Who Can Vote In Revenue Bond Election Feb. 26th

Texas State Law sets out who may vote in the Revenue Bond election set for February 26th. "Only legally qualified electors who own taxable property in the City and who have duly rendered the same for taxation shall be qualified to vote."

You must have a poll tax receipt (or exemption), must have lived in the City the minimum required time, must own taxable property, and it must be on the last rendered tax roll.

If you own taxable property within the City and did not render it last year, then you are not eligible to vote, regardless of other qualifications. If you rendered your property and do not have a poll tax receipt (or exemption) you are not eligible to vote in the Revenue Bond election February 26th.

Mr. and Mrs. Jewel Riley Still Enjoying Mexico

Thursday, February 15, 1952
Burkburnett Star:
Just a few lines to let you know what a pleasant trip we are having. We are beginning our seventh week in Mexico and have driven almost six thousand miles. We have visited or at least driven through most every town of any size and stayed in Mexico City twelve days in all, going back there three different times.

Most of all we enjoyed the tropical parts of the country and every one tells us we would enjoy the whole country just as much if we came back in the spring or any time before their rainy season.

We plan to be back in Texas about February 20th, and after a short visit in Corpus Christi and San Antonio we will be getting home around the 1st of March, or income tax time, ha, ha.

Your friends,
Jewel and Mrs. Riley

Mr. and Mrs. Alvin Hill visited one day last week in Olustee, Oklahoma.

Wilburn W. Spray
Manager of Kiwash
Electric Co-operative

Cordell, Okla., Feb. 16—Wilburn W. Spray became manager of Kiwash Electric Co-operative following receipt of his approval by authorities in Washington, D. C. today. Announcement was made by W. R. Duggan, chairman of directors of Kiwash.

To Be Held Town
Hall Monday
Night, 7:30

The City Planning Committee has called a mass meeting for Monday night, February 25, at Town Hall at 7:30 P. M. At this meeting all interested persons are urged to come and discuss the Revenue Bond election to be voted on Tuesday, February 26th.

George Moffett
Announces For
State Senate

The Burkburnett Star is authorized to place the name of Senator George Moffett, of Chillicothe, in our announcement column as a candidate for reelection to the State Senate from the twenty-third Senatorial District, composed of Archer, Baylor, Cottle, Foard, Hardeman, Haskell, King, Throckmorton, Wichita, Wilbarger and Young counties.

Preston Dairy Adds Improvement

Hugh and Buddy Preston are adding a big improvement to their dairy building located on East 2nd Street, with the construction of a loading dock. The concrete dock covers the entire front of the building, and adds much to the building as well as an added convenience to workers.

Service Held For Whitaker Infant Monday, Feb. 18th

Funeral services were held Monday afternoon at 4 P. M. from the Owens and Brumley Funeral Chapel for Janice Louise Whitaker, infant daughter of Mr. and Mrs. Jim Whitaker, who died in a Wichita Falls hospital Sunday morning.

Attend Vernon C. of C. Meeting

Among those from Burkburnett attending the annual meeting of the Vernon Chamber of Commerce Tuesday night were: Mr. and Mrs. Ralph White, Mr. and Mrs. Al Lohofener, Mr. and Mrs. D. C. Dodson, Mr. and Mrs. Truman Garland, Ray Hill, Caesar Gilbert, Leon Carver, Tom Britton, Dan Hofack, Jim Pirtle, Mr. and Mrs. P. A. Wiggins and Mr. and Mrs. Carl Campbell. Drew Pearson was guest speaker.

C. of C. Buys 2,000 Baby Chicks For Distribution

The Chamber of Commerce has placed an order for 2,000 baby chicks to be delivered on March 4th. At that time they will be ready for distribution to boys and girls in this area who have made application for them.

Four breeds were ordered: Rhode Island Reds, New Hampshire Reds, White Leghorns and Austra Whites.

These birds will be exhibited in the fall Poultry show. Recipients are expected to return four chickens to the Chamber of Commerce at the fall show date, which will be announced later.

Lenten Services At Grace Lutheran

A glance at the calendar will remind us that Spring is not too far away. Everyone welcomes Spring with its warm sunshine and pleasant days. All nature, after a long cold winter, once more throbs with life.

Lions Club
Each Tuesday Night, at Town Hall, 7:00 P. M.

J. F. Kelley and Virgil Inman brought the program Tuesday night. Kelley introduced Bobby Goff, vice-president and general manager of the Spudger baseball team, who showed sound movies of the 1951 World Series games. He was assisted by Joe Hale, vice-president of the Spudgers, and Ronnie Randall, mascot. Several guests came in to view the movies, which were thoroughly enjoyed by all.

Guests from Iowa Park were Lions Curtis Sewell, D. O. Smith and Rawlins Woodall. Next week W. J. Lacy and Wallace Landrum will bring the program.

Vernon Duke was in charge of the meeting in the absence of Woodrow Wright.

Community Singing Assembly of God Sunday Afternoon

The Community Singing will be held this Sunday afternoon at the Assembly of God Church from 2 till 4 P. M. All are extended a cordial welcome to attend.

New Service Dept. Mgr. at Britton's

R. A. "Wallie" Wallace, formerly with the Ford Motor Company in Dallas, has recently become associated with the Tom Britton Motor Company as manager of the Service Department.

Mr. and Mrs. Wallace have established their home in Burkburnett.

Questions And Answers About Tuesday Election

Q. Who can vote?
A. Any qualified voter without poll tax or exemption certificate that has personal or real property rendered on the City Tax rolls. You must reside within the City limits.

Q. How much will the payments be per year?
A. Approximately \$24,000 the first five years, then an average of \$19,000 the balance of time bonds run.

Q. Will voting the bonds raise taxes?
A. It will be against the law to ever levy any tax to pay for these bonds.

Q. Will rates be increased?
A. It is not anticipated that any rates be increased.

Q. Will it take all of the City's revenue to pay for these bonds?
A. No. It is estimated that we will have a cash surplus each year of at least \$15,000 after all payments are made.

Dad's Night At P. T. A. Feb. 22nd

The Parent-Teacher Association is sponsoring "Dad's Night" at the Grade School Friday night, February 22nd at 7:30. We would like to invite all mothers and fathers to be sure to attend. "42" and other games will be played and refreshments will be served.

Mrs. Bob Nolen, Publicity Reporter

Warning From Chief of Police

ROVER'S SCHOOL DAYS ARE OVER

Chief of Police Willis Bartley is very much concerned over the large number of dogs that hang around the schools. Recently three little children have been bitten by some of these dogs.

Mr. Bartley says not all these dogs are strays. Some have collars and tags, others do not. Many have good homes, but they just don't seem to want to stay away from the schools. The Chief urges those who care anything about their pets to keep them at home. If Towser and Rover insist on going to school they will end up in Principal Bartley's office—and that's not good—for the dogs. If necessary, keep your dog penned up—they just ain't welcome at school any more!

EVERYBODY'S PROBLEM

The closing down of one of America's major airports, at Newark, N. J., to protect the lives of the residents of the adjacent city of Elizabeth is an act of historical significance.

At this writing, the hush that hangs over New York City's original commercial airport, is a funeral silence that marks the tragic deaths of 110 persons in three horrifying air crashes within two months. Either 11 or 12 of these dead were residents of Elizabeth, killed in their homes.

Investigators of the second crash, of January 22nd, staying at a nearby hotel, were among the first on the scene of tragedy number three. But already the stories of survivors and the evidence that experts are trying to extract from bits and pieces of the plane seem at variance. As a Congressional investigation got under way, Senator Alex Smith, Rep. of New Jersey, declared the airport should remain closed until the causes are found, and added that he felt there was a "strong possibility of inadequate inspection."

But whatever the causes of any or all of the three disasters, we are now brought face to face with a question that has long been avoided in the hope that accidents might not happen, or at least not too frequently: To what security against flaming death from the skies is a household entitled?

This is probably the gravest problem the aviation industry has yet had to face. It confronts every airline and every major airport . . . as well as every community where planes skim the rooftops in takeoff and landing. But we feel confident that the courage and ingenuity that have made the flying business what it is will meet this new challenge to Progress.

Historical Background of Education

PUBLIC SCHOOLS WEEK TO BE HELD MARCH 2-8

Education is nothing new. The first cave man and woman were teachers. They instructed their young in the use of the spear, the club, and snare.

Classical education evolved in the nations of Ancient Greece. It survived the centuries of the Dark Ages, and was born again in the colonies that became the founding states of the United States.

It was in these colonies that the principle of free, democratic public school education was established. From this start has developed the great educational system that exists and flourishes in this nation today—the nation that is the world's greatest Democracy.

This principle of free public school education was first recognized by the General Court of the Massachusetts Colony in 1642. The Court declared that each community should provide teachers for the children. From this grew the public school system of the nation. Historians say:

"The education of the masses through these schools which were public schools has been the bulwark of the liberties of the people and the national freedom of the country."

They have protected and nurtured the public school system, without which Democracy will wither and die, for it cannot live without learning the knowledge by its citizens.

From where I sit . . . by Joe Marsh

Jiggs Gets Four "Hot-Foots"

Cappy Miller's bought himself a new car. We won't be seeing his old jalopy bouncing over the back roads any more. I'm going to miss it, too.

Many a morning Cappy and I drove off in that rattletrap for a day's hunting or fishing. We'd pile rods or guns in back, and prop open the trunk compartment—so Jiggs, Cappy's pointer, could jump in and go along.

They say when Cappy brought the new car home he opened up the hood to show off the engine—and poor old Jiggs hopped right

in! Figured it was the trunk. He hopped right out in a hurry, too. That cylinder head was mighty hot. From where I sit, old habits are hard to shake, once they get a hold. Like, for instance, too many people are still in the habit of trying to run their neighbors' lives—telling them how to act, what to wear, whether or not to enjoy a refreshing glass of beer. I say that kind of thinking's outmoded . . . ought to be turned in for a new model!

Joe Marsh

GRASS ROOTS OPINION

DELAVAN, WISC., ENTERPRISE: "One of the primary editorial policies of The Delavan Enterprise has been to create an interest in local government. This purpose is founded on the fundamental belief that a true and working democratic federal government is based on strong small units of democratic self-government such as is found in small cities and townships. We believe that strong democracies at the very core of our life will protect us from socialistic tendencies of government on higher levels."

SOMERVILLE, MASS., JOURNAL: "There have been frequent speculations as to the limit of the total tax 'take'. It would appear to us, judging from the outcry in Congress about the President's 85 billion dollar budget, that the limit has been reached, and this belief is given added substance by the almost unanimous agreement among Congressmen that economy is an inevitable 'must' if an incentive-economy is to be maintained and enterprise is to be encouraged to progress."

JEFFERSON, OHIO, GAZETTE: "Very few of the great corporations are owned or even controlled by wealthy stockholders. More than 18 million stockholders and individual owners of property pay taxes and employ men and women. The stockholders of many of the great corporations, such as U. S. Steel and American Telephone & Telegraph, actually outnumber the employees of the corporation."

OSKALOOSA, IOWA, DAILY HERALD: "In the hills north and west of Duluth are the world's greatest known reserves of iron ore, sufficient to meet the nation's needs for centuries to come. Then why build the St. Lawrence Seaway?"

Berringer, daughter of Mr. and Mrs. J. R. Berringer and Eugene J. Hart of Peoria, Illinois, took place Saturday, February 7th.

Banker, baker, candlestick-maker, farmer, business men and mechanic. Men from all walks of life marched willingly to the registration booths Monday to register for Selective Service.

Miss Bobbie Thompson, daughter of Mr. and Mrs. H. C. Thompson and Robert Riddle, son of Mr. and Mrs. J. B. Riddle were married here Sunday morning.

More Buildings, More Teachers Texas School Need

Texas schools are facing one of the most critical periods in their history. Charles H. Tennyson, executive secretary of the Texas State Teachers Association, said today as he outlined pressing needs for new buildings and more teachers over the entire state.

The school population, particularly on the elementary level, is growing at an alarming rate, he pointed out. For example, births in Texas in 1945—this year's first graders—numbered 156,000. In 1947, births in the Lone Star State jumped to 197,000, an increase of 65,000. If this additional group could be divided into classes of 30 children each, Texas would still need

21,000 additional teachers and classrooms in just the first and second grades.

And the birthrate continues to climb. In 1950, live births numbered 203,678, and the number for 1951 will exceed that figure.

In addition to the birthrate, educators worry about the size of the graduating class as compared to the number of children entering first grade. For instance, this year 156,000 little youngsters crowded into first grade rooms over the state, but only 90,000 graduated from the eighth grade. This left already over-burdened teachers with 66,000 additional children to accommodate in one year.

"The gain is going to continue to increase until at least the 1956-57 school year," Tennyson added. "By that time, the elementary schools must take care of 300,000 children in addition to the ones now enrolled. If 75 per cent of this number enters public schools, it will mean 8,654 additional classrooms."

It pays to buy the best. Good food gives you good health, good appetite, cuts out waste. Good groceries are the only kind sold by TRUETT MAJORS AT THE CITY GROCERY AND MARKET.

The average cost of each classroom and related facilities now exceeds \$28,000. Thus Texas must spend \$242,312,000 for buildings and facilities alone if the children are to have desirable schools. And this does not take into consideration the need for new facilities to replace undesirable buildings and to relieve already over crowded conditions. A recent survey made by the Texas Education Agency shows that Texas needs to spend \$540,294,000 to bring school buildings, facilities, sites and buses up to ideal conditions.

After the 1956-57 school year, the elementary enrollment over the state should begin to level off, but high schools will then face the problems of increased enrollment.

Texas does not face the educational problem alone. A nose count among elementary children over the entire nation showed that grade school population rose nearly three million from 1947 to 1950. In October 1950, the U. S. Census Bureau reported that enrollment in all schools and colleges was at an all time high of slightly over 30 million persons. This represents a fifth of the nation's total population and half of the population between 5 and 29 years of age.

Mr. and Mrs. Frank Martin of Blum, Texas, are visiting Mrs. J. B. Grace.

TEXAS ELECTRIC SERVICE COMPANY
J. B. ADY, Manager

March 2 thru 8 Public Schools Week In Texas

believes that the public educational system can be efficient and effective only to the extent that local citizens in every Texas school district desire to make it so.

Every citizen should keep himself continually acquainted with the changing educational needs of the students and the other problems confronting the school officials and teachers.

"The continued progress of our school system requires in-

creased public understanding of the importance of education and the greatest possible encouragement and support of our teachers. To this end, I Allan Shivers, Governor of Texas, do hereby designate the period March 2 through 8, 1952, as PUBLIC SCHOOL WEEK in Texas, and I urge that during this week every citizen visit a public school and become personally acquainted with the work and activities of our public school system."

Self-Employed Under Compulsory Social Security

Every self-employed person should know that coverage under the new social security program is compulsory, that taxes on self-employment income earned in 1951 will be due on or before March 15, 1952, that the amount of social security tax will range from \$9 to \$81, and that each self-employed person reporting must have a social security number.

Tate continued, "Many self-employed people seem to think coverage under the program is voluntary. This is not true. If a person is a sole owner or a partner in a trade or business and has self-employment net earnings of \$400 or more during 1951, the law requires that he must report his earnings and pay the social security tax on or before March 15 of this year."

Equally important," Tate added, "is the protection now afforded the self-employed and members of their families. Retirement benefits for them, their wives, and their children under age 18 are provided, as are survivors' benefits to aged widows, widows of any age with young children of the deceased in their care, children under age 18, and in some cases, to dependent parents and dependent widowers. In all death cases of an insured worker a lump sum is paid."

Tate advises all self-employed persons to ask at the Wichita Falls Social Security Office, 412 Post Office building, for a copy of DO YOU WORK FOR YOURSELF?, a free booklet that explains their rights and obligations under social security. A representative of the Wichita Falls office will be in Burkburnett at the City Hall on THURSDAY, FEBRUARY 28th, 1952, at 9:30 A. M. Please contact him if you have any questions in connection with social security.

1952 Official Playing Schedule 1952 BIG STATE BASEBALL LEAGUE

Table with 10 columns for teams: Temple, Austin, Waco, Tyler, Longview, Texarkana, Wichita Falls, Greenville. Rows show dates for home and away games, with letters B, A, S, E, B, A, L indicating series.

All-Star Game at Austin, Friday, July 18. Season Opens April 15; closes September 7. Sunday dates indicated by asterisk. (Double Headers in parentheses)

Central Christian Church

The Sunday School of the Central Christian Church, with Sgt. Eugene Fowler as the new superintendent, broke its previous attendance records again Sunday. Future plans for the Sunday School include breaking the record again next Sunday and each Sunday until and through Easter.

The nursery has been equipped with baby beds and other necessary equipment. Bring your baby with you to Sunday School and Church.

The men of the church are planning a supper at the parsonage Friday evening at 7 P. M. February 22. All food and preparations for the supper are being prepared by the men. Invitations have been extended to many friends. A hearty meal and a good time are assured all who attend.

A brief called meeting of the Church Board after last Sunday morning services and one of the Sunday School teachers and building committee after the evening services were necessary to take care of business pertaining to the present growth of the Church and Sunday School.

Rev. and Mrs. Martin Ramming of Buffalo, New York, are here visiting their parents, Mr. and Mrs. A. A. Evert and Mr. and Mrs. Lem Ramming. This is their first visit home in four years.

Rotary Club

Rotarians opened the luncheon meeting last Tuesday noon by singing America, led by M. C. Tucker. T. M. Jensen gave the invocation.

Dow Estes welcomed the following visiting guests and Rotarians: From Wichita Falls were: Hub Cheshire, J. B. Barbour, Jr., Roy Broadway, Sam Kruger, John Mouser, Elmer Watkins, Fred Jones, Ed Bebb and J. H. Sommerville. Billy Ashlock was guest of Morris Bookbinder.

I. C. Evans, program chairman, presented a group of grade school students, in a program prepared in view of Texas Education Week, which Governor Allan Shivers has set for March 2-8, and extended a cordial invitation to all to visit the local school during that time.

Presented first, was Charlotte Begeman, daughter of Mr. and Mrs. Chas. Begeman, in two accordion solos, Down Yonder and the Graduation March. This was followed with cousins, Margie Lou Inman and Gary Inman, singing "Mansion on the Hilltop," and "Down in the Valley." Little Jimmie Moser, first grade student, sang "It's No Secret What God Can Do," accompanied by Club Sweetheart, Nathalie Foster. The last number on the program, was little Joan Gray in two Hawaiian dances. The variety program was very entertaining and well received by members and guests.

Absent members were John Durham, Clark Gresham and Geo. McClarty.

Mrs. Gertie Brown and her mother, Mrs. Roberts visited in Bowie Tuesday.

Mr. and Mrs. E. E. Jernigan of Bowie spent the week end visiting relatives here.

Mrs. Troy Miller and Mrs. Carl Miller have returned from a visit in Brownwood.

es, Zoo and Swimming Pool Lake Wichita

By Marshall Moore
New Lakeside Park, mounted on the 50-year-old foundation of Lake Wichita, will be opened April 1, Art Hobbs, contractor, announces.
J. Folk, a veteran of 25 in the amusement business in Texas and the Midwest, has leased more than 15 acres from Hobbs for the installation of a midway of rides, a kiddie-land, picnic area, a zoo and rehabilitation of the large concrete swimming pool. The lease is for 10 years with an option for 10 more.

Folk announced plans to lay walks, rebuild a bathhouse, abandoned more than 20 years ago and fence the area with a heavy-duty woven wire steel fence.
This week a standby crew was grubbing out thicket growth

and clearing the area, while a portion owned by Hobbs will be leveled with bulldozers to accommodate a 500-foot midway. Hobbs also announced intention to remodel and renovate the Lakeside pavilion for dancing six nights a week beginning with the summer season.

tines. The gifts were opened and admired, but the Valentines thereon entertained tremendously. Merriment was promoted also by impromptu talks on "My First Date". Wylie Browning couldn't snap out of character and quoted poetry. Its true value is yet to be decided, especially by Mrs. Browning.
Delicious refreshments were served thirty-two members and guests.

Mary Martha Class Entertains Husbands

The Mary Martha Sunday School class of the First Baptist Church, entertained their husbands with a Sweetheart social Thursday evening, February 14th. Mrs. Buddy Fowler, president, graciously welcomed the guests. Valentine corsages were presented the president, Mrs. Fowler and teachers, Mrs. Cheney and Mrs. McMurtry.

Miss Nathalie Foster led the assembly in singing "Love Is The Theme." Mrs. Cheney gave the invocation. Mrs. Hamrick, Supt. of the Adult department, brought an impressive devotional service on Love. Pat Morgan sang "Let Me Call You Sweetheart," accompanied by Nathalie Foster; Shirley Fink and Donna Ady delighted all with their piano duet, "When You and I Were Young Maggie Blues." Mrs. Fred Fewin gave the Valentine Story in original verse, assisted by Mrs. Lee Willis, Mrs. W. A. Minick, Mrs. McMurtry, Mrs. Al Lohofener and Mr. Wylie Browning, as the comic valentine, who stole the show.

The husbands wore their hearts on their sleeves as they were welcomed into the beautifully decorated room and seated facing a plastic tree of hearts under which were stacked Valentine gifts from their sweethearts. In the background was a white trellis resplendent with flying cupids and lacy valen-

Local School Census to Start Monday, March 3

Annual school census enumeration for all school children living in the Burk Burnett Independent School District will get under way Monday, March 3rd, through the home room teachers. It is urgent that the parents co-operate in the census because school funds are allotted to this district on the basis of school population.

All school children between the ages of 6 and 18 as of September 1, 1952, are to be listed.

The Gilmer-Akin law passed two years ago made average daily attendance the basis for all aid above the minimum, which was a great boon to the Burk Burnett Public Schools, but minimum aid still is based on the scholastic population as determined by the enumeration census for this reason; it is important that every child within the age limit be counted in the census.

During the latter part of March, faculty members will make a house to house canvass for any students not reached through the regular home room teacher.

Any parent having a beginning child next year that is not reached by a census taker, please call 157 and a census enumerator will be sent.

HOME

A home is a castle, a mansion, a pen,
A cottage, a wigwam, a tent, or a den
Of brick or adobe, marble or clay,
A cave in the mountain, or a shade of a tree.
And blessed with a pillow, a curtain, a child,
A flower, a picture, a heart-warming smile.
A joy to the aged, the ill and to own,
Designed after heaven, the place you call home.
Who cares if you lose it? It's yours to defend,
The days that are wasted return not to men.
Homes that have fallen, like men they are dead,
Trust not to fortune -- INSURE IT INSTEAD.

Vote On Revenue Bonds February 26

Shall The City of Burkburnett Continue to Grow?

That is the question that has been facing your City Council since it became evident several months ago that your light and water systems would soon outgrow their facilities. In order to substantiate our belief we employed Joe E. Ward, Consulting Engineer of Wichita Falls, Texas, to check on our findings to see if your present electric light and water facilities were adequate to provide assured reliable service.

The engineers have reported to us that the present electric light and water facilities are not adequate to provide assured reliable service and have recommended that the following improvements be made at once:

ELECTRIC SYSTEM:

New 1,000 KW Generating Unit	\$145,000.00
Repair Building and Cooling Equipment	3,500.00
Repairing Present Switchboard	10,000.00
Improvement of Primary Electric Lines	15,000.00
Additional Transformer Capacity	11,000.00
Improvement of Secondary Electric Lines	5,000.00
Warehouse and Garage for Equipment	4,000.00
Field Check of All Electric Meters	3,000.00
Engineering and Legal Costs	10,000.00
Contingencies and Miscellaneous Expense	4,500.00
TOTAL	\$210,000.00

WATER SYSTEM:

New 250,000 Gallon Water Storage Tower	\$ 50,000.00
Complete 6 Inch Supply Main to Prescott	27,000.00
Additional Wells at Prescott Location	8,000.00
Additional Distribution Mains	4,000.00
Repair Present Pump Station Building	1,000.00
Engineering and Legal Fees	5,000.00
Refund Present \$45,000.00 Revenue Bonds	45,000.00
TOTAL	\$140,000.00

A copy of the engineers' report is available at the City Hall for those who would like to study and examine it. As a result of the engineers' recommendations, your City Council has called an election for February 26th to allow you as citizens to determine whether or not \$350,000.00 of electric light and water system bonds shall be issued to defray the cost of the proposed improvements.

CAN YOUR CITY FINANCE THESE IMPROVEMENTS?

The answer to this very pertinent question is "YES". In order to show that the proposed bond issue can be paid we have projected the present electric and water rates back into the last five years of operation to give us a picture of what we can expect in the future even if we experience no further growth. The adjusted net earnings of your electric light and water systems for the past five years are as follows:

Year	Electric Dept.	Water Dept.	Total Net Earnings
1947	\$35,030.75	\$19,469.20	\$54,499.95
1948	31,002.29	21,017.41	52,019.70
1949	29,055.09	19,513.37	48,568.46
1950	39,978.54	10,668.12	50,646.66
1951	38,720.60	15,406.36	54,126.96

Please bear in mind that the foregoing figures represent NET earnings of the systems after the payment of all operating expenses.

The average annual principal and interest requirements of the proposed \$350,000 bond issue amount to \$23,418.70. Deducting this amount from the net earnings of \$54,126.96 for the fiscal year ended March 31, 1951, it can be seen that \$30,708.26 would be available for the operation of all other city departments. It is estimated it will be necessary to transfer from the water and electric systems each year \$24,000 to run the other departments.

ARE THE PROPOSED BONDS MARKETABLE?

Your City Council, anticipating that there might be some question as to the marketability of the bonds, contacted eight bond firms on Feb. 4th to meet with them and submit bids for the purchase of the proposed bonds. Bids were accepted and a syndicate composed of three of the firms contracted to purchase the bonds at an average rate of slightly less than 3% interest. The syndicate is further obligated to accept delivery of the bonds at the rate of 3.37% regardless of market conditions, provided that the city can make delivery within a period of 90 days from Feb. 4th. We have been informed by our fiscal agent that the bonds will be available for delivery within this period if the election carries favorably.

THEY ARE REVENUE BONDS

We want to point out that the proposed bonds are strictly REVENUE BONDS and will bear on their face the statement that the holder thereof shall never have the right to demand payment from Taxes or money to be raised from taxation. To do so would be a violation of Texas Law. These bonds will be secured and paid for solely by net profit of the electric and water systems, after deducting expenses of operation.

We have attempted to point out to you what we consider to be the most important phases of the proposed bond issue. However, we fully realize there are some, if not many questions which have not been answered to your complete satisfaction; therefore we solicit and urge any inquiry you might have.

Explanation Of Cub Scout Program

Many people, because of a lack of understanding of the Cub Scout program, are disinterested. After working in the program for two and a half years, it is the conviction of this writer that Cub Scouts is one of the best programs ever designed for helping our young boys in their development toward a useful and well adjusted adult life. Because of this conviction, this effort is being made to acquaint the interested public with some of the facts about the Cub Scout program.

Boys of this time do not lack for things to keep them busy, but do these exciting things that most boys think of doing for entertainment contribute anything helpful to the development of our youth? The Cub Scout program is designed by leaders who have had years and years of experience in their field, to keep the eight, nine and ten year old mind constructively occupied.

The boy of Cub Scout age who wishes to become a Cub makes application to a den. A den is a neighborhood group of boys eight, nine and ten years old who meet once a week in the home of a den mother. A den mother is usually the mother of one of the Cubs. With the help of a Boy Scout (when available) the den mother leads or directs the weekly meetings of the group.

At the weekly den meetings the boys learn to conduct orderly business sessions, ceremonies of various kinds, as well as handicrafts of one kind and another. They also learn to accept responsibility, as they are assigned duties, just as in our adult organizations.

There are three manuals for Cub Scouts—one for each age. These manuals are used mainly at home and are filled with things that boys like to do and things that we like to have our boys do. When the Cub has completed the required projects in the manual, he reports same to his Den Mother, she reports to the Cubmaster and at the next Pack meeting the Cub is awarded a badge to show his achievements. These projects in the manual are such things as Feats of Skill, Learning to use and respect the Flag, Keeping strong, Helping at Home, Working with tools, Making Collections, and Scrapbooks, Safety, Knowing the Neighborhood, and others. Then as minor projects there are such things as secret codes, electricity, radio, model planes, etc. which are of great interest to boys, but things that boys don't do either because they don't know how or because they just don't think of doing them. The manual shows him the way and although little is

actually required of a Cub Scout, very few fail to advance satisfactorily. The public recognition accorded the boys at Pack meeting when the awards are made does much to encourage them to go on in their advancement.

A Pack meeting is a monthly meeting of all the dens in a Pack (usually 3 to 6 dens) where the great leader AKELA, or Cubmaster as he is referred to in the record books, gives recognition to every member of his pack who is advancing. The members are also given a chance to show off their handiwork, ceremonies they have learned and any stunts or short plays that they have developed during the month.

Pack meetings are attended by all families of the Cubs and any interested friends who like to see how an eight, nine and ten year old boy's mind will function when given the proper chance.

The Cub Scout program is worked out in detail by leaders who have had years and years of experience and who design and plan the National Organization of Boy Scouts, but in every den throughout the land each Cub is given every chance to develop individually. The way this is achieved is for the Cubmaster to announce a theme for each month which will be of special interest to all the boys in the organization. Then the Den Mother talks about the theme, asks questions and soon the boys have definite ideas about what they could do on the theme. At the monthly Pack meeting the dens display in public the very ideas the boys thought up and developed.

For a boy the Cub Scout program means FUN and lots of it, but to the adult it means a fun program designed to help our youth develop constructively rather than destructively.

MRS. HAWKINS

B. E. Englands Have Baby Son

In a letter received this week from Mr. and Mrs. Bill England in Ulysses, Kansas, was the announcement of the birth of a baby son, Robert Eugene, born the 10th of February. The baby was born on the Englands' oldest daughter, Trudy's 10th birthday. They also have another boy, Billy, and a girl, Martha. Grandparents are Mr. and Mrs. C. E. Holmes and Mr. and Mrs. Guy England of Burkburnett.

The Englands add that they receive the Star every week and enjoy reading the happenings in the "old home town."

Mr. and Mrs. Don Salinas of Fort Worth were visiting here over the week end with her parents, Mr. and Mrs. W. J. Tyler.

Humane Worker Urges Kindness

Borrowed from the Wichita Daily Times of Feb. 6, 1952.

"THE LEAST OF THESE" Editor the Times: Why do so many people still act so indifferent in regard to not identifying their animals. The small amount of money it takes to do this would amply pay for the avoidance of the misery caused to the dog if it should become lost, and also the agony of spirit experienced by any finder of a dog who appears to be lost, with no identification. A collar with a doctor's tag is fine, or a collar with a plate showing the name of owner and address helps so much, but really both of these identifications are far better.

I imagine the trouble and expense imposed upon the finder, in advertising the found pet in the "Lost and Found" column—and the taking of it to a veterinarian to be boarded in hopes of finding a home for it—if not claimed; or in holding it, sometimes at great inconvenience, for the "pound" master to call for it. It is a blessing that our new keeper at the pound tries to find the right kind of a home, for any eligible pet—which is not claimed; or the animal is mercifully destroyed.

Why do owners try to pass the buck in regards to unwanted animals when it is their merciful obligation—to see to it that a faithful little animal is humanely destroyed, if a good

home can't be found for it? Quarters for cats are available at the pound and kittens or puppies will be attended to there. Instead of saving a lot of poor little neglected babies—to eventually, be cast out—with no one to care for them. There is gas used at the pound now.

It is not wise to put collars on cats as they are likely to be caught on fences, etc. It is so hard to understand why mothers allow young, thoughtless children to carelessly handle tender little kittens and puppies. Parents often neglect to teach their children the correct way to pick up or carry their pets.

Many dogs are coaxed from home by children on their way to school, or at play and consequently get lost. If the sad plight of a lost animal is carefully explained to the children, it ought to help a lot.

Food cans are so often left on the ground; forgetting that animals sometimes get their heads in and cannot extricate themselves. It is easy to press the end together and prevent this.

If people really want grubs and insects which destroy vegetation to be eaten by the birds—why don't they feed the birds in the winter so they will be alive when grubs are around in the summer? Sparrows eat a bitter grub which destroys vegetation, that other birds will not touch. Even if this practical reason doesn't appeal to one, why not be kind hearted and keep our little feathered friends from starving to death, when seeds are so hard to find in winter and especially after our long drought? Is water provided for them? If parents would inform their boys that it has been announced over the radio, that birds are not to be shot in the city limits, it might save parents from being called upon to appear at the police station, and pay a fine; and also might save much suffering for wounded birds, and starving baby birds.

waiting for food.

Are dog houses properly bedded with comforters or hay for dogs that are obliged to stay out cold nights; as though they were not endowed with intelligence enough to be trained; so they are able to stay in the house. A story is told in the writings of Saint Basil, but not incorporated in the Bible; telling that while Christ was on earth, he found a stray cat on one of his journeys, and carried it to a lady to care for it saying: "In as much as ye do it unto the least of these, ye do it unto me." The Bible Verse: "Blessed are the merciful for they shall obtain mercy."—should be considered both ways.

A Humane Worker

Prices Were Low Back In 1800's

Clyde Peed (Kentucky rail-splitter) brought us a copy of the Bath County News-Outlook, from Owingsville, Kentucky, in which was listed a copy of an old handbill announcing an auction sale. Dated February 29, 1828, some of the items listed were: 22 sheep valued at \$13.75; nine head of cattle \$30; four salt barrels, 50c; one sorrel horse, \$10; one black mare, \$35; thirteen geese, \$1.60; two black boys named Henry and James, \$700; a bed and furniture, \$10; one saddle and two bridles, \$5; shoemakers tools, \$2.50; candle-molds, \$1; dog irons and shovel, \$1.50; one bulk of tobacco, \$2; hemp, \$5; one sow and four pigs, \$2. This was the entire estate of a man who passed on. Duty appointed administrators wound up his affairs.

Another bill about the same age listed the following items for sale:

"All ox teams except two—Buck and Ben and Tom and Jerry; 1 pair of oxen and yoke; 1 baby yoke; 2 ox carts; plow with wood mole boards; 800 to 1,000 3-ft. clapboards; 1500 10-ft. fence rails; one 60 gallon soap kettle; 85 sugar troughs made of white ash timber; 10 gallons of maple syrup; 2 spinning wheels; 30 lbs. mutton tallow; 1 large loom made by Jerry Wilson; one 32-gallon barrel of Johnson Miller whiskey, 7 years old; 20 gallons of apple brandy; one 4-gallon copper still; 1 doz. real books; 2 handle books; 3 scythes and cradles; 1 doz. wooden pitchforks; half interest in tan yard; one 32 calibre rifle, bullet mold and powder horn; 50 gallons of soft soap; 49 gallons of molasses; 6 head of fox hounds, all soft mouthed except one. At the same time I will sell my six Negro slaves—1 man, 35 and 40 years old; 2 boys, 12 and 18 years old; 2 mulattoes, 40 and 30 years old. Will sell all together to same party and will not separate them."

HIGH YIELDS CAN BE MADE —"High yields can be reached, any year, wet or dry, by following a complete cotton production program, using Experiment Station information." —T. M. Waller, Miss. Extension Specialist.

Bridwell Soil Application Blanks Available

Application blanks are now available at the Agriculture Department at the High School for those desiring to enter the Bridwell Soil Builders awards contest. More than \$5,000 will be available in prizes to FFA-4-H Farmers, and Ranchers in Wichita, Clay and Archer County. The contest will be divided into two classifications: Dryland farming and irrigated farming, and contestants may enter either or both classifications. This year there will be 8 divisions a contestant may enter. They are as follows: (1) Winter Legumes, (2) Irrigated Summer Legumes, (3) Non-irrigated Summer Legumes, (4) Dryland pastures and general range improvement, (5) Home gardens, (6) Irrigated grass pasture, (7) Conservation practices on whole farm, and (8) Crops following legumes. For more information on this contest, contact Thomas Bell, Vocational Ag. Teacher at the High School, where application blanks are available.

It doesn't pay to be so busy doing so many things that you forget what you are supposed to be doing.

Circle II, WSCS Met February 11th

Circle II, Woman's Society of Christian Service, met February 11th in the home of Mrs. F. L. Pilkenton, hostess, with Mrs. J. M. Patterson as co-hostess.

Mrs. C. L. Schoch presented the Spiritual Life program, "I Will Give You Rest," assisted by Mesdames J. D. Majors, D. M. Morris, and R. L. Gragg, beginning with prayer and song, "Take Time to Be Holy."

Mrs. W. H. Holt, Circle leader, conducted the business session; reports of committees, suggestions for more work and better work in His name; payment of dues and pledges, after which the program, "Trouble Spots Around the World" was turned to the program chairman, Mrs. Revier, who gave an inspiring prayer, followed by the song, "He Leadeth Me". Mrs. Caffee gave "O Still Small Voice of Calm," by Missionary from Argentina; Mrs. Holt's topic, Love Never Faleth, accenting, "Yea I have loved thee with an everlasting love. Mrs. Patterson, speaking on Racial Relations, accented His love works wonderful charm; Mrs. Hall discussed Peace makers all.

A lovely refreshment plate was served to the following: Mesdames C. L. Schoch, J. L. Caffee, Dave Reviver, Charles Hall, D. M. Morris, W. H. Holt, J. M. Patterson, R. L. Gragg.

Here's the big new '52 FORD... most powerful car in its class

Designed to out-perform... out-ride... out-size any other low-priced car on the American Road! Never before did so little money buy performance to match that of the '52 Ford. Take your choice of new Mileage Maker Six, or Strato-Star V-8. No other car in its class can equal Ford's smooth-riding, corner-hugging roadability. No other car match its new beautiful Coachcraft Bodies... its huge curved one-piece windshield and car-wide rear window... its convenient Center-Fill Fueling... its Power-Pivot Clutch and Brake Pedals. Here is a car that is truly the ablest car on the American Road... a car that meets the widest range of motorists' needs. Examine it carefully. "Test Drive" it. You'll agree you can't buy better!

Tom Britton Motors, Corner Ave. D and Main

Pamper your Piggy Bank with a GAS CLOTHES DRYER, For less than a penny a load... for a fraction of the operating cost of any other automatic clothes-drying method, you can enjoy the luxury of having your clothes dried sweet, clean and fluffy... in half the time... with half the effort.

Loads of Convenience, No more lugging baskets of wet wash... hanging clothes... fighting weather. A gas clothes dryer automatically damp-dries for ironing... fluff-dries for folding... makes the work out of wash-day. Loads of Savings, Fewer clothes go further with a gas clothes dryer. No need for lots of apparel and linens when you can launder so fast. No more loss through stretching and fading on clotheslines. Ask your dealer today for a demonstration of easier, faster gas clothes drying!

**How To Relieve
Bronchitis**

Creomulsion relieves promptly because
it goes right to the seat of the trouble
to help loosen and expel germ laden
phlegm and aid nature to soothe and
heal raw, tender, inflamed bronchial
membranes. Guaranteed to please you
or money refunded. Creomulsion has
saved the test of millions of users.
CREOMULSION
relieves Coughs, Chest Colds, Acute Bronchitis

WORTH NOTING

By Charles Bonner
The letter R-X on a medical
prescription stands for the Latin
word recipe, and, means to
"take", explains the American
Medical Association.

Poliomyelitis is not a major
cause of death, according to the
National Foundation for Infantile
Paralysis. It is, however, a
serious cause of crippling, made
more tragic because it so often
occurs early in life. Approx-
imately 8 per cent of the cases
reported result in death, and 17
per cent in a considerable de-
gree of paralysis. Twenty-five
per cent of sufferers show min-
or disabilities, while 50 per cent
recover without marked after-
effects.

Approximately two cents out
of every dollar of the United
States national income go for
medical and health services, the
Department of Commerce dis-
closes. This may be compared
with a cost of a cent and a half
in 1929.

In the battle for the control
of the disease of cancer, more
cases are now being cured than
ever before, but there are more
cases to cure, Memorial Center
for Cancer and Allied Diseases
reports. This seeming paradox
is a consequence of medical
progress in other fields, such as
in the infectious diseases, which
have been largely controlled by
penicillin and the sulfa drugs,
thus greatly increasing man's
life span. As cancer is a disease
generally found in older per-
sons, more people now live long
enough to get it.

Hope for eventual solution of
the cancer mystery has been
strengthened by recent scientific
discoveries, according to the
Sloan-Kettering Institute for
Cancer Research. Great advances
have been made in improved
diagnosis of the disease and
in radical surgery made pos-
sible through research. Chemi-
cal means have been found to
cure some experimental cancers
in animals, and to relieve tem-
porarily some forms of cancer
in man. Principles in chemistry
have been formulated which can
conceivably lead to the absolute
detection and control of cancer
in man, though this has not yet
been done. If it is done, it will
mark man's greatest victory
against disease.

The oldest newspaper in the
United States is the Hartford
(Conn.) Courant, established in
1764. Source: Information Please.

More Americans of promi-
nence were born in Utah than in
any other state, Dr. E. L. Thorn-
dike discovered in checking the
listings in Who's Who, Leaders
in Education and American Men
of Science. Utah's rate was 857
per million of white inhabitants.

Utah's ratio of births to deaths
is 3 1-2 to 1, the highest in the
country, according to Inside
U. S. A.

Eighty per cent of American
males in their early twenties use
hair preparations, Alfred Politz
found out in a recent research
study. As might be expected, the
use of such preparations declines
with age and the loss of hair.
Only 27 per cent of men over 55
aid nature in the losing battle.

"Total production of goods
and services in our country has
increased 8 per cent over the
last year—about twice the nor-
mal rate of growth"—President
Truman in his State of the Un-

**Airplanes Used
To Protect Game**

The story of the air arm of
the Texas Game and Fish Com-
mission is told in the February
issue of TEXAS GAME AND
FISH magazine.

It relates how Game Warden
Claude Keller, flying a Stinson
two-seater, not only patrols the
Gulf of Mexico coast line but
also serves as a flying trans-
mitter to relay messages for
his ground pounding associates
on duty inland.

Keller, who has been a pilot
for more than ten years, flew
an artillery spotting L-5 during
the war. This background as a
"grasshopper pilot," pin point-
ing targets for the big guns,
helps him locate law violators
in the Gulf as well as in near-
by inland rivers.

Warden Keller watches particu-
larly for netting in closed waters
along the coast and for use
of illegal equipment, and fault-
y oil barges that pollute the
waters of the inter-coastal can-
al.

Inland, he locates illegally
placed fishing nets by noticing
the corklines on the surface of
the water.

Over the Gulf, Keller some-
times has to use wartime tricks
to surprise offenders, such as
diving out of the sun or, on
cloudy days, suddenly dropping
through a hole in the overcast.

Warden Keller also spies on
the waterfowl hunters. He said
he "doubted" if anybody ever
shot at him but he recalled the
times when commercial fisher-
men, caught cheating, threw
fish at his plane. Another time
he flew so low studying a vio-
lation against closed fishing wa-
ters that a boatman threw an
oar at him.

According to a book publish-
er, only a person who has suf-
fered can write a modern novel.
If that's true, then we'd say
that anyone who has read a
modern novel can write one.

Evans 4-H Club Meetings

The Evans 4-H club met on Thursday, February 14 for their regular meeting at the Hardin Grade school. President Kathleen Roark called the meeting to order and Secretary Charlotte Begeman called the roll.

The meeting was turned to Mrs. Clack, leader. The tea towels made by the girls were displayed at the lunch room Thursday and Friday.

The club also met Friday after school at the home of Mrs. Earl Davis on Tidal Street. Mrs. Clack showed us how to crack an egg, and made some gingerbread which Mrs. Davis baked. This was served with cookies, candy and cokes for refreshments. We also learned the 4-H prayer.

Mrs. Katherine McKinnis Hostess For Art Group

The Burkburnett Art group met for the first time this year at the home of Mrs. Katherine McKinnis, February 14 for a business and social meeting.

The Sidewalk Art Show was discussed and several plans suggested. Announcements and further information will be published soon, all of which created enthusiasm for work to start in earnest on all mediums.

Group work meetings are planned for every other week, which will be held in Hill's Ceramic Studio. Anyone wishing to enter into any of the Arts will be welcome. These work day meetings will be quite interesting, as everyone will be actually working on something, oil painting, textile painting, water color, ceramics or pencil sketching. Several enthusiasts plan to do outdoor sketching of places of interest in and around Burkburnett.

The next hostess will be Virginia Sheriff for a social and business meeting, February 28.

Present were: Margaret McCabe, Maude Bohner, Virginia Sheriff, Gayle Devriese, Elma Kelly, Madolyn Hill, Velma Bohner and the hostess.

Mr. and Mrs. Neal Hall Jr. and Karen Kay of Dallas, will spend the week end with their parents, Mr. and Mrs. Ed Hieserman and Mr. and Mrs. Neal Hall.

Classified Section

Classified Ads Are CASH In Advance

Unless a customer has a regular charge account at the Star office, all classified ads are strictly cash. The cost of opening up an account in the ledger for a new customer is approximately 30c. To charge a small classified to a new customer is a losing proposition for the newspaper. Classifieds will be accepted over the telephone up until 5:00 o'clock each Wednesday, but will not appear in the Thursday paper if not paid for before press time (Thursday morning).

Creative Blue Birds

The Creative Blue Bird group met February 13th in the home of the assistant leader, Mrs. Lewis Brocker. After a short business meeting, the following girls enjoyed a surprise Valentine party given by their leaders, Mrs. Max Stanaland and Mrs. Brocker: Linda Andrews, Brenda Beaver, Loretta Brocker, Ieatha Herring, Francine Johnson, Mary Louise Lacy, Pamela Stanaland, and one guest Janelle Sanders.

Husbands Guests Of Gleaners Class

The Gleaners class of the First Baptist Church entertained their husbands and family with a chili supper in the home of Mrs. Fred Hunt, Monday night, February 18th.

Attending were: Messrs. and Mesdames J. W. Hamrick and family, J. D. Grizzle, Leon Pace, Earl Nixon and family, C. C. Netherlain and family, J. J. Renfro and family, Mrs. G. E. Lynskey and family, and Mr. and Mrs. Fred Hunt.

Thrift Homemakers Have Monthly Social

The Homemakers Sunday School class of the Thrift Baptist Church held their monthly social and business meeting in the Annex, February 12, with Mrs. Bessie Hodges as hostess. The meeting opened by singing "Blessed Assurance." Mrs. Helen Loveless led in prayer. The devotional service, taken from Luke 5:1-11, was given by Mrs. Ruth Ramsey. After the business meeting conducted by the president, Mrs. Green dismissed the group with prayer.

Mrs. Viola Cordray had charge of the recreation period which was enjoyed by all. Refreshments of cake and ice cream were served to: Doris Hodges, Helen Loveless, Bessie Hodges, Mildred Good, Nan Croft, Ruth Ramsey, Viola Cordray, Mary Horr, Winella Green, Gladys Blackwell, Lillian Redman and the hostess.

Mr. and Mrs. Geo. Counter, Jr., attended a dinner meeting of the Capitol Distributors at the Kemp Hotel in Wichita Falls Monday night.
