Archer City Cats Come To Burk Fri. With Claws Sharp

Bulldogs Meet Conference For
At Home For First Time
This Week

PANTHERS SNATCH GAME

(by G. L. Shaffer)

Archer City Wild Cats are to Burk Burnett Friday night with their claws sharpened and with their eyes determined to add another game to their conference bag. It is the first home conference game for the local lads and the first time that the two teams met since 1933. Last year the Panthers forfeited to the Bulldogs. This will be the third conference game for both teams, and the next opportunity the Burk fans have to see the Dogs this year.

Archer Wild Cats, although a team of the district, have always been in their bad days given Bulldogs plenty of competition.

Panthers Nose Out

Seymour Panthers took advantage of the extra point and nosed the Bulldogs last Friday by the narrow margin of 7 to 6. The game was fast and thrilling to watch in the Fair Park Stadium. The Panthers and Bulldogs played on even terms, and the game was decided on a break.

Panthers passed 16 times for completions, four interceptions, six incomplete tries. The Bulldogs threw 11 passes for two completions, three interceptions and six incomplete heaves. The Panthers punted six times and made six first downs. The Bulldogs eight punt sand five first downs. The Panthers received 55 yards of penalties to cancel much of their gain, and the Bulldogs 5 yards. The team made only a single 20 yard penetration.

Bulldog Attack

McKown, left half, showed speed and deception the first two weeks, when he intercepted two passes and made the bulldog counter. The score was on a march of three end runs, McKown going around the end yards for the goal. Teal's job to convert from placement kick. It hit the cross bar and blocked.

McKown's plunges found the Panther a tough spot, during the first Clifton managed to smash through for gains in the remaining yardage. Finch and Teal provided the blocking that cleared the way, and McKown to make the long run of the game. The Bulldogs' attack was stopped for the time this year. Bruce Blair's play was noticeable. The Burk showed string on both ends. Clifton and Clifton featured the off tackle and cut back and Hughes passes to Lewis Gilbert made up the Panther's Crawford led the defense in his line backing position. The Panther counter came when Hogue passed to Lewis for the touch-down after a 15 yard gallop. Shaver's provided the winning margin point.

Through the game between the Bulldogs has no bearing on the race, the fans of Burk team know that it will be the hardest fought game. The local is promised real fireworks Friday. The Dogs are in fine condition with a small injury, and are looking forward to a fight at Wester-Field next week. Two well balanced teams battle with out appreciable pre-advantage.

Wheat Contracts To Be Signed In Burkburnett Sat.

Wheat contract applicants will meet in Burkburnett Chamber of Commerce on Saturday to take the contracts for 1936-39, according to the agreement of the wheat chairman Morgan. Those persons who sign here Saturday will be required to sign at Wichita later. Applications must be in the office before the 15th of October.

New contracts extend the period of the wheat division for four years. Both the minimum and maximums have been set in new contracts. The farmers met in several places over the week to discuss the provisions of control contracts.

Another good thing to remember is so long as nature is worth life is worth living.

Rural Route Will Be Extended Soon For Bridge Town

Local Postmaster Receives Order To
Add 11 Miles to Present
Route

STARTS NOVEMBER 1

The present rural route running west of Burkburnett will be extended Nov. 1 for eleven miles in order to accommodate the clients of the Bridgetown post office with daily mail service. The Bridge Town office is scheduled to be abandoned at the close of the business day Oct. 31.

The extension of the route is the result of a petition that was arranged last May by the persons affected by the mail change. Neeley Vaughn announced Tuesday that the change had been granted by the post office department. The mail to patrons on the route should be addressed Burkburnett R. F. D. No. 1.

Large Boxes

The patrons must make arrangements with the Burk office for the delivery of mail. It will start the day after the close of the present office. In order to secure service the patrons must erect large boxes at the side of the route road. The small boxes formerly used will not be allowed for new patrons in the new route. The new large regulation sized box may be secured at regular sources.

The route will go down into the Red River Bottom at the road west of Bridge Town road, then through the Bohner area into Burkburnett. The present carrier, Mr. Duke will continue to carry the route through the district.

Bakers Reply To Wallace

Hike in Bread Blamed on Processing
Taxes

On a statement issued last week Henry Stude, president of the American Bakers' association, described as a "smoke screen" the declaration of Secretary of Agriculture Henry Wallace concerning the increase in the price of bread.

Answering charges by Secretary Wallace that an increase in the price failed to represent increased costs Stude said:

"The consumer, growing more and more resentful of the increase in costs of living is learning what the cause is and where to lodge the protest, and in an effort to keep further consumer attacks off his doorstep, the secretary has set up the usual barrage about the price of bread.

"There has been no general one-cent increase in the price of bread. The facts are that if the price of bread were in keeping with the increased costs produced by new deal efforts, including the processing taxes, it would be one-cent higher. The fact is that bakers have leaned over backwards to help the new deal and now the backs of many of them are breaking.

"You can't have horse and buggy prices with new deal taxes."

Rotary Club Holds Impromptu Program

When a portion of the program failed to materialize Tuesday at noon the members of the Rotary club presented an impromptu program that included special numbers, songs and readings. The climax of the presentation was the now famous "The man of the flying trapeze" as sung by the one and only Herr professor Butler "Pop Eye" Westerfield. The act gained a wide reputation at the annual show of the service clubs last fall.

The members led by Westerfield sang several songs, and a special quartet of Westerfield J. M. Thomas, J. C. Morrison and M. C. Tucker presented several numbers. Joy McFarlane also presented a special number for the program, and all the members joined in the program.

The members of the club also planned to attend the Archer City Burkburnett football game Friday night in Burk. The Superintendent of schools gave each of the members several printed cards to mail to Wichita friends who were not attending the Quannah game, asking or inviting them to the Burkburnett contest. The superintendent announced that the score of the Wichita-Quannah contest would be announced every five minutes over the speaker system at Burk.

HORACE R. FREERKING
of Amarillo who will deliver the 3 o'clock sermon at Annual Mission Festival at Clara, Sunday.

American Legion To Hold Regular Meet On Monday Night

The regular meeting of the American Legion will be at the hall next Monday night. The commander has asked full attendance of all the members. The problems in connection with the celebration and the routine business of the organization will be presented. The celebration planned will be a three day meeting of the Legionnaires on Armistice day.

Series Of Minor Accidents Cause Excitement Here

In a series of wrecks involving 20 cars and more than 30 people the citizens of Burkburnett were excited over the week-end by the crashes, all of which ended without serious injury to the persons involved. The series started noon Saturday when three cars tied up on Main street to secure a few bent fenders and other dents, and the most serious was the injury of a Mr. Meek of Wichita Falls.

Mr. Meek was hit by a truck of a Wichita Produce company driven by Frank Heath. Meek sustained a broken arm, and other injuries undetermined at early examination. He was brought to the Burk Clinic by the driver of the truck.

Another one of the mishaps that could have ended much more seriously involved three cars. Among the drivers were Joe Bounds, Ed Freed, and Tom Pruitt. The first car that of Bounds was reported by authorities as having stopped on the highway, Pruitt's and Freed's cars, a Chevrolet and a Hudson crashed over the fence railing near Gilbert creek and turned over several times. Witnesses conceded that several had been killed and called ambulances, but no serious injury followed. The cars were completely wrecked.

Another near serious wreck involved a Plymouth and a Pontiac west of Burk on the Electra-Burk highway. One of the cars attempted to pass the other making a left turn and at high speed. Both cars were badly injured. The Pontiac was turned over and smashed in many places. Four other wrecks of less serious nature were reported Sunday, and two Monday. In most cases only slight bruises and cuts followed the crashes.

Hardin Demo Club Studies Modern Canning Method

The Hardin Demonstration club met at the home of Mrs. Fred Brookman, president, to study the modern canning methods under the direction of Miss Leta H. Bennet Wednesday afternoon with 17 members and visitors present. The beef demonstration Skit was presented by Mrs. H. C. Preston, J. H. Bentley and Dorothy Ann Preston. The subject included roast and tied chicken, steak, plain and swiss, and plain stew.

Booklets on killing and curing pork were given to the club and explained by the demonstrator. Those present were: Mesdames W. D. Bent, J. H. Bentley, Murphy Dean, Edith Goodlet, M. R. Hewell, James Johnson, J. C. Muller, H. C. Preston, J. L. Smith, D. A. Westbrook, Artie Whitesides, Fred Brookman, and visitors Mrs. W. A. Robertson, J. S. Gore, Marvin Patterson, Davidson, and Miss Leta Bennet, county demonstrator.

Ralph Foster Will Face Trial Second Time Week Nov. 12

First Trial Ends In Jury Deadlock
With Six to Six Vote On
Bullock

COUNTY'S SHORTEST TRIAL

Developing sensational evidence, the Foster trial ended in a 6 to 6 deadlock by the jury, and the presiding Judge Allan D. Montgomery indicated that the new trial would be held during the week of November 12. The jury was dismissed after a dead lock of 18 hours in which the vote varied from 9 to 3 to the 6 and 6 deadlock. Foster was on trial for the charge of having murdered his wife on or about June 23 in their home in Burkburnett. He is a world war veteran and for several years has carried mail in the Burk area.

The jury was dismissed at 9:50 a. m. Friday morning after the shortest trial in the history of murder charge in the county of Wichita.

Sensational Evidence

The evidence that was submitted was sensational revelation to the court room. More than half of the huge crowd attended were people from Burk, and a large portion of these were women. State witnesses told Thursday morning of finding the body in the cellar of the home and finding numerous strands of hair and blood in a disturbed room, and in the Burkburnett home of the couple of finding blood on back and front porch.

According to the officer, Foster told that he had attended a convention and returned home and fought with his wife early Sunday morning, June 23. He stated that he had gone to bed thinking the fight was over and forgotten, and awoke to find his wife dead in the cellar the next morning.

Short Trial

C. C. McDonald attorney of the defense achieved a clever move that startled the state attorneys, Mike Anglin and Howard Martin, when he rested his case without presenting a single witness. This move prevented the state's using some of its strongest witnesses that were being saved for rebuttal.

The entire crowd that packed the court room were amazed at the bold move. The defense rested the case after a motion for instructed verdict was denied by Judge Montgomery made by the defense counsel.

The new trial probably will develop along the same line with the defense asking for acquittal on basis that suicide had been committed, and the state asking for death.

Plans Advance For November 11 Fetes

Wide spread publicity of the attractive program to be presented in Burkburnett during the Armistice celebration is gaining the interest of the people of this area. The rodeo that will serve as the climax of the three day feature is progressing rapidly toward successful completion. Wid Phillips, Guy Willis, and Jess Ashton, promoters of the roundup, have added attraction to make the show a real success.

The most important added attraction will be the famous string of rodeo stock from Red Lyons ranch of Byers, Texas. This string is widely known for its high quality of animals for all types of Rodeo performance. The Brahma steers of the group are among the most excellent animals of their type to be found in the state.

In addition to the rodeo, the regular series of services and carnival attraction will be presented by the Legion. The show will open Saturday night with the carnival on the streets of the city. On the following Sunday it will take the form of the dedication of the memorial plot in the Burk cemetery. The big memorial services will be Monday morning November 11. These services will be held at the down town church, and will follow the annual parade. The Legion men will assist in the police and parking duty at the rodeo that will come in the afternoon. The tickets for the show are on sale at the office of Oscar Kemp and several other places in the city. The Band and the Legion will share in the benefit of the funds.

Marjorie Hill Honored With Birthday Party

Honoring Marjorie Hill on her fifth birthday, Mrs. Alvin Hill entertained a group of young friends Tuesday afternoon. Halloween games were played during the afternoon. Prizes were awarded to Marian Joyce Sandler and Mary Jean Prince.

Bruce Palmer Released In Wichita On \$1500 Bond; Theft Charge

Bruce Palmer, formerly Burkburnett mechanic was released on a \$1500.00 bond following the filing of the theft charges as the result of a daring robbery in Burkburnett. The man was charged with having entered the premises of the Burkburnett Motor company a few weeks ago and having broken into the safe of the concern. There was about \$200.00 in cash, some rings and other jewelry missing, according to the police report.

Palmer was arrested in Wichita Falls after giving the officers of that city a chase down the Jacksboro road. In the meantime, according to the sheriff department the jewelry was thrown from the car, and later recovered. The cash was also recovered when Palmer and his wife were brought back to Burk.

The Burkburnett officers stated after the examination that Palmer had made a complete statement. The Burk Motors had been entered previously a few months ago and the safe opened, the officers found no evidence to connect Palmer with the former safe breaking. His trial will probably come before the district courts in Wichita Falls in the near future.

Grade School Class Presents Play Tues. At Lions Club Meet

Committees Appointed For Inter-
City Meeting Held Here On
Tuesday, Nov. 5

CAGE COMMITTEE PLANS WORK

Under the direction of Miss Helen Ingle and Miss Annie Laura Billingslea, members of the primary classes of the grade school presented a "Safety" play at the meeting of the Lions Club Tuesday night at the First Methodist church. The playlet was built around a play ground scene, and the pupils presented a series of verses emphasizing safety and fire prevention.

Those assisting in the play were: Dorothy Ann Preston, Donald Brookman, Billy Boyd, Dorothy Ellen Boyd, John Bullock, Mabel Colburn, David Allan Kimbell, Wanda Gayle Cruce, Jimmy Bob Schrimsher and Stacy Jenkins Jr.

Marilyn Harwell opened the program with a reading of an imaginary conversation taking place between two local teachers. H. Lee Clifton, principal of the school pointed out the large number of victims from accidents each year, and the tremendous cost to public of the carelessness. The program was presented by Barney Lorang and Roy Magers.

In the business session the committees were appointed for the inter-city meet and the cage committee. The meet committees include: Menu, Roy Jackson, Barney Lorang, and Ray Hill; table, Burn Alexander, Erwin Schwieger, Morris Strong, and J. T. Blackwell; greeting committee, Roy Magers, Wylie Browning, Ray Hill, Sloan Mills, and Abe Sandler, and decoration, Jack Kelly, Leonard Mattingly, Victor Helm, and Truman Garland. The cage committee to bring in absent Lions were Bill Estes, Bern Alexander, Leonard Mattingly, Ross Reagan. Bill Estes was presented as a new member by Wylie Browning.

Meetings This Week

Burkburnett Garden Club will meet with Mrs. Dudley Ellis next Wednesday afternoon, Oct. 30 with Mrs. Hill as leader. The program will include Deciduous shrubs by Mrs. W. P. Sims and Bulbs by Mrs. R. C. Tevis.

Methodist Missionary society at the church Monday afternoon. The recently formed young people's society of the Christian church will meet at the Church of Christ Sunday night. The group is planning a series of interesting programs.

Refreshments were served to Patricia Kinney, Margaret Brady, Joan Duncan, Mamie Browning, Genevieve Marchand, Scranton Peevey, Roy Jackson Jr., Ben Frank Clifton, Patsy Williamson, F. T. Felty Jr., Dorothy Lorang, Laura Tevis, Shirley Buckalew, Johnny Duncan, Jack Paul Westerfield, Mary Jean Prince, Jessie Preston, Phillip Johnson, Joan Sandler, Marion Joyce, Jeanette Hill, Stephen Marchand Jr., Verna Jean Pogue, Betty Jane Hill, the honoree Marjorie Hill. The hostess was assisted in serving by Mrs. Lanette Kinney, Margaret Matthews, and Mrs. S. E. Marchand.

Mrs. Williams Dies In Burk After Shot Penetrates Neck Sun

Burkburnett Woman Killed By Self-
Inflicted Wound Received
From Small Gun

FUNERAL SERVICES MONDAY

Mrs. Fred Williams died in Burkburnett Sunday morning at 6 o'clock after receiving a wound from a small calibre pistol at 3 o'clock at her home 5 miles west of Burkburnett on the Bohner lease. The last services were held at the First Baptist church in Burk Monday afternoon at 3:30 with the Rev. E. G. Gregory, pastor of the Thrift Baptist church officiating.

The investigation followed the shooting was conducted by Roy Blanscet, deputy sheriff and N. H. Harris of the Burk police department, Bill Stapp, Chief, and Dick Chapman.

According to the investigators, the woman had been found in the front room of the home with the pistol in her left hand. The officers removed the gun and ordered the wounded woman to be carried to the Burk hospital in the Thomas ambulance which accompanied them to the scene.

Shot Quickly

The witness stated that the woman had shot herself in the front room of the Williams home in the presence of Mrs. J. P. Strickland, a friend and neighbor.

Mrs. Strickland stated that the victim of the shot had said that she wished to get a handkerchief from the cupboard in the room, and had rummaged through the bottom of the stand for some time with Mrs. Strickland standing nearby.

As Mrs. Williams pulled her hand from the drawer, she fired three times rapidly with a 25 calibre automatic. One of the shots entered the left side of the neck and went upward.

"The shots were fired so rapidly that I could not move" said Mrs. Strickland in an interview with the authorities. Mrs. Strickland was standing only a few feet from the wounded woman. Mr. Strickland and Mr. Williams were in the other room of the same house. They rushed into the room to find the woman wounded and were amazed at the tragic swiftness of the act.

Mrs. Strickland was rushed to the hospital, and she was found to be suffering from excessive bleeding, and a possible severing of the spinal cord. The bullet, according to Dr. Philip A. Carpenter, ranged upward and lodged in the base of the skull. She died soon after reaching the hospital and was taken in charge by the Owens - Brumley Funeral home.

At the services Monday the active pallbearers were: Herman Draper, John Leeth, Homer Hickey, Bob Brown, Willie Rogers, James Bohner. These men were employees of the Bohner Oil Company for which Mr. Williams also worked.

The honorary pallbearers were members of the team on which Henry Fuller, son by former marriage of Mrs. Williams, played at the Fairview school. They were: R. D. Watkins, coach; Scotty McCall, Elbert Zink, Leroy O'Guinn, Ralph Winkles, Thomas West, Claude Strickland, Wilson Robinson, Woodrow Robinson, J. D. Mills, Clarence Williams, Orville Morris, James Sullivan, and Fred Key.

The survivors are: Husband, Fred Williams, a son by former marriage, Henry Fuller; her mother Mrs. Betty Conalley, Roy and Nap Conalley, brothers of Burk, Eula and Beulah Conalley, twin sisters of Burkburnett; Mrs. Grace Sanders, sister of Okla., Mrs. Bessie Watts, sister of Telura, Calif., and Mrs. Joe Bailey Bryant sister of Burkburnett.

Farmers Receive Explanation Mon. Of Wheat Control

A large group of the farmers of this section met at the city hall Monday night to study the new wheat and cotton, corn and hog control programs that will be submitted for vote to the leaders and all farmers next Saturday. The meeting was led by G. D. Everett county agent. Mr. Everett explained both the mechanics and the reason of the established control plans.

Further the maximum and minimum crops, and the contracts that will be used in the next campaign for the control were given to the farmers for explanation. Amounts of products and the forms of compensation that will be used by the government were explained.

Universal Service—

In their recent national convention the American Legion passed a resolution demanding universal service during a war. This resolution demands that materials and money powers be drafted during the war as well as men. There is two powerful incentives for the law. If the men who profit from war were sure that their plants and property would be taken over or supervised by the government turning a conflict those men would use what ever influence they have to prevent war. If a war period meant a loss rather than a gain to these men, they might even be anxious to prevent war.

The second incentive is that men who are forced or asked to serve are done a grave injustice when their life and death is a matter of profit to a small group of selfish interests. A man who defends his country suffers severe disillusion when he comes back from the trenches to realize that all his sacrifices and patriotism meant only gain for those who sat back in an easy chair far removed from the battle front and achieved real wealth.

During the war it was a popular saying that the government was careful about its mules. They could draft another man, but they had to buy mules. That is an example of the frame of mind of some of the leaders. The very sense of justice that we each have demands that we make those who stay at home in comfort pay part of the price of national defense. That can be done only by forcing a universal service law-including every property and material necessary for national defense.

The Flower Show—

Even the members of the Burk Garden Club were surprised at the beauty and variety of the blossoms in the show that they gave in this city last week. Next year the members are planning a much more ambitious exhibition. The show will be held in the city, and will be thrown open to the public. It was a shame that such a beautiful array could not have been seen by every home builder in Burkburnett.

Flowers of every possible variety and of beauty beyond the ability of description. In this city the people became accustomed to make-shift things during the boom and building period. They have just naturally been unwilling to take the patience that is required for attractive flowers and shrubbery. A few years ago the city was known for its lack of trees. Through the persistent efforts of a few and the cooperation of a large number an enviable set up has been achieved.

This is some of the richest land in the whole northern section of the state. Almost any thing that will grow in Texas will, under proper care grow here. The women of the clubs have achieved a great deal. There remains a task for someone. Some club or organization ought to offer some incentive for more beautiful yards and flowers. It ought to be possible to build up a tradition that will make it a real honor to have a beautiful flower garden. Some permanent recognition should be given to people civic minded enough to improve their property and the beauty of the whole city. Now is the time. Next year the centennial will require that we dress up.

An Important Project—

Several months ago this paper advanced the idea that it would be a worth-while project for some organization to undertake to establish some kind of a marker, welcome sign or information bureau at the port of entry for the centennial. A few clubs have discussed the idea, and that is as far as it has gone. It is two months and seven days until 1936, and that means it is time for more action and less hot air.

With one of the most attractive

News of Week

For the first time since the Italian-Ethiopian struggle started, the French government promised England full cooperation last week. France has tried to play a clever political game of securing cooperation of England on German invasion without committing themselves about assisting the English in case Italy attacks in the Mediterranean sea. England demanded a blunt yes or no, and France knew that they needed English cooperation against Germany, so they pledged "Yes."

Italy was hoping that France would remain neutral in their fight with England. Such a fight seems inevitable, and Italy knows that they will have a hand full. Since the agreement, the tension has lessened slightly. Italy has been more willing to talk peace with England. Like a bluff that has been caught by a teacher Italy will probably do some tall talking now.

Soviet Irony

One of the most ironic developments of all human history is the rapidly growing tendency on the part of the Soviet government to create a special system of awards with witless and special privileges. In spite of the age old boast of communists that all men are equal and none shall have special privileges all sharing alike in both luxury and suffering, a kind of aristocracy is being built up in Russia.

The party and government state that they are established to give incentive to the masses to support the government. We imagine that if somebody would look real closely at Lenin in the big red tomb they would find that he had turned over at the sacrilege committed by his followers.

Annexation in Pacific

The United States did something last week that they have not done for many years. They annexed additional land. Three tiny islands in the Pacific ocean, that have been disregarded by all the major power have been formally possessed. The reason for the formal acquisition is a projected Trans-Pacific air line. Howard, Baker and Jarvis Islands are very small, but they are properly placed for air ports.

In a few years it may be possible for citizens of the United States to step into a plane in San Francisco and fly all the way to Australia or to China, stopping only for service on the bleak isolated isles in the vast expanses of salt water.

Recall and Referendum

The Wichita Falls case of recall presents one of the most interesting side lights for legal minded people. It is the first major court test of the ability of a people to force a local government to call an election for its own defeat. The recall and initiative ideas are comparatively new in government. It originated in Australia, and now most of the democratic nations of the world have some form of checking over abusive govern-

ments by the initiative of the people.

Whether the persons who are asking the recall win or not, the fact that they have been able to enter court and force the local government to disregard technicalities and call a show down election is a distinct triumph for liberal government.

Centennial Celebration

Like a bunch of cats fighting over a dead fish, the grafters and politicians of Texas are trying to make a political football out of the Texas centennial. The rascals ought to be tied up in a sack and tossed into the Gulf of Mexico, while the really earnest people of the state go ahead and celebrate the birthday in a honorable and sacred manner.

Mexican Revolution

The Mexicans ought to get a medal or something of special merit for keeping down a revolution as long as they have. The whole history of that nation is one revolution after another. Now they have another rebellion sprouting in the Northern

part of the Republic. There is a faint suspicion that the rebellion is sponsored by the American interests. The gamblers whose investments were destroyed by the new Mexican anti-gambling rule are not going to take that loss of many millions of dollars without a fight. Probably they have sponsored the whole fight in hope that a new government might be more liberal minded.

New Regional Sales Manager Appointed By Dodge Brothers

ROBERT S. MUIR TAKES OVER IMPORTANT ASSIGNMENT IN DALLAS REGION

Announcement was made here today by A. Van Der Zee, general sales manager of Dodge Brothers Corporation, of the appointment of Robert S. Muir as regional manager of the company's Dallas, Texas, office. The appointment is effective immediately and Mr. Muir will take

over his duties in Dallas within a few days time.

Mr. Muir has been with the Dodge Brothers organization for several years, for the last four years having been truck manager in Dodge Brothers Chicago regional office. Before joining Dodge, Mr. Muir held a number of important executive positions in other automobile manufacturing and sales organizations and has had wide experience of every phase of automobile sales and merchandising activity.

John A. Bishop, who has been in Dallas for several years, is being assigned to other duties.

MONEY NO OBJECT IF IT'S A QUESTION OF HEALTH

Since 1799 thousands of people have regained their normal health after years of suffering from stomach troubles of all types, such as constipation, indigestion, gas, and sour stomach which are the basic factors of such maladies as high blood pressure, rheumatism, periodic headaches, pimples on face and body, pains in the back, liver, kidney and bladder disorder, exhaustion, loss of sleep and appetite.

Those sufferers have not used any man-made injurious chemicals or drugs of any kind; they have only used a remedy made by Nature. This marvelous product grows on the highest mountain peaks, where it absorbs all the healing elements and vitamins from the sun to aid HUMANITY in distress.

It is composed of 19 kinds of natural leaves, seeds, berries and flowers scientifically and proportionately mixed and is known as LION CROSS HERB TEA.

LION CROSS HERB TEA tastes delicious, acts wonderfully upon your system, and is safe even for children. Prepare it fresh like any ordinary tea and drink a glassful once a day, hot or cold.

A one dollar treatment accomplishes WONDERS; makes you look and feel like new born. If you are not as yet familiar with the beneficial effects of this natural remedy LION CROSS HERB TEA try it at once and convince yourself. If not satisfactory money refunded to you. Try it and convince yourself with our money-back guarantee.

One week treatment \$1.00 Six weeks treatment \$5

...but, after all is said and done, it's the cigarette itself that counts

... the question is, does it suit you?

Now, when it comes to a cigarette that will suit you... you want to think whether it's mild, you want to think about the taste

That Chesterfields are milder and taste better is no accident...

The farmer who grows the tobacco, the warehouseman who sells it at auction to the highest bidder, every man who knows about leaf tobacco will tell you that it takes mild, ripe tobaccos to make a good cigarette.

In making Chesterfields we use mild ripe home-grown and Turkish tobaccos.

Outstanding
... for mildness
... for better taste

Current Literature

This week we started reading through a new Chicago version of the New Testament. On the whole it is a very fine work. Several times we read parts of it and used it as a basis for thesis or speeches, but attempted no systematic study or translation which has been attempted several years. Reading the book as a whole makes it interesting study. There are parts of it that become slangy and offensive because the translators did their attempt to be modern. Most of us have been exposed to the St. James or American versions. The sonorous dignity and richness of these versions left us inured to the sharper distinction of the new work. However this is the result of training rather than any sense of scholarship on our part. The St. James and American versions translators did a significant job with the material had in hand. Since that time our research has made a better understanding of some vital, even essential points possible.

I regretted very much the loss of the beauty in two particular places. The 14th chapter of John the 5th, 6th and 7th chapters of the Gospels, which include the last speech and the beatitudes, and other things. The beauty of the original translation has been lost. The greater accuracy and understanding has been achieved. But it is little enough of beauty.

There are many interesting things about the Bible. One of these is that there is more written about it than there is in it. If you have a chance to read the Septuagint and Vulgate versions used in the early history of the Christian church.

Some of the books include: Tobit, Judith, Wisdom of Jesus, Susanna, in the old testament all of which are interesting and the new testament books include: Gospels of Matthew, Nicodemus, Thomas, and many beautiful and interesting lives and histories.

A scholarly person ought to read all of them. Among the very interesting stories are the early life of Jesus. It tells of the journey into and his life there. The books are fairly complete although not by any means authentic story of the life of Jesus.

When we are on the subject, read of San Jehsu. It is a version of the book that has been translated from the Hindu scripture. It gives an interesting, though not wholly creditable, story of the missing 18 years of Jesus' life.

A good farmer hasn't much to do about. When he is ready for all he has to do is pull it and swing his neck.

Blondell - Farrell Coming to Palace In Comedy Hit

Joan Blondell, Glenda Farrell and Hugh Herbert have been the source of riotous laughter in a number of pictures, including "Traveling Saleslady", "Kansas City Princess," and "Havana Widows."

Now they are together again in what is heralded as the most hilarious comedy romance of all, "We're In the Money," the Warner Bros. picture which will be the feature attraction at the Palace Theatre Saturday Midnight.

Hugh Herbert is an absent-minded attorney who specializes in breach of promise cases, and puzzles, while Joan Blondell and Glenda Farrell are his two slick and chiseling process servers.

Glenda portrays an out and out gold digger, and so does Joan, until she falls in love with a man on a park bench whom she thinks is a chauffeur, but who is really a man of wealth masquerading to escape the girls, who are pursuing him to serve him with a subpoena in a breach of promise case.

How Joan, aided by her pal Glenda, pursues the man she loves, the subterfuges she resorts to, to serve the papers on him, and the complications that ensue, make a comedy of errors and double crosses that are said to be funnier than any picture in which the three comedians have starred.

Big Rabbit Creek

October 20, 1935.

The writer is pleased to inform the readers of the Rabbit Creek News through the Burkburnett Star, of the recovery of Mr. and Mrs. D. L. Alexander' little son, who was operated on for appendicitis 10 days or so ago in the Wichita Falls hospital. The little fellow's grandfather, J. A. Alexander, told the writer Saturday in Burkburnett that the drain tube had been removed from his side and so far he was just doing fine. His host of friends in the Rabbit Creek community is delighted to hear of the good news. It is hoped that he will soon be able to be brought back home.

Col. John Ashton and Ed Owens motored up to our county seat, (Walters) Monday and transacted business, arriving back home at noon. They made the trip in the Col's. big Dodge Car.

About 12:30 p. m. Sunday afternoon the indications were favorable for a good rain for this neck of the woods, but the rain cloud finally drifted to the North East, and the rain missed this part. Still the clouds are very heavy overhead, as tho it might rain to night.

Mr. Tobe Hardin and Mrs. Martha

Nails and her son Charlie spent Sunday over on Deep Red visiting with friends.

Hawkeye again was over in Burk accompanied by his wife Saturday. While in the city he called on the Star staff and enjoyed himself fine while he was with the boys.

There was as many again people in Burkburnett Saturday afternoon as there were in the city a week ago last Saturday. Lots of money was changing hands all through the day among the business men.

Mr. and Mrs. John Ashton and daughters were shopping over in the big oil city of Burkburnett Saturday.

Mrs. Maude Patterson, the Randall phone operator was shopping down in Wichita Falls Saturday afternoon.

Mr. John Ashton had the misfortune to lose one of his big fine Ram Sheep one day of last week. The cause of the big Rams passing out is unknown, unless it was caused by him and another sheep having a big fight the day before he died and was hurt internal. Bro. John has certainly got a fine flock of high bred sheep.

HAWKEYE.

The Church of Christ Young People Organize

The young people of the Church of Christ met October 20, and organized a regular Sunday evening class. The usual procedure was executed and officers were elected as follows: President, Raymond Beaver; vice president, Cordie McPhearson; secretary and treasurer, Naomi Rigby; song leader, John Frances eBaver; assistant song leader, Webb Garland; reporter, Ola Guthrie.

The officers were elected on a quarterly basis. However, there is no limit to the number of times one may be elected to an office.

Carl Pommerening is our new teacher and supervisor. He has subscribed for us "The Spotlight" thru which our work is to be carried.

Some of our plans are to cooperate with neighboring congregations and foreign congregations alike; to make trips visiting orphan's homes to entertain and help them; to have at least one social each quarter and to make all visitors welcome. For next Sunday's class the general subject is "A Study of Ephesians." President Beaver assigned subjects for discussion. Angelea Jacobs will teach us "Facts about the Letter." Woodrow Montgomery will speak to us about "The Lesson of the Letter." Grover Posey will give to us a "Character Sketch of Paul." Lucille

Montgomery is preparing a "Special Talk" to the class.

Great interest was manifested by the number of 51 present. We hope to increase our class each meeting, and expect to benefit others, as well as ourselves by our work. We urge all, who wish, to meet with us each Sunday evening at 6 p. m. in the Church of Christ building.

Two Boys Arrested For Car Theft Friday

Two boys were arrested Friday morning for an alleged theft of a car in Burkburnett. The car, a model A Ford was stolen on Ave. D about one o'clock. The boys, LaVerne Lewis and Elmer Garland, were arrested soon afterwards. One of the couple was caught when Roy Blansett and Jim Turner caught the couple pushing the car down the cut off east of Burk. The second boy fled and was later arrested by N. H. Harris.

Both boys were found to have records at other places, they were transported to the Wichita county jail where they will be held pending the investigation by the grand jury. The car was recovered. The boys live in Walters, Okla., and Bowie, Texas.

A good many Burk citizens owe their goodness to the fact that they have never been tempted.

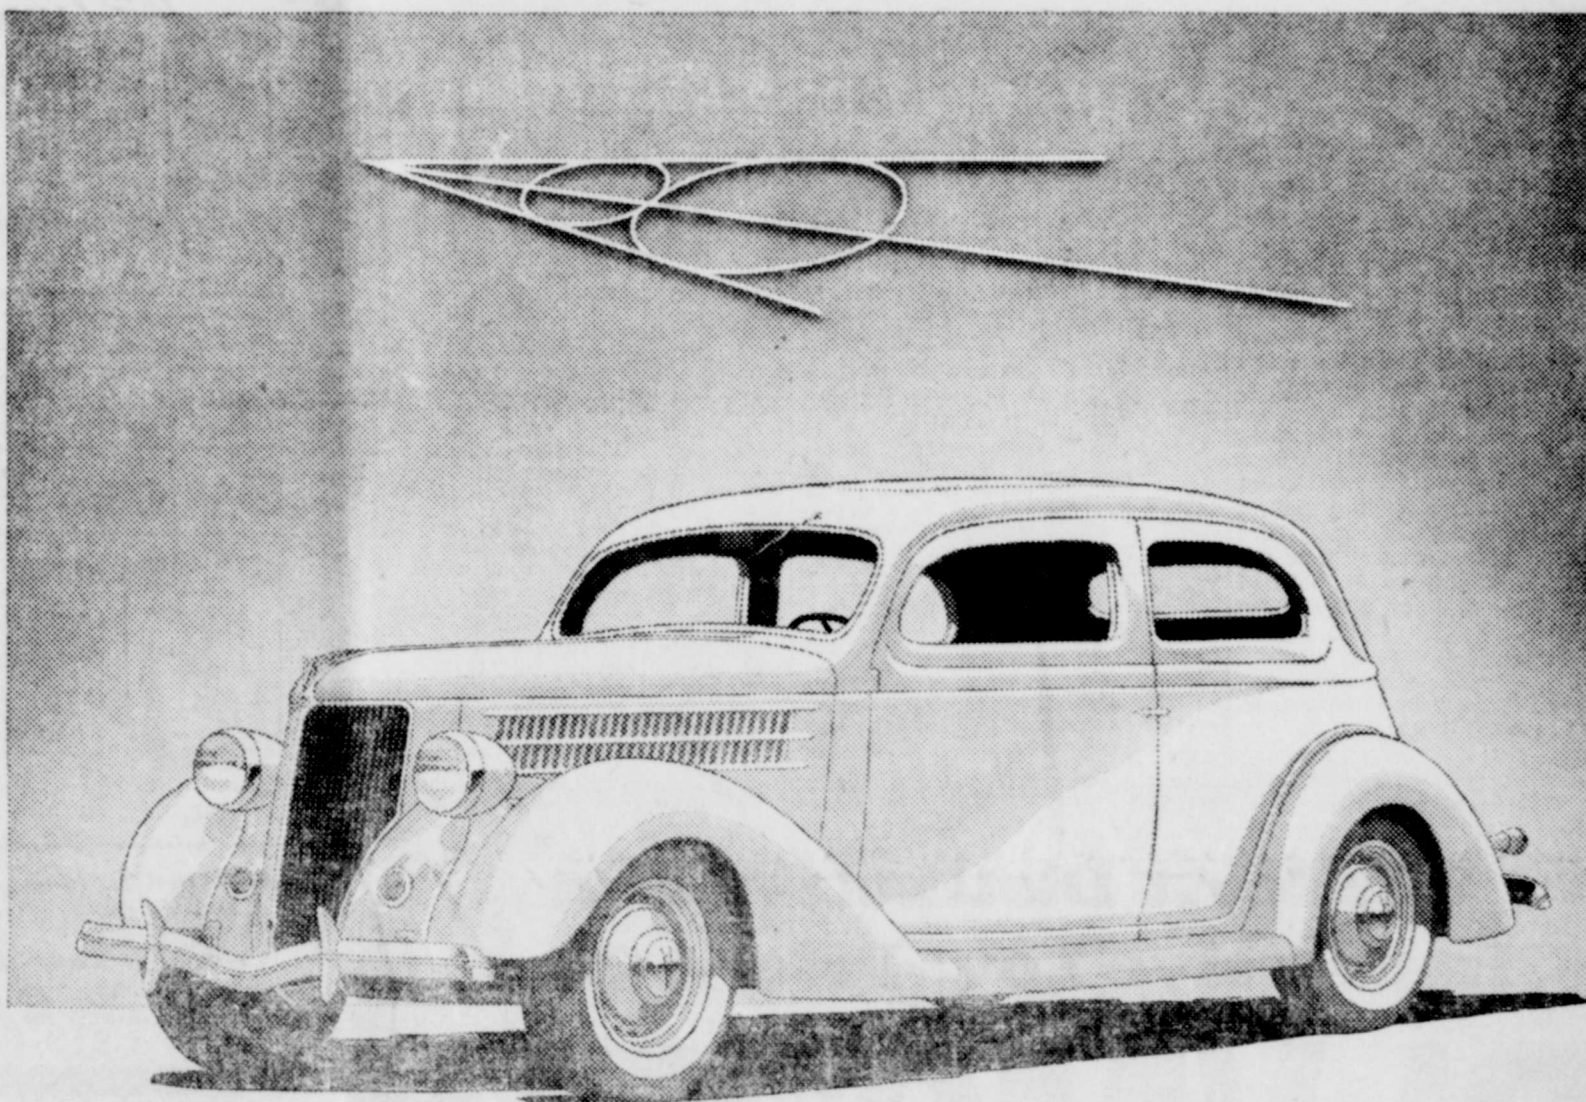

Annual Mission Festival At Clara Lutheran Church

Clara Lutheran church will celebrate its annual mission festival next Sunday with three special services. Outside speakers have been engaged and a great, inspiring day is anticipated.

In the morning service, conducted in the German language, the Rev. W. J. Luecke, of Littlefield, will occupy the pulpit. In the afternoon service, beginning at three o'clock, the Rev. H. Frerking, of Amarillo, will deliver the sermon. The evening service, beginning at 7:30, will again offer a message by the Rev. Luecke. Special music by the choir and men's chorus will be rendered.

The annual mission festival is always a banner day in the history of this congregation. Members of the congregations of surrounding towns attend in large numbers. The purpose of these special services is to stimulate interest in the various mission endeavors of the church.

Another thing that hurts this country is that a lot of people are turning up their noses when they ought to be turning up their sleeves for a little honest work.

THE NEW FORD V-8 FOR 1936

Why do we say The New Ford V-8 for 1936?

What is new about it? Of course, the newest engine in the low-price car field is still the V-8 engine. Since Ford made it available to all car users (keeping it as economical as cars with fewer cylinders) the Ford V-8 has been the newest engine on the market, and remains the newest for 1936.

You may buy a car on minor "talking points"—some specially advertised feature "with the car thrown in"—but, after all, it is the engine you buy when you buy a car. Hence we put the engine first.

Other new points about the car make a long list.

Its lines are much more beautiful. The hood is longer and sweeps forward over the distinctive new radiator grille, giving the car a length and grace that are instantly impressive. The fenders are larger, with a wide flare. Horns are concealed behind circular grilles beneath the headlamps. New steel wheels.

Ford upholstery—always of sterling quality and excellent taste—is rich and enduring. The appointments of the car have a new touch of refinement. There

is no question about the increased beauty of the Ford V-8 for 1936.

In more practical matters, many improvements have been made—Steering is made easier by a new steering gear ratio. The cooling system circulates 5 1/2 gallons of water through a new, larger radiator. Natural thermosiphon action is assisted by two centrifugal water pumps. New style hood louvers permit a rapid air-flow around the engine.

Easier, quieter shifting of Ford gears—The gear shift lever now travels a shorter distance.

The two qualities you want in brakes—Brakes that stop the car with ease and certainty. Ford Super-Safety Brakes of the long-tested, fool-proof, mechanical design.

Safety—as always—in the electrically welded genuine steel body. Safety Glass all around at no extra cost. Hundreds have written grateful letters because this glass has protected the safety of their families.

A car you can drive without strain all day, if you like, in city or country. Steady, holds the road, responds to the

driver's touch like a well-trained horse. You don't have to "push" or "fight" the Ford V-8—driver and car easily get on terms of good understanding with each other.

An engine has much to do with the roominess of a car. Very much indeed. A long engine uses up car space. The compact V-8 engine permits much of the ordinary engine space to be used by passengers.

It really is a great car in every way, this 1936 Ford V-8—the finest, safest, most dependable Ford car ever built. Now on display by Ford dealers.

CROONER, AS BEAUTY JUDGE SELECTS MOTHER TYPE GIRL

Bing Crosby devoted his time between filming scenes for his part in Paramount's "The Big Broadcast of 1936," coming Friday and Saturday to the Palace Theatre, judging the most beautiful girls in the graduating classes of 12 widely scattered high schools throughout the United States, from a set of over 1500 photographs. The 12 girls he selected at the request of editors were given a special page photograph in their respective school year books.

"Virtually every girl I selected," Crosby explained, "represents for me what I think is the 'mother type' She is a sweet and unsophisticated. Although a person can't tell from the

photograph, I'd be willing to wager, however, that each one of them can bake a good cake.

"Another thing I looked for in these photographs was the quality of jovial good nature. I like the type of girl who can be light-hearted and gay and at the same time assume responsibility. She is the type of girl who, in my opinion, would make a good wife and mother. These qualities quite frequently show in a photograph, I think. They show in the expression of the features and in the way their hair is done. The type of girl I like comes in two editions, both dark and fair."

Burk Man Sells 25 Calves Monday

Cotton Passes 2,100 Mark Here At Noon Tuesday

Homer Myers of Burkburnett took 25 calves to Wichita Falls to sell them for the top price of \$5.75 according to the reports from that city. The calves weighed on an average of 320 pounds each and were in excellent condition. The sale was made to the Wichita Packing company, and they were pleased with the consignment of animals from this city.

Wheat was reported as selling at \$1.06 in Burkburnett Tuesday. This represents a six low from the high of the season. The cotton crop had already surpassed last year's total crop. The total reached 2,170 bales that is more than the entire crop for the past year.

The Farmers Cooperative and the Burkburnett Gin were reported as running with full force all this week. The pressure of the heavy crop will probably cause the opening of additional ginning units at both of the organizations.

The top price being paid under active bidding competition for best types of lint was 11 cents. There was a real demand for the highest grades of cotton at that price. There are several active buyers that are taking most of the cotton, both of the best and of other gradings in this area.

Modern youngsters aren't different. They just learned to be ashamed of the wrong things.

Hardin-Simmons SMU Contest Wichita Draw Burk Crowd

Large Number of Tickets Being Sold Here For College Game Saturday

CHATHAM MANAGES DRIVE
Jack Chatham of Burkburnett was carrying forward an intensive campaign this week to secure a large

attendance at the annual collegiate game in Wichita Falls between Hardin-Simmons and Southern Methodist University. The Burkburnett people have responded enthusiastically to the selling of tickets. Several Burk citizens attended the SMU Hice game at Dallas last week, and they came back with glowing reports of the highly efficient Methodist team.

The enthusiastic reports have created even a greater interest in Burk in the contest. Burk is naturally a Hardin-Simmons town, and probably the majority of the citizens of this section will be pulling for the Abilene school, but SMU picked up several backs in the Dallas game.

Bobby Wilson, Shufford, and their mates will flash for some time over the gridiron. Burns McKinney former Wichita Falls flash will probably appear in the game, and his appearance will attract attention in this country. Burns is a speed specialist, and usually gets away with one or more long runs per game. However, the tight Methodist defense is liable to stop him before he gets away.

The Methodist victory will make the game one of the most attractive gridiron dishes ever offered to the fans of the district. There is some talk of SMU in the Rosebowl, and many fans are seeing the game in hope of that possibility.

Experts say only two percent of the American people can sing. But you can't make the other 98 percent believe it.

Beware The Cough From a common cold That Hangs On

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Creomulsion not only contains the soothing elements common to many remedies; such as, Syrup of White Pine Compound with Tar, fluid extract of Licorice Root, fluid extract of Ipecac for its powerful phlegm loosening effect, fluid extract of Cascara for its mild laxative effect, and most important of all, Beechwood Creosote is perfectly blended with all of these to reach the source of the trouble from the inside. Creomulsion can be taken frequently and continuously by adults and children with remarkable results.

Thousands of doctors use Creomulsion in their own families as well as in their practice knowing how Creomulsion aids nature to soothe the inflamed membranes and heal the irri-

tated tissues as the germ-laden phlegm is loosened and expelled. Druggists also know the effectiveness of Beechwood Creosote and they rank Creomulsion top for coughs because you get a real dose of Creosote in Creomulsion, emulsified so that it is palatable, digestible and potent for going to the very seat of the trouble.

Creomulsion is guaranteed satisfactory in the treatment of coughs, chest colds and bronchial irritations and especially those stubborn ones that start with a common cold and hang on for dreadful days and nights thereafter. Even if other remedies have failed, your druggist is authorized to guarantee Creomulsion and to refund every cent of your money if you are not satisfied with results from the very first bottle. Don't worry through another sleepless night—phone or go get a bottle of Creomulsion right now. (Adv.)

If you intend to quit smoking do it while you are young. That gives you so many more years to brag about it.

Life was easier for the poor in the good old days around Burkburnett. They didn't have to pay installments on a \$700 horse.

The Most Distinctive and Impressive Low-Priced Car

PLYMOUTH

With its impressive background of brilliant performance and outstanding value, many thousands of new Plymouths will be sold on beauty of appearance alone. But that is not all that will sell Plymouths. Just look below at a few of the improvements that have been made in this year's model:

- Attractive, curved 'catwalks' between radiator and fenders.
- Rear window has been enlarged, giving better vision.
- New, rich upholstery and pleated trim on doors.
- DeLuxe Sedans are equipped with more comfortable arm rests.
- Front door handle located in center of front door.
- Improved mounting of Sway Eliminator improves riding qualities.
- Front springs shackled at front for better riding stability.
- Complete redesigning of frame has made it 100% more rigid.
- Safety-steel body has been strengthened. Improved carburetion gives smoother acceleration.
- Improved gear shifting and gear shift lever design.

Mrs. E. F. Gillpatrick Dies In Burkburnett

Mrs. E. E. Gillpatrick, 82, died at the home of her grandson, George Wells, here late tonight after a lingering illness. Mrs. Gillpatrick had lived in Burkburnett for about ten years.

Funeral services were held at the Church of Christ at 10:30 o'clock Wednesday morning with the Rev. L. N. Moody, pastor, officiating. The body then was taken by the Owen-Brumley Funeral home to Tipton, Okla., for interment. A brief service at the church of Christ was held.

Mrs. Gillpatrick is survived by

three sons, J. P. Gillpatrick of Tipton, Willie, of Henrietta, Okla., and Winburn, of Charlie, Texas; a daughter, Mrs. Harry Wells of Burkburnett; and a brother, J. M. Staggs of Tipton, in addition to 16 grandchildren.

Pallbearers named were: George Phillip, Sam Reed, Joe Mathews, Joe Beavers, Bill Wilhoit, and A. A. Jacob.

American Education Week To Be Observed In Burk, No. 11-17

The schools of the nation will observe American Education Week November 11-17. The local schools will participate in the country-wide program. The theme selected for the current year is "The School and Democracy."

Through their professional organizations, local state and national and through the teacher-training institutions of every state, educators are attempting to adjust school organization and administration, teaching methods and curriculums to new needs. The enforcement of child labor laws and the gradual decrease in the length of the working life of each individual make it necessary for educational institutions, particularly those which serve the years of adolescence, to provide enlarged educational opportunities for young people. Since the doors of industry and business are closed to all below a certain age the schools can no longer offer educational courses suited only to those who have interests and abilities of a similar pattern. The necessity for providing facilities suitable for all requires the introduction of new courses and the adaption of old.

Such modifications constitute the program of reconstruction and recovery in education in the achievement of which the teachers call upon parents and other citizens during American Education Week. A clear statement of national goals and a more flexible and certain system of financing the schools, the improvement of rural education and rural life, the development of sound character and citizenship are among the problems which the educators face and which will discuss under the head of the following day-by-day topics:

Monday, November 11, "The School and the Citizen."

Tuesday, November 12, "The School and the State."

Wed., November 13, "The School and the Nation."

Thurs., November 14, "The School and Social Charge."

Fri., November 15, "The School and Country Life."

Sat., November 16, "The School and Recreation."

Sun., November 17, "Education and the Good Life."

The celebration held next American Education Week is the fifteenth annual observance sponsored by the National Education Association, the United States Office of Education, and the American Legion. The representatives of these three organizations constitute the National Committee on American Education Week, which recommends each year a theme and a series of topics for adaption to the needs in the thousands of communities throughout the United States.

The National Committee estimates that between three and four thousand communities observed the occasion last year and that between eight and nine million people participated in American Education Week exercises. The governors of forty states issued proclamations calling upon the people to devote special attention to their schools during the seven-day program.

The observance will feature a series of radio addresses on education by prominent lay and educational leaders. The National Committee has selected Monday, November 11th, for the special observance of Armistice Day in which the American

Legion and the schools will cooperate. Special emphasis will be given to the development of good character in the programs to be held in the churches as American Education closes, Sunday November 17. More than the usual attention will be given to this question during American Education Week because of the present-day prominence of measures to prevent crime.

The local observance will be carried out under the direction of the superintendent of schools and the local organization of principals and teachers in cooperation with officers of the American Legion post. The committee from our school

consists of: H. Lee Clifton, Alice Morgan, Gladys Westbrook, Bryant Creighton, Pauline Miller and Helen Ingle.

THE BULLDOGS GROWL

EDITED BY STUDENTS OF BURK SCHOOLS

SENIOR NEWS

The Senior series of weekly class programs began Friday with a splendid lecture on Sportmanship given by the class president, G. L. Shafer. From this needed subject G. L. dropped many important points. We find that sportmanship is needed in our business life as well as our social activities. Be a sport if it does hurt—after all who benefits if you are a sport?

From this first lecture the Srs. already realize that the weekly class programs are going to be beneficial.

FOOTBALL FANS—ATTENTION?

Those good old days are returning. The time is lingering near when you can rid yourself of that hungry look. Friday night is the time! If you think those high-stepping Srs. don't dish out hot dogs and cold drinks—just try them out Friday night. They will be just inside the Wester-Field. You can't help but notice that "service with a smile."

You read of lots of fellows who have had a run of luck. And again we hear of others who are noted for their pluck. But I like the guy who plays the game and simply will not quit. Who hangs on like a Bulldog-determined, full of grit.

The members of the staff wish to take this opportunity to very heartily thank Mr. J. R. Brock for his contribution to the school paper this week.

VOLLEY BALL NEWS

Practice is still in progress. The girls are working very hard, because on Nov. 1, there are going fifteen of the best players out of the twenty-one or two to be selected. Fourteen for players and the other one for the business manager. The girls have a new net, which is now being used. Two or three of the girls have dropped out.

We are still looking forward to a winning team.

FOUND

Roll of five dollar bills. Will owner please form a line at 1820 North Main street.

PEP NEWS

It was rather hard to get to the game Friday night at Seymour; but it always comes out o. k., and ways were provided. The girls did some powerful yelling when they went through town. The Seymour pep squad was just too nice at the game. They said it was just an old Southern custom.

We wonder if the girls that were tardy last week in pep squad feel just right after running around the gym about 50 times after pep squad practice was dismissed.

If anyone saw a big fire Wednesday night, it was some smart little boys burning the pep squad trash for their bonfire Thursday night. But never the less the pep squad can not be out done; they had a big pep rally after all. If you heard some male voices yelling—don't get excited—the Coach let the football boys come out and yell with the pep squad. They marched around the gym and then to town where they yelled and were dismissed.

SOPHOMORE NEWS

Friday from 5:45 to 9:00 o'clock the Sophomore class had a program on attendance. Talks were given by

Jeanette Davidson and Russell Cope on good and poor attendance. Different members of the class gave their reasons for being late to school and their classes.

JUNIOR ACTIVITIES

The 10-1 section of the Jr. class was taken on a delightful trip to Craterville Park, Saturday the 19. The reason that this section was given this sort was because of a perfect attendance record for the first six week period. The class was chaperoned by Mr. and Mrs. G. A. Reaves Jr. A truck was furnished by the Barrow-Grace Chevrolet Company, which furnished the transportation there and back. The group left the school at about 8 o'clock Saturday morning and returned about 6 o'clock Saturday afternoon. A picnic lunch was carried by each member and bats and balls were carried to provide games.

MEN PROFS HAVE PICNIC

On Oct. 16, the men profs went to the Bostic farm for the grandest time of all times. They played soft ball (can you imagine! at their age too.) until the game had to be called off because of inability to keep scores. They turned cooks and fixed steaks and boiled coffee. Their menu was ketchup, oyster sauce, tomatoes, onions, potato chips and marshmallows. After finishing their delicious picnic lunch they gathered around the old camp fire and exchanged a few ideas. Except for a few tummy aches they arrived home rarin' to go again sometime.

Sheriff's Sale

THE STATE OF TEXAS,
County of Wichita.

NOTICE IS HEREBY GIVEN that by virtue of a certain order of sale issued out of the Honorable 78th District Court of Wichita County, on the 26th day of September 1935 by District Clerk of said court for the sum of Twelve Hundred Fifty Seven and 61-100 DOLLARS and cost of suit, under a certain Judgment, in favor of Wichita Falls Building and Loan Association, a corporation in a certain cause in said court, No. 29039-B and styled Wichita Falls Building and Loan Association, a corporation vs J. R. Moss et ux and placed in my hands for service, I, Pat Allen as Sheriff of Wichita County, Texas, did, on the 4th day of October 1935 levy on certain Real Estate, situated in Wichita County, Texas, described as follows to-wit:

Lot No. Eleven (11) in Block No. Twenty-Six (26) of the Scotland Addition to the City of Wichita Falls and levied upon as the property of J. R. Moss and Myrtle Moss and that on the first Tuesday in November 1935 the same being the 5th day of said month, at the Court House door, of Wichita County, in the City of Wichita Falls, Texas, between the hours of 10 A. M. and 4 P. M. by virtue of said levy and said Order of Sale, I will sell said above described Real Estate at public vendue for cash, to the highest bidder, as the property of said J. R. Moss and Myrtle Moss.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Burk Burnett Star, a newspaper published in Wichita County, Texas.

Witness my hand, this 4th day of October 1935.
PAT ALLEN,
Sheriff, Wichita Co. Texas.
By A. J. Chambers, Deputy. 8-3tc.

An English lesson was being given in a school and Miss Morgan asked if any pupil could make up a sentence containing the words "defense," "defeat," and "detail." The sentence she got from Dick Hall was this:
"When a cat jumps over defense defeat goes over in front of detail."

PUBLIC SPEAKING CLASS PRESENTS PROGRAM

The Public Speaking class had a splendid program for Burk High Thursday. Mr. Westerfield gave a short talk at the beginning.

Other Wheeler started the program by singing "Sylvia." His encore was "Star Gazing." Louise Kent continued the program with "Isn't This a Day for Love," and "Paris in the Spring."

Six girls from Miss McClure's class did the Virginia Reel. The girls were dressed in colonial costumes.

Mr. Creighton then had four of his public speaking pupils to give impromptive two minute speeches.

The first speaker was J. R. Brock. He spoke on "Dogs". From what he says we need a dog museum in Burk Burnett.

The second speaker was J. T. Clifton. His subject was "Starless Nights." You all know how J. T. likes to talk, well he really got the job done.

Third speaker, Willie B. Grace, and even though Mr. Creighton—hasn't left us yet he gave his eulogy. Jack Boulton spoke on Burk High School.

Mr. Creighton continued the program by telling a story about his brother, the doctor. His fairy tale concluded the program.

ASSEMBLY PROGRAM Primary Building

"School assemblies can be an important socializing agency if they are properly planned."

"The most valuable assemblies embrace classroom activities, dramatizations from children's literature, dramatics interpretations of certain units in the school studies, topics in nature study, singing, reading, and group efforts of other types."

We are planning to have short assembly programs for each of the first three grades beginning in the near future. Each floor in the primary building will have their own assembly. Below we have listed the dates for assembly programs for the primary building and have given suggested topics to use in working up your programs. If you have another topic that you are working on in your class room that you would like to use you may use it instead of the suggested topic. The teachers name listed with the dates will be responsible for the assemblies on that date. The other rooms from your floor will visit you at 9 a. m. on those dates.

Oct. 31, Hallowe'en, Billingslea, Blum, Corley.

Nov. 8, Armistice or American Education Week, Witty, McGalliard, Fleming.

Nov. 15, Good Book Week, Ingle, West, Cunningham.

Nov. 27, Thanksgiving, Billingslea, Lassetter, Corley.

Dec. 20, Christmas, Witty, Blum, Fleming.
Jan. 17, Trips, Ingle, McGalliard, Cunningham.
Feb. 4, Good English Week, Billingslea, West, Corley.

Feb. 14, Valentine, Witty Lassetter Fleming.
Feb. 21, Geo. Washington and Lincoln, Ingle, Blum, Cunningham.
March 2, Texas, Billingslea, McGalliard, Corley.

ASSEMBLY PROGRAM Intermediate Building

The students of the Intermediate Building are carrying out the same plans as those of the Primary Building except for the arrangements of programs.

Nov. 8, 1st period, Armistice or American Education Week, Pommerening.

Nov. 15, 2nd period, Good Book Week, Gideon and Strong.

Nov. 27, 3rd period, Thanksgiving, McGinnis.

Dec. 7, 4th period, Operetta numbers, Allen.

Dec. 20, 7th period, Christmas, Franke.

Jan. 17, 5th period, Thrift, Franklin or Lee, Miller.

Feb. 12, 6th period, Lincoln, Pommerening.

Feb. 17, 8th period, Good English Week, Guest.

Feb. 21, 1st period, Geo. Washington, McGinnis.

Mar. 2, 2nd period, Texas-Franke

Mar. 27, 3rd period, Geography, Guest.

April 21, 4th period, San Jacinto, Miller.

May 1, 5th period, National Health Week, Gideon and Strong.

May 8, 6th period, National Music Week, Allen.

Coach Hill (in English History class) "If there are any dumbbells in the room, please stand up." A

long pause, then a knee up.
"What, do you consider a dumb-bell?"
"Well, not exactly that. I hate to see you standing up."

"Call of the Wild" Coming to

Clark Gable Stars in Film of Immortal Jack London

"Call of the Wild," 20th Century's colorful filmization of Jack London's immortal story of the Yukon Rush, comes to the Palace for two days Sunday.

A location unit headed by Gable, Loretta Young and Oakie faced danger and in sub-zero Mount Baker ton, to film this Darryl Zanuck production.

Gable and Oakie are Thornton and Shorty, two seeking gold in Alaska. Cue beautiful Claire Blane, who has been lost in the Yukon. She possesses details of a rich "lost claim" and the girl casts her lot with Thornton and Shorty. After a perilous journey the trio locate the claim and Claire have fallen in love when Thornton's men finds Claire's husband. Thornton leases Claire and sends her off to file claim on the gold.

Traveling According To Best Legion Note

Poster that is staying one end of the officers of the traveling fast according to report from the Legion. The poster was pilfered from some house in Burkburnett last night. It has been making the Legion members among the Legion members not paid their dues. When receives the chicken, he rid of it as quickly as possible. The poster is planning for a big in connection with Ar- and the organization is to secure as large mem- possible paid up before

teams has done. Join the big parade to the stadium, and carry along a group of friends to see the real battle that will be staged at the high school field. Coach Volney Hill and his team have been working hard in the cold and rain this week to throw up a strong combination for the game. What ever the weather Friday night the town will be out as a whole to cheer the boys on to a victory.

Reagan Redbirds Sock Burk 12-7

Scoring in the last minute of play when their opponents had a 7-6 lead, the Reagan Junior High school Redbirds yesterday defeated the Burkburnett B squad team, 12 to 7 on the Burk field. The Redbirds took an early lead when J. S. Brimmage, promising backfielder of Coach W. W. Gibson's crew, set sail through center

and hauled up after a cruise of 55 yards that carried him over the pay tripe. The extra point attempt failed. Burk took the lead in the closing minutes of the final frame when a pass coupled with good ground gains netted a touchdown. The Burk boys rammed over the extra point.

Then came the Redbirds' winning marker. J. W. Fox took the ball over from about 20 yards out after power plays had taken the team that far. The Reagan-Zundy series for the city championship will open next Tuesday afternoon, officials announced Wednesday. Coach Gibson's Redbirds and Coach Roy Golden's

Zundy men are reported eager for battle and in excellent shape.

Mrs. Jim Johnson Honoree At Party

Mrs. Jim Johnson was the honoree at a lovely surprise party given at the home of Mrs. Artie Whitesides Tuesday evening when a host of friends gathered to surprise the honoree on her birthday bringing a large number of gifts. The guests and the honoree played "42" and other games during the evening, and the large number of gifts were opened and admired by the persons pres-

ent. Delicious refreshments were served to: Messrs and Mesdames B. H. Preston and Brack Jr., and Jessie Ruth; Roy Magers and Doris Francis; J. G. Cheney, H. S. Grace, H. and Jim Tom; J. A. Johnson, Vera Goodwin, Fred Brookman, Valta

Mae and James; Mrs. Reggie Kent, Mrs. John Brookman, Mrs. C. B. Beldon, Edna Marshall and Marilyn Marshall and Donald Wayne Brookman.

Edited by the Students of Fairview School

FOR CLASS NEWS

There will be a meeting of all classes and goblins at the home of Mr. and Mrs. I. F. Bogy, Friday night, Oct. 26. Margaret will be hostess and Ralph will be host at the Halloween Carnival to be given at Fairview High School Oct. 27. The seniors will have a cake walk. This event usually attracts much attention, and the seniors heartily invite every one to their cake-walk.

CLASS EXTENDS SYMPATHY

The Junior class wish to extend their deepest sympathy to Henry Fuller, their class mate, on the death of his mother Mrs. Fred Williams.

CARD OF THANKS

I wish to express my sincere appreciation to my fellow class mates and my fellow team mates and the teachers who were so kind to me in my recent grief upon the death of my Mother. The floral offerings you sent were beautiful and I wish to extend my thanks to you for them.

Henry Fuller.

SIXTH GRADE NEWS

The sixth grade wish to invite you to their chapel program to be given Thursday morning 8:45 in the Fairview Auditorium, Oct. 31. The entire program will be in memory of our well-known song writer Stephen C. Foster. The class will act out a brief period of Foster's life depicting the moods which caused

him to write the type of songs he wrote. Dancing and music make up a greater part of the program.

How about getting even with those teachers! The Sixth Grade is giving you a splendid opportunity at the Halloween Carnival, the night of October 31. Visit our teachers' doll rack and have at them! Three shots for five cents! A prize if you can knock all three down. Our booth will be located at the far end of the hallway.

SPORTS

The volley ball girls broke their old precedent—Southern Hospitality! Fairview Volleyball girls won both games from Cashion last Friday night, October 18. Scores were: 15-1, 15-3. Luck to you girls with those Clara Greyhounds on Thursday night of this week!

The Fairview basket ball team won its second victory of the Red River-Wichita Valley Conference Friday night by defeating the Cashion Cats on their home court with a score of 36-16. The Bears are to meet the Clara Greyhounds on their home court Thursday night of this week and the game bids fair to be a real tussle. The Greyhounds are always a strong team and the Bears always know that they will have to put up a strong fight if they expect to win the game.

HOME ECONOMICS NEWS

The girls from the Home Ec. III gave a buffet supper for the parents of the class and Mr. and Mrs. Y. C. Paschall. The class was disappointed because several of the parents could not attend. Those who were served were: Mr. and Mrs. J. M. Morrison, Mr. and Mrs. Joe Podberger, Mr. and Mrs. Y. C. Paschall, Mrs. T. A. Banning, Miss Lillie Mae Armstrong, Carrie Ruth Stonecipher, Lenore Podberger, Mildred Morrison, Iva Jim Banning, Dorothy Siber and Marian Sopher. The menu was as follows:

Chicken roll with giblet sauce, Candid Yams, Buttered Carrots in nest of green peas, Woldorf Salad, Hot Rolls, Butter, Coffee, Pineapple Pudding.

SPANISH CLUB

The Spanish club met Monday, Oct. 21, 1935 at 8:45 in room 13. The house was called to order by the president, Evelyn Thompson. The roll was called by the secretary, Helen Parker, each member answering the roll with a proverb given in Spanish. A very interesting talk was given by Helen Parker on the "Young Girl in Mexico." Mrs. Randal Watkins, club sponsor, also gave a very interesting talk on "Bull Fights." She made it very realistic by telling about one she attended in Mexico City this summer, and by showing actual pictures that she took of the fight. At present everything is not said in Spanish, but later on there will not be one word of English spoken from the beginning of the meeting until it ends. Our next meeting will be November 18.

TROOP 50 OF THE BOY SCOUTS OF AMERICA

Troop 50 of the Fairview Boy Scouts journeyed across the Red River railroad bridge on a hike, Friday night, Oct. 18. Everybody had a grand time. Those making up the party of hikers were: Chas. Vines, Carl Winkles, Billy Bush, Louis Tol Bogy, Marion Wayne Price, Joe Todd, Billy J. Roberts, Henry Connell, Joe Knox, Johnny Gifford, Dean Smith, James Brown, J. L. Podberger, Earnest Hudnall, Hugh Frank Brown, Lester Roberts, Jack Bryarly, and Scout Master C. L. Jones.

PEP SQUAD NEWS

It is here! Yards and yards of blue and white satin and blue serge! And we just can't wait to get those Pep Squad uniforms made! Of all "the cutting up" the members of the Pep Squad did it today trying to get their patterns cut so they could start making their suits right away. We hope to be able to don them at the next home game.

And another thing—the Pep Squad has it a little grandstand all its own now and it will be placed in the center of the stage at every game and the members of the squad will occupy it. It is three tiers high and it really is a "Dilly." The members of the Pep organization wish to express their thanks to Mr. Paschall and Mr. Watkins for building this grandstand for them. (Mr. Paschall we are sorry you hit the wrong nail, with the result that you have a big, bad blue mashed looking finger. But we will try to make up for it by really making our club a peppy one and one that is loyal to the school in every respect.)

Some Burkburnett people ask forgiveness for their sins when all they want is some easy way to escape the penalty.

Rev. Hagard Ends Second Year Work In Burkburnett

Rev. L. G. Hagard, pastor of the First Methodist church ended his second year as pastor of the church this week, and he will attend the meeting of the conference in Wichita Falls this week. The conference will determine whether or not the pastor will return to this city for another year of pastoral duty. The pastor of the Methodist church has had two very successful years

in the community since the conference sent him here two years ago. In both church and community activities he has taken an active part for community welfare.

Services Held Tuesday For Mrs. Lee Anderson

Funeral services for Mrs. Lee L. Anderson, 62, of 1517 Twenty-second street, were held at 10 o'clock Tuesday morning from the South Side Baptist church with the Rev. T. C. Jordan, pastor, officiating.

Burial was in the Iowa Park cemetery under the direction of the Owens & Brumley Funeral home of Burkburnett.

Pallbearers were T. M. Smith, E. A. Flatt, W. C. Perkins, Fred L. Cone, M. C. Grantham and L. A. Cone.

Mrs. Anderson, a resident of Wichita Falls for 22 years, had been in ill health for about a year.

Survivors include the husband and two daughters Mrs. J. M. Gregory of Iowa Park and Mrs. Paul Trampf of Dallas, and a son, Carroll Anderson of Wichita Falls.

SAVE TIRE DOLLARS AND GET GENUINE GOODRICH MILEAGE

TODAY'S PRICE \$5.50*
4.40 x 21

NO WORRY ALONG ON WORN TIRES WHEN TODAY'S PRICE ON GOODRICH COMMANDERS IS SO LOW

Many "Bargain-built" tires aren't bargains at all because they often cheat you out of tire mileage. Commander Tires—built and certified by Goodrich—are the answer to tire economy because you save two ways. The original cost is rock-bottom for Goodrich quality. And you keep on saving through the extra mileage in these sturdy tires. So why buy cheap, unreliable tires when you can get certified Goodrich Commanders from us for so little. They're safe—long wearing and honestly built. Protect your tire investment. Let us put Goodrich Certified Commanders on your car.

Home Work Can Be Done Faster and Better with Good Lighting

Lighting makes all the difference in the world in how home-work is done. Poor lighting reflects unfavorably in the thoroughness with which lessons are prepared. Good lighting makes it easy and pleasant to absorb quickly next day's lessons. Students face a difficult task at best in keeping up with their book-work—great care should be taken to see that bad lighting doesn't add to their difficulties.

See the New I. E. S. Better Sight Lamp

- 1 Wide opening at the top of the shade throws light on ceiling and eliminates shadows.
- 2 Glass reflector softens light, prevents glare.

- 3 Wide shade gives ample light over your work.
- 4 Shade lining is white to reflect more light.
- 5 Lamp is high enough to light a large working area.

IMPORTANT

Be sure to look for the authorized certification tag on the lamp you buy. It isn't an I. E. S. Better Sight Lamp if it doesn't have this tag.

Now on display! **THE NEW 1936 PONTIAC**

Silver Streak
SIXES and EIGHTS

More beautiful than ever

and **BUILT TO LAST 100,000 MILES!**

ALL THAT'S BEST OF ALL THAT'S NEW

1. Solid Steel "Turret-Top" Bodies by Fisher
2. Improved triple-sealed hydraulic brakes with new chrome-nickel alloy drums
3. Enclosed Knee-Action on "g" and De Luxe "4"
4. Smoothest of "6" and "8" cylinder engines with silver-alloy bearings and full-pressure metered lubrication
5. Electroplated, light-weight nickel-alloy pistons
6. All-silent Syncro-Mesh transmission
7. Simplified starting with automatic choke
8. Concealed luggage and spare tire compartment
9. New full-length water-jacketed cylinders
10. Even stronger double K-Y frame

YES, the new Pontiacs are actually even more beautiful than before, with a new front-end, new headlight mounting, a different hood, different running boards, and a decidedly different rear-end. And that's only the outside story. The inside story is even more remarkable. The 1936 Silver Streaks are built to last 100,000 miles.

The brakes are triple-sealed hydraulics with warp-proofed drums of fused iron on steel. The solid steel "Turret-Top" Fisher Bodies and No-Draft Ventilation, insulated roofs, and built-in luggage and spare tire compartments. Clutch, brakes, and engines are even smoother, while the Syncro-Mesh Transmission is silent in every speed. And the even more economical engines feature cooling and lubricating systems that are models for the entire industry! See the new Pontiacs—and keep an open mind until you do.

"2-4-6-8—What Do You Appreciate?"

Thus the pep squad shrieks out as the favorite team, the home team of course, comes on to the gridiron. The answer is always the same, "Home Team."

In the game of improving and expanding your home town, in the game of being a good citizen, appreciation for the home industry brings the best results, just as loyalty to the home football team makes a better squad.

If you want to be active in your loyalty to your home-owned municipal light plant, there is only one way: Patronize it. Appreciation without the patronage amounts to little, and you are robbing yourself by failing to actively support that utility which saves you directly and indirectly.

You save when we serve you.

HARDIN MUNICIPAL LIGHT PLANT

"WE OWN OUR OWN AT HOME"

Personal Mention

Miss Agnes Crowley visited in Archer City over the week-end.

Mr. and Mrs. Roy Magers visited in Chico, Texas, Sunday.

Mr. and Mrs. H. F. Hood visited in San Marcos, Texas over the week-end.

Born to Mr. and Mrs. Werner Keisling Monday evening, a girl, Jonna Clarice.

W. C. Krauss of Wichita Falls visited friends in Burkburnett Monday morning.

Mr. and Mrs. Jess Griffin attended the Masonic program in Wichita Falls Tuesday night.

Mrs. Finch Scruggs and Mrs. Cecil Wheeler and daughter visited in Lawton last week.

Louis Sims of Hardin-Simmons was a week-end visitor in Burk Sunday.

Miss Margaret Doty was in Burkburnett Saturday transacting business and visiting in this city.

Mr. and Mrs. Dutch Wolfe and Eugene Robertson visited Mr. and Mrs. Wolf's son in Port Arthur, where he is attending school this year.

F. R. Alexander of Burkburnett Retail Merchants Association, attended the Panhandle district meeting of the Retail Merchants Association at Childress, Texas, Sunday October 14.

Mrs. W. J. Tyler and infant daughter, Lorene, were carried from the Burkburnett Clinic to their home on Park Street in an Owens and Brumley ambulance, Monday.

Dr. and Mrs. F. F. M. Gill visited friends in Burkburnett last week. They were in Electra to visit relatives. The Mrs. Gill was formerly an employee of the Burk Star.

A son and a daughter were born to Mr. and Mrs. C. A. Bush at the Russell Clinic last Friday. Mother and babies were carried to the home of Mrs. Bush parents, Mr. and Mrs. Jim Foster in an Owens and Brumley ambulance last Monday.

Born to Mr. and Mrs. E. F. Hatcher of Randlett, Okla., at the Burkburnett Clinic a baby girl, Geneva Louise, Tuesday. The mother and baby were carried to the home of Mrs. Hatcher's sister on West 5th street Wednesday afternoon in an Owens-Brumley ambulance.

Lions Prepare To Entertain Large Group Nov. 5th

The Burkburnett Lions club is making preparations to entertain a large group of visitors from the nine cities in this area on Tuesday, Nov. 5th, in an inter-city meet of the clubs of group 29. Burkburnett was awarded the meeting at the group council at Iowa Park, and promised the delegations an excellent program for the occasion, including a speech by the district governor.

The program will be arranged by Johnny Anderson group chairman of the district. The number of visitors has not been definitely determined, but each of the clubs will have representation present. The clubs are: Electra, Iowa Park, Vernon, Chillicothe, Nocona, Wichita Falls, and Burkburnett.

Chevrolet Completes Expansion Program

M. E. Coyle, president of the Chevrolet Motor Company, revealed today that the company has completed during the current year a \$25,000,000 program of plant expansion, increasing the production capacity of the ten Chevrolet assembly plants in the United States by 25 per cent, and raising the capacity of the company's own manufacturing plants, devoted to the making of axles, transmissions and other units, to enable them to keep pace with the enlarged assembly plants.

The expenditure of \$25,000,000 was made for the erection and equipment of new buildings at assembly and manufacturing plants, and for the re-equipment and complete modernization of existing buildings. With few exceptions, most of the operations were undertaken and carried out without announcement to the public, the list of completed improvements given out today being the first publication of details of the

program.

Announcement of the virtual completion of the company's 1933 expansion plans was made by Mr. Coyle to a group of newspaper automobile editors as incidental to his statement that all ten Chevrolet assembly plants have been changed over within the last several weeks to produce new models of the Master De Luxe and Standard Chevrolets for 1936, to be introduced in November, and that the manufacturing plants and assembly plants are already producing the new cars.

Production is increasing daily, Mr. Coyle said, and the company will have built an ample supply of the new models to stock its 10,000 dealers with the 1936 cars before their introduction early next month, and to insure immediate delivery to retail purchasers on and after announcement day. Increased schedules have been set for November and December, in order to replenish dealers' stocks as rapidly as is necessary to provide for quick deliveries to purchasers.

While the great part of Chevrolet's expenditures of \$25,000,000 was to attain increased capacity in preparation for an expected increase in demand during the coming year, Mr. Coyle declared that during the current year the company had carried out a comprehensive program of construction at assembly plants for the purpose of equalizing employment. This has been accomplished by providing greatly enlarged storage space at the plants, to receive and hold manufactured units till they are needed in assembly.

With the new storage facilities, plants will be enabled to spread their production more evenly over the year, building up the stock of stored parts during months that normally are regarded as slack production periods, and drawing on these reserve stocks during peak production periods. Thus, during the coming winter, it is expected that regular employment will run higher than heretofore, since the manufacturing plants will be creating parts and units that may be drawn upon during the annual spring peak season. The storage now available will serve not only to ease the seasonal employment problem, but also to prevent car shortages or delayed deliveries.

Every one of Chevrolet's ten assembly plants, situated at ten cities that serve as distribution centers to supply 10,000 car dealers, shared in the company's improvement program. The major projects common to all ten plants were the installation of costly equipment for a newly developed chromodizing system of treating sheet metal to prevent rust, and for an elaborate system of recirculating lacquer and enamel, which is continuously pumped from the mixing tanks through a circuit of conduits serving all the spray booths and dipping tanks with a constant supply of material.

Reporter Reformed

Most people like child actors. A few can't stand them.

For a long time we've been listed in the latter group. We've always thought that the child's place was at home or at school.

"All right, we'll watch her," we

said resignedly, when assigned to the Warner Bros. studio to see a new child star at work.

"What's her name?"

"Sybil Jason," was the reply. "She's five years old and was born in Capetown, South Africa."

There was a child with blue eyes and dark brown curls sitting at a table in front of the camera on the set of "Little Big Shot" now showing at the Palace Theatre.

"We're waiting," we said. "That's not Sybil," said the publicity man. "That's Sybil's stand-in."

We were a little abashed and sat down. The director, Michael Curtiz whom we had watched direct "Black Fury," came over.

"You're going to see a real actress," he said. "She's easier to work with than nine out of ten grown-ups."

Maybe you don't like child actors.
