NUMBER 36

## RURAL GRADE SCHOOL TO PRESENT GALA SHOW FRIDAY

### "Cinderella" To Be Staged By Grade School Students

#### Acts Feature Well Chosen

The drama of feminine Cinderella, which serves as the motif of the operetta that will be staged by the Burk Burnett High School students on Friday night. The extra-ordinary talents of the local school with the aid of a well trained cast will serve as the highlights of the evening. The school has chosen a suitable vehicle for the presentation of the talent of the

have some time or the other of a fairy prince and princess generation dubbed "Cinderella" and all boys have once been a prince to constant and exquisite femininity of whom So for generations the Cinderella has been enthralled numbers of children. Older people still find in the theme that is the motif of the play. A large crowd is expected to attend the high school play. The cast has been chosen, and the choruses filled with special acts of local talent.

Miss Virginia Allen will play the part of Cinderella. The operetta will hold its presentation as a matinee at 2 o'clock, and the evening performance at 8 o'clock. The evening performance will be held at the high school for the purpose of raising an admission of \$1.00. The cast is as follows:

Miss Ethel Virginia Central Ward Faculty. Central Auditorium Friday 8 P. M.

## Extension Of Burk C Meets Friday

The extension committee of Burk Burnett Chamber of Commerce will meet at 8 o'clock on Friday night to discuss several important matters dealing with the city, according to the secretary of the organization, Herman Brown. The proposed program for the summer season and trade trip for Burk Burnett will be outlined. The provision of entertainment for the communities in the territory of Burk Burnett will be arranged, and the arrangement that will be made for local citizens during the evening will be presented.

## Rain Makes Local Farmers Optimistic

The slow soaking rain that amounted to more than one inch that fell all through the night Monday night in Burk Burnett caused real optimism among the farmers of the area, according to the reports at the local markets. The farmers were suffering from the effects of the high sandy winds and the lack of moisture, but the damage resulting has been offset by the additional moisture. The immediate result in Burk Burnett will be the pick-up in business resulting from the better spirit.

## No Services At Clara Lutheran Church Sunday

There will be no services at the Clara Lutheran church Sunday as Rev. Paul Kaiser, the pastor will be out of town. Rev. Kaiser left Wednesday morning for Austin where he will attend the tri-annual conference of the Texas district of Lutheran churches.

## To Sing Over WFFA On The Ice Parade

SENORA MILLA DOMINGUEZ

Senora Milla Dominguez, the distinguished Mexican artist, will be heard over Stations WFFA-WBAP, WOAI, and KPRC, on the ICE PARADE, a new radio feature sponsored by the Texas Ice Industry. The program will be presented each Monday evening at 8:30, beginning April 29.

Senora Dominguez is well known in musical circles, both in the Southwest and in the East. Born in Mexico City, she was the first Mexican ever to win a scholarship in the American Conservatory of Music in Chicago. While there, she appeared with the Chicago Symphony Orchestra and in many operas. In New York, she had important roles in several Schubert productions. Radio shows to feature her distinctive interpretations of Mexican and Spanish songs were the famous Capitol Family Party of Major Bowes, and several of Roxy's outstanding programs. She is widely known for her recordings of native songs. Senora Dominguez is scheduled to appear in San Antonio during the opera season in May.

## Softball League To Open Season Mon.

The Magnolia and Tucker Soft Ball teams will blast open the season by playing the first scheduled game Monday night, April 29. The second game for the evening will be the contest between the Mitty-Nice team and the Skelly team. The second series will be Tuesday night and the teams matched are the Barrow-Grace and Bell Oil team and the Texaco and Thaxton Bros. teams.

The season will open a new plant at the Westerfield stadium. The league has provided the poles for the lights, and the construction on these poles will be completed before the start of the season. The game will require a five cent admission fee. On Wednesday night May 1, the inter-city team will go to Archer city for the first league game in the Northwest Texas league. The best players of the local teams will be chosen to represent the city.

## Noted Beauty Expert To Give Demonstration At Manhattan

Miss Lula Peek, of Chicago, noted beauty expert, will be in Burk Burnett next week, beginning Monday and will give free facials all week.

Miss Peek is being sent here through an arrangement with the A. Joncaire Cosmetics Corp. and will give each lady who will make an appointment a free facial.

The Manhattan, who handles the Joncaire products, are very fortunate in securing this demonstration, and every lady is urged to make an appointment with Miss Peek.

Read their ad elsewhere in this issue.

## Jimmie Henderson New Manager Of Pure Ice Cream Co.

Jimmie Henderson, who has been employed in Burk Burnett for the past several years will assume management today of the Pure Ice Cream Co., Burk Burnett's newest enterprise.

A. C. Wright, who has been manager here since the business opened, has been transferred to Ardmore, Okla.

Mr. Wright has made many friends during his brief stay here who will regret to hear of his leaving, but wish for him success in his new location.

## Preserving School Be Conducted At Owens & Brumley

Mrs. Arreva French, well known Home Economist of the Ball Bros. Co., will be in Burk Burnett on April 26 and 27, at which time she will give a free demonstration of meat fruit and vegetable preserving at Owens and Brumley at 9 P. M.

Mrs. Arreva French has been prominently identified with Home Economics work, having conducted canning and cooking schools all over the country. Her connection with Extension Home Demonstration Agents, and her extensive club activities have fitted her especially well to advise housewives on their canning problems. Mrs. French has been in the Home Economics Department of the Ball Brothers Company for the last four years, during which time she has conducted exhibits and canning sessions all over Texas and Oklahoma.

Mrs. French is not only perfectly prepared technically for her place, but she has a charming personality which claims her audiences' attention and admiration. Having had much practical and home experience, she is able to explain all the correct and economical methods of canning foods in glass containers so that her listeners understand every process. Hundreds of women have attended her schools and demonstrations, and have learned how to put up home products for the delight, health and prosperity of their families.

The Ball Brothers Company manufacturers of quality glass jars for nearly half a century, is sending Mrs. French and scores of other qualified demonstrators all over the country to show housewives the United States Government approved methods of steam pressure, hot water bath and open kettle canning. See and hear Mrs. French, and ask her any canning questions which she will be glad to answer. Attendance prizes will be awarded.

## Burk Students Awarded C. Of C. Medals Monday

Four high school students were presented gold and silver medals for excellence in speech after the elimination contests Monday afternoon at the high school by the Chamber of Commerce. The students surviving the oration contest on "My Home Town" were J. R. Brock first and Gail Preston second in the junior senior division. These two were given gold and silver medals respectively. Polly Hall and Marvella Elliot won the first and second medals respectively for the sophomore and freshman groups. These representatives will compete for the right to represent the city in the W. T. C. C. meeting at Plainview as guest of the local Chamber of Commerce. At Plainview the winner will vie for championship of West Texas.

## Slama Infant Dies Wed. Eve

Lawrence Slama, 19 months old son of Mr. and Mrs. Jo Slama of Burk Burnett, died early Wednesday evening in Burk Burnett after a brief illness. The child took seriously ill Wednesday morning and failed rapidly until the death early in the evening. The body is in the care of the Owens-Brumley Funeral home; and the funeral will be held at the Catholic cemetery in Wichita Falls, Friday afternoon at 2:30.

Father O'Brien of Wichita Falls will conduct the services.

H. D. Smith, director of the federal relief agencies and president of the C. of C., and Ross Reagan city Manager were in Wichita Falls the first part of the week on jury service.

## NO STRINGS ARE ATTACHED TO BURKBURNETT TREASURE PARTY

### Farmers Invited To Cream Meeting

The Agricultural committee of the Chamber of Commerce voted to encourage the local cream buyers to establish a sweet cream market at their meeting at the Scruggs Cafe at noon Saturday. The committee instructed the secretary of the organization to issue a questionnaire asking the farmers and cream producers of the area about the demand for such a market. The farmers were mailed the cards this week and were invited to meet with the committee Thursday night, May 2 at City Hall to discuss the problem of the market with the buyers and members of the civic organizations.

The farmers of the district who have not received an invitation or questionnaire have been asked to communicate with Herman Brown at the chamber offices and to express their opinion about the matter. The committee demonstrated the desirability of such a market as one of the most helpful moves to aid the producer and the local merchant. Such a market is estimated to increase the income of the producer about 20 to 25 per cent. This income will be spent in the local merchandising establishments.

The committee discussed the projects of prevention of soil erosion and root rot in the Burk Burnett area. The president of the chamber of commerce urged the farmers to take advantage of the services of Jack Everheart in terracing projects and other farming projects. Those present at the meeting were: W. R. Hill, H. D. Smith, W. T. Holman, I. H. Bently, M. R. Hewell, Wylie Browning, Curtis Cook and Herman Brown.

## Chest Clinic Held Here Wednesday

Dr. Sims Hulsey, chest specialist of Fort Worth, examined two adults and administered the tuberculin test to nine children at the semi-annual chest clinic held by the Wichita County Society for the Prevention of Tuberculosis at the First Baptist church Wednesday afternoon. The examination and clinic was part of the program that is characterized by the society as the early diagnosis campaign. The purpose of the clinic was to detect the disease in the early stage, and teach the incipient patient proper care for cure.

This type of work has reduced the death rate from the disease more rapidly than the authorities thought possible a few years ago. All of the persons who have symptoms of the infection or who have had contact with an open case were requested to apply at the clinic for examination or to see their own doctor or specialists. In connection with the preventive program the society has sponsored the move for the area testing of cattle. In the clinic Wednesday Dr. Hulsey was assisted by Miss Mary Quinn and Miss Grayson of the Wichita office of the society.

## Football Fans Are Invited See Game

The 1935 edition of the Bulldogs have invited the fans of the city to be present next Friday afternoon when they play the "Boiler Maker" team composed of stars of the 1934 squad. The two teams have met twice this spring, and each team has won one game. The rubber game is expected to produce a struggle of titanic proportions. The exes maintain that they will be able to present a much stronger line-up than the one that was defeated last week 12 to 0 by a hard playing bunch of players that composed last year's yanningan team.

Coach Hill emphasizes the invitation with a special reminder of the fact that this will probably be the only chance for the local fans to see the team in action until next fall. Two veterans, Miliigan and Baptiste turned up for practice this week. Until their return, most of the squad was composed of new men that saw very little action in the brilliant campaign last year.

## Neither Trouble Nor Cost Incurred By Weekly Event

### Main Feature Of The Treasure Day Holds Main - Wigham

Unlike old trades program there are no strings attached to the regular weekly Treasure Day parties held each week for the residents of Burk Burnett by merchants and business men of the city and the Burk Burnett Star.

It is estimated that 6,000 people thronged the streets of Burk Burnett last Saturday to take advantage of the many bargains offered by the merchants.

Hazel Pinkston, of Burk Burnett, and N. S. Nason, of Route 4, Randall, were the lucky persons last Saturday.

Everyone is invited to attend the party this Saturday, and there is nothing required of any of the guests.

The Treasure Day Club now has approximately 50 merchants and business men of this city as sponsor members who are seeking to make the trade expansion program as beneficial to the farmer who lives in nearby communities and comes to town once a week as it is for the city resident.

That is why the old ticket-with-purchase plan has been done away with, and that is why the program for the day is so arranged that the man who lives in the country has an equal advantage derived from the Treasure Day.

There is no inconvenience attached to Treasure Day, such as collecting tickets as in old-fashioned plans. Because there is no inconvenience for the merchants, and little expense connected with the Treasure Day parties, it gives the merchants a chance to offer many attractive bargains on that day, and to offer more liberal inducements for the residents of Burk's trade territory to trade at home.

All are urged to attend Treasure Day and tell their neighbors and friends about it, so that they, too, may share in the many benefits of the program.

## Boyd's Sponsor Dress Making Contest In Burk

An announcement recently made by the Boyd Bros. stores has put real competition into this sewing game. This particular store is sponsoring a dressmaking contest, prizes and everything. There is keen interest in the project and women I know who were simply planning some smart dresses for themselves and their children, are now hurrying to get these finished to enter in the contest.

We are finding new color combinations for summer clothes this year. The pastels are clubbing together for smart effects. Yellow with leaf green. Dawn Blue with Dusty Pink, Pink with Navy accents. Grey with Red or Pink—this only begins the story of smart combinations. Women who sew can plan these delightful combinations for themselves. Perhaps that's the reason for the increased interest in home sewing.

## Mrs. Vaught Burned In Gas Explosion

Mrs. Neeley Vaught, wife of the Burk Burnett postmaster, was seriously burned Tuesday evening about 8 o'clock when the accumulated gas in a hot water heater exploded. Mrs. Vaught was burned about the right hand and arm. The gas had accumulated or was turned on too forcefully and when Mrs. Vaught attempted to light the burner, it exploded covering her with flames. She received treatment at the Burk Burnett Clinic.

THURSDAY, APRIL 25, 1935

**THE "RACKET" SEASON**

Spring brings not only the birds and flowers but the first of a long and continuous string of house-to-house canvassers with rackets to separate the public from its hard-earned cash. You can now expect salesmen with Irish lace that never saw Ireland, Turkish rugs that never saw Turkey and new schemes you never heard of before.

A new "racket" which may soon find its way to Burkburnett is work by the motorists who explains he has some high-grade linoleum he was to deliver to another customer, but the customer changed his mind. So he is ready to sacrifice it rather than carry it back to the city. Later the real purchaser discovers she has paid a stiff price for about the cheapest grade of linoleum than can be produced. The transient salesman of "Oriental" rugs is another annual spring nuisance. His wares often turn out to be made of cheap cotton materials, and machine made. It is difficult for an inexperienced person to detect a fraud in rugs, so this is one of the most successful of all "rackets".

But these are only two of countless gyp schemes that will be promoted from now until the first frost drives the operators into winter quarters. Possibly the best way to avoid being victimized by any of them is to buy all the things you need or want from a reputable Burkburnett dealer.

**HENHOUSE PROGRESS**

Citizens around Burkburnett who have cause for complaint when their chickens show a tendency to curtail egg production might try this stunt, reported to an Ohio weekly paper by one of its correspondents. An enterprising poultryman attached a spool of heavy thread to the stem of an alarm clock. The other end of the string he fastened a penny mousetrap. From the mousetrap a twine is fastened to an electric light switch in the henhouse. The alarm is set to go off at 4 a. m. every morning and when it does the spool winds the string and trips the mousetrap. Then the mousetrap jerks an electric switch and turns on the lights in the henhouse. The chickens think it is daylight and they start on the job of laying eggs. The result is increased egg production. Old necessity still seems to be the mother of invention—even in the henhouse.

There are some Burkburnett couples who feel that the only unfair thing about marriage is that the preacher never refunds your money if it doesn't work.

If there is no hell, what becomes of those who offer the poor a chance to make money and charge them \$40 for a \$5 outfit?

Some suckers in Burkburnett won't believe it, but a business that has great profits in sight doesn't offer shares to the public.

Quite often the Burkburnett man who has a bad temper never loses it when he is talking to some fellow he knows can lick him.

When a Burkburnett man's wife gets so she can read him like a book it's time for him to turn over a new leaf.

*Let's Talk About Clothes*  
by a  
**YOUNG MODERN**  
TEXAS STATE COLLEGE FOR WOMEN (CIA)

Denton, April 22.—Do you give your hose any thought? Maybe you are just another of those people who simply say, "Something to wear with brown" and let it go at that when buying such "insignificant" items as hose.

If you are one of these people, you are indeed unfortunate, for, unknowingly, you are neglecting an opportunity to present a complete harmonized appearance. The new spring hosiery colors are flattering because of the warm flesh-toned look which they give the leg, and are certainly chic when worn with an ensemble that offers unusual blending qualities.

One of the most important ideas to keep in mind about hose is the weight. For afternoon and daytime

frocks, the three and four-thread hose prove most satisfactory, while the two-thread hose are essential to frilly chiffons and organza evening frocks. Girls at Texas State College for Women (CIA) prefer the five or six-thread hose for sports, because of their unusual durability and wearing comfort with heavy sports shoes.

Spring hosiery displays a new lightness in color and design. The sheer navy blue has been in the lead as an outstanding color, but with the approach of the summer months, lighter and more natural tones are being adopted by the Jeune fille. The short knee-high length is ideal for spring and summer.

**New Chevrolet Plant Opened Baltimore**

The Chevrolet Motor Company's 80,000-car-a-year assembly plant at Baltimore, Md. was formally opened in April and is now producing both passenger cars and trucks. The city of Baltimore virtually

made a civic holiday of the date, to celebrate the addition to its varied industries of its first automobile plant, and to welcome formally the representatives of the General Motors Corporation and Chevrolet Motor Company who attended the opening ceremonies. Official proclamation by the Governor of Maryland and by the Mayor of Baltimore welcomed the automobile officials to the State and to the City. After

the flag raising at the new plant, and the inspection of the new buildings and equipment a formal banquet was given by the Association of commerce in honor of General Motors and Chevrolet visitors.

In its structural design, its layout, mechanical equipment and processes, the Baltimore plant may be looked upon as an exposition of five years' progress in automobile manufacturing methods, since it is the industry's first major building development since 1929. Chevrolet engineers and production authorities deem the new plant the most efficient in the industry, but freely give the credit to the many new developments in machinery and equipment that were available for the first time for use in planning a complete assembly plant.

However, even if the plant could boast none of its many equipment features that are to be found nowhere else, it still would represent a marked advance over any of the nine earlier Chevrolet plants, because it was planned by the same veteran staff of Chevrolet experts who had built the others, and who therefore were enabled to create at Baltimore a tenth structure incorporating the cumulative benefits of many years in both planning and operating plants of similar specialized service. This experience was especially valuable in the design of the main assembly building, whose structural lay-out includes many innovations. Here for the first time utilization is made of overhead galleries (served by conveyors) either for the storage of materials to be fed continuously to sub-assembly lines immediately below them, or for the final operations on bodies preliminary to mounting them on chassis.

Though correctly called an assembly plant, the Baltimore operation is more than the name implies, for it is designed not alone for fitting together the component units that comprise complete automobiles but to perform scores of preliminary and finishing operations that come under the head of manufacturing.

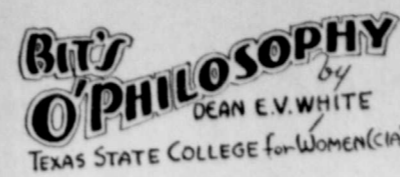

Visitors will enter the plant by the two story administration building (50x242), facing Camp Holabird on Broening Highway. Immediately back of the administration building lies the main shop, 600 feet wide, and running 980 feet toward the west. One-third of this building, on the south side, is the Fisher Body plant, separated by a brick partition from the Chevrolet side except for the portal by which bodies roll on conveyors to the car assembly plant.

Farther west are the car conditioning shop, 80x245 feet, where cars fresh from the assembly line are given their final tune up and inspection preliminary to shipping ready for delivery by dealers to their purchasers; a loading dock, 50x315 feet, and a powerhouse, 50x900 feet, above which rises at 260 foot smoke stack that already is established as a new landmark in the Holabird district.

To gain an idea of the workings of the plant, it is best perhaps to trace the flow of incoming material and its development and assembly into complete automobiles.

Trainloads of arriving material are backed directly inside the Fisher and the Chevrolet buildings on tracks along the north and south side of each building. The two Chevrolet spurs are each 940 feet long.

To the Fisher platforms come trainloads of steel stampings from Cleveland, and of wooden parts from Seattle and Memphis. To the

You always lose when you gamble with wrong.

Your best capital is carried under your hat.

Fast living means quick death.

Sobriety gives more pleasure than rum and a headache.

The busiest person is he who loafs the longest.

Chevrolet platforms come assembled motors and sheet metal parts from Flint, transmissions from Toledo, steering gears and castings from Saginaw, carburetors and other small parts from Bay City, and springs, axles, gears, forgings, wheels and bumpers from Detroit—all from Chevrolet's own manufacturing plants that supply the company's assembly points. Other carloads bring tons of material, from paint to nuts, required to keep production running smoothly.

Trains are made up in the plant yard so that, when they are pushed into the buildings, each freight car may be spotted directly opposite the section of the plant where its cargo is to be added to the stock of similar units already in storage, arranged in orderly stacks, or in specially designed racks or bins, either on the main floor or on the overhead balcony. Power driven mono-rail conveyors handle the material from freight cars to their storage sections.

In general, the flow of material is from the railroad tracks toward the middle of the building, down which runs the series of conveyors that comprise the passenger car assembly line, 675 feet in length, which is separate from the truck chassis and body assembly lines.

First to be placed on the conveyor is the chassis frame, to which are added the springs and axles. It is then transferred to the chassis line, to receive its power plant, which has been made ready by the addition of transmission, generator and other units in the motor assembly section. Gradually, part by part, the chassis takes form until it is ready for the body.

In the meantime, a similar system of assembly has built up the bodies, welded them and painted them, in the Fisher plant, and sent them on conveyors to the central balcony of the Chevrolet building, directly above the car assembly line. On the balcony, which is 560x40 feet, bodies receive instrument panels, wiring, lights, rear-view mirrors, windshield wipers, and other equipment.

Body and chassis lines are synchronized so that a body of the specified type and color is ready to be lowered, through a well in the floor, to the chassis for which it is intended.

There is no halt in the conveyor line as the bodies are lowered in place, guided by workers alongside the chassis. Body workers complete their part of the assembly while others, alongside or below, finish the chassis. At the end of the line, a driver mounts the seat, tests the controls, touches the starter—and there is one more Chevrolet added to the 10,000,000 already built.

Why not have a "National Grouch Week" so everybody can get it out of their systems at once and have it over with.

Husband's Birthday Cards—Star.

**Citation by Publication**

THE STATE OF TEXAS  
To The Sheriff or Any Constable Of Wichita County, Greeting:

YOU ARE HEREBY COMMANDED to summon W. I. McLaughlin by making publication of this citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the 78th District Court of Wichita County, to be held at the Court House thereof in Wichita Falls, on the First Monday in June A. D. 1935 the same being the 3rd day of June A. D., 1935 Then and there to answer a petition filed in said Court on the 4th day of April A. D., 1935 in a suit, numbered on the docket of said Court No. 28874-B wherein, Norine McLaughlin is Plaintiff and W. I. McLaughlin is Defendant. This is a suit for divorce upon the ground of failure to support and cruel treatment upon the part of the defendant towards the plaintiff and in addition to the divorce plaintiff prays for the restoration of her maiden name.

Herein Fail Not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon showing how you have executed the same.

GIVEN UNDER MY HAND and the Seal of said Court, at office in Wichita Falls, Texas, this 4th day of April A. D., 1935.

**Notice Of Election**

ORDINANCE NO. 182

An Ordinance providing for the holding of an election in the city of Burkburnett, Texas, for the purpose of submitting to the qualified voters of said city a proposition to encumber the electric light and power system belonging to said city, the franchise and the income thereof to secure the payment of electric light and power system bonds of said city in the amount of thirty-two thousand (\$32,000.00) dollars for the purpose of refunding a part of the existing indebtedness of said electric light and power system and to purchase additional machinery and equipment and to improve, enlarge, extend and repair said system and declaring an emergency.

Be it ordained by the City Council of the City of Burkburnett, Texas:

**Section 1**  
That an election be held in the City of Burkburnett, Texas, on the 6th day of May, A. D. 1935, at which election the following proposition shall be submitted:

Shall the City Council of the City of Burkburnett, Texas, be authorized to encumber the electric light and power system of said city and the franchise and income thereof, to secure the payment of bonds to refund a part of the existing indebtedness of said electric light and power system and to purchase additional machinery and equipment and to improve, enlarge, extend and repair said system; such bond to be in the sum of Thirty-two Thousand (\$32,000.00) Dollars, to mature serially from one (1) to eight (8) years from date thereof, bearing interest at the rate of six (6%) per cent per annum, payable monthly?

**Section 2**  
Said election shall be held at the City Hall in the City of Burkburnett, Wichita County, Texas, and shall be conducted by the following named persons:

August Lohofener, Presiding Judge  
W. A. ROBERTS  
SYLVIA LOHOEFENER  
B. E. BRYANT

**Section 3**  
The holder of said bond shall

never have the right to demand payment of such obligation out of any funds raised or to be raised by taxation.

**Section 4**  
The said election shall be held in accordance with the general election laws and only qualified voters in said City shall be allowed to vote.

**Section 5**  
The ballots to be used at said election shall contain the proposition as above set forth followed by the words: "For the encumbrance of the electric light and power system" and "Against the encumbrance of the electric light and power system".

**Section 6**  
Notice of said election shall be given for at least thirty (30) days by the Mayor, by publishing in the Burkburnett Star, a newspaper of general circulation in Wichita County, Texas, published in the City of Burkburnett, Texas, and such notice shall be made by publishing a copy of this Ordinance with the words "Notice of Election" prefixed thereto, once a week for four (4) consecutive weeks in said newspaper and the first publication to be made at least thirty (30) days preceding said election and by posting three (3) copies of this Ordinance in three (3) public places in said city, one of which shall be at the City Hall.

**Section 7**  
That because the present electric light and power system is inadequate to furnish a proper supply of electricity and electric energy for the citizens of Burkburnett desiring to use same creates an urgent necessity demanding and requiring that the provisions of the City Charter providing for the reading of Ordinance on three separate days be suspended, and this Ordinance is passed as an emergency measure and shall take effect and be in force from and after its passage and it is so ordained.

Passed and Approved this day of April, A. D. 1935.

OSCAR KEMP  
Mayor

(Seal)  
Attest:  
R. P. REAGAN  
City Secretary

**USE DOCTOR'S METHOD TO STOP DEAFNESS**  
Head Noises, Catarrh

MANY hundreds of ear sufferers have reported relief from roaring, hissing sounds, pain, sensitive and tender ears, after using Dr. Elliott's ERBALS. This simple, economical prescription contains valuable herb and medicinal ingredients that strike at the cause. You may be a long time sufferer, and may have tried many remedies—but do not give up hope before you discover what this Doctor's private prescription can do for you.

Dr. Elliott says, "I have found that ear troubles, and even certain forms of deafness respond easily to ERBALS. It helps correct the cause of Defective hearing, Head Noises and Catarrhal conditions which have been of long standing in many cases. Truly, it is a remarkable medicine".

Victoria Comings of Illinois writes:—"My entire family are chronic sufferers from ear troubles. The only remedy that we have found which gives quick relief is Dr. Elliott's ERBALS. The minister of our church first recommended it to us, and we are thankful for his advice".

Stop using expensive ear-phones, and buying expensive treatments. Let Dr. Elliott's ERBALS prove its worth in your own case. Make this ten day test: Before applying ERBALS see how far away you can hear your watch tick. Use ERBALS ten days and you will be surprised how much improvement there is in your hearing. Dr. Elliott's ERBALS is guaranteed to give satisfactory results, or your money will be refunded.

**Rabbit Creek**

April 21, 1935

Montgomery Bros. who live in Burk Burnett were in the Rabbit Creek neighborhood Sunday trying to locate some feed. They called at the Owens residence and tried to buy of the fine hegari which they had on hand.

Mr. Nails, the son of Mrs. Nails, called on the Owens Sunday morning.

A T-A program that was held Friday night at the Rabbit Creek school house was well attended and a fine program was given and everyone was well entertained.

On Easter Sunday and is a busy day and no indications of a rain yet for this part of the country. Every thing is needing water very badly. As the old adage says, "It's an old saying, but true one. If it don't rain on Sunday it will be (7) weeks drier, so just watch this old adage and see if it don't come true."

The writer was pleased to hear of the success of the Long Ears last Monday. Mr. Nason, was fortunate to win a \$10.00 prize in cash at the contest over in Burk Burnett Saturday.

Some expert calf ropers were in the neighborhood and among the best was Bro. John Ashton. Bro. John won to his Indian lease Saturday evening on his cow pony to the west of his 4 months old calves.

At the little fellow cut out a bunch of other cattle and he started to the west on his 1-2 mile pasture in Burk Burnett and the calf seemed to be some where around the pasture.

Mr. and Mrs. John Ashton and their daughters motored up to Craterville, Okla., Friday to attend the big Easter Rodeo which was held Saturday and Sunday. They report having a fine time and seeing a fine show.

Mr. and Mrs. John Ashton and their daughters motored up to Craterville, Okla., Friday to attend the big Easter Rodeo which was held Saturday and Sunday. They report having a fine time and seeing a fine show.

Mr. and Mrs. John Ashton and their daughters motored up to Craterville, Okla., Friday to attend the big Easter Rodeo which was held Saturday and Sunday. They report having a fine time and seeing a fine show.

Old Rabbit Creek neighborhood has got some experts too as last Monday when the big Rabbit drive was pulled off here in this community a large crowd took part in the drive and several hundred rabbits were killed. Mr. A. K. Wynn was in the drive, but Brother Artie didn't have any gun, as he didn't need any. He just told the hunters all they would have to do was to get Mr. Rabbit out on the road and he would do the rest with his car, which he did by actually driving Mr. Jack right down the road with his car right into a bunch of men who shot Mr. Jack Rabbit. The writer calls that some expert driving with a car. He drove Mr. Jack over 1-2 mile right down the middle of the road.

Mr. and Mrs. Johnny Mouser and their two sons motored over to Burk Burnett Sunday morning to spend the day visiting with Mrs. Mouser's uncle, Mr. Lee Jones who lives south west of Burk Burnett.

Mr. and Mrs. J. H. Stiggins and little son spent Sunday visiting with Mrs. Stiggins' parents, Mr. and Mrs. J. H. Hatcher (alias Uncle and Grandma Hatcher.)

Mrs. Fred LaBarre, her two sons, Clarence and Freddie were shopping over in Burk Burnett Saturday afternoon.

The big rabbit drive last Monday proved a success as there were several hundred of the Long Ears lost their lives. If all of the hunters had been as good a marksman as our friend and cream man of Burk Burnett Leo Dudley, there would not have been a rabbit escaped, as Mr. Dudley never missed a rabbit. Sometimes he killed two at one shot. Come again Mr. Dudley as we want the long ears killed out.

Quite a few Rabbit Creek men, women and children attended the big Easter Egg hunt over in Burk Burnett Sunday afternoon.

Mr. and Mrs. John Ashton and their daughters motored up to Craterville, Okla., Friday to attend the big Easter Rodeo which was held Saturday and Sunday. They report having a fine time and seeing a fine show.

Mr. and Mrs. John Ashton and their daughters motored up to Craterville, Okla., Friday to attend the big Easter Rodeo which was held Saturday and Sunday. They report having a fine time and seeing a fine show.

Mr. and Mrs. John Ashton and their daughters motored up to Craterville, Okla., Friday to attend the big Easter Rodeo which was held Saturday and Sunday. They report having a fine time and seeing a fine show.

the hen house and killed them and ate them up.

Mrs. Fred LaBarre and her son Clarence spent several hours visiting with the Owens family Sunday afternoon.

**FORD and TURNER**

The wedding bells still ring over on this side of the big pond as John Ford and Miss Flora Turner were united in the holy bonds of matrimony Friday afternoon at Walters, so the writer has been informed. Mr. Ford is the eldest son of Mr. and Mrs. Henry Ford, who own and live on their fine farm one mile east and one half mile south of Raneditt. Mr. Ford comes from a highly respected family. Mr. Ford is a young man with fine morals, and is well thought of by this neighborhood that he has lived in all of his life. Mrs. Ford is the daughter of Mr. and Mrs. B. H. Turner, who has lived in Burk Burnett up to the time that Mr. Turner was taken to the Duncan, Okla., hospital for treatment. Mrs. Ford is a very fine young lady and is loved by all who know her. For a short time they will make their home with Mr. Ford's parents, Mr. and Mrs. Henry Ford. The Rabbit Creek neighborhood wishes them a long and happy married life.

HAWKEYE.

**District Singers Meet Valley View School**

The singers of this area have been invited to meet at the Valley View school two and one half miles north east of the bridge. A lunch of sandwiches, pies and cakes will be served on the grounds, and one of the most interesting choral programs of the year has been promised for the meeting. Singers from every part of the territory will be present and a banner attendance is expected. Lee Copeland, formerly of Burk Burnett and one of the outstanding leaders of the district will be present. The Patton Quartet of Walters, Okla., will be one of the feature of the group of singers. The meeting will be Sunday, April 28.

Still, a few millions had their share of the wealth back in 1928, and look what they did with it.

**WATCH YOUR KIDNEYS!**

Be Sure They Properly Cleanse the Blood

YOUR kidneys are constantly filtering impurities from the blood stream. But kidneys get functionally disturbed—lag in their work—fail to remove the poisonous body wastes.

Then you may suffer nagging headache, attacks of dizziness, burning, scanty or too frequent urination, getting up at night, swollen feet and ankles, rheumatic pains; feel "all worn out."

Don't delay! For the quicker you get rid of these poisons, the better your chances of good health.

Use Doan's Pills. Doan's are for the kidneys only. They tend to promote normal functioning of the kidneys; should help them pass off the irritating poisons. Doan's are recommended by users the country over. Get them from any druggist.

**Fairview Students Win Writing Pens**

The penmanship classes of the Fairview school received 42 first class awards for excellence in penmanship, according to the report received this week from Austin. The students sent the test papers to be graded by the department of education, and the pens will be presented graduation night. The students were trained by Miss Pat Thompson. The list includes: Odesa Grizzle, Francis Hill, Etta Marrs, Juanita Franklin, Wilma White, Wilma Whigham, Lorene Mowery,

J. C. Cawthorn, Lillian Zink, Lavell Hancock, Gladys Mae Alexander, Verlie Bishop, Pauline Blackwell, Juanita Harmon, Mildred Mills, Pauline Spicer, Troy Northcutt, Mary June Staggs, Pauline Miller, Louise Mowery, Virginia Gifford, Betty Parker, Nellie Mills, Evelyn Hathcox, Wand Bishop, Mary Alice Mills, Lula Mae Dickey, Dorothy Lillian Coleman, Faye Coleman, Faye Morrison, Wanda Mae Goins and Fannie McCrow.

**Burk Students Compete At Denton Meet**

Pauline Browning and Paul Savage represented the Burk Burnett

high school at the regional meet at Denton Saturday. The two students were accompanied by Butler Westerfield, superintendent, and made an excellent rating in the contest. These were the only representatives to the meet from the local school.

If you think you can help people by giving them something they can't earn, take a look at the rich man's son.

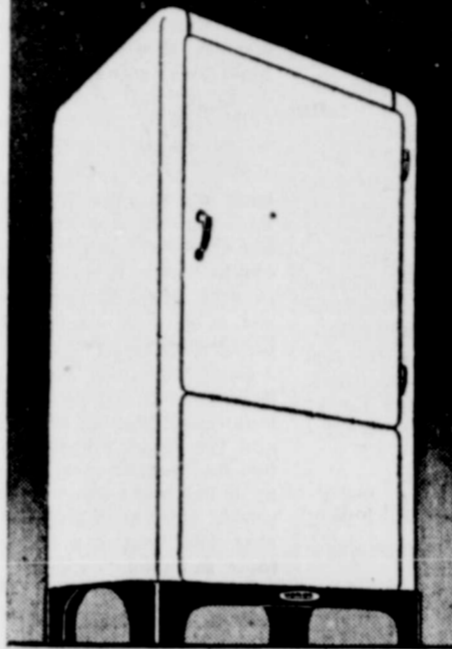

Another trouble is that people learn only by hard experience and the wrong people are getting the experience.

**But... IS IT HOME ?**

It's the place where you hang up and attractive . . . or is it going convenient, and livable? Does your family take pride in it? Is it modern your hat . . . but is it comfortable, down hill?

Modernization magic can make that house a home . . . a new roof, modern plumbing and heating, new paint and paper. The home improvements you have had in mind can be made at once and paid for while you enjoy them.

If you do not have funds available now to pay for all the repairs and improvements you would like to have made . . . take advantage of the thing called Modernization Credit. It's the new way of borrowing money for home repairs and paying for the improvements by the month, to suit your income. There is no "down payment." No red tape. For the National Housing Act was designed for the home owner's benefit.

Have your home checked at once for an estimate. Any of the firms below will be glad to explain to you Uncle Sam's attractive modernization credit plan. Now is the time to protect your property against weather damage and to make your home more comfortable, convenient, and livable.

## BEAR TRACKS

(Edited By The Students of Fairview High School)

### Staff

Editor-in-Chief ..... Ada Marsh  
 Assistant Editor ..... Ruth Vogel  
 Sports Reporter ..... Bill Wells  
 Typists ..... Chuck Morrison and "Phoebe" Bogy

### Senior News "Eyes of Love"

The Seniors are still working diligently on their class play, "The Eyes of Love." The cast includes Elva Stimpson, Bill Wells, Marion McClarney, Simon Hanks, Ada Masrh, K. Miles, Milton Winkles, Geneva Seidnitz, Clarence Bridges, and Virginia Bogy. The play is to be given at the Fairview High School auditorium on Friday night, April 26.

### Senior English Class

One would think all the Seniors are not such good friends to each other if one were to step into the English IV class work, formal debate. Two interesting debates, Resolved, that students should be allowed to select their own courses, and resolved, that some wild football season should be closed for a few years were delivered in class Monday. The students who did not debate acted as judges.

### Invitations Arrive

The invitations to the graduating exercises of the Seniors are in the Post Office. It is hoped that they will be paid for and gotten out by the end of the week.

### Easter Party

The Senior class was entertained by Elva Stimpson and Marian McClarney with an Easter party. The club house was decorated in yellow and white, Easter color. Games were played carrying out the Easter spirit. Mr. Watkins won one first prize for making the prettiest Easter bonnet. Mrs. Wright modeled the hat, making a charming model as well as a one of the hostesses. Mrs. Stimpson was the other chargin' hostess. Evedyone enjoyed the party and the refreshments which consisted of lemon, orangeade, angel food cake, whipped cream and an apricot. They were served on attractive Easter plates with a l'il chicken for plate favors. The following attended: Mr. and Mrs. E. D. Wright, Mr. and Mrs. W. R. Stimpson, Mr. and Mrs. R. D. Watkins, Mr. and Mrs. Y. C. Paschall, Miss Davis, Bill Wells, Elva Stimpson, Harlen Boyd, Marian McClarney, Chuck Morrison, Wessie Hearrell, Ford Hearrell, Dean Smith and K. Miles.

Several were absent due to their attending the Easter Pageant. We wish you could have been there, "absent tees."

Star Ads Bring Results!

### Graduation

The '35 class of Fairview High School Seniors announce their graduation May 24, 1935 in the Fairview auditorium.

Mr. O. R. Tipps will be the commencement speaker. Brother Gregory of the Thirft Baptist Church will deliver Baccalaureate sermon. Commencement program will consist of special music.

Violin solo, Arthur Davis, Wichita, Falls.

Piano solo, Roy Davis, Wichita Falls, Texas, and other numbers to be arranged.

### Baccalaureate Program

The processional and recessional music will be by Miss Marguerite Morgan of Wichita Falls, Texas. Miss Thelma Moss is to give a vocal solo. Miss Moss is making arrangements so that several numbers may be given by her choral club.

### Fairview Wins In Regional Meet At Denton, Texas

We are proud of our Freshman, Leroy O'Guinn who, last week won first place in the high jump at the regional meet at Denton. The height was only five feet and five inches. However, the meet was held in a downpour of rain which continued all day. It was at least good enough to beat all the other high jumpers from the eight districts. He received a very pretty gold medal.

This is the first time Fairview has been represented at the regional meet which includes all class A and B schools of eight districts. We are proud to know that Leroy won over such schools as Ft. Worth, schools.

### Valedictorian and Salutatorian

The Valedictorian and Salutatorian were announced in school today as Ruth Vogel and Clarence Bridges respectively. Ruth Vogel's average for the entire four years of high school work is 86.15 with Clarence's average 85.50. The other members of the graduating class include: Ada Marsh, Geneva Seidnitz, Charles Morrison, K. Miles, Marian McClarney, Simon Hanks, Elva Stimpson, Virginia Bogy, George T. Roberts, Wessie Hearrell, Harlen Boyd, Bill Wells, Milton Winkles, and Ford Hearrell.

### Juniors Are Going To Medicine Park

This week-end the Junior class is "ginning" off for Medicine Park for a pleasant trip.

There has not been much planning for this trip but impromptu trips are always pleasant.

We hope they kill many bears and catch many whales.

# Washington Digest

National Topics Interpreted  
 by William Bruckart  
 National Press Building  
 Washington, D. C.

Washington.—The true purpose of the investigation by the senate munitions committee appears to have come to light. It is seeking the honor of drafting legislation which will give a historical standing as the group of men who first moved to remove the incentive of profit as provocative of war. In presenting its proposal to this end, however, the committee is regarded as having "started something" which it is unlikely can be finished by the group of individual senators making up that committee.

### Light on Nye Inquiry

When the investigating resolution was adopted by the senate, its sponsors made much fuss about conditions in the munitions industry. There were many speeches made by Senator Nye (Rep., N. D.) concerning the wickedness of munitions manufacturers, and in the course of those speeches, which were made in a score of different communities, Senator Nye announced conclusions which apparently have not been supported by evidence adduced by the committee investigators. Further, the senator announced plans to disclose alleged corruption among the munitions manufacturers and stated definitely that the purpose of the inquiry was to provide the basis for laws which would control them.

Now, after seven months, we look back on the committee's record and find that it has played a game of hop-skip-and-jump from one subject to another and, I believe, the consensus is that little of real value either to the senate or as public information has been developed.

Since there was the minimum of publicity resulting from the inquiry into munitions plants, shipbuilding yards and the aircraft industry, the committee has taken another tack. Seizing upon President Roosevelt's phrase that profits must be taken out of war, Senator Nye and his colleagues turned their so-called "experts" loose on the track of those illusive profits. The result is a piece of proposed legislation that goes beyond anything ever offered before in the way of tax legislation. Of course, it is entirely likely that nothing at all will come of the Nye bill insofar as improvement of our taxation methods is concerned. But its radical and altogether unworkable character is looked upon as necessitating a frank examination of its provisions.

Because the committee started out to investigate the munitions industry and notwithstanding the fact that since it has wandered all over the surface of the earth with its inquiry there is a widespread belief that its tax bill will apply only to the munitions industry during war time. Such is not the case. It goes far beyond the munitions industry and, indeed, it affects every corporation and every individual with an income of \$1,000 or more.

Probably the Flynn-Nye tax proposal won't get anywhere at all. Certainly it will not be enacted in this session of congress. Nevertheless, when a senate committee seriously introduces a bill that would limit income of a corporation to 3 per cent of its peace-time capitalization—the government would take the rest by taxation—it is regarded by many as time to call a halt. It ought to be added here that obviously the country is faced with the highest taxes it has ever known in consequence of the tremendous spending that has been going on during the last two years and which is to be continued. Those taxes are due to come along within another year or two.

I referred above to the 3 per cent limit on incomes of corporations. This is brought about through a tax of 50 per cent on the first 6 per cent of earnings of every corporation. Above the 6 per cent earnings, it is proposed in the Flynn-Nye bill to take 100 per cent of the total.

Tucked away in one section of the bill is language that is ordinarily referred to as a "joker." It represents the first attempt by congress, rather by the sponsors of this legislation, to circumvent exemption of government securities from taxation. The federal, state, municipal, county and other governmental jurisdictions have the power to issue bonds and other securities free from taxation. This makes such securities attractive. For quite a while there has been agitation to do away with this tax exemption privilege. Nobody has found a way, however, to get legislative bodies to enact the necessary provisions into law. So, we have something like fifty billions of dollars in securities of this type outstanding. If this income were taxable, of course, it would represent a considerable increase in revenue to the federal government through income levies. Thus it is stated the Flynn-Nye proposal is attempting to reach that income without actually violating the contract which the issuing government made with the buyers of those securities.

The effort to tax income from these securities has been worked out in a fashion that is better illustrated than defined. Assume that a corporation had invested a large portion of its surplus or reserves in tax-exempt bonds. The bill proposes first to limit the amount of income which that corporation may receive and to tax half of the remainder. The result is that income from tax-exempt securities would be mingled with other forms of income and the government would dip its hand into the total and take whatever amount the law prescribed.

Another provision of the bill would result in government confiscation in wartime of every dollar of income that any official of any corporation, company or partnership received in excess of \$10,000 per year. It is to be remembered here that the above-mentioned \$10,000 would not be tax-exempt. Those drawing such salaries still would have to pay the government \$2,800 in taxes on the \$10,000 income. In other words, since nearly every one receiving salaries of this size serves in an official capacity with some commercial unit, the tax provision actually reaches nearly all of the individual income tax payers.

Certainly, the drastic rates affect all persons receiving any income of consequence because there is a sharp reduction in the personal exemption prescribed and the tax rates themselves are boosted higher than a kite. For instance, a married man with an income of \$3,000 a year would have to pay a minimum of \$300 to the government immediately war was declared.

The lethargy that continues among national Republican leaders is beginning to grow irksome upon minor wheel-horses and individual Republicans of lesser consequence in national affairs. Word is coming through to Washington from various sections of the country indicating considerable dissatisfaction with the management of Republican party affairs by the present regime, headed by Henry P. Fletcher, national chairman. There is likewise a growing volume of criticism of the work of Senator Hastings of Delaware, and Representative Bolton of Ohio, joint chairmen of the Republican-senatorial-congressional committee. Superficially, at least, it appears that the Republican pot is about to boil over.

Mr. Fletcher is not alone in being criticized. He is being criticized by Mr. Fletcher and Co-Chairmen Hastings and Bolton that they are in a tough spot. They are criticized if they do and criticized if they don't. Yet the fact remains and I think it is recognized everywhere that none of these three has taken a positive position nor has he initiated any constructive effort in behalf of his party's political future.

From among Republicans who yet remain in congress, I have picked up much private discussion indicating fear on their part that the Republican party management is faced with an upheaval equivalent to the Roosevelt New Deal among the Democrats unless the party leaders awaken from their unperturbed sleep. The point made most frequently is that President Roosevelt actually has inaugurated his campaign for re-election, and the Republicans are doing absolutely nothing about it. It is well to recall that Postmaster General Farley is planning to retire—just when nobody knows—to devote his attention to his other job which is chairman of the Democratic national committee. This information can be construed in only one way now that Mr. Fletcher is getting ready to take his seat again at the helm of the campaign machine. Some of the smarter Republicans insist that this should be notice to the guiding lights of their own party to begin construction of political trenches.

Something may come of the Republican sectional meetings now being planned. It is just possible that out of these group discussions may be evolved some national program, or the makings of a national policy. It is likewise possible that from these group discussions some individual may arise who would be a worthwhile leader for the party against Mr. Roosevelt next year. To date, according to all of the information I can obtain, that leader is not in sight. Senator Arthur Vandenberg of Michigan, who was re-elected to the senate last year in the midst of a Democratic landslide, has been suggested. On the other hand, wise politicians tell me that because Senator Vandenberg has been mentioned thus early, he is likely to be out of the running when the convention time comes because in politics it is the early bird who catches the worm.

But to forget the weaknesses of the Republicans in leadership does not cause one to forget the palpable failure made by those in charge at present. So far as the public record shows they have taken no advantage whatsoever of vulnerable spots in the New Deal armor. No administration has been or can be perfect. President Roosevelt does not claim that his New Deal is perfect. He has gone so far as to admit failures in certain of his countless experiments. It is possible that the Republican organization has made note of these failures but it can be stated as a fact that they have made very little use of them by way of political attack.

### Criticize Leaders

The effort to tax income from these securities has been worked out in a fashion that is better illustrated than defined. Assume that a corporation had invested a large portion of its surplus

### Hardin Demo. Club Studies Patterns Wednesday, April 24

The Hardin Demonstration Club met at the club house in Hardin Wednesday afternoon for a foundation pattern demonstration conducted by Miss Bessie Lee Sikes of Wichita Falls. Miss Sikes pointed out how foundation patterns could be used for knitted and crocheted uses, and showed the club the method of construction of and finishing of stout and slim patterns, often sleeves, Bishop, Dolman, and slits, and pajamas and shirts. The demonstrator also explained blocking of shirt patterns by the club under her instruction and guidance. The actual construction of a sleeve board and a basting was shown by the instructor. In the business session Mrs. Exacted as secretary and Mrs. Bookman presided. The group decided to sponsor a subscription campaign for the national magazine "The Farmers Wife." A letter from the State Senate was read in reference to the appropriations for subsidiary colleges to A. & M. These present were: Mesdames H. Eley, J. A. Johnson, Hugh Jones, L. Smith, F. O. Minick, J. H. Gately, Edith Goodlet, Fred Brookman, J. C. Muller and Miss Bessie Lee of Wichita.

Another trouble with America is that there are still too many men who think it's a disgrace to get corns on their hands.

### Miss Henry Hostess To Wed. Fun Club

Miss Pauline Henry entertained the Wednesday Fun club last week with a lovely three course luncheon at the Town Tavern in Wichita Falls. Each plate was decorated with a favor of a corsage of sweet peas and roses. After the luncheon the party attended a theatre in Wichita and were treated by the hostess after the show.

### Auxiliary News

Preparations for Poppy Day, to be observed here and throughout the nation Saturday, May 25th, went forward rapidly today with the arrival of the memorial poppies at American Legion Auxiliary headquarters. The little red flowers, 500 of them came from Veterans Hospital at Legion, Texas, where they were made by disabled war veterans, comrades of the men in whose honor they will be worn.

The poppies are being counted and arranged in readiness for distribution to the Poppy Day workers who will offer them on the streets May 25th, to be worn as a tribute to the World War dead. All work in connection with the observance is being carried out by volunteers so that every penny received as Poppy Day contributions can go into the welfare funds of the Legion Auxiliary.

"The poppies are paper replicas of the wild European poppies which bloomed along the battle front and in the war cemeteries during the World War," Mother Majors explained. "It was this flower, growing between the rows of wooden crosses above fresh battle graves, which inspired Col. John McCrea to write his famous poem, 'In Flanders Fields.' The flower is now recognized throughout the English-speaking world as the symbol of World War sacrifice.

"Each of the little red flowers has been made by hand by some disabled veteran in need of employment. For each poppy the Auxiliary has paid its maker one cent, enabling hundreds of veterans to support themselves and families through the winter and spring. Approximately ten million of the poppies have been made this year, meaning earnings of \$100,000 placed in the empty pockets of these disabled veterans.

"In addition to the earnings of the veterans making the poppies, the poppy funds bring aid to thousands of needy families of veterans throughout the year."

### VIVID SCREEN DRAMA DUE HERE TODAY

One of the most thrilling and colorful screen dramas of the year according to all preview accounts, will arrive today at the Palace Theatre when Fox Film's "Mystery Woman" begins an engagement of one day.

"Mystery Woman" offers an initial starring role to Mona Barrie, the glamorous and arresting young actress from Australia, who one year ago was brought to Hollywood by Fox.

In "Mystery Woman" Miss Barrie

plays an unusual role, that of a woman, young and beautiful, who is dangerous to men, dishonest with the world—yet true to love above all else. For a purpose kept secret from everyone, she sets out on a career of intrigue which leads her along devious and dangerous paths. At last she is triumphant, but only at the cost of many perils and the death of a man whom she has come to honor and respect.

### First Baptist Church Services, For Sunday

9:45 A. M. Bible School. The Bible School is under the direction of Mr. W. H. Cross, with an able corps of assistants and teachers, and there is a place for every member of the family.

11:00 A. M. morning worship. The pastor will bring a special message to church members at this hour. All the members of this church are urged to be present, and it is especially desired that new members who have recently come into the church be present, and a cordial invitation is extended the general public to be present.

6:45 P. M. Baptist Training Union. The leading nations of the world are thinking in terms of training for possible war. We have a place of training for Christian service, not to destroy men's lives, but to save them and grow them into useful Christian character.

8:00 P. M. Evening Worship. The pastor's subject for this hour will be "Unlimited Riches." This will be a message of vital interest to all who attend this service.

It shall be the purpose of the pastor, and the church to make these services inspiring and helpful to every one who attends them. A special invitation is extended those who have no Church Home in Burkburnett, to worship at the First Baptist Church.

### University Study Club Meets Wed., April 17

"Modern Art" was the subject of study for members of the University Study Club at the home of Mrs. Henry Prinzing on Second St., April 17.

Miss Norene Kirby, a guest, gave an interesting and instructive talk on the life and works of the eminent Mexican artist, Diego Rivera. She stressed especially his fresco paintings and gave a vivid description of his "History of Mexico."

Mrs. Duncan discussed modern American artists. She showed copies of some of the paintings of the most noteworthy, from Whistler down through the modernistic and impressionistic schools.

The life and works of the sculptor Gutzon Borglum, were discussed by Mrs. Bostic. She pointed out that in spite of his queer name, Gutzon (Good Son), Mr. Borglum is a native born American. She stressed especially his work and plans concerning the Stone Mountain memorial.

During the business meeting plans were made for sending a delegate to the district convention at Mineral Wells. Mrs. Prinzing was elected to represent the club, with Mrs. Taylor as alternate. The club voted to adopt a resolution to use, when possible, Texas-made products. Roll

call was answered by the name and a short sketch of a modern artist.

After the meeting adjourned, guests and members were invited from the living room to the sun porch, where attractively decorated tables awaited. Refreshments were served to three guests, Miss Kirby, Mrs. L. G. Hagard and Mrs. F. L. Pilkenton and the following members: Mesdames John Bostic, Ray Chrisman, H. Lee Clifton, J. H. Davis, C. J. Duncan, R. M. Gilchrist, W. R. Hill, George Kerr, B. F. Taylor, Joe Majors, J. M. Pogue, R. P. Reagan, I. D. Russell, O. C. Wills, W. D. Utts, Butler Westerfield, P. G. Williamson, L. N. Peyton and the hostess.

### Mr. and Mrs. Self Hostess To Skelly Club

Mr. and Mrs. John Self entertained the Skelly Recreation Club Wednesday night with a forty-two party at their home near Burkburnett. The high prize for the evening was won by Mrs. A. H. Bazell and Ed Stevenson. The low prize was given to Miss Netherland and Mr. Fewin. Those present were Mr. and Mrs. O. J. Ensy, Edward Stevenson, Robert Barnes, Ivon Friens, Fred Fewin, and Miss Netherlands and Cecil Todd.

### Mrs. Utts Hostess To Flower Club

The Garden Club were led in a discussion of the subject "Summer Flowering Bulbs and their culture" by Mrs. Lohofener at their meeting last Wednesday at the home of Mrs. W. D. Utts. Mrs. R. C. Tevis also spoke on the three leading types of chrysanthemums, and explained how they should be cultivated for the best blooms next fall. Mrs. Lohofener led the open forum discussing various subjects and questions related to spring flowers. Those present were: Mesdames John Bostic, A. B. Sandler, Paul Browning, J. C. Adams, Carl Morrison, A. H. Lohofener, M. W. Majors, Ross Reagan, Butler Westerfield, R. C. Tevis and Ray Hill. A flower exchange was held after the meeting.

change was held after the meeting.

You can't shed very many tears for the fellow who yells about high taxes and then goes out and bets on a horse race.

A gift prize will be given to  
everyone who enters a dress in the contest . . .

### Capitol News Letter

—by—  
W. D. McFARLANE, M. C.

**SOCIAL SECURITY BILL**  
The Republican minority of the House of Representatives was administered the soundest defeat of this session Friday, April 20th when the Social Security Bill was passed by the overwhelming vote of 372 to 33.

#### AID FOR DEPENDENT CHILDREN

The bill as it is being sent to the Senate contains a provision making an appropriation to help dependent children. The state plan must be state wide, administered by the counties and not be optional for each county whether or not it will give, but be mandatory on all of the counties. . . . The State must make a financial contribution. . . . No residence requirements shall be imposed. The Federal share shall not exceed \$6 per child, nor more than one-third of the monthly payments. An appropriation of \$24,750,000 is authorized by the government.

#### MATERIAL AND CHILD WELFARE

It also provides that the Federal Government will assist the States in promoting the health of mothers and children. The Federal government will allot money to the States on an equal matching basis (50-50) basis for this purpose. The State must meet certain requirements which will assure direct financial participation by the State and must provide the extension and improvement of administration services in areas which lack financial resources and among the groups in need of such special services. The appropriation authorized is \$3,800,000.

#### CRIPPLED CHILDREN

The bill further provides for Federal grants and aid to the States to help them extend and improve their services for providing crippled children with medical, surgical, curative and other services. Money

is to be allotted equally among the States on a 50-50 basis for that purpose. The States obtaining such benefits are required to do certain things construed to be in the interest of the objective. An appropriation of \$2,850,000 is authorized by the Government.

#### CHILD WELFARE SERVICE

There is another provision for an allotment of \$10,000 to the state for the protection and care of department, homeless, and neglected children, and children in danger of becoming delinquent; this section is restricted to children in rural areas. An additional allotment of money may be obtained in proportion to the rural population. An appropriation of \$1,500,000 is authorized.

#### PUBLIC HEALTH SERVICE

Only 528 of the 3,072 counties in the United States have full time health officers. Preservation of health is a prime necessity for economic independence since sickness is one of the major causes of dependency. A Federal grant is made to the States to encourage an expansion of the existing work of the Public Health Services and it should not be confused with health insurance. This part of the program was strongly recommended by the President of the American Medical Association, Dr. Walter L. Bierring, who testified before the Committee. For this purpose an appropriation of \$841,000 is authorized.

#### VOCATIONAL REHABILITATION

There is also a section of the bill providing vocational rehabilitation for those adults who are physically handicapped. Its purpose is to help them become self-supporting rather than remaining a charge upon the public. An appropriation of \$841,000 is authorized.

#### CONCLUSION

This bill is forward looking. It is not considered a cure-all or a complete measure for economic security. It will probably be amended greatly in the Senate as well as by future Congresses, since all legislation is amended from time to time after it becomes a law. It is, however, a beginning for an economic security that has been long overdue. It does not proceed upon a theory that the citizens should look to the Government for all but seeks to reduce dependency.

### NEWS OF WEEK

(A SUMMARY OF NATIONAL AND INTERNATIONAL EVENTS)

One of the most important stories breaking this week came from the national capital. The passage of the "Security Act" by the lower house ended one of the bitterest fights that congress has ever witnessed. A few months ago, it looked as if there was nothing in the world that would keep the Townsend act out of the bill. Now it has passed the review of our representatives without the inclusion of that portion. However, the bill does call for an old age pension, but the pension is on a scale that is much less ambitious than the noted Doctor's \$200.00 per month.

#### Condemning Germany

The condemnation of the recent alleged violation of the Versailles Treaty by Germany by the Council of the league of nation created another crisis in international affairs last week. Poland and Denmark were the only major nations, members of the council that did not sign the pact of condemnation. As usual, Hitler was in the drivers seat, and figuratively thumbed his nose at the council. However, his disregard was backed by one of the finest air forces in the world.

#### Passing of Passiveness

A small story that may be important in later world news development was the item relating to the more complete organization of the rebellion in India. India seems to be abandoning the passive policy achieved under Ghandi and is looking to more belligerent phases. If this is true, England will have to step lightly in Europe. She can't afford to divide her army between a major European struggle and civil war in India.

#### Japan's Earthquake

Japan had another earth-quake. Those who recall the horrors of the '22 disaster, wonder what the nation of small people think. Several hundred are dead. The common superstition in Japan is that when the nation does something that the sacred dragon does not like, the dragon stirs in his endless slumber ergo an earthquake. The politicians may make use of this disturbance to stir the Niponese to further chauvinism. That is they may tell the people that the sacred dragon desires a strong defense of the empire.

#### Making Faces

The most warlike gesture that our nations have ever made is under way on the Western coast. Almost 700 of the finest battle planes in the world are going through their warlike paces. United States is following the lead of other nations. It reminds a person of a bunch of children in the street making faces at each other. It seems that in this game diplomacy, the one that makes the ugliest face these days wins.

#### Bonus Deadlock

The President promised a sure veto of the present bonus bill, but he submitted a compromise that involves the issuing of bonds this year that will be cashable in '38. The veterans maintain that they will stand "pat" on the demand for the immediate cash payment by new money issue. Either the President or the bonus block will have to give some concession-maybe both, before it is over.

#### The Slippery Oil Fight Gets Harder To Handle

Mr. Ickes finds himself in much the same position as the cowboy that caught a wildcat when he tries to handle the oil situation. He can't turn it loose, and every day it is getting harder to handle. Several thousand Texans and equal number of Californians and Oklahoman's have sent him messages. Almost all of the senders demand a different treatment of the situation. Mr. Ickes wants to dictate. Texas delegation headed by the governor and attorney general says "No Sale". The solution of the problem concerns this part of our state more than any bill before congress at the present time. Every Burk citizen ought to think about it.

You can always tell which Burkburnett relatives are being helped by the others of the family. They are the ones, who are always mad or insulted about something.

A dead man was elected to office in Chicago. He might enforce the law better than some of the live ones, at that.

### "I HAVEN'T HAD A COLD IN FIVE YEARS"

"In the old days I used to dread the coming of Winter. I was always fighting colds—feeling about half alive—trying to keep my body warm and every nerve in me. . . .  
"Then I started taking McCoy's Cod Liver Oil Tablets. After a few days I was feeling like a new man. I started taking them five years ago and I haven't had a cold since that time.  
"McCoy's tablets put new life in folks; build up resistance so anyone can laugh at cold germs. They make weak, skinny people strong, steady-nerved and vigorous. They're wonderful!  
"Get the genuine McCoy's Cod Liver Oil Tablets from your druggist today. Don't waste money on imitations. Ask for McCoy's."

### Fairview Seniors Present Annual Play

The Senior Class of the Fairview high school will present the play "Eyes of Love" by Lillian Mortimer, a charming tale of a fathers love and a daughters devotion. The play is directed by Mrs. Randel Watkins and the entertainment for the evening will include several other interesting features gathered from talent of this district. The inter-acts include music by Miss Thelma Moss, Johnnie Minton of Electra, R. A. Brand and Clifford Stegall of Holiday, Mrs. Y. B. Akin and Johnnie Minton, and the Wild West quartet of the Lions Club of Burkburnett. The quartet is composed of Johnnie Anderson, Leo Foster, Ray Hill and W. D. Bent.

The cast that has been training for several weeks includes Virginia Bogy, Elva Stimpson, Marian McClarney, Simon Hanks, Geneva Hanks, Ada Marsh, K. Miles, Clarence Bridges, Bill Wells and Milton Winkles. The committee chairmen are Charles Morrison, Stage, Wessie Hearell, costumes; George T. Roberts, tickets; Ford Hearell, advertising; and Harlen Boyd, head usher. The play will be the high light of the year's entertainment and the school, and it is sponsored for the benefit of the graduating class.

### Produce Markets Steady During The Past Week

The produce markets in Burkburnett varied very slightly during the past week. The only major variation was in the market of cream and milk. According to the reports of the local markets cream dropped from 30 to 27 cents, or a net drop of three cents during the last seven days. Eggs held steady in all of the markets with average of 20 cents per dozen. Likewise the chicken market found no variation with a steady market price of about 18 cents.

Many a big shot doesn't feel successful if he can't go back and show off the old home town.

There's always something Senators are above poverty, dirt, hardship and the itch, but they have Huey Long.

### Burk Students On Honor Roll Of Denton College

DENTON, Tex., April 24—Two Burkburnett students in Denton Teachers College, Ruba Joe Wimberly and Richard Miller, have been placed on the honor roll of the college, being in the upper 13 per cent scholastically of the 1883 students enrolled, according to P. E. McDonald, Registrar.

There are approximately 100 students making six A's, four one B's, 19 making three A's, B's, and the remaining 80 students making an average of 13 per cent of the students.

Miss Wimberly and Mr. Miller besides making grades above average last semester, were in extra-curricula activities events, and clubs affairs of the college.

# BURKBURNETT MOTORS

Dodge and Plymouth Sales--Service Burkburnett, Texas

afternoon. The services were led with the song "Draw Me" and the devotional led by Cheney, who used the 12th chapter of the book of John for a text. The subject of the study "Be Strong Oh My Lord" led Mrs. M. E. Whitesides, who also re-acting in prayer. Other re-acting subjects discussed were: Pa- Mrs. H. Grace; Hope, Mrs. Majors; Knowledge, Mrs. S. Godliness, Mrs. Dot Busby; and Mrs. Cheney. The business session of the meeting was devoted to the discussion of the securing of the Mary Hardin-Belton for the group voted to sponsor a cookie passing as the means to bring the eggs to be sent to Buckner Orphan home to the ch at the all day meeting the Monday in May. These eggs be collected in Wichita where Mrs. Floyd Thompson present at the meeting.

#### THE LOCKET CIRCLE

The Locket Circle of the Baptist M. U. met at the home of Mrs. B. Hays Monday afternoon for business and study session. The motif of the program was the song "Love Lifted Me" sung by Hays. The devotional for the evening was led by Mrs. John Brook who read the 23rd and 100th for a basic text. After the reading of the minutes and the business session the meeting was converted into a study session. The group studied the problems of the contemporary and past mis- fields. The discussion was led by Mrs. Sam Davis who spoke on subject "Protestant Beginnings." J. A. Johnson spoke of the Bap- Fields of service, and dismissed the group with prayer. The mem- present were Mesdames Bun-

#### METHODIST W. M. U.

The Missionary Society of the First Methodist church met at the church Monday afternoon for the study of the first chapter of the new missionary course using the book "Orientals in America." This book deals with the study of the Eastern in the United States, and discusses the adjustments that they must make in coming to this nation, and the interest of the church in their welfare.

The first chapter of the book studied Monday, deal with the Chinese peoples. The initial chapter and the introduction served as a basis for Monday's study. The introduction was given by Mrs. M. A. Oyer. The discussion of the study was led by Mrs. Henry Prinzing, president of the society. The society will continue the review of the book at its study meetings until the problems of each immigrant oriental race is studied.

#### Six Burk Boys Go To Arizona Camp

Six boys of Burkburnett and the area will leave next Tuesday for the CC camp at Quanah. The boys have passed the preliminary examination and report to the Hardeman County camp for initial instruction. It is probably that the young men will be moved later to a camp in Arizona, where they will work in the drouth relief and sand erosion projects. The boys who are accepted are: Clarence Pendegras, Isson Middough, W. V. Goodlet, T. W. Smith, John Adams and Herman Brock.

It seems unfair to call the hog a hog. He never eats more than he wants just because he is eating away from home.

It was depressing last week to notice the pained expression on the faces of most of the husbands at the style show. Easter was so near that they already had in their minds many reminders that it was time for new spring frocks. Their memory received a severe prodding at the show. From the appearance of the ladies on the Easter parade on Main street Sunday the ladies won their point.

The men say "gossip" nearly every time they talk about women; but if the women could drop around some of the cafes about coffee time in the morning or afternoon, they would find out that the talent for talking is not confined to their own sex.

The women of the state of Texas are having an interesting battle fought in their behalf at Austin. There has been discrimination against women in the matter of jury service. Some of the politicians and lobbyists are trying to correct the situation.

We wonder why they call it Parent Teachers Association instead of Mothers and Teachers Association? We have never seen a father at one of the meetings in our ten years of reporting experience—unless he went there to sell something.

#### World War Exhibit Local High School

The History department of the high school is fortunate in receiving materials from the Historical Museum of the North Texas State Teachers College in Denton for use in their study of the World War. This is the third in a series of exhibits that the local students have been able to secure from Dr. J. L. Kingsbury, curator for the museum. The first two exhibits were from the Colonial and Civil War periods. These exhibits are loaned to Texas high schools where instructors in charge will take the responsibility of their care in being returned to the museum. Burkburnett, Fairview and Wichita Falls schools have been able to present these to students of American history during this school year.

In the present materials of the World War period, actual battle- field scenes are portrayed with startling reality. Complete uniforms for each rank of the American soldiers, caps of German and French soldiers, bayonets, and hand grenades are some of the fifty articles that make up this exhibit. One item of interest is a 1916 model German rifle captured by the Americans on the front; another is the complete gas defense equipment. Medals for different feats of bravery and valor; and other such items used by the various troops comprise the exhibit.

These are now being examined by the local students and will be on exhibit for one week, starting Friday. Any one in the city desiring to view these may do so at the high school building.

#### Rotary Club

The Rotary club heard an interesting debate on one of the most prominent social questions of this period Tuesday when four members of the club debated the question "Resolved that Negroes should sit on juries." The question of negro juries was brought into prominence recently in the U. S. Supreme Court decision reversing the Scotboro case on the bases that negroes had been discriminated against in the selection of the panel of the jury. In the discussion Tuesday Butler Westerfield and Dr. Ruel Slaughter upheld the affirmative case, and J. C. Adams and Alvin Hill presented the negative of the discussion. The judges were Barney Flynn and Roy B. Jones of Wichita Falls and held their decision until some future meeting of the club. The debate was thought provoking and occasionally humorous.

The club also had a sing-song contest with Butler Westerfield leading one group and M. C. Tucker directing the other. The members indulged in a classification contest on the order of an old fashioned spelling bee, in which each member was required to list the classification and name of the person sitting opposite him at the table. The program was directed by Deacon Thomas. Rev. L. G. Hagard will have charge of the program next week. The visitors from Wichita Falls were: Mack McClelland, Lester Boardman, Herb Voelcker, Barney Flynn, Roy Jones and Grady England.

and he urged a periodical examination for the control of personal infection. In connection with Dr. Rosenblatts talk, the announcement was made that the society would hold an examination clinic at the First Baptist church Wednesday afternoon.

The Lions accepted the invitation of the Chillicothe club to meet with the club there for an inter-city meet there May 2nd. There will be 30 Lions and their wives to make the trip from Burk. Johnnie Anderson of Burk and district chairman will appear on the program. The program for Tuesday night included a reading "Anti-over of Rail" by Miss Jean Wills. The report of the Easter egg committee by Lee Clifton and Chester Duncan indicated that over seven hundred children attended the annual celebration. The program committee for the evening was R. D. Owens, Carl Pomeroy and T. J. Blackwell.

#### Bulldogs Show An Improved Team

The football team demonstrated to a few faithful fans Friday afternoon that they had made considerable improvement since the start of the training season a month ago. However, there were glaring weaknesses that appeared in the various departments of play while the team downed the '34 team 12 to 0. The new Bulldogs aggregation developed a special weakness in plays at tackle on both the defense and offense. The squad, which contains only one returning man from last years starting lineup, is both light and immature, but there is a better spirit in the camp than has been evident in a local football training squad in a long time.

The victory featured two touchdowns that were the result of juicy breaks and heads-up playing. McKown carried over the first counter and Clifton eased the second goal over on a line smash on a last down play. The team showed evidence of plenty of talent, but they have a long ways to go to be ready for the district play next year.

#### Clara Aid Gives Two Plays May 3rd

The Ladies Aid Society of the Clara Lutheran Church will present two plays at the auditorium of the Clara school building May 3, at 8 o'clock. Each of the plays will be 40 minutes, and the first one is "Mrs. Jenkins Brilliant Idea," and the second, "How the Story Grew". An admission charge of 10c and 25c will be charged for the plays.

that his latest picture, "Life Begins At 40," coming next Tuesday and Wednesday to the Palace Theatre, is crammed with fun.

Rogers portrays a double-fisted, tender-hearted country editor who proves that the years after forty are the best and goes in quest of the fun-tain of youth. He launches a series of situations that smash the funny bone to smithereens.

"Life Begins At 40," relates romance of a young school teacher and a youth "railroaded" to prison. The shrewd editor brings to light facts that clear the boy, and stirs up a hornet's nest of fun in the process.

#### Fairview Girls Attend Convention In Corpus

Miss Lillie Mae Armstrong of the home economics department of Fairview left Tuesday afternoon to attend the State convention of the home economics students to be held in Corpus Christi, April 25 and 26. Approximately 1,000 students from all over Texas will attend the meeting. The annual style show was staged at the Fairview auditorium Friday afternoon with Miss Michie of Burkburnett and two assistants as judges.

Ruth Miller won first in the evening dress division, Anita Pharies, second; Lenora Podberger, first in Tailor dress; Mildred Morrison, second; Rosa Lee McCall won first in the judging of the best dressed girl for school and sport dresses. Mary Francis Goins won second in the same event. Those attending the convention are: Ruth Miller, Lenora Podberger, Rosa Lee McCall, Miss Armstrong, Mrs. Troy Miller. The party will visit San Antonio on the way back home.

#### Miss Mullins Honoree At Lovely Shower

Miss Connie Mae Mullins was honoree of a party announcing her engagement to Robert Getmany of Breckenridge at the home of Mrs. M. B. Riley Wednesday afternoon, April 17. The guests were greeted by the hostess and registered as they arrived at the party for the honoree's bride book. The coming wedding was announced when Miss Manilla Milford played the wedding march as Janet Riley and Mary Jane Prince entered the room dressed as bride and groom respectively and pulling a small wagon decorated and covered with gifts for the honoree. The groom presented the gifts to the bride who in turn presented them to Miss Mullins. The Easter motif was dominant in the decorations of pink and

#### Co. Demonstration Council To Meet In Wichita Saturday

The County Home Demonstration Council will hold its April meeting Saturday, April 27, at 2:00 in the Civil Service room of the Federal Building in Wichita Falls instead of at Iowa Park, and the Girls 4-H County Council will be held at the same place at 1:00 o'clock.

There will be a marketing committee meeting held at 1:30 in the Farm Home Makers Market on 10th and Lamar. Each club should have a woman to represent them.

Besides the routine of business to be conducted, Mr. O. F. Washam, Agricultural Adjustment Agent will explain the meeting of the A. A. A. This information in turn will be given in each community at the alternate meeting in May; therefore, it will be important for delegates to be ready to take notes on the information given.

Jerry: Goodness, Joe, this is not our baby! This is the wrong carriage.

Joe: Shut up! This is a better carriage.

**W. F. Kolter Rites Held Mon. In Burkburnett**

The funeral services of W. F. Kolter, 63, who died at the home of his son, R. R. Kolter, here Saturday afternoon were held at the Owens and Brumley funeral home Monday morning at 10 o'clock. Rev. Miles B. Hays, pastor of the First Baptist church, conducted the services. The burial was at the Burkburnett cemetery.

The survivors included the widow; three sons, R. R. Kolter of Burkburnett, R. K. Kolter of Tulsa Oklahoma, and A. W. Kolter of Wichita Falls; one daughter, June Kolter of Wichita Falls; two brothers, John Kolter of Stubenvilles, Ohio, and Gus Kolter of Rockford, Ohio; two sisters, Mrs. Joe Vorhess of Gridley, Kan., and Mrs. Minnie Hoch of Wapakenitia, Ohio. The pallbearers were: E. Jeffers, Joe Podbreger, P. D. Williams, Leo Foster, J. W. Allen, and D. E. Cauthorn.

**Federated Society To Hear Book Review**

The Federated Missionary Society of Burkburnett will hold the monthly mass meeting at the First Presbyterian church to hear the review of the Loyd C. Douglas book "Magnificent Obsessions" that will be given by Rev. J. C. Cook, pastor of the church. The book has become one of the best sellers and the most powerful novel of the last two or three years. It has been popular for review and pulpit sermons for several months. The meeting will include several other interesting program features and the regular business session of the society.

**RUPTURE SHIELD EXPERT HERE**

H. M. SHEVNAN, widely known expert of Chicago will personally be at the Kemp Hotel, Wichita Falls, Tuesday and Wednesday only, April 30 and May 1, from 9 A. M. to 5 P. M.

Mr. Shevnan says: The Zoetic Shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly but will increase the circulation, strengthen the weakened parts, thereby closes the opening in ten days on the average case, regardless of heavy lifting, straining or any position the body may assume no matter the size of location. A nationally known scientific method. No under straps or cumbersome arrangements and absolutely no medicines or medical treatments.

Mr. Shevnan will be glad to demonstrate without charge or fit them if desired.  
Address 6538 N. TALMAN AVE. Chicago.

**Hunters Kill 1,000 Pest At Rabbit Creek**

The Rabbit hunt at Rabbit Creek was pronounced a success by the sponsors last Monday when 1,000 rabbits were accounted for by the marksmen from Texas and Okla. The hunters started from the school house and covered over 17 sections of the territory. The meeting was initiated by the head of the department of Agriculture of Burkburnett, Jack Everheart, and sponsored by the farmers of the community.

Two hundred men from the two states participated in the drive. After the hunt they met at the home of Mr. Kincaird for dinner. The hunt was one of the attempts of the community to eliminate the pest that have been bothering the farmers of the district.

In the good old days around Burkburnett the groom's poverty was not much of a handicap because he didn't have to finish paying for a ring and a coupe.

The Wall Street gamblers are getting so depressed that the farmers will soon have to do something for their relief.

You need all FOUR of these features to get **CHEVROLET'S REALLY COMFORTABLE RIDE**

— and Chevrolet is the only car of its price that has all of them!

● The Master De Luxe Chevrolet is the only car in its price class that combines all of the following four great features: (1) It has *Knee-Action Wheels with soft-acting coil springs*, the only type of wheels that can step over bumps and holes and small road-irregularities, and change your ride to a glide. (2) It has *more weight, correctly distributed* . . . the extra weight so necessary to riding luxury . . . yet it's even *more economical* to operate than any previous Chevrolet model. (3) It has a *longer wheel-*

*base* . . . with 4 added inches of overall length . . . to give even greater road steadiness. And (4) it has *roomier bodies* . . . 2 inches wider and 4 inches longer than those of last year . . . enabling every passenger to stretch out and enjoy motoring to the utmost. You need all FOUR of these features to get Chevrolet's really comfortable ride . . . a ride as *exclusive to Chevrolet* as this vital combination of features which makes it possible! Be sure to see the Master De Luxe Chevrolet . . . and ride in it . . . before you buy your new car.

LET'S STAY ON THE JOB....

The City of Vernon has purchased for its modern municipally owned light and power plant another generating unit. The load on the plant is steadily growing, and additional generating capacity is necessary at this time. The City of Cooper is erecting a utility plant, the project to be financed by an issue of revenue bonds. This decision was reached following a favorable vote cast by the citizens.

Example after example could be quoted of the progress in municipally owned utilities. Every day some town is becoming utility-conscious, and doing something to further the cause.

The City of Burkburnett became utility-conscious early in the game, and established its municipal light and power plant. Its customers are increasing daily, a sign of approval. Continued loyalty to the project is essential, and every citizen should appreciate his opportunity to cooperate in supporting his light plant.
