

Along The Waterfront

Bob Ham, of Bob's Bait Stand in Fulton, says that fishing has been very good on Two By Four and Peanut Reefs.

Frazier Cantrell was under the weather the first of the week, and will have to go to the hospital later in the summer.

On the ways at Rockport Boat and Supply were the cruiser Miss Jody of Rockport, and the shrimper Miss Aransas. In the water alongside was the shrimper St. Gerard.

Earle Thomas reports fishing good.

Friday: He had Mr. and Mrs. Johnny Chapman and Mr. and Mrs. Duncan Chapman, of Grandview, who caught 48 trout.

Sunday he had Mr. and Mrs. Roman Baker, San Antonio, who came in with 46 trout.

Pop Gilson, of Mom's Baitstand, was in Hondo on business last Wednesday, and while there dropped over to Yancy to visit friends.

The Rotary on Wednesday varied their usual program a little, and went for a cruise on Aransas Bay aboard R. R. Rice's boat, Rusty. Out of town visitors were T. C. Forrest, Jr., Dallas; D. O. Williams, Eagle Pass; Alfred Newmeyer, Hallettsville; J. Roy McGinty, Calhoun, Georgia.

Mrs. Earle Thomas says that guests of the Walton Courts have made some nice catches this past week. Among the more noteworthy ones were Horace Biggs, and Roy (Continued on Page 8)

Rockport Has Big Fourth, With Over 12,000 People

Rockport had the biggest Fourth of July in years, with more than 12,000 people here for just two events — the drag races at the Aransas County Airport, and picnics at Goose Island State Park — while probably three or four thousand more dropped in over the weekend to enjoy sun, sand and sea.

Three hundred or more racing cars and almost 5000 people converged here on the Fourth for the races in which some of the

Navigation District Commissioners Will Serve 2 to 6 Years

Due to a change in the organization of the Navigation District, commissioners elected at the oncoming election will serve from two to six years.

The resolution setting up these terms reads as follows:

Pursuant to a resolution by the Board of Navigation and Canal Commissioners dated May 28, 1957, said Navigation and Canal Commissioners shall be elected to hold office for terms of two (2), four (4), and six (6) years, respectively. After such Commissioners have been duly elected and after qualifying by taking the oath and bond now required by law, they shall draw by lot, and the Commissioner drawing the number ONE (1) shall serve for two (2) years, the Commissioners drawing the number TWO (2) shall serve for four (4) years, and the Commissioners drawing number THREE (3) shall serve for six (6) years.

Upon the expiration of the respective terms of said Commissioners the successor of each and all of them shall be elected thereafter for a term of six (6) years at the general election held in the District on the first Saturday in July of each odd year hereafter in accordance with the terms of Article 8263e, Section 18-a, and Article 8263e, Section 5, Texas Revised Civil Statutes.

cars attained speeds of better than 128 miles an hour in a quarter of a mile from a standing start.

On the night of the third, about midnight, the long cavalcade started to roll in, as hot rod addicts began to arrive from San Antonio, Houston, Harlingen, Robstown, McAllen, Corpus Christi, Victoria, Laredo, and half a dozen other towns in the state. But no one — and that means no one — anticipated the turnout that kept long lines of cars roaring, one after another, down the Aransas County Air strip.

The Rockport and Fulton Lions Club had barbecued about 1500 pounds of beef and chicken, and they served this at both the Lions Pit in front of the Woman's Club and from concessions stands at the races, and they cooked up a storm in the bean and potato salad departments, content in the knowledge that they had enough to feed everyone that might come to town over the holiday — hot-rodgers and all — but by two o'clock they were practically out of everything, and hungry racing enthusiasts had filled most of the restaurants in the area.

It was an orderly crowd, made more so by the help of three Corpus Christi policemen, F. F. Graham, R. C. Kinistly and R. B. Cook, who, on their day off, came along with the Corpus Christi Timing Association, who sponsored the race. These men, and timing association Don Atkinson, cooperated fully with Sheriff A. C. Shivers and his deputies, with the result that for a crowd of this size it was one of the best-behaved this reporter has seen in a long time.

Sheriff Shivers and the men who helped him are to be congratulated on their handling of the crowd which had arrived here for two purposes — to see the care run, or to compete.

The Aransas County Emergency Corps had a stand-by crew on duty all day, with little to do but watch the races.

After it was all over, and time came to tidy up, the Lions Clubs turned to with a will, and cleaned the grounds in fine shape.

HARRY CARTER WRITES FROM MONTREAL ON VACATION

Harry Carter, still on vacation, drops us a post card from Montreal, Quebec, saying:

"Of course you know this little city. My goodness! It's population is now approaching 1 1/2 million. To me it has always been a vacation city. The French influence, the attractive mountain, the summer sports, with tennis courts in the city and cricket at McGill and West Mount. The winter sports are skating, skiing, and there is always a steady influx of tourists.

Lost River has found itself and is dashing over the spillway in fine style. The weather is fine, sunny, and warm at last."

It's always nice to hear from Harry, and his letters from England several years ago will be remembered by many for their interest.

LIEUTENANT BURLESON FIRST OFFICER TO BE ASSIGNED TO ROCKPORT

Lieutenant D. R. Burleson is the first officer in the 813th Aircraft and Warning Squadron to be assigned to the Rockport base. He says that final acceptance of the facility is scheduled for next week, and that after that some men and a lot of supplies will be in to flow in.

ISHAM McELVEEN OPENS STATION

Isham McElveen, former Rockport Pilot employee recently returned from two years overseas in Korea, has opened Mac's Texaco Service on Highway 35 and Live Oak Street at the blinker light.

Before going to Korea, Mac worked for over a year at the Pilot.

He opened the station on July 4th.

REV. DAVID SEBESKA SPEAKS AGAIN FROM PRESBYTERIAN PULPIT

The Reverend David Sebeska, of the Westminster Presbyterian Church in Corpus Christi, who has been supplying the local pulpit while the Rev. A. Arnott Ward and family are on vacation, will speak again this coming Sunday.

Second Session Opens At School Of Fine Arts

The second session of the Rockport School of Fine Arts opened Monday, with Miss Ruth Ashberry of Victoria as sponsor, and sixteen students from as far away as Rock Springs in attendance.

This session will be devoted entirely to figure and portrait painting, under direction of Simon G. Michael, and during the time that they are here, each student will average two canvasses a day, to be finished later, and to be exhibited in the school's fall art exhibit, which will be held on the live-oak studded grounds around the studio.

Students here for this session are: Miss Ashberry, Victoria; LeRoy Frazier, Marca Spencer, Barbara Williamson, Claudia Nelson, Susan Bowers, Nancy Banov, Mrs. A. C. Wheeler, Mrs. Camp Ezell, and Nancy Everett, all of Beeville; Mrs. L. O. McNealy, Rock Springs; Mrs. W. S. Higgins and Mrs. Richard Henderson, also of Victoria; Kit Dinger, Los Altos, California; Mrs. C. C. Triplett, George West; and Mrs. Fred Mielsch, of Bay City.

GETTY HAS GAS STRIKE IN ARANSAS

Slick Oil Corp. of Houston No. 1 K. E. Werland, Aransas County wildcat nine miles northeast of Gregory, was running final electric log at 9,831 feet. It is in Section 52, Sixth Addition to Taft Farm Lands.

Getty Oil Co. (Tidewater Oil Co.) No. 1 State Tract 124, Aransas County wildcat 3 1/2 miles northeast of Rockport in Aransas Bay, was preparing to complete as gas-distillate discovery on perforations from 9,360-65 feet. The deep Frio zone earlier flowed gas-distillate through the perforations.

Operator tested perforations from 7,495 to 7,500 feet for 10 hours through 1/4-inch chokes under 4,000-foot water cushion. Working pressure was five pounds and recovery was 1,275 feet of water cushion, 60 feet of rathole mud, and 3,850 feet of salt water. Bottomhole flowing pressure was 2,250 pounds and shut-in pressure 3,275 pounds. Section was squeezed.

The project is bottomed at 10,500 feet and has 5 1/2-inch casing at 10,040 feet. Location is on a 320-acre lease.

Tennessee Gas Transmission Co. No. 6 Bennett C. Ocker, wildcat eight miles southwest of Austwell, was reaming and drilling below 7,507 feet on a 9,600-foot permit. It will core at 7,585 feet. Project has cored at 7,227-45, 7,360-93 and 7,467-7,507 feet. On a 15-minute drillstem test at 7,301-05 feet, with 1/4-inch chokes, a 1,500-foot water cushion and two pounds maximum working pressure, it recovered water cushion cut with an estimated two percent oil, and 1,000 feet of salt water. Bottomhole flowing pressure was 1,500-1,375 pounds and shut-in pressure was 2,585 pounds.

First drillstem test was at 7,241-45 feet, where the project recovered 200 feet of salt water with a seum of oil. Located on a 376.96-acre Sam E. Wilson, Jr., farm-out, it is in Lucas Subdivision, Maria Jesusa Ximenes Survey, A-224.

Barbecue At Old Tasselfoot Village

A barbecue attended by about 185 people Saturday night marked the formal opening of Old Tasselfoot Village on Lamar Peninsula. After the barbecue was over, guests of the developers took advantage of a piano that was trucked over to the festivities and had a big sing song.

M. W. Cochran says that the community water system is almost completed, and that a dozen or so lots have been sold, with two houses slated for construction within the next two or three weeks.

CITY WATER SYSTEM PUMPING 400,000 GALLONS DAILY

Water consumption in Rockport has jumped up to 400,000 gallons daily, according to Tom Shults, Water Superintendent.

During the month of May, 1957, 5,643,600 gallons were used as compared to 6,745,000 gallons in June. At the present rate the consumption for July should run over 12,000,000 gallons.

In 1956 the consumption for May was 6,608,200; June was 9,563,600 and July was 12,888,200 gallons. Rain during May and June cut into that water usage this year, however, new connections this year should boost the figures for 1957 considerably.

Rockport water system has 4 wells that are 78 feet deep; 3 that are 200 feet; 2 are 135 feet and 3 wells are producing from three sands at 78 feet, 135 feet and 200 feet. Total capacity of the 12 wells is 625 gallons per minute with 2 of the best wells producing 300 gallons per minute.

NAVIGATION BOARD ORGANIZES THURSDAY

At a special meeting of the Board of Navigation and Canal Commissioners of Aransas County Navigation District No. 1, held July 11, the commissioners elected on July 6, 1957 officially organized as follows:

Thomas D. Picton, chairman. Ted Atwood, vice chairman. Raymond Owens, secretary.

YACHT RACES BIG SUCCESS

The Annual Yacht Races between Corpus Christi and Rockport were a big success, according to all reports. Sponsored by Travis Bailey and his sons, through the Corpus Christi Yacht Club, they drew even more boats this year than usual.

A forest of white sails added a salt-water touch to the holiday and signaled the start of a fortnight of racing for local yachtsmen.

Races were scheduled for Saturday and Sunday at Rockport with many classes competing.

There were penguins, snipes, highlanders, plus the light and heavy displacement classes, competing, with special races for fin keels, lightnings, thistles and others.

For many of the boats and crews, this weekend of racing was a dress rehearsal for the 17th annual Galveston-Corpus Christi off-shore race, which will take place next weekend.

A highlight of the Rockport weekend was a party Saturday evening. Mr. and Mrs. Ellsworth Handy were hosts at their Rockport summer home for members of the Corpus Christi Yacht Club and visiting yachtsmen. The cocktail party was followed by a barbecue dinner.

Among the out-of-town sailing families here for the weekend were the J. L. Bludworths of Houston. The Bludworths have lost count of the number of times they've entered the Rockport race, not to mention others sponsored by the Corpus Christi Yacht Club.

The 1953 winner of the Rockport race was back to compete this weekend. Mr. and Mrs. J. W. Longham of Bandera were here with their daughters, Lula, 14, Jan, 16, and Cathy, 2 1/2 years old. Both Lula and Jan crewed on the family boat, a catamaran. The boat was also the winner of the 1956 Corpus Christi-Port Aransas race.

The other San Antonio sailing family here for the races was the Richard Schroeders. Mr. and Mrs. Schroeder sailed their 505 class boat to Rockport and stayed for the racing weekend.

The Whispering Wind, skippered by Norman Holmes, captured a special 15.7 miles course race Sunday to wind up the Regatta.

Placing second in the heavy displacement feature was the Windalier, piloted by Eddie Singer, while Risque Lady and Bill Cox, Jr., finished third.

A correction reported in Thursday's big race found Risque Lady winning instead of The Windalier.

The Windalier came home first in the event but later Singer disqualified himself for running the engine for a few seconds early in the race.

The change in the 28 6-10 nautical mile race put Whispering Wind in the runnerup position.

O. C. (Buck) Bailey, Tommy Duce and Walter Bowden dominated their classes in the small boat races yesterday. Bailey captured each of three races in the Highlander class. Duce repeated the maneuver in the Penguin, as did Bowden in the Five-o-Five.

Richard Jennings was runnerup in the Highlander and Ted Duce third while Neil Walsdorf, Jr., was second in the Penguin and Leonard Adelman third. Ralph Dorchester was next to Bowden, with Richard Schroeder third.

Other results: Light Displacement - 1. Jay Bludworth 2. Bill Whittet 3. Jack Lancaster, Jr., Snipe - 1. Myron Appel 2. Willie Rotzler 3. Neil Walsdorf.

Local GOC TO BE REACTIVATED

T/Sgt. L. N. Woolley, Sector Sergeant of the Rockport area announced today that improvements and extensions in the early warning radar will make it possible to reduce Ground Observer Corps participation from a 24-hour operational status to a Ready Reserve in the interior of the United States.

T/Sgt. L. N. Woolley emphasized that this reduction does not apply to posts at Rockport and Aransas Pass, or the Corpus Christi Filter Center. Corpus Christi and other filter centers and posts along the east and west coasts, along the northern border and part of the southern border are still needed in 24-hour operation for effective early warning in land air defense.

T/Sgt. L. N. Woolley said that reduction to Ready Reserve in the interior of the United States was possible because of progress in the Mid-Canada radar line and the Distant Early Warning (DEW) Line. These radars give sufficient warning so that Ready Reserve post observers and filter center volunteers can be called up.

The local GOC post will be reactivated in the near future. Plans are underway to recruit members at a post situated in amore convenient location.

Radar Inspection To Be July 17th

Final Acceptance of Finished Buildings To Be Made Then If Nothing Goes Wrong; Ten-Man Cadre Will Arrive To Receive Material

According to Major D. L. Graff, of the 747th AC & W Squadron, at Ellington Field, final inspection of the facilities for the 813th AC & W Squadron at Aransas County Airport is slated for Thursday and Friday of this week, and if nothing goes wrong, final acceptance will be made around July 17th. Immediately afterwards a ten-man cadre of men will move in to superintend delivery of material. These ten men will supplement Top Sergeant M. J. Campbell, who, with his family, has been here for the past two weeks, and Sergeant G. B. Stockton, who has also been on the ground for some time.

Two Incumbents Re-Elected To Navigation Board

Two incumbents were returned to office and one new member was elected to the board of directors of the Aransas County Navigation District Saturday.

Reelected as directors were Raymond Owens and T. D. Picton. Owens polled 217 votes and Picton 195.

The third director's post went to Ted Atwood, who received 191 votes in the county-wide election.

Atwood will replace Norvell Jackson who ran fourth in the six-man race.

Jackson, seeking his third term, polled 132 votes. W. S. Coaker received 116 votes and M. W. Cochran 89.

Owens, Picton and Atwood will draw for two, four and six year terms on the board.

Rural Aransas County To Get Better Service Due To REA Loan

Word has been received from Congressman John Young the REA has approved a \$700,000 loan to San Patricio Electric Cooperative, for extension of its lines for 192 miles, to serve customers in San Patricio, Live Oak, Bee, Jim Wells, McMullen, Aransas and Nueces Counties.

According to Manager W. O. Burch, of Sinton, the Cooperative anticipates getting its expansion program underway this fall, and to complete it in about two years.

In addition to the 192 miles of new lines, a number of changes and improvements in the existing system are planned. These will, he said, offer better service through heavier lines, better transformers, etc.

The San Patricio REA was formed in 1939, and since its inception has grown until it is serving 3,700 customers in the seven-county area. The heaviest concentration of these is in San Patricio, Live Oak and Bee counties, and the San Patricio organization ranks 24th in total line mileage and 40th in membership among 77 electrical cooperatives in the state.

Grant Crolley, of Taft, is chairman of the board and Charles B. Owens is secretary.

Crash Near Rockport Hurts Four People

Four persons were injured when a car pulling out of a cafe parking area about three miles north of here collided with another car about 5:30 p. m. Tuesday.

They are Mrs. Tom Briggs, 74, of Kemp, Mrs. T. L. Massey of Pasadena, Texas, and Mr. and Mrs. C. W. Perkins, Jr., of Dallas. All were reported in "fair to good condition" at Aransas Hospital in Aransas Pass Tuesday night.

Perkins was pulling out of the parking lot when his car and one driven by Arthur D. Villane, 54, of Aransas Pass collided. Perkins' car overturned after the impact, Deputy Sheriff Sherman Mundine said.

Perkins' back was injured, his wife had multiple lacerations. Mrs. Massey had a fractured arm and collarbone and Mrs. Briggs received multiple bruises and lacerations, a hospital spokesman said.

Tommy Perkins, 9, of Kemp, brother of C. W., and Villane were not injured.

MODERN ABSTRACT TO CONDUCT RENTAL SERVICE FOR AIRMEN

The Modern Abstract Service was reported last week as conducting a rent-free rental listing service to aid airmen assigned to Rockport's radar center in finding homes.

What we meant to say was that the service was free, and that anyone having property that they would like to rent to these airmen can list it by calling 244.

The Abstract Service is doing this as a community service, to aid the airmen in getting settled.

New Rockport Telephone Numbers Will Go Into Service On August Fourth According To Company Manager Bell

Local residents can start playing the numbers on August 4 without fear of the authorities, but they may have trouble picking the right one.

Southwestern Bell Telephone Company subscribers — 1,300 of them — will awaken August 4 to find their new seven-pull telephone numbers in operation. It will be "Change Day" for all Rockport telephone numbers.

Preparation for the switchover have been under way for several months, according to Stan Bell, district manager for Southwestern Bell Telephone Company. Now, he said, almost all is in readiness for the change which has been set for 1:01 a. m., Sunday, August 4.

The change will introduce the new central office prefix "Southfield 4" to Rockport users. For example, the number 6299 will change to "Southfield 4-6299."

Bell said about 800 Rockport subscribers will get all-new numbers. This is necessary, he said because of needed equipment changes in the central office.

For some 500 people, however, there will be no change in the present numerals of their telephone number, except for the addition of the central office name "Southfield 4."

Under the new arrangement, Bell said, it will take seven pulls of the telephone dial to get the number wanted.

The customer dials the central office prefix of two letters and one numeral, followed by the four numerals of the telephone number. "For example," Bell said, "to call the number Southfield 4-6299 you'll dial S-O-4-6-2-9-9."

The telephone numbers are not being changed "just to be changing them," the district manager declared. It is necessary for two reasons: (1) To pave the way for the connection of Rockport to the nationwide long distance dialing network for both incoming and outgoing calls, and (2) to permit further expansion of the telephone system here with numbers that are easier to remember.

The new "2-5" numbering plan — for two letters, five numerals — has been standardized throughout the Bell System, the district manager said. The goal is for all dial cities to switch over to the 2-5 plan in the next few years. Many cities have already made the change.

Chester Barre Elected Assistant High School Principal

The board of education of the Aransas County school district Tuesday night elected Chester Barre, business teacher, assistant principal of the high school. Barre has been on the faculty for the past four years.

There are still five vacancies in the faculty of the school system, one in the Fulton Elementary School and four in the Rockport Elementary School.

The board voted to install an air conditioner in the tax assessor-collector's office which has recently been moved to the new eight-room addition to the Rockport School.

Little League

By Coach Melvin Borchert

In Tuesday night's first game the Presbyterian little boys baseball team took undisputed possession of third place by defeating the Catholic team 6 to 4 in a well played game by both teams which

was called at the end of 5 innings because time had run out. Dennis McCabe only gave up 2 hits to take credit as the winning pitcher for the Presbyterian boys. E. Solis only gave up 6 hits but became the night's losing pitcher.

ED BARNARD'S SISTER PASSES AWAY IN HOUSTON

Mrs. Wayne Gore of Houston, sister of Ed Barnard, passed away in that city last Saturday, of a heart ailment. Ed and Mrs. Barnard attended the funeral.

ATTEND MEETING

Mrs. Somerville Ballou, Mrs. W. S. Coaker, Mrs. Tom Shults, Mrs. Milton Mundine, Miss Ruth Lipscomb, Miss Ann Williams and Miss Karen Casterline attended the Federation of Business Women's Circles of the Blanco Association in Sinton Monday night.

Mr. and Mrs. Peter Legnon and Miss Linda Fanning of Houma, La.; Mr. and Mrs. James A. Jones and Randy, of Corpus Christi, and Miss Danalon Jones of Crowley, La. visited Tuesday afternoon with Mr. and Mrs. C. C. Mayden.

Mrs. Lonnie Harper and daughter, of Bloomington, are visiting at the home of her parents, Mr. and Mrs. Ralph Demery.

WATERFRONT

(Continued from page 1)

O. Hulsey and Mr. and Mrs. Bob Shotts, Fort Worth, 188 trout.

Frazier Cantrell says that he fished the following:
Wednesday: Mr. and Mrs. W. J. Thornton and George McGrath, Tyler, 84 trout.

Friday: Mr. and Mrs. A. P. Robshaw and children Paul, Howard, Sandra, of Houston, 204 trout and in at 9:30 a. m.

Sunday: Arthur Lambert and C. K. Pace, San Antonio, 100 good trout.

Mr. and Mrs. Payne are operating Lee's Bait Stand.

Fred Christilles had a nice report.
Thursday: Mr. and Mrs. Fred DeBell and children of Houston. Only the children fished and they caught 75 trout.

Friday and Saturday: Mr. and Mrs. Wesley Nelium, Houston, and their guests from New Orleans, caught 144 the first day and 128 the second.

Sunday: Dr. Ferrer of Corpus Christi went to the Gulf but fishing conditions were very poor

H. Carter, San Antonio, 104 trout.
Tuesday: Bob Shotts and son Philip and Dr. and Mrs. W. O. Hulsey, Fort Worth, 156 trout.
Wednesday: Dr. and Mrs. W. and his catch negligible.

Monday: Mr. and Mrs. Williams, Laredo, caught 70.
Tuesday: Charles T., Charles G., Frank and Tony Roffino, and Luke and Vince Campesi, of Hearne, caught 160 fish.

Wednesday: Victor Orr and Mr. and Mrs. E. J. Buratovich, of San Antonio, caught 126.

Jack Smith's big boat sank Monday in 6 1/2 fathoms in the Gulf. Cookie Cox was the captain. There was no loss of life, but the boat is a total loss.

Curly Floyd says that people using his pier and boats have been making some nice catches, but that he has been so busy that he hasn't had time to keep up

with the individual strings.
The Houston Power Squadron, on an extended cruise in these waters, had a shipwreck party at Captain Jim's Driftwood Inn on Wednesday night.

Turn a Task-Force truck loose on a tough haul and you've got it made. You've got a truck that'll stay and save on any job!

From that big six-wheeler, above, right down the line, Chevrolet trucks offer the most advanced hour- and dollar-saving features you'll find anywhere. Chevy pickups, for example, offer high-capacity bodies up to 108 inches long with no wheelhousing bulges in the payload area. They bring you, the latest in cab comfort, too, with many de luxe features at no extra cost.

Then look at Chevrolet's advanced truck V8's. These modern, lean-muscle engines are standard equipment in heavyweights and most middleweights. Here are super-efficient V8's with the shortest piston stroke under any truck hood. Right off, that means less wear, less money going out for upkeep. If you specify a 6-cylinder Task-Force engine, you're sure of the thriftiest brand of truck power money can buy.

Your Chevrolet dealer's the man with the details. See 'him and start a Task-Force hauler saving on your job right away.

MISS JARBOE ATTENDS WEDDING IN HOUSTON

Miss Marjorie Jarboe was one of the bridesmaids at the Houston wedding of Miss Mary Virginia Pittman, Houston, and Ensign David Eugene Hartman, of Glen Rock, New Jersey, last Saturday. Lieutenant George Jarboe was

one of the groomsmen. Both bride and groom attended Rice Institute, as did Miss Jarboe and her brother.

Mr. and Mrs. W. S. Schiefelbein were guests of the Birch Addingtons over the holidays.

TEXAS IN REVIEW

Independent Day celebrations step into the spotlight on "Texas in Review," Humble Oil and Refining Company's weekly television program, during the week of July 15. Highlight will be presentation of a medal to a distinguished Texan for outstanding service to the nation.

A special ceremony at Eldorado honors Maj. Gen. Alvin R. Luedicke, a native son, who receives the Legion of Merit medal during the program. At Seguin, fireworks, a parade, and selection of "Miss South Texas" make July 4, 1957 a memorable occasion.

The festive mood continues as the Humble camera moves to Jacksboro to record the colorful centennial celebration of Jack County. History and present day life in the county will also be featured.

At Mineral Wells, TV viewers will tour the "Crimemobile," currently traveling the state, with its 1,000,000th visitor. Another feature will show the organization and function of the State Bar of Texas, which has headquarters in Austin.

On Tuesday (July 16) "Texas in Review" can be seen over KRIS-TV, Corpus Christi, 7:00 p. m.

Mrs. Esta Mae Branch Passes Away

Mrs. Esta Mae Branch, 57, died at 10:30 p. m. Saturday at her home. She had lived here six years and was a member of the First Baptist Church.

Survivors are her husband, Loyd; two brothers, J. C. McDonough of Mount Vernon, Texas, and Morris McDonough of Lone Star, Texas, and one sister, Mrs. Harris Stephens of Yuma, Ariz.

The body was sent Monday to Mount Vernon for funeral services at 4 p. m. Tuesday at the First Baptist Church there. Burial was in Mount Vernon Cemetery.

Cage-Marshall Funeral Home of Rockport was in charge of local arrangements.

Mrs. J. H. Ray and son John made a trip to Franklin, La. to see about Mr. and Mrs. W. C. Brown, after not being able to hear from them since the storm. Jerry Stribling who accompanied them stayed with his aunt.

Mr. and Mrs. Francis Owens and son Jerry of Huntsville, Texas visited with Mr. and Mrs. Jack Sparks Monday and Tuesday.

Mrs. Arthur Edmonson is home after a two weeks vacation in West Texas.

Congressman Young Reports from Washington On Texas Weather

With harvest time at hand in South Texas, and the recent unsettled climatic conditions now prevailing in all parts of the South West, all our thoughts are turning to the weather, and what the immediate future holds in the way of favorable climate for "the harvesting of crops."

With this in mind, I have discussed future weather conditions for our area with a top Weather Bureau Scientist here in Washington.

I have been informed that a "giant air dip in the sky," operating like a roller coaster is responsible for the unpredictable weather we have been having in Texas during the past months. Seven long years of drought have been dramatically broken by floods, tornadoes, hurricanes, and other major disturbances. The Weather Bureau reports that an abnormally deep trough in the "Planetary wave train" of air that meanders horizontally high above the earth is the cause of these disturbances. The Weather scientist states that, in his opinion, the pattern of drought will not return strongly for many months.

Weather Bureau authorities state that there are about a half a dozen troughs or dips around the entire northern hemisphere, and the trough that has affected the weather in Texas is a very deep-dipping one.

The heavy rains which have deluged Texas in recent weeks came to the drought areas through natural changes in the atmosphere as a result of shifts in the major large scale wind currents over the entire North American continent. As these air mass fronts from the Pacific approach the trough mentioned above, strong cyclonic disturbances are formed. Moist air masses from the Gulf of Mexico entering these low pressure areas are forced to ascend to higher levels, thereby cooling and releasing enormous amounts of rain, causing storms and floods.

The pattern of upper air flow recently prevailing is radically different from previous early summer drought producing circulations. If droughts occur any time within the near future it would require great readjustments in the upper atmosphere, not only over the United States but over the Atlantic and Pacific as well. Such major readjustments in the entire atmosphere over a few months, while possible, are improbable, according to recent studies.

Having escaped the recent hurricane, conditions now seem bright for favorable harvest season in South Texas.

MYF Serves Dinner Sunday

The members of the Methodist Youth Fellowship held a dinner at fellowship hall Sunday from 6:30 to 7:30 p. m., preceding the regular worship service at the church.

Miss Loretta Wilson presented the devotional, followed by the topic for discussion, "New Beliefs and Old Traditions."

The Worship center featured an open Bible in front of a cross. A recreation period was a part of the program.

Assisting the group were the sponsors, Mr. and Mrs. Louis Tuer, Mrs. LeRoy Young and the Rev. Asa F. Avant.

IT'S THE LAW in Texas A public service feature of the State Bar of Texas

No Will? Who Inherits Property?

What will happen if you should die without executing a legal and proper will? Who will inherit your property? Your husband, wife, mother, father, children, your wife's relatives? The best way you can say who will have it is to provide a will which will protect your rightful beneficiaries and dispose of your property in accordance with your wishes.

When a deceased has no will, or dies "intestate" as the law calls it, the property of that person is distributed according to a detailed formula fixed by law. In some cases this may be the way you yourself would divide it — but in many cases it is not.

The provisions of the law concerning the distribution of the property of a person who dies without a will are rather complicated, and all of the possibilities cannot be covered by a general statement.

There are different rules for real estate and for personal property, for community property and for separate property, for home-estate property, and for all of the many possible combinations of surviving relatives. Each situation must be carefully studied to determine the correct distribution of the property.

For example, here is a general idea of how the community property which you and your spouse have accumulated will be divided if you do not make a will prior to your death.

If your husband or wife survives and there are no children, the surviving spouse receives all of the property.

If, in addition, there are surviving children or descendants of deceased children, they would divide one-half of the property, while the surviving spouse would receive the other one-half.

Of course, grandchildren do not share in the estate unless their parent who would inherit is deceased. And when descendants of previously deceased children do inherit, they receive only the portion that the child would have received, regardless of the number of such descendants.

An odd note, perhaps, is that the surviving spouse already owns one-half of the community estate prior to your death, and the law adds nothing to this share where there are children surviving.

When there are only children and their descendants surviving, they divide the entire community estate between them.

(This column, prepared by the State Bar of Texas, is written to inform — not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

ERMA SOLIS AT LIONS CAMP IN KERRVILLE

Kerrville — Erma Edolina Solis, 11, of Rockport will climax her stay here at the unique Texas Lions Camp for Crippled Children Friday night by participating in the awards night ceremonies.

At the camp's finale, each youngster receives a neckerchief stencilled with symbols of the activities he has enjoyed.

During the two weeks here, each camper has the opportunity to swim, camp out overnight and take part in all sorts of sports and craft activities while making friends with youngsters from all over Texas.

The camp operates six two-week summer sessions and is free to any handicapped child in the state from 7 through 16. Fifteen permanent buildings — including a new air-conditioned infirmary and a duplex for staff members — dot 504 hillside acres.

DEPENDABLE

is the word for Humble Service

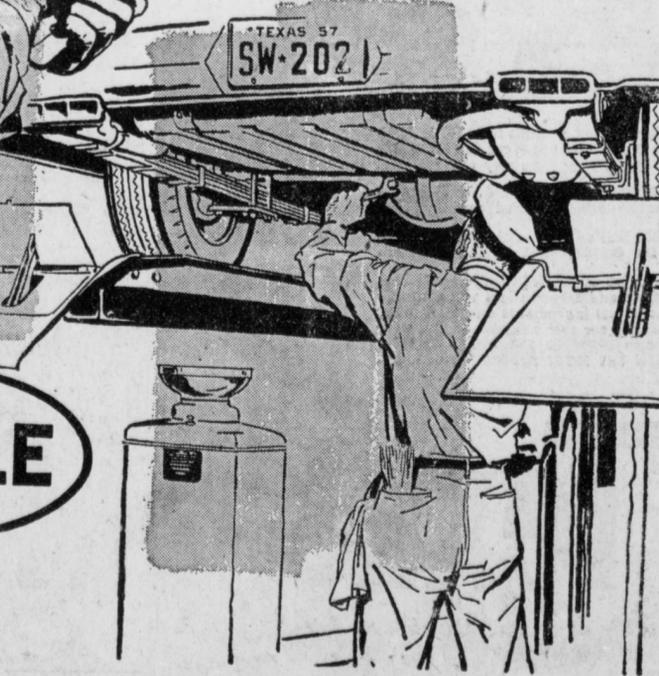

That's the word Texans use to describe Humble service.

You can depend on it that your neighbor in a Humble uniform knows his business. You can depend on him to give your car the care it needs to keep it running right and looking good. You can depend on him to keep his rest rooms clean and sanitary. You can depend on finding his salesmen prompt, well trained and courteous.

Cost of living went thataway...

Price of electricity went thisaway

In the last 25 years, the price of just about everything you buy has gone up. Yet the price of electricity has gone down!

In fact, if yours is a typical South Texas home, you're getting twice as much electricity for your dollar today as you did 25 years ago. Your bill may be

higher, but that's because you put electricity to so many more uses. Electric service is one of the biggest bargains in your family budget... it does so much... yet costs so little.

Rockport Duplicate Bridge Club

The Rockport Duplicate Bridge Club will resume tonight after having had no meeting July 4th. On Thursday, July 18th will be a big night for the Bridge Club. This will be the first Master Point award night, and players from Corpus Christi, Beeville, Sinton, Kingsville and Aransas Pass have promised to come over. Mrs. Frances Anderson, director of the Corpus Unit will direct the game. Free refreshments will be served. So, remember, Thursday, July 18th, at 7:30 p. m. at the Womens Club is the time and place and mark it down on your calendars.

Mrs. S. F. Jackson is still progressing nicely, with the bones in her foot healing slowly.

Ralph Matern's father is still confined to his bed in Marble Falls.

Mrs. J. F. Cloberdants is still recuperating from severe burns she suffered recently.

Mary Faye Clark who attends the Texas University for Women in Denton is expected home Friday and will return Monday for her 2nd term.

To All "Cedar Bayou Fund" Donors

The Rockport Sportsman's Conservation Association, custodian of this fund, wishes to inform all donors of action taken at the regular meeting, Tuesday, July 9th.

Cedar Bayou WAS opened, with funds furnished by donors, and with considerable assistance furnished by others, but closed again after a short time to the extent that reopening the bayou with the funds on hand is, in our opinion, not to be considered.

Considering that the permanent opening of Cedar Bayou by a carefully studied plan of dredging is now on the tentative agenda of the Texas Game and Fish Commission, the Sportsman's Association feels that constructive work can be accomplished by using the balance of the fund on hand to keep the commission well informed of the urgent need of this region for implementation of this project.

In short, the association proposes that the balance of the Cedar Bayou fund be used to pay the expenses of representatives from Rockport to attend each meeting of the Texas Game and Fish Commission at Austin, until such time as the Cedar Bayou project is actually started; such funds will also be used in any other way that, in the opinion of the association's directors, will assist in the opening of Cedar Bayou.

Any donor who is not in accord with this plan may obtain a partial (pro-rata) refund of his donation by applying for same in writing to the Rockport Sportsman's Association within ten days of this notice.

Miss Sallie Hernandez Becomes Bride of Gilbert Falcon

Miss Sallie Hernandez, daughter of Mr. and Mrs. N. Hernandez, of Aransas Pass, became the bride of Gilbert Falcon, son of Mrs. Elvira Falcon of Rockport, Monday night at 7:00 p. m. at the Catholic Church in Aransas Pass, with Father O'Doherty officiating.

A reception was held at the home of Mr. and Mrs. I. Hernandez after the wedding.

The young couple will make their home in Rockport.

Mr. and Mrs. Frank Davis took Mr. and Mrs. Billie F. Davis and wife to Bastrop, their home, this past weekend, and returned by way of San Antonio, where they visited Brackenridge Park, returning Sunday morning.

Mrs. Jordan Weber, who has been in Spohn Hospital for the past week, returned home on Tuesday, July 9.

The fire alarm Wednesday afternoon was for a brush fire back towards Hill's Village.

Mr. and Mrs. Buddy Noteman and children were in Corpus Christi on Monday.

Mr. and Mrs. Johnnie Everett and sons have been visiting in the home of Mr. and Mrs. Joe Everett.

The winner of the door prize at the Miniature Golf Course was Tommy Shults, who hit the jackpot of \$9.96.

AUGUST 4 IS "C-DAY"

(Change Day)

ROCKPORT TELEPHONE NUMBERS CHANGE SUNDAY, AUG. 4, AT 1:01 A.M.

At that time, the Metropolitan Telephone Numbering Plan will be placed in operation here and all telephone numbers will have two letters and five numerals. A new central office name will be introduced here. It is "SOuthfield 4." You'll get a new directory with all the new numbers before the change.

Just as easy — only different
Beginning August 4, dial two letters and five numerals of the new telephone numbers. For example, to call Southfield 4-6299, you'll dial S-O-4-6-2-9-9.

When you give a telephone number to the operator, or repeat it to a friend, the easy way to say it is to break it up like this:
"Southfield four . . . six-two . . . nine-nine."

This is the best way to say it — to understand it — to remember it.

The change permits telephone progress

The new plan provides more numbers for telephone expansion. It also will pave the way for the connection of Rockport to the nation-wide long distance dialing network. This important step will enable long distance operators to dial direct to any telephone in Rockport.

Harry Carter On Vacation To Visit Jamestown

Mr. Harry Carter, lay minister of St. Peter's Episcopal Church, left recently on his vacation by plane via Washington, with the first stop on his agenda the great exposition at Jamestown, Virginia. This exposition commemorates the 350th Anniversary of the first permanent English settlement in the New World, and also of the establishment of the Anglican communion in America.

More than 4000 visitors a day are "stepping through the looking glass of history" at the Jamestown festival, seeing by the magic of careful reconstructions how the first successful English colonists sailed to the new world, built their first "cittie" and began their first industries.

The festival, which opened April 1 and continue through Nov. 30, commemorates the three hundred and fiftieth anniversary of the Jamestown colony of 1607, the beginning of religion in the 13 original colonies, and the establishment of free enterprise and free representative government in the U. S.

More than 250,000 visitors have toured Jamestown Festival park and shuttled by bus or motored to nearby Jamestown island, site of

the original settlement since the opening.

Full-scale replicas of the three ships that brought the original settlers and the reproductions of James Fort of 1607 — the colonists' "cittie" — and of their glasshouse or glass factory of 1608 where glass is blown in the seventeenth century manner, have proved popular attractions in this celebration of America's birthday on which \$25,000,000 has been spent.

The governments of the U. S., Great Britain and Virginia are the chief sponsors of the event. And the centerpiece is the state's new Festival park.

The British building in the park contains Magna Carta and 200 other priceless treasures loaned by Queen Elizabeth II or private collectors, among them Queen Elizabeth I's gloves and handkerchief, the silver gilt cup she presented to Sir Francis Drake, a banner from Drake's ship Golden Hind, and first editions of Milton, Spenser and Newton.

The Virginia building displays relics of the eight Virginia-born presidents. It treats visually and dramatically, the achievements of Virginians in other fields, from the explorations of George Rogers Clark to the experiments of George Washington Carver.

Leaving the modern architecture of the park, the visitor first

glimpses Chief Powhatan's Lodge, built of bent saplings and cattail-leaf mats, and notes the cultivation of Indian crops by picturesquely dressed descendants of the original Indians of Virginia. A "dance circle" for ceremonial rites adds to the illusion of primitive and aboriginal culture.

Next to be seen is the sprawling reproduction of the fort built by the settlers after their arrival on May 13, 1607, at Jamestown. Here is a log palisade, with cannon-mounted bastions, inclosing a score or more houses and a church, all built of hand-hewn hardwood imbedded as half-timbers in wattle (woven twigs or branches) and daub (clay laced with straw). Costumed soldiers and husbandmen, tending goats and chickens or plying their trades, populate the fort.

On actual traces of the "Great Wagon Road" built by the colonists in 1608 stands the massive "glasshouse" or glass factory of 1608.

From the exposition, Mr. Carter will travel to New York, to visit friends and acquaintances in the Fiduciary Trust Company, where

Shrimp Landings Higher In May

Texas shrimpers, during the month of May, produced 1,398,000 pounds of shrimp tails, with the Brownsville region leading all the rest of the coast with 595,000 pounds, a drop of over 200,000 from April's 782,000.

As a matter of fact, this drop of 200,000 was carried all through the catch period and not made up by boats along the rest of the Texas coast, with the result that production of the state for the month was this month short of what it was in April.

After Brownsville, Port Isabel

he worked for so many years, and from there he will go to Jersey City. After visiting friends there, he intends to fly to Montreal, Quebec, where he will visit relatives and friends, and will spend some time in Lost River, in the Laurentian Highlands, before returning to Rockport.

checked in with 423,000 pounds against 460,000 in April; and the Aransas Pass-Corpus Christi region was third with 206,000, or 8000 pounds less than the preceding month.

Catches at other ports were small. Freeport had 75,000 pounds this month, against 34,000 last, helping take up a little of the slack; Rockport had 43,000 pounds in May against 49,000 in April; Port Lavaca and Palacios reported 24,000 pounds (mostly bay shrimp) against 4000 the month before; Galveston had 14,000 against 8000, and the Sabine Pass-Port Arthur region checked in with 15,000 this month against 6000 in April.

So far this year, Texas has produced 8,829,000 pounds of shrimp tails as compared to 6,209,000 a year ago, and old time shrimpers attribute the increase

to better weather, allowing the boats to operate more freely than they did in 1956, and most of all to the heavy rains that fell this year, which made food plentiful in the upper bays which are the shrimp nurseries.

Finfish landings were up for the month.

In the Galveston-Freeport region, in May this year, there were 91,000 pounds landed, compared to 48,000 in April, and 67,000 pounds in May, 1956. Port Lavaca and Palacios reported 3000 pounds this year, no change from the preceding month. Aransas Pass, Rockport and Corpus Christi reported no finfish catches during May, but have a total of 252,000 pounds for the first five months of 1957, or twice as much as they reported for the entire year of 1956. Port Isabel reported 80,000

pounds in May, against 68,000 in April, and the Sabine Pass-Port Arthur region had 15,000 in this month against 8000 in April.

Galveston reported 10,000 pounds of blue crabs landed in May, against 2000 a year ago, but this may be due to better reporting and not to a raise in catch. The same comment may be applied to the 4000 pounds from Sabine Pass-Port Arthur compared to a thousand pounds in April. Galveston and Freeport produced 1200 pounds of crab meat during the period.

Galveston oyster landings dropped to 100 barrels, as against 1883 barrels in April, and dealers cleaned out their stocks with closure of the season. But the Galveston production for the first five months of 1957 was also off with 9012 barrels compared to 10,051 in 1956.

Hawaiian On Beach Cycling Around World To Win Bet of Pearls

Bob Havean, formerly of Hawaii and now world citizen, has spent most of the last twenty-two years on a bike, and during that time he has been in every country in the world except Russia, and every state in the union.

He arrived here yesterday about 6:30 aboard the same bicycle he has used ever since the time that he bought it when he was eleven years old, en route from Miami to Los Angeles, and before Miami he was in Brazil. Skin-diver, cook, mechanic and construction worker, he travels with all his worldly possessions on the back of his bicycle, stopping only to earn money to keep him on his way home to Hawaii where he hopes to win a bet of fourteen pearls he made in the Hawaiians, betting that he would be the first man to pedal around the world on this type of locomotion.

His father, he says, was king of a small island Taitie, which he originally purchased from the British for 350,000,000 pearls.

Bob says that twenty-two members of his family, including the girl he was to marry, were killed in the bombing of pearl harbor.

The full-blooded Hawaiian, tanned a deep brown, says that he may travel as much as 120 miles in a day, and that he has a deep respect for Texas drivers, who are courteous and will give a bicyclist the breaks.

From Rockport he is headed for Corpus Christi, then for El Paso, San Diego, and Los Angeles.

Asked how long he thought it would take him to reach Los Angeles, he said he didn't know, but that he left Bay City about 8:30 a. m. on Monday, and pulled into Rockport about 6:30 that night.

Before hitting Miami, he says, he was a lifeguard at Rio De Janeiro during the three years that he spent in that republic.

MISSIONARY TO SPEAK AT ST. PETER'S THURSDAY

St. Peter's Episcopal Church will hold a short service of evening prayer on Thursday at 8:00. The Reverend Melchoir Saucedo will speak. Mr. Saucedo is priest-in-charge of the Santa Fe Mission in San Antonio, and is working in the West Texas diocese "On Loan" from his missionary post in Northern Mexico.

Mr. Saucedo's visit has been arranged by Mrs. L. E. Sanders, Christian Social Relations chairman of the Woman's Auxiliary. The ladies will serve coffee and dessert in the Parish Hall at seven o'clock.

Mr. Saucedo has made an outstanding contribution to the work of the Episcopal Church in the Latin-American field, and his visit is being anticipated with great interest. Friends of St. Peter's Church are extended a cordial invitation to come to this Thursday evening service.

WATERFRONT— (Continued from page 1)

bert and J. H. Kelly, all of Waxahachie, who fished Friday, Saturday, and Sunday, and took home 614 trout, using their own outboard. On Sunday, also, Frank Petras, Moulton, fishing from his own boat, snagged 35 trout, and G. B. Dietz of Karnes City, caught 42.

On the ways at Rice's Boat Works was the Magnolia Petroleum Company's floating laboratory boat, the Quest, out for an overhaul and painting. Others hauled out were the Barbara, of Rockport; the Forty Fathom No. 30, of Aransas Pass; the Miss Texas, Rockport; the Texas No. 11 had just finished a haulout; and the Forty Fathom No. 8 was waiting its turn.

Fishing has been good out at the Good Luck Fishing Pier at Fulton, according to Travis Oliver, especially at night. Lots of large trout are being caught, he said. Mr. and Mrs. R. M. Hendricks, San Antonio, caught 70 specks from the pier, some of them weighing up to 3 pounds. Dr. and Mrs. Odom, of Memphis, Texas, also caught twelve nice ones one morning.

Mom Gilson had her picture painted on Wednesday afternoon, when Simon G. Michael and pupils of the Rockport School of Fine Arts in figure painting all used her as a model.

Hu Johnson on the Mary Lou reports: Wednesday: Dr. D. R. Taylor and party, La Grange, 172 trout. Thursday: C. E. Cooke and party, Dallas, 129 specks. Friday: C. M. Spurlock family and party, San Antonio, 174. Saturday: Que Tiner and party, El Paso, 144 trout. Sunday: Robert Herrington and party, Austin, 242 specks. Monday: C. L. Grant and party, Austin, 139, trout. Tuesday: Dr. Ben Merrick and party, Dallas, 83 trout. Wednesday: Ed Barry and party, Tyler, 189 trout.

After the barbecue on the 4th, Sheriff Shivers was helping clean up around the Lions' Pit in front of the Woman's Club Building when he found a pair of glasses with gold and plastic frames. He says that they don't fit him, so he knows that they are not his.
