AMONG THE CLUB WOMEN

The past week marked an epoch in history of Haskell clubdom, bringing as it did the tenth anniversary of the Magazine Club.

To fittingly celebrate this event a "Home-Coming" was planned and all former members living in or out of town were invited to be guests of the club for two days. Mrs. John Jones of Rule and Mrs. Robert Irby of Foreston were the only members of our earlier day who came from a distance, but a number of letters were received from all parts of the state and from several other states expressing the desire of the absent ones to be present on this happy occasion. Other out-of-town guests were Mrs. J. I. McDowell, president of this district and Miss Gertrude McIntyre, both of Big Springs. The members of the Symphony and Civic Clubs of the town shared the pleasures of both days, and in many ways showed their interest in the hostess club. On Friday Mrs. Key complimented Mrs. McDowell and Miss McIntyre with a pretty luncheon and on Saturday another equally as charming was tendered Mrs. McDowell by Mrs. Cogdell.

Taken as a whole the "Home Coming" can be pronounced a decided success and a source of much pleasure to all concerned.

The committee having it in charge, Mesdames Cogdell, Fields and McGregor gave careful thought to the appointing of sub-committees and as a result perfect harmony prevailed and club loyalty was strengthened.

Evening Reception of Magazine Club.

The social features of the "Home Coming" of the Magazine Club were brilliantly introduced with an elegant reception on Friday evening from 8:30 to 12 at the beautiful home of Mr. and Mrs. J. U. Fields which aglow with light, radiated sumptuous hospitality.

On entering the handsome reception hall, which was decorated with ferns, the guests were greeted by Mr. and Mrs. Fields assisted by Mrs. H. S. Wilson. In the drawing room, where a profusion of roses and pot plants lent their rare beauty, was the receiving line headed by Mrs. Scott, Key, the clubs enthusiastic and popular president and followed by Mrs. J. I. McDowell, and Miss McIntyre Big Springs and Mrs. Henry Alexander Mrs. John L. Robertson, Mrs. G. J. Graham, all officers in the Club. Mrs. A. W. McGregor with her usual charming manner ushered the guests into the dining room where the club colors, white and gold were artistically carried out in the decorations. In the centre of the mirrored top dining table rested a bowl filled with yellow chrysanthemums, perfect in their creation.

Long stemmed cut glass vases and bowls filled with white and yellow roses were used to advantage on mantle and buffet. A dainty salad and ice course in the white and yellow was gracefully served by Mrs. Roy Shook, Mrs. Bruce Bryant and Miss Eunice McKelvain.

Mrs. S. W. Scott assisted by Miss Dulin Fields served delicious coffee as the guests passed from the room.

In the large hall and living

room were tables where the ever popular game of "42" was enjoyed.

Nearly a hundred guests were privileged to enjoy the pleasure of this delightful occasion, which will long linger as a happy memory in the hearts of all.

Club Rally.

One of the enjoyable incidents of the tenth anniversary celebration of the Magazine Club was the rally held in the Club hall on Saturday afternoon from 3 to 5 o'clock. The invited guests were the former members of the Club members of the Civic and Symphony Clubs and Miss McIntyre and Mrs. McDowell of Big Springs.

After calling the session to order, Mrs. Scott Key, president of the Magazine Club spoke interestingly of the object of the meeting as being the club's first birthday celebration, mentioning the clubs organization and briefly outlining its growth and work together with its plans and hopes for the future. After this came a piano duet by Mesdames Baker and Cogdell. Mrs. R. C. Montgomery, representing the ex-presidents of the club, spoke of the growth and work of womens clubs in general, the Haskell clubs especially and the Magazine Club in particular. Miss McKelvain, librarian, gave a statistical report of the condition of the library, covering the time since last February, when she took charge. This report showed an increase in membership and a number of new books added, both items being of much interest to the founders and friends of the library association. Following the instrumental solo by Mrs. Patterson came the club history, told by Mrs. S. W. Scott, the only charter member remaining in the club. Mrs. Scott closed her talk by reading a delightful letter from Mrs. F. R. Leonard of Eugene, Oregon, who was the club's first president. After an unusually enjoyable vocal number by Miss McKelvain came one of the greatest pleasures of the afternoon in a short, informal talk by Mrs. McDowell who touched not only state and district work, but the efforts of the individual club. She made for herself a warm place in the hearts of Haskell club women, by showing a ready sympathy and interest in all their plans, and by stressing the pleasure of her short visit among them. A beautifully rendered vocal solo by Mrs. Baker closed the entertaining program. After which the guests with their hostesses gathered around the punch bowl, where Mesdames Bruce Bryant and Roy Shook served the delicious iced drink, assisted by Misses Effie Nola Long and Elsie Scott. During the social hour many interesting and amusing incidents in early club life were recalled and a hearty welcome given to all the guests.

One of the prettiest features of the afternoon was the presenting to Mrs. McDowell, by the Civic Club, of an immense arm bouquet of Haskell grown roses which were perfect in coloring and size. Never had the club room with its book lined walls, seemed more attractive than on this afternoon, with the masses of roses and profusion of pot plants. Nor could there be found anywhere a more charming crowd of ladies, so becomingly gowned.

TELLS OF CONVICT LIFE

Editor of the Free Press, Haskell, Texas:

Dear Sir, and long time friend: I thought would write you a few lines to let you know where I am and what I am doing. I am two miles from Huntsville Texas, on the Wynn State Farm, with Capt. Oglesby, better known in Haskell, as Uncle Bill. I am helping Him look after these convicts. I go on duty at 6 p. m. The first thing is to give the men their supper, then count them in the buildings, and lock them up. At 9 o'clock I call them all to bed, watch the building until 12 o'clock, then I go to bed, get up at 5:30 eat my breakfast, which is on the table when I get up, cooked by convicts under the supervision of a most estimable lady. At 6 o'clock I give the men their breakfast. At 7:30 the mail comes, I open and read all the letters, and deliver them. Then I am through until 6 p. m. Captain Oglesby has one hundred and five men here now, has had several more than that. But several have secured pardons lately, and I want to say here, that Captain Oglesby is the best man I ever saw to handle a big lot of men, and command the respect of all; the convicts all like him, and are glad when he shows up in the camp. It is a rare thing for him to punish one of them.

Mr. John Bean, his Stewart is always on the camp, and is boss when Captain Oglesby is absent, and through his honest dealings and kind treatment toward all has won the confidence and esteem of every convict here. His dog sergeant, Mr. Clint Roberts is a very important factor on the farm. He has eighteen dogs, and if a convict starts to run off he don't get far before the dogs are on his trail, but that don't occur often. But I have learned one thing since I have been here, and that is nearly all men have a streak of manhood in them, if one will only hunt for it, of course there are exceptions to all rules.

I am sure this is one of the cleanest convict camps there is in the U. S. Here I will mention our old Tom (col.) who is our yard man, (Napoleon Bonapart) the boys call him for the reason he wears his hat like Napoleon's picture turned up on each side. Old Tom goes from morning till night with his wheelbarrow, broom and shovel, cleaning the yards. There is not the smallest thing left, from a burnt match up.

There are thirteen convicts on this farm who are never locked up at all, and old Tom is one of them. Just think, only two life time men in the camp, they are on the hog ranch, stay there all the time by themselves, keep a horse and cow, do their own cooking, all they do is tend to the hogs. The writer can't tell the number of hogs there are over there, but I think I will be safe in saying they will sell three thousand dollars worth of hogs this year. Captain Oglesby shipped seventy head to day as fine as could be, and they can't hardly be missed. We milk about twenty nice Jersey cows, make milk and butter plenty, and the convicts eat the butter and drink the milk with all the other good wholesome food they want. I wish you were here to

go hunting with me. Since the wild geese and ducks have begun to come, we have all the geese and ducks we want. Think of it again, convicts with guns shooting geese and ducks. But don't understand me that the convicts are allowed to go off the state land for they are not. But when captain Oglesby trusts them they appreciate it, and act like men. I think the state has about two thousand acres enclosed here, and in the enclosure there is a lake, where lots of geese and ducks come in the winter. This is a very old farm, has been in cultivation since before the war. It is very poor land, Johnson grass has taken some of the farm, which makes plenty of hay for the stock. They have put up about four thousand bales of hay this season. I can't commence to tell you about the amount of vegetables raised here this year, and lots of fruit, and the convicts got the benefit of it all. Nothing barred from them, of course they was not allowed to waste it. But everything consumed here by the convicts.

No wonder they love the Captain as they call him.

Well I have made my letter too long now.

Your's very Respectfully,
J. N. Ellis

Mrs. Cogdell Entertains.

On Saturday, Mrs. Earl Cogdell complimented her guests, Mrs. J. I. McDowell with a delightful luncheon. The artistic home was beautifully decorated with cut flowers and over all the glimmer of the open fires cast a softened light.

In the dining room soft green prevailed. Covers were laid for six. A large vase of exquisite roses stood in the center of the table. An elaborate menu of five courses, each perfect in appointments, was served. With so gracious a hostess and charming an honoree there was a lingering over each course and every moment was enjoyed to the fullest.

Mrs. McDowell wore a dainty gray silk touched with green, Mrs. Cogdell wore a handsome plain colored linen elaborately braided.

Those present were Mesdames McDowell, Will McGregor, J. B. Baker, Henry Alexander, Chas. Irby, and Scott Key.

Clean Up Day.

November the 9th, is the day that the citizens of Haskell are asked to co-operate and help to make Haskell a cleaner and healthier city. Everybody get busy, it is a personal affair. There are several cases of Menigitis reported in the state. It is due time our town be put in a perfect Sanitary condition. The Mayor and city council have employed a man by the month, whose business it will be to remove all trash that cannot be burned, all cans should be placed in sacks or barrels placed on the alley in a convenient place to be loaded on a wagon, it will be impossible for this trash to be removed in one or two days, the removal of trash will continue until all is removed. Should any one be overlooked report to the City Marshal and it will receive attention.

Presbyterian Ladies.

The Presbyterian ladies Bible Class met with Mrs. Jim Ellis Tuesday evening. Lesson review of latter part of Leviticus taught by Mrs. Key in a most delightful and helpful way.

There were eight ladies present. We cordially invite others to unite with us in our study whether Presbyterian or otherwise.

THE "R.W." Roswell Overcoat has proved

to us to be the most satisfactory of all convertible collar coats; hence we give it emphasis in our Fall display. It is designed so that it does not look like a patented device when worn either lapel or button to neck style.

We show a large variety of beautiful fabrics and patterns that are not commonplace. Our large buying power results in more than ever reasonable prices.

Words fail us in trying to describe these wonderful garments. Look at the picture. Can you beat it? Will you step in and try on one of our Roswell Coats?

PUSH YOUR TOWN ALONG

In every county and in every state can be found towns that are continually forging ahead while others in the same vicinity remain practically at a stand still and accomplish nothing in the way of improvements or advancement. In every case the fault can be found to rest, not with the town, but with the people themselves.

The reason why some towns grow is because they have men in them with push and energy who are not afraid to spend their time, energy and money in anything that will boom and benefit the town. They have confidence in their town to erect modern and substantial buildings and residences and work for public improvement in the same order. They organize stock companies and establish factories, induce industrial enterprises to locate and use every means to further the best interests of the town. Their work is never considered finished and the accomplishment of one thing is only an incentive of another.

On the other hand the town that does not get ahead will be found to be dominated by either a set of men who are perfectly satisfied with their surroundings or who are afraid some body else will be benefited in the event something is started, consequently no effort of

HASKELL'S CLEAN-UP DAY

November 9th, has been designated by the ladies' Civic Club, as clean up day. Have all the tins and trash on your premises piled up so a wagon can reach it, and The City will have same hauled off. This is a good move by the Civic Organization and every citizen of the town should co-operate with the ladies Civic Club, and make Haskell a clean town.

any kind is made by this class for these two reasons. If some men, or set of men, endeavor to start something, they are met by opposition and discouragement and it is uphill work all the way and very often failure.

Every town, however has a certain progressive element which hopes for a turn of the tide when it will go forward by leaps and occupy a position of importance along with other numerous advantages which goes to make a good town in every sense the word implies. But this stage cannot be accomplished by mere wishes or suggestions. It can only come from hard money in purpose and action and the eternal vigilance of its citizens. The town with these things will continue to grow and improve, but the town without them can be expected to remain in a state of lethargy indefinitely without affording its residents anything but a mere existence.—Lubbock Avalanche.

"The Man Behind."

We don't mean the man behind the times, nor the man behind in his payments, Julius Caesar was "the man behind" Rome. Washington was "the man behind" the United States at a crisis in its history. Every successful business venture, no matter how humble, has "a man behind"; the man who shoulders the responsibility and plans the campaign, who possesses those qualities that bring success to him and to those associated with him in business.

Young man! if you wish to be "the man behind" a successful enterprise, attend the Tyler Commercial College of Tyler, Texas, America's largest school of Book-keeping, Business Administration and Finance, Shorthand Telegraphy. With such efficiency as this school will give you, the time will come when you will be "the man behind" a successful enterprise; when you will become a factor in the business world, and your name a synonym of success, again exemplifying the fact that with educated head and skilled hands, young men and women can carve their names upon the tallest towers of fame.

We have now more students in

daily attendance than any other three commercial schools in the state combined. This shows the overwhelming popularity of the Tyler Commercial College. It shows that the people appreciate the advantages of the famous Byrne systems, which save the student, while qualifying himself to hold a good position, almost \$200 in time and board over what it would cost in a school teaching other systems.

We can place you in a good position just as soon as your course is finished. Write for catalogue and make your arrangements to enter at once.

Escapes An Awful Fate.

A thousand tongues could not express the gratitude of Mrs. J. F. Cox, of Joliet, Ill., for her wonderful deliverance from an awful fate. "Typhoid pneumonia had left me with a dreadful cough," she writes. "Sometimes I had such awful coughing spells I thought I would die. I could get no help from doctor's treatment or other medicines till I used Dr. King's New Discovery. But I owe my life to this wonderful remedy for I scarcely cough at all now." Quick and safe, its the most reliable of throat and lung medicines. Every bottle guaranteed. 50c and \$1.00. Trial bottle free at Jas. R. Walton.

Money to Loan.

We are again prepared to loan money on land. Will make loans for five years with option of paying at end of 3 years or will divide into 10 payments with option of paying all at end of five years. If you want to borrow on land or all vendor lien notes come and see us.
Sanders & Wilson.

Unrewarded.—"Your candidate has made remarkable attacks on all his opponents."

"Yes," replied the campaign assistant discontentedly; "he gets all the credit, while I do the real work."

"What do you do?"
"I keep looking up epithets for him in a book of synonyms."—Washington Star.

Everything Ready.

Reports from Waco indicate that never before thus far in advance of the opening date have preparations for the big Cotton Palace been perfected to such an extent as this year, and there is no longer any doubt that the 1912 exposition will be far ahead of any previous effort. When Governor Colquitt presses the button that will start the Palace in operation at 7 o'clock on the evening of November 2, the Cotton Palace will be as complete and perfect a show as it will be a week later when in full blast. The absence of conflicting dates, the promise of the railroads to "go the limit" as regards low rates, the bumper crops—everything tends towards clinching the belief that the Waco Cotton Palace will be the meeting grounds for the whole of Central and East Texas in the early days of November.

Aside from the usual exhibit features, the directors of the Palace have made arrangements to make the "warpath" a carnival pike such as has never before been seen in Texas. Kryl's famous band, which has been playing in the White City at Chicago, the Patterson carnival show, the village of genuine Waco Indians, several free attractions of a high order—these and many other features have been arranged for and the directors are determined to make the amusement end of the Cotton Palace one of its main drawing cards.

The giant roller coaster or "figure eight" is now in course of construction. This amusement device is a genuine thriller, such as are found in the largest Summer parks in the United States. It is said that while absolutely safe in every way, this ride gives the closest approach to an aeroplane of anything that has been invented.

Waco will don mardi-gras raiment for the occasion and one of the attractions will be the full-fledged carnival, which will be the

feature on the "warpath" each night.

Civic Clubs.

The Mother's and Civic Clubs met together at the South Ward School building last Tuesday afternoon for the purpose of formulating plans by which they may study and work together.

The meeting was an inspiration and much good is expected of this combination of forces.

Officers of Civic Club for the ensuing year are: Mrs. Gordon B. McGuire, Pres., Mrs. Odell, V. P., Mrs. McFatter, Sec. and Treas., Mrs. McNeil, Reporter.

At this meeting the Mothers Club elected the following officers: Mrs. J. F. Posey, Pres., Mrs. C. D. Long, V. P., Mrs. Turrentine, Sec. and Treas., Mrs. McConnell, Reporter.

"It is a pleasure to tell you that Chamberlain's Cough Remedy is the best cough medicine I have ever used," writes Mrs. Hugh Cambell, of Lavoina, Ga. "I have used it with all my children and the results have been highly satisfactory." For sale by all dealers.

Others.—A teacher in one of the primary grades of the public school had noticed a striking platonic friendship that existed between Tommy and little Mary, two of her pupils.

Tommy was a bright enough youngster, but he wasn't disposed to prosecute his studies with much energy, and his teacher said that unless he stirred himself before the end of year he wouldn't be promoted.

"You must study harder," she told him, "or you won't pass. How would you like to stay back in this class another year and have little Mary go ahead of you?"

"Ah," said Tommy. "I guess there'll be other little Marys."—London paper.

"Back To Texas Soil."

The following few prices make farm life in Texas look good: Land selling in New York City at \$270 a square foot and above; in Chicago chickens and butter each selling at 50 cents a pound in high class stores, and guaranteed eggs at 60 cents; in Germany the wholesale price of swine is 18 cents, beef 22 1-2 cents, and veal higher, these prices compelling people to eat horse meat more than heretofore. Wheat, rye and several other necessities are beyond the reach of the poor.

The editor of "Cotton and Cotton Oil News" in a recent editorial said: "The eternal cry of the world is 'back to the farm,' or more correctly in Texas, 'stay on the farm. The rural delivery, parcels post, rural telephone, modern roads and interurbans are doing much to change the face of things and make the country a more pleasant

place of abode. Conditions are rapidly obtaining under which it will be up to a large per cent of the dwellers of the great cities in the North to go to the farm or starve, and Texas with its low price lands and open winter climate is the price to anchor.

Library Notes.

The story telling hour at the library will be started Saturday morning at 10 o'clock. Mrs. T. C. Williams will have charge and stories which are both interesting and educational will be told. Mothers are invited to come with their children and in this way acquaint themselves thoroughly with this worthy undertaking. It is expected to continue this interesting work through the winter and longer if interest and attendance justify. Children from the primary through the fifth grade are expected.

Are You Nervous?

What makes you nervous? It is the weakness of your womanly constitution, which cannot stand the strain of the hard work you do. As a result, you break down, and ruin your entire nervous system. Don't keep this up! Take Cardui, the woman's tonic. Cardui is made from purely vegetable ingredients. It acts gently on the womanly organs, and helps them to do their proper work. It relieves pain and restores health, in a natural manner, by going to the source of the trouble and building up the bodily strength.

TAKE CARDUI The Woman's Tonic

Mrs. Grace Fortner, of Man, W. Va., took Cardui. This is what she says about it: "I was so weak and nervous, I could not bear to have anyone near me. I had fainting spells, and I lost flesh every day. The first dose of Cardui helped me. Now, I am entirely cured of the fainting spells, and I cannot say enough for Cardui, for I know it saved my life." It is the best tonic for women. Do you suffer from any of the pains peculiar to women? Take Cardui. It will help you. Ask your druggist.

An Ordinance.

An Ordinance Prohibiting riding, using, operating or leaving any bicycle upon any sidewalk in Haskell.

Be it ordained by The Council of The City of Haskell.

It shall hereafter be unlawful for any person to ride, use, operate or leave standing or resting any bicycle upon any sidewalk in the city of Haskell. Any person violating this ordinance shall upon conviction be fined in any sum not exceeding Ten dollars.

The rule calling for a second and third reading of an ordinance is hereby suspended and waived, and this ordinance shall be of force and effect after its passage.

Passed, approved, and adopted, October 22nd, 1912.

Sneed Granted Bail.

The Court of Criminal Appeals has granted bail in the Sneed case. The opinion in full is as follows:

"The text of the opinion is: Relator was indicted by the grand jury of Potter county, charged with murder. He sued out a writ of habeas corpus before Hon. J. A. Browning, judge of the district court, praying that he be granted bail. After hearing the evidence the court remanded relator to the custody of the sheriff, from which judgement he prosecutes this appeal.

"Able counsel appeared in this court in behalf of the relator and for the state, and have filed briefs evidencing research, study and thought and to each of whom we have given much attention. However, after a careful study of the records, we have arrived at the conclusion that the court was in error in refusing the relator bail, and the judgement is reversed. Bail is granted in the sum of \$20,000.

"(Signed) Harper, Judge."

The dissent is:

"I have reached a different conclusion from a careful and thorough study of all the evidence and the briefs. I am of the opinion that the district judge was right in refusing bail and that his judgement should be affirmed. I, therefore, dissent from the judgement reversing the judgment of the court below and admitting relator to bail. In the event relator is granted bail, it should in no event be less than \$35,000.

"(Signed) Prendergast, Judge."

Cotton Factories For Texas.

One of the Texas Railroads makes the following statement in its literature:

"It is estimated that the Texas cotton crop occupies about 10,000,000 acres, while the cotton factories of England will not cover over 10 square miles of ground, and yet the Englander makes twice as much out of the staple as the Texan. It is said that if only twenty-five per cent of the crop in this state was manufactured, it would mean \$100,000,000 in added value. If each cotton grower would give the tenth bale each year for ten years, with a like amount from cities, towns and railroads, the state would soon be full of cotton mills and ahead of any state or country in the manufacture of her raw cotton."

There has been a great deal of talk for years about having mills to manufacture our cotton, but in the actual securing of the factories there seems to be a nigger in the woodpile somewhere. According to the above extract the railroads certainly favor the home manufacture of cotton. Whatever the hindrance may be in securing the mills, a state committee should be appointed to inquire into the matter to find where the trouble lies and endeavor to remedy it and then go after the business. If not, the state should quit talking about cotton mills and give up the idea. If the difficulty lies in a ten per cent rate of investment money or any other remedial trouble, the Texas Farm Life Bureau of the Commercial Secretaries Association will work out the solution of the problem.

Texas Gold Mines.

Among the long list of Texas minerals some gold has been located but there are also mines of gold in many of our products. While New York and many cities are wrestling over the problem of dollar gas and coal, and expensive gas plants, the Lord has stored gas in the ground in Texas and all Texans have to do is to open a vent or dig a well in a public square to supply a town, or in a man's back yard to supply his household—at least it seems that way, according to reports received from "good-ground Groesbeck". It looks as though when a good Texan wants to get on the water wagon, dig a well to secure a supply of water, he is liable to get "only" gas.

T. H. Thompson, while digging a well recently at the farm home of J. H. Browder, three and one-half miles west of Groesbeck, struck a match to light his pipe, and the gas from the well burned his whiskers off, for the well proved to be a gasser. At this rate gas will soon be more common than water in Texas, and it is getting dangerous even to light a match or wear whiskers. By saving the storm water which the Lord gives Texans from above, and the gas from below ground, they should sit under their own vine and fig trees and be prosperous and happy. The state is also large enough to share its good things with the land-hungry in the other half of the earth.

HASKELL, TEXAS, Nov. 2, 1912.

If Col. Roosevelt had named his party "Aggressive" instead of "Progressive" it would have suited his attitude during this campaign far better.

The Texas Farm and Fireside says "Some men are born fools, some go crazy and others have an idea that Texas will not go democratic by more than 200,000 plurality."

Nobody questions that Texas will go strongly democratic, but that should not keep those who are entitled to vote from going to the polls next Tuesday and casting their vote. Every man should vote. It is his duty and right.

It was no doubt thru the efforts of Texas Democrats that Gov. Wilson was nominated for president. Now it behooves every democrat in the state to go to the polls next Tuesday and let's roll up the biggest majority of any state in the union for our favorite.

The spirit of the two men were clearly shown in their attitude towards each other while Col. Roosevelt was stretched upon the bed of affliction caused by an assassin's bullet. Gov. Wilson, candidate for president from the Democratic party, like a true gentleman, recognized the merits of Col. Roosevelt, and expressed sorrow over the murderous attempt to take his life, sympathy for the ex-president, and through deference to him, cancelled his speaking dates. On the other hand, Col. Roosevelt, candidate for the presidency from the Progressive party, in his usual

aggressive spirit, while in a hospital recovering from his wounds, criticised Gov. Wilson, and did not seem to have the manhood to recognize or receive the delicate consideration and compliment paid him by Gov. Wilson. Which of the two is more worthy to fill the office of president of this great nation?

A nicely painted dwelling, well furnished with attractive surroundings, is getting to be the necessity on every farm. But necessary or not, no farmer should hesitate when it comes to this. It will add years to the life of the queen of the homestead it will give the children a feeling of pride and satisfaction, and above all, a desire to stay on the farm. It is because of the lack of home comfort that such great numbers of our young men and women are drifting to the city. All they want on their farm home is a little privacy, a few things of their own, and the city with its dreams and riches, but which are destruction in disguise, will disappear from their minds.—Lubbock Avalanche.

Interurbans are doing much to change the face of things and make the country a more pleasant place of abode. Conditions are rapidly obtaining under which it will be up to a large per cent of the dwellers of the great cities in the North to go to the farm or starve, and Texas with its low price lands and open winter climate is the price to anchor.

There is no denying the fact that the people of a town is responsible for the growth or stagnation of business interests and civic and industrial improvements. Think a minute and recall where you have done all you could for the development of your town.

Hot Shots From The Comonor.

No progressive republican should be deceived by pretense that Mr. Roosevelt has organized a permanent new party. It is only a big club which he is using to beat the republican party into insensibility—then he will take chances again.

Just think of Mr. Roosevelt asking to succeed Mr. Taft! Why, he discovered Mr. Taft; he patented him, nominated him, guaranteed him and elected him. And then he went off to Africa and left him.

The republicans are now claiming credit for good crops. Did they bring the rains? Hardly. If the republicans could control the rainfall they would allow some monopoly to put a meter on the clouds and sell the showers at so much per drop.

If democratic success would jeopardize the prosperity of the county why did the president and ex-president insure democratic success by dividing the republican party in warring factions?

And now the republicans are threatening a panic if the democrats win. The panic of 1873 came under a republican president. So did the panic of 1907. The panic of 1893 came a year before the McKinley high tariff law was repealed.

Your turn may come.

Every time the closet of your neighbor is opened do you stretch your neck and peep, and then afterwards strain your tongue to talk about it. Do you ever stop to think that some day a tragedy may take up its abode in your home? Can't you get in your head that some day the tongue of slander may cut you like a sword and the whisper of your neighbor be as vinegar on your wounds? Misfortunes and disgrace may have overtaken your neighbor, but it does not become you to get out on the house tops and shout it to the world.

Some day one near and dear to you may fall—the prison walls may open to a son or the scarlet letters of eternity blight a daughter. When a home is in mourning over a tragedy the best thing you can do is to keep your mouth shut unless you can say something that will come as a rift in the clouds. Then again you know that you may be no better than your neighbor, the only difference is that your neighbor was caught, and you, up to date have kept the light away.

Be charitable, for you know not what day nor hour the blight will appear in your own sacred circle.—Hamlin Heard.

Hints To Business Builders.

Improved roads mean improved morals.

A good road is an standing invitation to progress.

Bad roads means isolation. Isolation means detentation.

The standard of greatness is gauged by actual accomplishments.

Distance lends enchantment when you are traveling over an improved highway.

Big business is merely a combination of big ideas, big standards and big motives.

A man that does not get enjoyment out of his business will soon find that life holds very little pleasure.

Good crops are poor crops when mean of transportation are lacking and the cost of marketing and handling consumes the profit.

Boys and girls would not be apt to leave the farm if the roads were in condition to enable them to make the trip to town and return in comfort and safety.

Broad-gauged men like broad-gauged railroads do more to develop a country than any other factor, and sometimes are given the least credit for their achievements.

Dreams and theories, while sometimes not practical, go a long ways towards solving the difficult problems confronting the people and pave the way for future accomplishments.

The Demons of The Swamps.

are mosquitos. As they sting they put deadly malaria germs in the blood. Then follow the icy chills and the fires of fever. The appetite flies and the strength fails; also malaria often paves the way for deadly typhoid. But Electric Bitters kill and cast out the malaria germs from the blood; give you a fine appetite and renew your strength. "After long suffering," wrote Wm. Fretwell, of Lucama, N. C., "three bottles drove all the malaria from my system, and I've had good health ever since." Best for all stomach, liver and kidney ills. 50 cts. at Jas. R. Walton.

A Six Year Old Cotton Picker.

Little Miss Jewel Johnson, daughter of Mrs. Jimmie Johnson, has become the champion cotton picker for her age. She has been picking as much as a few pounds over a hundred per day for some time but a few days ago she astonished the family by picking 115 pounds in a day.

City Building Notes.

An unsettled mind like an unsettled debt is a great calamity.

In city building good followers are as necessary as good leaders.

Definite details are absolutely necessary to the success of any plan or action.

Diversification of thoughts is as necessary to the growth of a city as diversification of crops to the success of farming.

A feeling of good will between the city man and farmer will promote prosperity and assure the intending investor of a hearty welcome within your midst.

A good display of farm products will do more to promote the resources of your community and give an impetus to the back-to-the-farm movement than any other medium.

Halfway measures will never do in town development. You must settle on a practical plan and follow it to the end, if you desire the support and co-operation of the citizens.

The success of extensive farming depends upon marketing facilities and the town which offers the best inducements along this line will surely receive the greatest volume of country business.

The marvelous growth of the larger cities in Texas should remind the smaller town that very little can be accomplished in the way of increased population without adequate transportation facilities, for you will find few commercial centers that are not located on several railroad or interurban lines.

Don't waste your money buying strengthening plasters. Chamberlains Liniment is cheaper and better. Dampen a piece of flannel with it and bind it over the affected parts and it will relieve the pain and soreness. For sale by all dealers.

COTTON SEED MEAL

is shown by chemical analysis and proven by practical tests by experienced feeders and at the Agricultural Experiment Stations in this country, in Great Britain and Europe to be the **MOST NUTRITIOUS, HEALTHFUL AND PUREST OF ALL FEEDING MATERIALS**

It is a home product, clean, convenient to store and handle, free from adulteration, reliable and uniform in quality and sold at a fair valuation.

COTTON SEED HULL

is a most excellent "roughness" absolutely free from dirt, dust or other foreign matter, of highly nutritive properties, while its peculiar form gives it all the advantage of chopped food in the most convenient condition for storing, handling and seeding without waste.

Horses, Mules, Cattle and Hogs of all kinds

eats it readily, while in nutritive element and as a MILK OR BUTTER, FLESH OR FAT PRODUCER it is fully equal POUND FOR POUND to MANY VARIETIES OF HAY and when FED IN CONNECTION WITH COTTON SEED MEAL IT MAKES AN—

Almost perfect feed for all kinds of stock.

PRESENT PRICES

COTTON SEED HULLS \$8.00 PER TON.

COTTON SEEDS MEAL \$1.40 PER 100 POUND.

The best authorities fix the actual nutritive value of 80 pounds Cotton Seed Hull and 20 pounds Cotton Seed Meal as **EQUIVALENT TO 2 BUSHELS BEST CORN**

2 bushels corn at \$1.00 per bushel costs	\$2.00
80 pounds Cotton Seed Hulls at \$8.00 per Ton costs	32c
20 pounds Cotton Seed Meal at \$1.40 per 100 costs	28c
100 pounds mixed feed costing	60c

Equivalent to Corn at 31c per Bushel

and at any price over this, corn is wasteful and extravagant feed as compared with meal and hulls. This same 80 pounds Cotton Seed Hulls and 20 pounds Cotton Seed Meal, costing 60 cents is exactly equivalent in nutritive elements to 125 pounds of wheat bran, making on the basis of Meal and Hull at above prices.

WHEAT BRAN WORTH 49.6c PER 100 POUNDS

Whenever you pay more than this, you are "carrying a stone in the other end" and paying

TOO MUCH TO FEED YOUR HORSE, YOUR MULE, YOUR HOG OR YOUR COW

simply "because your father did it," while he did it only because he perhaps

NEVER HEARD OF COTTON SEED MEAL AND HULLS

YOU CAN'T AFFORD

To Feed Corn Chops, Wheat Bran, western Hay or Cotton Seed at their present prices. Figure it for yourself. In a ton of Raw Seed you have

One Ton Seed Weighing	2000 pounds
Dirt, Trash, Sand Etc., about	150 pounds
Crude Cotton Seed Oil, (has no nutriment) about	250 pounds
Making total Foreign Matter about	400 pounds
Leaving of Actual Nutritive Material only	1600 pounds

And this not in proper proportion of "Fat and Protein" or in good shape for digestion. For the same ton of seed we will give in exchange

3325 Lbs. Cotton Seed Hulls at \$8.00 per ton	\$13.30
500 Lbs. Cotton Seed Meal at \$1.40 per 100 lbs	\$7.00
Making 3825 lbs. of actual Feeding Material costing	\$20.30

Or nearly 2 1-2 pounds for every pound of feeding material you bring us.

and this in a properly "balanced ration", absolutely free from Dirt, Dust or Foreign Matter in proper proportion for digestion, partly cooked, and if fed to Horses or Mules will keep them in better condition and enable them to do more work than any other feed at anything like the same cost. If fed to milch cows will give MORE FLESH, MORE MILCH, MORE BUTTER and BETTER MILCH and BETTER BUTTER and keep the cows in better condition than

Any Other Feed or Combination of feed on Earth

Up to October 21st there had been about 12,000 bales of cotton ginned in Haskell county. We feel safe in making the report that up to the present there have been at least 15,000 bales ginned. And the crop is not much more than half gathered.

Mr. Craig the Jeweler gave a very interesting demonstration, Saturday on the sidewalk in front of his place on the west side. He took a hundred pound block of ice and chiseled a hole in it and placed a South Bend watch in the block of ice then packed the watch with cracked ice poured water on the cracked ice so as to freeze in the watch solid. To the astonishment of his customers, the watch ran right along keeping good time as though it had been in a show case. The ice was clear and the hands on the dial could be seen clearly as they marked the time.

L. C. Kinney formerly of Fairbanks Alaska has located here, and organized a company with Messrs Scott Key, B. M. Whitaker and N. I. McCollum, to manufacture brickets from slack coal. For a few cents a ton they have a process that will flux the coal and press it into brickets that burn without smoke, and produce from the lowest grades of coal, a fuel that gives off twice the heat units of the best anthracite coal. The brickets burn slowly and give off a flame like a gas jet. The process is a secret and is just what scientists have been looking for the past century. We were astonished at the claims made for the process. We have every reason to believe the process is what is claimed for it, and if it is, it will revolutionize industry, revolutionize the railroad and sea traffic, and do as much for the commerce of the world as any discovery made in recent years.

Sick Watches Made Well

Look inside your watch a moment. The balance wheel is making 18,000 vibrations an hour—if it's well. If the movement is sluggish—it needs a doctor. It will move 8,558 miles a year on less than one-tenth of a drop of oil. But it needs that little drop badly. The least increase of friction on the bearings alters the motion and your watch gets sick. Don't take chances. Let us clean and oil and put your watch in order for a year. It will pay and satisfy you.

HASKELL COUNTY

This county is thirty miles square. The soil in the north west part is deep sandy alternated with stretches of black. The balance of the county is deep Black sandy soil, with occasional stretches of red loam. All the soils of Haskell county are extremely fertile. Ninety per cent of the county is tillable. There is mosquito timber enough for fuel and fence posts.

THE CITY OF HASKELL

Haskell, the county seat, was laid off in 1884. It is a modern town, substantially built in stone and concrete, has an up-to-date water system owned by the city, supplied with never failing wells of the purest water. Electric light and ice plant of modern construction, Oil Mill, Broom Factory, Grain Elevator and Creamery. This city is in the center of the county and has 3000 inhabitants. Is on the Wichita Valley railroad, near the geographical center of the state. Cotton, corn, kaffir, maize, millet, alfalfa, wheat, oats, sorghum and fruits, such as peaches, plums and apricots do well. Forty pound watermelons are an average and they have been raised that weighed as high as 104lbs. Cantelopes are a sure crop. Haskell county never fails to produce one bale of cotton for every inhabitant, and the census shows it to produce more cotton than any other county in Central West Texas.

FOR SALE

No. 10. 18 sections of ranch land in Culberson Co., Texas, all fenced and cross fenced, abundance of water. 16 other sections under the same fence and leased for a long time at six per cent per acre, 8 of the 18 sections are good agricultural lands. 10 sections are rough but good grass lands, there is a State debt of \$1.38 due in 30 years at 3 per cent. Price \$2.50 per acre bonus, one third cash, balance on good time, would exchange for good revenue bearing city property that is clear of debt.

No. 11. 640 acres, near Ample, Haskell, county, 500 acres in cultivation, balance tillable, two sets of good improvements, public road on two sides of land, abundance of good water, soil is a dark chocolate, land has about an 18 inch slope to the East just enough to drain, good school and church in one mile, one of the best communities in the county, rural route and telephone. This land has been improved in the last 3 years and it is in fine shape. There is \$4000 debt on this land on easy terms at 8 per cent. Price 40 per acre.

No. 12. 20 1-2 Sections in El Paso county near Sierra Blanco. This is a splendid ranch proposition or a fine colonization proposition. If you are interested in a proposition like this get in communication with me at once, this is a snap.

No. 16. 1160 acres 12 miles from Haskell. 2 1-2 miles of good R. R. town, 100 per cent tillable, 560 in cultivation; three good new 4 room houses all fenced and cross fenced, abundance of never failing water, public road on two sides of land. 200 acres not in cultivation can be grubbed for \$1 per acre balance of pasture has good mesquite timber and fine mesquite grass, almost as level as a floor, this place is a bargain at \$40 per acre.

No. 17. 2,000 acres five miles south of Hamilton, town, Hamilton county, lies nearly square, fenced with four wire fence, 500 acres in one body of fine black land ready for the plow, and land just across the fence from this raises a bale of cotton to the acre, there is about 175 acres in another part of the land of the same kind of land as the 500 acres, there is everlasting running water in the other portion of the place and all this land is fine grass land. Price clear \$10 per acre, \$5,000 cash, balance to suit purchaser, would take the \$5,000 in good trade worth the money. This is an estate and the exceptionally low price is to get a quick deal.

No. 18. 374 acres adjoining the city of Gainesville, Cook county, practically all of this land is tillable, 325 acres in cultivation, one of the best farms in Cook county. Two sets of improvements, water in abundance from deep well; also good underground cistern, Elm Creek runs across one corner of this land and leaves about 275 acres that can be easily irrigated if one so desires, the is sufficient water in Elm Creek to irrigate with. Price \$95 per acre.

No. 21. 36 room frame hotel, 2 story, northeast corner square, about \$1200 furniture on lot 75x105. For Rent. Price, clear, \$5,500.00. * * One 5 room residence on two lots, close in. Price, clear, \$750.00. * * One 3 room residence on two lots, close in, \$500. * * 14 business lots, well located, clear, at a bargain. * * 22 residence lots, well located, clear, at a bargain. * * This a bargain and the lots that the hotel is on are worth more than the price asked for it. Building cost over \$5,000.

No. 22. 240 acres of land 7 miles southeast of Haskell, 140 acres in cultivation, good 5 room house with hall and porches, good well water. \$1,100 incumbrance, on easy time.

No. 23. 164 acres in Fisher county, 135 acres in cultivation, fairly good 6 room house, well water, good cistern and tank, on public road, one-half mile of good school, two miles of small railroad town, fine orchard, all tillable, a little rolling but does not wash, fine crop on this land now. \$1,400 incumbrance, in loan company payable, \$140 each year, price \$40 per acre.

No. 24. 175 acres with 15 acres excess, two miles south of Haskell, 55 acres in high state of cultivation, balance extra good grass land, well of water, good tank, plenty of timber, on public road, two room house, best location around Haskell for dairy farm. \$2,000 incumbrance, in loan company \$230 per year, the soil is a chocolate loam and black sand, made good crop of oats and millet this year. Price \$40 per acre.

No. 25. 160 acres 4 1/2 miles north of Haskell, on public road and rural route, 140 acres in high state of cultivation, every foot black land, good new 5 room house, with 8x16 feet hall and 80 feet of porches, two cisterns, good deep tank, good two story barn, good crop on this land now, \$1,600 incumbrance, in loan company due 1914 at 8 per cent. Price \$5.00 per acre.

No. 26. Splendid 6 room residence, in north Haskell, large lots, nice shade trees and fruit trees, fine well of water, 3 blocks of High School Building, clear of debt, price \$2,000. Can trade No's. 23, 24, 25 and 26 for good farm in Cook or Denton counties.

No. 26. 140 acres of fine black land 3 miles north of Haskell, 100 acres in high state of cultivation, every foot good tillable land, 5 room house, fair outbuildings, young orchard; well, tank and cistern water, public road on north and east of land, good school and church in one-half mile, price \$50 per acre, would trade for good private boarding house in good Central Texas town, \$750 incumbrance, easy.

No. 27. 400 acres of land 4 miles southeast of Goree, Knox county, 135 acres in cultivation, balance in pasture, plenty of mesquite timber, 4 room house, fair outbuildings, good tank and cistern water, dark Chocolate soil, on public road, rural route and telephone, this is a bargain, at \$35 per acre. \$1000 cash and 10 years on balance.

In connection with the above we have hundreds of other good farms ranches and city property, for sale and exchange. If you don't see on this list just what you want, write us and tell us what you want and where you want it, also tell us what you have to exchange, list your property with us and get a SQUARE DEAL. Yours for business,

While his Wife Washed.
We were sitting around the red hot stove in the lobby of a village tavern, and just when a silence had fallen upon the ground one man turned to another and asked:
"Squa' Perkins, if you dont mind I'd like to ask you a question?"
The Squire didn't say whether he minded it or not, but the other went ahead with:
"It's about this here high cost of living. Have you figured out what's the reason for it?"
"I have," was the answer.
"Then I'd like to hear it."
"Did you raise any wheat, corn or oats last year?"
"Nope."
"Any potatoes, beets or carrots?"
"Nope."
"Any tomatoes, cucumbers or onions?"
"Nope."
"Didn't raise nothin' whatever to eat?"
"Guess I didn't."
"Just eat all you could of what other folks raised?"
"Looks that way."
"And sot around and let your

wife take in washing and support you?"
Why, she likes to wash.
"Well, I've answered your question; You and a hundred thousand loafers like you boosted the cost of living."
I expected to see a row follow, but none came. There was a minute of suspense, and then the questioner yawned and stretched and exclaimed:
"Well, by thunder! I've been puzzling over that matter for more'n a year and here you have solved it in three minutes."

J. L. Beasley, Haskell, Texas, says: "My experience with Doan's Kidney Pills which I got at Collier's Drug Store (now the Corner Drug Store), was very satisfactory. I took them for backache and kidney trouble that had caused me a great deal of suffering, and they brought me relief after other remedies had failed to help me. Doan's Kidney Pills can be relied upon to bring good results, even though other preparations have brought no benefit."

BIG SURPRISE TO MANY IN HASKELL.
Local people are surprised at the QUICK results received from simple buchuorn bark, glycerine, etc., as mixed in Adler-ika, the German appendicitis remedy. The Corner Drug Store states that this simple remedy antiseptizes the digestive system and draws off the impurities so thoroughly that A SINGLE DOSE relieves sour stomach, gas on the stomach and constipation INSTANTLY.

Eyes Sunken With Pain.
Three years ago I had a very bad spell of neuralgia which caused my eyes to become sunken and bloodshot with pain. Hunt's Lightning Oil was recommended and after using, the pain left and has not returned, says A. M. Coffey, 316 Van Buren Street, Litchfield, Ill. This wonderful medicine is sold by all druggists everywhere.

Trustee Sale.
State of Texas,
County of Haskell,
Whereas, by virtue of authority vested in me as Trustee, named and appointed in a certain deed of trust, recorded in vol. 9, page 65 in the deed of trust records of Haskell County Texas, executed and delivered to me on the 7th day of September, 1911 by Mrs. M. E. Terry to secure the payment of one promissory note for \$631.00, bearing interest at the rate of 10 per cent per annum from date, payable to the order of J. U. Fields, providing that in the event default should be made in the payment of said note at maturity and it should be placed in the hands of an attorney for collection, then an additional amount of 10 per cent on the principal and interest of said note should be added as collection fees, the same having been duly executed for value received and by her duly delivered to the said J. U. Fields on the day of this date, viz., September 7, 1911, and the same became due and payable on September 7, 1912.
And whereas, the said J. U. Fields is the legal owner and holder of said note and the said Mrs. M. E. Terry made default in the payment of the same at maturity, that it was there after on the 10th day of October 1912, placed in the hands of H. G. McConnell, an attorney, for collection, and the same is now due and unpaid including all the principal, interest and attorney's fees thereof provided for in said note and said deed of trust,
And whereas, I have been requested by the said J. U. Fields to enforce said trust, I will offer for sale between the legal hours thereof, to-wit, between the hours of ten o'clock a. m. and four o'clock p. m. at public auction to the highest bidder on the first Tuesday in December, A. Not Fit For Ladies.
Public sentiment should be against it, and we believe it is, there can be no reason why ladies should have to suffer with headaches and neuralgia, especially when Hunt's Lightning Oil gives such prompt relief. It is simply a question of getting the ladies to try it. All druggists sell Hunt's Lightning Oil in 25c and 50c bottles.

Citation By Publication.
To the Sheriff or any Constable of Haskell County—GREETING:
You are hereby commanded, that you summon, by making Publication of this Citation in some newspaper published in the County of Haskell, for four weeks previous to the return day hereof, L. A. Combs whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be held in the County of Haskell at the Court House thereof, in the town of Haskell on the 25th day of November, A. D. 1912 then and there to answer a Petition filed in said court, on the 22nd day of October A. D. 1912, in a suit numbered on the docket of said Court No. 1404, wherein Beatrice Combs is plaintiff and L. A. Combs is defendant. The nature of the plaintiffs demand being as follows, to-wit:
That on the 21st day of May A. D. 1907, plaintiff was legally married to the defendant and continued to live with him as his wife until the 26th day of February, A. D. 1908, when the defendant did, without any cause or provocation, whatever, voluntarily leave and abandon plaintiff, with the intention of living separate and apart from her and has continued to so live.
That plaintiff never caused, procured nor consented to defendant abandoning her and that defendant refused to live with her any longer and still refuses to do so.
That during the time plaintiff and defendant lived together there was born to them one child, a girl, now four years of age, whose name is Johnnie. That defendant is not a suitable person to have the custody of said child.
Plaintiff prays for a judgment dissolving said marriage relation, for the custody and control of her child Johnnie Combs, for her maiden name of Iyer to be restored to her, for cost of suit, for general and special relief.
Herein fail not, and have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.
Given under my hand and seal of said Court, at office in Haskell Texas this the 22nd day of October, A. D. 1912.
