DOMINICAN BAUXITE NOW MOVING THRU PORT OF ROCKPORT

Dominican bauxite, to augment ore from Suriname, South America, is now moving through the Port C. of C. President, of Rockport, bound for Alcoa's new alumina plant at Point Comfort, making available a new source of this ore for the U.S. aluminum in-

The bauxite was placed aboard the ore carrier, "Dispatcher," at Cabo Rojo, site of an ore loading station recently completed by Alcoa on the Dominican Republic's southwest coast. The ore was transported by truck to the seacoast loading station from a mining location at Aceitillar 21 miles inland.

This ore shipment culminates several years of exploration and development work by Alcoa Exploration Company in Dominican Republic at an initial cost of \$14 million.

Upon its arrival in Texas, the bauxite was unloaded into barges at a temporary ore transfer station at Port Aransas. The transfer station, located 70 miles from the Point Comfort refining plant, is a temporary expediency created by Alcoa to accommodate ore shipments pending completion of the Matagorda Bay ship channel, approved by congress last year. The channel will be constructed by the U. S. Engineers, subject to appropriation of necessary funds. The ore now is being barged through the Intracoastal Canal and Mata- year. gorda Bay to Alcoa's Point Comfort docks.

This week's shipment was a sucsaid, and regular shipments of urer. Dominican bauxite will begin in week, the new Point Comfort refining operation received its first shipment of Suriname, South of ore which it also is equipped to refine.

Avoid Last Minute Inspection Rush April. 15

The Texas Department of Public Safety warned motorists of the inconveniences of a last-minute rush at safety inspection stations before the deadline, April 15.

More than 3,000,000 of the 4.000,000 Texas motor vehicles have yet to receive their 1959

safety inspection sticker. In urging motorists to "do their safety shopping early" and avoid the rush at the 4,400 inspection stations, the safety department the University of Corpus Christi, Northside Baptist Church, there warned that those who fail to do so will be subject to traffic sum- Church's morning and evening the Rev. Submerged Land Bill Planned

Of interest to many local residents along the waterfront, who have been filling the land in front of their properties, is legislation to be introduced at this session to the Texas Legislature to sell submerged lands, if plans made by State Senator Bruce Reagan of Corpus Christi are carried out.

As chairman of the submerged lands committee of the Texas Legislative Council, Reagan plans to introduce a bill authorizing the state to dispose of submerged riparian lands along the coast line. It is designed to assure private ownership in such cases as those along Ocean Drive in Corpus Christi.

Atty. Gen. Will Wilson has ruled that many of the improvements by residents along the Corpus Chrsti Bay front on Ocean Drive belong to the state in cases where the improvements are on submerged lands. The Reagan bill will authorize the state to sell or lease this land to the private owners. Under present statutes this cannot be done, Reagan said.

Serving with Reagan on the committee were Reps. Menton J. Murray of Harlingen, Harold Parish of Taft, and R. H. Cory of Victoria.

IN STORES HERE SATURDAY NIGHT

Two local businesses were broken in on Saturday night, and a third attempt was made without success. Picton Lumber Co. and the Rockport Lumber Co. were entered, while glass in the front door of West's Red & White was broken without the thieves gaining entrance.

At Picton's the office was ransacked, a small private dispatch pened, and \$24 was taken.

At Rockport Lumber, \$32 in cash was taken, along with an antique pistol, and the safe was battered to the point that expert help had to be called in to open it.

SOME PEOPLE

Some people just ask for trouble. Take Alec Thomas Nolan, for instance. Alec was up around Anahuac the other day, and, according to all accounts, needed transportation, and is alleged to have taken off with the nearest automobile, never bothering about the fact that it belonged to someone else.

This caused Sheriff Louis Otter, who enforces the law around those parts, to put in a call for the sheriff's department here, to see if Alec wasn't in Rockport. Deputy Sheriff Mundine took the call.

While Alec had been off in foreign fields, his brother, Jerry, is said to have imbibed a little too freely and Deputy Slim Haynes jugged him about a week ago. After Justice of the Peace Iansen fined him a hundred and costs had to lay it, out in jail and will

be there for some time yet. Deputy Mundine heard the noise, looked out, saw Alec, remembered what Sheriff Otter had said, and now there are two Nolans in the juzgado. Alec is being held for Anahauc authorities, who want him on warrants for car theft and theft over \$50.

FIRE DEPARTMENT THANKS PEOPLE THAT HELPED

Dick Fox, fire chief, says that members of the Rockport Fire Department want to thank all those people that helped last week, when the disastrous fire broke out on Austin Street, and those spectators who, by their orderly conduct, made it possible for the department to function at full efficiency.

He also stated that they were very grateful indeed for the assistance rendered so promptly by the

The Newest of Everything Great!

The Greatest of Everything New!

Smart looking? You bet! And comfortable, too!

Sure, styling is important in a new car. You expect a new car to be sleek and smart - but not at the expense of comfort. Yet in trying to design a car as low and modern looking as the Swept-Wing Dodge, some '59 cars have practically designed out the people. Not Dodge. It's designed around you. It's easier to get into (no protruding door posts), easier to get out of (no high door sills to trip over), more comfortable to sit in (there's room to spare). All this and Swivel Seats, too!

OUR NEW YEAR'S RESOLUTION TO YOU

Happy New Year to everyone in Rockport from all of us at the Telephone Company.

Since this is the season for resolutions, I thought you might want to know a little bit more about a resolution that we try to follow 365 days a year in providing telephone service to you and your neighbors.

Here it is -

WE DEFINE OUR OBJECTIVES

"Our objective is to furnish the best possible telephone service at reasonable cost - a cost consistent with financial safety and fair treatment of employees.

"Service ranks above everything else in this policy. And the only good service is one that is continually improving. To furnish this service we need the best people, the best equipment, the best methods, and the best management we can develop.

"Reasonable cost has been defined as one that produces an ever-growing public demand. Our equipment, training, and methods would net us nothing if the cost of service became so high that people would not buy it.

"Financial safety should not be endangered by setting the price too low. In the long run, a price that provides profit enough to undertake new research and development results in better, cheaper service to the public.

"Fair treatment of employees means good pay, good working conditions, reasonable job security, and opportunity for advancement based on merit. It is people - employees - who are the most important element in the success of any business.

WE ACCEPT THESE RESPONSIBILITIES

"TO THE EMPLOYEES . . . provide machines, methods, equipment, direction, leadership, job training, incentives to progress, selection for promotion.

"TO THE PUBLIC . . . more and better service at a reasonable cost. Contributions to public welfare and national defense.

"TO THE OWNERS . . . run business in a sound, profitable manner.

LOOKING AHEAD

"Progress has long been the keynote of the telephone business. And, if business forecasters are anywhere near correct, the next 20 years will bring more growth and development than we have ever seen before.

"The future can be faced confidently with a policy of equal consideration for owners, employees, and the public.'

That's probably the longest resolution you've ever heard about, but it takes a lot of effort to give you the best in telephone service.
