Oklahoma Good Will Group Coming Here Thurs., Apr. 21

Three bus loads of Goodwill Trippers will bring the official "Howdy" of the state's capital city, along with entertainment of the Kiltie Band to Burkburnett on Thursday, April 21st at 9:00 a. m.

Star attraction of the visit will be the famous all girl Kiltie Band of American Legion Post No. 35 in Oklahoma City. The band was first formed in the early 1920's under the direction of Captain E. G. Fry. After his death in 1942, it was sponsored by the Oklahoma City Chamber of Commerce, with A. M. Kenney as its director. In 1948, the American Legion assumed sponsorship.

Mr. Kenney, who has had two daughters in the band, will again accompany the band this year on its trip to Southwest Oklahoma and North Texas on April 20, 21 and 22nd.

Throughout its life, the Kiltie band has enjoyed several distinctions. It is unique in that it is the only all-girl band in the United States which plays authentic Scottish instruments.

Thirty members of the band, including two mascots, will play and parade here. Each member will be dressed in Scottish uniforms and will play Scottish instruments.

In addition to the fine marching band, there is, within the organization, a fine drill team which makes a colorful spectacle in their precision movements.

This team is under the tutelage of a representative of the United States Marine Corps who are past masters of close order and fancy drill.

Most of the girls are of high school age. They have a terrific stamina which enables them to play several programs & march each day. This goes on for three days on the annual Goodwill tour. All of the girls look forward to the annual Goodwill Tour and practice for 2 months in advance on special routines.

Entrance standards for the Kilties are very high and only girls with the highest moral standards and musical abilities are considered. Many of the first members back in the 20's have had their daughters or granddaughters playing in the Kiltie Band. One of the members of this year's group is the daughter of the Mayor of Oklahoma City.

They met Wednesday, April 13 at the home of our leader, Mrs. Glenn Ladd. Mrs. Ladd and Mrs. Paul Fisher surprised us with an Easter egg hunt.

Karen Metz found the golden egg and won a toy duck. Treva Ladd found the most eggs and also won a prize.

Mrs. Ladd and Charlotte Wallace served refreshments to the following girls: Linda Fisher, Sheri Garland, Barbara Koenig, Treva Ladd, Karen Metz, Diana Swan, Jan Vincent, Pam Six, Kathryn Reed and Lynne Kelley.

Additional lines have been added between Burkburnett and Wichita Falls to handle the expected increase in calling between the two cities.

"We believe this change will strengthen the growing interest between the two cities," he added.

Burkburnett now has more than 2,000 telephones while Wichita Falls has passed the 44,500 mark.

Jas. H. Harwell New Manager of Burk C. of C.

To Take Up Duties Here May 16th

James H. Harwell will assume his duties here as manager of the Chamber of Commerce Monday, May 16.

Mr. Harwell comes here highly recommended by a host of C. of C. personnel, as well as Ministers, Boy Scout workers and business associates. He was first recommended to the local committee by Herman Brown, a former Burkburnett man, now manager of the Angelina County Chamber of Commerce, Lufkin, Texas.

Upon Mr. Brown's recommendation, the local five-man committee met with Mr. Harwell and discussed the local situation the greater part of one day.

Following this interview the committee voted unanimously to ask Mr. Harwell to come to Burkburnett.

Jim Harwell, 33 years of age, was born and raised in Oklahoma, where he was graduated from Oklahoma State University in Stillwater in 1954.

He served two years in Army Air Corps, 44 to 46. Before going into Chamber of Commerce work, Jim was employed by the Sam Houston Area Council, Boy Scouts of America. He gained his Chamber of Commerce experience serving as vice-president of the Chamber in Tonkawa, Oklahoma, when Hollis McGinness was manager there, and has been manager of the Grand Saline, Texas, Chamber of Commerce since July 1, 1959.

He has also attended the Chamber Institutes in Houston, held by the Southwestern Division of the U. S. Chamber of Commerce.

Mr. Harwell is married and has four children, all in elementary school.

It has been realized for some time that the Chamber of Commerce could not function properly without additional personnel. For the past two years, Mrs. Marjorie Hofacket has been doing a wonderful job serving both as secretary and manager, but the work load is too great for any one person to handle. A good portion of her time is taken up with tax matters, collecting county and state taxes and issuing car licenses. She has been assisted by Mrs. Cassie Smith during rush periods.

The membership committee greatly appreciates the increased number of members contributing to the organization this year. The committee also appreciates the co-operative spirit of members who agreed to an increase in dues, which would permit the organization to hire a manager and have money to put into effect a program of work for the mutual benefit of all. The committee is hoping that all members will realize the need for increasing their yearly dues in order that a good program can be carried out.

In the past the complaint has been made that the local Chamber wasn't accomplishing very much. With a limited budget, it couldn't accomplish much. Now that we have a full time manager it behooves every one to get behind the program, with both time and money, and do a job we can all be proud of.

Camp Fire activities were re-activated several years ago thru the efforts of the Lowanna Horizon club with their leader, Mrs. Walter Riley, for which we all say Thank You.

YOUNG SPROUTS CLUB PLANTED TREES AT SWIM CLUB PARK APR. 5th

(Pictured left to right above are: Adrienne Davey, Candy Logan, Donna Greer, Jime Joye Eastman, Judy Kauer.)

The Young Sprouts Jr. Garden Club met at the Swim Club Park Tuesday, April 5th at 3:30 p. m. to plant six Red Bud trees in two groups of three, also to receive their \$100.00 certificate of membership in the Swim Club which was made possible by these ten little ladies having sold 150 litter baskets. They wish to thank all clubs and civic organizations who welcomed them in groups of two and a mother and all who purchased the baskets. The Young Sprouts are sponsored by the Bluebonnet Garden Club with Mrs. W. H. Bohner as their chairman. They plan to have an exhibition of flower arrangements and serve refreshments to the senior club as well as their mothers. The exhibit will be open to the public. Date and place will be announced later. Their most recent meeting was held in the home of Mrs. Don Greer. New officers were nominated and they each made a color wheel in preparation for several work shops in the near future.

Those participating in actual planting of trees were Adrienne Davey, Donna Greer, Candy Logan, Jime Joye Eastman and Judy Kauer.

Other members of the club are Susan Green, Cindy Westbrook, Jan Robertson, Marilyn Peters, Margaret Janeke.

Burk Federated Clubs Represented At District Meeting

Twenty-three Federated club women of Burkburnett attended a District Club organizational meeting in Memphis, Tex., Tuesday, April 12th.

All seven districts in the state of Texas met at the same time throughout the State to re-organize and sign new charters. The districts have grown so large it was considered advisable by the State Board to form more units and encourage the women to organize more clubs.

The new district organized in Memphis consists of fourteen counties—Hall, Childress, Hardeman, Wilbarger, Wichita, Clay, Motley, Cottle, Ford, Baylor, Archer, Dickens, King and Knox and has 74 Federated clubs.

Mrs. Grover C. Johnson of Wichita Falls prepared a Scroll on which all club Presidents, the name of the club represented, all delegates and club members present signatures were obtained. All clubs in Texas followed this same procedure. A photostatic copy of each of the Charters will be made and filed in Austin. "Santa Rosa" was the name chosen for this district.

Mrs. D. L. Kinard of Memphis presided at the meeting.

The nominating committee composed of Mrs. C. M. Archer of Burkburnett, Mrs. I. R. Hollingworth of Quanah, Mrs. Faye Eggleston of Vernon, Mrs. W. B. Johnson of Crowell and Mrs. Morris Higley of Childress presented the following names for the slate of officers which were elected: President, Mrs. P. A. Carpenter, 1st vice pres., Mrs. Frank Long, Vernon; 2nd vice pres., Mrs. T. J. Richards, Paducah; 3rd vice pres., Mrs. Virginia Browder, Memphis.

The new Advisory Board is composed of Mrs. Grover C. Johnson, Wichita Falls; Mrs. John Carmichael, Vernon; Mrs. P. A. Carpenter, Burkburnett; Mrs. Morris Higley, Childress; Mrs. T. J. Richards, Paducah; and Mrs. Roy Shirley, Crowell.

Interesting talks were made by Mrs. Grover Johnson on "Our Heritage" and Mrs. Morris Higley of Childress on "Where Do We Go From Here?"

Mrs. Kinard introduced the new officers who responded with short talks.

Mrs. Carpenter, the newly elected president, appointed Mrs. George McClarty of Burkburnett, secretary. Mrs. McClarty was sponsored by the Burkburnett Study club.

The Memphis club women served a delicious lunch in the Country club house to approximately 115 members.

The Burkburnett Study club was represented by Mesdames P. A. Carpenter, Geo. McClarty, James Bohner, F. A. Jamieson and Howard Henderson; Current Literature club, Mesdames John W. Brookman, C. E. Lundberg, A. H. Lohoefer, F. G. Jeffers, Ralph White, C. M. Archer, W. W. Chambers, F. M. Murtry; University Study club, Mesdames Bill Crosley, Elmer Burns, A. W. Budget's Hard Fact

PAST PRODIGALITIES PUSH SPENDING UPWARD

By MAURICE H. STANS

Let me be frank. In many ways the Federal budget today is saddled with yesterday's priorities instead of anticipating tomorrow's. This situation has come about because of our proclivity to legislate benefits, services and subsidies up to the hilt of our fiscal capacity and then hang on to them.

It is almost as though we had forgotten that needs and circumstances change. And that unless we leave ourselves a degree of flexibility, the time can come when we will have inadequate reserves to call upon. For example: We spend great sums on interest charges on our national debt, but we do not reduce the principal. We carry on massive Federal programs which State and local governments could do better. We devote large amounts of money to farm price supports to reduce surpluses, with the opposite results. We lend money to benefit special groups at rates below those which the government must pay its own creditors, when private sources could do the job. We perpetuate Federal programs which have long since met the objectives for which they were created.

Whatever may be the merits of ancestor worship, I hardly think that the place to practice it is in the budget of the United States Government. After all, we are a nation of people who have achieved much because we have believed in enterprise, in technological advancement, in creativity on a wide front, and in our development as a confident and growing society. On the political front, we must be equally dynamic and purposeful. This calls for an attitude of realism and a disposition to tighten up the machinery of democratic government by putting the nation's interest ahead of particular pressure group interests. And a good place to start is with the Federal Budget.

I would like to see us make some real progress toward better citizen understanding of the budget. Except for its dimensions, the Federal budget is parallel to a family's budget. The simple idea that whatever is spent must somehow be covered by what is earned would help to dissipate the wide-spread delusion that in some strange way when money comes from Washington, it doesn't cost anybody anything.

However, a difficulty arises because we budget for one year at a time, while we enact laws which mortgage our future income over many years, and sometimes for decades. This is the real reason for a great deal of our budgetary trouble today. We are taxing current earnings to pay for many benefits and services legislated in past years, while we go on legislating new benefits and services without considering how we will pay for them when they come due.

Let me tell you something about the shape we're in. The facts may shock you, but I believe you want facts instead of fancy.

Fact Number One is that the Federal Government is piling up C. O. D.'s for the future at an astounding pace. I'll mention a few. It will cost between \$25 and \$35 billion to complete the interstate highway system after this fiscal year. Federal civil public works projects already started will require expenditures of about \$8 billion before they are completed. The Federal Government is committed to contribute \$6 billion in the future for public housing. Merchant marine subsidies and ship replacement constitute a Federal liability of \$4.4 billion. These and a variety of other obligations, when added to huge unexpended balances in the defense program, total \$98 billion of commitments for future Federal spending.

Fact Number Two is this: Even if the next session of the Congress doesn't add any new programs, the level of Federal spending is going to go up. The reason is that there are built-in increases in existing programs which are now producing a continuing up-curve in expenditures. The catalog of built-in increases covers such programs as outer space, civil aviation, merchant shipping, urban renewal, science education, medical research, public assistance, loans to underdeveloped countries and veterans pensions.

Interest on the public debt will run higher and the farm program will cost more and more until we get realistic legislation. Defense technology is putting increasing pressure on expenditures. Now, for 1961 alone, these built-in increases amount to between \$2 billion and \$2.5 billion. Of course there are practically no built-in decreases because Government programs are almost invulnerable to reduction or elimination. A year ago in his Budget Message the President nominated 18 programs as being due for revision in order to accomplish future downward adjustments in spending. Only three received attention by Congress, and that with the net

result of increasing future expenditures rather than decreasing them.

Fact Number Three is that our present national debt of \$290 billion doesn't include present Federal liabilities for past services in even greater amounts. We know that our already accrued liability for military retirement is about \$30 billion. Our unfunded present accrual for retirement benefits for civilian Government employees is \$27.5 billion. On top of that, future pensions and compensation to veterans will cost about \$300 billion. Now, the \$290 billion of current public debt, plus \$350 billion of future obligations for past services plus \$98 billion of C. O. D.'s adds to the almost incredible total of about \$750 billion. That, my friends, is the Federal Government mortgage on America's future, beyond the regular annual costs of defense, welfare and commerce.

Fact Number Four is that pressures for new spending programs are increasing in intensity. If you are troubled by an \$80 billion budget, I can tell you that unless we hold the line now the day is not too distant when the budget will rise to the \$90 or \$100 billion range. In the last session of the Congress alone there were 20 major spending bills introduced in the House, along with 20 others in the Senate, for new programs which altogether priced out to more than \$326 billion over an average period of 5 years. If these bills were passed as their sponsors want them, they would add \$50 to \$60 billion a year to our present spending.

While I don't expect that anything quite so extreme is going to happen, the fact remains that it is going to be harder each year to hold off all of these pressures.

Now, the President can't cope with this kind of pressure all Executive Branch of the Government, and that he can insist on alone. It is true that he can limit the spending proposals of the efficiency of administration. But the power to legislate new programs, to authorize future spending, and to appropriate funds beyond the budget lies with the Congress. The President can veto, it is true, but he can also be overruled. The really effective control is the responsiveness of the Congress to the people and their overwhelming support is needed by any President to wage a successful fight for fiscal responsibility.

By the same token, we must understand that the president is not free to send to the Congress a budget at any level starting from \$1 on up. Almost 85% of the annual budget goes for national security, interest on the public debt, and mandatory benefits for agriculture, veterans and the needy. That leaves little room for discretion or for cutting expenditures.

lead to a major reduction in military costs, the only way to cut in the absence of a genuine thaw in the cold war which could back the level of the budget is to look to Congress to modify laws that are already on the books.

Rickey Smith In The Scottish Rite Hospital, Dallas

Rickey Smith, 11 year old son of Mr. and Mrs. Lloyd Smith of Snyder, Okla., formerly of Burkburnett, was admitted on Wednesday, April 6th to the Scottish Rite Hospital for Crippled Children in Dallas.

Thirty-five years ago, Scottish Rite Masons founded the hospital, dedicated to an effort to provide a chance at a normal life for the handicapped child. Since 1935, more than 130,000 children have been admitted for treatment to the hospital, which is supported by public contributions and bequests.

Expertly staffed, unusual physical facilities and devoted interest in the individual, make the Scottish Rite hospital an outstanding treatment center which serves the entire state.

Advance Census Report Forms Being Gathered

Advance report forms for the 1960 Census of Population and Housing will be distributed by the Post Office this week to all households in this area, District Supervisor Herbert S. Gray announced today.

The advance report form is a new census taking advice which is designed to speed up the field canvass and provide more accurate statistics. Distribution of this form before the start of the house to house canvass gives the family a chance to assemble information about each member in advance of the census takers visit. The district supervisor urges all residents to fill out the forms and have them ready for the census takers when they start their rounds on April 1st.

The advance report form contains seven questions about every person in the household & six questions about the household dwelling. The household information asked for is name, address, sex, color or race, month and year of birth, whether married or single and relationship to head of the household. The information required about the dwelling is the number of rooms, cooking facilities, plumbing, if rented or owned.

At every fourth household, the census taker will seek the answers to additional questions covering population and housing characteristics which are being asked of a 25 percent sample of the nation's population. The sample population questions include inquiries on country of birth, schooling, employment, income and related items. The additional housing questions relate to rent or value of dwelling, heating equipment, water supply and other facilities and equipment.

The district supervisor pointed out that information about individuals and their homes furnished the Census Bureau is kept confidential under Federal law. Only statistical totals and averages are published. No individual person can be identified in published reports and census information cannot be used for regulation, investigation or taxation.

Advisable Under Some Conditions Freezing Social Security Account

Don't wait, 50 may be too late. If you are severely disabled, you should apply now and freeze your account, said Erton F. Tate manager of the Wichita Falls social security district office.

Social security pays cash disability benefits starting at age 50. However, according to Mr. Tate the first thing you must do to get those benefits at age 50 is to freeze your social security account. Don't wait until age 50 warned Mr. Tate, as you may not be able to meet the requirements at that time.

The disability freeze is important; it's a step toward monthly benefits later. It is valuable even if you recover from your disability before age 50 and never get those money benefits. When your social security account is frozen you keep the level of social security protection you had earned at the time your disability began. You keep this protection even though you do not pay any social security taxes while you are disabled. Without the freeze, you could watch your hard-earned social security protection melting away. You would certainly lose part of your protection and perhaps you would lose all of it.

Mr. Tate pointed out that right now you can freeze your social security account at any point, even back to October 1, 1941, if you meet the requirements. However, beginning with July, 1961, you will be able to go back only 18 months. This is why you should apply for the freeze now. You may be able to meet the requirements now, but not be able to meet them when you are age 50.

The requirements for the disability freeze are: first you must have a medically determinable impairment, physical or mental which is so severe that it prevents you from engaging in any type of substantial, gainful ac-

tivity; secondly the impairment must be expected to be of long and indefinite duration; finally you must have at least 5 years of work covered by social security in the last 10 years before you became disabled. Should you meet these requirements, contact your local social security office immediately.

Mr. Tate stated if you wish a more detailed explanation of your rights under the disability freeze provision of the Social Security Act, write your local office for booklet 29, If You Become Disabled.

NOTICE

The Hardin PTA and the Primary PTA wish to thank the people of Burkburnett who came to our Pie Supper and bought pies and cakes. We especially wish to thank those who bought several pies and cakes to put in their deep freezers. We hope you enjoy them for many weeks. Because of your generosity the PTA units raised \$138.00 toward the PA system for the Auditorium. We Thank You!

NOTICE

The Hardin PTA will meet Tuesday night, April 19th at 7:30 p. m. in the Auditorium. The Hi School Choral Club will bring our program and as an added attraction Mr. McDonald from Sheppard Field will speak to us on "Fire Prevention." This is of interest to all of us, so let's all try to attend this meeting. If your child's room hasn't won the room award yet, remember you only have 2 more chances, so make a special effort this time to attend your PTA.

Years ahead in style... that's why Ford is far ahead in sales

The "bug" bites thousands of people every week.

They've been driving high-priced cars year after year. But suddenly they sprout out in 1960 Ford Galaxies, pleased and proud as punch.

They're switching to Galaxy because they want that years-ahead Thunderbird look, with a glamour and grace that won't ever wear thin.

They want that Thunderbird engine—that Thunderbird eagerness—those undistilled Thunderbird thrills.

They're going for Galaxy because Galaxy gives them—in look and in deed—an elegance denied to all but costlier cars.

And Galaxy gives them all this for less than what they've paid in the past... plus a high resale value!

And these selfsame values are crafted into every car we sell—from Thunderbird to new Ford Falcon!

Come let us prove it!

the elegant best is Galaxy by FORD

TAKE YOUR PROBLEMS TO CHURCH -- MILLIONS LEAVE THEM THERE

PERFECTION

Once in a while nature produces a perfect example of fruit, like the apple in this picture. Since time began, however, no earthly human has been anything but imperfect. Every person has his shortcomings and knows within himself that he is not what he ought to be or could have been. This consciousness of failure leads to guilt and anxiety, even to fear. There is a cure for this problem of humanity and the cure is proclaimed by the Church. It is very simple, accept yourself for what you are and accept God for what He is. Do this and you shall live. Go to Church this week and hear the message which alone will give you renewal and forgiveness.

A Little Nonsense Now and Then is Relished by the Wisest

DEAR ANN LANDERS AND ABBY GAIL:

I have read your columns a long time and have always enjoyed them, because you usually give some good advice. Alton Hanes, your next Tax Assessor and Collector of Wichita County, is running good in Wichita County, and pretty good in Oklahoma and DOGGONED good in Clay County. Is there any way that I can get these Votes in Oklahoma and Clay County transferred to Wichita County? After all, HUNDREDS of people that had paid their Poll Tax Two Years ago to our present Tax Collector's office were drug into court and made to publicly testify for whom they voted, violating their right of a SECRET BALLOT. This was all caused by the Political Machine in our Tax Collector's office entering into other races and trying to rule other County offices. . . . HELP ALTON HANES DEFEAT (BOTH) CANDIDATES . . . "Dreamland" Theme of Style Show Presented April 1st

A Style Show was presented at the high school auditorium Friday night, April 1st, sponsored by the Freshman Class of Burk Burnett High School. It was under direction of Mrs. Bill McLean and a student committee composed of Mitzi Mills, Pam Duke, Juliene Abdouch and Reba Fields.

The theme for the style show was "Dreamland" and in keeping with the theme the stage was beautifully decorated as a garden scene. The focal point was Juliene Abdouch dreaming on a chaise lounge.

The commentators were Christine Jorgenson, Mitzi Mills, Rodney Taylor, and Barney Fudge. Vocal numbers were presented by Karen Burton and Pat Dulin singing, Side By Side and Pam Stanaland singing Dream, Dream Dream. Irma Ned Riley, at the piano, provided background music throughout the evening.

The clothes were provided by Youth Town, a new dress shop that has recently opened for business in Burk Burnett, under the management of Mrs. Virgil Mills.

Sportswear, tailored costumes and formals were modeled by the following: Bob Bean, Mark McLean, Terry Young, Brenda Bowles, Kim and Kelly Story, Sonja and Teresa Preston, Carlos Fisher, Patsy Koenig, Philip Abdouch, Francie Mills, Pam Duke, Elaine Miller, Reba Fields, Carol Ratliff, Marilyn Vaughn, Jana Owens, Billie Eidson, Pat Dulin, Karen Burton, Shirley Thaxton, Carolyn Clements, Pam Stanaland, Janice Martin, Peggy Smith, Janice Leitner and Janice Harris.

As a climax of the entertainment for the evening, a comedy skit was given by Carolyn Clement and Pam Stanaland.

Why doesn't somebody invent an alarm clock that emits the tempting aroma of frying bacon and hot coffee?

Archery Club News

The Boomtown Bowhunters Archers will hold a tournament starting at 2 p. m. on Sunday, April 24th, weather permitting. It will be the animal round. The animal round consists of 14 targets of various animals. When a hit is made, maximum of 3 arrows, no more can be used for that target. The average distance of the targets will be 30 yards, the longest will be 60 yards.

Three prizes will be given in each of the three divisions, mens, womens and juniors, (those under 16 years of age).

The tournament will be held 1 1/2 miles west of the west city limits and 1/2 mile north on the Roberts farm.

We are expecting 5 clubs to participate from both Oklahoma and Texas.

All are invited to come and watch us.

We are still looking for a place that we can lease for our field range. We need approximately 10 acres of rough ground.

Our regular club meeting will be Thursday, April 21st at 7:30 p. m. at the Town Hall.

GRADUATING SENIORS OF FIRST BAPTIST CHURCH TO BE HONORED MAY 15th

News From The Congress

By Congressman Frank Ikard

It seems to have become a practice during these days of the Cold War for everyone to continually mark the progress that is being made in this conflict and for us here to be continually taking inventory of the assets of our Nation. It is gratifying, therefore, to be able to point to a successful venture resulting from the continual process of reassessment, one of which is steadily moving toward the preservation and strengthening of one of our Nation's most vital resource, our soil. Any of us who have lived in the Southwest can well remember the thirties when billowing clouds of dust spread over most of that area. More recently, during the fifties as the drought swept over the Midwest and the Southwest, we again saw first hand the misery and destruction that can come when proper measures for the conservation of soil and water are not taken.

In 1957 there was inaugurated in the ten Great Plains States stretching through the heart of our country a sound and far reaching effort to conserve these two vital resources. This was the Great Plains Conservation Program, and even though it is not yet three years old, its benefits are already apparent. At the end of February, 4,000 farms and ranches covering nearly 11

million acres were participating in this program. In Texas there are over 3 million acres in this program which seeks to tie down the soil, save our water and recondition worn out land.

Almost any place you go thru in the Dakotas, Montana, Wyoming, Nebraska, Colorado, Kansas, Oklahoma and Texas you can see the progressive signs of the Great Plains Program and that more and more it is accomplishing its purpose of taking out of cultivation land that is better suited for grazing and the reconditioning of worn out range land depleted by drought or overstocking, you can see small trees already beginning to grow, new terraces taking form and vegetation covering soil that just a short time ago was barren. Some say that such accomplishments are simple ones in our complex world, but if by multiplying these gains we can preserve our soil and hold it where it is, we will leave a much richer heritage. The Great Plains Conservation Program has made a significant beginning, and it is hoped that it will be continued with vigor.

Visitors in Washington this week were Mr. and Mrs. Harley Goble, Mr. E. L. Conatser and Mr. J. J. Morris of Wichita Falls; Mr. and Mrs. Andre L. Gerault and daughters of Lewisville; Mr. Jack Crownover of Nocona; Mr. W. E. Lanhan of Bluegrove; and Mr. Tom Craddock, of Seymour.

CHEVY! YOU CAN'T BUY ANY CAR FOR LESS ... UNLESS IT'S A LOT LESS CAR!

Anyone who's looked around knows the majority of Chevrolet models—6's and V8's together—list for less than comparable models of other low-priced cars. But the price tag alone is only one of a whole raft of reasons a Chevy does better by your dollars.

Nothing near Chevy's size and price can match the Full Coil cushioning of its ride, or the fine, finished workmanship of its Body by Fisher. That even applies to some cars that cost a lot more. You're up in the higher price brackets before you find a car that moves as quietly as a Chevrolet or offers the inner space that Chevrolet does.

Or look at the extras Chevy gives you—at no extra cost—that others in its class can't offer at any price. Shock-cushioned steering. Safety Plate Glass in every window. Keyless locking of all doors. Crank-operated vent windows. Chevrolet offers the widest choice of power teams, too. Drive a Chevy just once. You'll have a tough time settling for anything less.

Holstein From Herd of Gene Robertson Establishes Record

The Holstein-Friesian Association of America has announced the completion of an outstanding official production record by a registered Holstein cow in this area. Nordenhi Janlee Oostie 4132098 owned by Gene Robertson, Burkburnett, produced 16,805 lbs of milk and 604 lbs butterfat in 365 days on twice daily milking as a 3 year old.

Texas A and M. College working in close cooperation with the national Holstein organization, supervised the weighing & testing of production as a part of the Herd Improvement Registry program.

This official testing program commonly referred to as HIR, provides continuing lactation and lifetime production records on every cow in participating registered Holstein herds.

Cpl. David L. Nunn, son of Mr. and Mrs. Oytt Nunn, left Saturday, April 9 for Washington, D. C., where he will be stationed. Cpl. Nunn has spent a five weeks leave with his parents after serving with the Marines on Okinawa for 15 months. While overseas he visited China, Japan and Korea. David will spend the next two and one half years at Headquarters, Washington, D. C.

We won't mind the daughter's boy friends staying so late, but we do wish they wouldn't take the morning paper with them when they leave.

Thrift Memorial Has Extensive Expansion Going

A new Boom at Thrift could very accurately describe the recent program of the Thrift Memorial Baptist church, 814 Tidal St. Under the leadership of their new pastor, the church has begun an extensive program of expansion. Sixty new chairs have been added to the seating capacity of the auditorium. Fifty new hymn books have been purchased as well as new office equipment. Probably the most noticeable change to the passer by or visitor is the appearance of the temporary buildings. The men of the Brotherhood have in recent weeks undertaken to paint all of these buildings. The work is scheduled to be completed by Easter Sunday.

The church will provide for those visiting in their services on Easter Sunday a special reserved section of off street parking. This will be convenient for those attending only the 11 o'clock service. The nursery facilities in the new educational building will also be expanded and available for the services on Easter Sunday.

The pastor will conclude a series of sermons based on the "Seven Words of Jesus from the Cross" this Sunday and the church will observe the Lord's Supper at the close of the evening service as a climax to Easter Sunday. A spiritual program within an atmosphere of friendliness is the goal of this church.

Missionary To Speak At Calvary Baptist Church

L. W. Williamson, Missionary to Old Mexico, will be the guest speaker at Calvary Baptist church next Sunday morning. Bro. Williamson will have some interesting events and experiences to relate to us concerning his work in Mexico. But he is also a sound preacher and teacher of the Word any place, and he will be bringing to us a Christ centered message of the Bible. We invite everyone to hear this man and believe that you will be profited by so doing. Morning preaching service is at eleven o'clock.

Next Sunday is a day many will be talking about the resurrection of the Lord. May His children find their way to His House to worship this risen Lord. Carry a neighbor with you.
Ray C. Morrow, Pastor

A small fire, backstage in one of our metropolitan theatres recently required four hours of 6 firemen's time. One hour to extinguish the blaze and three hours to put out the firemen.
