HOME DANGERS

Recent tragic deaths over the whole state reminds us of the fact that we are not always as careful as we should be about the common matters around our home. Death due to carbon monoxide is not an uncommon thing, but it is an unnecessary thing. A slight bit of care on the part of each of us would prevent any such accident.

With each blessing that we achieve, there is a care of responsibility. That is true in the use of gas and oil fuels. They are convenient and ordinarily safe. With even the slightest precaution there is no danger. A little air will keep the deadly gas from forming. But a closed room and a flame will soon create a lethal dose in a few hours.

Many other small things can happen to bring tragedy to a home. A man burned to death last week in his bed—smoking a cigarette. A 17 year-old boy electrocuted yesterday from handling a carelessly wire light socket. A baby falls in a hot tub of water scalds and drowns. All deaths due to carelessness in the home.

SEVENTEEN YEARS AGO

At eleven o'clock next Monday morning 17 years ago the guns on the Western front were officially silenced. For day the fact of cessation of armed hostility had been imminent, and many rumors were in the air. Every one in the world knew that the hour was close and that the mirage of the German emperor's dream of world power had faded before the harsh reality of a long dreadful war.

On the battle field, under small markers and in shallow graves lay the bodies of millions of men that had paid the ultimate price of patriotism and loyalty. Many had died willingly and with a fervor of ecstatic pride in their heart, others died under the unwilling pressure of organized society—pressing them into a conflict that they did not sincerely support. But willingly or unwillingly, the millions of lives had been laid upon the altar of the war God—a sacrifice to the selfish greed and the ambition of a few men in each nation.

Even today the world tries to point a finger of scorn at this nation or that nation as the cause of the silly debacle, but the truth is that no nation is responsible. In the world today there is, as, there was in 1914, twenty-five men who can throw the whole world into chaos of mass murder or hold the reins tight for world peace.

The rest of us two billion hundred million sheep and goats just tag along behind them like automatons.

On this day as each boy of the service has grown into mature manhood and pauses to remember the deadliness of war that probably took some one whom he loved, but as we pause to pay tribute to the memory, let us drink deep of the bitter wine of futility.

Was anything accomplished in the last conflict? Could any gain pay for the 12,000,000 bleeding crushed forms of the battle field. Can anything ever wipe out the sorrow of a mother mourning, or the tears of fatherless children?

Our heroes died a noble death, with Lincoln we ask "Is their dying in vain". Wasn't there something about the terror that can awaken us to a more sensible treatment of our fellowman?

IT'S GOOD TO WIN, BUT—

It is natural for people to lose enthusiasm for a football team that does not win, regardless of the cause, but the truest test of loyalty is string of losses. Success breeds fantastic support in the game just as it does in any other field. The world love a winner. Winning is good for the immature developing mind and body. Even the most cynical of us admit we are thrilled to watch a strong winning combination in any sport.

It would have been impossible for Burk to have had a winning team this year. The conference was better balanced than it has been in many years. Both the weaker and stronger teams were more efficient machines and had better material. Next year may be a different story and that is the hope that always rises in the heart of a loyal fan.

But while we are losing, some people try to point out the causes. Some blame the coach, the wolves are after him. Some blame the boys and call them sissies. The truth is that we are up against a combination that can't be beat this year. With youth inexperienced handicapping our team, and a veteran opposition, there was not a great deal that could be done.

Such a situation calls for more loyalty and not more unjust and unfounded criticism. Let us stand by and show that we do have a deeper loyalty than the artificial patriotism founded in success. These youngsters are going to be back, some day they will remember our attitude of this very unsuccessful season.

How Calotabs Help Nature To Throw Off a Bad Cold

Millions have found in Calotabs a most valuable aid in the treatment of colds. They take one or two tablets the first night and repeat the third or fifth night if needed.

Second, Calotabs are diuretic to the kidneys, promoting the elimination of cold poisons from the system. Thus Calotabs serve the double purpose of a purgative and diuretic, both of which are needed in the treatment of colds.

How do Calotabs help Nature throw off a cold? First, Calotabs is one of the most thorough and dependable of all intestinal eliminants, thus cleansing the intestinal tract of the germ-laden mucus and toxins.

Calotabs are quite economical; only twenty-five cents for the family package, ten cents for the trial package. (Adv.)

News of Week

A very dangerous situation is developing in the oil business that most of the authorities are not noticing. There is a possibility that a huge field will be uncovered. If such a thing happens the PAB will have another headache. The three states that are most concerned about the oil problem have entered into a more or less tentative treaty that has the situation so well in hand that the prices are on the verge of another rise. Pennsylvania has already felt the rise, and California was given a boost nearly 50 per cent. The East Texas field will soon follow in the price jump.

However, if as is threatened a huge field is opened in Western section of Louisiana, there will be a mess. That state is in such a political mess that no logical and efficient control could be worked out for a dangerously long period. Secretary Ickes must be having some nightmares while he watches the developments in that field.

Jimmy Walker

Jimmy Walker is back from Europe. He is representative of one of the strangest periods of American political history. Admittedly incompetent and a catspaw of greedy politicians, he won the election and held an office second only to the president of the nation in responsibility. But if he were to run for office next week, he would have a good chance to win. He gave New York and the rest of the country a few laughs, and that seems to be enough today. It was strange to watch the friends desert him when he was in trouble; and now that the cloud has passed, they'll come trotting back.

New Tax Bill

The omnibus bill on tax has made some levies that ought to have been in force, but which will be passed directly to the consumer under the present scheme. There is a 1/3 of one percent levy on gross receipts of utilities—including telephone, one

Beware Coughs That Hang On

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with anything less than Creomulsion, which goes right to the seat of the trouble to aid nature to soothe and heal the inflamed membranes as the germ-laden phlegm is loosened and expelled.

The Man Who Knows

Whether the Remedy You are taking for Headaches, Neuralgia or Rheumatism Pains is SAFE is Your Doctor. Ask Him

Don't Entrust Your Own or Your Family's Well-Being to Unknown Preparations

BEFORE you take any preparation you don't know all about, for the relief of headaches; or the pains of rheumatism, neuritis or neuralgia, ask your doctor what he thinks about it—in comparison with Genuine Bayer Aspirin.

Remember this: Genuine Bayer Aspirin is rated among the fastest methods yet discovered for the relief of headaches and all common pains... and safe for the average person to take regularly.

You can get real Bayer Aspirin at any drug store—simply by never asking for it by the name "aspirin" alone, but always saying BAYER ASPIRIN when you buy.

percent on telegraph, hotels, oil and gas lines, and intrastate radio advertising. 1-4 percent on all transportation except railroads, one-eighth cent on 1000 cubic feet of gas, 15 cents on sulphur, 10 percent on amusements, five percent on cigars, 25 cents on yeast and malt.

Whiskey taxed 80 cents a gallon and wine 10 cents on light alcoholic contents. All of these taxes, especially the sulphur tax increases or new ones. It will be interesting to watch the public reaction to the heavy levies necessary for old age pension. The sulphur tax is the most logical of the whole group.

Rome Riots
The students of Rome were so angry that they attempted to attack the English embassy in the Italian capital last week. That represents the danger of jingoism. Such an act might throw the two nations that are dangerously near war into the conflict. Lesser important events have set off the fire of conflict.

The Trend Turris
Up until the last few days all of the reports from Ethiopia have given the Italians an advantage. This advantage has been due to the motors and superior machinery. Now a different trend is found in the news. For three days the Italians have suffered defeat.

The cause for the change is in the type of country that the invading armies are reaching. Near the border it was easy sailing, 400 miles

back into the interior, fever, heat, mountains and deserts, all are helping the Ethiopians take a deadly toll.

In Italy
In Italy another thing is being watched with interest. The order by Mussolini to cut the diet. It Duce tells the world that it will be a voluntary proposition. The rest of the world laughs about the word "voluntary." The news paper men remember Duce's rise to power. He said everybody had the right to vote against him if they wished. However when anyone exercised that right four men immediately visited him and forced him to drink a pint of castor oil. The second time he voted wrong it was a quart. The fascists figured that any one voting wrong was sick and ought to have medicine. That is the way it stands. You can eat all you want in Italy—be careful though if you don't like castor oil.

MONEY NO OBJECT IF IT'S A QUESTION OF HEALTH

Since 1799 thousands of people have regained their normal health after years of suffering from stomach troubles of all types, such as constipation, indigestion, gas, and sour stomach which are the basic factors of such maladies as high blood pressure, rheumatism, periodic headaches, pimples on face and body, pains in the back, liver, kidney and bladder disorder, exhaustion, loss of sleep and appetite.

Those sufferers have not used any man-made injurious chemicals or drugs of any kind; they have only used a remedy made by Nature. This marvelous product grows on the highest mountain peaks, where it absorbs all the healing elements and vitamins from the sun to aid HUMANITY in distress.

It is composed of 19 kinds of natural leaves, seeds, berries and flowers scientifically and proportionately mixed and is known as LION CROSS HERB TEA. LION CROSS HERB TEA tastes delicious, acts wonderfully upon your system, and is safe even for children. Prepare it fresh like any ordinary tea and drink a glassful once a day, hot or cold.

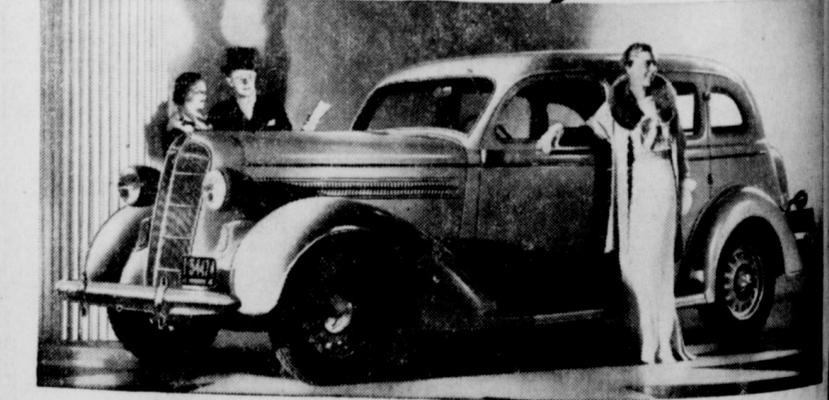

A one dollar treatment accomplishes WONDERS; makes you look and feel like new born. If you are not as yet familiar with the beneficial effects of this natural remedy LION CROSS HERB TEA try it at once and convince yourself. If not satisfactory money refunded to you. Try it and convince yourself with our money-back guarantee.

Central Word School To Hold Armistic Program Friday

In recognition of Armistice Day
the Central Ward School is having
a chapel program Friday morning,
November 8, beginning at 9 o'clock.

At that time seven pupils of Mr.
Pommerening's L-6-1 class are pre-
sented a pantomime of the begin-
ning, duration, and close of the
World War.

The American Legion is co-operat-
ing by furnishing Jim Minter as the
Speaker, J. G. Allison as the Bugler,
J. T. Brady as the Color Bearer, and
Steve Marchand as Color Guard.
Each scene is to be heralded by the
Bugler.

Characters are as follows: Mil-
dred Guthrie, representing Peace
and leading the invocation; Martha
Beth Utts, representing War; E. J.
Reed, playing the German soldier;
and Edward Lee Liles as the Ameri-
can soldier. Nurses are Mary Black-
stone and Mary Ann Danforth. Joy
McFarlane plays the part of Uncle
Sam.

The purpose of the program, be-
sides commemorating Armistice Day
and the Boys who did not return, is
to show the horror and folly of
War.

Huge Persimmons

Mr. W. B. Smith who lives at the
East end of 2nd street brought two
large persimmons into the Star of-
fice last Saturday. The fruit was
unbelievably large, and the owners
of the tree said that it was a Pa-
pinese type. The tree on which the
fruit was grown is loaded heavily
and had developed rapidly. Few
people have tried to grow the type
of fruit in this section, but where
they have planted the Japanese
specimen their success has been
uniform. The tree is four years old
and it will have a heavy crop for
several years.

Foster Trial Date Reset For Dec. 9th

Ralph Foster, Burkburnett world
war veteran and former rural mail
carrier, will face trial the week of
December 9, according to the new
date set for the trial Monday after-
noon. The Burk citizen is charged
with the murder of his wife. The
trial was originally scheduled for
Sept. 16 and postponed until Oct.
16. The jury was out 18 hours and
brought in a disagreement of 6 to 6.

Foster was indicted last summer
for the alleged fatal shooting that is
said to have occurred on June 23 at
the home of the family south of
Burkburnett. The first trial resulted
in dismissal of the hung jury two
weeks ago.

The trial was re-set for Nov. 11,
but the state date was not allowed
on a plea of the defense, necessary
due to the absence of chief counsel
C. C. McDonald. Mr. McDonald plans
to spend most of the month of Nov.
in California. He is resting follow-
ing a recent siege of influenza. This
is the second time that the defense
has secured the postponement of the
trial as the result of McDonald's
request.

In the first trial the state alleged
that Foster had beat his wife and
killed her afterwards in the cellar
of the home. The defense maintain-
ed that the wife, Mrs. John Foster
had committed suicide, and that
the defendant was not present in the
cellar at the time of the shooting.
In the first case the defense present-
ed no witnesses at all.

Baptist W. M. U. Holds All-Day Meeting Mon.

The W. M. U. of the First Baptist
church held an all-day meeting at
the Church Monday, Nov. 4, with 25
members of the organization pres-
ent for the inspirational services.
Mrs. John Brookman had charge of

the Royal Service Program, with
the topic "Christian Conquest in
China." Mrs. Walker brought the
devotional from the selection I John
2: 1-6. Viola Mae White sang as
solo "It pays to serve Jesus." Others
appearing on the program were
Mesdames John Brookman, Artie

Whitesides, Suttles, Cheney and
Misses Marie England and Lorene
Alvey. Mrs. John Brookman dismiss-
ed the morning session.

In the afternoon session Mrs.
Cheney gave the devotional from I
King 19. The prayer was led by
Mrs. Regie Kent. The business ses-

sion heard the reports from the
chairmen of the divisions. Mrs. O. L.
Clark dismissed the afternoon ses-
sion. The society will meet to pack
a box for the Buckner Orphan Home
November 18, and for an all day
meeting to study "The Conquering
Christ," Nov. 21.

H. T. Staggs Dies Of Brain Hemorrhage At Skelly Offices Fri.

Veteran Employee of Local Oil Co. Victim of Attack While On Duty

BURIED IN DURANT, OKLA.

H. T. Staggs, veteran of the World War and employee of the Skelly Oil Co., died of a sudden hemorrhage of the brain last Friday morning in the office of the Skelly boosting plant near Newtown, and the funeral services were held from the First Baptist church Sunday morning. The rites were under the direction of the Masonic Lodge 1027 of which the late Mr. Staggs was a member for several years.

The American Legion honored the member of the organization by attending in a body as an honor guard for the service. The beautiful services were conducted by the pastor of the church, Rev. Miles B. Hays. The Owens - Brumley funeral home carried the body overland for the burial services at the Durant cemetery.

Mr. Staggs was found dead in the office at approximately 11 o'clock Friday morning. He had entered the office feeling well according to the word of friends who had seen him at 8 o'clock. At about 10 o'clock he had made his report to the Skelly offices near Burkburnett, and that was the last word for him. Contrary to former reports no fire was found in the room.

A. R. Allen entered the office at 11 o'clock to find the employee dead on the floor crumpled in a heap near the corner. He informed A. S. Majors and T. D. Bradford of the tragedy, and they notified the offices at Burk. The Burk offices called the officials.

N. P. Sanders, constable and W. T. Vance Justice of peace went to the scene with Drs. Slaughter and Carpenter. Owens-Brumley ambulance went to secure the body. At the plant the doctors found it impossible to determine the cause of the death of the man.

The body was brought to the Owens-Brumley funeral home, and Drs. Philip Carpenter, D. R. Venable, Everett Jones, the two latter of Wichita Falls, performed an autopsy. They determined a cause of the death as probably cerebral hemorrhage followed by paralysis. The autopsy was permitted by the wife of the deceased.

The survivors were the widow; three children, Dorothy Lane, 14, Mary June, 12, daughters, and H. T. Junior, boy 4, mother Mrs. W. M. Brown of Achillee, Okla.

Mr. Staggs was a world war veteran and served on the United States Warship Virginia during the world war. He made 8 trips across the pond as a member of the convoy during the conflict. He was a member of the Oscar Frye American Legion Post. The following people went to Durant for the burial: O. J. Ensey, Ivan Fields, A. H. Bazell, Mike Begun, R. D. Owens and Mesdames Roy Stuckey, F. M. Milford, E. H. Logan, E. Carnes, F. E. Cruce, L. E. Bundy.

Big Rabbit Creek

November 3, 1935.

The writer has been informed that Mr. and Mrs. D. L. Alexander's little son is still improving from the operation which the little fellow underwent several weeks past. It won't be many more days until he

will be able to be brought back to his own home.

This neck of the woods was visited with just a light sprinkle of rain Friday forenoon.

Hawkeye was pleased to meet his old friend John Ashton and wife on the streets of Burkburnett Saturday afternoon. Bro. John certainly has got three mighty bad smashed fingers and three mangled toes on his right foot, caused by the trailer tongue falling on them one day of last week.

So much bad, damp weather the past 10 days or so has worked a hard ship on the farmers and cotton pullers over on this side of the creek. If the sun don't shine enough to dry the cotton out it will be the middle of this coming week before any cotton will be pulled.

W. H. Martin and his little daughter, Miss Winnie June, were on the busy streets of the big oil city, Burkburnett, Saturday afternoon.

Tobe Hardin, Mrs. Martha Nails and her son Charlie motored over on Deep Red Sunday to buy and to pick on the halves pecans. They bought several pounds over on Deep Red last week.

Johnny Mouser marketed several fine frying sized chickens over in Burkburnett Saturday. He was paid 15c per pound for them. John got 3 cents more per pound for his chickens over in our home town of Burkburnett than what Temple, Okla was paying on the same day.

Wheat and oats which were sown early is sure looking fine. Lots of the wheat and oat fields are fine pastures now.

Everybody and their uncles and aunts are making preparations to go to the big rodeo over in Burkburnett Saturday. The writer thinks that the majority of the Oklahoma people are going for the purpose of taking in the Nudist Show rather than seeing the big rodeo. Hawkeye was heard to say that was what he was going to take in as soon as he got into the city.

The Crows are coming in by the thousands and believe me when there is any white headed feed not cut yet in the fields or if it is cut and shocked it dont take a big bunch of them very long to get rid of a whole field. All red feed, such as Kaffir Corn or Red Maze or Cane they don't pay it any mind.

The stork called at the home of Mr. and Mrs. Rufus Cruse last Wednesday night and left them a big strapping 11 pound son. Mr. and Mrs. Cruse is farming the Tom Lee farm down on Big Rabbit Creek. Both mother and son are just doing fine.

Mrs. Lillie Mouser called on the Owens family Sunday afternoon and visited a short while.

HAWKEYE

Rainbow Order Holds Hallowe'en Party Fri.

On Friday evening the members, and guests of assembly 99 of the order of the Rainbow for Girls of Burkburnett met at the home of O. C. Whitaker for a Hallowe'en social in the form of a "tacky party." The guests were met on the front porch by a "ghost." Fortunes were told and several Hallowe'en games were presented. Ordetta Cope and Cortez Wolfe were awarded the prizes for the ackiest costumes.

After two hours of fun, dainty

refreshments were served to the following: Edna Cropper, Peggy O'Neill, Pauline Allen, Ordetta Cope, Betty Jo Gilchrist, Frances Alexander, Frankie Alexander, Jackie Cruce, Marginnell Chambers, Mae Bowman, Helen Justice, Ladine McNeill, Rosemary Whitaker, Erlma Strickland, Doris Whitaker, Christine Milliken, Ileta Freeman, Pauline McGinnis, Polly Hall, Doris Barnes, Janette Davidson, Louvain Harris, Melba Clark, Mary Louise Kelly, Louise Grace, Kathryn Houser, Mary Gill, Nixon, Justine Nichols, and Margarete Griffin.

Cortez Wolfe, Billy Ashlock, Dorace Hageman, Eugene Robertson, Leon Vines, Tommy Harms, Jack Foster, Donald Lohofener, Dial Rike Peevey, Willie B. Grace, Laurence Baumhardt, Luther Lee Grace, Webb Garland, Allen Riddle, Jack Burkston, Billy Neil Bowman, and So-min Hanks.

Mrs. Whitaker was assisted by Mrs. Barnes, mother advisor of the organization.

RIVER RACING THRILLS SEEN IN NEW MOVIE

Out of the romantic pages of American history, Fox Film plucked one of the most exciting and colorful phases of Mississippi River life to furnish a thrilling climax for Will Rogers' new picture, "Steamboat Round the Bend," at the Palace Theatre Sunday and Monday.

Once a year the fastest packets of the Mississippi and Ohio Rivers would line up amid a great celebration and stage a steamboat race from Natchez to New Orleans, the gala event of the year. Crowds would line the shores, river crafts would drift up and down stream cheering their favorites and all work was forgotten in the excitement and anticipation of a thrilling race.

In the film, as in the old days Rogers and Irvin S. Cobb, rival steamboat pilots, employ every possible means of winning the race. Old furniture, wax statues, fire-water medicine and most anything that would burn are used as fuel to turn the tide of victory.

The bitter rivalry of Rogers and Cobb, masters of the "Claremore Queen" and the "Pride of Paducah" reaches a thrilling climax when their packets fight it out for the supremacy of the Mississippi.

The race, however, is only a highlight to the dramatic climax, since Rogers' sole purpose in entering the race is to save the life of a boy, who through a misunderstanding is held by the law for murder.

County T-B Ass'n. Starts Drive Soon

The county Tubercular association is preparing for a special campaign in order to obtain funds to carry on the Wichita county T. B. association. The medical profession has made great strides in preventing and curing the dreaded disease of tuberculosis. Our own county has a good organization to conduct this work. Our health is the most precious of God's gifts, and we do not realize how fortunate we are with good health until we see some of our relatives or friends suffering. Just picture your own curly headed tot stricken down with this disease and then think of the thousands of children who should be given a chance to get well. You have been generous in the past in purchasing Christmas seals and this is the only source of revenue which this association has to conduct its

work through the year.

A member of the executive board will call on each business firm in the city to solicit your aid in this work. Those contributing to this special fund will not be expected to purchase Christmas seals later.

The plea of this committee is "Help Burkburnett carry part of the load of the association in Wichita County and respond when called upon." A. E. Kelly, county chairman. The local committee is Mesdames W. D. Bent, J. M. Thomas, and uBtler Westerfield.

Bride Elect Is Honor Guest At Lovely Party

Complimenting Miss Ruth Warn, bride elect of Ross Beezley, Mrs. H. L. Lawson entertained with a pretty miscellaneous shower Friday afternoon at her home at 432 West Main street. A pink and white color scheme was emphasized in the decorating. A lovely assortment of gifts from the guests was brought into the room by the hostess who presented each gift from a decorated basket.

The guests present were: Mesdames R. L. Gragg, G. T. England, Roy Blanscett, Luther Hatch, Fannie Huffman, John Harris, N. M. Beezley, H. E. Warn, M. P. Keith, D. C. McCullough, Buck McCullough, W. J. Auld, J. C. Shirey, Linda Key, Jewell Aldridge, K. A. Stradley, J. H. Enderly, Mark Traugher, John Jone, O. P. Brookover, Pauline Bennett, Marie England, and Lois Kieth. Those not present but sending gifts were John Brookman, Barney Lorang, Ben Givens, Vick Helms, Gladys Rowe, Chas. Phillips, Strickland, Bennie Jack Turner, R. B. Faulkner, H. I. Gee, Leonard Warn, B. L. Turner and J. R. Rose.

Meetings Next Week

The Hardin Demonstration club will meet next week Wednesday, Nov. 13 at 2:30 at the club house in Hardin Park, for business meeting and the election of officers.

American Legion special meeting at the Legion hall Friday night.

The ladies Bible class of the First Presbyterian church meets at the home of Mrs. T. E. White on the Gul fleaze next Thursday afternoon.

The Current Literature club will meet with Mrs. T. H. Boling next Thursday for a study of Heaven's My Destination, review by Mrs. Fred Flanagan.

The Young Matrons Bible class will meet next Tuesday at the home of Mrs. Leo Foster on the Skelly lease for a study of "The Life of Christ."

The Bluebonnet Garden club will meet Tuesday at the home of Mrs. I. D. Russel.

Auxiliary of Legion will meet Friday at Mrs. Andrew Bazell of Skelly lease.

PTA Study group Wednesday at Central Ward School.

Chevrolet Reduce Prices On Three Lines For 1936

The Chevrolet Motor Company today announced that, effective with the introduction of its new passenger car models tomorrow, prices of three of its six Master de luxe models will be reduced below the levels of the 1935 prices, the other prices in this line remaining unchanged. Master de luxe models will be available with either conventional spring suspension or with knee action at slight additional cost.

Prices for the new line of Chevrolet Standard models, which introduce fine car completeness and luxury to the lowest-priced field, range from \$495 for the coupe to \$600 for the sport sedan. Chevrolet for the first time offers a sport sedan and a town sedan in the Standard line. Like the Master de luxe Chevrolets the new Standards have perfected hydraulic brakes and solid steel turret top Fisher bodies. They are of longer wheelbase than the 1935 Standard series, and there is a full line of models available.

Prices of the two lines are as follows:

Master de luxe Coach \$580; sedan, \$640; town sedan, \$605; sport sedan, \$665; business coupe, \$560; sport coupe, \$590.

Standard Coach \$510; coupe \$495; sedan \$575; town sedan, \$535; sport sedan, \$600; sedan delivery, \$535.

First showing of the new models will be made with the opening of and in dealer salesrooms throughout the country. Officials of the company declared that more than 60,000 of the 1936 models were built and shipped up to the end of October, and that all the 10,000 Chevrolet dealers have received new cars for display and delivery. Production schedules for November and December have been set at the highest figures for any corresponding months in the history of Chevrolet.

Triple A To Form Tax Tag Pool Soon

COTTON GROWERS URGED TO TURN IN CERTIFICATES TO THE DISTRICT OFFICES

In a letter from G. D. Everett, the county agent, the cotton, growers of this area have been requested to join the cotton pool that the AAA is forming for the readjustment ready calling for surplus 1935 cotton exemption certificates, and are urging the growers to surrender the excess tags for sale.

The letter from Mr. Everett in full is as follows:

DEAR SIR:

Below is some information on the Cotton Sale Certificates for which you have probably been, asking. Please read it carefully.

1. If the cotton was sold prior to November 9, 1935, the Cotton sale Certificate representing it should be delivered as soon as possible, but not later than November 16, 1935.

2. If the cotton is sold after Nov. 9, 1935 the Cotton Sale Certificate representing it should be delivered as soon as possible, but not later than seven calendar days after date of Sale.

3. The Cotton Sale Certificate may be delivered in person or by messenger, or may be forwarded by mail to the County Agent at the producer's risk. We have arranged for you to leave the Sale Certificate at the office of the Chamber of Commerce at Iowa Park and Burkburnett, and Slaughter's Filling station at Electra.

4. If you have cotton from more than one farm, please advise on which place the cotton was produced when you turn in the Sale Certificates.

turn in the Sale Certificates, and

will be paid on his Bankhead

ment. 6. Any cotton producer agrees to participate in the Cotton Adjustment program only for payment.

7. I suggest that you turn in of your Sale Certificates as soon as you have them, and then what you want to do about the ing of the 1936 contracts later. We have all of the rules and lations. When in doubt, ask County Agent; neighbors some get things twisted.

G. D. EVERETT, P. S.—Mr. O. M. Hurdt, chairman of the Wichita County Wheat Committee, asks that all farmers grow wheat, sign up the wheat tract before November 15.

Royalty Command Showing of Shock

All the world loves a "shocker." Even royalty proves an exception, for Their Majesties the King and Queen of England, no less than the GB mystery-thriller, "The Who Knew Too Much" as the picture to be shown before the vately at Compton Place, Eastbu while they were resting prece the Silver Jubilee celebration.

"The Man Who Knew Too Much" which will be shown at the Theatre Saturday Midnight, Nova Pilbeam, Peter Looe, La Banks and Edna Best featured, already aroused international ment.

It is Peter Lorre who pro the coldly dispassionate leader of international gang plotting the sination of a foreign diplomat kidnapping the little daughter of man who knew too much. He is a professional criminal who murders murder a consummate art.

ONE MINUTE

Only sixty seconds. No more than is spent before a shop window, and less than is wasted each day in waiting.

Only sixty seconds. No one can miss it. Yet racing minds bring a host of pictures, remind us of scores of incidents half forgotten in that time.

Only sixty seconds. But a short time to give to all that minute on November 11 must signify to each of us. But in that minute let us remember, and in remembering honor those to whom that minute is dedicated. No less can be expected of each of us, and of most, no more need be asked.

Young People Enjoy Social

Young people of the Calvary church were entertained at of Mrs. R. Dillingham of

Clara Tuesday night. The society extended the invitation to every person that does not attend church to meet with the young people. The teacher, Mrs. Magee, promises interesting lessons. Those present were: Mr. and Mrs. J. L. Pierson, of Clara, Mr. and Mrs. Bud Porter, Mrs. Bud Fox, Mrs. Otis Magee, Ethel Shaf-

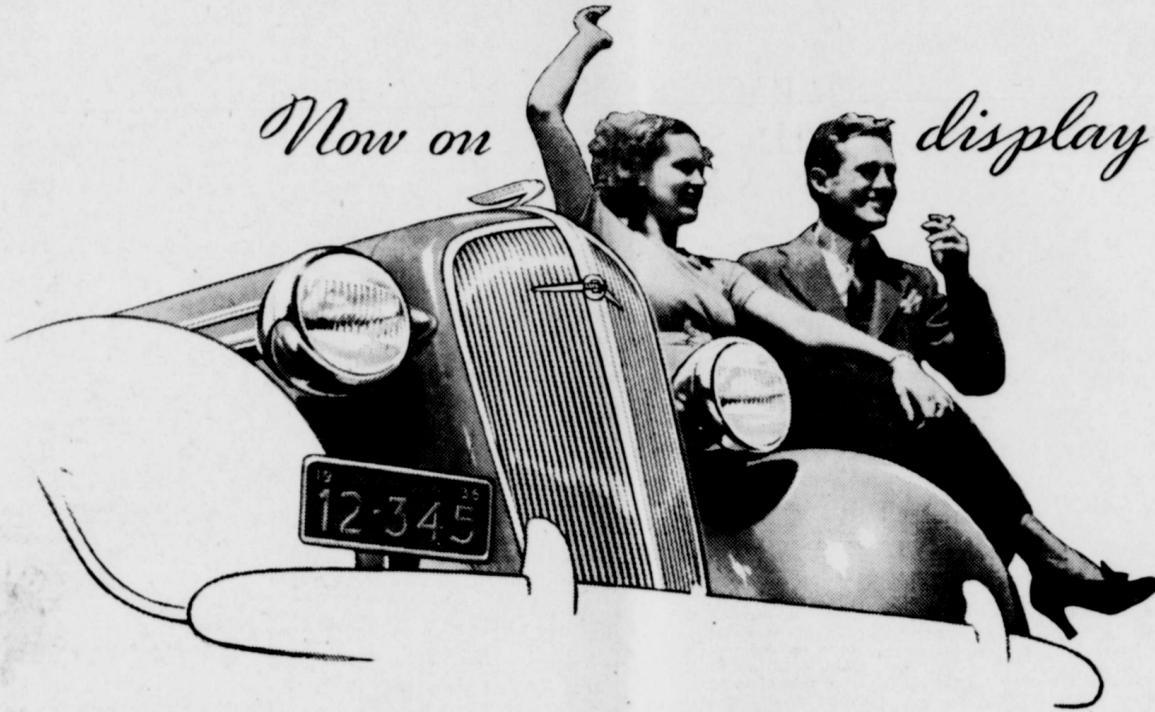

fer, Theresa Ponder, Alma Garrett, Erlene Souls, Sybil Lasseter, Maurice Sanders, Dorothy Eunice Magee, Mary F. Pearson, Billy Magee, Arliss Morris, Luther Magee, and the host and hostess Mr. and Mrs. R. Dillingham. The class reported that Miss Ruby Jordan of the department was ill and unable to attend.

Rites For Mrs. Shofe Held Monday Morn

Funeral services are to be conducted at 10 o'clock Monday morning for Mrs. Annie Shofe, 64, from the Floral Heights Presbyterian church, Rev. T. A. Rockett and Rev.

John W. Van Dyke officiating. Pallbearers were W. L. Whittington, D. W. Corn, J. A. Eason, A. E. Lowe, Mike Newman and L. L. Davis, elders of the Floral Heights Presbyterian church of which she was a member. Interment was in the Riverside cemetery under the direction of the Owens and Brumley

Funeral home of Burkburnett. Mrs. Shofe, a resident of Wichita Falls since 1889, died at 11:58 o'clock Saturday night at her home, 1808 Taylor street. Mrs. Shofe suffered a stroke of paralysis on Oct. 11 and had been confined to her bed since that time.

Are You Getting Your Money's Worth

Whether you buy a pair of shoes or a car, whether you pay your telephone or electric bill, or buy an admission ticket to a game, show or concert, you do not regret the expense provided you receive what you consider your money's worth.

Many people seem to have a different attitude toward taxes. Have you ever stopped to find out what you really receive for your taxes?

During the present fiscal year the owner of a typical home assessed at \$1,200—and he represents by far the largest member in this city—pays for all city services \$132.24. Of this total \$12.00 goes to the public schools. Reduced to a monthly figure the owner of the average Burkburnett home pays \$1.33 per month for the education of all his children, whether they attend the first grade or the high school.

While in times like the present \$1.33 per month may be considered quite a goodly amount, how does it compare with other services for which Mr. Average Home Owner pays?

The average monthly telephone service in Burk	\$2.40
The average monthly gas bill for homes costs	\$3.39
The average monthly electric bill for homes amounts to	\$3.74
Compare these figures with your average monthly educational bill for all your children	\$1.33

Are You Getting Your Money's Worth?

Did You Know?

Only 5 per cent of the illiterates in the United States deposit money in banks.

Only 10 per cent of illiterates pay any taxes.

Iowa, the state with the lowest illiteracy, has the highest proportion of farmers who own their farms.

Of the 5 states with highest per capita wealth, none has as much as 5 per cent illiteracy. Of the five states with lowest per capita wealth illiteracy ranges from 10.3 to 18.1 per cent.

In 1927, 7 states had a newspaper circulation equal to 20 percent or more of the population. In none of these states was illiteracy greater than 2.3 percent. In the 7 states having illiteracy of 10 percent or more, only 2 had newspaper circulation of as much as 5 percent of the population.

The 10 cities of the United States having the highest homicide rate are all in states which have ranked in the lowest third in provision of education during the past generation.

It costs more than 3 times as much annually to maintain an adult in prison as it does to keep a child in school.

A study of Alabama families on public relief in 1934 shows that 16 percent of the adults—33 percent of the adults over 50 years of age—have never attended school.

The seven states lowest in education have listed in Who's Who in America less than one third as many leaders per 10,000 population as do the states highest in education.

That Texas ranks 36th in the United States in the field of education.

Burkburnett Central School Shows Low Percentage Failures

(H. Lee Clifton, Prin.)

Failure of non-promotion has been the dread and dismay of American school children for generations. Classmates and parents persistently ask that hard question, "Did you fail?" As years go by, high schools, colleges, universities, and business ask the same question so tenaciously, that as a result the child's future as well as his present is affected by failure in school. Probably few teachers realize fully the power of this weapon they wield so frequently and many times so carelessly during the tender years of the elementary school pupil.

It is particularly impossible for an elementary school child to discover the relationship between his classroom activities during a semester or a year of school work and his failure to be promoted. He can not, at promotion time, evaluate activities directed toward trying to do his work and relate them to failure to be promoted. The elements of promotion are so uncertain, so varied and so far removed from the activities involved that it is particularly impossible for elementary children to understand and point out their reasons for non-promotion. The author of this article has seen instances where it was almost impossible for a teacher to justify and explain reasons for the failure of certain

children. It is a fact that some children who score superior in intelligence have been known to receive failing teacher's marks. Achievement tests have also proved that children are many times able to pass tests for grades in which they have failed to be promoted. Why should we allow conditions of this kind to exist?

Non-promotion many times leads the pupil to return to school with a weakened purpose to make a good record. Especially is this likely to happen when non-promotion has been experienced more than once. Many times this brings about a "don't care" attitude and causes the pupil to want to be an annoying factor in the school program. Thus, interest in school work is destroyed and the result of non-promotion is poorer achievement. Give the pupils new interest, new problems to work on, new fields to conquer, keep him busy and he will not have time to give discipline troubles.

The extent to which a particular pupil is affected by non-promotion, of course, depends almost entirely upon the individual and the circumstances under which he experiences non-promotion. Occasionally, there may be individuals who can profit from the effects of such an experience. In the large majority of cases, however, the effects of non-promotion are apt to be unfavorable and undesirable. In many instances failure in schools accounts for the almost complete loss of self-confidence, initiative, and self respect by thousands of children. The following statement comes from Bagley: "The glow of satisfaction that comes from the consciousness of work well done sets free the energy that can be concentrated upon the new and more difficult task, thus multiplying the chances for a fresh triumph, and the sickening sense of failure will similarly choke up the channels of energy and multiply the chances for a second defeat."

Columbia University made a study of a school system of approximately 5,000 pupils over a period of seven years. After making a very careful investigation of promotions and failures the following conclusions were reached: "Of all the non-promotions during these seven years, only 21 percent do better after repeating than before; 39 percent show no change; and 40 percent actually do worse."

An experiment was made in Long Beach, California during the school year of 1927-28. All the failures or non-promotions from the high second through the low sixth grades were used in making this experiment. Out of 140 potential failures in the above grades 70 of these were actually made do their work over again and the other 70 were allowed to go on trial. These groups were divided evenly in regard to their mental ability and achievement. No parents were notified of the experiment so that extra help from the outside might enter into the results found. At the end of the school year standardized tests were given and teacher's estimates were tabulated with the following conclusions: That 1. Children of normal ability gain more from trial promotion than do children of equal ability from repeating a grade.

2. Children of less than average ability gain little more by repeating a grade than they gain by trial promotion.

3. Pupils in grades IV and VI profit more from a trial-promotion plan than do those of grades II and III.

4. The trial group shows greater average gain in educational tests than does the repeat group.

5. The record of promotion at the close of the term shows 90 percent of the trial group promoted. Many other experiments of similar nature have been made throughout the United States and in all cases the results are nearly the same with regard to the failing child. The findings of these studies support the judgment of a number of competent students and teachers in the field of education concerning the influence of failure on the achievement of the individual pupil that fails.

After studies and experiments of this nature have been made along the line of non-promotion there are many questions that we should ask ourselves as teacher or parent. Have I done everything that I possibly could to help avoid this failure? It is best to have this pupil do his work over and brand him as a failure at present and in the future? Will he gain more by repeating or by going into newer fields of endeavor? Do some pupils that are not promoted show higher achievement than some pupils who are promoted? Are the pupils in grades where the work is inappropriate? Are there children who could be accelerated? Are there pupils who should be given special remedial instruction and care? Are certain pupils over-age or under age? Why are more boys failed than girls when intelligence tests and achievement tests show them about the same? In what type of environment does the pupil live and who are his associates? Numer-

AN INVITATION

American Education Week, Nov. 11-17
Visit Your Schools, Nov. 12, 8 P. M.

Here's an invitation, just for you;
I hope that you will accept it too.
The time is Tuesday night at eight
In both our schools, so don't be late.

A fine school you shall see and hear,
And you'll enjoy it never fear.
Surely you wouldn't stay away
When you are needed at school this day.

They say there's always something new
For our mothers and dads to learn to do
And I shall be so proud to say,
"My mother and dad went to school today."

ous other questions might be asked that would affect both the teacher and the parent while working with children.

As teacher it is our duty in the schools to do everything that we can to avoid this undesirable phase of school work and by working both in and out of class we should do everything in our power to eliminate non-promotion. With the aid and cooperation of the home we should be able to keep a favorable percentage of low failures.

Below is a comparison of the percentage of non-promotions as listed in a National Survey made by Geo. Peabody College of Nashville, Tenn. in 1933 and the percentage of non-promotions in the Burkburnett Central School for the school year of 1934-1935.

Grades	National Survey 1933	Burk Central First Semester 1934-35	Burk Central First Semester 1934-35	Burk Central School Year 1934-35
Low 1	15 %	12 %	13 %	12.5 %
High 1	10 %	0 %	6 %	3 %
Low 2	10 %	0 %	0 %	0 %
High 2	7 %	3 %	1.6 %	2.3 %
Low 3	7 %	1.3 %	0 %	.6 %
High 3	6 %	0 %	2.6 %	1.3 %
Low 4	6 %	1.2 %	0 %	.6 %
High 4	5 %	0 %	1.7 %	.9 %
Low 5	6 %	0 %	1 %	.5 %
High 5	6 %	1.2 %	2.4 %	1.8 %
Low 6	6 %	0 %	.8 %	.4 %
High 6	4 %	3 %	0 %	1.5 %
Average	7.3 %	1.8 %	2.4 %	2.1 %

In the first semester the Burkburnett Central School had 1.8% non-promotions as compared with 7.3% in the National Survey made by the George Peabody College of Nashville, Tenn. The first semester the Burkburnett Central School had 1.2% accelerated or double promoted. In the second semester the Burkburnett Central School had 2.4 percent accelerated.

The above comparisons will bring about another big question in the field of education. What is the attitude of the teachers in the above school system as to scholastic standards? We feel that the scholastic standards of our elementary school will meet those of the other elementary schools throughout the state and yet we feel that there is still another

Opposite Poles In Education Theory

Theory of Repression

Education is preparation for adult life, it ends when maturity is reached. It is primarily a reshaping, reformatory process for the child, who is looked upon as a bundle of original sin.

The aim of the curriculum is to prepare for future opportunities and responsibilities. The curriculum necessarily involves much that is distasteful and foreign to the child's immediate interests.

The method of teaching is of formal drills on set assignments logically arranged. Rigid discipline molds the child into adult conformity.

Training results from acquiring thorough memorization of the facts that make up the social heritage of the race.

Learning is a cold storage process by which the child stores up facts and skills for future use.

Through education the child is inculcated with accepted doctrines and imbued with the canonicity of established institutions and vested rights.

School equipment is simple—a room, a teacher of the drill—master type, a rod, and a book.

Child Activity in itself has no justification. Childhood is merely a period of intensive preparation for successful participation in adult life.

Too much education is feared. Education beyond ones station is to be deplored. Early entrance into industry and the early assumption of adult responsibilities should be encouraged.

Theory of Expression

Education is life; it continues throughout life. It is an unfolding process. Spontaneous self expression is the means employed; and unrepressed child nature is its own best guide.

The aim of the curriculum is to stimulate and encourage children to grow by providing for them, thru a rich and suggestive environment activities in which they joyously engage.

The method of training is following the inner urge of the child which results in spontaneous activity. Freedom and self-expression best development of talent.

Training results from meaningful activity growing out of the child's needs and interests.

Learning is the acquisition of facts and skill essential to the fulfillment of the child's immediate interests.

Through education the child is imbued a spirit of irreverence for blind tradition and critical towards things as they are.

School equipment is varied and attempts to duplicate life situations. The teacher is a sympathetic observer of childhood.

Childhood is its own justification. It should be a period of carefree self-expression untrammelled by the demands of adulthood with its unfulfilled anticipations.

The more education the better. Through education every child can be brought to a higher level or station in life. The period of youth and school attendance should be extended.

TO TEACH—
Is not alone to drill
And force to march up learning's hill
Upon their bowed and weary legs
A squad of little human pegs.

TO TEACH—
Is not alone to curb
Unruly youths who school disturb
And make reports and hand out grades
And deal with pupils as with shades.

TO TEACH—
Is to reach and find
The hidden laws of growing minds;
In boy to see the coming man,
Then shape him to a splendid plan—
This is to teach.
—C. A. S. Dwight, Ph. D.

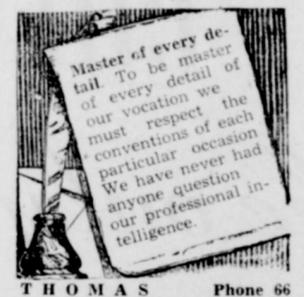

The Aim of Education Attendance - Failure

Books, says the Student.
Knowledge, says the Scholar.
Character, says the Preacher.
Truth, says the Philosopher.

Personality, says the Teacher.
Health, says the Physician.
Growth, says the Biologist.
Unfoldment, says the Psychologist.
Adjustment, says the Sociologist.
All these and more, says the True Educator.

The Bridge Builder

An old man, going a lone highway;
Came at the evening, cold and gray.
To a chasm vast and deep and wide.
The old man crossed in the twilight dim,
The sullen stream had no fears for him;
But he turned when safe 'on the other side
And built a bridge to span the tide.
"Old Man," said a fellow pilgrim enar,
"You are wasting your strength with building here.
Your journey will end with the ending day.
You never again will pass this way;
You've crossed the chasm deep and wide,
Why build you this bridge at eventide?"
"Good friend, in the path I've come," he said,
"There followeth after me today.
A youth whose feet must pass this way;
This chasm that has been naught to me;
To that fair-haired youth may a pit-fall be;
He, too, must cross in the twilight dim—
Good friend, I'm building this bridge for him."

The framers of the Constitution gave us the right to pursue happiness, but not at 75 miles an hour on a crowded highway.

New Garden Club Bluebonnet Club

Will Beautify Bogart Triangle On Highway

A group of ladies met at the home of Mrs. D. R. Peevey Friday night at 7:30, November 1st, and with the help of Mrs. Abbott of Wichita Falls organized a garden club to be known as the Bluebonnet Club. The purpose of the club is to help beautify the highways approaching Burkburnett, the parks and unsightly places in Burkburnett. The underlying purpose is to have Burkburnett beautiful for the coming centennial.

With Mrs. B. F. Gilchrist acting as chairman Mrs. Geo. E. Kerr was elected president. Mrs. Kerr then took over the meeting and the remaining officers were nominated and elected, namely: Mrs. F. A. Jamison, vice president; Mrs. B. F. Gilchrist, secretary; Mrs. Roy Alexander, treasurer; Mrs. F. R. Alexander, reporter. During a round table discussion many suggestions were offered of things to be done. The initial project decided upon was Mrs. Kerr's suggestion that a marker be placed outside the city limits so that motorists would know that this is Burkburnett, "The Gateway of Texas."

The membership was voted to be limited to 20 and the names for suggested new members were given to the secretary who will notify them. Each member is to have a bed of bluebonnets in her yard. The ladies voted to meet every second Tuesday of each month and the first official meeting will be November 12th at Mrs. Dr. Russells with Mrs. H. J. Exley and Mrs. F. A. Jamison for hostesses. Mrs. F. A. Jamison will be program chairman and Mrs. Russell will discuss Fall Bulbs; Mrs. H. J. Exley Spring Bulbs, Mrs. F. R. Alexander Roses and Mrs. D. R. Peevey Fall Shrubs.

Mrs. Peevey's home was so profusely decorated with flowers from the gardens of some of the members that when Mrs. Abbott arrived with a dozen lovely carnations a vacant space could not be found in which to place them; so they shared the center of the dining room table with a beautiful bowl of small zenias. Of unusual interest to the flower enthusiasts present was a spray of Bittersweet that graced the buffet. Mrs. Peevey explained, since it won't grow here, that a friend sent it from Ohio. Delicious refreshments were served the ladies by Mrs. Roy Alex-

The following students made one G. Coley, Horace Bowden, Doris Day, Verna Dudley, Billy Gammil, John Henry, R. H. Jr. Thomas, James Turner, Christine White, Merta Mae.

SIXTH GRADE HONOR ROLL

The following students made six G's. Davidson, Jo Nell. The following students made four G's. White, Pyron. The following students made three G's. Pinkston, Lela Mae. The following students made one G. Blum, E. L. Bundy, Mary Helen.

HIGH SCHOOL LIBRARY

On the twenty-three school days in the month of October seven-day books were circulated by the High school library. This was an average of 58 seven-day books checked out each school day. 85 overnight books were circulated during the same month.

ander, Mrs. Kerr and Mrs. Peevey hostesses.

The charter members: Mrs. Geo. Kerr, Mrs. D. R. Peevey, Mrs. Lillie Green, Mrs. Dr. Russell, Mrs. R. M. Gilchrist, Mrs. H. J. Exley, Mrs. Roy Alexander, Mrs. F. A. Jamison, Mrs. B. F. Gilchrist, Mrs. O. C. Weills, Mrs. J. R. Chatham and Mrs. F. R. Alexander wish to extend their thanks to Mrs. Abbott for being so kind in helping them organize and for all the suggestions she offered on flower culture and they also wish to thank Miss Lorain for coming with Mrs. Abbott.

As the ladies left Mrs. Peevey insisted that each one take a beautiful carnation home with them.

PTA STUDY GROUP WILL MEET TUES.

The meeting of the PTA Study group that was scheduled to hold its monthly program last Tuesday afternoon was postponed to meet next Wednesday, November 13, according to Mrs. Alvin Hill chairman of the section. The meeting was set up to prevent conflict with the flower show in Wichita Falls. The meeting will study the subject "Music as a Character Builder," under the direction of Mrs. M. E. Lewallen at the Central Ward school auditorium.

What would Happen to You if You Had a BLOW-OUT?

PLAY SAFE—GET GOLDEN PLY BLOW-OUT PROTECTION

Built into every Silvertown is the Life-Saver Golden Ply—a remarkable new invention that resists the heat generated inside the tire by today's high speeds and thus keeps high-speed blow-outs from getting a start. Yet Silvertowns cost no more than other standard tires. See us today. Keep danger a stranger.

HEAT CAUSES BLOW-OUTS—THIS LIFE-SAVER GOLDEN PLY RESISTS HEAT—PREVENTS THESE BLOW-OUTS

REMEMBER IT COSTS NO MORE TO PLAY SAFE

GOODRICH GLASS CLEANER

Easy... Quick! Removes all dirt, insect stains and road grime from windshields and car windows. Ideal, too, for many home uses on house windows, mirrors, tiles, etc. Will not mar paint or varnish. Just spray it on—wipe it off. Get a can today. 79 12 oz. bottle with spray. Price subject to change without notice.

Goodrich Safety Silvertowns

Barrow-Grace Chevrolet Co. Burkburnett, Texas

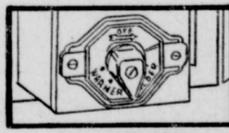

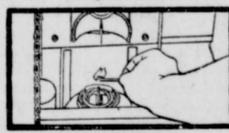

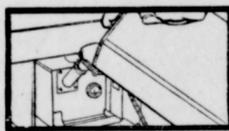

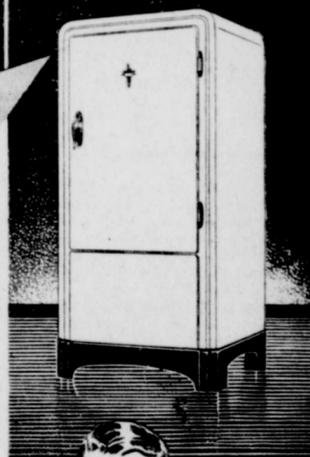

ZERO IN THE JUNGLE

As they are now nearing the end of a journey that has taken them half way around the world, Mr. and Mrs. Martin Johnson will soon arrive in the interior of Borneo ready to begin their two-year expedition making sound pictures of wild animal life in the jungles along the shores of the Kinabatangan, the largest river in North Borneo. The noted motion picture explorers are shown here aboard the "Kota Pinang," a Dutch freighter, just before it sailed from New York bound for Singapore. At the right of Mr. and Mrs. Johnson is Captain Hendrik J. J. Radstake, the skipper of the freighter. The little animal in the picture is "Wah," the pet gibbon of Mrs. Johnson. "Wah" is sitting on top of the crates containing two kerosene-operated Electrolux refrigerators which the Johnsons took with them to Borneo. One of these refrigerators will be used by Mrs. Johnson to make life more comfortable in the jungle, and the other will be utilized by Mr. Johnson to keep his photographic developing chemicals at even, cool temperature.

Now! ANY HOME - ANYWHERE can have MODERN CITY REFRIGERATION

ELECTROLUX operates on KEROSENE

"ONE FIVE GALLON FILLING RUNS OUR ELECTROLUX FOR A WEEK"

Saves On Repairs, Too!

HERE'S great news for every rural home! The finest of modern refrigerators—Electrolux—now operates on kerosene. It brings to the country the same perfect refrigeration, the same unfailing supply of ice cubes, that has made Electrolux the favorite for more than 500,000 modern city homes and apartments.

In addition to its other vital advantages, Electrolux's freedom from moving parts means a real saving to you. For parts that move will wear. Electrolux has none to need repair! And no moving parts, either, to cause noise or become noisy!

Costs Little To Run!

And remember: it brings you, as well, the famous Electrolux economy! Owners report their Electrolux running for as little as 3 1/2¢ a day. Think of it!

Picture this beautiful refrigerator in your home. American women themselves created its smart design. It will make any kitchen a happier place to work in. More important, it will give your food fullest protection, freeze ice cubes and delicious desserts for you, and help you make crisp salads... for only a few cents a day!

Simpler... No Moving Parts!

The reason for the amazing economy of Electrolux is its utter simplicity. Like all Electrolux refrigerators, the kerosene model has no moving parts! The heat from a wickless glow-type burner circulates the simple refrigerant, which is cooled by ordinary air. Electrolux uses no water! Requires no daily attention.

BOYD BROS. CASH EXCHANGE
BOYD BROS., West Main BOYD BROS., Thrift, Texas

ally, would be in no condition to undergo such strains as this daily and this successful person who is the object everywhere of admiring eyes keeps and has kept since childhood his body in good physical condition. A considerable amount of his time is spent on the golf course, or horse back riding or else he is making some other athletic achievement.

To aid in this development, which is so important to a successful life, our school conducts a physical education department. This department of boys and girls, which is found busy each period of the day, the students alternating from period to period began their classes with a few exercises to right certain wrongs of the body, the remainder of the hour is usually spent at some kind of athletic activity.

Each week the boys receive a lecture from Mr. Robinson while the girls are lectured to by Miss McClure on topics of health in everyday life. After their one hour period is spent each day the pupils feel more spirited to face their school work. Since the class has been made compulsory by the state department our school work has improved an almost unbelievable amount. At last the schools are placing Physical Education as one factor in school life and mental courses another factor. A combination of both of them develops a better coordination in the two.

JUNIORS ATTEND PARTY

About thirty Juniors were at the Junior-Senior Halloween Party last Thursday night. The gymnasium, where the party was held was beautifully decorated in orange and black. Several appropriate games were played after the Scavenger hunt was over. (Looney Hughes denounces the Hunt because they ran off and left him.)

After the games were played the refreshments were served which consisted of sandwiches (Looney got his share) punch, cookies and favors. The party was enjoyed very much by the entire group of Juniors. They only hope that they give a banquet half as good.

VOLLEY BALL

November 1 the volley ball squad was cut. The members now are: Mary Lafon Alexander, Della Ashman, Doris Bowden, Majorie Bowden, Mary Lou Clements, Irene Evans, Posa Mae Gabbie, Marcella Foster, Juanita Gutherie, Mildred Milford, Norma Jean Pace, Juanita Shuffler, Bonnie Dell Smith, Dorothy Suggs and Ruth Stowe. In a short time a business manager and a captain will be elected. The squad has improved since last year. They plan to enter an invitation tournament at Iowa Park in December and bring home the bacon.

The squad played Fairview Thursday night. The players were Della Ashman, Mildred Milford, Ruth Stowe, Marjorie Bowden, Juanita Gutherie, and Irene Evans. The score was: First game—Fairview 15 and Burkburnett 12; Second game—Fairview 15 and Burkburnett 9.

SEVENTH GRADE HONOR ROLL

1st Six Weeks
The following students made four G's. Browning, Mary Margaret. The following student made three G's. Walling, James. The following students made two G's. Andrus, Lois. Andrus, Virginia. Davis, Troy. Kennette, Bernice. Lee, John Reagan. Ogilvy, Hubert.

ARMISTICE DAY

SALUTE to those who have died! . . .

There has been left some record of your valor . . . some remembrance of the deeds that marked your defense of an ideal. But above all else, the increased interest in the ideal itself, the growing acceptance of a hope for eternal peace, the worthwhile advances that are being made in that direction, mark the greatest memorial to your efforts.

TEACHERS ORGANIZE CLUB

The teachers of the Fairview faculty have organized a club known as the Fairview Faculty Frivolity Club. This club is to function once a month, two teachers furnishing the amusement each time.

The Miss Lois and Pattie Thompson entertained with a Wimpy party in September, and the entertainers for this month are Mr. and Mrs. Y. C. Paschall.

Keeping Up With the Fairview Exes

Twelve graduates from Fairview in 1933. Some of the graduates have married, some are going to college, and others are working.

Waid Bogy is working in Boyd's store at Thrift, Texas. Waid helps sell "beans and taters" and takes the blame for the displeased customers.

Clella Brown works in homes at Thrift. Clella is keeping in practice for housekeeping so she will know how, when the lucky man comes along.

Maxine Bunstine went to Wichita Falls Business College two years, then the question was popped, and Maxine is Mrs. Raymond Holland, living in Burkburnett, Texas.

Maxine Buzbee is the pert little housewife of Jack Jones, living in Wink, Texas. Everyone knew Maxine would be a good housewife and she is proving it by canning food.

Archie Faulk helps "hold down" the Wilhoit Filling Station. Archie specializes in giving customers water for gas.

Nellie Gibson is now the proud wife of Dewey Reagan. They live in the Indian town of Quanah.

Seaborn Hearell went to Foster's business college at Wichita Falls, Texas, for two years. When his parents moved to Gladewater, Seaborn as the dutiful son should, went with them.

Malcom Moore went to Howard Payne College at Brownwood for one term. Now Holcomb is in Burkburnett, Texas, working on a pipe line. Malcom likes to keep healthy and strong.

Y. C. Paschall Jr. spent two years going to Wichita Falls Junior College. Now he is in Lubbock, Texas, going to Texas Tech. Y. C. has his father's ability to be a "big" professor some day.

Verl Underwood took a course in aviation in Dallas, Texas, but the highways of the sky became too rough, so he settled down on a little farm in Indiana.

Last and least of the class is Geo. Hodges. George works for the Tucker Oil Company at Thrift and helps to furnish cars for his brother to go see his girl friends.

FAIRVIEW P.-T. A. RADIO PROGRAM

Friday morning, Oct. 25, at eleven o'clock, the Fairview Parent-Teacher Association broadcast its annual radio program.

Mrs. L. O. Hayes was the Radio program chairman. She announced the following program:

- Surprise, Gene Doneho.
- Our party, George Ann Spencer.
- Jennie's Call, Jo Ella Morgan, Patricia Ann Browning.
- Poor Jab, James Rice McDonald.
- Dolly Has the Flu, Katie Fink, Leo Winkles.
- Lu Lu's Back in Town, Jo Ella Morgan.
- Mexican National Hymn and O Sole Mio, Spanish Club.
- Santa Lucia, Neapolitan Boat Song, Girls Choral Club.
- Plans for PTA Year, Mrs. D. D. Brown.
- Our School, Mr. Erwin Brand.
- Rain, Illene Hayes.

FAIRVIEW STUDY GROUP

Thursday morning, October 24th, the study group met with Mrs. Miller in the office.

Mrs. Jimmie Boyd discussed "The Adolescent." She treated two points, first: have faith in your children; second, give a place for entertainment.

Mrs. L. O. Hayes gave a short talk on "Why Parents Should Visit the School and What They Should See." Report cards and cooperation with the teachers were mentioned as being important factors for the parent to observe.

After the talks, those present held a round table talk on why we should have Fathers Present at PTA meetings. It was decided that father should be present at PTA so father would understand and cooperate with mother in the problems of school and mother.

SENIOR NEWS

The Seniors were treated with a Hallowe'en party by Bennie Frances Spencer at the Magnolia Club house in Stringtown, Friday night, Nov. 1. Mr. and Mrs. Y. C. Paschall, Mr. and Mrs. J. W. Zink, and Mr. and Mrs. Northcott were honorary guests. After a spelling bee which caused much excitement, everyone took part in a scavenger hunt. This

was very exciting even to pulling out Miss Armstrong's red hair. After returning from the scavenger hunt refreshments were served to the following: Mr. and Mrs. Paschall, Mr. and Mrs. Zink, Mrs. Northcott, Elebert and Albert Zink, Zella Graham, Odessa Grizzle, Mr. and Mrs. Eldon Thompson, K. Miles, Anna Drennan, H. B. Northcott, Maxine and Marvadne Vines, Ruth Miller, Lavern Beavers, James Sullivan, Winfred Mills, Fuzz Watson, and the hostess, Bennie Spencer.

JUNIOR CLASS NEWS

The Junior class took honors at the Hallowe'en Carnival for making more money than any other class in school. The Juniors sponsored a cake walk in the auditorium on the stage. Eleven cakes and three pies were sold. Ten dollars and thirty cents was the amount taken in by their booth. All the Juniors wish to thank everyone who helped them by attending their booth and "walking on the cakes." The class appreciates the wonderful cooperation shown them.

FRESHMAN CLASS NEWS

The Freshman class made five dollars off their booth at the Hallowe'en Carnival. Over a hundred people enjoyed taking a trip through Hades. It was made up of shaking hands with the dead man, feeling his brains, drinking his blood and walking on his skeleton. At the end of the trip every one got the shock of his life.

The Freshman class had a meeting Monday, November 4, and discussed when they would go to the show. They decided to go see "Steamboat Around the Bend." After the business was finished, Miss Thompson, the class sponsor, showed the class her scrapbook of pictures she collected on her trip through the East and in Canada.

Keeping Up With the Exes of Fairview

The Exes of '32 had an unusual class, five girls and one boy. Nevertheless, the boy, Herman Miller, was hown a good time by the girls and he graduated escaping injuries.

Herman Miller went one term to Wichita Falls Junior College. Now Herman is home working and keeping his Dad's V-8 in "running order."

Tullie Northcott took beauty course and worked for two years. Then she decided she had rather be a housewife than a beautician. She became the bride of R. T. Birchfield of Electra, Texas, where they are making their home.

Nono Oden decided she had gone to school long enough without going to college. After her graduation she worked in homes around Thrift, then moved to Electra, Texas. They say "marriage is just around the corner for Nona."

Ruby Owens went one year to North Texas State Teacher's College at Denton, Texas. Ruby then wanted to be a beauty operator, so she took her course at Wichita Falls Beauty School. She has a shop at Thrift, Texas and is a living example of a "Local girl makes good."

Quida Peterson is married and living in South Texas. Who the lucky man is, no one knows.

Last, Helen Williamson is another beautician. She worked in different shops in Burkburnett, but Helen likes to be a housewife and beautician also. Helen married Virgil Hughes and they live in Electra. She has a beauty shop in her home.

OUR TEACHERS

Mr. and Mrs. R. D. Watkins visited with their parents in Denton, Texas. Mr. Watkins attended S. M. U. Texas game in Dallas too.

The Misses Lois and Pattie Thompson visited their father and brothers in Vernon.

Mr. Charles L. Jones visited Robt. Howell in Denton.

Miss Ruth Keller visited Mary Glenn Friday in Denton.

Mr. Erwin Brand and his mother and Miss Toby Baird went to Dallas Sunday.

FAIRVIEW PTA CARNIVAL

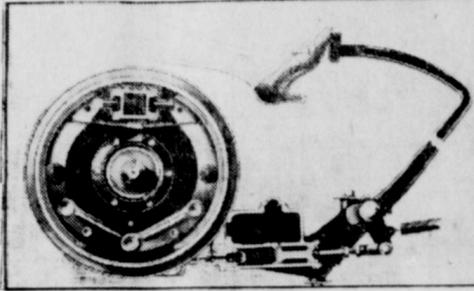

Thursday night, Oct. 31, Hallowe'en night, the Fairview PTA sponsored a Hallowe'en Carnival.

Costumes, noise, cats, booths, ball games and all the carnival was a great success.

The PTA sponsored the carnival to make enough money to pay for the velvet curtain they bought last year for the auditorium. The last payment was to be ninety-three dollars and the Carnival realized ninety one dollars and twelve cents—so thanks to the hearty cooperation of the people of the Fairview community and the teachers, the curtain is paid for.

The PTA wishes to take this opportunity to thank the public in general for their cooperation.

1936 Master De Luxe and Standard Chevrolets are Replete with New Features

New Master De Luxe and Standard Chevrolets for 1936 show marked advances in appearance and in engineering. Perfected hydraulic brakes, high-compression engines with full-length water jackets, and balanced carburetion grille, used on all models; lower left, the simple arrangement of Chevrolet body is now used on the Standard as well as the Master De Luxe models.

Either Knee-Action or conventional springing may be had in the Master De Luxe. The illustrations show: Top left, the Master De Luxe sedan, with built-in trunk; top right, the re-styled, deeply modified grille, used on all models; lower left, the simple arrangement of Chevrolet perfected hydraulic brakes, all models; and, lower right, a Standard

National Education Program Arranged

The fifteenth annual American Education Week will be observed November 11-17, 1935. Sponsored by the National Education Association, the United States Office of Education, and the American Legion, this annual celebration is now one of the most widely observed special occasions in the United States. Forty governors issued American Education week proclamations last year, calling upon citizens to visit the schools and take part in American Education Week exercises. Every one of these proclamations is a tribute to the economic and social value of education. Taken as a whole, they constitute the most significant official expression ever made of the school's obligation to advance the high purpose of the state.

American Education Week is becoming more powerful each year in uniting the public in the improvement of the schools. Six million adult citizens in approximately 4000 communities took part in the observance of American Education Week last year. The number of participants will double and treble as the members of the teaching profession increasingly employ this opportunity to exercise the community leadership which is their privilege and duty. Ten million adult citizens in the schools is the goal for 1935—a conservative enough figure; for last year in New York City alone more than half a million parents and other citizens visited the schools during the seven-day observance.

The program for week includes: Monday, November 11, the school and the citizens; Tuesday, Nov. 12, the school and the state; Wed., Nov.

13, the school and the nation; Thurs., Nov. 14, the school and social change; Friday, Nov. 15, the school and the country life; Sat., Nov. 16, the school and recreation; and Sunday, Nov. 17, the school and the good life.

Church of Christ Young People Social At Prescott Park

The first social of the season for the Young Peoples class of the Church of Christ was held at Prescott Park Monday evening, Nov. 4, in the form of a weiner roast.

Games were played before and after the weiner roast, but the high spot of the evening, which furnished everyone plenty of excitement, was the football game played just before we returned home. Boys vs. Girls with all sorts of comical, spontaneous plays. The score was tied 6-6. Some game, no?

Everyone seemed to enjoy the social to the fullest extent and left much better acquainted than heretofore.

Those present were Misses Mildred Beaver, Jessie Mae Brady, Billie Fay and Francis Dudley, Elizabeth and Wilma Fuks, Juanita and Ola Guthrie, Angeles Jacobs, Edith Mae Johnson, Gracie Bell Jones, Cordie McPhearson, Ladine McNeill, Lucille Montgomery, Dorothy Moore, Ellis Mae Oualline, Ruby Parkson, Clodella Posey, Dollie Mae Reed and Georgia Spillers.

Frances, Raymond and Reginald Beaver, Mack Currey, Othel and Quinton Howard, Buster Clark and Ross Jacobs, Stanford McPhearson, Woodrow Montgomery, Grover Posey, Leroy Reed, Palmer Shores, Wayne Whitney, Carl Pommerening, sponsor, and Mr. and Mrs. Joe Matthews.

Bring Your Car Troubles To Us—We will thoroughly check and locate the trouble regardless of what it may be. Ignition, Battery, Starter or Generator and motor troubles. Repaired prices reasonable, Workmanship guaranteed.

Grandfield Legion Presents Play Thurs.

The Grandfield American Legion will present the very popular "Crashing Through" at the High school auditorium in Grandfield Thursday night, Nov. 7. The play is representative of the National Production Company, Miss Maxine Clayton of Kansas City, and it promises to be well produced and interesting play.

The Grandfield post cooperated with the Burk post in several recent projects and they are inviting the

cooperation of this city to assisting the post in their entertainments.

The incident in the play is being produced by Faye Minick formerly of Missouri Valley, Iowa, who enrolled in the school City this summer. The play opens at 8 o'clock.

Born to Mr. and Mrs. W. H. Taylor at the Burkburnett a daughter, Joy Alene, was carried to South of town in an ambulance.

Mrs. Muhlinghouse Is Honored By Shower At Thrift, Texas

Mrs. W. R. Stimpson was the hostess at a party and wedding shower at her home in Thrift, in honor of Mrs. C. R. Muhlinghouse, formerly Miss Mary Gatewood of Thrift, Texas. The house was pleasantly decorated in the Hallowe'en motif, and the evening was spent in playing games. Attractive prizes were awarded to Mesdames John Morgan, and O. D. Gatewood. After an intensive search by the honoree, a basket of gifts were found and presented to her.

Refreshments were served to Mesdames Della Lamb, F. G. Holmberg, of Wichita Falls; Estella Holefing of Wichita Falls; Raymond Jordan, R. L. Gatewood, O. D. Gatewood, John Morgan, John Stary, D. Muhlinghouse, Joe Mills, P. T. Watson, hostess Mrs. W. P. Stimpson and the honoree. Those sending gifts were: Mesdames C. J. Bohner, Laura Justice, Homer Dunn, and Ellis Gatewood.

Bulldogs Win First Conference Game At Throckmorton

To Tackle Cubs At Olney This Week In Annual Game

(G. L. Shafer)

After winning their first conference game at Throckmorton last week, the Bulldogs will journey to Olney this week to tackle the Olney Cubs in the Cub stadium Friday night. The annual battle between the two teams is one of the classics of the class B warfare of this section, and on meeting each year the teams produce a game that draws the banner crowd of the year.

Two highly offensive types of teams met last Friday night when the Bulldogs clashed with the Throckmorton Greyhounds in one of the most thrilling and fastest games of the season. The Bulldogs came out victorious for the first time in conference play by eking out the 19-18 victory over the Greyhounds.

The winning point was provided by Clifton, fullback, when he plunged over the center for the extra point following a touchdown in the second quarter. The Greyhounds displayed a magnificent passing attack, and scored early in the first quarter after they had covered a punt on the Burk 32 yard line. Three plays later Daws heaved a pass to Blacksher for the touchdown.

The Bulldogs drove them from their own 30 yard line in a brilliant drive featuring a 30 yard run by McKown. McKown took the ball over from the one yard line. Throckmorton pulled the ancient and wheezy hide out for their next threat. Gaining to the Burk 25 yard line on the pass and Evans carried the ball over early in the second quarter. Rose blocked Evans kick for extra point.

The Bulldogs scored soon afterwards. An exchange of punts left the ball in Burk possession on the Greyhound 25 yard line. McKown made 17 around right and then carried the ball over by racing around left for the rest of the distance, on the next play, Clifton plunged over for the extra point that became the margin of winning.

The hounds last counter came in the fourth quarter after both teams exchanged punts in the third period. The Bulldog fumbled on their own 40 yard line. A Pass Massey to Blacksher carried the ball over for the touchdown. The point was no good.

The statistics show that the two teams were evenly matched and fought a hard battle. McKown runs were the feature of the game. The blocking of both teams was good. Rose's usual brilliant work was not up to par in this game. The outstanding stars for the two teams were: McKown, Finch, and Majors for the Bulldogs, and Evans, Blacksher and Kelly for the Greyhounds.

When the Bulldogs meet face to face with the Olney Cubs next Friday night, they will be matching wits with the strongest team in the district. Olney's best man and a terror to Burk is Kelly, Cub quarter back, who has been selected all district for two years. Kelly will be aided by Captain Williams, playing center and handling punting and kick-off assignments.

Adding Machine Paper--Star Office

Constipation

If constipation causes you Gas, Indigestion, Headaches, Bad Sleep, Pimples, Skin, Get quick relief with ADLERIKA. Thorough in action yet entirely gentle and safe.

While they last SPECIAL 10c Trial Sizes on sale at Corner Drug Store.

Church of Christ Young People

In the Church of Christ Young People's class Sunday evening, Nov. 3, the program was carried out in excellent order with songs, prayer and the talks as named in last week's report.

All the talks were enlightening concerning sacrifices of the Old Testament days. Only one speaker was absent, Lavern Beaver, but Bro. Pommerening gave us a nice explanation of her subject. He also supervised a study of the Tabernacle and the nature of the offerings there-in for us.

For next Sunday evening's class the general topic for discussion is the "Sacred Calendar of the Jews". President Beaver issued seven parts that will be interesting and beneficial to all who wish to meet with us in the Church of Christ building at 6 p. m.

Thirty-seven were present in our class last Sunday evening. The date for the first social was set. The social is to be a weiner roast at Prescott Park, Monday night, Nov. 4.

I'M SOLD

It always works

Just do what hospitals do, and the doctors insist on. Use a liquid laxative, and you can bring yourself to clocklike regularity without strain or ill effect.

A liquid can always be taken in gradually reduced doses. Reduced dosage is the secret of any real relief from constipation.

Ask a doctor about this. Ask your druggist how very popular Dr. Caldwell's Syrup Pepsin has become. It gives the right kind of help, and right amount of help. Taking a little less each time, gives the bowels a chance to act of their own accord, until they are moving regularly and thoroughly without any help at all.

Dr. Caldwell's Syrup Pepsin contains senna and cascara—both natural laxatives that form no habit. The action is gentle, but sure. It will relieve any sluggishness or bilious condition due to constipation without upset.

Katie Mae Taylor Is Elected To Gammas

BELTON, Oct. 31. (Special to Star.)—Miss Katie Mae Taylor, of Burk Burnett, who is a freshman at Mary Hardin-Baylor was recently honored with membership in Gamma one of the three freshman societies at the college.

She was initiated Monday night following a mock initiation on Saturday.

Freshman societies foster a literary and cultural interest among

first-year students at Mary Hardin-Baylor, helping them to form some of the warmest friendships of college life while introducing them to worthwhile interests. They meet weekly, emphasizing both social and cultural progress.

MEMORY OF EVELYN GENTRY

"God wanted her here where His little ones meet"
"O, what do you think the Angels say?"
Said the little children up in Heaven.
"There's a dear little girl coming today,
She's almost ready to fly away
From the earth we used to live in.
Let's go and open the gates of joy
Open them wide for this dear little girl."
Said the children up in Heaven.

"For on earth do you hear them weep?"
Said the children up in Heaven.
For the dear little girl has gone to sleep
The shadows fall and the night clouds sweep
O'er the earth we used to live in
But we'll go and open the gates of joy,
O, why do they weep for this little girl?
Said the children up in Heaven.

"God wanted her here where His little ones meet."
Said the children up in Heaven.
She will play with us in the golden streets:
She has grown too fair, she has grown too sweet,
For the earth we used to live in
He needed the sunshine, this dear little girl,
That gilds this side of the gates of joy."
Said the children up in Heaven.

"Fly with us quickly, O, Angels dear!"
Said the children up in Heaven.
See! She is coming! Look there!
At the jasper light on her sunny hair,
Where the veiling clouds are riven.
O, Hush! Hush! Hush! The swift wings fur!
For the King, Himself at the gates of joy
Is taking her hand, dear tired little girl
And leading her into Heaven."

—A Friend.

Huge Throngs Endorse New 1936 Chevrolet

On Saturday, November 2nd, Chevrolet Motor Company announced to the public their new 1936 model cars and trucks. Commenting on the new Product and the manner in which the public has accepted the new Chevrolets, Mr. H. C. Howard, zone manager, Dallas, said "In the Dallas Zone territory, which comprises practically one-half of Texas, every Chevrolet dealership was literally crowded to over capacity on announcement day." He continued "The huge throngs of prospective buyers immediately endorsed the 1936 Chevrolet, which is significant by the number of new cars sold on Announcement Day. Many dealers in the Dallas Zone made immediate delivery last Saturday on from ten to twenty-five cars to customers. Dealers everywhere are making immediate delivery—this fact—combined with the unusually low prices of the new Chevrolets, has enabled Chevrolet Dealers and salesmen to secure more advance orders than even in the boom year of 1929."

Mr. Howard also stated that many people have commented to him on the exclusive safety features of the 1936 Chevrolet. Such as solid steel turret top bodies, new perfected hydraulic brakes, shock proof steering, and the safety of Chevrolet's "knee-action" ride are to be found in the low price field only in the 1936 Chevrolet Models.

Chevrolet Motor Company has spent millions of dollars in enlarging plant facilities for the 1936 production in order that dealers everywhere can make immediate delivery of the new model. The additional manufacturing facilities expanded by Chevrolet has provided employment for thousands of craftsmen and factory workers. Mr. Howard stated further that the year 1936 appears to be the best year in the history of the Chevrolet Company and their dealers.

Mrs. Kent Given Surprise Birthday Party Friday

Mrs. R. W. Kent was surprised Friday night when a group of friends invaded her home to wish her a happy birthday, with Miss Louise Kent as hostess of the party. The friends met at the home of Mrs. John Brookman and went to the honoree home in a group. Miss Louise Kent was assisted by Mesdames Walter Morris and John Brookman and Miss Christine Millikin.

The group were entertained with games, contests and informal music, and those present were: Mesdames Sam Davis, Ralph Brookshire, W. L. Walker, Artie Whitesides, Edna Marshall, A. H. Lohofener, Beulah Jackson, Dot Busby, Roy Matthews, H. A. Goodwin, R. D. Laney, Walter Morris, John Brookman, and Miss Crystall Waddell, Christine Millikin, Louise Kent and the honoree, and Mrs. Miles B. Hays.

Those sending gifts were: Mesdames Mae Brumme, J. C. Adams, Henry Grace, Wadell, Roy Magers, C. B. Beldon, Joe Majors, D. R. Peevey, W. A. Roberts, James Johnson, and Miss Natilie McClure.

Miss Peggy Gideon attended the flower festival at Wichita Falls as the duchess of Burkburnett Tuesday and Wednesday, James Guest was the escort of the duchess in the formal court at the flower show.

Took Almost A Year To Finish 1936 "Melody"

Six months of extensive preparation, including weeks of dance rehearsals, lengthy research for magic sets, designing of dresses and gowns by Adrain, a complete Broadway dress rehearsal for the penthouse number and four months of filming was necessary at the Metro-Goldwyn-Mayer studios for their most ambitious musical "Broadway Melody of 1936", which comes Tuesday and Wednesday to the Palace Theatre.

The modernized Manhattan penthouse, the setting for one of the five elaborate dance ensembles is the largest ever built at that studio for a single musical sequence.

Controlled By Springs
The furniture for the scene was controlled by springs and operates by a board similar in many respects to a piano. A slight touch on one of the keys caused a grand piano to rise to the level of the floor within five seconds. Other keys brought the same results with tables, chairs, fountains and lounges. By reversing the pressure of the keys the floor could be bored in a flash.

C. P. Dodson District Governor Speaks To Lions Here Tuesday

Large Group of Out of Town Visitors Attend Important Function in Burkburnett

PROGRAM INTERESTING

C. P. Dodson, president of the district 2-E of the Lions International spoke at the meeting of Group 29 in the inter-city banquet in Burkburnett Tuesday night. Almost 200 persons, representing the entire group heard the speaker urge the members to continue in community service in order to justify the loyalty to the organization by the membership.

The speaker presented an interesting and humorous talk. He praised this group as the only one that had kept up a full program during the depression years. He also praised the work of Mr. J. G. Hardin in providing the endorsement and social funds for schools and institutions of the state.

The program was directed by Johnnie Anderson, group chairman of group 29. The invocation was spoken by J. C. Cook and the welcoming address by John Rigby. The response was made by K. C. Spell of Wichita Falls.

The visiting presidents were introduced. The program included: quartet of Cecil Metzler, Bob Wolf, J. S. Minton, and Clark Young of Wichita Falls, accompanied by Mrs. Bob Wolf; reading by Miss Beatrice Snell of Iowa Park; solo by Miss R. N. Rogers of Electra accompanied by Miss Rea; musical by Roy Norsworthy and Miss Beatrice Fowler, of Vernon on accordion and guitar; solo, J. S. Minton of Wichita Falls; a quartet by G. W. Humphries, Mary Reed, Bill Bannister, and J. D. Roberts of Nocona. Johnnie Anderson sang "The Last Round Up" by special request from the audience.

Mrs. Dona Dean was carried from the hospital to her home South of town on the Magnolia lease Tuesday in a Thomas ambulance.

MOTHER OF MRS. WALLACE DIES

Mrs. L. A. Jones, 66, mother of Mrs. Raymond Wallace, died Wednesday morning at 3 o'clock at her daughter's home.

Funeral services will be held from the Humphrey Funeral Home in McAllister, Okla., today at 2:30 o'clock. Interment in the Masonic cemetery at McAllister.

Besides Mrs. Wallace, Mrs. Jones is survived by two other daughters, Mrs. H. S. Kernell of McAllister, and Mrs. C. C. Farris, of Houston, and four grandchildren.

The body was taken overland to McAllister Wednesday in an Owens-Brumley ambulance.

Children's Poetry Contest Sponsored By Station KTAT

Radio Station KTAT of Fort Worth, Texas is sponsoring a children's poetry contest for groups from 3 years to high school age. The children of this area have been asked through Mrs. J. M. Thomas, to submit the verse that they have written to Frances Coffin Boaz of that station. The poetess is attempting to complete an anthology of children poetry and prizes will be given for the best three in this area. Many of the selections will be heard over the poetry hour over KTAT. The verses should also be accompanied by age, name and address of the author.

Miss Opal Gibson of Thrift returned from a Wichita hospital Wednesday in an Owen-Brumley ambulance.

Mrs. Walter Bradley was taken from her mothers home, Mrs. M. A. Bell on Harwell street, to a Wichita Falls hospital Sunday by Thomas ambulance.

Mr. Dunaway was carried from Wichita hospital to his home on East College street in Thomas ambulance Monday.
