Your Haskell County Hospital is at your service 24 hours a day, 7,760 hours a year. The doors never close; they are on guard and stand-by to protect not only your health and life, but that of your family and friends. Fortunately for us this is true.

Our lives would be in danger 75 per cent of the time if a sign hung in your hospital which read, 'Hours 9 a. m. to 5 p. m., Registration will get under- Monday to Friday only. riously our every day living would be affected if your hospital was open only a few hours

Yet, in keeping the hospitalopen 24 hours every day of the year is one of the big reasons why it costs money for care. Consider the expense side of e on stant hospital operation. Hospital personnel are employed like any people in business for the usual work week. They three years, has entered the have vacations, holidays, and McKnight Hospital. Carlsbad, sick leave the same as you and sick leave the same as you and The 24-hour work day requires three shifts of employees because the hospital day is dinary work day in most places of business. But it is more than three shifts because the service must continue seven days a week, with personnel on duty to cover the weekend period and time-off for the reasons previously mentioned.

When the hospital is compared with a business, we must Lewis Corzine remember for every employee

VE CLUB HOUSE IS F FRIENDSHIP TEA

The Magazine Club House was the scene of a Friendship Tea, co-hosted by the Magazine Club and Progressive Study Club, MARSHALS last Thursday evening, Sept. 28. Fifty-five guests were greet-ed by Mrs. W. H. Pitman, chair-man of Study Club Social Committee; Mrs. L. R. Gamble, Magazine Club president; Mrs. Raymond Liles, past president of Mesquite District; Mrs. C. T. Everette Study Club president; Mrs. R. W. Herren, past president of Mesquite District. Mrs. Ben Charlie Chapman registered the guests.

A large number of antiques and heirlooms owned by members was exhibited a short history of some of the items was placed along side them, which added to the interest,

Hostesses for the evening were the Social Committee of both clubs, headed by Mrs. W. H. Pitman and Mrs. J. P.

Refreshments were served from a lovely table, with Mrs. Hill Oates serving punch.

Speed Kills; Highway Department Is speeds over 60 miles an hour. Set "Mom's" And Going To Do Something About It

three articles revealing the details of the Department of Public Safety's plan for a crackdown in traffic enforcement now underway.)

Those stubborn drivers who even higher. "Prexy" Johnson appointed a they rocket along the highways soon will encounter more radar speed checks and more Texas Highway Patrolmen writing tic-

> Statistics have proved conclusively that speed kills, that driving too fast for conditions is

speed detectors, in order to en-common? courage motorists to keep their speeds within legal limits, and to prevent the ever-soaring number of traffic deaths from rising

Capt. K. B. Hallmark, in motorized Russian roulette as charge of the Texas Highway Patrol in this District, points out that the plan to encourage drivers to maintain safe speeds resulted from a 1966 survey on Texas highways which showed that speeding is an increasingly common occurrence.

ries, Major Luther C. Moore, Herren and Jewel Pitman, trol is going to do something of Public Safety's Northwest Texas Region No. 5, told how The Texas Highway Patrol in and government studies proves third of the drivers (29.6 per

dent increases many fold at But how may drivers break the speed limit? What is the safest driving speed? Who has the wrecks? And what types of highway accidents are most

These questions might be asked by the average Texas motorist, and Capt. Hallmark has the answers, compiled from a survey of Texas highway speeds in 1966, and a recent report by the

US Department of Commerce. When Mr. average motorist takes to the highway, about one driver in every eight he meets (actually 12.4 per cent) will be exceeding the daytime speed limits of 70 miles per hour, says Capt. Hallmark.

The figure jumps much high-In the first article in this see ers point out that this increase is directly responsible for many fatal accidents.

Capt. Hallmark said the survey made on Texas highways research by university scientists. last year shows that nearly onecoming weeks will field more that a driver's chance of be- cent) exceeded the night speed men in more highway cruisers, coming involved in a fatal accis limit of 65 miles per hour

cording to the government report, is the average speed of all traffic - while the highest accident rates are found at the very lowest and very highest highway speeds,

Capt. Hallmark says the government study shows that passenger car drivers under 25 and more than 65 years old were involved in the greatest number of traffic mishaps. The survey

The safest driving speed, ac- dents than drivers of newer cars perhaps due to the low horsepower and poor acceleration of the older cars.

> The most common traffic accident, according to the government survey, is the rear-end collision in which one car overtakes and strikes another car from the rear.

(The final article in this series will tell how the Texas also shows that drivers of older Highway Patrol plans to reduce cars are involved in more acci- speeding on Texas highways.)

From Hunt In Canada, Alaska

Carl H. Fischer has returned from a five-weeks' hunting and said it rained every day. with the exception of one, while on the trip; however, he had very good luck.

While hunting in the Wrangel Using a 300 Winchester Mag, he ners by Bill Wilson Motor Competition. brought down the sheep from a distance of 550 yards.

On the way back to camp, Fischer and his guide came upon a large, 8-ft, grizzly bear, but the season on grizzlies lacked some two weeks before opening. Fischer said he was within 200 yards of the bear and was "itching" to bring him down, but had to let "Mr. Bear" go

Due to all the rain, I got in only 45 minutes fishing, but caught 16 Arctic Greylings (from 10 to 18 inches), Fischer

Making the trip in a Chevrolet pick-up, Mr. Fischer traveled

Directory of Doctors In Texas To Be Compiled By Woman's Auxiliary

Texas Medical Association in ed. Dallas, the doctors will celebrate their 100th Annual Session.

To have been banded together for over 100 years in a noble cause is a long time of service. It was deemed fitting that the Woman's Auxiliary to the Tex-as Medical Association could compile a complete Directory of all doctors who have practiced in Texas, some even longer than 100 years ago. To do this and to have a complete record. we need your help. If your grandfather, father, brother or uncle were doctors, would you send us this information about them so that they will be included in the Directory of Doc-

tors in Texas? This is to be similar to a telephone directory, and these full name, (2) age, (3) what medical school attended, and

At the 1967 meeting of the (4) where and when he practic-

The directory would be great- Sagerton: ly enhanced if little spicy de- Paul N tails of their practice are included for instance Dr. John Doc. 1870-1946, Tulane - Waco -1895-1946 Dr. Doe was the first doctor to introduce the use of capsules.

Other doctors could be outstanding in other ways - good bedside manners, best dressed, owner of the finest rubber-tired buggy or the first car. Little anecdotes (not too long) could be included about them. If you would write down this

information about the doctor you know or knew, and mail it to either Mrs. R. N. Colbert or Mrs. Joe Thigpen, Box 547, Haskell. Texas, we will see that it points should be recorded: (1) is recorded in the directory. Do this as soon as possible, and please.

NOTICE OF CHANGE IN

VOTING PRECINCTS Notice is hereby given by the Commissioners' Court of Haskell County that a cailed session held on Tuesday, September 26. 1967, an order was passed by the court abelishing the Mattson, Ir-McConnell, Tanner Paint and Jud voting precincts or boxes, and that resident voters of the Mattson and Irby Boxes would vote at Haskell in Precinct No. 2 box and that resident voters of McConnell box would vote at the Plainview voting precinct or box, and that the resident voters of the Tanner Paint box would vote at the Sagerton box and that the resisdent voters of the Jud precinct whose homes are in the Rule School District shall vote at the Rule box and that the resident voters of the Jud box whose homes are in the Rochester School District shall vote at the Rechester box, All of which has been done in accordance with Subsection (b) of Section 7 of Senate Bill No. 58 passed by the Legislature. That such changes in voting boxes shall be effective beginning with the voting year of 1968 in accordance with section (e) of Article 2.04 of

thority of the Commissioners' B. O. ROBERSON, County Judge

the Texas Election Code. By au-

Court.

CHRISTMAS IS RIGHT here on us. If you need some Christmas cards, come to the Haskell Free Press and leaf through our Masterpiece albums of cards and select yours, name printed or plain cards. All cards our cost, plus 10% of the selling price, plus tax. Place your order early.

TILLIE'S DRIVE IN has been closed for remodeling and will re-open Friday, Sept. 22nd 38-40p

A NOTICE TO VOTERS OF HASKELL COUNTY

A special law, passed by the State Legislature this year, required that a petition, signed by 100 qualified voters of Haskell County be submitted to the Commissioners' Court to call an election to create a County Hospital District.

A petition has been signed by 159 citizens throughout Haskell County and the names have been checked by the County Clerk and County Assessor-Collector. They have determined that more than the required 100 names are qualified voters.

The Commissioners' Court acted on the Petition, Tuesday, Sept. 26, by calling for an election to be held on November 11 A State Election to vote on Constitutional Amendments will be held on that date and the Commissioners' Court realized that considerable expenses would be avoided by having both elections at the same time

The election will be held in all of the county's 16 Election Precincts. A list of these Precincts will be published at a later date. Absentee voting will be in the County Clerk's office and will begin 20 days before the election. 40-41c

who works the usual work day, the hospital must have four employees. Because the hospital open to serve the community at any hour of any day, it is easy to see why over two-thirds of the hospital's income for service to patients is spent on wages and salaries. These people are not over-paid, but it does take a number of employees to provide our patients with the best hospital care a-Water Colors, Acrylics, vailable, Payroll is the largest ical supplies, drugs, food and

> People wonder, "why our hospital can't make money like any other business?" This is part of the story, an essential service necessitates expense. Would you lock the hospital door at 5 p. m. or close for the weekend to save dollars rather than lives? Not you or any person! Your hospital has doors that are never closed.

To be sure, the Hospital's business, like most business houses has slack times during each year, that its disbursements are far greater than its income. The money from the Hospital District will be the best

OIL NOTES Sojourner Drilling Corp. of Abilene No. 1 Mrs. Percy Jones a planned 3,500-foot rotary Palo Pinto wildcat for Haskell

Location is 15 miles east of Stamford on a 642-acre lease. It spots 1,650 feet from north and east lines of T. Toby survey

Proposed depth was amended from 4800 to 5800 feet for Harding Bros. Oil & Gas Co. of Dallas No. 1 L. R. Schaake, Location is four miles north of Haskell, 4646 feet from south and 467 feet from west lines of A. Richie survey 119. It was originally staked in the Turnbow, South (4700) Field. The new proposed depth makes it a wildcat.

A Haskell County wildcat has been completed as a Strawn Sand discovery five miles north

of Haskell. Operator has applied for a

new field designation. The strike is Raven Oil Co. Inc. of Abilene No. 1 J. H. Strain, Location is 1,000 ft. from the north and 2,150 ft, from the east lines of J. Montgomery

Survey 2. No. 1 Strain had a 19-hour potential of 192 barrels of 40.6 gravity oil. This gave it a cal-culated daily potential of 242.5 barrels of oil.

Flow was through a 20-64 inch choke with packer set on the casing and 205 lbs. tubing pres-SHIP.

It is producing from perforations at 4640-46 ft. Operator set the 41/2 inch casing at 4658 ft., one foot off bottom, Gas-oil ratio was 340-1.

Republican 24th Senatorial Dist. Meeting, Saturday The Republican 24th Senator-

ial District Meeting will be held at the Starlite Inn. Abilene, Texas, Saturday, October 7, 1967. Registration begins at 9:30 a. m. The morning and noon program, which is open to the public, includes a Press panel

discussion, audience questions to the press, and report on Republican activities of the 24th district.

FREE PRESS MEANS MUCH

Newspaper Week! October 8 to 14. Probably the most impressive way for the public to learn what newspapers mean in their daily lives would be to have so papers printed during Newspaper Week. but that is not practical.

The hometown paper is the living record of what happens in the thousands of communities across the land...marriages, births Council was organized by dideaths, social activities, politics, school news, legal notices, advertised products to inform customers, world news, everything that enables the U. S. citizen to be familiar with the latest devices. and products by which he enjoys the highest living and informa-

But over and above these material blessings, a free press, which is the background of free speech, is the average man's guarantee of personal liberty, religious freedom and protection against political and judicial persecution. Dictators are afraid of a free press, hence they have a controlled press. The people read only what their rulers wish them to read. Try imaging, if you can, what it would be like to live ins country where an editor dared not print a letter criticizing the political party in power, and where an editor feured to express an adverse opinion. Think of what a free press really means to you...life, freedom from political oppression, liberty and the pursuit of happiness under our Constitu-

FIRE PREVENTION

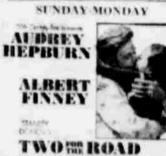

Fire prevention is the year-round concern of many citizens in our community...the fire department, Junior Fire Marshals, a publie service educational program of The Hartford Insurance Group among elementary school children administered here by Cognins & Hartsfield Agency, Smokey the Bear campaigns, and the diligent in Wichita Falls last week. and imaginative efforts of teachers, librarians, Red Cross, to men-

YOUR COTTON IS GINNED FASTER, BETTER AT FARMERS' **COOPERATIVE SOCIETY NO. 1**

.WITH OUR ALL

Modern As Tomorrow ... to Give You the Most Money for Your Cotton!

Farmers' Cooperative Society No. 1 is a completely modern ALL-ELECTRIC GIN . . . with three Lummus Gin Stands and six Lint Cleaners and two Dryers. Our modern equipment permits us to handle up to fifteen bales of cotton an hour. This means we can handle your cotton, not only faster, but more efficiently and turn out the best grade possible. You will get more per bale, thanks to our modern gin equipment and methods. We guarantee a better turnout for your dollar. We are now in operation and welcome the opportunity to serve our friends and neighbors with quality ginning.

Here's What Farmers Cooperative Society No. 1 Can Do for You:

Raise your cotton a full grade or more!

Make you more dollars on every bale!

Give you uniform staple length and better cotton!

Keep your lint loss at a minimum!

 Comb your cotton as it's cleaned as it's bloomed! •Gin it faster than ever before!

> "IT COSTS NO MORE TO **USE THE BEST!**"
