ALL-OUT SCRAP DRIVE SUNDAY AFTERNOON

School Students Get Time off for Scrap Drive

Rockport school students have been busy all this week collecting scrap metal and have a mounting pile of junk that will soon be made into munitions of war.

Friday afternoon at one o'clock the students will devote their energies all afternoon to help put Rockport "over the top" on the citywide collection to be

made Sunday afternoon. The boys and girls on Friday afternoon will leave a reminder on every door knob in town of the all-out collection Sunday, and will at the same time act as spotters for junk that should be collected and put into the war effort.

Acting Supt. Jim T. Mobley

said that the students were displaying high enthusiasm over the patriotic and highly important work assigned to them. He said he felt sure every boy and girl would do his or her part in this all-out effort to keep the wheels of war factories turning.

The students are shooting for a 20-pound average and a certifi-

cate of honor for each room. Their enthusiasm indicates the school will exceed its quota.

The students are doing their part and if every grown-up will go over in a big way Sunday.

Remember: Have all the scrap you can find stacked beside the street not later than 2 p. m. Sunday.

BURL R. BOWDEN

Comes To Rockport

All Citizens Urged To Stack Scrap Metal By Street Sun. For Collection By Trucks

Volunteer Trucks and Workers Will Stage City-wide Scrap Round-up Sunday From Two to Four; Don't Fail To Have Yours Out

Sunday afternoon will bring a great opportunity to everyone in Rockport to give vitally needed aid to the war effort.

Arrangements have been made for a city-wide junk rally between the hours of 2 and 4 p. m. Sunday. More than a dozen trucks have been volunteered to pick up scrap metal in every part of town during those hours. There will be men who will go with each truck to help handle the scrap.

Every person is urged to scour his or her home and business premises for every available ounce of scrap metal. The scrap should be stacked at the edge of the street before 2 p. m. Sunday.

After collection the scrap will be stacked on the big pile to the north of the courthouse and will be sold to licensed junk dealers, who operate under supervision of the government. The money derived from the sale of the scrap will be turned over to the Red Cross or some other civic organization.

The scrap is being collected as a part of a nation wide salvage campaign sponsored by the newspapers of the country, and is being carried out at the urgency of Federal Agencies. Ted Little is the county salvage chairman and the Pilot is working in close co-operation with him.

The government points out that every ounce of scrap metal is needed to keep the steel mills of the country running. Lack of action on the part of the people will bring stoppage in the war industry—which will mean that the boys on the fighting fronts will not get the guns, planes, tanks, ammunition and other vital essentials of war.

Do your part. Don't let it be said that some boy died on a battlefield for want of bullets or armor because you failed to turn in useless scrap metal now laying about your place!

The trucks and men to man them will gather at the Fire Station at 2 o'clock Sunday afternoon. Each truck and crew will have a certain section of the city to cover and pick up scrap piled along the street edge. Be sure to have it stacked out where it will be seen.

Those volunteering trucks for the drive thus far are: Dudley Bracht, one truck with hoist; Jackson Sales Co., one truck; Johnson Fish Co., one truck; Aransas Co., two trucks; Picton Lumber Co., one truck; Heldenfels' Company, two trucks; through Weldon Britton; S. F. Jackson, one truck; G. E. Mullinax, one truck; Central Power & Light Co., one truck.

The committee is still working to secure more trucks and several more will likely be added to the (Continued on last page)

Pirates To Meet Gregory Here Friday

The Rockport Pirates will play host to the Gregory Wildcats Friday, October 16 on the local field at 3:30 p. m. It will be the second game between the two teams. The Pirates won the first game 20-6. Gregory played Ingleside last Friday, and they were swamped 41-13. They are expected to have gained much experience in the encounter and they will afford a great deal of competition for the Pirates.

Rockport did not play last week, but used this extra time to organize their team. The Pirates have a small but scrappy team this year, and will be out to show the home folks how good they are. They will also be going after their second win of the season. The Pirates lineup is as follows with the position and weight of each man listed:

No. 39, L. E., Lester Cole; No. 38, L. T., Eldon Mullinax, 175; No. 27, L. G., Roy Mullinax, 130; No. 26, C., Jim Pat Little, 135; No. 36, R. T., Noble Gray, 148; No. 28, R. E., Kenneth Bowland, 146; No. 30, Q. B., Costa Solis, 132; No. 20, R. H., Otis Mundine, 130; No. 24, L. Roy Lassiter, 130; No. 40, F. B., Jerry Wendell, 186.

Red Cross Storm Awards Total \$7,100

R. T. Van Metre, Red Cross case worker said before closing his office here and leaving for Victoria, that the Red Cross had made a total of \$7,100 in awards and emergency orders here since the hurricane.

Van Metre expressed appreciation for the cooperation that had been extended his organization. He said there were 62 applications out of which 40 awards were made, in addition to ten emergency orders.

"Those wishing priorities from now on should make inquiry to the American Red Cross, 1942 Texas Hurricane, Court House, Victoria-Texas, Van Metre said.

Rockport Grocers Attend Clinic In Corpus Christi

A. L. Bracht, T. C. Kelly, and S. E. Kelly of Rockport and Arthur Bracht of Fulton, all grocery store operators attended a grocers' food clinic in Corpus Christi Monday night.

The clinic was the annual gathering of grocersmen sponsored by The Schumacher Company for the purpose of discussing problems of that business. The meeting was held in the Nueces Hotel.

Clark Goes To Corpus; Mullinax Comes Here

Marshall V. Clark, warden with the Game, Fish and Oyster Commission has been transferred to Corpus Christi and "Pug" Mullinax, deputy warden stationed in Corpus Christi has been transferred back to Rockport.

PILOTING

Frankly, we believe enough has been said and written about gathering scrap metal. Every citizen knows that his country needs every piece of old metal laying about. There will be a truck by your house or place of business Sunday afternoon to pick up your scrap. The time has come now for less talk and more action. This is your opportunity to help your country. GET IN YOUR SCRAP AND HELP KEEP THE STEEL MILLS TURNING OUT WAR MATERIALS!

You don't get any official reports about the Navy boys who have gone to sea on submarine chasers built here; but once in a while the old grapevine brings in interesting bits of news about the boys and men.

Trickling through from Miami, Fla., where Lieut. U. V. Martin is now attached to a submarine training school is an interesting bit of news about this Lieutenant, who made a friend of every acquaintance during his long stay in Rockport. The "vine" has it that Lieut. Martin is a sort of a "king pin" about a certain shipyard near Miami, so much so that he was delegated to be host to Veronica Lake on a bond selling appearance there. (What male is there who wouldn't jump at the chance to play host to the beautiful film star and have his picture taken with her? Well, you guessed it. Lieut. Martin, so the story goes, was too busy to fuddle away his time with Veronica and her bond selling appearance.)

The many friends of Mrs. Martin here will be glad to know that she is greatly improved after having been ill after leaving Rockport. Margaret Ann is in school in Miami and doing well.

Most of the officers that were stationed here and went out on the first boats have received promotions. It is now Lieut. Comdr. L. B. Henriques, and the following who were ensigns when they were here are now J. G.'s Lieut. Logan Cresap, Lieut. G. W. McMurray, Lieut. Taylor Gray, and Lieut. William Butler. Lieut. Sherman Strong is back in Rockport for a stay and Mrs. Strong is here with him.

There are several stories about the officers and men who have taken "chasers out of Rockport. These stories, however, might also prove interesting to the enemy, so they will have to wait until after the war for telling.

John Lou and "Bickie"—more formally known as Miss John Lou Callison and Miss Sterling Cooper—left Rockport this week to return to their homes in Colorado City, Texas. They left a host of friends here who regretted to see them go away, and we feel their services will be greatly missed at Rice Bros. & Co., where they helped to keep things going ship shape in the office for the past year and a half. They plan to vacation in Colorado for a spell and then go back into defense work.

Mrs. J. T. Hoal Dies Wednesday In Corpus Christi

Mrs. J. T. Hoal, 47 died Wednesday at 4:00 in the Fred Roberts Memorial Hospital, Corpus Christi. She is survived by her husband and three daughters, Mrs. Hoal was born in Chattanooga, Tenn., and lived in Rockport and vicinity for 33 years.

Funeral services were set for 10 o'clock Thursday at the Funeral home, with the Cagle Funeral home in charge.

Eleventh Sub-Chaser Launched Here Today As Report Made On Heroism of Sister Ship

MAY HAVE BEEN IN HEROIC ACTION

Pictured above is the second submarine chaser built here in the Rice Bros. and Co. yard, and it could have been this little warship that was handled in heroic fashion in a dangerous maneuver at sea. It is believed that the "chaser" under command of Lieut. U. V. Martin sank an enemy submarine after one of its engines went out, rendering the boat helpless in getting safely away from the depth charge it dropped. The story goes that the stern of the boat was blown away, but that it finally made port.

Red Cross Instruction To Be Given To First Aid Class

Persons Interested Should Contact Mrs. J. P. Hanway At Once

A certified Red Cross first aid instructor has been secured for teaching a class here. Mrs. J. P. Hanway, chairman of health and nursing service, announces.

It is hoped to begin the class next week, Mrs. Hanway said, and urged that those wishing to take the instruction contact her, or C. C. Hayden. Mrs. Hanway's phone number is 234 and that of Hayden is 457.

"We will teach both standard and advanced courses and these will be given with a view of giving an instructors course later," Mrs. Hanway said. "About 35 members can be accommodated and we sincerely hope those entering the classes will have their plans arranged so they will be able to stay with the class until completion."

Mrs. Hanway said that co-operation of the schools was being sought, with a view to teaching first aid in the schools.

Man Injured In Fall At Shipyard Here

H. A. Ferrille, about 60 sustained a broken leg this morning in a fall from a gang plank at the shipyard. As he slipped from the plank his leg is believed to have struck the edge of a wharf.

He was rushed to a hospital in a Cagle ambulance.

Mrs. E. Warmes Sponsor Of S. C. 1043

Builder Tells How Lieut. Martin And Crew 'Got Their Sub' In Heroic Action At Sea

Down launching ways early this afternoon went the eleventh submarine chaser to be built here in the Rice Bros. and Co. shipyard. The S. C.-1043 was the eleventh of these formidable little warships to be launched here within little more than 16 months.

Some of the chasers have already done battle according to unofficial reports reaching here. R. R. Rice Sr. of the ship-building firm, told just before the 1043 was launched today how one of the boat's sister ships believed to have been the sub-chaser that left here under command of Lieut. U. V. Martin, got it's sub in heroic action at sea.

MRS. WARMES SPONSOR Mrs. Edward Warmes, wife of Lieut. Comdr. Edward Warmes, section commander, Naval Air Station, Corpus Christi, was the 1043 sponsor, and christened the boat in a ceremony witnessed by a large number of Navy officers, sailors-workmen and invited guests.

The Rev. Everett Seale, pastor of the Aransas Pass First Methodist Church, asked Divine Blessing and guidance for the boat, its officers, and men. Mr. Rice was master of ceremonies and introduced the sponsor and guests.

Loud cheers broke forth from the workmen when Rice told of the dangerous and heroic action of Lieut. Martin and his men sinking an enemy submarine somewhere at sea.

CHASER GOT SUB Rice said that according to unofficial reports a sub-chaser built here, sighted an enemy submarine. Just at the crucial time when depth charges were to be dropped one of the boat's engines went out and not enough speed could be developed to get away after the depth charge was dropped.

"Lieut. Martin was here and watched you men build his ship," Rice said. "He knew that there was a heavy bulkhead forward from the stern that would hold. He had confidence in the workmanship that went into the boat."

"Lieut. Martin ordered the depth charge dropped. It got the submarine, but also blew away the stern blow off, its shafts bent, and one motor out, the bulkhead (Continued on last page)

Local Firemen Win Pumper Race At Robstown Meet

Rockport firemen went to Robstown last Sunday to attend a meeting of the South Central District Volunteer Firemen's Association and entered various contests. The Rockport team won first place in the pumper race with a time of 22 seconds, tied for second in the Paris rules race with Sinton in time of 16 seconds. In the tie run-off, the Rockport team cut its time to 15.1, but Sinton won 14.1. Mathis won the mystery race.

Ten men went from Rockport, including: Robert Key, Harry Mills, Harold Picton, Louis Schultz, Eugene Key, Bill Leavans, Joe Mixon, Francis Smith, Arthur Lee Roberts and chief Edward Barnard.

Nutrition Class To Be Opened

A nutrition class sponsored by the local Red Cross will be started within the next month. This class will be for the purpose of helping housewives plan balanced meals and to cope with the increasing buying problems.

Those wishing to enroll, contact Mrs. Pat Mixon or Mrs. Fred Brundrett.

HERBIE CARAWAY

Goes To Three Rivers

CPL Changes Servicemen In Rockport

Caraway Goes To Three Rivers, Bowden Comes Here

Herbie Caraway, Central Power and Light serviceman here who has been promoted to CPL manager at Three Rivers, will be succeeded by Burl R. Bowden, present company cashier at Aransas Pass, according to John L. Meredith, utility Company manager here.

Bowden has had nearly 11 years experience with CPL. He is a graduate of Brownwood High School and attended Daniel Baker College. Bowden is 31 years old, married and has a 9 year-old son and two daughters, 4 and 2 years.

Rockport's new electric serviceman first joined CPL in the ice department at Ingleside in 1931. He later was a clerk at Aransas Pass and cashier at Mathis. In August 1935, Bowden worked here as ice plant operator and served as cashier at Refugio from September, 1936 to March, 1941.

Bowden then resigned to work for a utility company in Hobbs, New Mexico, but the lure of South (Continued on last page)

Famous Colt Six-Shooter Originated In Workshop of Colt Brothers At Lamar

Samuel Colt, together with his brother James, modeled the embryonic mechanism of the present Colt's fire arm, according to Harry Traylor who unearthed deeds showing purchases of property and piecing together legends told by old-timers.

In the 1840's, the Caranchua Indians, a primitive, cruel cannibalistic tribe wandering from Brownsville to Galveston, were a constant menace to the Lamar settlement.

Their arrows were sure and fast, while the old flint muzzles would shoot only once without reloading, was long barreled and heavy. So, Samuel and James B. Colt operating a blacksmith shop somewhere between James B. Heard's house and Goose Island in Lamar, began

to work on the plans of a multiple firing gun. During the period of the next ten-fifteen years, many crude shapes took form in that long forgotten shop, down here at the end of the world.

Digging through Aransas County records, Mr. Traylor found deeds where the Colt brothers of Hartford, Conn., purchased 14,000 acres of land in Lamar in 1856 paying \$20,000 cash. It was probably only a few years later the brothers moved back to Hartford to secure adequate and essential machinery and to dig further in metallurgy, despairing of further progress with their equipment in Lamar.

Money was borrowed on their Lamar holdings, no doubt to help finance their factory; then later this property sold at a trustee's

sale, an indication that all funds were going into the making of the gun, and development of the factory, Samuel emerging as owner.

The Colt's Patent Fire Arms Manufacturing Company of Hartford, Conn., answering Mr. Traylor's letter to the Company, authenticates his findings, as "Prior to the beginning of his (Samuel's) factory, he had traveled to some extent, although there is no definite indication in any of our records of just where his travels led him."

The development of Colt's six shooter is written in the history of Texas. It was a weapon that enabled the hardy, adventurous settlers to fight back, a protection sorely needed to make their way of life in the wilderness that was Texas.

Don't Cuss Weatherman—It's Weatherwomen Now

Milady has finally stormed one of the last bastions of man's exclusive field by establishing a beachhead in the Washington, D. C., weather bureau. Girl at left fills the ballast balloon with its quota of gas. This balloon will be attached to helium-filled balloon that carries radiosonde aloft. Center: Radiosonde about to be sent into stratosphere in search of weather data. Right: Assistant Weather Observer Barbara Ritchie gives Junior Flight Dispatcher J. R. Wells the weather dope at Washington airport.

U. S. Commandos of Jungle Prepare for All Comers

"Bushmasters," Uncle Sam's Commandos of the jungle, are shown at left building a "wiki-up" in the dense, rainy forests of Panama. It's a pup tent raised from the ground to keep the men dry and protected from snakes. Right: Wearing gas masks, these crack jungle-commando infantrymen offer grim evidence of the deadly surprise awaiting any enemy attack in the Panama area.

Torpedoed U. S. Tanker Beats Raging Fire

When a tanker is burning as fiercely as this U. S. tanker (top photo) it usually must be abandoned. Despite this raging fire, caused by an Axis torpedo, crew members brought the flames under control. Below: The 18,000 ton tanker, a gaping torpedo hole amidships, stands by after the fire. It was towed to port by a U. S. navy ship and is now being repaired.

'Sgt. York' No. 2

Sergt. Alvin York captured 132 Germans in World War I. Sergt. Keith Elliott of New Zealand, captured 130 Germans near Ruweisat, in the Alamein line in Egypt. He is pictured after the exploit, which won him the Victoria cross. Enemy tanks attacked three sides of his battalion and 19 men were left of Company B. Elliott led them in charge after charge. While capturing a German machine-gun nest single-handed he got three wounds in the back and legs. He handed over the entire batch of 130 prisoners.

WEEKLY NEWS ANALYSIS

1943 Farm Goals to Be Biggest Ever; U. S. Increases Strength in Pacific As Air-Naval Forces Blast Japanese; Nazis: 'No Need to Take Stalingrad'

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.) Released by Western Newspaper Union.

A secret landing by American forces in the Andreanof group of the Aleutian islands made it possible to establish an airfield from which planes could blast Japanese positions on Kiska island. The above photo shows American troops in a "bucket brigade" passing supplies ashore from a small boat.

SOUTHWEST PACIFIC:

Yank Power Grows

The Japs learned a lesson about American air and naval strength in the Pacific when five of their ships including a heavy cruiser were damaged by a U. S. aircraft carrier task force which pierced Nipponese defenses at Shortland island in the north Solomons. In addition, an air field was blasted at Bougainville, main Jap air base, and numerous aircraft destroyed.

A navy communique reported that the Japs were caught by surprise and the American operation was carried out without loss of men or equipment.

Besides the heavy cruiser, the American battle score against the Jap forces included one transport damaged by heavy bombs, one seaplane tender and two cargo ships damaged by light bombs.

In New Guinea, the advance of the tough Australian bush troops continued over the Owen Stanley mountains which the Japs had penetrated weeks before.

Although craggy trails had prevented swift movement, the Australians had cleared the enemy before them and had removed the threat of a Jap surge that once had pierced to within 32 miles of strategic Port Moresby.

A communique issued by Gen. Douglas MacArthur's headquarters in Australia disclosed that the Allies' New Guinea advance had been made "with practically no loss."

"Information from native carriers who deserted the Jap forces plus reports from our own patrols, indicates the retreating Japs were exhausted, living on short rations and badly needing supplies," the communique reported.

Much of the Australian success was said to be due to a constant air attack on Japanese supply lines.

FARM GOALS:

Boosted for 1943

A nation-wide wartime plowup next spring, reminiscent of the days of 1918, loomed as the U. S. department of agriculture drew up tentative production goals calling for even greater acreages and output of most farm products than was requested under the record 1942 production.

The goals for all farm crops but three—wheat, short staple cotton and commercial vegetables—were set higher than for 1942. Corn and other feed grains, beans, peas, peanuts, potatoes, sugar beets, hemp and vegetables for processing were given the green light. So were production goals for cattle, hogs, dairy products, poultry and eggs.

With less manpower, machinery and other facilities to operate with, farmers had their work cut out for them. Moreover, the needs of the armed forces and the Allies, particularly Russia, were said to be much greater than had been expected a few weeks before.

If 1943 farm goals are not reached, civilian consumers will have to tighten their belts. Consumer rationing was to be inaugurated January 1, but civilians had already been asked to limit meat consumption to 2 1/2 pounds weekly.

A possibility remained that sooner or later, butter, cheese, cooking fats, vegetable oils, eggs, poultry and canned fruits and vegetables would be placed in the same category as meat.

RUSSIA:

Stalingrad Checkmate

Unnoticed at the start, Marshal Timoshenko's counteroffensive, begun far up the northern arm of the Don river in the vicinity of Kletskaya, had moved forward. Its object was to draw off German striking power from the Stalingrad area.

Timoshenko had struck first, in a 50-mile area between the Don and Volga northwest of Stalingrad and had extended his forces southwest to the German flank.

That Timoshenko's strategy had worked was indicated by a significant statement on the Berlin radio which announced that the Germans would abandon frontal attacks on Stalingrad and destroy what was left of the city with heavy artillery. "It is no longer necessary to send German infantry and assault engineers into the battle," the announcement said. "The finishing touches will now be entrusted to heavy artillery and dive bombers."

Observers noted that the German announcement was reminiscent of propaganda covering the Nazi withdrawal a year ago from Rostov, when the Russians pinned their first victory of the war.

Southward, in the Caucasus the Nazis had succeeded in advancing in the Mozdok area, while Rumanian reinforcements were reported pushing southward from the German-held Black sea base of Novorossiisk.

WAR COSTS:

210 Million Daily

War costs will exceed 210 million dollars a day by January 1, 1943, according to figures based on revised calculations by Budget Director Harold Smith. Mr. Smith's estimates placed total war spending at 78 billion dollars in the current fiscal year which will end June 30, 1943.

The budget director's upward estimate was about 25 billions more than President Roosevelt's figures last January and eight billions more than a previous calculation by Smith.

Increased expenditures for all war purposes would make it necessary for the treasury to borrow approximately \$60,300,000,000 from the public during the current fiscal year.

LABOR:

Lewis Divorces CIO

Labor leaders and politicians had long awaited the formal secession of the United Mine Workers of America from the CIO. Bushy-browed UMW Chief John L. Lewis kept his own counsel, but chose a dramatic moment for the divorce. The occasion was the miners' annual convention at Cincinnati.

Brusquely warning the delegates that he would no longer remain the union's president if it remained in the CIO, Lewis obtained unanimous consent to withdraw. A committee report urging the separation charged the CIO with failure to pay a \$1,650,000 debt to the UMW and denounced alleged attacks by CIO officers on Lewis.

The convention action merely gave public recognition to a situation that had existed for months. Lewis and Philip Murray, CIO president, were feuding after a friendship of years standing. Murray, a former miner and vice president of UMW, had been "read out" of the union, last spring.

ALEUTIANS:

Japs Fold Tents

As mysteriously as they first appeared, Japanese forces disappeared from the two westernmost Aleutian islands, a navy communique revealed. The two islands abandoned were Attu and Agattu, lying close together nearly 200 miles from Kiska.

Heavy bombing by American aircraft which destroyed most of the Japanese buildings on the two islands was cited as a reason for the withdrawal.

The Japs still held a foothold on Kiska island, but Yankee flyers made their tenure precarious. Army heavy bombers operating from the newly acquired American bases in the Andreanof islands in the Aleutians blasted Jap-held positions on Kiska in repeated raids.

The islands of Attu and Agattu were originally seized by the Japs shortly after the Aleutian campaign opened last June.

SCANDINAVIA:

Headache for Nazis

Germany's influence in the Scandinavian countries had been weakening. This was evident when a general election in Sweden had returned a record number of Communist, anti-Nazi delegates to the national assembly. It was evident, too, in frequent peace feelers from war-plagued Finland. Thus when rioting and disorders broke out against the Axis overlords in Norway and Denmark, few observers were surprised.

Swift was the Nazi action in countering with force the Scandinavian threat. The Germans proclaimed a state of emergency in central Norway from the seaport of Trondheim to the Swedish border. Reprisal executions followed. Reports from Copenhagen said tension had mounted to fever heat because of clashes resulting from the "overbearing and provocative" attitude of the volunteer pro-Nazi "Free Corps."

The Nazi radio gave official confirmation of Scandinavian unrest by announcing that the Norwegian emergency was proclaimed because of recent sabotage attempts "which if they had succeeded would have endangered Norway's supply system."

RUMOR MONGER:

Menace Described

Americans were called upon to beware of rumor mongers by Robert P. Patterson, undersecretary of war.

Speaking before the American Federation of Labor convention in Toronto, Mr. Patterson cited rumors assailing the quality of and effectiveness of weapons made by American labor as evidence of Nazi propaganda. "Criticism of the Garand rifle, U. S. tanks and P-40 planes

ROBERT P. PATTERSON Warns of Nazi rumor factory.

as inferior died away in the face of actual performance," he said. "In the days to come Hitler will redouble his efforts to divide the nations now united against him. In this task he will make use of the rumor mongers among us.

"His agents will spread stories in the United States and Canada that will reflect on Britain. In Britain, his agents will spread the story that Americans are not doing their part in fighting, but are interested only in making money out of the war. And he will try to alienate us from Russia."

Mr. Patterson said that production of armaments for the Allied nations will cut deeper and deeper into production of civilian goods and require suspension of many peacetime standards of hours and working conditions.

SNUB VICHY:

Urges Ex-Envoy

Even as Pierre Laval imposed a labor draft to speed the delivery of 150,000 French workers for German war factories, Walter Edge, former American ambassador to France, urged withdrawal of U. S. recognition of the Vichy government. Such action, he said, would solidify 95 per cent of the French people behind the United Nations.

Emphasizing that he was speaking as a private citizen, Edge said it was "unfortunate that the government seems to feel it necessary to continue recognition of the Vichy regime."

"There may be many things that warrant continued recognition that I know nothing about," he declared, "but only a small percentage of the French people are in sympathy with the Vichy government. It must be discouraging to the majority to see their overlords recognized by this country."

British Awards for U. S. Instructors

Gen. Sir Harold Alexander is shown giving British decorations to three U. S. officers in recognition of their services as tank instructors with British forces in the Middle East on the first anniversary of American participation in Middle East fighting. Left to right: Col. William Cornog, Augusta, Ga.; Capt. J. W. Smothers, Princeton, Ind.; and Lieut. Kindie Watson.

Held in Nazi Zoo

Mr. and Mrs. Charles Bedaux, at whose chateau the duke of Windsor was married, who were reported to be among hundreds of Americans rounded up in Paris by French police. The captives were interned in the zoo monkey house.

HIGHLIGHTS . . . in the week's news

NEW YORK: Supplies of tea on hand in the United States are sufficient to meet present restricted demands for the next six or seven months, Benjamin Wood, managing director of the Tea Bureau, declared. Wood said estimated stocks were 28 to 29 million pounds, enough to carry the nation well into 1943, under quota regulations restricting tea sales 50 per cent.

MELBOURNE: Australian chorus girls must be over 45 years of age, according to a recent government order. The age limit is one of the new "austerity" restrictions in force in the Australian commonwealth. Able-bodied women under 45 years of age should be in jobs "that contribute more directly to the war effort," the government feels. Hence the new theatrical restriction.

THINGS for YOU TO MAKE

MOTIFS for baby dominate this transfer—in fact, the entire transfer is devoted to baby. There are sprays of dainty embroidery just right for wee dresses, slips or gertudes and the scallop patterns might come in handy here also. Ronald, the duck, rides a ric rac wave as bib decoration, or perhaps he'd make a playsuit pocket along with Whiskers, the cat. A cute bunny rabbit is also for appliqueing, and last but not least is Paddlefoot, the duck, whose mission in life is decorating crib quilt blocks.

These cunning designs are all on one transfer, Z9486, 15 cents, together with directions and suggestions for their use. Send your order to:

Sentinels of Health

Don't Neglect Them! Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out.

Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance. The recognized and proper treatment is a diuretic medicine to help the kidneys rid of excess poisonous body waste. Use Doan's Pills. They have had more than forty years of public approval, endorsed the country over. Insist on Doan's. Sold at all drug stores.

**Mrs. C. A. Davis
Entertains With
Birthday Party**

Mrs. C. A. Davis entertained
Tuesday afternoon with a birth-
day and bridge party, honoring her
sister, Mrs. H. E. White of Dallas.
Flower decorations of Queen's
Wreath, Lillies and Hibiscus were
used in the living and dining room.
A birthday cake covered with pink
and green spun sugar, was topped
with candles and coffee were served
to Mrs. H. E. White, Mrs. John
G. Pou, Mrs. Z. Robertson of Dal-
las and Mrs. Henry Camehl.

Mrs. Leonard Roberts and Mrs.
Joe Smith visited Mrs. Smith's
daughter, Mrs. Boyce Gillespie in
Bayside Friday.

Mrs. Leon Lowery and son, Lee,
of Galveston, are visiting this week
with Mr. and Mrs. J. B. Dietrich,
Mrs. Lowery's parents.

H. E. Stumberg returned Satur-
day to San Antonio.

**Presbyterian
Circle Two Is
Seeking Magazines**

Circle two of the Presbyterian
Auxiliary met Wednesday after-
noon at the church for the bi-monthly
Bible Training Class. Mrs. H. E. White,
new chairman presided and Mrs. T. H. Pollard conducted
the class. Mrs. Frank Davis was
visitor.

The Circle is sponsoring a drive
to gather old magazines and books
for the soldiers stationed on Mata-
gorda Island. Any person wishing
to donate, are asked to leave them
at Morrison's Boat House.

**YOUNG PEOPLE
ENJOY DANCE**

A crowd of the younger high
school people met Friday evening
in the home of Mr. and Mrs. J. M.
Sparks for an informal party. Miss
Mollie and Leslie Sparks were hosts
to the following guests: Misses
Mildred Schleider, Mary Katherine
Powell, Charline Davis, Patsy Da-
vis, Lois and June Hunt, "Jake"
Crow, Alice Davis, and William Irl
Buchanan, David and Jimmie Her-
ring, Claude Roberts, Kenneth Bow-
land, Roy Mullinax, Roy Lassiter,
James Bracht, Albert Lee Hunt
and Floyd Mills.

**Mrs. Lenana Weaver,
County Case Worker
Receives Promotion**

Mrs. Lenana Weaver, County
Case Worker for the State Welfare
Board, has been promoted to the
division for the old age blind and
dependent children. She has been
working in Rockport for the past
year, and has been in charge of
the local WPA office. Her territory
will be San Antonio County and a
part of Refugio County.

Mrs. Mary Jane (R. E.) Johnson
of Sinton will be the Welfare Rep-
resentative in Rockport. Mrs. John-
son has been Mrs. Weaver's sec-
retary for the past fifteen months
and is familiar with Aransas
County problems.
Mrs. Johnson will be in Rock-
port every third Wednesday of each
month.

**W. M. U. Appoints
Sponsors For
Organizations**

Organization of the Royal Am-
bassadors, Girls' Auxiliary and
Sunbeams was discussed by the
W. M. U. at the regular business
meeting held in the Baptist Church
Thursday. Mrs. Buis, Mrs. Kim
Haynes, and Mrs. L. A. Sheffield
were appointed sponsors for these
organizations which will take
training in church work and mission
study.

Officers to fill the corps of the
W. M. U. were also elected. Next
meeting will be held at the home of
Mrs. Eugene Johnson.

Miss Deanie Wright, who is at-
tending the NYA school in Corpus
Christi, spent week-end with her
parents, Mr. and Mrs. Tom Wright.

Frances Smith and Wesley John-
son attended the football game
between Texas Aggies and N. A. S.
Comets Saturday, in Corpus Chris-
ti.

Thomas Monroe DeForest came
home Friday to stay until called for
duty in the Naval Reserve. He was
chief engineer on Haden's tow boats
running out of Port Arthur.

**Intermediate BTU
Has Picnic Friday**

Mrs. Kim Haynes, sponsor of the
Intermediate Baptist Training
Union, assisted by Mrs. Jas. F.
Stanley, took the class on a picnic
in a roadside park Friday after-
noon. Lunches were spread and the
group played games. The boys and
girls present were Elizabeth and
Alva Freeman, Margie Nell Brun-
drett, June Hunt, Eugenia Stanley,
Tommie Blackwell, Charles and
Vernon Brown.

**James W. Dietrich
Home On Leave**

James W. Dietrich, son of Mrs.
Claude Hofsford of Aransas Pass,
and Walter Dietrich of Rockport,
is spending leave here. He has
completed his training and received
torpedoman 3-c rating. He is sta-
tioned in Norfolk, Va. and will re-
turn this week.
While in Norfolk he saw a num-
ber of Rockport boys, including
"Mickey" Wendell, Virgil Burton,
Malcolm Boquet, Marion Howell,
and "Tot" Atwood.

Mr. and Mrs. J. R. Williams of
Port Aransas are visiting Mr. and
Mrs. Sam Ince this week.

Mr. and Mrs. Neal Miller's son,
Neal Jr., spent the week-end at
home. He is attending school at
A. & M.

W. R. Sterling, District Super-
visor of Texas Liquor Control
Board and Inspector Price of Cor-
pus Christi were in Rockport Fri-
day.

Mrs. Lyle Diederich left Monday
for Montgomery, Alabama, to meet
Lyle who has five days leave. Die-
derich is a Carpenter's Mate, 2c
in the "Seabees", stationed in Nor-
folk, Va., and this is his first leave
since joining two months ago.

**Mr. and Mrs. Fred M. Hunt
Entertain Navy Men With Dinner**

Mr. and Mrs. Fred M. Hunt en-
tertained Friday evening in their
home at Hunt's Courts, with a
chicken dinner for a few of the
Navy men stationed here.

A lace banquet cloth cover-
ed the table, with ruby cut glass
table decorations, and the center-
piece piled with fruit. The guests
included Lt. (jg) Ralph Tanner, J.
G. Gilyard, BM1c, W. G. Hennkens,
MoMM2c, T. A. Perry, EM 2c,
and Mrs. Perry, Henry C. Deutz,
MM2c, H. C. Brandt, QM3c, Char-
les P. Johnson, SM 3c, Jack H.
Bricell, SM 3c, Sam F. Emma, Y
3c, Russell Stepp, F 3c, and Gor-
don Bissell, GM 3c.

**Henry Willis Injures
Hand On Job Here**

Henry Willis, employee of Rice
Brothers and Company was slight-
ly injured Monday morning when
he caught his hand in a "joiner".
The tips of the first three fingers
on his right hand were cut off.
Willis, formerly of Sinton, has
been working here for the past four
months.

Rev. Jas. F. Stanley, Jim Mobley,
Jerry Wendell, Harold Picton and
Otis Rouquette attended the Texas
Aggie and NAS Comet football
game in Corpus Christi Saturday.

Mr. and Mrs. A. L. Bachman are
entertaining guests who arrived
Sunday for a two-weeks visit. They
are Mr. and Mrs. Irl Webber and
Mr. and Mrs. W. M. Denny, all of
Enid, Okla.

Bobby Ferris, attending the Uni-
versity of Texas, spent the week-
end with his parents, Mr. and Mrs.
Wm. F. Ferris.

**Mr. and Mrs. Fred M. Hunt
Entertain Navy Men With Dinner**

Mr. and Mrs. Fred M. Hunt en-
tertained Friday evening in their
home at Hunt's Courts, with a
chicken dinner for a few of the
Navy men stationed here.

Rev. Jas. F. Stanley, Jim Mobley,
Jerry Wendell, Harold Picton and
Otis Rouquette attended the Texas
Aggie and NAS Comet football
game in Corpus Christi Saturday.

Mr. and Mrs. A. L. Bachman are
entertaining guests who arrived
Sunday for a two-weeks visit. They
are Mr. and Mrs. Irl Webber and
Mr. and Mrs. W. M. Denny, all of
Enid, Okla.

Bobby Ferris, attending the Uni-
versity of Texas, spent the week-
end with his parents, Mr. and Mrs.
Wm. F. Ferris.

Mr. and Mrs. L. D. Darragh of
Ft. Worth, returned home this
week, after spending the past five
days in Rockport. They stopped at
Palm Courts.

Col. and Mrs. Chas. Lewis and
Lieut. Col. and Mrs. Reddel of San
Antonio, are spending this week
fishing in Rockport. They are
guests at the Triple Oaks.

Mr. and Mrs. Ed Platter of Dal-
las are here fishing for the week.
They are at the Triple Oaks.

Ens. W. Powell of Annapolis,
Md., arrived in town Saturday. He
will be on duty at the Rice Brothers
and Company's shipyard.

Mr. and Mrs. George Billingsley
of Ft. Worth returned home this
week. They have been vacationing
here, and stayed at the Poch's
Cottages.

Mr. and Mrs. W. M. Washington
and sons, David and Jimmie, of
Enid, Oklahoma, are making their
home at Palm Courts. Mr. Wash-
ington is employed with the Perry
E. Bass Boat Works.

Miss Ada Stewart now working
in Corpus Christi spent Tuesday in
town.

Mr. and Mrs. Leonard Le Blanc,
and son, Charles, of Thibodeaux,
La., arrived Monday to make their
home in Rockport. Le Blanc has
accepted a position with Rice Bros.
and Company and began work
Tuesday. Mrs. Le Blanc is the
former Elaine Curry, daughter of Mr.
and Mrs. A. R. Curry.

Mr. and Mrs. J. T. Williams of
Jena, La. arrived Saturday for a
week's visit with Mrs. Williams's
parents, Mr. and Mrs. Joe Smith.
Mrs. Logan Martin of Jena, La.
also came with the Williams and is
visiting relatives in Corpus Christi.

Mr. and Mrs. Richard Fox were
in Corpus Christi last Wednesday.

Mrs. Clyde Townsend and Mrs.
R. C. Happer spent Tuesday in
Corpus Christi.

Mrs. Edward Barnard and small
son, Dale, spent the weekend in
Kingsville, visiting Mr. and Mrs.
L. Kane, Mrs. Barnard's parents.

**New Baby Son For
Robert Lee Clark**

Mr. and Mrs. Robert Lee Clark
are the parents of a baby boy,
Robert Samuel Lee, who weighs
nine and one-half pounds, and was
born October 10th. Clark, MM2c,
U. S. Navy, is stationed in Rock-
port.

**Mrs. M. D. Barber
Suffers Bite On Hand**

Mrs. M. D. Barber, mother of
Edgar Barber, of Oak Grove com-
munity was either bitten or stung
on the left thumb Thursday while
cleaning out the hearth of their
fireplace. She was groping in the
hearth when she felt intense pain
of something hitting her hand. She
did not see what it was, but came
immediately to town for treatment.
Mrs. Barber's hand and arm were
still swollen Saturday, according
to Mr. Barber, but she is out of
danger, although the bite is still
painful.

**Mr. and Mrs.
Simmons Hosts
To Guests From
Robstown**

Mr. and Mrs. D. R. Simmons
entertained Sunday with a fish-fry
at their home, honoring Robstown
relatives who spent the week-end
visiting.

The guests included Mr. and Mrs.
R. H. Dennison, Mr. and Mrs. C.
H. Simmons, Mr. and Mrs. King
Copeland, Mrs. Bertha Simmons,
and Mrs. Howard Atwood, all of
Robstown, and Mrs. J. J. Mc-
Wright, Mrs. Simmons' mother.

**Frank Muska Jr.
Enlists In Air Corps**

Frank R. Muska, Jr. left Monday
to enlist in the Army Air Corps at
Kelly Field.

Mr. and Mrs. Leonard Le Blanc,
and son, Charles, of Thibodeaux,
La., arrived Monday to make their
home in Rockport. Le Blanc has
accepted a position with Rice Bros.
and Company and began work
Tuesday. Mrs. Le Blanc is the
former Elaine Curry, daughter of Mr.
and Mrs. A. R. Curry.

Mr. and Mrs. J. T. Williams of
Jena, La. arrived Saturday for a
week's visit with Mrs. Williams's
parents, Mr. and Mrs. Joe Smith.
Mrs. Logan Martin of Jena, La.
also came with the Williams and is
visiting relatives in Corpus Christi.

Mr. and Mrs. Richard Fox were
in Corpus Christi last Wednesday.

Mrs. Clyde Townsend and Mrs.
R. C. Happer spent Tuesday in
Corpus Christi.

Mrs. Edward Barnard and small
son, Dale, spent the weekend in
Kingsville, visiting Mr. and Mrs.
L. Kane, Mrs. Barnard's parents.

Did You Know That--

Excitement swept Johnson's Fish
House last week, when a slightly
inebriated Mexican went ram-
paging through the place biting at
everybody in sight.
—BT—
Harry Ludwig, Miami, Florida
fisherman, caught a 12 pound, 3
ounce red fish during an idle mo-
ment, off this end of the causeway
Sunday morning. Just like that!
—BT—
The sweet bay brush used by
hunters was swept clean by the
storm. Mr. Curry, Mr. Mills and
Mr. Johnson, local hunting club
men, are scouring the county for
brush with enough leaves for a
sufficient bird.
—BT—
Doris Huffman is grieving be-
cause she is leaving such good
friends and neighbors, especially
Lois Bracht, who was particularly
grand.
—BT—
E. J. Marchant and daughter,
Margaret, of Albuquerque, New
Mexico, here since June are still
here fishing and enjoying Rock-
port climate no end.
—BT—
W. B. Allen's ill-fate seems fol-
lowing him and his. First parting
with his mustache and now his dog,
"Red" has lost a tooth. Mrs. Allen
took the dog to a canine hospital
Wednesday for the extraction.
—BT—
Mrs. John Callison was hooked
with a fish hook recently while
fishing with Mrs. D. W. Marshall.
The two went to the doctor's office
for the hook to be cut out of the
scalp at the edge of Mrs. Callison's
hair. Mrs. Marshall fainted dur-
ing the procedure.

From where I sit...
by Joe Marsh

HAPPENED to me only yesterday.
I step on the starter of my car.
Engine turns over O. K. but she
won't start.
So I look under the hood just as
if I know what's the matter. Tap
a few things with a wrench. While
I'm standin' there, wondering
what to do next, a young soldier
stops alongside.
"Need some help?" he asks.
"Got her almost fixed," I says.
"But still she won't start."
"Looks like your carburetor's
flooded," he says. "Got a screw
driver handy?"
That young soldier knew what
he was doin' all right. Went to
work just like a professional.
"She'll be O.K. now," he says,
straightenin' up and smilin'.

pounds heavier—straight and tan
and real sure of himself. The
Army's done a lot for Charlie.
Made a man out of him—and I
guess that goes for lots of other
young fellows, too.

The other day I read how some
folks worry about the soldiers
havin' a glass of beer now and
then. Well, after seein' Charlie, I
don't think there's much cause for
people to fret.

Just like Charlie says—"If you
can trust us with guns and ships
and tanks, I guess you can trust
us with a glass of beer once in a
while, if we happen to want one."

And I know the beer industry
is co-operating with the Army and
the law-enforcement officers to see
that beer is sold in good, clean,
decent places.

From where I sit, this country's
never seen a finer, cleaner, better-
behaved lot of men than the ones
in uniform today... I'm not worry-
in' about 'em!

Boy's face looked sort of famil-
iar. And darned if that soldier
wasn't young Charlie Jenkins from
Elm Street. Used to be a round-
shouldered kid—one of those jitter
bugs you hear about. Say! You
wouldn't know him after six
months in the Army. Fifteen

Joe Marsh

Soldier In Australia Breaks Monotony of Jap Hunting By Going Out for Shooting at Fast - Moving Kangaroos

This business of Jap hunting over in Australia gets monotonous.

Some of the boys get tired of the same slant-eyed hunting fare day in and day out, and on their days off go out for a little fancy shooting at fast-moving kangaroos. Military censorship prevents any of the boys from writing home details about Jap hunting, but Corp. Technician Samuel E. Gant sends an interesting account of kangaroo hunting. The letter, as printed below, was written to Corporal Gant's wife, Mrs. Esther Gant, who is staying here for the duration: "Somewhere in Australia"

"Dear Esther: You asked me if I had seen any kangaroos in one of your letters. I said in the zoo, but yesterday Ken went with me on a kangaroo hunt. I met a man by the name of Mr. Finn, who has a sheep ranch, while I was on a wood detail out in the country. He said I was welcome to come out and go hunting with him.

"The three of us started from his house around 10:15 a. m. a good sunshine coming down. Mr. Finn took 10 greyhounds and 3 sheep dogs along. After crossing his valley we started for the real rugged hill country, it is really beautiful as lots of rain has made the green grass grow, the first mountain was slow going, we could look back for miles and see the river winding through the valley. Rabbits would run for their hoies all over the mountain sides. What fun then the greyhounds would take out after one, gain on it and catch it. One greyhound named Patty started one down hill, he overtook it, but could not stop and went a rolling end-over-end with the rabbit in his mouth. Ken and I were excited and surely got a kick out of it. We kept climbing. We got back into real Australian brush country, where there are wild goats, deer, wallabies and kangaroos. I gave Ken the choice of guns. Mr. Finn's 30-3 cal. to start out with and we were supposed to change after he got a shot. I had a small .22 cal. and Mr. Finn had a 12 ga. shotgun. We got back where it was heavy timber. Eucalyptus and other kinds. I am sending a few leaves. We had a bunch the famous Australian "billy".

Mr. Finn started a fire and got some clear cold mountain water from a small stream and made some tea. I brought some mutton sandwiches along and also cake. Ken and I ate like we had never eaten before. Mr. Finn skinned a rabbit and threw it on the hot coals and later gave the dogs a bite to eat. "Then we started on, following a stream only higher up in the mountainside. The day was too still

for rear good hunting as sticks would crack underfoot and we could be heard coming a long ways off. But as luck would have it, the dogs suddenly got something started.

"I was not very far in the back of Mr. Finn when I saw a kangaroo heading back up along the stream where we just came from. I let out a whoop and went along the hill side like a wild Indian, trying to cut him off. Through the brush and over rocks, under fallen trees I went and so did he. I lost track of him, so I stopped and stood still and looked the valley over.

"At last to my surprise, I saw him and he was sitting up looking up and down the valley. My .22 was not big enough to kill him and I did not want to wound him so he would run off and die in the brush so I tried twice once for a head shot standing, he did not move, so I tried again. I got down on one knee, but the distance was too great for the .22 anyway for good shooting. Still he did not move, so I loaded my gun and called softly to Ken, he came over and I pointed to the kangaroo out to him.

"The kangaroo was easy as tall as myself sitting down. Ken started raising his gun when one of the greyhounds came in sight and the kangaroo bounded off. I took a running shot, but a person might as well throw a stone at him. Anyway we had seen one and were very glad that. A while later we saw another one, but he was too far up the valley. Mr. Finn has treated us well. I am now writing by a coal oil lantern which he gave me.

"Ken and I were dog-tired when we got back to camp. I think we walked 30 miles during the day easy, as we had to walk most of the way back from Mr. Finn's place after the hunt. We were hunting from 10:30 A. M. to 7:00 P. M. We saw hundreds of rabbits and parrots of all colors. Wish you could see the country here. It's similar to Pennsylvania.

"Your husband, Corporal Technician Samuel E. Gant."

Mrs. Herbert Mills Given Surprise Party Tuesday

Mrs. Herbert Mills was the surprised hostess Tuesday afternoon when a group of friends called at 4:00 o'clock with refreshments and a shower of gifts for the hostess, who moved into her new home recently.

The guests included Mrs. Floyd Smith, Mrs. T. H. Pollard, Mrs. Carl Gentry, Mrs. Harry Mills, Mrs. Lloyd Smith and Mrs. Leon Lowery of Galveston.

Necessary Men' In Vital Industries To Be Deferred

General J. Watt Page, State Selective Service Director, cautioned all local boards against withdrawing from war production industries and transportation services 'necessary men' because they happen to be without dependents. He said: "If a registrant qualifies for occupational deferment as a 'necessary man' under the provisions of the Selective Service Regulations and any of the several National Headquarters Bulletins, then he should be classified II-A or II-B, depending upon the character of the industry, even though he is single, and married men, not essentially employed will have to be used to fill the board's call.

"Boards should remember that practically all war production industry is still in the period of expansion and that every man or woman they are able to train is used to fill a new job. The same applies to transportation services, whose facilities are taxed to the utmost by troop and war freight movements. Very few industries have been able to train replacements for their potential I-A employees. Accordingly, local boards should give most careful consideration to the continued deferment of 'necessary men' in war production and transportation until such time as replacements are available or can be trained."

Mrs. Floyd Huffman Honored At Farewell Luncheon

Mrs. Floyd Huffman Honored At Farewell Luncheon

Mrs. Floyd Huffman was honored Tuesday with a farewell luncheon given by Mrs. Eugene Bracht at her home. Mrs. Huffman and children, Jerald and Doris Jean, moved to Jacksonville Wednesday to join Mr. Huffman who is employed by Civil Service in the Engineers' Department. Mr. Huffman was the former County Surveyor resigning in June to enter Civil Service. The Huffman family have lived in Rockport for the past nine years.

Fern and queen's wreath surrounding magnolia blossoms were the living room decorations. Lunch was served in the following guests Mrs. Floyd Huffman and children, Gerald and Doris Jean, Mrs. Oscar Strzizig and grandson, Oscar, Mrs. Arthur Bracht, Mrs. Carl Gray, Mrs. R. A. Phelps, Emory Spencer and Mr. and Mrs. Brandon Clingman and daughter, Sallie Mat of Keithville, La.

OPA Limits Motorists To Five Tires Per Car; Rationing Registration Open Nov. 9

WASHINGTON, October 13.—The Office of Price Administration formally announced today that motorists would be limited to five tires per car beginning next month, and at the same time disclosed that registration for gasoline ration books would start November 9 in the 31 states where gasoline is now unrationed.

Every car owner in these states will be entitled as in the rationed East, to at least enough gas to drive 2,880 miles a year—slightly less than four gallons per week. Supplemental rations will be provided for necessary purposes upon application to local boards. It had previously been disclosed that actual rationing would become effective November 22.

Henderson said issuance of the ration books would be contingent on these two provisions:

- 1.—The car owner must swear he has no more than five tires.
2.—He must agree to periodic inspection of his tires.
These provisions also will be extended to the East. Although in those 17 states motorists will not have a register again for gasoline books, they will be asked to supply data on the number of tires they own.

For the 31 other states, Henderson outlined this procedure:

Starting about October 27, application blanks will be made available at filling stations and other public places.

Starting November 9, motorists will take the filled-in-application blanks to the local school houses where rationing board officials will check to see that the blanks are

filled out properly and at the same time issue "A" or minimum ration books.

Persons needing more gasoline for essential purposes may apply immediately for supplemental rations after they receive their "A" book.

Those working in industrial establishments employing 100 or more persons may apply for extra gasoline to a committee in that plant which would refer it to the local rationing board.

Persons showing a need for extra gasoline to drive to work may get a "B" book, which together with the "A" book, provides a maximum of 470 miles of occupational driving a month. (This means a little more than 31 gallons a month since the OPA bases its figures on 15 miles to the gallon.) The "A" book contains enough gasoline to drive 240 miles per month theoretically including 150 miles for occupational purposes and 90 miles for necessary family driving.

An extra "C" book may be obtained by a "preferred mileage class," which includes only a few groups of drivers performing duties held essential to the war effort and the public welfare. The "C" book rations varies according to need.

Commercial vehicles, including trucks and buses, would receive a "T" book whose contents is to be determined after official application to the Office of Defense Transportation. In the East, the "T" books will supplant present "S" books.

Congress Moves In High Gear To Draft 18 and 19 Year Old Boys For Service

WASHINGTON, October 13.—With speed reminiscent of that with which it declared war last December on Germany, Italy and Japan, Congress went into high gear today to put 18 and 19 year old boys into Army uniforms.

Responding to President Roosevelt's fireside chat, and to an appeal by Secretary of War Stimson that it would help build up "with the minimum delay the finest army in the world". Congressional leaders disclosed plans to rush to House passage this week legislation lowering the draft age from 20 to 18.

Announcing plans for hearings tomorrow and Thursday and a House vote Friday or Saturday, Chairman May (D-Ky) of the House Military Committee said the legislation to be considered would provide that the teen age soldiers be kept out of combat until they have had at least twelve months of training.

Selective service headquarters

Don't Take Japs Lightly LOS ANGELES, Cal.—Lt. Harold Kirsch, of the Navy, returning from encounters with the enemy in the Pacific zone of operations, launched as an admonitory slogan: "The Japs are no Saps."

Paper mill waste yields riboflavin for food, Chemists told.

said some 2,250,000 young men of 18 and 19 were registered in the last general registration June 30, although not subject to military duty under the present law. In addition, it was indicated that about 300,000 have reached 18 since June 30. Even when the new law is passed, however, the 300,000 will not be liable to military duty until a new registration is held. The 000,000 registered in June, it was estimated that more than half would be outside the scope of the draft because of physical defects, or because they have already enlisted.

TURN IN YOUR SCRAP FOR VICTORY
I've got it!
—Come see it... my new Ice Refrigerator... with no priorities, no affidavits, no red tape... you'll like it!
IT'S EASY TO GET A NEW ICE REFRIGERATOR IF YOU BUY NOW
IT'S AS EASY as falling off a log to get a new Ice Refrigerator. You don't have to swear to anything. The War Model Ice Refrigerator does a first-class job of keeping foods fresh, wholesome and appetizing. You can get yours now—today or tomorrow—for less than \$50 total cash price or on terms for as little as \$10.40 down and \$5 a month. War Model uses but 20 pounds of metal instead of the 150 pounds in old models.
There's plenty of ice and no prospect whatever of an ice shortage for the duration of the war, or after the war. Don't feel like the forgotten man (or woman) if the war caught you without a good refrigerator. You can do something about it—act immediately and assure your family of health protection afforded only by proper refrigeration. Buy an Ice Refrigerator NOW, while there's a supply.
See Your Refrigerator Dealer or CPL
Whether You Need a Refrigerator or Not, Here's a New Product You'll Want to Try!
Whether you have an ice refrigerator or a mechanical, you'll want to use this new product—CPL Cracked Ice in bags—for extra ice needs and for entertaining, making ice cream and for hunting trips, back yard picnics and all social events. Ready to use, clean and pure, it's the handiest, least expensive item on your shopping list. Try it today or tonight!

ASK ME ANOTHER?

A General Quiz

The Questions

1. What is the number of degrees of latitude between the North pole and the equator?
2. A gallon of water spread out in a layer one inch thick will cover how many square feet?
3. What is a homonym?
4. Natives of what place are often called Bluebonnets?
5. How many dozen are designated by the initials "g. gr."?
6. How far is a baseball pitcher's box from the home plate?
7. Where is the Heavisdale layer?
8. Who was President of the United States when the Monroe doctrine was adopted?

The Answers

1. Ninety degrees.
2. Two square feet.
3. A word pronounced like another but different in spelling, like "hair" and "hare."
4. Nova Scotia.
5. A great gross consists of 144 dozen.
6. Sixty feet, six inches.
7. About 65 miles above the surface of the earth.
8. James Monroe (1823).

Pull the Trigger on Constipation, with Ease for Stomach, too

When constipation brings on discomfort after meals, stomach upset, bloating, dizziness, gas, coated tongue, and bad breath, your stomach is probably "crying the blues" because your bowels don't move. It calls for Laxative-Senna to pull the trigger on those lazy bowels, combined with Syrup Pepsin for perfect ease to your stomach in taking. For years, many doctors have given pepsin preparations in their prescriptions to make medicine more agreeable to a touchy stomach. So be sure your laxative contains Syrup Pepsin. Insist on Dr. Caldwell's Laxative-Senna combined with Syrup Pepsin. See how wonderfully the Laxative-Senna wakes up lazy nerves and muscles in your intestines to bring welcome relief from constipation. And the good old Syrup Pepsin makes this laxative so comfortable and easy on your stomach. Even finicky children love the taste of this pleasant family laxative. Take Dr. Caldwell's Laxative-Senna combined with Syrup Pepsin, as directed on label or as your doctor advises, and feel world's better. Get genuine Dr. Caldwell's.

Movie House Names

One out of every four motion-picture theaters in the United States today bears one of the following names: Lyric, Majestic, Princess, Rialto, Ritz, Royal, State or Strand.

GIVE YOUR COLD THE AIR

SETTER OF STANDARDS

Advertising is the great setter of standards in American business life. Advertisements are the standard by which you spend your income, confident of getting your money's worth every day.

Portlight
BY GRANTLAND RICE

My Week
by Eleanor Roosevelt

THERE was a certain cluttered-up road leading somewhere between Avocourt and Montfaucon in France, late in September, 1918. The night was dark and the rain was even wetter than usual. There was an artillery captain, getting his battery through this muddle and mire, and he wasn't very gentle about getting the right of way.

"These guns go through," he barked, and you could see he wasn't particular about how they got through. Through the jumble and the tangle and the rain and mud and darkness this battery moved on its way.

Then and Now
Larry MacPhail is no longer a kid. It has been almost 24 years since that night in France where refugees, stray army outfits and complete confusion almost blocked the road which MacPhail helped to open for his guns.

There have been many times when he looked to be hard and ruthless, but he was always smart. As someone has said, "MacPhail's mistakes, and he had made many, have always been about minor matters. He has yet to make a mistake that was important."

McPhail and the Dodgers
MacPhail was talking about the Dodgers of 1942.

"When the season opened," he said, "I thought we could win. We had done all we could to strengthen a team good enough to win the pennant the year before. But when we were ten games in front you will remember I told you that I was worried about what might happen."

"The main point is that we ran into a change in mental attitudes. Last season we were pennant-hungry and world series money-hungry. By this season we'd gotten over. The Cardinals hadn't. And don't forget this Cardinal team is quite a ball club. I mean skill, speed, and spirit."

The Difference
"Mental attitude," MacPhail continued, "is one of the big factors in any game. I've heard Bobby Jones say it was at least 75 per cent of golf. Any football coach will tell you the big part it plays in his sport. Of course, skill is important, speed is important and power is important. So is experience. But mental attitude is even more important."

About Football
Lou Little said some time ago that 1942 would be football's best offensive season. Columbia's mandarin makes few bad guesses. It will take some remarkable defensive formations to keep the combined speed and power under check which most teams have to meet.

That Missouri backfield will be one of the best. It has speed, drive and experience, headed by one of the best in Steuber, a big fellow who can move.

FAMILY IN TEXAS
I left Washington one morning by plane, after a delay of several hours on account of the weather, and took a rather roundabout and leisurely trip to Fort Worth, Texas. We were held up at different places along the way for various reasons.

Finally, we came into Fort Worth at about 10:30 at night. To my complete surprise, Ruth, Chandler and Elliott Jr. were waiting for me at the gate of the airport. Elliott Jr. is six years old and I do not think he has ever been up quite so late before. Ruth said that while they were waiting for us they had eaten ice cream, pop corn and consumed many soft drinks.

RANCH ON THE PRAIRIE
Their house is on a hill overlooking a brook, along which many trees grow. In every direction, miles and miles of rolling prairie stretch away. If you arrive at night, shadowy forms of cattle rise up along the road as you drive in and the lights from the house send forth their welcome.

There is a quality of soft haziness in the autumn atmosphere here and a fascination in the breadth of view on every side. Ruth and Elliott have made it a comfortable and homelike home. The green lawn and flowers immediately around it speak of infinite care and attention during the summer months. Everything in the house is an expression of their personal interests.

Books, pictures, prints, beautiful Mexican saddles, carefully chosen pieces of furniture and silver (which even the children have been taught to appreciate and enjoy) make an environment which is part of the family and an expression of their growth and development. Everywhere Elliott has been, even during the war period, his heart has been in the home he left behind, and from each place he has managed to send back something.

For instance, the summer spent flying with the army in Iceland, Greenland, and Newfoundland has produced little white bear rugs, which are in front of Chandler's bed and scattered through the house. There are things from Africa and from the West. In fact, wherever individual members of the family have gone, whether together or apart, their roots have been here. The homing instinct is strong in all of them.

One morning, Chandler and Elliott Jr. showed me the new colt and rode around on their own horses. All of them exhibit the baby brother, David, as the first and prize package in which they have the greatest pride. David's major achievement is to stand in his pen and shake the sides back and forth.

EDUCATION BEFORE INDUCTION

I wonder how many people realize what it costs to teach some one things he should have learned in school, after he has come into the army? Dr. Studebaker feels that even now this adult education should be done in the home communities. There are some 240 men in Aberdeen, Md., training center, who are going to school. Ordinance work requires an ability to read, because as one officer said, if you can't read the marks on the ammunition boxes and you get the wrong ammunition, it is just the same as having none.

To be sure, a certain number of these troops, going to school, are colored men from the deep South, but there are also a considerable number of white men who are learning what they should have learned in the primary grades—how to read and write, add and subtract.

Occasionally, the difficulty lies in the fact that a man is a foreigner and does not speak English, or at least did not go to school in this country. One young man with whom I talked, was born in Pennsylvania, another in New Jersey. The first boy's parents died when he was eight, and then he went to work in the mines and has taken care of himself ever since, with the result that he has had four months of school in his life.

One man with graying hair, who told me he was 44 years old, was laboriously picking out letters from a pile in front of him to spell the word "dog." The group of officers teaching these men are really quite extraordinary. They have developed a remarkable system of visual aids. Many of them have had teaching experience in the past.

"THROUGH THIS PORTAL . . ."
I liked the sign over the room where the pilots wait for their final orders. It reads: "Through this portal pass the finest pilots on earth," which must give them all a sense of satisfaction, for that is the way their commanding officers feel about them. Food is served here, men can play games and sit and talk. The wives, many of whom live nearby, can come and wait with them until the call comes to start on a trip.

Kathleen Norris Says: This Is No Time to Borrow Trouble

Bell Syndicate—WNU Features.

All our married life my wife has been worrying. This morning she said she could not see how my business could continue much longer, made Elinor, our daughter put on a sweater, and asked where we could move if we couldn't get oil for the furnace.

By KATHLEEN NORRIS

A MAN named Jim Davis writes me that he has a worrying wife. He says she takes the greatest trouble in the world to see that meals are on time, and hot, and that there are flowers on the table. She is marvelously considerate about having a pencil on the telephone table and an extra comforter at the bottom of his bed. She dresses well and economically and goes to a beauty parlor twice a week. He says she entertains nicely and has brought up their small daughter, Elinor, carefully and lovingly. But she worries all the time.

Elinor is nine now, and she is beginning to droop in this atmosphere of constant depression, just as Jim is. Elinor looks at her mother piteously. "Please, Mummy, it's not so important—it doesn't matter—it'll be all right!" the small girl pleads.

"Take it easy, May," the man of the house says cheerfully, as he settles himself at the table. But sooner or later both father and daughter come under the dark spell of the woman's mood.

Worries About Money.
"All our married life she has been worrying about money, although with my steady job and her own good management we never have been in any difficulties," Jim writes. "The prospect of any extra expense causes her hours of anxiety; she is terribly afraid she will have to have a tooth filled; she doesn't want to call a doctor just for a little burn—that sort of thing."

"Her father has had a heart attack—he is 78, and although now restored to good health I suppose he may someday have another. But every time the telephone bell rings May whispers, 'Papa!' and staggers to answer it with her hand over her own heart. Everything is a cause for worry, and under and over it all goes the great world worry, which none of us can escape."

"This morning, for example," the letter goes on, "my wife somewhat monopolized the breakfast conversation as I was supposedly reading the paper. But I took out my pencil and quietly noted down the variety of things she was finding to worry about."

"It began with the headlines; she actually got my old mother crying and my daughter white-faced with terror over a picture of what would happen to us in the days of German occupation of a quiet Kentucky town. Then she went on to say that probably the worst that would happen to us would be financial ruin, but she hated the thought of losing her beautiful home and garden.

"Next came Elinor's cold; it was better, but if it got any worse my wife would keep her in bed, in which case she could not rehearse for the school play and couldn't be in it. Elinor began nervously to cry into her cereal.

Overlooks Nothing.
"May then said that she was afraid Emmy, the maid, would leave us; she was afraid the price of beef would soon be prohibitive; she did not see how my business could continue much longer. She asked me how athlete's foot started, as the sole of one of her feet felt very tender; she begged me not to do any business with a man named Jackson, with whom I have not the slightest intention of doing business; she asked my mother twice whether

New York Picture Postcard:
The 5th Avenue store which advertises a dog soap as "Shampooch" . . . Toscanini getting a bow from the hips from a 57th Street record shop owner . . . The Broadway bright lights which go on during the day and off at night . . . The man leaning out of his 4th floor window at the Taft Hotel—focusing his binoculars on the Winter Garden undressing rooms . . . The "Queen of 47th Street"—an old gal, who strolls there after midnight, attired in Gay 90s garb . . . The Music Hall lounge, swankier than most high-priced joints . . . Stop and Go signs along Broadway, which pedestrians ignore like good advice . . . The well-behaved patrons in the Automat and the noisy drunks in the uppty places . . . Wall Street, the nation's cash register, crowded with some of the shabbiest buildings in town . . . Colyumists hearing a wit drop a pearl and tossing a coin to decide who gets it.

Sixth Avenue auctioneers exploding vocal Roman candles . . . Art-lovers in the museums—and their velvet whispers . . . Two lovers juggling their dreams in whispered nothings . . . The photo of a wrecked Jap plane in the window at Dempsey's . . . The hungry pigeons at 54th and 7th every sun-up waiting for the stationery store-keeper to feed them . . . The cop's horse that accepts cookies only from the Roxy show gals near the stage door . . . The slanty penmanship of rain editing the park's complexion . . . The man and woman who trapeze that inspire so many of the Broadway songs and tragedies.

FBI men glad the "kidnap" scare in Westchester was solved so quickly . . . "Couldn't spare 100 agents on a kidnap case now—with all the other things to do" . . . That was the case of the nurse who allegedly confessed she did it . . . She will get away with a ten year sentence, perhaps . . . Because she didn't leave the state and didn't hold the child seven days . . . The inside is that she wanted to "even things" with the tot's grandmother. The thing that gave the nurse cold feet was the murder nearby of those two children by Haight.

Leon Henderson, the Man Who Rations Your Gasoline, etc., is one of Washington's hitch-hikers as a result of the ration rules . . . The other ayem the Administrator thumbed a ride and wasn't recognized by the motorist . . . "This darn old gas rationing," grumbled the driver, "gives me no better whatever. I've fixed it so I get all I need! And nobody is going to stop me from getting gas, either!" "I'm going to stop you," said Leon as he got out.

"Yeah?" was the parting shot. "You—and who else?"

The query by Mal Ruit . . . Wanted to know if Kate Smith joined the WAVES would they call her a Tidal? . . . The recollection of Ed Hurley—about Donald Day, war correspondent for Col. McCormick, who recently enlisted with the Finns. Day's dad was John Day, one of the leading horse writers . . . Alfred D. McKelvey, president of Seafloor, telling about the stenog working in an alphabetical agency . . . Seems that one division head (due to a shortage in office help) hired her to keep someone else from getting her . . . She sat around for weeks with nothing to do, and finally, to keep her shorthand from growing stale, went across the street to a court room and took down the proceedings . . . Then she'd return and spend the rest of the day transcribing her notes . . . The office head, noticing how very busy she was—gave her an ass!

Memos of the Congressional Limited:
Randolph Paul, FDR's tax brain, in the Mayflower dining room—looking so harmless . . . The slow-moving cabs and cars. 22 miles per hour in the city . . . A \$25 fine if caught going over 35 in the suburbs . . . WAACs in their smarter looking Winter apparel . . . Washington at night—with no dimout regulations . . . The hotel ruling: "Don't care how important you are—can't stay longer than 3 nights" . . . The careful checkup on persons visiting the Navy Dep't . . . "What do you wish to see him about?" . . . "Navy business" . . . "Can't say that, sorry" . . . The newly decorated Commander, who carries his decoration in his pocket . . . Said he wasn't used to it yet—and pals might think he was peacocking.

Sign of Autumn: The outfield grass in the ball parks thinning out . . . The misery along the Bowery that imaginative writers mistake for mystery . . . The junk wagon which carries this legend: "Get in the Scrap—Or Join the Heap!" . . . Marines and their gals along Riverside Drive in the dimout. Leather-neckers . . . The Waldorf's gold-braided doorman—looking more austere than the Generals who dwell there . . . The white-wing pausing to tumb through a discarded issue of Vogue at 54th and Madison.

Valuable Paper

Waste paper is so valuable in England that prizes totaling \$50,000 are being offered to collectors of this vital commodity. On the other hand, those who burn their waste paper are liable, on conviction, to a fine of \$2,500 or three months in jail, or both.

J. Fuller Pep
By JERRY LINK

Sittin' down in Jed's General Store the other day, it was kinda impressed on me that the weaker a fellow's argument is, the stronger the words he uses!
Well, when I get to talkin' about KELLOGG'S PEP and vitamins I don't need any high-powered words. You see, to feel really good you got to eat right, which includes gettin' all your vitamins. And while PEP hasn't got 'em all, this sweet-tastin' cereal is extra-long in the two that are oftenest extra-short in ordinary meals—B and D. Try PEP, won't you?

Kellogg's Pep
A delicious cereal that supplies per serving (1 1/2 oz.) the full minimum daily need of vitamin D; 1/4 the daily need of vitamin B1.

Star Dust

STAGE SCREEN RADIO

By VIRGINIA VALE

Released by Western Newspaper Union.

IF YOU happen to be anywhere near where one of the Vox Pop programs is being broadcast, spare no effort to attend it — you'll have a lot of fun, maybe make some money, and see one of our better radio programs in action.

Maybe you'll have the pleasure of meeting Parks Johnson, who's a swell guy; you may be lucky enough to meet Mrs. Johnson, who goes along. Before the broadcast Johnson stages stunts with members of the audience, and pays them well for participating. Mrs. Johnson buys the gifts for the women on the program, and rounds up good places for the company to eat. As part of the audience, you'll be part of the program, and have a grand time.

Rosalind Russell's sponsoring Janet Blair with a vengeance! First she convinced Columbia Pictures that Janet was perfect for the title role in "My Sister Eileen"; then she waived the exclusive star clause

JANET BLAIR

In her contract so that Janet could share star billing. Next she took Janet for a tour of the army camps, with the purpose of interesting her soldier brother, George Russell, in the young actress.

Alan Reed spent two months in Hollywood waiting to make a picture that never was started, though he was paid regularly. He collected a typical Hollywood wardrobe—slacks, sports shirts, Mexican huaraches, silver-trimmed belts. Ezra Stone, till recently of "Henry Aldrich," ran into Reed in his Hollywood togs, in New York. "Gee," said he, "you're not even a civilian!"

Young Russell Hoyt, RKO actor, has been trying to make people forget his striking resemblance to Alan Ladd. Now it's got him a job. RKO used him in bits in "Seven Days' Leave" and "Here We Go Again," then had no role for him, so lent him to Paramount for "Lucky Gordon"—he'll play a Ladd henchman who, because of his resemblance to the star, can create alibis for him.

Claudette Colbert probably set a record recently by being a bridesmaid once and a bride twice all within 24 hours. It was all for Preston Sturges' "The Palm Beach Story"; Claudette's bridegrooms were Joel McCrea and Rudy Vallee, and her stunt as bridesmaid took place when Joel married someone else. She's working now in "No Time for Love!"

In "Somewhere I'll Find You" Keenan Wynn, of the radio's "Shadow" programs, played a soldier who operated a 1918 machine gun which had been blown from its tripod; because of the kickbacks, his shoulder was strapped for two weeks. When he saw the picture in New York, a soldier in front of him said: "Fake! You can't fire a machine gun from that position." Keenan leaned forward and tapped the young man on the shoulder. "Yes you can, brother," said he. "I did it."

When Jack Benny and Mary Livingston first met she was 12, and Jack, calling on her sister, disliked Mary as heartily as she loathed him. He was appearing at a local vaudeville theater, and Mary bribed her pals to maintain complete silence all through his act!

Claudia Morgan, recently signed to play "Andrea Reynolds" on the air serial, "We Love and Learn," couldn't escape the theater; she's the daughter of Ralph Morgan, the niece of Frank, and made her stage debut on Broadway while in her teens. A few years ago she was playing lead roles simultaneously in two Broadway stage hits and in a radio series.

ODDS AND ENDS—Bing Crosby postponed his return to his radio program for a week in order to complete his golfing tour for the benefit of the Red Cross. Metro's released "ATCA," a one-reeler depicting the work of the Air Training Corps of America, which is training some 500,000 high school boys in the elements of aeronautics. . . . Olivia de Havilland, born in Tokyo, couldn't accompany the "Princess O'Rourke" company to the airport at Lockheed for location work; all players had to have their birth certificates, and Olivia's happened to be missing.

Fate By LOIS WHITELEY

McClure Syndicate—WNU Features.

PEGGY DANFORD didn't find out that she loved Roger Linsley until she had refused him and he had departed for a canoe trip in the Canadian wilderness, leaving no address behind him. Which seems rather stupid of her.

As a matter of fact, Peggy's "No" had been tentative rather than final and no one was more surprised than she when it was accepted as final.

So here she was now, this beautiful morning in late September, dashing down the stairs at the postman's ring in the hope that at last some word from Roger might be waiting her.

But there was none. "Looks like your ticket applications, Bill."

"Righto. Well—we'll take in the big game, anyhow."

Now disappointment in love affects the female sex in various ways. Some fly to desperate flirtations with other men; others withdraw into moody seclusion shunning contact with the world until recovered.

Peggy did neither, but, as she moved about on her usual round of pleasure, she found a strange reaction taking place within her. Love for Roger began to turn into positive hate. Peggy came to crave a meeting that she might show him how little she thought of him.

November arrived with its colorful pageant of autumn foliage. And with it came memorable Saturday afternoons when stalwart evelens waged their hectic battles before the cheering multitudes.

Peggy and Bill were in their seats for the big game. Soon the seats all around them were filled. But one on Peggy's right remained empty until the game had started.

She subconsciously knew someone had taken the empty place, felt the presence of another, but so wrapped up was she in the exciting game that she paid no attention to her neighbor.

During intermission when the cheering was thunderous, Peggy, her eyes blazing with the excitement of the game and the November breeze, turned quickly—and looked straight into the familiar once-loved gray eyes of Roger Linsley.

There was a moment of utter silence between them, none the less intense for the thunderous cheer around them.

Then: "Imagine an explorer at a football game!" Peggy's heart was doing strange things and she was going to make it behave if she had to be downright nasty to Roger. "You remember Bill?" she asked, as Roger remained silent. But when she turned her brother had disappeared.

"Oh, yes—Bill!" Roger stared at the empty space. "Must have shrunk—I really—don't see him."

Peggy flushed. That was the trouble with Roger. He thought he had a sense of humor.

"He was here a moment ago." She turned to scan the crowd. "I really must see Bill. He was so interested in my trip. You know when I wrote him about the fishing he said he wanted to make just such a trip some day"

Peggy stared at him. "You wrote—Bill?"

But Roger was suddenly talking steadily, tenderly.

"See, here, Peggy darling. That trip was planned just to give me a chance to think things out. You see, I had been trying for two years to the best of my ability to earn your love. I failed. I had a faint hope that absence might prove more my advocate than my presence evidently had. I had had it out with Bill. It seems there was a chap—some one named Burton or Barton—who seemed to be the favored one. Bill was quite sympathetic, but he didn't think I had a chance. He thought my trip a splendid idea—for my own good—if nothing more. I'm leaving tonight. I still love you too much to enjoy seeing you with someone else. Strange," he added with the whimsical smile that did strange things to Peggy, "that we should be seated together!"

Peggy caught her breath. This was fate. She forgot all the nasty things she had planned to say. All the cutting remarks that had been piling up for weeks.

"You can't—you wouldn't have gone without seeing me?" There were tears in Peggy's eyes.

"Bill told me you were so happy and gay, that you couldn't have missed me," Roger said.

"Girls don't wear their hearts on their sleeves any more," Peggy stormed. Stupid Bill!

"Do you mean—that you care?" Roger was holding her hand tight.

"Hanging over the fence, Bill grumbled. "And I gave up a day getting that seat for Roger—at least a week making certain he would return in time for the game—spent \$10 in bribes to see that he got here, lie to 'em both—and then don't dare return to my seat because they'll both think me responsible for their past unhappiness."

But he might just as well have returned. For neither Peggy nor Roger would have known he was there—as they were unaware that the teams had come in quite some time ago.

Household Hints by Lynn Chambers

Serve a Salad . . . Win Your Vitamins (See Recipes Below.)

Vitamin Ways

Comes winter and fall when vegetables and fruits are more scarce than during summer and fall, and many a homemaker is apt to fall shy on serving her family these vital body regulating and protective foods.

Yet, this is the time when the body needs them most. These foods build up the body's resistance to disease—and keep you, to pick a common example, from having a cold as soon as warm weather and sun flee.

Minerals are busy building and repairing, replenishing body tissues that get torn down and used up, daily with every movement you make. Vitamins help you use the foods you eat.

Good-to-eat foods help the family take in all these vital minerals and vitamins. Drab, uninteresting dishes will send them off to eating other foods to take the edge off their hunger—wherever they can put their hands on something. I need not point out that in this way they may really be losing out on foods necessary to the body.

Cooking vegetables well, and doing pretty things to their appearance will help their consumption rating. A bit of sauce or extra seasoning will put an ordinary vegetable over and at the same time insure your family of what it needs most:

- Scalloped Peas and Onions. (Serves 5 to 6)
 - 1 pound small white onions
 - 1 No. 2 can peas
 - 3 tablespoons butter
 - 3 tablespoons flour
 - 1 teaspoon salt
 - 1 cup milk
 - 3 tablespoons finely crushed bread crumbs
- Parboil onions 25 minutes. Drain. Drain peas and reserve $\frac{1}{2}$ cup pea liquor. Melt 2 tablespoons butter, blend in flour, salt and pepper. Add pea liquor and milk and cook until mixture thickens, stirring constantly. Pour into casserole. Melt remaining butter, stir in bread crumbs, sprinkle over casserole. Bake in a moderately hot (375-degree) oven for about 25 minutes.

Lynn Says: Vital Statistics: There are about seven inches in the Nutrition Yardstick which bear checking every day in every way so as to keep you and your family in the running:

The first inch includes milk: 1 pint per day for every adult and 1 quart for every child. Of course you don't have to drink all this milk. Use part of it in cooking.

Second honors go to meat, fish or poultry, and this is not hard to use up. For lunch or dinner, whichever fits best for your family, one serving per person should be counted.

At least one egg a day or at least four to five per week marks the third inch. Have it for breakfast or toss it in the hot bread for dinner, or custard for lunch.

Cereals' important, too. Serve it in the breakfast, or a pudding or even cookies. Bread and rolls come under this category, also.

Fifth inch includes the vegetables: two besides potatoes, one should be a leafy vegetable—spinach, lettuce, broccoli, romaine, etc.—and the other raw. Cabbage is perfect.

Now, the fruits. Two a day isn't hard to manage. Of course you start off with breakfast, and then include one for lunch or dinner.

The last and seventh inch includes butter or some fat rich in vitamin A. This is for fuel and energy.

- This Week's Menu
- Browned Oysters
- *Scalloped Peas and Onions
- *Cranberry-Pineapple Salad
- Hot Biscuits
- *Apple Juice Mince Pie
- *Recipes Given

Vegetable Bouillon. (Serves 2)

- $\frac{1}{2}$ cup water
- $\frac{1}{4}$ to 1 cup juice strained from canned string or wax beans
- 1 bouillon cube
- 2 small sprigs parsley
- Add water to bean juice and heat to boiling. Dissolve bouillon cube in boiling liquid. Serve hot garnished with parsley.
- A one-dish meal that's good for fall is this one with many vegetable favorites:

Ham Hock With Vegetables. (Serves 5)

- $2\frac{1}{2}$ pounds ham hock
- 5 medium-sized potatoes
- 1 bunch carrots
- 5 medium-sized onions
- 1 medium-sized head of cabbage
- Wipe ham hock. Cover with boiling water, cover and simmer two hours or until tender. Clean vegetables, add to meat, cook, uncovered 20 to 30 minutes or until vegetables are tender.

Fried Squash Cakes. (Serves 6)

- 3 small squashes
- 1 cup drained canned tomatoes
- 1 cup shredded, processed cheddar cheese
- 1 tablespoon chopped onion
- 2 cups soft bread crumbs
- Salt, pepper
- 3 tablespoons melted butter
- Parleyed bacon
- Wash the squashes and cut them in half, lengthwise and cook in boiling salted water until almost tender. Scoop out the centers, leaving a $\frac{1}{4}$ inch shell. Cut the pulp into small pieces and drain thoroughly. Combine with tomatoes, cheese, onion, 1 cup bread crumbs and seasonings to taste. Pile this into the squash shells and sprinkle with remaining crumbs mixed with the melted butter. Bake in a moderate (350-degree) oven until the crumbs are brown. Arrange in a round platter and serve with parsley and crisp, broiled bacon.

A few green leaves of lettuce, romaine, watercress or other salad greens guarantee much of the important, but hard-to-get vitamin D. Perhaps, you like the greens plain, or perhaps with a bit of color such as:

*Cranberry-Pineapple Salad.

Cut slices of canned cranberry sauce and top with slices of pineapple. Arrange in lettuce nests. Soften cream cheese with milk and add a few chopped nuts. Shape into balls and place among lettuce leaves. Serve with mayonnaise.

*Apple Juice Mince Pie.

- 1 package orange flavored gelatin
- 2 cups apple juice
- $\frac{1}{2}$ teaspoon lemon juice
- 1 cup mince-meat
- Cream cheese
- Dissolve the gelatin in apple juice that has been heated to the boiling point. Add lemon juice and mince-meat. Cook until thick and creamy, then pour into a baked pie shell. Chill until firm, then decorate top with cream cheese put through a pastry tube.

GROWTH IN CHRIST

LESSON TEXT—Luke 2:40-52; II Peter 1:1-8.

GOLDEN TEXT—But grow in grace, and in the knowledge of our Lord and Saviour Jesus Christ.—II Peter 3:18.

Growth is a normal thing. We expect it of the child, and when it fails we know that something is wrong. Just so there is something very decidedly wrong in the life of the Christian who fails to grow in grace. If a child fails to grow we are alarmed, but if a Christian does not grow we hardly notice it, or at most only express our regret. We need a revival.

I. Normal Children Will Grow

(Luke 2:40-52).

While Christ was God manifest in the flesh, He was at the same time true man, and as a boy He developed and grew in a normal way.

Unless we meet the tragedy of arrested development we need have no concern about the fact that a child will grow physically, mentally and spiritually. The Lord has placed in the babe in a mother's arms the potential qualities of the man or woman to come. Our chief responsibility is to provide the opportunity for the development of those abilities and qualities which the child has, and of guiding that growth in the right direction.

That is all a parent has to do, but it is enough to call for all the wisdom, judgment, patience and skill of the best of us. Yes, and even that is not enough, we need the wisdom of God and His grace upon our lives to do this vital work as we ought.

The qualities in a boy or girl which will count gloriously for God may be dreadfully effective for Satan if we permit him to get control of our children. May God help us to be alert and skillful in rearing our boys and girls.

While it is true that we can do more for the guidance of physical and mental growth than spiritual (because that is a matter of the grace of God), we can lead the steps of the little child to the house of God; we can teach him to pray and to trust God, and we can set an example of godly living before him. That is all we can do; but again we say, it is enough to demand our best effort and more.

II. Normal Christians Will Grow

(II Pet. 1:1-8).

In Christ there are "all things that pertain unto life and godliness." There is no need of some added experience, or some new and striking endowment, for all the unbelievably great possibilities of Christian grace and growth are in Him. We need only to recognize that fact and yield to Him, and there will be the full development of Christian life and experience.

We have, in practice, so far departed from the normal in Christian life that we can hardly believe that the above is true. In place of the normal Christian life according to God's standard, we have established a standard based on the average Christian life. If we equal it we are satisfied, and if perchance we surpass it we count ourselves among the "more spiritual" ones. And all the time the average standard is far below the normal Christian life which God not only expects, but is ready to enable and empower us to live.

Peter tells us in this passage that the great and precious promises of God in Christ are not only to enable us to escape the corruption of this sinful world, but to go on to a place where we will neither "be barren nor unfruitful" Christians. How will this come about? Verses 5-7 tell us.

Faith supplies in itself (rather than "add to," v. 5), if there is "diligence" (that is, true Christian devotion), a number of other splendid qualities. First comes "virtue"—really moral courage, or nobility of character. What a fine step forward! Then comes "knowledge," that is, a discernment which will give practical skill in effective daily living for Christ. Such spiritual discernment will naturally lead to "self-control"—something much needed by most Christians.

The self-controlled one will always have "patience," that is, the endurance to stand every hardship and trial. We need to be more patient not only with others, but also with ourselves, even in this matter of Christian growth of which we are speaking.

A life like that is a life of "godliness," which will blossom out into real "brotherly kindness." There isn't too much of that in the world today, even among Christians. Let's revive it! Then what? The one who loves his brother will love the whole world (charity, in v. 8, should read "love"). Why not? Are we not all brethren, who know Christ, regardless of race, position or creed?

Let such virtues "abound" (v. 8), and no Christian life will lack in rich fruitfulness for God in Christ. If Christian people would let the new life within them grow, it would surprise us and them what God would do through them for His own glory.

PATTERNS SEWING CIRCLE

Pattern No. 8219 is made for sizes 6, 8, 10, 12 and 14 years. Size 8 years, short sleeves, requires 2 yards 39-inch material, 4 $\frac{1}{2}$ yards ric rac braid.

Send your order to:
SEWING CIRCLE PATTERN DEPT., Room 1116, 211 West Wacker Dr., Chicago. Enclose 20 cents in coins for each pattern desired. Pattern No. Size Name Address

Household Hints

For a flavorful top coating for meat loaves, spread with a thin layer of chili sauce the last 20 minutes of the cooking period.

Grass stains usually come out when saturated with lard or other fat, then washed several hours later in warm soapy water.

For extra flavor in dark fruit cakes use cider or spiced fruit juices for the liquid.

Often a crust forms on rising dough. To avoid that, spread a little fat over the dough and cover it with a cloth.

When buttering sandwiches dip knife in hot water frequently and it will be much easier to spread the butter.

Sift spices with flour so they will be distributed properly throughout the batter or dough.

SHE'LL go places happily, knowing she looks very pretty in this ric rac decorated frock! A low cool neckline ends with a smart button, a panel down the front adds further intriguing fashion interest! The nipped in waist which does wonders for her figure is held firmly by the side sashes which tie in back.

HELLO SHOPPER! Buy me for Vitamin B₁, Iron, Energy and Finer Flavor. NATIONAL MINUTE OATS. A NATURAL WHOLE GRAIN CEREAL. This type of food is among those recommended under the National Nutrition Program.

Growing Great Great men, great events, great epochs, it has been said, grow as we recede from them; and the rate at which they grow in the estimation of men is in some sort a measure of their greatness.—Principal Shairp.

IN THE NAVY they say—'BOOT' for recruit, 'HIT THE DECK' for get on the job, 'SMOKING LAMP'S LIT' for smoking permitted, 'CAMEL' for their favorite cigarette. With men in the Navy, Army, Marines, and Coast Guard, the favorite cigarette is Camel. (Based on actual sales records in Canteens and Post Exchanges).

IT'S STRICTLY CAMELS WITH ME. THEY'RE FAR AND AWAY MILDER, FOR ONE THING, AND THEY ALWAYS TASTE SWELL!

FIRST IN THE SERVICE... CAMEL TURKISH BLEND CIGARETTES

THE RED & WHITE STORES The Sign Of A Dependable Store

'Roach Powder' Turns Out To Be Big Can of T. N. T.

HOUSTON.—Mrs. Pat C. Sharp breathed a sigh of relief Saturday. The police came and got "T H A T" can which dropped from an Army truck in front of her house.

First, she thought it was a can of roach powder—until neighbors inspected it and advised her to call police—but quick. She did. The can contained T. N. T.

The present often makes up the past, if the present cost enough.

A Tennessee thief stole an antique bed. Maybe the police will catch him napping.

BLIND SHOT HITS SKUNK MARTINEZ, Cal. — Ex-Mayor Raymond E. Claeys shot a skunk that was prowling in his back yard at night, without knowing at the time that it was skunk. He knew to his dismay, afterwards.

'NO "POKER PARLORS"' CULVER CITY.—Draw poker is still in an unlegalized status in this city. An ordinance to authorize the operating of "poker parlors" at the ratio of one for every 6,000 of population, got as far as two hasty readings before the city council, but before the third reading could take place—public opinion "mowed it down" like Charley McCarthy.

BABY LIKES NO. 9 COLUMBUS, O. — A daughter, Charlotte Jane—nine letters in her first name—was born to Mr. and Mrs. Shirley Alfred Runyon Sept. 9—ninth month—at 9 a. m. and weighed nine pounds.

PAPER HAS GIRL CARRIER. SANTA CRUZ, Calif. — A tradition of nearly a century was broken here when 14-year old Belmarie Henke, Santa Cruz High School girl, took over a newspaper route for the Santa Cruz Sentinel. Founded in 1855 it was the first time in 87 years that the paper was unable to secure carrier boys.

Judge Fox Asked To Name Gas Ration Panel

Judge B. S. Fox is in receipt of a notice from the Office of Price Administration of Fort Worth, to the effect that in order for the present organization to handle the rationing of gasoline properly and efficiently, it will be necessary to organize a Gasoline Rationing Panel in addition to the present War Price and Rationing Board membership.

The Office of Price Administration requests that Judge Fox immediately submit a list of at least three persons, giving business affiliations of each, so that our county gasoline panel of 3 members may be set up. Representation of labor, agriculture, industry, etc. should be included, and members with gasoline, tire and automobile affiliations are not eligible for appointment, OPA further advises.

The volume of work in gasoline rationing will be greater than many have anticipated and the OPA office further asks that Judge Fox immediately designate the individuals as Chairmen of the panel, so that the gasoline rationing machinery can rapidly be set up. A call meeting was held Monday night at the courthouse so that the Defense Council and the General Chairmen of the County War Price and Rationing Board could submit names for the panel.

Rev. Jas. F. Stanley In Revival At Portland

Rev. James F. Stanley is conducting a revival meeting at the Portland Baptist church this week and will be absent from his pulpit in the First Baptist Church here Sunday. Rev. J. P. Gray of the Portland church will preach here at both morning and evening hours.

Joe Adolphus Loses Finger Tip In Accident

Joe Adolphus, son of Mr. and Mrs. A. J. Adolphus, attending the NYA school in Cuero is home this week, due to an accident, in which the tip end of his left middle finger was cut off.

Adolphus will return Sunday to finish his course.

Red Cross Pins Are Now Available

Red cross pins are now available to all who are doing Red Cross work, and can be secured from Mrs. F. L. Booth or Mrs. Jack Davis.

The knitting class meets every Tuesday afternoon at 4:00 o'clock at the Red Cross rooms, and those having wool are requested to bring in their work for inspection.

Local Draft Board Inspected By Supervisors

Capt. Lloyd Fillbaum of Austin and Jewel R. Stevens of Dallas, Draft Board Supervisors, were in Rockport Saturday and Monday making a routine inspection of the local draft board and to instruct the employee in the Board of office.

The supervisors did not discuss or comment on any classification.

Arthur Lee Roberts Reports For Duty

Arthur Lee "Little Chic" Roberts, son of Mr. and Mrs. R. A. Roberts, will leave Friday for Corpus Christi, to report for duty in the U. S. Navy. He entered as an apprentice seaman.

"Little Chic" graduated from the Rockport High School last year and has been employed by Rice Brothers and Company shipyard since graduating.

Lee R. Young Promoted As Technician

SAN ANTONIO, Texas, Oct. 14. —Tech 4th grade Lee R. Young of Rockport, Texas, attached to headquarters company Third Army, has been promoted to Technician 3rd Grade.

This announcement was made today by Headquarters Third Army, Lt. Gen. Walter Krueger commanding.

Fulton School Plans Reach Completion

Fulton trustees and school patrons met Thursday evening to decide on a definite plan for their new school building to be erected as soon as material is available. The building will consist of two rooms 22'x28' and an auditorium, 24'x54'. All specifications to conform with the State Department of Education requirements.

Mrs. Michael of Woodside, Long Island, N. Y. is visiting here this week in the home of her sisters, Mrs. Peggy Johnson and Miss Betty Dolan. Mrs. Harris' daughter, Katherine, is now engaged at the Metropolitan Theatre in Houston, billed as the dancing star, "The Girl With The Ste elToes."

Personals

Corporal John Hawes has been transferred from Fort Sam Houston to Kingsville. He is with a Military Police Battalion.

Mrs. Sherman Strong is back in Rockport, arriving Monday to meet her husband, Lieut. Strong who has been here for the past week. Lieut. and Mrs. Strong have been stationed in Rockport formerly, and are now back for an indefinite stay.

Miss Melba Phagan is attending NYA training in Corpus Christi.

Perry R. Bass, owner of the boat works in Fulton, is moving his family from Ft. Worth to Rockport this week. They are moving in the Floyd Huffmans' home.

Mr. and Mrs. R. E. Langeley of San Antonio and niece, Miss Cora Ann Wheeler of Skidmore, caught 140 pounds of fish on their weekend trip to Rockport.

Mrs. Jim Warnock, Mrs. Ernest Silberisen and Miss Marie Johnson were in San Antonio this weekend.

Mrs. A. J. Adolphus visited her sister, Mrs. G. S. Spinney in Aransas Pass last week, returning home Monday.

Mr. and Mrs. Brandon Clingman and daughter, Sallie Mat of Keithville, La. arrived here Monday for an extended visit.

Mrs. M. F. Saint, Mrs. William Bettley, Mrs. Nannie Deane, Mrs. Ernest Harrist and Miss Mary Augusta Dean spent Tuesday in Corpus Christi.

Mr. and Mrs. D. R. Simmons, and son, Jimmie, will leave Sunday for Junction and Liberty Hill for a week's vacation.

Mr. and Mrs. Travis Johnson were hosts to Mr. and Mrs. W. H. Woellert of Poth the weekend. Mrs. Woellert is a sister of Mrs. Johnson.

Mr. and Mrs. Chas. Cleveland were in Corpus Christi Tuesday.

Rev. J. H. Kelly returned this week from a three weeks' trip to Chicago.

Mr. and Mrs. Walter Bean were in Corpus Christi Tuesday.

Mr. and Mrs. A. T. Bock and Mr. and Mrs. George Singler of Refugio were in town Saturday visiting the Edric Deans.

E. W. Hawes, Jr. of Seadrift was here Saturday.

Mr. and Mrs. C. E. Ankele and son Jimmie, of Houston arrived Monday for a week's visit with Mr. and Mrs. J. C. Hanway. Mrs. Ankele is the daughter of Mrs. Hanway.

Mrs. T. C. Kelly returned Sunday from Corpus Christi where she spent the past three weeks with her daughter, Mrs. H. D. Ainley and new grandson.

Lloyd Lassiter, formerly employed at Camp Hulen in the Fire Department, began working at the Rice Bros. and Company's shipyard last Thursday.

Mrs. W. B. Allen and Mrs. W. P. Staples and grandson, Jimmie Miller were in Corpus Christi Tuesday.

Mrs. Mattie Johnson and daughter, Ellen, spent the week-end in Kennedy.

Mrs. C. J. Crow and daughter, Julia Kathryn, were in Corpus Christi Thursday visiting C. J. Crow, Jr. and family. Mrs. Kate Ezel also went with them to visit her daughter, Mrs. Walter Butler.

Carlton Weaver with the Union Carbon Company of Corpus Christi was in town Friday on business.

Mrs. Norvell Jackson was hostess the week-end to Miss Jessie Lee Harrell of Corpus Christi, a former Rockport teacher. Miss Harrell is now teaching the seventh grade in the Robert Driscoll Junior High School in Corpus Christi.

Mrs. Fannie Dietrich's nephew, Robert Hoebenin of Houston arrived last Thursday for a few days visit in her home.

Miss Patsy McLead spent week-end with her parents, Mr. and Mrs. O. E. McLead. Miss McLead is attending the NYA school in Corpus Christi, starting last Wednesday.

Mrs. L. E. Sanders is returning Monday to Port O'Connor to stay with Mr. Sanders until his work there is completed.

Mrs. D. R. Simmons and Mrs. J. J. McWright were in Corpus Christi Wednesday.

Mrs. Leonard Caserline, Mrs. Fred Cloberdants, and Mrs. Ted Little were in Corpus Christi Wednesday.

Costs \$15,000 To Train Each Navy Aviator

AUSTIN, Tex. — Texas athletic coaches who attended a U. S. Navy physical fitness school here got a dollar-and-cents valuation of proper training.

It costs the government \$15,000 to train a Navy aviator, Lt. Wesley Brown explained. If a flier is forced down in enemy territory or away from immediate rescue, his physical fitness probably will determine whether he returns to fight again.

Fliers who get back to their squadron thus save considerable expense and time of the armed forces.

Mrs. Peggy Johnson and Miss Betty Dolan have two more songs accepted, "So Long Little Dogies" and "I'm In The Army Now", which will be released soon by Dave Ringle, through the A. S. C. A. P.

Miss Helen Morgan spent weekend in Houston visiting her parents. Dr. Chas. F. Cron attended the Tru County Medical Association meeting held Friday in Odem.

Is Drafted Again On Same Day And Month As Before

TROY, N. Y. — A veteran of the first World War, Charles D. Guerin walked into the office of his draft board waving a piece of paper:

"Look what I brought along with me, my induction notice for the first World War."

Sure enough the paper showed that Guerin was called up for induction in the first World War on Sept. 9—the same day and month the board called him for induction in the second World War.

Clear The Decks!

Two men worked side by side in a War Production Board office in Washington. They never spoke, but each watched the other. One man quit work daily at 4 o'clock. The other toiled on till 6 or later.

Some months passed. Then the harder working of the two approached the other.

"I beg your pardon," he said. "Do you mind telling me how you clean up your work every day at 4 o'clock?"

"Not at all," said the other man. "When I come to a tough piece of detail, I mark it, 'Refer to Commander Smith. And I must be right; none of those papers comes back to me."

The harder worker started to remove his coat. "Brother," he said "prepare for action. I'm Commander Smith." —Boston News Bureau.

THE METHODIST CHURCH ALMUS D. JAMESON, Pastor. Church School 10:00 a. m. Preaching 11:00 a. m. Leagues 7:30 p. m. Preaching 8:00 p. m.

At the evening worship, much will be made of the song service after which the sermon will always be abbreviated and to the point. The public is cordially invited to be present with us especially in this refreshing and inspiring service.

Chaser Launched--

(Continued from page one) held and the little ship made its way safely into port.

KEEL WAS TREE 6 MOS. AGO Rice, in praising the workmen for the speed in turning out good boats, said that the keel of the 1043 was made from oak trees "that six months ago were growing in the hills of Kentucky."

"The planking is fir from Oregon and the ribs are from timber that was growing in the swamps of Louisiana three months ago", Rice said. "This boat may be just another boat to some here today, but to you workmen it has a different meaning."

"In the planking there are 66 strakes into which you put 21,780 spikes to hold it into place. There are 64 strakes of fir into which you put 12,800 spikes."

Rice said there were 24 tons of steel in the boat, most of which was shipped here in the rough and finished by the men in the yard's shops. Two hundred and fifty gallons of paint was used to finish off the job.

CPL Changes - -

(Continued from page one) Texas was too great and he returned to CPL at Aransas Pass on the first day of last December.

Caraway took an active part in civic affairs in Rockport. He came here in 1939 and since that time has served as Chamber of Commerce president, secretary of the Lions Club, member of the Defense Council, and was secretary treasurer of the school board until leaving.

Scrap Drive --

(Continued from page one) Chief Edward Barnard of the Fire Department said that he would ask members of the department to volunteer their services Sunday afternoon. He said he believed nearly everyone would. There are also a number of others who have volunteered to help.

Students of Rockport schools are doing a good job in advertising the drive and in locating and collecting scrap. The schools will dismiss at 1 o'clock Friday afternoon and each student will have an assignment to carry out in connection with this all-out effort to win the war.

If you have heavy pieces of scrap—discs, rods, angles, etc.—for removal to move, please call County Judge B. S. Fox or the Rockport Pilot and arrangements will be made to get such scrap to the salvage depot.

If for some reason your scrap pile should be overlooked in the round-up Sunday afternoon, you are urged to call Judge Fox or the Pilot. Every effort will be made to get all the scrap in Sunday afternoon.

Be sure to hunt up all the scrap about your place. There is no amount too large or too small. Every single ounce is needed.

ASTRONOMY MYSTERY

Astronomers are still mystified by the zodiacal light, a curious gleam that stretches up from the horizon in a cone-shaped display after sunset and before sunrise.
