Rockport Band Boosters Clear Over \$300 At Barbecue

The Rockport Band Boosters cleared over \$300 dollars at the barbecue held this week for benefit of the Aransas County High School band.

A calf for the barbecue was furnished by William Johnson; Charles Roe Sr., barbecued it; and mothers of band members furnished potato salad, beans, pies, and cakes, all of which, when sold, helped till the total.

Mrs. Charles Roe, Sr., was chairman of the committee on arrangements. Helping her were: Mrs. Malcolm Boquet, Mrs. William Johnson, Mrs. Hugh Morrison, and Mrs. E. G. Cooke.

Mrs. Roe wishes to express her thanks to the committee, and to everyone else who helped make the affair such a success.

The A.C.H.S. band, for whose benefit the barbecue was given, played an open air concert from 11 until 1 on the lawn of the Woman's Club, while the barbecue was going on.

Rockport to Resume Flour Bluff Game

Aransas County High School and Flour Bluff will start over from scratch at Flour Bluff tonight (Nov. 18) in their football game which was interrupted Oct. 22.

The teams were tied, 6-6, shortly before halftime, when their game was stopped by a rainstorm and power failure.

Original tickets will still be honored at the District 31-A conference game, Flour Bluff coach Bill Meador announced.

The Flour Bluff team has lost four district games to two for the Pirates, and, though early season dope favored the two to tie for fourth place, there is no question as to A.C.H.S.'s right to third place in the district.

Bobby Bracht, regular quarter, who missed last week's Bishop game, will be out again tonight, as will Tommy Bradshaw, whose broken leg has not yet healed. The (Continued on page 8)

Green, First Methodist Church; Reverend A. Arnett Ward, First Presbyterian Church; Reverend Brad Ramsey, First Baptist Church; and the Reverend W. H. Morrison, Presbyterian minister, retired. The group then voted to meet the second Tuesday of each month at luncheon, the first such meeting to be held on December 14 at the Methodist Church.

The Reverend Brad Ramsey will bring the Thanksgiving message, aided by other ministers of the Association, who will also participate in the program.

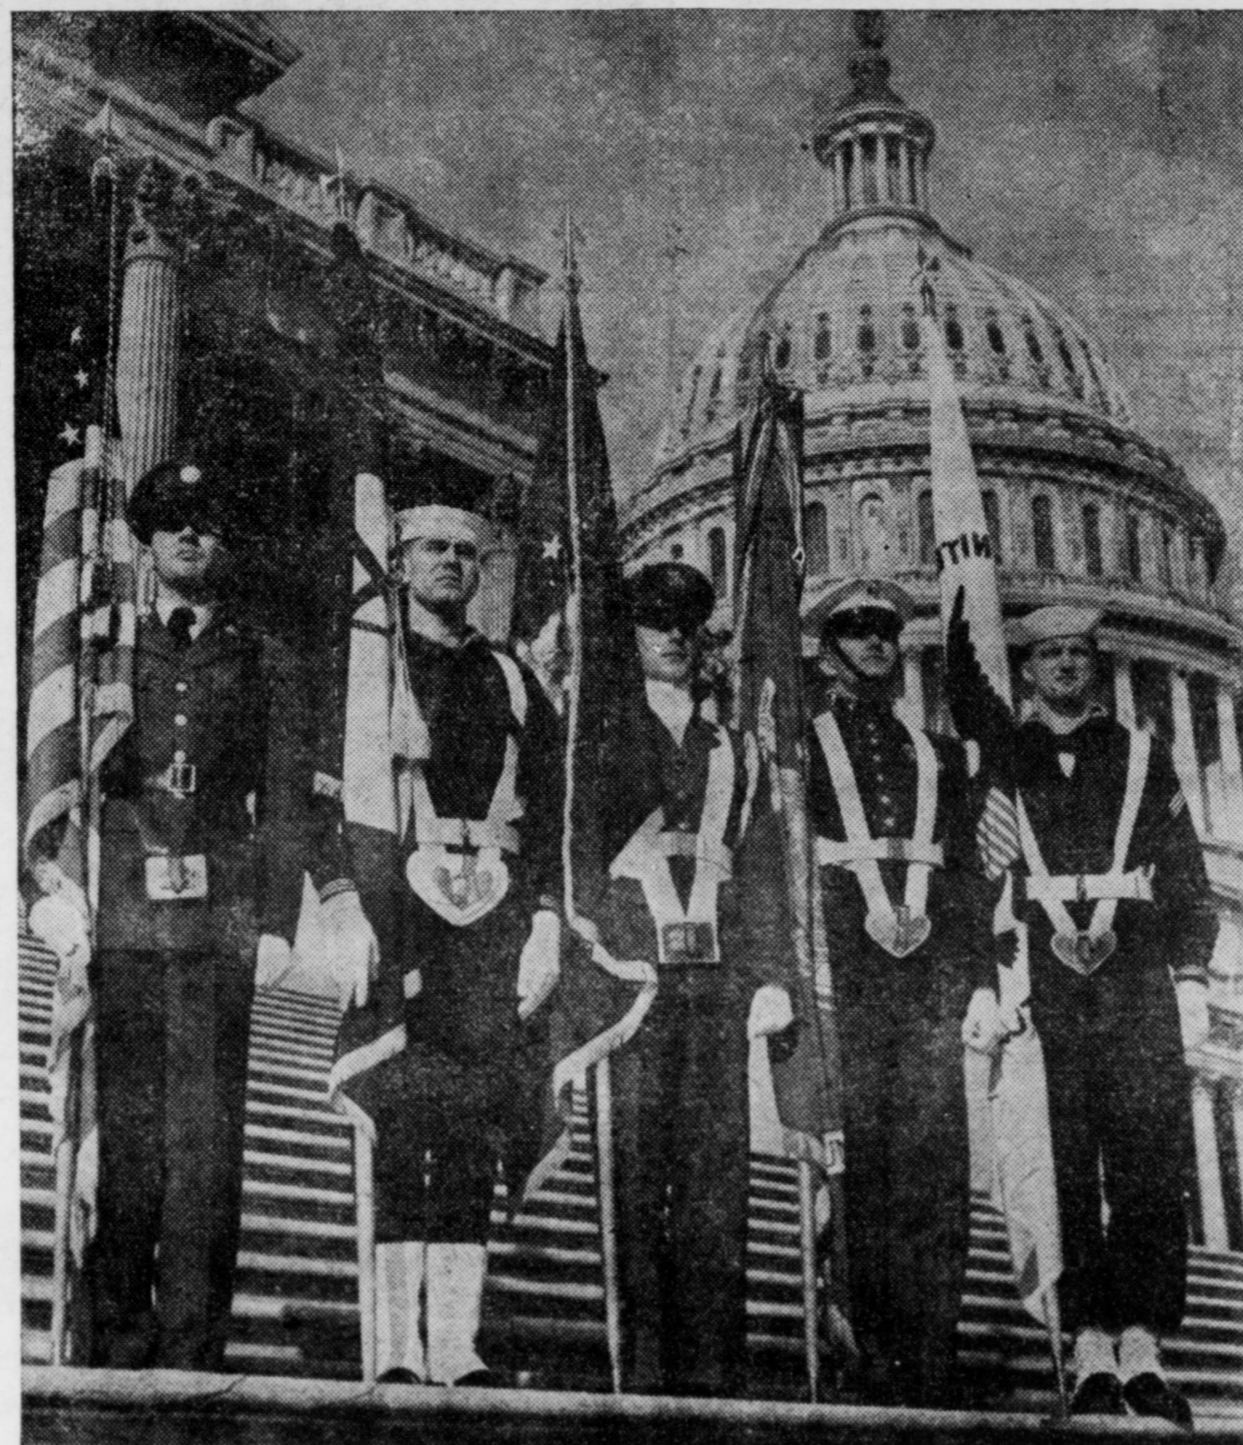

Local PTA, Faculty Members Attend State Convention

Nearly a score of Rockport parents and teachers have been attending the state-wide P-T-A Congress, which opened Wednesday in Memorial Auditorium at Corpus Christi, the theme of which was set at a pre-convention meeting on Tuesday. The governing body of the organization voted support of more stringent divorce laws and improved facilities for dealing with juvenile delinquents. Other planks included in the legislative program favored by the convention were support of more adequate educational programs for exceptional children and a better teacher retirement program.

The board of managers also affirmed support of stronger and better enforced child labor laws, continued improvement of the Minimum Foundation School Program, salary improvement for teachers, improvement of teacher certification, reclassified school laws, and legal action to protect school children's rights.

Other planks, from previous years, that were re-approved, concerned alcohol, narcotics, traffic, fireworks, firearms, comic books, motion pictures, radio, television, health and libraries.

Attending from Fulton will be Mrs. Harry Blunt and Mrs. R. L. Madden. From Rockport, delegates are: Mrs. J. B. Jackson, Mrs. Shelley Roaten, Mrs. S. F. Jackson, Mrs. Earle Thomas, Mrs. Lillian Sorenson, Mrs. N. F. Jackson, Mrs. Hugh Morrison, and Albert Grif-

Tarpons Lose in District Playoff

Last Thursday night the Aransas County Junior High Tarpons were defeated in a playoff for the district championship by the Bishop Kittens, 25 to 14. Each team had defeated the other once during district play. In addition both had defeated all other teams in the district.

The Kittens scored two quick touchdowns, as they capitalized on pass interceptions, and were consistent in gaining yardage in off-tackle slants through the Tarpon line.

They chalked up their third touchdown late in the second quarter, to obtain a 19-0 halftime lead over the Tarpons.

Rockport's defense stiffened in the second half and allowed only one more tally to be scored against (Continued on page 4)

Early marching sessions will continue after the close of the gridiron season, as there is a marching contest at Robstown on December 4. The band is working very hard for this, and hopes for a good rating.

Methodists Break Ground For New Church Nov. 14

The Methodist congregation, in a simple ceremony held Sunday, November 14, at 2:00 p.m., broke ground for their new church building, plans of which have finally been approved.

The Statement of Purpose was made by Reverend Dana S. Green. Following this Reverend Charles P. D. Mann gave the invocation. After a scripture reading and the Gloria Patri, the assembly sang "The Church's One Foundation," and then Reverend Val Sherman, Methodist superintendent of the Corpus Christi district, brought greetings from the larger church.

After the litany for the breaking of ground, the turning of the soil was done by William Beutley and Mrs. Ada Young, Elder Members, A. C. Glass, Chairman of the Board, B. W. Hamblin, Chairman of the Building Committee, Reverend Val Sherman, and Reverend Dana S. Green, pastor.

Following the ground turning a prayer of blessing was given; the hymn "We Love Thy Kingdom, Lord," was sung, and then the congregation was dismissed with the benediction by the Reverend Val Sherman.

U.S.O. Drive Falts Says Chairman Kleypas

Rockport's response to the U. S. O. drive has been poor, according to Vernon Kleypas, chairman of the drive, who says there is only one more week to go. Collections so far have been less than \$100. Fifty-one dollars of this came from Fulton.

The county quota was set at \$330. Kleypas said, adding that increased response during the concluding week of the campaign would be necessary if this is to be met.

Daniel To Speak On Juvenile Problems

Jere Daniel, of Corpus Christi, will speak on "The Causes and Prevention of Juvenile Delinquency," Monday night, November 22, at 7:30 p.m., in the High School Auditorium, as guest of the Home and Family Life Department of the Rockport P-T-A. Daniel is Chief Probation Officer for the City County Juvenile Department of Corpus Christi.

The discussion is a particularly timely one, in view of the rising tide of juvenile delinquency in Aransas County.

County officials and school authorities state that there were 3 cases in 1954 where it was necessary to send offenders to a reform school, and that there have been a number of other less serious cases.

In a great many of these, because the youngsters were under 17, no publicity was given the matter, but the fact that the general public is not aware of them does not mean that they are non-existent.

Because of the prevalence of similar situations all over the (Continued on page 4)

ALL AMERICAN THANKSGIVING—

Indians Knew Most Holiday Foods Before Whites

A sumptuous, All-American Thanksgiving dinner, fit for a king, can be spread, using only foods known to Indians in this country before Columbus came.

Turkey, cranberries, sweet potatoes, and pumpkins are American in origin. Along with these you can list Irish potatoes, numerous kinds of beans, squash, tapioca, sweet, field, and popcorn, peppers, avocados, chocolate, pineapples, chestnuts, peanuts, Brazil and cashew nuts, and tobacco for your after dinner smoke.

Turkeys have a dual claim to American citizenship; they are natives and immigrants. First they lived here as wild birds; then some were domesticated by Aztec Indians. From Mexico they were carried to Spain by Conquistadores; from there they spread to the rest of Europe, including England. Early settlers brought them from England to America's eastern seaboard.

Cranberry sauce is as American as turkey, for cranberries grow only in America from Newfoundland to Lake Erie, occasionally occurring as far south as Virginia or Arkansas.

Sweet potatoes came first from South America, the roots of a vine

closely related to the common garden morning glory—

Irish potatoes are not Irish, but Peruvian, and belong to the night-shade family, some members of which are poisonous. Spanish conquerors took them from Peru to Spain, and from thence they spread to Ireland, where they became food for the poor.

Avocados, for the salad, are distinctly American, as are tomatoes and peppers. Wild avocado trees are common throughout Central and South American forests.

Corn, of several varieties, is the greatest agricultural gift of America to the Old World. When settlers from England found this being cultivated by Indians, they called it Indian corn, to distinguish it from other corn which, as the British use the word, means wheat, barley, oats, rye, and all other small cereals.

Our corn is still maize to Europeans.

In the fields of Indian corn were pumpkins, orange-yellow and round, just as they are grown today, and white men learned this trick of farming from red men who were the land's first inhabitants.

Pumpkin pie is as American as

turkey and cranberries, yet, so rapidly did pumpkins spread throughout Europe, and in such devious ways, that in less than 50 years after Columbus discovered them, they were known as Turkish cucumbers, most of them having been distributed from that area (Continued on page 8)

WOMAN'S CLUB TO PRESENT BENEFIT MUSICAL PROGRAM

If we were to take a spin around the world (and a lot of folk do these days, you know) there would be many amusing instances to tell about. Let's imagine that we do just that; for instance, if we were in Sweden, some one might say "Hey"; in Spain, "Que Tal!"; everywhere we went it would be different, and—oh, so interesting and all meaning "Hello." A Swede in our town might say "Vad heter denna ert?" The answer would be Rockport. "Var gar vagen?" The answer, The Woman's Club.

Our British cousins have the minstrels for an evening of music. Across the channel the French have "Soire de Musique." In Germany the musikalisch bands make music, and in Italy it is Musicu. In Spain the troubadours give out with Muquica, while in Sweden the musiker makes it musikalish. To most of us our best would be "Usicma" or just plain Pig Latin from our childhood days. But, let's all go down to the Woman's Club Saturday night at 8 o'clock and hear what the Rockportians say—in "RockportRa" in the good ole "U.S.A." Your friends will all be there, and many of them on the program. Maybe there is talent that you do not know about.

Come out and let them surprise you. The A.C.H.S. band will play on the club lawn, beginning at 7:30. Enjoy an evening of music and fellowship, and don't forget, there will be a free will offering. Some fruit cakes from the well known Corsicana Bakery (you have eaten them before and know how good they are) will be on display and Christmas orders will be taken.

METHODIST BARBECUE PLANNED

The First Methodist Church has completed plans for the annual barbecue, held each year in the Methodist annex.

The menu will be nice, tender, juicy pit barbecue, ranch style beans, potato salad, bread, pickles, onions, pie or cake and coffee, all for \$1.25. There will be home-made pies and cakes to buy whole or half to take home. For those who prefer their barbecue without the sauce, there will be plenty without sauce also.

In the entrance will be a bazaar with all new items, and lots of nice aprons, earrings, rag dolls, and any number of handmade articles, to fill out your Christmas shopping list.

Don't forget the date, Dec. 2. Everything will be ready to serve starting at 11 a.m. and will be served until 7 p.m.

W. B. Allen will barbecue as he has in the previous dinners and the meat will be nice, tender, and really barbecued.

All proceeds will go into the Methodist building fund.

COUNTRY CLUB PLANS BARBECUE NOV. 27, DANCES DEC. 18, NEW YEAR'S EVE

The entertainment committee of the Live Oak Country Club met Thursday evening at 8:00 p.m. at the home of Dr. and Mrs. W. F. Elliot. Mrs. Lilly Richardson, Aransas Pass, presiding.

Present were committee members Willie May Elliot, Rockport, Charles Marshall, Aransas Pass, J. M. Attaway, Aransas Pass, and Leonard LeBlanc, Rockport.

A barbecue was voted for November 27, beginning at 4:00 p.m. Games will be played from 6:00 to 7:30. Then an informal "juke box" dance will be held. All members and their out-of-town guests are urged to come.

The committee engaged Ran Wilde and his orchestra for a pre-Christmas dance to be held December 18. Members and out of town guests may purchase tickets from members of the entertainment committee.

New Year's Eve dance music will be furnished by the Jake Stephens' orchestra, and refreshments will be Smorgasbord style. Advance ticket sales are necessary for the committee to determine the number for which to prepare.

The committee plans to have entertainment for non-golfers, and hope that this segment of the club's membership will attend these affairs.

Bishop Loses To Pirates By 33-6 Score

The A. C. Pirates and the Bishop Badgers played hard and rough football for four quarters last Friday night in a district 31A football game that found the Pirates come out with a 33-6 victory.

Ernest Camehl added to his season total by scoring 4 out of the 5 touchdowns. Ernest did it the hard way however, proving he can go and get that short yardage that is needed for a first down, as well as break away for the long gain.

Pete Haynes did some fine running, getting off one 40 yard gainer and scoring the Pirates last T. D. from the two yard line. Eddie Morrison, subbing for Bob Bracht, called the entire ball game and completed 4 out of 8 forward pass attempts.

The two lines stole the show as they battled each other for four quarters. Jimmy Mills was outstanding, getting in on about 75 percent of the tackles. Billy Shaver played good ball, indicating that he will be playing lots of ball next year. Jackie Smith, Ray Longino, and Gerald Owens did some ball hawking, recovering fumbles.

The game started slow with the first quarter ending in a scoreless tie that found the two lines battling each other.

In the 2nd quarter, Camehl broke the ice, scoring the first touchdown from the six yard line. Bob Bracht added the extra point. A few plays later, Charlie Parker went over from the 4 to give the Badgers their only touchdown. Jackie Smith blocked the extra point try.

Later in the 2nd quarter, Camehl swept his left end for 9 yards and his second touchdown. The try for point was wide, and the first half ended with the score 13-6, with the Pirates out in front.

In the third quarter, the Pirates made it 20-6. Morrison passed to end Fully Clingman who lateralled

off to Camehl, and he promptly went the remaining 15 yards for the score. Bracht again kicked the extra point.

In the fourth quarter, Camehl went over from the one. Bracht passed to end Clingman for the point and the Pirates led 27-6. Following the kick-off a freak fumble play set up the Pirate's last touchdown, just a few seconds after they had scored their fourth touchdown.

Bishop received the kick-off and returned it up to their own 35 yard line, where the ball carrier was jarred loose of the ball when he was tackled. The ball was immediately fallen upon by half a dozen players from both sides, only to bounce away back toward the Badgers goal line. Again an attempted recovery was made by both teams and again the ball was pushed further into Badger territory. After three attempts, Gerald Owens finally trapped the ball on the Badger's two yard line. On the next play, Pete Haynes drove over guard for the score. The extra point was wide and score remained at 33-6.

Trying desperately to get back into the ball game, the Bishop team opened up with their passes. Camehl picked one up on the Bishop 40 and went all the way across the goal line, only to have it brought back up field, where a clipping penalty was assessed against the Pirates, wiping out the last score. The game ended shortly with final score being 33-6.

them. This came on a runback of a Tarpon kickoff.

Unable to gain on the ground, as the Kittens kept Satsky swarmed under, the Tarpons began to pass in the last half, and so secured two touchdowns on heaves from Satsky to Townsend. They would have had another when Satsky ran fifty-five yards through the entire Kitten team, only to have the score recalled because of a clipping penalty against Rockport. This same thing, incidentally, happened in the senior game the next night. Camehl made a long run for a touchdown, only to have it recalled because of a clipping penalty.

The Tarpons will be presented with a trophy for winning second place in their district. Their season record is 5 won, 3 lost.

Granny Drives But Won't 'Shift'

Saw Grandma Taylor parking her 1924 Franklin out front the other day. Neat as a pin, radiator and hub caps gleaming—the whole car is as shiny as the day she bought it 30 years ago.

Then I stopped and looked again—for there, hanging on the spare tire was a sign: "This car NOT for sale."

Asked Granny what was going on. "Joe," she says, "it's this crazy for old cars. Everybody wants to buy my Franklin. But it has served for years and it's not for sale at any price."

From where I sit, it's strictly the new cars for me—but Grandma Taylor, and others, are certainly welcome to their "old faithfuls." It's simply a question of preference. Same with a choice of beverages. For instance, I like a temperate glass of beer with supper. You may prefer coffee. Fine! The important thing is that we respect each other's choice—and "ride along smoothly" together.

31A FOOTBALL

Extra points paid off Friday as Sundeen edged Benavides 14-12. Sundeen managed to open the scoring early when Jack Henderson scampered 34 yards on Sundeen's first play from scrimmage. Joe Penick kicked the extra point. Eljio Uresti of Benavides flipped a touchdown pass to Edward Canales good for 20 yards. Jesus Salinas' kick went under the crossbar. Sundeen managed to get its second seven points in before the first quarter ended on a 25-yard pass play from Penick to Clyde Lindsey. Penick converted a second time to account for eight of Sundeen's 14 points. Canales carried over for Benavides from 25 yards out early in the third period and Salinas again missed the extra point. A see-saw battle ensued in which neither team could get started during the remaining part of the game. Lionel Saens, who might have spelled the difference for Benavides, was removed from the game in the second quarter with a badly turned ankle. Jack Henderson and Raymond Coy for Sundeen kept Benavides away from pay dirt most of the game.

Woodsboro downed Flour Bluff, 20-6, in a District 31A game that closed the season for both clubs. The Eagles took a lead in the first half and the Hornets never threatened to catch up. Hebronville chalked up its ninth straight win Friday night 44-0 as the inexperienced Premont Cowboys were plagued with fumbles and pass interceptions. A crowd of 2,500 watched the slaughter in brisk football weather. Led by Rene Medellin, the Longhorns smashed the Cowboys with three TD's in the first quarter.

It is said that the mullet is the only fish rich enough to fry in its own fat.

Proposed Mexican Law Imposes Fines On Shrimpers

Shrimp fishermen of Texas have a vital stake in a proposed fisheries law that is now under consideration by the Mexican congress. Reports from Mexico City indicate that debate on the measure will begin in the near future and lead probably to final passage sometime this month.

The proposed law would give Mexican authorities the right to hold for investigation and court action any vessel found within its territorial waters which Mexico claims extend outward for nine miles. Arrest and seizure of vessels and their cargoes would be possible if the vessel were fishing, catching bait or engaged in "traffic in fish products" without the prior approval of the Mexican government.

Of pressing concern to U. S. fishermen is a clause in the proposed law which forbids transshipment of cargoes without prior approval of the Mexican government. The use of "mother" refrigerator ships to collect fresh shrimp from trawlers has been a standard procedure with American boats. Under the proposed law fines of \$1,600 (20,000 pesos) could be levied for transferring cargoes without authority.

American shrimp fishermen do not, of course, have any control over Mexican government legislation. But fishermen can demand that the U. S. State Department explore every avenue of possible agreement on the thorny question of Mexican fisheries.

Up to the present time the United States has refused to recognize Mexico's claim of sovereignty to waters nine miles outward from the Mexican coastline. The U. S. position is that three miles is the limit of sovereignty. This contrasts with the U. S. claim of sovereignty for as much as 12 miles out—the Congress of the United States apparently has recognized the Texas claim of tidelands ownership for 10 1/2 miles outward.

A fisheries commission composed of U. S. and Mexican representatives might bring some order out of the present chaos. If U. S. trawlers are to continue fishing for shrimp and red snapper off Mexico the question of seaward boundaries and provision for "innocent passage" under international law must be cleared up.—Caller-Times

ROCKPORT LIONS MEET

At the regular meeting of the Rockport Lions Tuesday noon, there were 15 members and one guest present. Routine business was transacted.

A thousand men worked 2,000,000 man-hours to lay the 578 miles of pipeline that comprise the new West Texas Gulf system.

There are about 200,000 service stations in this country, 95 per cent of which are independently owned, or operated.

If wife's away when hubby comes home, he simply flicks a switch and hears her explain where to find the left-over ham in the refrigerator. And (happy day!) if she starts bawling him out—he can flick off the switch!

Annual Meeting Held By Council of Church Women

The annual meeting of the Council of Church Women was held Friday afternoon at the parish house of St. Peter's Episcopal Church. In the absence of the president, Mrs. J. P. Hanway, Mrs. Carl Osborn, vice-president, presided. Annual reports were given and new officers elected and installed. Mrs. B. W. Hamblin, immediate past president of the organization, installed the following officers — Mrs. Harry Mills, president; Mrs. W. B. Allen, vice-president; Mrs. I. E. Allemang, secretary and Mrs. Paul C. Sorenson, treasurer.

NAVY BAND'S ARRANGEMENT OF STAR SPANGLED BANNER NOW OFFICIAL VERSION

The Defense Department announced recently that the Navy Band's arrangements of the national anthem and the Marine Band's version of "Hail to the Chief" will be official for all military bands from now on.

"Hail to the Chief" will be played only for the President of the United States and for no other dignitary, the Defense Department statement said.

When the President has to be honored more than once during a ceremony, "Hail to the Chief" may be played instead of the national anthem. When the President, state secretary, or chief of secret service orders it, "Hail to the Chief" will be played to permit the presidential party to move on while all others remain in their places.

Mrs. Ruth McShan and Mrs. Violet Brundrett, V.F.W. Auxiliary members, Rockport, were Corpus Christi visitors Monday night attending a meeting at which the Department of Texas, V.F.W. Auxiliary president, Mrs. Rosemary Smith, of El Paso, was the honored guest. Hostesses for the occasion were the ladies of auxiliaries to Posts No. 2465 and No. 2397.

Judge Wendell, County Commissioners, Doing Good Job on Mosquitoes

Judge Wendell and the county commissioners are doing a good job in combating the mosquito menace which has had Rockport in its grip since the last rains. The spraying machine was broken down for several days, and during that time these beaked destroyers nearly took the place. However, with the welcome fog which means death to the insects once more available, and with an airplane spraying, which was made Tuesday morning, most of these pests have disappeared.

Places that were full of them Monday evening failed to show a mosquito Tuesday afternoon, and unless there is some more rain, from all appearances the worst of the mosquito danger seems to be over.

And it was a danger. We have been doing a little survey work, and during it had to go through some of the brush back near Copano. Something heavy lit on our arm, and glancing down there was a mosquito about six feet from stem to stem, with a bill that looked like it could pierce armor plate. Luckily we were able to decapitate it with a hand ax we were carrying. There is no telling what would have happened otherwise. A mosquito of this size is nothing to be treated lightly. One bite from it and all the

Changes In Social Security Explained

Today, about six and a half million men, women and children are receiving retirement and family insurance payments. They are workers who are over 65 and their dependents, and the survivors of deceased workers who have become entitled to social security benefits. These monthly insurance payments are based on the credits which were earned in work on social security jobs.

As mentioned in the last article, payments were increased under the amended Social Security Act to help bring benefits in line with current earning levels and living costs. The increases were automatic for persons who were already receiving checks.

The increases were not the same for everyone. For retired blood an ordinary person owns would disappear, causing almost instantaneous death.

Of course we admit that this is a little unusual, even for a Texas mosquito, but it just shows that even in these days you never know what will turn up. It could be that the Aransas County mosquitoes, if unrestrained, would get so big that they would have to be hunted with rifles. If so, that would be a new sort of big game, and tourist court owners ought to clean up off sportsmen coming here to hunt these insect giants.

workers, the increase was at least five dollars, and for the dependents, or survivors increases were proportionate. The minimum monthly payment for a retired worker was increased from \$25 to \$30, and the maximum was immediately raised from \$85 to \$98.50 and in the future may go as high as \$108.50. The maximum for a fam-

ly was increased from \$168.75 to \$200 a month, and no less than \$30 will be payable to any eligible family. The amount depends upon a worker's earnings under the law and the number of dependents in his family.

Here are examples for insured workers who are now receiving retirement benefits. On the left

New Students Enroll

In the past few weeks we have had quite a number of new students moving into our school.

In the Freshman class these are: Raymond Malbrough, Henry Chermine, and William Hinson.

Bobby Spurway is the only sophomore.

The Juniors and Freshmen came out ahead of everybody, since their number of new students was ahead of other classes. New students are: Carol Brashears, Jay Armstrong, and Richard Spurway.

We, the students of Aransas County High, at this time wish to welcome the above students and any others whose names we have missed. If at any time any of you need any help, feel free to ask some of the old students for it.

New Books

Twenty new books are now in our library, as announced by Mrs. Glen DeForest, librarian. The covers of these are on the bulletin board in the library, which has also been decorated to illustrate the different seasons and special days

LONG-TIME WINTER VISITOR DIES AT COWETA, OKLA.

The hearts of friends in the area were saddened Monday, Nov. 15, when a message was received telling of the death of Earl M. Wright, of Coweta, Okla.

Mr. Earl, as he was familiarly known to friends, spent the past 18 or 20 winters in Rockport. As he would often say, "When the geese start winging their way south, then that's the time Ag and I would start the wheels rolling in that direction."

Both he and Mrs. Wright loved Rockport and its fishing.

He leaves a host of friends and acquaintances here to mourn his passing.

to be observed. In the past it was dressed for United Nations Day and Halloween.

Button Up, Freshmen

The old saying around the campus this week is "button up." It is the short initiation of the Freshmen. All week those that wish to take part in this are to wear a sign on their back, with something about Beat Flour Bluff and when they are told to "button up" they are to put their right thumb on their head, kick left foot out and say Beat Flour Bluff.

Bradshaw Returns to School

Tommy Bradshaw returned to school this week after being absent for about a week and a half. Tommy, as most of you know, broke his ankle in football practice, and was in the hospital for a few days. We are all glad to have him back with us.

Annual Pictures Taken

The pictures for this year's annual were taken Nov. 16 and 17. Junior High and Grade School pictures were taken Tuesday, while High and favorite pictures were taken Wednesday.

March of Dimes—

contributed through the March of Dimes goes to pay doctor and hospital bills and other costs for families who need help. Thousands of polio patients are receiving help from the March of Dimes this winter.

"Aransas County contributed \$2622.10 to the March of Dimes in 1954, and we know we must set a high target for the 1955 appeal, to make certain that there is no let down in the polio campaign at a crucial point."

WATERFRONT—

Continued from Page 1

the wharf has been fair, but any limits that were taken had to be worked for, and the gunner had to stay in the blind all day. The weather has been so pretty that ducks are still high and fast, and there hasn't been any goose shooting worth the name.

Out at Peden's the same story holds. Few if any limits, and the fishing better than the duck hunting.

At Port Bay, a few hunters have been getting their limits, and Milton Harrell says that it looked like a few more birds were beginning to come in Wednesday. There was still no particularly good hunting, however.

Morrison's reported that there were lots of fish this week. They had frozen over three thousand pounds, whereas a normal week fish run from 1500 to 2000 pounds. Last week and week before they froze nearly 5000 pounds a week. Hugh pointed out, however, that this was only a small portion of the total catch in the area, as many people merely ice their fish and take them home that way.

Hugh Morrison said that most of the fish were coming from the reefs and a few from the flats. Trout, he said, were half again as big as they were a month ago. Redfish were becoming scarcer, but there was a notable increase in drum, which had been more plentiful this year than last.

No reports were available from either Fred Christilles or Bill Crist.

At Curley Floyd's, he had a couple of good catches to report. Mr. Ringle and brother, of Eldorado, Texas came in with 77 trout and 7 reds, and Mr and Mrs. Columna, of Houston, caught 75 reds and 9 trout. These came from the Big Bayou-Redfish Bay area.

Curly said that practically everyone caught some fish during the week.

Earle Thomas had one party, Mr. and Mrs. Bonnin, from Houston, and they caught 103 nice trout. Outboards operating from the court were also bringing in lots of fish, Mrs. Thomas said.

Travis Oliver at Good Luck Pier on Fulton Beach reports good fishing throughout most of the week. Trout catches ran especially high. Mrs. R. M. Hendricks of San Antonio hooked and landed a 4 pound 12 oz. trout at the pier.

Some of the guests at Edgewater Trailer Park have really been bringing in the fish, reports Carl Osborn, owner. Mr. C. R. Cox of Littlefield, Texas, caught 139 trout and 50 reds, totalling over 150 pounds one day, 63 trout and reds the following day and 98, weighing over 100 pounds, the next day! Needless to say, Mr. Cox is "sold" on Rockport fishing. He and Mrs. Cox have been coming to Rockport for many years. Mr. W. E. Temple of Hayden Lake, Idaho, and Mr. Frank Fowles of Crockett, Texas, have also been bringing in daily catches of trout and reds—many of them five pounders. Col. John Miner of San Antonio, has been getting his daily limit of ducks in the mornings, and his share of the fish in the afternoons.

Local Committees Named For Gonzales Foundation Drive

A full slate of committee and volunteer workers has been lined up by Chairman John D. Wendell to carry the bulk of the work during the Gonzales Warm Springs Foundation for Crippled Children fund-raising campaign set for Dec. 1 through 18.

"Most of these committees are already at work," Judge Wendell said, "making plans to insure the success of our drive. It is a real challenge we have accepted, but no effort can be to great when the welfare of thousands of our little crippled citizens are involved."

The campaign for the Gonzales Foundation is seeking funds from all over the state to expand its program approximately 40%. This hospital of physical medicine and rehabilitation, approved by American College of Surgeons, American College of Physicians, American Hospital Association and Canadian Medical Association through the Joint Commission on Accreditation of Hospitals, accepts patients from every part of Texas regardless of race, religion or financial condition.

In the history of the foundation no patient who could be helped by the treatment program has ever been denied admittance for financial reasons.

"The money we raise will be spent in Texas to help Texas children," Judge Wendell pointed out. "I know the people of Aransas County will respond generously."

Oliver Brundrett, Vernon (Bill) Gray, Mrs. Ruth McShan and Mrs. Violet Brundrett attended the 6th District meeting of the Veterans of Foreign Wars at Freer recently.

Flour Bluff Game—

rest of the team is in fair shape. A win tonight will make seven won and three lost this season, the first successful one since 1949-50, when they lost the last game of the season (along with the district championship) Taft, 7-6.

Coach Borchert says "This is the smallest team I have ever coached, but one of the gamest. They work as a team, and pull together."

Nine senior boys will play their last football game for the Aransas County Pirates tonight when they meet the Flour Bluff Hornets in Flour Bluff. The senior boys are:

Ernest Camehl, 160-pound half-back, one previous letter and all-district back from last year. A break away runner that is a cinch to repeat as all-district this year. Ernest is an excellent pass receiver and a fine defensive back. He is co-captain for 1954.

Pete Haynes, 145-pound half-back, one previous letter; a hard running back and good pass receiver. The other co-captain for 1954.

Fully Clingman, 145-pound end; one previous letter; fine pass receiver and defensive standout.

Bobby Bracht, 175-pound quarterback; three previous letters; an excellent ball handler, good passer and kicker. Fine defensive back.

Ray Longino, 170-pound tackle; squadman from last year; work-horse on both offense and defense.

Jerald Owens, 170-pound tackle; one previous letter; dependable man although handicapped by taking extra subjects and missing the first hour of practice every day.

Buddy Cannon, 145-pound back, ineligible last year due to transfer rule; fast break away runner and defensive standout. Best tackler on the team.

Ramsey Bearden, 140-pound center, transferred in; dependable man although handicapped by lack of experience.

J. D. Spencer, 155-pound full-back; three previous letters; a hard running back and good faker.

Oil News

John W. Mecom No. 2 State Tract 127, Copano Bay area test 4 1/2 miles west-northwest of Rockport, has been plugged and abandoned after running final electric log to 8,485 feet, total depth.

Humble Oil & Refining Co. is testing deep section in a tidelands wildcat 14 1/2 miles northeast of Port Aransas in the Gulf of Mexico.

The company's No. 1 State Tract 692 was to test higher after showing good pressures on a three-hour drillstem test through 3/4 and 1-inch chokes from perforations at 14,905-34 feet.

The test showed a working pressure of 60 pounds and flowed 20 barrels of water cushion and reversed out water cushion and 20 barrels of slightly salt water and gas-cut mud. Bottomhole flowing pressure was 8,220 pounds and shutin pressure 11,485 pounds. Perforating higher was planned.

Location is on a 5,760-acre lease. A. O. Morgan and B. A. Wales No. 1 J. D. Stanley and others, wildcat 2 1/2 miles northeast of Aransas Pass, was pulling test tool after recovering some oil and muddy salt water on a 10-hour test from 7,304-08 feet.

Tubing pressure on a 12/64-inch choke was 2,050 pounds. It had earlier had a negative test on perforations from 8,490 to 8,500 feet. The test, which has indicated discovery oil production from section at 7,802-10 feet, has 7-inch casing at 8,952 feet, 12 feet off bottom.

H. C. Heldenfels Trustee, Burdette Graham and Conroe Drilling Co. No. 1 State Tract 126, wildcat 4 1/2 miles northwest of Rockport in Copano Bay, was drilling below 5,526 feet in directional hole. Attaching mud logger at 6,000 feet was planned on the slated 8,010-foot project.

Heep Oil Corp. and others No. 3 Zeph Rouquette and others, new scheduled 9,500-foot test 2 1/2 miles west of Rockport in the West Rockport Field, was drilling below 750 feet with a Conroe Drilling Co. rig. The test is 467 feet from the southeast line and 467 feet from the west line of the 300-acre lease in C. B. Lucas Subdivision, Puerto Bay Lands, John G. Smith Survey, A-239.

Local Teachers Plan To Attend Meeting At Forth Worth, Nov. 25

(Continued from page 1)

Miss Margaret Cash and Mrs. George N. Davenport, two Aransas County teachers, plan to attend the 76th annual convention of the Texas State Teachers' Association at Fort Worth on November 25-27, where over 10,000 teachers are expected to hear authorities on education.

Speakers for the three general sessions will be Dr. Herold C. Hunt, Eliot professor of education at Harvard University; Dwayne Orton, editor of Think and education consultant for International Business Machines Corp., New York City; Waurine Walker, president of the National Education Assn. and director of teacher relations and certification for the Texas Education Agency; H. W. Stilwell, chairman of the T. S. T. A. legislative committee and Texarkana superintendent of schools; and Charles H. Tennyson, executive secretary of T. S. T. A.

Malcolm Bocquet, while helping Bill Johnson move a Coke box at the Band Boosters' barbecue Saturday, slipped and fell, cracking the bone in his leg, just above his knee. However, he is recovering nicely.

Petroleum research has come up with a way of killing two birds with one stone — getting rid of certain waste gases in refineries and simultaneously saving the equivalent of barrels of fuel oil annually.

AMERICAN THANKSGIVING—

(Continued from page 1)

through some curious quirk of commerce! Beans of many species deserve a place on any All-American Thanksgiving table, for they were extensively cultivated by all the natives of the New World, along with squashes, melons of various kinds, and cucumbers.

Peanuts were an important food crop in Peru, prior to the coming of the Spaniards. Manioc was also a basic food of Caribbean and Amazonian Indians and, since tapioca is made from manioc, this common dessert has its place on any American holiday table.

So does pineapple, which originated in the Americas, and was only transplanted to Hawaii during the past century.

Chocolate or cocoa comes from the cacao tree, native to the Americas, and Columbus discovered tobacco here, Indians smoking it in pipes and cigars, or chewing it and using it as snuff.
