NUMBER 16.

INTERSCHOLASTIC LEAGUE DIRECTORS ABOLISH ROUND ROBIN CONTEST

Many Local Men Employed On Magnolia Pipe Line Project

Work On Pipeline Project Started In Burk Last Mon.

Men at Work on the Magnolia Line Near Burk For Company

NEEDED FOR LINE

Superintendent of the Mitton Stewart contracting company, Dallas, stated in Burkburnett yesterday morning that the pipeline project that is under way would be continued for six months, and that if it is not completed by then, 50 men would be secured for Burk for the jobs on the line.

The work will start 9 miles west of Petrolia and pass near a point six miles south of Burk. This line will be trenched and spotted or re-conducted. The welders, about 50 in all, were brought with the contract, but an additional crew will be required.

No PWA Men

Employees of new pipe will be near Electra, and the entire work will employ a large number of men. However, the superintendent said Thursday that no PWA men were wanted by the company. Competent oil field men will be required, and these men of experience and skill will be chosen and no laborers will be employed if enough men can be secured.

Headquarters city, Burkburnett, will be aided by the project. Thousands of dollars will be paid in wages in this area, and hotels and boarding houses as well as other business will feel the effect of the wages that are paid here.

World Defeats Bears In First Play-Off Game

Harold Hornets took the game of the Red River Valley at the Fairview Bear's own Wednesday night by a score of 11 to 1. The game was one of the best played this season on the court. The score at the half was 5 to 11, and the Hornets won after a last quarter rally that sent them out in front. The second game of the series will be played at Friday night. If Fairview has a comeback and wins, the game will be decided on the toss of a coin.

Grade School Operetta Friday At The High School Auditorium

Combining the fantastic mystery of the fairy story and the beautiful musicals of the operetta, the school will present the annual musical drama at the high school auditorium Friday night, at 7:30. The play that was selected by the teachers and pupils is the "Cobbler", and it will present approximately 100 pupils of the school departments of the school in an elaborate production.

The cast which has been announced previously will be directed in the play by Miss Ethyl Virginia Almy and other teachers of the department. The cast has been working hard since the start of school in the ambition of presenting a successful evening's entertainment, incidentally adding to the school fund of the school.

The efforts that the children have put into the play deserves the auditorium packed with enthusiastic lovers of fantasy and music every night.

Some of the delightful parts of the play will be the lovely costuming of the various parts of the play. The story or plot is presentation of the Kingdom of Make Believe. Preparations for the party make up the first part of the play.

Of course there is the cruel, hard hearted and much hated queen, the sister of the beloved princess, the

County May Vote On Liquor Soon By New Rulings

Petition Being Circulated To Call Election In Near Future

COMMISSION TO ACT

A new ruling directly in opposition to one released over a week ago was given by the attorney general in San Angelo last Friday that precinct elections could be held to determine the status of a given district inside of a given county wet or dry. Previously the courts had held in unofficial ruling that a dry county could not possibly have a wet sub-unit within its borders.

The previous ruling applied to a given city. But according to the attorney general it does not apply to a precinct. The city of a precinct must remain what the precinct as a whole votes.

Two sets of petitions are being circulated. One demands the repeal on the local option law for the precinct number 1, including Wichita Falls. The second set demands the election for the repeal of the county local option law. There is a possibility that both petitions will be presented and that the two elections will be held simultaneously. However, there is the possibility that only one election will be held. The latter is more likely. The persons who are promoting the election feel that the election would have a better chance to carry the Wichita precinct alone than the whole county.

Hunted No. 1 Nears Deep Test Level Sat.

The Sunray Et Al deep test located eight miles north of Devol reached the deep test level last week when they passed through a lime hard structure at 2,553 feet, and reported to be making good time below that level. The well is located SE SE NE 9-s-13w, and is creating extensive interest in the entire area.

Lease activity reached the top in the west area last week when several companies paid as high as \$600 per quarter of a section for leases in the district.

The Maggie Weaver No. 1 was under way this week and A. B. Hostick is reported as seeking at least 2,500 feet well in the blocked lease for 4,000 acres just about three miles east of the Devol township. The test reached 900 feet Monday.

Adding Machine Ribbons.—Star.

heroine of the play. The party is given in the honor of the princess, with all the complications and magic of the fairy story, and the unique mischievous elves.

The school patrons of the city have been urged to attend, assured of a beautiful and well trained cast, lovely songs, interesting story, and an excellent benefit in the book fund.

Those who will take part in the operetta but whose names were not listed with the cast published last week are: Charlotte Whitaker, Jimmy Joy Nicks, and Mildred Guthrie. The special numbers played by members of the Blanche Butler studio will be by Dorothy Browning, Betty Jean Turner, Delpha Finch, Carrol Lohoefer and Mary Frances Browning. The admission at the show will be 25 cents for adults.

The rhythm band that will play at the play includes as members: Ben Frank Clifton, director; Billy Jane Wimberly, Dorothy Ann Preston, Virginia Cope, Colleen Howard, Mary Frances Kelley, Keith Jones, Jim Tom Brookman, Patsy Scott, Ila Frances Prinzing, Mary Frances Gambelin, Mace Oyler, Bobbie Ray Arrington, Dan Strickland, Joy Rankin, Bobby Hall, Jack Blanscet, Elkin Gregg, Janice Caffee, Betty Jo Pace, Betty Riddle and Donna Lou Level.

BUYING IN BURKBURNETT

(Editorial News Story)

Every year we are urged to buy in Burkburnett, and this is one of the most important things that we can discuss at this time. Over ninety per cent of the people living here that are not supported by the government are responsible to local people for the money that they receive.

To take that money which we receive day by day out of town means to kill the goose that lays the golden egg. If there were some huge industry here that was bringing money back into the town as the oil industry did during the boom days there would be some excuse for sending our trade out of town.

But that phase of our industry has passed. We are faced with the necessity of making our home market support us or give up the ghost. This town has staged a remarkable comeback. Most boom towns never come back after the boom fades. We are one of the exceptions. And we will continue to be as long only as the people remain loyal to Burkburnett business houses.

Responsibility of Merchants

It would be hypocritical if we scolded the buyers and didn't scold the merchants also at the same time. The heavy competition of nearby centers is a challenge to you, the merchant and seller. It means a more efficient service must be given, better class of friendly co-operation extended to the local people.

As people who are trying to sell we can not be arrogant and indifferent to the demands of people and expect them to co-operate.

So this is a challenge to both the merchant and the buyer. Stand by your city, and make this little town the envy of the whole state—both in loyalty of the buyer and efficiency of the merchant.

News Boys Invited To Dine With Lion Club Next Tuesday

All of the news boys of Burkburnett have been issued an invitation to dine with the Lions club next Tuesday night at the First Methodist church in the regular annual Christmas dinner for the boys sponsored by the members of the club. The club and the entertainment committee promises that the program will be an interesting one both for the members and the guests.

The club will provide the program of entertainment that will rival the best programs of the past that has been arranged for the occasion. The special committee includes Leonard Mattingly, A. B. Sandler, and Joe Majors. This committee was appointed to arrange the surprise for the boys.

The committee making the arrangements for the program is Lee Clifton, J. C. Cook and Johnnie Anderson. The numbers to appear on the program will be announced later.

Rev. Rex Ray to Speak At First Baptist Church

Rev. Rex Ray, a returned missionary from China, will speak at the First Baptist church Thursday night at 7:15 o'clock. Rev. Ray will also show pictures of scenes in connection with his work in China.

Rev. Ray was captured by Chinese bandits some years ago, and had some very exciting experiences. He will probably tell of some of these experiences in his message Thursday night.

The general public is invited to hear Rev. Ray, in his very interesting and informing message, and the members of the First Baptist church are urged to be present. Both his pictures and his message will be interesting to children, young people and adults.

Kieslings Buy Stock Alexander Hardware

The Kiesling Bros. Hardware and Furniture store bought the hardware and other stock of the Alexander Hardware and Lumber company in Burkburnett recently and the store is planning one of the biggest sales in this type of merchandise that has been staged in Burkburnett in several months.

J. M. Alexander will continue to hold his office open at the same location for the collection of notes and accounts. Mr. Alexander has been in the hardware and lumber business in Burkburnett for 30 years, and he will be ready to accept payment on debts etc. at the office at any time.

Bids to Be Let On Contract Of Randlett School

Burk Contractors Asked to Bid on \$25,000 Building

BIDS RECEIVED DECEMBER 13

The chamber of commerce received a letter from Walter T. Vahlberg, state architect of Oklahoma, asking that office to inform the general contractors of Burkburnett that they would be eligible to bid on the contract for the \$25,000 school house to be built in Randlett, Oklahoma, in the near future. The bids, according to Vahlberg's letter must be received by the date December 13th.

The contractors must be able to make a bond, and the plans and specifications can be had from Vahlberg's office at 1222 N. Broadway Place, Oklahoma City, Oklahoma. The contractors construct the building on funds derived from PWA grant and a local bond issue. If there are any contractors in this city or territory that are interested they have been requested to get in touch with the architect at his office immediately. The fact that the local contractors do not have Oklahoma residence will not be counted against them in the purely competitive bidding.

All Star Volley Ball Team Organized Here

An all star volley ball team is being organized here and the managers are anxious both to secure games with other teams in this district and to secure additional players who are interested in the net sport. Mrs. Viola Key is captain and Jean Stonecipher co-captain. The practice will be held at the high school gym on Tuesday and Thursdays, and anyone wishing to play should report to the managers or to the team or to practice. Mrs.

(Continued on last page)

Police Issue Parking Instructions Thurs.

The police and city manager issued parking instructions for the people of Burkburnett and the visitors here Thursday. The lines which have been painted by the chamber of commerce were placed on the streets for the cars to provide more room for down town placing of cars. The police and city have warned the public that those violating the lanes will be given tickets and required to appear before the city judge. The parking area was proposed for the purpose of clearing the traffic jams and aiding the people.

Bill Stapp, Jim Turner and N. H. Harris have been instructed to watch the cars. The visitors are asked to assist the enforcement by correct placing of the cars. The citizens are warned to not park over or across the lines that are painted.

Jack Hollis Accepts Three Year Sentence

Jack Hollis of Burkburnett was formally sentenced to serve three years in the state penitentiary for automobile theft by Judge Earnest Robertson in the 89th district court in Wichita Falls Friday afternoon. Hollis was convicted by the jury three weeks ago in connection with the theft of the auto of Jingle Hayes of Burkburnett.

The car was alleged to have been stolen the night of the Harvest festival in Burkburnett from the streets of the city. After it had been taken it crashed into the Bogart grocery building in the south end of town, and one of the boys, Edwards, was fatally injured in the crash.

Hollis was taken to the Wichita Falls hospital and placed under arrest by the sheriff at the request of the Burkburnett police department. The arrest followed indictment by the grand jury and conviction later.

Hayes' car was completely wrecked in the accident, and it was practically useless. The car had failed to make the turn on the highway and had crashed into a light pole at the junction of the two roads, then flipped completely over to crash into the store building backwards. The store building was moved several feet from its foundation.

No More Old Age Exemption Poll Receipts Here

Tax Collector Arthur C. Howard of Wichita Falls issued the statement in Burkburnett Wednesday that no more exemption certificates for persons over 60 years of age. Mr. Howard instructed Herman Brown, secretary of the chamber of commerce and collector for Burkburnett precinct, to not issue any of the papers.

The collector stated that persons that were over 60 before Jan. 1, 1935, could vote in the coming election, but the slips would not be issued to prove their identity. This new ruling applies to cities of less than 10,000 population.

Mr. Howard gave no reason for the new ruling, but stated that temporary certificates would be used for the persons who are 21 after January 1 of 1936. These votes will be cast during the coming elections of the same year. Glenn Haynes was in Burkburnett with Mr. Howard.

Legion Will Meet Monday Night To Plan Christmas

The members of the American Legion of Oscar Frye Post, have been urged by the commander, Joe Majors, to attend the meeting of the post at the legion hall Monday night in order that plans may be completed for the annual Christmas projects of the organization. In the past the legion has attempted to distribute baskets and other Christmas gifts. What plan will be used this year has not been decided, but the legion will try to carry out some holiday celebration.

Santa Claus To Visit Burk This Year As The Guest of Merchants

Old Saint Nicholas, better known as Santa Claus will visit Burkburnett before Christmas as the guest of the merchants and business men of this city, and will see all of the children here on his visit. The children have been given notice to be on the watch for the announcement of his visit.

With a twinkle in his eye the patron Saint of the children will ride in parade and visit every store in town, where he expects to meet and shake hands with the jovial old fellow from the north pole.

The reception that is being arranged for him will be one of the most elaborate that the merchants have prepared for him since his visit

Spring Contest Will Bring Close To 2,000 Students To City

Interscholastic League Officials Plan Details For Huge Meet of Schools

DATES SET FOR EVENT

The directors of the county Interscholastic meet met with Butler Westerfield, director of the conference, at the high school offices Tuesday night to plan the interscholastic league contests that will bring more than 1,500 contestants to Burk next spring.

The most important decision of the league officials Tuesday night was to abolish the Round Robin and double Round Robin play to determine the finalists in the county basketball tournament. After lengthy discussion, the league adopted the purely tournament form of elimination.

For the past few years the members of the league had been required to play an elimination Round Robin or double Round Robin to qualify for the entrance into the county tournament. This system

Ralph Foster Trial Is Postponed By Court Until January Term

Attorneys Fail to Agree on Trial Date For December Term of Court

EXACT DATE SET LATER

By agreement of both the state's and the defense attorneys, the Ralph Foster case, formerly set for Dec. 9th, has been postponed until the January term of the court in the Wichita county court house. The decision was announced Friday by the district attorney's office after Mike Anglin and C. C. McDonald, attorneys for the state and the defense, were unable to agree on a date for the trial.

The first trial resulted in a hung jury. The state contended that Foster had fired a bullet that pierced the brain of his wife, while the defense maintained that Mrs. Foster had committed suicide.

The woman's body was found in the cellar of the home south of Burkburnett, with a bullet hole through the head of the victim. Foster told the officers that he had returned from a meeting the night before and had quarreled with his wife, but that when the quarrel had ended he retired. He awoke the next morning to find his wife missing and the body was discovered in the cellar by the little daughter of the couple.

The trial developed sensational evidence for the state. The defense never presented a single witness, and although many character witnesses had been called, the defense never revoiced their recommendations about the man on trial. The jury deliberations resulted in a hung jury with the report that the vote stood 6 to 6 at the end of the session. The trial was presided over by Allan D. Montgomery.

THURSDAY, DECEMBER 5, 1935

WEST MAIN STREET

For the fourth time in two years children have paid with their lives for our indifference in regard to West Main street. A peculiar situation exists there. The main highway is narrow, and cars are parked right up to or on the highway, and the result is not a theoretical unsound condition from the view point of traffic science, but an acute danger that we have seen in its deadly toll.

Only a small portion of our population lives on West Main, but at some time or the other most of the children walk out that way to visit or just to walk, and every time they go, the peculiar situation makes death a constant companion, walking by their side.

Are we so crassly stupid that time and again this dreadful scene of torn body and broken hearts will only arouse a little sigh of regret, and then be forgotten?

Those drivers who have been victims along with the children, will never be quiet the same again. To hear the body of a child thumping its way to death under your own car is as horrible an experience as a normal man can ever feel. The torturing and excruciating realization of how futile your efforts have been is appalling.

Of course people drive too fast. There is no excuse for fast driving. But after that is said, what about the victims? A little cluck of sympathy will never assuage the heart of the father or mother, or cure that persistent nightmare in the brain of the driver.

Something else will have to be done! What? Well the road must be widened. PWA has appropriated the funds for that. The cars must be made to park off of the highway. State law already compels that.

The big thing that the people can do is to get behind a move to build a complete walk or pedestrian path. Personally this editor has had the depressing experience of having to do a couple of loops and a nose dive to avoid both grown-ups and children—especially during bad weather. Therefore, let us get right behind the local civic organization that is trying to see that this is done before the next year has passed.

SHOOTING QUAILS

The sportsmen who get a thrill in bird hunting have had ample opportunity this week to display their skill. Most of the reports have been optimistic. At the same time some reports have arrived, that the less fair or more greedy are disregarding the laws set up for the welfare of the whole group.

The state has no malicious intention of deliberately acting as a "kill-joy" in regulating quail hunting so severely. The state is merely trying to protect us from our own selfishness. Left unprotected, the game bird would disappear as have many other species of the bird and wild life family.

This is more than an appeal to our sense of sportsmanship. It is an appeal to our common sense to discard the selfishness and ignorance that makes us think we can go on indefinitely violating the laws and not suffer both in the court and in the supply of birds.

EARLY SHOPPING

Every year about this time, it is customary to write an editorial about shopping early for Christmas. Some few people take this seriously and really do try to buy ahead of time. Every dictate of common sense urges us to an effort for Christmas shopping early in December.

The advantages of such a policy are apparent. You have a wider choice of varieties. The clerks are more able to devote time to your needs. The merchant is better able to judge his stock. The materials are less worn from examination and handling. The wrapping and mailing of parcels at this time makes it possible for them to reach their destination on time and uninjured from the holiday rush.

So buy early in order to be fair to yourself and to the merchant, to the clerk, and to the postal clerks.

PICK-UP IN BUSINESS

The weekly report of the "Business Week" and all other statistical companies indicated last week that the amount of business had reached 68.9 per cent normal. This is the highest rate reached since November, 1931. There are a lot of people that like to criticize what is being done, and point out how our leaders have failed, but no one, however smart can deny these calculations.

This advance represents a 21.2 per cent increase over the low of March, 1933, and 10 per cent increase over the same time last year. Furthermore, it is less than nine per cent below the excellent level of 1930 for November. The best part of the whole percentage is that since January last year there has been a steady rise. Not a single deep valley in the chart.

A rapid advance would be dangerous, but a gradual recovery must be based on something more solid than hot air and political scheming. The only thing that remains to be done for complete recovery is the gaining of courage by the men who now hesitate to steam ahead under full power.

The rise in wages and the spread of general power will reach the normal status only when the spread of spontaneous re-employment is apparent. That stage will be achieved by a group of men who have faith enough in our destiny to step forward with courage.

Adding Machine Paper at the Star Office

News of Week

A far reaching decision was handed down by the Supreme Court Wednesday when the justices held that the state conservation commission had the right to regulate the oil wells. The Supreme Court held that the railroad commission under which the conservation group works, had the right to regulate "when such rules of regulation were legal, reasonable and not arbitrary."

This will have a good reaction over the whole United States. The decision definitely establishes the state of Texas as a party ready to bargain with the other states that are producing oil for tighter control of the black fluid. The status of the commission's control was uncertain until last Wednesday's ruling. Now they have legal approval of their work.

Dean Law Cases

The repeal of the Dean Law with the passage of the new liquor control law caused the dismissal of 26 cases before the appeal courts. The demand is gradually accumulating for the release of all people convicted under the law, and the restoration of their citizenship. That sounds excellent in theory, but the governor maintains that these men were convicted under a law that existed at the time of their conviction, and that they should pay the full penalty for violation.

No New Taxes

One of the most encouraging news stories that has come from Washington for several weeks is the news that the president and the congressional leaders will not seek to levy any new taxes for the 1936-38 season. Business is fairly well settled in a program that will eventually bring complete recovery, but industry must not be scared out of its progressive moves by the threat of taxation.

Farm Debentures

However, one additional expense may be undertaken. The farmers and their friends have cried that the Bankhead bill was killing foreign markets. The government may undertake to allow the farmers a pro-rata expense for all the goods exported to foreign markets to offset the lower prices elsewhere. The bill would be along the lines of the famous McNary-Haugen bill. The bill was vetoed by Coolidge.

Big Business Program

Big Business has submitted a 13-point program for recovery for the United States. Some parts are sound—most of them are just so much sound.

A few of the important points are: 1. Cutting relief to bare necessity to support state and local attempts. 2. Stop federal loans in private enterprise—especially utilities. 3. End PWA. 4. Balance the budget. 5. Stop spending in RFC. These and eight other points will be their basis for sound government. The only strange thing about the whole matter is that these very men that are now opposing were so eager to save themselves by aid of the RFC in 1933. But Roosevelt has found as all other men find that the surest way to earn the respect of a person or group is to help them when they are in need.

Oil and War

Italy states emphatically that she will use armed force to keep the oil ban from being enforced. Without oil Italy is just about like a car without gas. War just can't be fought now without the precious motor fuels.

England and France seemed determined to make the United States take the first step in the matter. U. S. hasn't been inclined to step in and stop Italy's oil without the step being approved first by the League of Nations boycott. Just what would happen isn't possible to see. But most men believe that Italy would attack France the day the supply was cut off from Italian ports. Italy would have to attack soon. A few days would exhaust their own supply.

Il Duce is faced with the necessity of fighting it out or stepping down from the throne of the Italian government. It is likely that he will fight.

Final Rites Held In Burk Last Fri. For Crash Victim

Elliott Child Killed When Hit By Teacher's Car Here

Funeral services were held for Goldie B. Elliott, victim of an automobile accident in Burk, last Friday afternoon. The death of the crash victim followed a collision with the car of Charles Jones, teacher at the Fairview school Wednesday afternoon on the pavement west of Burkburnett business section. The services were held from the church of the Assembly of God, with the pastor, Rev. H. M. Savage, officiating. Owens and Brumley funeral home directed the services. According to the witnesses at the scene of the accident, the child with three companions ran from behind a car parked at the side of the road, and while the chums dashed back to safety, the Elliott child ran into the path of the automobile.

Chief of police Bill Stapp investigated the accident thoroughly, but the driver of the car was released without charge by the police department. The child was carried to the hospital by Mrs. E. C. Lowery, a passing motorist, but she had died instantly after the car had hit her.

Dr. Ruel Slaughter stated that she had suffered a broken neck, and fractured skull and possibly serious internal injuries.

The child was survived by parents, Mr. and Mrs. J. W. Elliott, two sisters, Nina Ola and Marvilla, and one brother, J. W. Elliott, Jr.

New Braking System For New Chevrolet

An entirely new braking system utilizing the hydraulic principle of actuation in combination with its own design of brake mechanism within the brake drums at all four wheels, is introduced by Chevrolet in its 1936 models. The system, says the company's announcement, possesses all the inherent advantages of hydraulic brake actuation, plus the special benefits that Chevrolet has built into its own type of articulated brake shoes and linkage by which pedal pressure is converted into braking effect.

Except for the means of actuating the brake shoes, the new Chevrolet brake system is the same as last year, though improved in mechanism details and increased in braking capacity.

Ease of brake adjustment to com-

To Make A LONG TAIL SHORT

We think as long as we have an Armistice Day, Father's Day, Mother's Day, that we should have "Husband-to-be Boss" day. Hubby might have a job bossing the angels if his brakes don't respond instantly if he wants to stop NOW. Better "Say it with Brakes," and save the flowers.

pensate for wear is one of the features of Chevrolet's exclusive brake design. There is only one adjusting point for each brake shoe, reached through an opening in the brake flange plate or the brake drum. With a screw driver used as a lever, a notched adjusting wheel is turned until the shoe slightly drags on the drum, then the adjusting wheel is backed off four notches, completing the operation. Not even a feeler gauge to measure clearance is required.

In its design of the hydraulic system, Chevrolet has made full use of its inherent advantages, which include self-equalization of pressure on the brake shoes, freedom from frictional losses between pedal and shoes, proof against trouble caused by dirt and ice, and ease of maintenance.

By making the pistons in the wheel cylinders larger than the master piston operated by the pedal, thus multiplying the effect of foot pressure, the Chevrolet design achieves sure stopping with light pedal pressure. Further advantage is taken of the hydraulic principle in that the front wheel cylinders are made larger than those of the rear wheels. As a result, for any given pedal pressure, the front wheel brakes exert a stronger braking effort than the rear—a desirable effect, because, when brakes are applied, the weight of the car shifts to increase the load on the front wheels, while the weight on the rear wheels is reduced. Chevrolet's distribution of braking effort compensates for this shifting of weight, and divides the total braking effort between front and rear wheels in proportion to their load and traction.

The Chevrolet design of articu-

lated brake shoe and links of the uneven wearing of brake linings by insuring full contact entire lining with the drum, distributing the pressure and over the entire area of the shoe. The system differs from also in that the hand brake actuates both brake shoes rear wheel drum.

Few Take Advantage of Half Tax Payment

Up until late Saturday afternoon only one person had taken advantage of the opportunity to pay the tax ahead of the date for further partial payment of the tax. The legislature lowered the payment of half tax on or before Nov. 30 an second portion on July date. However, 22 persons had their taxes in full at the office of commerce office. The office continues to receive the month taxes through the rest of the year and up until the deadline plan will be required the entire amount at the date in January.

Men of Burk Area Protest Cut of The Allowable

Numbers of protests in petitions, telegrams, and calls were sent to the commission in Austin this week as the result of the recent production of that body to cut the allowable oil 1,000 barrels for the district of North Texas during the month of December.

The producers of the area have protested the cut was unfair, and some re-adjustment should be immediately effective. The production of the area is 57,000 barrel restriction allowed 2843 barrels margin for production and prorated.

The protesting producers claimed the area had a potential of 44,000 barrels, and that the allowance that basis was 44,000 barrels. Instead of a reduction, the producers claimed that the area credited with an increase, if same basis was used here as in force in other fields of the

authorities said the reduction was represented in non-marsh wells which failed to make allowance and others which are declining in the entire area. Authorities stated that the potential had been boosted for the purpose of making a higher allowance possible. The same office announced that very little prospect was in sight for re-adjustment at the present.

Charles Phillips Honoree at Shower

Chas. Phillips was honored at a good lunch shower November 27. After several games were played the honoree was presented a number of lovely gifts. The following were present: Mesdames Phillips, H. E. A. W. Salter, M. P. Keith, E. Whigham, R. E. Carnes, F. M. Ward, Frank Kelley, E. H. Logan, J. L. E. Bundy. Those sending were: Mesdames A. R. Bunnell, J. A. Johnson, Raymond Holm, H. E. Warn, R. A. Beezly, H. Rags, Roy Stuckey, Tom Harms, E. Wofford and Lucille Jenkins.

Baptist Methodists To Attend Meet At Wichita Falls

Burkburnett Methodists of the various boards of the church will attend the Round table conference at the First Methodist church at Wichita Falls Friday all day. The groups are Christian education, missions, lay activities, and the women missionary societies.

Several of the Burkburnett members of the committees mentioned are planning to attend the meeting and will feature several important speakers under the direction of the presiding elder, Paul Martin.

Bala Williams, county administrator of relief, was in Burk Tuesday making arrangements for workrooms.

Hearing on Oil Strike Delayed

Indefinite postponement was taken by the federal government Monday in the scheduled hearing for taking of testimony in complaints filed with the labor relations board against the Bell Oil and Gas company.

The complaints were filed several weeks ago on behalf of seven former employees of the oil company following the general strike in the oil fields northwest of Burkburnett early this fall. The action was filed under provisions of the Wagner bill which was adopted by congress early this year.

J. L. Coulter, secretary to the International Brotherhood of Oil Field, Gas Well and Refiners Workers, which brought the complaint, is under treatment at the Wichita Falls Clinic hospital for injuries which he received in an accident Friday near Wichita Falls.

While he was reported to be improving and not critically injured, physicians were uncertain Monday at what time he would be able to leave the hospital.

Methodist Church

Special services featuring Bible Sunday will be given.

"The Book Goes Forth" will be the theme of the Sunday morning services at 11 o'clock, in a sermon by the pastor of the church. "The Bible Down Through The Ages", presented in a stereopticon lecture will be given at 7 p. m.

Remember that Sunday school will be at 9:45 a. m. and the Senior league at 6 p. m. The celebration of Bible day is an international service. All over the world people will join in the remembrance of the services.

Baptist Missionary Society All Day Meet

The members of the W. M. S. of the First Baptist church met in an all day session Dec. 2. The morning was opened by singing of "Silent Night". Mrs. Carnes gave the devotional using Luke 2:1-7 as a basic text. The devotional prayer was by Mrs. M. B. Hays. Mrs. Kent had charge of the royal banner service. The topic for the discussion was "Lifting the Banner of the Cross Through our Christian Offering". Mesdames Salter, Cheney and Strickland gave talks in the discussion.

The first program of the week of prayer was given. The following gave topics: Mesdames Carnes, Walker, Belden, and Whitesides. Mrs. Buchanan dismissed with prayer. The Sallee circle served the luncheon at the noon hour.

The afternoon service opened by singing "Lead On, O King Eternal". The devotional was by Mrs. Cheney from Luke 2:4-11. The prayer was led by Mrs. Salter. Reports were received from chairmen of the permanent committees and the circle and adopted for the minutes. The benediction was led by Mrs. Walker.

Texas Legislature Sessions

Editor's Note: It is the intention of this paper to give as adequate information possible about matters that concern the entire citizenship. The last two sessions of the legislature treated with subjects that are of far reaching interest and effect on the people of Burk and all the state. For that reason we asked one of the state representatives, Charles Tennyson, to write an exclusive explanation of what happened during the two meetings.

(By Charles Tennyson)

The two sessions of the Texas legislature recently ended were faced with solving problems, never before presented to a Texas legislative group. Further, problems which arose in special sessions when the time limit by the state constitution is 30 days.

The fee system had been abolished August 24 and the legislature was required to fix salaries for county officials in 254 counties. The old age pension had been adopted by a large majority. Congress had, only a short time before the Texas election, passed the Federal security act which specifically required all state pension laws approved by social security board before any contributions would be made from Washington. Therefore, the federal act had to be studied carefully by the members of the legislature before they could pass a state law. The liquor question had been up for about 20 years. Taxation remains a question to be considered.

Governor's Session

The special session of the legislature is known as the Governor's session since only subjects submitted by him may be considered. This is an authority vested in the chief executive of the state by the constitution.

Due to the various emergencies dealing with the federal WPA grants, local state emergencies, etc., enough subjects were submitted for consideration to permit the introduction of 151 bills in the house and 73 in the senate.

Of this number 36 house bills passed and 27 senate measures—totaling 63 bills, which became a law, were adopted. The chain store tax bill was the only tax bill which passed both houses. Numerous other tax bills passed the house but were not reached in the senate. One of these was by the writer

and Hon. W. A. Shofner of Temple and proposed to increase the gross receipts tax on all utilities. The measure would have produced \$500,000 annually for the old age pension.

The officers' salary bill and the liquor regulatory act were passed by the house, but the lack of time prevented their final passage in the Senate.

The second session found the major obstacles of liquor, officers' salary, old age pension and drivers license bills virtually agreed upon by the first session. Very few other emergency matters existed and each of the above measures were passed.

Liquor Bill

The Liquor Bill received enough votes to make it effective immediately, when signed by the Governor Allred, Nov. 15. The officers' salary bill will be effective with the new year, while April 1, the last day of securing license plates marks the deadline for securing a drivers license. These license are free and may be secured from tax collector.

Three fourths of the revenue from liquor is allocated to the old age pension fund. This sum is estimated to amount to more or less annually about \$4,000,000, depending on how many counties vote with local option.

At the same time since the beer law was transferred to the liquor department, three fourths of the beer revenue will go to the same fund—in 1936 this was \$1,710,563, or three-fourths will be over \$1,000,000. By this vote the revenue for pension will be over \$5,000,000.

There is no way to estimate how much will be needed for the pension payments, but careful study leads to the estimate that \$10,000,000 or \$12,000,000 will be needed. This estimate leaves about 60 per cent of the annual amount to be raised from sources of revenue. Governor Allred has indicated that he will call a special session for this purpose in January.

The law has defects which are apparent, but these will be corrected from time to time, and the writer is of the opinion that any one in need can qualify. The vote was insufficient to allow the law to become effective immediately. Therefore it will be inoperative before the middle of February. The writer has in mind offering a concurrent resolution in January which, if passed, approved by 2-3 vote of both houses, already unofficially appointed to operate immediately. This will shorten the time for the first payments.

Rogers Memorial Drive to Start Here

Jack Chatham announced here Monday that he would have the committees organized for the local Will Rogers memorial fund drive in Burkburnett some time this week. The money raised will be forwarded to the county headquarters at Wichita Falls and the county quota will be determined. Monday of this week the county seat was about \$2,000 short of the goal that had been set for the national fund.

The national committee announced recently that the money would be used by the committee to establish a hospital, or possibly several such institutions for unfortunate children of the whole country.

In Burkburnett the committee will call on the men of the city, and the funds may be deposited either at the Farmers State bank or the First National bank, in case that the committee fails to contact any individual.

The central county committee suggested this week that any sum, regardless of how small, it would be acceptable.

This announcement was made

after it had become apparent that many of the most ardent admirers of Will Rogers were among the less fortunate class, and still wished to help in a concrete way in the expression of appreciation for the great humorist.

Pauline Williams Is Bride of Bob Young

Miss Pauline Williams of Burkburnett became the bride of Bob Young of Wichita Falls in a ceremony at Wichita Falls Saturday Nov. 9. Mrs. Young is well known in Burkburnett and has lived here for several years. The ceremony was read in the home of Rev. and Mrs. T. S. Osborn, at the parsonage of the Grant street Methodist church of Wichita Falls.

Mr. Young is the son of Mr. and Mrs. Joe M. Young of Wichita Falls, and is associated with the Wichita Falls Battery and Tire shop of that city. The young couple will make their home in Wichita Falls at 1508 Eighth street, soon after the wedding trip.

Many a wife is so in love with her husband that she can't bear to be away from him unless she can leave him at home.

Wayne Rose Makes Right End Position For All District Team

Clifton and Majors Mentioned By Vote For Best In Class 9B

OLNEY PLACES FOUR MEN

Wayne Rose, right end on the Bulldog eleven placed on the all-district team of Class B district 9, according to the vote of the coaches released Saturday morning. The nomination of Rose was received with complete affirmation by the Bulldog fans. The high spots in an otherwise uninteresting for the Burk fans has been the heads-up playing of the rangy Burk right end.

Game after game the wingman played above everyone of the 22 men on the field. His spectacular play at Crowell gained him attention both on the defense and offense above even the back field of the winning team.

Majors and Clifton

Majors and Clifton both deserved the mention that they received. Playing with a team that was admittedly one of the weaker conference eleven, Majors and Clifton made an excellent record. With Majors on one end of the line and Rose on the other, Burk had two of the best ends that any team could put on the field at the same time.

Clifton's driving power on quick opening plays at the line and his accurate passing to Rose during the season won him the attention of the coaches. On a winning team, probably both of these men would have made the all district team. As it was they received enough votes to unbalance the selections.

The team selected was as follows: Ends, Rose Burk, and Saunders, Crowell; Tackles, Dunn Crowell and McWhorter, Olney; Guards, Atchley Olney, and Crawford Seymour; Center, H. Williams, Olney; Quarter-back Kelly of Olney; Left Half Herron, Archer City, Right Half Auld, Chillicothe, and Fullback, McKown, Crowell.

Ruby Keeler Taps 14 Steps a Second In Naval Picture

How many taps per second does a tap-dancer tap, when that tap-dancer is going at full speed?

Ruby Keeler, perhaps as speedy a foot-shaker as there is, hits the

floor with her sole and heel 14 times a second, 840 times a minute, and 2,520 times in a two one-half minute dance she does in the Cosmopolitan production "Shipmates Forever", which comes to the Palace theatre Sunday and Monday, as a Warner Bros. release.

While Ruby was making a tap-dance scene one day her husband, Al Jolson, had some visitors on the set. Her little feet were actually twinkling as she tapped to the rhythm of "Don't Give Up The Ship", a snappy rallying song that Harry Warren and Al Dubin wrote especially for that picture.

"Boy, is she goin' to town!" exclaimed one of Jolson's friends. There may be dancers who get more taps to the second than Miss Keeler. Possibly the famed Negro expert, Bill ("Bojangles") Robinson may. Maybe Fred Astaire.

"Shipmates Forever" is a thrilling drama with catchy airs, treating with the exciting life of Annapolis cadets. The cast includes Dick Powell and Miss Keeler.

Annual Minstrel To Ever Planned Here Present Best Show

Amateur Show, Step'n Fetchit and "Dancing Cheek to Cheek" By C. J. Duncan to Star Show

PROMINENTS TO BE ROASTED

Two hours of the most hilarious entertainment ever presented in Burkburnett will be fed to the general public before the banner crowd of the year at the high school auditorium Tuesday night, December 18, when the service clubs give their comedy minstrel. Good, clean fun, plus feature acts, plus headliners, plus gobs of choral singing, plus novelty features, plus dancing unparalleled in history of colored presentations—all adds up into a whirlwind of riot of color and comedy.

Never before have amateur hours been so popular as they are at this time. Everybody in the country is imitating Major Bowes, and even the churches have had to change their worship hours to prevent conflict with his program.

In the face of all this competition the clubs will present the most amateur of all amateur hours. Black faced talent of the city will vie for the honors of representing the local minstrel show at the international minstrel amateur champ-

ionship event held in "Pewski, Road York." All in good clean fun my kind friends, and the best array of amateurs—pure amateurs—such as never performed before on any stage.

Step'n Fetchit

Old Mr. Step'n Fetchit, will come to life. Walk right down off of the screen and sing and dance in the minstrel show. With all the humor of the internationally known character, he will parade across the local stage for the first time.

But that's not all. Just think of the honorable Mr. C. J. Duncan, representative of all professional dignity, will lay aside his pomp and pride for a night and demonstrate how "Dancing Cheek to Cheek" should be done. Now if you can imagine anything more graceful, more aesthetic than such exquisite artistry as that, we'll refund the ticket price—incidentally the reserve seats will sell for 50c, general admission 25c. The other epitome of grace demonstrating the art of the light fantastic will be Leonard Mattingly.

Prominent Citizen

If you like Walter Winchell just come to the show. What Walter has done is mild compared to the "Intimate Glimpses at the Life of a Prominent Family in Burk". This will be in the song "That's What You Think". Just rally around and you'll get sure enough low down. Half of the world lives to learn what the other half is doing and what you will find out at the show about what almost three quarters of the prominent citizens of the city are doing.

The specialty numbers will finish the play. Jokes and songs from 45 or 50 of the best voices in Burk and it will be well directed. Jew Bent is the director. The play is arranged and produced by G. A. Reaves Jr., and the music at the piano by Blanche Butler. The interlocutor will be Neely Vaught.

It will be the second of the series produced by the club. Last year a packed auditorium produced \$150 profit for the children's fund. This year the clubs hope to pass even that amount.

Those present at the meeting of the committee on arrangements were: G. A. Reaves, Frank Kelley, P. A. Wiggins, Bill Estes, Ray Ruffner, Lee Clifton, C. J. Duncan. This committee announced that the entire cast would start regular practice every night during the entire week next Monday.

Cream Fight Sends Price of Products Soaring In Market

Sour Cream Will Probably Reach 50c on Local Mart By Next Saturday

HIGHEST PRICE IN YEARS

The producers in this area were jubilant in the face of the big fight that was being staged by the buyers and shippers of sour cream in this district the last few days. The contest which pushed the price of cream up to 42c Wednesday morning, almost doubled the profits of the producers, and promised to add more to their income during the week as the price hovered near the half dollar mark.

The battle for the cream supply started when the communities located on both sides of the River started boosting the price to attract agriculture trade. The price jumped sharply until last Saturday, it reached 38c and then went up four cents more the first two days of this week to reach the 42c level.

The other markets are expected to respond to the enthusiasm in the cream market. The turkey season which has been closed for a few days will open again, and a general rise is expected in the market. The close brought the price up to 20c and the exact opening price is not known. However, the farmers of the area are promised that the local market will pay the highest price in the entire district, and the prediction is that the price will be even higher than that before Thanksgiving.

DODGE ANNOUNCES NEW CAR AT LOW PRICES

More luxuriously appointed than ever before... bigger... more spacious... the car that noted auto editors and famous fashion authorities all over America have acclaimed the "Beauty Winner" of 1936... this big, new, money-saving Dodge is now priced even lower than last year—as low as \$640, list price at factory, Detroit. So economical that already owners from coast to coast report record-smashing economy—18 to 24 miles to the gallon of gasoline, 20% less oil consumption—this magnificent new Dodge is now priced only a few dollars more than the lowest-priced, competitive cars... See and drive this big, new, money-saving Dodge without delay! See the free economy test. Find out for yourself why owners say this big car actually costs less to own than the small, lowest-priced, competitive cars.

Mrs. Hays Hostess Of Young Matrons

Mrs. Miles B. Hays was the hostess of the Young Matrons class of the First Baptist church in her home Tuesday night at a delightful social and devotional program of the organization. The leader for the evening was Mrs. Helms. The devotional read from Luke 2:8-20 was by Mrs. M. F. Gentry. The roll call was answered by a story of the happiest Christmas.

There was a short sketch of Henry Van Dyke's Life and the story of the "Other Wise Men", reviewed by Mrs. R. P. Thaxton. Mrs. Leo Foster sang "Silent Night". The piano solo was played by General Gregory. The brief business session planned the work of the organization.

Those present for the lovely evening were: Mesdames C. O. Marker, V. W. Davidson, J. A. Suttles, Homer Adams, E. F. Gilbow, A. P. Yeary, Artie Whitesides, Charlie Grace, S. E. Askins, J. L. Hamilton, M. F. Gentry, B. F. Gilchrist, Roy T. Magers, A. C. Harris, B. H. Preston, L. J. Foster, D. H. Gregory, L. E. Dudley, H. A. Goodwin, Wid Phillips, O. L. Clark, John Brookman, A. H. Lohofener, A. L. Gilbow, R. P. Thaxton, R. E. Carnes, Wylie Browning, Fred Brookman, R. W. Kent, J. B. Riley, Lenora Stegall, J. C. Adams, Myrtle Lewallen and Misses Gentry and General Gregory.

"Personal Maid's Secret" Opens At Palace Sat. Mid-nite

A new and unique comedy drama entitled "Personal Maid's Secret" will be the feature at the Palace theatre Saturday mid-nite.

This Warner Bros. production is based on a Saturday Evening Post story by Lillian Day. It is crammed full of hearty chuckles and uproarious laughter as well as carrying a glamorous romance and tense dramatic moments.

The plot involves a perfectly efficient maid who enters the employ of a struggling couple, and through her adroit manipulation and contacts, boosts them from a humble apartment to a Long Island estate and to fortune.

The maid reveals herself as the mother of a beautiful girl who thinks the couple that raised her are her real parents, and saves her daughter from a dangerous flirtation with a man about town.

THE BULLDOGS GROWL

EDITED BY STUDENTS OF BURK SCHOOLS

Crown Hungry Bulldogs Hard At Work

With the battle cry "Win the District or Bust" the Burkburnett Bulldogs set earnestly to work Monday night at their first basketball session with the best material available in many years. With four letter-men returning, that in Finch, Rose, Willet and Hays, Coach Polk Robinson expects, with a lot of hard work, to round the team into champion calibre before the season is far progressed. They will be at a distinct disadvantage for the first few games, as most of the competition will be teams which have already had months of practice and a number of games, however, after hard preliminary workouts and scrimmages they should be ready to go into real action.

The practice period was begun only after Coach Robinson had given rules and regulations by which the boys are expected to go by, and a few demonstrations on shooting, dribbling, and passing the ball. The boys are expected to be in bed by ten each night and off the streets by 9 o'clock, the practice periods lasting from 4:00 to 7:00 exclusively—little time is allowed for street loafing. Saturday night is an exception to the rule and 11 o'clock is the limit then; the mid-night show is forbidden. The regulations forbid any dances whatsoever, along with the uses of tobacco and liquor. A proper diet was presented to them which excluded any kind of greasy meats and little sweets, none in between meals. The coach suggested that they use just common sense in their eating and stay away from edibles that disagree with them or injure their wind or endurance. The final regulation forbid the use of water during their practice periods from 4:20 until 7:00.

Among the demonstrations given by the coach were dribbling, and shooting, including chest shots and crisp shots. His long shots are from the chest, in order to avoid the defense from blocking them. His form of crisp shot must be held high over the head and layed into the basket, rather than the fancy flip that most players give it from the waist up which allows the ball to be blocked or allows the ball to move inaccurately to the basket. Robinson demonstrated the low dribble from a crouched position, the fingers only on the ball and not the palm of the hand. By this sort of dribble the ball is easier controlled, whereby beating it as most players do does not allow a good change of pace. The coach spent much time with his beginners in order to build up his teams in the future years. Among the beginners Glenn Pace showed much promise of developing into an available player later on.

After a fairly hard workout the boys were given ten laps to make before they were sent to the showers.

Besides the letter-men there were some 16 or 18 other boys out who were enthusiastically looking forward to a more successful season this year than in the years preceding it.

Christmas Candy

If you want to buy a box of good candy for Christmas all you have to

do is to see a junior and tell him; because the juniors are now taking orders for the best candy ever made. If you like fluffy, white divinity candy that will melt in your mouth, then give a junior your order. This candy is the most delicious ever sold. It is made up of the purest ingredients that can be bought.

Senior News

Exams for the second six weeks are over, and the seniors are happily trudging down the last mile of their journey toward the end of the first semester of their senior year. The seniors realize that their high school career will soon end if the days, weeks and months keep passing by so swiftly. Away back some six or seven years, when this class so childlike was baffling through both dark and bright days of school life, the days, weeks and months seemed so long but now this can't stand true. The seniors realize that it will be but a matter of a few days when they will be the men and women to help fill the different offices of the world.

The seniors wish to extend to the former Miss Mildred Uelston congratulations, and much happiness under the name of Mrs. Mildred.

Billie Jane and Lucille take a Spin Through the Country

Billie Jane—My, these country people must be rich.

Lucille—Rich! Billie Jane—(Pointing to a windmill) Yes, look, they even have big electric fans for their cattle.

Bulldogs Will Honor Queen With Banquet

The football squad, under the direction of Coach Hill, will honor their queen, Miss Lucille Kemp, with a banquet at 8 o'clock, Tuesday evening at the Unique cafe. Other guests present will be the three Pep squad leaders, Misses Billie Jane Chatham, Willie Etta Alexander and Pauline Browning, and Miss Kemp's parents, Mr. and Mrs. Oscar Kemp and their two younger daughters, Mr. and Mrs. Westerfield and Mr. Duncan.

Miss Kemp previously gave a dinner for the squad at her home.

Charles Hodges Impressive In Centennial Lecture To Students

For one hour Thursday afternoon the word Texas occupied the minds of each and every student in Burkburnett high school. For one hour, at least, the enthusiastic school body plus a numerous amount of visitors, were held in a spell, which had in it a realization of the unexcelled state in which we are privileged to live. In Charles Hodges, who brought to us a lecture on the Texas Centennial in 1936, were the sources of these wonderful things which were having such unusual effects on the bewildered students in our high school.

For one hour he spoke forcefully, eagerly, and in earnest on the story of "Our Texas". He traced its history completely, from its vast wilderness of space, with the help of a Texas map adorned with electric lights for illustration purposes, he summarized Texas up to its present state. He told of its ambitious people, who were determined to make it a place worth living in, of its early government, "The

Fall of the Alamo," of how such brave Texans as Travis and Crockett fell in death for the sake of their people, how the fall was avenged in the Battle of San Jacinto, when the Texans with their battle cry "Remember the Alamo," swept like maniacs through the larger Mexican army and to the independence of which our state enjoys today.

Mr. Hodges gave a comparison of Texas in its beginning and as it is today with the help of his lighted map. The few lights, which represented our state of yesterday were but a trifle to those representing those things which are possessed by Texas today.

"After all," he spoke in conclusion, "we do have something to be proud of in this, our grand and glorious state."

Office News

Mr. Westerfield, Misses Michie, Wesbrooks and McGalliard attended the Texas State Teachers meeting Thursday and Friday in San Antonio.

1st Boy—I notice so many women keep their money in their stockings, and every time they need it they lift their skirts, put their hand in their stockings and pull it out. What I want to know is, how do these women get at their money when gentlemen are around?

Second He—My dear friend, when these gentlemen are around women don't have to get at their money.

"If the boy friends were just half as light of foot as they are of head," says Pauline, "what wonderful dancers most of them would be."

Library News

Two copies of two books, "Ivanhoe" and "When Knighthood Was In Flower," have been recently ordered through the library. The books will be used by history classes in order that they might get some outside reading on particulars of the Middle Ages not mentioned in their text books.

Big Rabbit Creek

December 1, 1935

At this writing this neck of the woods is visited with a little northerner. It's just what the doctor ordered to get a few nice days of pretty weather so the farmers will have a chance to get their cotton all out and their feed all hauled out of their fields away from the crows.

Bright and early Sunday morning a big fine auto drove up out at the front gate of the Owens family residence, and honked. So Hawk Eye went out to the car. His old friend Col. Guy Willis got out and left Mr. Jess Ashton and Mr. E. Jeffers of Burkburnett. Mr. Jeffers drove the Col. and friend over to look at the fine lot of hegari feed which the Col. bought at one cent per bundle. Mr. Jeffers is in the pipe line supply business over in Burkburnett. Col. Guy Willis will have several trucks from Burkburnett Monday morning over to have his nice lot of feed home.

Mr. Tobe Hardin, Mrs. Martha Nails and her son Charlie motored over to the Owens family Sunday morning enroute to visit with Mr. and Mrs. Harris and family who live over on Deep Red creek. They stayed and visited the Owens family an hour or so and their visit was greatly appreciated. Call again.

W. H. Martin and his little daughter, Winnie June, motored over to the big oil city of Burkburnett Saturday.

Jack Williams bought 500 bundles of fine hegari from Mrs. Maude Owens. It's rent feed that Jack Williams and Col. Guy Willis bought.

Jack Williams made a business trip up to Walters Oklahoma, county seat. Saturday Jack informed the writer that he had a job working on the big project up on Deep Red. The work will last over two months.

The wheat and oats crops over on this side are looking fairly well. It's making fine pasture and the farmers are taking the advantage of it too. Cattle and other stock are looking fine.

Mrs. Fred LeBarre spent Friday afternoon with Mrs. Ed Owens.

Jack Clay and Johnny Mouser drove Clay's truck over across the big pond Saturday and pulled cotton all day.

About all of the Big Rabbit Creek neighborhood was shopping over in the City of Burkburnett Saturday.

Well, Thanksgiving has come and gone for 1935. There was many a poor old turk lost his life and was served. There were many who served a fine turkey Thanksgiving that will be passed on over the great divide that won't be here on this old world to serve Thanksgiving dinner in 1936.

Mr. and Mrs. John Ashton and their daughter were shopping over in Burkburnett Saturday.

Mrs. Dave Jones and her daughter

ter were shopping over in Burkburnett Saturday.

Our esteemed commissioner, Mr. Bart Nelson, drove down in the Rabbit Creek country one day of last week with the county engineers, looking over the rural road leading out south of Randlett 4 miles and then 3 miles west leading towards Burkburnett with the future prospects of graveling the roads. If such work is done it will put those roads in fine shape going to Randlett and also to Burkburnett.

Every man has his chance in this world but some want the world without taking a chance.

Most women are determined to stay single until some fellow affords them a chance to get married. If some women would spend more time improving their health, perhaps their complexions would not require so much attention.

T'WAS MUCH

An old man walked at even' Along a lonely street, He carried a thin bed-room, He walked with faltering feet.

He halted at each corner, Uncertain where to go; The lines of care upon his brow Bespoke past years of woe.

He sat down in a doorway Of a deserted shack, And slowly scanned the want-ads Of a paper torn and black.

And after he was rested He rose and walked along; He passed the tinted harbor Of religious talk and song.

Yet no one saw the old man, Who walked so sadly on Past the tinted place of refuge In the darkness he was gone.

And I wondered at the lesson That was here for you and me; "Am I my brother's keeper?" It was so, in Galilee.

Yours for more news next week. HAWK EYE.

Help Kidneys

If poorly functioning Kidneys and Bladder make you suffer from Getting Up Night, Nervousness, Rheumatic Pains, Stiffness, Burning, Smarting, Itching, or Acidity try the guaranteed Doctor's Prescription Cystex (Sulfas-tex) —Must fix you up or money back. Only 75¢ at drugstore.

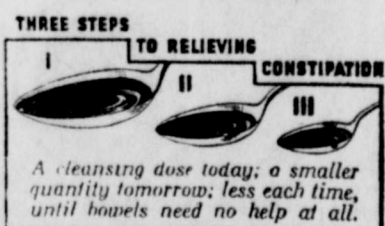

STANDARDS

The atmosphere of reverence, dignity and perfection is essential to any and all funeral services. It has been our policy of long standing, in fact it is our entire set of standards, to assure the presence of such atmosphere in all of the services we conduct, no matter how low their prices.

Mr. and Mrs. Jno. H. Rigby Funeral Directors Owens & Brumley Furniture and Undertaking PHONE 121

DOCTORS KNOW

Mothers read this:

Why do people come home from a hospital with bowels working like a well-regulated watch?

The answer is simple, and it's the answer to all your bowel worries if you will only realize it: many doctors and hospitals use a liquid laxative.

If you knew what a doctor knows, you would use only the liquid form. A liquid can always be taken in gradually reduced doses. Reduced dosage is the secret of any real relief from constipation.

Ask a doctor about this. Ask your druggist how very popular liquid laxatives have become. They give the right kind of help, and right amount of help. The liquid laxative generally used is Dr. Caldwell's Syrup Pepsin. It contains senna and cascara — both natural laxatives that can form no habit, even in children. So, try Syrup Pepsin. You just take regulated doses till Nature restores regularity.

Warn Honored At Farewell Party

Leonard Warn, who is leaving for Oakland, California, was honored with a farewell party at the home of Mr. and Mrs. B. L. Turner Nov. 25. The evening was spent with games of "42". Warn received many excellent gifts which were presented by Benny Jack Turner and Wayne Ellis.

Those present were: Messrs and Mesdames B. L. Turner, H. C. Ellis, Ross Beasley, John Harris, H. L. Lawson, H. E. Warn, and Misses Reba Wimberly, Edna Styles, Betty Jean and Gwendolyn Turner and Mesdames W. E. Wimberly, N. M. Beasley, Gwendolyn Bell, M. P. Keith, and those sending gifts were: Messrs and Mesdames S. J. Rose, Morris Bookbinder, R. B. Faulkner, J. W. Aldridge, A. W. Salter, W. A.

HAS BEST ROLE IN MUSICAL ROMANCE FILM

A diverting story, eye-filling dance spectacle, highly competent cast, the new Fox musical will make an auspicious Tuesday at the Palace.

"Magic" provides a fast-moving vehicle for talented Her singing of the numbers including "Music of Cumba", and "Honey of the high spots of the young master who tries to project Alice Faye, into Hollywood, is likable the most of an important is handled by Mitchell, whose rough-and-tumble antics send the audience into gales of laughter. Bebe Daniels gives a clear cut characterization to the role of the waning picture star whose temperamental tantrums serve to give Miss Faye her first break in the motion pictures.

The plot concerns itself with the efforts of Miss Faye, aided by her sweetheart and two friends, Mitchell and Durant, to win fame and fortune in Hollywood.

Miss Faye manages to get a part in a chorus in a film musical which Miss Daniels is the star. Mitchell and Durant are cast in the roles of "half-wits in the picture.

When Miss Daniels goes temperamental, Walker succeeds in obtaining the starring role for Miss Faye and is himself appointed dance director.

Kemp Is Injured By Foot Players Tues.

Miss Kemp, daughter of Mrs. Oscar Kemp, was in the football squad in a unique cafe Tuesday afternoon last year, and during the recent football game she was crowned in a ceremony during one of the 35 minutes when the coaches to honor

Frances Braden Randlett Home

Frances Braden, 78, died at her son, Samuel Braden Sunday night at 10:30 after a brief illness.

Services were held at the Baptist church Monday afternoon. The services were conducted by Rev. G. W. Hooper, First Methodist church.

Funeral services were held at the Randlett home on Tuesday afternoon under the direction of the Rev. H. C. Martin.

Tevis' Sister Dies At Wichita Falls

Tevis, sister of R. C. Burk Burnett, died at her home at Wichita Falls at 11 o'clock Monday morning, after a brief illness.

Funeral services were held at the First Christian church at Wichita Falls, Miss. She was an employee of the Elevator company, at the office Monday afternoon.

And Fire Departments Report

The department reported various charges during the week in Burk Burnett. The department reported that the breaking glass, and this included the theft of mercury in the laboratory.

Federated Missionary Council Meets Friday

The members of the executive board of the Federated Missionary council will meet at the home of Mrs. Thurman on the Magnolia lease north of the city Friday afternoon at 2:30. The president, Mrs. H. J. Exley, advised those who do not have transportation to meet at the Corner Drug store at 2:15, and cars will be provided. The meeting plans the regular quarterly assembly of the society and will plan the business for the 1936 program of the association. The installation of officers will be arranged for the final meeting.

Interest Excellent In Burk Oil School

The interest in the class work at the Burk Burnett Industrial Oil School has been growing rapidly and the classes now enroll 41 pupils. The superintendent of the school, Butler Westerfield, stated Tuesday night that the men created such interesting discussions that most of the classes were held overtime in the eagerness to learn.

Christmas Seals And What They Do

Continuing a custom that is now almost traditional is American life, Christmas Seals appeared again throughout the nation on Thanksgiving Day. From then until Christmas they will make their silent plea for aid for the tuberculous.

For more than a quarter of a century the National Tuberculosis Association and its 2,000 affiliated units throughout the country have been waging war against this disease. They point out startling facts about it that deserve the attention of every one.

Although progress has been made in the fight, tuberculosis is still the greatest cause of death in this country between the ages of 15 and 45. The annual toll is approximately 70,000 men, women and children—more than twice as many persons as are killed in auto accidents. One and one-half times as many young women as young men between the ages of 15 and 24 are victims.

It causes an annual economic loss to the nation of nearly one billion dollars.

The work financed by Christmas Seal funds is varied, but it is all directed toward the discovery of unknown cases of tuberculosis, securing treatment for them, and educating the public in basic facts about the disease so they will know how to protect themselves from it. Education of the public is the fundamental purpose of the organization.

Red Cross Nears Quota For Year

Butler Westerfield announced Tuesday night that \$169.00 had been turned in by the workers on the Red Cross drive, and that there were two workers to be heard from in the campaign. The report of these two workers is expected to bring the drive over the top of \$200.00 set by the county agency for Burk Burnett this year.

This report does not include the amount that has been raised in the junior Red Cross drive by the school children of the community and surrounding territory. The workers opened the campaign soon after Nov. 11, and closed the solicitation on Thanksgiving day.

The Red Cross this year will employ a county nurse for the purpose of supervising the administration over the county as a whole. The nurse will hold examination and analysis of the health problems in clinics and personal visitation.

District Supervisor To Visit Nazarenes

The district supervisor of the Nazarene church will visit with the local church Thursday night for a special meeting, according to the announcement of the pastor, Rev. E. P. Akin. Rev. D. D. Attebury will speak at the services, and the official board of the church will hold its annual meeting under his supervision.

Rev. Akin came to the local church two weeks ago to replace Rev. Glenn McClung who has been moved to Pampa, Texas. The work of the year and reports from the past year will be made at Thursday night's meeting.

Rotary Club Will Meet At Wiggins' Shop Next Tues.

The members of the Rotary club will eat at the P. A. Wiggins welding shop next Tuesday for what was announced by the secretary at a "slum gullion" luncheon. The members voted to hold the meeting at the Tuesday session, but the place was not definitely set until after the meeting. The meeting will be at the regular time, noon, Tuesday.

At Tuesday's meeting, B. F. Gilchrist, vice-president, had charge of the program. The program introduced the work of the agricultural department of the high school.

M. D. Dean presented Harvey Bentley who spoke on the excellent work that he has done on his farm near Burk Burnett. Mr. Bentley's well balanced and diversified farm has won the attention of experts all over the county, and his achievements there have been remarkable. He described some of the attempts at diversification Tuesday.

Other numbers on the program included the tap dance by Marvin Spillers, accompanied at the piano by Imogene Snoddy. Robert Mowery played a Jews harp solo. Peggy Gideon presented Joy McFarlane and James Walling in songs representative of the operetta that will be at the high school Friday night.

The entire program was presented to show the work of the FFA and the type of entertainment of the same group. The projects and plans of the group were outlined by the leader, Mr. Dean.

Young People's Class Elects New Leaders

The young peoples' Bible class of the Church of Christ under the direction of Carl Pommerening, reorganized Sunday, December 1, at the church. The new officers are: Raymond Beavers, president, Laverne Beaver, vice-president, Ellis May Ovalline, secretary-treasurer, Ross Jacobs, song leader, Webb Garland, assistant leader, and Cordie McPherson, reporter.

The 37 persons present planned as part of the work for Christmas, the boys will do some "brownie work," and the girls planned to help old Santa make gifts for the Christmas sack. The church extends an invitation to the young people to be with the organization on Sunday.

Cotton Crop Ginned Reaches 4895 Bales

The total amount of round and regular bales ginned in Burk Burnett up to noon Wednesday was 4895, according to the reports from the Farmers Co-operative and the Burk Burnett ginning companies. This number represents a gain of 500 bales over the report for last week. Fair weather accounted for the rapid picking and ginning during the last seven days. The price range still hovered slightly under 12c mark running from 11:50 thru 11:79.

The report from the fields indicate that a large amount of cotton still remains to be picked. The end of the week is expected to add enough to carry the bales over the 5,000 mark. This optimistic report is made in contrast to the small crop of last year.

Rotary Club Will Meet At Wiggins' Shop Next Tues.

The members of the Rotary club will eat at the P. A. Wiggins welding shop next Tuesday for what was announced by the secretary at a "slum gullion" luncheon. The members voted to hold the meeting at the Tuesday session, but the place was not definitely set until after the meeting. The meeting will be at the regular time, noon, Tuesday.

Senior News

The seniors had a new member added to their class Monday. He is Avis Carey from Borger, Texas. The seniors didn't seem to do much of anything during the holidays. Most of them stayed at home. Evelyn Thompson visited in Iowa Park and Anita Pharris went to Terrell, Texas with Mr. and Mrs. Y. C. Paschall. Benny Spencer stayed at home and ate turkey. Elbert Zink went peccan hunting at Jacksboro. Ann Drennan spent the holidays in Wichita Falls. Altogether they seemed to have had a very enjoyable vacation.

How the Juniors Spent Thanksgiving

James Brown spent part of the day at home, then went to Wichita Falls to the show. Mildred Seidlets stayed at home Thanksgiving morning, and visited relatives in Iowa Park, Texas that afternoon. Fred Key spent the day at home eating turkey. Albert Zink spent the day home and ate so much that he was ill that night. Margaret Nell White stayed home and rested. Leroy O'Guinn slept Thanksgiving. He was catching up on that "much needed sleep." Scotty McCall ate Thanksgiving day. He was catching up on his eating. Lenora Podreger spent the Thanksgiving holidays at Wichita Falls visiting friends. Iva Jim Banning spent the holidays at Iowa Park, Texas, visiting her father and sister. Carrie Ruth Stonecipher spent Thanksgiving Day at the home of the Zinks. Mildred Morrison spent Thanksgiving at home washing dishes. Dorothy Siber spent Thanksgiving at home and visiting friends. Marion Sopher spent Thanksgiving in Oklahoma and Burkburnett, Texas. Ralph Winkles spent Thanksgiving at home. Arvell Morris must have had a good Thanksgiving or a bad one, for he was not at school Monday. J. D. Mills' Thanksgiving must not have agreed with him for he was absent Monday.

LIQUOR LAWS

Editor's note—This is the third of a series of articles discussing the four laws passed recently by state legislature. The final one next week will discuss the new salary system for county and precinct officials. Most people are concerned over how liquor will be sold. The following methods will be used:
1. Package Store Permit—Such permit will authorize the retailer to sell at retail to consumers in unbroken packages only and not for consumption on, at, or near—provided that a hotel having permit may deliver to rooms for consumption in rooms only.
a. Owner or employee of store cannot break, sell, deliver, give away, any drink or drinks on premises, nor sell packages of less than 1-2 of one pint, nor permit the package to be broken on or near sales place.
b. Package store of retail nature shall not have curtain, signs or any obstruction in store, behind which drinking or breaking might possibly be done.
2. Industrial Permit—Liquor or alcohol used in foods, medicines or patent medicine may be sold by industrial permit.
3. Drug Stores—Licensed drug stores, retail, hospitals, sanatoria

Henry Fuller spent the holidays at Grapevine, Texas.

Margaret Lee Boggy spent Thanksgiving at home washing dishes and sleeping.

Juniors Elect New Reporter

The junior reporter, Milbrey Lou Hoffman, left the class so they needed another reporter as good as she was. The class elected Iva Jim Banning Monday afternoon at class meeting. The next junior social event will be a Christmas party given by their sponsor, Mrs. R. D. Watkins and their class mother, Mrs. Joe Podreger.

Freshman News

The freshmen had a class meeting Monday afternoon, Dec. 2. They discussed their Christmas party and drew names. The freshmen all enjoyed the Thanksgiving holidays.

Pep Squad News

The Fairview pep squad members were lucky enough to get a way to Holliday last Tuesday night, Nov. 26. The school bus was taken in order that the pep squad might go. Some of the members had very narrow escapes when the Holliday boys got our tams. After hunting our tams and getting all together we returned to dear old Fairview. We are all planning to yell our best at the next games so that the boys might win the large trophy.

Basket Ball News

The Fairview Bears defeated the Holliday Eagles last week in two straight games. The Bears and Eagles had to play a tie off for the championship of the Eastern division of the Red River Valley conference. The first game was played last Monday night on Fairview's court. Fairview defeated Holliday, the scores being 32-27. The second game was played Tuesday night on Holliday's court. Fairview again defeated Holliday by the same margin. The scores were 18-23. The Bears will meet Harrold, the winners of the Western division, Wednesday night, December 4. The game will be played on Fairview's court. The second game will be played Friday night, Dec 6, on Harrold's court. The officials for Wednesday night will be Morgan, of West Texas State Teachers College and Davis of Austin College.

and other like businesses may sell liquor in use for medicinal purposes only. Drs. shall sign prescription in legal name. In dry areas, these drug stores shall pay a \$50.00 fee.

a. Conspiring between druggist and physician shall be punished by fine up to \$1,000, and denial of use for two years of permit.

The above applies to wine and liquors 14 per cent by weight. For wine and beer less than 14 per cent by weight permit shall be issued—except to person owning liquor package permit.

That means that no place selling wine and beer of less than 14 per cent for consumption on premises shall be permitted to sell heavy wines and liquors.

Wichita County Dry

This county is declared officially dry. No retail licenses shall be sold in county or to people who sell or whose agents sell in county, except to drug retailers for doctors prescription.

To enforce this provision those handling shall be made to make a \$1,000 to \$25,000 bond to be collected in case of violation of law.

The county will remain dry until or if a local option law passes. If county goes wet, Burk or any precinct may vote dry, but if county goes dry all precincts must remain dry.

Relief Problems Are Dumped Into Hands of Local Government

The federal government turned the problem of caring for the direct relief clients over to the local governments last Saturday morning. The 4 million needy will be required to apply to local governments, including state, county, precinct and city for future assistance. At the same time three and one half million able bodied men will be required to register at the PWA and other re-employment projects for aid in the future.

The government has made only one concession in the closing down of the FERA. 28 million dollars was granted to 22 states cut off last in the list. This money will be used to pay up December obligations. There will be no more from the central government.

Three billions of dollars have been poured into the dole of relief since it was established in 1933 at the greatest crisis in the history of the nation.

To replace the relief the government is expending the 4 billion and 800 million dollars for permanent construction work throughout the United States. This amount of money will go to projects that will employ the men that are able to work.

In Burkburnett over 100 families will be directly touched by the new policy. The highest that the relief roll ever reached here was close to 300 families or 1500 people last winter. Of this amount many have been dropped and others will be placed on the employment roles.

Pavement Project Continues Progress

The pavement project in Burkburnett increased the number employed during the last week until the average ran well over 50 persons per day. The project was held up several days during the bad weather spell, but Friday and Saturday found the operations back to complete schedule.

The heavy oil machinery foundations were being moved from various parts of the city and from the leases near Burkburnett to be used as crushed rock in the road foundation. None of the binding paraffine will be poured into the beds until the first section of the road is complete.

H. H. McFall, time-keeper on the project, was recalled to Wichita Falls and Mr. Barron of Burkburnett was placed in charge of the gang here. The project is supervised by the government agencies.

Correction

Last week's Star listed as hostess of the surprise party given Mrs. Logan, Mrs. Chloe Williams. The hostesses were Mesdames T. M. Milford, Clyde Uselton and Joby Dunn.

It is mighty handy for the modern dairyman to have a modern daughter. When she comes in at night she can wake her Dad, so he can get the morning milking done.

Hardin Demo Club Holds Interesting Meeting Last Wed.

In a very interesting program and demonstration meeting, featuring the speech of Miss Leta H. Bennett, county demonstrator, the members of the Hardin demonstration club met at the home of Mrs. J. H. Bentley last Wednesday, Nov. 27. Miss Bennett spoke on the work for the next year and the plans for the new year book. She also told the club about the plans that were worked out by the district meeting during last month.

The interesting demonstration included the making of scrapples and mince meat, and the canning of roast and fried pork. The club held a business meeting under the direction of the president, Mrs. Fred Brookman. The next session of the club will be a Christmas meeting at the home of Mrs. D. A. Westbrook, and the officers will be installed for the ensuing year.

The business session accepted the new member, Mrs. Virgil Davidson into the club. There will be an exchange of gifts at the Christmas meeting and party at Mrs. Westbrook's December 11.

Methodist Church to Hold Special Service For Missions on Wed.

The First Methodist church will hold a special service for missions next Wednesday night at the regular prayer meeting service on the subject "A Trip Around the World with Methodist Missions". The program will be presented in the form of a pageant presenting the work done in each of the mission fields. Those presenting parts on the program will be appropriately dressed to represent the country of which they speak.

There will be eight fields represented by the speakers. Japan, China and other Asia countries, and the American and European missions will be explained by costumed speakers. The services will be under the direction of R. J. Kelly, J. R. Parker, Mesdames J. D. Majors J. H. Rigby and Carlos Baker.

Clara Lutheran Church

Paul Kaiser, Pastor
Sunday services:
Sunday school, 9:45 a. m.
Morning service, 10:30 a. m.
Evening service, 7:30 p. m.
Week-day activities:
Men's chorus on Monday night.
The Ladies' Aid will have its monthly business meeting and a special Christmas program on Thursday afternoon, Mrs. Edd Hiesermann acting as hostess.
The next Leadership Institute meeting will be held on Friday night, December 13, in the local church. Vernon will supply the speaker for the evening.
Rehearsal of Christmas program on Saturday morning, 9:00 a. m.
Clara Lutheran church welcomes you to all services and young people's meetings.

Burk Basketeers To Have Four Lettermen Back For This Year

Gymnasium Games Will Start In The Near Future For Bulldogs

ROBISON TO COACH TEAM

Under the direction of Coach Robison the Bulldog basketeers started regular practice at the high school gymnasium last Monday with the ambition to make the race in the county basket ball conference more interesting this year. Last year the local quintet did not get started until the last game of the season, when they held the championship Valley View team to a four point margin in the county tournament.

Of that team which played a good game four men have reported for practice this year. Wayne Rose, guard, Avis Finch, guard, M. B. Hays, center and guard, and Jennings Millet, forward, all lettered on the last squad. In addition, Fred McPherson received some valuable experience as a squadman of the last year team.

Most of the high school football team has reported our for basket ball. They will keep in good condition by playing the cage sport during the winter.

The strongest teams for this area at the present are Fairview and Valley View. Fairview is set to take the teams in order, and the greatest obstacle for championship of the Burk lads will be to smash the Thrift combination that has been winning regularly in pre-season games.

But the team this year seems to have the stuff that it takes. Most of all the quintet is out for real work. The boys have been buckling down to real work, and in high spirits that will make them hard to beat in any conference game.

Harold Playoff Wed.

Bears and the Harold are scheduled to start the playoff at the Fairview Wednesday night, for the championship of the Red River district by defeating the Fairview team in the playoff of a regular season scheduled.

The west half of the team is a struggle. They offer every opponent the stiffest that they have had this season.

The teams are undoubtedly of their sections. Coach will place a fast team of well-balanced strength on the court. He has a number of experienced men and veterans of many games. The west half of the team will be the best that the country has had in several years. The team will be strong quintets will vie for the championship.

Mrs. Westerfield Hostess Garden Club Last Wed.

Mrs. Butler Westerfield was hostess of the Garden club at her home last Wednesday afternoon, November 27. Mrs. C. J. Morrison presided at the meeting. Norman Downing of the Downing Floral Gardens of Wichita Falls, gave the feature address, illustrated by practical examples. After the talk the speaker answered the questions of the members concerning suitable shrubbery and flowers for the differently styled home sites.

Downing has generally been accepted as one of the best landscaping architects in this section of the state, and several of the homes of Burkburnett have been arranged by his company. Several of the ladies made appointments with the expert for a visit for the examination of the yards of the city in order that practical suggestions for beautifying might be made.

The club has chosen for their town beautification project, the roads leading from Wichita Falls pavement around the cemetery, also to help in the beautifying of the highway leading to Red River bridge. Mesdames Sims and Flanagan were appointed on the project committee.

Refreshments were served to

Sore Throat Eased Quick

In 15 Minutes Thoxine Brings Comforting Relief—Without Gargling

Time it! Take one easy swallow of pure, soothing Thoxine. 15 minutes is all that's needed to make you realize you've at last got the real remedy for common sore throat!

Good and safe even for children. Get Thoxine right away and keep it always handy. Sold on money-back guarantee. 35c, 60c and \$1 bottles—Heine's Drug Store.

Burk Thanksgiving Is Quiet Holiday

The holiday season over the week-end was quiet so far as Burkburnett was concerned, and the city resembled the famed deserted village,

with almost every one in town visiting some relative or attending the strategic football games over the week-end vacation.

There was no football game or special holiday celebration here, but the sport fans of the city attended the various games over the state. The high school game at Wichita Falls drew a large crowd of fans Thursday afternoon. Among the 6,000 present were many Burkburnett citizens.

The largest delegation was the group attending the Saturday game at Fort Worth. It has been estimated that over 100 Burk fans watched the SMU Ponies clean up the conference foes, the TCU Horned Frogs.

Cotton Grade For District Drops In Quality Last Week

The reports from Austin during the past week indicates that the cotton of the area had dropped definitely in quality during the last two weeks for the entire Wichita county area. The cause of this drop was assigned to two reasons. The freakish weather, and the delay in picking enforced by cool spells during November. The Weather bureau reported that this month had set the record for cold weather average for the past ten years.

The report stated that only 26 per cent of the total samples sent from the Wichita area has been

Head Buckner Home Dies in Dallas, Texas

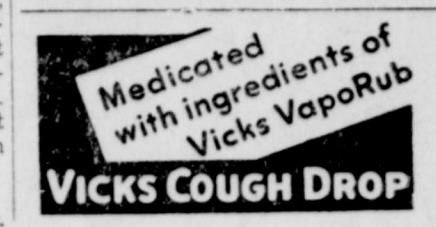

Joe D. Buckner, well known social worker and co-head of the Buckner Orphan Home, died in his home at the orphanage Friday. The final services were held Sunday afternoon at the institution. Mr. Buckner and his brother, Hal Buckner, were both well known in Burkburnett. The home has been the object of the philanthropy of the Burkburnett pioneers, Mr. and Mrs. J. G. Hardin. Several Burkburnett people attended the services in Dallas Sunday afternoon.

Adding Machine Ribbons.—Star.

Still Coughing?

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with anything less than Creomulsion, which goes right to the seat of the trouble to aid nature to soothe and heal the inflamed membranes as the germ-laden phlegm is loosened and expelled.

Even if other remedies have failed, don't be discouraged, your druggist is authorized to guarantee Creomulsion and to refund your money if you are not satisfied with results from the very first bottle. Get Creomulsion right now. (Adv.)

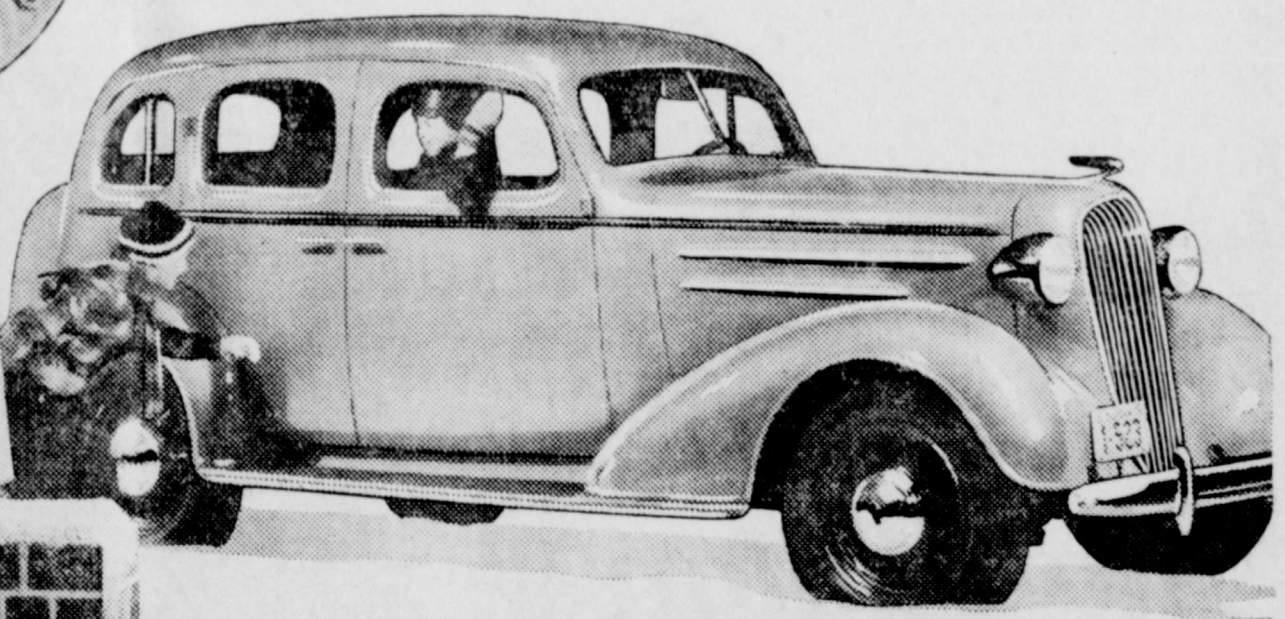

How Calotabs Help Nature To Throw Off a Bad Cold

Millions have found in Calotabs a most valuable aid in the treatment of colds. They take one or two tablets the first night and repeat the third or fifth night if needed. How do Calotabs help Nature throw off a cold? First, Calotabs is one of the most thorough and dependable of all intestinal eliminants, thus cleansing the intestinal tract of the germ-laden mucus and toxins.

Second, Calotabs are diuretic to the kidneys, promoting the elimination of cold poisons from the system. Thus Calotabs serve the double purpose of a purgative and diuretic, both of which are needed in the treatment of colds. Calotabs are quite economical; only twenty-five cents for the family package, ten cents for the trial package. (Adv.)

Make their Christmas joy complete with the only complete low-priced car

This Business of Giving

Citizens of Burkburnett gave themselves a gift of lasting value when they decided to have a municipal light and power plant.

By such action they gave themselves the third lowest electric rate in the State of Texas, University Park and Alamo Heights only ranking above this community in low rates.

By establishing for themselves a municipal plant, the citizens showed their disapproval of sending their money to money centers of the nation, their disapproval of never keeping their money at home. For with the inauguration of a municipal light plant, revenue was kept in the City of Burkburnett for the use of Burkburnett people.

Give yourself a valuable gift by patronizing your municipal light plant.

Butler Westerfield attended a special conference in Austin last week on school affairs and then went to the state teacher meeting at San Antonio.

Dr. and Mrs. C. J. Alexander and Mrs. Julia Marshall of Clinton, Oklahoma, and Mrs. M. L. Alexander of Ardmore, Okla., visited in the home of Roy Alexander Thanksgiving.

You Are Free To Call the Funeral Director of Your Own Choice...

When misfortune befalls a member of your family and he is called to the great beyond, then is when the *MINISTRATIONS* and *SERVICES* of a *REPUTABLE, HONEST AND EXPERIENCED* Funeral Director should be sought, one in whom you can put implicit faith, one who can be close to you and one who will appreciate your needs and at the same time respect your ability to pay, and one who *CAN* and *WILL* anticipate and attend to your every want—thus relieving you of many details, some of which possibly, would be overlooked, in arranging a Funeral Service for a departed Loved One.

DO NOT HESITATE TO CALL THE FUNERAL DIRECTOR OF YOUR OWN CHOICE

Every life insurance policy written in the State of Texas is payable in cash and gives the beneficiary the right of freedom of choice in selecting a Funeral Director. A recent law passed in Texas has forced a majority of *BURIAL ASSOCIATIONS* into reorganizing themselves into *LOCAL MUTUAL AID ASSOCIATIONS*, particularly the Burial Associations that were financially unsound. All are now forced to operate under the supervision of the State Department of Insurance—thus they must operate as *LIFE INSURANCE COMPANIES* and not as a medium of soliciting business for any particular Funeral Director—You are guaranteed that your policy will be *PAYABLE IN CASH* and that you will be given your Constitutional Right of freedom of choice in the matter of selecting the Funeral Director—*MAKE YOUR OWN CHOICE.*

DO NOT BE MISLED into believing that you must call any certain Funeral Director if you are the holder of a policy in *ANY BENEFIT ASSOCIATION*, whether operated by a Funeral Director or not—your rights in the matter are guaranteed by law.

YOUR FUNERAL DIRECTOR will treat these policies just the same as any other Insurance Policy, extending the same Privileges, Courtesies, and Credits that the contract merits—there will be no strings attached and you are in a position to take advantage of a free and open market.

Texas Funeral Directors and Embalmers Ass'n.

Round Robin—

(Continued From Page One)

of play was to the financial advantage of the teams, but it left the team winning the championship stale or exhausted for the district tournament.

The tournament will be played in Burkburnett, February 14 and 15, and the winner will go to the district from the tournament. This play will be one week before the regular tournament held in Wichita Falls.

Volley Ball Tournament
The volley ball elimination has been set for one week earlier. This is a departure from the regular procedure. In the past few years the tournaments have been held at the same time. The girls will play in their own tournament, and a large number of teams are expected to enter the play-off here.

The division of the two tournaments is expected to make each of them faster, and the conflicts in the schedule will be completely eliminated. The girls' tournament idea has been adopted in other places with real success. The towns and schools of the county have created real interest in the girls' sport.

Soft Ball Change
The committee, in a changing mood, adopted another change in the sport of soft or play ground ball. Both the time of the play-off for championship and the type of ball used was changed by the authorities.

Formerly the play-off had been held during the literary meet, but this year it will be postponed until warmer weather. The tentative date set for the meet was April 25. The teams will be able to meet for complete elimination without the bad weather that prevailed last year.

The size of ball and type of ball was changed. The ball will be a 12-inch out-seam ball with every school in the district using exactly the same kind of ball for play.

Date of Entries
All of the teams entering the basket ball and the volley ball tournaments must have the list of eligible men in the office of Volney Hill, Burkburnett, 10 days before the tournament, and the teams must examine the eligibility of the players before the tournament starts. This is to prevent the protests from arising during the contests or after the contests.

Tennis entries must be in the office of the director Hill in Burkburnett, on or before March 1st.

These entries will be drawn in competition and the preliminaries played before the regular tournament in the last week of March. Only the finalists and the semi-finalists will come to Burkburnett.

Track and Literary
The track and literary meet that will bring the largest number of contestants to the city will be during the last week-end of March, 26, 27 and 28 of that month.

The high school juniors and seniors and the ward school juniors will have the declamation, debate, etc., on Thursday night for preliminaries. The finals Friday night. The rural finals will be all day Friday. The extemporaneous speech and finals in declamation will be held the same day with the judges used in each event the same.

The meeting set the other literary events, picture memory, music spelling and other events to be arranged to prevent conflict on dou-memory, arithmetic, number sense, bl entries.

The track meet will not be held at night unless change is made in the present plans. The athletes will vie for honors all day Saturday, March 28. The tennis tournament and most of the other events will be out of the way by the time the athletes start the contests.

The directors present and voting Tuesday night were: Ethyl Virginia Allen, Burkburnett; Mrs. Randle Watkins, Fairview; Mildred Thornton and Ida Lee Falls, Electra; J. L. McLean, Valley View; J. B. Golden, Wichita Falls; C. H. Lakey and Celeta Keith, Iowa Park; C. K. McClendon, Clara.

Others present were: Polk Robison, Burkburnett; Erwin Brand, Fairview; Randle Watkins, Fairview.
