No. 33

Rotarians to Sponsor Organization Of a 4-H Club In Aransas County

County Agent Will Meet With Rotarians Next Week to Discuss Organization Plans

R. R. Gibbs, County Agent for Aransas and San Patricio counties, told members of the Rotary Club at their Wednesday meeting that the organization and success of a 4-H Club in this county would depend entirely upon the interest and amount of time the adult

leaders in the county would have to devote to the project.

Mr. Gibbs recommended that the Rotarians sponsor the 4-H Club as a citizenship project and that the members work with the boys as leaders. The county agent said that the 4-H Clubs are primarily a program in citizenship. Each boy in the club undertakes a project in livestock, poultry or crops and the adult leaders call on the boys to observe their work and assist them with their project.

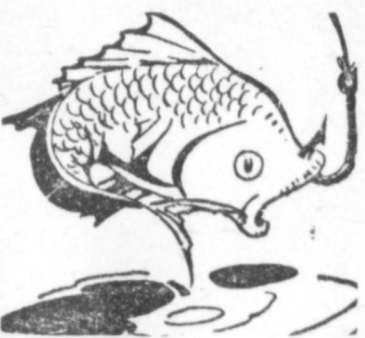

Each boy must pay for his calf or flock of chickens as donations are not permitted by the Club. However, Mr. Gibbs suggested that existing funds could be used to grant loans to the boys to enable them to get started, or to arrange for prizes at the demonstrations held at the end of a year.

The 4-H Club work is sponsored by the extension service of the land grant colleges. The clubs are under the supervision of the County Agent and home demonstration agents. Local supervision and individual attention to the project of the 4-H members are provided by the adult leaders.

Following the address by Mr. Gibbs the Rotary Club arranged to meet with him sometime next week to make arrangements to organize a 4-H Club here.

Other guests of the Rotarians at the meeting were Mr. and Mrs. Jim Clarke and Julian Pace of Waco, Texas, Glenn Jones of Corpus Christi and Mrs. Byron Baker.

Along The Waterfront

C. L. Thomas and Bill Crist caught 108 trout and 1 pompano while fishing out in front of Hunt's pier last week. Last Wednesday Mr. and Mrs. C. L. Thomas landed 71 trout while fishing in the same area.

Bill Crist brought his new 26-foot semi-enclosed sports fisherman Cris Craft into the harbor Tuesday evening. The boat has been named the "Nana" and will be used as a party fishing boat.

Fishermen have stuck pretty well to the basin this week and many have pulled out nice catches of trout and some redfish.

Mart Nelson of Rock Springs, Texas, caught 40 trout ranging from 12 to 16 inches in length while fishing in the basin Monday morning. Sunday Nelson caught 10 fish there which weighed from 1 1/2 to 2 pounds each.

A. N. Ridings and R. L. Erwin of Ranger, Texas, caught 17 trout in the basin Monday on artificial bait. They ranged from 10 to 17 inches.

E. W. Ellis of Corsicana landed 30 trout which ranged from 11 to 19 inches in length while fishing in the basin Monday.

H. S. McKean of Kerrville caught 10 trout, 3 reds and 2 drum while fishing at the basin Monday. Mr. McKean has been coming to Rockport for winter fishing for the last 14 years.

Miss Viola Ferguson landed 25 trout at the basin this morning. She was using plugs and live shrimp as bait.

Mr. and Mrs. R. B. Sipe and their children who visited with them over the holidays caught 70 trout at the basin Saturday.

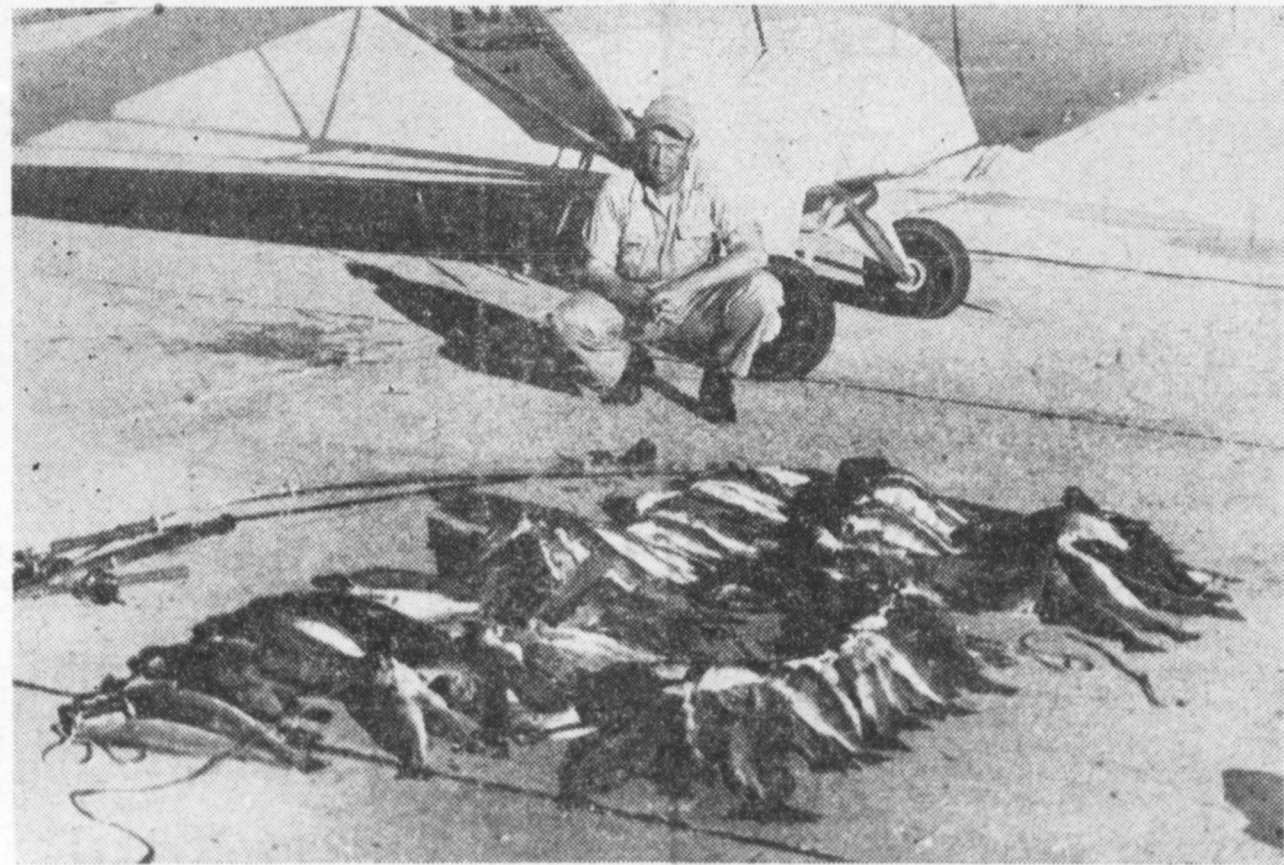

Mr. and Mrs. Paul Ewell of Oklahoma City believe that their fishing trip proved highly successful as they shipped home 2 barrels of fish during the few weeks they fished here. The Ewells were so pleased with their catches that they plan to return next year and try their luck again.

Cecil Macey and party of 2 from San Antonio landed 26 redfish while fishing at the old ship yard Tuesday. Some of the reds weighed up to 7 1/4 pounds. They were using

WEATHER REPORT

Instruments are read daily at 3:30 p.m. at the marine laboratory. Sunday: Max. temp. 70, min. 50. Barometric pressure 30.15 inches. Monday: Max. temp. 58, min. 40. Barometric pressure 30.20 inches. Tuesday: Max. temp. 60, min. 42. Barometric pressure 30.08 inches. Wednesday: Max. temp 63, min. 55. Barometric pressure 29.94. Tide: 1.2 feet.

The "Flying Fisherman" Brings In 247

This string of fish which number 247, was caught in Cedar Bayou last Wednesday. Roger Miller and C. L. Frates of Oklahoma City and Earl C. Frates of San Antonio and guides Harry Mills and Worley Dietrich were flown to Cedar Bayou in the "Flying Fisherman" by Steirly Rozzell. The party went over at 8 a. m. and returned with the catch at 2 p. m. The largest percentage of the catch was redfish. Fifteen flounder, five trout and two drum were caught. The catch averaged 2 pounds. The largest fish weighed 6 pounds. The Cub Cruiser was purchased last month by Harry Mills, Herbert Mills and Steirly Rozzell. The "Flying Fisherman" makes the trip to Cedar Bayou every day that the weather permits. Rozzell is shown above with the catch.

Chamber of Com. Spikes Rumor With Redfish

Apparently there are still people in Texas who have not had the pleasure of eating redfish, trout and other species of fish caught in abundance in this area as Renwick Cary in his column "Around the Plaza" in the San Antonio Light went to great lengths to explain the reason for the scarcity of the Great Lakes whitefish.

This week the Rockport Chamber of Commerce shipped a redfish and a trout to Mr. Cary, fully believing that after he had tasted of this delicacy he would not care if the January shipment of whitefish arrived or not.

While a few people in Texas still mourn for the whitefish, tourists in the Rockport area from Michigan, Indiana and other states bordering the Great Lakes are shipping our redfish and trout back home to show the natives what good fish taste like.

Standolind Proposes To Drill Another Well In Copano Bay

Standolind Oil and Gas Company has applied for an Army permit to drill a well for oil and gas in Copano Bay, in State Tract No. 40, adjacent to the north shore of Live Oak Peninsula at a location approximately 6 miles north from Rockport.

The location is approximately 3367 feet N. 41°58' W. from U.S.C. and G. Triangulation Station "Causeway 1931". The applicant proposes to construct a shell filled drilling base, 138' by 168', connected to the shore with a shell filled road, 20 feet in width. The drilling base and 87 feet of the shoreward extension would be enclosed by a timber bulkhead. The bulkhead and shell fill would have a top elevation of 160 feet above mean low water would be erected for the drilling of the well approximately in the center of the drilling base.

Fulton Church Supper To Be Held Saturday

The ladies of the Fulton Community church will serve a plate lunch supper at the church Saturday, December 4, starting at 5 p.m. The price per plate will be 75 cents. Cake and pie will be sold also. The proceeds from this affair are to be used for repairs on the church. The public is invited to attend.

New Oil Discovery For Fulton Beach

Hunt - Graham, Spencer - Kent-Crane No. 4, with perforations from 7484-7489, on drill stem test, 1/4 choke on top and bottom built up 540 pounds of pressure on a 20-minute test with 42 gravity oil. Operators have gone in for completion and the well is cleaning in the pits. This is an entirely new sand some 300 feet lower than the nearest production in the 7100 foot horizon and will be entitled to a new field allowable.

This sand tested salt water in Spencer-Kent-Crane No. 1, the discovery well, and was not present in A. C. Glass No. 2, a 933 foot offset to the east. Spencer-Kent-Crane was completed as a gas well in the 6950 gas sand about a year ago after being bottom holed at 7470. After the A. C. Glass No. 2 was completed as a gas-distillate well below 8200 operators deepened No. 4 to 9,000 feet and ran Schlumberger. The new oil sand came in within 14 feet of the former depth of No. 4, and there is a 17 foot sand section with the lower part of the sand section appearing to be gassy. Operators have staked and are clearing location for a north offset to the new discovery on the Spencer Unit Tract.

Two T-heads are nearing completion in Copano Bay. Scribner & Richardson will complete this week the location for Standolind No. 2, State Tract 70, which is a 330 foot offset to the Milton Jackson No. 1. Brown and Root are progressing nicely with the construction work on Atlantic No. 4, State Tract 71, which is in between Standolind No. 1, State Tract 70 and Atlantic No. 1, State Tract 71.

Atlantic Refining Company has asked for construction bids on their location for V. G. Gwynn No. 2. The location is 1320 feet south of No. 1 and a 660 foot offset to the Huffman 1200 tract in the Hollis survey. Renwar-Fogelson No. 1, State Tract 106 is down to the pay dirt and is testing about 7150. Atlantic No. 3, State Tract 71, with a total depth of 7300, is testing sands in the 7100 foot horizon. Standolind No. 1, State Tract 82, is drilling at 6,900 feet.

Mrs. Mollye Davis and Charles Marvin spent the week-end in Houston where Charles attended the Rice-Baylor football game. Mrs. Davis visited with her niece, Mrs. June Davis, and her sister, Mrs. Myrtle Pae.

Three Cars Badly Damaged In Accident Sat.

Mr. and Mrs. George A. Phillips and Billy Joe Hunt were the innocent victims of a car accident which occurred on Highway 35 between Estes and the carbon black plant about 8 o'clock Saturday night.

Hunt, driving a 1937 Chevrolet belonging to Julius Malchar, was going to Aransas Pass, following close behind an army command car driven by Ed Priesmuya of Aransas Pass and belonging to Dr. H. A. Thomas. Coming from Aransas Pass was Roy Mason in a 1942 Buick sedan. It was said that Mason cut across the highway onto the left hand side of the road just before he met Priesmuya who immediately turned off to the right of the road as he saw the car approach. However the Buick hit the rear of the command car and rammed head on into Malchar's car, according to Deputy Sheriff Mundine who was among those investigating the accident. All of the cars were badly damaged.

Mr. and Mrs. George A. Phillips, riding with Hunt, received minor injuries and were taken to an Aransas Pass hospital. Hunt lost some teeth and received cuts about the face. Mason received a cut on the head and was also taken to the hospital. All were released by Sunday night.

Mason entered a plea of guilty for driving while intoxicated before County Judge Emory M. Spencer Monday morning and paid a fine of \$50. His drivers license was revoked for six months. Deputies Mundine and Haynes and Sheriff Curry investigated the accident.

Four Cows Killed Here During Hunting Season

W. M. Johnson reported this week that four of his cows have been shot and killed in his pasture located near Rattlesnake Point since the opening of the hunting season.

Johnson found the fourth cow dead in the pasture Sunday and is making every effort to see that this is the last victim of the hunters.

Johnson said that he had not been enforcing the no hunting sign which is posted on his property but after the loss of four cows he will prosecute any hunters found in his pasture.

Col. C. M. Davis was taken to Spohn hospital in Corpus Christi Tuesday morning for diagnosis and treatment.

County Provides Right-of-Way For Farm-to-Market Road

Preparation of Plans for Construction Estimated at \$147,900 to Start in 1949

The Aransas County Commissioners' Court agreed to provide the right-of-way free of cost to the Public Roads Administration of the Texas Highway Commission who will construct a Farm-to-Market Road from Highway 35 in Rockport northwest to the San Patricio County Line a distance of 13.8 miles.

The administration required that the county furnish the right-of-way free of cost for the road to the State.

Plans Completed For District U. I. L. Spring Meet

District 81-B, consisting of these schools—Woodsboro, Agua Dulce, Banquette, Calallen, Driscoll, Flour Bluff (Corpus Christi), Gregory, Ingleside, Mathis, Odem, Orange Grove, Petronila (Robstown), Refugio, Rockport, Sundeen (Corpus Christi), Tulosa-Midway (Corpus Christi), Violet Rural (Robstown), West Oso (Corpus Christi), has completed organization plans for the University Interscholastic League Spring Meet which is set for April 1-2—Literary at Agua Dulce, Athletic at Bishop, according to R. J. Kidd, director of the League.

Floyd W. Parsons of Bishop has been named Director General of the meet. The following contest directors have been appointed:

Director of Athletics—John H. McNabb of Bishop.

Director of Declamation—Joe C. Wroten of Calallen.

Director of Debate—S. M. Anderson of Petronila Schools, Robstown.

Director of One-Act Play—Miss Dorothy Story of Agua Dulce, Texas.

Director of Extemporaneous Speech—W. C. Coers of Orange Grove.

Director of Slide Rule and Number Sense—C. T. Blaschke of Ingleside, Jim Griffiths of Flour Bluff (Corpus Christi).

Director of Music—None.

Director of Shorthand and Typewriting—Mrs. Geo. Shaffer of Bishop, Miss Theda Batson of Banquette.

Director of Story-Telling—None.

Director of Ready Writers—Mrs. C. H. French of Woodsboro.

Director of Spelling and Plain Writing—Mr. W. C. Andrews of Gregory.

Credit Ass'n's Render Service to Merchants

Charles T. Lux, secretary-manager of the Retail Merchants Association of Texas, informed the local secretary, Mrs. C. M. Davis this week that local Credit Bureau's after they are set up are required to apply for national affiliation. Mr. Lux said that all well-established associations are rendering a real service to their merchants and professional men and are doing it effectively by being banded together through their state and national organizations.

Mr. Lux pointed out that after the local association is properly set up it will be an added advantage to accept state affiliation as such an association gives and receives up-to-date information for the benefit of its members.

The local association through state affiliation, is able to secure reports on people living throughout the state from the affiliated members. It also enables the local organization to keep an accurate record of new arrivals, people moving out of the city, changes of address within the city, tracing lost addresses and other general business and credit information.

The state association requires that the local association have as members most of the leading business and professional men of your city, must have up-to-date and accurate records, must render prompt, accurate and efficient credit reporting.

The commissioners were advised that upon fulfillment of the conditions of this order, the State Highway Engineer is directed to proceed with the preparation of plans for construction at an estimated cost of \$147,900 and to assume the road for maintenance upon completion of construction.

The new Federal Aid program under which this road will become a part of the secondary system provides for the federal funds to be used in a 1950-51 program but the Texas Highway Department will let contracts and build roads in 1949 as rapidly as possible even though the funds will not actually be available until 1950, according to the State Highway engineer.

The necessity of the road and its inclusion in the new program of work was approved by the Texas Highway Commission as a result of a study of road need by the Aransas County Commissioners Court with the District engineer.

The Federal Aid program has been reduced from previous years by the action of Congress. Some of the states fell behind in their highway construction and hence the Congress in the new bill gave the laggard states opportunity to catch up by making the program for only two years, reducing the amount available by 10 percent each year and omitting the year 1949. However, Texas was not one of the laggard states.

C. of C. Dinner Meet Next Tues.

The regular monthly meeting of the Chamber of Commerce will be held at the Methodist recreation hall Tuesday night at 7:30, December 7. Members desiring reservations are urged to contact Mrs. Baker at the Chamber of Commerce office.

According to President Jas. Sorenson Jr. there are a number of subjects on the agenda for discussion at this time.

Violators of Game Laws Forfeit License

Game Warden Mullinax filed charges against L. B. Hafgood of Henrietta with Justice of the Peace Joe Smith. Hafgood was hunting after sundown. He pled guilty and paid a fine of \$36.

Edgar Higgenbottom of Garment, Texas, was apprehended by Mullinax and charged with hunting out of the county of his residence without a license. Higgenbottom paid a fine of \$61.

Four youths from Corpus Christi were apprehended by Mullinax near Bayside Thanksgiving Day for shooting ducks with rifles and hunting without a license. Charges were filed with Judge Stevens and the boys paid fines totaling \$156.

Jimmy and Jerry Jarboe, students at Rice Institute in Houston, spent the Thanksgiving holidays with their parents Major and Mrs. James A. Jarboe.

You Are Invited—

Mrs. Francis Smith and guest, to be the guests of the Rio Theatre, to see "Desire Me", Tues. or Wed., Dec. 7-8.

The Job Must Go On

In Texas during 1947 TB killed 2,744 people. This is 44 less than died of TB the previous year. The tuberculosis death rate in Texas for 1947 is 38.6 as compared with a rate of 33.2 for the country as a whole. However, since 1940, the Texas death rate from TB has been decreasing at a much more rapid pace than the rate for the United States—20 per cent decrease for the United States, 31 per cent decrease for Texas. This decrease means that some 2,200 people are living today who would have died were it not for tuberculosis control in Texas.

Despite the remarkable progress made against the menace of TB, the Texas Tuberculosis Association and its affiliated local units must work ceaselessly to help maintain these gains and to push TB back still farther in this State. There is an estimated number of 27,000 cases of TB in Texas. The State has only 2,193 beds for tuberculosis patients (exclusive of beds in Federal, mental and penal institutions). The average number of deaths annually from TB for the past five years (1943-47) is 2,966. The minimum standard of 2½ beds, and preferably 3, per average annual death indicates that approximately 5,500 additional beds are needed for tuberculosis patients in Texas.

The State Legislature has made provision for additional beds at Camp Fannin Hospital, Tyler, and at Weaver Baker Memorial Hospital, Mission, which means some 500 additional beds will in time be available. This will help but is still far from meeting the need. Isolation through hospitalization is one of the cardinal principles of TB control because TB is a highly communicable disease.

TB causes more deaths among people between 15 and 44 than any other disease.

TB costs millions of dollars in lost hours of work, hospitalization for the sick, and welfare for the patients' families. Against this destruction of life and wealth, the Texas Tuberculosis Association and its affiliates carry out a year-round campaign of control.

TB can be eliminated by public action. It can be wiped out—if individuals and communities take the necessary steps to detect, diagnose and treat the disease, and to arrest its spread. The tuberculosis associations are dedicated to getting those steps taken.

The sole fund-raising drive of the Texas Tuberculosis Association and its affiliated locals is the annual sale of Christmas Seals. Proceeds from this single sale support the educational work, the X-ray services, medical research and rehabilitation activities carried on year-round by the TB associations.

A summary of the accomplishments of the TB associations shows:

1. Great strides have been made. Since 1940 the Texas death rate has declined at a more rapid rate than the national.
2. But TB is still a menace in Texas, killing more than 2,500 Texans a year. TB leads all diseases as a cause of death between the ages of 15 and 44.
3. TB is an unnecessary disease because its cause and methods of prevention are known. TB can be wiped out altogether by public and individual action.
4. The vital work of the tuberculosis associations depends on the success of the Seal Sale. The greater the sale, the more the tuberculosis associations can accomplish toward complete eradication of TB.

Too Many Solicitors In Rockport

Rockport and vicinity has been deluged with peddlers and solicitors during the last few months and especially during the past few weeks. Housewives are beginning to complain loudly that every time they turn around there is some one at the door soliciting magazine subscriptions or photographs.

There is a city ordinance requiring peddlers to pay a small fee at the city hall but solicitors claim that they are not peddlers and refuse to pay the fee.

Aransas Pass has drawn up an ordinance incorporating the methods already employed in other South Texas towns regarding these people which Rockport would do well to consider.

The new Aransas Pass ordinance will require all peddlers and solicitors to pay a monthly fee which will permit them to work within the city. These operators will also be required to post a \$500 bond and to provide the city with a notice of the time when they plan to arrive in the city ten days in advance.

Reliable companies having workers covering a large territory map the area in advance and could easily provide city officials with the dates their representatives planned to work in the city. Fly-by-night peddlers and solicitors

Veteran Truck Farmer Claims Any Thing Can Be Grown In Aransas Co.

W. R. Stephens, local truck farmer, displayed evidence in Rockport this week that Aransas County land is just as productive as it ever was when he brought a mustard plant into The Pilot office which measured fully five feet across.

In the past truck farming has been one of the chief means of livelihood and though many have left the farms to grow up into brush once more, there are still those who have the products to prove that the fault does not lie with the land.

Mr. Stephens at one time maintained a truck farm for commercial purposes but at the present time raises everything from mustard greens to grapes on his five acre tract out on the Market Street road, purely for home consumption.

Stephens has been farming his land for the last 25 years and maintains that anything can be grown here providing that you know how to take care of it. However, he pointed out, too many people have the idea that all a farmer has to do is throw the seed on the ground and it will grow.

The first consideration is water, he said. Stephens waters his crops from wells and reported that the summer of 1948 was the driest year since he has farmed here.

After the soil and the water is obtained only the know-how is required. Stephens believes that truck farmers could benefit by having a county agent in the field. The old timers such as Stephens and DeWhitt have learned the hard way but persons who have recently acquired farms have no one to turn to with questions regarding their crops and in the busy seasons, when questions turn up most frequently, the old timers are too busy to help.

A county agent in the field could provide information to the inexperienced farmer that needs advice on methods and means for growing the products during the farm year. By helping the farmers that we have to be successful, others would be encouraged to go into the business.

If enough truck farmers can be encouraged to raise the products, they could supply the local market. At the present time the local farmers cannot supply the full amount needed and must look elsewhere for a market for their products.

Mr. Stephens would like to see another Truck Growers Association in operation here. Through a co-operative effort the truck growers were able to market their products by the carload.

Last year Stephens raised 4 crops of corn on his five acres. He had turnips this year which weighed 2 pounds each. Other products which can be found in his garden are beans, onions, hot peppers, leak (a form of onion), tomatoes, egg-

plant, grapes, cucumbers, watermelons; in fact he says there is hardly a thing which he has not raised on his five acres.

Younger and less experienced farmers constantly call on Mr. Stephens for advice. And until a county agent can be provided in this area to assist the farmers they will no doubt continue to ask his assistance in combating the nuisances which seek to destroy their crops.

State Health Department Warns That Wild Rabbits May Cause Tuleremia

Austin, Tex., — Tuleremia, or "rabbit fever," is transmitted to human beings through the careless handling of wild rabbits, and according to Dr. Geo. W. Cox, State Health Officer, every wild rabbit should be handled with extreme care from the time he is bagged, until he is placed on the table.

"If a rabbit is diseased, careless handling can cause tuleremia. This serious disease is transmitted from rabbits to human beings, usually through direct contact with the infected animal or with objects contaminated by the meat of fur," Dr. Cox said, "each year many persons contract tuleremia because they fail to use proper precautions in the handling of the rabbits which are killed for food."

Dr. Cox said that one of the first precautions recommended is to shoot only the healthy rabbits with enough energy to run away from the hunter as he approaches. A listless rabbit that fails to run is probably sick, and should not be taken by the hunter.

A second important safeguard, is for the hunter or the house wife to use rubber gloves in cleaning and preparing the rabbit for cooking. The gloves should be sterilized after using, and the refuse and paper that has touched the rabbit should be burned. Hands should be washed thoroughly after the meat has been set to cook.

Adequate cooking is a final safeguard that should be observed at all times. To destroy any germs that may be present, the meat should be cooked at boiling temperature for at least twenty minutes, regardless of whether it is to be fried or baked later.

By observing these safety rules, Texans may enjoy their rabbit hunts and rabbit dinners without fear of tuleremia.

The children of Mr. and Mrs. R. B. Sipe spent Thanksgiving and the weekend with their parents. Those who came here for the holiday were Mr. and Mrs. B. F. Coates and children of Oklahoma City; Murl Sipe of Tuttle, Okla.; Mr. and Mrs. C. D. Sipe and children of Tyler, Tex., and Mr. and Mrs. Burl Wagley of Houston.

would be eliminated as they would not be able to obtain a bond or to stand investigation of their credentials within the ten day period.

If strangers are to be allowed to conduct their work here, the citizens of Rockport are entitled to a degree of protection. If they desire to make a down payment on an article, they should have the assurance that they are dealing with a representative of a reliable company.

Such an ordinance would serve to limit the number of salesmen coming into the city and give the local people a better chance to carry out the same projects if they so desired. In the past students have sold magazines and such items and the profit from such ventures has benefitted the local people. Recently the large number of salesmen coming into the city has made it unprofitable for local persons to venture into the field.

Doings of People You Know In Aransas County

YOUTH CLUB HAS HOLIDAY PARTY

The Latin American Youth Club held a Thanksgiving party for members and their guests at the Catholic school building Wednesday night, Nov. 28. The evening was spent dancing and playing games.

Refreshments consisting of cakes, cookies and sandwiches were served to Bacteric Myrarda, Raquela Ramirez, Palmira and Annie Flores, Annie Guzman, Manuela Castro, Eufemia and Pat Falcon, Rudolph Garcia, Richard Falcon, Alejandro and David Mejerado, Pete Ramirez, Lauriano and Gilbert Falcon, Urban and John Chupe, Vicente Corpus, Joe Dominguez, Frank De LaRosa, Paul Perez, Cecilio Robles of Aransas Pass and Rev. Bockholt.

ODAKAS HOLD SOCIAL MONDAY

The Odaka group of the Camp Fire Girls held their regular business meeting at the home of Mrs. Roy Hinton, sponsor, Monday afternoon. Following the meeting a social was enjoyed by the following girls: Shirley Faye Harrell, Gloria Dye, Nancy Hayden, Sue Blevins, Frances Lee Deason, Delia Knippa, Anna Lee Small, Virginia Gwynn, Iva Lee Haynes, Carol Simpson, June Kathryn Greniwall, Wanda Sue Mundine, Jerry Dean Morgan, Cookie Shaver, Betty Lou Morris, Sandra Court, Mildred Davis, Jo Helen May and Jean Mullinax. Mrs. Glenn Miller assisted Mrs. Hinton.

SHOWER HONORS BRIDE-ELECT

Miss Pat Davis, daughter of Mr. and Mrs. L. W. Davis, bride-elect of Tommy Shafer, was honored with a miscellaneous shower Wednesday afternoon at the home of Mrs. Denver Agler.

As the guests entered they signed the guest book and wrote a word of advice for the bride-to-be. Gifts were displayed on a table laid with a lace cloth. A large red ruffled heart hung on the wall behind the table which was inscribed in silver, "Pat and Tommy, Dec. 10".

Games were played during the afternoon and prizes were awarded to Mrs. Raymond Shafer and Mrs. Urban Hemmi.

Refreshments of sandwiches, cookies and hot chocolate were served. Mrs. Lloyd Lassiter, Mrs. Clarence Wilson and Eva Mae Davis assisted with the serving.

Those who attended were Mrs. M. B. Mullinax, Mrs. L. W. Davis, Mrs. Walter Lassiter, Mrs. Urban Hemmi, Mrs. Raymond Shafer, Mrs. Lloyd Lassiter, Mrs. Clarence Wilson, Mrs. C. E. McElveen, Miss Eva Mae Davis and Miss Leora Roope. Those who sent gifts but were unable to attend were Mrs. George Lilly, Mrs. Robert Keyes, Mrs. George Keller, Mrs. Bill Lassiter, Miss Bonnie Smith, Miss Shirley Lassiter and Miss Anna Mae Williams.

Students of the Austwell school were conducted on a tour of the marine laboratory Wednesday.

Mrs. R. C. Happner and children and Mrs. Clyde Townsend and children spent Thanksgiving Day in Comfort, Texas, with their brother and family. They visited with their mother in Kerrville over the week-end.

Mrs. G. M. Hooper accompanied Mr. and Mrs. Henry Schmidt of Taft to Marlin, Texas where they spent three weeks, returning last week. Mrs. Hooper returned to her home in Rockport over the week-end.

REBEKAHS MEET HERE FOR SCHOOL OF INSTRUCTION

Seventy-seven visitors from South Texas towns registered at the School of Instruction for Rebekah lodge members held in the gym Tuesday night, with members of the Rockport lodge as host. Lodge members from Aransas Pass, Corpus Christi, Ingleside, Kingsville and Sinton were present.

The school of instruction is held every three months to enable the lodge members to be instructed in the sacred work of the lodge. Each town took part in the school.

Officers of the Rockport lodge held the stations. Officers are Mrs. Annie Mae Evans, Nobel Grand; Mrs. Sally Beetley, vice-grand; Joyce Mullinax, chaplain, Mrs. Fred Cloberdants, musician; Corrine Zawadzki, secretary, Jewell Mikeal, treasurer; Katie Lee Clarke, warden; Ruby Mae Clarke, conductor; Mrs. Will Rooke, right support to the noble grand; Mellie Edminson, left support to the noble grand; Augusta Dean, left support to the vice-grand; Frances Harrist, right support to the vice-grand; Mrs. Oro May, inside guardian and Will Rooke, outside guardian.

The gym was decorated in the autumn motif with chrysanthemums and ferns. An arrangement of chrysanthemums and ferns centered the table laid with a lace cloth. Refreshments of coffee, sandwiches, potato chips and cupcakes were served.

Those on the committee in charge of decorations and refreshments were Mr. and Mrs. Fred Cloberdants, Mr. and Mrs. Will Rooke, Miss Augusta Deane, Mrs. Lucille Earp, Mrs. Ora May, Mrs. Jennie Wright and Miss Katie Clarke.

SUPPER HONORS COLLEGE STUDENTS

Members of the Methodist Youth Fellowship held a covered dish supper at the recreation hall of the church Saturday night in honor of college students who were home for Thanksgiving holidays.

The evening was spent playing games and a song fest was enjoyed.

College students present were Lucille Haynes, Joe Wheeler, Edward Wheeler and Barbara Freeman.

Mr. and Mrs. LeeRoy Young sponsored the group.

Mr. and Mrs. Sam Warren had as their guests on Thanksgiving Day, Mr. and Mrs. Fred Hohenstein and Mr. and Mrs. George Samberg, all of Park Rapids, Minn. The Warrens are also from Park Rapids and have located here permanently. Their guests are spending the winter here.

Mr. and Mrs. Jimmie Thornton and son and Mr. and Mrs. Eugene Thornton and daughter of Kingsville spent the weekend with four of their sisters in Rockport. The sisters are Mrs. Harry Gurley, Mrs. Nealy Parr, Mrs. Bill Tucker, and Mrs. Cecil Ince.

Mrs. Mabel Bryant spent the Thanksgiving holidays in San Antonio where she was a guest at the home of Mrs. W. B. Kerr.

WE CONGRATULATE

Mr. and Mrs. Dewey Miles are the parents of a daughter born Sunday morning at a Houston hospital. Mr. Miles recently joined the marine laboratory staff as a biologist.

Mr. and Mrs. J. L. Brundrett are the parents of a son born at Memorial hospital in Corpus Christi Friday. The boy weighed six pounds and 15 ounces at birth. He has been named Jerald Leon Brundrett, Jr.

ANNOUNCEMENT

The Trade Winds Stamp Club will hold their monthly meeting at the marine laboratory Tuesday night at 7:30, December 7.

Visitors at the C. E. Townsend home over the holidays were Mr. and Mrs. George R. Crooke and son of Houston and Iletta and Loretta Townsend, freshmen at Baylor University.

CHRISTMAS PARTY NEXT THURSDAY

The first Christmas party to be given this season will be held at the Methodist recreation hall Thursday night, December 9. The party will combine the December meeting of the Women's Society of Christian Service and the fellowship supper, usually held once a month.

Everyone has been asked to bring a covered dish for the supper. There will be a gift exchange. The limit set on the gifts is 50 cents.

The theme of the program for the evening is "They offered Him Gifts". Excerpts from Henry Van Dyke's "The Other Wiseman" will be presented. "The Spirit of Christmas" will be given by Mrs. W. B. Hamblin. Mrs. E. G. Cooke will tell about the coal miners needs as supplied by the W.S.C.S. Carols and poems will be included in the program.

Mrs. E. G. Cooke is the program chairman.

Mrs. A. J. Donley of Bridgeport, Connecticut, will arrive in Rockport this weekend to be the guest of her niece, Mrs. Paul Reese, for several months. Mrs. Donley is an authority on children's work.

Mr. and Mrs. Ed Picton Jr. of Austin, were guests in the home of Mr. and Mrs. Harold Picton Thanksgiving.

BIGGER and BETTER WALKER'S ON THE CORNER
ARANSAS PASS, TEXAS

Get a **FORD "PHYSICAL"**

Every **5000 MILES**

IT MAKES good sense to have your car serviced regularly. The wise motorist makes it a habit to have his car lubricated every 1000 miles, and a complete "Physical Exam" every 5000 miles.

Take a look at your Ford's speedometer, today. If it's nearing a "5000" mile reading, bring it "home" to us for your Ford's "Physical"—which includes a thorough engine, ignition, electrical, wheel and brake check... and a complete inspection of the body, inside and out.

Make it a habit to let us check your Ford regularly to keep the top performance that's built into your car. It's the right way to catch the "little things" that can develop to make driving unsafe. You'll be surprised how much money you'll save throughout the life of your Ford, with regular Ford care.

Your Ford Dealer invites you to listen to the Fred Allen Show, Sunday Evenings—NBC network. Listen to the Ford Theater, Friday Evenings—CBS Network. See your newspaper for time and station.

We Ford Dealers know Fords best!

**Methodist Y. A. F. Holds
Sub-District Meet Here**

The Methodist Young Adult Fellowship group held their sub-district meeting here at the gym Wednesday night. Seven South Texas towns were represented at the meeting.

A Fellowship supper was held at 7:30 where cake, sandwiches, potato chips and soft drinks were served.

LeeRoy Young, president of the group, presided over the meeting. Song leader Mrs. Howard Kinsey led the group in singing. Eugene Hogwood, of Ingleside, was the devotional leader.

The recreation was arranged for by the Taft membership. Folk dances were enjoyed and conducted by M. L. Abrahms and Jim Tolan of Taft.

About 40 attended the meeting. Towns represented were Taft, Corpus Christi, Sinton, Robstown, Calallen, Ingleside and Rockport.

The next meeting will be held at Sinton in March.

**VETERANS WILL NOT GET
SUBSISTENCE CHECKS DUT
TO FAILURE TO REPORT**

Approximately 500 veterans in the San Antonio Region who are in training under Public Law 346, G. I. Bill of Rights, will not receive subsistence checks on December 1 because of their failure to submit reports of training for the month of October, Leon P. Howell, Manager, local VA Regional Office said today.

Under VA Regulations, all veterans who are training on the job and who are pursuing school courses below college level, are to submit each month, a summary of the training they received. All the veterans concerned were advised of this requirement in September through their training establishments and by direct mail in October. They were reminded again, by letter, last week that unless these reports were received, it would be necessary to withhold payment of subsistence checks.

Howell pointed out that those veterans who have failed to submit the required reports through oversight should get in touch with the Veterans Administration Regional Office, 307 Dwyer Avenue, San Antonio 5, Texas, as soon as possible. Upon receipt of the delinquent reports, immediate action will be taken to release subsistence pay checks.

The Odaka group of the Camp Fire Girls enjoyed a hike to the old ship yard last Saturday with their sponsor Mrs. Roy Hinton.

**Houses Endangered By
Fire Monday Morning**

The fire department was called out Monday morning about 11 a.m. to extinguish a fire which originated with the burning of trash in the Spencer addition back of the Modern Abstract office.

The trash fire got out of hand as it was fanned by a strong north wind and was traveling rapidly, having burned the fence around two houses and was within about 3 feet of them.

The fire was put out within 30 minutes after the trucks arrived.

Ham-Cider Loaf

Ham loaf in cider jelly is something new and different. Soften raisins in two cups of cider, heat, and pour over a package of lemon gelatin. Add 1 cup of cooked ham, and pour into your favorite mold. Chill, unmold and serve with mayonnaise for the main dish at a winter buffet.

Mr. and Mrs. Fred Buchanan and family of San Antonio spent the holidays with Mr. and Mrs. Monte Rouquette.

Mr. and Mrs. F. M. Daugherty and son and Mr. and Mrs. Byron Baker spent the week-end in San Antonio.

Mrs. B. C. Gregory and Mrs. Roy Hinton had as their house guest for the week-end, Mrs. Gregory's nephew, Mr. Norville Chatfield, Mrs. Chatfield and two children of Baytown.

May we take
your order?

Christmas brings happiness and good cheer—but it brings extra fire hazards, too. Ornaments, gift wrappings, Christmas lights with bad wiring, etc., can be danger spots for fire. Get fire insurance today from us.

THIS picture tells the story. Most living costs are up but the price of your time and labor-saving electric service is still low—lower than pre-war, in fact—and its value is still high.

Through the years the price of electricity has come steadily down. Today, your electric bill may be about the same, or even a little larger, than it used to be, but remember, your use has gone up and up. Electricity is probably doing more jobs for you today than ever before—and at lower cost.

Practical business management, and experience of the folks at CPL, as well as your own wider use, have helped make electricity such a big budget bargain of a lot for a little. We're working constantly to keep it that way.

Local Boy Participates In Fleet Exercises Held Off West Coast

Jessie J. Wright, machinists mate, second class, USN, son of Mr. and Mrs. John F. Wright of Rockport, Texas, is serving aboard the aircraft carrier USS Boxer, which has participated in the Pacific Fleet held off the West Coast.

The three-week operation included units of the Sixth Army and of the Fourth Air Force. A main objective of the exercises was to demonstrate what personnel in the Fleet could do with equipment and procedures available and to coordinate the three armed services in a defensive, aggressive team.

Recent operations of the Boxer have included a brief visit to Tacoma, Wash., where she participated in the Washington State American Legion Convention, an eight week NROTC Midshipman Cruise to the Hawaiian Islands; Amphibious Training Exercises conducted off San Clements Island and Camp Pendleton, Oceanside, Calif.; a recent visit to San Francisco in conjunction with the Portola Celebration, and a visit to the city of Santa Monica, Calif., for the celebration of Navy Day.

Miss Hazel Haynes of Houston visited at the Wm. Patrick home over the weekend.

all of such persons and their legal status, viz., whether incorporated or unincorporated, and if incorporated, whether in good standing or defunct, being unknown to plaintiff and to his attorney.

(87) The heirs, wives, devisees, and legal representatives, all of whom are unknown to plaintiff and to his attorney, of each and all of the defendants above enumerated or identified.

DEFENDANTS IN THE HEREINAFTER STYLED AND NUMBERED CAUSE:

You, and each of you are hereby commanded to appear before the 36th Judicial District Court of Aransas County, Texas, to be held at the court house of said county in the City of Rockport, Aransas County, Texas, at or before 10:00 a.m., of the first Monday after the expiration of forty-two (42) days from the date of issuance hereof; that is to say, at or before 10:00 a.m., of Monday, the 27th day of December, 1948, and answer the petition of Sam Mundine, plaintiff in cause number 2634, styled Sam Mundine vs. American National Insurance Company, a corporation, et al, in which said Sam Mundine is plaintiff and all the persons, firms, and corporations above enumerated or identified, and to whom this citation is addressed, together with said American National Insurance Company, whose office is in Galveston, Galveston County, Texas, and Harry Traylor, who resides in Aransas County, Texas, are defendants, which petition was filed in said court on the 19th day of June, 1948, and the nature of which suit is as follows: In Tresspass to Try Title, brought by said plaintiff against all said defendants to recover the title to and possession of thirty (30) acres of land, more or less, in Aransas County, Texas, being all of farm lots Forty-four (44), Forty-five (45), and Forty-six (46), containing ten (10) acres each, more or less, of the Coleman Fulton Pasture Company subdivision, out of the E. Kilpatrick and A. Bergara surveys, according to the plat of said subdivision duly recorded in Vol. 1, p. 14, of the plat records of said county here referred to, together with damages in the sum of One Dollar (\$1.00), for costs of suit, and for general relief, by which said plaintiff seeks to cut off all rights, titles, claims, and interests of every character, of all said defendants in or to said land.

If this citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Witness Jas. C. Herring, Clerk of the 36th Judicial District Court of Aransas County, Texas.

Given under my hand and the seal of said court at office in the City of Rockport, this 11th day of November, 1948.

(Issued the same day)

JAS. C. HERRING, Clerk of the 36th Judicial Court of Aransas County, Texas.

From where I sit... by Joe Marsh

Why Dutch is Growing a Beard

That beard on Dutch Miller's chin doesn't mean that he's getting ready to play Santa Claus. He's simply paying off the election bet he lost to Cappy Swanson.

And while some folks allow it's all a lot of nonsense—like the wheelbarrow ride that Cappy had to give Dutch after last election day—from where I sit, it's a mighty wholesome aftermath with a difference of opinion.

Because good Americans all take their politics and voting mighty seriously. But when the issue's settled, and the die is cast, they accept the verdict in a spirit of good humor.

And that's as it should be when it comes to any difference of opinion. Some folks vote for beer as their favorite beverage—others vote for cider. In fact, we all have differences of taste in almost everything! But that doesn't mean that we can't live together in a spirit of good fellowship.

The Waterfront

(Continued from page 1)

frozen shrimp for bait.

Byron Baker caught 42 trout while fishing at the basin Tuesday evening. Others who have found fishing successful at the basin this week were C. C. Melton of Cody, Wyo., who is spending the winter here; and also Mrs. S. D. Elkins, here from Colorado.

Max Miller, Mr. and Mrs. Wm. Toland and Mrs. Warner, all of Houston, fished with Harry Mills last Friday. They brought in 125 fish which included redbfish, drum and flounder.

C. B. Park of San Antonio and his sister, Miss Lorna Park of San Marcos went out with Jack Lawler Friday and caught 56 redbfish and 9 drum.

H. H. Holmes fished with Jack Lawler Saturday and landed 65

Noah Smith to Build Timber Pier In Harbor

A permit has been issued to T. Noah Smith by the Dept. of the Army authorizing the construction of a timber pier 140 feet long and 8 feet wide with the outer end of the pier to be located 50 feet from the near bottom edge of the channel dredged and maintained by the government in front of the site at a location in the Rockport Harbor about 600 feet southeast of Merchants Square and at the southeast corner of the applicant's property on the water front.

J. J. Mocatee and party of eight from Houston bagged their limit of ducks and 4 geese while hunting at the Copano Club, nine miles north of Rockport, last week.

Joe Johnson, Charlie Ankele and Ed Barnard went duck hunting with Henry Ballou Wednesday. They bagged their limit in short order.

B. T. Duncan brought a shrimp boat from Aransas Pass to Rockport Wednesday to be launched in the yacht basin. The boat was 45 feet in length with a 17 foot beam. It is owned by Mircovich Bros., of Ingleside, and was recently completed by Theodore Bauer in Aransas Pass.

Mr. and Mrs. R. B. Sipe landed 53 trout while fishing in the basin Tuesday evening which averaged over one pound each. This morning they caught 6 trout at the basin.

Good pastures and good pasture management are needed if the dairyman is looking toward the successful operation of a long range dairy program.
