

Along The Waterfront

Fishing is getting better in this area all the time, and when the ducks slack off on flying the fish bite the better.

Out at Perry Jones' bait stand they are catching some nice strings of fish and Rattlesnake Fishing Lodge reports that the trout being caught out there are getting larger, and some reds are being taken out there, too.

At Lenoir's Landing they are getting quite a few redfish and lots of small drum. Wm. Emerick and son, Bill, and his wife caught 50 drum Sunday.

Buddy Meyer, Bill Meyer, Kack Anglin and Sgt. Chester Campbell, fishing from the Jolly Roger camp on Lap Reef, caught 40 pounds of drum one day last week. One of the fish weighed 8 pounds.

Fred Christilles took Mr. and Mrs. John Rottenstein, of San Antonio out Thursday and they caught 1 drum, 5 reds, 3 trout and 1 flounder. On Friday the same party brought in 10 redfish, 4 drum and 2 sheepshead.

Thursday Mr. and Mrs. McWhorter, of Beeville, fished from the Johnson Bait Stand and caught 20 trout and a large redfish. Mrs. Bill Bardwell went out from the bait stand the same day, catching 10 large trout. Mr. and Mrs. Bardwell have brought in two trout weighing 5 pounds each and one that weighed 7 1/2 pounds.

There are lots of speckled trout being caught at the bait stand, too.

THE WEEK'S BEST FISHING STORY

A fishing incident that happened last Saturday in the Rockport basin is worthy of repeating.

Roy Rogero, co-publisher of The Pilot, was trying his hand at catching few trout. After landing 10 specks, he snagged the BIG one. After playing him awhile to tire him out, the fish broke the line just above the popping cork that he was using. The cork bobbed around on top of the water for some time, and despite Rogero's frantic efforts to snag the line, the fish, cork, sinker, leader and hook disappeared from sight.

Wednesday morning Mr. and Mrs. R. B. Sipe were in The Pilot office and told Rogero that Saturday afternoon while they were fishing with Mr. and Mrs. Burl Wagley and Mr. and Mrs. Pete Peterson one of the party reeled in their line and there was the missing cork, sinker, etc. that Rogero had lost that morning, securely entangled in their line. In addition, (can't you guess?) there was Rogero's trout.

They landed the hardy speck and reported the fish weighed 3 pounds dressed.

No doubt the Sipes noticed the painful expression on the publisher's face after hearing the tale as they promised him they would give him the next 3-pound trout that they caught.

In addition to the above fish, Mr. and Mrs. Sipe and party landed 150 pounds of trout Saturday and 60 pounds Sunday. Two of the fish weighed 5 1/2 pounds each.

Taft Greyhound To Be Burned Tonight

The students of the Aransas County High School will meet at the Rockport school, at 6:15, tonight, Thursday, for a parade through town. The parade will be led by the fire truck and the band.

The parade will stop at Johnson's Drug Store for a few numbers, then continue to the beach where a short program will be given and a Greyhound will be cremated.

Mr. and Mrs. Roy Hinton returned from a few days' trip to Mexico.

Mr. and Mrs. Joe Smith and Mr. and Mrs. John Haynes went to Woodsboro to attend the football game Friday night. Woodsboro beat Ingleside, 46-1. The football sweetheart was crowned that night.

Hunting Fine In Rockport Area

The hunting season opened with a bang this year, everyone getting ducks, many bringing in their limits the first few days, which were nice and windy, causing the ducks to fly.

Out at Peden's Club the shooting has slackened off some, owing to the warm mild weather, but they are looking forward to good shooting again as soon as the weather changes. Everyone got his limit the first days of the season.

Mills' Wharf had large crowds the first three days of the season, everyone (who tried) brought in his limit. There were 31 duck hunters and 1 goose hunter there Friday and 31 duck hunters and 28 goose hunters went out from there Saturday, and the Wharf had a full house Sunday, but there has not been so many hunting during the week, only 8 went out Wednesday, they all got their limit.

Rockport's defensive play stood above all the rest. It was outstanding, especially for the line back-ers.

V. F. W. Prepares For Turkey Shoot, Sunday, Nov. 18

The members of the Stewart-Wendell Post No. 3904, Veterans of Foreign Wars, are completing arrangements for a big turkey shoot, to be held Sunday afternoon. The location will be just off Highway 35, three miles south of Rockport, and just below the Triangle.

Banners and a sign will indicate the site. Shooting will begin at 1:30 p.m.

The targets to be shot at will consist of light globes hung on wires and the prizes will be big fat turkeys, some of them weighing as much as thirty pounds.

Those who just break a globe with .22 rifle shots will have first choice of the birds, but anyone who fails to hit a globe after a designated number of shots will be given a turkey anyway.

A truck load of broad-breasted bronze turkeys were received this week from Cuero, and will be placed in a pen near the shooting rack so that participants may select their own bird.

Special distances will be measured off so that ladies may participate as well as men. There will be both rifles and ammunition on hand for those who want to use them, but shooters are urged to bring their own guns if they so desire. The only restriction being that guns be .22 calibre and scope sights be removed.

The shooting will continue from 1:30 p.m. until dark and the Ladies Auxiliary will be on hand with hot dogs, chili, and cold drinks. Several big sugar-cured hams, bushels of apples, and a turkey roaster will be auctioned off during the afternoon to enrich the proceedings. Arrangements have also been made with a turkey raiser to bring in more turkeys by fast truck if a large crowd is present and more birds are needed.

If any profits are derived from the affair, they will be devoted to the V. F. W. building fund and relief fund.

The post membership is hoping for a sunny afternoon and a large crowd. Come on out and have a good time.

Pirates Meet Taft In Final Game

After a week's rest the Rockport Pirates are primed to meet the Taft Greyhounds at Taft in the final game of the season for the Pirates.

The Pirates, after a season marred by several injuries, will be at near peak physical condition. All the injured players will be back in uniform, with the exception of Gary Smith and Ozzie Williams. They were both injured early in the season and have not played since. It was hoped that Williams would be ready for the final game, but he was re-injured in Wednesday's practice session.

The Pirates have displayed a tremendous amount of courage and fight all season. They just haven't known the meaning of the word 'quit'. It seems that the greater the odds were against them, the greater was their determination to stage an upset.

Against Taft the Pirates will face the longest odds they have faced. They are more determined to pull an upset against Taft than any team they have played yet. They will play just as hard as they know how to knock Taft out of a district championship. John Silberstein, Dick Ballou, Pat Smith, Eddie Bradshaw and Jimmy Sparks will lead the Pirates, but they will have plenty of help from the rest of the team as they try to hold the Taft team.

They will need some moral support, so why not go to Taft and help?

OPS BOOSTS SCRAP METAL DRIVE

Gathering of scrap metal for the war effort took added incentive from an announcement made by OPS today.

Scrap-gatherers may receive increased revenue on scrap vitally needed for the open hearth grades of steel through an amendment of OPS regulations.

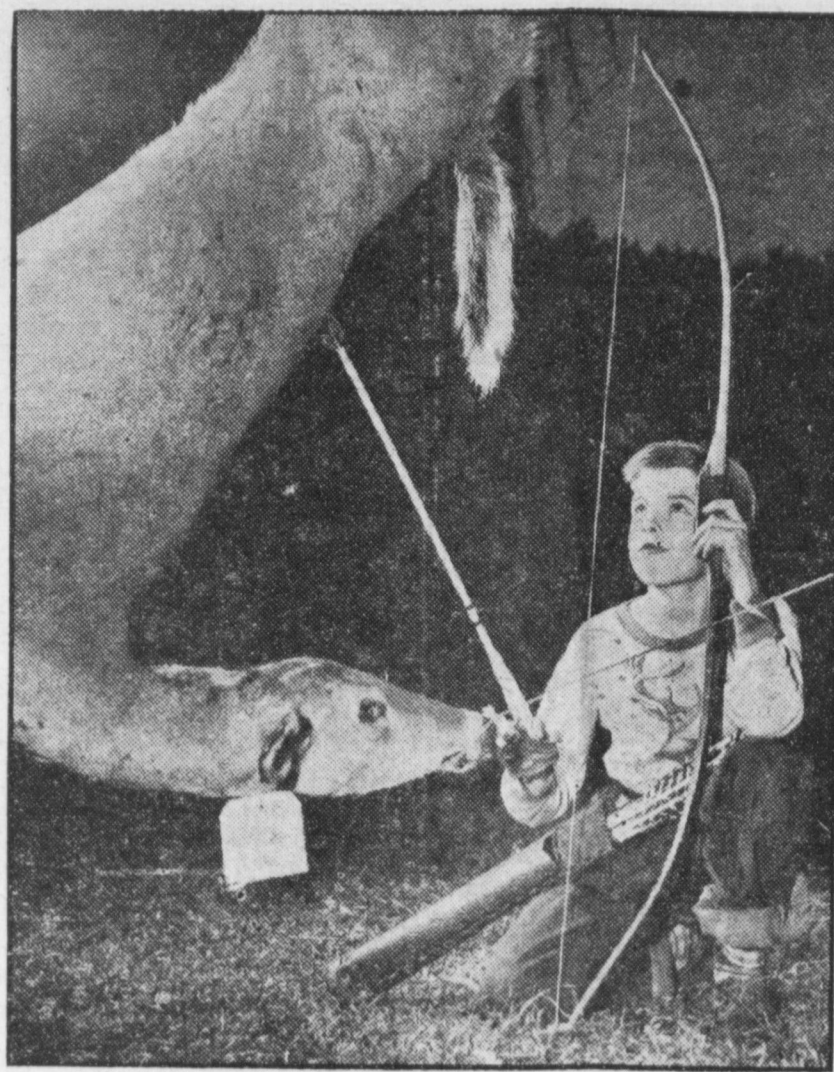

This increase has been accomplished primarily by combining certain types of open hearth grades that save the time and labor of segregation previously required.

This saving permits an increase

in price that will not have to be passed on by the mills and is expected to implement the flow of much needed scrap.

Health Talks

The Greeks had a word for "diet", a word that meant a way of living. Today diet is too often taken to mean only a reducing diet, a curtailed intake of food. Food, and routine of food intake, should be a way of living. Planning your food intake along the basis of the seven essential groups of food would be considered a diet. That is THE diet, the way of living. If you follow the medically acceptable of reducing, your diet will consist of restriction placed upon the eating of some of those seven basic foods but will still include all of them.

That is the program behind the 1500-calorie diet, which is interpreted in dollars and cents as a \$1.50 calorie budget.

That budget has been broken down thusly:

Milk and milk products, 33 cents; bread, 20 cents; butter, 17 cents; meats 47 cents; potato, 10

cents; vegetables, 5 cents; and fruits, 18 cents.

Since most of you eat your food at three meals a day, you may want to see how the diet is broken down into three meals. It would look like this:

Breakfast — fruit juice, bacon and egg, buttered toast, and coffee or milk.

Lunch or Supper — soup, salad, meat, bread and butter, dessert, and coffee, tea or milk.

Dinner — meat and potato, vegetable, salad or dessert, bread and butter and coffee, tea or milk.

To get more into the details of each meal, you first eliminate the cost of milk and milk products (33 cents for the equivalent of a pint of whole milk), the bread (20 cents for three slices a day), and the butter (17 cents for five teaspoons per day). You are going to spread those three meals at a cost of 70 cents, leaving you 80 cents to reckon with on the formulation of the other items in the meals.

For the example here, the 80 cents will be broken down into 20 cents for breakfast, 20 cents for lunch or supper, and 40 cents for dinner. And here's how it goes:

Breakfast — bacon and egg, 17 cents. You have 3 cents left for your fruit so you select a juice glass of tomato juice for 2 cents, half a grapefruit for 3 cents, one-fourth small cantaloupe for 3 cents, or some such "cheap" fruit which will allow you to stay within your budget of 20 cents. Your buttered toast and milk have already been deducted from the cost. If you wish, you can make milk toast out of that bread and milk allowance, of course; it takes just a little imagination to give you variety in your meals.

Lunch or supper — fish, frankfurter or cold cut or any of the "10-cent" meats. Some "3-cent" vegetable or a combination of vegetables in a 3-cent salad. That makes 13 cents, leaving you 7 cents of that 20-cent meal for fruit or dessert. If that doesn't sound like enough food, you are permitted any clear soup or broth, consomme or bouillon at any meal at no cost of your calories. Neither coffee nor tea cost anything, of course, though milk or cream in either one would come off your milk or cream in either one would come off your milk allowance, and you are urged to use saccharin to sweeten instead of sugar. Every once in a while you might want to save up your milk points for the day for this meal and splurge 21 cents on half-cup of plain ice cream; those 7 fruit cents would look awfully good sitting on top of that dish of ice cream.

Dinner — meat (20 cents), potato (10 cents), vegetable (2 cents), fruit as salad or dessert, (8 cents.) Meat includes meats, fish, poultry and eggs, of course, and you can work practically any meat in to that 20-cent allotment though the size of that piece of meat will vary. Instead of potatoes,

Model L-110, 115-inch wheelbase, 6 1/2-foot pickup body, 4,200 lbs. GVW. Pickups in the L-110, L-120 and L-130 Series include 115, 127 and 134-inch wheelbases, 6 1/2, 8 and 9-ft. bodies, GVW's to 8,600 lbs.

This pickup pinches pennies!

There are two simple reasons why you save money when you buy an International pickup truck.

First, you get lower operating and maintenance costs. You get a pickup truck that is engineered throughout to do more work for less money.

Second, you get longer truck life. Even the smallest International pickup truck has the traditional stamina that has kept Internationals first in heavy-duty truck sales for 19 straight years.

You get these all-truck savings right

along with features that no other pickup truck gives you. For example—the **COMFO-VISION CAB** is "the roomiest, most comfortable cab on the road." The Silver Diamond engine is an outstanding development of the world's largest exclusive truck engine plant. Super-steering gives you maneuverability and ease of handling that make driving a pleasure.

But get all the facts for yourself. Come in and learn why International pickup trucks are the best truck value in pickups today.

Woman's Club Presents Program On Old Houses

On Tuesday, November 13, at 3:30, the Woman's Club of Aransas County held their regular monthly meeting. The club's president, Mrs. Jack Hagar, presided over the business session. Four new members were elected by unanimous vote.

The program for the day was led by Mrs. Travis Bailey. Her subject was "Old Houses of Aransas County", and Mrs. Bailey chose for her descriptive survey the buildings that visitors and new residents had most frequently inquired about, almost all of which are more than seventy years old. Her audience listened with lively interest to the descriptions of these historic houses. For the history of the Brundrett Paul house at Lamar, Mrs. Bailey asked Mrs. Manch Brundrett to speak. Mrs. Brundrett told of pioneer families and homes in Lamar, sharing her vivid memories of eighty years in this community with her interested listeners. A great-granddaughter of Mr. George Fulton, Mrs. Gladys Gibson, of Corpus Christi, gave the story of the Fulton house and its builder. Her talk was simply and appealingly presented, and all who heard it will look upon a cherished landmark with a fresh interest. Mrs. Bailey discussed Our Lady of the Sea Chapel at Lamar, and the house in the villa area of the chapel grounds. She talked of houses now occupied by Mr. and Mrs. Albert Bruhl, Mr. and Mrs. Joe Johnson, Mrs. Wynne, Mr. and Mrs. C. C. Fowler, Mrs. William Bentley and Mrs. Paul Reese. The program leader gave due thanks to Mr. Harry Traylor for interesting details supplied by him. Through Mr. Traylor's tireless search much history that would otherwise have been lost has been preserved for future generations in this community.

During the tea hour the members and the many guests enjoyed looking at fine photographs, both old and new, of old buildings in the area. All present agreed that Mrs. Bailey and the others who contributed a share to the program had confirmed the value to the community that is to be found in the best gifts of the past.

Mrs. Harry Traylor, with the other members of her social committee, served coffee. The table was lovely laid with a blue cloth and decorated with an arrangement which featured cat-tails, tall grasses and duck decoys.—Contributed.

Pink and green were the colors used in the decorations of the hall and table. The table was covered with a lace cloth over a green foundation and the centerpiece was an arrangement of pink lilies and fern, which was flanked on each side with candelabrum holding green tapers.

The white cake, embossed with pink and green, graced one end of the table and the bowl of green punch was on the other. Miss Rosa Faye Hamblin presided at the punch bowl and Miss Joyce Nell Townsend served the cake.

Woman's Club Greet Newcomers Thursday

On Thursday afternoon, November 8, from four to six, the Woman's Club of Aransas County entertained at tea in honor of women who have recently moved into the community. Mrs. Charles Roe, Sr. had decorated the stage with lovely tall bouquets of autumn foliage and many-flowered buckwheat. A striking autumn picture centered the back wall, to complete the attractive seasonal setting.

The tea table was brightened with autumn leaves and large chrysanthemums. At one end of the table was a cake which inspired admiring comments. The huge white square was topped by a chocolate cornucopia, from the wide mouth of which tumbled colorful fruits of the season. The members of Mrs. Harry Traylor's social committee gave enthusiastic praise to Mrs. Gladys Thomson, who spent much time, skill and effort to make the cake a creation worthy of the occasion.

About eighty new-comers called during the afternoon, and were welcomed by the members of the club. The officers of the organization received the guests at the door, while Mrs. Fred Bracht took charge of the register. Mrs. Fred B. Hunt, a former club president, poured.—Contributed.

DEAN GEO. WALTON CELEBRATES HIS 84th BIRTHDAY

A short time ago the Reverend George Walton celebrated his 84th birthday. As he received the congratulations of friends, he reviewed for some of them, at their request, certain high points of his life. For the benefit of other friends of the Dean who would be interested in knowing something of his background, the following brief story is set down.

George Walton's parents moved from Philadelphia to make their home in Ohio. On October 22, 1867, their son, George, was born. His father was a printer, and a follower of the Quaker faith. Young George went to the Quaker school at the age of seven. His mother's name was Ney. She was descended from Alsatian stock and was a member of the family of the famous Marshall Ney. At fourteen the son of these pioneer Americans was sent to Philips Academy at Andover, Mass. That famous school for boys had already been in existence for over a hundred years. George Walton received there a sound and thorough training for the studies he was later to pursue. He was graduated from Philips Academy in 1887. He went on to Yale University, where he took his first degree in 1891. He continued at Yale in the Law School, and was graduated in 1893. He then entered the practice of law, living at Salem with his parents until he went to Cleveland as attorney for the Land Title Abstract Company.

It was in Cleveland that George Walton was baptized and confirmed in the Episcopal Church. He was made a lay reader at Trinity Cathedral there, and in 1911 he decided to go into the ministry. On his bishop's recommendation, he went to Bexley Hall Theological Seminary at Kenyon College in Gambier, Ohio. Here he was graduated in 1913. His work took him to Worcester, Ohio, and thence to Michigan. He lived in Muskegon and was missionary priest for his church there, as well as in Manistique and Menominee, travelling from place to place, ministering to the parish folk in the scattered little towns in the cold country of the northern peninsula of Michigan. In time, the Reverend Walton passed his retirement age, but he worked on. He was called to Marquette, Michigan, to serve as dean of the cathedral. He remained in Marquette two years. At the end of this time, he was ready to retire.

The Dean started from Marquette to tour the United States in a trailer. After covering a good part of the country, he found himself in Texas, on the way to Galveston. In Corsicana he met an old friend, the Reverend Mr. H. A. Ellis. Mr. Ellis knew Mr. and Mrs. Jack Hagar, who had gone to Rockport from Corsicana, and he convinced the Dean that he should visit this part of the Texas coast.

Two days before Thanksgiving Day, 1937, Dean Walton parked his trailer in the spot where it stands today. He attended church at St. Peter's-By-the-Sea. To fill the place of the regular clergyman, who was ill, he conducted his first service in St. Peter's at mid-night on Christmas Eve, 1937.

Dean Walton resumed his travels soon after this, and went to California for a year. He returned to Rockport to stay for a time before he went north again, and then he came back once more, by way of Florida. World War II (and gas rationing) found him again in Rockport in 1942, and he has been here ever since, where he has served as minister-in-charge of St. Peter's.

Dean Walton is a simple man, who lives simply in his comfortable trailer. His constant and devoted companion is a brown mongrel dog, called Pancho. The Dean's physical vigor is that of a man much younger than himself, but all who talk with him realize that it is a spiritual vitality that animates his every thought and word. The Quaker influence of his boy-

hood contributed simplicity, honesty and sure direction to his approach to life. The classical education he received as a boy and as a young man brought discipline and richness to his mental pattern. His practice of law gave him a background of experience such as few clergymen can claim. His years of service in the rigorous climate of the upper peninsula of Michigan surely strengthened his body and fortified his spirit. Younger men than the Dean have been heard to say, "If Dean Walton can come to church to officiate at the service, the least I can do is to go and get the benefit of it."

On Dean Walton's eighty-fourth birthday he celebrated the Holy Communion at St. Peter's-By-the-Sea. The parishioners who partook of the sacrament on that day knew that it had been brought to them by a strong man of God. The Rockport community is the richer for his presence here.—Contributed.

MOTORISTS MAY SECURE COPY OF NEW VEHICLE LAW AT MOST GASOLINE STATIONS

Austin.—Texas motorists were urged today by Public Safety Director Homer Garrison, Jr., to apply to any gasoline service station for a copy of the state's official leaflet about the new Motor Vehicle Safety Responsibility Law, which becomes effective on Jan. 1. "This leaflet was prepared," Director Garrison said, "to give

automobile owners and operators the information they should have about this law before it goes into effect. It can be read in five minutes. I hope, of course, that all motorists will really study the facts that are set forth in the leaflet and will keep it in their car for future reference in case they have an accident and are confused about what to do. "It does not attempt to cover all of the provisions of the law

and carefully avoids legal language so that any layman may understand it easily. It was written to help the great majority of motorists—private passenger car owners and operators and small business firms operating one or two delivery cars. The larger owners of motor vehicles, of course, will want to study the entire law in greater detail. "The leaflet is free and provides important information about the following subjects: what the law is, who it affects, what to do after an accident, the circumstances that require suspension of both operating licenses and registration plates and the several means the law provides for avoiding this penalty. "Any motorist can obtain one or several merely for the asking. It may save them a lot of trouble, expense and inconvenience."

Mr. and Mrs. Harry Smith, of Beeville, Mr. and Mrs. Maurice Traweck, of Berclair and Mr. and Mrs. Roy Traweck, of Corpus Christi, spent the weekend in the home of Mr. and Mrs. E. B. Traweck.

The Sheriff's office was closed Tuesday because of the election and the ladies in the office, Mrs. Jordan Weber, Mrs. Floy Rooke and Miss Joyce Nell Townsend spent the day in Corpus Christi.

Mr. Jim Wright returned from the hospital in Corpus Christi, Monday. Mr. Wright had a cataract removed from behind his eye.

OPS TO HELP ARMY OBTAIN BEEF

The Office of Price Stabilization has announced a program to assist the armed services in securing adequate supplies of beef.

Beginning with the month of December, slaughterers will be required each month to fill military orders for the three top grades of beef to the extent that their slaughter of all beef in the preceding month exceeded a specified percentage of their 1950 kill.

A packer's obligation to make deliveries to the army in December will be determined by the amount of his slaughterer in the November 1951 accounting period, compared to his November 1950 slaughter, San Antonio district OPS officials said. This beef must be offered to the army at no premium above ceiling prices.

Since abolition by Congress of slaughter quotas there has been serious distortion in normal patterns of livestock slaughter, OPS said, adding that in recent months the army has had difficulty in obtaining beef.

Aransas Pass Auto Collision Injures Five

Aransas Pass, Tex. — Five persons were injured, two seriously, in a headon collision a half mile southwest of here about 7 o'clock last night.

All were taken to an Aransas Pass hospital. Most seriously injured was Billy Ketchings, 11, of Ingleside, who was in a critical condition with severe throat lacerations.

Also seriously injured was H. R. Heasley, about 42, of Aransas Pass, with severe lacerations of the scalp.

Others hurt were C. C. Ketchings, 43, father of Billy, bruises about the head and chest and possible internal injuries; M. D. Craig, 24, of Corpus Christi, cuts about the face and bruises of the chest; and Herbert (Red) Pogue, 45, of Aransas Pass, skin abrasions and chest bruises.

Constable D. A. Reneau of Aransas Pass, who investigated, gave this account of the accident:

The automobile driven by Craig, with Ketchings and his son as passengers, was traveling out of Aransas Pass on Highway 35. The car driven by Heasley, and in which Pogue was the only passenger, apparently went out of control and swerved across the road.

The two vehicles collided headon about 60 feet north of the Tomboy Inn west of the Aransas Pass city limits, Reneau said.

Mr. and Mrs. Earle Thomas returned Thursday from a two weeks vacation in Mexico. Mrs. Crews, of Tivoli, looked after the courts, and kept the children.

S. A. MEAT FIRM NAMED IN OPS SUIT

Ed. Auge Packing Co., livestock slaughterer and meat wholesaler of San Antonio, today had been named defendant in a civil suit filed in federal court by the federal government alleging that the defendant made incorrect invoices and sold veal at over-ceiling prices.

The suit is the first in the Western Judicial District, San Antonio division, as a result of Office of Price Stabilization investigations in the operations of packing houses.

The complaint alleges that the defendant, since Feb. 27, 1951, executed and delivered invoices containing false information of sales at wholesale.

The complaint alleges that the firm specified different grades of meat from that which was actually delivered, and at prices in excess of the OPS ceilings.

The complaint charges that the defendant received at least \$8,557.32 above ceiling prices.

The government seeks judgment for treble damages, and petitions the court to enjoin the defendant, a Texas corporation, from further violations of OPS regulations.

Complaint was signed by Charles F. Herring, United States Attorney for the Western Judicial District of Texas.

Investigations leading to filing of the suit were conducted by agents of the San Antonio district OPS under supervision of Bert W. Thompson, district OPS enforcement director.

CAR DEALERS' POSTINGS DELAYED

Federal excise tax changes effective November 1 necessitated the postponement of OPS ceiling price posting requirements by dealers in new automobiles, OPS officials announced.

The new excise taxes which will be passed on to the consumer delayed the issue of OPS special orders which will stipulate the ceiling prices to be posted.

The new date has been set for December 10, just five days before the deadline for all new car sellers to file certain pricing data with OPS.

Money Lost Due To Failure to Apply for It

There may be as many as 500 persons in this area of South Texas who may be eligible to receive payments of old age and survivors insurance by applying for them, Social Security officials believe.

As explained by H. M. Cleveland manager of the Corpus Christi office of the Social Security Administration, recent changes in the law make it possible for some persons to become entitled to the payments who could not do so before.

"Social Security payments cannot be made to any person until an application has been filed," he said. "We believe there still may be a great many persons otherwise eligible for the benefits, who have not claimed them due to a lack of knowledge of their rights under the law."

"We dislike to see any one lose a payment, that is rightly his, merely because he doesn't know about it," Cleveland added. "For that reason, we are trying to get information to those who have not yet filed the application which is required."

Federal old age and survivors insurance is earned by work done where employers, workers, and the self employed pay the Social Security tax. At this time, one is said to be fully insured, at age 65 or death, if he has worked as long as a year and a half on social security jobs since 1936.

Those who may be losing retirement or family insurance because they have not applied for the payments are: (1) retired workers who have reached age 65; (2) workers age 75 or over whether they are retired or not; (3) children under age 18, and wives of retired workers; and (4) widows, children, or dependent parents of deceased insured workers.

Cleveland suggests that those who believe they may qualify for the payments should promptly get in touch with the Social Security Administration, 424 Taylor Street, Corpus Christi, Texas.

Rotary Club Meets Wednesday At Noon

The Rotary Club had their regular luncheon meeting in the Methodist Annex Wednesday noon, with one guest, Mr. Alex McDonald, of Lubbock, present.

Dick Denny gave an interesting report of a Rotary meeting which he attended in Mexico while he was on his vacation.

The Club reported 100 per cent attendance for the last two weeks. Next meeting is Anniversary Day and the Club will honor Mr. and Mrs. Dick Denny and Mr. and Mrs. Ed Beasley, who have anniversaries this month.

Stolen Automobile Is Recovered In Corpus

Deputy Sheriff Sherman Munday reports that Willie Wilson, Jr., colored, of Victoria, a cook for the E. G. Telford hunting party last week was arrested for car stealing.

After supper Saturday night Telford told Wilson to drive his 1951 Chevrolet sedan to a service station and get a tire changed. When Wilson failed to return by Sunday, Telford called the sheriff and they sent out a pick-up for Wilson.

Wilson was found in Corpus Christi about noon Sunday with Sylvester Carrol in the car with him. Both men were arrested and brought to the Rockport jail.

The men were tried before Judge John Wendell with Carrol being released and Wilson put in custody after failure to raise bond which was set at \$1,000.00.

Sam Prophet is confined to the Spohn Hospital in Corpus Christi, for medical care.
