Now it costs less to "talk it over by long distance"

Long distance telephone calls have always been a real bargain.

Now that Congress has reduced the excise tax on those calls, it costs even less to "talk it over by long distance."

No part of the tax reduction goes to the telephone company. You get the full benefit - so most long distance calls now cost you 12% less than they did.

Next time ... why wonder or worry? Talk it over by long distance and be sure.

NOW ... AN EVEN BIGGER BARGAIN

Local service also costs less. cost approximately 5%.

INTERESTING FACTS ABOUT TEXAS

MOUNTAINS OF SULPHUR

Sulphur occurs in Texas at the tops of the salt domes that are found under the Coastal Plain. The first sulphur deposit in Texas was discovered in 1901. The discoverer was Captain A. F. Lucas, who also discovered Spindletop, the first great oilfield in Texas. Sulphur production from a new source began early in 1951, when an oil company produced 1,108 tons from sour gas. Four-fifths of the world's sulphur comes from the Texas coastal area.

Insurance firms concerned were the Texas Mutual Insurance Co. of Beaumont; Texas Fire Insurance Co. of Ennis, a subsidiary of Texas Mutual; and Texas Western Insurance Co. of Beaumont.

Investigations which have been going on since the first week Attorney General John Ben Shepperd took office in 1953 reveal that some insurance companies have been formed in Texas with borrowed capital which deposited to the credit of the insurance firm, but with the understanding that the money was not to be withdrawn. Once the firm was approved by
