IN FRIDAY NIGHT HALF TIME ACTIVITIES

BETH NAPIER

LEEANN THOMAS

KIM RIDGWAY

JOYCE BODINE

All four girls will have tears in their eyes. Three of the four will feel a little twinge of sadness, but the fourth will know nothing but elation as she is crowned Homecoming Queen '74 during half-time activities Friday night.

Beth Napier, Lee Ann Thomas, Joyce Bodine and Kim Ridgway are all vying for the prestigious honor of becoming this year's Homecoming Queen. The four will be presented to the

public Friday afternoon as they ride on the school float in the Homecoming parade. Then Friday night, accompanied by their escorts, the school's princesses and their escorts, the queen nominees will walk to the middle of the field for the climax to the annual homecoming events.

Four senior girls are selected each year by the senior class to be homecoming queen nominees. Each of the other classes

select a princess to represent them.

The final selection of the annual Homecoming Queen is done by the entire student body by a secret ballot vote.

Kim Aaron is this year's junior princess, while Cari Woods represents the sophomores and Christie Skaggs will be the freshman princess.

Queen Nominee Beth Napier is the daughter of SMSgt. and

Mrs. William R. Napier of Sheppard Air Force Base. Beth is 17 years of age and has been active in the Pep Club and Future Teachers of America. Her escort will be Robbie Buckley, son of Mr. and Mrs. Burt Buckley.

Queen Nominee LeeAnn Thomas, daughter of Mr. and Mrs. Don Casper of 510 S. Hilltop, has a long list of activities during her high school years. She is a member of the

National Honor Society, secretary of the OEA, band sweetheart, a majorette and member of the Spanish club. Her escort will be Glenn Ashley, son of Mr. and Mrs. Wade C. Ashley.

Queen Nominee Joyce Bodine is the daughter of Mr. and Mrs. Earl Bodine of 411 Mistletoe. Joyce is a four-year member of the band where she serves as secretary; is the reporter for

HOMECOMING PRINCESSES--Junior Princess Kim Aaron, Freshman Princess Christie Skaggs and Sophomore Princess Carl Woods, left to right, will be presented during the annual homecoming parade and at halftime activities at the Burkburnett vs. Stephenville football game.

Begins With 2:30 Parade Homecoming Underway

Inflation and the many shortages became really evident to hundreds of local students this past week as they heard the decision of the Student Council and class officers to not have individual class floats in Friday's homecoming parade.

An entire float in past years has had to stay within a total cost budget of \$150. The cost of the parade alone, for one float, was going to run over \$400 for the same type float at today's prices. In addition to the huge increase in paper and other material costs, was the problem of finding the materials at any price. Some of the items normally used in the construction of the floats could not be found in the entire county.

Upon the discovery of the gigantic increase in cost and non-existence of some of the materials the Student Council and all class officers met Friday morning and voted to not have individual class floats.

All classes will combine efforts and resources to construct one float. The "School Spirit" float will carry the four queen nominees and the class princesses.

Principal of Burkburnett High School Bill Darland reported that this was the decision of the Student Council and the class officers for this year. "This is just for this year, we are not setting a precedent; we'll have to play it by ear in the years to come," stated Darland.

The School Spirit float will combine with 36 different units and the Maskat Shrine clowns to form the annual homecoming parade which will begin at 2:30.

The parade will begin at the St. Jude Catholic Church and will continue up Davey Street to Avenue D and then to E. Third. It will then proceed to the railroad tracks where it will disband.

Participating in the big parade, in the order in which they will appear, are the following: Police Car, Fire Truck, Color Guard, Mayor, Perkins/Darland, Pep Club, Future Teachers of America, Spanish Club, Sophomore Class Officers, BHS Band, BHS Honor Officers, National Honor Society, Varsity Cheerleaders, Spirit, Future Farmers of America-Truck and Display; Junior Class Officers, Jr. Varsity Cheerleaders, Youth for Christ and Float Display; TheSPIANS, Derrick Staff, Distributive Education, Float, Home Economics Cooperative, Rodeo Club, National Forensic Club, OEA Club, Jr. High Band, Freshman Class Officers, Jr. High Cheerleaders, Ecology Club, Auto Mechanics, Cosmetology, Bldg. Trades (2 entries); Riding Club, and Police Car.

School District To Get 100 Homes

By Jan 1, 1976 Burkburnett School District will have an additional 100 homes in one development it was learned by local school board members in their regular meeting Monday night.

A 200 four-bedroom development is under construction on Sheppard Air Force Base in the area of the old hospital location. Exactly one-half of the homes will be in the Burkburnett school district while the other half will be in Wichita Falls.

Superintendent of Schools James Pearson reported that he is in contact with the federal Health, Education and Welfare Agency to see what federal funds might be available for construction of new school facilities needed to accommodate this increased student load.

Rotary Chili Stew Supper Tomorrow

Rotarians Floyd Marten, Joe Gillespie, Vernon Duncan, Jim Phillips, Raymond Greenwood, Clark Gresham and A.G. Earp will don cooking hats Friday as they prepare the delicious home-made chili and stew for the annual Rotary Club Chili-Stew Supper to be held later that afternoon.

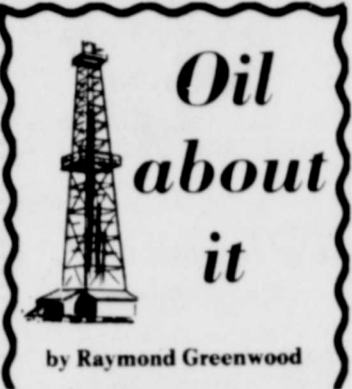

These men, along with all the other Rotarians and event chairman James Easter, will be combining efforts to make this supper the best ever held.

All local residents are urged to come to the High School cafeteria between the hours of 5-7 p.m. in order to enjoy the delicious menu.

Tickets are \$1.50 each and are available from any Rotarian or at the door.

All net proceeds from the event go to the local Club's scholarship fund.

Firemen To Be Honored Monday

by Raymond Greenwood

The twenty-six members of the Burkburnett Volunteer Fire Department and their families will be the honored guests of the Burkburnett Chamber of Commerce Monday night for an appreciation dinner.

Bar-be-que and all the trimmings as well as entertainment from Pat Patterson and his western band will be had at the event.

The appreciation dinner will be held at 7 p.m. in the high school cafeteria.

The Chamber is sponsoring the dinner in appreciation of the hard work given by the local firemen.

Some 100 persons which include the firemen, their families and Chamber directors are expected for the dinner.

Honored guests will include Firemen Kenneth Alexander, Moses Castro, Haskell Draper, Harry Elliott, Carey Elliott, John Gill, Jonnie Gillis, Harold Greene, Clark Gresham, Bill Haynes, Winford Henry, Louis Johnson, William Kassinger, Bryon Key, Truman Ketchum, Billy Ray Mize, Eldon Morris, Pat Patterson, David Powell, Buster Pruitt, Orville Rozelle, Randy Rozelle, Marion Thornton, Reavis Wooten, Finas Wright, and Eddie Reed.

Near Perfect Entry Revealed

You had to pick the winners like a pro if you were to be the winner in last week's Informer/Star football contest. Joan Shaffer had an almost perfect entry as she predicted 19 correct wins. The only game she failed to pick was the tie between Class B rivals Throckmorton and Rule.

Close behind Joan was Warren Coble who was awarded second place for his 18 correct predictions.

The best prediction ever in the Informer/Star contest was two years ago when a 19 correct entry was recorded. The only game missed on that entry was also a tie game. Who sent in that entry? Well Joan's husband, Homer, of course!

There were 14 persons that picked a total of 17 correct games and 17 that picked 16 correct games in last week's contest.

CIBA Personnel Provide Program For Chamber

Pride of the past accomplishments and an optimistic future for his company was the attitude of Bob Dowd, development manager, for the local CIBA-Geigy Plant as he addressed the Chamber of Commerce members Monday.

Dowd spoke to the monthly gathering as the Industrial Development committee was in charge of the program. Jack Aaron, chairman of the committee, introduced Dowd.

Aaron praised local industry, especially CIBA, and the many local people that worked so diligently in helping to acquire the numerous industries both in Burkburnett and in the nearby areas.

Aaron told the group, "We are proud of all our industries and of the many people in this community who had something to do with the locating of the industries here. We are always looking for new industry, but we are always mindful of our existing industry and are proud to have them here."

Aaron recognized his committee members present at the meeting and also Jay Carter and Billy Smith of Texas Reinforced Plastics and Jerry Trautsch of Leer Manufacturing.

In speaking of his firm, Dowd told the group that CIBA-Geigy is an international chemical company with its main headquarters located in Sweden.

It is made up of four separate divisions which include the pharmaceutical division with headquarters in New Jersey and New York which produces health and beauty aids and various drugs. The agricultural division in North Carolina produces pesticides, herbicides and insecticides. The Dye and Chemical division, the oldest of the divisions, is headquartered in North Carolina. The Plastics and additives division, New York, is the portion of which the local pipe systems plant is a part.

The company is involved in product production all the way from the basic product through the finished product and then to the market or buying public.

The pipe systems division was started in 1966 mainly for the oil industry. In 1967 the Burkburnett plant was begun with two machines. Currently there are eight machines in operation plus several others on the producing line.

Locally they manufacture pipe from 2 inches to 16 inches in diameter and will soon produce pipe through the 36 inch size or even larger.

Dowd presented a huge display of numerous sizes of pipes and various fittings and

Lax died Friday in a Wichita Falls hospital.

Born March 20, 1904 in Graham, Texas, he had been a resident of Burkburnett for 38 years.

Lax married Ruby Rushing Nov. 4, 1922 in Loveland, Oklahoma. He was in the automotive and farm implement business in Grandfield and Burkburnett for 39 years.

Survivors include his wife; a daughter, Mrs. Frances Clement of Burkburnett; two

sons, Wayne of Burkburnett and Benny of Grand Prairie, Texas; a sister, Mrs. Adele Sykes of Devol, Okla.; eleven grandchildren and four great-grandchildren.

Dist. Rotary Governor Adresses Local Club

Dr. W.O. (Bill) Trogdon, of Stephenville, Governor of the Rotary district of this area, addressed the Burkburnett Rotary Club during his official visit Tuesday. The local club is one of 40 Rotary clubs in this district, which is District 579.

Speaking of the global growth of Rotary, an international men's service organization, the District Governor, who is President of Tarleton State University, said:

"Rotary is the pioneer of the service clubs and today numbers more than 16,092 clubs with a combined membership of more than 758,000 business and professional men. Spread throughout 151 countries and geographical regions in all parts of the world, Rotary clubs

conduct activities to improve their communities, aid youth, elevate business standards, and further international friendships

and understanding."

The District Governor also conferred with Joe Gillespie, local Rotary Club President, and

Don Hellman, club Secretary, on matters of club administration and plans for future activities.

Market Tinkering, Not Arab Embargo, Blamed for Crisis

"Relatively few Americans are aware of it, but it was tinkering with the free marketplace, not the Arab oil embargo, that led directly to last winter's energy crisis.

This is the opinion of Frank N. Ikard, president, American Petroleum Institute. He said the problem really began in 1954 when the Supreme Court decided that the Federal Power Commission must begin fixing the price of natural gas which moved across state lines.

"As is so often the case with price regulation, prices were set at unrealistically low levels. The low prices stimulated unusually high demand, with homeowners and industries switching from coal to natural gas. And then, because the prices were unrealistically low, producers had no incentive to prospect for new gas supplies. As gas became scarcer, users began turning to oil. . . .

"Thus, the shortage of last winter was simply the final domino to fall in a series that began with price regulation of natural gas."

Letters to the Editor

Dear Sir,

I want to join with the Burkburnett Chamber of Commerce and others in honoring the volunteer firemen.

These public spirited citizens devote a great deal of time not only to fighting fires and protecting life and property but also to training and learning the latest methods and techniques.

I want to send a vote of thanks to the fire fighters and join in Firemen Appreciation Week.

Sincerely,
Dave Allred

Three plays after the interception, quarterback John Leslie swept past the defense for a 74 yard run and another six points. The extra point was good and Vernon dominated 19 to 6.

From their own 31 yard line, the Bulldogs tried once more to score and succeeded. Jimmy Koulovatos hit Tommy Rushing with a 49 yard bomb to put the ball on Vernon's 8 yard line. Two plays later, Mark Cummings shot across the goal line to tally the score 19 to 12. Mike Varner kicked the extra point and Burk still trailed by six points, 19 to 13.

OVER FOR FIRST BULLDOG TOUCHDOWN--Bulldog fullback Mark Cummings goes in from three yards out for the Bulldogs first touchdown.

BULLDOG DEFENSE SWAMP LION--Three Bulldog defenders sacked one of the Lion running backs for a big loss during Friday night action.

The injury list finally caught up with the Bulldogs as they lost their first game of the district race, 19 to 13.

Burk kicked the game to a start, only to have Russ Haney, who received on the 10 yard line, set the pace for Vernon as he returned the ball 90 yards to give Vernon an early lead of six points. The ball was fumbled on Vernon's extra point kick and Vernon led 6 to 0.

Vernon wasn't the only team to take advantage of mistakes as the Bulldogs soon proved. With the ball on the Burk 11 yard line, the 'Dogs moved it to Vernon's 48 yard line and on a 4-4 situation were forced to punt. Curtis Williams was rough on the kick and the 15 yard against Vernon gave the 'Dogs a first on the Vernon 33.

Jimmy Koulovatos overthrew tight end Randy Burke, but collected a defensive pass interference call of 28 yards. With the ball on Vernon's two yard line and 1:30 left in the first quarter, Mark Cummings shot into the end zone to tie Vernon. Mike Varner's kick was off to the right and the first quarter ended 6 to 6.

The second quarter went without scoring, but Curtis Williams intercepted on the 1 yard line and Glenn Locklin had an interception for an 11 yard return. The halftime ended with a tied score, 6 to 6.

Burk, again, kicked-off the second half. Vernon launched a massive drive that ended with Bob Wright scoring, only to have it called back because of an offside penalty on Vernon. The Burk defense held this time and on a 4-8 situation, Vernon tried a field goal. The field goal was blocked by the 'Dogs line and the third quarter score remained the same, 6 to 6.

Vernon in the fourth quarter was the team that broke the tie as Bobby McMahan sprinted 14 yards to give Vernon another 6 points. The extra point was no good and Vernon led, 12-6.

From their own 20 yard line the 'Dogs worked their way down field. A pass to Curtis Williams for 16 yards and a 27 yard scamper by Jimmy Koulovatos were two big plays that put the ball on Vernon's own 2 yard line. The Bulldogs jumped offside and, with a five yard penalty, were 1-10, needing only seven yards to score. With 3:56 left to play, Koulovatos passed only to have Alan Sharp intercept in the

Frosh, JV Lose To Rider

by Joe Bryan

The Burkburnett freshmen and junior varsity squads both fell to their Rider counterparts this past week.

The freshmen lost 25-0 to Rider on Thursday afternoon on the synthetic surface at Memorial Stadium in Wichita Falls. The Bulldog offense was never untracked; many players complained of slipping on the artificial turf. A strong showing by the Rider defense also kept Burk in check offensively. The loss extends the BHS frosh's record to 2-3.

The Burk JV fell to the Bandits 14-0 on Saturday. The Bulldog defense played well, but they just couldn't stop the ball-control oriented Rider offense, who held the ball for 41 out of 48 minutes. The loss makes the Burk Junior Varsity's record 1-4.

Burkburnett 7th Grade Slaps Vernon, 30-12

The Burkburnett 7th grade had a taste of sweet revenge last week as they slapped the Vernon youngsters with a 30-12 defeat. This is only the second time in the long series of play with Vernon that the Burk team has won.

The big win pushed the local teams mark to 4-0 for the season, which is also a record. In addition Burk has scored a total of 88 points while allowing their opponents only 18.

Scoring for Burk in their big win was Brian Patterson with a touchdown and a PAT, Jay LaBrie with two touchdowns and one PAT, Tommy Darland with

one touchdown and Jimmy Lowe with a PAT.

Defensive standouts were Lowe with 12 unassisted tackles, Darland with 7, and LaBrie and Jeff Baber with 6 each.

Coach Allen Willett stated that Vernon had a big team, and "Everybody played well and we were able to dominate the game".

There are now nearly 8,000,000 archers in the United States, approximately the same number as there are golfers.

Fish "Phone" Call Expensive

LIBERTY--Think your home telephone rates are high? Just try phoning some fish and you'll find out just how expensive a "telephone" can be.

The ploy of using old crank telephones to generate an electrical charge is an effective and illegal means of stunning flathead catfish and then simply dipping them out of the water with a net.

Two recent "telephoning" cases were made by Liberty County game wardens of the Texas Parks and Wildlife Department which cost the illicit fishermen \$877.50 in fines. TP&WD wardens Jim Broughton and Jerry Chilton

were advised that someone was telephoning fish in the Trinity River.

And, sure enough, when the wardens arrived, a man was using a battery-powered fence charger to stun catfish while two young boys dipped them out of the water.

The man was cited for fishing with an electrical device as well as violating the Texas Water Safety Act for failure to have life preservers on the two boys who were under 12 years of age.

His 65 pounds of fish were confiscated and he was fined \$616.50 in a local court.

Burk Bowlers Big TCBA Contenders

Burkburnett, although a small city, has some mighty big bowlers to brag about.

Burkburnett's two local Texas Classic member teams, Boomtown Bowl (930 entering) and OTASCO (928 entering) are strong contenders for the district trophy in the TCBA's district 1 and 2, respectively.

Burkburnett's Boomtown Bowl, with an 8-8 record, was tied for the lead in District 1 at one point this season, while the OTASCO team led the District 2 team the first week but has since trailed off to a 6-10 record. Burkburnett is the smallest city in the TCBA to field two teams.

Ron Lary, owner of the local bowling alley, Boomtown Bowl, stated he believes both teams have a better than even chance of reaching the state TCBA playoffs in May.

Both Boomtown Bowl and OTASCO have two 200 average bowlers on their team, along with several others that rank high on the score sheets. "All of our team members are capable of being real competitive and bowling a high game on any given night," stated Lary.

Jerry Parker, leader of the OTASCO team, is one of the 200 average bowlers, and is described as being one of the extra strong members when it comes to tournament action.

Lary heads the Boomtown Bowl team and has built quite a reputation himself.

On a Wednesday night league last year, Lary bowled a 728 series and then topped that with a perfect 300 game.

Recently he was named as a member of the Second Team West All-Stars of the Texas Classic Bowling Association pre-season All-State Team.

"I became interested in bowling as a youth 18 years ago," related Lary. "I decided I wanted to learn more about the game so I got a job working nights at the local bowling alley."

Six years ago Lary bought Burkburnett's alley, Boomtown Bowl. "Most people think that when you own a bowling alley you get to bowl a lot," Lary

continued. "Truth is, it really cuts down on your bowling. I never get to bowl as much now as I would like-or as much as I feel I need to. There's just too much work that has to be done around here."

Lary is just "another one of the bowlers" around Boomtown. The alley boasts of four players hitting the treasured 300 mark, and five players that have bowled 299, all in the last five years.

Larry's wife, Fran, also an avid bowler, is well known throughout the state for her talents.

Last year she posted a fine 202 average, which was the highest of all women bowlers in Texas and placed her as 10th in the nation. That year she bowled five 700 series.

With both of the Lary's around to help coach bowlers plus the other fine bowlers that call Burkburnett home, it looks like the other District 1 and 2 team members will have some tough competition from the Boomtown Bowl and OTASCO teams for years to come.

Brock Now Onboard Ship

Navy Electronics Technician Third Class Anthony G. Brock, son of Mrs. Brook L. Brock of 608 E. First, Burkburnett, has left Alameda, California, aboard the nuclear-powered aircraft carrier USS Enterprise on a deployment to the Western Pacific.

The Enterprise will operate from Subic Bay, Republic of the Philippines, as a unit of the U.S. Seventh Fleet.

During the cruise, Brock is scheduled to participate in fleet training exercises and visit several Far Eastern countries.

A 1969 graduate of Burkburnett High School, he joined the Navy in September of 1969.

Business Asked By Government To De-Energize

A new energy conservation system has been developed by the Department of Commerce for use by all sized companies to achieve significant energy savings.

If fully implemented, the Department says, it could result in energy savings by industry alone that would account for more than four per cent of all energy used nationally.

Called EPIC (Energy Program for Industry and Commerce), the Department says a firm could have its program underway in two weeks. Initial measures taken might include simple changes in plant maintenance and operation practices, such as reducing unnecessary lighting, planning production schedules to minimize energy use, and improving quality control to eliminate waste in processing.

Mr. and Mrs. Paul Stevens of Burkburnett visited Mr. and Mrs. A.J. Shaw Sunday afternoon.

Mr. and Mrs. C.C. Watkins of Henrietta visited her mother, Mrs. Zaida Bryant, Sunday

Dear Raymond:

Just a note to thank you for the nice coverage afforded me in your September 19th issue of the Burkburnett Informer-Star concerning my trip.

The Texas Press Association clipping service sent me the article and I just want you to know how grateful I am for your friendship and interest in my race.

Hope to be back soon and look forward to visiting with you again.

With kindest personal regards, I am

Sincerely,
Bob Bullock

Dear Editor:

With costs increasing every day more and more women find they must find jobs to supplement the family's income. Many are finding that the most difficult part of this situation is locating dependable child care facilities. With the public interest in child care increasing we would like to have the following items printed to enable our department to assist mothers of young children:

1. Day care of unrelated children requires a license from the State Department of Public Welfare (Section 8A of Article 695c, Vernon's Texas Civil Statutes.)

2. Many people are unfamiliar with the state statutes and may begin operation of a day care program without the necessary license. A license is required for the care of even one unrelated child.

3. There is no fee for obtaining a license. However, the care child facilities must meet certain minimal standards which concern the health, safety and growth and development of children. This will include annual inspections by fire and health departments.

4. A free list of all licensed facilities may be obtained through the State Department of Public Welfare, Central Plaza, Suite 102-C, Wichita Falls, Texas, 766-3371.

5. Injunctions and fines processed through the County Attorney will be enforced against all unlicensed child care facilities.

6. Any individual or group interested in obtaining information on day care may contact this department.

Sincerely,
(Mrs.) Mary Evans

Orders Are Down

Manufacturers of non-electrical machinery now expect the value of their incoming orders to slide 9 per cent in the second half of 1974, and they expect a further decline of 4 per cent in next year's first six months. These are key results of the Summer Quarterly Forecast Survey of Machinery Manufacturers.
 The study was conducted between mid-July and mid-August by the McGraw-Hill Publications Company's Department of Economics.

MOMENTS FOR MEDITATION

When we ask God for his mercies, when we give thanks for all things gracious and good that come from his hand, we prolong them, we stretch the enjoyment over hours and days and even weeks.

And when we praise His name in the midst of sadness, looking up through the sorrow and tears, we usually bring the whole sorry mess to an end. It's not the direction of the wind that makes a Christian's life move, it is the hand on the helm that determines the goal.

Burk Native Promoted At CBI Greenville Plant

Hugh R. Fewin, a native of Burkburnett, has been promoted by Chicago Bridge & Iron Company to the newly created position of assistant plant manager at CBI's facility in Greenville, Pennsylvania.

Hugh R. Fewin

A 1952 graduate of Burkburnett High School, he is the son of Mr. and Mrs. Fred A. Fewin, who were Burkburnett residents for more than a quarter century before moving away a few years ago. Hugh and his wife Ann have three children: Mark, 15; Scott, 13; and Melanie, 10.

Fewin has served since 1971 as CBI's manager of Houston operations and prior to that was assistant manager of the Company's operations services staff at Oak Brook, Illinois. Earlier in his CBI career, he worked as a field construction supervisor, project manager, design engineer, cost estimator and manufacturing engineer. As a result of this varied experience, he has been directly involved in projects that encompass virtually all of CBI's products.

He joined CBI in 1957, soon after receiving a civil engineering degree from Texas Technological College. He was awarded an MS degree, also in civil engineering, by the same school in 1962.

CBI is a metal plate fabricating and construction firm with 13,000 employees worldwide. General offices are located in Oak Brook, Illinois.

MU Basketball Team Looking Toward Opener

With their eyes on the start of ACTION 1974-75, the Midwestern University Indian basketball team has six weeks of tough practice prior to the Stephen F. Austin State University encounter in Nacogdoches on November 21.

Mr. and Mrs. S.L. Luck of Morgan, Texas were Monday visitors of his sister, Mrs. Lillian Hutson.

MU's head basketball mentor Gerald Stockton reports that practice sessions for the past several days have been at a fever pitch with the competition for starting positions at an all time high. "The Indians have worked diligently in practice and I feel that the squad is now ready for some outside scrimmages. A most ambitious scrimmage schedule has been arranged", reported Stockton.

Cooke County Junior College furnishes the first scrimmage opposition on Saturday, Oct. 12th in the MU Coliseum. Starting at 10:30 a.m., the session will continue for some three hours.

The Indians will be on the home floor on Oct. 28 with Cameron University for two sessions-3:30 p.m. and 7:00 p.m.

Local basketball fans will have their third opportunity to see the Indians under game conditions at 11:00 a.m. with Abilene Christian College on Nov. 9th.

Pre-season scrimmages for the Tribe conclude on Nov. 15 at Brownwood against Howard Payne College.

STATE CAPITAL Highlights AND Sidelights

by Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — Candidates are moving into the last laps of the 1974 campaigns but voters seem little concerned.

The general election ballot offers nine contested statewide races and 16 congressional district challenges, in addition to hundreds of local races.

At the top of the ballot, Democratic Gov. Dolph Briscoe, 51, is opposed by Republican Jim Granberry, 42, of Lubbock; Raza Unida Party's Ramsey Muniz, 31; Sam McDonnell, 51, of the American Party, and the Socialist Workers' Sherry Smith, 28.

Another hot race features Democrat Bob Bullock, 44, and Republican Nick Rowe, 32, fighting it out for the state comptroller's office which is being vacated by Robert S. Calvert, who held office a quarter century. Sas Scoggins, 37, Austin, is also seeking the comptroller's job as a Socialist Workers Party candidate.

Democratic Lt. Gov. Bill Hobby, 42, has opposition for a second term from Republican Gaylord Marshall, 39, of Dallas, and Dan Fein of Houston, the Socialist Workers Party nominee.

Another hot race features Democrat Bob Bullock, 44, and Republican Nick Rowe, 32, fighting it out for the state comptroller's office which is being vacated by Robert S. Calvert, who held office a quarter century. Sas Scoggins, 37, Austin, is also seeking the comptroller's job as a Socialist Workers Party candidate.

Democratic Lt. Gov. Bill Hobby, 42, has opposition for a second term from Republican Gaylord Marshall, 39, of Dallas, and Dan Fein of Houston, the Socialist Workers Party nominee.

Atty. Gen. John Hill, 51, Democrat, also seeking a second term, is opposed by Tom Cole, 42, of Houston and SWP's Pedro Vasquez, 25, Houston.

State Treasurer Jesse James, senior state official, 69, has a Republican opponent in Robert G. Holt, 41, Amarillo.

Land Commissioner Bob Armstrong, 41, a Democrat, faces Republican Mary Lou Grier, 48, Boerne, and SWP William Rayson of Houston, 22.

Republican Zack Fisher of Memphis, 32, opposes Agriculture Commissioner John White, 49.

Railroad Commissioner Jim Langdon is opposed by Republican Joe P. Cain, 58, and Fred R. Garza, Houston, Raza Unida. Railroad Commissioner Mack Wallace, faces GOP Dale W. Steffess, 49, Houston and SWP Rick Congress, 30, Houston.

HEALTH CARE NEEDED — Nearly 37 per cent of children surveyed by the Department of Public Welfare were shown to need immediate health care.

Welfare Commissioner Raymond Vowell told a Governor's Task Force on Youth Care and Rehabilitation 3,885 children out of 10,010 screened in a free medical survey were referred to a physician for immediate treatment.

From September, 1973, through last July, Vowell said, 51,000 children were screened and 33,176 referred for treatment.

The checkups are part of a federal-state program called "Early and Periodic Screening, Diagnosis and Treatment—EPSDT."

Ailments include visual, hearing, skin, teeth, throat, heart, anemia, lead poisoning and blood abnormality problems. About 389,000 children under 21 are eligible for EPSDT medical screening.

LEASE BONUSES PAID—Oil companies paid another \$5,567,177 in cash bonuses for leases to explore and develop oil and gas resources on state lands at a School Land Board lease sale.

The sale reflected a drop in cash bonuses from a record \$24 million sale last July. Land Commissioner Bob Armstrong noted.

Armstrong said lack of availability of offshore drilling rigs as well as available bonus dollars was a factor in the sale.

More than 144,554 acres of state land were leased. Hunt Hassie Trust submitted the largest cash bid of \$256,356 for an upland tract in Loving County. More than \$9,472 in Gulf of Mexico acres were leased for more than \$3.7 million. Other leased acreage include 49,226 in Texas bays for \$2.1 million, 485 riverbed acres for \$11,612 and 5,370 upland acres for \$657,283.

The School Land Board asked for a staff recommendation on advisability of holding three rather than four lease sales each year and of leasing by geographic zones.

DELEGATION CHALLENGED — Liberal groups filed a formal challenge of 11 Texas delegates-at-large and 15 alternates to the December 6-8 national Democratic party conference or mini-convention in Kansas City.

Challengers claimed 23 violations of state and national party rules at the September 17 convention here where the delegates were picked. Texas has a total of 98 delegates to the mini-convention, including Democratic congressmen, governor and U.S. senator.

Most delegates-at-large named at the Austin convention were favored by Governor Briscoe, the challengers allege, and got preferential treatment. The challenge brief claims that a minority report on delegate selection was never considered.

COMMISSION URGED — A tough state enforcement commission is needed to make campaign finance disclosure laws workable and worthwhile, a House elections subcommittee was told Monday.

Common Cause lobbyist Randall B. Wood said creation of an enforcement agency for disclosure laws and adoption of reasonable campaign spending limits should be assigned top priority.

Rep. Ben Bynum of Amarillo also recommended creation of an election law commission.

Meanwhile, a former State legislator, Dick Reed of Dallas, complained that local

Ray Farabee Addresses Region IX School Group

Ray Farabee addressed Region IX School Administrators Wednesday evening at the Burk Burnett High School Cafeteria. His topic was educational television.

Farabee is president of the Board of Directors of Wichita Falls Educational Translator, Inc., a non-profit corporation organized to bring educational television to the area on KIDZ. Programs can be viewed on UHF Channel 24.

Charles Mitchell, superintendent of the Olney ISD presided at the meeting. Administrators from Wichita, Young, Archer, Clay, Wilbarger and Baylor counties attended the session.

Farabee discussed the regular programs carried by educational television and some currently used by school systems. He also outlined some new features such as the Texas Education

Agency's new series to prepare adults to take the General Education Development (GED) test that was begun this fall.

The Wichita Falls businessman and attorney has done legal work for a number of the school districts to be represented. Following the program on educational television, there was an informal discussion and time for questions and answers related to educational matters.

Farabee is the Democratic nominee for the 30th district Texas Senate post being vacated by Senator Jack Hightower. A life long resident of Wichita County, he was re-elected last Monday as president of Wichita Falls Educational Translator, Inc. Board of Directors.

Fashions Slated For Fair

Fashions of the pioneer West and modern West will mingle in daily free fashion shows in the Women's Department during State Fair's EXPOSITION OF THE WEST, Oct. 4-20. Lovely, lithe models will present Best-of-the-West fashions in free, daily shows at 2:00 and 4:00 p.m., with an additional show at 7:00 p.m. on weekends.

The auditorium in the Women's Department is a comfortable spot for rest and relaxation after tramping the fairgrounds, drooling over shiny new cars, admiring fat, woolly sheep or riding the exciting roller coaster.

There are also seats adjacent to the Cyclorama Stage where Fairgoers may "set a spell" and rest their aching feet while enjoying free entertainment on the stage. Dance programs by outstanding groups will be presented five times daily at 11:00 a.m.; 1:00, 3:00, 5:00 and 8:00 p.m.

Dance troupes will come from Houston, Longview, Abilene, the Rio Grande Valley, local studios and University fine arts departments. They will present a variety of dance numbers ranging from classical ballet to jazz; from an Indian Wedding Dance to Mexican traditional ones.

Nineteen Enrolled In Local Adult Education

Nineteen persons are currently enrolled in the two adult education classes held at the Burk Burnett Junior High on Tuesday nights.

The classes are sponsored jointly by Region IX Education Service Center and the local school district at no cost to the student. The fall term began the second week of September for Wichita and the 11 surrounding counties.

Classes are offered in basic skills of reading, writing and mathematics with preparatory work toward the GED Certificate in the areas of English, mathematics, literature, natural science and social studies.

To be eligible for these classes a person must be 17 years of age, out of school one academic year and must not have received a high school diploma or GED certificate.

Classes are instructed by local school teachers and books are furnished by Region IX ESC.

Persons may enroll at anytime during the course of the program and there is no limit to the number of enrollment.

Interested persons are asked to contact their local school district or Jim Morgan, director of adult education, Region IX Education Service Center, 3014 Old Seymour Road, Wichita Falls.
