TIME XXVI

BURKBURNETT, WICHITA COUNTY, TEXAS THURSDAY, JUNE 13, 1935

NUMBER 43

BEGINNING OF HARVEST CREATES ENTHUSIASM THROUGH TERRITORY

Initial Summer Program Presented By Chamber Of Commerce

Community Night a Success

Night's Program Enjoins Large Group of Burk Citizens

Despite the cool weather, the community night was pronounced an unusual success by members of the chamber of commerce. A crowd of about 1,000 people from all over the area gathered at the first free program held by the community. The program will be given every two weeks for the remainder of the summer and there will be similar programs carried on in the various communities in the trade territory. The program was very popular and the performers were generous in their appreciation of the community. The program started with a concert by the Cow Boy band, followed by the formal appearance of the community for this year. Herndon, secretary of the organization acted as chairman of the program. The popular Wildcat quartet, organized and sponsored by the Lions club, won the hearts of the large audience. The quartet's performance was very popular and they sang and danced themselves with a flourish. Rufus and Pete Welborn played a series of guitar and piano. Virginia Vaughn read "Eddie Sims" string band program with a number of songs.

Programs that will be presented in the trade territory will be to create good will for the community. The band performers that have appeared locally will accompany the speakers on the tours. The program presented will be free and talent will be used for the programs. The program was very popular and the performers were generous in their appreciation of the community. The program started with a concert by the Cow Boy band, followed by the formal appearance of the community for this year. Herndon, secretary of the organization acted as chairman of the program. The popular Wildcat quartet, organized and sponsored by the Lions club, won the hearts of the large audience. The quartet's performance was very popular and they sang and danced themselves with a flourish. Rufus and Pete Welborn played a series of guitar and piano. Virginia Vaughn read "Eddie Sims" string band program with a number of songs.

Community Night a Success

Event Will Be Presented Saturday

Community night will be held at Main Street and Avenue D. This week.

CROWD EXPECTED

Community night has become a popular institution in Burk Burnett and will be presented for the first time next Saturday afternoon at 4:30 o'clock at the corner of Main Street and Avenue D. A large crowd is expected.

WORKERS AND CITIZENS OF BURKBURNETT EXPRESS INDIGNATION AT STORY

A story of indignation was aroused in Burk Burnett after the article in the paper stated that a lone farmer had not been able to secure a permit for the local area for \$1.50 for the noon meal. Immediate action in the local area was taken and 60 men signed a petition stating that they were willing to work for the local farmer, Mat Riley, that he could not be able to do the labor, stated Wednesday that he had hired a man and could have secured a permit in Burk if he had needed it further said that he had signed the statement.

Some fifty laborers of Wichita visited Burk seeking the farmer who issued the permit. So far no one could be located who had released the story. The Wichita men called on the office, including Harvey Alexander, Horace Al-

BURK PEOPLE AND FIRMS RESPOND GENEROUSLY TO THE LIBRARY DRIVE

Committee Works Diligently To Complete Goal Set Last Week By Board

\$750.00 ASKED

Entering into the drive with an enthusiasm that has become characteristic to community projects in Burk Burnett, the citizens and the firms of the city responded generously to the initial drive of the library campaign. The drive started last Friday with a breakfast at the Scruggs Cafe, and Oscar Kemp, mayor of Burk Burnett, acted as chairman of the meeting. The committee of fourteen workers organized the detail of the campaign and divided the group into teams. The spirit of competition was created between the teams and each of the groups attempted to bring in the highest amount. The city was divided into sections and teams assigned to definite areas. The response to the workers was more than satisfying in most of the business places and homes.

The goal of \$750.00 was not achieved, but the survey that will be completed this week will clean up the amount that remains to be pledged. There are several business men and individuals that have not been contacted, and the committee hopes to complete the drive with the meeting of these men.

The committee met at the same cafe for the noon luncheon and report. The examination of the pledges encouraged the committee and the afternoon drive then completed the first survey of the city. The committee met again Monday afternoon at the library to plan the clean-up campaign.

The Committee
The drive committee was: Oscar Kemp, chairman; Mesdames W. M. Majors, J. M. Thomas, P. G. Williams, Sherman Crissey, S. E. Marchand, Henry Porter, A. B. Sandier and A. R. Hill; Herman Brown, R. P. Reagan and Jack Brumley.

Pledges to the library fund 1935 to June 1936 were:
Rexall Drug Store, Betty Anne Bakery, Campbell Filling Station.

Theives Raid The Household Appliance Store In Burk Burnett

The Household Appliance store in Burk Burnett, agent for the Electro-lux refrigerators was entered Monday night, and about \$11.00 was taken along with a purse kept in the desk of the firm. An undetermined amount of money represented in checks was also pilfered. The robbers entered the store via a front window that had been loosened, and escaped leaving very little indication of the work that they had done. The local police were investigating the case Tuesday.

Patronize The Firms That Support Your Town

When a community is obeying the instinct that is as old as humanity and is attempting to save its own life, it is natural that we should keep our chin up and fight with a courage that has always characterized the race. Therefore, when we find the welfare of our city threatened by the deliberate, if not malicious, disregard by organizations that have eliminated the human element in their calculations for profit, it is natural that as decent citizens interested in the life and welfare of the citizens that we will fight.

Society was organized primarily for the purpose of protecting the mass against the selfishness of any individual or small group of individuals. In order to balance our lives, we have organized to provide social, cultural and economic benefits for all. It is expected that every person or business that derives gain from our community shall support these movements. To do otherwise is the evidence of selfish greed.

One of the movements that was initiated for the purpose of bettering the community was Teraser Day. Along with the community programs, the band, library, the softball and other projects, it helps to make our city a better place to live in and do business.

Last week we ran a front page editorial protesting the selfishness of the organizations which did not join this movement, but derived the benefit from it. The reaction of some of the persons criticized was pathetic or even bathetic. The A & P have been especially bitter about the story we ran. A few days afterwards, their representative came to the office. He said that he had finally gained permission to join, but now would not do so. On the very face of that argument, the protest is weak. They had been given ten weeks to make up their mind, and even after NRA was dismissed, they were given two weeks to join. We notified them to let us know by last Wednesday. They were completely silent. Now after they have been pointed out, they protest that given a little more time (ten weeks is not enough) they would have helped us.

At the office of the C of C they asked how much the Chamber of Commerce had to do with the article in last week's paper. The Chamber of Commerce reported that they had nothing to do with it, but that they were one hundred per cent back of the Teraser Day and that they believed it to be the best thing possible for the community.

Parker Grocery and others still have failed to line up. They continue to draw the benefit from the crowds that Teraser Day brings to town, and still remain outside of the organization. We don't believe that a community will support an institution that disregards the community welfare to that extent.

ACCIDENT TAKES LIVES OF THREE BURK PERSONS

H. O. Schroeder, Mrs. Bruce Palmer And Mrs. Maye Warren Killed In Wreck At Jacksboro

TRUCK SIDE SWIPED

For the second time in three weeks Burk Burnett has lost several of its citizens in an accident, when the car of Mr. Bruce Palmer, employee of the Burk Burnett Motor Company, was side-swiped near Jacksboro, Saturday night an dthree Burk people instantly killed. The dead are: MRS. MAE WARREN, 26
MR. H. O. SCHROEDER, 30
MRS. BRUCE PALMER.

The details of the accident indicate that the local people were crowded off of the highway by a truck, the driver of which has not been located, and the car, a 1935 Plymouth, was completely demolished. Mr. Schroeder and Mr. Palmer have been employed for sometime by the Burk Burnett Motors company, sales agents of Plymouths and Dodges in Burk Burnett. Mrs. Warren was a beauty operator in Burk Burnett for some time. The bodies of Schroeder and Mrs. Warren were brought back to Burk Burnett Saturday night, and were given burial here Monday. The late Mrs. Bruce Palmer was buried in Arlington near home of her parents in Webb, Texas.

Bodies Mutilated
The bodies of all three of the wreck victims were badly torn and the body of Schroeder and Mrs. Warren were torn in several places. Mrs. Palmer was the least battered of the trio.

The funeral services of Mrs. Warren were held at the First Baptist church Monday morning at 10:30 with Rev. Miles B. Hays, pastor of the church in charge of the ceremony, and the Owens and Brumley Funeral home directing the services. The survivors are two small children.

(Continued on page 4)

Congressman Speaks

Congressman Martin Dies

Congressman Martin Dies of Texas, who will speak under the auspices of more than 100 patriotic societies on the night of June 21, from 9:30 to 10 p. m., over the National Broadcasting System. Congressman Dies will plead for immediate passage of his bill to permanently stop immigration from every country, deport the 3,500,000 aliens which he says are unlawfully in this country and give to Americans all jobs from which, Dies claims, 6,000,000 aliens are deriving their livelihood in this country. Some four or five million members of these patriotic orders will be listening in.

Methodist To Start Meeting Sun, July 7

The First Methodist Church of Burk Burnett will start the summer meeting at the church lawn on Sunday, July 7, according to the announcement of the pastor, Rev. L. G. Hagard. The preacher for the campaign will be Rev. T. L. Huffstutler, pastor of the First Methodist church at Commerce, Texas. The meeting is being arranged and an intensive campaign of preliminary organization will be made. The speaker is recommended as one of the most able in the church.

GREATEST WHEAT CROP IN YEARS STARTS WITH FIRST LOAD MONDAY

Pat Allen Tells Lions Club About Conditions In Jail

Sheriff Explains The Segregation Of Prisoners To The Local Luncheon Club

KANGAROO APPROVED

In a speech explaining the conditions and treatment of prisoners in the county jail, the county sheriff Pat Allen, explained the technique of caring for prisoners at the Lions Club Tuesday night. The sheriff also paid a glowing tribute to Bill Garland, who was recently killed in the bridge disaster.

In explaining the segregation Mr. Allen said that the prisoner or offender was separated according to his offense and moral principles. There are four sections in the jail, and each section contains a different class of men. There is also a separation of the race, to prevent a race conflict. The monkey cage is an isolated cell where incorrigibles are placed when they fail to respond to discipline.

Mr. Allen said that the kangaroo court was necessary under the present system of jails. It is used to keep the prisoners disciplined and administered by the fellow prisoners. Most of the rules that the court enforces have to do with sanitation and behavior while the men are in the various "can" in the jail proper. The men do administer punishment such as whipping and fines, but the discipline would be impossible without this type of organization.

This defense of the system interested the club since the recent criticism of the system had established a serious movement for the elimination of the type of court. The public opinion has been developing against the type of discipline. The explanation of the sheriff showed the members why the court must exist. He urged a closer cooperation between the citizens and the police and the various peace officers. The speaker stated that the morale of the peace officer was increasing.

M. R. Hewell Brings In Premium Load To Local Market Monday Afternoon

FIRST GRADE WHEAT

Mr. M. R. Hewell, a farmer that lives southwest of the city brought the first load of wheat for the year 1935 to Burk Burnett, Monday afternoon at 3 o'clock, and started the movement of one of the greatest wheat crops that the area of Burk Burnett has known for many years. At the start of the season, it appeared that the local area would have little or no wheat at all, but the recent rains brought out the fields, until now it is impossible to estimate just how much grain will be grown in this area.

Mr. Hewell's wheat was graded and tested number one, and according to the report the yield on the 42 1-2 bushels brought in is slightly more than 24 bushels per acre. This unusually high yield will not hold up all over the area. Rather the average will run from 15 to 17 bushels per acre.

Premium
The wheat received a premium of 10 cents per bushel, and sold for a total of 85 cents the bushel. This was seven days later than the first load of 1934, when Will Teal brought in a load on June 2 last year, and he received 77 cents plus premium for his wheat that was graded number 2.

The result of this movement that starts through the local branch of the Wichita Mill and Elevator will cause the greatest optimism that the local business men have known for over a year. The sale and movement of the wheat will bring into the city the largest sum of money that has been brought by a single event in several seasons.

The area across the river from Burk Burnett is reported as having a similarly large crop for this year. With the crop in the river bed reaching almost bumper proportions. Much of this grain and the resulting funds will move through Burk Burnett.

Library Secures Ten New Books For Rental Shelf Wed.

The library secured ten new books for the rental shelf Wednesday. These books were purchased out of the book fund, and will be placed on the free list as soon as the pay out. They are rented at 5 cents per day. The list includes: "Come and Get It," Edna Ferber; "The Golden Piper," F. A. Kummer; "The Thin Man," Dashiell Hammett; "A Five Foolish One," G. H. Carroll; "Hornet's Nest," Helen Ashton; "Pylon," W. Faulkner; "Out of Mind" Rachel Field; "The Thunder Mountain," Zane Grey; and "Walk With Care," Patricia Wentworth.

President's view of the NRA is that it was justice tempted with mercy with the last two words omitted.

Employment Office Opened Here Thurs.

H. D. Smith received instructions Wednesday to open employment offices in connection with other work at the relief offices Thursday morning at eight o'clock. All employable people on the relief role must register, and any other person that wishes to, and is not employed may register.

The business men and the farmers have been asked by the government to cooperate with Mr. Smith and list number of men desired for the work in this section. This is an attempt to cope with the situation as fast as possible.

RED RIVER BRIDGE COMPLETED ON LAST WEDNESDAY FOR LEGAL LOADS

For the first time since May 18, the Burk Burnett - Oklahoma Red river bridge was opened to all kinds of reasonable traffic Wednesday afternoon. The construction was completed on the temporary structure after two weeks of intensive work by the contracting company, and the total cost of the structure was slightly over \$4,000.00. The bridge has been out of service since the tragedy of May 18, that took the lives of four of Burk Burnett's prominent citizens.

The bridge is swung to the West side of the concrete structure, and is composed of wooden piling and planks. The timbers are heavy, and the constructing solid. There has been a small 12 foot shoe-fly structure that has been in use since last Saturday. This will be abandoned, and the double bridge will be used by all traffic. Under the small

structure, only passenger cars could pass.

The completion of the temporary structure came at a fortunate time. The wheat and oats are beginning to enter the local markets, and now that trucks can pass over the bridge the farmers of the district will be able to market in Burk Burnett.

The tourist trade that has been routed around Ringold, will resume its normal course in the next few days. The structure is 320 feet long, and over 100 piling have been driven by the contractors in its construction. This construction has become the most important event in the program of Burk Burnett. The local city has keenly felt the absence of the friends across the river, and every courtesy possible will be extended to the visitors in the following weeks.

THURSDAY, JUNE 12, 1935

ACCIDENTS

Are we paying a price that is too high for the speed that we gain in the use of cars? This community has suffered severely in the loss of three of its citizens. Nothing can ever convince the families of these people that the bitter tribute that they have made to the God of traffic is justified.

A GENEROUS RESPONSE

Last week this paper ran a story and an editorial urging the people of Burkburnett to respond to the Library Campaign. We wish to compliment the library organization and the whole city of Burkburnett for the excellent reaction to, and organization of the drive.

If each of the persons who have donated could see the enjoyment and benefit that the clients of the institution receive from the establishment, they would be completely satisfied that the investment that they have made in the community project is a sound investment.

This project is completed, or at least only routine work remains, yet we feel that many persons in the community have in their personal libraries and home books that they do not use and will never use.

A GOOD GRAIN CROP

There is every evidence possible that we will have a good grain crop, almost a bumper crop in this area. This is the best thing that has happened to our community in many years.

Now, even in the face of the tragedies that have caused our hearts to be heavy, there is an elation among the farmers and business men that is surprising. That has been the history of this section of the state.

We believe that this community is headed for good times. There will be a natural upturn in business, following the national and international upturn that is easily evident.

Wesley M. E. Bible Class Meets Thurs.

The Wesley Bible class of the First Methodist church met at the church Thursday, June 5, for the social and business session of the organization.

The special hour program consisted of: Reading, Verna Joe Pogue and Martha Joe Oyster; reading, Jean Willis; reading Ruby Nell Russell; piano number, Dorothy Hagard; reading, Velma Jean Pogue; reading, Martha Joe Oyster, and piano number, Mrs. Geo Kerr.

Refreshments were served by the hostesses to Mesdames Jim Pogue, Louis Peyton, J. M. Thomas, Carl Morrison, Scott Williamson and F. L. Pilkerton. Those present were: Mesdames H. W. Prinzing, C. R. Miller, F. L. Pilkerton, Roy Alexander, J. L. Caffey, R. J. Kelly, W. S. Duncan, W. S. Duvall, W. G. Stripling, Jane Duvall, Lillie Green, M. E. Prinzing, Clyde Elder, E. Jeffers, Ray Thompson, H. M. Rhodes, O. C. Wills, L. G. Hagard, E. Geo. Kerr, Jim Pogue, M. A. Oyster, W. R. Hill, P. H. Robins, B. F. Taylor and Miss Dorothy Hagard, and those appearing on the program.

Mrs. Peevey Hostess Of Busy Bee Class

Mrs. D. R. Peevey was hostess of the Busy Bee class of the First Presbyterian church Thursday afternoon, in the social and business session of the organization.

A delightful salad and ice refreshments were served to the members and visitors. The members present were: Mesdames Johnnie Anderson, Jud Exley, J. M. Patterson, P. A. Wiggins, D. R. Peevey, Anthony, Jessie Jones and Station. The visitors were Mesdames B. F. Gilchrist, Kerr and Green.

It is evident that more and more Burk women do the bossing, for fewer men now spend Sunday in their undershirts.

Burkburnett points out that those who are getting federal relief average about \$28 a month, unless you count the relatives of congressmen.

Current Literature

Paul Horgan won the affection and interest of the many of the American readers when his prize winning novel, "No Fault of The Angels" was published. But the second novel, "No Quarter Given" seems to be a more completely artistic thing.

At the same time it is difficult for a person to write about people of artistic temperament and ideals with such technical perfection. The name of the book is perfectly chosen. Life gives no quarter and respects no person, regardless of ability and wealth.

The story of the novel is that of a young ambitious and talented genius, who is trying to finish his great composition, "A Symphony". The writer evidently knows music, and knows the ravages more cleverly than any person that we have read this year.

You must read this book. It is in the Burk library on the rental shelf.

Many people will be interested to know that Loyd C. Douglas, author of "Green Light" and "Magnificent Obsessions," will have another book on the market about September or October.

"The Cluck Abroad," isn't the type of book that I would recommend for children, nor for narrow minded people. However, this story of the Mid-Western librarian, that finds romance abroad, is exceedingly done and exceedingly interesting.

Interesting facts about writers. Harold Bell Wright has written thirteen novels since the doctor told him that the one he was writing 20 years ago would be his last.

Only 15 writers earned more than \$25,000 in the whole world last year. The average earning was \$2,143.00 for the major writers.

O'Henry (Porter) died owing \$37,000 worth of advance money on manuscripts that he had contracted to write.

Betty Anne Truck In Slight Accident

Mr. Reger of the Betty Anne Bakery was bruised Monday morning when the truck of the Bakery, in which he was riding was forced to leave the road in order to avoid a collision.

SOFT BALLERS RESCIND ROOKIE RULE SATURDAY

The soft ball association met at the city hall Saturday night for a session called by the executive board, and the body took from the rules the petition rule passed Friday to allow three boys under 21 to play with each team.

The three rookie rule was adopted Friday after five or six team managers had signed a petition circulated by one or two of the team members. After a brief life, the rule caused such bitterness and misunderstanding the league executive called a meeting at the city hall Saturday night.

The league then discussed the situation of allowing the players of other teams in other leagues to play with the local league. A motion was introduced to exclude members of leagues in other cities from playing in the local league.

The secretary of the league, Curtis Cook, announced that the score of the teams would not be entered into the records until they had been reported to him officially by the managers of the teams.

News of Week

Holding Companies The fate of the Holding Company law, that is aimed at the utilities, seems to be in the hands of the amendment makers. Since it was brought out of the committee last week, it has had over 70 amendments. Many of these cripple the original power, and some probably will be taken from the bill in the conference between the houses.

14 Must Bills The president calls for 14 bills of the NRA. They include: temporary NRA, Omnibus banking act, TVA act, social security, Wagner Bill, coal bill, AAA amendments, oil control, Federal alcohol control, nuisance taxes, Bankhead amendments, federal money used only to buy from fair companies.

If all these pass, and there are a few more, the power of the NRA will be saved without the code making power. That will mean a wholesale regulation without interference in some of the more irksome departments.

French and British The same situation has arisen in Europe as that one which happened in 1914. The French and British cabinets have fallen into disarray and discard at the same time. The coincidence of these nations fall at the date. The coincidental failure of the two governments makes a historian pause to think if it is a sign of a restlessness which existed in the critical year of the war.

France tries several combinations. England will have to hold an election before a stable government is formed. The temporary government will never stand. The minister is now Stanley Baldwin. England. The fact that Baldwin given a special cabinet post for him means a more progressive foreign policy. He is the ablest diplomat in Europe, with the exception of Norway.

France will strive to form a city under Pietri. We doubt much that he will be able to in formation of a permanent government.

PEACE

Deeper Than Vision Surface disturbances, in a daily tranquil pool, will seldom disturb the depths. So in the performance of our professional vices, the depths of dignity, beauty for which our service have achieved an enviable position remain undisturbed.

Figures that Prove Banking Efficiency

Not many people realize how economically banks serve them...

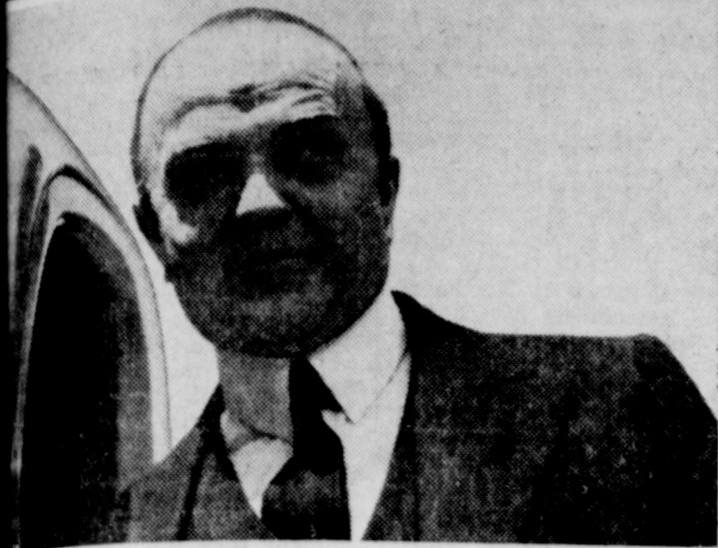

According to figures recently published by the Post Office Department, it costs the Government an average of 14 cents for every money order issued.

Banks are nearly three times efficient. The average cost of them for a check drawn and paid is only five cents.

Nothing could show more convincingly how banks serve their depositors with a minimum of waste and expense.

to 5 more miles per gallon of gas than they do, and my oil costs are as much as 20% less." Wherever you go, the story is the same. Owners are simply amazed at Dodge economy. And yet that's only one of its advantages. You, too, can enjoy the extra roominess, comfort and luxury of this big, sturdy Dodge—for a trifling few dollars more than the lowest-priced cars. List price now only \$645 and up at factory, Detroit.

g Rabbit Creek

June 9, 1935

skies cloudless at this writing is a good indication that my spell is over for a while. All of the farmers are that it will be nice weather days or longer so it will improve to get their grain cut and shocked.

coming week will see from two binders in the fields wheat and oats. The writer this writing a binder cutting in Mr. John Griffin's field. Of course all of the farmers on this side of the big away behind with their due to so much rain in the had had to plant their cotton staff over so many times. beds are growing faster than are. Two or three weeks

dry weather would mean a lot to the farmers now.

The farmers this year in cutting their oats, the majority of them is cutting their wheat and oats just too green is the opinion of the writer as lots of the oats that is being cut and shocked is just in its milk. Good oats that's cut in that stage won't thrash out hardy at all, and they shrink up over a third before they are thrashed.

Mrs. George Stringer's daughter, Miss Helen, underwent an operation for appendicitis the first of last week at the Catholic hospital down at Wichita Falls. The last report that the writer received was Saturday evening that Miss Helen was doing as well as could be expected. It's hoped by her host of friends that it won't be but a short time until she will be able to come home.

Mrs. Edward Owens accompanied

Mrs. D. C. Jones and her daughter over to Burkburnett Saturday, in Mrs. Jones' car. They report that the streets and sidewalks were jammed with people for the Treasure day event. Lots of business and lots of money.

Mrs. D. C. Jones, advised the writer that her son Mr. Keeble Jones, who has been very poorly since last spring with the rheumatism is slowly improving. She says that Mr. Keeble's arms and hands are swollen pretty bad yet. His many friends are wishing for him a speedy recovery.

Mrs. W. H. Williams, who lives down on the Red river bottoms received a letter from some of her relatives one day of last week stating that her sister had passed away, May 23. The deceased lived up in the north part of Kansas. Mrs. Williams didn't go to the funeral of her sister as she didn't receive word of her passing in time.

W. A. Wilson and his son motored up to Lawton, Okla., Saturday morning.

Mr. and Mrs. John Ashton and daughters were shopping over in the big oil city of Burkburnett Saturday afternoon.

The writer has been informed that some few farmers in the Rabbit Creek community will have from 30 to 75 acres of their cotton and nearly the same amount of feed stuff to plant yet.

Mr. Will Linsky just finished Saturday evening cutting 20 acres of oats and 10 acres of wheat for Mrs. D. C. Jones at \$1.00 per acre. Bro. Will done Mrs. Jones a good in cutting her grain.

The little boy of Mr. and Mrs. Robert Thornton who was bitten by a Sheppard Mad-Dog is getting along fine the last report that the writer had a few days past.

The other mad-dog victim, D. L. Alexander who was also bitten by his brother's dog is also getting along nicely.

Dr. Mosley, of Temple, Okla., was in the town of Randlett Thursday, vaccinating dogs from rabies. Hawkeye took his black Belgian Police dog and had him vaccinated, and got a tag.

Mr. Johnnie Mouser was on the sick list all Saturday night and part of Sunday morning, but at this writing, if no complications set up

he will be ready to go to work Monday morning. Johnny just had a touch of the Tummy Ache.

The Owens' called on Mrs. Fred LaBarre and her son Edward Sunday afternoon and spent a very pleasant evening.

There are only two reasons for worry. Either you're successful or you are not successful, and if you are successful there's nothing to worry about.

If you are not successful there's only two things to worry about. Your health is either good or you're sick, and if your health is good there is nothing to worry about.

If you are sick there's only two things to worry about. You're either going to get well or you are going to die. If you're going to get well there's nothing to worry about.

If you're not going to get well, there's two things to worry about. You are either going to Heaven or you are not going to Heaven. If you are going to Heaven there's nothing to worry about.

And if you are going to the other place you'll be so busy shaking hands with your friends you won't have time to worry.
So Why Worry?
HAWKEYE.

Card of Thanks

We wish to express our appreciation to all of our friends and neighbors who were so kind to us in our recent bereavement, in the loss of our loved one. We wish to give special thanks to the members of the Rebecca and Odd Fellow lodge, and to those who sent the lovely floral offerings.
(Signed)
John Self and family.

Judge Vance Is Honored Sunday

Judge W. T. Vance, justice of the peace of the Burkburnett precinct was honored in special celebration by his children and grand children Sunday on the occasion of his 69th birthday. The veteran justice has been a resident and prominent citizen of this city for 20 years, and he originally was from Mississippi. He is serving now on his third term in the present office of peace judge of the precinct. The children attending were: Hammett Vance and wife of Wichita Falls; Mrs. Edith Goodlett and sons, and Mrs. McNeill and family.

Polly Wiggins, Mildred Kemp, Ruth Jeffers were among those attending the Galveston convention of the Rainbow girls.

LOW

long distance night RATES BEGIN AT 7 P. M.

Heretofore lowest rates on "station-to-station" calls were available at 8:30 p. m.

Now—beginning June 1—this reduced rate period has been advanced to 7 p. m., a more convenient hour at which to call. These low night rates are about 40% less than corresponding charges in the daytime.

There is no reduction on "person-to-person" calls. As formerly, rates for these are the same at all hours. Southwest-ern Bell Telephone Co.

11th Treasure Day—

**Smith-Patterson
Wedding At Walters
Sun., Evening June 9**

Freda Smith, daughter of Mrs. B. E. Smith of Snyder, Okla., and Horace Patterson were married at the First Baptist church in Walters, Okla., Sunday night at 7:30 with Rev. J. T. Jones, pastor of the church officiating. Mr. Patterson is the son of Mr. and Mrs. J. M. Patterson of Burk Burnett. The young couple were accompanied by Mr. and Mrs. Roy Carlton of Burk Burnett, who attended the ceremony at the church.

The bride is the daughter of Mrs. B. E. Smith of Snyder and has been living in Burk Burnett for sometime. She attended school at Snyder and at Stamford, Texas. The bridegroom is a graduate of the Burk Burnett high school, and attended Draughons Business college and later attended the University of Oklahoma. At the present he is associated with the Barrow-Grace Chevrolet company in Burk Burnett.

The young couple will be at home in Burk Burnett.

**Smith Apartment Is
Remodeled This Week**

The apartments of Mrs. J. A. D. Smith have been in the process of remodeling. The apartments are being repainted and repapered down stairs, and the apartments will be in excellent condition. This work will be completed in the near future, and make the apartments even more attractive.

**Mayor Thanks The
Oklahoma Citizens**

Mayor Oscar Kemp called the attention of the Star to the recent resolutions of thanks issued by his office, and pointed out that the citizens of Oklahoma that helped in the search for and finding of the bodies had not been specifically mentioned. However, the Mayor said that he wished to express a special thanks to these people. In the general excitement, a special mention of the many friends of Burk Burnett in Oklahoma was not made.

Mr. Kemp wishes the people across the river to know that the people of Burk Burnett appreciate every thing that they have done for Burk Burnett, and especially the diligent search and finding of the bodies of the victims of the accident. This appreciation is deeply felt, and every individual in Texas and Burk Burnett want the Oklahomans to remember that we do thank them.

Rotary Club

The Rotary club met Tuesday noon at the First Methodist church with the newly elected president, Alvin R. Hill in the chair for the first full program. The musical feature of the program was three solos by Leroy Welborn, who accompanied himself on the guitar. B. F. Gilchrist, the vice president presented the retiring president, Oscar Kemp with a Rotary shield in recognition of his services to the club in the past, and especially during his administration as president last year.

Miss Dorothy Hagard was elected as pianist to take the place of Peggy Gideon, teacher in the school system who will be out of town during the summer. Miss Hagard was introduced to the club; she is the daughter of Rev. and Mrs. L. G. Hagard. The visitors were: Luke McCrooy, president of Wichita Rotary, Sam Kruger, L. W. Nelson, Geo. Keith Jr., and Fred Couper of Wichita Falls.

**Band Box To Hold
Display At Store Sat.**

Mrs. Hudson Meador is making preparations for the display of dresses in cool summer shades and fabrics to be held at the Band Box Saturday. Living models will display some of the most exquisite styles ever shown in a Burk Burnett store. The display will include a series of dresses that will represent that highest of good taste in perfectly balanced costuming, including complimentary accessories of the best style.

The lovely and unique models will offer an opportunity for the local buyers to examine the latest of excellent costuming. There will be models in the window of the store from 2 until four o'clock in the afternoon, and the manager of the store has issued an invitation to the women of the area to attend the reception.

**Junior G. A. Initiates
Ten New Members**

The Junior G. A. Society of the First Baptist Church initiated ten new members at the meeting Monday night at teh church. Mrs. Hill and Willet were visitors, and the Sun Beans Band attended as a group. There will be a public initiation Monday, June 17 at 3 o'clock in the afternoon. All the members of the W. M. U. are invited to attend. All junior girls are given a special invitation to join the happy band. Virginia Andrews president, Mrs. A. P. Yeary, counselor, Emma Tom Yeary, secretary.

Accident Victims
(Continued from page 1)

dren: Mr. and Mrs. H. L. Ivey, father and mother; one sister, Fay Ivey; four brothers, Johnnie Ivey, Wichita Falls; Tommy, Victor, and D. Ivey. The pall bearers for the funeral were: Charlie Grace, Joe Mills, J. V. Lawrence, Tex Willis and Pat Nolen.

The funeral rites for Schroeder were held at the Owens-Brumley Funeral home Monday afternoon at 3 o'clock, with Rev. Paul Kaiser, pastor of the Lutheran church of Clara in charge of the ceremony. Schroeder is the member of a prominent family that has lived in this territory for about 37 years.

The pall bearers for the funeral were: Bob, Blake, Wylie, and Paul Browning, Odis Waddell and Frank Clements. The survivors are: his mother, Mrs. Annie Schroeder; three small children, three brothers and a sister. His wife died a year ago, and the three children are left orphans as the result of the severe tragedy.

Mrs. Palmer was taken to Arlington Sunday. Palmer accompanied the body from Jacksboro, and the burial was Tuesday. She is survived by one son, Robert Stowe, of Webb, Texas, and her mother and father of Webb, Texas, and her husband Mr. Palmer.

**Softball Race
Gets Tighter In
Local City League**

Leading Teams Win Most Games In Last Weeks Schedule Of Ten Games

THAXTON-MITY NICE PLAY FRI

The interest in the softball race grew more rapidly this week as all of the eight teams fought on more even terms than any week during the summer schedule. Some of the scores were large, but in most of the games both teams scored a large number of runs. The most surprising play was the defeat of the strong Barrow-Grace entry by the Bell Oil team in the second game of Tuesday's double header.

The league leading Thaxton team won their only start of the week by defeating the Tucker entry Thursday evening 12 to 8. This game represented the most one sided affair of the week. It was a game in which the Thaxton team had to redeem themselves after a loss to the Magnolia the week before. Magnolia won both games played. They defeated the Skelly team 30 to 10, and repeated by taking Bell Oil for a 10 to 3 game in a play off of a postponed game.

The strong Mity Nice team staged a come back. After three straight losses, they convinced the league that they still had some strength when they crushed the Bell and the Texas teams by rather large scores. This victory put the Bakers into third place with six wins and three losses.

Big Game

The most important contest of the year will be Friday night when the Thaxton and Mity Nice teams tangle for a double header. There has been some real competition developed between these two teams, and both aggregations will be out for blood.

Bell won from Barrow-Grace, and lost to Magnolia, Mity Nice and Skelly. Skelly won the Bell game 7 to 6, and lost to Magnolia. Texas won one and lost two in the week. Tucker lost to Barrow-Grace and Thaxton. No report was received of the Texas-Tucker game.

Standing	W	L	Pct.
Thaxton	9	1	.899
Magnolia	10	2	.800
Mity Nice	9	3	.687
Barrow Grace	8	5	.615
Skelly	9	3	.633
Bell	10	1	.700
Texas	10	1	.700
Tucker	9	2	.711

**'Strangers All' At
Palace Thursday**

"A house that divideth against itself cannot stand." One of the gripping realities of "Strangers All," with May Robson and Preston Foster heading the cast is a powerful and trenchant presentation of truth told in apothegms of the Bible, such as the above.

Essentially, the picture is a gloriously realistic story of the truth that the house of discord cannot stand. Miss Robson plays the mother, Ann Carter, who might be any mother of today, and anywhere. But she made one mistake—and it is that error that flashes upon her suddenly, just when each of her four offspring is swept under by disaster.

To save them and the home itself and to achieve, out of all her error and troubles, the house of happiness she had dreamed of through her years of struggle, the mother begins battle. She fights onto a gripping climax and victory. Intwoven are scenes of unforgettable hmuor, handled as only May Robson can handle them.

**J. L. Thornton Is
Drowned Sunday**

Son Of Ira Thornton Succumbs In Treacherous Red River

BURK'S EIGHTH TRAGEDY

The eighth violent death in the Burk Burnett area in three weeks happened Sunday afternoon when J. L. Thornton, son of Mr. and Mrs. Ira Thornton who live near Burk Burnett, drowned in a swimming pool near the Magnolia Park. The boy with other friends had gone to swim, and after crossing the stream several times, he was seized with cramps and sank, before his cousin James Griffin could assist him.

Griffin ran for aid, and Joe Utts of Wichita Falls came to rescue the body of the boy, James Lee, after diving. However, Dr. Ruel Slaughter of Burk Burnett arrived on the scene and told the party that the case seemed hopeless, but he and the boys worked frantically to save the youngsters life. The oxygen apparatus of the Hines ambulance was used to no avail.

Funeral services were held at the Cashion church at 5 o'clock Monday afternoon. It was announced with the Rev. A. C. Mowery of the Baptist church at Magnolia park officiating. Survivors of the drowned youth include the parents, a brother, Earl 17; the grandparents, Mr. and Mrs. J. M. Cooper of Portales, N. M. and Mr. and Mrs. O. M. Thornton, Commerce, Texas; and two aunts, Mrs. Prescott and Mrs. Elina Griffin, the mother of the boy who was in swimming with young Thornton.

**Shirley, It's Good To
Know You're Back
To Cheer Our Hearts**

Glorious Shirley Temple, whose natural art is second to none, and who has, in the words of Irvin S. Cobb, "made people happy and made more children laugh than any child your age in the history of the world," is here again.

Her new Fox Film picture, "Our Little Girl," starts its engagement at the Palace Theatre Tuesday through Wednesday. It is called her greatest.

This is said to be Shirley's most touching picture. She plunges into an emotional adventure that sings in the heart as she bravely meets a bewildering crisis while those who are nearest and dearest to her grope in the shadows of misunderstanding.

Shirley's brave smile revives a waning love, when she pleads for her mother to return, and runs away from home to reunite her parents.

In addition to acting, the child wonder sings.

This powerful story again brings to the screen beloved Shirley Temple. Again she is said to prove herself a dramatic star second to none. And at no time does she stop being a real child deal to the hearts of millions. Shirley plays almost every scene in this picture.

"Our Little Girl" is said to have appeal for young and old. For the young in heart as well as in years, there is a thrilling circus sequence. Producer Edward Butcher spared no expense in bringing a complete circus, big tent, wild animals, elephants, and all "Poodles" Hanneford, world-famed clown and rider has an exciting act, clowning, riding, falling, thrilling. Other circus celebrities seen here are "The Clarktonians" in a "winging act," and the clowns Hambone, Dumbell, Smiling Sambo.

Mr. and Mrs. R. T. Hendricks are the proud parents of a baby girl, Mildred, born recently at the Russell Clinic. The mother and the infant child were carried to their home on 710 E. College in an Owens and Brumley ambulance Tuesday.

Don't Offend

Whether or not you realize it, there's something about the "feel" and fresh smell of clean clothes that instantly makes a favorable impression for the wearer.

PARAGON'S Cleaning is not only free of "cleansers odor" but eliminates the body odors and marks that are inevitable in the sultry summer.

**Soft Ball League
Limits Players To
Burk Territory**

At the league meeting Monday night the Softball Association adopted, after much discussion, a motion to eliminate players outside of the trade territory and members of other teams. This rule was discussed for over an hour and adopted after several amendments. The whole motion with amendments reads:

"Move that a by-law be adopted that all members of the teams of the Burk Burnett soft ball league shall be residents of the Burk Burnett trade territory, and that no members, except as specified here in after, of the other leagues of soft ball be permitted to play here."

Amendment: Each player must be listed a resident 14 days in trade territory before he is eligible to play.

Amendment: That special exception be made to allow Coyle Francis and C. Christian to play in the league.

Amendment: Board of directors shall define trade territory.

**Auxiliary Of Labor
Union Meets Tuesday**

The regular meeting of the ladies auxiliary of 258-A met at the Elks club hall Tuesday night at 8 p. m. with Mrs. Mildred Hurd, president of the organization, directing the meeting. The committee to draw up by-laws was appointed, and included Mesdames Gail Bebermeyer, Francis Grozier, and Stella McCall. The organization planned a picnic to be held at the water station Wednesday, June 19, by the auxiliary and the union. Team practice will be held in the hall Friday afternoon, June 14th at 2 o'clock. All members of the organization are urged to be present.

THOMAS FUNERAL HOME

NOTICE TO THE THOMAS BURIAL INSURANCE MEMBERS:—The Forty-Fourth Legislature recently passed House Bill 373 declaring all Burial Insurance Company's of Texas illegal. This bill goes into effect immediately. We have ceased to operate our company in compliance with instructions from R. L. Daniel Commissioner of Insurance, Austin, Texas. The Thomas Funeral Home will personally guarantee your protection until July 15. We hope within a few weeks to have an organization in operation that we can transfer our members into, that will prove a better and more permanent protection.

Recital Opened Saturday Afternoon For First Traffic In Three Weeks

The temporary bridge spanned twelve feet wide at the temporary bridge during in time to carry the traffic to Burkburnett and the first car went across the span at almost exactly the afternoon. However it was followed by a stream of the word was passed that the bridge was on. For the first time the bridge fell the streets of the town were crowded with a stream of visitors from the adjoining town, but sixty feet remained to be constructed Saturday afternoon. The temporary shoo-fly is made from the concrete bridge over to the temporary wooden structure, and it can pass only one car at a time. The state highway department placed two men on the bridge late Saturday evening to keep the heavier traffic off the small bridge. The temporary detour will be 250 feet long and will be able to carry any kind of normal load. For the present only passenger cars and very light pick-up trucks have been going across. The market for the Oklahoma farmers and producers, that has been kept open by the cable was re-established Saturday and the farmers were coming back to Burkburnett.

R. C. Carrell Is Injured In Auto Accident Monday

Evangelistic Singer Receives A Slight Concussion When Cars Crash On Main

CORDRAY UNINJURED

Professor R. C. Carrell of Plainview, Texas, was injured when his car and the car of Ben Cordray crashed near the Railroad on West Main street about 7:45 Monday night. The two cars crashed when the singer was going West on the street, and Cordray was coming to town. According to Cordray, the car of the singer pulled across to the left in front of him, and by the time he saw it he was unable to stop, but swerved to avoid a full contact. Carrell was taken to the Burkburnett Clinic and given emergency treatment, and the doctors at the hospital stated that he had one broken rib on the right side, a severe laceration of the scalp, and probably a slight concussion of the brain. However, they stated that it would be impossible to determine how severe the injuries would be until several hours had passed.

Both cars were damaged, and they were towed into the city soon after the accident. Carrell is singing and assisting in the organization at the meeting at the Nazarene Church. Amos R. Meadors is leading the meeting. The session for Monday was adjourned until the condition of the injured man was determined. Cordray received a few cuts and bruises, but was not seriously injured. The accident was one of the series of four that have happened that involved Burkburnett citizens in the last few days. It is not presumed that either of the men were seriously injured, but the evangelist probably will be unable to continue with his work for several days.

Ex-Service Men Are Eligible For CCC

Mr. H. D. Smith was instructed to list all ex-service men unemployed, and tell them that they were eligible for CCC service. If any such men are interested they are asked to get in touch with Mr. Floyd Friberg in Wichita Falls before June 15.

Directors Of C-C Meet Monday

The directors of the board of the Chamber of Commerce of Burkburnett met at the dining room of the Scruggs Cafe Monday at noon with H. D. Smith, president of the organization presiding. The board announced that all meetings of this nature would be held at night on the second Monday of each month during the summer weather.

The C. of C. passed a resolution urging the people of Burkburnett to observe the National Rail Road week. This observance is a national event, and all of the cities and states in the nation are setting aside this period for examination and appreciation of the rail road system.

The report on the clean-up campaign indicated that the program was practically complete. The organization has spent \$97.10 for the hauling of trash, and the city employees have helped constantly in the project. There will be some hauling this week, but the majority of the blocks of the city have been covered, and all will be before the week is over.

The report of the committee on the trolley indicated that the trolley had been appreciated, and that the organization wishes to express appreciation to the city officials, the C. J. Bohner Oil Company and all others who helped with the trolley service.

The regular routine of business, including the report of the committees and officers was heard by the meeting. The baseball organization, the financial chairman, and other department reported that the work in their divisions was progressing excellently.

Card of Thanks

We wish to thank our many friends for the sympathetic words and kind deeds extended us during the death of our father, son and brother, H. O. Schroeder. We also wish to extend special thanks to Rev. Paul Kaiser, for the impressive service.

(Signed)
Lowell Jack, Lynn, Roland
Mrs. G. B. Schroeder.

Mr. and Mrs. Alex Harrington of East Texas, were in the city visiting Mr. and Mrs. Harrington and Mr. and Mrs. J. N. Anthony.

Mrs. Westerfield Hostess To Home Builders Class

Mrs. Lula Westerfield entertained the members of the Home Builders class of the First Methodist Church Sunday school with Mrs. W. A. Browning as joint hostess Wednesday afternoon. The decorations for the party were of spring flowers in pastel colors used throughout the home.

Mrs. H. C. Gilbert, president of the class presided during the business session. Mrs. Bertha Cropper gave the devotional and Mrs. Westerfield offered the devotional prayer. Delicious refreshment plates were served to: Mesdames F. R. Knauth, W. A. Vance, H. C. Gilbert, C. L. Grbhart, A. Jefferies,

John Parker, L. A. Westbrook, W. H. Lewis, Bertha Cropper, Mrs. Stacy, M. L. Urban, Robert Ragsdale as a guest and the hostess.

Hardin Club Has Short Meeting Wed.

Meeting for the first time in several weeks, the Hardin Demonstration Club held a brief business session at the club house in Hardin Park Wednesday afternoon. After the business session, the club adjourned to attend the cooking school at the First Methodist church. The cooking school will continue thru Friday, and will meet each afternoon. It is sponsored by the local merchants.

H. E. Warn has returned from the berry forest in Springdale, Ark.

BUILDING ON KNOWLEDGE

When the Hardin Municipal Light Plant was established in Burkburnett, it was done because of the satisfactory results being obtained in other communities.

It has been two years since the plant began operation, having been completed in June, 1933. During those two years the experience of other towns has been repeated here, for the returns have been most profitable.

Satisfaction has been so great with the municipal plant that additional equipment has become necessary to meet the demand for service. Knowledge of what the plant has done insures confidence in expansion.

Loyalty on the part of the wide-awake citizens has been of major importance in establishing the local light and power system. It continues to be of paramount importance.

BERNARD-KREAGER WEDDING IS EVENT IN BURKBURNETT SUNDAY

Miss Grace Kreager, daughter of Rev. and Mrs. Willis Kreager of Burkburnett, became the bride of Virgil W. Benard of Rush Springs, Okla., in an elaborate ring ceremony at 9:30 o'clock Sunday morning at the home of the bride in Burkburnett.

Mrs. Ray Thompson, Henderson, Texas; Mrs. Jewel Hestand, Wichita Falls; Mr. and Mrs. Willis Kreager, Alene Kreager, Mildred Kreager, and Willis Kreager Jr. of Burkburnett, and the bride and bride groom.

Lewallen Recital Presented Friday

Mrs. Lewallen will present a group of pupils in violin and piano at the First Baptist Church Friday night, June 14 at 8:15. The recital will represent some of the best talent in the community, and Mrs. Lewallen is recognized as one of the most efficient teachers of music in the area.

The program that is published elsewhere in this paper consists of solos, duets, trios, quartets and orchestra numbers. In order to balance the program artistically there will be used the classic numbers of the older composers such as Chopin, Mozart, and Beethoven.

Archer City Gets Revenge Last Wed.

The Archer City soft-ballers achieved sweet revenge here last Wednesday night when they defeated the Burkburnett All-Stars in a 10-inning affray 10 to 9.

In the second and third innings the Burk team tallied but they lost all the gain when they allowed Archer City to score three times in the fourth frame.

In the tenth inning the Archer City team placed a man on first on a fielder's choice. The catcher from Burk threw to second in an attempt to catch Quillen, and the ball got through the second baseman's hand.

The game drew the largest crowd of the year. The teams fought bitterly for the game. The loss put Burkburnett into the cellar.

Good Farm Customers

The farmer's job used to be keeping the nation's dinner table supplied. During 1935 he will work to help supply materials for one million Ford cars.

Ford dealers point out that the Ford Motor Company will purchase the many products of the farm and the farmer in order to complete its announced intention to build one million cars this year.

Here are some of the things that will have to be purchased:

- 3,200,000 pounds of wool requiring 800,000 sheep to produce
- 1,122,000,000 feet of lumber
- 2,400,000 lbs. of linseed oil
- 20,000 hogs
- 30,000 cattle hides
- 500,000 bu. of corn
- 341,000 lbs. of castor oil
- 350,000 lbs. of goat hair
- 1,800,000 lbs. of soy beans
- 2,000,000 lbs. of turpentine
- 93,000,000 honey bees
- 2,500,000 gals. of molasses
- 69,000,000 lbs. of cotton
- 728,000 gals. of tung oil
- 1,000,000 FORDS

The motor car is not a kingdom in itself. It must buy something of nearly everything that is grown on the farm and that is made in other industries. Thousands of farms and industries are feeling a new impetus in business from the scheduled production of more than one million Fords for 1935.

will yield a quarter of a million pounds of cork. A farm industry new to the south will receive an impetus when 728,000 gallons of tung oil is used.

The Ford car is a good customer of the farmer. The farmer helps to build Ford cars just as Ford cars and trucks help to make farming more efficient and convenient. They help each other and Ford dealers point out that both help the country.

civilization, the more we wonder what makes the simple savage, savage.

All Burkburnett men differ from their wives in one respect. A new suit doesn't become a dreadful thing after they have worn it three times.

"Did you give your penny to Sunday-school, Robert?" asked the fond mother.

"No ma'am, I lost it."

"What lost another one? That makes three Sundays straight you have lost your penny."

"Yes, but if I keep it up I'll win 'em back. That kid's luck can't last forever."

But you never saw old folks who were in the way if they still had some property to divide.

Sambo was asked what kind of chickens he preferred. "Well Suh," he replied after a few moments consideration, "all kinds has dere merits. De white ones is de easiest to find in de dark; but de black ones is de easiest to hide aftah you gits 'em."

BURK MISSIONARY SOCIETIES MEET IN STUDY PROGRAM MON.

The Missionary societies of the churches in Burkburnett held a series of interesting and inspirational meetings Monday afternoon. The Methodist Union met at the church for a study and business program. The Lockett Circle of the Baptist church met with Mrs. Robertson for a study program. The Sallee and Morgan circles met with Mesdames Goodlett and Buchanan respectively.

Methodist Union

The Methodist society held a year book program at the church with Mrs. B. F. Taylor in charge of the service. The prayer of invocation was offered by Mrs. H. C. Gilbert, and the discussion concerned a study of women. The first topic was "Forgotten Mothers" by Mrs. W. R. Hill, who discussed the obscure people whose sons and daughters achieved fame in world affairs. Mrs. H. W. Prinzling spoke on the "Forgotten Women." Those present were:

Mesdames B. F. Taylor, H. C. Gilbert, M. A. Oyler, W. R. Hill, L. G. Hagard, H. W. Prinzling, M. W. Majors, R. J. Kelly, and O. E. Melton.

Lockett Circle

The Lockett Circle of the Baptist church opened their program with the them song of "Make Me a Child of Blessing," and the devotional was led by Mrs. Miles B. Hays and prayer by Mrs. Billy Walker. The society met at the home of Mrs. Brooks Robertson. After the business session, Mrs. VanCleave led a discussion on the book "Winning the Border." The subject dealt with the discussion of missionary problems along the Spanish-American borders. The dismissal prayer was by Mrs. James Johnson. Those present were: Mesdames James Johnson, John Brookman, M. B. Hays, Kent Reger, VanCleave and Robertson. The circle will meet at the church next week for Bible study led by Rev. Miles B. Hays.

County Federated Clubs Meet At Valley View Wed.

Mrs. M. W. Majors Of Burk Presides At County Affair

SPENCE SPEAKS

The County Federation of Women's Clubs of Wichita County met at Valley View Wednesday, June 5, for an all day meeting of the members of the clubs of the county. The association was royally entertained by the Valley View women, and an interesting program, featuring the speech of Sam B. Spence, Wichita attorney, was presented. The excellent luncheon at the noon hour was provided by the women of the Valley View community.

At the morning program the invocation was given by Rev. J. W. Howell, and the welcome address by Mrs. Stomball. The response was by Mrs. J. C. A. Guest, of Wichita Falls. The morning session was devoted to the regular routine of business with committee reports and 12 minute reports from the representatives of the clubs. The past presidents of the council were introduced to the mass meeting.

At the noon hour a musical and literary program was presented. The program was: Duet, Joan Coppock and Naomi Phillip, accompanied by Mrs. Paul Coppock; singing by Balaree Tally; piano by E. Jean Lovell; duet by Ann Mary Bennet, accompanied by Mrs. Bennet; and the luncheon was served by the women.

The afternoon program opened with a sing-song led by S. M. Gose, accompanied by Mrs. Gethridge. Mrs. B. Spence spoke on the subject "Possibilities of Women's Clubs in Wichita County." The two sisters, M. and Paula Powell sang a song.

Mrs. M. W. Majors gave a report on the district meeting at Minnells. The Valley View club presented the award for the attendance at the meeting. The meeting was attended and the members of organization enthusiastic.

President Of Motor Picture Association Says Screen Not Proper Adv. Medium

NEW YORK, April 31.—The Motion Picture Producers and Distributors of America today completed its annual meeting, which has been adjourned from an earlier session on March 25.

Among various matters discussed at today's session was the subject of advertising on the screen. In this connection, Will H. Hays, president of the Association, made the following statement:

"Much concern is felt over the reports that various projects are now under way, aimed at injecting advertising films into entertainment programs, and the Association will conduct a study of the matter. A report and recommendation will be presented to the Board at a later date.

"The motion picture theatre is and should be reserved exclusively for entertainment. The motion picture theatre screen is not a proper medium for advertising, whether this be by direct presentation of outright advertising films, or by some indirect effort to present advertising films under the guise of entertainment."

shoots down the man before the eyes of an aghast audience.

How the criminal is caught and the tangled lives of the others straightened out furnishes the climax to a thrilling drama.

Goodyear Develops Safety Blow-out Tube

The last word in safety in event of a blowout while driving at high speed is now available to motorists in Burkburnett, according to J. M. Alexander, local dealer for the Goodyear Tire & Rubber Co.

The new development is a tube for automobile tires that eliminates the danger of serious accident following a blowout by changing the sudden blowout into a slow leak.

"It is a known fact that a blowout at 60 miles per hour is twice as dangerous as one at 40 miles per hour, and at 80 miles per hour is four times as dangerous," Mr. J. M. Alexander explained. "With new cars having extremely high top speeds being placed on the market, the need for such a tube is increasingly apparent.

"Goodyear engineers have been working on this 'safety insurance' problem for several years and the Goodyear Life Guard tube is the result. It is in reality a 'double

tube', one inside the other and joined together at the base. The two air chambers are connected only by a single small vent hole which allows the air to pass from the inner chamber to the outer chamber.

"The outer tube is similar in appearance and function to an ordinary tube and fits inside the casing," Mr. Alexander continued. "The inside carcass is built up of two plies of fabric and when in service floats free without chafing. When a blowout occurs, air escapes from the outer chamber instantly but can escape from the inner carcass only through the single small vent hole, which allows it to seep out slowly.

"The tire then drops down slightly allowing the driver to bring the car to a stop under perfect control. He can pull off to the side of the road without endangering himself, his car or the lives of other motorists.

"Police and fire department officials and heads of safety organizations who have seen the tube demonstrated are unanimous in the opinion it is one of the most important contributions to the safety of motoring that has been made in a decade," Mr. Alexander concluded.

Theatre Hides Escaped Killer In Thrill Film

Drama in a theatre that takes place in front of the footlights, instead of behind, is the story told in Paramount's "Four Hours to Kill."

Richard Barthelmess and Virginia Bruce Friday and Saturday to the Theatre.

Barthelmess plays an escaped convict hiding in the theatre and waiting for his chance to get the man squealed on him. In the same scene are others whose lives are bound with his—a room boy who has stolen to money, a rich woman planning an away with her sweetheart, a some philanderer who preys on impressionable women.

The police frantically search Barthelmess, he makes a telephone call that lures his victim to the lobby of the theatre. Then, just as the separate life dramas of the are rising to their climaxes from his hiding place and

Baby Jane, Screen Starlet, Sends Birthday Cake to Quintuplets

"BABY JANE" QUIGLEY, tiny Universal Pictures "starlet," is seen here holding a birthday cake that the clever little screen player had especially baked in Hollywood for the famous quintuplets in Canada. This cake is her personal gift to the notable Dionne babies on the occasion of their anniversary celebration.

The smiling film "starlet" has just taken the cake intended for the quintuplets from a refrigerator like the one sent from the Electrolux plant at Evansville, Indiana, to the Little Dafoe Hospital where it

is now used to guard the food supply of the celebrated babies. Another Electrolux refrigerator was used in the remote Canadian northwoods Dionne farmhouse where the quintuplets were born at a time when the perishable human milk with which they were fed hourly needed the protection of up-to-date refrigeration.

"Baby Jane," appearing in "Alias Mary Dow," with Sally Eilers, is also sending to the quintuplets as a birthday present the five "Baby Jane" dolls sitting at the foot of the refrigerator.

Rabbit Creek Song Meet To Be Sun., 23

According to the announcement from Rabbit Creek, the singing convention will be held at the school house of that community on the 4th Sunday, June 23, instead, as previously announced on the fifth Sunday. The convention will be held as a community project and every one

in this district has been invited to attend and to participate in the singing and the free dinner that will be held on the ground at noon.

Henry Pearlman of Electra was visiting in Burkburnett Monday.

Miss Lucille Kemp will leave soon to spend the summer with her uncle Mr. H. B. Kemp at Luling, Texas.

Chevrolet Production To Continue At Peak

Production of Chevrolet passenger cars and trucks will continue to peak schedules throughout June, and probably considerably longer, W. E. Holler, vice president and general sales manager of the Chevrolet Motor company, announced this week, following his return from a coast to coast trip through the territory, where he discussed with dealers and the wholesale organization in the field, the outlook for the next 90 days.

June output projections, Mr. Holler said, are higher than in June of last year, and full capacity of the manufacturing units and the company's 10 assembly plants will be required to carry out the program. This assures a wide spread of employment at a period when production normally begins to taper off. He added that it is the company's hope to maintain sales at such a level as to repeat the unprecedented achievement of last year, when Chevrolet sales in the second six months eclipsed those in the first.

"Several factors noted in the field justify optimistic predictions," said Mr. Holler. "In the first place, Chevrolet dealers have on hand a large bank of orders, which the plants are now working hard to fill. Deliveries are coming through much more promptly, and this fact is naturally

having a favorable effect on the number of orders received.

"More than a dozen executives from Detroit are now out in the territory, addressing Chevrolet wholesale and retail personnel in all parts of the country. They are in constant touch with us, and the reports they have relayed in all point to continuance of business at or near its peak.

"In the final analysis, improvement can be traced clear back to the farm, which of course is fundamental in any picture of national prosperity. Farm income in most sections of the United States has shown a substantial gain over 1933 and 1934. The outlook for business from farmers would be good even without the addition of the government benefit moneys which have been pouring into rural sections.

"For the first time in several years the farmer is in a position to rehabilitate himself. Federal aid is helping him to improve his home and his buildings. Higher prices for his produce—with hardly a single item expected are leaving him something over and above his actual living requirements, for investment in the commodities he needs. And the supplemental income derived from government sources is enabling him to include such major items as farm implements, cars, and trucks, in the list of urgently needed articles he can now afford to buy.

"Chevrolet banks on its ability to obtain its share of this business, because farmers are thrifty buyers by habit. Particularly after a period when scarcity of funds forced them

to play close to the vest, they may be expected to attach full value to such important qualities as the durability and economy which are by words with the product we sell.

"Reports from the field lead us to believe that a hundred million dollars would be no exaggerated value to place the rainfall received in May. It could have hardly arrived at a time when it would do more good. Thousands of farmers were holding back on their spring seeding, apprehensive over the possibility of a second summer drouth. The psychological effect of the heavy rains was, therefore greater, perhaps than their actual physical effect upon crops already in the ground important as the latter benefits were, on their own account."

Chevrolet's expectation of sustained summer business, Mr. Holler explained, also takes into account the stimulus which urban communities are feeling as a direct result of the improvement so general on the farm. There is no line of business where the flow of money will not be favorably affected by the rising income on the farm," he said. "Our dealers will share in the increase too, thru the sale of new cars, used cars and trucks."

An especially favorable sign, he added, is the unusually high percentage of trunk models among the passenger cars ordered this season. This condition confirms the prediction made by hotels and tourist agencies, to the effect that 1933 would see a resumption of motor touring

highest previous record.

"This resumption of touring by the public is a good omen for business," he said. "It is one of the most reliable 'tell-tales' regarding the status of the public purse. Where every other car encountered on the highways bears a license from some other state, you can write it down without fear of contradiction that things are decidedly looking up."

Cross Shot Rival And Fatally Wounded

John E. Cross, 45, former resident of Burkburnett who fired a bullet into his own head and shot his estranged wife's fiancé, Arthur Frazier, 30, three times, at the Wichita Falls State hospital Wednesday evening died in local hospital at 4:30 o'clock Thursday morning.

Cross' body was taken in charge by the Owens and Brumley Funeral home at Burkburnett. Survivors include his wife, his mother, Mrs. J. W. Cross of Terrell, Texas, one daughter, Elizabeth, 15, and three brothers, Raymond, Charles and Bell, all of Dallas.

Frazier died later in a Wichita hospital land was brought to Burkburnett to the Owens-Brumley home. Early Sunday morning the government sent orders to transport his body to Warren, Texas. It was transferred Monday via rail through Wichita Falls. The funeral of Cross was held in Wichita Falls

ELECTROLUX

guards the food of famous

Dionne QUINTUPLETS

"The Dafoe Hospital for Dionne Quintuplets," which is equipped with an Electrolux Refrigerator.

Installed in their hospital a year ago, this most modern of refrigerators is daily proving its utter dependability

NEWS FLASHED from the remote Canadian village of Corbeil, on the morning of May 28, 1934, astounded the world. For the first recorded time in history, five babies born to one mother were living . . . and thriving.

But human milk—in unusual quantity—was required to feed these newborn babes. From Toronto and Montreal, this milk was rushed to Corbeil. And once received, vital was the need for the kind of dependable food protection that only modern automatic refrigeration can afford.

Forty-eight hours after orders were given in New York, a New Air-Cooled Electrolux, operated with kerosene, was on the job at the Quintuplets' isolated birthplace. Though born almost beyond the reaches of civilization, these babies were thus enabled—during the past year—to have every modern refrigeration advantage of city homes and hospitals.

For the kerosene-operated Electrolux is the same nationally advertised refrigerator that more than half a million modern American families have already chosen for their homes. In the city, a tiny gas burner does all the work . . . in the country beyond the gas mains Electrolux is run by the flame of a wickless glow-type kerosene burner. At the right are listed some

of the important advantages of this most modern of refrigerators.

D. 1935, the same being the 8th day of July, A. D. 1935, then and there to answer a petition filed in said Court on the 7th day of June, A. D. 1935, in a suit, numbered on the docket of said Court No. 29145-A, wherein, Anne London is Plaintiff and J. L. London is Defendant and said petition being a suit for a divorce upon grounds of cruel treatment and abandonment, plaintiff prays for custody of her minor child, Clinton Wayne London.
Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon showing how you have executed the same.
Given under my hand and the Seal of said Court, at office in Wichita Falls, Texas, this the 7th day of June, A. D. 1935.
R. L. Sanderford, Clerk District Court, Wichita County, Texas.
43-4tc By Edna Berner, Deputy.

What The Fans Should Know About Football

by VOLNEY HILL, coach

EDITORS NOTE: This is a discussion by Mr. Hill. It is not intended to be an explanation of the game to the general public, but it is the regular course of instruction that each member of the team does receive in the study period of training. It is presented by Mr. Hill in order that the public may better understand and enjoy the game. It will be presented each week.

At The Kick-off

When your team kicks—Stay behind the ball until it is kicked.
Don't go out of bounds, since you can not legally recover the ball unless the opponents have had actual possession and control of the ball and then fumble it.
If the kick is short and strikes the ground, it is your ball if you recover it.
If the ball is still in the air, remember that if any opponent is near enough to catch it before it strikes the ground, you are not permitted to interfere with his catch, or obstruct the path between him and the points where he expects to catch the ball. However, after the ball touches the ground, either because of a muff, fumble or through the failure of an opponent to catch or attempt to catch it, you are eligible to recover the ball.
If an opponent signals for a fair catch, don't tackle him unless he takes more than two steps after making the catch.
Don't make a flying tackle at an opponent.
When your team receives:
If you are one of the five players required by rule to be within five yards of your restraining line, be sure to remain within that distance until the ball is kicked.
If the kick is short and in the air, fair catch it, as the opponents are eligible to catch it if it strikes the ground.
If the kick is short and on the ground, get on the ball as the opponents are eligible to recover the ball as soon as it crosses the restraining line, or before that time if your team touches the ball before it crosses your restraining line.

If the kick is long and high, the opponents will be eligible to recover the ball, if you let it strike the ground. You may be outnumbered—catch the ball.
If you think you may be cracked hard just after you catch the ball signal for a fair catch. Whether your signal or not, the opponents may not interfere with your right or way toward the ball or with your catch; but they may tackle you as soon as you have caught the ball, unless you signal for a fair catch.

If one of your team mates signals for a fair catch, you will know immediately that your own team cannot advance the ball unless he fails to catch it or muffs it. Go immediately to the vicinity of the spot where your team-mate is likely to catch the ball and be prepared to recover the ball if muffed or to block off opponents who might recover it.

If the ball goes over your end zone either in the air or on the ground, get on the ball. The opponents may recover for a touchdown.

If one of your team-mates attempts to catch the ball and juggle it over your own goal line, or catch and fumble the ball so that it goes over your goal line, or your team makes a backward pass which goes over the goal line, get the ball out from behind the goal line, or it may result in a touchdown or a safety for the opponents.
Never make a forward pass in scrimmage.
Don't make a flying block at an opponent.

The inflationists seem to have got sand in the valve-tem, or something.

As we understand it, the Babe intends to give Judge Fuchs Ruthless treatment.

You'll welcome Washday on the Farm when you own a **MAYTAG**

- The average farm washing takes less than two hours with the Maytag. The one-piece, heat-retaining cast-aluminum tub, the Gyrtator washing action, Roller Water Remover, and a score of other features, make Maytag the preferred farm washer.

THE MAYTAG GASOLINE MULTI-MOTOR

A high-grade, modern engine, with only four moving parts. Built for a woman to operate. Constantly improved for twenty years.

PRICES STILL SENSATIONALLY LOW

MILLIONS OF POUNDS HAVE BEEN USED BY OUR GOVERNMENT

Burk Dentist Honored Monday

Dr. C. J. Morrison, Burkburnett dentist, was honored by the district organization of his profession Monday, when he was elected as secretary-treasurer of the society. The 13th district of the dental association was in session early this week, and the local dentist assumed an important part in the meeting. Many interesting papers and discussions were read at the meeting, and the association will meet at Graham next October.

Mr. and Mrs. H. Michaels of the Michaels Electric company of Fort Worth were in Burkburnett following the accident. The Michaels were the persons that brought Mr. Palmer back to the Burk Clinic.

A Proclamation

WHEREAS this city has been served for many years by the MKT Rail Way, and

WHEREAS these railroads have played a vital part in the lives of our people, and

WHEREAS these railroads have paid taxes and continue to pay large amounts, and

WHEREAS, they have furnished employment to many in our city, and

WHEREAS, these railroads have increased the efficiency of the service, and

WHEREAS, the Governors of the Western states have asked the public to pay honor to the Western Railroads for their continuous pioneering.

NOW THEREFORE, I, OSCAR KEMP, Mayor of the City of Burkburnett, ask the citizens to join in the observance of "Railroad Week" for Monday, June 10 through Saturday, June 15.

OSCAR KEMP, Mayor.
