

Along The Waterfront

Fishing news this week is a short horse, soon curried. Mills' Wharf reported a few boats out Saturday they had two with a Dun and Bradstreet party from Houston, that only caught 25 fish between the gang. W. E. Mehavie, San Antonio, fishing with Morris Gregory, caught 20 on the same day. Tuesday, Paul Temgleson, of Houston, fished with Red Bell, and caught 26 trout and rat reds. Wednesday T. G. Houchins, Houston, fishing with Herb caught 91 trout and a couple of pompano.

Curly Floyd has been catching a few nice trout every day he has fished the past week, but says the water hasn't been anything extra.

Morrison's had a Singer Sewing Machine party from Houston out Monday and Tuesday and the group caught 106 fish in two days. Mr. and Mrs. Harry Hopkins, of Houston, fished with them Wednesday and brought in 43 trout. Hugh says that wade fishermen are catching some drum, trout and reds, but that nobody's setting the world afire with their catches.

Frazier Cantrell fished Mr. and Mrs. Thomas J. Patrick, Houston, Wednesday and they caught 33 trout.

Fred Christiles fished Mr. and Mrs. Julius Seligman, San Antonio, this week and they caught 46 large trout. Dr. and Mrs. Foster Moore, also of San Antonio, fished with them. On the 25th, Stanley Smith and son, San Antonio, fished with him, and caught 31 specks.

Bill Crist had one party, Mr. and Mrs. H. Alec Lafferty, Dallas, this week, and they caught 31 trout and one 3-pound pompano.

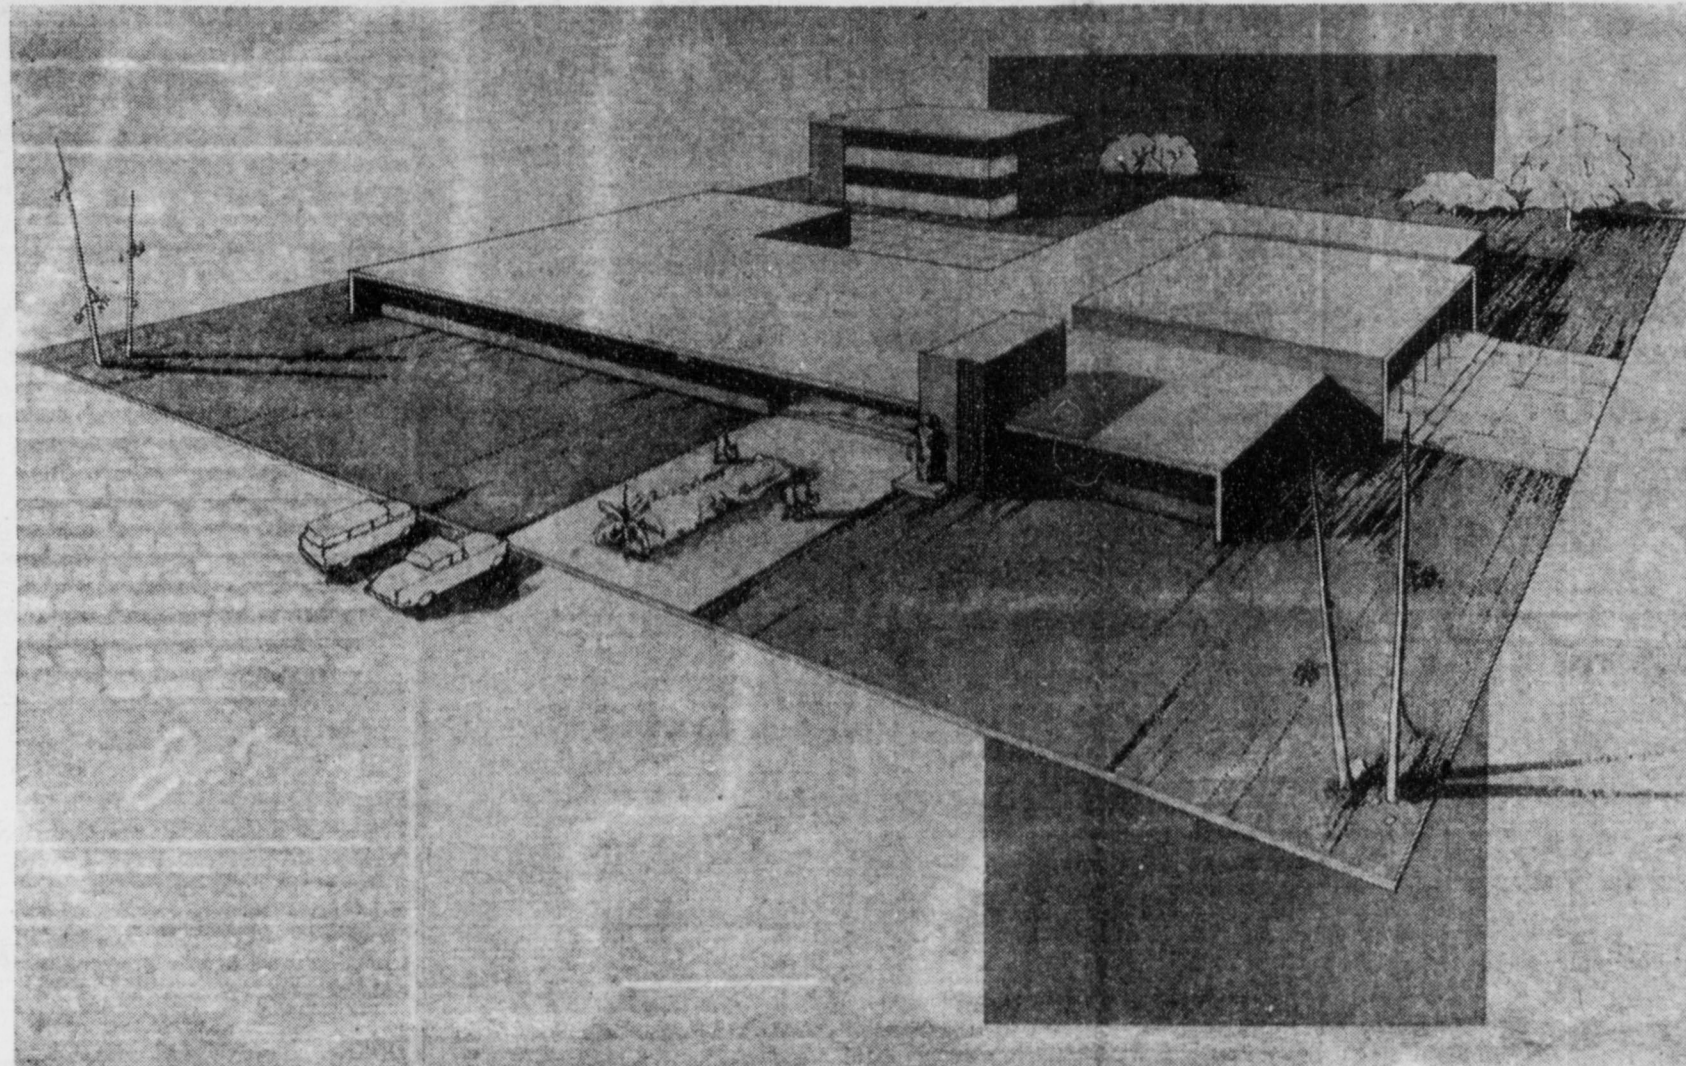

Fishes associated with coral reefs are so numerous that they are numbered by the hundreds of species. A common characteristic possessed by all is an amazing brilliancy of color and design. Leading this field, of course, are the angel fish, queen trigger, demoiselles and parrot fish. Groupers and jewfish live among the rocks, as also does the moray eel. Sharks and barracudas are always found although they range over a variety of places other than the reef in search of food.

The time interval which marine animals will survive out of water varies widely with different species and groups of animals. A large number of animals, representing several major groups (for example, molluscs, crabs, fish and worms) live between the high and low tide marks and are uncovered for a few hours every 12 hours. It is true that some of these live in pools left by the receding tide. The expression "like a fish out of water" is not always strictly appropriate to describe a person who is helpless and unsuited to his environment. Some fish suc has eels, sharks and lampreys can be extremely active out of water for short periods. When fishermen catch the wolf fish in the North Atlantic waters, they are very cautious about handling it, as many people have been bitten by the careless handling of this fish out of water.

Whales usually make a series of successful blows by one blow. The moisture is ejected between the blow when the whale is at the hump. (Page 8)

Architect's Perspective of New Courthouse and Jail

Courthouse Bids Asked This Week

Plans and Specifications Are Completed, In Judge Wendell's Hands Wednesday, Call For Single-Storey Structure 134 x 220

Plans and specifications for Aransas County's new courthouse have finally been completed, according to Judge John Wendell, who says that invitations to bid are being advertised this week. The bids will be opened at the Aransas County Courthouse on October 25, at 10:00 a.m.

The building will replace the present pseudo-Moorish structure built in 1889.

Plans call for a single story, 134 x 220 feet, with central heating and air conditioning, and have been designed to keep costs of repair and upkeep to a minimum.

Many features included in the layout have never before been available in the county.

There is a new and completely modern district courtroom that will seat 102 people, with its own glass, marble and aluminum entryway; and there are chamber for the district judge and district attorney, which have not been available in the past.

The County Clerk's vault is 27 by 76 feet, including office space, replacing the present inadequate quarters, and a Commissioners' Courtroom has been added, making it unnecessary to interrupt business in the County Court when the commissioners meet.

There are adequate quarters for the County Judge; a separate County Tax Assessor's office, and the Sheriff's office has complete and modern facilities.

There are two jury rooms, one for men and one for women, a Grand Jury meeting room, and a Snack Bar. This last will not be operated by the county, but will be available for the use of any church or other organization which may wish to serve food during terms of court.

Lounge space has been provided in the lobby for those having business at the courthouse that have to wait, and on the north entrance, a ramp has been constructed for the convenience of people having to use wheel chairs.

Construction will be of brick, glass, concrete and steel and the entrance to the District Court, at the north of the building, will be a story and a half high, glass fronted, with aluminum and marble trim.

Acoustical ceilings will be a feature of the entire building; the walls will be plastered and painted; and in the halls and lobby, a tile wainscoting will extend for five and a half feet above the floor.

The roof will be built up, with rigid insulation. The new jail, which is a part of the construction, will be two stories in height, and is planned to meet the shortcomings of the present one. There will be juvenile detention cells on the first floor, across the hall from the jailer's quarters, as well as a drunk tank.

On the second floor there are two cells that will hold eight men each, one that will hold two, and one that will hold four. In addition, there are two cells for women that will each hold four, and a cell for insane people who must be held. A maximum detention cell will also be part of the facilities. Space has also been left for a radio installation, half the cost of which will be borne by the Civil Defense Administration.

The juvenile holding quarters, adequate accommodation for woman prisoners, the insane tank, and the maximum detention cell are all facilities that have long been needed and that are in fact provided for by law, but that have (Continued on Page 8)

Council Okehs Rate Raise By Telephone Co.

Monday Night Meeting Results In Agreement Between Southwestern Bell and City Fathers Raising Rates to Same Level As Edna

At a meeting Monday night, the City Council came to an agreement with Stan Bell and John Tucker, representatives of the Southwestern Bell Telephone Company whereby local rates will be raised to the same level as those of Edna, which in size is comparable to Rockport.

Under this agreement, business phones in Rockport will be \$10 per month after the first of the year. Single line residence phones will be \$4.50

New Money Orders To Be Used After October 1

A new form of money order will be in use after October 1st, to curb the activities of check artists who have been raising the valuations of some of those previously in use, according to a postal bulletin issued on August 16.

The purchaser's application no longer needs to be filled out, except when buying money orders on rural routes.

Acting Postmaster Jimmy Simmons says that posters in the lobby of the postoffice will explain how to obtain the new type money order, and that there will also be a supply of printed slips available, explaining the necessary procedures.

Congressman John Bell To Be Here Tuesday

According to Mayor Seth H. Steele, Congressman John Bell will be in Rockport Tuesday, October 5, at 10:30 a.m., to discuss various problems with businessmen and local governmental bodies.

This is Bell's second visit here since his election.

ACHS P-TA To Meet

The ACHS P-TA will meet Tuesday, October 4, at 7:30 p.m., in the high school cafeteria. There will be an executive board meeting at 7:00 p.m., preceding the regular meeting.

School Superintendent Pat H. Greene will be the principal speaker.

MRS. MARY JUERGENS, ELLIS L. CLARK, APPEAR ON TV WEDNESDAY

Mrs. Mary Juergens, secretary of the Chamber of Commerce, and Ellis Clark, local attorney, appeared over KVDO, Corpus Christi, Wednesday night at 6:30 p.m., on a program discussing the progress of the area.

Mr. and Mrs. Hugh Sigmund and daughter have recently moved to Rockport after residing in Ingleside.

per month, instead of \$4.00; two-party-line phones will be raised to \$3.75 a month, against a previous \$3.50.

It was pointed out by Company representatives that this will produce only enough added revenue to bring their net return in this area to 5.71%, which is still less than the courts have allowed them in test cases.

The company officials agreed not to ask for any further raise in local rates for a period of two years from the January billing date.

Fulton Harbor Open For Use October 1

Applications for stalls in Fulton Harbor are being accepted, and stalls in the harbor will be open for occupancy on October 1, according to N. F. Jackson, chairman of the Aransas County Navigation District.

All such applications should be mailed to Aransas County Navigation District No. 1, or made in person at the Harbor Master's office in Rockport, Jackson said.

Local Student Named Veep of Blairs At SWTSC

San Marcos—Pat Smith, son of Mr. and Mrs. Floyd Smith, was recently elected vice-president of the Harris Blairs Literary Society at Southwest Texas State College in San Marcos.

Pat is a senior student and is majoring in physical education. He has been very active in Blair work as he served as treasurer last year.

Sacred Heart Rummage Sale Changes Place

The Sacred Heart Rummage Sale, sponsored by the Sacred Heart Mother's Club, will not be held Saturday, October 1, will not be downtown as originally planned, but will be held at the Sacred Heart Hall, and will start at 9:00 a.m.

Mr. and Mrs. Earl Bartlett of San Antonio visited in Rockport over the weekend.

Pirates to Host Ingleside Eleven

The AC Pirates play host tomorrow night to the Ingleside Mustangs in a District 31A football game. The Pirates will be out to maintain their unbeaten record thus far this season. After riding high for the past two and one-half years without a defeat, the Mustangs have suddenly began to take their knocks in Class A football. Ingleside will enter this game having lost their first three ball games. Although picked to finish third this year in pre-season predictions, and the Pirates sixth, the Mustangs will be the underdogs due to their showing thus far this year.

Ingleside is always potent and will be out to get their first win at the expense of the Pirates. The past two years the Mustangs have run rough shod over the Pirates and don't plan on giving up at this point. They still pack a pretty good offense despite the loss of some key men from last year. The Pirates could well be at this point the dark horse in District 31A. Hebronville and Bishop seem to be the teams to beat but any one in the district is capable of upsetting their opponents on any Friday night.

Pirate stadium will be sporting about 2,000 new bleacher seats tomorrow night so everyone is assured a comfortable seat for the remainder of the games. Coach Borchert says that for the third week in a row his boys have come out of their games without any serious injuries.

Tomorrow night be on hand to help the Pirates avenge a long overdue victory over the Ingleside Mustangs, always a very strong rival in the game of football.

Big Land Crab Turns Up Here

Bopy Cole, who works for the Central Power and Light Company picked up a rarity last week on Austin Street, a big land crab of a type seldom seen in these parts. Several others have turned up recently, but are the first that have been seen here in some years.

Another was found four or five years ago. Ordinarily this species does not occur north of Port Isabel.

Herbert C. Petry to Speak Here At C. of C. Banquet Tuesday Night

Herbert C. Petry, prominent Carrizo Springs attorney, and noted after dinner speaker, will address the Rockport Chamber of Commerce at its banquet Tuesday night, October 4. Mr. Petry is a past president of the Lions International, and a member of the State Highway Commission.

Entertainment will be furnished by the Mutilators, a group of pantomime artists from Cabaniss Field, who are in great demand throughout the area.

The dinner will be served by ladies of the Order of the Eastern Star in the Woman's Club building.

New Bleachers to Be Used For First Time Friday Night

The new bleachers at Pirate Field will be used for the first time Friday night, and Principal Dave Coleman wishes to call attention to the fact that entrance will be made from the north side of the field, next to the high school. The ticket office will be there, and no general admission may enter anywhere else.

The old gate that has been used until now will be used only for bands, squadmen, etc.

Jr. High Tarpons In Dist. Tilt Thursday Night

Thursday night, Sept. 23, the Aransas County Junior High School Tarpons will be host to the Junior Mustangs from Ingleside. Game time will be 7:00 p.m. The game will be of importance to both teams as it will be a district game and a measuring standard to determine the quality of district competition for the season.

At the present time there are 36 boys composing the Tarpon squad, the boys are: William Kelly, Henry Giestman, Roger Ayres, Guy Clark, Mike Johnson, James Weatherly, Monte Rouquette, Richard Hapner, Hays Warden, Sonny Brundrett, Henry Falcon, Leon Predom, Calvin Luddington, David Owens, Henry Garcia, Eddie Groff, Charles LeBlanc, Dale Barnard, Tex Tackette, Buddy Ayres, Ronnie Simpson, Gilbert Garcia, Joe Garza, David Pena, Ronnie Newby, Robert Blunt, Mike Smith, Campbell Wren, Roger Beasley, Billy Johnson, Joe May, Tommy McCabe, Charles Satsky, Joel Meador, James Owens and Frank Jones.

The Tarpons are determined to better last year's results of a second place finish and a five won, three lost record.

CORRECTION PLEASE

Lauriano Falcon says that it hasn't been sixteen years since Rockport beat Aransas Pass, but only 9. In 1946, when he was on the team, the Pirates beat the Panthers by a score of 32-6.

Mrs. Mary Juergens, secretary of the Chamber, asks that all members of the chamber who have not obtained their tickets please contact her immediately.

School Tax Office To Remain Open During Noon Hour

According to Mrs. Katherine McLester, the school tax office will remain open during the noon hour through October, so that taxpayers may take advantage of the opportunity to save 3% by prompt payment of their school taxes.

Rockport Harbor Clean Up Starts Tuesday Morning

The Rockport Harbor clean-up, deferred by the Navigation Board until after Labor Day, started Tuesday morning when Loyd W. Richardson's dredge moved in and started pumping.

The material is being channeled along the breakwater and discharged in the curve where the old railroad wharf meets the shore. From the look of the material, it was an excellent idea to let the dredging go until the present time, as it will take some time for wave action to clean the oil and other pollutants from it.

Aransas Co. Ministers' Association Meets

The Aransas County Ministers' Association met Monday, September 26, at noon, at Nelda's Cafe for luncheon and a business meeting. The meeting was opened with prayer by Rev. Dana S. Green, who also presided. It was decided that a county-wide church census should be undertaken on the afternoons of October 16 and 23. The following committee was named to outline a program for the census: Rev. Dana S. Green, Rev. Geo. Merriman, Rev. W. S. Broadway, and Rev. A. Arnott Ward.

The Union Thanksgiving Services were planned. They will be held Wednesday, November 23, at 7:30 p.m., in the First Methodist Church. The combined choirs of the churches will have charge of the special music for the occasion, and a local minister (still to be chosen) will bring the message.

The ministers of the churches of the county are asked to meet again this Friday, September 30, at 10 a.m., in the First Methodist Church. All churches should be represented, for there is to be an election of officers.

Cub Scout Meeting Called By Packmaster Philip Baldwin

The Cub Scouts are preparing to start their fall program, according to Philip Baldwin, Packmaster, who says there will be a meeting Tuesday night in the High School Cafeteria, to get the project underway.

This meeting is for adults only, and will take place at 8:00 p.m., or as soon thereafter as the Junior High School football game is ended. It is for the purpose of reorganizing the pack and dens, and he urges everyone with a boy between 8 and 11 who is interested in Cub work to be present at the meeting.

Baldwin pointed out that the cubbing program depends largely on the parents, and that only by complete cooperation can a successful pack be organized and perpetuated.

More P.-T.A. Members Needed, Says Mrs. Torres

More members are needed in the High School P.-T.A., according to Mrs. R. D. Torres, who pointed out that you do not need a child in High School to join the organization. She urges all people interested in the welfare of the community's youth to join the organization, and says that they hope to obtain at least 300 new members.

Mr. and Mrs. Henry Camehl and Miss Charia Hare attended the A. and I. football game in Kingsville. They were accompanied home by Ernest Henry Camehl.

Rockport Test Fails at 8,530 Feet

Sam E. Wilson, Jr. No. 1 Travis Johnson, Aransas County wildcat just west of Rockport in Block 237, J. A. Smith Survey, A-187, has been plugged and abandoned at 8,530 feet.

Western Natural Gas Co. of Houston No. 27 St. Charles Ranch, proposed 8,500-foot St. Charles Field test 7 1/2 miles northeast of Lamar, is 3,700 feet from the south line and 650 feet from the west line of Aransas County School Land Survey, A-5, on a 46,445-acre lease. It is 1,972 feet southeast of the No. 19 gasser.

Loretta Jean Miller Honored On Birthday

Loretta Jean Miller celebrated her tenth birthday with a party at her home Tuesday evening, September 27, from 4 to 6 p.m. Hostess for the party was Mrs. Johnny Mable Miller, of Corpus Christi.

The following children attended: N. F. Jackson, Bubba Morison, Kaaren Goodsell, Janice Garrett, Jeanie Diederich, Betsy Fields, Tamara Camehl, Sandy Arrington, Clara Louise Luce, Nan Jackson, Dianna W., Darleen Evans, Carola Lee, Pamala Court, Cynthia Highfill, Vicky White, Shirley Loessin, June Knippa, Mr. and Mrs. Maurice Cochran, Betsy Sparks and L. Miller.

Games were enjoyed after which refreshments of cake, punch, Jello, candy and favors were served.

Jeanie Diederich Celebrates Birthday

Mrs. Lyle Diederich honored her daughter, Jeanie, with a birthday party Monday afternoon at the home of Jeanie's grandparents, Mr. and Mrs. F. C. Diederich.

The girls enjoyed playing games and "fishing" for favors. Prizes were won by Jean Miller and Terry Thomas. The white birthday cake was decorated in pink roses and pastel green. Ice cream, cake and colored mints were served to the following guests: Terry Thomas, Sherry Lynn Brundrett, Janice Garrett, Bonnie Dawson, Jean Miller, Janice Faye Washington, little Fred Lyle Diederich, Mrs. Charlie Garrett, Mrs. A. L. Brundrett, Mrs. Somer Smith and Travis Lee Smith.

Mission Program Set At Methodist Church

The Rev. Donald E. Redmond, executive secretary of the Inter-board Council of the Methodist Church, who has recently returned from a tour of Bolivia was the guest speaker at the Methodist Church in Rockport, Sunday at 7:30 p.m.

The program consisted of a series of slides and a detailed account of the work being done in Bolivia by the Southwest Texas Mission Board. The local church was host to the members of the Ingleside, Aransas Pass and Portland churches for the occasion. The speaker was introduced by the Rev. Dana Green, pastor.

TEXAS IN REVIEW

Carefully edited highlights from four football games will be featured next week on The Humble Company's TV program, Texas in Review. Kern Tips will describe the highlights taken from the Texas A & M-University of Houston, Baylor-Maryland, TCU-Arkansas and Rice-SMU games.

Another feature will be films of the Texas Tech. Museum at Lubbock. Cameramen visited the museum to record the opening of a display called the "First Forty Years in the Development of the Plains." This display consists primarily of relics used on West Texas ranches in the 1880's.

Other films will show the opening of a center for crippled children of West Texas.

Monday, Oct. 3, Texas in Review can be seen on KPRC-TV, Houston, 10 p.m.; KVDO-TV, Corpus Christi, 9:30 p.m.

MRS. MARY JUERGENS VISITS NEW GRANDSON

Mrs. Mary Juergens returned Sunday from a three-day visit to her new grandson in Houston. The young man, who weighed six pounds, was born September 18 to Mr. and Mrs. Fred Whitten, of Houston, and named Fred Allen Jr. Mrs. Whitten is the former Nancy Juergens.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. Jack McKeand, of Rockport, have announced the engagement of their daughter, Virginia Ann, to Ronald Scribner, son of Mr. and Mrs. Ralph V. Scribner of Peaks Island, Me. Mr. Scribner is stationed at the Corpus Christi Naval Air Station. The ceremony will take place October 1 at the home of the bride's parents in Rockport.

CONGRATULATIONS

Mr. and Mrs. C. J. Kutach are the parents of a baby boy, Bradley Allan, born September 22 in the Corpus Christi Osteopathic Hospital.

Where your Home Town Friends always appreciate your Loyal Patronage!

Necessary Safety Precautions Outlined To Keep Outdoor Fires Under Control

The smell of smoke in the air is a traditional fall aroma which many of us relish. Fire authorities, however, recognize it as the symbol of one of the season's greatest dangers: outdoor fires.

Whether they are lighted for picnickers' pleasure, hunters' needs or householders' chores — whether they are built in the forest, in an open field or in your own back yard — outdoor fires have one thing in common: the threat of spreading out of control.

The National Board of Fire Underwriters suggests these safety rules to lessen the danger:

- 1. Burn only in areas where fires are permitted. This means respecting posted woodland areas where fires are prohibited. It also means checking to see whether your town prohibits trash and leaf fires, or requires you to get a permit to burn from the fire chief. 2. Never start an outdoor fire on a windy day. 3. Clear a 3-foot strip around the place where you wish to burn. Remove all grass or underbrush; get down to mineral earth. 4. If the fire is in your yard, hook up your garden hose for use in case of emergency. 5. Use a wire-mesh basket or a metal container, with a cover, to burn trash or leaves. 6. Don't start a fire near a building, a fence, or overhanging branches. 7. Keep children away from open

fires unless someone supervises them.

8. Never leave your fire unattended until you are sure it is dead out. Sprinkle it with water, stir it into the earth and dampen it again. The area should be cool enough to test with your bare hands before you leave it.

Food and Game Fish of Texas

The name dolphin, applied to one of the popular saltwater game fish of the Texas coast is most misleading, as it is also applied to a warm-blooded animal, one of the smaller members of the whole family. It would be better if we could dispense with this name, and use some other, such as the Spanish name "dorado" for this species.

Range: World-wide in warm seas. Size: Average, five or six pounds. Record (Hawaii) 67 1/2 pounds.

Habits and food: The dolphin's habit of following driftwood, or patches of seaweed, is very marked, so much so that during their presence in our waters, any such flotsam is almost a sure signal for a large catch of small dolphins.

Once found, the log or other drift is sometimes secured to the boat. When this is done, or when a hooked fish is left in the water as a decoy, it is possible to catch most of the fish in a school, as they are not in the least alarmed by the proximity of a boat, or by the commotion made by the fishermen. If anything, they only become more excited after each capture and follow the boat more closely.

Very often, in lieu of logs, stumps, or other driftwood, they use patches of Gulf weed, which at times is quite thick, the water being dotted with clumps of ranging from a foot to a yard in diameter. A cast at the edge of such a clump will frequently be rewarded with a strike, and as many as three or four fish may be taken from the same place. When found in the weed, schools are apt to be widely scattered, a few fish being associated with each bit of the floating vegetation, instead of being heavily concentrated as they usually are around the driftwood. They are not a very solitary fish, except when large, and it is not often that only one or two fish will be found detached from a school. Their food consists of smaller fishes, and they feed on the young of sailfish when these are available.

Color: Male, iridescent bluish gold, merging to blue black on the back, which is frequently covered with small, purple spots. Fins and tails golden yellow. Head of the male differs from that of the female in that it is high in forehead, and comes down to the lower jaw in an almost vertical line. Females are green-gold instead of blue-gold, and the head curves down to the snout in an arc.

Jackfish, or jack crevalle are found from Cape Cod to South America. Their average size in Texas waters is 15 to 20 pounds, but they may reach 40.

Habits and food: Found (when small) around bridges, piling, and in the bays in schools or (occasionally) singly. They run offshore around the mouths of rivers and passes when larger. Eat mullet, other small fishes, and crabs.

Color: Greenish back, sides flushed with yellow and overlaid by silver. Belly, yellow. Upper fins, dark; lower yellow to gold. Black spot on upper edge of gill cover, and usually another at the base of the pectoral. Breast not scaled. Pompanoes are considered an

The Red Tide Nothing New, Mentioned in Bible

Red tides are nothing new. In the seventh chapter of Exodus there is this passage: "... and all the waters that were in the river turned to blood. And the fish that was in the river died; and the river stank, and the Egyptians could not drink of the waters of the river."

Marine biologists say that this was simply a Red Tide ravaging the estuary of the Nile.

Other reports may be found in Virgil's Aeneid, in the works of the Roman historian Tacitus, and the logs of a number of navigators from the sixteenth century on.

Actually there have been, and are, thousands of red tides around the world—although some of them have also been white, green, yellow and black!

A glance at a map listing some of the more notable ones over a period of the last hundred years shows that in the Americas they cluster thickly along the Atlantic coast, from Maine to Florida; are especially prevalent along the southern shores of the Caribbean; and have occurred frequently in the western Gulf of Mexico, on a line between Campeche and the mouth of the Mississippi.

One or two have developed in Texas waters; several, of course, have struck the west coast of Florida; the Pacific coast, from Los Angeles to Peru is lined with dots denoting the attacks of red tides; and the Gulf of California is also called the Vermillion Sea, because its waters are colored with countless billions of small organisms similar to those causing the lethal attacks.

The rascal responsible for most of the uproar is a dinoflagellate known as *Gymnodinium brevis*—so tiny that it takes over 900 of them laid side by side to measure an inch.

Under the microscope they look like transparent pansies or four-leafed clovers, with thread-like tails that they flail from side to side to progress through the water.

These organisms are not normally found offshore, but are inhabitants of the bayous and estuaries along the coast and in Florida, on the west side, are particularly common in the Thousand Island area.

On certain occasions, however, *Gymnodinium* goes berserk—or "blooms"—multiplying so rapidly that over 60,000,000 may occur in a quart of sea water. When this happens, so enormous are its numbers that they extend far out to sea—perhaps as much as twenty-five miles from shore—and tinge the water until the concentrations are visible, and impart to the ocean the reddish color from which the phenomenon takes its name, although—in some stages of the attack the tint may be amber, olive green, or some other

Mrs. James Morrison Complimented Saturday

A coffee and shower at the home of Mrs. W. E. Beasley, Saturday morning honored Mrs. James Morrison, a recent bride. Cohostesses with Mrs. Beasley were Mrs. Richard Taylor, Mrs. O. A. Carroll and Miss Hope Lang.

Mrs. Hugh Morrison assisted the hostesses in greeting the guests and Miss Marilyn Morrison was in charge of the register. Mrs. Robert Morrison assisted the honoree in displaying the gifts.

Arrangements of late summer flowers were in the living room. A white linen cloth covered the refreshment table where Miss Lang presided at the silver coffee and tea service. The centerpiece was a miniature bride and groom under a floral arch.

The guest list numbered eighty. Mrs. Morrison is a member of the faculty of the Rockport Elementary School.

Mr. and Mrs. Al Landry, of Houston, visited over the weekend in the home of Mr. and Mrs. Elmo Brundrett.

These Blooms Ordinarily Occur

after periods of heavy rainfall, high temperatures, and calm weather, and are generally associated with unusual influxes of fresh water into the Gulf.

Then the flooded rivers pour their discharge into the sea, carrying quantities of dissolved foods on which the organisms feed, allowing them to reproduce by division and re-division until the sea becomes soupy with their untold numbers.

During this period of frenzied reproduction, *Gymnodinium brevis* becomes malignantly poisonous and enormously destructive, killing fish, turtles, porpoises, shellfish, and even sponges, wiping them out over thousands of square miles of ocean.

Moreover it stages a gas attack as, when the organisms are close inshore, an acrid, stinging odor emanates from them, causing burning of the eyes and nostrils, accompanied by coughing and wheezing and, often, constriction and soreness of the throat. Occasionally, the coughing is so severe that vomiting will accompany it. Animals are affected by it also.

The Florida tide has received lots of attention because of its effect on the tourist industry, but it has relatives elsewhere just as villainous.

Every year, about Christmas time, outbreaks of a similar type occur in Walvis Bay, Southwest Africa. Sometimes only a few fish are killed; at other times the death rate is astronomical.

There have been massive fish kills off Peru and, in 1935, from June 30 to the middle of August, the Texas coast was strewn for two hundred miles with dead fish apparently killed by like causes.

Off California, another dinoflagellate, *Gonyaulax*, poisons the clams and mussels. These mollusks, in turn, poison people who eat them, and a number of deaths have been directly traced to these toxins.

Japanese have similar trouble with another species that regularly attacks their pearl oyster crops. They have learned to control this by lacing the water across the mouths of the bays where the oysters are with copper sulphate. Those battling the Florida plague have used copper sulphate experimentally. They have dragged it through the Tide in gunny sacks and they have emptied it in liquid form, as well as conducting a series of tests by distributing it from airplanes.

Copper sulphate does, indeed, kill *Gymnodinium brevis*, but there are obstacles to its use. In Japan the areas controlled are relatively small and easily handled, because they know where their Tide will strike.

In Florida, they haven't been able to determine with any certainty where the next attack will occur, and by the time scientists are aware of an outbreak it is usually so wide-spread that the extremely high cost of copper sulphate would make its use out of the question.

However, laboratories at Miami and Galveston have succeeded in growing cultures of the pest, and they have hopes that through a study of ecology—that is, relationship of *Gymnodinium* to its environment—they may be able to discover some organism that will destroy it.

GIRL SCOUTS

Girl Scout Troop No. 31, Mrs. Katherine McLeister, leader, and Troop No. 26, Mrs. Leonard LeBlanc, leader, met jointly Monday, September 19, at 4 o'clock in the Girl Scout Little House.

The meeting opened with the Girl Scout Promise and song "Girl Scouts Together." Troops then went into separate groups and a president and scribe were elected for one month.

Rules were read for the year, the Puppeter badge was decided as a project for the First Class activities.

Refreshments were served by the leaders and the troops were dismissed with the Friendship Circle and singing of Taps.

Troop 43 met at the Fulton School on the same day and hiked down to Fulton Harbor, where they gathered shells for buckets. The girls were also taught fire building and the proper method of extinguishing one.

Refreshments consisted of a weiner roast with Mrs. F. L. McCord acting as hostess. Leaders were Mrs. McCord and Mrs. J. W. Phillips. Girls present at the meeting were: Sally McCord, Lynn Campbell, Darla Utley, Carla Utley, Florence Casterline, Darleen Moore, Karen Lange and Chris Keeler.

Advertisements for bids for the construction of the Aransas County Jail and Aransas County Courthouse in Rockport, Texas, will be received at the office of Judge John D. Wendell at the Aransas County Courthouse in Rockport, Texas until 10:00 o'clock A.M. Tuesday, October 25, 1955 and then publicly opened and read aloud. A cashier's check, certified check, or acceptable bidder's bond, payable to the Owner, in an amount not less than five (5%) percent of the bid submitted, must accompany each bid.

No bid may be withdrawn after the scheduled closing time for the receipt of bids for at least thirty (30) days.

The Owner does not obligate himself to accept the lowest or any other bid, and reserves the right to reject any or all bids or any part thereof and to waive all formalities.

Plans and specifications may be examined without charge in the office of Architect, and may be procured from Lynn A. Evans, Architect and O. Roy Abbott, Designer, 307 Bevely Bldg., Corpus Christi, Texas upon a deposit of seventy-five (\$75.00). (\$25.00 for plans of the Aransas County Jail and \$50.00 for plans of the Aransas County Courthouse).

This deposit will be refunded if the plans and specifications are returned in good order within ten (10) days after the bidding.

ARANSAS COUNTY, TEXAS

County Judge c26

T. E. L. Class Meets

Mrs. Ed Ballou and Mrs. Somerville Ballou were hostesses to the T. E. L. Class of the First Baptist Church, Friday night, September 23.

After the regular business session, Mrs. Mabel Thompson, teacher of the class, had charge of installation of officers for the new year. They are: Mrs. Reid Simmons, president; Mrs. J. V. Ferguson, first vice president; Mrs. A. F. Dervage, secretary; Mrs. Somerville Ballou, treasurer; Mrs. Otto Key, class minister; Mrs. George Walton, devotional and Mrs. E. J. Johnson, Mrs. Ed Ballou and Mrs. Myrtle Sanders, group leaders.

During the social hour which followed the installation service Mrs. Roy Ivey, who was a guest, entertained the group with recorded singing and playing by Mr. and Mrs. Bill Clark and Mrs. W. D. Brodway.

Cake, punch and ice cream were served to the following: Mesdames A. F. Dervage, Mabel Bryant, Myrtle Sanders, E. B. Crawford, Henrietta Walton, Katie Moss, Otto Kay, C. G. Raulerson, Mabel Thompson, Ernest Bain, Reid Simmons, J. V. Ferguson, Floy Rooke, Somerville Ballou, Ed Ballou, Miss Fannie Oertling and Miss Ruth Lipscomb.

Visitors were Mrs. Roy Ivey and Mrs. Harvey.

METHODIST YOUTH ASS'N. FELLOWSHIP RETREAT MEETS IN ROCKPORT

The Methodist Youth Association Fellowship Retreat of Taft met in Rockport Saturday and Sunday for a combination of social activities and to plan their years work. The group, which consisted of twelve young people and four counselors, enjoyed fishing, swimming and boat riding. They stopped at the Family Courts in Fulton.

Refreshments of cake and punch were served to the following guests: Donna Kaye Wright, Violet Sue Benge, Doris Brown, Peggy Ince, Paula Hasseltine, Mary and Margaret McCready, Cynthia Gurley, and from Corpus Christi, Paula Freeman and from Robstown, Mollie Bates.

Mrs. Elroy Parr Honored With Shower

Mrs. Milton Sparks, Mrs. Sam Mundine and Mrs. Roy Mullinax were hostesses on Thursday night for a pink and blue shower honoring Mrs. Elroy Parr, at the home of Mrs. Sparks.

After the group of about twenty guests had gathered, Mrs. Parr was presented with a clothes basket and clothes pin bag and told to gather in her laundry.

She was led to the dining room where she found the gifts pinned to a clothes line stretched across the dining room.

Refreshments of cake squares and punch were served from a table covered with a blue cloth and decorated with a centerpiece consisting of a miniature wastub and wringer filled with white napkins folded diaperwise, resting on a birdseye diaper with a sprig of green fern pinned at each of the four corners with a tiny colored safety pin. The four cakes, one on each corner of the table were decorated with icing in each of the colors, pink, blue, green and yellow.

Out of town guests attending were the honoree's mother and sister, Mrs. Ted McLeister, Barbara and Nancy, of Falfurrias and Mrs. Kenneth Moore of Carrizo Springs.

Jill Thompson Honored

Jill Thompson, 5, daughter of Mr. and Mrs. B. R. Thompson, was honored with a birthday party, Saturday, September 24, from 4 to 6 p.m.

Refreshments of cake and punch were served to the following guests:

Donna Kaye Wright, Violet Sue Benge, Doris Brown, Peggy Ince, Paula Hasseltine, Mary and Margaret McCready, Cynthia Gurley, and from Corpus Christi, Paula Freeman and from Robstown, Mollie Bates.

Luncheon Honors Mrs. Frank Lloyd

Mrs. Frank Lloyd of Alice, chairman of the Corpus Christi District, Women of the Presbyterian Church, was the guest of the executive board of the local group, at luncheon, Thursday, at the Fulton Mansion restaurant.

Following the luncheon, Mrs. Lloyd paid her official visit to the Women of the Church and was the principal speaker. She was introduced by Mrs. Carl Osborn, president of the group. Mrs. Norman Emerick presented the program, with Mrs. Hugh Morrison and Mrs. S. F. Jackson giving the devotional.

Hostesses for the social hour were Mrs. J. W. Brundrett, and Mrs. G. L. Brundrett. Thirty-one women attended.

Mrs. Ingle Turner, of Woodboro, visited Tuesday in the home of her mother, Mrs. Manch Brundrett. Mrs. Turner was accompanied home by Mrs. Brundrett where she will stay for several days.

MEMORY LANE

Automotive Styles

Remember when automobiles were open to sun, wind, dust and rain? Few people owned any kind of a car in those days, and an enclosed car was a mark of luxury and wealth. Small fry watched "bug-eyed" whenever one went by. Automobile styles have changed and the enclosed model predominates today. Remember?

Our aid and friendly counsel are available at all times. A phone call will bring you the help you need.

Nervous, Tired, Awake Nights?
Don't Feel And Look "Old Before Your Time" Any Longer

If you have that "Always Tired" Feeling, Sleeplessness, Constipation, Digestive Upsets, "False Old Age," Nervousness, Lack-lustre Hair, Loss of Appetite, Bad Breath, Failing Eyesight, Dizzy Spells...

STOP SUFFERING
If you suffer from any of these troubles, try Drag-NOT Tablets because the REAL cause may be weak, iron-poor blood or a system starved for Nature's precious minerals and vitamins. In just one day Drag-NOT Tablets' iron-rich and vitamin-rich elements are in your bloodstream carrying new strength and energy to all parts of your body.

FREE YOUR BODY
After a few days you will actually SEE the results. Watch your elimination as Drag-NOT Tablets' non-habit-forming ingredients help bring lazy organs back to work. The black, poisonous waste and impurities will begin to leave your body and you will enjoy wonderful new pep and sleep better than you have for months.

LOOK AND FEEL YOUNGER
Not only will you feel younger, but you will LOOK younger; lustre will start returning to your hair, you will relax, your eyes will sparkle and you will again experience the joys of life you thought you had lost.

GUARANTEED
If you do not feel better, eat better and sleep better after taking your first bottle of Drag-NOT Tablets, we will refund your money. Price only \$1.98 for a month's supply.

HIGH POTENCY
High-potency Drag-NOT Tablets contain Iron and 4 other minerals, Vitamins B1, B2, B6, B12 and C, PLUS niacinamide, folic acid, calcium pantothenate, desiccated whole liver, natural yeast concentrate and stomach powder. No wonder that people who have taken Drag-NOT Tablets say to their friends, "No matter how long you have suffered nor what drugs or tablets you have taken in the past, try Drag-NOT Tablets."

He Looks Nice, But Is He?
That is the question people should ask themselves before picking up a hitchhiker. Sure the nice clean-cut boy that looks like a college boy may be a fine person, but if given the opportunity may shoot you, steal your money and take your car. It is true that it does not cost any more for that extra person to ride in that empty seat, but would you let someone come into your home and sleep in your extra bed?

Many times the service man is trying to get home for his leave, but a lot of times the person wearing the uniform does not even belong to any branch of the service. So you can never tell by the uniform.

Can you tell a person's character by the clothes and appearance he makes by one quick look? The answer is no. You or no one else is that good a judge of character.

If you can't remember we had an incident of this kind in our county last May. The man picked up the young man trying to get a ride and he didn't even get ten miles before the nice young man pulled a gun on him, forced him into the brush, shot him twice and took his car. This is not the only time this has happened nor the only town it happened in, it happens all over the country every day.

In many states there are laws against hitchhiking. Do you think it should be a law in our state? Remember it may save your life some day.

—Jean Mullinax.

Annual Staff Announced

The Annual staff for this year will be as follows: Editor, Deanna McNorton; Assistant Editor, Wilma Stephens; Business Manager, Roy DeForest; Typists, Mary Faye Clark and Jo Helen May; Treasurer, Freddie Lingner; Make-up Artists, Babo Matern and Faye Washington; Ad Salesmen, Ann Williams, Nancy McNorton, Karen Casterline, Leslie Cole, Sue James, Clydene Armstrong; Artist, Rosanna Roberts.

Seniors to Sponsor Dance

The senior class will sponsor a Victory Dance in the cafeteria Friday night after the football game. Tickets will be on sale at the door. Dancing will begin about 10:30 and end at 12 midnight. The admission price will be 50¢ per couple or stag.

Student Council Present Assembly

The Student Council presented the first of the Southern Assemblies for this year Thursday in the High School auditorium. The stars were Leo and Josephine Gasca.

Leo and Josephine Gasca are famous circus and television stars and are members of the well-known Gasca family. Their act has been featured in many leading circuses in the United States, South America, Mexico and Europe.

The Gascas presented the One-Hand Stand on Two Rubber Balls, Walking Upside Down on Crutches, Head Stand on Trapeze, Spinning Hoops, Novelty and Pre-

Young People Enjoy Picnic

The Pioneer Young People of the First Presbyterian Church enjoyed a picnic Tuesday night at 6 p.m. The group, which met at the church, went to the Concession Hall at Lamar where their picnic lunch was served on the lawn.

Games were played during the evening by about fifty-four Pioneers.

Chaperones for the occasion were: Mrs. Ed Beasley, Mr. and Mrs. O. A. Carroll, Jr., Malcolm Bouquet, Mr. G. T. Kitchens, Mr. and Mrs. Jimmy Hayden and Karen, Mr. and Mrs. Weldon Cabaniss and Rose Ann, Mr. Arnott Ward and Sandy and Mr. and Mrs. C. C. Hayden.

Mrs. James Frandolig left Thursday morning for Rotan, Texas where she met Mr. and Mrs. A. N. Noles, Jr. They then left on a trip through New Mexico.

Painting, Balancing, and other examples of unique and highly developed artistry.

Pirate Log Staff Named

The Pirate Log Staff was named and the positions are as listed: Editor, Jean Mullinax; Assistant Editor, Babo Matern; News Editor, Faye Washington; Sports Editors, Jimmy Mills and Mary E. Mundine; Feature Editor, Joyce Ann Griggs; Business Manager, Martha Ballou; Advertising Manager, Rudy Gwynn; Circulation Manager, Rudy Gwynn. Helping Rudy will be Johnny Bob Barber and Raymond Mikeal. Helping David Perkins will be Richard Campbell, Nell Mundine, Jelene Clark and Alfred Pena.

Publisher, Marie Holland; Typists, Ann Schoonover, head typist, Faye Washington, Martha Henry, Sue James, Juanita Everitt, Herminia Mendolia, Mary E. Mundine, Joyce Ann Griggs, Wanda Mundine and Gertrude Lopez; Proof Readers, Karen Casterline, Ann Williams, Babo Matern and Joyce Ann Griggs; Artists, Grover Ince and Jimmie Garrett; Machine Operators, Allen Thomas, Robert Shivers, John Cabaniss and Eugene Townsend; Paper Assemblers, Sue James, Betty Armstrong, Heather Wren, Sarah Morales, Davey Brown and Martha Jane Schoonover; Reporters, James Fox, Susan Sanchez, Babo Matern, Juanita Everitt and Ann Williams.

PREACHERS MAY NOW HAVE SOCIAL SECURITY

Clergymen may now have the protection of old-age and survivor's insurance, according to a statement by H. M. Cleveland, District Manager of the Corpus Christi social security office.

"It is now possible, on an individual elective basis, for ordained, commissioned or licensed ministers and Christian Science practitioners to acquire social security retirement and family insurance protection on the same basis as those who are self-employed," he explained.

There are two steps which a clergyman who wishes to participate in this Federal insurance program must take. First, he must get a social security account card if he does not already have one. Second he must file a waiver certificate, Form 2031, with the District Director of Internal Revenue indicating his desire to be covered by the law. Copies of this form may be obtained from the Internal Revenue Service or from the Social Security Administration.

The waiver must be filed by April 15, 1956, in order to obtain social security credits for 1955 earnings, Cleveland says. For further information on this subject, get in touch with your social security district office at 424 Taylor Street, Corpus Christi, Texas. Informational leaflets and booklets on all phases of the social security law are available.

Mr. and Mrs. Cloyce Hayden left Thursday for Franklin, La. where he is employed.

Mrs. Cody Thomas, of Taft, are visiting in the home of her parents, Mr. and Mrs. John Haynes.

Mr. and Mrs. Leonard LeBlanc and Mr. and Mrs. Roy Woods attended the Parade of Homes in Corpus Christi Sunday afternoon.

Janice Faye Garrett Celebrates Birthday

Janice Faye Garrett celebrated her ninth birthday with a party at home, September 21. Gifts were placed around the birthday tree. The tree held favors for the guests as well as bubble gum and lollipops. Games were played. Jean Miller won first prize for "Pin the Tail on the Donkey". In the balloon blowing race, Judy Deason won first prize.

Birthday cake, punch and sandwiches were served to the honoree and to Judy Deason, Jean Miller, Karen Goodsell, Nan Jackson, Sue Johnson, Sandra Arrington, Sherry Lynn Brundrett, Julia Fox, Jeanie Diederich and Tamara Camehl. Mrs. Bubba Garrett, Mrs. F. C. Diederich and Mrs. A. L. Brundrett assisted Mrs. Charlie Garrett in serving and entertaining the guests.

PIONEER YOUNG PEOPLE HOLD MEETING

The Pioneer Young People of the First Presbyterian Church met Tuesday night for their regular meeting and to elect officers. The officers elected were: Hays Warden, president; Linda Mills, vice-president; Linda Beth Deason, treasurer; David Perkins, secretary; Carla Eller, program chairman; Henry Chermie, sergeant-at-arms. They will hold office until January 1. Mr. and Mrs. C. C. Hayden are sponsors for this organization.

Mrs. John Lawrence Brundrett was called to New Gulf Monday to be with her mother, Mrs. G. S. Cruise who has been seriously ill for two weeks.

Council of Church Women to Meet Friday, Oct. 7

The annual meeting of the Council of Church Women will be held Friday, Oct. 7 at 3 p.m., at the First Presbyterian Church.

At this time written reports of the officers and committee chairmen are to be presented and new officers elected. It will not be a long session, but it will be a very important meeting as representatives of all of the churches are urged to be present.

Mrs. Harry Mills will preside over the meeting.

Rockport Cemetery Association Meets

The Rockport Cemetery Association met in regular session, Monday afternoon at Fellowship Hall of the Methodist Church. Mrs. W. B. Allen presided over the meeting, at which fourteen members were present.

Mrs. Crompton Sowerbutts led the group in the Lord's Prayer. Mrs. Carolyn C. Hooper reported that the grass burrs and tall weeds were being cut. A vote of thanks was extended to W. B. Allen for leveling the sand and spreading shell over the east entrance to the cemetery.

Mr. and Mrs. Harry Mills and Mrs. J. H. Mills left last Tuesday for a two-week's tour of Kansas, Illinois and Indiana.

Gene Smith left Monday for San Marcos where he will be stationed until December when he will return to Camp Rucker, Ala.

CIRCLE NO. THREE MEETS

Presbyterian Circle No. 3 met September 12 at 7:30 p.m. at the home of Mrs. Mary Juergens with Mrs. Juergens and Mrs. Ralph Matern as cohostesses. The president opened the meeting with prayer.

Various items of business were discussed, the completion of our project, clothes for overseas, W.O.C.'s meeting for Sept. 21, library, etc.

The lesson "Faith Triumphant in the Love of God" Romans 3:31-39 was given by Mrs. Mattie Bushart.

Mrs. Matern reported on "Training for Christian Living and Service" in the "Let's Talk About" period.

After the Mizpah the hostesses served refreshments to nine members and one visitor. There were thirteen visitations reported by six members, cards and letters, nine.

The next meeting will be October 10 with Mrs. Lenoir as hostess, and Mr. Arnott Ward, Bible leader.

CONGRATULATIONS

Mr. and Mrs. Glenn Owens, of Kingsville, are the parents of a son born September 23, weighing 7 pounds and 5 ounces. The young man is named Robert James. Mr. and Mrs. Gabe Townsend and Mrs. Millie Edmison are the great-grandparents.

Shower Honors Mrs. Henry Schleider

Mrs. Henry Schleider was honored with an open-house pink and blue shower Tuesday afternoon, Sept. 27 from 2 to 6 at the home of Mrs. Nathan Wright.

The table which was covered with a white cloth was centered with an arrangement of flowers.

Coffee and cookies were served to about fifteen guests.

DON'T LET ARTHRITIC—RHEUMATIC PAIN RUIN YOUR LIFE!

There's no need to suffer—you CAN get relief QUICKLY with AR-PAN-EX. Most pain will subside... YOU, and your loved ones can rejoice like thousands who are now relieved.

Everywhere, victims of sciatica, lumbago and neuralgia are discovering our "wonder tablet" and thanking heaven for the SURE BELIEVE AR-PAN-EX brings. Aching muscles, stiff joints may become limber again.

"I'm sorry I didn't try AR-PAN-EX months ago. Just think of the agonies I could have avoided," writes one.

Yes, indeed! But thousands who read this will NOT act... will DOUBT our HONEST WORDS. We say BELIEVE in AR-PAN-EX and we sincerely tell you—AR-PAN-EX will quickly relieve much pain—or your MONEY BACK!

WHAT TO DO ABOUT MOSQUITO CONTROL

The State Health Department and the U. S. Public Health Service are doing their utmost at this time to control the hordes of mosquitoes that have emerged since the recent rains over the county.

There are a number of things which the individual could and should do to help combat this pest which presents a constant health hazard as well as a nuisance factor.

First, all containers which can hold water should be emptied and if possible fixed so that they cannot hold water.

Second, all pools formed by natural and man-made depressions should be drained if it is at all possible.

Third, all standing water which is impossible to eliminate should be treated with oil or insecticide.

If the pools do not contain much vegetation, kerosene, fuel oil or diesel oil are preferred. These should be applied at the rate of 2 to 4 ounces of oil per 100 square feet of water surface.

Around the exterior of the houses in all shaded areas the oil emulsion insecticides mentioned above can be used as residual sprays.

Mr. and Mrs. Travis Johnson left Saturday morning for Houston to visit their new granddaughter, who was born Saturday, Sept. 25. She weighed 8 pounds and is the daughter of Mr. and Mrs. Phil Wilson.

Texas Shrimp Catch Still Increasing

Receipts of commercially-produced fish and shellfish at Texas ports during July 1955 totaled 19.1 million pounds, compared to 16.5 million pounds landed during the same month of last year. This represents a gain of 16%, compared with the catch reported for the corresponding month of 1954.

Receipts of shrimp (nearly 9.8 million pounds) were 3.5 million pounds (57%) greater than during July 1954, but the menhaden catch which totaled 9.2 million pounds was down 840 thousand pounds.

The Galveston area maintained its position as the major producing area in the state during July with nearly 11.0 million pounds, 84% of which was menhaden. The Laguna area was in second place with 5.5 million pounds.

Plan Retirement In Advance

If you plan to apply for your social security retirement insurance in the near future, you can do yourself a favor by getting in touch with the Social Security Administration a month or so ahead of time, says H. M. Cleveland, manager of the Corpus Christi district.

"When we know of a worker's plans to retire, we can take preliminary action which will result in getting the first check to him sooner," Cleveland explained.

PARENTS URGED TO WATCH FOR EYESTRAIN IN CHILDREN

Austin, Texas. — Emphasizing the urgent need for parental supervision of all phases of child health, Dr. Henry A. Holle, Commissioner of Health, said today, "Much of the impaired eyesight of advanced years could be prevented if sufficient interest in early life were applied and a temporary correction by means of glasses made when required."

Parents should be watchful for conditions in the child such as frowning, squinting, persistent headache, eyeache and watery eyes. If the youngster reads too closely or too far away from the face, that situation may also be significant of trouble.

No child fancies wearing glasses. Nevertheless, it is the obligation of those responsible for the future of young folks to have their eyes examined by a reputable specialist if any doubt arises that normal vision does not exist.

According to the Commissioner of Health, any acute condition of a child's eyes calls for immediate treatment by a person that specializes in diseases of the eyes. Dr. Holle said neglect of the eyes by no means is limited to children. Many older persons, some through vanity, indifference or carelessness fail to give proper attention to the care of their eyes.

The eyes of the young, middle aged and older persons represent perhaps one of the most priceless of bodily possessions, the commissioner asserted. To take care of them promptly and properly is a responsibility that should never be sidestepped.

SEVENTEEN YEARS AGO

This week, instead of our regular column on 10 years ago today, we're going to change matters a little, and talk about seventeen years ago, when, on January 28, The Pilot got out an extra. A copy of this was brought to the Pilot office this week by A. L. Bracht.

Extras are not ordinarily issued by weekly newspapers, but apparently there was sufficient justification for this one. The headlines read "All Night Blackout Ordered" and "Sub Sighted in Gulf Nearby", and these two stories filled nearly the entire one page issue.

"Enemy Subs Sighted 15 Miles Out in Gulf; All Night Blackout Ordered to Prevent Possibility of Shelling Towns. Navy Bombers and Coast Guard Continue to Hunt for Enemy Submarines in the Gulf Off Port Aransas and Naval Air Station.

"One enemy submarine was sighted 15 miles out in the Gulf this morning at 9 o'clock (Wednesday), Lieut. McCauley of the U.S. Naval Air Station at Corpus Christi told the Rockport Pilot over the telephone this afternoon.

"Lieutenant McCauley said that a smoke bomb, used as a danger four miles away, was sighted belief that at least a second submarine was in the area.

"For the safety of the coastal towns—to prevent the possible shelling by submarines—the station here has requested that the towns be blacked out all night tonight, Lieutenant McCauley told The Pilot.

"McCauley said that Rockport, Aransas Pass, Port Aransas, Ingleside and Corpus Christi has been requested to black out.

"The naval officer explained that blackout of these areas would tend to prevent the submarines from using lights to secure triangulation for shelling inland.

"We have planes patrolling the areas and they are loaded with bombs prepared to attack the submarines if located, the naval officer said.

"McCauley said the Coast Guard was also patrolling for the enemy vessels.

"The Navy request for the blackout was for tonight (Wednesday) only, but explained it is possible that the blackout request would be repeated Thursday night.

County Judge B. S. Fox, co-chairman of the Rockport and Aransas County Defense Council, stated that he was notified at noon today of the presence of enemy submarines off the coast. He was informed at the same time of the Naval Air Station's request that this area be blacked out.

Besides this story, and another about the blackout and how it worked, the extra contained such interesting items of information as the fact that Federal auto use stamps had been received at the postoffice, and that the FBI had finally arrested a man with 9 wives and 28 aliases.

WHAT MAKES FISH BITE?

New Brunswick, N. J.—Chumming, competition and agitation are three of the major reasons why fish bite, says Dr. James R. Westman of Rutgers University, who began research on the subject 16 year ago.

Competition means the presence of a large number of fish. Chumming is the giving of a nonhooked handout to the fish. (It makes the fish careless). Agitation is caused by currents, air jets, propeller blades or lure action.

Dr. Westman says the ordinary fisherman should be able to hook an extraordinary amount of fish if these three factors are working. He says he did it many times in experiments in oversized laboratory tanks as well as in farm ponds, lakes and the ocean.

There was also an article on the mobilization of the Texas oil industry to meet war-time emergencies, instructions for enlistees, who were required to secure letters from their local draft boards, an obituary, and the news that two local men had enlisted—Shorty Townsend with the Coast Guard and Bill Gray with the Naval Reserve.

Whooping Cranes Ready To Begin Southward Flight

The world's few surviving whooping cranes are about to make their annual 2,500-mile southern flight—with hunters to be encountered along much of the course.

Fearful that scattered shots will wipe out the almost extinct bird, the National Audubon Society has issued a plea to gunners to spare the all white birds and their brown offspring.

The whooping cranes will be flying this month from the wilds of northern Canada to their winter home—the Aransas National Wildlife Refuge near Austwell.

In the group will be two sets of young twins, another young one, and some 21 adults.

Their route probably will take them over the Dakotas, Nebraska, Kansas and Oklahoma.

Mr. and Mrs. Lloyd Smith visited a few days in Port Lavaca with their daughter and family, Mr. and Mrs. Ray Roden and son.

EXPLORER SCOUTS HOLD 2-DAY ENCAMPMENT

Explorer Scouts of the Karankawa and Copano Districts will hold a two-day encampment at the Forks-of-the-River near Refugio on the weekend of Oct. 1 and 2, it was announced today by J. M. Chrestman, Taft, District Camping and Activities Chairman. The two-day event is being directed by the Explorers and Leaders of Explorer Post 121, sponsored by the VFW Post of Refugio. Leaders of the Post are G. W. Walton, Warren Wallace and L. E. Denny, all of Refugio.

The camp will feature contests involving skills of mapping, compass reading, signalling and first aid. Assisting the Refugio leaders in conducting the camp will be Cliff Mize and Roy McCammon of Sinton, Gill Gray of Rockport, Maurice Ivey of Taft and Port Little of Aransas Pass.

ROCKPORT OES HAS MEMORIAL SERVICE

The annual Memorial service was held by the Order of the Eastern Star at the Masonic Hall.

Mrs. Mary Cooke was in charge of the program, assisted by Mrs. Matt Scott, Mrs. I. E. Allemang, Mrs. Mary K. Moss and Mrs. Alex Scott, worthy matron.

Mr. and Mrs. Bruce Freckwinkle of Riviera were in Rockport Saturday visiting their parents, Mr. and Mrs. Tom Wright and Mr. and Mrs. M. W. Haynes.

Mrs. Stella Wells of Port Arthur visited a week with her sister, and family, Mr. and Mrs. Frank Gerline. On her return home she stopped in Tivoli to visit her sister-in-law, Mrs. Strickland for a few days.

Mrs. Dewey Wilson, of Brownsville, visited in Rockport and Corpus Christi, Wednesday and Thursday of last week. She visited her parents, Mr. and Mrs. Lloyd Smith and her sister and family, Mr. and Mrs. Albert Hunt.

UF Constitution Approved By Board

A constitution and by-laws for the United Fund were recently approved by the Board of Directors. Highlights from these follow:

Membership

Section 1. (a) Each contributor to the United Fund shall hereby become an individual member of this corporation for the year for which his contribution was given and shall be entitled to attend and vote at all membership meetings during that period.

(b) Anyone giving service shall thereby become an individual member of this Corporation for the period such service was given and shall be entitled to attend and vote at all membership meetings during that period.

Section 2. Any agency or organization with a legitimate, educational, health or welfare program, upon acceptance by the Board of Directors, shall become an institutional member of the Corporation and continue so as long as it is approved by the Board of Directors, although it may not receive any financial support from the Corporation during a part or all of that time.

Acceptance of such membership by the agency or organization will involve the obligation to conform to all rules and regulations of the Board and the provisions of this Constitution.

Section 3. The Board may elect honorary members, in recognition of outstanding and unselfish service to the community.

Board of Directors

Section 1. Composition and election. (a) The management and administration of the affairs of this Corporation shall reside in a Board of Directors consisting of not less than nine nor more than fifteen members.

At the first annual meeting of this corporation, the members shall elect not less than nine and not more than fifteen directors. One-third of the directors shall be elected for one year, one-third shall be elected for two years, and one-third shall be elected for three years.

At all annual meetings following the first annual meeting, the terms of the Directors shall be such that the terms of one-third of the directors shall terminate each year and their successors shall be elected for a regular term of three years.

(b) No member of the board shall be eligible to serve for more than two consecutive three year terms after the first annual meeting.

(c) Any member absenting himself or herself from three consecutive meetings shall be automatically dropped from membership on the board of directors.

Committee

Section 1. The Executive Committee shall consist of the officers, the immediate past president and two other persons elected from the board. In the event the immediate past president is no longer a member of the board of directors, his membership on the board shall automatically be extended for one year to permit his participation on the executive committee and in United Fund activities in general. This committee shall have authority to conduct the business of the board in intervals between meetings in accordance with the rules and regulations and subject to approval and ratification by the board.

Section 2. Budget and Admissions Committee. The budget and admission committee shall consist of not less than five members elected by the board of directors. The president of the corporation shall name the chairman of the budget and admissions committee at the beginning of each calendar year and such chairman need not be a members of the board of directors. The budget and admissions committee shall recommend, on behalf of contributors, agency

Pirates Win Over Woodsboro Friday In Hard-fought Game There, 26-12

The AC Pirates struck for three quick touchdowns in the first quarter last Friday night and coasted to a 31-12 victory over the Woodsboro Eagles in a District 31A football game.

The Pirate offensive team displayed an excellent running attack that saw a 65 yard run and a 47 yard run that resulted in touchdowns.

Bradshaw returned the opening kick-off just past midfield. From this point, Eddie Morrison engineered the Pirates down field in a series of 10 plays which was climaxed by a two-yard plunge by Red Thomas for the first score of the night. The Pirate defense held the Eagle offense in check and a few plays later, Morrison, exercising the option play, went around his own right end for 47 yards and the Pirates second touchdown. Bradshaw threw a key block to clear Morrison about the 10-yard line.

Shortly before the first quarter ended, Morrison found Bradshaw open in the left flat and hit him with a pass that resulted in the third TD that covered 30 yards. Again the extra point was missed and the first quarter ended with the Pirates out in front with an 18-0 lead.

Midway in the second quarter, Morrison, again on the option play, swept his own left end for a touchdown. Bradshaw kicked the point after and the Pirates went out in front 25-0. Coach Borchert at this time sent in the second string boys for some needed experience and at half time the score remained the same, 25-0.

The Woodsboro team caught fire in the second half and began to move the ball down field, mixing their running attack with some nicely executed pass plays. After a scoreless third quarter, the Eagles struck pay dirt, with Guy

and service admissions to, and allocations from the United Fund to proposed participating agencies and organizations, and all matters relative thereto.

Section 3. Public Relations and Publicity Committee. This committee shall be appointed annually for the purpose of promoting an educational program throughout the year.

Institution Membership Provisions
All member agencies shall agree to:

Section 1. Cooperate with other agency members of this corporation in eliminating duplication, securing economy and efficiency, and promoting the best interest of social work in the Aransas County area.

Section 2. Accept the budget for the current fiscal year as approved by the board of directors of this corporation.

Section 3. Maintain such books and records as may be necessary to produce desired information on finances and services.

Section 4. Give free access to their books of account and records for examination by authorized representatives of this corporation.

Section 5. Extend or institute no program which, now or eventually, may add to the financial responsibility of this corporation without authority of the board of directors of this corporation. In such instances the board shall secure the advice and recommendations of the community planning committee on proposed program changes.

Section 6. Make no solicitation for current expense funds, within the territory covered by this corporation's campaign, including ticket sales, bazaars, etc., without the consent of the directors of this corporation. This provision is understood to cover those situations where the solicitation is made in the name of an agency financed by this corporation, although the purpose is to raise money for a division of service not financed by this corporation.

Section 7. Make no solicitation for capital funds within the territory covered by this corporation's campaign without prior approval of directors of this corporation and abiding by the decisions of said directors as to time of such solicitation and manner in which it shall be conducted. This provision is understood to cover those situations where the solicitation is made in the name of an agency financed by this corporation although the purpose is to raise money for a division of service not financed by this corporation.

Section 8. Consider this constitution to be in effect in all particulars throughout the entire fiscal year.

Section 9. The board of directors of the United Fund may terminate the membership of any institutional member by two-thirds vote of the members present at any regular or special meeting of the Board provided, however, that said member and each member of the board of directors shall receive at least ten days written notice of such proposed action and the time and place of said meeting.

Meissner, going over from the 1 to give the Eagles their first score. After an exchange of fumbles, Bradshaw broke through the Eagle line and went 65 yards for the Pirates fifth touchdown. Although Bradshaw outran the Eagle secondary, Eugene Satsky threw an insurance block on the last Eagle defender. This brought the score to 31-6 for the Pirates.

Again the Pirate second team took over and after a few plays moving the ball, the Eagles recovered a fumble and decided to play with the ball themselves as they started to pass. From the double-back formation, Meissner found his receivers and moved the ball down to the 15. With some nice ball handling, Meissner found Bobby Henry open just about the goal line. Henry gathered the ball in and fell across the goal line for the TD. The game ended shortly after with the final score being 31-12 in favor of the Pirates.

Jackie Smith played an outstanding game at his tackle position. The entire forward wall of the Pirates played their usual bang up job with some good blocking to shake the ball carriers loose. Cole, Satsky and Pena did some nice ball hawking in picking up some fumbles and an intercepted pass.

Pirates	Statistics	Eagles
6	Penetrations	3
9	First Downs	11
219	Yards Rushing	94
52	Yards Passing	121
4	Passes Attempted	12
3	Passes Completed	7
5	Fumbles Lost	3
2 for 48	Punts	2 for 23
3 for 25	Penalties	2 for 10

OTHER 31A FOOTBALL

Other 31A football results for Friday followed the forecasts fairly closely.

The Lyford Bulldogs upheld their slight favorite backing against the Sundeen Eagles at Sundeen Friday night with an 18-6 victory sparked by quarterback Bill Keller.

Premont beat Benavides at Premont for the first time in 18 years by a score of 7-6.

The favored Hebronville Longhorns added another loss to the Ingleside Mustang's two-game losing streak Friday night with a 46-19 defeat at Ingleside.

The Bishop Badgers stomped the Flour Bluff Hornets, 66-6, before a crowd of 1,500 there Friday night.

Mr. and Mrs. D. L. Kight of Falfurrias and Mrs. Fred Mires of Taft spent the weekend with their mother, Mrs. Manch Brundrett.

Mr. and Mrs. Bubba Garrett have moved to Aransas Pass where Mr. Garrett is employed at the Garrett Marine Station.

Young Matron's Bridge Club Meets With Mrs. Ed Barnard

The Young Matron's Bridge Club met at the home of Mrs. Edward Barnard on Wednesday afternoon. Mrs. Barnard served a Mexican dinner to her guests who were: Mesdames Roy Woods, Roy Rogero, Charles Ankele, Leonard LeBlanc, Arley Shivers, Emory Spencer, John McDavid, Herbert Mills, Delo Caspary, Chester Johnson, Joe Johnson, T. J. Johnson, Weldon Cabaniss, Clark Wren, C. L. Taylor, T. D. Picton, Harold Picton and N. F. Jackson.

Mrs. Ankele won the bingo prize; Mrs. Caspary was second high; Mrs. Taylor was high; and Mrs. N. F. Jackson was low.

Mr. and Mrs. Ted Atwood traveled to Palacios Monday on business.

Pearson Raymond and daughter, Kathleen Ann, spent the weekend in Bay City visiting Mr. Raymond's sister, Mrs. Charles Wright.

Former Rockport Student Marries

Miss Marie Van Heuval, a former student at Rockport High School and Elmer Hicks were married at Kenedy, Texas, on September 12. The young couple will live at Port Isabel. Miss Van Heuval is the daughter of Mrs. Sena Von Heuval of this city.

TRAVIS AND CHARLES SMITH GO TO DES MOINES, WASH.

Travis and Charles Smith, sons of Mr. and Mrs. Somer Smith, left Tuesday noon for Des Moines, Washington. Travis is returning to service after three weeks at home. Charles will spend his vacation at Des Moines.

Charles called his mother Wednesday at noon, and they were at the Floyd Huffman's at Durango, Colo.

Mr. Albert Luke, of Ingleside, and formerly of Rockport, underwent major surgery Thursday in the Spohn Hospital in Corpus Christi.

Billups Grand Opening Set For Friday, Saturday

W. L. Billups, president of the Billups Petroleum Company announced today the opening of the new Billups Service Station in the Rockport area. Construction of the new station was recently completed at a location on Highway 35, 3 miles north of Rockport, at Fulton Oaks.

To celebrate the opening of the new station a "Grand Opening" sale is scheduled for this Friday and Saturday. Many bargains for motorists will be featured during this event.

One of the feature attractions will be the big free prize drawing with over \$250.00 in prizes awarded Saturday night at 8 p.m. Everyone has an equal chance at the prizes as all one has to do to participate is to visit the new station and register. No purchase is required and registration is absolutely free. Also, one does not have to be present to win and the list of winners will be posted on the station window after the drawing.

There will be free balloons for the kiddies during the grand opening.

Billups said that the new station, with its glass front and mirror backed displays, represented the ultimate in modern service station design. These stations have been acclaimed the World's Most Beautiful Service Stations. The spacious driveways and multiple pumps on a large service area will assure motorists of speedy service without congestion.

He hastened to point out that this is not a serve yourself station. Billups stations are manned by an experienced crew of attendants 24 hours a day.

Today Billups is the South's largest independent service station operation with a unique merchandising program which enables the company to feature highest quality products at lowest prices, the firm's president said.

See their advertisement on page 5 of this issue.

COURTHOUSE BIDS—

(Continued from Page 1)

never been available in the old building.

Construction will be started on the jail first, and as soon as it is finished, records and offices from the old courthouse will be moved to it. Then the old building will be razed and the new courts erected. Once these have been finished, offices will be moved to them, and the jail completed.

As soon as the jail is finished, prisoners will be moved to the new quarters and the old jail torn down.

Judge Wendell was unable to give any exact estimate of the time necessary for all these things shrunken was already being moved from about the present buildings.

Architect on the project was Lynn A. Evans, Corpus Christi; designer is O. Roy Abbott, Corpus Christi; consulting engineer is J. W. Hall, Jr., Bryan and the structural engineer is Houston McEihaney, of Corpus Christi.

Pete G. Solis, Jr. Graduates From Training School

Pete G. Solis, Jr., son of Mr. and Mrs. Pete Solis, of Rockport, and a graduate of Aransas County High School, has recently completed his training and graduated from the class in Aircraft Control and Warning Radar Repairman. This course included training in electronics fundamentals and sets, and was given at Keesler Air Force Base, in Mississippi. From there he will be sent to Michigan.

This is Pete's second enlistment. His first one was spent in Germany.

Council Meeting

Mrs. A. C. Shivers attended a meeting of the program planning committee of the Whooping Crane Tri-County Council, Girl Scouts of America at the home of Mrs. Richard Hatch in Aransas Pass, Monday morning. Mrs. Shivers represents the Rockport-Fulton neighborhood.

WATERFRONT—

(Continued from Page 1)

backed whale usually lasts from 5 to 20 minutes. There is great variance in the number of duration of blows. The dive of the sperm whale may last as long as an hour and then makes about 40 blows at the surface over a period of 20 to 30 minutes. The blow of the sperm whale is distinctive in being directed obliquely forward. For the finback whale the dive usually lasts four to 15 minutes following four to eight shallow dives. Body form and size, duration of dive, form of the blow and attitude of the body when diving are all useful characteristics for recognition of the different kinds of whales.

Mrs. Crist's Brother And Family Leave After Extended Visit

Mrs. Bill Crist's brother and wife, Mr. and Mrs. J. T. Mathews, left Tuesday morning for New Orleans, en route to their home in Kirkwood, Mo., after spending an extended vacation here.

Mrs. Crist says that they were in San Francisco and Los Angeles prior to coming here, and that while in Texas they and the Crists visited Dallas, Fort Worth, Austin, Waco, Hillsboro, Houston and Corpus Christi.

Mathews said that of all the states they had seen they liked Texas best, and were planning to come here on their retirement.

B. & P. W. Incorrectly Reported By Paper

Two weeks ago, on September 13, the Business and Professional Women's Club were reported as having met with Mrs. Agnes Currie. One of the club has called it to our attention that this should have been Mrs. Helen Currey of Lamar Grill, and asked that we run this notice to correct the injustice.

D. L. Touchstone was given emergency treatment on a lacerated finger Monday on the Elliot-Hughes Clinic.

Mr. and Mrs. Jim Killian and daughter of Oklahoma City attended the revival at the Church of Christ Friday night.

Dist. 31-A Meeting Set For Mathis, Dec. 7

Eight South Texas high schools have been placed in football District 31A for the next two years.

The schools are Bishop, Flour Bluff, Ingleside, Mathis, Orange Grove, Rockport, Tuloso-Midway and Woodsboro.

Superintendents of the district schools will meet at Mathis at 7:30 p.m., Dec. 7 to organize the district and set up a schedule for district play. R. S. Morgan, superintendent of the Bishop schools, is temporary chairman of the district.

Then there is the man who spent a thousand dollars to cure his halitosis only to discover that nobody liked him anyway.

Those postage-size bathing suits the girls are wearing sure satisfy the males.
