EVERYTHING READY FOR THE COUNTY FAIR

Everything is getting ready for big county fair October 15th, 16th and 17th. The Free Press publishes a premium list this week. We hope that every farmer will arrange to have an exhibit. We have an opportunity to make this a great success. Let's do it.

We want to call special attention to one feature that will be shown at this fair, that of the better baby contest. The ladies having this part of the program in hand, have asked us to explain that the babies will not be judged from a beauty standpoint, neither will the manner of how the baby is dressed have anything to do with the judging of the baby's looks. The contest is for physical development alone. The children will be undressed by the judges, and given a physical examination by the government standard, and the best developed baby will get the first prize, the second best the second prize, in its age class, and there will be five blue ribbons in each class for the next best babies in their order. So mothers need not have the excuse that their babies may not be as pretty as others, or that they may not be as handsomely dressed as others to keep them from entering them. Yours may not be the prettiest, but it might be the best developed. And it will cost you nothing to enter it. Be sure to send in your baby's name to Mrs. J. U. Fields, the superintendent of this department.

Keep in mind the time, and be here to help make this the most successful affair that Haskell has ever enjoyed.

Ladies Ready to Wear

A LREADY we have had a gentle reminder that Summer is gone and Fall is here, and that cool weather will soon be here which calls for heavier clothing.

We wish to invite your inspection of our new Suits and Coat Suits. These garments are made by Siegel. Siegel Garments have steadily gained in popularity each season we have shown them till we think it is by far the most popular line of ladies ready-to-wear Man tailored garments shown in this part. And why not. There is a reason. The reason is that they are made on perfect lines, designed by real artists and made by master man tailors. It is the most perfectly fitting garment we have ever had the pleasure of showing. The linings used in every Siegel Garment is of the best and guaranteed. They are reasonable in price.

As to style—our department shows a variety of styles both in lengths and cuts, and it is hard to say which occupies the most prominent position; the long or the short coat style. However the eastern fashion shows seem to give the shorter length the preference. Yet the longer lengths are very popular and are shown in almost equally as large numbers.

We would urge you to come now while our stock is practically unbroken. We will take pleasure in showing you and helping you to select a garment becoming to your figure and pleasing to your individual taste.

BUY-A-BALE MOVEMENT MAKING PROGRESS

The Buy-A-Bale movement is still progressing. All along this movement has strengthened the spot market. Business men in the north are organizing big corporations to buy cotton, and they will find markets for it too. These corporations will eventually become trusts, and after some experiences with them, either the government will establish a marketing bureau, or the farmers will have to organize and market their

cotton. At Post City, the seed cotton is taken from the farmers wagon, ginned, carded, spun, wove and made into sheets, and sacks. It is to be hoped Post's heirs will carry out his ambitions to make a great manufacturing center at Post City. Judge D. H. Hamilton of this city is another who has purchased a bale to help the market along here.

Like the music of a Great Opera, "Home Sweet Home" centers about one theme—The spirit of home and the influence of this Home-Spirit over the lives of men and women.

It aims to do more than make money alone—it aims to uplift and enoble the entire photodramatic art.

"Home Sweet Home" is the dramatic essence of all that is pure and truly worth while in modern life.

TOWN PEOPLE BUSY PICKING COTTON

T. C. Park of Knox City was here Tuesday. He says that nearly everybody in his town goes out daily to pick cotton. Women and children go out in autos, taking their dinners and stay all day. He said the people there looked upon a day spent picking cotton as an outing. Many of the little boys and little girls have started little bank accounts. He said his little girl nine years old still had a little money in the bank she earned picking cotton last fall. The session of the public school has been put off that the cotton may be picked before cold weather.

Rev. R. W. Thompson has been invited to assist in the peace prayer service at Gauntt next Sunday. Sunday has been set apart by our president as a day of prayer that world peace may come.

C. W. Carmean, of Hico, was here last Friday. Mr. Carmean is an interesting old Texan, and most entertaining. He knows a great deal of history from personal memory of the events that have made Texas.

Mr. E. L. Adams has moved his studio to the two story building formerly occupied by the Free Press near the southwest corner of the square. He has fitted up the upper story and has splendid light and can do good work. Do not let your children pass out of babyhood without having some photos taken. Then there is the little boy and the little curly haired girl. Preserve pictures of the youthful stages of life.

The news came by wire Wednesday, that Mrs. P. G. Yoe, who is visiting her daughter, Mrs. Donohoo at Grandview, had fallen and broken her hip. She had intended to leave early yesterday morning for this city, having missed the early train the day before and the accident occurred while preparing for the trip. Her daughter, Miss Jewel left for Grandview, Thursday morning.

While in Dallas recently Dick Nolen, our enterprising moving picture man, was made associate editor of the Southwestern Movie, a publication issued at Dallas, devoted exclusively to moving pictures, etc. This is an honor worthily bestowed, for Mr. Nolen is capable and keeps informed on the moving picture business. He is putting Haskell on the map of the moving picture world, and is making good in every other particular. Dick's many friends have a right to feel proud of him.

An Ordinance, Making it an Offense to Turn in a False Fire Alarm.

Be it ordained by the City Council of the City of Haskell: That any person or persons who shall willfully turn in or cause to be turned in a false fire alarm shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined in any sum not less than one nor more than twenty-five dollars.

The rule calling for a second and third reading of an ordinance shall be and is hereby suspended and waived and this ordinance shall become a law and be of full force and effect from and after its passage.

Passed by the following vote: Yeas, Rike, Guest, Simmons, McNeill and Robertson; nays, none.

Approved September 24th, 1914.

 City Secretary. Mayor.

TESTED AND PROVEN

There is a Heap of Solace in Being Able to Depend Upon a Well-Earned Reputation.

For months Haskell reader have seen the constant expression of praise for Doan's Kidney Pills, and read about the good work they have done in this locality. What other remedy ever produced such convincing proof of merit?

Mrs. I. Kerr, Seymour, Texas, says: "I had pain and lameness in my back, accompanied by headaches. Through the use of Doan's Kidney Pills, I was rid of the trouble. I know of no remedy so effective for removing dull, constant backaches and toning up the kidneys."

NO TROUBLE SINCE.
On January, 5, 1912, Mrs. Kerr said: "I have had no occasion to use Doan's Kidney Pills since they cured me some time ago. You are at liberty to use my statement as heretofore."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Kerr had. Foster-Milburn Co., Props., Buffalo, N. Y.

A Nice Box Supper

The Junior editor and wife had the pleasure last Saturday night of accepting an invitation from Mr. O. F. Kolb and wife to ride out with them in their car to Ballew School house, where the people of that community had a box supper. We enjoyed the trip very much. The Ballew people had recently bought an organ, and met to have a box supper in order to raise enough money to pay for the organ. There were 27 boxes, and the bidding was brisk and lively. The young men seemed determined to make the boxes bring as much as possible, so that the good ladies might realize a handsome sum from the sale. Only one box brought less than a dollar, and it sold at 95 cents. Some ran as high as \$1.75, and the full amount of the cost of the organ was realized. H. H. Mansfield very kindly acted as auctioneer, and he made a good one. After the boxes had all been sold, each purchaser with his girl spread their supper, and such a feast it was. The boxes were not empty, but contained a beautiful amount of

Henry Walthal as John Howard Payne in "Home Sweet Home" Saturday, October 3rd at Dick's New Theatre.

good things to eat.

Before and after the supper, Messrs. Cunningham, Kolb and LaCour furnished some splendid music on the violin and guitar with Miss Cunningham as organist.

Aside from the enjoyment of the splendid supper, the social feature of the occasion was a great thing, and our junior editor and family feel grateful to Mr. and Mrs. Kolb for their kind invitation, and to the Ballew people for their hospitable treatment.

Surprise Many in Haskell.

The QUICK action of simple buckthorn bark, glycerine etc., as mixed in Adler-i-ka, the remedy which became famous by curing appendicitis, is surprising Haskell people. Many have found that this simple remedy drains so much foul matter from the system that a SINGLE DOSE relieves constipation, sour stomach, and gas on the stomach almost IMMEDIATELY. Adler-i-ka is the most thorough bowel cleanser ever sold. Corner Drug Store.

You Can't Tell

When you have a prescription filled, you are not able to tell either by appearance, taste or odor, whether or not it has been correctly compounded. You must trust entirely to your druggist. This is still another reason why you should have your prescription filled here.

Many recoveries from Lung Troubles are due to Dr. Bell's Pine Tar Honey. It strengthens the Lungs, checks the Cough and gives relief at once. Mr. Wilkins, Gates, N. Laymen's Council Meeting

The Laymen's Council will hold its next regular meeting at 4 p. m. at the Presbyterian Church as usual.

The Call of Abraham is the subject for bible study. See Gen. 11:27 to 17:14.

This is the first of a series of bible studies covering an exceedingly interesting portion of scripture history. The studies are to be handled in a popular manner, open to all, and promise to be instructive and very attractive to the entire membership.

The music at the last two meetings was so earnest, devotional and inspiring as to constitute a distinct feature in itself, and it alone justifies a full attendance. It is praise of a very high order. "Come thou with us, and we will do thee good; for Jehovah hath spoken good concerning Israel."

The Panama Exposition.

Despite war, the New York City papers predict that the Panama Exposition will be participated in the nations who want the trade in the world market heretofore held by Germany. Pottery, chemical and dye industries will be shown on a large scale.

Missionary Notes

The Methodist Missionary met Monday, Sept. 28, in the union service at the Presbyterian Church. May each and every woman make her business in life be "love more and serve more." Pouring the balm of love into broken hearts; giving a cup of cold water to the thirsty, slaking our own thirst; giving encouragement and hope to the discouraged and despairing inspires new life in ourselves. That is the business of life—thy King's business. A realization of our duty to humanity makes it clear that out business is faithful obedience to royal commands, and causes us to feel more than ever the duty of bearing one another's burdens and taking a new start on the upward path, to determine to begin anew and with renewed vigor and sincerity, a better life.

The next meeting will be at the Methodist Church on Oct. 5th at 3 p. m. A business meeting, everyone is urged to be present. The Methodist ladies will serve lunch at the old Farmers Bank building across the street from the Fair building on the day of Better Baby contest during the

Haskell County's Best Crop is Babies.

Bless 'em, the chubby little scals thrive even more wonderfully than the maize and the cotton, and there's always a high, ready market for them on the waiting acres of the broad fertile prairies.

They're all just as cute and pretty as the Good Lord can make 'em, but every mother in the city and county of Haskell believes her own dimpled darling is a little bit cuter and a wee bit sweeter and prettier than the others.

So we are going to make Haskell babies one of the big features of the fair and carnival Oct. 15, 16th and 17th.

We are going to let the people of Haskell count a vote on the prettiest baby under three years old in the county, and that baby will receive a substantial prize.

ADAMS THE PHOTOGRAPHER HAS ARRANGED THE CONTEST.

Your baby's picture taken in its prettiest dress or only the garb that nature gave it, will be ranged in display with the other babies of Haskell county. Each will be numbered without the names and the hundreds seeing this display at the Adams studio at the fair will be given blank tickets on which to indicate the one they believe is the cutest and sweetest.

There is no admission fee for entering your baby, except the cost of making the single picture, which will be 50 cents. The prize will be well worth while and the newspaper will announce the result of the vote. Bring your baby to Adams studio and have this picture made at once and show the rest of the county that you have the prettiest little toddler in the whole county of Haskell. T. A. Donovan, our representative will call on you in a few days for yours.

Our new studio is located at the southwest corner of the square.

E. L. Adams

"Fire Prevention Day."

Gov. Colquitt has issued a proclamation setting apart Oct. 9th as clean up and "Fire Protection Days." Mayor Cahill wants all in Haskell to observe this day, and he urges you to see that there are no cracks in the heater flues and especially where it passes through the roof. Get the soot out or it will catch fire from the hot pipe and set the ceiling. Unless it goes well up the flue you are liable to have a fire. If by alternate heating and cooling the joints settle away from the last joint that fits too tight in the flue and set the ceiling afire.

Card of Thanks.

We desire to express our sincere thanks to the good people of Haskell who so kindly rendered aid, and for their words sympathetic and expressions of interest during the late illness and death of our beloved daughter and sister, Mrs. T. F. Brooks. We shall never forget you, and pray that God's richest blessing may rest upon you, and if you should ever have need of friends under such trying conditions that you will be blessed with them as we have.

Gratefully yours,
Mrs. Webb Moore and daughter and Mrs. W. F. Rupe.

DON'T TAKE WRONG MEDICINE

If your liver gets lazy you need a liver tonic, not merely a laxative for the bowels. Many people take a simple laxative when the liver gets sluggish rather than take calomel, which they know to be dangerous. But a mere laxative will not start a sluggish liver. What is needed is a tonic that will live up the liver without forcing you to stay at home and lose a day from your work. You have such a tonic in Dodson's Liver Tonic. Dodson's Liver Tonic is all that is claimed for it, because the druggist who sells it agrees to hand back the money with a smile, to any person not satisfied with the relief Dodson's gives.

Dodson's Liver Tonic is a vegetable liquid with a very pleasant taste and is a prompt and reliable remedy for constipation, biliousness, sour stomach and torpid liver.

Corner Drug Store gives its personal guarantee. Large bottle of Dodson's Liver Tonic is only 50 cents. For children or grown people it is the ideal medicine. Try on the guarantee.

Bring Your Bucking Horse

If there is a bucking horse in your neighborhood that no one can ride, bring him in on Yankee Robinson circus day, and Texas Bill and his band of rough riders—some of the best in the world—will see what can be done about handling him. Sometimes they buck over ten miles of territory, yet in the end the cowboys seem to handle them. The bucking contest in the Wild West department is without a doubt the most sport known. Texas Bill and his cowboys, cowgirls, Mexicans and rough riders of the world, are with Yankee Robinson circus and they will ride any bucking horse you bring them.

The Magic Washing Stick.

"The Magic Washing Stick" is just fine. It did just what you said it would do and the clothes were so nice and white with all that hard rubbing left off," writes Mrs. Sarah Goodale, Preston, Texas. The Magic Stick is not a soap nor a wash powder. Sold by grocers and druggists, three 10c sticks for 25c, or by mail from A.B. Richards Medicine Co., Sherman, Texas.

HASKELL, TEXAS, Oct. 8, 1914.

Have you bought a bale of cotton? If the farmer gets a good price for their cotton all kinds of business will be good.

Buy a bale at ten cents and help the farmer make a spot market for his cotton. When the farmers do not get a good price for cotton, the whole country, north as well as south, suffers in volume of business.

The American citizens differ on political policies, but the naturalized citizens vote solidly on one side of of the question. This will account for the lack of constructive legislation during the years the republicans were in power.

For years the European governments have been struggling to get the advantage of one another. Such a policy inevitably means oppression and war. These people can blame themselves for their wars and the woes they now endure. No man can read the writings of European Military officers and statesmen the past few decades, without being horrified by the expressions of brutal dependence upon force. We predict that the nations that win, the Empires that will survive, will be based on the diplomacy of a Bryan or a Wilson. The advocates of

force, deception, fraud, and injustice, have not the brain nor statesmanship, to maintain a great Empire. When war comes they will be diplomatically isolated, with no friends among other powers. They will find all their enemies united against them, and they will have plenty of enemies. "The wages of sin is death" This applies to nations as well as to individuals. This law has not "passed away." It is as immutable as the physical laws. Time and history have vindicated our faith in the laws of moral compensation. Those who have had a contempt for our policies, will "pass away" possibly without learning anything new, but their children will witness the winning of the new diplomacy.

Since Mr. Wilson has been president, he has shown the people how the government ought to be run. By his work he has broken down the prejudices in the north against popular government, and is leading the people back to democracy. European

immigration is responsible for many of the vices that have crept in the ideal of our political life and the most vicious politicians in this country have used the solidarity of the vote of the naturalized citizen, for their own selfish motives, and in the past few decades corrupted the government.

This is the day of independence in politics. The Public Ledger is one of the most influential Republican newspapers in Philadelphia or in the state of Pennsylvania. It has repudiated the candidacy of Boise Penrose, and declared in favor of the election of A. Mitchell Palmer, the Democratic nominee. Boise Penrose has been the director of republican politics in Pennsylvania since the going of Matthew Stanley Quay across the great divide. Gilford Pinchot is the Progressive nominee for senator. Progressives won in Pennsylvania in 1912. There may be a chance for the election of a Democratic senator in November.—Record Ft. Worth.

Militarism is going to be downed in Europe by the war now pending. Men who think a treaty between nations is a mere scrap of waste paper are going to furnish the blood to wipe out the damnable doctrine. The treachery of nations will come home to them. No nation appreciates this as does the American people. Our peaceful relations with other nations, is based on love of honor, liberty and justice. Every American has reason to be proud of his country.

The business men in the north have awakened to a realization of the importance of their business, of a good price of cotton. They show their interest by supporting the buy a bale movement. What The Free Press wants to see established is a sell a bale movement. Establish a government marketing system like Brazil has done for her coffee farmers. It will be stupid not to do it.

What Would You Do?

There are many times when one man questions another's actions and motives. Men act differently under different circumstances. The question is what would you do right now if you had a severe cold? Could you do better than to take Chamberlain's Cough Remedy? It is highly recommended by people who have used it for years and know its value. Mrs. O. E. Sargent, Peru, Ind., says, "Chamberlain's Cough Remedy is worth its weight in gold and I take pleasure in recommending it." For sale by all Dealers.

A lawyer had his portrait taken in his favorite attitude—standing with his hands in his pockets. His friends and clients who went to see it exclaimed: "Oh, how like the original!" "Tain't like him," said an old farmer, "don't you see he's got his hands in his own pockets?"

To visit our splendid exhibit at the following fairs: Texas State Fair, Dallas; Louisiana State Fair, Shreveport; and Arkansas State Fair, Hot Springs; National Feeders and Breeders Show, Fort Worth, Texas; East Texas Fair, Tyler, Texas. We invite all our former students, their friends and those contemplating entering our school to visit our booth in the Exposition Building, and see our splendid exhibit which has won first honors at all these state fairs. Our exhibit this year will be more extensive than ever before; it will be interesting and educational to old and young. We will have demonstrations on some of the most modern office appliances which are taught in our school. Speed demonstrations on the typewriter, exhibits of students' work in bookkeeping, business training, shorthand, typewriting, business

administration and finance, penmanship and telegraphy. A visit to our exhibit will show you why we have the largest school of the kind in America, when you are shown clearly why it is that we can make you a more practical and thorough stenographer in three and a half months with the famous Byrne Simplified Shorthand than other schools teaching other systems can in seven months, and why it is with our original copyrighted systems of bookkeeping and training that we can give you both a course of bookkeeping and business training in less time than other schools can give you a mere theoretical course of bookkeeping, and why it is that our practical department of telegraphy, the largest in the United States, with a loop of the Cotton Belt train wire, giving every message to our students that goes from Mt. Pleasant to Waco; every station blank and record book that is used by Western Union or Cotton Belt railroad, turns out practical operators and station men; and that we place our graduates promptly into good positions.

From present indications we will easily enroll 2000 students this year.

If you cannot see our exhibit at one of these Fairs, be sure to write for catalogue and read what we guarantee to give you, what our former students say we have given them, and what their employers say of their proficiency.

The new tailored suits are studies in simplicity

To be really smart, your tailored suit this year must be equisitely simple.

Few trimmings are used because the materials themselves are trimmings enough. And because such little trimming is used is all the more reason why you should have the right bit of color, the right button for your suit.

Bischof tailored suits are marvels of style, and are ever so pretty because they are ever so simple.

He has made the choosing of materials an art. He picks them as you would a piece of goods for a "particular" gown—for fashion and service.

Every yard of the cloth is thoroughly shrunk. Every operation in the making is performed by experts who have been at that particular work for years. This means that your Bischof coat or suit will hold its style and shape till the fabric wears out.

Every garment is fitted on live models—this is why you can be so easily fitted in a Bischof coat or suit.

Don't put off seeing them a day longer. There is sure to be one garment among them that was made just for you.

Hunt Brothers

TO THE PUBLIC:

On June 30, 1913, there were 15,283.57 miles of railroad in Texas. Very little has been added since that time. They have 69,258 employes at work every day in the year. These railroads have a capitalization (stocks and bonds) of \$31,515 per mile. Their value for taxing purposes as found by the State Tax Board is \$31,150.00 per mile. They are really worth more. The total cost of construction up to June 30, 1913, averaged \$39,975 per mile as shown by Table No. 10, page 397 Annual Report Railroad Commission, 1913.

The capitalization of railroads in other countries and the United States as a whole, per mile of road, is as follows:

England	\$269,496	Spain	\$88,368
Belgium	189,023	Japan	84,301
France	143,435	Russia	83,496
Brazil	142,080	Holland	82,796
Italy	124,116	Servia	78,373
Austria	120,311	Hungary	69,084
Switzerland	117,953	United States	63,944
Germany	116,666	Texas	31,615

The capitalization of the railroads in the United States is less than in any of the above countries, and in Texas it is a little less than half as much as the average

for the United States.

The bonds of the Texas roads amount to only \$23,212.00 per mile. As a rule, no dividends are ever paid on railroad stocks in Texas, and therefore the amount of stocks is without influence, so far as the financial condition of the roads is concerned. The interest on the bonds, however, must be paid in order to keep the roads out of bankruptcy, and as such interest is supposed to be paid out of the earnings, the public is interested in knowing that the bonds do not exceed the value of the roads—in other words, that they are not watered. We are glad to be able to state, positively, that there are no watered bonds on Texas railroads. And the same is true as to stocks, taking the roads of the state as a whole.

It costs an immense amount of money to operate the 15,283 miles of railroad in this state, and as you pay the same in freight and passenger fares, you, of course are vitally interested in knowing whether the roads are collecting enough, or more than is necessary.

The Annual Reports of the Railroad Commission of Texas show that for the

fiscal year ending June 30, 1912, the railroads of Texas lacked \$3,282,493.51 of collecting enough to pay their operating and necessary charges and expenses. For the year ending June 30, 1913, they lacked \$1,601,379.31 of collecting enough, and while the figures for the fiscal year ending June 30, 1914, are not all available, enough is known to make certain that the railroads of this state will have a net deficit or loss of about Eight Million Dollars.

In arriving at these deficits, or losses, no account is taken of permanent improvements and betterments. These, if considered, would add to the deficits, or shortages.

Thus it is plainly to be seen, and must be acknowledged by all fair-minded men, that the railroads of Texas are confronted by a serious and dangerous situation. Indeed, some of them have been unable to escape Federal Court receiverships, and none of them have the funds urgently needed, and which the interests of the public require.

Every railroad in Texas now in the hands of, and operated by receivers, was valued, and the amount of the stocks and

bonds thereof approved and limited by the Railroad Commission under the Texas Stock and Bond Law. Therefore, it is certain, over-capitalization is not the cause of their financial distress.

We think it is due to you, who pay the bills and need the service of the railroads, to show the above and actual condition of the properties devoted to your use.

We beg to assure you that we are doing our very best to give you good service.

We respectfully and earnestly ask, and desire, your help and assistance in keeping down and preventing all useless and unjust expenses and charges against the railroads. We do this for the reason that you pay the expenses, and suffer the loss of service necessarily resulting when the expenses and fixed charges exceed the income of the road. You therefore have direct interest in the matter.

We respectfully submit that it is but fair and just that the railroads be permitted to earn what the law says they are entitled to,—a fair return on the value of the property devoted to your use.

Nothing more is asked nor expected.

RESPECTFULLY,
GENERAL MANAGERS TEXAS RAILROADS.

A Pioneer Paper.

Mrs. Elmer B. Woodward came down Saturday night from Haskell, and is visiting her husband, who is the linotype operator at the Leader office. Mrs. Woodward is a daughter of Editor Oscar Martin of the Haskell Free Press. That reminds us that Mr. Martin started the Haskell Free Press in 1886, or just one year after the Dallas News was started, and the News was started just twenty years after the civil war. We will wager a ginger cake that not many people have looked up the dates on this, but that is the way it is, of course. The civil war has been closed just forty-nine years. The Dallas news has been running 29 years. Time does fly. The Free Press goes on, comes here regularly every week, no matter if Martin use to freight this material from Abilene (60 miles away) and the issues for the first four months were printed in Throckmorton, thirty miles away, where was located the nearest press, (which was an army press. The copy was carried over to

Throckmorton and the printed paper brought back to Haskell by the cow boys.) Just think how hard the work was, how rough the uphills and stumps on the road of the Free Press were those days and then compare them with today, when we can send a thirty cent telegraph message this afternoon to West-Cullum, over at Dallas, 220 miles away, and have enough stuff to get out a twenty page paper tomorrow before breakfast! True, we haven't any buffalo or antelope meat now-a-days, but they didn't have any real, sure-enough grafts and airships those days, either. So we are about even, after all, as we have progress and hook-worms and they had clear consciences and full stomachs.—Leader, Stamford, Texas.

Died

The Free Press feels deep regret in making the announcement this week of the death of Mrs. T. F. Brooks, which occurred at the home of her mother, Mrs. Webb Moore, in this city Monday of this week. She and her husband moved from this place several years ago to Port Arthur, and nearly every since Mrs. Brooks has been in bad health. Recently she came to Haskell to recuperate, and her condition was not thought to be serious until a few days ago. Her husband who was at Port Arthur, could not reach here in time to see her alive. The remains were taken to Temple, Tuesday for burial and Mr. Brooks will get there in time for the funeral.

The Free Press joins the many friends of the family in expressions of condolence to the bereft young husband, parents, sisters and other relatives in this sad hour.

Mrs. Webb Moore, Miss Maggie Moore and Mrs. W. F. Rupe accompanied the remains to Temple. M. H. Gilliam accompanied them as far as Stamford.

I have been suffering with bilious headaches and stomach trouble so bad I could hardly keep on my feet, but I was compelled to work to support my wife and family. One of my customers advised me to take GRIGSBY'S LIVER-LAX and it would cure me, and to my wonderful surprise it has entirely cured me. My physician would give me calomel, but heaven knows, I would be sicker than ever and would have to lay off. I have no more headaches and feel almost a new person and I know now my trouble was my liver. I am giving it now to my children and I see a wonderful improvement. LIVER-LAX helped me the first day I took it, and is certainly a working mans friend. I bought it at, Corner Drug Store.

A New Organization

After seeing the good accomplished in our town as a result of cooperative work, and with the fruits of the laymen's organization before us, a movement has been underway for some weeks for the bringing together of the women and girls of our town into some kind of similar cooperative work.

On last Monday afternoon the ladies of the town met together for the purpose of banding themselves together in a permanent organization.

After discussions of plans of work and organization, the body elected officers as follows: Mrs. Scott Key, Chairman; Mrs. P. D. Sanders, Vice-Chairman; Mrs. Courtney Hunt, Secretary, and Mrs. J. F. Posey, Reporter.

An executive board composed of representatives from the various churches was appointed as follows: Mesdames Dean, Baker, Pierson, Oates, S. R. Rike, F. G. Alexander, Walter Meadors, Jasper Ellis.

The next meeting will be on the fourth Monday in October with Mrs. R. E. Sherrill leader.

Much good is expected to result from this organization, and a cordial and earnest invitation is extended to every woman and girl in our community to be present at these meetings.

A PHOTODRAMA of beautiful motive, of exquisite treatment, and of exposition imbued with the personality of brilliant Griffith, "Home Sweet Home," ranks among the highest screen productions—"masterpiece" has been so indiscriminately used that it has lost all dignity, if not significance. One does not have to state that there is a "beauti-

"It is something too strange to understand.
How all the chords on the instrument,
Whether sorrowful, blithe, or grand,
Under the touch of your master hand
Were into one melody blent."

"And now, though I live for a thousand years,
On no new chord can a new hand fall.
The chords of sorrow, of pain, of tears,
The chords of raptures and hopes and fears,
I say you have struck them all;
And all the meaning put into each strain
By the Great Composer, you have made plain."

The poem of Miss Wilcox seems so appropriate that it might have been written of Payne and his imperishable song, and it is, like the photoplay, an appreciation of genius by genius, though offered in general rather than individual tribute. Mr. Griffith portrays Payne in the natural and sympathetic character of man, as we know him, mortal in his weakness, divine only in an occasional expression of all that is fine in his personality. The composer's story is that of a man who wandered away from his home and from the sweet, true-hearted girl to whom he was engaged, to end his days in foreign lands, after yielding quite as much to vagrant impulses as to noble inspirations.

He broke his mother's heart—she deemed him an unworthy son—and the girl who waited for him on earth died, constant in her love to the erring man of her choice. He was only a man, and the nearer our hearts for all that. In extenuation, he created what has come to us through uncounted sources, that will go on in the countless centuries to come, softening other hearts as it has sweetened ours.

From the moment that the biography starts with the raising of a window upon the domestic life of Payne and his mother, to the pathetic end of this part of the play, the vast audience at "The Strand" sat spellbound. The dramatic skill of the director, enabling him to utilize the histrionic skill of the actors, brought out an enthralling performance, the honors going to Harry Walthall as Payne and Lillian Gish as his sweetheart, with some dainty touches by Dorothy Gish.

The first episode offered a delightful comedy relief and gave opportunity to one of the come-

diennes ever seen in photodrama, Mae Marsh as "Apple Pie Mary." She fascinated the audience as completely as if she had been before them in person, the thousands present laughing at her delicately conveyed mental processes. She has the art of picturing thought to a degree that argues her own intensity and intelligent grasp of all she is required to convey, going even beyond that into spontaneous delineations of her own.

The story of "Apple Pie Mary" is in illustration of the power of exerted by the song, "Home Sweet Home." So also is the episode in which James Kirkwood and Donald Crisp do some forceful acting, as two brothers of life-time hatred, driving their mother insane by a double tragedy, from which condition she is restored to the remaining child by the song. So also is the third episode, in which three stars of the first magnitude, Blanche Sweet, Owen Moore and Courtney Foote, present a version of the indispensable triangle, one with a happy termination through the all-pervading influence of man's contribution to human enlightenment.

The allegory is a spiritual phrase of great beauty, and a fitting termination to what will undoubtedly be an enduring work. The spirit of the whole play, as well as its theme and treatment, is so imaginative and artistic, while appealing to the purest sensibilities, that "poetic drama" seems to designate the production. This is meant in high praise. Drama of noble purpose that is poetic in spirit and artistic in presentation, tends to make life lovely and wonderful, to give it that stimulus which leads to progress. "Home, Sweet Home" is an enchantment of the screen.

"And nothing that ever was born or evolved,
Nothing created by light or force,
But deep in its system there lies dissolved
A shining drop from the Great Love Source:
A shining drop that shall live for aye—
Though kingdoms may perish and stars decay."
