NUMBER 14.

WORK ON PWA PAVING PROJECT HERE STARTED WEDNESDAY MORNING

Burglars Raid Manhattan Store Sunday And Secure \$1200

Manhattan Entered During Burglary By Safe Crackers

DETECTIVES INVESTIGATE

Entered the Manhattan store Sunday morning and broke into the steel box of the safe, securing \$1,200.00 in the county jail. The burglary was one of the many hauls in Wichita during the past few months. Both the store manager and the burglar were arrested from making details of the robbery. The store manager issued a full statement in the week.

The burglars were known to have been back window of the store, clipping the bars from the window with large steel cutters, and entering the store through the glass of the window. The burglars secured the knobs from the store.

The burglar was not secured the sum. The burglar was not secured the sum.

Bulldogs Appear In Last Game of '35 Season Here Friday

Cellar Championship Involved In Last Game With Iowa Park Hawks

EAGLES GET REVENGE

(By G. L. Shafer)

Playing in the last game of the season, and the game to determine cellar championship of Class B district 9, the Bulldogs will meet the Iowa Park Hawks here Friday. The Bulldogs are smarting under the 43 to 0 defeat handed them by the Thunder Birds of Chillicothe last Friday.

The Hawks entered the conference last year for the first time in several seasons, and their first game was a 54 to 0 defeat at the hands of the Bulldogs. This year the Hawks haven't managed a single conference win, while the Bulldogs have a win over Throckmorton at their credit.

The two teams are fairly well matched in weight, the Hawks averaging 151 pounds, and the Dogs about 145.

Senior Questionmark

It is being rumored around the school that Coach Hill will play the seniors that he announced would be withdrawn from active competition last week after the Eagle game, in order to give the five members another chance at a

Red Cross Drive Starts In Burk Monday, Nov. 18

Committees Soliciting Membership To National Organization For Quota

BUTLER WESTERFIELD CHAIRMAN

The Red Cross drive that started last week was well under way Monday, November 18, when the committees that had been appointed by Butler Westerfield continued the drive for membership to the national organization. The quota for Burkburnett has been set at \$200, or 200 members, and the committee is expecting to go over the top this year. The same quota last year was set and the city added \$233.00 to the national fund.

The schools in the area of Burkburnett have started the fund with contributions for the small insignias. Each child in most of the rooms have brought a dime for the emblem and the schools are attempting to make a record of 100 per cent.

The schools in the area that are working are Cashion, Clara, Fairview, Devol and Burkburnett.

The new policy of employing a county nurse for supervision of the conditions in the entire county has been announced by the headquarters of the organization. The unit will employ and provide the expenses of the new nurse.

The men who are working with the committee are: H. D. South, N. R. Vaught, A. B. Sandler, L. M. Chrestman, Joe Majors, Leonard Mattingly, H. S. Grace, Roy Magers, Wylie Browning, H. R. Hayes, Bern Alexander, Johnnie Anderson, Andrew Brazell and Frank Kelly.

Turkey Crop In Burk Exceeds Expectations

The number of turkeys bought by the produce houses in Burkburnett has already passed the number they expected to buy, and far exceeds the number bought by producers in surrounding towns.

Burkburnett's market was cut short when pickers for the Wichita houses could not be obtained. Dudley Feed & Produce stated that they had bought 2,507 birds and had paid to the farmers of this trade territory the sum of \$7,649.48.

Mr. Dudley states that he is making up a carload of hens to be shipped and that he will pay the highest market price for your hens.

Firemen Are Deputized By City To Enforce The Fireworks Law

Firemen are deputized this year to enforce City Ordinance No. 151, preventing shooting of fireworks within the fire limits, according to R. J. Kelly, chief of the fire department. This ordinance has not been carried out to the letter each year, and serious damages have resulted, explained the chief.

A number of merchants contacted have promised co-operation with the safety project in that they have agreed to explain the precautionary measure to purchasers of fireworks. Placards placed in windows of business houses will ask for co-operation from children and parents.

Fire limits are designated as that territory between second and fourth streets and Avenue E and Holly street. The protective measure is being enforced not to destroy any of the children's good times at the holiday season, but to assure prevention of fire loss, pointed out Chief Kelly.

City commissioners deputized firemen to act as guardsmen during the enforcement period, according to R. P. Reagan, City Manager, and will back up the ruling with the assistance of police.

Jack Hollis Given Three Years Theft Sentence Last Fri.

Short Trial Convicts Burk Boy In Case Ending In Accident

EDWARDS KILLED IN CRASH

Jack Hollis of Burkburnett was sentenced three years by the jury at Wichita County courthouse last Friday when he was placed on trial on the charge of theft of the auto of H. R. Hayes of Burkburnett. The car was stolen in Burkburnett on the night of September 15. In escaping the two young men crashed into a telephone pole at the junction of the new and old Wichita road.

Edwards was carried to the hospital for treatment and died as the result of a broken neck. Hollis carried to the hospital and charged with theft. The case was started Thursday and went to the jury the same afternoon. The report from the jury gave the Burk boy the three years.

The trial was conducted before Judge Earnest Robertson in the 89th district court. The prosecution was by Howard Martin, assistant district attorney, and the defense attorney was appointed by the judge presiding at the trial.

When the car that was stolen crashed into the electric pole it flipped end over end and crashed through the side of the Bogart grocery completely wrecking the building. The store later was examined and found to be moved several inches from its foundation. Two weeks later another car crashed into the same building, but with less fatal results.

Oil Field Classes To Start Next Mon. Night High School

41 Men Register For The First Classes at School Last Wed. Night.

Superintendent Butler Westerfield announced Thursday morning that the oil field workers school Monday night at 7 o'clock. James R. D. Eddy, of the state department of vocational education, was present to organize the school Wednesday night when 41 men registered for the classes that were chosen.

The classes or courses that were chosen included two oil field math courses, oil field science, and care and operation of internal combustion engines. Other courses will be added as they are demanded.

As many as wish may register as late as next Monday night for

(See Oil Field Classes—Page 5)

Three Injured In Auto Crash Sunday Morning Near Burk

Auto wrecks continued to take their toll in injury near Burkburnett Sunday morning, when a car crashed into the Alexander car four miles south of Randlett on the main highway and injured three of the children of the family, two seriously. The children were M. L. Alexander, Jr., Nina Alexander and Lavina Alexander, children of Mr. and Mrs. M. L. (Orbin) who live two and one-half miles east of Randlett, Okla.

The Alexander family was enroute to Burkburnett when they drove onto the main highway, and the car driven by an unidentified woman crashed into them. The identity of the woman was not learned, but the officials from the Oklahoma county were investigating the wreck.

The injured were M. L. Alexander Jr., 9, who received a fractured skull, brain concussion, lacerations about the head and body; Nina Alexander, 14, who received a brain concussion, lacerations about the face and arms, back and internal injuries; Lavina Alexander, 4, lacerations about the face and arms. Mr. Alexander, who was driving the car, escaped with slight bruises.

The children were brought to the Burkburnett clinic in an Owens & Brumley ambulance, after they had been given emergency treatment by Dr. Ralph A. Work of Pacific Grove, Cal., who happened to be passing the scene of the accident.

At Burkburnett Clinic the children were under the care of Dr. Phillip Carpenter. The accident happened at 11 o'clock Sunday morning. Contrary to previous reports, the Burkburnett or Texas officers did not investigate the accident.

Cement Block For Huge Light Plant Engines Is Made

Working 25 men continuously for 35 hours, the huge block that will be the heavy municipal light plant engines was poured into the forms last week. The block that will hold the large diesel engines for the new electric plant will be set within the next 30 days, and then be ready for the installation of the motors.

The blocks are 36 by 36 by 9 feet. The material used in the construction included 1,200 sacks of cement, 175 yards of rock, 125 yards of sand, 4,700 gallons of water, 55 steel r. r. rails, 800 feet of re-enforcement steel, and the amount of lumber that would be required to build a four room house.

The light plant is being constructed with the funds achieved from an issue of paper that was voted on by the citizens of Burkburnett last spring. The total amount voted was \$32,000. To this sum the government added for landscaping and incidental labor for relief employment approximately \$8,000.00. The construction has been under the supervision of city engineer Howard, and it is expected to be completed as soon as the cement sets sufficiently for the installation.

Local Produce Market

The following prices were being paid to producers in Burkburnett Thursday:	
(Quotations by Dudley Feed & Produce.)	
Cream, No. 1	28c
Hens, light	13c
Hens, heavy	15c
Bakers	11c
Guineas, each	20c
Eggs	27c

Local Union Case Under Wagner Law To Start On Dec. 2

Bell Oil And Gas Company To Answer Charges Before FLRB In Wichita

DR. E. A. ELLIOT IN CHARGE

The case of the Oil Field Union Local 258 versus the Bell Oil and Gas company has been assumed by the Federal Labor Relations Board, and will be heard in Wichita Falls federal building starting December 2, according to letters received by both the union officials and the Bell company in Burkburnett Monday afternoon.

Dr. Elliot stated that the case had been accepted by the board and filed on November 16. The hearing in Wichita Falls was set at that time. Dr. Elliot will return to Wichita Falls to hear the case and assist in its examination.

In the case which the union and its lawyers prepared the Bell is alleged with having violated the provisions of the Wagner Labor relations act in several instances, and particularly in having discharged several of the members of the local union. At the time of the release of the several employees following the strike, the Bell company alleged that the men were released for "unsatisfactory service."

The examination will be conducted

(See Union—Page 8)

Chamber Commerce To Hold Annual Meet In Burk On Jan. 10th

Group to Join In Beautifying City For Centennial Clean-up

CHRISTMAS PLANNED

Tentative date was made for the annual Chamber of Commerce banquet as January 10 by the directors of the group meeting at the city hall Monday night. In connection with the banquet the president appointed a committee to draft the working program for next year. The committee will arrange the plans for the 1936 year and present it at the annual meeting.

The committee appointed to secure the speaker for the annual affair was W. A. Roberts, R. C. Tevis, and W. R. Hill. This committee will issue the invitation to some prominent speaker to be the feature of the meeting.

\$100 Beautifying Prize

The directors authorized the beautification committee of the organization to expend \$100.00 for the prizes and work to be done in the beautifying the city. This committee is W. A. Roberts, Henry Grace and Mrs. J. M. Thomas. They will arrange an intense campaign of literature and prizes and personal contact in an effort to secure the clean-up and beautifying of the parts of the city on the approaching highways.

The sectors that will receive special attention are Ave. D. and East and West Main streets. The organization will also furnish the paint to mark the parking space in the city. This paint will be used

(See C. of C.—Page 10)

O. H. Brown Invents Remote Control Hickey

O. H. Brown, of the Palace theatre of Burkburnett, has applied for the patent on a remote control apparatus for the sound apparatus of the theatre. The equipment makes it possible for the inventor or operator to sit in the theatre and adjust the volume of the sound effectively. This regulation will eliminate the guesswork of regulation from the booth of the operator. The invention is a decided improvement over the type of regulation of volume of sound that is used at the present. The patent was applied for after long experimentation on the effectiveness of the control.

\$47,000 Program to Give Large Number of Men Work in City

NINE MONTHS PLANNED

The first work on the huge paving project that will call for the expenditure of \$47,000.00 in Burkburnett in the next nine months got under way Wednesday morning as 34 men started the preliminary preparations for the actual paving at the municipal plant.

The work will be under the direct supervision of R. H. McFarlane and has been sponsored by the city. The city manager, Ross Reagan, applied through authorization by the council for the project several weeks ago. The grant of \$34,000 was made by the WPA, and the city is supplying the material and supervision costs of the work.

The money granted by the government is to be spent directly in labor, and will flow back into the city channels of trade.

F. F. Gignilliat and Tom Corridon of Wichita Falls office were in Burkburnett to assist in the start. H. H. McFall was appointed by the district office for the bookkeeping and the time keeping on the project.

Men Report

Fifty-nine men reported Wednesday morning at the city hall. Of this number 34 were placed at work on the project and the remainder were sent to the cotton field at the request of the farmers of the area.

The men who started to work were clearing the road, arranging the rock crusher, and gathering machinery for the work on the paving. The first street to be paved will be the street from the plant to West Main. The crushed rock will be placed in the bed of the new street as soon as the excavation is complete.

As soon as cotton picking season is complete a full crew of 120 men will be employed for the entire program for nine months. Streets all over the city will be touched by the new project.

Theft Charges Are Filed In Auto Case Involving Burk Car

John Taylor was charged with the theft by bailee in a felony complaint last Friday, according to Howard Martin, assistant district attorney. The charges were filed in the Wichita office after the arrest of Taylor in Tahoka, Texas, by officials of that county. The car alleged to have been taken belonged to sheriff Pat Allen. Pat Allen stated that although the arrest had been made thecar had not been recovered early this week.

The investigation accompanying the case revealed that further effort would be made to find the car and that the possibility that it would be returned was strong. The complaint was filed in the district attorney's office and the man under arrest will be returned to Wichita Falls as soon as one of the officials of the county go after him.

A Burkburnett girl's first painful disillusionment is the discovery that her favorite movie star is as homely as home-made sin when she has not got her makeup on.

THURSDAY, NOVEMBER 21, 1935

SINGLE HOUSE LEGISLATURE

The unicameral or single house legislative body idea for the state is rapidly gaining ground. The activities of the recent legislature gave impetus to the proposal. The new idea, which is really an old one, is to pay 42 men in a single legislative body \$5,000.00 per year and eliminate the wrangling and underhanded compromises that permeate the legislative system at the present.

The present system that we have is one of the most inefficient that we have ever read about in history of democratic government. Those who defend the bi-cameral or double house legislative body say that it makes expression of people more certain. That is the most hypocritical thing we ever heard about. If the last two special legislative bodies were concerned with representing the people, we are a flying elephant.

The bunch of legislatures we have are a group of lawyers that are more concerned with getting retained with a fat fee for some company, and they have too many other business and personal tasks to do to have time for the legislature.

The new system suggests that the man representing a district be forbidden to accept employment, fees, gifts or any honorarium from any firms or persons. That the legislature be his sole duty and a full time job.

Paying the legislature a flat \$5,000 salary would actually save money. It would be about \$1,129 cheaper than the average amount drawn by the present members in the last two years.

There isn't any business in the world that would stand such inefficiency. If that inefficiency were protecting or civil liberties or giving a more nearly democratic government it would be worth the money. But far from doing that, rather it is making the name democracy absurd in the state, and developing a system of feudal bucanering petty divisions with each petty industrial and social interest holding to a clique of representatives.

Furthermore the single house system would eliminate the free conference between the two houses that is as disgraceful in its behavior as any political committee that ever met. It becomes the grave yard of almost every progressive and democratic law proposed.

APPLYING SANCTIONS

The League of Nations has only one way to control the nations which are anti-social—the group applies the sanction of the League. This sanction business means a boycott of the offending nations. The same idea might be applied to state politics. We rarely have ever had a group of men that did so little at such a great expense of time and money.

Let's suggest that the citizens apply the "sanction" to the legislatures. Those louts which were so inefficient at Austin ought to be checked up on during the next few months. When the political races start in the summer, we ought to apply the boycott in the form of a ballot. Men who have been so stupid, compromising and selfish as the group has given evidence of being ought to be barred from public office.

We can't bar them by legal processes, but we can bar them by remembering their action during this session or rather the two sessions. The people of Texas spoke in no uncertain terms about what they wished. For selfish reasons, or to achieve political notice, the group was so vacillating that nothing but waste and inefficiency was accomplished.

LADIES AUXILIARY

Burkburnett will be the host and hostess of the Panhandle District Firemen's convention next spring, and it will take all of the hard work and planning possible to play the part of a courteous entertainer. Several of the volunteer and even the paid departments of the area have found that they can best secure efficiency by turning a large part of the task over to the ladies. This is done by the organization of a ladies auxiliary to the fire department organization.

There has been a lot of talk and several plans made for such an organization, but it really hasn't progressed to the point of actual organization. This paper is not attempting to dictate the policy of the group, not trying to be too officious. However, it appears that such preparation is essential right now. A successful convention will not just happen accidentally. It will be the result of months of planning. There is money to be raised, homes to be secured, programs to be arranged, committees to made function, and that all takes time. We would like to see the ladies get together and start preparation for the big meeting.

How Calotabs Help Nature To Throw Off a Bad Cold

Millions have found in Calotabs a most valuable aid in the treatment of colds. They take one or two tablets the first night and repeat the third or fifth night if needed. How do Calotabs help Nature throw off a cold? First, Calotabs is one of the most thorough and dependable of all intestinal eliminants, thus cleansing the intestinal tract of the germ-laden mucus and toxins.

Second, Calotabs are diuretic to the kidneys, promoting the elimination of cold poisons from the system. Thus Calotabs serve the double purpose of a purgative and diuretic, both of which are needed in the treatment of colds. Calotabs are quite economical; only twenty-five cents for the family package, ten cents for the trial package. (Adv.)

News of Week

Rockefeller Jr. has stopped his donations to the church to which he belongs, the Baptist church. He has been one of the chief supports of the Northern Baptist unified budget fund, and the withdrawal of support leaves the organization in an embarrassing position.

The money that he gave is not not so important as the fact that he has withdrawn is significant of a definite tendency. The church will gain his public announcement of the new policy. The church was becoming accused of being the religious department of the Standard Oil Company. That reputation did not help the church. Not that the Standard is a bad thing, but the close alliance between church and business or church and government is always a harmful tendency.

England and Labor

Several weeks ago this column stated that the English government had better be careful with the trouble with Italy, because the Labor Party did not wish a war. The labor group had issued the notice that peace must be preserved. The English government disregarded that warning, and the result was apparent in the general election last week. For the first time since 1929 the labor party gained in strength. The sentiment is so wide spread in England that the labor will not stand a war.

McDonald, who has done so much for the labor party finds himself out in the cold. He is called a traitor by his own party for his coalition with the conservatives. This forceful result, ought to remind those who make wars that the common people who have to fight them are not always so ready to give their lives and blood for a bit of patriotic fever. The people will take only so much and then—well it is usually an explosion, as the Russian government learned in 1918.

Senator Borah

Senator Borah is in a receptive mood again. For many years he has had the ambition to be the Republican nominee for president. He is too smart a man for the Republicans to ever name. But he will be a powerful factor in the final choice that they make. The GOP realizes that a conservative Easterner hasn't the chance of the much mentioned snowball. They don't dare nominate Borah, because it would lose much of the conservative support in the East for them. However, they must nominate a man that Borah will like or the West will desert the party.

So Borah becomes the traditional figure. A little too much of every progressive element to get the nomination himself, but still a potent factor in the choice. And maybe even a miracle will find him in the chair. If it does, you will see the most interesting battle for president that has occurred since the famous Hughes-Wilson struggle of 1916.

Egyptian Revolution

England has a second embarrassment on hands. The labor trouble at home will cause a lot of disturbance among the conservatives, but the uprising of the Egyptian independence group will cause more than trouble. Italy and England are at each others throats, but if Egypt rebels, England will have her hands full without getting Italy on the warpath.

ExSoldiers

The service men achieved real progress last week when they announced a union of objectives between the Veterans of Foreign Wars and the American legion. These two organizations have failed to unify their program during the last ten years, and the result is that neither has made the progress that the strength of each deserves. Now the announcement comes from Washington that they have decided to co-operate, and that means that the next legislative body will have to do some fast stepping to get around them. It also means the payment of the cash bonus, if strength means a thing at all.

Japan In China

Japan is rapidly pushing toward the central provinces of China. It is too bad that most of the good newspaper men are in Ethiopia where the little war has almost fizzled out. Things are really taking place back in the Orient, and nobody there to tell about it. The Japanese battleships sailed up the Yangste for the first time last week, and it looks like China is all gobbled up.

Burkburnett housewives who have painted up their kitchens new now are able to see hot, shabby it makes the rest of the house look.

Two Tests Start In Devol Section Last Week With Wildcats

Interest Of Oil Men of the Area Turns to Section That Has Been Neglected

LARGE ACREAGE BLOCKED

With the threat of oil shortage over the nation as whole becoming a point of discussion and dispute, the oil men have started exploring new fields with idea of finding further production. Among the fields that will receive serious attention is the Devol Anticline, across the Red from Burkburnett. The work started serious there last week when two wildcat tests were started toward completion. The two wells will be drilled to 2,500 and 3,000 feet respectively, and several other holes have been projected by the oil fraternity of this section.

The first well to spud in was the well started by Collier Yoakum, formerly chief engineer and geologist of the Sinclair. Yoakum has associated with him several of the larger companies and small organizations. These associates include, Marathon Oil Company, Peerless Oil Company, Sun Ray Oil Company, and the Rogers Oil and Gas Company.

The test which was started last week is located in the SE-SE-NE section township 3, south range, 13 west, Cotton county, Okla. A block that has been assembled for the test amounts to 8,000 acres or more, and it is being watched with more interest than usual because of the depth of the test. The progress reported in the area was encouraging.

The second well to gain attention was the Magee Weaver No. 1 by A. B. Hostick with Perkins and Cullum as associates. The well will be on a 4,000 acre block and located in the center of NW NE section 27, township 4 south, range 13 west, or about three miles east of Devol. This location is 25 miles southwest of Walters, and six or eight miles from Burkburnett.

The well is being drilled on the Devol anticline that was mapped in the M. J. Nunn survey in 1914 for the United States geological survey. The sub-surface structure picture was done by W. W. Ports of Wichita Falls, and a magnetometer survey was checked by John Kay of the same city.

Reports from the same section indicate one more large block has been collected by J. D. Combs of Wichita Falls, and further up the river in 4 south 14, the Gypsy has attempted to assemble a block for tests.

Current Literature Club Meets Thursday With Mrs. R. Kolter

With the book review of "Heaven's My Destination", a satire on religious fanaticism, as the basis of discussion led by Mrs. Fred Flanagan, the members of the Current study club met at the home of Mrs. Rex Kolter Thursday afternoon. The interesting study of the book gave the members of the association an insight into the unique and excellent style of the author, and Mrs. Flanagan's handling of the review kept the group fascinated.

The parliamentary drill by Mrs. Dudley Ellis served as a portion of the program in a study of the legal procedure of club business. Among those present were Mesdames W. D. Bent, T. H. Boling, Dudley Ellis, Fred Flanagan, Jack Land, Geo. Kimbell, F. A. Jameson, Roy Magers, B. F. Gilchrist, A. H. Lohofener, M. W. Majors, J. L. Prince, Jas. Thomas, N. R. Vaught, J. N. Hicks, and visitors, Mrs. T. A. Hill and Mrs. Leo Foster.

SECURITIES ACT GAINING NOTICE

Austin, Texas, November 21, 1935—That the Texas Securities Act is a model of its kind, is becoming common knowledge throughout the country, according to D. Leon Harp, Texas Securities Commissioner and Secretary of State R. B. Sanford, who are the two officials charged with its enforcement.

Supporting this contention they point out a recent press dispatch from Washington, which says, in part:

"Gerald C. Mann, former Secretary of State of Texas, and now Washington Representative of the Texas Planning Board, has been invited to address the National Association of Securities Commissioners at their annual convention at Miami, Florida, in December.

Beware The Cough From a common cold That Hangs On advertisement

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Creomulsion not only contains the soothing elements common to many remedies; such as Syrup of White Pine Compound with Tar, fluid extract of Licorice Root, fluid extract of Ipecac for its powerful phlegm loosening effect, fluid extract of Cascara for its mild laxative effect and, most important of all, Beechwood Creosote is perfectly blended with all of these to reach the source of the trouble from the inside. Creomulsion can be taken frequently and continuously by adults and children with remarkable results.

Thousands of doctors use Creomulsion in their own families as well as in their practice knowing how Creomulsion aids nature to soothe the inflamed membranes and heal the irritated tissues as the germ-laden mucus is loosened and expelled. You also know the effectiveness of Beechwood Creosote and Syrup of White Pine Compound for coughs because you take a real dose of Creosote and Syrup of White Pine Compound daily. Creomulsion is guaranteed effective in the treatment of chest colds and bronchial irritation and especially those stubborn coughs that start with a common cold and last for dreadful days and nights. Even if you are already taking medicine, Creomulsion is authorized to take your money if you are not satisfied with results from the very first bottle. Don't worry through another night—phone or go get a bottle of Creomulsion right now.

THE FIRST NATIONAL BANK advertisement with image of a safe

MONEY NO OBJECT IF IT'S A QUESTION OF HEALTH

Since 1799 thousands of people have regained their normal health after years of suffering from stomach troubles of all types, such as constipation, indigestion, gas, and sour stomach which are the basic factors of such maladies as high blood pressure, rheumatism, periodic headaches, pimples on face and body, pains in the back, liver, kidney and bladder disorder, exhaustion, loss of sleep and appetite.

Those sufferers have not used any man-made injurious chemicals or drugs of any kind; they have only used the remedy made by Nature. This marvelous product grows on the highest mountain peaks, where it absorbs all the healing elements and vitamins from the sun to aid EFFICIENCY in distress.

It is composed of 19 kinds of natural leaves, seeds, berries and flowers scientifically and proportionately mixed and known as LION CROSS HERB TEA. Sportsmanship
As we all know, sportsmanship pertains to fairness in athletics, but is it always observed? All school children are taught sportsmanship in school so as to know how to treat visiting teams of various kinds and how to act when visiting another school.

To be a good sport doesn't mean to do what ever you see your fellow man doing. You should treat a visiting team courteously. Show the team to the dressing room; be friendly with them.

Never "boo" a team nor mock its pep squad; that is the poorest kind of sportsmanship.

When a boy fouls out people should never make fun of him, regardless of which team he is playing for.

Be a good loser as well as a good winner. If your team happens to lose the game, don't blame the referee or a player on the opposing team. Never make excuses such as these. That shows poor sportsmanship.

Outsiders, as well as school children, should observe good sportsmanship rules, because they are just as much a part of the school when at a game as the school children themselves. Everyone should follow the Golden Rule, "Do Unto others as you would have them do unto you."

CLASS NEWS

Sixth Grade
The sixth grade health class had the privilege of studying the fossil remains of a camel's or horse's brain found in the newly discovered fossil field near Seymour. The class made a study of this in connection with the part played by microbes in fossil formation. Many interesting discussions resulted from this study. Even the fourth grade couldn't be kidded about the fossil. They too realized that it was something very unusual and were very curious to find out about that queer thing that was being handled with care and was causing so much excitement.

The high school science classes also took the opportunity to study the fossil during its brief stay at Fairview.

Fourth Grade

The fourth grade needed one more news boy to sell one more extra about the game with Holliday since Fairview lost by one point! The fourth grade chapel program opened with news boys selling extras about the Fairview-Holliday game. They did a news boy clog to draw a crowd, sold all their papers but but one, then settled down to read the news. The news articles they read became a reality when the headlines were read about the Fairview Bears, they actually appeared on the stage backed by the pep squad in full uniform. Fairview volleyball girls assured the audience they were going to pluck those Eagles' feathers and sure enough they did and so did our second string basketball boys!

Spanish Club News

The Spanish club met Monday, Nov. 18, at 8:45 in room 13. Each

member answered roll call with the Spanish name for the four parts of a car. The following program was given:

The entire club sang, "The Mexican National Hymn," "O Sole Mio," and "La Golondrina."

A talk on Benito Juarez—Lavern Beavers.

A talk on Spanish customs—Y. C. Paschall.

At the close of the program the club presented Mr. Paschall with a box of linen handkerchiefs since it was his birthday.

Pep Squad News

It was a very colorful event when the pep squad organization met on the Fairview court Friday night, November 15, and gave their first drill. This drill was the "Bridge Drill". The pep squad was highly complimented for their splendid yelling and drill work.

Sport

The game between Fairview Bears and the Holliday Eagles which was played Friday night, Nov. 15, was a very exciting game. The Eagles won the game by the score of 19 to 18. There was a large crowd out to see them play, and they hope they can turn in some winning games from now on out.

The Randlett basketball teams, first and second strings, played the first and second string teams of Fairview Monday night. The Randlett second string was victorious over the Fairview Cubs, while the first string game was just reversed, the Fairview team winning over the Randlett team by a score of 19 to 25.

The Bears meet the Valley View Harvesters on the local court Thursday night, Nov. 21. This is the last game of the Red-River-Wichita Valley League and unless the Bears win the game the Holliday Eagles will be the victors of the Eastern division. If the Bears should win the game, there will have to be a series of games played between them and Holliday to determine the Eastern half winner.

Volley Ball News

The volley ball girls of Fairview high school handed the Holliday Eagles a defeat Friday night, Nov. 15. The Eagles flashed new suits on the Fairview team and really expected to win, but Fairview upset them by defeating two straight games. Scores of the games were: first game 15-4 and the second game 15-13.

The girls are expecting to give Valley View the same thing they gave Holliday. This game will be played Thursday night, Nov. 21.

Faculty Entertained

Thursday evening, Nov. 14, the Fairview Faculty Frivolity Club assembled in the living room at the teacherage for its second monthly meeting.

Mr. and Mrs. Y. C. Paschall had sent invitations to a Red, White and Blue party, but never did anyone guess that the number eleven would have to be pinned on a beautiful calendar of November, nor that the partners would be selected by singing stanzas of "America" The

Beautiful" and "America".

Sure enough, no one knew that Mrs. Paschall would serve in those beautiful Mexican blue glassware dishes on a snow white table cloth with the center piece of lovely red and white chrysanthemums in one of those unique blue glass bowls.

It was all very beautiful—and was it good? I mean that fresh coconut cake that came after the cocktail and sandwiches!

You should have heard Mr. and Mrs. Watkins, Army Armstrong, Lois Thompson, Erwin Brand, Charles Lewis Jones, Ruth Keller, Pat Thompson, Toby Baird, Lois Black, Mr. and Mrs. Willis and Ray Davis try to tell Mr. and Mrs. Paschall that they thought the party was beautiful and clever and that they had a good time.

Fairview P. T. A. To Meet

The Fairview P. T. A. will meet next Monday night, Nov. 25, in the school auditorium at 7:30. The 3rd grade will present the program under the leadership of Miss Toby Baird.

The executive committee will meet Thursday morning, Nov. 21, after the school chapel exercises.

Widening Highway Continued Into City

The extensive program for the improvement of the highway East of Burkburnett to the Red River bridge was continued into the city limits this week when R. F. Williams announced that the park way would be brought up to the Campbell station. The men from the highway department started immediately and the signs and fences have been moved back. The high hill south of the road near the city limits has been carved down and the dirt used as a filler in the right of way.

A park will be made at the boundary of the city. This park will provide shade and stands for the tourists. There is possibility for the widening coming further into the city. The easements for the widening were donated by Mesdames A. T. Derden, M. E. Musick, L. O. Campbell and by John Musick.

F. R. Knauth also announced that the widening would be extended south of the city until the project met the Wichita widened highway near the airport. The same plan of planting trees and shrubbery will be used on the Burk-Wichita highway that has been advanced for the Burk-Oklahoma highway.

READ THE STAR!

Byrd Cows at National Dairy Show

It was 60 degrees below zero outside when this picture was taken in the cow barn at Little America—120 degrees colder than it was in St. Louis when the Byrd expedition Guernseys and their herdsman, Edgar J. Cox, arrived for the National Dairy Show.

ST. LOUIS—The world's first and only Antarctic dairy herd holds the spotlight at the 1935 National Dairy Show.

The Byrd expedition's two hardy Guernsey cows and the young bull, Klondike Iceberg, born in the South Sea ice packs, are here with Edgar J. Cox, Byrd herdsman and ship's carpenter. With them is a quarter-size model of the barn used at Little America.

Cox's dramatic story of how he brought the animals through an Antarctic winter suggests that his pride is divided between the Guernseys and the barn he built to protect them from 70 degrees below-zero cold.

One Quart a Man
As an ex-farmer he enjoys telling how the cows furnished a quart of fresh milk a day for every man at Little America, although many dairymen said cows could not survive. He smiles when small boys try to feed young Iceberg a fistful of grass, a food the little bull never saw until it was over a year old.

With some diffidence, he admits he helped convince leaders of the expedition that cows could be wintered in the Antarctic and tells

Plans For Annual Service Club Play For School Made

G. A. Reaves, Jr., of the Rotary club will have charge of the production of the annual benefit for the school children that the Rotary club and Lions club are planning. The famous Popeye of last year still lingers in the memory of Burk theatre goers, and this year's show has a high reputation to sustain in entertainment.

T. J. Blackwell will be the chairman from the Lions club for the show. The group will meet some time this week to plan the details of the evening. The two groups promise a hilarious entertainment. The funds will be added to the treasure that cares for underprivileged children. Lunches, clothes, glasses, and other things that will keep children in school are bought from the funds.

Lions Club Holds Spelling Match At Meeting Tues. Nite

The members of the Lions club stumbled and fell before the word "eleemosynary" and went to the foot of the line in a spelling contest held by Carl Pommerening. The final winner of the contest was Sloan Mills by being the man who misspelled the fewest words. Dignified teachers, newspapermen, oilmen, bankers, laborers, business men all alike stammered at the tricky words presented.

The club voted to attend the meeting at the Fairview school Tuesday night, Dec. 3. The program for that night will be provided by the school, and the meal served by the home economics department under the direction of Miss Lillie Mae Armstrong.

The group voted to join the Rotary club in the production of the annual benefit play for the school children's fund. The committee appointed to work with G. A. Reaves, Jr., was T. J. Blackwell, Bill Estes, Marshall Chrestman, Frank Kelley and Leonard Mattingly. The directors held a meeting. The guest was John Rigby, Jr.

No wonder Washington was great. He couldn't tell a lie, so he had to develop enough power to get by with the truth.

Plans to Beautify City For '36 Made By The C-C Mon.

\$100.00 in Prizes to be Offered To Local Citizens in Campaign

COMMITTEES ARE NAMED

Elaborate plans are being made for the campaign to dress up the city of Burkburnett for the tourist and guests of the city during the '36 celebration of the state's one hundredth birthday. The beautifying committee is composed of Henry Grace, Mrs. J. M. Thomas and W. A. Roberts.

The group plans to cover the entire city with emphasis on the three highways that lead into the town. Prizes will be offered by the group to the citizens that will fix up yards and repair and paint the houses along these main highways.

In order to cover the city sub-committees have been asked to serve in each section. These sub-committees are as follows: Ave. D. Mesdames Charles Boyd, D. A. Wesbrooks, R. P. Reagan, W. D. Dent, Clyde Elder and Finch; East Main street, Mesdames H. D. Smith, Raymond Wallace, L. J. Loring, Chambers, Robert Dunn, and Geo. Kent; West Main street, Mesdames W. P. Sims, John Webb, R. C. Tevis and Fred Flanagan.

Chiropractic Quackery

Every new idea is quackery until it exposes and reveals the true nature of conventional standards. A name bears no significance when human lives are at stake. Truth cannot be crushed; neither can the system of Chiropractic be taken from human society because of mongers.

Education in the fundamental truths of Chiropractic and the tree of life—the spine—will offset and place many a pet theory and concept that has been accepted as facts for the many centuries. Nature will tolerate abuse just so long—then she and forcibly shocks man to his senses. Nature cures. Her medicine is Life Force. Nature creates you, nature nurtured you, Nature gets you well, Nature keeps you well. Chiropractic is Nature's way. Every one who is sick will some day be confronted with alternatives. Either die prematurely, because the cause of their dis-eases remains a mystery to orthodox standards of treatments; or consult the quack who can remove the spinal CAUSE of dis-ease, by releasing Life from within, and become a healthy and useful member of society.

It would please me to discuss these questions with you.

THE STAR SNAPSHOTS

Presenting new style while retaining the identifying characteristics of its predecessors, the 1936 Oldsmobiles were announced today. The car shown is a six cylinder four door touring sedan. The die cast radiator grille lends a new note of beauty to Oldsmobile's 1936 front end treatment.

Gloria Morgan Vanderbilt and her sister, Lady Furness arrive in Los Angeles. Rumors are they will open a style salon in the film capitol.

TINY VAMPS—Trying their sex appeal at a very young age. Babies trying to look their best during the judging at a recent baby contest.

Gail Patrick, film star, has just introduced this new coiffure. It is shown from three attractive angles.

This photograph shows Emperor Haile Selassie with members of his family. Left to right—front, the Emperor's granddaughter, the Empress of Ethiopia; the Emperor's grandson and the Emperor. In the rear are—left to right, the Emperor's youngest daughter; the Crown Prince; the Emperor's eldest daughter; the Emperor's son-in-law; the Emperor's daughter-in-law; the Emperor's third daughter and the Emperor's youngest son.

Oldsmobile offers in 1936 a luggage compartment in the rear of the car which provides ample space for carrying a large number of suitcases or packages. Here is a young lady demonstrating how the compartment may be used in doing the family shopping.

Oil Field Classes—

the school. The registration fee has been reduced from \$2.00 to \$1.50 for each course that the student takes.

Teachers for three of the courses were announced Thursday, and Mr. Eddy and Mr. Westerfield will announce the other teachers after making contact with the men in the oil field Thursday. The two teachers are Jess Hageman, Magnolia company, "Care and Operation of Internal Combustion Engines," and Charles Watson, the first class of "Oil Field Mathematics." The teacher for "Oil Field Science" is H. B. Van Emdem, gasoline plant superintendent of the Texas company.

The oil field workers have been urged to attend. All workers are welcome to study with the group. The text books will be issued at the completion of the registration next Monday night. Serious and practical study will be expected from all the students that enroll in the courses. The sponsors hope that the registration will increase rapidly after the start of the school.

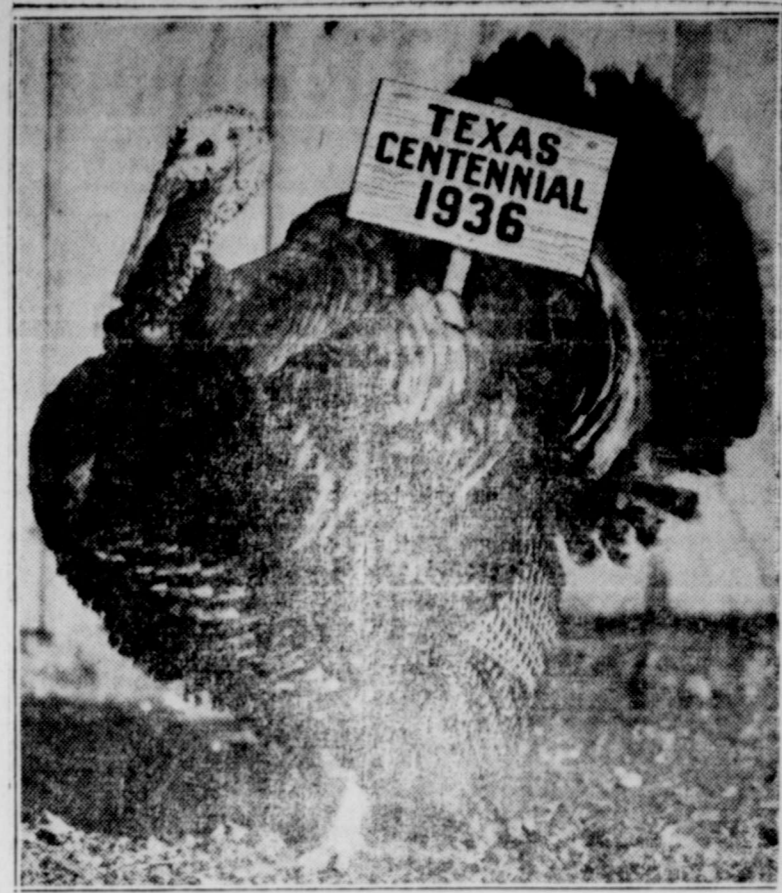

Contract Awarded On Electra-Burk Magnolia Pipe Line

Mitchell and Stewart of Dallas will be contractors in charge of the work which calls for the reconditioning of a six-inch pipe between Electra and Burkburnett and the laying of a six-inch line, 10 miles in length, south of Electra, for the Magnolia Petroleum company, according to H. F. Smith of the pipe line department of the Magnolia office at Electra.

Mr. Smith said that the work would begin within the next ten days and the contractors would use approximately 100 men for the work, part of them to be Electrans and part to be from Burkburnett.

Reconditioning of the line between Electra and Burkburnett will require three or four months, Mr. Smith stated, and the line south of Electra will require at least one month.

Adding Machine Paper—Star Office

Don't blame this big fellow for strutting! He will represent the Texas Centennial celebrations on President Roosevelt's Thanksgiving table—that is, if he wins over a few thousand like him that are competing for the honor in a section-wide "Turkey Derby" at Brady, West Texas capital of this flourishing industry. The President has just announced his intention of visiting Texas next summer, and here's his reward for "talking-turkey" about the Centennial. Anyway, when Texas gives the President the bird—that's news!

Adding Machine Paper at the Star Office

Rotary Society Show Success

Curio and show of the missionary society sponsored Saturday by the council organization was well attended complete in spite of the cold weather over the city. There was a large display of various designs hooked rugs, antiques and a variety of beautiful flowers by the members of the Burkburnett.

Success of the past show assisted in making the annual show. Much more plans will be undertaken to increase and collect the future. Those who attended the Saturday were rewarded with a play of interest and beauty.

Mr. Collier for the use

of the building, Burkburnett Gas Company for fuel, Owens-Brumley for stove and Luther Hatch for the electrical current and fixtures.

Light Weight Teams Will Open Friday Night's Foot Ball

Raymond Wallace and Jingle Hays have gathered two teams of light weight rating and will settle the question about which is the better coach at 6:30 Friday night; one hour before the regular game starts at Westerfield. The two teams average about 110 pounds, and make up in enthusiasm what they lack in skill. Jingle Hays has two men of the darker color on his team. One of the dusky gentlemen promises he will show the white boys how the pigskin should be handled on long runs. The game will provide an excellent entertainment and settle a long standing argument between the two Monday quarter-backs.

THE BULLDOGS GROWL

EDITED BY STUDENTS OF BURK SCHOOLS

SENIOR NEWS

The seniors were greatly humored in their weekly program this week by J. R. Brock's splendid sales ability. J. R. went on a Holland magazine tour the past summer, and since he was very successful, Mr. Williamson arranged for him to demonstrate to the class. He was to sell to Lucille Kemp and Mr. Williamson, and should he fail he was to keep quiet the remainder of the year. You can imagine the sales talk because J. R. could not afford to lose his opportunities of unwinding at least once in a while.

The juniors suggested a colonial tea for the seniors and juniors of '36 so upon agreement of the seniors to have the tea, they visited the juniors Tuesday morning and the plan was discussed. Mr. Reaves gave a splendid lecture as to the class' conduct and made one especially interesting and truthful statement. He said: "The seniors and juniors this year are the best of several years." Who can dispute it? The seniors and juniors sincerely want their Colonial Tea—which was introduced to the school by Miss Billingslea—and they will not be deprived of it. There is no hatred between these classes. They mean to work in co-operation—this getting the best out of a high school career.

1935 Model

Wife (reading)—"It says here they have found a sheep in the Himalaya mountains that can run forty miles an hour."

Mr. Duncan—"Well, it would take a lamb like that to follow Mary nowadays."

SPECIAL ASSEMBLY THURSDAY

A special assembly was called Thursday for the purpose of giving the football boys a send-off to Chillicothe. Coach Hill was the principal speaker and he spent the greater portion of his time commenting on the powerful Bulldog squad of last year. He stated that the entire team played their hardest and most spirited football against Chillicothe when they literally massacred by the score of 48-0, a team considered on fairly even terms with them. He urged that the

present team of Bulldogs carry on in that same spirit when they met the highly favored Eagles on the following Friday. "Chillicothe had rather beat us than to win the District championship," Mr. Hill stated, "And they will be out for revenge."

The coach urged as many as possible of the student body to go to Chillicothe Friday and back the Bulldogs.

The pep squad had on their war paint and had full intentions of putting some life into Chillicothe. The coach had previously asked them to enter the town like maniacs and to let the Eagle fans know that Burkburnett was still on the map.

Low 8-1 and low 8-2 sections were the first to join the Red Cross.

F. F. A. Weiner Roast

The second year Vocational Agriculture boys had a weiner roast Wednesday, Nov. 13, 1935, at Harvey Bently's home. The boys came at 7 o'clock and stayed until 10 o'clock.

We popped corn, and roasted weiners, buns and marshmallows. Then we ate, and, oh boy, did we eat? We had weiners, buns, popcorn, marshmallows, cake, pumpkin pie, and hot chocolate.

We later played games and told jokes. Those present were:

Pa, Mr. Dean—Butch, Marvin Spillers—Puddin', Ocie Reed—Wig Wam, Grady Lee Wiggams—Suit-Case, Roy Lee Simpson—Shoestring, Billy Shoefstall—Junior, Harvey Bently.

Father—What, you paid \$3 for an old laying hen?

Agriculture student—Yes, father, I wanted one that was experienced.

HIGH SCHOOL LIBRARY

The Spanish dictionary which was ordered several weeks ago has been received, and is already much in demand.

According to its title page this volume, originally the work of Arturo Cuyas but revised and enlarged by Antonio Llano, is "Appleton's New English-Spanish and Spanish-English Dictionary," containing more than six thousand modern words and twenty-five thousand

acceptations, idioms, and technical terms not found in any other similar work; with a pronouncing key and the fundamental tenses of irregular verbs.

As special features there are lists of geographical names and personal names which are written differently in English and in Spanish.

The dictionary was paid for out of fine money.

BULL DOG BASKETEERS TO PLAY RANDETT

The Burkburnett Bulldog Basketeers will face their first real test Wednesday afternoon when they meet the Randlett cagers. After having revenged their two defeats at the hands of the Exes by a decisive score last week, they are ready for a little outside competition. The Randlett boys have been playing some flashy Basketball, having lost to Fairview Monday night 2-318.

Captain Hays announces that they are ready and in good shape for the boys and promise 4 quarters of veteran Basketball. The public is invited. Free.

JUNIOR ACTIVITIES

The junior class called a class meeting Tuesday morning for the purpose of planning a way to raise money, and to vote on some sort of pin or bracelet.

PEP SQUAD NEWS

The pep squad girls were there at Chillicothe Friday afternoon, encouraging, pleasing, and begging those Bulldogs to win.

The wind was cold, too cold, almost like a half-witted girl said, there was nothing between us and the north pole except a corn field but we could take it, and did.

Our stunt was just like the one we gave at Olney—only with a 'C' instead of an 'O', and again we left the 'E' on the field in gold and black.

The Chillicothe pep squad held open house for us from two to three, with their president and leaders presiding over the punch bowl. Although the reception was friendly, we had a good many arguments with the Chillicothe pep squad. They told Burk they had the best coach, but of course they don't, and did we tell them so! Also a few other minor subjects were argued on, but we feel that we came out on top.

We extend our deepest sympathy to the Bulldogs on the loss of the game they wanted most to win. Better luck next time.

We play our next, and incidentally, our last game on the home field, with Iowa Park—with next year's team playing for the Bulldogs. Be sure to come and wish them luck.

Mr. Balckwell expressed his opinion on marriage when the short-hand class studied in the Speed Studies on page 39.

Miss Morgan said she preferred a large man.

VOLLEY BALL NEWS

The team has played one game so far and we are sorry to say they were defeated. They play Fairview Tuesday afternoon and Cashion Wednesday afternoon.

There are now thirteen players practicing every morning from 8:00 to 9:00 o'clock. Ruth Jeffers, the business manager, of course, is always late. Don't sleep so late, Ruth.

Church of Christ Young People Meet

Songs and prayer opened the Young People's Class last Sunday evening, Nov. 17, with the subject being "Crimes Against Jehovah". Under subjects and the speakers were: "Worshipping Other Gods," Laverne Beaver; "Apostasy," Buster Jacobs; "Idolatry," Ellis Mae Qualline; "Sorcery," Frances Beaver; "Sacrifices of Children," Naomi Rigby; "Blasphemy," Cordie McPherson; "False Prophecy," Woodrow bath, Ola Guthrie.

All speakers were present and the talks were interesting as well as instructive.

The general topic for the next class is "Hypocrisy", consisting of only four parts which were issued of President Raymond Beaver.

There will be a special program at this time, dedicated to Thanksgiving Day, and we extend a welcome to any who will meet with us at 6 p. m. in the Church of Christ building, Sunday.

There were forty-three present in class last Sunday.

Eula Gresham Rites Held Mon. Afternoon

Funeral services were conducted Monday afternoon at 2:30 o'clock for Mrs. Eula Gresham, 37, of 1323 North Seventh street, from the residence, with Rev. J. I. Gregory, pastor of the Highland Heights Baptist church officiating. Burial was directed by the Owens & Brumley Funeral home of Burkburnett in the Riverside cemetery at Wichita Falls.

Mrs. Gresham lived in Wichita Falls nearly 30 years. Her death was due to blood poisoning.

There are but three ways to get money without labor—find it, steal it or say "Darling will you be mine?"

Chevrolet Car Ends 100,000 Mile Run

"Two Chevrolet cars used by us as part of a fleet for a protracted road test at Toms River, New Jersey, have paid honor to your engineering," said W. M. Irish, president of the Atlantic Refining Company, in a telegram to M. E. Coyle, president of Chevrolet Motor Company, at the close of a 100,000-mile grind completed in five months.

The test ended October 30, at Philadelphia, where the cars were received with special ceremonies by officials of the Atlantic Refining Company, which conducted the long run to demonstrate the value of its lubricating oils.

According to the report wired to Chevrolet by the president of the oil company, each of the Chevrolets completed its 100,000 mile run "without one cent of repairs to any lubricated motor part, without carbon removal, or a bearing or a piston ring changed."

The course of the test run was over an 80-mile measured route of varied road surfaces between Toms River and Medford, New Jersey. Cars averaged 40 miles an hour, making more than 900 miles each day, operating day and night except on Sundays.

The purpose of the test was to demonstrate that low-priced cars will perform with new car efficiency at the end of 100,000 miles when operated on high quality lubricants.

Final results have not been completed. At the end of 90,000 miles, according to the research laboratory of the Atlantic Refining Company, the two Chevrolet Standard coupes had records of 21.9 and 21.6 miles per gallon of gasoline, and averaged more than 500 miles per quart of oil.

Cotton Tags Await Distribution Farmers

Tax exemption certificates on 522,485 pounds of cotton lint, forwarded to a national pool last fall as surplus over the 1934 crop, have been returned to the office of G. D. Everett, county farm agent, for distribution to approximately 800 cotton producers in this county, it was announced Monday.

More than 60 per cent of the surplus tags sent in to the national pool from this county last year were sold. Several weeks ago, owners of the tags still unsold were offered the return of the certificates of

four cents per pound for surrender of the tags. Most of the Wichita county owners elected to take back their surplus tags.

Those for whom the tags are now being held by Mr. Everett may take them for their own use, or may turn them back into a new national pool which is taking surplus certificates at four cents per pound, it was announced.

3. Reliability—Most long-life features of any low priced car.
4. Comfort—Plymouth's floating ride plus 11 new comfort features.

4 Big Improvements In Ride and Performance

It is here—the biggest, roomiest and most beautiful Plymouth we have ever presented. The 1936 Plymouth is again the most economical full-size car you can drive. It has 18 to 23 miles per gallon of gas.

Among the 40 improvements, the big Plymouth frame is 100% more rigid—has been newly reinforced at five major points. This car will take more punishment than the sturdy Plymouth of 1935.

Eleven new comfort features have been added to Plymouth's fame Floating floor, seven and a half new inches of leg room and two more inches of elbow and shoulder room.

N. R. Allen Buys Oil City News Stand Here

N. R. Allen recently purchased the Oil City News stand of Burk Burnett, and will be ready to meet all his friends and the customers of the store. The store will handle cigars, cigarettes, papers, the Times and Record News, and the other state papers of this territory. C. E. West will continue to handle the drug business in the same place. Mr. Allen and Mr. West invite all Burk people to visit them.

Bulldogs—

(Continued from page 1)

Whatever course he will follow is only known to him, and no denial of the previous story has been issued up to Tuesday of this week.

The Chillicothe Eagles thoroughly trounced the Dogs Friday afternoon. The accurate punting of the Thunderbirds kept the Bulldogs in a position from which they could not kick out in an emergency.

The first quarter was scoreless with the teams battling evenly for the honors. In the second the Eagles tallied on a 21 yard pass from Francis to Ramsey. The half ended 6 to 0. The third quarter was a period of terrific fighting with neither team gaining an advantage until late in the period when the Eagle back Keys found a hole in the center of the line for a 70 yard run, the longest of the game, for a touchdown.

Weak Defense

Aulds kicked the point. In the last quarter the Bulldog defense disappeared. The Eagles tallied five times. Tidmore covered a blocked punt. Keys and Aulds scored twice each. And Aulds kicked one of the five extra points.

The outstanding player for Chillicothe were Aulds, Key, Francis, and Ramsey; for Burk, Rose, Majors, Clifton and McKown. This week's game will offer a much more evenly matched team, and the Bulldogs are expected to come through with a victory.

Union—

(Continued from page 1)

ed by the board lawyers and the Bell company will be represented by private counsel. J. L. Coulter, international secretary of the labor organization represented the local union during the strike, and will be present at the hearing to assist in the case, according to a wire received from him from Washington D. C. by local union officials.

The case is the result of a strike that started Tuesday, Sept. 16 at 3 o'clock, when 250 members of the union walked out to stop the operation of the five companies involved in this area. The men remained out seven days until Dr. Elliot, of the national board, secured a truce. The men returned to their work. Seven of the men were not accepted back at the old positions.

Although the Bell company answers that these men were discharged for "unsatisfactory service", the union charges that they were released for union activities. For that reason the case will be one of the most interesting cases in legal history.

Both sides have promised that they will take the case through all legal processes until it reaches the U. S. Supreme Court for ultimate test or until a satisfactory decision is achieved.

The union is demanding compensation for the discharged men and their re-employment by the companies that discharged them following the strike.

If the case goes to the Supreme Court it will be the first test of the constitutionality of the Wagner Act.

Bragging may not bring business, but did you ever see a business man who had caught a big fish dodging up an alley on his way home with it?

Bride Elect Honored At Shower Fri. Nite

Miss Gwinn Brumley, daughter of Mr. and Mrs. J. H. Brumley, and whose marriage to Harold Van Loh next Sunday morning will be the top of the social season for Burk Burnett, was the honoree at one of the most lovely shower parties last Friday night at the home of Mrs. B. M. Cropper, that has been given in Burk Burnett.

In the home decorated with the exquisite colors of the rainbow that was the motif of the shower, the hostess was assisted in the reception and entertainment by Mesdames R. D. Owens, C. C. Gilbert, C. E. Baker, Marshall Chrestman and Victor Spearman.

A clever series of skits, a playlet, was presented representing the six ages of the honoree, were presented by friends of the bride-elect. These scenes included: "The New Baby," Edna Cropper; "That Little Girl of Mine," song, Mrs. H. Southland; "School Days," song, Carol Lohofener; "Let Me Call You Sweetheart," Mesdames Southland, Chrestman, Baker, and Miss Ruth Willis; "Wedding Bells For That Old Gang of Mine" song, and "Specially Harold," Gwinn Brumley. Other numbers on the program were, "Pot of Gold," Mrs. Carlos Baker and piano numbers by Peggy Gideon, and the gifts were presented from a pot of gold at the end of a huge rainbow that decorated the front room.

Those present were Mesdames O. E. Melton, J. Pogue, Clyde Elder, F. L. Pilkenton, Lige Chrestman, O. R. Wood, Rochelle Coffey, P. A. Johnston, H. A. Goodwin, R. H. McFarlane, I. E. Harvell, F. T. Felty, C. A. Purcell, J. H. Brumley, Fred Elliot, Gleen Howard, Truman Garland, A. R. Hill, Geo. Counter, Jr., C. P. Van Loh, Louise Land, Grace Sims, Fred Brookman, B. F. Gilchrist, P. A. Wiggins.

Mesdames Ray Hill, J. L. Welch, Sam Baker, Cecil Wheeler, Pauline Schwieger, A. H. Lohofener, R. D. Owens, H. A. Southland, T. Guy Willis, Mattie Dell Tucker, F. R. Knauth, R. E. Browning, Horace Hinkle, George Bryarly, H. J. Exeley, D. R. Peevey.

Mesdames R. M. Gilchrist, Elbert Buckner, Curtis Matthews, Glenn Bear, J. H. Rigby, L. G. Hagard, and Misses Lillia Majors, Sarah Majors, Thelma Hill, Marian Boden, Margaret Boden, Loretta Van Loh, Nedla Van Loh, Grace Sims, Edna Cropper, Erna Schwieger, Doris Webb, Ruth Willis, Peggy Gideon, Ella Billingslea, Manalla Milford, and Blanche Butler.

Those sending gifts were: Mesdames R. H. Henry, M. W. Majors, H. R. Hayes, C. B. Grace, Henry Grave, M. C. Lowery, Dove Henry, J. N. Hicks, H. W. Booth, Olan Dickey, Edna Marshall, O. C. Willis, I. D. Russell, J. D. Majors, Sid Gambelin, Henry Prinzing, H. C. Preston, Volney Hill, R. W. Wallace, Sloan Mills, Fred Flanagan.

Mesdames E. H. Peevey, Ted Martin, John Bostic, C. E. Lundberg, Morris Bookbinder, Cliff Cannon, Paul Browning, W. D. Utts, G. A. Reaves, Jr., W. A. Roberts, Butler Westerfield, Oscar Kemp, O. C. Buchanan and Mrs. Ford.

Misses Chrystle Waddell, Katherine Exeley, Maurine Goodwin, Evelyn Hardeman, Helen Van Loh, Jerry Wiggins, Margaret Tanner, and Alice Morgan.

Rotary Club Hears Coach Hill Review Foot Ball Season

Coach Volney Hill reviewed the football season for the members of the Rotary club at the noon luncheon Tuesday at the First Methodist church. Oscar Kemp presided at the meeting in the absence of the president, Alvin Hill. Coach Hill reviewed the play for the entire district during the present schedule and gave the club an analysis of the prospects for the bi-district games that will be played.

The coach also outlined the possibilities of the next year's club in Burk Burnett. The present season found one of the best balanced seasons of the year for the entire district. The men were invited to see the last game of the year to be played Friday night at the football stadium at 7:30.

The following visitors from Wichita Falls were present at the meeting: W. B. Hamilton, Geo Gutz, Luther Hoffman, Jack Perry, Jim Spoons, Sam Kruger and Dave Lebermurt.

King's Love Spurs Drama Of 'Crusades'

One of the world's most romantic love stories, told against the background of one of the most spectacular periods in world history—that is "The Crusades," Cecil B. DeMille's motion picture of the conquest of the Holy Land, which comes to the Palace theatre 'Sunday and Monday.

The cast of more than ten thousand is headed by Loretta Young and Henry Wilcoxon. With battle scenes on a scale hitherto undreamed of, with a story that combines both spectacular action and touching romance, "The Crusades" is one of the most ambitious productions ever to have come out of Hollywood.

The story concerns Richard Coeur de Lion, kind of England, who goes to the Crusades to release himself from his obligation to marry Princess Alice of France. En route he marries Berengaria, Princess of Navarre. When the Crusaders arrive in the Holy Land, they find the Saracen forces, under their Emperor Saladin, are stronger and offer greater resistance than had been expected and, for many weeks, the tide of the invasion is checked at Acre.

It is only when Saladin captures Berengaria that Richard, casting discretion to the winds, storms the walls of Acre, and begins the battles that determined the fate of western civilization.

Miss Young plays the role of Berengaria, with Henry Wilcoxon as Richard. Ian Keith is Saladin. Katherine DeMille is the Princess Alice. Also in the cast are such favorites as C. Aubrey Smith, Joseph Schildkraut, Alan Hale, C. Henry Gordon, George Barbier, Montagu Love, Hobart Bosworth, William Farnum, Lumsden Hare and Pedro de Cordoba.

Junior U Clubs Study Problems Negro Race

The Junior University Study club met in the home of Miss Bennie Lee Gates, Monday evening, November 18th. The minutes of the last meeting were read by the secretary and approved. The resignation of Miss Margetta Purcell was read and accepted. The club voted to give Thankgiving baskets to two worthy families as has been the custom heretofore.

The position of the negro of the South as compared with that of the North was discussed by Miss Norene Kirby. In this discussion the few educational advantages of the negro as compared to that of the other races, was brought out also. Miss Ethel Allen told of some of the famous Negro Spirituals and their origin.

Those enjoying Miss Gates' hospitality were: Misses Pansy Mills, Ethel Allen, Alice Morgan, Norene Kirby, Sarah Majors, Alice Westbrook, and Erna Schwieger; Mesdames Estelle Morris, Mary Beth Strong, Evelyn Felty, Florence Foster, Eileen Bear, Rita Creighton and Sunnie Baker.

Grade School Pupils Present Good Books Week Playlet Monday

The members of the grade school classes presented a good books playlet at the auditorium exercises of the school Monday morning. The play was presented in the form of a conversation between children during a rainy day. After the children had exhausted other means of entertainment, they adjourned from

their home to the library, where they were introduced by the librarian to the major characters in literature and history.

The play was presented as a part of the celebration of good book week. The cast of the play included: librarian, Petite James; children visiting library, Eloise Slaughter, Jonita Majors, Derestine Moore, Martha Joan Walling, and Junior Harwell; Alice in Wonderland, Bobbie Lou Westerfield; Cinderella, Joy McFarlane; Penrod, James Johnson; Robin Hood, W. A. Strickland; Huck Finn, Paul Coats; Tom Sawyer, Richard Whitesides; Uncle Tom, Kyle Tanner; Aladdin, E. J. Reed; Captain Kidd, Jimmy Morris, and Buffalo Bill, Billy Bowman.

Young Matrons Class Holds Hobo Party Mon.

The members of the Young Matrons class of the First Baptist church enjoyed a hobo party at the home of Mrs. Hattie Buchanan Monday night. The program included a series of readings and other numbers. Mrs. Henry Brumme was auctioneer at the sale of the food and other articles. Doris Grace, Christine and Vivian Suttles and Carol Lohofener gave readings.

The auction sale proved to be interesting and humorous, and swelled the treasure of the class. All persons present ate in hobo fashion in the kitchen. Those enjoying the evening were: Mesdames H. S. Van Cleave, H. A. O'Neal, O. L. Clark, M. B. Hays, John Brookman, H. S. Strickland, H. S. Grace, and Doris Mae Grace, H. A. Goodwin, H. C. Ellis, B. F. Gilchrist, Leo Foster, Aubrey Gilbow, Leo Dudley, N. R. Allen, Brack Preston, Loyd Morrel, Roy Magers, J. A. Suttles, Vivian and Christine Suttles, B. L. Turner, Lemore Stegall, A. C. Harris, Henry Brumme, Hattie Buchanan, A. H. Lohofener, Claude Phillips and Misses Naomi Meadors, Carol Lohofener and Junior Meadors.

Cast For Grade School Operetta Announced Wed.

The cast for the annual grade school operetta was announced by the teachers of the school Wednesday. The play will be produced at the auditorium of the high school December 6, and will be the story of "The Cobbler of Fairyland." The funds achieved by the play will be devoted to the library fund of the grade school. The play is directed by Ethyl Virginia Allen and the other teachers of the school.

The cast includes: Head Painter—Ray Allen Peevey. Second Painter—James Johnson. Queen Monarchia—Mary Ann Danforth. King Martin the Meek—James Thomas. Percival—Robert Campbell. Lady Lucinda—Eloise Slaughter. Rosaline—Billie Jane Roach. Head Cook—Marjorie Lou Gilbert. Second Cook—Agnas Sauls. Christobel—Peggy Kemp. Fairy Cobbler—Glendon Alexander. Adding Machine Paper—Star Office

Mrs. Muller Elected President Demo Club

Mrs. J. C. Muller was elected president of the Hardin Home Demonstration club in a brief business meeting at the club house of the organization Wednesday, Nov. 13. The other officers of the club were chosen in the general business meeting under the direction of the retiring president, Mrs. Fred Brookman.

The other officers chosen include: Mrs. Fred Brookman, first vice-president; Edith Goodlet, secretary; Mrs. M. R. Hewell, treasurer; Mrs. J. H. Bently, reporter, and Mrs. W. D. Bent, parliamentary.

All the members of the club have been requested to attend the meeting next Wednesday afternoon at 1 p. m., Nov. 27, at the home of Mrs. J. H. Bently. The home is located south of Burk Burnett. Miss Leta H. Bennet will demonstrate the process for canning pork.

Home Makers Class Meets With Mrs. Hash

The Home Maker class of the First Baptist church met November 14 at the home of Mrs. Hash, Clara, in an all day meeting. The morning was devoted to making aprons to be presented as Christmas presents. The luncheon hour was served as a covered plate lunch.

The lunch was enjoyed by the entire membership, and at one o'clock the business session was held. The devotional was from John 3:1-16 read by Mrs. Hattie Buchanan, and discussed by Mrs. Sam Davis. Mrs. H. J. Albee was appointed reporter for the class. The class voted to have a Christmas party. In the social hour the class was entertained by a talk by Mrs. Woodward.

The members present were Mesdames McMurtry, and James, Harwell, Gilbow, Buchanan, Sam Davis, Woodward and Hash, members, and McClendon, A. L. Gilbow, Chaney and Sammy Woods, visitors.

Young People's Forum Hears R. O. Jonas Wed.

The members of the young people's forum of the First Presbyterian church heard R. O. Jonas, head of the department of psychology and education of the Wichita Falls college speak on the subject, "Pros and Cons of Spending Money on Higher Education." Mr. Jonas gave

the reasons for not spending public money on college and university training for young people and then analyzed the necessity of spending the tax funds for advanced training.

In a summary the speaker stated that a happy medium could be achieved by making the student bear part of the burden of his education and the state the remainder. One startling fact brought out was that the crime rate lowered in direct ratio as the education of the student increased.

The forum appointed a by-laws and constitution committee. Leonard Beard, chairman, Pat Thompson, and Curtis Cook will draw up the rules for the society.

The next meeting of the group will be December 5, and the subject for the meeting will be a book review of "Heaven's My Destination." The book is a study of religious fanaticism. Bryant Creighton, chairman presided at the meeting.

Devol Flashes...

Week has been one of the Devol high school activities have been as the personalities of it body. The students interest in every phase of life.

Few Lines of Sunshine

"What makes you think there is a woman in the moon?" "Well, for one thing, no man would stay up there that long and be out every night alone."

Twice Blessed

The visiting Sunday school teacher asked a nice little girl what God had done for her. The reply was, "He gave me a good home and a good father and mother."

a little freckled face, bow-legged, cross-eyed child. "Well, my little man, what did the Lord do for you?" "Well, lady, I tell you, He almost ruined me."

Special Flashes

DEVOL WINS TWO FROM CACHE
The Devol Coyotes defeated the strong Cache quintet Tuesday night by a score of 17 to 14. The game was slow and uninteresting the first three quarters, but both teams suddenly came to life in the last period.

The Coyotes came from behind in the last quarter. The fire works started when Leo Shull, ace guard, hooked a nice shot from the double line. The Coyotes got hot and won by three points.

Second Team Wins

Led by Orville Mitchell, reserve

first stringer, and James Eubanks, sophomore guard, the Devol second string decisively defeated the Cache Indians second string. This game was well played and featured some good shooting by both teams.

Devol Wins and Loses

The Devol A team went down before a fast breaking crack shooting Faxon team at Devol Friday night. The game was a thriller from the start to the finish.

The Devol B team showed their elders a thing or two about passing and shooting Friday night and soundly trounced the Faxon second team 20 to 5. Again led by Mitchell and Eubanks, who didn't let the Faxon Eagles score a field goal. The Devol B team is highly favored to win the Big Pasture conference this year as they are undefeated in conference competition.

Mrs. Lewallen Completes Two Year Study Course

Mrs. M. E. Lewallen, music teacher of Burkburnett recently completed a two years course of study of the Percy Goetchluis book of Harmony. The course deals with the technical and practical aspects of the subject, and give a broader understanding of music, and it is a

most difficult type of study. The book is generally accepted to be the most complete and authoritative of subjects related to harmony. Under Eithel Allen Nelson, Mrs. Lewallen will follow "Counterpoint and Ear Training" directed by texts of the same author.

DO YOU REALIZE YOUR SAVING?

Mrs. Housewife, have you ever figured the cash amount you have been saving as a direct result of your municipal light plant? Did you know the sum is \$34.20 during the past two and a half years saved on bills alone?

Using \$3.42 as the average bill for a residence during the last month (which was an average residence bill for Hardin Municipal Light Plant customers during October), you save \$13.68 per year in light bills.

Before the establishment of the local plant your average light bill would have been \$4.56 per month in comparison with the present average of \$3.42. Residence rates were lowered approximately 25 per cent with the inauguration of a municipal plant.

In addition to this cash saving you receive other savings. Patronize your municipal light plant.

Ben Howell, deputy sheriff, was in Burkburnett Monday night.

Creating Hell Tough Job For Cinema Experts

"Dante's Inferno" Director and Staff Find Assignment Hard Problem

When Harry Lachman, Fox Film director, was assigned to "Dante's Inferno", coming to the Palace theatre Tuesday and Wednesday, he mulled the first working script over, and found his sleeping time greatly disturbed with the problems, "What does Hell look like?" "How big is it?" "What are the

formations?", etc.

Lachman therefore, called in one of the largest pre-production departments ever engaged on a single picture at the Fox lot and gave the order, "Go the limit. Design any kind of sets you like, any kind of action—we'll put it on the screen."

Now that the picture is completed Lachman frankly admits that it was a difficult task to attain a sea of boiling pitch; the make-up that makes men and women appear to be transparent; cloth that would not burn, and smoke that can be controlled as to direction and density.

The picture, as finally brought to the screen, utilizes many of the more startling phases of Dante Alighieri's terrifying vision of an eternal hell.

With Spencer Tracy, Claire Trevor and Henry B. Walthall heading the featured cast, "Dante's Inferno" tells the story of a man who climbed to wealth by treachery and finally does penance for his crimes.

C. of C.—

(Continued from page 1)

to mark the section near the fire plugs where the no parking rule will be enforced.

Christmas Decoration

The directors authorized the secretary to proceed with the Christmas decorations of the city. Lights and banners will be placed over the main street and the appropriate seasonal material used. The organization will urge every merchant of the city to decorate and make attractive the stores.

The organization will provide for an invitation to be sent to Santa Claus. The patron Saint of Christmas will make a visit to Burkburnett during the season. The decorations will be placed immediately after Thanksgiving.

F. R. Knauth, county commissioner and chairman of the road improvement committee of the C of C reported the excellent work that is being done in and near the city. Knauth has spent much time and energy securing the attention of the state highway department for this section. The work that the department has done here has been remarkable.

Meeting Next Week

The Burkburnett Garden Club will meet with Mrs. Butler Westfield next Wednesday, Nov. 27 for a study of "Landscaping Our Homes". Mrs. Fred Flanagan will be the leader.

The Hardin Home Demonstration will meet with Mrs. J. H. Bentley at her home south of Burkburnett next Wednesday, Nov. 27 with the meeting starting at 1 o'clock.

The federated study clubs will meet next Monday night for a joint meeting of the study clubs of the city.

The regular meeting of the Current literature club for next week will be in connection with the federated meeting.

The Morgan circle will meet Monday with Mrs. C. F. Brookover, Nov. 25.

Songs, Fun and Romance In Stud Comedy

For a scene in Paramount's romantic comedy, "Two For Tonight", featuring Bing Crosby and Joan Bennett, coming to the Palace theatre Friday and Saturday, Crosby had to don a full dress suit. He balked at the collar and tie offered him. The next day, Miss Bennett, who is Mrs. Gene Markey in private life, brought one of her husband's collars and ties, and Bing wore them.

"Two For Tonight" is a brisk, fast moving comedy, plentifully supplied with music, songs and romance, of an ambitious young crooner who accidentally becomes a playwright and becomes involved with a theatrical producer, his stage girl friend, and his secretary in a series of lively incidents that become more and more hilariously complicated.

Going in search of romance and adventure to get material for his play, the singer starts a seltzer water battle in a night club, lands in jail and rehearses a love scene with the wrong girl which makes the right girl walk out on him.

Clear Weather Speeds Local Cotton Picking

The clear weather that started early this week speeded the cotton picking so rapidly that the second unit of the co-operative gin was opened Wednesday. The total amount of cotton produced so far is 3,625 bales for the Burkburnett area. This includes both round and flat bales. The production is expected to reach its peak late this week or early next week. The heavy rains and cold weather retarded the production for over two weeks. The local area will reach nearly 4,000 bales. The reports were made by Farmers Co-operative Gin and Burkburnett Gin.

Adding Machine Ribbons.—Star.

You Are Free To Call the Funeral Director of Your Own Choice...

When misfortune befalls a member of your family and he is called to the great beyond, then is when the *MINISTRATIONS* and *SERVICES* of a *REPUTABLE, HONEST AND EXPERIENCED* Funeral Director should be sought—one in whom you can put implicit faith, one who can be close to you and one who will appreciate your needs and at the same time respect your ability to pay, and one who *CAN* and *WILL* anticipate and attend to your every want—thus relieving you of many details, some of which possibly, would be overlooked, in arranging a Funeral Service for a departed Loved One.

DO NOT HESITATE TO CALL THE FUNERAL DIRECTOR OF YOUR OWN CHOICE

Every life insurance policy written in the State of Texas is payable in cash and gives the beneficiary the right of freedom of choice in selecting a Funeral Director. A recent law passed in Texas has forced a majority of *BURIAL ASSOCIATIONS* into reorganizing themselves into *LOCAL MUTUAL AID ASSOCIATIONS*, particularly the Burial Associations that were financially unsound. All are now forced to operate under the supervision of the State Department of Insurance—thus they must operate as *LIFE INSURANCE COMPANIES* and not as a medium of soliciting business for any particular Funeral Director—You are guaranteed that your policy will be *PAYABLE IN CASH* and that you will be given your Constitutional Right of freedom of choice in the matter of selecting the Funeral Director—*MAKE YOUR OWN CHOICE.*

DO NOT BE MISLED into believing that you must call any certain Funeral Director if you are the holder of a policy in any *BENEFIT ASSOCIATION*, whether operated by a Funeral Director or not—your rights in the matter are guaranteed by law.

YOUR FUNERAL DIRECTOR will treat these policies just the same as any other Insurance Policy, extending the same Privileges, Courtesies, and Credits that the contract merits—there will be no strings attached and you are in a position to take advantage of a free and open market.

Texas Funeral Directors and Embalmers Ass'n.

Crowell-Olney Game Holds Championship

Crowell, Texas, Nov. 20.—One of Northwest Texas' most interesting football games for 1935 is expected Friday night of this week when the Olney Cubs and the Crowell Wildcats, only unbeaten teams in District 9-B competition, clash at 7:30 o'clock in Crowell's new stadium. This game will not only decide the championship of the district this season, but also the winner of the five-year series of games played by these two teams since Crowell re-entered 9-B competition in 1931. Olney won 7-0 and 14-0 in 1931 and 1932. Crowell evaded the count with 19-12 and 33-12 victories in 1933 and 1934.

Crowell-Olney games always produce the maximum in wide-open and hard-fought football and the game here Friday night promises to be no exception. Not only will it bring together two of West Texas' best Class B elevens, but also some outstanding individual stars, including Bill Dunn of Crowell and Hoyet Williams of Olney, all-district linemen for the past two years who are now playing in the backfield, Ryan Kelly, Olney quarterback, and Paul McKown, Crowell fullback, both of whom are regarded at the district's outstanding offensive threats. This makes the third consecutive year that these four boys have played against each other.

Crowell's new bleacher section, with its 2,000 seating capacity, is expected to be filled for the game. Since the first row of seats is seven and one-half feet above the ground, an over-flow crowd will not interfere with the view of those seated. Because of its location on the north side of the field and its tight construction, the Crowell stadium provides real protection in case of a crisp north wind.

Football Game To Start at 7:30 Fri.

The starting hour for the football game has been moved up to 7:30 for the last game of the season. The fans have been accustomed to going to the park at a later hour, but the short days have demanded an earlier hour. The Bulldogs will meet the Iowa Park Hawks Friday night.

A war isn't over until the people cool down enough to see how unnecessary it was.

Stradley-Hoffman Wed Grandfield Oklahoma Tuesday

The announcement was made this week of the marriage of Miss Melbri Lu Hoffman of Burkburnett, to C. H. Stradley, also of this city, which took place in Grandfield, Okla., last Tuesday afternoon at 4 o'clock. The wedding was in the parsonage of the First Methodist church, and Rev. O. L. Fontaine read the ceremony. The young couple were accompanied by friends of Burk. They will make their home in this city.

The War Department now has a plan of defense against all dangers except fool war talk.
