NUMBER 25.

## BURKBURNETT WOMAN DIES FROM BURNS RECEIVED WHEN CLOTHING CATCHES FIRE FROM STOVE FLAME

Irene Phillips Victim of Tragedy Here Tuesday Morning, February 4th

### NOBODY SHIPPED TO MISS.

Irene Phillips, wife of Monie Phillips, Cooper-McCreary mechanic in the General hospital of Wichita Falls Tuesday afternoon, when her body was covered with second, secondary and primary burns in the tragedy occurring in her home here. The body was shipped to the home of Mrs. Phillips Thursday afternoon, after it had been in charge of the Owens-Brumley Funeral home since Tuesday night.

Mrs. Phillips was fatally burned Tuesday morning shortly before 10 o'clock when her dress caught from the gas stove while she was ironing in her home on Ave. F. She died at that time with her 15-year-old baby, Jane, she rushed to the yard of her home with dress blazing, and screaming to friends to aid her.

Mrs. Sam Davis and Mrs. Hervey Taylor, neighbors and friends, rushed to the burning woman's side when she fell to the earth in the yard. As she fell Mrs. Taylor jumped and beat the flames with her hands, assisted by V. E. Craven, telephone company employee, Mrs. Davis, who was with her, and an excited person turned in a alarm and the fire truck dashed to the scene of the tragedy. As the flames were extinguished, Mrs. Phillips was lifted into the car of Oscar Up, mayor of Burk, and rushed to the hospital. Dr. I. D. Russell gave her emergency treatment and Thomas Ambulance rushed Mrs. Phillips to the General hospital in Wichita Falls.

At the hospital it appeared that she was recovering and gaining strength until about 3 o'clock Tuesday afternoon. At that time she began sinking rapidly, and in spite of the doctors' frantic efforts, died at 5:50 p. m.

The doctors said that the front of Mrs. Phillips' body was covered with primary and secondary burns, that there was never any real hope of her recovery from the time she entered the hospital. The fact that she was charred beyond belief, that it was miraculous that she lived the seven hours, that the body was taken in charge by Burk funeral home soon after death Tuesday afternoon, and that she was here pending the arrangements, the woman was survived by three brothers, her husband, the father and her mother, and Mrs. M. T. Jackson of Louisiana, Miss. Mr. Phillips and his wife recently moved to Burk where Mrs. Phillips is employed by the Cooper-McCreary Motor company.

## Young Matrons Class Meets Tuesday Night

Members of the Young Matrons of the First Baptist church met at the home of Mrs. Horace Edwin Tuesday night for a business and social meeting of the organization. The leader for the program was Mrs. Bush. The class program was led by Mrs. Gentry. It was sung by Mr. and Mrs. Doty. The subject for discussion was "The Holy Land of Yesterday Today" led by Mrs. Clark. Mrs. J. C. Adams was appointed committee member to work on beautification of the church surroundings. Those present were: Edna Regie Kent, Neely Light, S. A. M. Cooper, H. C. Elin, N. R. Allen, Askins, Gentry, Le Boyd, Adkinson, Artie Whitehead, H. S. Van Cleave, Al Lohoff, F. Lewallen, Leo Foster, Nora Dan, Stegall, C. R. Graham, John H. Carnes, William Carnes, Hank J. C. Adams, Yarnes, Horace Edwin, Miles B. Hays, Raymond H. John Brookman, Herman H. H. H.

## Library Sends Books To Denver Binders

More than 100 copies of books were sent to the Denver Binders by local library for renewal of the books and binding of the popular books. The small number of books in high circulation of the library made frequent rebinding of the books necessary. The books will be back at the local organization in a few days and ready for service on the local shelves.

## County Will Vote On Local Option Saturday, Feb. 15

Commissioners Approve Petition After Required Number Submitted Last Monday

### ELECTION SURPRISE TO PUBLIC

With surprising rapidity, the opponents of the local option status of Wichita county gathered and submitted to the county commissioners a petition bearing 685 names calling an election on the wet and dry law in Wichita county. The commissioners were presented with the petition by C. C. McDonald, representing the petitioners.

The commissioners set the date as Saturday, Feb. 15. The court is required by law to call the day of election 10 to 20 days after the required number of voters submit the list. In the county 10 per cent (required number) was 323. The double amount assured the court would be forced to act immediately.

The petitioners submitted the paper only one day, last Saturday, and secured enough signers to have a full petition at the court Monday.

### Dry Precincts

If the county should go wet, then Burk as a part of precinct No. 2 would still be dry. It would remain dry unless a special election was called to force a vote and a wet majority should win. If the county goes dry all of the precincts within the county would remain dry until the entire county goes wet at some future time.

A wet unit can not exist in a dry county, but a dry unit can exist within a wet county. The Electra, Iowa Park and Burkburnett precincts would remain dry under repeal of the county law unless a special election was held for the local vote.

The county has been dry 18 years, theoretically speaking. The precinct has been dry a little longer than that by an older vote on the precinct law. The battle will be brief but bitter during the next few days.

## Chevy Sales Force Has Business Conference Thursday

Looking forward to the best year that the company has had in nine years, the Chevrolet employees of the sales force met with the managers at the Unique cafe Thursday morning for a business and sales conference. The theme of the meeting was a study of the increased prospects for a good year.

The fact that business is on the upgrade and that the bonus money will be expended this year, with all other indications such as increased activity in oil, stocks and general commerce, promises a better year for the company.

The sales force for both new and used cars were enthusiastic over the prospects of business. W. D. Barrow of Denton, member of the Barrow-Grace firm was in the city Thursday for the conference. The men present were Tex Willis, Frank Sopher, Pop Ivey, Russell Young, C. W. Carter, Ed Marten, Bill and Newell Teal, W. L. Arthur, Henry Grace and Charlie Grace.

### Meetings Next Week

The council of the Federated Missionary society will meet at the home of Mrs. Hugh Jones Friday afternoon at 2 o'clock, according to the announcement of Mrs. W. D. Bent, president.

The Current Literature club will meet at Mrs. George Kimbell's, Thursday, Feb. 13, for a study of "Gardens."

The Hardin Demonstration club will meet with Mrs. Hugh Preston Feb. 12, Wednesday. The program will be built on an educational theme in reference to the girls' organizations, etc.

American Legion will meet Monday night at the high school building. Directors of the Chamber of Commerce meet at the city hall Monday night at 7:30.

The Women's class of the First Presbyterian church will meet at the home of Mrs. Clyde Bohner west of Burkburnett Thursday, Feb. 13. Mrs. Ross Staton as assistant hostess.

The Bluebonnet Garden club will meet with Mrs. J. M. Patterson, Tuesday, Feb. 11, with Mesdames Floyd Johnson and Roy Magers as assistant hostesses.

Adding Machine Paper.—Star.

## Poll Taxes Show Big Increase In Payments in Burk

County Registrations Reach a New High as Big Political Battles Approach

### INTERESTING ELECTIONS HERE

The poll tax payments in Burkburnett showed a big increase this year in both the city and state departments. The city showed 370 eligible voters registered for the voting here, and approximately 100 more over age persons are estimated to be qualified for the ballot in local elections. This compares with 264 for last year.

In state and county division 901 persons registered for voting compared to slightly over 500 for last year. The huge increase in both divisions was attributed to the interesting elections that will be held in Burkburnett and the county and state in general.

The county registrations according to reports from Wichita Falls exceeded the 12,000 mark to set a new high for the political division. Exemptions are expected to bring the total for the county up to 15,000 qualified voters for 1936.

In municipal governments a balance of the city council will be at stake this year, and the election is expected to be very interesting to watch. The school board election will also involve the majority of the members, and the election in the district is expected to be a decisive one.

Some of the other elections that draw an interest for the coming year are, presidential, county wet and dry vote, county officers, precinct commissioner, governor, national senator, state legislative body, and many similar offices.

Altogether this will be the most interesting year for the mere observer of elections, and a mighty hard year for persons that have something at stake. Those who achieve entertainment in watching the antics of politicians will see plenty of performance for their \$1.75 for the next nine months.

## Bulldogs To Play Two Games Here

The Burkburnett basket ball team will play two more games in the Wichita Valley round robin to complete the schedule. The Nocona game that was postponed from last Wednesday night will be played here next Monday night, Feb. 10. In this game the local lads will be matched against one of the strongest basket ball teams in the district, and champions of last year. The Burk squad has been steadily improving since the start of the season. Up to date they have won three important games in the league that offers the fastest competition in the Valley. The final games will put the squad in excellent condition for the final tournament here Feb. 14 and 15.

Tuesday night the Bulldogs will play Henrietta. The team defeated Henrietta Bearcats at Henrietta the first half of the round robin, and are expected to take the Cats for another cleaning.

### SERVICES HELD FOR MRS. D. P. BAIN, 66

Funeral services were held at 4 o'clock Saturday afternoon for Mrs. D. P. Bain, 66, who died at 2 o'clock Friday morning in her farm home near Iowa Park. Services were held from the Iowa Park Church of God. Interment was in the Iowa Park cemetery under the direction of the Owens-Brumley Funeral home.

Survivors include the husband; three daughters, Mrs. Margaret Standridge and Mrs. C. V. Robertson of Electra, and Miss Elva Bain of Iowa Park; two sons, D. R. Bain and O. A. Bain of Iowa Park; four brothers and two sisters.

## Slaughter-Carpenter Office Hours Change

Drs. Ruel Slaughter and Phillip Carpenter announced this week a change in the consultation hours at the Burkburnett Clinic. The regular daily hours are: morning, 10 a. m. to 12 noon. In the afternoon: 2 p. m. to 4 p. m. and 5 p. m. to 8 p. m.

On Sunday the hours will be: 10 a. m. to 12 noon. All other hours consultation must be made by appointment. The changes in the schedule of the doctors take place immediately.

## BURKBURNETT SCHOOL TO BE HOST OF COUNTY VOLLEY BALL MEET FRI. AND SATURDAY AS SIX TEAMS PLAY

### C of C Drive Will Be Completed This Week by Committee

The members of the drive committee of the chamber of commerce will complete the clean-up of the drive for membership in Burkburnett this week. The first drive was held the last of January, and very little work was continued during the rush of tax paying season. The drive will touch all of those who were not seen during the first collection.

The out of town firms that have local enterprises will be contacted by members of the committee. Permanent committees for the organization will be announced in the near future. The drive is directed by H. S. Grace, chairman of the finance committee of the organization.

## Trades Day Events Will Be Held Sat.

In spite of the handicap of severely cold north winds that have started blowing before each of the trades day events, the last two Saturdays the entertainments have been held. The merchants will continue to hold the events regularly for the next few weeks. The meetings will be on the same street each Saturday, Ave. C between Main and 4th streets.

The events will be at 4:30 each Saturday. The merchants have extended a sincere invitation for all those who wish to participate in the party. The trades day is a cooperative effort of the business men of the city.

## Oil Field Workers To Be Offered 2nd Industrial School

Enrollment to Start Immediately For Classes Starting In Three Weeks

### FIRST SESSION SUCCESSFUL

The first session of the vocational and industrial school for oil field workers has kept enrolled 44 workers meeting at the high school for expert training. The teachers have been Harry B. Van Emden, Scott Williamson, and Charles Watson. These teachers have given the students instruction every Monday and Wednesday night on math and oil field science.

The first class has been successful and Butler Westerfield has announced that an attempt would be made for further training starting in three weeks. The oil field men that are interested have been asked to get in touch with any of the teachers listed above or in touch with Butler Westerfield.

The new classes offered are beginners math, advanced math, and advanced science classes. These classes will be available to any person in this area associated with the oil industry and who is interested in securing training or advancement in the work.

The work is under the direction of the industrial and vocational education department of Texas, and the classes were established here this fall when a representative of that department visited Burkburnett. The classes run for 12 weeks, and meet for one hour each night of the classes. The directors are anxious to extend the training to as many of the oil field workers of the city as possible, and the workers have been urged to enroll at the school as soon as possible.

## Legion Holds Meet At H. S. Next Mon.

All ex-service men have been invited to attend the meeting of the American Legion at the high school building next Monday night, Feb. 10. The meeting is especially important in view of recent legislation affecting all ex-service men. The matters of adjustment for bonus, and related subjects will receive special attention at the meeting. Other community projects and future meeting place will be discussed by the members. An interesting program has been planned for the meeting.

### County Championship at Stake As Fast Teams Gather For Meet Here

### IOWA PARK FAVORED TO WIN

Burkburnett will entertain the Volley Ball players, coaches and their fans at the high school this Friday and Saturday when six teams of Wichita county and the Burkburnett team plays for the right to enter the district tournament at Wichita Falls. The teams entered in the local tournament are Cashion, Clara, Valley View, Fairview, Electra, Iowa Park and Burkburnett.

Each of these teams will bring 10 eligible players and a coach as they invade Burk Friday for the games. The pre-season favorite is the team that has dominated the county for several years and will enter the tournament as the ranking team of the county.

The Iowa Park team recently won the tournament at Fairview against a fast field of 14 entries. All of the teams in the county race competed in the tournament.

The Burkburnett team will be coached by Miss Peggy Gideon. Miss Gideon took charge of the team at mid-term, and since that time has been bringing the group along rapidly to get ready for conference competition.

Iowa Park under the direction of Miss Zola Miller, has been training for three months for the competition and are in fine shape for the contests. The team has three letter players back, with Erschell Wigley, who has made the team for four straight years.

Electra, coached by Marguerite Bailes, is less fortunate, with no lettermen back. The team has a strong reserve, but started from the bottom to train a new team this year. Mrs. H. K. Burton at Valley View will place a strong team in the competition. The team won the consolation tournament at Fairview recently. There are two lettermen players back from last year's squad.

Fairview has four letter and experienced squad members back under Coach Erwin Brand this year. Laverne Beavers, Carrie Ruth Stonecipher, Ruth Miller and Mildred Harrison are all experienced squad members.

Burk's six letter winners of last year's squad include: Della Ashman, Marjorie Bowden, Irene Evans, Mildred Milford, Juanita Shuffler, and Marcelle Foster. Mary Lou Clements and Mary Lafon Alexander played last year. Other players are Doris Bowden, Bonnie Dell Smith, Dorothy Suggs, Juanita Guthrie, Rosa Mae Goble, Norma June Pace.

The Cashion superintendent did not release the players' names on his team in advance of the tournament. The team has played in several tournaments and has a fair

(Continued on last page)

## Police Arrest Stop Sign Runners

The Burkburnett police gave warning Monday that they intended to stop the disregard of the stop signs at the grade school buildings when they issued tickets to several drivers. The drivers reported to the city hall with Chief Stapp and were lectured by the city judge. Ross Reagan released the violators with a warning that further disregard would bring immediate punishment on part of the city government.

The policemen were placed at the lights after an apparent disregard of the signals through the cold spell and during the days that ice and snow covered the streets. Further effort will be made to prevent violation of the lights during the school periods.

## Sandler Gets First License

A. B. Sandler was the first person of the Burkburnett precinct to secure the new licenses for 1936. The tag number A-54-241 was given to the first car. Sandler had to pay the last two months of '35 year, and the entire year of '36 to secure the first plate. All persons securing new cars at the present will have to do the same thing. The new licenses may be used on the cars, but the rest of the year will be charged against the owners.

## BURKBURNETT WOMAN DIES FROM BURNS RECEIVED WHEN CLOTHING CATCHES FIRE FROM STOVE FLAME

Irene Phillips Victim of Tragedy Here Tuesday Morning, February 4th

BODY SHIPPED TO MISS.

Irene Phillips, wife of Monie Phillips, Cooper-McCreary mechanical in the General hospital of Wichita Falls Tuesday afternoon, her body was covered with second and primary burns in the tragedy occurring in her home here. The body was shipped to the home of Mrs. Phillips Thursday afternoon, after it had been in charge of the Owens-Brumley Funeral home since Tuesday night.

Mrs. Phillips was fatally burned Tuesday morning shortly before 6 o'clock when her dress caught from the gas stove while she was ironing in her home on Ave. F. She was at that time with her 15-year-old baby, Jane, she rushed to the yard of her home with her dress blazing, and screaming to her friends to aid her.

Mrs. Sam Davis and Mrs. Hervey Taylor, neighbors and friends, rushed to the burning woman's side and she fell to the earth in the yard in front of her home. As she fell Mrs. Taylor stepped and beat the flames with her hands, assisted by V. E. Craven, telephone company employee, and Mrs. Davis, who was with her. The excited person turned in a alarm and the fire truck dashed to the scene of the tragedy. As the flames were extinguished, Mrs. Phillips was lifted into the car of Oscar Papp, mayor of Burk, and rushed to the hospital. Dr. I. D. Russell rendered her emergency treatment and Thomas Ambulance rushed Mrs. Phillips to the General hospital in Wichita Falls.

At the hospital it appeared that she was recovering and gaining strength until about 3 o'clock Tuesday afternoon. At that time she began sinking rapidly, and in spite of the doctors' frantic efforts, died at 5:50 p. m.

The doctors said that the front of Mrs. Phillips' body was covered with primary and secondary burns, that there was never any real hope of her recovery from the time she entered the hospital. The fact that it was miraculous that she survived the seven hours.

The body was taken in charge by the Burk funeral home soon after death Tuesday afternoon, and was taken to the Owens-Brumley home here pending the arrangements. The woman was survived by three brothers, her husband, the father, and her father and mother, and Mrs. M. T. Jackson of Louisville, Miss. Mr. Phillips and his wife recently moved to Burk where Mrs. Phillips is employed by the Cooper-McCreary Motor company.

## Young Matrons Class Meets Tuesday Night

Members of the Young Matrons of the First Baptist church met at the home of Mrs. Horace Edwin Tuesday night for a business and social meeting of the organization. The leader for the program was Mrs. Bush. The class was led by Mrs. Gentry. The subject for discussion was "The Holy Land of Yesterday" led by Mrs. Clark.

Mrs. J. C. Adams was appointed committee member to work on beautification of the church surroundings. Those present were: Madames Regie Kent, Neeley, S. A. M. Cooper, H. C. El-N. R. Allen, Askins, Gentry, Boyd, Adkinson, Artie Whiteside, H. S. Van Clave, Al Lohoff, Lewallen, Leo Foster, Nora Dan, Stegall, C. R. Graham, John H. Williams, Hank Carnes, Hank J. C. Adams, Yeary, Horace Edwin, Miles B. Hays, Raymond H. John Brookman, Herman H. H. H.

## Library Sends Books To Denver Binders

More than 100 copies of books were sent to the Denver Binders by the local library for renewal of the books and binding of the popular books. The small number of books of high circulation of the library made frequent rebinding of the books necessary. The books will be back at the local organization in a few days and ready for service to the local shelves.

## First Sixty Bonus Applicants Average More Than \$710.00

Totaling more than \$46,000, the first sixty applicants for bonus in Burk Burnett average more than \$710.00 in the first week at the Burk Burnett adjustment office. The average is running high above the estimate of the officials of the local Legion organization, and the total is expected to exceed the conservative estimate released last week. At the rate the applications have been filed the total will touch the 150 thousand dollar mark before all adjustments have been made.

## County Assessors Start List Tues.

Nine deputies of the county assessors' department started the listing of property in Wichita county Tuesday with N. G. Goodlet of Burk Burnett appointed to complete the registration work in this unit of the county government. The tax renditions for the 1936 assessments will be made by the deputies.

According to the announcement of Arthur Howard, collector and assessor for the county, two or three months will be required to complete the work for this precinct. The city of Wichita Falls had five deputies working and each of the precincts and the territory near Wichita Falls had additional workers.

## Churches Will Wage Battle Against Vote Returning Liquor

Although no formal action has been taken by the churches as a group, in Burk Burnett to plan a campaign to fight the return of open liquor sales, informal interviews with the ministers in Burk Burnett Tuesday morning led to the belief that the churches would assist in the battle against the adoption of the proposed law.

The vote has come so suddenly that there was not time for a formal meeting of the official organizations of the churches, but the leaders in each of the groups intimated that every possible influence would be used to aid in the fight.

The vote will be taken in Wichita county Saturday, February 15, after action of the county commissioners on a petition filed last Monday at Wichita. Plans for the campaign will be announced later.

## Burk Youths Asked To Apply For NYA Jobs In Wichita

Fred Knauth announced Wednesday that the 68 boys and girls between the ages of 16 and 25 whose folks are on relief and PWA role in Burk should apply at the Wichita office of the NYA for employment in the projects that are to be started in the near future. The clients probably will be given work in the tree planting near Burk, but it is necessary that they get their identification cards as soon as possible.

The daily wages range from \$1.21 to \$4.34 with a maximum of 40 hours per month. Therefore, the youths of Burk who are eligible should secure certification in Wichita at once.

## Stapp Recovers Car Stolen In Ft. Worth

Bill Stapp, chief of police, recovered a car stolen in Fort Worth from Mr. Diffebaugh, uncle of Dr. Phillip Carpenter of Burk. The car was found west of the La Salle lease Wednesday and brought into Burk Burnett by the police. After investigation Mr. Stapp learned that it had been seen in Henrietta Tuesday night with three boys driving it. The boys apparently had abandoned the car near Burk after it had been slightly stuck in the mud. The car will be returned to Mr. Diffebaugh, and investigation in an attempt to identify the boys will be pushed by the police department.

## County Will Vote On Local Option Saturday, Feb. 15

Commissioners Approve Petition After Required Number Submitted Last Monday

ELECTION SURPRISE TO PUBLIC

With surprising rapidity, the opponents of the local option status of Wichita county gathered and submitted to the county commissioners court a petition bearing 685 names calling an election on the wet and dry law in Wichita county. The commissioners were presented with the petition by C. C. McDonald, representing the petitioners.

The commissioners set the date as Saturday, Feb. 15. The court is required by law to call the day of election 10 to 20 days after the required number of voters submit the list. In the county 10 per cent (required number) was 323. The double amount assured the court would be forced to act immediately.

The petitioners submitted the paper only one day, last Saturday, and secured enough signers to have a full petition at the court Monday.

Dry Precincts

If the county should go wet, then Burk as a part of precinct No. 2 would still be dry. It would remain dry unless a special election was called to force a vote and a wet majority should win. If the county goes dry all of the precincts within the county would remain dry until the entire county goes wet at some future time.

A wet unit can not exist in a dry county, but a dry unit can exist within a wet county. The Electra, Iowa Park and Burk Burnett precincts would remain dry under repeal of the county law unless a special election was held for the local vote.

The county has been dry 18 years, theoretically speaking. The precinct has been dry a little longer than that by an older vote on the precinct law. The battle will be brief but bitter during the next few days.

## Chevy Sales Force Has Business Conference Thursday

Looking forward to the best year that the company has had in nine years, the Chevrolet employees of the sales force met with the managers at the Unique cafe Thursday morning for a business and sales conference. The theme of the meeting was a study of the increased prospects for a good year.

The fact that business is on the upgrade and that the bonus money will be expended this year, with all other indications such as increased activity in oil, stocks and general commerce, promises a better year for the company.

The sales force for both new and used cars were enthusiastic over the prospects of business. W. D. Barrow of Denton, member of the Barrow-Grace firm was in the city Thursday for the conference. The men present were Tex Willis, Frank Sopher, Pop Ivey, Russell Young, C. W. Carter, Ed Marten, Bill and Newell Teal, W. L. Arthur, Henry Grace and Charlie Grace.

## Meetings Next Week

The council of the Federated Missionary society will meet at the home of Mrs. Hugh Jones Friday afternoon at 2 o'clock, according to the announcement of Mrs. W. D. Bent, president.

The Current Literature club will meet at Mrs. George Kimbell's, Thursday, Feb. 13, for a study of "Gardens."

The Hardin Demonstration club will meet with Mrs. Hugh Preston Feb. 12, Wednesday. The program will be built on an educational theme in reference to the girls' organizations, etc.

American Legion will meet Monday night at the high school building.

Directors of the Chamber of Commerce meet at the city hall Monday night at 7:30.

The Women's class of the First Presbyterian church will meet at the home of Mrs. Clyde Bohner west of Burk Burnett Thursday, Feb. 13. Mrs. Ross Staton as assistant hostess.

The Bluebonnet Garden club will meet with Mrs. J. M. Patterson, Tuesday, Feb. 11, with Mesdames Floyd Johnson and Roy Magers as assistant hostesses.

Adding Machine Paper.—Star.

## Poll Taxes Show Big Increase In Payments in Burk

County Registrations Reach a New High as Big Political Battles Approach

INTERESTING ELECTIONS HERE

The poll tax payments in Burk Burnett showed a big increase this year in both the city and state departments. The city showed 370 eligible voters registered for the voting here, and approximately 100 more over age persons are estimated to be qualified for the ballot in local elections. This compares with 264 for last year.

In state and county division 901 persons registered for voting compared to slightly over 500 for last year. The huge increase in both divisions was attributed to the interesting elections that will be held in Burk Burnett and the county and state in general.

The county registrations according to reports from Wichita Falls exceeded the 12,000 mark to set a new high for the political division. Exemptions are expected to bring the total for the county up to 15,000 qualified voters for 1936.

In municipal governments a balance of the city council will be at stake this year, and the election is expected to be very interesting to watch. The school board election will also involve the majority of the members, and the election in the district is expected to be a decisive one.

Some of the other elections that draw an interest for the coming year are, presidential, county wet and dry vote, county officers, precinct commissioner, governor, national senator, state legislative body, and many similar offices.

Altogether this will be the most interesting year for the mere observer of elections, and a mighty hard year for persons that have something at stake. Those who achieve entertainment in watching the antics of politicians will see plenty of performance for their \$1.75 for the next nine months.

## Bulldogs To Play Two Games Here

The Burk Burnett basket ball team will play two more games in the Wichita Valley round robin to complete the schedule. The Nocona game that was postponed from last Wednesday night will be played here next Monday night, Feb. 10. In this game the local lads will be matched against one of the strongest basket ball teams in the district, and champions of last year.

The Burk squad has been steadily improving since the start of the season. Up to date they have won three important games in the league that offers the fastest competition in the Valley. The final games will put the squad in excellent condition for the final tournament here Feb. 14 and 15.

Tuesday night the Bulldogs will play Henrietta. The team defeated Henrietta Bearcats at Henrietta the first half of the round robin, and are expected to take the Cats for another cleaning.

## SERVICES HELD FOR MRS. D. P. BAIN, 66

Funeral services were held at 4 o'clock Saturday afternoon for Mrs. D. P. Bain, 66, who died at 2 o'clock Friday morning in her farm home near Iowa Park. Services were held from the Iowa Park Church of God. Interment was in the Iowa Park cemetery under the direction of the Owens-Brumley Funeral home.

Survivors include the husband; three daughters, Mrs. Margaret Standridge and Mrs. C. V. Robertson of Electra, and Miss Elva Bain of Iowa Park; two sons, D. R. Bain and O. A. Bain of Iowa Park; four brothers and two sisters.

## Slaughter-Carpenter Office Hours Change

Drs. Ruel Slaughter and Phillip Carpenter announced this week a change in the consultation hours at the Burk Burnett Clinic. The regular daily hours are: morning, 10 a. m. to 12 noon. In the afternoon: 2 p. m. to 4 p. m. and 5 p. m. to 6 p. m.

On Sunday the hours will be: 10 a. m. to 12 noon. All other hours consultation must be made by appointment. The changes in the schedule of the doctors take place immediately. 25-4tc.

## BURKBURNETT SCHOOL TO BE HOST OF COUNTY VOLLEY BALL MEET FRI. AND SATURDAY AS SIX TEAMS PLAY

## C of C Drive Will Be Completed This Week by Committee

The members of the drive committee of the chamber of commerce will complete the clean-up of the drive for membership in Burk Burnett this week. The first drive was held the last of January, and very little work was continued during the rush of tax paying season. The drive will touch all of those who were not seen during the first collection.

The out of town firms that have local enterprises will be contacted by members of the committee. Permanent committees for the organization will be announced in the near future. The drive is directed by H. S. Grace, chairman of the finance committee of the organization.

## Trades Day Events Will Be Held Sat.

In spite of the handicap of severely cold north winds that have started blowing before each of the trades day events, the last two Saturdays the entertainments have been held. The merchants will continue to hold the events regularly for the next few weeks. The meetings will be on the same street each Saturday, Ave. C. between Main and 4th streets.

The events will be at 4:30 each Saturday. The merchants have extended a sincere invitation for all those who wish to participate in the party. The trades day is a cooperative effort of the business men of the city.

## Oil Field Workers To Be Offered 2nd Industrial School

Enrollment to Start Immediately For Classes Starting In Three Weeks

FIRST SESSION SUCCESSFUL

The first session of the vocational and industrial school for oil field workers has kept enrolled 44 workers meeting at the high school for expert training. The teachers have been Harry B. Van Emdem, Scott Williamson, and Charles Watson. These teachers have given the students instruction every Monday and Wednesday night on math and oil field science.

The first class has been successful and Butler Westerfield has announced that an attempt would be made for further training starting in three weeks. The oil field men that are interested have been asked to get in touch with any of the teachers listed above or in touch with Butler Westerfield.

The new classes offered are beginners math, advanced math, and advanced science classes. These classes will be available to any person in this area associated with the oil industry and who is interested in securing training or advancement in the work.

The work is under the direction of the industrial and vocational education department of Texas, and the classes were established here this fall when a representative of that department visited Burk Burnett. The classes run for 12 weeks, and meet for one hour each night of the classes. The directors are anxious to extend the training to as many of the oil field workers of the city as possible, and the workers have been urged to enroll at the school as soon as possible.

## Legion Holds Meet At H. S. Next Mon.

All ex-service men have been invited to attend the meeting of the American Legion at the high school building next Monday night, Feb. 10. The meeting is especially important in view of recent legislation affecting all ex-service men. The matters of adjustment for bonus, and related subjects will receive special attention at the meeting. Other community projects and future meeting place will be discussed by the members. An interesting program has been planned for the meeting.

## County Championship at Stake As Fast Teams Gather For Meet Here

IOWA PARK FAVORED TO WIN

Burkburnett will entertain the Volley Ball players, coaches and their fans at the high school this Friday and Saturday when six teams of Wichita county and the Burk Burnett team plays for the right to enter the district tournament at Wichita Falls. The teams entered in the local tournament are Cashion, Clara, Valley View, Fairview, Electra, Iowa Park and Burk Burnett.

Each of these teams will bring 10 eligible players and a coach as they invade Burk Friday for the games. The pre-season favorite is the team that has dominated the county for several years and will enter the tournament as the ranking team of the county.

The Iowa Park team recently won the tournament at Fairview against a fast field of 14 entries. All of the teams in the county race competed in the tournament.

The Burk Burnett team will be coached by Miss Peggy Gideon. Miss Gideon took charge of the team at mid-term, and since that time has been bringing the group along rapidly to get ready for conference competition.

Iowa Park under the direction of Miss Zola Miller, has been training for three months for the competition and are in fine shape for the contests. The team has three letter players back, with Erschell Wigley, who has made the team for four straight years.

Electra, coached by Marguerite Bailes, is less fortunate, with no lettermen back. The team has a strong reserve, but started from the bottom to train a new team this year. Mrs. H. K. Burton at Valley View will place a strong team in the competition. The team won the consolation tournament at Fairview recently. There are two lettermen players back from last year's squad.

Fairview has four letter and experienced squad members back under Coach Erwin Brand this year. Laverne Beavers, Carrie Ruth Stonecipher, Ruth Miller and Mildred Harrison are all experienced squad members.

Burk's six letter winners of last year's squad include: Della Ashman, Marjorie Bowden, Irene Evans, Mildred Milford, Juanita Shuffler, and Marcelle Foster. Mary Lou Clements and Mary Lafon Alexander played last year. Other players are Doris Bowden, Bonnie Dell Smith, Dorothy Suggs, Juanita Guthrie, Rosa Mae Goble, Norma June Pace.

The Cashion superintendent did not release the players' names on his team in advance of the tournament. The team has played in several tournaments and has a fair

(Continued on last page)

## Police Arrest Stop Sign Runners

The Burk Burnett police gave warning Monday that they intended to stop the disregard of the stop signs at the grade school buildings when they issued tickets to several drivers. The drivers reported to the city hall with Chief Stapp and were lectured by the city judge. Ross Reagan released the violators who were out of town residents with a warning that further disregard would bring immediate punishment on part of the city government.

The policemen were placed at the lights after an apparent disregard of the signals through the cold spell and during the days that ice and snow covered the streets. Further effort will be made to prevent violation of the lights during the school periods.

## Sandler Gets First License

A. B. Sandler was the first person of the Burk Burnett precinct to secure the new licenses for 1936. The tag number A-54-241 was given to the first car. Sandler had to pay the last two months of '35 year, and the entire year of '36 to secure the first plate. All persons securing new cars at the present will have to do the same thing. The new licenses may be used on the cars, but the rest of the year will be charged against the owners.

THURSDAY, FEBRUARY 6, 1936

ARE WE CRAZY?

Once before this paper has stated in emphatic terms just how silly it was for the citizens of Burk to disregard the stop signals at the grade school. Since then we have decided that some people (those who continue to disregard the signals) are not only thoughtless and silly, they are more nearly crazy.

The purpose of organized society is two fold. It is an attempt to protect the group against the deliberate anti-social tendencies of an individual or a small minority of individuals. The second duty of society is to protect the individual against his own foolishness.

Those stop signs were placed at the school to serve both of those purposes. They are there to protect the children against the inane thoughtlessness of the speeding maniac, and they are also there to protect the same maniac against his own carelessness.

Is it going to take a death there to wake us up? Will some child, who has confidence in society, some day dash across that street thinking he is protected, only to find that he has become a battered mass of bloody flesh and bones? Is that what we are waiting for before mass opinion is created to stop our damnable selfishness?

The school and city officials have done all that they can to create a safe situation. But there is one thing they can't do. They can't give the thoughtless another set of brains—or probably we should say "some brains".

We are not talking about degenerate criminals. Three days ago during the icy days, we stood and watched people of supposedly normal intelligence drive through both lights disregarding the signal color. Not low down rough-necks, but some of the most intelligent and important people in the city.

Will we have to place a squad of motor police, or construct a barrier, or close the street altogether? We don't think so. If the people in the city who have children there would get indignant about it, we think social pressure enough could be created to stop the insanity.

**DRIVERS LICENSE**

Starting the 14th of February, the drivers of Burkburnett will be required to qualify for the right to drive a car. The drivers will have until April 1 to secure the certificates. The law has many defects. It does not regulate the driver sufficiently, but it is a very decided improvement.

There are a few things to remember. The license cost nothing the first time. You have to fill out a blank and swear you are not an habitual drunkard, dope addict, nor are insane or physically incapacitated to drive, and finally that you are over 18 years old. Those under 18 must secure permission of parents who must make a statement assuming responsibility for the youngster's driving.

Every person in the family who will drive must secure a license. Both husband and wife will have to qualify, or only the qualified may drive. Some persons have the impression that only one license to a family is necessary. That is untrue.

After you get the license, be careful. There are more than one hundred causes for the police to revoke the license. One of these is failure to report any accident, however trivial, in which a car you are driving is involved. If it is discovered that you have had an accident, and it is unreported, your right to drive can be suspended six months.

The safe thing to do is get a book and read up on all the rules. If you are caught violating them, the fact that you didn't know about the rule will make no difference at all.

**LITTLE BIT INDEPENDENT**

Possibly we have lost some of our self reliance in the last four years. Since the federal government has been generous and the state government responsive, many local improvements could be made that are neglected because we are losing a slight bit of our independence and initiative. This is especially true in the matter of keeping our property in good condition.

As long as we feel that the WPA or some other such agency will eventually take care of everything, many things will be left undone. The point of the whole national program is that each community shall supplement the national program by doing everything possible to aid and beautify in community projects.

So for the next few months the many organizations of the city ought to get together and coordinate all activities under a general program, and let the expenses and work be assigned in proportion to each club's ability to pay. This would mean the general planning board that was organized so bravely a year ago would get to work.

**News Of Week**

Possibly we have another war on our hands. Three very definite storm centers developed in the World last Friday. Russian and Japanese troops engaged in a hand to hand battle on the Manchukuan border. That may mean a desperate war any day now. These two nations would have tangled into a war long ago if it were not for other complications.

Russia dare not attack so long as she is unsure about the German-Polish alliance. Japan is bothered about English and U. S. attitude. The diplomats of both of these countries have been feeling out the official opinion of the two powers. Trial balloons have been sent up in Washington and London.

**Germany-Poland**

The second danger zone is the Polish corridor. The strip which separates Germany from Prussia, one of Germany's main states, was awarded to Poland at Versailles. This strip a mile wide gives Poland an outlet to the sea. Friday Poland demanded that Germany pay the railway fee of several thousands of dollars in gold or stop the trains. A fuss between Hitler Germany and Poland would be just what Russia needs to start looking toward Japan.

**Austrian King**

The third point of interest developed last week in Austria. For 18 years the former emperor of Austria Hungary has been waiting the chance to go back as the ruling monarch of the small Austrian kingdom. He was dethroned as the result of World War losses. Now his achieving the throne is both possible and probable. The question is what difference will his rule make in the nation's relationship to Germany.

Hitler undoubtedly has a long time control of Germany, and it is understood that he will be friend-

ly toward the new ruler. It is even possible that the two countries may have virtual combination into a single state. The combination may not be officially acknowledged.

However, very few persons would be fooled by the pretenses. The two nations would work as a unit while making all denials of violation of the treaties.

**State Laws**

The Texas courts have operated for the last ten years under laws which did not exist at all techni-

cally. When the laws were codified in 1925 the printed copy was used for embossing by the legislature instead of the typewritten copy, and when the governor (Miriam Ferguson) signed the bill, she signed the printed copy.

An eagle eyed lawyer discovered a few days ago that several pages were missing. The missing laws include: failure of officer to enforce law or do his duty, nepotism, compounding felony, barraty, pistol carrying, offense against public morals, public peace, morals, chastity, and a small part of the banking laws.

Technically and legally speaking any person who has been convicted on these counts during the last ten years, may appeal, to the courts and win his freedom. That means that it is possible that more than a thousand persons that have been committed and are now in jails and prisons are there illegally and ought to be released. Somebody made a real boner.

**Useful Service**

Probably you have never heard of Dr. Edwin Land, and probably eight people out of ten will never hear of him, but the young Harvard graduate has made a contribution to safety and welfare of humanity. He announced last week the perfection of polaroid. The substance is a glass that will probably enable motorists to have good head lights without glare, movie goes to see three dimension pictures as natural looking as stage plays, or protect babies by a more perfect nursing bottle, and very important to fishermen—enable them to look into water, regardless of its condition and locate whatever fish happen to be below the surface. Science means mystery to most of us who are laymen, but every day the field is working miracles that have a decided reaction in our own lives.

**Landon's Candidacy**

We believe that Landon is mak-

**IT WORKED FOR ME**

Women should take only liquid laxatives

MORE people could feel fine, be fit and regular, if they would only follow the rule of doctors and hospitals in relieving constipation.

Never take any laxative that is harsh in action. Or one, the dose of which can't be exactly measured. Doctors know the danger if this rule is violated. They use a liquid laxative, and keep reducing the dose until the bowels need no help at all.

Reduced dosage is the secret of aiding Nature in restoring regularity. You must use a little less laxative each time, and that's why it should be a liquid like Syrup Pepsin.

Ask your druggist for a bottle of Dr. Caldwell's Syrup Pepsin, and if it doesn't give you absolute relief, if it isn't a joy and comfort in the way it overcomes any sluggishness or biliousness, your money back.

## Imitation of Life", Claudette Colbert's Greatest Picture, Coming Tues. and Wed.

### Auto Design Boon to Shut-Ins

Plymouth Brings Motoring Comfort to Invalids Unable To Walk

Shut-ins who are permanently confined to a wheelchair need no longer be denied pleasures of safe, comfortable motoring. The Chrysler Corporation working designers for a Pasadena bodying firm have developed a Plymouth sedan equipped with a special in invalid chair, which can be rolled into and out of the car without disturbing the chair's occupant. Ordered by a Seattle doctor for an invalid who enjoys motoring but must be confined to a wheelchair, the new car was produced in the Plymouth West Coast plant.

The rigid construction of Plymouth's safety-steel body made it possible for engineers to design the sedan without a center door on the right side. This feature gives the extra width necessary to permit the special invalid chair to be moved into the car on a pair of wheels attached to the car's floor. Four small auxiliary wheels, which fit into the grooves on the floor, are lowered by a lever in the rear of the car.

The chair has been rolled into position beside the driver's seat, latched securely into position. From the front of the car, it can be rolled back to place on a conventional set of pneumatic tired wheels. Safety and comfort features are incorporated into all Plymouth models. The low-priced car particularly appeals to the needs of the invalid. Ordered by the engineers, Plymouth's float-power engine mountings, balanced weight distribution, tapered springs, and hydraulic shock absorbers—all engineering features contribute to riding comfort. Considered of major importance in designing a special car for shut-ins is the safety-steel body, equalizing hydraulic brakes, and other safety features of Plymouth construction, insure the maximum protection against injury in traffic emergencies.

### Young People's Class Elects New Officers

Young People of the Church of Christ began their meeting Sunday evening, Feb. 2, with a short business session. Clark Jacobs, vice-president, succeeded the late Beaver, former president, of the class. A new president, Lucille Montgomery, was elected. Officers by all were led by Wood Montgomery. As the class is conducting an interesting study of the Book of Revelations, Boyd Peyton gave an interesting talk on "Prophets to the Book of Revelations"; Lorene gave "A Prophecy"; Angelea Jacobson gave "A Voice of God" by Clo- Posey. There were thirty-eight members present with some visitors. The meeting was concluded with prayer by Clark Jacobs.

Seldom, if ever, has there been such a combination of elements which mean good entertainment as there are in "Imitation of Life." Manager Logan yesterday booked it for the Palace theatre starting Wednesday, Feb. 11.

Fannie Hurst's great novel, which interests millions of women, "Back Street" proved that Fannie Hurst understands thoroughly what women like to see in a moving picture. John Stahl in that picture proved that he knew how to transpose to the screen every last ounce of interest which lay in a Fannie Hurst story. There is no director in the world who has this faculty in the same degree that John Stahl possesses it. And he directed "Imitation of Life" also.

Then there is the popularity of Claudette Colbert, who is an ideal heroine for Fannie Hurst's story. John Stahl searched for three months before he was satisfied even with Claudette Colbert. The minute her tests were seen, however, he knew that she was the "Bea" Pullman. A dozen leading men were discarded before John Stahl decided upon Warren William. There are two just now being acclaimed for their work in "Cleopatra". The cast supporting them is of real star proportions. A new baby star, named Baby Jane, plays the tiny daughter and for her work was given a starring contract by Universal. Rochelle Hudson plays the baby grown up, with Alan Hale, Ned Sparks, Henry Armetta, Louise Beavers, Henry Kolker, Alma Tell, G. P. Huntly, Jr., Wyndham Standing and Paul Porcasi.

### Farmer of Near Devol Dies at Home of Sister

Jim T. Bryant, 74, died at the home of a sister, Mrs. W. A. Wood, one mile west of Devol, Okla., early Monday morning after an illness of several months. Funeral services were held Monday afternoon from the Baptist church of Devol, with Rev. Gregory, pastor of the Baptist church at Grandfield, officiating. Interment was in the Devol cemetery under the direction of Owens-Brumley Funeral home of Burkburnett. Pallbearers were: O. S. Landus, M. Martin, A. W. Simms, S. L. McKnight, Jack Powell and W. M. Manley.

Mr. Bryant, who had lived near Devol for the last two years, is survived by the widow; one daughter, Mrs. J. P. Robinson of Konwah, Okla., and the sister with whom he resided.

### HELP WANTED

Young man or young woman to make an educational survey in Burkburnett and vicinity—work to apply on tuition. Will also pay cash bonus. Excellent opportunity to get a money-making education at a low cost. Write for full details at once. Draughon's College, Wichita Falls, Texas. 25-1tp

Thousands apply Palmer's "Skin Success" for breaking relief from skin distress. It works like a miracle in many cases. Successful for 95 years. Also use Palmer's "Skin Success" soap to keep skin in better condition. 25c each.

## Ben G. Oneal To Make Race For Congress

We are announcing in our political announcement column in this issue the candidacy of Senator Ben G. Oneal for nomination in the Democratic Primary this summer for Congress from the 13th Congressional District.

Senator Oneal is serving his second term in the State Senate. He was raised on a farm and ranch in Stephens county, and educated in the public schools of Texas and in the University of Texas. He entered the practice of law at Weatherford and later moved to Wichita Falls, where he has lived the last twenty years.

Senator Oneal is a life-long Democrat. He has never offered himself to the voters for any office except in the two races in which he was elected to the State Senate from this district. In the second election, that is in 1934, he was nominated in each of the nine counties in the district and received a total majority of over 8,500 votes. As State Senator he has worked for economy in government; lower taxes; regulation of utilities; reform of criminal procedure; adequate support for public free schools; relief for the destitute and unemployed, including the old age assistance. As our Senator he has visited throughout all parts of his district to learn at first hand the needs of the people, and has been interested in all of their problems, seeking to be of service wherever he could. He has been particularly interested in the problems of the farmers and rural communities.

Senator Oneal's business and legal training and his experience and his willingness and ability to deal seriously with the questions coming before the Legislature, caused him to be regarded as one of the most able members of that body. Recently, in writing of the work of some of the members of the Senate, the Austin Correspondent of the United Press said of him: "Senator Ben G. Oneal, of Wichita Falls, depends on knowing his subject from start to finish and the history of other Senators on the topic."

Because of Senator Oneal's careful study and serious interest in the many questions affecting the people of this state, the Senate of Texas sent him in the spring of 1933 to represent that body in the first interstate Assembly that met in Washington, D. C. That Assembly is made up of a representative of the Senate and a representative of the House of Representatives of each state in the Union and meets to consider questions of great interest to the states as states. Again in 1935, Senator Oneal was sent by the Senate to the second Interstate Assembly, which met in the spring in Washington.

The first Assembly in 1933 created the Interstate Commission on conflicting taxation, consisting of fifteen members from various sections of the United States to study the conflicts in state and federal taxes, and Senator Oneal was selected as the member from Texas and the Southwest and has been continued as such member since that time.

Senator Oneal promises the same services as Congressman that he has rendered as State Senator. He will later make a further announcement.

### Big Rabbit Creek

February 2, 1936

Mrs. Ed Owens and her brother-in-law, John, are slowly recovering from a severe sick spree. They are just able to be up and around again.

The fine big 5 inch snow which fell nearly all day last Wednesday was a grand thing. The snow measured about 5 inches on the level in the bottom lands of the Big Rabbit Creek section. It will sure put lots of moisture in the ground for the farmers for this year's crop, and was sure fine on wheat and oats.

Jess Kinnard, the owner of the Red River Valley store, is down in bed with a bad case of the mumps.

Tobe Hardin and Mrs. Martha Nails and her son Charlie motored down on Big Rabbit Creek Friday morning and spent the day visiting with the Owens family. While Bro. Tobe was here Ed had him to work on the boys' cross cut saw which was in bad shape. Less than an hour's time he had it cutting better than it has ever saved before. Believe me, Mr. Hardin is an expert at filing and setting saws. Back east

### For Congress

BEN G. ONEAL

Mr. Hardin followed his profession in the big saw mill camps where he got big money for such work.

W. H. Martin's little daughter, Winnie June, whom Mrs. Ed Owens is caring for, has been pretty sick the past few days from cutting her jaw teeth. She is some better at this writing.

Mr. and Mrs. Fred Hooper called on the Owens family a while Sunday morning. Mrs. Hooper called to see her little half sister, Winnie June Martin and to visit with the family.

Quite a few farmers up on the up lands have started plowing prior to the last two big snows that fell but had to quit due to the ground being frozen too hard. It will take the fields several days to thaw out before they will be able to start plowing again.

Mrs. Fred LeBarre and her son Clarence motored down Sunday afternoon to the Owens' family residence and visited for an hour or so.

Well, folks, Hawk Eye says the old ground hog will have to get busy if he will see his shadow as its very near 5 p. m. and at no time today has the sun come out enough for him to see his shadow. Hawk Eye is hoping he won't see it. If he does before the day is gone it will be just too bad for 6 weeks more bad weather and believe me folks, we will sure have it and I don't mean maybe either.

Hawk Eye was booked for Burkburnett trades day Saturday but his better half put him over a big 20 gallon pot rendering lard and it took him all afternoon to finish the job. Rendered out 15 gallons from Mrs. Owens' one big hog.

Medicated with ingredients of Vicks VapoRub  
**VICKS COUGH DROP**

Well, Hawk Eye is very sorry to say but he can't tell a story for the sun is sure shining enough for Mr. Ground Hog to see his shadow—so look out, folks. Don't put away your over coats and other wraps if you have them for believe me you will sure need them bad before old February and part of March is gone.

Mr. and Mrs. D. L. Alexander and children spent Sunday visiting with Dr. L.'s parents, Mr. and Mrs. J. A. Alexander.

Yours truly,  
HAWK EYE

### C of C Directors to Meet Monday Night

The executive board of the chamber of commerce will meet at the city hall Monday night for the adoption of the projects for the year and the apportionment of the budget during that period. The committees for work for the next year will be appointed. Important business in-

## American Legion Can File Bonus Claims For Men

Legion Serves All Applicants Free of Charge

Contrary to the report that the Legion can not file the papers for the bonus adjustment, the local service officer, J. T. Brady, can and will file the reports and certificates for the ex-service men in Burkburnett. The Legion has been authorized to carry out this work by the federal government. Unless the Legion does file them the postmaster or assistant or a notary public must be used. The Legion will file papers without charge to any veteran.

However, in order to save the veterans trouble the Legion was given the authority through its service officers to file and forward to Dallas and Washington, all papers that are necessary for the receiving of the bonus. All ex-service men, whether members of the local post have been requested to get in touch with the service officer as soon as possible. Mr. Brady will be at his store near the old Legion hall almost all day every day in the week, and is ready and willing to assist the Burk men in any way possible.

The bonus certificates must be accompanied by the pink slips that were formerly issued to the veterans. The finger prints of the service men are filed for records with the claims that are made by the soldiers.

This announcement was made after a widely circulated report to the effect that the Legion could

not assist in the work during the period for claiming the money. The fact is that the Legion is the only organization outside of the official government that can assist. The Legion also has all the information and materials with which to work on the matter.

## "Happened One Night" Author Pens Ginger Rogers' "In Person"

"In Person", the new attraction at the Palace Theatre Friday and Saturday, comes from the same pen which wrote the sensational successful screen play, "It Happened One Night."

The pen belongs to Samuel Hopkins Adams, popular American author. Among his novels are "Wanted: A Husband", "Common Cause", "Secret of Lonesome Cove", "Great American Fraud", "Flying Death" and "Revelry."

In "In Person," Adams again turns to sophisticated comedy-drama, giving Ginger Rogers an opportunity to display her heretofore little revealed talents in that direction. The story concerns the comic and romantic entanglements which develop when an egotistical actress falls in love with a handsome young man who refuses to accept her celebrated charms as an offset to her exhausting arrogance.

In his mountain cabin he disciplines her, but it is not long before he reciprocates the actress' romantic urge.

"In Person", RKO Radio Picture, marks the debut of Ginger Rogers as a solo star.

Tarantulas locate their prey by the sense of touch; only prey which they touch, or which touches them, is seized.

# THE BULLDOGS GROWL

EDITED BY STUDENTS OF BURK SCHOOLS

### Senior News

Now they are a class of Seniors. Just a year ago were Juniors. Never was a group so classy. As these ducky lads and lassies.

Citizens, friends and countrymen, lend your attention to the '36 Seniors of ole Burk high.

Mr. Westerfield has made a very nice offer to the Seniors if they will set as their goal—graduate with the number now enrolled, as a personal gift Mr. Westerfield has offered to frame a bronze plate relating this reality and place it in the show case.

Whether the Seniors achieve this goal or not, depends entirely on each individual of the class.

The Seniors plan to set other goals for the last semester soon, and they are setting them for no other purpose than to carry them out, and get the benefit of the victory.

WARNING!—Lest anyone should plan to be out of town any time in April—watch your dates—the Senior play!!

### Did You See

J. T. Sunday night? Watch out, J. T., that girl is dynamite.

Louise Kent try to make a hit with Claudie Moore, a new boy in Burk high?

The Burk basket ball boys beat the Clara boys Friday night?

PAULINE ALLEN—She was born January 19, 1918, in Sherman, Texas, but spent her childhood in Burkburnett, where she also started to school.

Favorites—Teachers, Miss Morgan and Mr. Blackwell and subject is typing; sport, football. Actor is John Boles, and actress is Claudette Colbert. Pastime, riding around, and hobby is honking horns.

Says the Senior class could be more livelier. Bedtime is just when she gets ready to go, and gets up when her mother calls her about three or four times. Best friend is Claudia Mae Bowman, most popular girl is Mildred Kemp, and popular boy is Avis Finch, best looking girl is Lucille Kemp, and best looking boy is Claudie Moore.

Tells us it is a secret whom she goes with, and would like to go with a black headed boy in the Senior class.

WILLIE B. GRACE—Born September 25, 1917, in Blum, Texas, where he spent his childhood and he started to school here.

Favorites—Teacher, Mr. Williamson, and subject mechanical drawing. Actor is Joe E. Brown and actress is Eleanor Powell.

Passes his extra time reading books and his hobby is fishing. Goes to bed at 7:30 and gets up at 5:30.

His best friend is Gene Robertson, and he thinks the most popular girl is Pauline Browning and the most popular boy is Clifford Duke. Best looking girl is Virginia Glidewell and the best looking boy Wayne Rose.

He would not tell us whom he goes with, but we all have a good idea. Neither would he tell us who he would like to go with.

### Assembly

Thursday a special assembly was called to tell the student body about a basket ball game that night and to work up some enthusiasm about the sports, basket ball and volley ball.

Friday the regular assembly was held. A very comical play was given by the dramatic club entitled "The First Dress Suit". The characters were Seniors who were in the Junior play last year and the same are to be used in the Senior play this year.

### 10-1 Section Luncheons

Members of the 10-1 section participated in the first of their bi-monthly luncheons Friday noon in the school cafeteria. Hostesses for the occasion were Misses Dorothy Hagard, Ordet Cope and Grace Preston. An impromptu program consisting of a brief talk by Joy Reaves, reading by Grace Preston and two vocal selections by the boy's octette. Place cards of red hearts carrying out the Valentine motif were in evidence for the nineteen class members and one guest. Dorothy Hagard acted as master of ceremonies in giving toasts to various interests of the group, including the famous toast to "Lord Poof."

The luncheons are to be regular events for the section in which will be put into practice lessons on table etiquette and general table behavior. Programs are to be planned that will be of interest to the section members. Speakers will be invited to attend one program each month while the other program will be entirely by members of the class. Christine Millikin, Minnie Jo Martin and Mary Louise Kelly will be hostesses for the luncheon for February 14. Mrs. G. A. Reaves, Jr., was the guest of the group for this first luncheon.

Adding Machine Ribbons.—Star.

### "Our Best Friends Won't Tell Us"

Members of 10-1 section are asking all of their instructors to check their outstanding faults. Mimeographed sheets have been handed to instructors with a list of hindrances to one's personality such as: ask too personal questions; need bathing more often; rude to students; rude in halls; with some 35 others. These are returned to the desk in room 208 with no signature. From this desk they are distributed to each student that originally handed them out. In this method the instructor may or may not sign the criticism. Through this method the group intends to discover their chief faults as seen by other people that they may improve them. "Lemons" have been returning all of this week and in cases where the same fault has been listed by three or four different people the owner of the sheet is taking stock. "Our friends won't tell us unless we ask them", was stated by a member of the class, "so we are opening up to one and all—tell us our faults and we'll try to improve."

Burkburnett basket ball and volley ball teams visited Clara for a game Friday night. The Burk volley ball girls showed a great improvement but were unable to defeat Clara.

Burkburnett basket ball team gave a thrill to the crowd when they showed Clara how to play basket ball. It was a thrilling game, with Clara ahead one minute and Burk ahead the next. The final score announced the best team, Burk 41, Clara 36.

### Typing Students' Rankings for Week

For the week ending January 31, students in typing ranked in the order listed below. These rankings are determined by the average of two speed and accuracy tests for the week.

Owens, Irrilla Barton, Pauline Allen, Helen Faye Bennett, Juanita McKenzie, Imogene Snoddy, Mary Lafon Alexander, Angelea Jacobs and Geneva Minick tied, Willie Etta Alexander, Christene Groves and Tolover tied, Helen Grady and Fred McPherson tied, Claudia Mae Bow-

man and Margaret Turner tied, Wayne Rose, Pauline McGinnis, Margarete Griffin, Clifford Duke, Clayton Shuffler, Lloyd Scruggs, Myril Cheney, Lester Hughes, Emajune Garland, J. W. Kent, Modene Pinkston, Lois Walden, Louise Bishop, Qunah Nichols, Miles B. Hays, Hazel Thornton Dick Hall, Othar Wheeler, James Spearman, Ruby Mills.

At the sacred crocodile pool, Karachi, worshippers dye their heads red and salaam to the old reptile whenever it appears on the surface.

Sarsaparilla is prepared from fibrous roots of the smilax, a plant indigenous in Central America from the southern and western coasts of Mexico and Peru.

# you Less to Run

Owners Report 18 to 24 Miles Per Gallon!

All over America, Plymouth owners will tell you: "A Plymouth saves money on every operating cost!"

And now, again in 1936, Plymouth is America's most economical full-size car... with owners reporting 18 to 24 miles per gallon of gas, and oil-consumption that's phenomenally low.

This 1936 Plymouth—the largest and most beautiful low-priced car ever built—has more engineering improvements and important features than any car at so low a price ever before possessed.

The big frame is the last word in strength. Plymouth's Safety-Steel body is the safest ever built. Plymouth not only provides the kind of safety you need and want, but is also insulated against rumble and noise. The famed Plymouth brakes are 100% hydraulic... two pistons at each wheel. They stop you quickly... safely... without swerving.

Get out on the road in this big, beautiful new Plymouth. Ride in it. Drive it... and get the thrill of flashing pick-up... vibrationless Floating Power... more power than you'll ever need.

## Ray Bland Tells Lions Of Texas History Tuesday

C. Skell Announces for Congress  
In 13th District of Texas

### OYSTER SUPPER PLANNED

Ray Bland, Wichita Falls attorney, told the members of the Lions of Texas of the glorious traditions of Texas history that inspired the celebration of the Centennial at the setting of the organization Tuesday night. The motif of the talk was set in the discussion of the men and women that made history. Mother Jane Long, pioneer of Galveston, region was praised and designated as the "Mother" of Texas. Stephen F. Austin was designated as the "father" of Texas for his diligent work in settling and securing government license for the people of the state.

Others whose contributions were pointed out were Ben Milam, Lamar, Sam Houston, Fanning, and any such men. The Alamo, Goliad and ultimate San Jacinto scenes were described by the speaker.

R. D. Owens made his classification talk on "Automobile Salesmen" and K. C. Spell, Wichita member, announced that he was running for congress on the platform of endowment every child at birth with sufficient money to take care of them the life after they were 16 years

The group planned a ladies night the annual oyster supper, Tuesday night, Feb. 18. The committee pointed included: program, Curran Cook, Johnnie Anderson, and Hank Kelley; table, T. J. Blackwell; kitchen, Lee Clifton; dishwasher, Roy Magers.

## Special Movie Presented At Rotary Meeting

M. C. Tucker, chairman for the program at the Rotary club noon meeting, presented as a classification demonstration on his fellow club member, Louis Peyton, a discussion of the lighting system in the home. The movie short was presented by W. W. Rogers and Edmie Hood in behalf of the General Electric company. The name of the short subject presented was "Better Light and Better Sight". It was part of a campaign presented nationally by the electric company.

The talking apparatus was managed by Floyd Gibbons, famous commentator and radio speaker. The famed newspaper man explained the processes for achieving better light and more satisfactory service from lighting systems. The visitors from Wichita Falls were Al Moline, J. C. Hunt, Glenn Britton and W. C. Duncan.

Stephen D. Ramseur was only 27 years old when he became major general in the Confederate army. He was the youngest of all major generals at that time.

## State Highway Dept. Ready To Start Work On Burkburnett Park

To Be First Centennial Park In  
State of Texas For 1936  
Tourists

### HOUSE FURNISHES MOTIF

The State highway department landscape architect announced this week that the department was ready and willing to start the work on the memorial park at the entrance of the state near the bridge in the near future. Settlement of the land that is involved will be made in the next few days.

Several organizations in Burkburnett have been working with the highway department to secure the projected right of way for the project. The American Legion, chamber of commerce and other units of city and precinct government have co-operated to make the

scheme feasible. There are several plans for the improvement of the surrounding territory.

**Historic Spot**  
The spot is a historic one for Burkburnett. It is the sight of the house that is probably the first lumber and frame house built in this section. It was built in the early history of the development of the territory as a part of the huge Burnett ranch scheme.

The lumber was hauled from Jefferson in a wagon one load at a time and under difficult conditions for the construction. The house was used as the farm house for this area of the Burnett ranch. The ranch house was placed west of Burkburnett near the corrals for houses and cattle. The corrals west of town were said to have been used in the famous wild horse drives in this area.

Later in connection with the same location a race track was built, and many interesting stories have been told of the trouble and excitement of the race track days.

The house where the park will be built was used for the people that ran the farm for the ranch territory. The ranch house was at first built of logs and sunk into the ground in a cellar effect. Thus the farm house was the first frame building.

Feed stuff, such as hay and similar crops, food for the members of both establishments. The park will be built east of the highway and wall take in one acre of ground.

The department, under Mrs. C. W. Williams, will send the best landscaper workers available in the state department. The highway division considers the local district a very important one in the state plans for the Centennial.

The Fairview Bears assured themselves a tie and practically won the title Monday night by defeating the Nocona Indians at the Fairview gymnasium, 36 to 22. The Bears will play their final game in the Wichita Valley League Friday night when they entertain the Clara Greyhounds. The Bears should have little trouble in disposing of the Greyhounds.

For the first half of the game was one of the hardest fought in league play this year. The Indians led the end of the first quarter 6 to 4. At the start of the second quarter Fairview took charge of the game and were never out of the

lead the rest of the game.

The winning team played a clever waiting offense that kept them in possession of the ball practically all the game. The quintet would secure the ball and delay the attack until a formation play developed and then execute it with lightning-like speed. The system worked so well that by the end of the second quarter Fairview led 20 to 10.

In the last half the Indians adopted a rushing game in an attempt to break up the well planned plays of the Bears. The rushing tactics were effective for a while, but the policy caused three of the Nocona players to be fouled off the court before the game ended.

On the defense the Bears stopped Nocona's scoring ace, Wall. Wall has led the conference scoring since the start of the season. Monday night he accounted for only two points for the Indians with a lone field goal.

After a man gets to be fifty he quits thinking so much about financing projects for promoters and gives more attention to looking after his own.

### Current Literature

Alexander Woolcott, American philosopher and comentator, fascinates a large audience when he speaks. Very little of the brilliance of his personality is lost in the writings that have been published by various companies.

The recent Woolcott readers still have that strange quality that sets it aside from the ordinary type of short essay. In his radio talks that were stopped because his brilliant analysis of the German situation offended his sponsors, he was not approached by any person.

"While Rome Burns", one of his more popular books, was good, but his last appearance on the air was the masterpiece of all his efforts. In our mind and we are sure many other people feel the same way, the company that sponsored him lost one customer, and made more bad will than any amount of propaganda will ever be able to cover.

The newspaper world has stored up resentment against the company that cancelled his contract, and that company will have a hard time getting a break out of newspaper men. The action smacked too much of restraint of freedom of speech and press to please the journalists. Those wary gentlemen are well aware that once such a move gains speed the sacred liberty that the newsmen have felt will go overboard.

Some quiet evening read "The Editor's Easy Chair" or "Some Neighbors". After that examine "Some Neighbors" in which Woolcott says of Paul Robeson, "In this sense he is coeval with Adam and the Redwood trees of California. He is a fresh act, a fresh gesture, a fresh effort of creation. I am proud of belonging to his race. For, of course we are members of the one sometime fulsomely called human."

Such comments delight the critic. They are filled with a richness that able to achieve as well as Woolcott few newspaper men have been able to achieve. The article is about the story of the man for whom the song "Ole Man River" was written.

The Literary Guild recently announced the selection of "The Way of the Transgressor" by Negly Farnon as the selection of March club book. This selection which was made in spite of the publication date being in February is distinctive compliment to the author of the book.

William Seabrook's recent short articles in the American based on the same theme of "Asylum" make even more interesting reading than the very brilliant book. They seem to have lost some of the confining first persons of the book, and deal with a more complete understanding of the matter of "clouded minds." In spite of all the superstitions and prejudices that we have, after reading the book, we have more sympathy and understanding of the persons who have lost their mental balance. Then to read the recent magazine articles confirms the rapidly developing suspicion that we have been very ignorant.

Opposition complains that Louisiana's Long machine is too narrow. The more drunk driving goes up, the more pedestrians go down.

### New Chevrolet Truck on Economy-Safety Run

Carrying a 10,000-lb. cement block from Los Angeles to New York, a 1 1/2-ton Chevrolet truck—one of the new 1936 models just introduced—demonstrated that safe driving means economy. Speed limits were observed in every community, with 35 m.p.h. the maximum on the open road. The 3511.4 miles were completed on two quarts of oil and 308.6 gallons of gasoline, at a cost of 61.6 cents per mile, or one-third of a cent per ton mile. The entire run was completed without any mechanical failure, repairs, or even a scratched fender. The illustrations show the test truck and features of the new 1936 models. Coupe type cabs with solid steel roof, full-floating rear axle, and full-length water jackets, are some of the improvements. In the lower right, Harry Hartz, who drove the cross-continent test, is seen, beside the 10,000-lb. block. The test was officially observed by the American Automobile Association.

### Basket Ball

Fairview and Burkburnett added to their percentages in the Wichita Valley League Friday night as they defeated Henrietta and Clara respectively. The Burk Bulldogs won from the Clara Greyhounds in a fast, close game that was in doubt until the last whistle by a score of 34 to 32.

Not once during the entire game did either the Greyhounds or Bulldogs have more than four point lead. The score was either tied or separated by two points most of the game. During the last half each team abandoned any semblance of defense and concentrated on attack. The fast offense kept the score of each team stacking up, and after a hard battle that waged bitterly in the last quarter, the Bulldogs happened to be ahead at the end.

Without much trouble the Fairview Bears smashed the Henrietta Bears 27 to 13. The game did not develop any spectacular play, and the Fairview lads after being held comparatively close for a while, forged ahead to double the score and win. The win placed the Bears in the lead of the conference for half a game and set up the scenery for the big battle between Fairview and Nocona Monday night at Fairview.

Burk will play Holliday at Burk Tuesday and Henrietta at Burk Thursday. The win Friday night placed Burk into a tie with Holliday for third place.

The Holliday Eagles swooped down on the Fairview Bears Wednesday night and carried off a juicy victory that was seasoned with the taste of sweet revenge as they performed the most startling upset of the season by defeating the Fairview quintet at Holliday, 22 to 19, in the Wichita Valley league play.

The Eagles were fighting as if the championship of the whole state was in the balance and they fought the smart Fairview team to a standstill during the entire game. The team that had won only two of its six games this season battled like an inspired team.

The victory was especially sweet in the recent Red river championship the Bears had eliminated the Eagles by a smashing victory in the last game of the season. The game made last Monday's Nocona-Fairview game at Nocona the most important of the schedule. The two teams are now tied for top place with only one defeat each. The Bears recently had defeated the Indians.

In the game at Holliday the Eagles jumped into a lead in the first half and were never headed by the Bears who fought desperately to catch up with the stubborn birds. The score at the half was 13 to 7 in favor of the Thunderbirds. In the last quarter the Birds played a slow defensive that was designed to stop the Bears. They held out until the last minute to save their valuable lead.

The other Wednesday night games were postponed as the result of bad weather.

#### Burk Wins

The Burkburnett Bulldogs drew up into a tie for third place last Friday when they defeated the Clara Greyhounds at Clara 54 to 32 in a game that finished in a storm of offense. In the first half both teams played listlessly, but the score was always close with each team gaining the lead occasionally. The last half both teams came to

life and staged a battle for the game. The result of the game was in doubt until the last minute of play, with either team a possible winner. The Bulldogs happened to be the team in the lead when the final whistle blew. It was the Bulldogs' third victory of the season, and their second victory over the Clara quintet.

All other games for the Friday evening schedule were postponed as the result of conflict with major tournaments in the area, or because of previous arrangements made by coaches of the teams involved.

### License Tags For Cars Issued Sat. Don't Cough Tonight!

The issuance of tags for automobiles for 1936 was started in Wichita county last Saturday. The tags are being issued to owners who already possess the 1935 tags. The tags on new cars must be purchased for the remaining months of the old year. The deadline for securing the tags has been moved up to April 1 of this year.

There will be 15,000 tags issued in the county for the year according to the estimates of the officials. The new plates are dark blue numbers on a cream background. The plates will have a Centennial motif, reflecting both the theme and colors of the Centennial.

Those persons who wish to secure drivers license may do so by applying at the collectors office after Feb. 14. In order to secure the drivers tickets it is necessary only to fill a blank and make formal proof of identification. In order to avoid complications and rush it is well that every person possible secure license as early as convenient.

### Westerfield Heads Curricular Meet

Butler Westerfield of Burkburnett, superintendent of schools, will head the large convention of teachers, meeting in Wichita Falls, March 7, to study the problems of course of instruction in the public schools. The first conference of the committee was held at Wichita Falls last Saturday afternoon.

Plans are being made to entertain 2,100 teachers that have expressed intention to attend the meeting in the county seat. The teachers will be divided into sections and conferences to study the problems of the curricula, according to Mr. Westerfield.

The principals of the schools met in Wichita Saturday to discuss the changes that are being planned for course of study. Warner Rascoe, deputy state superintendent for this district stated that representatives would be present at the conference from all of the surrounding counties.

### Instructions Given For Poisoning Prairie Dogs

Various Wichita county landowners now are planning the extermination of prairie dogs upon their holdings through the use of poisoned grain, it was learned from County Agent G. D. Everett, through whose offices the treated grain is being obtained.

Fred Ebner, C. C. Carson and L. F. Ramming already have obtained the poisoned grain which is prepared and distributed by J. M. Hill, junior biologist at Lubbock representing the Texas A. and M. Extension service.

Instructions emphasized by Mr.

Hill state that the animals must be given a prebit of good, or clean grain. If such food is taken by the prairie dogs within 48 hours from the time it is placed near their mounds, then the poison should be scattered over about a square foot of ground at each entrance. So arranged, the instructions say, the treated food offers a minimum of danger to range stock. Sheep, hogs and poultry must be removed from land concerned before the poison grain is distributed.

Complete extermination of prairie dogs under such a plan is promised by the agricultural experts in charge of its use. M. D. Dean of the Burk high school will be glad to assist any farmer in the work.

### PEEPS AT

### POLITICS

By J. C. C.

Campaigns are starting so let's take a look at the candidates, campaigns, and claims of the political parties.

Probably it would be a good thing if the candidates would remember the speech of a famous lawyer who said, "When the law is on my side I stick to the law. When the facts are with me and my client, I stick to facts. When neither law nor facts are with me, I tell a joke and sit down."

#### Cleverness

This year will be a test of the most clever politicians. If a candidate can show how he can pay old age pensions, lower taxes, pay bonuses, cut costs of government, pay the farmers, and keep the budget balanced, he will have to go through some queer mental gymnastics.

#### Congressional Race

The race that will interest me most will be the congressional race of the 13th district.

As usual, George Backus is running again. Some people will vote for him because it has become a habit. McFarlane will take a huge slice of votes in the Legion and church groups. Gossett of Vernon is a clever and attractive young man. He ought to make a good race. Oneal of Wichita Falls should have the fishermen and sportsmen lined up fairly well, and he probably will be the favored son of Wichita. Sartin has tried for the same office two or three times. He has been a professional dry, and probably that element will line up for him.

What reaction his political activities in the Wichita muddle will have is a matter of conjecture.

#### Burk's Commissioner

For several years Fred Knauth has kept the local precinct under his control. Rumors have it that he will have strong opposition this year. His chief opponent of last year may possibly run, and it is being whispered that a prominent Burk business man will run. The rumor has been neither denied nor confirmed.

#### County Attorney

So far as Burk is concerned, would advise the present county prosecutor to forget this year's race. There is decidedly bitter opposition to Mr. Anglin as the result of handling of a trial involving Burk persons. I do not contend that the bitterness is fair or just, but does exist in an extreme form.

#### Shorts

Wonder if Jim will give up pipe again this year?

Remember Fudge, candidate for legislature, gave fudge candy last campaign. Now wasn't that sweet?

Will the county go wet or dry? I believe it depends on the wording of the ballot.

Lions in captivity are said to grow better manes than those living in a wild state.

Every fourteen seconds a baby is born in America.

Public's Idea of Service — Measuring up to the public's idea of service, being always fair and considerate, always with the thought that we serve faithfully, is the reason ours is known as the House of Service.

**Fewer Aches and Pains More Health and Pleasure**

PAIN drags you down—physically, mentally, morally.

Why continue to endure it? Try Dr. Miles Anti-Pain Pills for Headache, Neuralgia, Muscular, Rheumatic, Sciatic, and Periodic Pains. They seldom fail.

Dr. Miles Anti-Pain Pills are pleasant to take and prompt to act. They do not upset the stomach, cause constipation or leave you with a dull, depressed feeling.

Ask your druggist or any of the hundreds of thousands enthusiastic users. Probably you too can find relief.

I think all Dr. Miles medicines are wonderful, but Anti-Pain Pills are my favorite.

Mrs. Doc Blankenship, Stamford, Texas  
I have used your Anti-Pain Pills only a short time, but they have given me prompt relief. They did for me in a week more than any other medicine I had taken for a year. Phil Goller, Milwaukee, Wisconsin  
I am never without Anti-Pain Pills. I think they are much better than anything else I have ever used. Sometimes when I am tired and nervous, and feel like I would go under, I take two Anti-Pain Pills and in a sort time I feel like a different person.  
Mrs. S. Tidbach, Stroudsburg, Pennsylvania  
Your Anti-Pain Pills have been used in my home with wonderful results. I recommend them.  
Maggie Belle Dudley, Vanceboro, N. C.  
Your Anti-Pain Pills helped me a great deal. I have used them for years. I carry them everywhere in my purse and always keep them in the house. They have saved me a great many sick headaches.  
Mrs. Jennie Neill, Coronado, Calif.

### Rumor Of Change Venue Foster Case Denied By Lawyers

The rumor that has been persistent that the venue of the Foster trial had been changed to the nearby county remained unshaken after interview with the lawyers in the case. Soon after the trial had been held in Wichita Falls last week when the state attorney, Mike Anglin, became ill, the rumor spread rapidly that the venue had caused a decision to be made to move the trial from Wichita county to a nearby county. An official opinion by a Wichita attorney, the fact that the trial had not occurred in Wichita probably would prevent removal of the case when the scene of the alleged crime is outside of the city in which the case is being held.

The assistant county attorney, Edward Martin, issued the statement that if possible the case could be tried early in February. However, most attorneys were of opinion that trial would not be held before March. This opinion is based on the fact that a special grand jury would have to be summoned, and such a summons would require at least one month to perfect. When the case ended last week, attorneys had selected 11 jurors for the trial. The illness of the attorney for prosecution caused delay and declaration of a mistrial.

### Collegiate Basketball Team Organizes

A new basketball combination has adopted the name "Collegiate" and has been organized in the Burk Burnett area during the past week. The team is made up of college players, most of which have established records in college playing. The height of the players averages 73 inches, or 6 feet 1 and one inch. The starting line-up that represents about the longest players on the team, will average 6 feet 3 and 3-5 inches. The members of the team, their positions, etc., is as follows: Speedy Johnson, 6 feet 5, all Southwest conference center at T. C. U.; Worth Atkins, 6 feet 5, star center at T. C. and N. C. A. A.; Polk Robison, 6 feet 4, Tech star forward; R. Watkins, 6 feet 1, forward and center at N. T. S. T. C.; C. E. Metzger, 6 feet 3, Cameron Junior College; Jim Morgan, 5 feet 11, W. T. S. T.; Erwin Brand, W. F. J. C., guard; Malcolm Oxley, 5 feet 11, Burk guard; Jim Morgan, 6 feet; Malcolm Oxley, 5 feet 11, Burk Burnett, guard. The members of this team were taken to the North Texas A. A. U. on Tuesday. The team was given quarters by the various business men in Burk Burnett.

Before Massachusetts Legislature petition asking it to revoke the sentence of expulsion imposed 300 years ago on Roger Williams. If granted, our guess is that Roger will come back.

### New Grade School Teacher Employed

Butler Westerfield announced the selection of Miss Pattie Thompson, formerly of Fairview school, for teacher in the Central Ward school to fill the vacancy recently created by resignation of one of the local instructors. Miss Thompson will teach in the 4, 5, and 6th grades in the school in reading and physical education department.

The new teacher is a graduate of North Texas Teachers college at Denton, Texas. For the past five years she has been teaching at the Fairview school at Thrift, Texas, near Burk Burnett. Miss Thompson majored in Physical education by both her college and the school at which she has been teaching during the past few years. Miss Thompson took charge of the local classes Monday morning.

### Snow Blizzard Aids Small Grain Farmers

The farmers growing small grain in the Burk Burnett area were happy this week at the benefit received from the second heavy snow of the month. The four inch fall of the moisture during the past week kept the ground in good condition, and

### Getting Up Nights

### Burk Driver Involved In Wichita Bus Crash

The car of Doyle Ellis of Burk Burnett and a motor bus of the Wichita Transit corporation were involved in a minor crash in Wichita Falls early last Thursday according to report in Wichita papers. The cars met at the Denver and Collins junction and the bus was turned over in the accident. Although the bus was loaded, neither the drivers of the machines nor the passengers were injured. The bus turned over after sliding to the curb. Neither machine was very seriously injured in the crash.

Chinese have a day that adds a year to their age. Stock market players met one in 1929 that gave 'em gray hairs.

## Beware The Cough From a common cold That Hangs On

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Creomulsion not only contains the soothing elements common to many remedies; such as, Syrup of White Pine Compound with Tar, fluid extract of Licorice Root, fluid extract of Ipecac for its powerful phlegm loosening effect, fluid extract of Cascara for its mild laxative effect and, most important of all, Beechwood Creosote is perfectly blended with all of these to reach the source of the trouble from the inside. Creomulsion can be taken frequently and continuously by adults and children with remarkable results. Thousands of doctors use Creomulsion in their own families as well as in their practice knowing how Creomulsion aids nature to soothe the inflamed membranes and heal the irri-

tated tissues as the germ-laden phlegm is loosened and expelled. Druggists also know the effectiveness of Beechwood Creosote and they rank Creomulsion top for coughs because you get a real dose of Creosote in Creomulsion, emulsified so that it is palatable, digestible and potent for going to the very seat of the trouble. Creomulsion is guaranteed satisfactory in the treatment of coughs, chest colds and bronchial irritations and especially those stubborn ones that start with a common cold and hang on for dreadful days and nights thereafter. Even if other remedies have failed, your druggist is authorized to guarantee Creomulsion and to refund every cent of your money if you are not satisfied with results from the very first bottle. Don't worry through another sleepless night—phone or go get a bottle of Creomulsion right now. (Adv.)

Compare Chevrolet's low delivered prices and low monthly payments.

## Do You Ever Wonder

Whether the "Pain" Remedy You Use is SAFE?

Ask Your Doctor and Find Out

### Don't Entrust Your Own or Your Family's Well-Being to Unknown Preparations

THE person to ask whether the preparation you or your family are taking for the relief of headaches is SAFE to use regularly is your family doctor. Ask him particularly about Genuine BAYER ASPIRIN.

He will tell you that before the discovery of Bayer Aspirin most "pain" remedies were advised against by physicians as bad for the stomach and, often, for the heart. Which is food for thought if you seek quick, safe relief.

Scientists rate Bayer Aspirin among the fastest methods yet discovered for the relief of headaches and the pains of rheumatism, neuritis and neuralgia. And the experience of millions of users has proved it safe for the average person to use regularly. In your own interest remember this.

You can get Genuine Bayer Aspirin at any drug store—simply by asking for it by its full name, BAYER ASPIRIN. Make it a point to do this—and see that you get what you want.

## WHY DENTON APPROVES OWNING ITS OWN ---

"Denton owns its electric light and power plant in addition to its water works and sewer system, and the City has consistently kept its electric rates low. Notwithstanding the low rates at which the municipal electric plant operates, there is a good profit in the business, and this profit for the past several years has been used for other departments of the city government, thereby reducing the city tax rate. As a result, Denton boasts a low tax rate as well as low rates for utility service.

"Out of this year's earnings of the municipally owned utilities the City Commission ordered \$74,441.25 transferred to the upkeep of other city departments, the biggest transfer ever made at the municipal building and one that brought the utilities' subsidy of other departments, since the first such transfer in 1927, to \$329,421.52, in seven payments."

What Denton has done other cities may do. Support the municipal light plant, and enjoy keeping your profits at home.

## ...Devol Flashes...

### Junior-Senior Personalities

**THELMA SYKES**—Attended Devol school for five years and thinks it a good place to be. In the glee club two years, going out this year. Has a part in the Senior play. Her favorite subject is Spanish; teacher, Hodges; thinks most popular girl is Hilda Miller; most popular boy is Sally; movie actor, Warner Baxter; actress, Claudette Colbert. Description, five-feet two, eyes of blue, blonde hair and light complexion.

**LEIGHTON HARRISON**—Now a popular Junior boy. Started to school at Devol, and has attended here all his school career. Has played basket ball 3 years and a first stringer this year. Is dark and handsome, according to a Junior girl, and doesn't like the Glee club. Was the school's worst pest but is now a pretty good guy. Favorite actor, Dick Powell; actress, Ruby Keeler. Gum, Dentyne; boy friend, Russell Reavis; girl friend, Edna Gammill.

**ORVILLE MITCHELL**—Born on Jan. 13, 1919; is now a handsome young man of the Senior class. Entered school when a Freshman from Rocky Ford. Has been a faithful worker in both athletics and school work. Is an excellent guard on the class A basket ball team and takes an active part in base ball. Favorites are: actor, Charles Farrell; actress, Jean Harlow; girl friend, Maxine Odum; boy friend, C. H. Dunn; song, "Red Sails in the Sun Set"; subject, history; teacher, Stinson; hobby, track; ambition, to be a ladies man.

### Sophomore Personalities

**ELLAMEEGE PANNELL**—Born Oct. 1920 at Valley View. Started to school there at five years of age. Entering the eighth grade at Devol she started on her way by working hard and has finally attained the dignity of a Sophomore. Ellameege is plump and funny and is in for anything called fun. Played on the Jr. Hi team in her ninth year and helped to win 2 trophies as forward position. Ellameege also played forward in the class A team and much is expected of her in her stay here. Favorites are: song, "Music Goes Round and Round"; sport, basket ball; gum, Dentyne; hobby, dieting; ambition, nurse.

**ESTELLE ARNOLD**—Born Nov. 30, 1919 at Comanche Okla., and after moving to Devol started to school in the fifth grade and has been a playmate and chum to members of the sophomore class since that time. She is well known for her classy smile and giggles; takes life as it comes and has no worry. Helped to win several trophies on the Jr. Hi basket ball team as guard for 2 years, also played on class A team. Is a real guard and can put the forward where she belongs. Favorites: song, "Music Goes Round and etc."; sport, basket ball; gum, Double Bubble; hobby, pestering; ambition, to be a hard boiled school teacher like the ones in Devol high school.

### Puppet Show

"Jack and the Bean Stalk" was the name of a puppet show given by the Junior high school in the Devol auditorium, Tuesday, February 4th. It was greatly enjoyed by all who attended.

Leut. Kenneth Tucker has been ordered by the commander of the eighth corp area to Phoenix, Arizona for official duty in Phoenix district of the CCC camp.

T. J. Blackwell, commercial teacher in the local schools, went to Denton last Friday afternoon, where he spent the week-end with his parents.

### Editorial on Conduct

The conduct of some of the members of high school is outrageous. They act all goody-goody in front of the teachers and in reality are the worst in high school. They act nice in front of teachers and in classrooms to get good grades; but the blessed little saints who are cutting up in classrooms making low grades, and having a good time in general are the ones who will get jobs when they get out of school. If they are lucky they will have a considerate warden.

### Chatty Weeps, Devol Laughs

Last Friday night the Devol teams went to Chatty and returned the winners of three ball games. The first team to go on the court from Devol was the Junior high team. This was the first game the Juniors had won this year. They were led by the center, Martell Bucy, and by the shooting forward, Herman Doss. They played hard but a successful game.

The next team to start was the B team. The Chatty boys got gentleman like to the boys and the referee warned one Chatty boy twice. The B boys were led by the guarding and free goal making of James Eubanks, but when all was going well he fouled out and Russell Reavis came in his place. The boys were crowded for points and Reavis came to the rescue by making 5 points in four minutes. So went the success of the second team. They were winners.

Now came the A boys, who fought hard all during the game and were led by the accurate shooting of Archie Compton. Before the game had gone far, C. H. Dunn fouled out, then came Orville Mitchell who did a fair job at center.

The flag still waves victorious over Devol, winner of all three games.

### Do You Know?

That C. H. and Mitch like to be in the spotlight—  
That Scotty has a flash light—  
That Haggie doesn't like snow balls—  
That we heard Luther and Leo had a bust up—  
That C. H. presented Scotty a snow ball Friday night—  
That Devol won three basket ball games—  
That the spooks almost got Leo Friday night—  
That Chattanooga Indians would like to scalp Devol—  
That Babe had rather ride home in a school truck than a new Ford—  
That Velma S. tells mid-night stories—  
That Luther ran interference for C. H. and Mitch on the way home—  
That Edna C. went on a strike.
