoes as well as some foundation materials. Fill low areas in shallow layers and thoroughly pack each layer.

Several changes have been made in the indemnity program for brucellosis reactors recently approved by the U.S. Department of Agriculture. The indemnity payment program has been expanded to allow federal authorities to pay on reactors found at auction markets. When the program was first announced, payment was only authorized on reactors

**Danita Roberts To Vie For  
Farm Bureau Queen**

Seven beauties will vie for 1974 Wichita County Farm Bureau Queen in a contest set for Thursday, August 8, at 7:30 p.m. in Fellowship Hall of the First Methodist Church in Iowa Park.

The girls will be judged on appearance, poise and personality and ages will be between 16-22.

Dennis Mitchell, service agent for the Archer County Farm Bureau, will be master of ceremonies.

Burkburnett's entry is Danita Roberts, 16, daughter of Mr. and Mrs. Norman Roberts. The high school junior is majorette with the band, member of student council and rodeo team. She holds membership in Grand National Horsemen's Assn. and has competed in National Playday Finals for the past three years. She was first runner-up in Santa Rosa Queen Contest in May. Her hobbies are horseback riding, twirling, cooking and most all sports.

The contestants from Electra are Debbie Moeller, Carol Fowler, and Cindy Johnson.

Debbie Moeller, 18, daughter of Mr. and Mrs. Carl Moeller, will attend Vernon Regional College this Fall. The 1974 graduate served as cheerleader

mascot, FHA president, and was elected "Most Typical Girl". Swimming and bicycling are her hobbies.

Carl Fowler, 16, daughter of Mr. and Mrs. Harvey Fowler, Jr. is a high school junior. She holds membership in Pep Squad, Drama Club, and Rodeo Club. She was Rodeo Queen her freshman year. She is an active member of First Baptist Youth Choir.

Cindy Johnson, 17, daughter

of Mr. and Mrs. Dub Johnson is an Electra High School senior. School activities include FFA, FHA, Band and Rodeo Club, currently serving as FFA Sweetheart, Rodeo Club Sweetheart and Electra's Ideal Miss. Hobbies include horseback riding and participating in playdays and rodeos. She is a member of the Electra Riding Club and Grand National Horsemen's Assn.

Iowa Park has three entries: Connie Williams, Sharla Stevenson and Susan Maloney.

Connie is the 16-year-old daughter of Mr. and Mrs. Norman Williams. She will be a junior this Fall. She was Junior High Drum Major and will be assistant drum major this year. She won three awards in the 1973 Conservation Essay Contest. Her hobbies are horseback riding, swimming and water skiing. She is a member of the Church of Christ.

Sharla Stevenson, 17, daughter of Mr. and Mrs. Milton Stevenson, was drum majorette of the band at Iowa Park High School, and placed second in U.I.L. rating with a brass quartet. She was officer in O.E.A., member of Acappello Choir and made All-Region Choir.

Susan Maloney, 19, is a Midwestern honor student. Her parents are Mr. and Mrs. James Maloney. In high school, Susan was a member of the annual staff, track team, pep squad and National Honor Society. She also was an FHA officer. Susan's major is biology with emphasis in ecology and wildlife.

Queen Lee Ann Childers will crown the new queen. A reception honoring the new queen will follow the crowning of the 1974 queen.

The queen selected will compete in district competition August 15 in Iowa Park High School Auditorium, beginning at 8 p.m.

**Cotton Co. 4-H Judging Team  
Wins State Field Day**

The Cotton County 4-H Livestock Judging team brought home two trophies from the Oklahoma Junior Polled Hereford Field Day held in Ada Saturday, August 3.

The team, composed of Craig and Renee Thompson, Jay Driskill and Parilyn Provence, won First Place with a score of 859 points out of a possible 900 points.

Jay Driskill was 22nd high individual and Ronnie Stringer

was 4th high individual.

A second team, composed of Vicki Brown, Larry Lucas, Ronnie Stringer and Roger Stringer placed 7th out of 17 teams entered.

Jimmy Kinder, Walters, placed 10th in FFA Judging.

Others attending were Tammie Kinder, Paul Reece, Joe Simon, Steve Newby and Terry Herring. Adults were Roy Provence and Bill Lucas.

Carpets are an expensive investment and need to be cared for properly. A carpet can hold its own weight of dirt and still look clean on the surface.

**Rugs Need Shampooing**  
Shampoo rugs every year or two to get rid of heavy dirt and grime.

**Rugs Need Weekly Vacuuming**  
Weekly vacuuming gets the deep down dirt which cuts the tiny threads.

Move the vacuum cleaner back and forth slowly seven times. It picks up more dirt that way.

Sweep your rug carefully if you don't have a vacuum cleaner.

Put a few drops of water on the broom before sweeping so the dust won't fly so much. Sweep with long, easy strokes.

After sweeping the rug, brush it to make the threads stand up.

**Vacuum or sweep the rug before shampooing.**

Move as much furniture out of the room as you can. Or, move pieces to one side of the room. Clean the empty part of the room. Let it dry and then move the furniture to that side. Shampoo the rest of the rug the next day.

Check to see if your rug fades. Pick a place behind a chair or sofa where it won't show in case you discover that shampooing

**'74 Peach Production  
Up Slightly**

AUSTIN—Peach estimates for the 1974 season are 330,000 bushels, an increase of 20,000 over last year but far below the 604,000 bushels in 1972, Agriculture Commissioner John C. White has announced.

White said the year has been "a good one for growers in Gillespie and Gaines counties." Peach farmers in the East and North, plagued by weather damage, did not fare as well, however.

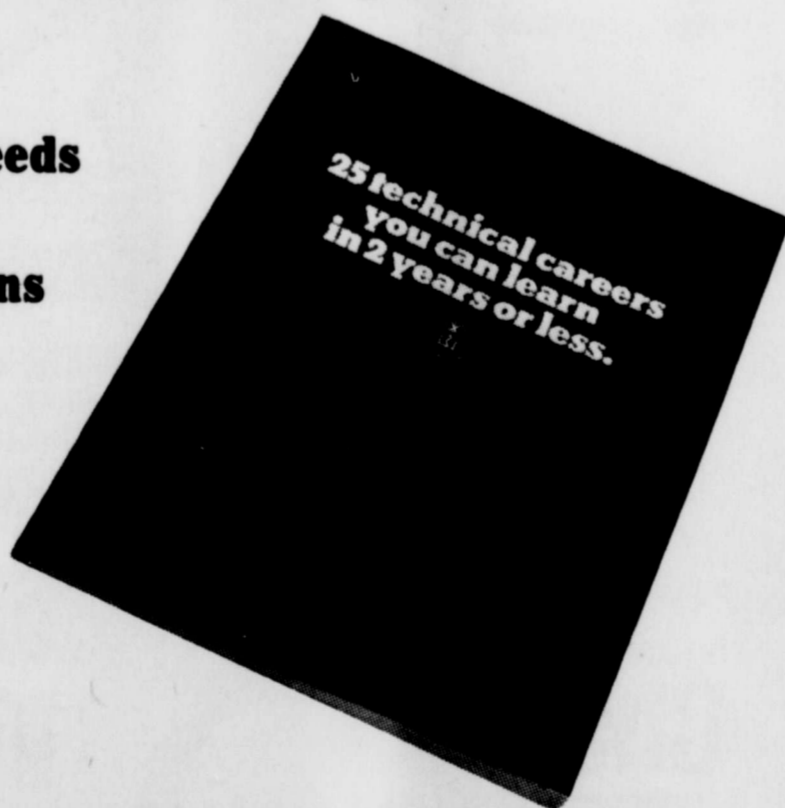

Production in those areas has been low.

Texas has approximately 1 million trees. Of these, 207,000 are in Gaines County in the High Plains and 112,000 in Gillespie County, traditionally the largest peach producer in the state.

In the past, Gaines peaches have been damaged by frost, but this year production has risen. Harvest has just begun there.

Treating fence rows, ditches and other noncropped areas with herbicides is a reasonable investment when you consider the amount of fence on a farm. An average farm of one section will probably have 5 to 10 miles of fence. In these noncropped areas, weeds produce seeds and infest cropped areas. It is hard to evaluate the money lost to such weeds.

Plants which poison livestock often grow in these areas. It is hard to determine if the poisoned animal ate the weed in the pasture or from a fence row. Most weeds produce large number of seeds which are easily spread to the cropped area. One mustard plant, for example, can produce one-half million seeds. A careless weed can produce 200,000 seeds. One

Lambsquarter plant can produce 72,000 seeds and a mature Nutgrass plant can produce more than 2,400 seeds. Weeds are the bums of the plant world and can live anywhere. To prevent weeds from producing seeds, use herbicides in these waste areas. It's hard to measure the value of a generally clean, neat farmstead. It is almost impos-

sible to get rid of weeds if seeds produced in these waste areas each year are distributed over the area where good weed control practices are used. Fall gardening begins in August. Vegetable seed sales have doubled over last year with the current furor over food prices, you can expect a greater number of fall gardens this

year. Better have supply of Fact Sheets 6009 and 6005 on hand. It's time to plant green beans, Irish potatoes and turnips for the fall crop. Where you have space and time to work at it, fall gardens can produce excellent vegetables. The lack of quantity is often made up in quality. Several kinds of vegetables may be planted in the fall garden. Prepare the soil, fertilize, and

mulch. Most home gardens can continue to produce okra and tomatoes of excellent quality until frost. Cut every other okra stalk to about six inches from the ground. Side dress both with about one tablespoon of ammonium nitrate per plant to stimulate new growth. Mites are numerous on the

foliage of many fruit trees. The leaves are usually mottled at first, then bronzed and browned before defoliation occurs. Mites are often noticeable on nearby weeds before they move up to the trees. Dry, hot weather and the use of Sevin favor their growth and build-up.

Of seventeen countries listed, the U.S. ranks 13th in food price increases between 1963 and 1972, according to United Nations statistics. Our food prices have gone up 35 percent compared with Denmark's 81 per cent, the hardest hit country. Others

worse off than the U.S. are Spain, Ireland, Japan, Sweden, United Kingdom, Israel, Netherlands, France, Belgium, Italy, and Australia. Switzerland, with an 18 per cent rise, did the best in holding the food price line. Canada, Greece and West Germany

also had smaller percentage increases than the U.S. This year's total tax burden per household will be \$5,647 according to Tax Foundation, Inc. In 1973 the total was \$5,051, and "only" \$4,358 in 1970.

**Industry Asks Revision of OSHA Rules**

Suggestions for improving and simplifying standards and administration of the Occupational Safety and Health Act have been proposed by the National Association of Manufacturers. In testimony before the Select Subcommittee on Labor of

the House Education and Labor Committee, NAM spokesman Michael P. Stinton, Manager of Safety and Loss Prevention of Dow Corning Corporation of Midland, Michigan, said "large employers are still confused, and medium and small employers continue to be

overwhelmed by the volume and complexity of OSHA standards and regulations." Mr. Stinton pointed out that safety and health consensus standards now have become mandatory requirements of the law. He called for a greater effort by OSHA to review and revise burdensome standards.

### MAN CANNOT SERVE TWO MASTERS

The rich man in Jesus' parable used "I" six times and "my" five times. He thus revealed that he prayed to his god when he said to himself, "So thou hast great goods laid up for many years..." With this story Jesus pointed out that covetousness is idolatry. It is the worship of some god other than Jehovah God.

What does your heart cling to and rely upon? Your friendship with your banker? Your membership in a club? Frequent invitations to dine in certain homes? Being first no matter what the cost? These are all gods. And if they dominate your life then you are worshipping them. The peril of greed is bad enough but the peril of popularity can be even worse.

Joshua said, "Choose ye this day whom ye will serve, Baal or Jehovah." He knew and we know that man cannot serve two masters. "If God be God then serve Him!"

## ENERGY SENSE

### Energy Saving on a Summer Vacation

by John C. Sawhill  
Federal Energy Administrator

So you like to splurge on your summer vacation! Go ahead. Enjoy yourself! But remember that you don't have to waste energy to have a good time.

Weekend drives, visits to friends and relatives, recreational trips, and vacations will consume about 382 million gallons of gasoline each week this summer. At a national average of 56¢ a gallon for regular gasoline and 60¢ a gallon for premium, we'll be spending more than \$200 million a week on such trips. Like to save some of this?

—Vacation closer to home this summer. The joy of vacationing is in your state of mind and cannot be measured by the distance you travel from your home. The serenity of a sunrise in the forest can be equally rewarding in the closest forest to your home as in the most distant one. You'll spend less money and expend less energy getting to the closer one.

—So think for a moment of the attractions others come to see in your area which you have never thoroughly explored. You'll probably be surprised at the number of things you may be missing in your own backyard!

—If possible, leave your car at home. Generally speaking, trains and buses have greater energy efficiency than the automobile. They can get you to your vacation destination with as much fun as you can have in your car. Depending on the distance and the number of people traveling, they'll probably get you there faster and more cheaply as well.

—If you must travel by car, find some friends who are planning a motoring vacation at the same time and combine trips. Again, you'll save on energy and money while adding to your enjoyment. The more, the merrier!

—Avoid vacations which find you hopping all over the map in your car. Better to choose a metropolitan area, a resort area, or a spot in the country where you won't be dependent on your car once you're there. Remember, it's not going to be much of a vacation if you have to spend your time packing and unpacking your car's trunk, shuttling between traffic jams, and looking for parking lots.

—Finally, no matter what your choice of vacation activity, remember that you are standing on the oldest and most energy-efficient mode of transportation ever devised, your legs. Your legs can walk you, climb you, hike you, bicycle you, or trek you to vacation fun anywhere, at no charge. So use your legs a bit more on this summer's vacation. It makes health sense; it makes energy sense.

## Threadgill Enlists In Air Force

Charles Dwight Threadgill, son of Mr. and Mrs. Charles R. Threadgill, formerly of Burk Burnett, recently enlisted in the United States Air Force Delayed Enlistment Program, according to Sergeant Frank Youland, local Air Force Recruiter.

"Butch Threadgill is a graduate of Burk Burnett High School. He will depart on Jan. 3, 1975, for Lackland Air Force Base, Texas, where he will undergo six weeks of basic training. He has selected the Electronics aptitude area.

For information about opportunities available in the United States Air Force, contact Sergeants Frank Youland or Don Roberts at the Hamilton Building, or call 766-1651 in Wichita Falls.

Burk Pitcher Winds Up During Big League Playoff Game

## Women's Softball Playoffs Slated

The Burk Burnett Women's Softball League will hold its playoff games Wednesday and Thursday, August 14 and 15 at the Softball Park. There will be two games each night, with the first game beginning at 7 p.m. and the second game at 9 p.m.

Cloyd's Meat Market will play Bill's Auto Parts in the second game.

Thursday, Cloyd's will play Bill's Auto in the first game, and the second game will consist of winners playing each other.

Everyone is invited to attend the games.

**THANK YOU**  
To Whom It May Concern:

We wish to thank each one of you for the support given us during the Two State Big League Baseball Tournament held last week at Hayes Field here in Burk Burnett.

Your moral support as well as your presence at the games meant a lot to us as players and coaches on the field. Those 17 innings took away our energy making it hard to continue to play. Your financial support helped to make this tournament one of the most outstanding as it supplied our needs on the field.

We also wish to thank the ground crew headed by Chester Todd and John Hardy and those that helped them make the field playable every night; those that

worked in the concession stands under Mrs. John Hardy, Mrs. Chester Todd, Mrs. Weida Wilkinson; the Burk Burnett Schools for the equipment loaned and the workers helping; the umpires for the superb job rendered on the field; the City Police for the courtesy shown to the out of town visitors; to the American Legion for supplying the honor guard each night; to Duncan Brown for his fine rendition of the National Anthem each night, the announcer, Alex Koulovatos, and many others who helped in the background to make this tournament a success - A BIG THANKS TO ALL OF YOU.

We would also like to thank the Baton Rouge team publicly for the first compliment given to our boys - These were the first and best disciplined boys we have ever played. (These words express what we as coaches think of the team).

It is great to be a part of such a fine community. We knew you were behind us 100% - your presence at the games told that.

Again, thanks to each of you that had a part.

## Burk Coach Competes In NATO Sports Event

Cline Johnson, freshman football and track coach at Burk Burnett High School, returned Sunday from Oslo, Norway, where he had been competing in the 27th

Interallied Conference of Reserve Officers Military Pentathlon Games. Johnson, an All-American trackster at Oklahoma University, is one of the 21 U.S. reserves selected to represent the United States. The 21 representatives were selected from an original field of 500 which was pared to 50 in U.S. trials.

While in high school with the Madill Wildcats, Johnson set high school records in the 880 run, the 120 and 180 hurdles, and running with the state championship team of 1964.

As a freshman at OU, Johnson blistered the Sooner track with the fastest 600 yard time ever registered. The following year he became a member of the OU varsity, running with the mile relay team.

He, along with his mile relay teammates, won All-American

honors that same year when the quartet finished second to Villinova in a national meet. Johnson and his wife, Ann, have two children, Rob (age 4) and Kasey (age 1), and they reside at 604 Hazel in Burk Burnett.

Member nations participating in the two-week Oslo meet included Belgium, France, the Netherlands, Greece, United Kingdom, Italy, Denmark, Luxemburg, Norway, and the Federal Republic of Germany.

The meet itself goes well beyond the normal track and field events. Included are marksmanship, running, and swimming over an obstacle course and orienteering.

## San Antonio Wins Tourney

San Antonio won the Big League Division I area tournament held in Burk Burnett last week, after defeating Houston 8-4 in the final game Thursday night at Hayes Field.

The four teams competing in the tournament included Burk Burnett, San Antonio, Houston and Baton Rouge.

Last Tuesday, San Antonio defeated Houston, and Burk Burnett defeated Baton Rouge. Wednesday, Houston beat Baton Rouge and Burk Burnett lost to both San Antonio and Houston. On Thursday, Houston defeated San Antonio 7-6 in the first game, resulting in a tie between the two teams. In the championship game San Antonio won, and will now advance to Big League regionals, and possibly later to the Big League World Series which will be played in Ft. Lauderdale, Fla.

## Business Safety Investment High

U.S. industry is investing more than \$3 billion to improve on-the-job health and safety this year, according to a McGraw-Hill Publications Company survey. This is 2.5 per cent of total capital investment, McGraw-Hill pointed out. Douglas Greenwald, chief economist, called spending on job health and safety "a relatively new area of large-scale capital spending outlays."

**Monica Hicks Hicks Celebrates 10th Birthday**  
Monica Hicks, a fifth-grade student at Hardin Grace School, celebrated her tenth birthday Thursday, August 1, at 7 p.m. Hostesses were Miss Cheryl Hicks, Mrs. Pearl Brown, and Miss Bonnie Locklin. Approximately 20 guests were present with visitors from Calvert and Dallas, Texas; Florida; and Oklahoma.

**FARM ANTIQUES ON WAY TO FAIR**—Old-time Texas farming equipment will be on display this year at the Food and Fiber Pavilion of the State Fair in Dallas, Agriculture Commissioner John C. White has announced. Texas Department of Agriculture marketing division representatives are currently on the look-out for persons willing to lend antiques to the exhibit.

## Fair 'General Store' Will Exhibit Antiques

AUSTIN—An old shoe-shine chair, cream separator, sausage grinder and numerous farming implements are among the antiques collected from East and Central Texas farms for display in the Texas Department of Agriculture (TDA) general store at the State Fair in October. Agriculture Commissioner John C. White said almost all the antiques necessary to outfit a complete general store have already been assembled and will be installed in the display which will cover a fifth of the Food and Fiber Pavilion. Responsibility for creating the store is in the hands of TDA's marketing division. "The Texas Department of Agriculture is grateful to all the people who have loaned us articles from the past," White said. "Their generosity will help us make the Food and Fiber Pavilion one of the most interesting and educational exhibits at the fair." A complete store will be built inside the pavilion. It will have paneled walls, a beamed ceiling effect, windows and a front porch visitors will cross to enter the building. In addition to antiques, some 40 Texas products will be displayed. Old-time recipes will be given away and a daily drawing for a basket of Texas products will be held. A dairy and cola product will be served all day and a complete meal made from Texas products will be on display. When the fair ends the store's paneling will be returned to the Texas Department of Agriculture in Austin where it will be used to create a country store museum in the Stephen F. Austin Building. The museum will be similar to the fair display and will include a slide show on the progress of agriculture since the turn of the century.

## Greer Makes NTSU "4.0" Honor List

Dr. Gustave Ferre, vice president of academic affairs at North Texas State University in Denton, Texas, has named 1,302 students to the spring semester honor roll. Listed on the 4.0 honor roll from Burk Burnett is Karen Sue Greer, daughter of Mr. and Mrs. Phillip F. Greer, 311 S. Avenue D. Some 285 students earned all "A's" to make the 4.0 honor list, and 1,017 students achieved the 3.5 listing, which includes those students whose grade average is midway between an "A" and a "B".

## THOUGHTS

From The Living Bible

Some believed, and some didn't. But after they had argued back and forth among themselves, they left with this final word from Paul ringing in their ears: "The Holy Spirit was right when he said through Isaiah the prophet, 'Say to the Jews, 'You will hear and see but not understand, for your hearts are too fat and your ears don't listen and you have closed your eyes against understanding, for you don't want to see and hear and understand and turn to me to heal you.'"

## Little Girls Softball Players Have Banquet

The Little Girl's Softball Season came to a close Monday night, July 29, with an awards banquet held at the American Legion Hall. The American Legion Auxiliary team captured first place with only one loss for the season. First Savings & Loan came in second; The First National Bank, third; The Burk Burnett Bank, fourth; Reed Construction, fifth; Mills General Construction, sixth; and Lions Club, seventh. "It was a great season and we had a bunch of great girls playing ball," said a spokesman for the league. "We're looking forward to another great season next year." "We would like to express our appreciation to all the team sponsors for their support and cooperation," she said.

**Rogers-Greenway Are Married**

Barbara Ann Rogers and Larry Carlton Greenway were married in a traditional ceremony Saturday, August 3, at 8 p.m. in the Burkburnett Church of Christ, with the Rev. Ed Morris officiating.

The bride is the daughter of Mr. and Mrs. Raymond Rogers of 520 Sheppard Road and the groom is the son of Mr. and Mrs. M.C. Greenway of 519 Sheppard Road.

The bride, given in marriage by her father, wore a formal gown of white silk crepe with a high collar and Bishop sleeves. Imported Chantilly lace accented with seed pearls formed a scalloped yoke on the fitted bodice and trimmed the deep petal point cuffs. She wore a Juliet cap made of lace and seed pearls. Swirls of silk illusion fell from a satin bow on the cap to the waist, completing the picture of the traditional bride.

brother of the groom. Grooms-men were Mike Doyle and Rocky Jennings, both of Burkburnett.

Candlelighters were Kristi McCullough of Grandfield and Chuckie McCullough of Burkburnett, both cousins. Usher was David Rogers, brother of the bride, of Memphis, Tenn.

Stan Huckaby, cousin of the bride, of Freemont, Calif. provided Acappello Contemporary Wedding Music by means of tape recording as he sang the Wedding Song.

The church was decorated with candle arches, candle trees, and baskets of white mums on each side, complete with Newell Posts.

Following the ceremony a reception was given by the bride's parents in the National Room. The sixty guests enjoyed servings from a three-tiered cake. Decorations consisted of pastel daisies, a silver punch bowl, and a three-branch silver candleabra.

The couple returned Monday from a wedding trip to Possum Kingdom Lake. They will live in Burkburnett, where the groom is employed by People's Ice Company. Both bride and groom attended Burkburnett High School.

Matron of honor was Mrs. Danny Williams of Burkburnett. She wore a long, yellow crepe dress and carried a yellow long stem carnation. Bridesmaids were Ronda Wilson of Burkburnett and Kellye McCullough (cousin) of Grandfield, Okla. They wore blue and pink crepe dresses, respectively and carried long stem carnations. Handing out rice bags were Mona Kay James of Gore Springs, Miss. and Kelly Witt of Burkburnett.

Best man was Harry Greenway of Burkburnett, twin

**How To Place Weddings, Engagements**

To announce an engagement or have a wedding writeup in the Burkburnett Informer/Star, forms are available at the news office. These information forms can simply be filled in or can be used as a guide for prewritten stories if desired.

One-column, or billfold-size photos are generally used for engagements; and two-column, or 5 x 7 size photos are used for weddings.

Wedding and engagement writeups should be turned in no later than the Friday before publication (the Informer/Star is generally published on Thursdays, with a Tuesday deadline on emergency or late-happening news).

For more information call the Burkburnett Informer/Star, 569-2191.

**WEEKLY MARKET REPORT**

Fresh fruits and vegetables take the market spotlight this month, Mrs. Gwendolyn Clyatt reports.

"Peaches, plums and nectarines are the fruits of the week," the consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System, added.

Other fruits worth considering include Thompson seedless grapes, bananas and pineapples.

Vegetables include watermelon, cantaloupe, cabbage, summer squash, mustard greens, carrots, okra, blackeye and purplehull peas, dry yellow onions, radishes, green onions and cucumbers.

With beef prices trending upward, Mrs. Clyatt advised consumers to watch for advertised specials on chuck steaks, and roasts.

"For economy, look to the less tender cuts of meat—watch the ads for lower prices on less popular meat cuts, which you can tenderize by marinating or slow, moist heat cooking."

Other values are ground beef and liver, she said.

"Although prices are up a bit, chicken is still a good buy, while turkey is plentiful and often bargain priced," the specialist said.

**Consumer Watchwords:** This is a good time to tuck a few pot roasts into the freezer for next winter.

**Shortages 'Acute' Says Survey**

AUSTIN—Baling wire and fertilizer shortages are termed acute in numerous counties around the state according to figures recently issued by the Texas State Agricultural Stabilization and Conservation Service (ASCS) in College Station.

Agriculture Commissioner John C. White said the figures reveal that the baling wire shortage is acute in 62 counties and tight in 95. Baling twine is acute in 39 counties and tight in 81.

Nitrogen fertilizer supplies are reported as acute in 17 counties, phosphate in 11 and potash and mixtures in eight.

The report is issued monthly by the ASCS as a monitoring service. State findings are forwarded to the Federal Energy Office in Dallas. The report was started with the onset of the fuel shortage and it continues to monitor gasoline and diesel supplies.

No counties reported acute fuel shortages during June and only 33 mentioned tight gasoline or diesel supplies.

White said fuel problems generally can be alleviated quickly because agricultural producers receive top priority in this area. Fertilizer and baling wire are different stories, however, because the government has no control over either.

Pesticides are also listed on the report. Thus far, acute shortages have been minimal.

The 233 ASCS offices around the state are responsible for compiling the information from their particular counties and forwarding it to the state office.

**Sheppard AFB Notes**

Length-of-service pins were presented to four civilian employees at Sheppard Air Force Base, Texas, for service to the federal government during ceremonies Wednesday morning in the Center conference room.

Recognized for 30 years of service were Tom L. Barnett and Charles J. Wolfe, Department of Aircraft Maintenance Training, School of Applied Aerospace Sciences (SAAS); Robert B. Holcomb, Department of Civil Engineering Training, SAAS; and Lee A. Bulla, Training Operations Branch, School of Health Care Sciences (SHCS).

Barnett, a native of Gilbert, Ark., began his civilian federal service career in 1943 at Keesler Field, Miss., as a junior instructor in the aircraft maintenance field. He served in the U.S. Army from 1944-46,

after which he returned to Keesler. Barnett was transferred to Sheppard in 1949 as an aircraft maintenance training instructor. He has been a training specialist since 1969. Barnett is married and lives in Iowa Park, Texas.

A native of Greensburg, Pa., Wolfe served in the U.S. Army Air Corps from 1942 to 1947, at which time he began his civilian federal service as an instructor in aircraft maintenance at Keesler AFB, Miss. He came to Sheppard in 1949 to serve as a training instructor in the Aircraft Maintenance Training Department, and assumed his present position of supervisory training specialist in May 1960. Wolfe and his wife reside in Wichita Falls, Texas.

After serving in the U.S. Army from 1941 to 1945, Holcomb, a native of Wilmington, Del., began his civilian federal service as an aircraft service mechanic at New Castle Army Air Field at Wilmington in 1945. Following

an assignment to Keesler AFB, he transferred to Sheppard AFB in 1949 as an aircraft training devices assembler and repairer. He assumed his present position as training specialist in 1958. Holcomb and his wife reside in Wichita Falls, Texas.

Bulla, a native of Sneed, Okla., began his federal service in 1943 as a junior instructor in aircraft maintenance at Amarillo Army Air Field, Texas. He transferred to Keesler Field, Miss., in 1946 as an academic instructor, and in 1949 arrived at Sheppard as a technical training instructor in aircraft maintenance. He assumed his present position of training specialist in 1969. Bulla is married and lives with his wife in Burkburnett, Texas.

**Picture Not Bright In Feedlots**

AUSTIN—July marked the fourteenth consecutive month that Texas feedlots have operated with reduced placements, Agriculture Commissioner John C. White recently announced.

He said the number of cattle and calves in feedlots has dropped from 2.2 million in January to 1.7 million as of July 1. Many lots are operating far below the 85 percent of capacity range.

The high cost of feed was cited by White as the reason for reduced numbers of cattle on feed. Stockmen have been losing as much as \$100 a head on cattle going to market.

Mites are difficult to control. Kelthane or Guthion are effective when used according to directions. Consult OSU Fact Sheet 6219.

Toxaphene is registered for pecan weevil control. Three

pints of toxaphene (6 lbs. per gallon EC) in 100 gallons of water will give weevil control when properly timed to coincide with the adult weevil emergence. Toxaphene will also control certain other insects that attack pecans.

*The family farm - a legacy*

A farmer's estate problems are decidedly more complex and troublesome than an executive's or businessman's. Without estate planning, your death could create serious problems for your family.

Without a will, for instance, your farm might go to a relative other than the one for whom it was intended. Or, because of skyrocketing land values, inheritance and federal estate taxes could be exorbitant. These taxes must be paid in cash nine months after your death. Your heirs might find it necessary to liquidate the farm and livestock at a forced sale that would bring only a fraction of its real worth.

Estate planning is an orderly way to plan disposal of your property while you are still alive. It's also an excellent way to prepare for retirement. Because it is highly complex, professional advice from the family attorney, accountant, life insurance agent and trust officer is essential. If there is no will, the state—not you—will decide how your estate is handled.

This week, while it's on your mind, request a free confidential survey form from your Farmers Union Insurance Agent or send in the coupon below. This is the first step toward drawing up an Estate Plan tailored to your family's needs and wishes.

## Briscoe Approves \$96,806 Justice Grants For Area

Governor Dolph Briscoe has approved five criminal justice grants totaling \$96,806 for improving law enforcement and justice in the area served by the Nortex Regional Planning

### Brown Makes Solo Flight

Lt. Thomas Brown

### Two Sheppard AFB Retirees To Live In Burkburnett

Out of 31 persons who retired from Sheppard Air Force Base last Wednesday, two will reside in Burkburnett.

They include Technical Sergeants Rivers E. Walden, an instructor in the communications and relay center equipment repair course; and Hiram R. Ostrander Jr., an instructor in the electrical switching systems course, both with SAAS.

### Need Less Service

They do so make them like they used to—in fact they make them better, according to the Automotive Information Council. In 1954 the manufacturers recommended that their cars be brought to the service shop 49 times during the first 50,000 miles to make a total of 671 adjustments and inspections. The 1974 models need only eight trips back for service for a total of only 105 adjustments and inspections.

Commission, Wichita Falls. Wichita Falls receives \$5,905 for purchase of riot control equipment for the Wichita County Sheriff's Office. Nortex Regional Planning Commission (RPC) is the recipient of three grants. A grant of \$15,000 is for continuation funding of the regional police training project which provides basic and specialized training for area peace officers. Fourth-year funding of the

Nortex regional law enforcement teletype network will be provided through a grant of \$18,981. The network serves 14 law enforcement agencies in eight counties. A grant of \$27,500 has been awarded to Nortex RPC for continuation of criminal justice planning during fiscal 1975. The grant continues employment of a full-time criminal justice coordinator and provides secretarial help and operating expenses.

Counties served by Nortex RPC are Archer, Baylor, Childress, Clay, Cottle, Foard, Hardeman, Jack, Montague, Wichita, Wilbarger, and Young. The Education Service Center, Region IX, receives a grant of \$29,420 for development of a crime avoidance and crime prevention curriculum for elementary schools in the counties of Archer, Baylor, Clay, Foard, Hardeman, Jack, Knox, Montague, Throckmorton, Wichita,

Wilbarger, and Young. The program will eventually be expanded for use in the majority of school districts in Texas. The money comes from the Criminal Justice Division of the Governor's Office. The Criminal Justice Division administers the state's block grant from the Law Enforcement Assistance Administration under the Crime Control Act of 1973. The local grants were among 60 totaling \$4.7 million which the governor approved.
