

## Along The Waterfront

On the ways at Rockport Yacht and Supply were the cruiser Adalante, a 40-Fathom shrimper and two others, the Donna Jean and the Charles Schreiner, and one of Caspary and Wendell's boats, the Wasp.

At Rice's an 85-foot Coast Guard cutter, and the shrimpers, Audrey Lee Ray and Mike Marie, were undergoing overhauls.

## Silver Bay Completes Snapper Cruise Off Texas, East of Rockport

The M/V Silver Bay returned to Pascagoula on February 10, completing a 20-day experimental red snapper trawling trip off the Texas coast. 39 trawling stations, were made on broken and hard bottom in depths of 10 to 100 fathoms, using a 52-foot, 4 1/2" mesh nylon trawl and a 76-foot, 5" mesh mainline trawl. Both trawls were rigged in the standard New England style with rollers along the footrope and V-D rig between the net and doors.

Red snapper catches ranged from 0 to 475 pounds per haul. Except for one drag in 23 fathoms, all catches from inside of 40 fathoms contained less than 100 pounds of snapper. On February 3, during a short period of calm weather, 4 drags were made with the nylon trawl in 40 to 50 fathoms, in the area bordered by 27°43' to 47' north by 95°37' to 43' west, which yielded 580 pounds of snapper. Three drags in this area during the next two days, in heavy seas, caught a total of 540 pounds. The snappers ranged in size from 1/2 to 25 pounds and averaged 2 pounds.

A total of 1,204 red snapper weighing 1,984 pounds were caught during the trip. A few porgies, vermillion snapper, and grouper were caught on most drags, and incidental catches of scrap species were very small.

## Fire Department Quells Saturday Blaze At Phillips

The Fire Department, in a quick run on Saturday morning, quelled a blaze at the Phillips' dock on Copano Bay that could well have been extremely dangerous.

Welders working on a drilling rig tied up alongside a barge on which a tank and separator were placed, accidentally ignited vapors in the 1000-gallon tank, blowing the top off, and setting it afire.

Prompt action by the volunteer firemen kept the blaze from spreading to fuel tanks on the drilling barge.

## C. of C. Directors To Meet

Because of the fact that their regular meeting date will be taken by the annual banquet of the Chamber of Commerce, directors have decided to hold their meeting ahead of time, on Tuesday, Feb. 25.

## WEEK OF DEDICATION AT FIRST METHODIST

The Week of Dedication, a churchwide commission on missions started Sunday night at the First Methodist Church.

Mrs. Jack Horton is in charge of the program, assisted by Mrs. E. T. White and Mrs. J. D. Donaldson. Special music will be a feature.

The Fannie Townsend Circle served the Fellowship dinner.

## Pat Greene, Temporary Chairman, Calls Meeting to Organize Hale-Aikin

Pat H. Greene, superintendent of the Aransas County school system, and temporary chairman of the Hale-Aikin Committee for the study of Texas Public Schools, has called an organizational meeting for next Tuesday, February 25, at 7:30, at the High School auditorium.

Greene says that he hopes that members of every organization in Aransas County will send representatives to this meeting, because he feels that people in the area ought to get their heads together and to see how much school they want to buy.

He hopes that the group will be a true cross section of the entire county, because, in studying the problems, he feels that the views of every section of the population should be taken into account.

The Hale-Aikin Committee feels that, next to national survival, the public responsibility of most urgency is that of providing adequate educational opportunities for all children.

From our schools, the committee says, must come not only an enlightened citizenship capable of self-government, but also the knowledge and technical skills

## Johnson's Drug Starts Complete Remodeling Mon.

Starting Monday morning, Johnson's Drug Store, long familiar to residents of Rockport, is in for a complete face lifting.

According to Joe Johnson, general proprietor of the pharmacy, the work will be done under the supervision of Seth H. Steele, local contractor, and includes modernization of both store and fixtures. "We intend to complete the new prescription dispensary and other structures in the rear of the store," Johnson said, "and to operate out of that portion of the building while we work on the outside and front portion."

"There will be a much larger sales room area than at present, approximately 2800 square feet, and I intend to install completely new fixtures and to make the store semi-self-serving, although we'll still have the same friendly clerks to help people that can't find things."

Johnson says that the building will be completely air-conditioned and will have central heating, acoustical ceilings, terrazo floors, and brick veneer outside walls.

In addition, he said, the entire front of the building will be remodeled, using glass from floor to ceiling, and an aluminum canopy added.

"We hope to have it ready for this summer," Johnson said, "in time for the opening of the tourist season."

## FUNERAL SERVICES HELD FOR MILBURN HAYNES

Milburn Wesley Haynes, 69, died at 2 p.m. Friday at his home in Port Lavaca. He had lived there 15 months but had made Rockport his home most of his life.

He was a retired peace officer. He served in several South Texas cities.

Survivors include his wife: Georgia, of Port Lavaca; two sons, Clinton, of San Antonio, and Bruce Preckwinkle, of Pleasanton; two daughters, Mrs. Audrey Kramer of San Antonio, and Mrs. Mary Young of Edinburg; five brothers, Tim of Franklin, La., John, Ross and Walton of Rockport, and Bert of Combs, Texas; two sisters, Mrs. Mellie Edminson, of Rockport, and Mrs. Nora Brassell, of Beabe, Texas and nine grandchildren.

Funeral services were at 2 p.m. Sunday in the First Methodist Church here. The Rev. Asa Avant, pastor officiant. Burial was in Rockport cemetery under the direction of Cage-Marshall Funeral Home.

## Blue and Gold Banquet, Feb. 22

The Blue and Gold Banquet for members of Cub Scout Pack 49 and their families is set for Feb. 22, in the Aransas County Women's Club building, according to Cubmaster Philip Baldwin, who says he is expecting a great turnout as attended the one last year that was so successful.

One out of every 10 tornadoes in the U. S. hits Texas.

needed by industry, business, agriculture, the armed forces, and the trades and professions which are so necessary to maintenance of a high standard of living for all these people.

In authorizing the Hale-Aikin study, the Legislature continued a pattern which has been used effectively in Texas for many years. Since the formation of the Gilmer-Aikin study committee in 1947, Texas citizens have had many opportunities to participate in statewide conferences and studies aimed at school appraisal and improvement. The Hale-Aikin studies, to be conducted in each of the 254 counties of the state this year will enable all interested citizens to become well-informed concerning the work and problems of the schools, and to assist in providing for Texas children the best schools to be found anywhere.

## Fastest Car To Be Here

Entries for the Corpus Christi Timing Association drag races to be held at the Aransas County Airport on Sunday, February 23, are coming from as far away as Monterrey, Mexico, according to Don Atkinson, president of the association, who said that between 1500 and 2000 people are expected for the event.

The fastest car in Texas will also be there.

It belongs to Gene Brown and Bob Veselka, of Corpus Christi, and tuned up 150.25 miles an hour at the Edinburg race, a week ago.

Atkinson also said that the Greater Houston Timing Association had told him that there was a large contingent from there that intended to take part.

## Norvell Jackson Camp Karankawa Fund Chairman

Norvell Jackson has been appointed for accepting contributions to the Camp Karankawa fund in Rockport, it was learned today, as the Boy Scouts open an individual solicitation campaign for a portion of the \$165,000 needed for the Camp Karankawa Relocation Fund.

It is not a county-wide campaign, for Boy Scout needs were taken care in this manner through the Aransas County United Fund, but it is a chance for individuals who wish to help build a newer and more modern Camp Karankawa to help.

The money is needed to relocate Boy Scout Camp Karankawa. The old site will be flooded when Lake Corpus Christi fills. With the relocation, the camp must be expanded to take care of increasing membership.

Since 1944, when the old camp was built, membership has grown from 5,091 to more than 14,000. By 1960 the council anticipates a membership of 20,000.

Time is important. The camp must be finished by June so Scouts can move in for summer camp. Already more than 1,500 boys have signed for summer camp. The council estimates that number will be doubled before camp opens.

The new camp will be bigger and better than the old one. It is being built from a masterplan allowing the future alterations of expansions.

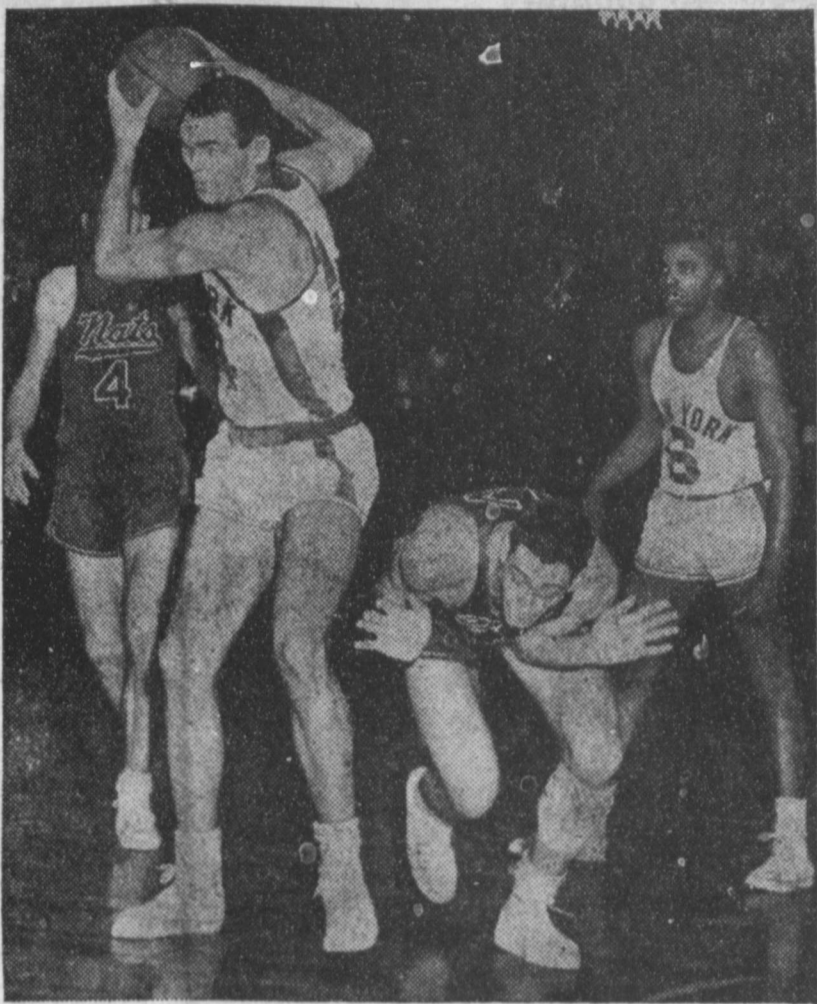

Last year the council borrowed \$40,000 to begin the relocation Building and moving is now at a standstill until the required funds are raised.

The drive will be handled by districts. The five area districts, Venado, Mesquite, DeLeon, Mustang and Aztec, will conduct their individual campaigns under appointed leaders. The Corpus Christi area, which includes the Central Laguna Madre and Tejas Districts will be treated as one unit.

The districts have been broken into two main divisions, a special gift and a general gifts division. To head them, Corpus Christi area chairman Preston Doughty has appointed Ira G. Fisher and B. A. Carter.

## JAYCEES TO HOLD DINNER MEETING

The Aransas County Jaycees will have a dinner meeting Monday night, Feb. 24, at 7 p.m. The meeting will be held at Stewart's Cafe. All prospective new members and members are urged to attend. A program is being planned for this meeting.

COME DANCE WITH ME—Apparently forgetting about the game, Syracuse Nats' Togo Palazzi rocks 'n' rolls to a private jive session in New York's Madison Square Garden. Actually, Palazzi is trying to wrestle the ball away from New York's Charlie Tyra. In the background are the Nats' Dolph Shayes (4) and the Knicks' Willie Naulls (6).

## P-TA Hobby Show Saturday Is Success As Swarms of People See Exhibits And Goliad Man Carries Off Outboard Boat

A Goliad man, Walter Bluntzer, was winner of the 16-foot Chris Craft kit boat built by members of Philip Baldwin's shop class and given away by the Aransas County Parent-Teachers Association at their show in the Woman's Club Saturday night.

The show, first of its kind ever to be held here, was visited by hundreds of people to see the great variety of exhibits illustrating the hobbies of Aransas County.

And there were all sorts of things displayed. Mike McGlamery had an extremely interesting mineral collection, well-labeled and creditably arranged.

Down the way a little was Joe Hissong, who intends to open the "Agate Shop" for rockhounds in May, on Highway 35, between here and Aransas Pass. Joe had a magnificent chunk of onyx, that looked like layer cake, and many finished pieces of jewelry.

## Week of Prayer Scheduled For First Presbyterian

The week of prayer and self denial for world missions at the First Presbyterian Church will be observed from February 24 thru the 28 with special prayer groups meeting in the Assembly room of the church at 9:30 a.m. on Monday, Tuesday, Wednesday and Friday, according to Mrs. J. H. Schleider.

The Thursday prayer group will be combined with the regular meeting of the Women of the Church at 3 o'clock that afternoon.

## SPECIAL FILM TO BE SHOWN AT FIRST PRESBYTERIAN, FEB. 20

A special film, "The Hope of the East", in both color and sound, will highlight the program in the First Presbyterian Church on Thursday evening, February 20, when the cause of world missions will be presented to the assembled congregation, following a family night supper, beginning at 6:30 p.m.

## METHODISTS PLAN RUMMAGE SALE

A rummage sale, sponsored by the Friendship Class of the First Methodist Church, will be held Saturday, Feb. 22 at the Methodist Fellowship Hall. Anyone having anything they would like to contribute to this sale, please call either Mrs. A. C. Glass or Mrs. Stan Heath.

George D. Robbins, of Fulton, is now in the Spears Chiropractic Hospital, Room 322, Denver, Colo., where he expects to be for the next three months, and where he will welcome cards or letters. Mrs. Robbins and Cynthia are still at their home in Fulton.

A. L. Reed, of the "Jewel Box", displayed only natural stones, but they were so interesting that the crowd was thick about his table. Barite roses, dark brown, like they were carved from chunks of chocolate; beautiful fossil ammonites, giant sea snails that lived when the world was young, and crinoids, or sea lilies, that inhabited the bottoms of seas aeons ago, were among the items that made people stop and ask questions.

Elsie Hawes, who likes making rock jewelry, had an extremely interesting display, not only of

## Navigation Board Discusses Drainage

At their regular monthly meeting, Aransas County Navigation District No. 1 discussed drainage problems around the Fulton basin with County Judge John D. Wendell, Commissioner Arthur Davis, County Surveyor James A. Jarboe and Arthur Bracht.

In lieu of a drainage ditch, which everyone agreed would be dangerous, the Navigation Board, Judge Wendell and Commissioner Davis reached an agreement to install tile, in an effort to drain off excess water from the area around Bracht's store.

Jimmy Goldston, of the Goldston Construction Company, accompanied by T. R. Wimbish, then asked if repairs to the District's boat shed and docks would be put out for bids.

Chairman Dick Hetch, after talking the matter over with the other commissioners, said that they would as soon as specifications could be prepared.

Commissioners then listened to Bill Johnson, who asked if they could narrow the harbor mouth at Fulton, because of the ground swell that rolled in. This they told him they could not do.

## Returned Missionary To Show Slides

Paul Cunningham, a returned missionary from Mexico, will conduct a special missionary service at the First Assembly of God Church on Sunday evening, Feb. 23, according to Pastor J. R. Fleming.

A part of the program will consist of the showing of slides taken by Cunningham.

## KAREN CASTERLINE CROWNED QUEEN

Karen Casterline was crowned Valentine Queen of Aransas County High School at an assembly program Friday. Runners up were Dolores Etheridge and Linda Mills. Karen is a senior and the granddaughter of Mr. and Mrs. Frank Casterline of Fulton.

A teachers and officers meeting of the First Baptist Church was held Wednesday night in Fellowship Hall.

## Relays Scheduled Here On March 14

### Second Annual Toast of the Coast Track and Field Events Bid Fair to Far Outshine Last Year's Attendance As Dozen Schools Accept

The second annual Toast of the Coast Relays is scheduled by Aransas County High School for March 14, and, according to Athletic Director Melvin Borchert, a dozen schools have already accepted, with a number yet to be heard from, as invitations were sent to 25 A and B schools in this region.

The meet, Borchert says, will be divided into two divisions, a senior group older than 15 before September 1, and a junior group of boys younger than that.

The senior group will compete in pole vault, high jump, shot put, broad jump, hundred yard dash,

440 dash, discus, 180 yard low hurdles, 440 relay, 880 run, mile run, sprint medley, 120 yard high hurdles, and the 880 and mile relays.

Junior events are the 120 yard low hurdles, 100 yard dash, high jump, 440 relay, 880 relay and the 1320 yard relay.

The preliminaries will start at 2 p.m., Borchert says, and the finals at 7 p.m., with time out during the day to crown the relay queen.

So far, the following schools have accepted:

Gregory-Portland, Mathis, Ingleside, Bloomington, Bishop, Industrial at Vanderbilt, George West, Three Rivers, Jourdanton, Ganada, Tuloso-Midway and Agua Dulce.

Coach Borchert has an imposing string of trophies and officials.

Jack Horton, principal of the local high school, is chairman of the awards committee; Miss E. B. Farris and the Greenbackers will handle the concessions. Mrs. Edith Cruser and Mrs. Irmalee DeForest will handle the queen's coronation; Miss Iris Sorenson and Chester Barre are in charge of finance.

Mrs. Weldon Cabanis and Mrs. Martha Ballou are on the hospitality committee; Mrs. Florence Horton and Frank Hoffman, entertainment; Chester Barre and Phillip Baldwin, photography; Chester Barre and the Secretarial Club of the High School are handling the programs; Philip Baldwin and Charlene Hunt the publicity; Sheriff A. C. Shivers and Deputy Slim Haynes, the safety.

The following trophies have been donated so far:

Champions of the senior division, by the Rockport Lions Club; champions of the Junior division, the Aransas County Junior Chamber of Commerce; senior 440 relays, Fulton Lions; 440 relays, juniors, Fulton Lions; 880 junior relays, Rockport Lions; 1320 yard junior relay, Rockport Rotary Club; mile relay in senior division, the Rockport Chamber of Commerce.

In addition, medals will be given to each of the three first place winners in each event.

Officials for the relays include: Coach Melvin Borchert, director; Superintendent Pat H. Greene, to whom the relays are dedicated upon his last year as superintendent of the Aransas County High School, will be referee. Clerks of the course are Dave Segler and John Mosely; starter is Jerry Lentz. Charles A. Roe, Jr., is assistant starter. Tom Dannelly is scorer and announcers are the Rev. A. Arnott Ward and Louis Tver.

Timers include E. G. Brooks, Weldon Cabanis, Bill Nance, and E. N. Adams; finish judges are Billy Bates, J. C. May, Milton Harrell, A. C. Shivers and Zeph Rouquette. Inspectors are Paul Clark, James Wadsworth and Cecil Cole.

Cecil Cole and Eugene Everett will be in charge of the pole vault; Pat Smith, the high jump; Rev. C. W. Brunley, the broad jump; Phillip Baldwin, the shot put and Albert Griffith, the discus.

## Medal Play Tournament To Be Played Feb. 23

Members of Live Oak Golf Country Club will hold a men's 18-hole medal play tournament on Sunday, Feb. 23, starting at 1 p.m. This is the first of a series of monthly events planned for the male members of the club.

The event is open to all members of the club who have turned in score cards for at least five 9-hole rounds, as the event will be played on a handicap basis. Members who have not turned in the required number of rounds are asked to do so soon, so that handicaps may be available for the tournament.

Entry fees will be \$2. Players must register with Jack Shelton, club pro, before 12 noon, Feb. 23, the day of the event.

Friendship Class At First Methodist Has Monthly Party

The Friendship Class of the First Methodist Church had their regular party of the month in the Fellowship Hall last Friday evening...

A short business session was held by the president, Mrs. A. C. Glass, and plans for the rummage sale to be held on Saturday, Feb. 22 were discussed...

Following the business session, everyone introduced themselves and, as there is a rule in the class that anyone calling a member Mr. or Mrs. is fined, the kitty was enriched by 96 cents in fines during the evening.

A singsong was held, with Mrs. Ed Stodhill playing the old songs on the piano, and everyone joining in.

The Valentine theme was carried out at the refreshment table which was covered with large red hearts made of nylon net surrounded by smaller ones.

Five new members of the class were: Mr. and Mrs. A. L. Holland, Mr. and Mrs. Joe Finstad and Seth Steele, while the nine visitors included Dr. and Mrs. Edward Stodhill, Mr. and Mrs. Paul Crow, Mr. and Mrs. Harry Monteith, all from Minnesota...

Bridge and 84 were played during the evening.

Mrs. Jackson Hostess To Circle 4 Thursday

Mrs. S. F. Jackson was hostess to the members of Circle Four of the First Presbyterian Church, on Thursday afternoon.

Despite the very cold day, seven answered roll call, following the serving of refreshment plates.

Mrs. Hugh Morrison presented the lesson on "The Believing Church" with all present joining in for a general discussion.

The visitation report showed that 19 visits had been made by those present and 36 cards.

Mrs. Lynn Wendell, chairman, announced that the next meeting would be with Mrs. Rufus Casterline. She also urged that all attend the World Day of Prayer which would be held at the First Presbyterian Church, Friday, Feb. 21 at 4 p.m., sponsored by the Council of Church Women.

Schindler-Mullinax Vows Are Said In Nuptial Mass At Sacred Heart Catholic Church, Friday Morning

At a nuptial Mass, Friday morning at Sacred Heart Catholic Church, Miss Loretta Jean Mullinax and Charles Joseph Schindler, of Taft, exchanged wedding vows.

The bride, who entered with her father, chose a ballerina length dress of white tulle over slipper satin.

The sweetheart neck was outlined with scallops of lace applied in a bead and sequin motif and the hemline of the very bouffant skirt was trimmed with double layers of scalloped lace.

A finger tip veil of bridal illusion fell from a tiara of pearls and sequins, and she carried a white prayer book on which rested white roses.

Miss Patsy Allen, of Kingsville, was maid of honor and Mrs. Bobby Wendland, of Taft, bridesmaid. Their dresses of red taffeta were

fashioned along princess lines with bouffant, ballerina length skirts. They wore matching shoes and beaded head bands and carried nosegays of white carnations.

Robert Barlow, of Sinton, was best man and James Richard Fox, Rockport, groomsmen. R. J. Krieg, of Taft, and Lt. Wayne C. Frazier, Harlingen, ushers.

Following the wedding, a reception was held at the home of the bride's grandparents, Mr. and Mrs. Rufus Casterline.

The bride's table was laid with a white linen cloth over a white organy skirt and the centerpiece was an arrangement of white carnations.

Mrs. J. F. Miller, of Houston, served the decorated four-tiered cake and Mrs. Marion Phillips, of Taft, poured punch. Also in the house party were Mrs. C. L. Grant and Miss Janet Grant.

When Mrs. Schindler left for a wedding trip to Monterrey, Mexico she was wearing a Dupion suit of cavalier blue with small white satin and straw hat and other accessories in black. Her corsage was of white carnations.

Mrs. Schindler is a graduate of the Aransas County High School and Durham's Business College and the groom graduated from the Taft High School and attended A. and I. College.

Out of town guests for the wedding were Mr. and Mrs. A. G. Kirchmeyer, of Corpus Christi; Mr. and Mrs. Buck Krieg, Mr. and Mrs. C. R. Phillips, Mrs. Preston Phillips, Mr. and Mrs. Joe D. Havelka, Jennifer Phillips, Bill Phillips, Taft; Mrs. J. F. Miller, Tom Miller, Jim Miller, Houston; Mrs. J. R. Tuttle, Mr. and Mrs. E. A. Cline, Aransas Pass; Mr. and Mrs. Roy Barlow, Mr. and Mrs. Chas. Barlow, Robstown and Mrs. Joe Barlow, Sinton.

Mrs. Schindler is the daughter of Mr. and Mrs. Elva Mullinax and the groom's parents are Mr. and Mrs. C. A. Schindler, of Taft.

Two Hostesses Have Dessert Bridge Party

Mrs. R. L. Leth and Mrs. Russell Eldridge entertained with a dessert bridge Thursday afternoon at the Eldridge home. The Valentine motif was used throughout the rooms.

Twenty guests participated, including Mrs. Jim Philpot, of Miami, Texas, Mrs. Frank Harrington, of De Witt, Ia., Mrs. A. D. Dodson, of Encino, N. M., Mrs. H. G. Everal, of Long Valley, N. J., and Mrs. Roy Ferril, of Denver, Colo.

Engagement Announced

The engagement has been announced of Miss Sheena Currie, daughter of Mrs. Charles S. Currie and the late Mr. Currie, to Mr. Thomas Joe Neel, son of Mr. and Mrs. Thomas Clifford Neel, of Mineral Wells. The bride-elect is a graduate of Aransas County High School and attended Texas University for Women where she was a Redbud Festival Princess and Class Beauty.

Mr. Neel attended Texas Tech and graduated from Trinity University. He served two years with the United States Army in Germany, and is now Assistant Director of Parks and Recreation for the City of San Antonio.

The wedding will take place May 3, in the First Presbyterian Church, Rockport.

Miss Sneed Is Married In Refugio, Friday

Miss Cassandra Sneed became the bride of Richard Sullivan Friday evening at our Lady of Refuge Catholic Church in Refugio.

The Rt. Rev. Msgr. William H. Oberste read the vows before an altar banked with white stock and greenery.

The bride is the daughter of Mr. and Mrs. Joe W. Sneed, and the groom's parents are Mr. and Mrs. Dan H. Sullivan, of Beeville.

The bride chose a dress of silk shantung with cap sleeves. The portrait neckline was appliqued with re-embroidered Alencon lace. A princess front panel and lowered waistline in back marked the ballerina length skirt.

Her veil fell from a tiara of pearls and sequins. She carried a white missal topped with a white orchid and feathered carnations.

Mrs. Joe W. Sneed, Jr., of San Antonio, served as her sister-in-law's maid of honor. She wore a red taffeta dress, designed with a lowered waistline, and ballerina length skirt. Her small hat was of red satin. She carried a nosegay of red and white carnations.

Kenneth Sullivan, of Beeville, cousin of the groom, was best man. Ushers were Joe W. Sneed, Jr., of San Antonio, and David Sullivan, of Beeville.

A reception was held in the home of the bride's parents after the ceremony.

After a short wedding trip, the couple will live in Refugio.

The bride is a graduate of Refugio High School and he was graduated from Beeville High School.

Attending from Rockport were Mr. and Mrs. Travis Johnson, Mr. and Mrs. Joe Johnson and Mrs. Charles T. Pieton, aunts and uncles of the bride.

Western Barbecue Given In Fulton

A Western theme dominated the scene of the barbecue staged by the members of the Young People's Group of the First Baptist Church of Fulton Saturday at the home of Mr. and Mrs. J. H. May, in Fulton.

Thirty-eight were in attendance including members and their guests, in costumes in keeping with the theme.

Jan May, social chairman, was in charge of the program. Bobby Jennison is president of the group. Karen Casterline, vice president and Mrs. Jack Randle, sponsor.

Bobbie Edwards, son of Mr. and Mrs. W. D. Edwards, was admitted to Elliot-Hughes Hospital on Feb. 17, for a broken foot, received in play at school.

Boyd O'Neal and Mary Badger Circles Meet At West Home

The Boyd O'Neal and the Mary Badger WMU Circles met at the Grady West home on Tuesday morning, for a mission study program. The book "Look, Look, The City," was reviewed by Mrs. Emma McLester. The calendar prayer was read by Mrs. Grady West and she then let the group in praying for the foreign missionaries of the church.

Plans were discussed for the WMU Enlistment Party to be held February 20th, at 7:30 p.m., in the Baptist Fellowship Hall.

A social hour followed, and Mrs. Eunice Mullinax dismissed the group.

Those present were Mrs. Lillie Calvert, Mrs. Emma McLester, Mrs. Mabel Bryant, Mrs. Virgil Dasher, Mrs. Eunice Mullinax, Mrs. Bertha Sanders, Mrs. Flora Wellman, Mrs. Mabel Thompson, Mrs. Mary Wright, Mrs. May Terry, Mrs. Evelyn DeForest and Mrs. Loftin, and Mrs. Grady West hostess.

Tourist Bridge Party Held at Woman's Club

Forty bridge and canasta players spent a cozy and pleasant afternoon at the Tourist Bridge Party at the Woman's Club Monday, Feb. 17. The pretty tea table was laid with a lace cloth over a floor length green skirt and was decorated with a three tier tray of red geraniums and fern. Sandwiches, cookies and coffee were served.

Hostesses for the affair were Mrs. Matt Scott, Mrs. Thelma Le-noir and Mrs. Ida Mae Thompson. Mrs. William Glick of Glen Ulin, North Dakota won high score at bridge and Mrs. D. Dotson of Encino, New Mexico took home the consolation prize.

Mrs. H. W. Vickery, of Arkansas City, Kansas was high in canasta and Mrs. Beth Brundrett was low.

CIRCLE NO. 1 MEETS

Circle No. 1 of the Presbyterian Church met Thursday, Feb. 13, with Mrs. A. L. Bachman.

Refreshments were served to eleven members and three visitors, Rev. and Mrs. A. A. Ward and Mrs. Jack Ingersoll.

Mrs. Herbert Mills gave the Bible lesson on "A Believing Church."

The round table discussion was given by Mrs. A. L. Bachman. The meeting was closed with the Mizpah benediction.

The next meeting, March 13, will be with Mrs. Volney Cavitt and the leader will be Mrs. Floyd Smith.

Pioneers' Party Has Theme In Valentines

The Pioneers of the First Presbyterian Church entertained their friends with a Valentine party Friday night at the church assembly room.

A large red and gold heart centered the refreshment table and the same theme dominated the plates.

The Rev. Arnott Ward was in charge of games.

Mrs. Earle Thomas and E. N. Carter are sponsors of the group.

Tri Circle Meets At Simmons Home

The Tri Circle of the WMU met at the home of Mrs. J. Reed Simmons. Mrs. E. B. Crawford, Sr., led the Bible study and Mrs. Talley led the group in prayer.

Those present were: Mrs. Rita Utz, Mrs. Eva Lutz, Mrs. John Talley, Mrs. Ernest Hackett, Mrs. Clara Dervage, Mrs. Georgia Davenport, Mrs. Crawford and Mrs. Simmons.

A social hour was held afterwards.

Dessert Bridge

Mrs. L. W. Hess, Mrs. Geck, and Mrs. J. W. Wells were hostesses for a dessert bridge at Oak Shore Apartments on Tuesday. There

were five tables of players. A red and white theme was used for decorations.

Prize winners were Mrs. Homer G. Everal, high; Mrs. J. H. Mills, second high; Mrs. Ada Bailey, consolation and Mrs. R. L. Gum, bingo.

Rebekahs Have Valentine Theme

A Valentine party entertained the members of the Rebekah Lodge Thursday.

A large red heart on a gold base, encircled with smaller red hearts, was the centerpiece.

Miss Katie Lee Clark was chairman of arrangements, assisted by Mrs. A. W. Ebert, Mrs. Stanley Heath and Miss Mae Dietrich.

**NEVER FORGOTTEN**—Commemorating the early Christian martyrs who were put to death in Rome's Colosseum, a star cross rises amid the ruins of the ancient pile. Framed by a weathered archway, the new memorial replaces a smaller cross which stood at the spot for hundreds of years.

**AUTO-BODIES WILL BE USED ON FISH REEF**

Austin—Tentative location for the first artificial reef off the Texas coast, has just been announced by the Director of the Coastal Division of the Game and Fish Commission at Rockport. Subject to final approval, the reef will be established near the ten fathom curve off Port Aransas and near the whistling buoy.

Much preliminary work still is to be done, according to the director. First the exact location must be approved by the Coast Guard. Verbal approval of the tentative site already has been given.

While this exact location is being set, bids will be sought in Austin for some 200 old automobile bodies to be delivered to Port

Aransas. C. L. Friou will handle the purchase program, and the bid will be let through the Board of Control.

The 200 old auto bodies must be tied together and properly anchored so they will not be subject to tide movements, according to the director. Otherwise they would become a navigation hazard.

While these plans are going on, biologists also are studying means of utilizing information on catches made in the vicinity of the artificial reef. Many small snapper are now caught around the jetties and off shore oil rigs. It is not known, however, whether these snapper are spawned nearby, or where they come from. Very few snapper have been tagged, and as a result not too much is known about the source of this pan fish of the Gulf.

If the proposed snapper reef proves successful, it is possible many others will be built along the coast line, according to the Department.

**CITATION BY PUBLICATION**

**THE STATE OF TEXAS**

TO: American Cancer Fund and its unknown members, shareholders, officers, and representatives, and the persons who own stock or interests in and who constitute American Cancer Fund as an entity, corporation, association, firm, company or partnership, if it be any of such; and to the unknown devisee or devisees under a purported will of Clifford Mooers, deceased, dated September 24, 1956, admitted to probate in Kendall County, Texas, on December 10, 1956, and the unknown owners or claimants of any interest in the estate of such decedent or in any property standing in his name at the time of his death on November 13, 1956, including the lands and interests therein described in such suit and as described and identified in this citation, which are owned or claimed by such unknown claimants as devisee under such purported will, Defendants, each of whose identity and residence are unknown other than claimants American Cancer Society, Inc., a New York corporation, and American Cancer Society, Texas Division, Inc., a Texas corporation, who have been joined as defendants in such suit for personal service, GREETING:

You and each of you are hereby commanded to appear by filing a written answer to plaintiff's petition before the Second 38th Judicial District Court of Kendall County, Texas, in the Courthouse in the City of Boerne, Kendall County, Texas, at or before ten o'clock a. m. on the Monday next following the expiration of 42 days from the date of issuance of this citation, said Monday being the 17th day of March, 1958, and then there to answer the original petition of Dolores Mooers, a widow, as plaintiff, filed in said court on the 30th day of January, 1958, against H. B. Fuqua as Independent Executor under a purported will of Clifford Mooers, deceased, and in which suit the other named defendants are those persons first named in this writ and to whom it is above directed, and other defendants to be cited personally are:

American Cancer Society, Inc., a New York corporation, and American Cancer Society, Texas Division, Inc., a Texas corporation, and Betty Nuss, Chester Green, R. J. Kelly, Mrs. Gladys Van Pelt, Genevieve Conroy, Ralph Dahlstrom, Swen Lundahl, Russell Baughman, Charley McClaskey, Allan H. Ellingson, Paul S. Oles, and Mrs. A. G. Koenig, as executrix under the will of A. G. Koenig, deceased, and the said Mrs. A. G. Koenig, a widow, and Elizabeth Koenig, a feme sole, as the only heirs of A. G. Koenig, deceased; John T. Claybourne, Frank Demus, Mrs. C. W. Farley (and husband, C. W. Farley), Tom Walters, Leonard Ward, Bruno Brandt, W. B. Davis, and John W. Clark, individually and as constituting and representative of that class of five-year employees given cash legacies of \$500.00 each under the terms of such purported will of such decedent.

Said suit styled "Dolores Mooers, A Widow, v. H. B. Fuqua, Independent Executor, et al.," being numbered 1525 on the docket of such court and a brief statement of the nature of the suit being as follows:

Plaintiff seeking equitable review asks to set aside a settlement made with her husband, Clifford Mooers, dated May 1, 1956, and this Court's decree of approval entered the next day in cause No. 1464, styled "Ex Parte: Clifford Mooers and Wife, Dolores Mooers," recorded in the minutes, Vol. 6, p. 636, and asks an accounting and for a declaration fixing the identity of the residuary devisee under a purported will of such husband as admitted to probate December 10, 1956, in which suit it is claimed that plaintiff as the wife of such decedent for 27 years before his death was induced to consent to such property settlement and decree by the fraud of her husband and his agents, consisting of false representations and concealment of material facts as to the nature, extent and value of the community property and of plaintiff's true interest therein at such time, and because of further false promises to begeth and on account of mistake induced by fraud of her said husband and coercion; and it is claimed that a fraud was also practiced by such decedent on this Court, and that the proceedings did not comply with Article 2624a.

It is further claimed in such suit that all or substantially all property in decedent's name at the time of such settlement and at the time of his death was community property, and that had the wife received those properties awarded to her in such settlement, such were greatly less than her share at such time, and such contract was grossly unjust and disadvantageous to her, but that there was further material fraud and deceit practiced on her as to those properties which it was recited she was to receive under such settlement because of failure of title and of consideration in material part and inability to deliver and failure to deliver personal property of the kind and value which it was represented such wife should receive.

Plaintiff offers to do equity and makes a continuing tender to restore that which she has received and asserts that due to her situation, inexperience, ignorance and deception she could not sooner have discovered such fraud and brought it to this action.

It is further claimed that since such husband's death the defendant H. B. Fuqua, acting as Independent Executor under the pur-

ported will of such husband, has come into possession of but has not distributed all of those properties which the husband wrongfully took under such settlement and decree and in which plaintiff had a continuing equitable ownership and interest, and that the other defendants are claiming to own or have some interest in such properties and estate as the respective cash legatees and residuary devisee under such purported will; and that among such properties are lands and interests in lands within the State of Texas including those described, listed and identified in such petition, including the following:

**COLONEL STEWART'S BROTHER AND WIFE VISITING HERE NOW**

Colonel and Mrs. Ralph Brown Stewart arrived Wednesday to spend a month with Colonel and Mrs. Paul Stewart at Flamingo Cottage on South Beach. They visited here last winter and love the climate. The two brothers were both in the service 30 years before they retired. The two couples were also married on the same day, month and year 37 years ago.

Mrs. Paul Stewart will leave Rockport in the middle of March to visit Europe. Her headquarters will be with her daughter whose husband commands the 14th Armored Regiment in Germany. They will visit the World Fair in Brussels. Mrs. Stewart will then cross the English Channel to England where she was born to visit her sisters living in London and Sussex. It has been 19 years since she has seen them.

On her way East she will take in some bridge in Atlantic City, visit with friends in Boston and New York, making her headquarters at the Sheridan Astor on Times Square.

On April 12 she will sail from New York for Bremerhaven on the Swedish American liner, The Gripsholm. Her date for returning to America is indefinite, but it will be sometime in the late summer if she does not get homesick before then.

**MARCH DRAFT CALLS FOR 660 TEXANS**

Austin, Texas. — The Texas draft call for March asks for 660 men for Army service. Colonel Morris S. Schwartz, state Selective Service director, said Friday. Colonel Schwartz also announced that Texas draft boards will forward men for pre-induction mental and physical examinations in March.

The state's March call for induction is the biggest since July 1957, when the monthly quota was 661. The February call is 641, as compared to the March quota of 660.

"Draft calls are now running about double over what they were in the latter half of 1957," Colonel Schwartz said.

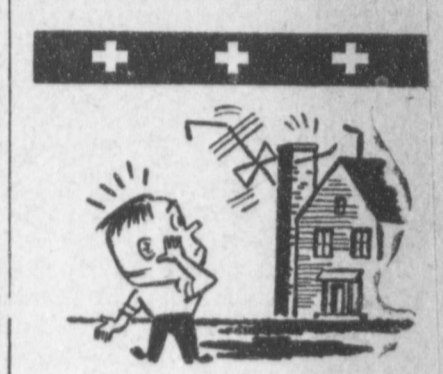

Draft boards will forward 2,000 men in March for the pre-induction examinations, the same

number scheduled for February. Two thousand were also examined in January. In the last half of 1957, only a few men were examined.

Local board quotas for induction and examination in March scheduled to be mailed from the Selective Service headquarters Monday.

The March quota will be filled with men who are at least years old on March 1, with the exception of volunteers or delinquents, who may be younger.

The March quota of 660 men the state's share of a national call for the Army of 13,000 men

**From Germany To America To Germany Within Five Years**

To America as the German step-daughter of an American GI, and back to Germany as the American wife of a member of the American occupation forces, all within five years, is the story of Mrs. Billy F. Davis, whose husband is the son of Mr. and Mrs. Frank Davis, of Rockport.

Mrs. Davis was Sylvia Hoffmann, the 17-year-old daughter of a German widow who married an American GI and came to this country with him in 1952.

Sylvia decided that she was going to become an American almost as soon as she got here, and the fact that she met and married an American soldier back in June, 1956, didn't change her determination a bit.

And on Jan. 30 this year, she went to Austin, where she passed the necessary examination to become a naturalized American and was sworn in with a lot of other new Americans before J. B. Cloutier.

And now she's ready to go back to Germany again in March, to join her husband, Master Sergeant Billy F. Davis, at Wiesbaden, where he has been stationed since last September, and she's going, not as a German girl torn from her home by war, but as an American woman whose husband is a first class American fighting man.

**LOCAL SCHOOLS GIVEN PLAQUE**

Southwestern Insurance Information Service made one of a series of 23 awards for driver training on Feb. 18 at the Aransas County High School.

O. B. Roquemore, Jr., Corpus Christi, made the award, an engraved plaque, at a 10:25 a. m. student assembly and again at 7:30 p. m. before a county-wide P-TA meeting.

Schools throughout the state were divided into nine groups on the basis of the number of students enrolled. Aransas County Independent School District won second place in Group 6.

Winners were selected by the Texas Safety Association assisted by the Texas Department of Public Safety and the Texas Education Agency.

Mr. Roquemore, in making the presentation, pointed out that "the Aransas County driver training program satisfied all of the requirements set up by the Texas Department of Safety and the Texas Education Agency for an accredited driver training course. In addition to meeting basic requirements, Aransas County's program exemplifies the very best in efficiency, thoroughness, and outstanding results."

Mr. Roquemore further noted that, "traffic accidents are one of the major problems in America today. We lose not only thousands of dollars in time, property damage, and medical care, we are losing the lives of young men and women and who can say what this costs us in sorrow and loss of talent and training. The honor student will not make his contribution to society if he dies behind the wheel of some car."

"Traffic research has proved that 75% of the traffic accidents are caused by driver error or law violation. Research has further proved that trained drivers under 25 have a much lower accident rate. So much lower that insuring companies are willing to reduce premiums by 10% for the under-25 driver who has had an acceptable course in driver training.

Your principal, your superintendent, and your driver training instructors in a very real sense are preserving the efforts of all the other faculty members by increasing the chances that these students will stay alive!"

"You cannot be complimented too highly on your excellent effort. You are saving lives and saving dollars for your fellow citizens."

**CIRCLE FIVE MEETS AT OSBORN'S**

Circle Five of the First Presbyterian Church met Thursday, Feb. 13, at 9:30 a. m. in the home of Mrs. Carl Osborn.

The Bible study "The Believing Church" was studied and a round-table discussion followed.

Mrs. Osborn gave a report on the district meeting, which she attended at Corpus Christi on Feb. 10.

The next meeting will be in the home of Mrs. Chas. Roe, Jr., with Mrs. Travis Bailey as study leader.

Mrs. Ralph Matern attended the funeral of her uncle in Three Rivers, Tuesday morning, Feb. 18.

Rev. Asa F. Avant left Monday morning to spend some time in Austin.

**THETA RHOS HAVE DEGREE PRACTICE**

The Theta Rhos, at their regular meeting on Monday night, had degree and drill practice, and completed plans for their anniversary party next week.

This will be held Monday night at 7 p. m., in the IOOF Hall, according to Mrs. Neva Sorenson, adult sponsor of the group.

In 1950 Texas' population was sixth in the nation.

**The Church of Christ What It Teaches**

THE IDENTIFICATION OF CHRIST. We are very familiar with the usual procedure of identification of a man. For instance, three of the questions usually asked for identification purposes are:

- (1) What is your full name?
- (2) What is your father's name?
- (3) What is your mother's name?

There may be many other questions asked, but these are routine. Jesus once asked of those who did not believe on Him: What think ye of Christ? Whose son is He? They say unto Him, The son of David. He saith unto them, How then doth David in spirit call him Lord, saying, The Lord said unto my Lord, Sit thou on my right hand, till I make thine enemies thy footstool?

If David then call him Lord, how is his son? And no man was able to answer him a word, neither durst any man from that day forth ask him any more questions." (Mat. 22:41-46).

My friends, what think ye of Christ? Whose son is He? This question ought to receive the most careful thought and consideration by every one of our readers. It is a very basic question in the Christian religion.

The way you answer this question may determine where you will spend eternity. Hence, we need to study this question in the light of God's eternal truth. Let us then see what the Bible says upon this very important question. Before Jesus was born of the virgin Mary, we read in Mat. 1:20-23, "But while He thought on these things, behold the angel of the Lord appeared unto him in a dream saying, Joseph, thou son of David, fear not to take unto thee Mary, thy wife: for that which is conceived in her is of the Holy Ghost. And she shall bring forth a son and thou shalt call his name JESUS: for He shall save His people from their sins. Now all this was done, that it might be fulfilled, which was spoken of the Lord by the prophet, saying Behold, a virgin shall be with child, and shall bring forth a son, and they shall call his name EM-MANUEL, which being interpreted is GOD WITH US.

Now, this passage will help us in identifying Christ. He was to be born of a virgin to fulfill the prophecies of the Old Testament. This virgin was Mary the espoused wife of Joseph, a descendant of David the King. He was begotten by the Holy Ghost.

Now let us read, Mat. 3:16, 17, "And Jesus, when He was baptized went up straightway out of the water, and lo, the heavens were opened unto Him, and He saw the Spirit of God descending like a dove, and lighting upon Him: And lo, a voice from heaven, saying, This is my beloved Son, in whom I am well pleased."

Thus, God, His Father in heaven, confessed Christ to be His Son. Let us now go to Mat. 17:5, "While He yet spake, behold, a bright cloud overshadowed them: and behold a voice out of the cloud, which said, This is my beloved Son, in whom I am well pleased; hear ye Him." Again God acknowledges Christ as being His Son.

But, let us turn back to Mat. 16: 13-16, and read, "When Jesus came into the coasts of Sesarea Philippi, He asked His disciples, saying, Whom do men say that I, the Son of man, am? And they said, Some say that thou art Joln the Baptist; some, Elias; and others, Jerimias; or one of the prophets. He saith unto them, But whom say ye that I am? And Simon Peter answered and said, THOU ART THE CHRIST, THE SON OF THE LIVING GOD. For making this very clear and concise statement of his faith, Peter received the blessing of His Lord, and Christ said he would build His church upon this great truth. Every one who becomes a Christian is glad to confess this great truth. And upon the confession of his faith that Jesus in the Christ, the Son of the living God, he is then ready for baptism. Act. 8: 37, 38. We extend to you a cordial welcome to all of our services.

High bridge prizes were won by Mrs. Towne and Mrs. Kiser; high canasta prize by Mrs. Esther Hodges and bingo by Mrs. Helen Oblander.

**Marion Ince, Former Rockport Man, Retires After 22 Years in Army**

Marion M. Ince, now 42, and the son of Mr. and Mrs. Sam Ince, has retired after 22 years in the army, to make his home in Conneaut Lake, Penn., carrying with him a certificate of retirement as chief warrant officer and another for faithful devotion to duty signed by Chief of Staff Maxwell Taylor.

Ince completed 22 years, one month and 21 days of service.

He plans to build a new home at Conneaut Lake, doing most of the work himself this spring, and was recently here visiting friends and relatives, and to take back a load of trees and shrubbery.

Next winter, he hopes to enroll in an electrical school and open an electrical shop of his own.

Born in Wichita Falls, he lived in Rockport and attended school here until his enlistment in the army on March 13, 1934. Discharged in 1939 and placed in the reserves, he was called back to the service on Feb. 11, 1941.

From October, 1946, until October, 1952, he served as an instructor in military tactics at Carnegie Institute of Technology in Pittsburgh, holding the rank of Master Sergeant, and was promoted to warrant officer in February, 1952. He served in Austria as a general supply officer for the field artillery from October, 1952, to July, 1955.

He was reassigned from Austria to Mineral Wells, Texas, and served there until August, 1957, when he was sent to Brooke Army

Hospital at Ft. Sam Houston as general supply officer.

He held this hospital assignment at the time of his retirement.

Mrs. Ince is the former Patricia Ann Ferguson, daughter of Mr. and Mrs. W. S. Ferguson, of Conneaut Lake, Penn. They have two children, Linda Ann; 7, and Marion Jack, 18 months old.

**CIRCLE THREE MEETS**

Circle Three of the Presbyterian Church met at the church at 7:30 p. m. Feb. 13, with Mrs. Ralph Matern as hostess. Fifteen members answered roll call with a Bible verse. There were 22 visits by 10 persons reported, and 47 cards sent since the last meeting.

Mrs. Clyde Hayden very ably presented the lesson "A Believing Church", assisted by several members of the circle. Emphasis for the month was given by Mrs. J. F. Clobberdants.

The meeting closed with the friendship circle and the Mizpah. The hostess served cherry pie and coffee during the social hour.

The circle will meet in March with Mrs. J. D. Griggs as hostess, and Mrs. Earle Thomas, Bible leader.

## Texas Shrimp Landings For Year Higher

Although the Brownsville area still continues to lead in shrimp landings, with the Aransas Pass-Corpus Christi region second, with the other ports of the Texas coast retaining their same relative positions, shrimp landings as a whole fell steeply during December, according to the latest report of the US Fish and Wildlife Service. The total last month, for all ports, was only 2,163,000 pounds, compared to 4,225,000 in November, which was a drop itself. Nevertheless, for the entire year, Texas is approximately ten million pounds of shrimp tails ahead of 1956.

Figured at average of 72 cents a pound, boatside, these succulent crustaceans added approximately \$34.4 million to the state's economy during 1957.

Brownsville's production for December, however, totaled only 747,000 pounds of tails, compared to 1.25 million the preceding month, and that of the Aransas Pass-Corpus Christi region was only 336,000 pounds for the last month of 1957, as against 1.11 million pounds in November.

Port Isabel dropped to 452,000 from 747,000 pounds in November; Freeport caught 218,000 pounds in December against 560,000 the month before. Rockport dropped to 135,000 pounds from 237,000; Galveston to 35,000 from 165,000 lbs.; Sabine Pass and Port Arthur to 23,000 pounds against 84,000, and Port Lavaca and Palacios to 22,000 pounds in December, compared to 66,000 the preceding month.

However, oyster production climbed at Galveston to 863 barrels in December, against 391 barrels in the prior month, but was nowhere near comparable to the 2687 barrels that the waters in that area produced in December, 1956. And the same thing held good over around Sabine Pass and Port Arthur. In 1956, that region reported 6569 barrels, compared to 537 barrels there in November this year, and 185 barrels in December. Increased landing at Rockport, for the first time in ten years or more, will not show up in the market returns until next month, as the crop did not start in until after Christmas in any appreciable quantities.

Finfish landings advanced slightly. At Galveston and Freeport, they dropped from 80,000 in November to 72,000 pounds in December, but at Port Lavaca and Palacios they raised from 3,000 pounds to 12,000, and at Aransas Pass, Rockport and Corpus Christi,

## Richard D. Hatch Announces For District Attorney

Richard D. Hatch, of Aransas Pass, this week announced he is a candidate for the office of district attorney of the 36th Judicial District, composed of Aransas, Bee, Live Oak, McMullen and San Patricio Counties. Hatch has practiced law in Aransas Pass for the past nine years. He came to Aransas Pass to form a partnership with San Patricio County Judge Wm. E. Nicholas after his graduation from the law school of Baylor University. He purchased his partner's interest in the firm two years ago. Hatch is now serving as city attorney for three San Patricio County cities and resigned as city attorney for Ingleside last fall after serving as its legal advisor for three years. He has been city attorney for Aransas Pass for seven years, for Portland six years and for Taft three years. He has been city attorney for Rockport since last November, having been appointed to serve until Joe Caldwell, the present district attorney, can resume his duties as city attorney for Rockport.

Hatch took a bachelor of science degree from Texas A. and I. College in 1933 and was employed as engineer with an Anderson and Clayton subsidiary for two years. In 1935 he joined the Continental Oil Company and later resigned to become production foreman for the Illinois Oil Company in West Texas. He served as production foreman for the company until he enlisted in the navy where he served as chief repair officer on the U. S. S. Agenor, a repair ship attached to the amphibious force in the South Pacific. When released from the navy, Hatch enrolled at Baylor and while studying law, taught business administration and production management courses in the business school there. Since coming to Aransas Pass, Hatch has been active in civic affairs of the community. He is past president of the chamber of commerce and of the Lion's Club; has been active in Boy Scout work, both on a local and regional basis, and has served as chairman of numerous welfare drives in the city.

Mrs. Hatch is also active in civic and club work, in her church activities and in Girl Scout work, both in neighborhood and council activities.

"I feel my training and years of trial experience in the courtroom qualifies me to fill the office of district attorney," Hatch said in announcing his candidacy. "I have served as defense attorney in many cases in our courts and as prosecuting attorney in the corporation courts and am familiar with both sides of criminal law practice. I earnestly solicit the consideration and support of each voter in the district. If elected, I pledge myself to conduct the office fairly, honestly and efficiently."

The Fannie Townsend Circle of the First Methodist Church will become a morning circle on Feb. 27, meeting at 9:30 a.m. in the home of Mrs. Curtis Harrist.

6,000 pounds were reported in December against none the month before. Port Isabel reported 19 in December compared to 10,000 pounds in November, and in the Sabine-Port Arthur region, 20,000 pounds were caught, compared to 15,000 in the prior month. However, total finfish landings for the year were only about 32,000 pounds higher for 1958 than for 1957.

Blue crab landings dropped from 3,000 pounds of meat in November to 2,000 pounds in December, with 66,000 pounds being produced last year.

## AN ORDINANCE

### REGULATING THE CONSTRUCTION OF IMPROVEMENTS ON AND ABUTTING THE PUBLIC RIGHT OF WAY; REGULATING THE LOCATION OF DRIVEWAYS, SIDEWALKS AND APPROACHES TO PRIVATE PROPERTY FROM PUBLIC STREETS OR ROADWAYS; PROVIDING A PENALTY; AND CONTAINING A SAVINGS CLAUSE.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKPORT, TEXAS:

SECTION 1. It shall be unlawful for any person, firm or corporation to construct, reconstruct, alter, repair, remove or replace any sidewalk, driveway or other way, for the use of any character of vehicle, on or across any sidewalk, parkway, or other space between any public roadway or right of way and any private property without first securing a permit from the City Clerk and constructing said improvements in accordance with the regulations set forth in this ordinance, complying with the regulations which may be provided by any other ordinance adopted by the City Council heretofore or hereafter, provided that the approval of the City Council on a plat approving specifications for driveways shall constitute a permit for a driveway complying with the indicated specifications, which permit shall be considered valid for a period of three (3) years from the date of the plat.

SECTION 2. Application for permit shall be made in writing to the City Clerk showing the location of such proposed improvements, together with a map, plat or a sketch drawn to scale fully describing the nature of the proposed improvements and the location thereof. In the event such application complies with the requirements and the regulation of this ordinance, and such other regulations concerning the matter as may be provided, a permit shall be issued by the City Clerk on the form established by the said City Clerk.

SECTION 3. No driveway providing access from private property to any public right of way or roadway shall be constructed unless a showing is made to the satisfaction of the City Council under Section 4, unless such approach and driveway shall be in accordance with the following requirements;

(a) No driveway shall have a width measured along the boundary line between the public right of way and the private property of more than thirty-five (35) feet, except that, upon a showing under the provisions of Section 4 hereof, such driveway may not be in excess of forty-five (45) feet in width.

(b) Every driveway shall be so designed and constructed as to provide for a sidewalk having a minimum width of five (5) feet measured at right angles to the boundary line between the public right of way and the private property. Such sidewalk shall be constructed so as to have one edge thereof in line with existing sidewalk, if there be one, and if there be no existing sidewalk the sidewalk shall be so constructed as to have one edge thereof coinciding with the boundary line between the public right of way and the private property line, or in keeping with the general practice established by the existence of sidewalks on a majority of the property within the block where the driveway in question is to be placed.

(c) Except where the curb is a roll type curb the curb return on all driveways shall have a radius of not less than three (3) feet and the point where the return falls tangent to the curb shall be within the property lines extended of the property which the driveway is designed to service.

(d) Sidewalks shall be constructed at an elevation so as to provide for a minimum of one-fourth (1/4) inch per foot fall from the edge of the sidewalk farthest from the property line to the top of the curb; provided that where the established practice in the block of the majority of the existing sidewalks, on the plat approved by the Zoning and Planning Commission for the subdivision, provides for a roll type curb the sidewalk shall be constructed so as the edge farthest from the property line shall be at the same grade as the top of the curb.

(e) Where a ramp section of the driveway is to be constructed, the ramp shall reach the grade of the sidewalk at a distance of not less than five (5) feet from the outside edge of the street curb line.

(f) The grade for all curbs, sidewalks, driveways and ramps

## New Books Added To County Library

A long list of books for juveniles has recently been added to the shelves of the Aransas County Library as well as some under adult non-fiction.

Under juvenile literature will be found, "Alabama Raider"; "America's First World War"; "New Town in Texas", by Siddie Jo Johnson; "Ferdinand Magellan"; "The Lost Lakes"; "Trappers and Traders of the Far East"; "Miss Pickerell Goes to Mars"; "The Texas Rangers"; "Alexander the Great"; "Quest of the Missing Map" (Nancy Drew mystery); "The Outside Cat"; "Horned Lizards"; "Wonderful World of Mathematics"; "Wonderful World of Energy"; "Wonderful World of Archaeology"; "Climb to the Crow's Nest"; "White Tail, King of the Forest"; "Famous Indian Tribes"; "Curious Little Owl"; "Red Balloon".

Under adult non-fiction, "How to Read a Book", Mortimer J. Adler; "Songs From the Land of Dawn", Toyohiko Kagawa; "Kids Say the Darndest Things", Art Linkletter.

shall be fixed by the City Council.

(g) All driveway approaches, ramps, sidewalks and curbs constructed in connection therewith shall be constructed of concrete having a minimum of 2500 psi in twenty-eight (28) days, and shall have a minimum thickness of six (6) inches, and shall have reinforcing consisting of a minimum of 6" x 6" No. 6 wire mesh.

SECTION 4. Upon the showing that unusual circumstances exist, or that a need for a driveway of greater width exists, or some variance from the requirements set forth in Section 3 should be made, where such variances will not be contrary to the public interest and that literal enforcement of the provisions of this ordinance will result in unnecessary hardship, said regulations may be varied by approval of the City Council, provided that in no instance shall any driveway opening be in excess of forty-five (45) feet in width. Any person, firm or corporation requesting that the regulations in Section be varied because of unusual circumstances shall file a written request therewith with the City Clerk, setting forth the circumstances to show that literal enforcement of the provisions of this ordinance will result in unnecessary hardship.

SECTION 5. Any person, firm, or corporation who shall violate or fail to comply with any provision of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be fined not more than One Hundred (\$100.00) Dollars. In case a corporation is the violator of any provision of this ordinance, each officer, agent and/or employee in any way responsible for such violation thereof shall be individually and severally liable for the penalties herein prescribed.

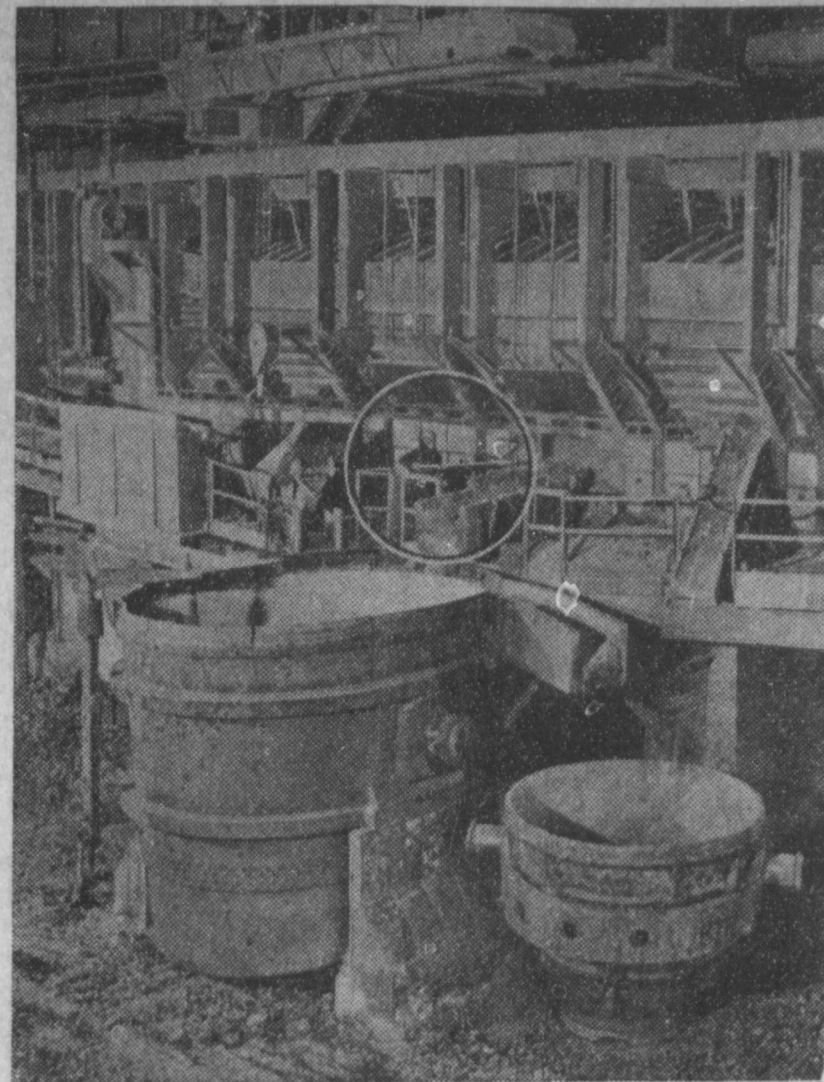

SECTION 6. If for any reason any section, paragraph, subdivision, clause, phrase or provision of this ordinance shall be held invalid, it shall not affect any valid provisions of this or any other ordinance of the City of Rockport to which these rules and regulations relate.

SECTION 7. This ordinance shall be in force and effect after its publication.

PASSED AND APPROVED this 27th day of January, A.D. 1958.

CHESTER JOHNSON,  
Mayor,  
City of Rockport, Texas

ATTEST:  
JEAN M. TUER  
City Clerk of Rockport, Texas

**DEVIL'S SOUP KITCHEN**—More than a drop in the bucket to weigh in the balance against Russia's increasing steel production will pour from this huge, new, open hearth furnace at Republic Steel's Cleveland, Ohio, works. One of two new open hearths at the plant, it will help add some 788,000 ingot tons of steel capacity annually to the nation's steel-making potential. Dwarfed by the mammoth machine, a steelworker, circled, is about to tap a heat of steel, which will run into the 400-ton ladle below him. Slag will pour off like hot fat on homemade soup and slosh into smaller bucket.

## United Fund Here Receives Letter Of Appreciation

The Aransas County United Fund, according to president E. T. White, has received many letters of appreciation from the various organizations that participate in the community-wide project. One of the more recent ones came from the USO and said:

"This year again your community has contributed to the well being of members of the Armed Forces through your support of USO. On behalf of these young I want to thank you for your continued generosity and concern."

"Events of the year just ended have made it grimly clear that the citizens of this country must be deeply concerned with all aspects of the nation's defense."

"The contribution you made to the USO through your united community campaign helps to take care of a most important aspect of that defense . . . the human beings who are in the service of their country."

"We shall send your dollars around the world to let Americans in uniform, guarding democracy in distant places, know that their countrymen remember them gratefully."

"Again our most sincere thanks for your part in keeping USO on the job in so many places where it is so badly needed."

Clifton B. Cates, General, USMC Ret., National Campaign Chairman

New State Egg Law In Effect Monday Will Aid Producers, Buyers

On Monday, February 17, of the enforcement of the new egg law was inaugurated by the Texas Department of Agriculture.

The new egg law is essentially a grading and labeling act. Briefly, it requires all eggs sold within the state to be properly marked as to its grade—and the eggs must meet the specifications indicated on the carton or crate whenever inspectors from the Department makes one of their frequent spot-checks at any level of the trade.

The end result of this new law will benefit all persons connected with the industry. The producer is given an incentive to market high quality eggs that bring a premium price. The better his eggs, the more his profit and his good quality product will not have to com-

METHODISTS WILL WORSHIP BY CLASSES

Starting March 2, in the First Methodist Church, the congregation will worship with Sunday school classes sitting together in church, as part of the program.

A. C. Glass, chairman, will also, during the period, assign pews to couples while this drive for more widespread participation in the church goes on.

At 7:30 there will be a panel discussion on the relationship of education to the church, with Dick Weekly as moderator. The panel will be composed of three or four school men and two ministers.

pete on the same levels with inferior eggs.

The housewife, too, will be relieved of the hit-or-miss methods of egg buying. No guesswork is involved when she picks her eggs at the market. The grade on the box is the grade of the egg inside and she still will have a wide choice of quality and price according to her cooking needs.

Rockport's Double Shrimping Rig Is Spreading Widely

The double-rig trawling gear for shrimp, invented by a Rockport fisherman a couple of years ago, is spreading more and more widely along the coast, as trawlers in other sections of the U. S. have an opportunity to see the method and assess its advantages against the old single-net trawl that has been in use for so many years along the Atlantic and Gulf coasts.

The basic idea, fishermen in these parts say, is simple enough. Two 40-foot trawls cost less than one 80-footer, and if one is lost on bad bottom, the boat can still continue to fish and has suffered no major financial loss. Furthermore, oldtimers along the coast have always maintained that, foot for foot, a 40-foot net caught more shrimp than any larger one, possible because the bight in the lead line was just right to herd shrimp into the trawl until it was crowded to overflowing.

Another theory is that water resistance on two 40-foot trawls is less than offered by an 80-footer, because of the smaller twine, for one reason, and that this allows the vessel to make better speed over the trawling ground, with consequent increase in catches. This has been borne out by practical observations on the Texas coast, where about 85% of the boats have changed over to this rig, which is practically the first major innovation in shrimp fishing since the trawlers began to catch the crustaceans.

On a single 80-foot net, an engine will be slugging, they say, while with two 40-footers the same engine will pick up 100 revolutions a minute and never stutter.

The two-trawl net rigs are fished like over-sized try nets, one from each boom, and on some vessels they utilize a 40-foot flat net, and for the other a 40-foot, 4-seam balloon trawl.

Booms are generally made of heavy-duty pipe, 4 1/2 inches O.D., with a wall thickness of from 3/8 to 1/2 inch, and the ladder or ratlines usually found on the port side are moved around and run from the center of the transom to the tip of the boom. The boom is further firmed up by two stays running from the tip of the boom to the usual stays amidships. The length varies, but it usually approaches 24 feet. In a vertical position, the tip of the boom just about reaches the mast crossrees. Horizontally, the boom topping lifts are set so that the tip of the boom is 10 to 12 feet off the water in calm weather, to eliminate dipping under in heavy seas.

Doors are of the conventional type, six feet by 40 inches, and are rigged with standard 3/4-inch chain. Special wide blocks are obtained for handling the trawl cables, and a three-drum winch is equipped with an extra gypsy head for handling tow lazy lines.

The usual 7/16 or 1/2-inch trawl cables are used, and each trawl is fished with a single cable, with the top drum of the winch serving for the port trawl, the bottom drum handles that on the starboard, while the center drum is reserved for the try net. Bridle lengths vary between 15 and 25 fathoms.

Along this coast, shrimp fishermen have worked out two major types of trawl blocks. One is a manufactured model designed for one-inch wire rope, with roller bearings and good grease capacity. The others are made from 15-inch automobile wheels cut down and enclosed in a housing. The wide, five-inch face of this latter block handles such things as bridles and thimbles without trouble, and has good bearing and grease characteristics.

The try net davit can be eliminated entirely, by fishing the try net off the starboard outrigger boom from a block set inboard of the trawl block. Or the davit can be moved to the starboard quarter. Generally the try net is fished on the long side.

One net is fished 25 fathoms behind the other. The long net is set and paid out until the end of the bridle passes through the block; then the other, or short net, is set, and both nets released simultaneously. When the desired length of cable is paid out on both nets, the winch is braked to a stop and dogged off. Meanwhile the vessel has been running on a straight, auto-pilot course. The nets are hauled simultaneously until the short side doors come up to the block; the crew picks up the lazy line, using a long boat hook. With lessened drag on the short side the vessel turns away from the long side, and this net's lazy line is secured in the same way. Two gypsy spools on a winch are almost mandatory for this type of fishing.

It appears that the two-trawl system is more productive to both owner and crew alike. It involves less work for the crew, and is safer to handle than the single-

Del Mar Concert Greeted By Appreciative Audience Monday

A relatively small, but very appreciative audience greeted the guest artists from Del Mar College, Monday night at the Rockport Elementary School auditorium.

Elman Anderson, pianist, and John Broome, tenor, were presented in recital by the local B. & P. W. Club, as a project of the Carer Advancement and Student Loan Fund Committees.

Each artist presented two groups of numbers which were varied in their scope, showing the versatility of the performers.

The entire program was well received but outstanding among the piano selections were the Beethoven "Sonata" in four movements, a masterpiece in technique and interpretation and "Tocatta" by Khatchaturian, a brilliant performance.

Meriting special applause on the vocal part of the program were "Per Pieta" by Stradella and "Do Not Go My Love", by Hageman, but the rich tenor voice of Broome really reached its climax of appreciation by his rendition of "La Donna" E Mobile, from Verdi's "Rigoletto".

The guests were introduced by Mrs. James Cruser, president of the club. Co-chairmen for the event were Miss Iris Sorenson and Mrs. Philip Baldwin.

Young Adult Class Honored By Couple

Mr. and Mrs. T. H. Dannelly entertained members of the young adult class of the First Methodist Church with a Valentine party Thursday at their home in Fulton. The tea table was laid in red linen, and for the centerpiece, red hearts hung from a white tree branch.

This is a recently organized class and the officers are Dick Hoes, president; Miss Loretta Wilson, vice president and Lt. Ray Burleson, secretary-treasurer.

881 WRECK IS MINOR

A wreck on Highway 881 this week was minor, according to Deputy Sheriff Sherman Mundine, who investigated.

Mitchell Casterline, driving a 1954 Ford Victoria, slowed to make a left turn, and Enrique Garza, of Rockport, also headed south on 881, collided with Casterline's car from the rear. No one was hurt, and damage to the cars was only about \$25 in each case, Mundine said.

Garza was given a ticket for following too closely.

MISS LOWN IS DAR CITIZEN

Miss Flossie Lown, daughter of Mr. and Mrs. Leon Lown, has been named winner of the DAR Good Citizen award from the Aransas County High School.

Miss Lown was picked with two other girls by the class and by vote of the faculty, was named eligible for the honor.

Requisites for the award include dependability, service, leadership, patriotism and scholarship.

MARY MARTHA SOCIETY MEETS

The Mary Martha society held their regular meeting at the Faith Lutheran Church in Aransas Pass.

Rev. Martin opened the meeting with prayer. After the business meeting, an interesting discussion on Stars for the King was enjoyed.

Mrs. Meador was hostess and all enjoyed the lovely Valentine cake, coffee and salted nuts she served.

minerals, but of the jewels that she had cut from these with infinite care and patience.

In one corner were the paintings displayed by Simon Michael's juvenile class at the Rockport School of Fine Arts, and around the room, in a sort of frieze, were those done by members of his adult class, amid which a pair of masks painted by Mrs. N. F. Jackson occasioned a great deal of comment.

Mrs. Opal Willis displayed table lamps made from cypress knots that were very attractive; and there was a fine display of inlaid tables and other items made by Philip Baldwin's shop class at the high school.

Cub Scouts from both Rockport and Fulton had exhibits of their work; Mary Lucille Jackson showed a collection of stuffed animals; and Sonny Rawlins had brought the regalia of a cowboy, spurs, riata, bull whip, saddle blankets, saddle and all to illustrate his hobby.

Crochet work by Mrs. Ed Snyder was intriguing in its daintiness; the hooked rug and plate from Mrs. E. D. Brooks exhibited hours of careful work; and Mrs. E. A. Brown's cup and saucer collection was the cynosure of many eyes because of its completeness and the many varieties in the collection.

Salt and pepper shakers were displayed by Karen Casterline and Mary Martha Shivers. Mrs. E. N. Adams showed her collection of ceramics which she had decorated and fired; Mrs. Charlyne Hunt's hand-painted china service elicited many exclamations of appreciation.

Sally McCord's dolls took up a whole table by themselves, and were the envy of many a little girl at the exhibit; Mrs. M. J. Beard's driftwood collection was interesting because of the grotesque and beautiful shapes which time and weather had given the pieces.

Guy Clark showed model airplanes; Jimmy Ankele, model boats; Barney Reed, airplane models; Mickey Casterline, knives; Danny Adams, stamps; Sue Johnson and Mrs. Ralph Matern, coins; and Mrs. C. O. Bailey, miniature roses.

There were any number of people displaying dainty jewelry made from shells, including Mrs. J. C. May, Mrs. Bob Ayers, Mrs. Curtis Sivils and Mrs. Roe Fleming.

Mrs. A. C. Glass exhibited her collection of glass and china slipper; Mrs. M. W. Cochran and Mrs. Willis Meigs had a most interesting and beautiful display of tiny pitchers of all sorts, shapes and sizes, and Mrs. James A. Jarboe had hung many of her painting and water colors. Jerry Armstrong exhibited dolls.

Mrs. Fred Werhan and Mrs. R. R. Rice also showed part of their shell collections, choosing the finest from both to put on a display that was wonderful, both for variety and beauty.

Free refreshments were served while the show was going on, and music for the occasion was furnished by the High School dance band, under leadership of Director Jerry Hoffman, who tooted a mean sax himself. Composing the orchestra were Marvin Davis, Terry Wills, Shirley Cole, David Perkins, James Ballou, Davy Carol Brown, Georgia Kresta, Kelly McGlamery, Ronald Fabian and Margaret Pena.

Mike Shivers, nephew of the Sheriff, was official drawer for the door prizes, and besides Bluntzer the following persons also won: Beverly Barber, the door prize given by Ankele's; Pat Greene received that given by West's Red and White Grocery. The door prize from the Beachcomber Beauty Shop went to J. H. Sutherland; F. C. Armintrout was the recipient of that from Brocato's. That from Del Mar Grill went to Mrs. C. M. Garrett; Slim Ratliff won the one from Roatan's; and the one from Vandagriff Cleaners went to Mrs. Harold Alekna.

R. A. Johnson won that from Johnson's Drug Store; O. T. McAlester from Piggy Wiggly; Everal West the prize donated by Prophet's Furniture Store; Louis Wigen the one from Rockport Electric and Hugh Morrison that from Mitchell's Jewelry.

Council Approves Rate Change On Electricity Here

A new residential electric rate schedule has been approved by the Rockport city council.

B. T. Hardeman, Central Power and Light Company manager, said that the new rate schedule would have no immediate effect upon the great majority of residential electric customers. It reduces the cost of service to customers who have a load of 10 kilowatts or more, and provides new, lower 1 1/2-cent and 1 1/4-cent per kilowatt hour "steps" in the CPL rate schedule which will benefit large-use customers. Previous low "step" in the CPL rate schedule has been two cents per kilowatt hour.

The rate adjustment reduces the price of electricity during the five winter months to 1 1/2-cent per kilowatt hour for all use in excess of 1,000 kilowatt hours per month. During the other seven months the 1 1/4-cent rate becomes effective at 2,150 kilowatt hours of use per month or more, depending upon the customer's load.

The new rate schedule also contains a fuel cost adjustment clause, which will cause the price of electricity to all residential customers to rise or fall according to the price paid for fuel used in CPL power plants. This clause will have no effect upon rates this year and probably not in 1959. It is anticipated that an increase of one-half of one percent will result during 1960 for residential customers. For today's average customer using 200 kilowatt hours of electricity per month, this would increase the monthly bill by four cents.

Although the new rate advantages for large use and winter use affect comparatively few customers today, Hardeman pointed out that electric service is doing more jobs for more people every day.

As people continue to live better electrically, he said the new rates would be an extra inducement for electric space heating, summer cooling and all-electric living generally.

The CPL manager also explained that under the new schedule, the installation of a demand-type meter might possibly mean a reduction in the size of the monthly bill, while in the past, this type of meter has sometimes caused an increase.

Mrs. Helen Zorn, Aransas Pass, was admitted to Elliot-Hughes Hospital on the 7th for treatment.

Katherine Malloy, of Aransas Pass, was admitted to Elliot-Hughes Hospital for medical treatment.
