

New Amendments To The Selective Service Regulations Explained

The deferment of graduate students in medicine, dentistry, veterinary medicine, osteopathy or optometry is mandatory under new amendments to the Selective Service regulations, Colonel Morris S. Schwartz, state Selective Service director, said.

"When the Director of Selective Service identifies other studies necessary to the maintenance of the national health, safety, or interest upon the advice of the National Security Council," Colonel Schwartz said, "deferment for advanced study in these subjects also will be mandatory."

Post-graduate study in other fields may be allowed under the new regulations, within certain limitations, the state Selective Service director said; but deferment is not mandatory in these cases.

"Consideration can be given by local boards to any case," Colonel Schwartz said, "regardless of class standing or Selective Service test score; but there is a limit to the time the student can be deferred."

The new regulations provide that a student who is enrolling on October 1, 1967, his second or subsequent year of post-baccalaureate study without interruption—outside the field of medicine, dentistry, veterinary medicine, osteopathy, optometry, or field that may be identified by the Director of Selective Service upon the advice of the National Security Council—may be deferred in Class II-S if his school certifies that he is satisfactorily pursuing a full-time course of instruction leading to his degree.

The regulations say he "may be, but shall be," Colonel Schwartz pointed out. "This means that it is up to the local board in each case outside the fields covered by mandatory deferment."

This student entering his second or subsequent year next fall cannot be deferred under the new regulations for more than one additional year in the case of a course toward the master's degree.

He can not be deferred for more than five years for a doctoral or professional degree or the equivalent, or a combination of master's and doctoral degrees, including the years already used in the course of study, except that, if he already has spent five years in such study on October 1, 1967, he may be deferred for one additional year to complete his degree.

The state Selective Service director pointed out that these time limitations are mandatory. A graduate student outside the mandatory fields who is enrolled for his first year of study October 1, 1967, or accepted for admission on that date, may be deferred if he has entered the first class commencing after the date he completed the requirements for admission, the new regulations provide. But his deferment is not mandatory.

Briefs From H. D. Agent

Listed below are some Home Economics briefs from County Home Demonstration Agent, Barbara Elliott:

Labor-saving devices mean that the homemaker spends less energy for her usual work, and needs less food. It used to take 240 calories to do the family wash plus 50 calories to hang

the clothes on the line. Today it takes only 15 calories to put the clothes in the automatic washer and dryer.

To heat muffins, biscuits, or rolls, place them in a paper bag and twist the top lightly. Moisten the bag, then heat in the oven.

The total supplies of canned fruits are expected to be about five per cent above those for

last year. Increases in current supplies will be appreciable in canned peaches and pears. Current stock figures are available for only a few items at this time. Stocks of canned apples and apple sauce are up significantly, while red tart cherries are down.

It's good training for the children to join you in shopping and to help you carry the groceries home. However, you, as a home-

maker, should do the actual shopping in order to choose a better quality and more economical foods.

Make mending before laundering a household rule. A sewing basket in the laundry area is an excellent reminder and handy for quick repairs.

Cooler Summer Drinks—only with fresh lemon. Freeze twists of lemon peel or half lemon

slices in ice cubes. Or, add fresh lemon juice to water when making ice cubes. Store lemon cubes in freezer in plastic bag. Handy and convenient fun to serve—help cool tall drinks, and add the "fresh" flavor.

Catching Crawdad
Don't waste too much time trying to catch crawdads. They are mighty slippery critters.
Instead, cut the top from a rather large tin can over the little hole then leisurely pick him up. By using this method you can be gathered quickly and neatly.

WOMEN'S ARMY CORPS SEEKING LICENSED PRACTICAL NURSES

Openings currently exist in the United States Women's Army Corps Licensed Practical Nurse Program for women who want to serve their country while they serve humanly, according to Sgt. Donald R. Hollister, local recruiter.

The Licensed Practical Nurse Program offers young women opportunities for world-wide travel and assignment while they care for our Country's service personnel at some of the most modern medical facilities in the world. Women's Army Corps practical nurses fill positions at duty stations in Germany, Japan, Alaska and Hawaii, as well as in the continental United States.

Practical nurses who enlist under this Women's Army Corps option undergo eight weeks of basic training at the Women's Army Corps Center, Fort McClellan, Ala., followed by a 10-week course in clinical special training given at Fort Sam Houston. Upon successful completion of training they are advanced to the grade of Specialist 5, a rank not usually attained by enlisted women until they have served several years in the Army.

In addition to their base pay, practical nurses receive a clothing allowance, either free lodging or a housing allowance and 30 days paid vacation annually. Medical and dental care, education and training, survivors benefits and many other services are provided free.

To qualify for enlistment in this program, women must be between the ages of 18 and 34, have no dependents under the age of 18 and be licensed graduates of a state-approved course in practical nursing. In addition, they must meet the mental and physical standards and a moral qualifications required of all United States Women's Army Corps members.

Licensed practical nurses desiring further information about the program may visit Sgt. Hollister at RM 2110 US Post Office Bldg., Abilene, Texas or call OR 7-6161 or OW 2-1702.

County H. D. Members Hear Special Program

Mrs. Martha Harmon, of the Abilene Lone Star Gas Company, was in Haskell County on Wednesday, July 26, for a special program held in the Home-Making Department at 2:30 p. m. at the Weimert School.

Home Demonstration Club members in Haskell County attended the educational program along with special guests from

Weinert H. D. Members Hear Safety Talks

When the Weinert Home Demonstration Club met for a regular meeting July 11th at 2:00 p. m., Mrs. Alton Sanders and Mrs. Lester Hutchinson co-hosted the affair in the Home-making room of the Weinert High School. Roll call was answered by each one present with a "Safety Precaution."

Guest speakers for the program on "Safety" were Miss Bettye Edwards and Miss Donna Adams, who also gave a driving test based on the Texas Drivers Handbook. Mrs. M. W. Phemister was high scorer, and was presented a model red Ford Mustang.

Mrs. Phemister gave a lecture and demonstration on "Rescue Breathing." She urged that everyone take extra precaution when swimming in lakes or farm ponds, and the practice of keeping a filled innertube tied to a larjat at the pond, or to a car bumper at the lake could well be the means of rescuing a swimmer in trouble.

During the business session, the president appointed Mrs. Glen Caddell as chairman of the club booth at the forthcoming Haskell County Fair. She will be assisted by Mrs. Alton Sanders and Mrs. Lester Hutchinson.

Mrs. Glenn Caddell gave the devotional for the day. Nine members and six guests were present for the meeting.

Ledger sheets, boxed typewriter paper, and columnar pads, get them at the Free Press.

Council Elects Delegates To State Convention

The Haskell County Council of Home Demonstration Clubs met July 19 at 3:00 p. m. in the Community room, Haskell National Bank, with Mrs. C. B. Sprayberry, vice-chairman, calling the meeting to order. Mrs. T. M. Patterson led the singing.

Mrs. Ben Bruton brought the devotional on "Neighbors." "To Be A Good Neighbor You Need To Be A Good Neighbor," Mrs. Bruton pointed out.

Mrs. Leonard Kieke announced that the dates of the County Fair will be September 28, 29 and 30 and each club is to have an Educational Exhibit.

Mrs. C. B. Sprayberry, Mrs. Joe Davis and Mrs. E. O. Morgan were elected delegates to the State meeting in Fort Worth, September 19-20. Alternates are Mrs. O. W. Whiteaker and Mrs. J. I. Trussell.

Six clubs, represented with 10 members and one visitor, were present. Refreshments of punch and cake were served by the Weinert Club.

Livestock Auction Draws Large Crowd

A large crowd was on hand Saturday for the Haskell Livestock Auction, which saw a lighter run of cattle due to recent rains.

Cattle receipts showed 514 and 51 on hogs. The market was active and higher on all cattle going back to the country.

Quotations follow:
Bologna bulls brought 21 to 23.50 and lights ran 21 to 27.

Fat butcher cows brought 16 to 17.50, canners and cutters 14 to 17 and old shells 12 to 14.

Choice butcher calves and yearlings brought 24 to 26.50, goods 22 to 24, standards 20 to 22 and rannies ran 18 to 20.

Feeder steer yearlings ran from 24 to 26 for choice to 20-22 for commons and mediums. Goods brought 22 to 24.

Feeder heifer yearlings brought 21 to 24 for choice, 20 to 21 for goods and 19 to 20 for commons and mediums.

Stocker steer yearlings brought 25 to 28 for good and choice and 21 to 25 for common and medium.

Good and choice stocker heifer yearlings ran 24 to 26 while common and mediums brought 21 to 24.

Choice stocker steer calves ran 30 to 33, good 28 to 30 and common and mediums 24 to 28.

Stocker heifer calves brought 27 to 30 for choice, 25 to 27 for good and 20 to 25 for common and mediums.

Cows and calves brought \$225-\$260 for choice pairs, \$200-\$225 for goods and \$165-\$200 for commons and mediums.

Social Security Decisions May Be Carried To Courts

(Ed. Note: This is the 5th of a series of six articles, telling of the safeguards against wrong decisions in the social security program, prepared for the Haskell Free Press by R. R. Tuley, Jr., Social Security district manager.)

As the next-to-last in this series of articles showing how a dissatisfied social security claimant may press his claim on through the courts, here are some statistics as to the effect of such actions.

Out of every 100,000 disability claims, some 42,400 are initially denied. Reasons include lack of sufficient social security credit, failure to present medical reports, or that the medical reports do not reflect a disabling condition severe enough to prevent continued employability.

Of those denied, about 14,400 disagree with the decision and ask for reconsideration, which brings award action for 5,350.

Out of the remaining 9,050 reconsidered denials, about 4,100 ask for a hearing, which results in some 1,570 awards.

About 1,380 of the remaining 2,520 again denied ask for a review by the Appeals Council. At that stage, 240 become award actions.

Only 185 of the remaining 1140 again turned down file suit in a Federal District Court. Those courts, and later appeal courts, find that 100 should be paid.

Thus, 57,600 award actions taken initially grow to 64,860 through the reconsideration, hearing, review, and court actions.

Decisions on claims are not taken lightly by the Social Security Administration. At each step along the way, denied claimants are fully informed of their legal rights to go further if they feel the decision is in error.

Next week's article will summarize this topic.

"Champions" Add To Kitty For Tourney

It was a game of "champions" Monday night as the Haskell Indians, winner of the Senior Cottonbelt League squeezed by the Haskell Warriors, champions of the Junior Cottonbelt League, 3 to 1.

Purpose of the game Monday night was to get in some practice for both local teams and to help raise funds to send the Indians and Warriors to the Regional playoffs. Fifty-seven dollars was taken in at the gate.

Seeing action on the mound for the Indians in a seven-inning ball game were Lewis Hise, Douglas Bartley and Paul Cornelius. Jimmy Rye caught for the Indians.

Hise, Bartley and Calloway scored for the Indians. Hise gave up three hits. Bartley and Cornelius pitched no-hit ball. The Indians got seven hits.

On the mound for the Warriors were Gary Felker, Bill Wiseman and Lanny Ivey. Catching for the Warriors was Roy David Pittman. Everett scored for the Warriors.

The Warriors, managed by Kenneth Felker and Herman Josselin, will play in the Regional Tournament at Floydada the first week in August.

The Indians, managed by Sgt. Frank Jirick, Stuart Erikson and Joe Lane, will also be playing in the Regional Tournament the first week in August at Lockney.

The Indians and Warriors will play several other games within the next few days, to help raise additional funds for the upcoming Regional Tournament.

Haskell Indians Tackle Jets

The Haskell Indians, champions of the Senior Cottonbelt League, topped the Abilene Jets here Tuesday night, 4 to 3, behind the superb pitching of Douglas Bartley.

Scoring for Haskell were Clinton Callaway, Douglas Bartley, Lewis Hise and Johnny Martinez.

ALMO S. GALINDO

Sr/4 Almo S. Galindo, son of Mr. and Mrs. Martin F. Galindo, recently returned from a year of service in Vietnam with the 1st Division, 26th Infantry. He took part in the Junction City maneuvers in Vietnam. Galindo is a graduate of Haskell High School and attended one year at Wayland College, Plainview. He will receive his discharge in January next year at Fort Hood and plans to attend North Texas State, Denton.

MILLERS CREEK RESERVOIR PROJECT HEARING DELAYED

AUSTIN—Failure to publish notice of a public hearing for two days resulted in another delay in the Millers Creek Reservoir project.

A public hearing by the Texas Water Right Commission on the North Central Texas Municipal Water Authority application to amend the permit issued Oct. 3, 1961, for construction of a dam on Millers Creek was to have been held Tuesday but was

postponed when the commission learned that notice of the hearing had been published for only 28 days instead of the 28 days required by law.

Increased Size Sought
The Authority is seeking permission to move the dam site 2 miles downstream. This would create a lake holding 52,920 acre feet of water instead of the presently authorized 25,520 acre feet.

Carney School Will Conduct Adult Basic Education Classes

Superintendent W. R. Baker received notice that the Carney School in O'Brien request for funds to conduct an Adult Basic Education Program has been approved.

Objectives of the Carney program will be to teach adults to read, write and speak the English language and acquire arithmetic skills. The program will be conducted for two levels of education. The basic level will be for those who have no education, or only a first, second, or third grade level education. The intermediate level will be for those who have completed the

third grade but have not completed the sixth grade.

Classes will be conducted at night and will meet for two hours twice each week. A total of 120 hours of instruction is planned. Classes will begin in mid-September and enrollment will begin in mid-August. Students will be accepted from Haskell and Knox counties and enrollment will be held open until 30 class members are obtained.

Additional information may be obtained by contacting the superintendent's office at the Carney School in O'Brien.

Highway Patrol Investigated Six Accidents In County During June

The Texas Highway Patrol investigated five accidents on rural highways in Haskell County during the month of June, according to Sergeant Frank Jirick, Highway Patrol supervisor of this area.

These crashes resulted in seven persons injured and an estimated property damage of \$2,480.00.

The rural accident summary for this county during the first six months of 1967 shows a total of 25 accidents resulting in one person killed, 14 persons injured, and an estimated property damage of \$19,220.00.

The number of traffic deaths in Texas continues to rise. For the first six months of 1967 there have been 1,476 traffic deaths compared to 1,396 traffic deaths for the first six months of 1966. This six per cent increase is very alarming and chances are it will become very critical because of vacation months and holiday periods still ahead to intensify the magnitude of the accident picture.

This alarming increase of accidents can be reduced by drivers knowing and obeying traffic laws, being defensive and being a courteous driver. The Sergeant stated, "Courtesy is contagious. Try it."

All of these states plant catchable-size fish in their lakes and streams at the beginning of each season. And have to!

Each, of course, has some warm water fishing, such as bass and catfish. However, their fishing is largely for hatchery-produced trout.

And most of them are raised for the benefit of tourists, many of whom never catch a fish at home.

Unsnarling Lures
When the monofilament line on a spinning reel does get fouled up it sure makes a mess of itself.

Such a "bird's-nest" snarl usually takes tedious and laborious work to untangle.

Simplify the job by using a good strong toothpick.

Or better still, carry with you a small crochet needle. The notched point burrows deep into the bird's-nest to life out the crossed line.

Army Seeking Helicopter Pilot Training

The U. S. Army is currently seeking men desiring training as helicopter pilots for its Warrant Officer Flight Training (WOFT) Program. Sgt. Donald R. Hollister, local Army Recruiter, announced today.

"The mobility which helicopter transport provides is essential to the Army's ability to conduct prompt and sustained combat in conjunction with land operations. More helicopter pilots are needed to move men rapidly over rough terrain, to speed supplies and ammunition to the men in isolated places and to swiftly evacuate wounded soldiers," Sgt. Hollister said.

After basic training, men who enlist under the WOFT program undergo four weeks of pre-flight instruction and 16 weeks of primary training at Fort Wolters, Texas, followed by 16 weeks of rotary wing (helicopter) training at Fort Rucker, Ala. Upon completion of training they are appointed Warrant Officers and are qualified to fly cargo and passenger-type helicopters.

Warrant Officers are highly-skilled technicians who fill duty positions above the enlisted level. Pay and prestige levels correspond to the first four commissioned officer ranks," said Sgt. Hollister.

Warrant Officers live in officers' quarters and can belong to clubs and other organizations open only to Army officers. Helicopter pilots receive bonus

flight pay in addition to basic Warrant Officer salary and quarters and subsistence allowances.

Qualified men who enlist under the Army Aviation Plan receive a written guarantee of helicopter pilot training before they enlist.

Applicants for the WOFT program must be high school graduates and must meet rigid mental and physical standards. They must also be between 18 and 30 years of age, be between 5'4" and 6'4" in height and not weigh over 200 pounds.

Men desiring additional information about the Warrant Officer Flight Training Program, its benefits and its requirements, may call Sgt. Hollister at OH 7-6161 or OW 2-1702 for an appointment. His office is located at the Post Office Building in Abilene, Rm. 2110.

Rainfall For Two-Day Period Nearly 5 In

For the two-day period ending Tuesday night, Haskell received 4.74 inches, according to the Weather Bureau. The week's total precipitation to date is 4.74 inches.

As the paper was reported but about an inch was added to Thursday, bringing precipitation to 4.74 day period.

Confederate Veterans' Assn. Is Re-Activated

The Confederate Research Center of Hill Junior College, Hillsboro, Texas, has re-activated Hood's Texas Brigade Association, a famous Confederate Veterans' group that met annually from 1872 to 1933. Any direct descendant (over 18) of a member of Hood's famous Texas Brigade is eligible for membership. Each member will be presented with a two-color parchment facsimile of the Certificate awarded to the original members of the Association at their annual reunion in Waco in 1889. All of those applications received and verified by December 31, 1967, will be considered for charter membership. Hood's Texas Brigade was composed of the 1st, 4th and 5th Texas Infantry Regiments, the 3rd Arkansas Infantry Regiment, the 18th Georgia Infantry Regiment and the Infantry companies of Hampton's South Carolina Legion.

It is planned to publish an annual newsletter and hold bi-annual reunions such as the original Association did. Two types of memberships have been designated, regular and honorary. The former is reserved for direct descendants of members of the Brigade, and the latter for which no more than five will be awarded annually. It is reserved for those individuals who have made a worthwhile contribution to Texas Confederate History or have contributed to the Confederate Research Center, either materially or promotionally. Honorary memberships will be confined to twenty-five at any one time.

Requests for applications for membership and general inquiries should be addressed to the Confederate Research Center, Hill Junior College, Post Office Box 619, Hillsboro, Texas 76645.

There are no dues or other charges involved in membership.

American Legion State Convention Opens Today

The 49th Annual Convention of the American Legion, Department of Texas, to be held in Dallas July 27-30, promises to be the most colorful and entertaining in history, according to C. K. "Cap" Lawson, the general convention chairman.

Department Commander Jack W. Flynt of Dimmitt will preside over the Legion convalescence. Heading the American Legion Auxiliary will be his wife, Mrs.

Jack W. (Mary) Flynt. According to the Commander, the American Legion will have some 2,000 delegates and alternates in attendance and the Auxiliary anticipates approximately 1,000. In addition to the official delegation, Legionnaires and Auxiliary members from all over Texas will attend, many of them bringing their families to vacation in Dallas following the convention. U. S. Senator John G. Tower is scheduled to deliver the keynote address during the joint session on Friday afternoon. Outstanding speakers on Saturday will include the National Oratorical Contest Champion, Alan L. Keyes of San Antonio, who will deliver his winning oration, and Texas' Boys' State Governor Samuel Hopkins of Richmond. Both were delegates to Boys' Nation in Washington, D. C.

GRADUATES AT AFB

Staff Sergeant Philip W. Cobb, son of Mr. and Mrs. Philip W. Cobb of 1626 Richview St., Camden, Ark., has been graduated at Brooks AFB, Texas, from the training course for U. S. Air Force preventative medicine technicians.

Haskell County History

30 YEARS AGO (July 30, 1937)

Boy Scouts from Weinert and Haskell were guests of honor at the regular meeting of the Lions Club Tuesday at noon, and they told an interested group of elders of the various phases of Scout activities carried on dur-

ing the National Jamboree in Washington recently. Regular business session of the Club was passed and the time allotted the five Scouts who attended the Jamboree from Haskell County. They were: James Cadenhead and Marion Josselyn of Weinert and Zug Phelps, Hugh Lowe and Dan Oates of Haskell.

Achievement Day of Bedroom Improvement in Haskell County Home Demonstration Clubs will be observed by each club during the month of August.

Two hundred and forty-seven residents of Haskell County received payments totalling \$3,360 during the month of June from the Texas Old Age Assistance Commission, an average of \$13.60 per person. The allotment to individuals ranged from \$5.00 to \$25.00, the maximum allowance.

Three building permits were issued during July by City Secretary R. A. Coburn, involving

a total expenditure of approximately \$3,000.

Misses Nettie and Marguerite McCollum returned Saturday from Denver, Colorado where they had been on a vacation.

Members of the City Council in their regular meeting Monday night discussed with officials of the Fair Association proposed plans for improvements at the fair grounds that would include the erection of a municipal auditorium on the grounds along with considerable other additions to the properties.

Mr. and Mrs. R. D. C. Stephens and their daughter, Mr. and Mrs. Fritz Taylor and son, Douglas Rae, of Wichita Falls, returned Sunday from a two-weeks' vacation trip to California and other places of interest.

Mr. and Mrs. J. K. Phillips of this city, who recently observed their 63rd wedding anniversary, have received many letters of congratulation and well wishes from friends throughout the state, but among the most prized one was from Congressman George Mahon.

10 YEARS AGO (July 28, 1927)

Miss Melba Bledsoe, who is doing summer work in Simmons University, Abilene, spent last weekend with her parents, Mr. and Mrs. C. W. Bledsoe.

Quite a large crowd of people heard the fight returns in the Dempsey-Sharkey match last Thursday evening through the courtesy of Jones-Cox & Company, who hooked up their loud speaker in front of their store where they could accommodate the crowd. Although the static was very bad, the audience was able to keep up with the fight blow-by-blow, as it was broadcast. The majority of the crowd were Dempsey fans, and when the ex-champion put over the famous "haymaker" in the seventh round, many expressions of "I told you so" were heard among the crowd.

Material for the Brazos bridge west of Rule is being unloaded. We understand that work on the bridge will begin in the immediate future. The Brazos bridge was washed out last year and repaired by the Highway Department, but due to

high water, the highest in years, the east end of the bridge was again washed out, thus practically stopping traffic on this road. It is true that when the water was low, that cars and wagons could pass over the river but due to the heavy rains this spring, this was impossible during a greater part of the time.

George Neely of Stamford spent Sunday in this city.

Mrs. T. C. Cahill and Mrs. Leonard of Eastland left Monday morning for Colorado Springs, Colorado, where they will spend the balance of the summer. Misses Irma and Lucia Mask were recent guests of Miss Jane Bounds of Abilene.

Mrs. Henry Alexander is in Chicago and other points in Illinois on her annual vacation trip.

W. G. Pope and son, Edwin, are spending the week in College Station in attendance at the Farmers' Short Course being conducted at A&M College.

60 YEARS AGO (July 27, 1907)

The north bound passenger train Monday morning ran off the tracks this side of Stamford and caused the train to be an hour behind schedule at this place.

Mr. F. M. Todd returned Wednesday from a business trip to Wichita Falls. He said that on the return trip the engine left the track and the train crew jumped off, but no one was hurt. The train, however, was delayed seven hours.

Miss Lela Morris went to Anson Thursday.

Mr. W. S. Fouts has associated himself with Judge Oates in the land business and they have offices upstairs in the Sherrill building.

Messrs. John Russell and John Thomas left Wednesday night for Mineral Wells.

Miss Nona and Dollie Barlow left yesterday for Temple where they will take a course of study in the musical conservatory.

Mrs. J. S. Rike and Mrs. R. C. Montgomery took the train Wednesday morning on a pleasure trip to Sweetwater.

Mr. Hardy Grissom left Wednesday evening on a trip to Sweetwater.

Messrs. G. R. Couch and J. W. Collins returned last Saturday from Fort Worth where they disposed of a shipment of cattle.

Mr. Wm. Connely, foreman on the big brick building under construction on the east side of the square, fell from the scaffolding Wednesday and dislocated his hip and broke two ribs.

Mr. N. McNeil and family, Dr. T. A. Pinkerton and family, Matthew Alexander and Frank Baldwin went fishing the early part of the week on Elm Creek and report that they caught plenty of fish.

Miss Frankie Terrell returned home Tuesday from a visit with friends in Abilene.

LIFE-SAVING BLOOD

Twenty years ago, as anniversary articles recall, ship exploded causing America's greatest peacetime disaster at Texas City. Hospitals and community blood banks states rushed blood and plasma to the 3,000 injured. As of how good can sometimes result from ill, the involved later organized the American Association of Blood with a view toward being better prepared for any future. The Association, which now has 4,025 members in the 25 foreign countries, maintains in Chicago a central blood donors. This file has saved the lives of many and ill patients in other countries by finding rare material when needed.

It has a system of regional laboratories for identifying blood types. It has established standards for blood voluntary inspection and accreditation system. Most of has organized a national clearinghouse system for the of blood and blood credits in which the Red Cross cooperates and enables thousands to save on medical expenses. But, before blood can be used or rushed someone body must give it. If you are between 18 and 59 and in you can give a pint of blood regularly at your blood collection center. Your donation of blood may help possibly your own.

GET THAT RHINO!

A TOUGH BATTLE is waged by this ferocious rhinoceros against Hugh O'Brian who is caught up in the excitement of the motion picture, "Africa—Texas Style!" an Ivan Tors Production for Paramount Pictures, opening at the Texas Theatre Sunday and Monday. The film shows how the Africans can prevent their greatest natural treasures, the wild animal life, from vanishing, and does so with a thrilling and action-packed story. Filmed entirely in Kenya, Africa—Texas Style! actually used wild animals for members of its cast to insure authenticity.

Sunday. Both couples visited Mr. and Mrs. C. A. Williams of Goree where Mrs. Durwood's family had a family gathering Sunday afternoon.

Weekend guests in the Robert Hutchinson home were their children, Mr. and Mrs. Jerry Hutchinson and Holly, of Lubbock; Mr. and Mrs. Jimmy Cox and three sons of Arlington; Mr. and Mrs. Boyd Lynn Meers and children of Goree.

Guests in the home of Mr. and Mrs. Ben Bruton Monday of last week were Mr. and Mrs. Charlie Capps and Mrs. B. E. Terry of Sweetwater; Mrs. Eula Caddell, of Decatur. They are all former Weinert residents having lived here several years ago. Mr. and Mrs. Ivan Greenham of Munday also were visitors the same day.

Mr. and Mrs. L. J. Adams and Donna spent four days at Creede, Colorado doing some fishing. They report a good catch of fish and returned home Sunday.

Mr. and Mrs. Raymond Liles are spending a few days vacationing at Ruidosa, N. M.

Mr. and Mrs. Robert Hutchinson are entertaining three of their grandchildren, Charles and Gena Curd and Bart Cox of Arlington. The Curd children will be with them for two weeks.

Mrs. Charles Hugh Smith, Mike and Gary, of Denton, and Fred Smith of Dallas visited in the home of Mr. and Mrs. H. W. Smith over the weekend. Sunday afternoon visitors were Mr. and Mrs. H. M. Stone of Haskell and Mrs. Eunice Michaels of Rochester.

Janice Sanders has had some dental surgery and is in a Wichita Falls Hospital. If everything goes well, she will be home in a few days.

Billy Boykin of Midland is spending two weeks with his parents, Mr. and Mrs. T. R. Boykin.

Mr. and Mrs. Delbert Carroll and Mr. and Mrs. Dale Carroll and baby visited their son and brother, Mr. and Mrs. Bobby Carroll and children at Odessa over the weekend.

Mr. and Mrs. Mac Boykin left Sunday for Houston for her medical check-up and to do some

STATE Capital NEWS By VERN SANFORD

AUSTIN, Texas—Newspaper readers throughout Texas soon will be seeing long columns of type about important issues as Secretary of State John Hill begins to advertise the six proposed constitutional amendments to be voted on Nov. 11.

Fourteen additional amendments will be on the 1968 ballot.

Eight of the 20 amendments are of interest mainly to special groups (eg: legislators or state employees). Eight others would provide local governments with new powers or duties. Only four of the group directly affect most Texans.

Amendments to be voted on this year will appear on the ballot in this order:

JOHN HILL

No. 1, House Joint Resolution 3, to permit counties to put all tax money in a single general fund rather than dividing income in specified amounts among separate funds for earmarked purposes as is now required.

No. 2, HJR 37, allowing cities and other governmental units within hospital districts to levy taxes for participation in mental health and mental retardation community centers.

No. 3, HJR 17, reviving the veterans land program and authorizing a total of \$400,000,000 in bonds to finance continued purchase of farm and ranch land by veterans, including those who have served in Southeast Asia during present hostilities.

No. 4, HJR 6, authorizing counties to pay medical, doctor and hospital bills of county law enforcement officers injured in line of duty.

No. 5, HJR 12, authorizing a \$75,000,000 state revenue bond issue for the development of state parks and recreational areas. Bonds are expected to be financed by a small admission fee.

No. 6, HJR 27, permitting state officers and employees to hold non-elective positions under the state or U. S. governments where there is no conflict of interest and where the state might benefit.

That's all for '67.

Top interest in these amendments doubtless will center on the park bond proposal and the veterans land amendment.

Hospital mental health and mental retardation groups will emphasize the importance of Amendment No. 2 to the new community center approach of treating mental patients close to home.

Calling the 1967 election for Veterans Day and a Saturday, undoubtedly, was to assure a large voter turnout for the land fund amendment. A substantial campaign to urge its passage already is taking form.

Gov. John Connally is the principal backer of the parks bond issue. Last December he unveiled a 10-year plan for acquiring and developing 150,960 acres of recreational lands and historical sites. This would more than triple present state park acreage and open a variety of new facilities for outdoor recreation.

Only opposition to the amendment to date has been based on the \$1 a car park-entry fee, initially proposed by Connally to finance the vast program;

ing in establishment of community health centers. Therefore, only hospital districts could establish such centers, a key part of the mental health program.

Amendments No. 3, No. 4 and No. 5 are self explanatory and apparently non-controversial. Amendment No. 6 is aimed primarily at permitting educators, who are paid from state funds, to serve on federal advisory boards.

TAX MAN SAM SEZ:

The Internal Revenue folks remind truck owners that are liable for the Federal Highway Use Tax that they are required to pay the Highway Use Tax before August 1.

A Bass Jigging Trick

When bumping the bottom for winter bass, there is no better bait than the popular plastic worm and jig...especially if the worm is blue.

However, if you wrap a tin-foil strip about an inch wide around the worm, nearest the hook, your luck probably will double.

Flashing of the foil attracts the reluctant lunger lurking nearby.
