LECTURES TO FARMERS AND SCHOOLS

Agent of State Department of Agriculture to Make Tour of the County

WILL ORGANIZE FARMERS' INSTITUTES

In the Free Press of April 3rd was published an article calling attention to the desire of our State Commissioner of Agriculture that the farmers throughout the state (where not already organized) organize Farmers' Institutes in order that they might come into closer touch with the Department of Agriculture and more readily receive such information and benefits as the Department can extend to them from time to time, as well as get the immediate advantages to be derived from the discussions of local farming questions, etc., in the Institute meetings. In the same connection the offer was made by Commissioner Davis to send an agent of the Department to make a tour of the county lecturing to the farmers and to the schools, where convenient, provided that a reasonable number desired that it be done and he be given at least two weeks notice.

Quite a number of farmers have expressed their desire for same, and the following itinerary has been arranged for the lecturer, who will fill the appointments at the places and dates given below:

At ROBERTS SCHOOL HOUSE,	May 10, at 2 p. m.
At WEINERT,	May 11, at 2 p. m.
At Rochester,	May 12, at 2 p. m.
At Rule,	May 13, at 2 p. m.
Sagerton,	May 14, at 2 p. m.
Haskell,	May 15, at 2 p. m.

At each of the above places an address will be delivered to the school at an hour satisfactory to the teachers and pupils.

At each place also the lecturer will assist in organizing a local Institute if the people desire it, and at Haskell on Saturday, 15th, a county Institute will be organized, of which the locals may also be members.

The County Institute will elect delegates to the State Institute, which will hold a three-days' session at Austin the last week in July. Commissioner Davis will procure for the delegates free round-trip passes on the railroads.

It is hoped that the farmers and their wives will turn out in full force to these lectures and make it a social as well as a business occasion. Make note of the dates and don't have it say that you forgot.

HASKELL BOY WINS ORATORICAL CONTEST

Sherman, Texas, April 16.—J. L. Sherrill of Haskell, representing Austin College, won the eighteenth annual oratorical Association contest of the Texas State Oratorical Association, in Sherman, Austin College, held tonight, his subject being "America's Opportunity at the Cost of Blood."

O. W. Moemer, Southwestern University, and L. D. Dallahite, Baylor University, tied for second place.

The other speakers were William Lipscomb, University of Texas; J. N. Land, Daniel Baker College; Roscoe Haley, Simmons; Edward Tidwell, Trinity University, and Alden Evans, Texas Christian University.

At the business session this morning H. P. Jones of T. C. U. was elected president, C. V. King of Trinity, vice-president; S. F. Ewing of Daniel Baker, recording secretary; J. H. McBride of T. O. U., corresponding secretary, and R. W. Foy of Simmons College, treasurer.

The 1916 meeting will be held at Texas Christian University. The Association amended the constitution to select judges hereafter by correspondence, abolishing the preliminary business session held before for that

purpose.

Visitors and local students were entertained at dinner Friday by Austin College. Local musical organizations gave an elaborate program tonight. The contest was largely attended.

J. L. Sherrill is a son of Mr. and Mrs. R. E. Sherrill, of this city. The Free Press feels a local pride in the young man, who is putting Haskell "on the map" in college circles. We wish to congratulate Mr. Sherrill, as well as his parents, for the honors their son has won.

Co-Operative Notes

Don't forget that next Monday is the regular day for our Co-Operative Meeting. The study of the "Child in the midst" will be under the leadership of Mrs. Turrentine. She can always make it both interesting as well as instructive. By request Mrs. Kline will repeat her paper of last meeting and there will be special music. So everyone is urged to come, and we particularly invite the ladies who have not given their names to join us and help make Haskell a better town.

There is still some unfinished work in our alleys and back yards but we trust the work will be around by another week and Haskell's first campaign for a cleaner town will have good results. Reporter.

Talking About the Free Press.

We understand that J. A. Greer has severed his connection with the Haskell Free Press, and that Editor Martin has the whole boat to himself again. Years ago Mr. Martin went to Haskell, "about the time of the carrying away into Babylon," or some such a date, and he started a newspaper. He had his press work done in Throckmorton on something they called a printing press, and then hauled per cowboy to Haskell. There were no railroads; nobody expected Mr. Martin to get out on time, and he did not disappoint them, but did the best he could with the poor facilities of getting stock with which to print papers. He hammered along, when one day Greer came along and started another paper in Haskell. It did not take either of them long to find out that two papers in Haskell was something like taking two breakfasts at once for one hungry: wearing two heavy suits of clothes in the summer, when a "pam" beach is all that is necessary; so Martin and Greer quit colliding and consolidated, thus placing themselves where they could make some money and one less newspaper, whereas they had been making a couple of newspapers and no money. When they consolidated they relieved the merchants of a very great strain, as they were paying two advertising bills, each one too low, and getting practically one service; at the same time, the merchants were also relieved of the everlasting ding-dong of solicitors and business got down to a better tenor and up to a higher standard. Mr. Greer is a good newspaper man. He will make good wherever he goes. We understand he will try out several places before he decides to locate, and that is no bad idea—a man ought to be sure of his lighting before he leaps.—Stamford Leader.

Mr. Martin and Mr. Greer appreciate the compliment paid them by the Leader. In one instance the Leader errs, however, in stating that Mr. Greer started a paper in Haskell. In order to keep the record straight we will state that he bought an already established paper, but soon discovered the wisdom of consolidation, recognizing the fact that there was room for only one paper in a town this size. Mr. Greer has not decided on a location yet, but if he should locate in a town where there is already a paper, we agree with the Leader that "he will make good," and will give his competitor a race for his money.

Stomach Trouble Cured

Mrs. H. G. Cleveland, Arnold, Pa., writes: "For some time I suffered from stomach trouble. I would have sour stomach and feel bloated after eating. Nothing benefited me until I got Chamberlain's Tablets. After taking two bottles of them I was cured." For sale by all dealers.

KEEP OUT OF BAD COMPANY

Foot comfort's a great thing isn't it? Sure it is. And honestly foot comfort should not be an article of scarcity whether it is or not. An uncomfortable shoe is really bad company. Who can stay in a good humor when their feet are hurting them? Personally we do not believe you can sir. And we pride ourselves of the fact that our customers who come in and buy good shoes of us for instance Howard & Foster shoes, walk out in a good humor. They're in good company.

We have a host of styles in these good shoes. You young fellows know we have the best styles in town, and let this soak in—we have something that will suit your daddies and also your grand daddies just as well. They're good fitters too, sensible looking and made of the best leather money can buy. Workmanship? They're made by Howard & Foster, and, sir, you might as well try to find some one who can beat Edison on electricity as to find some one who can beat H. & F. making good shoes.

This week:—Some new Ties, Some new Hats, Some new Sox.

A good natured tip:—You who are going to wear a Palm Beach this summer, come over—we have some extra good looking underwear.

To the Farmers.

Mr. Farmer: Dear Sir:—The events of the year all indicate a very high price for wheat during the coming season and the indications all point to a big crop in this section of the country.

There appears to be but two dangers confronting us, and that is dry weather and hail storms. You can not prevent these but you can take out insurance that will protect you in case of loss by hail. I am better prepared than ever to write you the best Old Line insurance in the world, at the lowest possible rate, and I ask that you give me an opportunity to talk with you.

I feel that you should be interested in giving a home man the business as I can meet the rates offered by other companies.

Protection from hail means protection for your credit and your family.

Let me write your hail insurance on your grain in the Security Insurance Company, of New Haven, Conn.

After an exhaustive discussion of the above papers, the Society took steps to help improve methods of dealing with the small-pox situation appointed a committee to appeal to the county and state health departments asking them to devise some means by which we can blot out the dreadful pest.

The Association will meet with the Rule doctors the second Tuesday in May.

A Public Acknowledgment

Some weeks ago I had the misfortune to get my leg broken. A few weeks prior to that time I had joined the Yeoman Lodge at this place, the policy of which carries an accident clause. My claim was promptly filed and on Monday, April 10th I received a check for \$150.49 to cover the claim. I desire to take this method of thanking this lodge for the prompt, efficient and willing attention given my claim, and to heartily commend the order to others.

Very respectfully,
Walter E. Coburn

Unconscious Humor

Some of the finest jokes extra come through the fact that the printer's finger slips. Here are some which, like all others, are funny a long, long, long time afterward—never at the time.

A Chicago paper reported that the propeller Alaska was leaving port with a cargo of 40,000 bushels of cats.

A Buffalo paper, in describing the scene when Roosevelt took the oath of office as president, said it was a spectacle never to be forgotten when Roosevelt, before the Chief Justice of the Supreme Court and a few witnesses, took his simple bath.—Associated Advertising.

THE DALLAS TRADE EXCURSION

As per announcement last week, the Dallas excursion party touring Central West Texas, made a stop in Haskell Tuesday morning of this week. A large crowd of our citizenry was at the depot to bid the visitors a hearty welcome. As the train rolled in the Italian band, connected with the carnival company, played a piece and in a few minutes a procession, headed by the Dallas band, was formed. Marching around the square the crowd formed a circle around the band stand near the court house where Haskell's talented young orator, W. H. Murchison, addressed the large assemblage of Haskell citizens and the visitors, expressing the pleasure felt by this city on this occasion. He told of the rapid growth of Haskell county in the last ten years; of its production of 56,000 bales of cotton last year and also \$1,000,000 worth of milo maize last year, according to estimates. "We are interested in hogs, maize, wheat and oats and Dallas—and we believe in holding our cotton," he added. "This is the country that is going to make Dallas greater than its wildest dreams."

"We believe that, and all we have heard about Haskell county and this great Western section," responded J. R. Babcock. "In fact, we know it, for we are here and have seen for ourselves."

David D. Cahn, speaking of Haskell for the Dallas business ambassadors, said that for twenty-four years he has been traveling through this part of the state. He knew that its marvelous growth is but another conclusive evidence that a marvelous empire of happiness and prosperity is being created here in the southwest, of which Dallas is to be the capitol and the commercial metropolis.

"Dallas comes and offers you, on equal terms with any other market of this country, anything you want, in any line," he said. "It does not matter what it is, we have it. We can sell it to you at the same price as St. Louis, Kansas City, Chicago or New York. We are closer to you. We can deliver quicker. You want to build this great southwestern empire; we want to build it. We want you to help us; we want to help you. Let's build Texas, and in order to do that, we must build manufacturing cities and great jobbing headquarters. Let's do our business at home. Dallas has now 341 factories and manufacturing plants. One hundred and thirty-one of the largest Eastern enterprises have their headquarters there. We did \$211,000,000 worth of wholesale business in Dallas last year, and we want you to come to our market, as I am happy to say, most of you have been doing."

Let the Free Press do your job printing. We will treat you right and please you.

News Items From the North Texas Normal.

(By Claudis Walden.)

An unusual number of interesting events have taken place at the North Texas College recently. On April 1st and 2nd the Normal was hostess for the Texas Intercollegiate Press Association. Representatives were present from a large number of the leading colleges and universities of the state. Complimentary to the visitors, a reception was given by the Junior Class in domestic science on the afternoon of the first; a reading by Mrs. A. O. Coke of Dallas was given the same evening; and on the following afternoon, the city of Denton tendered the association an automobile drive over the city, ending with a brief visit at the College of Industrial Arts, where refreshments were served. The programs of the Association were interesting and instructive. Among the principal speakers were Mr. E. R. Bentley, of T. C. U., President F. M. Brally, of C. T. A.

Following last year precedent, a minstrel show was given on April 3rd for the benefit of the Athletic Association. The play was an original production by local talent, and represented a conference of the belligerent natives, with minstrel features very cleverly introduced.

On the evening of the 10th, the annual debate with our sister Normals took place. This is regarded as one of the most interesting occasions of the college year, and never fails to arouse much school spirit. The enthusiasm was unusually great this year because of a double victory which gives our school the enviable record of three successive double victories. The affirmative side of the question, "Resolved, That the Monroe Doctrine should be abandoned," was represented by Phil Peters and W. B. Ferguson against San Marcos, this debate being held in Denton; the negative by B. F. Lowrie and W. F. Milam against Sam Houston, the debate taking place at Huntsville.

We are now looking forward to April 21st, which we have grown to regard as field day in our college. This is the day which we give to athletic contests of all sorts, including the usual varieties of track work, and ending with a baseball game.

Our baseball team has been doing fairly good work this spring. Their first victory of especial note was a 3 to 0 score in a game with Decatur Baptist College on April the 12th.

Whales.

The whale, like the orator, makes the most noise when nearest the surface of things. When he goes deep you never hear him. Whales spend their time in ocean travel and taking the air. There was once a whale named George Washington. His father had caught a favorite human being and had him in the refrigerator to keep, when George happened along and swallowed him. George's father, missing Jonah, which was the name of the dainty, suspected George and took him out into a back ocean current. George thereupon began to weep salt tears, but, with prodigious courage, for a whale, said:

"Father, I can not tell you a tale. I swallowed Jonah with my little swallower."

Whales are used to lubricate sewing-machines, to decorate museums of unnatural history, and to reduce to a pulp a woman's waist-line.—Life.

Joe Ferguson of Hale County was here last week. His mother, Mrs. Ferguson, accompanied him home for a visit. Mr. Ferguson is a brother of Gov. Ferguson. In the early days, he was in the ranch business on Miller Creek in this county.

YOUR attention is respectfully called to an important point not generally known, that a laxative should have a tonic element to successfully meet constipation.

Mr. John B. Capers, of 610 Pecan St., Fort Worth, Texas, had a significant experience in this particular. He was afflicted with a severe case of constipation and bowel trouble. He spent a good deal of money in trying to find a remedy. To his astonishment Peruna very quickly relieved him of his bad symptoms.

This happened a number of years ago. Since then, Mr. Capers states that he has had similar attacks of trouble, the prominent symptom of which is constipation, and has always found prompt and efficient relief from Peruna. He says: "Up to the time I started using your Peruna I could drink castor oil like water. It did no good. As for salts, they were of no use. Physicians of all kinds and classes were used, but we had to call on the fountain syringe for help." Peruna was able to correct this condition completely in Mr. Capers' case, and there is every reason to believe that it was the tonic qualities of Peruna, added to the laxative qualities, that procured this very desirable result.

HASKELL, TEXAS, Apr. 24, 1915.

The farmers of Haskell county are in as good shape financially as they have been in years. This is not all of it. They are diversifying and raising poultry, hogs, mules and cattle, as well as grain and the fleecy staple.

When everybody will be conservative and industrious during the year 1915, the people of Haskell county will enjoy one of the most prosperous and happy periods in the history of the county. There is no reason why anyone should not prosper under president con-

ditions. Industry and providence will make anyone successful, happy and contented.

The English are now tackling the liquor question. It seems that the laboring class of that country are so addicted to drink, that the habit seriously interferes with the manufacture of arms and ammunition for the army. Germany and Russia have cut out whiskey and England will have to follow suit, or stare defeat in the face.

We have had for several days fine showers that have put a splendid season in the ground. It looks like the whole western part of this great state is coming into its own. We look for a big immigration to this section this fall. Haskell county presents a fine coat of grass, and the pastures rival any place on this globe.

Judge Anderson, who tried the Terre Haute conspirators, when passing sentence on Mayor Roberts, and his ballot box stuffing henchmen, said of the saloon: "My notion is that the saloon will have to go. I believe the time will come when the people will rise up and smash the saloon, at least as we have it now. The evidence in this cause showed that the saloons were the centers of nearly all the corruption in the election at Terre Haute."

Considering the activity of the liquor interest in debauching the ballot boxes at Terre Haute, and the innumerable other cases of similar shamefulness, what becomes of the "personal liberty" plea which used to be made in its behalf? What sort of personal liberty is it that bribes, bulldozes and assaults the electorate of a large city, and concludes by raiding the polls and robbing the majority of its rights?—State Press in Dallas News.

Citation by Publication.

The State of Texas.

To the Sheriff or any Constable of Haskell County, Greeting:

You are hereby commanded, that you summon by making publication of this citation in some newspaper published in the County of Haskell for four weeks previous to the return day herof, T. B. Griffin, whose residence is unknown to be an appear before the Honorable District Court, at the next regular term thereof, to be holden in the County of Haskell at the court house thereof, in the city of Haskell on the 24th day of May 1915, then and there to answer plaintiff's first amended original petition filed in said court on the 18th day of April A. D. 1914, in a suit numbered on the docket of said court No. 1735, wherein J. M. Hanna is plaintiff and J. C. Bland, C. D. Long, T. B. Griffin, Mrs. Ida May Sherick, executrix of the estate of A. C. Sherick, deceased, and W. D. Joiner are defendants.

The nature of the plaintiff's demand being as follows:

Suit for debt and foreclosure of Vendor's lien under allegations in said petition substantially as follows, to-wit:

That heretofore, to-wit, on the 2nd day of September, 1908, the defendant J. C. Bland made, executed and delivered to the plaintiff nine promissory notes payable to his order, all bearing date September 2, 1909, and designated as number one, number two, number three, number four, number five, number six, number seven, number eight and number nine, each bearing interest at eight per cent per annum, payable annually, each providing that all past due interest shall bear interest from maturity thereof until paid at the rate of ten per cent per annum, said notes having been given as part of the purchase money for the land hereinafter described, each contains the following provision: "It is understood and agreed that failure to pay this note or any installment of interest thereon when due, shall at the election of the holder of them or any of them mature all notes this day given by me, J. C. Bland, to said J. M. Hanna in payment for said property" and each of said notes does also contain the following clause and provision, to-wit: "And I hereby specially agree that if this note is placed in the hands of an attorney for collection or if collected by legal proceedings, to pay ten per cent additional on the principal and interest as collection fees" and the said note number one is for the principal sum of two hundred and seventy two dollars but became due and payable November 15, 1909. Notes number two, number three, number four, number five, number six, number seven, number eight and number nine are each for the principal sum of \$271, and by their face and terms they are due on the following dates, respectively, November 15, 1910, November 15, 1911, November 15, 1912, November 15, 1913, November 15, 1914, November 15, 1915, November 15, 1916, November 15, 1917.

Plaintiff alleges that he became on the date of the execution and delivery of said notes as aforesaid, the legal and equitable owner and holder of the same and that he is now, and has been continuously ever since the date of said notes, the legal and equitable owner and holder of the same, that no part of either of said notes has ever been paid and that said notes number one, number two, number three and number four by their face and terms have long since become due and payable and that the annual interest upon each and all of said notes for four years has long since become due and payable and the defendants have each and all failed and refused to pay the same or any part thereof. By reason whereof the plaintiff has exercised his right of election to declare each and all said notes due and payable, and has so declared, and each all said notes are now and have long since become due and payable, and the plaintiff further alleges that after each and all said notes had become due and payable as aforesaid the said notes were placed in the hands of W. T. Andrews and H. G. McConnell attorneys at law for collection with instruction to institute this suit with the agreement and understanding between plaintiff and said attorneys that they, said attorneys, should have ten per cent of the amount of principal and interest of said notes as their fee for collecting same which plaintiff alleges is a reasonable and proper fee to be paid said attorneys for the service to be rendered by them under said employment and plaintiff alleges that though he has often demanded payment of said notes of the defendants they have totally ignored such demands and have each failed and refused to pay same or any part thereof to plaintiff's damage \$3500.00.

That contemporaneously with the execution and delivery of the notes above described, the plaintiff J. M. Hanna joined by his wife Lula G. Hanna, made, executed and delivered to the defendant J. C. Bland his general warranty deed whereby he conveyed to the said J. C. Bland the following described property, to-wit: All that certain tract or parcel of land situated in Haskell County, Texas, same being a part of the John Husband survey No. 73, abstract No. 158, certificate No. 3646-3747 patented George Hooper on October 14, 1856 by patent No. 524, Vol. 11, the part thereby conveyed being described by field notes as follows: Beginning at a point 1380 vrs. N. 1°, 40' E. of the S. E. corner of the W. G. McDonalds survey, said beginning point being also

the N. W. corner of a tract theretofore conveyed by plaintiff and his wife to I. G. McDonald; thence No. 475 varas to the S. W. corner of a 431 1-2 acre tract off the N. end of said Husband survey then owned by M. S. Pierson for the N. W. corner of this tract; thence S. 1° 47' W. along the N. line of the said McDonald tract 830 varas to the place of beginning, containing 161 3-5 acres of land. The plaintiff alleges that the notes above described were executed and delivered as aforesaid as a part of the consideration for said deed and that said deed that vendor's lien was reserved to secure the payment of each and all of said notes and that the plaintiff is now the legal and equitable holder and owner of said vendor's lien and the said notes being due and unpaid the plaintiff is entitled to a foreclosure of said lien to enforce their payment, and this deed is now duly recorded at page 611, vol. 41 of the deed records of Haskell County, Texas.

Plaintiff alleges and charges that it was also a part of the consideration for said deed that the defendant J. C. Bland did assume the payment of \$200 as balance due upon a note for \$244 dated January 15, 1904, executed by C. D. Jefferson payable to the order of S. W. Scott due January 15, 1909 with interest as therein specified from January 15, 1908, but plaintiff alleges that this last mentioned note has been fully paid, satisfied, discharged and cancelled and that same does not now exist either as a claim against defendants or as an incumbrance against said property.

Plaintiff alleges that thereafter on the 20th day of April, 1909, the defendant, J. C. Bland joined by his wife, Myrtle Bland, by their deed in writing, bearing that date, did convey the above described property to the defendants C. D. Long and T. B. Griffin and as part of the consideration for said deed the said C. D. Long and T. B. Griffin did assume the payment of each and all of the notes above described and in addition thereto they executed their own three certain promissory notes each for the sum of \$500 payable to the order of J. C. Bland, bearing eight per cent per annum from date, providing for ten per cent additional as attorneys fees and bearing even date with said last named deed and did deliver said three notes to the said J. C. Bland which became due and payable in one, two and three years from their date respectively and in said deed the vendors lien was reserved to secure the payment of all the above named indebtedness, but plaintiff alleges that the lien reserved in said deed last named is secondary and inferior to the lien reserved in the deed first hereinafter mentioned and that said deed last named is now duly recorded at pages 408, 409 and 410, vol. 46 of the deed records of Haskell County, Texas.

Plaintiff alleges that thereafter A. C. Sherick in his life time became the owner of the three notes of \$500 each executed by said C. D. Long and T. B. Griffin fully described above by purchasing the same from the defendant J. C. Bland and that thereafter the said A. C. Sherick on the 25th day of April 1912, instituted his suit in the District Court of Haskell County, Texas, for the recovery of the amount then alleged to be due upon said three notes for \$500 each and for foreclosure of the vendors lien reserved in the deed from J. C. Bland to C. D. Long and T. B. Griffin to secure payment of the same, the said suit being styled A. C. Sherick vs. C. D. Long, et al. and numbered 183 upon the docket of said court, and thereafter on the 27th day of May, 1913, the said Mrs. Ida May Sherick did appear in said District Court and in the said cause filed a written suggestion of the death of said A. C. Sherick, alleging that he had died on the 23rd day of April, 1912, and that she, the said Mrs. Ida May Sherick, had been appointed and was then the duly qualified executrix of the said A. C. Sherick, deceased, and in writing prayed that she be made plaintiff in said cause and be allowed to prosecute the said suit in her name as executrix of the estate of the estate of said A. C. Sherick, deceased, and thereafter the said cause was by the said Mrs. A. C. Sherick as such executrix presented to final judgment against the defendant, J. C. Bland, C. D. Long and T. B. Griffin which was entered in the minutes of said District Court on the 9th day of June, 1913, awarding said Mrs. A. C. Sherick, executrix aforesaid, judgment for the sum of \$220.50 with interest from said last named date at ten per cent per annum besides all costs of that suit, awarding also to the said Mrs. A. C. Sherick, executrix aforesaid, foreclosure of the vendor's lien reserved in the deed from J. C. Bland and wife to C. D. Long and T. B. Griffin above mentioned, and in said judgment it was provided that order of sale should be issued at any time after January 1, 1914, directing the proper officer of Haskell County to seize and sell said land as under execution and no sale of said land under said judgment has yet been made and this judgment is recorded at pages 434 and 437, book 4 of the minutes of the District Court of Haskell County, Texas.

Plaintiff alleges that he was not a party to said suit above mentioned as cause No. 183, and that all the rights acquired by the said Mrs. A. C. Sherick, executrix aforesaid, under said judgment are secondary and inferior to the rights herein asserted by the plaintiff and that said judgment rendered in said cause No. 183 is in no wise binding upon this plaintiff for the reason that the notes herein declared upon constitute and are the first lien upon the property above described while the notes declared upon by the said Mrs. A. C. Sherick executrix in said cause No. 183 are secured only by a second lien on said property. The plaintiff alleges that all the deeds herein mentioned and described are in the possession of the defendants in this cause and they are each hereby notified to produce the same upon trial of this cause or else secondary evidence of the contents of said deeds will be offered by plaintiff upon said trial. Plaintiff also alleges that under the judgment above mentioned, rendered as aforesaid in favor of the said Mrs. Ida May Sherick, executrix, an order of sale was issued out of this court on the 6th day of February, 1914, under which the sheriff of Haskell County, Texas, did seize and take into his possession the premises above described and did sell the same to the defendant, W. D. Joiner, and he, the said W. D. Joiner, is now claiming some kind of right, title or interest in said property, which is inferior to the title of the plaintiff evidenced by his vendors lien aforesaid.

Wherefore the plaintiff prays that citations in terms of the law be issued and served upon all of the defendants, requiring them, and each of them to appear at the next term of this court and answer this petition and that upon final hearing the plaintiff have judgment as follows:

1. Against defendants J. C. Bland, C. D. Long and T. B. Griffin for the full amount of the principal, interest and attorneys fees upon notes used on in this cause as provided for in said notes as well as all the costs of this suit.
2. That he have foreclosure of his vendors lien as it existed on the 21 day of September 1908 against all defendants in this cause.
3. That it be provided in the judgment to be rendered in this cause that the order of fore-

closure provided for in the judgment rendered in said cause No. 183 be cancelled, abrogated and held for naught, and that the title of W. D. Joiner, the purchaser under the order of sale issued out of said judgment be also cancelled as well as the deed held by him from the sheriff of Haskell County, Texas, under said order of sale.

That an order of sale be issued out of this court in this cause, and that said property be sold thereunder with directions that the proceeds of said sale be applied as follows: (a) to the payment of the judgment to be rendered in this cause in favor of the plaintiff, the surplus, if any, be applied upon the judgment rendered in said cause No. 183, and if at said sale the proceeds derived thereby are more than sufficient to pay all costs of this suit and the judgment, together with the judgment already rendered in cause No. 183, and then the surplus over the said two judgments and the costs of this suit, be then directed to be paid to such of the defendants in this cause as may show themselves entitled to receive it, but that the judgments in this cause further provide that if at the sale of said property to be made under the process to be issued in this cause, the proceeds derived shall not be sufficient to pay all the costs of this suit and the judgment to be rendered herein, that then the plaintiff may have his execution against the defendants, J. C. Bland, C. D. Long and T. B. Griffin for any balance of said judgment remaining unpaid as well as execution against all defendants for the collection of the costs of this suit, and the plaintiff further prays for the issuance of a writ of possession in favor of the purchaser of said property at such sale.

Herein full not, and have you before said court, on the said first day of the next term thereof, this writ with your endorsement thereon, showing how you have executed the same. Given under my hand and seal of said court, at office in Haskell, Texas, this 10th day of April, A. D. 1915.

E. W. LOE,
Clerk, District Court Haskell County, Texas.

The Rab-Rab Artists' Guide.

Anybody can write a story about college life. If he has not attended a college, so much the better. His imagination is less trammelled. A few simple rules must be observed, however.

1. All heroes are named Jack, Stanley, or Dick.
2. All college men wear sweaters always, and smoke short, fat-bowled pipes.
3. There is always a "Fatty," who is a funny fellow.
4. Any four college men make up a quartet, which can sing "Merhilleee we ro-hull alongnng" at any time.
5. All college men are wooing a girl named Dorothy or Betty, who is "sweet and pure as an angel."
6. All college men address one another as "old hoss."
7. College men never study, but spend their time in tossing repartee back and forth.
8. All college rooms are adorned with pennants.
9. All college men call their fathers "Pater," and speak of the "honor of the dear old school" in a husky voice.—Harvard Lampoon.

1915 Texas Cotton Crop to be Financed

Ft. Worth Texas, Apr. 17—Officials of the Texas Cotton Conference at headquarters of the organization, in this city, announced today that definite plans were under way for the successful marketing of the Texas Cotton Crop. They stated that unlimited capital at low interest rates had been assured by some of the largest financial institutions of the nation, provided proper security can be given the men with the money. The greatest drawback, according to information filed with the conference, is a lack of uniform system of warehousing the cotton, and a standard warehouse receipt that will be accepted in every market.

The primary purpose of the Texas Cotton Conference is to overcome these difficulties and a systematic system is being waged to this end. In order to raise funds to carry on the work a financial canvass among the business interests of Texas is being made and each individual is being solicited for \$10 for one year's membership dues. It is understood that there has been a generous response to the call for funds so far.

The plan contemplated will permit the farmer to hold his cotton until the market price justifies him in selling it and at the same time he will be able to meet a part of his obligations with the money he has borrowed on his staple.

The movement is backed by some of the leading business men of Texas. The officers of the Texas Cotton Conference are:—

President, J. A. Kemp, Wich-

ita Falls; Vice-Presidents, M. G. Young, Blooming Grove; G. L. Blackford, Denison; E. J. Fry, Marshall; Treasurer, F. S. Hastings, Stamford; Executive Committee, Chairman, B. B. Cain, Dallas; J. M. Radford, Adilene; E. P. Wilmot, Austin; J. S. Wilmoth, Ballinger; J. L. Hobert, Corsicana; Nathan Adams, Dallas; Paul Waples, Fort Worth; John Sealey, Galveston; Will C. Hogg, Houston; H. E. Singleton, McKinney; W. T. Wilson, New Gracches; T. J. Record, Paris; Frank Guinn, Rusk; P. L. Towns,

Temple; S. A. Lindsey, Tyler; Al McFaddin, Victoria; Wiley Blair, Wichita Falls.

We give space to the above, but we do not believe the scheme will work. What the farmers need is a marketing system, not a loan system. Sell the cotton to the spinners before it is made.

Ever Salivated by Calomel? Horrible

Calomel is quicksilver and acts like dynamite on your liver

Calomel loses you a day! You know what calomel is. It's mercury: quicksilver, Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for 50c a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and cannot salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

Two farmers, attired in corduroys and gaiters, were strolling through a picture-gallery, where they looked, and apparently felt, decidedly out of place. But at last they brought up before a picture which really seemed to please them—a portrait of a lovely girl with a particularly ugly bulldog.

"This is something nice, Dick," said one.

"What is it called?" Dick referred to the catalog.

"Beauty and the Beast," he said.

The other man looked closer at the bulldog.

"Ah!" he sighed, appreciatively, "he is a beauty, too!"—Tit-Bits.

A woman missionary in China was taking tea with a mandarin's eight wives. The Chinese ladies examined her clothing, her hair, her teeth, and so on, but her feet especially amazed them.

"Why," cried one, "you can walk and run as well as a man."

"Yes, to be sure," said the missionary.

"Can you ride a horse and swim, too?"

"Yes."

"Then you must be as strong as a man!"

"I am."

"And you wouldn't let a man beat you—not even if he was your husband—would you?"

"Indeed, I wouldn't," the missionary said.

The mandarin's eight wives looked at one another, nodding their heads. Then the oldest said, softly:

To the Sheriff or any Constable of Haskell County, greeting:

You are hereby commanded, that you summon, by making publication in some newspaper published in the County of Haskell, for four weeks previous to the return day hereof, Mrs. M. M. McDaniel, Jno. McDaniel, Bettie Clack and her husband, R. F. Clack, Liddie Hendrix and her husband S. W. Hendrix, Maggie Weaver and her husband C. P. Weaver, Rosie Rose and her husband Oscar Rose, Effie Rose and her husband Allan Rose, Eddie Flowers and her husband K. J. Flowers, Willie Webb and her husband, George L. Webb and Charley McDaniel, whose residences are unknown, to be and appear before the Hon. District Court at the next regular term thereof, to be holden in the County of Haskell at the Court House thereof, in Haskell Texas, on the 24th day of May, A. D. 1915, then and there to answer a petition filed in said Court on the 22nd day of April, A. D. 1915, in a suit numbered 2321 on the docket of said court, wherein J. M. Ross is plaintiff and Mrs. M. M. McDaniel, G. R. Couch, S. A. McDaniel, Jno. McDaniel, Bettie Clack and her husband R. F. Clack, Liddie Hendrix and her husband S. W. Hendrix, Maggie Weaver and her husband C. P. Weaver, Rosie Rose and her husband Oscar Rose, Effie Rose and her husband Allan Rose, Eddie Flowers and her husband, K. J. Flowers, Willie Webb and her husband George L. Webb and Charley McDaniel are defendants. The nature of the plaintiff's suit being as follows, to-wit:

Suit for cancellation of the vendor's lien reserved in a deed of conveyance by W. T. McDaniel and wife, by which they conveyed to G. J. Graham and T. G. Williams on the 1st day of October, 1907, the following described property to-wit:

Situated in Haskell County, Texas, being parts of survey No. 61, Block 1, H. & T. C. R. Co., land, located by virtue of Certificate No. 586 and situated about seven miles north, 86 degrees west from the center of the county and a part of survey No. 60 in block 1, H. & T. C. R. Co., land, abstract No. 494, certificate No. 950, described by metes and bounds as follows: Beginning at the N. E. corner of survey No. 61; Thence west 1452 varas to stake in the N B line of survey No. 61; Thence south 1396 varas to stake for corner; Thence east 710 4-10 varas to stake in the west line of a tract heretofore conveyed to J. P. Ashley; Thence north 1210 varas to stake the N. W. corner of the Ashley tract; Thence east 741 6-10 varas to a stake for the N. E. corner of survey No. 60, and the S E corner of survey No. 61; Thence north 186 varas to the place of beginning, containing 200 acres of land. And in which deed the vendor's lien was reserved to secure payment of two notes, both dated same day of said deed, one for \$247.77 due January 1, 1908, the other for \$2504.00, due January 1, 1909, bearing interest at eight per cent per annum from January 1, 1908, and providing for attorney's fees in the usual form.

Plaintiff alleges that thereafter

on the 22nd day of November 1907, the said G. J. Graham and T. G. Williams and their wives did convey the above described premises, by general warranty deed, to the plaintiff in this case, part of the consideration for which was that the plaintiff would assume the payment of the two notes above described. Plaintiff alleges also that said two notes have long since been fully paid off by him and that said W. T. McDaniel failed and neglected to execute to him a release of said vendor's lien. Plaintiff also alleges that all of the defendants are the sole and only heirs at law of the said W. T. McDaniel, who is now deceased, except that the defendant G. R. Couch was formerly administrator of the estate of said W. T. McDaniel, deceased, who died in estate subsequently to the payment of said notes; that said administration has been closed and that the said G. R. Couch as such administrator has been discharged; that there is now no administration pending on said estate and no necessity for any; the failure to find upon the records a release of said vendor's lien casts a cloud on plaintiff's otherwise good title to said land, and that the defendants are claiming some sort of interest in said land by reason of the fact that no such release was executed, and plaintiff prays for cancellation of said vendor's lien; for removal of said cloud from his premises.

Herein Fail Not, and have you before said court on the said first day of the next term thereof, this writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said court, at office in Haskell, Texas, this 22nd day of April, A. D. 1915. E. W. Loe, Clerk District Court, Haskell Co., Texas. [SEAL]

REPUBLICAN VICTORY IN CHICAGO.

AFTER A CAMPAIGN which the New York World called a "Donnybrook" and which was described by the Chicago Tribune on election morning as "a trivality puffed with wind and filled with sound," Chicago elects William Hale Thompson mayor by a record-breaking plurality of some 139,000 votes. "It is a woman's victory," exclaims the happy wife of the Mayor-elect. It is a Republican victory, say the equally jubilant Chicago Republicans, which "means a united party and a landslide for a Republican President in 1916." It is "a rebuke to efforts by partisans of either side in the war to fight it simultaneously in this country," says the New York Evening Post, recalling the effort to rally the "German vote" for the defeated Democratic candidate, Mr. Robert M. Schweitzer. It means, grimly observes the Mayor-elect, that "the crooks had better move out of town before I am inaugurated." And the Chicago Tribune (Prog.) in a hopeful but rather non-committal editorial on so famous a victory, thus points out the opportunity awaiting the new chief magistrate of the world's fourth city:

"The election from which you came a victor was without real issues, was full of childish devices, and some that were sinister. Nevertheless the city is in a mood for better things, is ready for building. There is vision among its citizens and devotion and courageous hope. The life of the city is strong and sound. Rely upon that and work."

The campaign ending in the election of Mr. Thompson by a plurality of 139,000, and a majority over all of 112,000, began in the primary contest last February. In the primaries, Mr. Schweitzer, with the supposed backing of Senator-elect Roger Sullivan, defeated Mayor Carter Harrison for the Democratic nomination; and Mr. Thompson, accused of a one-time intimacy with William Lorimer, defeated Judge Olsen, a fusion Progressive-Republican candidate. It is asserted in the Chicago news dispatches that disappointment on the part of supporters of the defeated candidates was responsible for the small Schweitzer vote and the lukewarm newspaper attitude toward the Thompson candidacy. Besides various local questions, international politics and religious prejudices were important and confusing factors. "All the leading Germans and Austrians," says a Chicago dispatch to the New York Times, "signed a circular urging the voters of German, Austrian, and Hungarian descent to vote the Schweitzer ticket as an endorsement of the war policies of Kaiser Wilhelm. The circular was adorned with photographs of Kaiser Wilhelm and Emperor Francis Joseph."

"An intense wave of resentment arose. The young Americans from the Indiana border of Chicago to the northern borders of Chicago at Lake Forest turned out in force and voted down the Schweitzer German-Austrian ticket."

Even larger and more ominous, the less conspicuous, than the question of race was the question of religion, says the New York Evening Post editorially. "Men and women were urged to vote for Schweitzer because he was a Catholic; other men and women were urged to vote for Thompson because he was not a Catholic."

William Hale Thompson was not only elected Mayor of Chicago by an unprecedented plurality; but he is also the first mayor to be elected by women's votes. Both parties, said The Tribune the day before the election, laid their greatest hopes on the woman vote, and did their most effective work in appealing to it. As a result perhaps, more women voted in Chicago than in any previous election since they won the franchise. According to Tribune figures, 243,217 women voted, 86 per cent. of their registration, as against 426,092 men, 88 per cent. of the male registration. Mr. Thompson had with him approximately 62 per cent. of the women and 60 per cent. of the men. This shows, according to the New York Times, a pronounced opponent of equal suffrage, "that the women voters merely enlarged the vote and did not determine or even influence its results." But their numbers impress even The Times. And, as the New York World puts it: "In the first test offered by a great American city women have conclusively shown that if they really 'do not want to vote,' they are bravely able to conquer inclination." The outpouring of Chicago women to the polls, says a suffrage leader, "should put an end, once and for all, to the cry of the antis that women are not interested in the exercise of the franchise."

While all observers admit the part played by local issues in the Chicago election, the determining factor, declares the New York Evening Sun, was the national issue. William Hale Thompson "pleaded the cause of good business and the full dinner-pail, and his opponent had no chance. The election is highly suggestive." Taken in connection with Republican victories last fall, it assures this independent New York daily that "if the Presidential election were to be held now, or even in November of this year, there would be no hope whatever for the present administration or for the party which it represents."

And an independent Chicago newspaper, The Daily News, thus explains why the election is a "significant Republican victory," particularly as touching reunion with the Progressives:

"Bad time, regarded as Democratic by non-Democratic voters, assisted materially in cementing the fracture of three years ago and firmly uniting the two parties under the Republican banner. . . . Eagerness to combine the opposition to the Democratic party was manifest everywhere. . . ."

"The desired absorption of the third party has now come about. Because the result of yesterday's voting in Chicago affords convincing proof of this important political development it is of extraordinary interest throughout the United States."

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

The State of Texas.—To the sheriff or any constable of Haskell County, Greeting:

You are hereby commanded to summon the heirs of J. H. Harvin, deceased, and the heirs of Enoch Robinett, deceased, whose names are unknown, to appear at the next regular term of the district court of Haskell county to be held at the court house in the city of Haskell on the 24th day of May, 1915, then and there to answer the first amended original petition, filed in said court on the 22nd day of March, 1915, in cause numbered 1867, wherein August Teichmann and Frederick Franke are plaintiffs and the Unknown Heirs of J. H. Harvin, deceased, the Unknown Heirs of Enoch Robinett, deceased, and Geo. W. Thomason, R. P. Williams and Olin D. Harvin are defendants.

Plaintiffs sue for partition of the Enoch Robinett survey situated in Haskell county, Texas, claiming ownership by fee simple title of a 350 acres undivided part as the property of said Teichmann, a 28 30 undivided part, less said 350 acres, as the property of said Franke and a 2-30 undivided part as the property of said Unknown Heirs of J. H. Harvin, deceased; and that defendants, Geo. W. Thomason, R. P. Williams, Olin D. Harvin and the Unknown Heirs of Enoch Robinett, deceased, are setting up some pretended claims to some part or parts of said survey, the exact nature and extent of which is unknown to plaintiffs, but which casts a cloud upon plaintiffs' title.

That plaintiff, August Teichmann, purchased the said 350 acres by metes and bounds as herein after described and has placed valuable improvements thereon; and that plaintiff, Frederick Franke, has made valuable improvements upon other parts of said survey; and that said improvements can be set apart to plaintiffs without detriment to their co-tenants.

That plaintiffs and those under whom they claim have had peaceable, continuous and adverse possession of said lands and premises, an undivided interest of 28 30 for for themselves and an undivided interest of 2 30 for said Unknown Heirs of J. Haskell county, Texas, as follows: (a) A deed from J. E. Parker and wife, Nettie C. Parker, to I. E. (h) A deed from Frederick Franke and wife, Dora Franke, to August Teichmann, dated Dec. 11, 1907, recorded in Book 43, Page 53.

That Plaintiffs and those under whom they claim have had peaceable, continuous and adverse possession by an actual inclosure of said lands and tenements, claiming and holding the same, a 28-30 undivided interest for themselves and a 2-30 undivided interest for the Unknown Heirs of J. H. Harvin, deceased, cultivating, using and enjoying the same for 10 years after the cause of action of the other defendants accrued and before the commencement of this suit.

That Plaintiffs and those under whom they claim have had and held peaceable, continuous and adverse possession of said lands, claiming an undivided 28-30 interest therein, cultivating, using and enjoying the same under deeds duly registered and paying all taxes thereon for more than 5 years before the filing of this suit, and after defendants' cause of action accrued thereon.

That plaintiff, August Teichmann, has had peaceful, continuous and adverse possession of said 350 acres out of said Robinett survey, Beginning at S. E. corner of said survey; thence, West 2093 vrs. to stake in E. B. line of Right-of-Way of P. & G. R. R. Co.; Thence, with said right-of-way N. 14 degrees, 45' E. 1049 vrs. to N. Plaintiffs pray for partition, appointment of commissioners and that improvements made by each be set apart to him, for judgment clearing their title from the cloud cast by the pretended claims of said Unknown Heirs of Enoch Robinett, deceased, and of Geo. W. Thomason, R. P. Williams and Olin D. Harvin.

You are hereby commanded to serve this citation by publishing the same once in each week for eight successive weeks, previous to the return date hereof in a newspaper published in your county.

Ballev Bubbles

Well, well! You just can't keep me away.

Everybody is wearing a smile over the good rain we had Saturday and Saturday night. It lived up everything and especially the young feed that is just up.

Mr. and Mrs. Felix Josselett and little daughter, Almada, are visiting down on Paint Creek this week.

Rev. Curry will preach at Ballev next Sunday night. We would be glad for everybody to come.

Mr. Oliver Toliver had quite a tear-up last Monday afternoon, when his team became excited and ran away. We are glad to say Mr. Toliver escaped serious injury.

Mr. Luther Toliver visited his sister, Mrs. Jessie Schwede, near Rule, the latter part of last week. Miss Ether Josselett has been quite sick, this last week, but is rapidly improving now.

Mr. J. L. Goode and family of McConnell visited Mr. A. C. Foster and family of this community last Tuesday. He reports crops looking fine near his home.

Quite a good crowd listened to a fine sermon preached by Rev. Beavers last Sunday afternoon. Rev. Beavers will preach again for us the second Sunday in June.

Messrs. Claud Thomas, Henry Smith and Owen Toliver, Misses Addie B. Brown, Kate Thomas and Mabel Cunningham attended church at Whitman Sunday night.

Alum In Bread

Mrs. C. C. H. writes: Are alum baking powders harmful to one having indigestion? Where can I get baking powder that contains no alum?

REPLY

1. Thompson says that alum in bread in large quantities (from baking powder) is astringent and injurious to the digestion.

2. Ask your grocer for baking powder that contains no alum. There are several standard brands of alum-free baking powder.

—From "How to Keep Well" Column, By Dr. W. A. Evans, in Chicago Tribune, Feb. 12, 1915.

Dr. Price's Baking Powder contains no alum or any ingredient that is not pure and wholesome beyond question. It is made from cream of tartar which comes from grapes.
