## DDT SPRAY TESTS HERE TERMED SUCCESSFUL

**INSECT-FIGHTER PLANE** — This silver Navy transport circled back and forth over Rockport yesterday, emitting two funnels of DDT that settled on the ground and water to kill insects and prevent disease. An experiment of nationwide importance, the spraying was termed a success by every visiting official and the work went into the first pages of the DDT history, to which the introduction was written on Pacific Islands where men were rid of insects as they fought Japs. Plans have already been made for another spraying here next May to open the tourist season with the announcement of an insect-free resort town.

**THE BEST LAID PLANS**—Did not go astray on DDT experiments here. Capt. Pope Lawrence, in charge of the work for the State Health Department, center, Comdr. Winslow T. Tompkins, Navy Medical Corps, left; and Lt. Richard Pittenger, commanding officer of Rockport Airfield, work out their brief before the plane takes off. Commander Tompkins found it wonderful to work where he could choose his time and place for flights rather than as he did at Iwo Jima and Okinawa where timing had to reckon with enemy attacks and at times the American troops would cease fire while the spray plane came over to protect them from disease carrying insects as well as pests.

### Flies, Mesquitos And Larvae Killed Within 3 Hours

**State Health Director Is Here to Observe Navy Plane Flight**

Conclusive proof that DDT sprayed from a plane will kill insects and larvae that are in contact with it was drawn from tests run here Wednesday by the State Health Department and the Navy as a prelude to spraying of the entire coastal area.

Dr. George W. Cox, director of the State Health Department, and Mrs. Cox of Austin were here to observe the tests on dispersal of the DDT made by Comdr. Winslow T. Tompkins, executive medical officer of the Naval Air Station, and tests on the effect of the spray made by Capt. Pope Lawrence, State Health Department Engineer.

The long Navy transport made one flight at 125 feet off the ground in the morning and another

### DDT AVAILABLE AT CITY HALL TO SPRAY PREMISES

DDT is still available at the City Hall for home spraying. Mayor Jack Blackwell suggested that since the supply has been more than sufficient for homes, each resident obtain some of the powder and spray around the ponds and standing water on and near his property.

## PIRATES PLAY CALALLEN OPENER HERE FRIDAY

### Joe Johnson, Jr., Mundine Named As CoCaptains

### Ramseur Takes Squad Under Lights After Heavy Drills

Joe Johnson, Jr., and Eddie Mundine were elected co-captains of the Rockport Pirates this week to lead their team in the opening game of the season tomorrow (Friday) night at 8:15 o'clock at Rockport stadium.

Capt. John Ramseur will see for first time his squad run out onto the field to face the Calallen high school team and show the stuff which he will have to work on for the season.

The new coach has 10 lettermen to give him their experience and a 23-man squad that is pawing the ground to get under the lights.

With two weeks of practice be-

hind them, one of the boys said "A game shouldn't be tough after what we've been through in practice."

Capt. Ramseur said his boys are in excellent condition for tomorrow night. The game, he said, will test them and they will gain enough from it to stand them in good stead for the remainder of the season, win or lose.

Practice in passing and kicking the past week has brushed the boys up, on the tactics in which they had least experience. Johnson and Mundine are being worked into a passing team and Russell Rowe is showing up as a good receiver. Denny Smith is getting speed in his running and Bert Haney has been in with the blocking on every play.

Dexter Wright, hard-hitting tackle for the past two seasons is showing added power after a summer in the oil fields, and Jack Davis will probably be moved up from a sub-tackle to a first tackle position. Albert Hunt is as versatile a guard as he has proved himself for the past two seasons charging as an end.

Eddie Mundine, despite an injury when a pipe hit him in the mouth while he was working in the oil field and knocked out his teeth, is ready to go into the initial game.

The new coach has set a strict policy with his players that should keep the team in top shape. "The boys will have to keep training," he said, "if they are going to play football. There won't be any staying up late, smoking and other rule breaking if I have to play Freshmen boys."

A capacity crowd is expected in the stadium to see what Rockport has to offer for the season.

Starting line-up will be as follows:

Russell Rowe LE,	160 pounds.
Robert Franklin, LT,	150 pounds.
Denzel Bardwell LG,	150 pounds.
David Herring C,	165 pounds.
Clifton Evans RG,	140 pounds.
Dexter Wright RT,	170 pounds.
Kenneth Phagan RE,	140 pounds.
Joe Johnson, Jr., Back,	130 pounds.
Bert Haney, Back,	125 pounds.
Eddie Mundine, Back,	147 pounds.
Denny Smith, Back,	150 pounds.

Managers of the team are Jimmy

### Quick-Spreading Flames Destroy Moyston Home

A quick-spreading blaze burned to the ground Tuesday night the two-story home of Mr. and Mrs. Roy Moyston on Fulton Beach an hour after they had left Rockport to attend the Bob Hope show at Corpus Christi Naval Air Station.

By the time the smoke and flames were seen and the alarm turned in, the entire house was ablaze and no household furnishings could be saved. The Rockport Fire Department answered the call and saved the servants quarters as well as preventing the fire from spreading.

The home had been on the market at a price of \$25,000 including the bayfront lots. Valuable rugs and furniture were in the house but many of the antiques had recently been moved to Mr. and Mrs. Moyston's new San Antonio home. As Mr. and Mrs. Moyston did not return to Rockport, insurance coverage on the house was not known.

Mr. and Mrs. J. W. McNett of Corpus Christi were visiting in the home for several days. They were swimming near the pier about 6:30 o'clock when they saw smoke and immediately afterward, flames.

High flames and black smoke attracted a large crowd and a fire truck and ambulance were sent by the Navy to offer assistance.

Only the brick chimney of the two-story, nine-room frame house stood.

Cause of the fire was not known but it is believed that either a leak or air pocket in the gas line may have started the blaze.

Substitutes are Norman McLead, Frederick Close, Glenn Owens, Alex Stewart, P. H. Landrum, Jackie Dietrich, Bobby Morrison and Bobby Joe Hewitt.

Officials, all members of the Gulf Coast Officials Association, will be Hayden Cooper, umpire, George Moore, head linesman, and Bill Kirk, referee.

### 464 Students Register Monday

Enrollment in Rockport Schools reached the highest figure since 1941, when 353 registered in the Elementary School the first day and 96 in the high school and 15 more registered Tuesday.

These figures compare to 343 and 73 last year. Supt. Morgan C. Wheeler expects an enrollment of 500 by the end of the week.

School opened Monday morning with an assembly. After a group song, the Rev. T. H. Pollard gave the invocation, and the Rev. J. H. Kelly made a short talk. Wheeler introduced the teachers and talked to the high school students about their work and their conduct in the school as well as in public.

He announced that an effort is being made to obtain the discharge of William McGrath that he may return to head the music department here. In service 44 months, he is now stationed at Ashburn General Hospital.

in the afternoon over Rockport, Fulton and the surrounding area.

Captain Lawrence, with the assistance of Lt. R. H. Waldrop of the Corpus Christi Health Unit, had placed cages of flies and mesquitos and pans of larvae at points within and outside of the area to be sprayed. Within 30 minutes many of the flies, mesquitos and larvae were dead and others inactive. On only one cage of mesquitos showing signs of spray were the adults alive after three hours. All adults and larvae in cages outside of the sprayed area were still active.

Before the plane made its sweeps over Rockport, a test was conducted at Rockport Airfield by Commander Tompkins. Glass slides sprayed with carbon were placed at intervals along the runway and the plane made three runs over the slides. Spots of DDT on the slides showed a concentrated dispersment of 300 feet with the plane flying 135 miles an hour. The trips over Rockport were based on that width with the plane moving ov-

**Along  
 The Waterfront**

Rockport and Fulton were back in the shrimping business seriously this week for the first time in 1945. Shipments of seafood from the area were the biggest to date. Over the rails, \$25,700 worth of seafoods started for inland towns. This was above truck shipments and shrimp consumed locally.

The industry also got into the post war era with a veteran launching his new shrimping boat and getting it ready to supplement the fleet.

E. B. Billings returned from the Pacific with several medals and a discharge. He purchased a new 36-foot boat, partially completed, and launched her Sunday. He is now rigging her and getting ready to bring in his share of the fall run. He will fish for S. F. Jackson.

No loads were unusually large nor were bay shrimp yet of good size, but most boats were coming in with fair loads from either the gulf or bay.

Jackson said most of his boats are working the gulf and doing well.

Skippers in the bay have had a great deal of trouble with the bottom since the storm. Mud banks have built where none were before and the nets pull under them, breaking the net line. One net was lost Monday and a number have been damaged.

Alvin Brundrett caught in his net a large cedar tree that was on the bottom. The wind and tide took seaweed and other debris from the beaches and scattered it in nearly all parts of the bay.

The "Barbara" with Skipper Conney was high boat at Fulton Fish Company last week. She brought in 1,400 pounds from the gulf. High boat in the bay was the "Katherine" skippered by Woodrow Renche. All boats but the "Rodney" are running and she is out for a motor overhaul.

Work on rebuilding Bill Johnson's oyster house will start Monday.

Robie Cole will launch the "Waldo" next week and complete her in the water. Her hull has been entirely rebuilt.

Rouquette and Wendell, whose boats all tried to join their cattle

**Slumber Party Given  
 At Home of Alice Bell**

Alice Bell was hostess to a slumber party at the home of her parents, Mr. and Mrs. Walter Bell, Saturday night.

That day, the girls had hiked around the loop and eaten a picnic lunch.

Guests were Vanda Smith, Marjorie Hunt, Ruth Ann Davis, Betty Lou McGregor, Betty Joyce Dye, and Laurene Wright.

in the pasture at Port Bay during the storm, have everything running now but the "Captain Head". She is on Perry Bass' ways for a new cabin as her old cabin was blown off.

Their boats have been bringing medium catches in from the bay. "Irene G" with Skipper Pete Perez was high boat with 1,200 pounds.

Bunk Wendell said oystering will not get underway until cotton picking is over and some of the pickers come in to do the oyster opening. There are few openers ready to work now.

At Cecil Casterline's, 63,390 pounds of shrimp were brought in from the gulf and the bay. Skipper Calvin on the "Florence Mae" was aigh with 11,000 pounds of gulf shrimp. Eighteen boats are working out Hubble and Cook's large boats have not been brought around from their dry dock at Back Bay. Fish are scarce as all the boats have turned to shrimping.

The "Blue Bell" and "Clematis", Coast Guard Boats have been here for a week, doing repair work on beacons and markers.

Johnson Fish Company reported fair catches in the Gulf and the bay. All boats are shrimping. There were no unusually large loads.

Travis Johnson's "Colleen" was hauled out on Preston Paul's ways Monday for a wheel repair.

Don Danver's "Episode" and Harrison's "Annie Rooney" are on the Rockport Boatworks ways for complete repairs after the storm. Frank Marchison's pleasure craft is up for overhaul as is Gentry's "Fish Hound" from which the paint is to be burned off and replaced. Darrah's "Ann" is up for overhaul. The oil company barges have been completed and work has now started on the building of the boats under the same contract.

**Pittenger Receives  
 Leg Injury**

Lt. Richard Pittenger, commanding officer of the Rockport Airfield, received a leg injury Saturday at Corpus Christi and has been at the Naval Air Station Hospital this week. He is expected to return to his home today or tomorrow.

Lieutenant Pittenger had gone to Corpus Christi to meet his wife and baby daughter, Rebecca Ann, who came in on the plane. Driving from the airport, he stopped at a service station and was putting water in the radiator of his automobile when another automobile backed into him. A trailer hitch on the other car struck his leg.

In his absence, Ens. W. W. Christy is in charge of the field here. Christy was previously in Rockport when Lieutenant Pittenger was on leave.

**Musical Given For  
 Three Members of  
 Pollard Family**

An informal musical was given at the home of the Rev. and Mrs. T. H. Pollard Sunday night for the three members of the Pollard family of the family who are leaving Rockport, Lt. Shelby Pollard, Dorothy and Harris Pollard.

About 35 members of the Presbyterian Church joined in the group singing. Accompanied by Miss Pollard. Solos were sung by Lieutenant Pollard, Mrs. Jan Hooper, Mrs. Pollard, R. E. A. Rase, and Hugh Morrison. Ted Little played a violin solo.

Lieutenant Pollard, who has been here on leave, left Wednesday for Los Angeles where he is stationed at Lockheed Aircraft Corp. Miss Pollard returned Tuesday to San Marcos where she is teaching in the school system. She had been here for a month's visit. Harris Pollard, who graduated from Rockport High School last year, will enroll at Austin College, Sherman, as a candidate for the ministry.

Mr. and Mrs. E. R. Blaylock and daughter, Bonnie who spent their summer here, have returned to Bay City for the school year.

Byron Bush and daughter, Ellen, A. B. Clingman and Brandon Clingman of Shreveport, La., spent the week-end at their summer home here.

**ONE BY HAND—TWO BY AIR**—Bill Eason of the State Health Department carries out the first step of ridding the town of insects. With other health department workers, he sprayed ponds and other mesquite breeding grounds before the plane came over Rockport. Added to this was the home spraying with DDT issued at the City Hall.

**Quarterly Conference  
 Held At Presbyterian  
 Church Sunday**

The Rev. H. S. Goodenough, presiding elder of this district of the Presbyterian Church, was in Rockport Sunday and preached the sermon at the church service.

After the service, the last of the quarterly conferences was held to discuss the business of the church.

**Evening Services  
 At Baptist Church  
 To Begin Earlier**

Evening services at the Baptist Church will begin a half hour earlier Sunday night and each Sunday night during the fall and winter months, the Rev. E. John Meyers announced yesterday.

The services will start at 8 o'clock. During the summer months they were held at 8:30. Times of morning services will not be changed.

NIGHT PHONE 3 0 1 1 DAY PHONE W. L. MIKEAL 4 6 6

**"Mr. COE"  
 and the wait  
 for telephones**

We might call him Mr. COE, which is short for "central office equipment." He lives in telephone central offices, the most complicated part of the telephone system, and the part least known to the public. Mr. COE brings the wires from many telephones together in the right order, and provides switcher so that one telephone can be connected to any other.

He's got his hands full now. Of the 240,000 people waiting for us to furnish them telephone service, the great majority are waiting because Mr. COE can't connect lines for them in central offices.

A lot more equipment is needed. Telephone factories are hard at work to make it, now that the war is over. But the equipment is complicated. It's slow to make and slow to install. Rest assured, however, that as fast as it's available, Mr. COE will use it to connect as many telephones as possible.

**QUICK CONVERSION  
 gives you better than Pre-War  
 ESSO EXTRA NOW!**

Today you can fill up with better than pre-war Esso Extra at your Humble station because Humble has already converted—in a minimum of time—the superb manufacturing facilities developed for wartime needs to peacetime use.

The same equipment that made 100-octane gasoline for war planes now makes Esso Extra—a gasoline you couldn't buy in 1941—a higher octane motor fuel than Humble has ever made before. For better than pre-war performance from your car—stop at your nearest Humble sta-

tion today and fill up with better than pre-war Esso Extra.

**COMING SOON!**

There's a new, high octane Humble Motor Fuel on the way. It marches just behind Esso Extra, and from it you can expect smooth, easy starting, quick pick-up performance at regular price. When Humble Motor Fuel is available, announcement will be made in this paper.

**THANKS!**

During the war years, Humble men and women worked with magnificent devotion to duty to give Allied arms the petroleum products needed for victory. Now, when their skill and Humble's unrivaled manufacturing facilities have been turned once more to the needs of peace, the Company feels it is a fitting time to let you, the user of Humble products, know of this, and thus to publicly express its appreciation to Humble workers for their outstanding loyalty.

Have Your Motor Tuned For Better Than Pre-War Performance

To take full advantage of the BETTER THAN PRE-WAR quality of Esso Extra, we suggest that you have your motor tuned. Some cars need only a simple adjustment with a screw-driver; others need the attention of a mechanic. But you know what your car needs. When you use better than pre-war Esso Extra, have your motor tuned for better than pre-war performance.

**Boxing Promoter Asks For Applicants**

Fred Lutz, boxing promoter, has announced the opening of matches in Corpus Christi to include South Texas boys, amateur or professional.

The boys will be matched with regard to weight, age and past ring experience. Lutz has asked that anyone interested contact him at 701 North Water Street.

**Humble to Broadcast Football Games**

Southern Conference games will be broadcast again this year by Humble Oil and Refining Company each week. Schedules of the games will be available at Humble stations and times will be posted there.

Announcers will be Kern Tips, Ves Box, Charlie Jordan, Bill Michaels, Dave Russell and others. Some of the games are scheduled for night broadcasts.

**Lorreen Dunlap and Clifton McElwee Married Monday**

Lorreen Dunlap, daughter of Mr. and Mrs. Lee Madden of Fulton, became the bride of Clifton McElwee, son of Mr. and Mrs. Jesse McElwee of Fulton, in a ceremony Monday afternoon at the Baptist parsonage with the Rev. E. John Meyers officiating.

The bride wore a tailored dress of light blue jersey and black accessory. The ceremony was simple with out attendants.

McElwee is employed by Casterline Fish Company. He and Mrs. McElwee will make their home at Fulton.

**Junior Class Has Food, Drink Concession for Game**

The Junior Class of Rockport High School will sell sandwiches and cold drinks at the game with Calallen here Saturday night. They will have a stand under the stadium for their concession.

The profits will be an early start on the fund for this year's Junior-Senior banquet. All members of the class will assist. Committee on arrangements is Joe Johnson Jr., Juanita Pitschke and Bert Haney, assisted by Mrs. Morgan C. Wheeler, class sponsor.

**Clara Seaton Visits Son On Leave At Corpus Christi**

Clara Seaton, teacher at Fulton school, returned Sunday after a three-day visit in Corpus Christi with her son, Lt. Luther Jones, his wife, and their two-year-old son J. Grant Jones.

Lieutenant Jones, a member of the Judge Advocate General's Department, is on duty with the Fourth Service Command, Atlanta, Ga., and will return there on termination of his leave.

**WIND BLEW ONT THE ELECTRIC LIGHTS BUT NOT THE CANDLE**

A candle still lights the way at "Hooper's Haven," and Mrs. Dick Hooper said the hurricane furnished one for Ripley.

Part of the house was blown off by the wind and the fence blew down. A fence post stood and tied on it was a glass chimney shielding a candle. When the wind stopped and the wreckage was cleared away, the candle and the thin piece of glass stood in their place, untouched and unbroken.

Pfc. Clifford E. Dietrich, who has served in Italy with the Combat Infantry for 37 months, is in the United States and wired from Florida that he would be at home soon. He is the son of Mrs. Frances Dietrich of Fulton.

Mrs. Roger Bracht is spending several weeks with her husband's parents, Mr. and Mrs. Arthur Bracht, at Fulton. Lt. Roger Bracht USMCR, left Sunday for Guam. His wife will live at Houston during his absence.

**Rebuilding Club On Matagorda To Take Five Months**

The four or five month job of cleaning up and rebuilding Matagorda Island Club by American Liberty has begun.

The damaged part of the club house and all other buildings on the island will be rebuilt. Those destroyed include ranch houses, boat landings, the garage and number of beach installations.

Their boat, the "Emma C" which sank in Rockport harbor, has been brought up and is on Preston Paul's ways.

Jack Lockridge said they have counted 77 head of dead cattle on the island and 12 head of horses, but will not know the full loss until they round up next month.

**SCHOOL'S PRETTY EASY, WELL, ANYHOW ON THE FIRST DAY**

"So that's all there is to it." Six-year-old Mary Ellen Ince, daughter of Mr. and Mrs. Byron Ince came home with that reaction the first day of school.

She had had a pleasant morning, received some fascinating looking new books, been greeted enthusiastically and sent home.

"School's pretty easy" she announced with the tone of one who holds a sheepskin in her hand and can honestly say "she has never cracked a book."

**Kelly Serves On Carrier In Jap Occupation**

S. C. Kelly, fireman first class, of Rockport, is serving on the aircraft carrier, USS Shangri-La in Tokyo, a part of the powerful Pacific Fleet completing the first stages of the occupation of Japan.

Under the operational control of Admiral William F. Halsey, USN, the Shangri-La, with 16 other carriers, six escort carriers, 12 battleships, 20 cruisers and more than 200 other United States ships, is helping take over control of the Jap's big naval bases.

The Shangri-La had a prominent role in the air strikes against the Jap homeland just prior to the surrender.

Judge and Mrs. B. S. Fox had as week-end guests, Airforce Officer and Mrs. Robert Pollak and daughter of California but now living at Bergstran Field, Austin. Mrs. Pollak is Judge Fox' niece.

**Crew of Dredge "Mobile" to Move Men Into Rockport**

As many of a crew of about 75 men as can find accommodations in Rockport will move here in ten days and remain for three months while the Intracoastal Canal is being dredged across San Antonio Bay.

The men will be on the dredge "Mobile" which will do the job for the third year for Atlantic, Gulf and Pacific of San Antonio, government contractors.

Jack Davis on the "SS Kinsel" will take the crew to and from the dredge each day. Those who cannot find living quarters here will stay at Aransas Pass.

San Antonio Bay, 20 miles north of Rockport, is the worst of the bays in this area in filling the adjacent channel of the canal. This is the third year in succession it has been necessary to dredge.

**Preparations Made For Highline At Copano Village**

A line has been broken through the brush at Copano Village for installation of a highline there. The work was done with a bulldozer by Wallace Brothers of Refugio.

Floyd Huffman, owner of the addition, said Central Power and Light Company had agreed to build the line before Oct. 1 and have electrical power in Copano Village by that time.

**Sgt. Samuel Solis Returns to States After 19 Months**

Tech. Sgt. Samuel Solis of Rockport, holder of the Air Medal, has arrived at the San Antonio AAF Personnel Distribution Command for processing and reassignment after serving 19 months in the European Theatre of Operations.

He will probably spend a furlough in Rockport then report to a station in the United States.

Mr. and Mrs. W. R. Johnson returned Tuesday from a wedding trip at Houston and Galveston. They will make their home in the Armstrong house here.

These NEW GULF GASOLINES assure you quicker starting... surging power in pick-up...

Now that you can go, go

"get-up-and-go" on hills without ping or knock... swift, smooth, gliding ease on the straight-away... and record mileage per gallon.

Pull up at the sign of the Gulf Orange Disc and treat your car to a tankful of "postwar power."

A new motoring thrill awaits you at your Good Gulf Station.

SAYS SECRETARY OF AGRICULTURE:

**Despite Victory Used Fat Saving Must Go On!**

Every woman in America should know that our country continues to face a serious fat shortage. And victory over Japan won't solve the problem immediately. We must keep on saving used fats in our kitchens!

If you have any thought that saving used fats is one of those wartime chores we can drop, now that Victory is here, please consider these facts and tell them to your neighbors.

America still needs salvaged fats. Not even at the peak of our war effort, when fats were required for mountains of shells and bombs and medicines, in addition to the ever-present need for soap, were our needs for salvaging fat greater than now. Our stocks have been drained by four long years of war, and there isn't enough on hand to meet all requirements.

Don't let "Victory psychology" blind you to this national need! If housewives stop saving fats now, the shortage will become even more critical.

Don't let a single drop of used fats go to waste! Little trimmings of fat left on the platter at the table, scraps left on plates, and even the skimmings of soups and gravies are important. It is the consistent saving of even these small amounts that counts.

Don't turn in fats that can be re-used! But some fats, such as those rendered from lamb and mutton, are not suitable for re-use. Put them immediately in the salvage can. And, with other fats, after you've got all cooking good out of them, there is always a little left. No matter how little it is, save it.

Your butcher will still give you 4¢ and 2 red points for every pound you turn in. Save consistently—save every drop you can—every day—until Uncle Sam says the job is done.

Clinton Anderson Secretary of Agriculture

Approved by USDA and OPA. Paid for by Industry.

**ONE WAY TI FISH**—Lt. Charles Rhode of the State Health Department gathers larvae for the experiments made for the state. This was put in pans and with cages of mesquitos and flies was spotted over town before the plane spraying. Within 30 minutes after the plane flew over the first larvae and adults began to die and within three hours few that were touched by the spray were still living.

**Personals**

Mr. and Mrs. Norman Bissett and family of Bay City spent a week with Bissett's parents, Mr. and Mrs. Stanley Bissett.

Mr. and Mrs. A. A. Cooper of Refugio spent last Saturday with Mr. and Mrs. Stanley Bissett.

**Men of the Church Discuss Recreation Program for Youth**

The men of the Presbyterian Church met at the home of Morgan C. Wheeler Monday night for a dinner and informal discussion.

Their subject was how each man can assist with the recreational program for youth in the community. A definite plan will be mapped out in the future and brought before the organization for approval.

Dinner was served by a committee of the Ladies' Auxiliary, Mrs. Leonard Roberts, Mrs. George Lee Brundrett, Mrs. Jim Hooper, Mrs. Hugh Morrison, Mrs. Wheeler, and Mrs. T. H. Pollard.

**CARD OF THANKS**

We wish to thank our many friends and neighbors for their kind deeds in our sorrow and death of our dear mother.

Mr. and Mrs. J. E. DeWitt Lawton Shults.  
Mr. and Mrs. R. W. Shults  
Mr. and Mrs. T. L. Ferris  
Mr. and Mrs. M. J. Shults  
Mr. and Mrs. V. D. Powell

Private Otto Mundine of Camp Hood was a recent visitor in the home of his parents, Mr. and Mrs. Edwin Mundine of Fulton.

**100 Additional Shots Given In Typhoid Series**

About 100 persons began their series of typhoid shots Friday along with almost 400 adults and children who were taking their second shots.

Because of the large number beginning the series a week late, the public health nurses will return in extra Friday to complete the course. A few missed the second shot who had taken the first. Dr. Charles F. Cron, in charge of the inoculations, said they might take second shot this week when others are taking their third, and complete them next week.

Mrs. C. E. Taylor, Red Cross nurse, and Adele Stuessy, public health nurse, gave the 470 shots Friday with the assistance of local workers.

They will begin giving the shots at the City Hall at 10 o'clock this Friday morning. They asked that all adults and preschool children to be sent down for shots in the morning as school children will be brought down in the afternoon.

Mrs. J. R. Petrus of Odem is spending several days with her mother, Mrs. O. L. Smith.

**Twenty Students Enroll At Fulton**

Twenty students have enrolled at Fulton school where they are taught in the first through fifth grades by Mrs. Clara Seaton.

This was the same number as attended the school in 1943, but the last school year, there were 25 students. There is only one first grade student this year. The largest grade is the sixth, having eight students.

New students in Fulton school district are Joe Askew, son of a Navy family, Mr. and Mrs. Caldwell Askew, formerly of Tennessee, and Jimmy Madden, son of Mr. and Mrs. Robert Madden, formerly of California.

**Cecil Clyde Martin Serves Amphibious Base In Pacific**

Cecil Clyde Martin, carpenter's mate second class whose wife, Mrs. Mae Martin, lives at Rockport, is serving with an amphibious repair and training base in the Pacific which supplied troops and landing craft for major invasions in the Marshall, the Gilberts and at Okinawa.

Carrying a 24-hour, seven-day week schedule, his unit maintained all types of landing and assault equipment and repair supplies. The base also trained personnel in amphibious communications, mine-sweeping and camouflage operations.

**Mrs. Cloberdants in Charge Of Auxiliary Program**

The Auxiliary of the Presbyterian Church met Thursday afternoon at the home of Mrs. T. H. Pollard. Mrs. Fred Cloberdants was in charge of the program which was followed by a brief business meeting.

Mrs. Leonard Casterline and Mrs. Somer Smith, hostesses, served pineapple salad, crackers and tea to the guests.

Attending were Mrs. Henry Bailey, Mrs. George Lee Brundrett, Mrs. Jim Hooper, Mrs. Floyd Smith, Mrs. Hugh Morrison, Mrs. W. H. Morrison, Mrs. Ted Little, Mrs. Harry Mills, Mrs. Roberts, Mrs. Casterline and Mrs. Smith.

**Party Celebrates Birthday Of Lois Mae Townsend**

A party was given at the home of Mr. and Mrs. Clyde Townsend Thursday night celebrating the fifteenth birthday anniversary of their daughter, Lois Mae, Sept. 8. Guests played card games and checkers and later in the evening were served a refreshment course of homemade ice cream and angel food squares.

Guests were Mary M. Lester, Lanelle Smith, Helen Landrum, Betty Lou McGregor, Ruthie Gipson, Frances Rowe, Dora Bell McLester, Shirley Fay Baker, Bobby Landrum, Glenn Owen, Alex Stewart, Jesse Wright, Jimmy Hayden, J. C. Gurlaa, Allen McLester, Richard Happer and Clyde Townsend.

**In the Fight Against Inflation**

Even a dollar spent carelessly helps create inflation. That same dollar saved would help fight the battle against this enemy.

**Behind the scenes with Nelson Eddy**  
ROBERT ARMBRUSTER AND FRANK GRAHAM OF "THE ELECTRIC HOUR"  
STARTING ITS SECOND SEASON SEPTEMBER 16TH.  
SUNDAY AFTERNOONS—CBS—3:30, CWT.  
(Sponsored by 167 Electric Light and Power Companies)  
Nelson Eddy, with Orchestra Leader Robert Armbruster and Announcer Frank Graham on stage of Studio C, CBS, Hollywood. Hear "The Electric Hour" every Sunday on your CBS Station—3:30, CWT.

**Welcome back to "The Electric Hour," Nelson. We missed you this summer.**  
**Mmmm. All run by electricity, I'll bet.**  
**You said it. Cheap, dependable and plentiful electric power, produced under sound business management by tax-paying electric companies. What's more, the average family gets about twice as much electricity for its money today as it did fifteen years ago.**  
**Go on. I'll bet you say that to every baritone you meet. But thanks, Bob. It is good to be back.**  
**Well, read my meter if it isn't Frank Graham! What's new in electric light and power, Frank?**  
**Would you have a word of greeting for your announcer, Mr. Eddy?**  
**I could let you in on some real news, Nelson. There's a great day coming, with more and better things than you ever dreamed of.**  
**That's a fact, Nelson—and it's due to efficiency, experience and sound business management.**  
**Amen to that! Now, gentlemen, shall we get to work?**

**DDT TESTS**

—Continued from Front Page

300 feet each time it flew across. Commander Tompkins said the spray had a perfect disbursement pattern and he considered the experiment very successful.

Also at the field for the tests were Lt. C. Bowman, George Cull, Dr. R. S. Lloyd and his assistant, all of the Corpus Christi Health Unit, and Maynard Dowell, president of the Aero Dusters of Chicago, and his assistant, who flew down for the experiment.

Because of the success of the spraying, it is being extended over the Aransas Pass-Ingleside-Portland area today, and later north of Rockport in coastal towns.

Several conclusions, aside from the success in general, were drawn from Captain Lawrence's tests. It was found that it required more time for DDT to kill houseflies than blow flies. In a number of places, flies, not caged, were found dead on the ground, showing that DDT has an effective killing power on flies hit directly while in flight.

Commander Tompkins said that DDT attracts insects by its slightly fruity odor. Its residual action is so great that in protected areas, a single application of DDT will retain its effectiveness for months.

Twice last week Rockport had been sprayed when the Navy plane was tested, but yesterday's experiment was the first on a large scale.

The air spray followed distribution of 1,500 packages of DDT to home owners, the first wholesale distribution of the powder to any civilian population, and the spraying by hand of mesquite breeding grounds.

**George Frandolig Dies At Home Here Tuesday Afternoon**

George Elmo Frandolig, 63 who was born in Rockport and lived here all of his life, died at his home late Tuesday afternoon. His death followed a heart attack.

Frandolig had farmed in this area for many years but was retired.

He is survived by three brothers, W. C. and F. M. Frandolig of Rockport and J. G. Frandolig of Houston, and one sister, Mrs. Guy Tankley of Rockport.

Rosary was said for Frandolig at the Home Funeral home chapel at 8 o'clock Wednesday night. Funeral services were held at the chapel at 10 o'clock this morning with the Rev. G. J. O'Doherty, Catholic priest officiating. Burial was in Rockport Cemetery.

**CAPT VICK FLEW GEN. HARDEN FROM GUAM TO WACO**

Capt. Kyle Vick, son of Mrs. Dick Hooper of Rockport, flew back from Guam in two days bringing Gen. Tom Harden, formerly of Rockport whose father was a Presbyterian minister here.

Mrs. Hooper and her cousin Mrs. W. E. Logan of Houston drove to Waco to meet them Sunday before the two officers took off for Washington, D. C. Captain Vick intends to come here soon on leave.

The captain flew General Twining, commanding general of the 20th Air Force, to Tokyo for the signing of the peace and flew the late Adm. McKane from Tokyo to Guam. He is aide to General Harden, commanding general of the Central Pacific Wing of the Air Transport Command Headquarters at Guam.

**Two Civil Cases Tried Before Court Adjourns**

Two civil cases tried before Judge W. G. Gayle Tuesday before District Court was adjourned for the term, to reopen in February.

Leave was granted the County of Aransas to intervene judgment rendered in favor of the plaintiff, Arthur Bracht, against the defendant and entravener, John McFarland, for the title of land in dispute and costs were taxed against the plaintiff.

A divorce was granted Susie Zee Looper from Phillip Warren Looper.

W. M. Ferris, Albert Collier and Arthur Bracht were appointed on a jury commission to select a jury panel for the February term of court.

**Karalis, Stamatis Buy Drive In From Roy Hinton**

George M. Karalis and George P. Stamatis have purchased from Roy Hinton what was formerly Capt. Davis' Drive Inn and have taken over operation of the cafe.

The will change the name to the "Two George's Inn."

Hinton had owned and operated the cafe for almost a year. He said he would remain in Rockport but did not have definite plans.

Karalis and Stamatis have owned three cafes in Corpus Christi, The Club, Bluebonnet and George's, and three cafes in Houston. One of them has been in the cafe business for 45 years and the other 35 years. For many of these years they have been partners.

With their combined experience, they said they hoped to serve the public of Rockport and would give all the food and the best of food that is available.

The cafe will be open from 5 o'clock in the morning until 12 o'clock at night and 1 o'clock on Saturday night.

Steaks, chicken and seafood will be served a la carte as well as dinners and lunches.

Among the employees they brought with them to Rockport are James Cly who has worked for them since 1925 and Mildred Evans.

**Weber Appointed Head of Disaster Advisory Board**

An advisory committee of local men has been appointed to pass on applications for Red Cross disaster aid. Elwood Weber is chairman of the committee and working with him are A. C. Glass, Jack Blackwell, J. Ed. Moore, Judge B. S. Fox, A. P. Dervage and J. H. Mills.

Forty-six applications have been made for assistance on the completed list. Eighty per cent of this was for building and repair materials and the remainder for household furnishings and occupational equipment for individual fishermen.

Miss Helen Johnson and John Hillings, Red Cross representatives here, hope to complete their work by Sept. 24. There has been some difficulty in working out priorities but Billings said progress was being made in obtaining needed materials.

**Machinery for Rio Has Been Obtained**

Arrangements have been made to purchase new projectors and other machinery for the Rio Theatre and work is waiting on carpenters to rebuild.

F. L. Booth, theatre manager, said the clean-up of the projection room has begun. The date of re-opening is dependent upon the services of a carpenter.

When the projection room is ready for the machinery, Booth can have it here in three days and the men to install it will arrive at the same time.

**David Herring Elected Senior Class President**

David Herring was elected president of the Senior Class of Rockport High School this week when each grade chose leaders for the year.

Student council election was postponed until next week for more careful planning, and all of the class officers in the elementary school have not yet been elected.

Senior officers are Coach John Ramseur, sponsor; Herring, president; Russell Rowe, vice president; Charlotte Cron, secretary; Albert Hunt, treasurer; Charlyn Davis, social chairman; Tommy Blackwell, reported.

Junior officers, Mrs. Morgan C. Wheeler, sponsor; Joe Johnson, Jr., president; Kenneth Phagan vice president; Wilma Rouquette, secretary-treasurer; Juanita Pitschke, social chairman; Colleen Smith, reporter; and Bert Haney, sergeant at arms.

Sophomores, Mrs. Susan Butler, sponsor; Loretta Townsend, president; Mary Elsie Rowe, vice-president; Wilbern Hamblin, secretary - treasurer; Bonnie Cron, social chairman; Mary Lou McLester, program chairman; Bobby Morrison, palmentarian.

Freshmen, Mrs. C. G. Hayden, sponsor; Laverne Thompson president; Mildred Wilkinson, secretary; Betty Lou McGregor, erasure; Glenn Owens, social chairman.
