### Burkburnett Has Best Prospects In Last Six Years For 1936

#### Bankers Hold Annual Election At Meeting In Burkburnett Mon.

Erwin Schwegler Elected to Cashier Position by the Farmers State

#### DIRECTORS ARE OPTIMISTIC

Burkburnett is in a position to enjoy the best year that the people here have had in the last six years, according to W. R. Hill, active vice-president of the Farmers State bank after the meeting of the board of directors in election of officers last Monday.

Two promotions were arranged by the board of directors, of the Farmers State. Erwin Schwegler was elected to the board of directors, and then elected cashier of the bank. Harold Van Loh was elected assistant cashier, and Henry Grace was elected vice-president. Schwegler was elected as a member of the board to take the place of W. D. Barrow, recently resigned.

**Good Year**  
Every possible indication is evident to point at a good year for the local businessmen. The soundness of credit, the stabilization of oil, the better position of the farmers, and the increased business and employment, points toward an achievement of normality during the coming year.

The complete board elected by the directors of the Farmers State bank includes: A. A. Kuehn, president; W. R. Hill, active vice-president; H. S. Grace, vice-president; F. W. Prechel, vice-president; G. D. Rigby, A. H. Lohofensner; Erwin Schwegler, cashier; Harold Van Loh, assistant cashier.

**First National**  
The officers meeting of the First National bank was held on January 15. The entire slate of officers and directors, with the exception of Roy Alexander, who resigned, were re-elected. The list includes I. E. Harwell, president; A. R. Hill, vice-president; Geo. T. Kimbell, vice-president; F. T. Felty, cashier; Alfred Ragsdale, assistant cashier; directors, I. E. Harwell, J. R. Chatman, Geo. Kimbell, A. R. Hill, P. B. Browning and F. T. Felty.

#### Louis Sims Earns Letter at Abilene

Louis Sims of Burkburnett has been recommended for a freshman football numeral at Hardin-Simmons University for the 1935 season. Freshman Coach made the recommendation which was approved by Head Coach Frank Kimbrough and the athletic council.

Athletic awards at Hardin-Simmons are dependent upon the passing of all class work by players and are not made until reports for the fall semester are made.

Sims earned his letter playing at a backfield position.

#### Burk Station Agent Participates In Panhandle Contest

J. H. Cecil of Burkburnett, Texas, participated in a Safety contest conducted by the Panhandle Refining company, which contest was held over a period of six months, ending Nov. 30, 1935, and was won by the marketing department of which he is a member. As a token of appreciation by the company for having won this Safety award, a silver loving cup was presented the marketing department at a Sales Meeting held in the general offices in the Panhandle building in Wichita Falls, Sunday, January 12. The cup was suitably engraved.

#### A Mexican's Prayer

The Mexican miner prays to the Blessed Virgin dressed usually in overalls with a miner's cap perched on her head. The statuette is at the bottom of the mining shaft. He prays for deliverance from accidents and from discovery of stolen ore which he has secreted on himself.

#### Legion to Work on Park at Entrance Of State Bridge

The Oscar Frye post of the American Legion voted Monday night to co-operate with the chamber of commerce and the state highway department in securing a plot of ground at the north side of the road near the Burk-Red River bridge for the purpose of making a park at the entry to the state. The highway department had previously contacted the Legion representatives and had promised the Legionnaires that the best highway and landscaping engineer would be brought to Burk.

The engineer will be brought with materials and tools with which to work only on condition that the one acre be secured on either side of the road as the permanent property of the state highway division.

The chamber of commerce appointed a committee to work with the Legion group. The Legion committee is Adge Johnson, Clyde Brannon, Ross Reagan, and John Allison. The chamber of commerce committee is Oscar Kemp, W. A. Roberts and Ross Reagan.

This committee will secure the land at the joint expense of the two organizations. The committees also worked out a plan to co-operate in the securing of immediate attention to the Burk bridge reconstruction.

#### Bill Quinn New Employee of L & M

Bill Quinn, formerly with the Burk Grocery and Feed, has accepted a position with the L. & M. Grocery, operated by Lige and Marshall Chrestman, as butcher.

Mr. Quinn is an experienced butcher and has been a resident of Burkburnett for a number of years. He invites his many friends and customers to call and see him at his new location.

#### Reading System in Local School Will Gain Wide Notice

Superintendent Butler Westerfield accompanied the reporter in a tour through the local school system last week to point out the gains in the present method of teaching reading and arts in the grade schools and lower grades in the high school.

The noticeable gains seemed to be made in the method that is rapidly gaining attention over the state, although it is practically a unique method. Starting with the first grade, the old alphabetical system has been abandoned, and the children learn to recognize words as a whole. They are taught in a system of recognizing sound groups of different families of combinations.

In art the achievement of freedom from the stereotypes of copy days. The children are allowed complete naturalness and freedom from suppressing restrictions.

#### Transition Period

After the children have reached the fourth grade they are commonly supposed to be capable of reading without help from the simpler forms of literature. They do not read fluently, but are in elementary stages.

This period is the transition period. If the earlier work is well done, the fourth year pupil should read with considerable fluency and confidence. There is naturally a wide range of interests starting at this period.

For this reason the Burk system is unique. It claims to be the only one of its exact type in the state at the present time. More study of content and reflection upon significance is the immediate goal. The goal therefore becomes a goal of real reading. It demands conscious concentration and effort on the part of the pupil.

#### J. G. Hardin to Turn First Earth For New College Building Friday

Final plans for the ceremony of dedicating the Hardin Junior college Friday were completed in a luncheon meeting of the college board Monday noon at the Wichita club.

J. G. Hardin, who with his wife, the late Mrs. Mary Hardin, made an endowment of approximately \$250,000 for the school, has been asked to turn the first shovel of earth in the construction of the building.

The Wichita Falls High school band under the direction of Mrs. Hermione S. Vaughan, will furnish music for the occasion.

The ceremony is to be held at 3:30 o'clock Friday afternoon with C. H. Clark, president of the board, acting as master of ceremonies.

All citizens of Wichita county have been invited to attend and take part in the dedication of the school.

The contract for the foundation of the building has been let to the Reid Construction company. Mr. Clark stated that contracts for the remainder of the building would be let following the completion of details on the plans.

#### Fees Retained For Precincts

#### Salary Plan for Minor Offices Rescinded

Precinct officers in Wichita county will remain on the old fee basis of compensation during 1936 as a result of action voted by the county commissioners' court Monday afternoon with Commissioner H. H. Haynes, of Electra, precinct 4, dissenting.

F. R. Knauth explained in Burk Tuesday that the vote for the fee system last summer gave state permission to pass the law eliminating the fees. But when state legislature met they passed the right to decide the salary to the precinct on to the county commissioner.

The law also demanded that the new salary be based on the fees collected last year. All salaries for county would have to be equalized. Wichita received \$2,300, Electra \$1,000 and Burk received \$25.00.

It would have cost the taxpayers \$11,000 to have placed these officers on salary. Since Burk precinct earned no fees it would have been unfair to have raised the local salary up to \$1,000, or more. Had the local precinct earned more an adjusted salary would have been possible.

Commissioners Lee Cooper, F. R. Knauth and M. L. Hines voted to rescind the court's action of Monday, Jan. 6, when an order placing precinct officers upon a salary basis for this year was adopted tentatively. The same three commissioners then cast a majority vote for an order placing such officers on a fee basis again for this fiscal year.

Inequalities found in the incomes realized by various precinct fee officers in 1935 made the establishment of satisfactory salaries almost impossible, members of the court said. It was indicated that further action by the state legislature to take care of such conditions may be anticipated.

Plans for refunding \$100,000 worth of courthouse bonds, issued in 1916 and payable in not more than 40 years, were discussed by the court Monday. One offer for such service was considered, and action on the matter was deferred until next Monday in order that further bids may be received. A considerable saving in interest is sought by the court, it was announced.

#### Beauty

Socrates called beauty a short lived tyranny; Plato, a privilege of nature; Theocritus, a silent cheat; Theocritus, a delightful prejudice; Carneades, a solitary kingdom; Domitian said that nothing was more grateful; Aristotle held that beauty was better than all the letters of recommendation in the world; Homer that it was a glorious gift of nature; Ovide, alluding to him, calls it "a favor bestowed by the Gods."

#### Dates Set For Burk Fire Meet

The dates have been set for the district convention of the fire fighter association of Northwest Texas as May 4 and 5. The local fire organization is preparing to take care of about 200 delegates that will attend the meeting here at that time. The convention is expected to draw delegates from 90 departments in the towns of the area. A complete program including interesting speakers, social and athletic features, especially the water polo stunts will be prepared for the meeting. The ladies auxiliary of the local fire club will assist in the courtesies.

#### Notice Parents

All parents who have children entering the primary grades of the Burkburnett schools for the first time, have been requested by the superintendent, Butler Westerfield, to bring the children to the grade school building on Monday morning, Jan. 20. At the building the principal of the school will enroll the children and make such arrangements as are necessary for them to attend school during the next semester. The children can not give the information that is necessary for their complete enrollment without the aid of the parents. The fathers or mothers must be present at that time.

#### Fire Department To Train Boys For Inspection

Under the supervision of the Burkburnett fire department, 20 boys will receive training in the inspection of homes for fire hazards starting next Monday, January 20, at the high school building. The boys will receive the instruction under the direction of J. J. Blackstone, fire marshal. The members of the department will lecture to the class, and show the boys by actual demonstration how to find the danger spots in new and old homes.

Superintendent Butler Westerfield is enrolling boys of ages from 12 to 14 years to qualify for the course. These boys will enter the classes. After the members of the department have given instruction and demonstrations at the school building, the boys will conduct a house to house survey of the entire city.

In the survey the members of the department will accompany the boys. Each boy or group of boys will be assigned as large a section of the city as can be comfortably covered, and accompanied by a member of the department they will inspect for hazards.

The excellent record of the Burk fire department has been as much a result of a carefully conducted campaign of education in prevention as any one other factor. The training of the boys will give them a better understanding of the problems and be valuable in time to come. The campaign will probably make the home owners of the community conscious of the defects that appear in their homes.

#### TAKING ERRORS FOR WHAT THEY WERE MEANT TO BE

An editor once apologized for describing a fellow-citizen as "a defective on the police force" by having the correction read, "a detective on the police force." Another editor referred to a "battle-scarred" veteran as "bottle-scarred" and corrected it by calling him "bottle-scarred."

About the sweetest words an editor ever heard were, "Whenever I see a mistake in the paper I take it for what it was meant to be and read on."

#### Burk Independents Organize Cage Team

Made up of former high school and college basket ball stars, the independents of Burkburnett have organized a cage team and are ready to secure schedule of games with either independent teams of the area or with high school teams in this district of either Oklahoma or Texas.

The suits that have been donated for the use of the club were given by organizations in this city. The stores giving suits include Burk Gas Co., 2; Household Appliance Co., 2; First National Bank, 2; Cannon Drug Co., 1; and Owens-Brumley Furniture Store, 1.

Teams that are interested are requested to mail dates open on schedule to Curtis Cook, Box 306, Burkburnett. The team members include Al Ragsdale, Coyal Francis, Billy Henderson, G. Smith, Jack Daniels, Malcolm Moore, Polk Robinson and Jean Robertson. In the first game played the local team defeated Cashion 30 to 22.

#### School Children Present Tom Thumb Wedding at Rotary

Under the direction of Miss Peggy Gideon, the cast of students from Central ward school presented a Tom Thumb wedding at the meeting of the Rotary Club at noon Tuesday. The minister was portrayed by Jean Wills and the bride and groom were played by Mary Jean Prince and Sonny Clifton. The wedding and vows were in a humorous strain.

For an encore Sonny Clifton, accompanied by Miss Gideon, sang "Red Sails in the Sunset". J. M. Thomas and M. C. Tucker presented the program. Mr. Thomas led the club in a sing song of popular songs from the new Rotary book.

The visitors from Wichita Falls were Frank Harrison, John Sullivan, and Houston Bolin. George Backus from Vernon also visited the club.

#### Examination For Post Master At Thrift 31st

Examination for the postmaster at Thrift postoffice has been announced by the postal authorities as limited to the application made by the persons who desire the position by January 31. A former announcement had been made, but no applicants appeared for the position, and the second publication has been made by the authorities. The position is for the office that averaged \$590.00 last year. The applicants must have reached their 21st and not their 65th year. The last application was accepted last June 27.

Daughters need discipline at times remarked Mr. Hiflyer.

#### John Lee Smith Will Deliver Main Speech At Meeting Next Fri.

Organization to Celebrate 15 Years of Service in City and Territory

#### NEW OFFICERS INSTALLED

Celebrating the completion of 15 years of service in Burkburnett, the chamber of commerce will meet in the annual banquet at the First Methodist church Friday night, with John Lee Smith of Throckmorton, prominent attorney and business man, as speaker. Glenn Bear will be toastmaster.

With the anniversary significance of the meeting the decorations and the menu of the meet will carry a Centennial and historic thesis.

The reports from last year's activities and the projects for the next year will have a prominent place on the program. The installation of the new directors recently elected and the new president will be part of the program.

#### Report of Progress

The annual report that will be given to the members by the reelected president, H. D. Smith and the directors will list a large amount of work that has been done by the group during the entire year.

The work plans committee will submit for the approval of the society the work that is to be done this year. This will include the projects that are to be undertaken in the celebration of the state Centennial, and the entertainment of the county track and literary meet in Burkburnett.

#### Directors

The new directors chosen are: W. A. Roberts, W. R. Hill, John Bostic, J. H. Brumley, A. B. Sandler, and Leonard Mattingly. The last three

#### Tightwad Company Strikes Well Sunday

The Tightwad Oil company of Rex Smith et al drilled in a well estimated to be from eight to ten barrels at the E. E. Hardin lease five miles west of Burkburnett Sunday afternoon. The absolute production had not been measured, but the estimate will be made some time this week. The well was drilled to 600 feet with a spudder.

There are no other wells on the lease where the oil was found, but on adjacent leases production of the same type had been found previously. The new well will be started as soon as the spudder can be skidded over to a new location. The small well will be the fore runner of several other attempts to find production in the same territory.

#### Bulldogs Defeat Clara For First Victory of Year

The Burkburnett Bulldogs that have steadily improved since the opening of the season, defeated the Clara Greyhounds at Burkburnett Tuesday night 25 to 22. A packed gymnasium watched the Bulldogs smash the Greyhounds' hopes of getting back into the Wichita Valley race by giving them the second successive defeat. Coach Polk Robinson finally found a winning combination when he left in the game his entire group of experienced men from last year's squad.

The Burkburnett team got away for a big lead in the first period and led by Wayne Rose, guard and captain, they had a 16 to 9 advantage at the half. In the last two periods the Greyhounds started a rally that cut the lead of the Bulldogs to three points but were never able to overcome the handicap of the first period of scoring spree.

Sanson, a newcomer in the Clara lineup, led the attack for both teams when he stacked up 12 points. Rose of Burkburnett gathered in 11 for second honors of the game. The defeat pushed Clara into a tie with Burk for fourth place.

VISIT TO THE SCHOOL

The vas most impressive about the school was the natural- students. News Of Week

The upset of the Triple A applet- cart has left the administration and the farmers puzzled. But the president is attempting to meet the emergency with a policy called "soil" control. The Supreme Court ruled the artificial price control methods were in reality not voluntary, but merely a shadow of such a theory.

In announcing the new policy the president denounced the export bounty that would cause a large amount of shipping of national supplies. The soil control method is merely the same thing as AAA under a different disguise. The federal government will merely offer bounty to the farmer that "accepts the suggestion of the government" on how to use and what to plant on his land.

This policy is expected to convert a large amount of sub-marginal and marginal land that is now used into pasture lands.

Bonus

The bonus indicated the strength that veterans possess at the polls last week when the largest majority over recorded in the 19 years of history of the question was recorded for the immediate payment of the funds to ex-service men.

There were several things entirely unique about this bill. It rejected the inflationary idea. It left the source of money open to the president. It dismissed the idea making the bill an omnibus for other pet measures.

The veterans have handled their case more wisely and with more co-operation this time than ever before. Senate is expected to offer some embarrassing amendments, probably it will pass over the president's veto.

Demos Not Broke

There is singing in the Democratic ranks this week. For the first time since the expensive Al Smith campaign the party is in the black financially. Philadelphia performed the miracle when they offered \$200,000 cash for the convention and got it. Then the Jackson day diners added the second \$200,000 to the political pot and left the Demos in a happy state of solvency.

Oil Price

Several weeks ago this column predicted that a raise in the price of oil was inevitable. In spite of the calamity howlers that have said such a thing was not possible now, the prices picked up from 5 to 35 cents last week. There is a lot of propaganda that has been used to keep the price down in Texas and neighboring states. But the inevitable pressure of supply and demand has made itself felt to the beneficence of the oil industry.

Circle of Steel

Italy is now surrounded by a circle of steel as the fatal Jan. 20th date approaches. That is the day that a final decision will be made about the enforcement of the oil embargo. Italy has stated definitely that she will go to war with any nation trying to cut off her oil supply.

The French and British fleets, are cruising around the Roman peninsula with blank shells in the guns, but in a few seconds those shells

could be changed to living instruments of destruction.

Morgan and War

Morgan denied that he or his bank and financial organization influenced the nations entering the World War. Of course the whole nation keeps its fingers crossed while the noted banker gets indignant over the accusation. The fact that his company made untold millions, but he was purely unselfish in his desire to serve the nation. Kinda sounds like a fish story to the rest of the nation.

Proposed Legislation Threatens Welfare Of The South

"The future of the cotton south is threatened again by a revival of national and state legislation that discriminates again the products of the cotton farmer", said J. R. McCrary, prominent plantation owner, President of the Texas Co-operative Council and the Brazos Valley Cotton Co-operative Association, director and member of Executive Committee of American Cotton Co-operative Association, director of East Texas Chamber of Commerce, and member of Texas Cotton Committee, in an interview at Dallas.

"Certain Washington lobbyists, posing as representatives of the dairy industry, have begun a move against cottonseed oil as a food product, and unless cotton growers unite to defend this product, of theirs against unjust and discriminatory legislation, these lobbyists will succeed in having it classified as an insignificant by-product of southern farms and will have it driven out of all important food markets," said McCrary.

Mr. McCrary went on to say: "Cottonseed is the South's second most important money crop. It has an annual value of \$150,000,000 if utilized. Since cottonseed oil represents 60 per cent of the value of cottonseed, it is important to every cotton grower to see that it goes into the best food products. They must rise up in indignation when any group tries to drive it out of the food markets. We have lost some of our foreign markets for lint cotton, we cannot afford to lose markets for other products. Surely cotton producers will not sit idly by and see the domestic market for cottonseed oil destroyed by a selfish group in the alleged interest of an-

other agricultural commodity. Certainly the cotton farmer is entitled to as much consideration as any other type of farmer.

Mr. and Mrs. January Honored By Magnolia

On the night of January 11, 1936, the employees of the Magnolia Petroleum Co., in the natural gas and gasoline department, of Electra and Burkburnett, met in the home of Mr. and Mrs. I. D. Goodson, of Electra for a farewell party for Mr. and Mrs. W. B. January.

MOTHER DEMANDS A SAFE CAR FOR SHIRLEY TEMPLE

My goodness! what a grand car— Shirley Temple.

So Shirley has a big, new, Money-Saving Dodge Beauty-Winner

"IN SELECTING a car to take Shirley to and from the studio we were primarily interested in safety," says Mrs. George Temple, mother of the famous child cinema star. "The new 1936 Dodge with its rugged steel body and amazing brake action proved a happy solution to this problem." The big, new 1936 Dodge gives you an amazing combination of safety features... the safety-steel body... genuine hydraulic brakes... finger-tip steering and shifting—immediately responsive in heavy traffic. Dodge, however, gives you more than safety. Roomier, more luxuriously appointed than ever, the big, new, Money-Saving Dodge is smashing all economy records—owners report 18 to 24 miles to the gallon of gas and saving up to 20% on oil. See this big, new Dodge today. Drive it! Enjoy the amazing comfort of its Airglide-Ride. And remember, Dodge is now offered at new low prices—only \$640 and up, list prices at factory, Detroit—only a few dollars more than the lowest-priced cars!

Shirley Temple, starring in "Captain January"—Darryl F. Zanuck in charge of production, Twentieth Century-Fox Film Corporation—soon to be shown at your favorite theatre.

MOTHER! don't experiment with your Child's Cold

Rub on VICKS VAPORUB

Often, "mere colds" have serious consequences. It is dangerous to neglect a cold—equally dangerous to experiment with half-way measures.

Feel safe! Use Vicks VapoRub—the proved external method of treating colds. No risks of constant internal "dosing", which so often upsets delicate digestions and lowers resistance when most needed.

DOUBLE DIRECT ACTION

Just rubbed on at bedtime, VapoRub fights a cold direct—two ways at once—by stimulation and inhalation. This combined poultice-vapor action loosens phlegm—soothes irritated membranes—eases difficult breathing—helps break congestion. Often by morning the worst of the cold is over.

## Fairview and Nocona Lead In First Week Of Wichita League

The Nocona Indians and the Fairview Bears led with perfect records in the first week of play in the Wichita Valley league play. The two teams won both of their games in the schedule, and met Wednesday of this week for the most important contest of the league.

Nocona started the season by defeating the Henrietta Bearcats 43 to 10, and then repeated the victory when they downed the Burk squad 46 to 25. Both games were easy for the last year's champions of the district and bi-district.

Fairview defeated Burkburnett in the first game 36 to 16, and then entertained the Holliday Eagles in a defeat at Fairview 33 to 21.

Clara won their first game from Holliday, and then lost to the Henrietta Bearcats. The results leave Burk and Holliday tied for the cellar and Henrietta and Clara tied for third place. Fairview and Nocona lead with a tie for first place.

Fairview and Nocona continued to win Thursday night as they defeated Holliday and Burkburnett, respectively, in the Wichita Valley league play. The games played Thursday night were originally scheduled for Friday, but moved up to allow the teams to enter tournament in this section over the weekend.

Fairview defeated Holliday 33 to 21 at Fairview, and Nocona swamped the Burk Bulldogs 46 to 25 on the Indians' court.

The Fairview Bears jumped into the lead early in the game and led most of the way with ease. The Eagles ranked as a possible dark horse, played a fast game, but their defense wilted before the short passing attack and accurate shooting led by O'Guinn, and Winkles, Bear center and forward.

In the Burk-Nocona game the score was 25 to 5 at the half, and the Bulldogs staged a rally in the last two periods to score 20 points. But they allowed the Indians to do the same thing and were never able to catch up with the leaders.

Mall and Collins lead the Indians' attack with 16 and 12 points, respectively, and M. B. Hays calked up 12 points to lead the Bulldogs scoring.

The Clara-Burkburnett game scheduled for next Wednesday has been moved up to Tuesday. Clara and Henrietta played at Henrietta Friday night.

## Capitol News Letter

By W. D. McFarlane, M. C.  
Congress Re-convenes

The Congress reconvened at noon January 3, according to the "Lame Duck" amendment and quickly proceeded to the work at hand.

The Democratic majority leader, Bankhead, after routine business had been discharged, asked that the session recess until 9 o'clock in order to hear the annual message of the President to the Congress, giving his views on the "State of the Union".

Minority leader Snell of New York, a reactionary Republican, frequently mentioned as a possible candidate for president, President speaking to a joint session of the Congress at night. It would naturally seem unusual for those of his line of thought—and he severely criticised the President for delivering his message to the Congress at night, rather than at noon when the Congress convened. Speaking to a joint session of the Congress at night did not break any precedent, as President Wilson spoke to the Congress at a night session during his administration. Why should not the people of the nation be entitled to hear the President's message as well as the Congress? Our re-actionary critics who practically control all means of communication naturally resent the President getting the message of his administration and its accomplishments before the people of the nation.

**The President's Message**  
The President severely condemned the actions of all war like nations, he defied the critics to repeal new deal legislation, which has brought us so far along on the road of recovery; he stressed the need of strong neutrality legislation and clearly pointed out that "Entrenched Greed" which has severely criticised his administration and its accomplishments—that all they have to offer is to "lead us back around the same old corner into the same old dreary street . . . they would 'gang up' against the peoples' liberties". The President further pointed out that the campaign of the critics is to "smear" the truth, to attack the program through misleading statements of generality and to spread fear in every way possible. On this he said: "They are trying to manufacture a poisonous fear that is being spread subtly, expensively and cleverly by the same people who cried in those other days 'save us, save us,' lest we perish".

The President's personal appearance before the joint session, along with his Cabinet and all the dignitaries of Washington, including the Supreme Court, was the signal for wild applause. His address was well received before packed galleries more than 50,000 having been turned away. Even his critics admitted it was the greatest political stroke ever delivered to an adversary. It left the few remaining reactionary-stand-pat Republicans of both Houses back on their heels without any program and without any fair comment to make. As time goes on it is clearly seen the hopelessness and the complete lack of any constructive program offered or to be offered by the Republicans. Apparently they are content to sit back and criticize the honest efforts of this administration to go forward with a constructive program that will further lead us out of the panic caused by the Republicans.

### The Budget, AAA Decision And Jackson Day Dinner

While the Congress was receiving the President's budget recommendations, giving the plans of this administration to cut down expenses and balance the budget as quickly as possible and advocating a program to this end, the Supreme Court was delivering their divided political opinion declaring the AAA unconstitutional. It is admitted even by our critics that the AAA legislation has brought us far on our road to recovery and that something must be speedily worked out to replace it. The President at the Jackson Day Dinner said of this decision: "That the majority and minority opinions were two of the most momentous opinions ever rendered in a case before the Supreme Court of the United States. The ultimate results of the language of these opinions will profoundly effect the lives of the Americans for many years to come." He closed his speech with these remarks: "We will not retreat."

**The Bonus**  
The Vinson-Patman-McCormack Bonus bill passed the House January 10th by a vote of 356 to 59. It now goes to the Senate where early

consideration is expected next week. The legislation is merely an authorization for payment and if passed by the Senate as it came from the House will require an appropriation to be made later. Should this measure become a law, then an appropriation must be made later for payment. The big fight will then come on whether or not payment will be made as under the Patman Plan by issuing non-interest bearing currency or by a direct appropriation, which would call for the issuance of further tax exempt bonds, which would mean more taxes and the President says he will veto any additional appropriations not providing sufficient taxes for payment. The writer believes that Congress will be slow to enact legislation on this subject that will require new taxes for payment.

## The Rebekah Few

I went to Lodge the other night My duty to do.  
Order was called  
The roll of absentees were noted  
There was only the Faithful Few.

Don't be a slacker  
Get in the race  
Help the other to win  
You won out when you were in  
The run—The team was at work  
The Monday night before  
But was your smiling face among the Faithful Few?

The work of the Order is upright  
And when you are laid to rest  
The teachings are of the best,  
With the moon and stars  
The bee-hive, dove and Lilly on your tomb

You proclaim to the world  
You ranked with the best  
When you reach that final place  
Will there only be that Faithful Few?

Come to the hall and do your bit  
You won't put the crowd in a daze  
But I am sure they will not gaze  
Don't let them think they will be the only one  
Proclaim to them that you are going to be  
Among the Faithful Few.  
Ida Mary Dickson.

## Reading System—

(Continued from page 1)

ity of interest is achieved in the present system. Students capable of from 3rd to 8th grade work are in the same group. The method of instruction here recognizes this variability.

More use of the dictionary is encouraged acquaintance with names and connotations are studied. The student takes his books from a selection of 200 volumes approved by the state. He reads and reports, not in old fashioned method of strict discipline but under his own initiative.

Not all the pupils know these thousands of new words they encounter by sight, but the exposure to them creates a curiosity and ability to look for their meaning.

The preliminary diagnosis of the student's ability and needs is given in the standard test. Each child submits to the tests to determine whether or not he is subject for special corrective work that is undertaken by the teacher.

Under Miss Peggy Gideon, Morris Strong, and Lee Clifton, these results are classified, and the children directed in reading necessary for them as individuals.

Each pupil is then given a standard test that tells whether or not he is making progress. Failure to progress or report is to bring special attention of the teacher.

### Check Tests

A permanent record is kept of the student's reading. The file record determines his rating or grade. If he reads 20 books he receives a certificate from the state. On reading an additional 20 books he receives a seal. This system of awards keeps a reward before the pupil and keeps interest in achievement at its highest.

### Correction

When the test indicates that the pupil has not made any progress, the student is called for special class work. He reads under direct supervision of the teacher, and his faults are corrected. The teacher sets special exercises for him to follow to correct his special faults.

In the seventh grade under Miss Westbrook, practically the same plan is followed. The pupils have a wider range of books, having access to the several thousands of books in the high school library.

### High School

Complete mastery of mechanical processes is supposed to have been reached by the time the pupil reaches the high school grades. But a creation of wider interest is supposed to develop.

The development is encouraged by the setting of a standard in the books read. The value of the book is set at so many points, and the pupils are supposed to achieve a certain number of points before passing an English course.

## Home Builders Class Met Wed. Afternoon

The members of the home builders of the First Methodist church were entertained Wednesday afternoon, Jan. 8, at the home of Mrs. Bertha Cropper. The session was opened by singing "Blessed Assurance," after which the devotional was read by Mrs. M. C. Tucker. Mesdames M. C. Tucker, and J. M. Thomas sang a vocal duet. The presiding officer, Mrs. H. C. Gilbert, had charge of the business session.

Refreshments were served to Mesdames F. R. Knauth, M. L. Urban, R. A. Stimpson, J. M. Thomas, J. C. Parker, W. A. Browning, E. L. Gebhardt, H. C. Gilbert, W. T. Vance, M. C. Tucker and the hostess, Mrs. Bertha Cropper.

## Smith Re-elected C. of C. President

### Kelly, Sandler and Hill Named on Official Family of Organization

H. D. Smith, who has served the last twelve months as the executive director of the chamber of commerce was re-elected to that position Monday night at the board of directors. Mr. Smith was elected by the same body meeting last year, and the board unanimously re-elected him for the second term. Mr. Smith is a well known Burkburnett business man, and has been director of federal relief in this area for several years.

The other officers elected were: A. B. Sandler, vice-president, Frank Kelley second vice-president, and W. R. Hill, treasurer. Mr. Sandler, manager of the Manhattan, was recently elected to the board of directors and is serving his first term in the position. Mr. Kelley has been a member of the board for several years and was elected without opposition. Mr. Kelley is owner of the Kelley Grain and Feed Co. Mr. Hill has been treasurer for six years and was re-elected for the seventh term. He has been a member of the board since it started. He is president of the Farmers State bank, and leader in civic and business affairs in Burkburnett.

## Wesley Bible Class Present Amateur Hour

The Wesley Bible class completed a contest for membership and attendance Sunday, Jan. 5, and the Blues won. The Reds entertained the winners with a party at the church Thursday afternoon in the form of the Major Bowes amateur hour.

In the program presented, Graham McNamee was represented by Mrs. Ray Hill and Marie Bowes by Mrs. H. C. Van Loh. Those appearing on the program were: Mrs. Butler Westerfield, Sally Peabody; Mace Oyler, hobo; B. F. Taylor, J. M. Pogue and J. H. Brumley, Pickering sisters; Carlos Baker as yodeling cow girl; Jude Willingham; John Rigby, opera singer; Wayne Goodlet, piano player; Nichols, lonesome cowboy; W. D. Utts, straight song.

From the audience, Mesdames Paul Browning, Buddy Morris, W. A. Strickland and Truman Garland were chosen to sing a quartet. Mrs. O. E. Melton presented the captains of each side, Mrs. J. M. Pogue and Mrs. Paul Browning. The entire club voted on the best actor and elected Sallie Peabody, (Mrs. Westerfield).

Those present were: Mesdames J. H. Rigby, H. R. Hayes, J. M. Pogue, B. Danforth, Al Moore, L. J. Larry, C. E. Baker, R. W. Wallace, J. L. ## Garner Speaks at Lions Club Tues.

Irvin Garner of Wichita Falls spoke at the Lions club in Burkburnett Tuesday night on the subject of lowered court costs in Wichita county. The lowering of jury service costs has been the result of the better organization of the judiciary system, according to Garner.

The program presented by Leonard Mattingly and Katherine Ex-boy also included two musical numbers from the Lewallen studio. Clara Mae Barker played a piano solo, and Lela Pinkston played a violin solo accompanied by Mrs. Myrtle Lewallen.

Gordon Thomas from Walters announced the organization of a new club in Walters, and invited the local club to attend the charter day meeting of the club. Johnnie Anderson was appointed to make arrangements for the meeting.

Ross Reagan announced that the glasses committee had bought another pair of glasses for a school student and reported the student as making excellent progress during the last few days. Henry Grace gave a "classification" talk on directing funerals. Next week R. D. Owens will speak on the classification talk of selling automobiles. He will follow Grace's theme and point out the possibilities of profit in the racket.

## Jr. High Holds Graduation At H. S. Thurs. Nite

Thirty-three members of the graduating class of Burkburnett Jr. high school will receive diplomas at the final service Thursday night, according to the list released Thursday morning. The speaker will be J. B. McNeil, principal of the Reagan Junior high school, Wichita Falls.

The program is as follows: professional, Miss Peggy Gideon; invocation, Frank B. Creighton; piano solo, M. M. Browning; introduction of speaker, Butler Westerfield, superintendent of school; address, J. B. McNeil; diplomas and benediction, Butler Westerfield.

Members of the class are: Lois Louise Andrus, Jess Deforest Ashton, John L. Bostic, Jr., Doris Elaine Bowden, Ralph Brookshier, Mary Margaret Browning, Dayton Emory Cain, Frances Calvery, Guy Chesney, Jr., F. M. Dalton, Troy Sidney Davis, Leola Margaret Dudley, John Reaves Duke, Raymond Earl Faulkner, Robert Lee Gragg, James D. Griffin, Reese H. Henry, Jr., John Allen Hinnant, Othel Howard, Richard Johnson, Robert Edgar Kramer, Jack Marshall, Harry Martin, Drue McBride, Albert Reynolds, Dollie Reynolds, Dollie Mae Reed, Gwendolyn Stevens, Patricia Stewart, Helen Turnbow, Marsceline Turnbow, Dorothy Estella Wallace, Vance G. Warren.

A new police officer was anxious to make a record, and his chance came very soon. When he was on his beat he phoned to the police station and reported: "There's a man that's been robbed by some other man and I've got one of them."

"Which one have you got?" asked the sergeant.

The reply came back: "The man that was robbed."

## "Champagne For Breakfast Due Palace Sat. Mid-night

Coming Saturday mid-night to the Palace Theatre is the sparkling Columbia comedy-romance, "Champagne for Breakfast," featuring such well-known players as Mary Carlisle, Hardie Albright, Joan Marsh, and Lila Lee.

Presenting a novel situation in which a young lawyer, without clientele, gives up his law practice, turning his office over to a race track tout, to pursue adventure and romance, the film is said to possess plenty of thrills, love interest and real drama.

Joan Marsh and Hardie Albright are involved in the main romance, which eventually brings actionful adventure to young Albright, who tries to save some \$200,000 for Miss Marsh and Lila Lee, who play sisters in the film. The \$200,000 is the price offered for an avocado ranch which is to serve as the site for a new race track, and the one who gets to the lease for the ranch first will gain the profits.

It's a merry, mapeac race, and the four featured players, representative of Hollywood's finest juveniles, are excellently cast as the chasers.

## Senior News

The Senior class regrets very much that they will soon lose two of their members. Maxine and Marjorie Vines are moving this week to Normana, Texas. We hate to see them leave, but we hope they enjoy going to their new school. Last Wednesday evening one of the Seniors was in a wreck. The car driven by Anita Pharriss, the driver, and the car driven by a Mr. Brown collided at an intersection near the light plant at Thrift. No one was seriously injured but several occupants of the cars were bruised and scratched.

## Home Economics Club News

The home economics girls gave a party Friday, January 10, at the home economics building. The following games were played: pig, hen roast, and postoffice. The girl made a date with a boy at the party, but there happened to be quite a few "old maids" present (we don't know whether they were refused a date or not). Punch, angel food cake and kisses were served to the following: Mr. and Mrs. R. D. Watkins, Mr. and Mrs. C. Paschall, Miss Lillie Mae Armstrong, Anita Pharriss, Mrs. Troyler, Lenore Podbreger, Rosalie Call, Billy Bush, Wanda Marie Sidner, Wilma Whigham, Carl Ankles, Martha Drennan, Louis Bogy, Marian Sopher, Juanita Franklin, Odessa Grizzle, George T. Berets, Fred Key and Ruth Miller.

## Formal Dinner

The home economics III girls of this year were favored by a formal dinner given to them Monday, Jan. 13, by the home economics III girls this year. An eight course dinner was served to them. The color theme was red and white with little red baskets of nuts as place cards. The senior girls were: Anita Pharriss, Bennie Frances Spencer, Irvadine and Maxine Vines, Ruth Miller, and Evelyn Thompson. The hostesses were: Miss Armstrong, teacher of home economics, Lenore Podbreger, hostess, and Marian Sopher.

## We Wonder Why—

Mary Elizabeth and Wanda Marie on good terms. The sixth period study hall makes much noise when Mr. Watkins is in. Billy J. has to move from in front of Martha. Bennie is angry with Arvis. There were so many "old maids" at the home economics party Friday night.

## Volley Ball News

The volley ball team of Fairview is sponsoring an invitation tournament January 24 and 25. The admission will be twenty-five cents a half day or one may buy a ticket for fifty cents and see them play. Three beautiful trophies will be given. Fairview girls hope to win first place.

## Basket Ball News

The Fairview Bears had a full schedule last week and they handled very capably. They entertained a fast quintet from Holliday in the local gym last Thursday night, 19, and came out easy victors in the contest. The local team did not more than they could have though, since the coach of the Holliday Eagles has been ill several weeks and also one of their first string men was out of the lineup with a broken leg.

On Wednesday night, Jan. 8, the Fairview Bears invaded the dread-kennel of the Burk Bulldogs. All on the local team has dreaded this encounter, because it had been predicted by many that this was the time that the Fairview Bears were going down in defeat at the hands of the Burk Bulldogs, and this had not happened in five years! The Bears trotted forth upon the Bulldogs' court. Then too, they predicted a sure defeat when they met the Fairview center, "Legs". The Bears failed to show up in the lineup because of having caught up with one time for not following his training rules. At the Bulldogs were leading by two points and things seemed to be getting along nicely. The Bulldogs were growing more and more threatening and would have been a Bear without fail without the use of the mighty "Legs" O'Guinn—all the score might not have been quite so large. Some of the loyal supporters of the Fairview team remarked that they had lost the game even to Burk, but see a player come on the court who had been disloyal to his team, school and coach. It was to be admitted though that "Legs" did get into the game and played heads up ball. He played the best ball he has ever seen. (Suggest to see some more basing from the sidelines—he has some more). Henry, were quite calmly

"warming the bench" too. It seems strange that players of a team can not do what they are expected to do in order to have a winning team!

Anyway, the Bulldog-Bear game ended with the latter on the big end of the score of 15-37. Although the bark of the Bulldogs wasn't as bad in this game as it had sounded, the Bears aren't expecting anything like an easy victory in the next encounter with them.

Saturday, the Fairview Bears journeyed to Mankins to take part in a tournament there and without the smiling countenances of the "training rules breakers", Leroy O'Guinn, J. D. Mills, Henry Fuller, Albert Zink and another one that was learned after the Burk game, Ralph Winkles. The game at 11:30 with Archer City was forfeited to the Fairview team, so this placed the local team in the semi-final game with the hated rivals, Valley View at 7:30 Saturday night.

The game Saturday night proved to be just what Valley View had been looking for—they thought they saw a real opportunity to beat Fairview, and did they? I'll say they did! It wouldn't have mattered if there had been six "Legs", four "Alberts", seven Henrys, nine J. D.'s, two Ralphs all on the court at the same time, Valley View would have beaten Fairview just the same if they had been playing the same type of ball—they shot goals from everywhere, over their heads, underhanded, from center and just any place they decided to shoot from, they made them—their free tosses were all likewise sureties. Athens high couldn't have beaten them playing ball like they were, so no blame is left on the Fairview team for losing. So you "training rules breakers" need not rare back on your egotism and say: "Well, if we had been there the story would have been different," because it wouldn't have. You would not have come any nearer beating them than they did.

Then just for the practice, the second string of the Fairview team played Mankins an exhibition game. They lost, but it was a mighty good practice and you fellows who insist on breaking training rules had better take warning—every game these second stringers play gives them just that much more experience and makes them just that much better players—and the more you break training the more you are helping them to become first string men and earn a letter sweater.

Wednesday night, Jan. 15, the Fairview Bears will journey to Nocona in quest of the scalps of the Indians. They are expecting a tough battle but they are ever hopeful and will not give up until the final whistle is blown.

Thursday night, Jan. 16, the Henrietta team will play the local team here. This is expected to be one of the best games of the conference.

Friday and Saturday, Jan. 17-18, the Fairview Bears are entered in the Nocona tournament with 16 other teams. They meet Graham, one of the favored teams to win the tournament, at 6:30 Friday night. If they are victorious in this game they tangle up with St. Jo at 11 o'clock Saturday morning. This team is another favored to win the tournament. The Fairview team will meet some real competition and they are expecting to play some real ball!

## Fairview Faculty Frivolity Club Functions

And if you faint would go to Mexico for an evening, come with me for awhile.

Mr. and Mrs. R. D. Watkins entertained the Fairview Faculty club with a Mexican dinner. The hostess was very pretty in her Spanish costume. Of course the host prepared the dinner (?).

The club went native—meaning nearly all the members dressed in costumes. Because after receiving an invitation all written in Spanish on a unique little paper sombrero, delivered by a Spanish messenger, one would think of Spanish shawls y mucho color.

The table was beautiful with a Spanish shawl as a center piece and Serapes for place cards. The dinner, of course, was Mexican—Enchilidas, tortillas, tamales, tostadas, cafe y helada-con tortillas. The meal was started with hot punch which took the place of tequila.

After dinner progressive "42" was played in the living room. During the evening Mexican pecan candy was served.

The awards for the high scores and low scores were a sombrero, a letter opener, a tray, and a Mexican vase.

## Fairview P. T. A. Meeting

The Fairview P. T. A. will have its January meeting the twenty-seventh at seven thirty o'clock.

## RIGHT BACK AT HIM

Ole had bought a tractor but couldn't run it in spite of the fact that the dealer had shown him again and again how to operate it. The dealer finally quit in disgust. "I can sell you a tractor but I can't sell you brains to run it," he said. "Shoor you can't," retorted Ole. "You can't sell you haven't got."

## Church of Christ Young People Meet

The Young People's class of the Church of Christ met Sunday evening, Jan. 12, at 6:00 o'clock. There were thirty-six members present.

The session was opened with songs lead by Ross Lynn Jacobs, and devotional by Frances Beaver. "Conscience" was the subject for discussion. Angelea Jacobs discussed "Working for a Good Conscience"; Evelyn Anderson, "The Guilty Conscience"; Clark Jacobs, "Dead Conscience"; and Frances Beaver, "Weakness of the Conscience." A prayer was lead by Mr. Carl Pommerenning, sponsor of the class.

The executive board has planned a special program to be presented at Weeth, Jan. 26.

The group is anxious for a large attendance at each meeting, and urge all that can to attend.

## Universal Credit Co. Leads Way for New Low Ford Payments

New \$25.00 per Month Plan Offers Thrift With Safety at Cost of 1-2% per Month—6% 12 Mo.

Eight years ago the Universal Credit company began its history as an important factor in the commercial, financial and industrial life of the nation—a specialized financial institution created for the exclusive purpose of providing a stabilizing factor in financing the time sales of Ford cars and trucks. The company has made sound and substantial progress ever since inception.

UCC has been repeatedly responsible for the reduction of finance costs for Ford buyers. The large volume of business developed has made possible constantly improved plans, providing courtesy, safety, and economy for the Ford purchaser desiring to buy out of income.

UCC again follows with the lowest and best plans it has ever offered.

Under the new UCC plans, after the usual low down payment, the Ford buyer can purchase his Ford car anywhere in the country on instalments of only \$25.00 a month.

Ford V-8's have been sold in a period of four years (including two years, 1932-33, which covered the most difficult period of the late depression).

Ford V-8 performance, economy, and beauty in the past is the guarantee of Ford superiority and value in the future. Greater and greater value with each passing year has brought unequaled dollar value in the new Ford V-8 for 1936.

Families buy Ford cars today as they have for thirty years because of outstanding value. Outstanding quality at low cost has made the new Ford the choice of millions.

"Ours is more than an exclusive credit institution serving Ford dealers and Ford purchaser," the Dallas Branch Manager, Mr. Murray stated recently. "We look upon the Universal Credit company as an active arm of the Ford sales force, charged with the duty of helping the Ford dealer and the Ford purchaser in any matters where credit is involved and which has such an important bearing on the merchandising of automobiles."

Another important sales function of the Universal Credit Company which Mr. Murray brought out in our interview was the very important matter of goodwill.

A truly helpful credit service with friendly treatment is the business philosophy behind UCC credit operations. The convenient terms and low cost and safety features offer Ford buyers real economy and safety through a company that serves the Ford market exclusively.

UCC plans are available to Ford purchasers at Cooper-McCreary Motor Company, Burkburnett, Texas, who is an Authorized Ford Dealer in this community.

## Rebekah Held Installation Mon. Night

The Rebekahs held their regular meeting Monday night with Ruby Helen Kiesling, N. G., and Maude Teal, V. G., presiding for the evening.

Ida Mary Dickson took charge of the meeting and installed the following officers, Maude Teal, Noble Grand; Ida Mary Dickson, treasurer; Katie McKown, musician; Mary Cecil Wright, supporter to Noble Grand; Bertha Lynch, Chaplin; Mike Begun, outsider guardian. The officers to be installed at a later date are Pearl Pringle, vice-Grand; Pearl Beard, secretary; Lillie Ellis, warden; Agnes Boyd, conductor; Minnie Todd, right supporter to the vice-Grand; Pearl Uttz, left supporter to vice-Grand; Pearl Beard, team captain and Ida Mary Dickson, reporter, were appointed. Pearl Beard announced that the team would practice next Monday night all were urged to come and do their part.

Gold Beach, Ore., and Superior, Montana, are perhaps the only unincorporated county seat towns in the United States.

## Paul Muni Opens In "Dr. Socrates" At Palace Friday

Paul Muni will be seen on the screen of the Palace Theatre Friday and Saturday in his latest starring vehicle, "Dr. Socrates", in what is said to be one of the most dramatic roles of his career.

The picture which combines thrilling adventure and a glowing romance, is based on the best selling novel by W. R. Burnett, author of "Little Caesar."

The plot centers about Muni, portraying a country doctor, once a great surgeon of the city, who has lost his nerve through the death of his fiancée on the operating table. A shattered, nervous wreck, ironically dubbed Dr. Socrates, by a blustering, small town competing physician, he has little success until a band of bank bandits and killers terrorize the neighborhood.

Kidnaped by the bandits and taken to their hide-out to dress the wounds of those shot in battles with police, he recognizes the place, and is instrumental in leading to their capture by placing the government agents on their trail.

Ann Dvorak plays opposite Muni as a little, innocent hitchhiker the bandits have captured and with whom Muni falls in love.

## G. S. Harrell Dies Of Pneumonia At Home In Charlie

G. S. Harrell, 60, pioneer cotton ginner in the Charlie community, died at his home at Charlie at 5 o'clock Tuesday morning following an illness of one week of pneumonia.

Funeral services were at 2 o'clock Wednesday afternoon at the Charlie Church of Christ. Elder Spivey conducted the services and burial was in the Charlie cemetery under the direction of Owens-Brumley Funeral home of Burkburnett.

He is survived by five daughters, Mrs. Ollie Solis, Charlie; Mrs. William Karr, Ringgold; Mrs. C. C. Henson, Bowie; Mrs. J. O. Clayton, Quay N. M.; and Miss Dorothy Harrell, Charlie; and two sons, Ray Harrell, Byers, and Cecil Harrell, Charlie. Ray Harrell is under contract with the St. Louis Cardinals and is now a member of the Rochester pitching staff.

### Big Rabbit Creek

January 12, 1936. The Rabbit Creek community was shocked very much Friday by hearing of the passing of Miss Lorene Bridges, the daughter of Mr. and Mrs. Luther Bridges. She was laid to rest Saturday by the side of her mother and brother, who passed away more than a year ago. She was buried in the Burkburnett cemetery and the funeral preached at the Rabbit Creek school house Saturday morning at 10:00 a. m. The Rabbit Creek neighborhood joins the writer in sending to the bereaved parents and other relatives their heartfelt sympathy.

Mr. and Mrs. Jess Kincaid's little baby boy was very sick the latter part of last week, but at this writing he is much better.

Mrs. Maude has finally got moved down in their new home. The boys hauled 14 loads of everything you could think of which had accumulated around the old homestead in the past 29 years. It will take John and Ed all of the coming week to haul all of their bundle feed stuff and oats and tools. Mrs. Owens states that it will take her 10 more days to get the things in the house straightened up until it will look like a home.

Cap. Myers will move his family Monday to the home that Mrs. Owens has vacated. Mr. Myers is moving from Randlett and will farm the 160 acres he is moving on.

Nearly every farmer in the Big Rabbit Creek neighborhood motored up to our county seat, Walters, Saturday to attend to the big farmers meeting to figure out a plan to take the place of the AAA program which was knocked out by the U. S. Supreme Court.

Mr. and Mrs. Jack Williams and family spent Saturday night and part of Sunday with Mrs. Williams' parents, Mr. and Mrs. Wilson.

Some few farmers have started breaking up their land getting ready to sow spring oats. There will be a large acreage put in spring oats this year.

The writer has just been informed that Luther Bridges, the father of the young lady that was laid to rest Saturday in the Burkburnett cemetery, is laying very low and it is stated that it's doubtful if Mr. Bridges will recover.

The wheat in this part of the county is still looking very poorly. If it doesn't rain pretty soon the wheat crop will be cut way short for 1936.

#### The Mourning Finger

The old year is ended  
The New Year begun,  
Let us pause from our hurry,  
Take stock—every one.

The past year's endeavor  
Oh, where has it led,  
To anyone happier  
For kind words that we've said?

And what of our actions?  
They been kind and strong?  
Have we spared of our time  
To help someone along?

A bright smile on our lips  
A word kindly spoken—  
Who knows, it may heal  
A heart that is broken.

So let us take stock  
Of our store freely give,  
It may help some unfortunate  
Who is struggling to live.  
Yours truly,  
HAWK EYE.

### Intermediate Class Baptist Church Meets

In the absence of the regular teacher, Mrs. Frank Watkins taught the intermediate class of the First Baptist church Sunday morning. The lesson for next Sunday will be the 3rd chapter of Luke and the members and officers extend a cordial invitation to the girls of the community to join the class. Those present at the meeting Sunday were: Virginia Vaught, Melba Clark, Mary Woods, Georgia Parker, Evelyn Nash, Mary Ruth Cooper, Marie Mims and Alla Mae McCaig.

## How Calotabs Help Nature To Throw Off a Bad Cold

Millions have found in Calotabs a most valuable aid in the treatment of colds. They take one or two tablets the first night and repeat the third or fifth night if needed. How do Calotabs help Nature throw off a cold? First, Calotabs are one of the most thorough and dependable of all intestinal eliminants, thus cleansing the intestinal tract of the germ-laden mucus and toxins.

## Texas History Will Be Taught In High School 2nd Semester

A course in Texas history will be taught in the high school for the benefit of the high school students during the Centennial year according to the announcement of Butler Westerfield last week. Up to the present time the students have received instruction in Texas history during the grade school, and in the high school in connection with the American history courses. The state has adopted a regular text book that has been accepted for use in the local high school. The course will be taught by the superintendent, Butler Westerfield. The course will not emphasize the earlier history of the state as a whole as much as it will take up the sectional and territorial history of the development of the west and north west and the territory of and near Burkburnett.

## Chevy Inaugurates New Used Car Policy

Chevrolet Motor Company started the new year with a \$1,000,000 co-operative plan to help move its dealers' stocks of used cars, and to retire unworthy vehicles from the highways of the country, it was announced here today by M. E. Coyle president and general manager of the company.

Beginning on New Year's day, and continuing throughout January, Mr. Coyle said two important special activities run concurrently.

First: Chevrolet will pay to the dealer \$20.00 for every old automobile (accepted in trade on a new or used car) that he disposes of by scrapping or junking.

Second: Chevrolet will pay a bonus to salesmen whose efforts enable their dealership to sell more used cars in January than it sold in the same month of 1935.

Announcement of the aggressive plan of promoting the sale of worthy used cars and ridding the market of unworthy ones that clog the sales channels of both used and new cars, reveals that Chevrolet, which during the last twelve months has vigorously attacked the used car merchandising problems of its dealers, intends to carry on through 1936 not only with the methods that have already proved successful, but with new and bolder plans.

Mr. Coyle disclosed the plan when he was asked what lay before the automotive industry in the new year. After reviewing 1935, commenting on its \$25,000,000 expansion of Chevrolet production facilities, and its increased sales of cars and trucks, Mr. Coyle declared that the progress made by Chevrolet in the past year in raising the standards of used car merchandising was probably the most noteworthy development from the point of view of the dealer.

"Under W. E. Holler, vice-president and general sales manager," said Mr. Coyle, "Chevrolet has already instituted two outstanding developments that have greatly relieved the used car problem of the dealer. The 'Guaranteed OK Tag' that Chevrolet dealers are permitted to attach to a used car only if it has been thoroughly reconditioned, and company advertising of used cars in national magazines and in local newspapers, were two important forward steps taken during the year just ended.

"It is now our objective to maintain used car sales at as high a level during January as they have been since the new cars were introduced. The drive we are putting on now is bound to have a wholesome effect throughout the entire dealer organization, and to promote their sales of used cars during a season when used-car movement is most desirable."

## Current Literature Club Studies Thurs.

Members of the Current Literature club studied the "Biographies of Modern Writers" at the meeting with Mrs. B. F. Gilchrist last Thursday afternoon. The roll call of the members was answered with a short biography of some prominent modern writer. The parliamentary drill was held. The book review given in an attractive manner was "Hudson Rover Bracketted" written by Edith Wharton, and reviewed by Mrs. George Kimbell.

Miss Barbara Crissey read. The leader, was Mrs. Jack Land. Visitors were Mrs. C. J. Morrison, Mrs. R. M. Gilchrist and Mrs. Lucy Sedustine of Oberlin, Kansas.

Those present were: Mesdames T. H. Boling, J. L. Caffee, Dudley Ellis, Fred Flanagan, J. N. Hicks, F. A. Jameson, Geo. T. Kimbell, Rex Kolter, Jack Land, A. H. Lohofener, M. W. Majors, J. R. Prince, Joy Sessums, James Thomas, Neely Vaught, B. M. Cropper and R. L. Mattingly.

## Katy Announces New Hauling Service For Burkburnett

Local shippers and receivers of what is known as LCL, or less than carload freight, will no longer have to worry about having shipments hauled to or from the railroad freight station, according to P. A. Johnston, agent of the Katy Lines.

Effective January 20, Mr. Johnston said, the Katy and other carriers in the West and Southwest, will inaugurate a complete free pick-up and delivery service for LCL shipments. Under the new plan shipments from here, destined to any point in the United States will be picked up free, and shipments from any point in the United States will be delivered free here.

"Several years ago the Katy introduced free pick-up and delivery service, limited to certain distances, and the plan proved so popular that the scope of the service has been extended several times," Mr. Johnston said. "Under the new plan the door to door feature now applies at all Katy points."

The pick-up and delivery service will be performed by local truckers at each point, acting as representatives of the railroad. Shippers desiring to deliver shipments to the station, or to call at the station for shipments will be given an allowance of five cents a hundred pounds.

"This new service is another evidence of the determination of the carriers to further improve service, and with the fast freight schedules now in effect, the plan should result in the return of a large amount of LCL freight to the rails," Mr. Johnston said.

## Current Literature

During the last few years, with the exception of a few farsighted individuals, American literature has neglected a powerful source of materials, the Mid-west. James Hagan's "Mid-West", a real American folk drama, is an addition to American literature that will not be easily forgotten. The reader or an audience possibly will fall into the error of thinking it is a political thesis, but a critical analyst will soon discover the error of that attitude.

Naturally everyone expected a good play when the author of "One Sunday Afternoon" announced the intention of writing the drama, but very few were prepared for the intensity of "Mid-West". It is a study of the farmers of the wheat belt punch drunk from depression and drought. It is a picture of the struggle between the conservative parent and the radical youth. It advances from that thesis to show the fortitude of the old American stock.

The play should not be mistaken for a class-conscious drama for or against communism, new deal, or facism. The author merely shows the development of ideas among the farmers.

We read a delightful volume of poetry last week. It was "Locust Blossoms," written by Mrs. Rogers, of Vernon, Texas. We are not acquainted with the author, but in the small collection we felt we had personally met her. There isn't complete technical perfection. As all books do there are slight flaws of technique, but the "singing spirit" was present in the poetry, and that is what counts. In reading the volume we became conscious of a perfect understanding of the pictures drawn, of dialects of little children, and of a philosophy that seemed to rise above a suffering body and mind. Who ever the author is we believe that she must have achieved the understanding and philosophy through intense

Be Sure They Properly Cleanse the Blood

YOUR kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as nature intended—fail to remove impurities that poison the system when retained. Then you may suffer nagging backache, dizziness, scanty or too frequent urination, getting up at night, puffiness under the eyes, feel nervous, miserable—all upset.

The movies have finally discovered that the public likes the age old stories. "The Scarlet Pimpernel", "Tale of Two Cities", "Oliver Twist" and many other stories of this type along with the Crusades and such have made hits this year. We are very glad for this tendency when the production of "Strange Interludes" and "Life Moves On," made hits we were conscious of a change in the taste of the public or at least in the conscious attitude of the moving picture public.

That group of people that a few years ago thought that they needed some "hot" and sexy, are gradually growing aware of the fact that they are really enjoying the masterpieces that the race has enjoyed so many years in book form.

## Katy Lifts Huge Wheels For City

The MK & T wrecker from the Wichita Falls division was loaned for use in lifting the huge flywheels from the flat cars at the city light plant last Saturday afternoon. The wrecker of the company was brought to Burkburnett soon after the wheels arrived and the halves of wheels weighing 84,000 pounds each, were unloaded in less than three hours by the powerful machinery.

With the flywheels on hand and only the generators and bases to arrive, the erection of the machinery will start some time this week. One of the bases has been shipped, and the other will be on the way with the generators before the end of the week.

The flywheels are made in two sections, and when they are assembled will be fastened into a single unit. The tremendous size of the diesel engine makes it impractical to construct the wheels into a single unit.

The rest of the machinery had already arrived with cylinders, and accessories such as cams, rocker arms, and auxiliaries, that will run the machinery. The huge piston rods alone made a heavy load.

The foundation for the machinery has set and is ready to take the new machinery.

## NO UPSETS

The proper treatment for a bilious child

A cleansing dose today, a smaller quantity tomorrow, less each time, until bowels need no help at all.

ANY mother knows the reason when her child stops playing, eat little, is hard to manage. Constipation. But what a pity so few know the sensible way to set things right! The ordinary laxatives, of even ordinary strength, destroy all hope of restoring regularity. A liquid laxative is the answer mothers. The answer to all your worries over constipation. A liquid can be measured. The dose can be exactly suited to any age or need. Just reduce the dose each time, until the bowels are moving of their own accord and need no help. This treatment will succeed with any child and with any adult. Doctors use a liquid laxative. Hospitals use the liquid form. It is best for their use, it is best for home use. The liquid laxative they generally use is Dr. Caldwell's Syrup Pepsin. Any druggist has it.

### Find Out From Your Doctor the "Pain" Remedy You Take Is Safe.

Don't Entrust Your Own or Your Family's Well-Being to Unknown Preparations

BEFORE you take any preparation you don't know all about. For the relief of headaches, or the pains of rheumatism, neuritis or neuralgia, ask your doctor what he thinks about it—in comparison with Genuine Bayer Aspirin.

We say this because, before the discovery of Bayer Aspirin, most so-called "pain" remedies were advised against by physicians as being bad for the stomach; or, often, for the heart. And the discovery of Bayer Aspirin largely changed medical practice.

Countless thousands of people have taken Bayer Aspirin year after year and out without ill effect, have proved that the medical findings on its safety were correct.

Remember this: Genuine Bayer Aspirin is rated among the fastest to be discovered for the relief of headaches and all common pains, and safe for the average person to take regularly.

You can get real Bayer Aspirin at any drug store—simply by never buying it by the name "aspirin" alone, but always saying BAYER ASPIRIN when you buy.

### Agriculture Class Reports Successful Work For Semester

Projects Completed During First Four Months Show Work of Students FOR COMMUNITY SERVICE

The agriculture class at the Burkburnett high school under the direction of the vocational agriculture teacher in the report made to the office last week demonstrated the practicability of the plan that is used. The work was undertaken last year as an experiment by the local school board, and the dividends in community service and instruction to future farmers has justified the new departure in the local schools.

The director has attempted to teach the boys by making them do the work that they study about in addition to achieving class room and theoretical knowledge of the work. The course correlates the knowledge and experience of the farmers and experimental stations on the various crops and animal life of the nation.

This knowledge is applied in special projects that are done by the individual students and the class projects that are undertaken by the group as a whole. The work varies from treating for and preventing diseases in individual animals to the terracing and contouring of pasture and farm lands.

Among the achievements by the

class are the planning of entertainment for themselves in their social life. The organization of the FFA takes care of the social outlet.

In addition the farmers are shown the possibilities of advancement in other professions through a knowledge of the various farming fields. The economic importance of both state and national questions related to farming are pointed out.

The projects include building 20,000 yards of pasture contouring, most of which has been sodded in Bermuda and other noncorroding materials. Culling of 1,500 hens in 8 flocks. These flocks will be culled again in the spring.

Testing 12 cows for butter fat production. Each cow is tested once per month for 5 months. The milk is weighed and records of feed and production are kept.

Castrated 90 head of livestock. Pruned 100 fruit trees and grapevines. Set out 200 fruit trees and grapevines. Treated 200 fruit trees. Treated 30 hens for worms. Treated 65 birds for roup. Treated 75 chickens for chicken pox. Built 3 poultry self feeders and tanned 3 hides.

Cut up and cured the pork of three hogs. Selected from a field 10 bushels of seed corn and 5 bushels of grain sorghum seed. Treated 20 bushels of small grain for smut. Treated 125 sheep for stomach worms. Culled 125 sheep. Vaccinated 60 calves for black leg and ran 1800 yards of terrace line.

This work is all practical and demonstrates the wide range of activities that the FFA is attempting in the excellent department of the local high school.

### University Club Entertained Wed.

Mrs. R. M. Gilchrist was hostess to the members of the University Study club last Wednesday afternoon, meeting in the home of Mrs. B. F. Gilchrist. The session was conducted under the direction of Mrs. P. G. Williamson. Following a parliamentary drill by Mrs. Henry Prinzing, the group selected a slate of officers to serve during 1936-37.

The officers elected were: Mesdames Henry Prinzing, president; Joe Majors, first vice-president; L. N. Peyton, second vice-president; John Bostic, secretary; Bedford Taylor, treasurer; and George Kerr, corresponding secretary.

Responding to the roll call were: Mesdames H. L. Clifton, C. J. Duncan, W. R. Hill, George Kerr, J. D. Majors, L. N. Peyton, J. M. Pogue, H. W. Prinzing, R. P. Reagan, B. F. Taylor, R. C. Tevis, W. D. Utts, B. Westerfield, P. G. Williamson, O. C. Wills, and the hostesses. Guests present were: Mesdames D. R. Peevey, B. F. Gilchrist, Lillian Green and Miss Bettie Jo Gilchrist.

A Frenchman was relating his experiences of studying the English language. He said: "When I first discovered that if I were quick, I was fast; that if I were tied, I was fast; if I spent too freely I was fast; and that not to eat was to fast, I was discouraged. But when I came across the sentence, 'The first one won one one-dollar prize' I gave up trying to learn the English language."

## MISSOURI SHOWS US . . .

From statistics compiled in connection with 22 municipal light plants in Missouri, it is found that these plants made a total net profit of \$574,881.00 for a year.

These plants furnished street lights and other civic light projects free to their cities, items of large expense in most localities.

An average net cost for 25 kw. hours under the domestic rate is \$1.76, according to the information.

Here in Burkburnett, the average net bill for 25 kw. hours, domestic rate, is \$1.67, or nine cents lower than the average for the 22 reporting plants in Missouri.

By loyal support of the local municipal light and power plant, citizens may build up revenue which will be returned to them in countless ways. Be an owner of your own at home!

### "Barbary Coast" Lives on Screen

America's Last Frontier of Untamed Emotions In Goldwyn Drama

The "Barbary Coast," America's last frontier of untamed emotions, lives again in all its stark, rowdy realism in Samuel Goldwyn's production of that title which begins a two-day engagement at the Palace Theatre Sunday with Miriam Hopkins, Edward G. Robinson and Joel McCrea in its leading roles.

Her first picture under her new contract to Goldwyn, "Barbary Coast" offers Miriam Hopkins her greatest role as Swan, a beautiful girl who invades this gold-mad city of love-hungry men and becomes hard and cold as the diamonds with which she is decked by Chamalis, the powerful, ruthless owner of the notorious Bella Donna cafe, over whose crooked roulette table she reigns.

#### Love Wanders In

Into this struggling mass of humanity wanders Jim Carmichael, a fine, clean-cut young chap, who has made his strike. He and Swan fall in love, but the man meets a bitter disillusionment when he discovers her connection with the Bella Donna.

Death and destruction stalk the scene and Chamalis' jealous rage nearly turns the romance into tragedy before the lovers are free to face the future together.

Robinson is seen as the brutal Chamalis and Joel McCrea, who has also just signed a long-term contract with Goldwyn, plays Jim.

As an added attraction the latest March of Time will also be shown.

### Mrs. Kolter Hostess Modern Writers Club

"Improvement Through Revision," a lecture by Mrs. John M. Fox, instructor-critic for the Modern Writers club, was the feature of a meeting of the Wichita Falls Modern Writers and their honor guests from the Pro-to-Pen club of Tipton, Oklahoma, at the home of Mrs. Rex Kolter, in Burkburnett Friday night.

The speaker stressed the importance of brevity and consistency and closed her presentation with a new idea for handling confession stories and a list of several important markets.

Oliver Fudge presented his original manuscript to "Full Page Ad," a short story, which appears in the new anthology, "The American Short Story of 1935" recently published by the Galleon Press. This story has also been dramatized by the Little Theatre of the Air for presentation over KGKO.

Other numbers on the program included a short story "The Missing Heart," by Mrs. W. G. Howeth; a mystery story, "The Soul of An Ape," by Mrs. H. R. Cloughley; an article, "Did You Ever Raise a Rabbit?" by Mrs. J. A. West; a poem, "It Must Be Spring," by Mrs. J. L. Elkin, and a short story, "The Lost Chord," by Mrs. W. W. Wilkinson; a short story, "Ebenezer's Manicure," by Mrs. Maurice Adams; a short story, "Love on Relief," by Mrs. E. L. Mann; and "Soldiers Make Good Wives," a short story by Mrs. Rex Koulter.

During a brief business session under the direction of Mrs. W. G. Howeth, Mesdames H. R. Cloughley, L. J. Elkin and John M. Fox were named members of a nominating committee. An invitation was extended by the Pro-to-Pen members of the Modern Writers to attend another joint meeting in Tipton in the near future.

Mrs. John M. Fox reported the sale of her last short story, "Love's Gambler," which will appear in the February issue of Breezy Stories. Contest winnings were announced by Mesdames H. R. Cloughley and J. L. Elkin whose plays, "Purse Strings" and "Mammy's Lamb," were awarded second and third places respectively in a recent contest conducted by the writer's department of the Woman's Forum.

Refreshments were served to Mesdames John M. Fox, H. R. Cloughley, J. A. West, J. Z. Steinkoenig, W. G. Howeth, Maurice Adams, J. L. Elkin, Mary Houston Cannon, Mr. and Mrs. Adams, Messrs Oliver Fudge, Scott Griffis and W. W. Wilkinson of Wichita Falls and Mrs. J. B. Mann.
