Roberts Explains Positions In State Legislature To Rotarians

UNIVERSITY STUDENT TELLS ABOUT CHOICE OF WORKERS IN TEXAS

The Speech For Lions Club At Meeting Tuesday Night

One of the most interesting talks delivered at the Rotary luncheon this year, Chester Roberts, university student and page of Representatives of the State, told the members of the local organization about the workings of the State Legislature. The talk was taken from the experience and the observations of the student in his two years at the capitol.

In part was: "In the Texas House of Representatives each job, whether how mental is in some departments and many. Possibly the most important department is the clerk's. The chief clerk is in a position, determined by a vote of the house. Under his position are many employees including clerks and pay roll clerk, stenographers for letter addressed House representatives, a floor assistant, a clerk to give clerk a rest, five clerks and 33 half time clerks are employed by chief clerk. The chief clerk is in a position of relative importance.

The chief clerk is in charge of all legislation until the bill is peacefully in the calendar clerk's desk. With the flood of hundreds of bills which are in evidence at the session, the chief clerk means a person not busy. The committee clerks are the clerks of the many committees. The clerk is assigned to a committee according to the importance of the committee. The clerk must keep record of the accomplishment of his committee. These records include the activity of the present such as lobbyists, the protection of the public and grafts.

Sergeant At Arms

Being next in importance is the sergeant of arms department. Headed by a sergeant of arms, principal duty is to maintain order at all times. He is assisted by five door keepers who are public of the main floor of the meeting. It governs 20

(Continued on page 5)

Graham All Stars Play In Burk Wednesday, 26

Has One Of Best Pitchers In The District In Tiny Weatherall

Burkburnett fans will have opportunity to see some of the pitching in the North Texas next Wednesday night, June 26. Tiny Weatherall will lead the Graham All Stars in Burk. Or maybe he will see the pitching. Weatherall is one of the fastest pitchers in the league, and he has been consistent winner of the league. With Shapiro, Newman and other ranks as the outstanding pitchers of the league.

Last time he pitched against the local team has experienced the Burk All-Stars will be revenge before their home. The largest crowd of the season is expected. The crowds at games are growing every night. The teams are piling up better performances.

Calvary Baptist Meeting Starts Sunday, June 23rd

Meeting next Sunday at the Calvary Baptist church will be the first service of the revival services. The service will be done by Rev. Dr. Coyer, pastor of the Altus church. The speaker has been recommended as one of the evangelistic speakers in this city, and he will be expected to give the service to an inspiring and instructive plane. The service has been planned for several weeks, and the preliminary organization has been made to create interest in the meeting.

Song service will be led by Rev. R. H. Cunningham. Arrangements have been made to give the audience an opportunity for congregational singing. The pastor has issued the invitation for the entire public in religious meetings to attend. The services will last until

A VERY POOR EXCUSE

Living in a civilized community means participating in a cooperative circle. When one member of society breaks that circle by acts that are contrary to the welfare of the whole, the group must protest. Acting for the social group, we have entered a protest. We naturally expected the response to our recent protests to be inaccurate, but we didn't expect such tremendous inaccuracy.

Those individuals who have not cooperated with the community in the project known as Treasure Day have offered the excuse that the Star was making close to \$100.00 per week out of the scheme. Lady Astor would say these persons are guilty of a "terminological inexactitude." In plain West Texas language, they have exaggerated the sum by about 1,000 percent.

The books of the Star are open to the public. It cost \$30.00 per week to stage the party. And the average collection is very slightly over \$40.00 per week. This does not include the expense of collection and keeping books on the plan. Reduced to fundamentals there is scarcely any profit for the Star. It is not our intention that there should be. We felt that by cooperating, we could improve the condition of the community, and be benefited by that improvement rather than the plan itself.

While we are on the subject, the practices of the opponents of this plan are objectionable to us in several ways. We are thinking particularly of the cut in Bread Prices. The two local bakeries employ local men and pay them wages that are spent here. These bakeries are our guarantee of fresh and edible bread, —bread that meets government requirements in freshness and quality. They can not produce bread and sell it for the present market price. We know; we have had some real experience in that line.

But if they are forced out, we will find ourselves eating day old bread at a much higher price than we are paying at the present. If you think it saving to pay a penny less for bread, don't be one of those who complain later, when our local bakeries are forced out by competition that is not fair.

First Carload Of 1935 Wheat Leaves Burkburnett Tues.

First Car Of Grain Is 12 Days Later Than 1934 Wheat In Local Market

GRADED NO. 2

The first carload of the new wheat crop left Burkburnett Tuesday afternoon headed for the Wichita Mill and Elevator, according to the announcement of the manager of the local branch of that firm, Frank Kelley. The load was 8640 pounds or 1440 bushels, and was graded as about number 2. This load was shipped via the MKT railroad, and pulled out of Burk on the South bound train.

This load for the year was 12 days later than the first load shipped last year, when the load of number one weighing 1670 bushels was sent to the market on June 6. The wheat has been delayed due to the excessive moisture, and the grade of the wheat has been lowered by this moisture and the presence of some unexpected weeds.

A few cloudless days and an increase in heat is expected to raise the standard of the moisture laden grain. The farmers have been busy the last two or three days, and it is expected that an enormous amount of grain will soon start passing through the local branch of the Wichita company.

The gathering of other grain crops is being hastened. The oats and similar grains have been cut and threshed. The heavily laden plants lost about ten per cent of the grain in the recent rains. And in some places the grain was mashed down until it is difficult to cut or combine.

Harvest Is Continued Here In Spite Of Rain

The farmers of the area took advantage of the Sunshine and clear day last Sunday and continued the harvest that started several days ago. The rain had handicapped the planting of cotton and cutting and threshing of wheat, but the first bright day brought a host of the farmers into the fields. The work on Sunday was necessary because of the recent heavy showers.

Most of the farms in the area have lost some of the grain, but with fair weather from this point out they will be able to save the majority of the grain. If this grain is saved the crop for this area this year will be the largest in years, and it will be a life saver for the local business men and merchants.

The wheat was pouring into the local market rapidly this week, and most of the grain was being sold directly after production. A large number of farmers have money tied up in the crops, and the harvest will be an absolute necessity to these men.

At the same time while the harvest is continuing, the word has arrived from Washington that the plans for acreage control for 1936 are being worked out. The farmers recently voted to extend the present type of control for one more year.

Contract For The Permanent Bridge Will Be Let Soon

State And Federal Governments Will Cooperate In Reconstruction Of Spans In Red River

HINES PROMISES ACTION

Harry Hines in a copy righted interview with the representative of the associated press promised that the contract for the permanent bridge would be let in the near future, if all plans carry without a hitch. At the present it has not been decided whether there will be only one steel span over the channel in the 120 foot gap or the old type of three spans will be rebuilt.

The engineers of this territory are of the opinion that the best type of construction for the river is the suspension span. The heavy load that the river carries in silt and debris, makes it impossible for the cement structure to hold in an emergency. Therefore the agitation has been growing for a single suspended span.

The plans for the present for the rebuilding call for the aid of the federal government in cooperation with the local governments of each state. The majority of the financial burdens will be carried by the federal emergency appropriations. The plans will be held up until the states can agree on the type and proportion of the burden to be carried by each state.

The people of Burkburnett have been urged to use all the influence possible to hurry the construction of the bridge. After the contracts have been let it will take several months to replace the structure that was destroyed in the flood of May 18.

Soft Ball Game Protested Monday

The soft ball game played between the Mity Nice and the Skelly Oil team was protested Monday by the Skelly Oil team. The Skelly team alleged that Garland Smith, playing with the Bakers, was ineligible to play, and demanded that the game be replayed. The executive committee had not taken any action in the matter of the protest Wednesday at press time. The decision of the committee will be released next week. The Mity Nice team is in the race for first place, and would have to play a hard series to catch up if the decision is reversed.

Alexander Appointed Mgr. Of Finance Co.

F. R. Alexander, formerly business manager of the Burkburnett Clinic has accepted an appointment to manage the branch of the South-Western Finance Co. in Burkburnett. The company will be located over the First National Bank building, and will be in a position to handle all negotiable papers, pass due accounts, etc. This finance company will facilitate the handling of money papers on the local credit market.

Library Drive Goes Over The Top This Week In Burk

Local Committee Continues Drive For Funds To Support the Institution

\$819.00 PLEDGED

The library drive that asked for the pledges of \$750.00 when it started was nearing completion this week as the committee under the direction of Mrs. Alvin Hill, president of the board continued the clean up campaign and achieved a point of \$819.29 in pledges and cash in Burkburnett. This drive will be completed in the near future and all those who have not been contacted this week will be seen.

This amount of pledges came as a distinct surprise when the announcement was made this week, and the committee was rewarded with the adequate response after one of the best organized campaigns in the history of Burkburnett had been waged. The drive started two weeks ago when the committee met for breakfast at a local cafe. The preliminary work had been organized and the campaign was set in motion. Every worker of the drive committee worked diligently during the drive. The committee was paired into groups, and the work was divided in the various sections of the town.

After the two days campaign in the city the committee contacted those whom they missed in the preliminary survey. The results will make the institution able to serve the people of the city with increased efficiency.

The library was opened last year and since that time it has been serving the people at the generosity of a few persons who carried the financial burden of the organization. The executive committee inaugurated the drive to apportion the burden more fairly. Miss Beatrice McDonald has been thanked by the committee for her efficient work for several months at the institution.

The clean-up drive added nine names to the list published last week as donors to the fund. They are: Clyde Bohner, J. F. Kelly, Burkburnett Milling Co., John Musick, Rotary Club, I. E. Harwell, O. L. Clark, Thaxton Bros., and First National Bank. This fund now totals the above amount and will be collected through a system similar to other funds in the community.

Burkburnett Girl Returns Home After Brief Run-A-Way

Because she was angry at her mother, Geneva Plank decided to leave town Saturday night, and she started out for Wichita Falls hiking bare foot and dressed for wading. She is a twelve year old lass that decided to look for adventure, and was discovered on the streets at Wichita Falls. A kind friend took her home Saturday night and returned her to her mother in Burkburnett. For a while the young lady caused a flurry of excitement in the police stations of the area. The police of Wichita and Burkburnett sent out calls for her via radio and telephone, and it was feared that she had met with misadventure. She was home Sunday night, contented to be back with her mother.

Burk Man Given 2 Yr. Suspended Sentence

Freddie LeBarre, who allegedly stole an automobile at Burkburnett nearly a month ago and then inadvertently drove it into the presence of its owner, was given a two-year suspended sentence by Judge Irvin J. Vogel in the 78th district court Tuesday morning after pleading guilty to a charge of theft.

After having driven around Burkburnett for a considerable time in the stolen car, officers said, the defendant drove into a filling station where the owner was standing. LeBarre was ousted from beneath the wheel and taken to jail by the owner of the car. The defendant had been in jail 25 days.

Former Burk Citizen Dies In Wichita Falls

Jimmie O'Neil, former citizen of Burkburnett died recently in Wichita Falls at the home of his sister Mrs. Witcher. O'Neil was the brother of Hank O'Neil of Burkburnett. The body was carried to Houston for burial, and was accompanied by the sister and brother. O'Neil was well known in Burk and lived here for several years.

Star Ads Bring Results!

Valuable Copper And Gold Ores Are Located Near Burk

Essays From Chemical Company Reveal Ore Worth \$38.00 Per Ton

DEVELOPED SLOWLY

There was a slight stir of excitement in Burkburnett this week when it was revealed that a gold and copper bearing ore had been discovered East of Burkburnett on the Pope Byers farms about three miles from the city. The original discovery was made last year when J. F. Bell found a lode near the surface of a bluff on the banks of the river. The vein then was only about four or five inches thick. Since that time Mr. Bell has been assisted by two other men in the mining activities and the vein after 200 feet of digging has become two feet thick. Analysis will be made by the United States bureau of mining in the near future. The specimen of the ore were sent to the bureau this week.

The ore was assayed last August by an Oklahoma chemist and it showed a content worth \$38.00 per ton. The present ore is described as being twice as rich as the specimen assayed at that time. The mining at the present has been carried on by blasting and digging, and Mr. Bell is assisted by D. J. Gilbert and Walter Bass in the process. The three men have 81 acres under lease and 224 additional acres under option. As soon as the assay report returns from Washington, machinery will be installed to handle the work. The copper alone justifies the mining, even if no gold is present. However, the opinion of the experts is that there will be sufficient gold present to pay for the mining of the copper.

High School Given New Credits From State Department

Home Economics And Physical Education Classes Recognized By State Department

APPLICATIONS MADE

According to a report that Butler Westerfield, superintendent of schools of the Burkburnett system, the local high school has received two additional credits in subjects taught here. The word of the granting of the credits in physical education for 1-2 credit was sent to Mr. Westerfield who is studying at Austin at this time. He had previously received notice that credit of 1-2 credit had been granted in home economics 3-A. Application has also been made for credit in home economics 3-B and 1 and one half credit in vocational agriculture 1.

The average lay public does not understand the importance of the granting of new credits. One of the

Tailor Shop Re-Opened Here Next Fri., June 21

Loy Nichols and Sidney Moore will open the Model Tailor shop on Main Street next Friday, June 21. The new shop has been completely renovated, and will use a new system of cleaning, known as the Stewart Baxter pressure system that is represented as a more efficient system for cleaning clothes. The new company takes over the old Model Cleaners shop and will still retain the name Model Cleaners. Loy Nichols has been associated with the Iowa Park cleaners in Iowa Park for the last eight years, and brings service of courtesy and efficiency to the local shop. Sidney Moore was formerly with the Paragon Tailors here in Burkburnett.

Mosquitoes

Warning has been issued by manage the branch of the South- quitoes have been developing rapidly in the under ground tanks in and near Burkburnett. The city authorities have warned the owners of the tanks to either remove the health hazards or to place oil in the containers so that no new pests can develop. The recent rains have made some sections in and near the city almost uninhabitable. The water gathered in all the low places and especially the tanks. The hazard to comfort and health must be abolished.

FIRST OIL WELL

While we are thinking of celebrating the centennial of the state of Texas, it might be well that we remember one of the events that has meant more to Burkburnett and Wichita county than all other combined events in history. Our county and city probably would still be small places, if the original Schmoker number one had never been discovered.

On July the first 1912, this sturdy little well began to flow oil for the first time. There was a great deal of excitement and the Dallas News and other state papers ran small items on the discovery, but no one ever imagined that it would mean what it has to the nation or even to our little city. The old Corsicana oil company punched a small hole, and the initial production was 45 barrels.

Other spectacular wells have been discovered, they have flowed thousands of barrels of oil and then have been forgotten. Yet this steady little well continues to flow its one barrel each day after 23 years of production.

The Star would like to suggest, that some of the money just a few dollars out of the millions that this well started flowing, be set aside to erect a plaque or monument to the most important event in our history. The Fowler and other wells were great wells, but it is possible that development would have been delayed many years if this well had been a failure. So to the Chamber of Commerce, Lions Club, Rotary Club and other civic organizations we would like to make a suggestion. Let your program and activities in the next few weeks recognize this event.

AN OPPORTUNITY

The American Legion caravan will be in Wichita Saturday to decide where the road side parks in this territory will be placed for the celebration next year. These road ways will be one of the most attractive projects that the state will undertake in connection with the centennial. They will offer beauty and utility. A resting place and shade for out of state picnickers, will be provided in the 100 parks to be built.

There isn't a more appropriate place in the whole state for one of these parks than right here near Burkburnett. Many thousands of people will pass this way next year. It is estimated by the highway department, that one sixth of the people visiting Texas will come through our little city.

Unless we are asleep on the job there will be an excellent opportunity for us to secure one of these parks. We are at the gateway into the state. The visitors need a place to rest and eat. If we let the opportunity escape us, we ought to be spanked. The road committee of the Chamber of Commerce, the county commissioner, and the city council ought to see that we have the strongest possible representative at Wichita July 8.

A COURTESY BOOTH

One of the most attractive features of the management of the Chicago Fair and the present San Diego Fair is the courtesy or information booths along the highways. In traveling across country, a person often wishes to secure information, but he hesitates to stop at a filling station. He does not wish to buy anything, and merely wishes direction. However, not all service stations give information courteously as they should. The majority do we admit.

Next year close to a half of a million people will pass thru Burkburnett in event of the celebration of the birthday of our state. This heavy traffic will offer an opportunity to our service station owners and to the other business men of the city. All of the travelers will not wish to buy something; but if they could have a convenient place to ask for information here at Burk as they enter the state, they would remember our courtesy for a long time.

So we would like to suggest a project that would mean a great deal of expense, but it would at the same time build good will for Burk as nothing else could. Let an information booth be established somewhere near Burkburnett between the city and Red river. Keep some one at the booth all day with maps, booklets, and hotel information. The high spots of Texas history could be pointed out. It would mean a good student of Texas history would have to be there. We believe that the service station have an opportunity to do real service for the city and at the same time demonstrate how unselfish they are. A large sign and advertising by the supporting companies could be placed on the booth. We ought to think about something like this.

ADDITIONAL CREDIT

The local school system received notice recently that they would have additional credit next year for two subjects that are studied in the local high school. We wish to congratulate the school on this rating. The additional credits brings the school's list to an excellent standing. Furthermore, this achievement represents some real hard work on the part of the teachers and the pupils. It also is a compliment to the excellent management by the school board and the executives of the school.

This announcement came at the same time that the story came from Austin that Wichita county had more accredited schools than any other county in the state. We are proud that our system and of the high standing of all the county. We have always had a sneaking suspicion that mighty smart folks lived in Burkburnett and the county as a whole. This verifies that suspicion of ours.

Big Rabbit Creek

The steady rain which fell nearly all day Thursday sure did play havoc with the wheat and oat cutting. A person could see from one to two binders in one field before the rain set in. It will be a day or so in some fields before cutting will resume again as the grain, especially the oats are very heavy, and so much of it is being cut green.

Last Tuesday Mr. and Mrs. James Hatcher's son who came in contact with a mad dog several days past with Mr. and Mrs. Robert Thornton little boy, had a fainting spell Tuesday afternoon. The parents took their son down to Wichita Falls that evening to have him examined again for rabbies. After the examination it was found that the little fellow got to warm which caused him to faint.

Good readers of the Burkburnett Star don't forget that there isn't but two more Sunday's left after this date the 16th, till the big singing Convention will be pulled off at the Big Rabbit Creek school house the 4th Sunday June the 23rd. Every one is cordially invited to come and take a part to make it a bigger all day singing than we had the 4th Sunday in May in 1934.

All the Rabbit Creek folks are sure pleased to know that they can get over to Burkburnett again when they want to go, in order to do their shopping.

Ed Owens was in the town of Randlett Wednesday afternoon for repairs for their binder.

The writer has been informed that Mr. Cicero King had the misfortune to have to kill two of his yearling heifers one day of last week on the account of them being mad. It was supposed they were bitten by the mad dog which was killed two weeks or more in this neighborhood. The heifers that was killed was pronounced having rabies.

The west prong of Big Rabbit Creek sure did get her rising clothes on late Saturday afternoon in less than two hours time she was all out over the bottom lands, covering up shocked oats and shocked barley, and covering up some cotton that was planted in the creek bottoms.

Mr. Robert Williams who is farming the Tom Williams farm, who lives over in Burkburnett will have to plant several acres of cotton over on the north side of the creek again. The water was a foot or so deep all over his cotton. This will make three or four times that Mr. Bob has planted this bottom piece of cotton land over.

The estimate yield for wheat and oats on an average has been placed at 7 bushels of wheat and 45 bushels of oats. Of course there will be some wheat that will make 10 bushels and some fields of oats that will thrash out 60 bushels per acre.

Another hard rain fell over on this side of the Big Pond late Saturday evening, but it rained harder up in and around Devo than it did in this neck of the woods.

Mr. Jess Kinnaird's little Red River Valley Store is doing a big business since its been raining so much. It just keeps Mr. Jess on the road with his big truck hauling in supplies. The rural roads are almost impassable in places, nevertheless Jess is trying his best to keep a good fresh stock of goods in his store for his customers. He is paying the same cash price for eggs as our Burkburnett merchants are paying over in Burkburnett.

Mrs. Jack Williams and son and little daughter spent Sunday visiting with her parents, Mr. and Mrs. W. A. Wilson.

Owing to so much rainy weather it is causing the oats to fall down something terrible in some fields. They are down so bad it will be just impossible to cut them all unless they are cut one way.

The man who is all wrapped up in himself seldom gets anywhere.

Sitting tight is a pastime indulged in by the doubter. The man who contributes nothing to your city but hard luck tales and knocks.

Chewing the rag all the time gets you nowhere. It's the doing of things that counts.

You should always be loyal to your home town for what it is and what it will be.

City with no vision gets nowhere.

If you want to be a regular citizen you must be an active citizen.

I wonder if you ever stopped to think that the boosting spirit of the Burkburnett Star paper teaches you first to know your city, then go ahead with a real knowledge of it and with a vision of a still greater city towards which your hopes, your thoughts and your toil should be directed.

In making cookies to be sent through the mail, cut them with the lid of a coffee or a baking can lid. They will shrink a little in baking and will fit snug in the box when done.

Opportunity is right in front of you, but it won't wait for you to catch up.

Some fellows never look a gift horse in the mouth. They look all over instead.

It cost nothing to look on the bright side of life, but brooding on the dark side is an expensive habit.

Last night I waded down a lane in search of yesterday. And there were shadows of mist and rain. While I was on my way.

I stumbled to each childhood haunt in days of other years. But skeletons were there so ghastly. My eyes were moist with tears.

I found illusions cold and bare. Just like an ancient safe. Allotting each an equal share. From off life's knowledge page.

I saw long shades of tall palm trees stretched in the cool night air. My soul took like in memories. Of things it could not share.

With dawn I felt the barren town. That we call yesterday. For I could not find faith around. But still "Someday" I may. HAWKEYE.

And there is no insurance against record breaking.

Unfortunate predicament is that any reasonable idea of fair pay doesn't finance average man's ideas of fair pay.

Current Literature

The local library has just completed its drive for funds for the next years operation. At the same time a number of new titles were added to the library. This column would like to suggest to some lover of literature, that the favorite classics that they have, be added to the store. Most children will never have the opportunity to read the age old supply they have at home.

It may mean that the board of directors will have to be come what more liberal-minded than the board are in some small cities. We have known of crimes committed in the name of censorship. It is our profound hope that the spirit of clear cut intellectuality that has characterized many of Burk's activities applies to the choice of volumes in the local library.

The book review idea strikes us as about the most attractive, yet advanced by the president of the board, Mrs. Alvin Hill. Nothing should keep this idea from going through this summer.

If you are broad minded enough to read a person that does not agree with you, try reading the American Spectator. It is our idea of the best contribution to contemporary intellectual effort in America. It has been discontinued, but copies are available. The editors are: George Jean Nathan, Earnest Boyd, Theo-

dore Dreiser, James Branch Cabell and Eugene O'Neill. That last to give any body an idea of highbrow it is.

We have been suggesting things to read. We would like to suggest some things not worth reading: Anything Emil Ludwig wrote. It's all tripe. "The Savage Past Age," D. D. Lawrence; "Little Book" (all hokey.) "Climbing"

Figures that Prove Banking Efficiency

Not many people realize how economically banks serve them . . .

According to figures recently published by the Post Office Department, it costs the Government an average of 14 cents for every money order issued.

Banks are nearly three times efficient. The average cost of them for a check drawn and paid is only five cents.

Nothing could show more convincingly how banks serve their depositors with a minimum of waste and expense.

Cooking School Wins Approval Women Of Burk

Local Merchants Present A Successful Session At The Methodist Church Last Week

PRIZES AWARDED

With over 300 women attending the session of the free school for cooking presented by three local merchants and directed by Miss Zella Allen, noted economist, the cooking school was pronounced an unusual success last week. The school was presented in an attempt to instruct in a well balanced program for home cooking with the emphasis on the arrangement of the routine diet. At the same time the concoction of special or party and company dishes and recipes were given adequate time on the programs.

The winners of the prizes were Mrs. Fred Bohner, cake for being the oldest woman present at the school, Mrs. Fred Brookman, glass ware set for receiving the highest number of votes in attendance balloting. The grand prize was won by Mrs. Ann Saunders and was donated by Owens and Brumley Furniture store. The other stores assisting were City Grocery and Market, that gave the meats and vegetables, the Preston Dairy that gave the milk and cream for the recipes, and Owens and Brumley that furnished the kitchen.

The women of the community were given many useful recipes and were given actual demonstration on how to carry through a complete diet for each day of the session. The practical demonstration made it possible for the women to apply the recipes that they received.

Odd Fellows And Rebekah Services Held Stringtown

The Odd Fellows and Rebekahs of the Burkburnett area held the annual memorial services at the Stringtown Baptist church Sunday night and a packed house attended the memorial. The services were held in memory of the deceased members of the organization, and a beautiful dedication marked the observance. Mrs. J. G. Beard, local secretary presided at the dedicatory service, and the pastor of the church, Rev. Mowery preached the sermon.

The order of the program was: Music, selected; processional, "The Lord is My Shepherd"; song, "Have Thine Own Way"; scripture reading and prayer, Rev. Mowery; special number, Odd Fellows; tribute, Mrs. J. G. eBard; Flower Memorial, Rebekahs; solo, Rev. Mowery; offering and announcements; sermon, Rev. Mowery; presentation of folders, and benediction.

Funeral Services For Ira Durham Held In Electra

Funeral services for Ira Durham, 51, were held Friday afternoon at 2 o'clock from the Church of Christ in Electra. The Rev. Burton Coffman, associate pastor of the Tenth and Austin Streets Church of Christ in Wichita Falls, officiated. Burial was in the Dean cemetery, six miles east of Wichita Falls, directed by the Owens & Brumley Funeral home of Burkburnett. Pallbearers were J. D. Adkins,

Robert Burk, Roy Chambers, P. J. Chambers, Charlie Bray and Marion Bray.

Survivors are the widow; three sons, Orville, Leroy, and Murry Durham of Electra; two daughters, the Misses Alice and Johnnie Louise Durham of Electra; two brothers, Jesse Durham of Wichita Falls and Luther Durham of Bromide, Okla., and a sister, Mrs. Johnnie Mae Burrow of Bromide.

The trouble with our generation is that it is becoming so much more difficult to find an innocent bystander.

HARD STARTING

Don't kid yourself, summer or winter, when your motor is hard to start something is wrong and the sooner you check it the better for your car and pocketbook. Ignition or Carburetion might be off and a few minor adjustments will make all the difference in the world. Our "KING MOTOR TESTER" will locate the trouble quickly and accurately, after which adjustments are easily made.

HOUSER'S GARAGE

Chevalier Plays First Dual Role

Maurice Chevalier has his first dual role as star of "Folies Bergere," 20th Century's lavish picturization of the famous French musical comedy institution, which comes to the Palace Theatre Sunday and Monday.

Chevalier plays both Charlier, the gay, straw-hatted, singing star of the Folies Bergere, and the be-mustached be-mustached French Baron Cassini, noted for his amorous escapades. Thus, the personable French actor is both the hero and the "heavy" of this Darryl F. Zanuck production.

No tricks photography was required, however, as Maurice never meets himself face to face. As the star of the Folies Bergere, Charlier gives an impersonation of the Baron. It is so good that when the Baron secretly flies to London to raise a loan to cover bank funds he has sunk in a worthless African mine, his associates divert suspicion by hiring Charlier to impersonate him in real life as well.

If you turn loose a bad dog that bites people you must pay for the damage, but its all right to turn loose a human killer.

Revival Meeting

LOUD SPEAKER EQUIPMENT
 CHURCH OF CHRIST

AVENUE C and FIRST STREET

CONDUCTED BY
 HERBERT D. HOOKER
 of Okmulgee, Okla.

STARTING SUNDAY, JUNE 30

Everybody Invited—Singing By Local Talent

Services Held Sunday For Sol Draught

Funeral services for Sol Draught, retired railroadman was held at the North side Assembly of God, 501 North Wichita St. afternoon at 2 o'clock. The Rev. P. Robinson, pastor, will officiate. Interment was in the cemetery under the direction of Owens and Brumley Funeral home of Burkburnett.

Survivors include two daughters, Roy Guber of Pearsall and Ethel Mooney of Gladewater; George Draught of Overton; brother, W. T. Wheeler of Falls and two sisters, Mrs. Barker of Wichita Falls and Delah Henley of Fort Worth. Bearers were S. Bingham, Stockton, Charlie Brown, Ed Kitchens, Orville Fields and McPherson.

Patterson Honored With Lovely Shower Monday

Horace Patterson was honored with a shower in event of her marriage at the home of Mrs. Patterson on East Fifth St. afternoon with Mrs. Ed as co-hostess. The honoree married June 9 in Walters, and is remembered as Miss Smith of Snyder, Texas. In the contests the high prize was won by the honoree and the second prize by Mrs. Geo. Scruggs, who presented the recent bride.

The present were Mesdames D. P. Welch, Geo. Scruggs, R. P. A. Wiggins, J. H. E. Henderson, and Misses Williams, Beatrice Martin, Mrs. Patterson, Mrs. J. M. Patterson and Mrs. Ed Vaught. Those gifts were: Euda Fields, Henry Grace and Mrs. W. C.

Shocker Has Story of Murder on Seaplane

who revealed in the mysterious shock in the laugh quakes "Penguin Pool Murder" and "Murder on the Blackboard" are in the field day with "Murder on Seaplane," based on a story same author and with the same title, headed for the Palace Theatre Thursday (today) as than Edna May Oliver takes up the story again take up the story and cigar to outsmart the mere detectives like Sherlock Holmes. And Sherlock had a more baffling mystery than that of "Murder on a Seaplane," with death striking and unseen as a seaplane is seen between Los Angeles and Island.

J. C. Adams Jr. Host To Birthday Party Sat.

J. C. Adams Jr., son of Mr. and Mrs. J. C. Adams of the Rexall Drug Store was host to a party of friends on the occasion of his birthday at mid-night Friday. The members of the party attended the showing of the theatre matinee "Frankenstein's Bride" at the Palace theatre. They stayed the remainder of the night at the home of the host and were served breakfast Sunday morning. Those present were: Ray Allen Peevey, Dial Rike Peevey, Billy Rhyme, Wendell Rae Goin, Jay Carter, Columbine, Wyo.; James King, Wichita Falls; and the host J. C. Adams Jr.

Mrs. J. J. Wolfe Succumbs In Wichita Sun.

Mrs. J. J. Wolfe, 59, resident of the Mt. Carmel community north of Electra for 27 years, died in a Wichita Falls hospital at 7 o'clock Sunday night. The body was taken in charge by the Owens & Brumley Funeral home of Burkburnett. Mrs. Wolfe was a member of the Catholic church.

Survivors are five daughters, Mrs. J. H. Hartmansgruber of San Antonio, Mrs. Perry Rutherford of Albuquerque, N. M., and the Misses Dorothy, Elizabeth and Hattie Wolfe of Mt. Carmel; nine sons, Andrew Wolfe of San Antonio, Martin Wolfe of Wichita Falls, Leo J., Henry, Chas. and Alfonso Wolfe of Mt. Carmel, Paul, Steve and Pete Wolfe of Longview; a brother, John Albach of Philadelphia; and several stepchildren.

People don't respect a man because he's rich. They would respect his pile just as much if a Hottentot had it.

The law of supply and demand is about the only one in this country that some court hasn't declared unconstitutional.

How times change. It used to be that when a man cashed in there was something wrong with his stomach lining. Now quite often it is due to the fact that there was something wrong with his brake-lining.

Ben Frank Clifton Is Complimented Tues.

Complimenting Ben Frank Clifton on the occasion of his seventh birthday a group of friends were entertained last Tuesday afternoon at the home of his parents on Hayworth street. After viewing many lovely and useful gifts, the children enjoyed the games prepared. Philip Johnston won the prize for pinning the tail on the pig. Ice cream and angel food cake were served to the following: Jean Wills, Colleen Mattingly, Ruby Nelle Russel, Doris Frances Magers, Mary Jean Prince, Aleen Kelly, Margie Hill, Margaret Chambers, Allie Fay Matthews, Betty Riddle, Billy Jo Stacy, Dorothy Ann Preston, Mary Francis Gamblin, Doris Mae Pogue, Margie Brashear, Jane Pateet, Mary Francis Kelly, Parsy Williamson, Verna Jean Pogue, Polly Hall, and Ellis Green, Billy Sam Poteet, Mace Master Oyler, Dan Strickland, Jack Blansett, Dale Woodward, Phillip Johnston, Jim Tom Brookman, Jr. Hall and the honoree Ben Frank. Mrs. Clifton was assisted by Mesdames Scott Williamson, J. M. Hayworth, and J. Neal Hall.

Star Ads Bring Results!

To Make A LONG TAIL SHORT

If a jockey can make the horse fly, and the blacksmith the sparks fly, can a boarder make the butterfly fly? When we have a "hurry-up" job to be done we are on the "fly" until the job is finished, and do it in a manner that will make a steady customer and a booster out of you.

MITY NICE SMASHES THAXTON IN DOUBLE HEADER GAME FRIDAY

Climax Of First Half Play—Magnolia In Lead

For several weeks the local soft ball fans have been looking forward to the meeting of the giants, and a huge crowd turned out last Friday night to witness the slaughter of the mighty Thaxton ten at the stadium as the Mity Nice team took both ends of a double header by lopsided scores. The game had been considered the climax of the season, and in spite of the hard rain that fell all day and the overhanging clouds the grand stand was packed with the largest crowd of the season to watch the slaughter.

The tensest rivalry of the first half had developed just before the games. The teams were playing for the championship of the first half. The double victory by a score of 21 to 6 and 15 to 6 made it possible for the season to end in a triple tie.

Big Game

The double victory put the Magnolia into the lead. That will make the big game for next week to come Monday when the Magnolia and Mity Nice teams tangle up. It will be a fight for leadership. The Mag's can sew up the first half that ends Tuesday with a victory, and the Bakers can throw the race into a three way tie by winning.

The line score for Friday's games:

First Game—
Mity Nice 233 710 x 28 15 8 3
Thaxton 021 100 2 33 6 8 5

Second Game—
Mity Nice 280 114 5 47 21 19 3
Thaxton 022 101 0 30 6 8 14

Two of the games for the week were postponed on account of rain but Friday's game made up for the schedule losses. Thaxton had defeated Magnolia and Skelly company took Texas company for 13 to 5 defeat. The whole interest was directed to the big game.

In the first game the two teams were tied in the second inning, but the Mity Nice soon jumped ahead and made eight runs in three innings on three hits. Thaxton tried every combination but nothing could stop the batting of the Bakers. In the second game the Bakers jumped into a ten run lead in the first two innings. The box score reveals that the Bakers made 15 runs on eight hits in the first game and 21 runs on 19 hits the second game. There were 25 errors on both sides during the two games, and very few of the runs were earned.

The Tucker team lost a heart breaker to the Magnolia Monday afternoon when they dropped a game 4 to 3. The Mity Nice pulled up into a tie with Thaxton when they won the night game from the Skelly Oil team.

Team	Standing	G	W	L	Pct
Magnolia		11	9	2	818
Thaxton		13	10	3	769
Mity Nice		13	10	3	769

School Gets Credit—

(Continued from page 1)

highest credits or compliments of efficiency that a school can receive from the state department of education is the granting of additional credit.

The work required for new credit is severe for both the instructor and the students in the classes. These credits can be transferred to university affiliation without additional examination, and the students receiving them will be able to carry transferred credits to college and to other accredited schools.

The new credit brings the total of the local school in subjects now offered up to 29. These subjects include the two mentioned above and English History (world, American and English) Algebra, plane geometry, general science, biology, chemistry, physics, economics, typewriting, bookkeeping, short hand, commercial arithmetic, economics, commercial law, commercial geography, civics, public speaking, shop work, mechanical drawing, home economics, Latin and Spanish.

Another hard thing to find is a Burkburnett man who can wrap up a bundle so it doesn't look like something the pup has played with.

PICKED UP ABOUT TOWN

Butler Westerfield says it's easy to become a famous painter. All you have to do is paint a picture and then stay dead about 400 years.

The poor have one advantage, declares Ike Harwell. When they get sick it doesn't take the doctor so long to dismiss the case.

The things that most endangers married life are selfishness, boredom poverty and bridge playing.

Spending twelve million dollars to get a census of the jobless seems unfair. Why not as W. R. Hill suggests, just give every fellow \$5.00 and let him count himself.

Men seem pretty decent, says H. Grace when you think of the things they can't do until they get drunk.

If a statesman are not superior how can they think up a law that mere judges can't understand.

Necessity is the mother of invention Dr. Morrison points out that if you need a tooth removed and are afraid to come to him you can call some fellow a liar.

If opportunities are equal, asks Jim Alexander, how does it come there is so much dough in the hands of people who couldn't earn it to save their lives.

Neeley Vaughn says you don't borrow trouble. You just borrow and the trouble is thrown in as a little surprise for you.

Fred Flanagan says Soda Beldon has flat feet. He had to ask an old man like Jess Griffin to run for him when he was on first base.

P. A. Wiggins says that the merchants can now put their fresh vegetables and other produce in front of their stores as Rex Kent has taken his dog "popeye" to Okmulgee.

Mayor Kemp was on hand at the Juneteenth barbecue and celebration held yesterday. He welcomed all the visiting brethren to the city and turned the key over to them.

Enderly-McClurkan Nuptials An Event Here Last Sunday

In a quiet service at the parsonage of the First Baptist Church Grace Enderly, daughter of Mr. and Mrs. John Enderly of Burkburnett and E. L. McClurkan were married by Rev. Miles B. Hays, pastor of the church Sunday afternoon at 2 p. m. The service was performed in the presence of a few of the most intimate friends and members of the family. The young couple were accompanied by Mrs. Garland Crane, sister of the bride and Mr. Garland Crane and Henry Grace of Burkburnett.

The bride is a well known member of the young set of Burkburnett and is a graduate of the Burkburnett high school. Mr. McClurkan has been living in Burkburnett for three years, and came here from Fort Worth where his mother now lives. He is associated with the Jackson News Stand of this city. The young couple will be at home in Burkburnett on Sixth street.

Union Auxiliary Will Install Officers July 2 In New Rooms

The auxiliary of the Oil Workers Union 258-A will install the officers of the organization at the meeting of the unit at the new hall recently leased over the Betty Anne Bakery, according to the announcement made last Tuesday. The organization has elected the officials and will be ready for the service that will include drill by the auxiliary team. Practice of the team drill has been called for Friday afternoon at 2 o'clock, and all the members of the team have been requested to be present.

The group met Tuesday night at the Elks club hall, with Mrs. Mildred Hurd, president directing the meeting. The ambassadors to the auxiliary were announced as A. C. Wigham, reelected and Luther Greer. The meeting of the two groups will be held in the new hall following the formal installation meeting in July. The hall is being renovated for occupation.

CHURCH OF GOD

The tent revival conducted by Rev. K. D. Beabe, evangelist is progressing nicely. The speaker who has been working in Texas for several months and formerly of Louisiana is putting his heart and soul into the service. His messages have been inspiring. His prayers have been for old time revival among the Christian people and an awakening of sinners to the realization of their lost condition before the Lord, to the extent that they will repent and turn to God. The services will continue through the coming week, and the public are invited to attend. The tent is located on East First street and Ave. E.

Jean Wills Honored On Ninth Birthday

Jean Wills was the hostess at the home of her parents Friday evening at a party given on the occasion of her ninth birthday. The guests were received by the hostess. After all had arrived, the lovely gifts were opened before the guests. In the guessing games Ruby Nelle Russell won the prize, and Bobby Ragsdale won a prize in a similar game. The children enjoyed games in the yard of the home. The refreshments cleverly represented the occasion with individual cakes with a border and the number nine appearing as decoration in the center of each cake. Each girl received a bracelet and each boy a baseball as favors.

Those present were: Clarie Mae Jenkins, Dorothy Browning, Ruby Nelle Russell, Gene Coats, Jonita Majors, Martha Jo and Sonny Oylor, Colleen Mattingly, Ben Frank Clifton, Charlie Grace, Mary Francis Boyd, Virginia Cope, Bobby Ragsdale, Jeanett Thompson, Doris Mae Grace, and the hostess. Those sending gifts were: Valta Brookman and Mamie Browning.

Bride Honored

Mrs. Bob Swain, formerly Miss Mary Moody, whose wedding was one of the social events of this month, was complimented at her home with a lovely shower of gifts. The joint hostesses for the affair were: Mesdames Cecil Wheeler and H. A. Southerland. The refreshments were ice cream and cake.

Those present were: Mesdames Marshall Chrestman, Truman Garland, Wayne Goodlett, Douglas Moody; Misses Pauline Henry, Nadine High, Lola Kate Wimberley, Frankie Campbell.

Those sending gifts were: Miss Guinn Brumley and Rayme Jean High.

Burk Citizens Visit In Lubbock This Week

Mrs. Charles Grace, Mrs. Brack Preston and daughters Gayle and Grace went to Lubbock Monday. Mrs. Grace visited relatives there, and Mrs. Preston and daughters attended the wedding of Mrs. Preston's niece, Miss Aleen Brown, of Acherly, Texas, to Mr. Shelby Read of Henderson, Texas. The wedding ceremony was at the First Presbyterian church in Lubbock, Tuesday morning at nine o'clock. Miss Margaret Preston, who has been visiting the bride since school released in Denton, returned with her mother, Miss Preston was the only attendant of the bride at the wedding.

There can't be a revolution. Any group that gets made enough to revolt can scare enough congressmen to get what it wants.

Sleep is a wonderful thing. It's the only thing that can make some Burk men go eight hours without smoking.

Former Burk Pastor To Lead Methodist Meet

Minister In Burkburnett In 1917-18 Will Speak For The Local Church

Rev. T. L. Hufstutler, pastor of the Methodist church in Burkburnett will lead the revival that has been planned by Rev. L. G. Hagard and the local church to start on July 7. Rev. Hufstutler won many friends both in his congregation and in the community at large while he was pastor here, and many of the local people remember him for his efficiency and spiritual leadership in this community.

The speaker is a graduate of Southwestern University of Georgetown, and a student of Vanderbilt University of Nashville, Tenn. He has been active in the leadership training courses sponsored by his church in the conference districts. For some time he was a student at the University of London England.

Rev. Hufstutler left the local church in the early part of 1918 to join the service in the United States army as Chaplain of the military division. As chaplain he served in France and Germany. After his enlistment he was sent overseas, and then after the end of the war served as a member of the Army of Occupation as the army advanced into the area of Germany. From his work in the army he has received high recommendation by the authorities.

The minister has been an active minister for 20 years, and all of that pastorate except the war service has been in Texas, the state of his birth. He was pastor of several of the important churches of the conferences. Among his pastorates have been Royce City, St. John Dallas, Burkburnett, Gainsville Whaley Memorial, Benham, and Commerce.

Rev. Hufstutler has been recommended as especially excellent with the young people. He has just completed the direction of a course as instructor in study at the Young People's Assembly last week. The work that he has done in church business and finance has been steady and efficient. He has perfected several excellent methods of business and pastoral organizations that have made his work universally successful.

As an evangelist his work has been above par. The meeting that he has held have been excellent. A good speaker, an excellent organizer, and a brilliant personality have added to his work. The meeting has been planned for several weeks. The committee working under the board of stewards is H. W. Prinzing, J. L. Caffee, Paul Browning, and F. R. Knauth.

Baptist Missionary Groups Postpone Meeting Monday

The Baptist Missionary Union postponed the meeting scheduled for last Monday to attend the funeral held in the church at the time of the meeting. The meeting that was to be a Bible study of the 14th chapter of Revelations led by Rev. Miles B. Hays will be held at some future day with the same subject.

"The Unwelcome Stranger" Coming To Palace Fri, Sat.

Agua Caliente, favorite Mexican resort of motion picture celebrities and socialites, is one of the locales of "The Unwelcome Stranger," the Columbia comedy-drama, coming to the Palace Theatre Friday and Saturday. All race-track scenes were filmed on the Agua Caliente track, which is said to be one of the finest in the world.

Scenes showing Jack Holt, starred in the film as the owner of a stock farm, with his wife, Mona Barrie, at the races, were taken in the Agua Caliente Jockey Club, which was built in 1929 by an organizer headed by Joseph M. Schneck, Hollywood producer.

The races shown in the Columbia

picture were run and filmed on Caliente track, with seasoned eyes riding the high string steeds. Jackie Searl, 12-year-old actor, was the only amateur final race, with Frankie screen player, riding in an contest.

Ralph Morgan, Bradley Page Sam McDaniel enact the other important roles, with lesser parts by Mary MacLaren, and screen star now making a comeback, twelve-year-old, Don Charles Claudel Kaye, and Libby T. Phil Rosen directed from an al story by William Jacobs, adapted to the screen by Crane Whitely.

The girls base ball team had the announcement for more games be made. The team is to play a benefit game for the with some Wichita team. Interested see Louise Kent.

Magnolia Company Will Hold District Meet June 26th

The Magnolia Oil company will hold a district business meeting and social meeting at the high school auditorium in Burkburnett June 26, and the invitation has been issued to all the families and employees connected with the company. According to Mr. Hudson, the public has been invited, and the meeting will be very interesting to any person whether they are connected with the company or not.

The program is being arranged, and the committees appointed. Among the subjects of educational interest are the history and development of the company. To the citizens of an oil district like Burkburnett, this discussion will be timely and interesting. The speaker and presiding officer for the program will be one of the officers from Dallas office that has a reputation for wit and interest. The company is anxious that the public attend and learn about the work of the organization.

Religious Debate To Be Held Here Next Mon.

Mr. J. T. Campbell will engage Mr. R. A. Wright in a four night series of religious discussions beginning next Monday night. Mr. Campbell is minister of the church of God of Iowa Park, and Mr. Wright is minister of the Church of Christ of that city. The debate will be conducted on the lawn of the Church of Christ building. Services will begin each night promptly at eight o'clock each evening, and arrangements are being made in anticipation of the huge crowds which always come to hear such discussions.

"There is a sense of justice which prompts people to seek information in regard to both sides of any vital issue," Mr. Wright said. "Experience as well as extended observation, shows that more people will come to hear the Bible discussed in this way than will attend any other kind of religious service," he added.

The propositions to be discussed Monday night—

The scriptures teach that the performance of miracles was to end with the completion of the New Testament.

Tuesday night—

The scriptures teach that salvation from past or alien sins comes in direct answer to confession of sins and prayer.

Wednesday night—

The scriptures teach that baptism in water in the name of Jesus Christ is to a penitent believer, for (in order to) the remission of past, or alien, sins.

Thursday night—

The scriptures teach that baptism in the Holy Ghost is now in effect with the signs and tongues and miracles as evidences.

Mr. Wright will affirm the first and third propositions and deny the second and fourth. Mr. Campbell will affirm the second and fourth propositions.

Rev. Pat Moreland To Deliver Address Memorial, Wichita

Legion Convention To Stage Services At Majestic Theatre Next Sunday

Rev. Dr. Patrick D. Moreland, secretary to Governor James V. Allred and former Wichitan, will deliver the memorial sermon in the Majestic Theatre, Sunday morning, June 22 during the quarterly convention of the American Legion and Auxiliary in the 13th district and southern Oklahoma.

Rev. Moreland, who was formerly pastor of the Grant Street Methodist church of Wichita Falls and later of Archer City, served overseas as a machine gunner and later in the aviation corps. He is well known throughout Texas as a poet.

The 40 and 8, an honorary society of the Legion will stage a wreck Saturday night. A stag party and dance will open the convention Saturday evening. A luncheon at the Kemp at noon Sunday will be followed by a business session, featuring the nomination and selection of delegates to the national convention in the fall at St. Louis.

The women of the American Legion auxiliary will open their convention Sunday morning with a breakfast at the Town Tavern, at which a roundtable discussion under the direction of Mrs. R. E. Weller, Electra, will be featured. The ladies will join the Legionnaires in the memorial services and luncheon. The afternoon will be devoted to unit reports and the election of a district executive committewoman who shall serve for two years. Between 500 and 1000 delegates are expected to attend the convention, Wayne Sommerville, commander of Pat Carrigan Post announced.

Citation by Publication THE STATE OF TEXAS

To the sheriff or any constable of Wichita County, Greeting:

You are hereby commanded to summon J. L. London by making publication of this citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the 30th District Court of Wichita County, to be holden at the Court House thereof in Wichita Falls, on the second Monday in July, A. D. 1935, the same being the 8th day of July, A. D. 1935, then and there to answer a petition filed in said Court on the 7th day of June, A. D. 1935, in a suit, numbered on the docket of said Court No. 29145-A, wherein, Anne London is Plaintiff and J. L. London is Defendant and said petition being a suit for a divorce upon grounds of cruel treatment and abandonment, plaintiff prays for custody of her minor child, Clinton Wayne London.

Herein fail Not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Wichita Falls, Texas, this the 7th day of June, A. D., 1935.

R. L. Sanderford, Clerk District Court, Wichita County, Texas. 43-4tc By Edna Burner, Deputy.

Sheriff's Sale

THE STATE OF TEXAS County of Wichita

NOTICE IS HEREBY GIVEN that by virtue of a certain Order of Sale issued out of the Honorable 89th District Court of Wichita County, on the 26th day of May, 1935, by R. L. Sanderford, clerk of said District Court for the sum of seven hundred five and 95-100 (\$705.95) Dollars and costs of suit under a certain Judgment, in favor of North Texas Building and Loan Association, a corporation in a certain case in said Court No. 27590 and styled A. L. Gregg vs. North Texas Building and Loan Association, a corporation and placed in my hands for service, I Pat Allen, as Sheriff of Wichita County Texas, did on the 28th day of May 1935, levy on certain Real Estate, situated in Wichita County, Texas, described as follows to-wit:

Block 13, of the original Town of Lots Seven (7) and Eight (8) in Burkburnett in Wichita County, Texas, and levied upon as the property of A. L. Gregg and that on the first Tuesday in July, 1935, the same being the 2nd day of said month, at the Court House door, of Wichita County, in the City of Wichita Falls, Texas, between the hours of 10:00 A. M. and 4 P. M. by virtue of said levy and said Order of Sale I will sell above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said A. L. Gregg. And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding day of sale, in the Burkburnett Star a newspaper published in Wichita County.

Witness my hand this 28th day of May, 1935.

Pat Allen, Sheriff Wichita County, Texas.

By H. F. Hawkins, Deputy. 42-3tcA

Negroes Celebrate The Emancipation Proclamation Wed.

June Tenth Feted in Elaborate Parties and Contests

A happy care free group of the darker section of Burk's citizenry staged a joyous celebration starting with dances and ending with dances from sun down Tuesday to sun up Thursday. There were parties and picnics, ball games and dances in every section of the county. Reverence and tribute were given to the sacred memory of the president that read the proclamation on June the 19th that set the slaves of the United States free.

During the Civil war the president, Lincoln, was faced with the serious problem of the demands of the radicals of his own section and the conservatives that supported him. He could not afford to offend either group. After the chaotic battle at Gettysburg, he saw that the strength of the South had been exhausted, and he issued the famous proclamation that made the negro free by executive order. Several years later the 13th, 14th and 15th amendments were passed to make the announcement constitutional. To the negro, however, the proclamation day is the day of his freedom, and they celebrated that day as enthusiastically as the rest of the United States celebrates the fourth of July.

JUNIOR G. A.'s MEET MONDAY

The Junior G. A.'s of the First Baptist church met in an open meeting last Monday for the initiation of several new members. The attendance, including the several visitors, was excellent, and there will be an interesting program on South America next Monday afternoon at four o'clock at the church. All the members are urged to be present, and visitors of the Junior age are invited to hear the program. "Guitars and Water Jars."

Citation by Publication

THE STATE OF TEXAS To the Sheriff or any constable of Wichita County, Greeting:

You are hereby commanded to summon Alice Bell Gibbs by making publication of this citation once each week for four successive weeks previous to the return day hereof in some newspaper published in your county, to appear at the next regular term of the 30th Judicial Court of Wichita County, to be holden at the Court House thereof in Wichita Falls, on the second Monday in July A. D. 1935 the same being the 8th day of July A. D. 1935 then and there to answer a petition filed in said court on the 4th day of June A. D. 1935 in a suit numbered on the docket of said court No. 29136 -A wherein W. D. Gibbs is plaintiff and Alice Bell Gibbs is defendant and said petition being a suit for divorce upon grounds of cruel treatment and abandonment.

Herein fail not, but have before said court, at its aforesaid next regular term, this writ with your return thereon showing how you have executed the same.

Given under my and and the seal of said court, at office in Wichita Falls, Texas, this the 4th day of June A. D. 1935.

R. L. Sanderford, Clerk District Court, Wichita County, Texas. By Edna Burner, Deputy. 43-4tc.

Card of Thanks

We wish to express our appreciation for all the kind remembrances of our friends and neighbors during our recent bereavement in the tragic death of our loved one Mrs. Mae Warren. We wish to especially thank those who sent us the messages, oflral offerings and assisted in the services. May God bless you for your kindness.

(Signed) Mr. and Mrs. H. L. Ivey and family. 44-1tp

Card of Thanks

Words fail to express our appreciation, but with heart-felt gratitude we send thanks to you one and all for the many kind deeds rendered for the many hours you spent searching for the body of our loved one. Frank Kelly read "Keep Your Heart 15". The visitors were Truman Garland and Paul Morman of Post Texas. Garland was accepted as a new member of the organization.

(Signed) Mrs. L. M. Audrain and daughters 44-1tp.

Lions Prepare For Initiation Services

The members of the Burkburnett Lions Club made the final arrangements for the installation of officers to be held next Tuesday night at the city water park. The ladies of the club have been invited to attend the picnic and barbecue as guests of the members. The club plans to have talent from Electra, Iowa Park, Wichita Falls and Burk on the program. Among these numbers will be specialty singing from Wichita Falls.

The installation of the officers will be in the form of a responsive dedicatory service, and games and stunts will be presented by the members of the club. The club heard the speech of Chester Roberts Tuesday night, and Kathylene Exley played a selection of piano tunes. Frank Kelly read "Keep Your Heart 15". The visitors were Truman Garland and Paul Morman of Post Texas. Garland was accepted as a new member of the organization.

"Where You Get The Most For The Least"

Burkburnett, Texas

MRS. ELLEN KNAPP CELEBRATES NINETY FIRST ANNIVERSARY SUN.

Local Citizens Honored By Church And Friends At Special Service Here

LIFE OF SERVICE

There is something about the life of our pioneers that still thrills us, and at the same time the courage that they had in the face of difficulties give us inspiration to make our lives more brilliant. Mrs. Ellen Knapp was honored by her friends and church Sunday in a special service dedicated to her as she attained her ninety first birthday.

It is not especially meritorious to reach an age of 91, but to add to that achievement a noble life of service and loving living is worth the moment of notice that the whole world may pause to give. It has been characteristic of the life of Mrs. Knapp that she has lived with the high ideals of service and love of her family and community all her life.

The pride and strength of the two races, Scotch and Irish are combined in one personality of these racial groups. She was born in Ontario, Canada, in 1844 on June 16. In that severe country she went to school in the Canadian public schools and graduated to receive her teachers certificate. After several years of teaching, she moved to the United States in 1866, and settled in Ypsilanti, Michigan. She married A. D. Knapp in 1870, and with him set out to homestead in Western Kansas.

In this country so recently torn by strife of a civil war the courageous couple settled down to build a home. At Abilene, Kansas, they built their home near the Old Chilsom Trail, that has written son many pages in the history of the Southwest.

Joining the Presbyterian church when she was 12, she has been a member of that organization for 80 years, and during that time has never intentionally missed a communion of service of her church. For 35 years she was the member of the same church, the First Church at Abilene. And 30 years of that time was under the same pastor, Rev. Blayney. She has been the charter member of two churches, one at Abilene and the Burkburnett church.

Her husband died in 1891 in El Paso, Texas. In 1922 she came to Burkburnett. In the wild days of the boom, the pioneer spirit that had characterized her life, made it possible for her to come to the raw community, and continue her life of service and sympathy. She is known as "Mother" Knapp. She is the mother of Mrs. Geo. Hoffman of this city, and has one other child and one grand child. The most remarkable thing is that her first grand child was born after she was eighty-nine years old.

Mary Elizabeth Slama Honored With Party Fri.

Little Miss Mary Elizabeth Slama and a host of her Burkburnett friends motored over to Wichita Falls last Friday afternoon, June 14th to join her two friends, Mary Elizabeth Brown and Dorothy Flint in a birthday party for the three in the home of Mrs. Ben Flint, 1904 Buchanan of that city. The trio and their friends were entertained with games and a story of "Our Flag" by Mrs. C. L. Anderson.

The color scheme for the day was carried out in refreshments served to the following: Hattie Ann McMann, Hallie Marguarett Swift, Georgia Ann Hazdil, Betty Sonsway Ethel Vee Johnson, Robert Litiken, Dorothy Dittoe, Betty Jane Slama, Dorothy Ellen Boyd, Jack Harmon, Edward Slama, Vanita Harmon, Carolyn, Rose Mary Francis, Hrazdil Jack Avers, Millie Louise Hrazdil, Dolly Ossenbeck, Lillie Bell Hrazdil, Chubby Ossenbeck, Ruth Michna, Jo Ann and Jo Nell Pizen, Betty Kay Savell McDonald, Jo Ann McDonald, Ruth Margaret McClennan, Mike Louise Hrazdil, eBatrice, Michna, Lillie Ann Pastusek, Annie Pevey, Nick Kayhill, Frances Perez, Edna Brown, June Brown, Betty Jo Pizen, Mrs. Tom Boyd, Miss Kristie Fisher, Mrs. W. Brown, Mrs. Mrs. K. D. Harmon, Aunt Bell, and Ben Flint, and the hostess, Mrs. Joe Slama and Mrs. Ben Flint. Those not able to attend but sending presents were Miss Willie Mae Ermis of Houston, Ethel Lee Johnston, Ann Edorf, Billie Rose, Mary Walsh, and the sisters of the Academy of Mary Immaculate.

BERRIES RECEIVED

The Star office received a basket of delicious dew berries and black berries Saturday morning from Mrs. D. M. Morris. The berries were grown in the garden of Mrs. Morris north west of the city, and they were unusually large and of good quality.

Lewallen Recital Artistic Success

Presenting the best balanced program of the recital season Mrs. M. E. Lewallen gave the music lovers of Burkburnett an opportunity to hear some of the classic and modern music excellently played at the recital of the studio at the First Baptist church Friday night. A program that included piano, violin, reading and orchestral numbers kept the audience more interested than the average recital. The program was well directed and presented with a dignity and finesse that gave much credit to the studio.

The climax of the program was in the final three numbers. After building the program the whole evening to the climax with student and orchestral numbers by the home town orchestra, Mrs. Lewallen played the exquisite Danse Moderne, Dennee, with a comprehensive interpretation that was technically perfect and completely sympathetic with the original conception of the composing artist. She was accompanied by Mrs. A. H. Mahaffey, whose assistance in the presentation rounded out a perfect performance.

One of the modern numbers presented was the very popular Gypsy composition of Eithel Allen Nelson of Wichita Falls, by Peggy Williams, a student of the composer. was one of the most excellent that the very critical audience appreciated.

Another high light of the program was the instrumental quartet presenting violin, clarinet, trumpet, and piano interpretation of Danks' Silver Threads. The combination of the instruments that is ordinarily difficult was perfect, and the positive strength of interpretation interested the audience.

One of the attractive features of the program was the combination of classic old themes and the modern music. Mozart, Chopin and Beethoven had a place alongside of the work of Nelson and Engelmann of contemporary note.

Local Theatre Arranges Clever Advertising

The local theatre arranged one of the cleverest and most ingenious advertising schemes that has been presented in Burkburnett in connection with the moving picture shows. In illustrating the "Bride of Frankenstein" the mechanics and operators of the theatre arranged a life like model of the bride being resurrected from the grave. By a mechanical arrangement the dummy was made to appear to be breathing and produced the weirdest effect imaginable for the show ad. Hundreds of movie fans passed by the eerie demonstration Saturday and returned to see the production that it illustrated Saturday at Mid-night.

Last Rites Held For Billy Lynn Craweek

Funeral services for Jerry Lynn Craweek, 3, son of Mr. and Mrs. F. O. Craweek of Burkburnett were held from the First Baptist church at 3 o'clock Monday afternoon. The Rev. Miles B. Hays, pastor conducted the service. Burial was in the Rosemont cemetery of Wichita Falls under the direction of the Owens and Brumley Funeral Home of Burkburnett.

The boy died shortly after eight o'clock Sunday evening in a Burkburnett Clinic. He had been ill for four days.

Survivors include the parents; a brother, F. O. Jr., 9, and a sister, Julia Ann, 5.

Tourists Told How To Save \$10 to \$25 On Vacation Trip

Motorists on long vacation trips often throw away \$10 to \$25 in needless gasoline and oil costs because they fail to observe ordinary economy precautions.

That is the opinion of J. D. McCrimmon, motor car service expert, who has formulated economy rules to aid vacation travelers.

"Motorists should remember that excessively high speeds pile up excessive gasoline, oil and repair bills, McCrimmon says. "Comprehensive tests made over a period of several years show that the average car capable of 20 miles to the gallon of gasoline at 20 miles per hour, gets only 19.7 miles per gallon at 30 miles an hour, 18.3 at 40 miles an hour, and 15.9 at 50 miles an hour.

"Engineering tests also have shown that the average car on the road today uses about seven times as much oil at 55 to 60 miles an hour as it does at 30 to 35 miles an hour. Some new cars, such as the 1935 Plymouth with its high compression engine, calibrated ignition and directional cooling system, can cruise economically at higher speeds but excessive speed adds to operating costs in most cars."

McCrimmon says that the modern car performs best at between 40 and 45 miles an hour. He suggests to the keep his fuel bill to a minimum that he also guard accelerating with a wide open throttle. This common practice, he says, costs motorists thousands of dollars for extra gasoline each year.

As Director of Service for the Plymouth Motor Corporation, McCrimmon has amassed a wealth of data covering costs per mile of operation, which show that the average owner pays little attention to the economy feature in driving his automobile.

"Too many motorists start on vacation tours without making the checks necessary to insure maximum performance of their cars on the highway," McCrimmon says. "The motor should be checked and, if necessary, tuned up. The cooling system should be inspected and the oil pan removed and cleaned out. Wheel bearings and all parts of the chassis should be thoroughly lubricated to reduce friction to a minimum at highway cruising speeds."

McCrimmon points out that such preparations usually require but a few hours' time, and the cost is negligible when compared with the result saving in fuel expenditures and possible repair bills.

News of Week

Japanese-Chinese

Although it is far removed from us in distance, the Chino-Japanese war is one that concerns this part of the country very deeply. Last year the largest cotton buyer that the United States had was Japan, and of that cotton, some 14,000 bales came from the Wichita County area. At the same time huge loads of scrap iron have been bought in this area, and shipped to Japan and China through Galveston.

The only irony of the situation is that some day Japan may make guns and bullets as well as gun cotton of these raw materials to shoot at us. Personal correspondence from China indicates that in spite of the resistance that China is showing the average Chinese would rather live under Japanese government. They know that they will be protected from the large bands of robbers that wander over the country under the name of armies.

Ethiopia

A few days ago an Italian citizen was attacked by a band of soldiers claiming to be Ethiopians. This gives an excuse to continue her attacks on the African country. It seems to the rest of the world that this incident was too handy to be real. Most countries suspect that Italy framed the incident to create an excuse for an attack that they had already planned. Then Italy became very angry when London offered to arbitrate. It may cause a faux pas between the Italians and England. That would be trouble.

NRA

The skeleton NRA passed, but it is a volunteer cooperative law. Each man makes a gentleman's agreement to abide by the rules. It reminds us of the farmer, who returned from the cooperative farmers meeting and said to his wife: "Well, dear, all the farmers agreed to plant only ten acres of potatoes this week, so we sure will get a good price out of that 30 acres we are going to plant."

Crime Waves

A few years ago, we talked about crime waves, but the rapid solution of the Tacoma kidnapping case, has convinced the average citizen that the federal government is determined to keep down the big wave. The minor wavelets will continue, but scientific procedure of a central police system is rapidly making major crime unprofitable. The next move is to divorce politics and rackets in the larger

and smaller cities. This means putting the shyder lawyers where they belong—behind the bars.

Rotarians Embarrassed

The Rotarians were embarrassed last week when several thousands of members of the Catholic church paraded before their assembly in Mexico City in a demonstration demanding attention of the world to their grievances. The Rotarians were very nervous for fear they would see the start of a disorderly revolution. For the first time in several years there is a very distinct revolutionary party developing in Mexico. For centuries the history of the country has been one bloody page after another. It is not the least surprising to see this feeling present in a country that has always resorted to bloody revolutions in its politics. An explosion seems very imminent.

A Sporting Decision

The sportsmen of America rejoiced at the decision that judge Landis released Monday allowing Alabama Pitts to sign for the Albany club. The general public felt he had paid his debt to society after serving

as a model prisoner for several years, and that now he had to be a decent citizen, be allowed to take the job. Judge Landis did rule that exhibition games. It seems right to deny him but there is no use for us for him.

USE DOCTOR'S METHOD TO STOP DEAFNESS Head Noises, Catarrh

MANY hundreds of ear sufferers have reported relief from roaring, hissing sounds, pain, sensitive and tender ears, after using Dr. Elliott's ERBALM. This simple, economical, prescription contains valuable herb and medicinal ingredients that strike at the cause. You may be a long time sufferer, and may have tried many remedies—but do not give up hope before you discover what this Doctor's private prescription can do for you.

Dr. Elliott says, "I have found that ear troubles, and even certain forms of deafness respond easily to ERBALM. It helps correct the cause of defective hearing, Head Noises and Catarrhal conditions which have been of long standing in many cases. Truly, it is a remarkable medicine."

Victoria Comings of Illinois writes, "My entire family are chronic sufferers from ear troubles. The only remedy that we have found which gives quick relief is Dr. Elliott's ERBALM. The minister of our church first recommended it to us, and we are thankful for his advice."

Stop using expensive earphones, and buying expensive treatments. Let Dr. Elliott's ERBALM prove its worth in your own case. Make this ten day test: Before applying ERBALM see how far away you can hear your watch tick. Use ERBALM ten days and you will be surprised how much improvement there is in your hearing. Dr. Elliott's ERBALM is guaranteed to give satisfactory results, or your money will be refunded.

FOR SALE AT ALL LEADING DRUGGISTS FREE BOOK—"Know Your Ears"—sent if you write Dr. R. A. Elliott Co. 2645 E. 75th St., Chicago, Ill.

The Fan To Know About Football

Coach Volney Hill

NOTE:—This is the series of articles in Hill illustrates what he study sessions of football.

line of scrimmage you

the ball, you can not

A kick may cross the

age and then be blown

the line. You are eligi-

ble to recover but not advance such a kick.

If the ball is blocked and does not go across the line of scrimmage, get on the ball by falling on it, since you cannot advance it if you do recover it.

If the kick crosses the line of scrimmage, you may touch it before an opponent has touched it, without penalty, but the ball is not dead and the opponents may still play it. If you are intending to kill the ball, get on it and stay on it.

If the ball is still in the air, don't interfere with any opponent near enough to catch the ball.

If an opponent signals for a fair catch, don't throw him to the ground, unless he takes more than two steps after catching the ball. If he drops the ball you are eligible to recover it. When an opponent signals for a fair catch, call out "Fair Catch," as some of your players may be so engrossed in avoiding plays, that they may not see the signal and tackle the receiver.

Don't make a flying tackle at a player returning a kick.

When your opponent kicks:

You may use your hands until the ball is kicked, but not afterwards, unless the ball has failed to cross the line of scrimmage because of being blocked, or for any other reason. After one of your team has touched the ball after it has crossed the line of scrimmage, all members of both teams are eligible to recover the ball.

If the kick is blocked behind the line of scrimmage, unless you have an unusual opportunity to pick up the ball, fall on it. The possession of the ball is of great importance. (If, however, the kick is blocked on the fourth down, you can afford to gamble on picking it up and advancing it, since even though the opponents recover it, it will be your ball on downs.)

Never make a forward pass after receiving a kick.

If you touch the ball in the field of play and then it rolls into your own end zone, get on the ball. Don't try to run it out at any cost or you may have a safety scored against your team.

If you add any impetus to the ball, get it out at any cost or you may have a safety scored against your team.

If you touch the ball in the field of play and then it rolls into your end zone, get on the ball, don't try to run it out unless you think that you can gain twenty yards, beyond the 20 yard line.

Don't make a flying tackle at an opponent.

Wednesday Fun Club Reorganizes

Mrs. Joe Coffey was the hostess of the reorganization meeting of the Wednesday Fun Club held last Wednesday. The club met for the first summer session and realigned the membership for the summer season. The reporter, Guinn Brumley was re-elected for the three months. There were two tables of bridge, and refreshments of ice cream were served to Mesdames P. A. Johnston, Wayne Goodlett, Cecil Wheeler, Volney Hill, Marshall Chrestman, Jack Land, Joe Coffey, and Harold Preston. The high prize for score was won by Mrs. Volney Hill.

Wednesday Fun Club Is Entertained By Mrs. Chrestman

The Wednesday Fun Club met at the home of Mrs. Marshall Chrestman Wednesday, June 12, for a bridge party. There were three tables of bridge and the high prize was won by Mrs. Turman Fletcher of Atlanta, Ga. Refreshments were served to Mesdames Bob Swain of Wichita Falls, Truman Fletcher of Atlanta Ga, visitor, and Truman G. Garland, P. A. Johnston, Wayne Goodlett, Volney Hill, Marshall Chrestman, Jack Land, Joe Coffey, Harold Preston, and Miss Pauline Henry and Guinn Brumley.

IF YOU KNOW A COP WHO COMPLAINS

of Tired, Aching, Burning Feet

—tell him to shake Zeeta, the antiseptic deodorant powder into his shoes and rub it on his feet.

In 3 minutes his misery is over—excessive, offensive perspiration disappears, the burning sensation vanishes, cracked itching toes heal—he will shout for joy and bless you for telling him about Zeeta.

But be sure he asks for and gets Zeeta—there's nothing else that works so sure, so fast.

Doctors, chiropodists, athletic trainers recommend Zeeta for aching feet, water blisters, also for chafing and sunburn.

Your druggist or department store guarantees Zeeta to relieve you in 3 minutes or your money back.

O. K. Red Tag Made Famous By Chevy

One of the outstanding changes that has made itself felt in the automobile business in the past decade is the tremendous improvement in the status of the used car in the public mind. W. E. Holler, vice president and general sales manager of the Chevrolet Motor Co., called attention to this fact in an interview on the eve of the 10th anniversary of the adoption of Chevrolet's "Guaranteed OK Red Tag". The "Guaranteed OK Red Tag" is now nationally famous as one of the earliest steps taken by any manufacturer toward eliminating the element of chance from the purchase of a used car.

"No one who recalls the doubtful esteem in which used cars in general were held even as recently as 10 years ago will care to dispute the statement that a big advance has been made," said Mr. Holler. "This advance can be attributed to the dawn of a realization, on both the dealers' and the manufacturers' parts, that a successful future depended on eliminating unethical practices which had given the used car business a highly doubtful reputation.

Leading motor car dealers were quick to see these points and set about to raise the standards of their used car operations. Thumbing through an old Saturday Evening Post—for April 13, 1925—I recently came across the confession of an old-time used car dealer, who entitled his article "Looks and runs like new." This dealer admitted some shady tricks, but came eventually to a conclusion which he expressed like this: "I still sell used cars, but I operate now on almost a golden rule basis. And so that no one will accuse me of being a hypocrite, I'm going to admit that I do this not because of any sentimental feeling for my fellow man, but through plain selfishness. I find it a more profitable, more pleasant, and less troublesome way to do business."

"The last sentence sums up the whole situation. Business must be run for a profit, and an honest used car policy is more profitable than the other kind. It holds the customers business. The buyer comes to know that he can depend upon the dealer's word, because the dealer wants to stay in business and recognizes that his only chance of

doing so lies in constantly giving owner satisfaction."

Not only the policies surrounding the sale of used cars, but the used cars themselves, have undergone marked improvement, Mr. Holler pointed out. "Obviously, the most recent of the used cars are only a few months behind the current new car models in point of power, speed, safety, economy, comfort, and good looks," he said.

"Yet they represent substantial savings, as compared with new car costs, and if bought of a reputable dealer their purchase involves no risk.

"Even at the sacrifice of a few dollars' difference on two identical models, one of them offered by an established merchant and the other by an unknown used car dealer, it is wiser to buy from the established merchant whose future depends on customer satisfaction, and who, as a substantial member of the community, will stand back of what he sells.

"The purchase of a used car today is an investment in unused transportation. That has been said a good many times, but it still holds true. The 'Guaranteed OK Red Tag' used car bought of a Chevrolet dealer can be depended upon to bear out the dealers claim for it. Ten years' experience in merchandising honest transportation values has establish-

ed this now-familiar tag firmly as the mark of dependable wares."

Under the "Guaranteed OK Tag" plan the dealer is provided with a supply of large red tags, each bearing a list of the various mechanical features of the car, and, opposite the name of each feature, a space for the insertion of a check mark after the reconditioning and inspection of that part, preparatory to offering the car for sale. Since the tag can not be affixed to the car until every feature listed has been checked and found in proper shape to give owner satisfaction, the presence of the tag constitutes an assurance to the buyer that his purchase is an investment in dependable transportation. Further, since the dealer is familiar with the condition of the car, in full detail, he is in a position to sell it with confidence of its giving owner satisfaction.

About the only thing that is finished at these finishing schools for young ladies is Dad's Bankroll.

We've often wondered which is worst—what a glue-maker has to smell or what a bar-tender has to listen to.

A Burk Burnett man has only to be hit by an auto once to realize that the shock absorbers are in the wrong place.

"Tell It To The Judge" And You Be The Judge

The citizen is always the judge in affairs of his town. He is judge of whether to build a municipal light plant, and after its completion, he is judge of its success.

With lowering of rates, decreased taxation, building of local industry, and keeping revenue in the community, the citizen acting as judge can only pronounce the project a success.

Citizens of Burkburnett have found a municipal light and power system so successful that expansion has become a necessity in two years of operation.

It is the aim of the local plant to give complete satisfaction—and you are to be the judge of that also. We feel confident of your verdict of "well done."

HARDIN MUNICIPAL LIGHT PLANT

OWNED AND OPERATED BY
CITY OF BURKBURNETT

Thursday

Mr. and Mrs. Garland Crane were in the city Sunday visiting friends here.

George Gutzman was visiting in Burkburnett Tuesday.

Mr. and Mrs. W. C. Gage left for a weeks vacation Sunday.

No Fires In Burk Last Sixty Days

The fire department of Burkburnett made an excellent record for the last two months. There hasn't been a single call during the last sixty days. This is one of the longest periods in the record of the city in which no calls has been made. The local fire prevention division has been making an intensive campaign for fire prevention, and in connection with the recent clean-up survey, the department made a special emphasis on the keeping of the fire record low. According to the fire marshal, J. J. Blackstone the report for the past month contained only zeros. During the same period the department has been active in the rescue work and similar activities.
