# The Rockport Pilot

THE ONLY NEWSPAPER PUBLISHED IN ARANSAS COUNTY

Vol. No. 90

ROCKPORT, ARANSAS COUNTY, TEXAS, THURSDAY, NOVEMBER 26, 1959

No. 34

## Along The Waterfront

Mr. and Mrs. Frank Farmer of Mountain Home, Ark., staying at Balboa Courts, brought in 45 lbs. of dressed trout Friday from Rockport harbor.

Mr. and Mrs. C. H. Herman, of Joplin Mo., and son-in-law, Dan Van Meter of Dallas, 160 nice trout, wade fishing.

Mr. and Mrs. W. S. Renfro, Frederick, Okla., 75 pounds of trout, 3-lb. size, wade fishing.

Mr. and Mrs. Earel Coldiron, Enid, Okla., 150 pounds trout, basin and pier fishing.

A trip to Mesquite Bay resulted in a catch of 182 fine reds and trouts—all better than medium size, for T. E. Mynyard, T. C. Walters and O. W. Brymer last Tuesday.

Juanita and Burl Wagley of Rockport, and Merle and Neal Palmer of Corpus Christi, landed 55 nice trout in the Rockport basin Sunday morning. The string included a 6 1/2 pounder landed by Burl Wagley and a 5-pounder by Neal Palmer.

## Mrs. Law Tells Of Alaskan Experiences

Mrs. Jot B. Law, daughter of Mr. and Mrs. Babe Aikman of Rockport, newly-returned with her husband from several years in Alaska, was in the Pilot the other day and, remembering the interesting letter from her we published a year ago, we asked her to tell us something of the 49th state. Mrs. Law's article follows:

It's good to be home in Rockport. Less than three weeks ago, we left Fairbanks, Alaska on a bitterly cold snowy night. Our friends, in fur-trimmed parkas, mukluks and mittens, were there to see us off, and our family was shivering in the state-side coats and shoes we'd bought for the trip. Three times we were delayed from taking off, first, because of general bad weather, second, after we'd taxied to the end of the runway, because of icing on the wings, and again, 5 hours later, we waited for forty minutes for snow-plows to clear the runway.

After 3 years of getting used to that sort of weather, it is delightful to us to stand in the warm Texas sun, and breathe in the salty sea air. Our children are amazed at the things most of you take for granted. Last night our three-year-old son saw the stars for the first time, and couldn't stop talking about them.

Of course there are stars in Alaska, but usually they are seen on very cold, clear winter nights, when a small child would never be outside. In summer, the stars and moon are seldom seen, as there is daylight all the time. To us, the long daylight hours were harder to take than the winter darkness. People wander about at all hours, kids play tennis at midnight, and very often neighbors get together for a kaffe klatch on the back step at 1 or 2 a.m. Small children are confused as to whether it is night or day, and stay awake in their beds until all hours. A sort of wakeful madness takes over people until they get used to their insomnia. On the 21st of June, there are all-night ball games which are well attended, though some people prefer to go to the hilltops to watch the sun that never sets.

This is the growing season when cabbages grow big as bushel baskets, radishes big as turnips, and turnips as big as grapefruit in 2 or 3 months. Peas and beans do well, but try as we would, we could never get a green onion up more than an inch or two out of the ground. Nothing that needs very hot sun will grow, as corn, okra or tomatoes.

In interior Alaska, the soil is very poor—mostly sand and gravel (continued on page 4)

## Aransas Co. Men To Attend Water Meeting In Sinton

Four Aransas County men will be among the seventy-five or eighty civic leaders, county and city officials and others that will meet at Sinton on Dec. 3, at 6:30 p.m. to form the Coastal Bend Water Planning Committee which, it is hoped, will include members from seven counties.

This meeting is the outgrowth of an earlier one at Alice, after which representatives of Kleberg, Jim Wells, Aransas, Nueces and San Patricio counties were appointed. However, at this meeting, because of the apparent interest of Bee and Refugio counties, they have also been invited to send delegates.

According to an agenda issued for the meeting, which will be held at the Colony Club, an organization will be set up, after which various speakers will review the progress made so far in establishing water development objectives and possibilities for the seven-county region; decide upon long range objectives; organize a planning committee and various sub-committees; appoint the sub-committees; and to plan future meetings and time schedules.

Suggested long range objectives include discussion and determination of the interest and wishes of the various cities and counties; to decide what type of action the committee wishes to take in regard to a regional plan; to formulate the plan, and to decide on an organizational structure to accomplish the objectives.

The agenda suggests that local hearings be conducted within the region affected; that reports on various local problems be obtained and evaluated; and that the necessary legislation be drafted for accomplishing the regional program.

Attending from Rockport will be Jack McCready, president of the Chamber of Commerce, James A. Jarboe, county surveyor, Harold Picton, and Jack Baughman, who were appointed to the Aransas County Water Committee shortly after the Alice meeting.

## ACHS Places Four On 30A All-District Team

Tommy McCabe, Monte Rouquette and Richard Happner of Aransas County High School were unanimous choices in a coaches poll for the All-District 30A team along with Dickie Jacoway of Gregory-Portland, and one other ACHS Pirate, Jim Weatherly was elected to the first team.

The first and second all-district teams are as follows.

**First Team**  
Ends: Monte Rouquette, ACHS, Senior; Wilburn McDonald, Ingleside, Junior.

Tackles: Jim Weatherly, ACHS, Senior; Woodrow Cook, Ingleside, Senior.

Guards: Clayton Glover, Ingleside, Senior; Tommy McCabe, ACHS, Junior.

Center: Scott Gregoreyk, Mathis, Senior.

Backs: David Coffin, Mathis, Senior; Richard Happner, ACHS, Senior; Milton Gillespie, Woodsboro, Senior; Dickie Jacoway, Gregory, Senior.

**Second Team**  
Ends: Joe Villareal, Mathis, Senior; Carl Snyder, ACHS, Senior.

Tackles: Kenny Dean, Ingleside, Junior; Wesley Coffee, Gregory, Senior.

Guards: Gene Gregory, ACHS, Senior; Richard O'Donnel, Woodsboro, Junior.

Center: Guy Clark, ACHS, Senior.

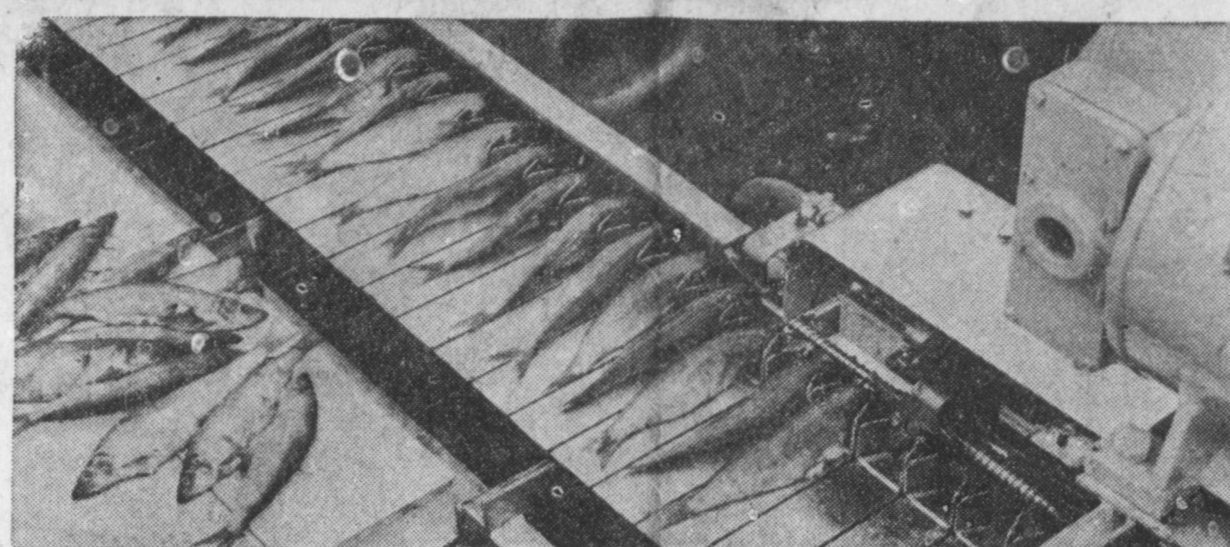

Backs: Hayes Warden, ACHS, Senior; Larry Jones, Ingleside, Junior; Hollis London, Mathis, Senior; Allen Pullin, Woodsboro, Junior.

**ALL CITY, COUNTY OFFICES CLOSED TILL NEXT MONDAY**

All city and county offices will close Wednesday night for Thanksgiving, and will not reopen until Monday, Nov. 30, for business.

## MRS. BRUHL IN HOSPITAL WITH SERIOUS ILLNESS

Mrs. A. L. Bruhl, overtaken by sudden illness Saturday in her home here, is in Spohn Hospital in serious condition, but is showing some signs of improvement.

RED HERRING MACHINE—Fish are processed on an assembly line aboard the ship Lamut, built in Japan for the Soviet fishing fleet. Automatic devices can process up to 120 tons of herring a day.

## Pirates Lose To Kenedy

The Aransas County High School Pirates journeyed to Kenedy Friday night to take a shellacking from the Lions in the first game either one has entered as undisputed champion in eighteen years, and came out on the short end of a 32-6 score.

Kenedy didn't have a thing but a terrific forward wall, a good quarterback, and power runners in Brown and Rice that were sufficient to gain almost at will. Not that the Pirates didn't try. They did. They never quit, but when you run a 135-pound back like Pena up against a 235-pound tackle active enough to block a kick, there can only be one result. The smaller player, unless he's Eddie LeBaron, is going to bounce and bounce hard.

The Pirates played a good game they just didn't have the weight and power to cope with the Kenedy eleven. And James Brown, fifteen-year-old sophomore on the Lions, was something to cope with. He's not fast, but he's the shiftiest runner to appear on the South Texas school boy horizon in many a year, and repeatedly it took two, three and four, and even five Pirates to stop him.

But in the regional playoffs, (Continued on page 8)

## Band Makes Fine Showing At Victoria Contests

Six Aransas County High School twirlers received Division One ratings and five were awarded Division Two in the Interscholastic Marching Band and Twirling Contest held Tuesday at Victoria, in which 25 bands and over 100 twirlers participated.

The band received a Division One rating at inspection of uniforms, equipment and deportment, and a Class IV rating along with four other Class A bands, only two in the eight-band class out-ranking them.

Division One twirlers from Rockport were Carla Eller, Patricia Webb, DeRema LeFevre, Suzanne Keith, Janice Garrett and Jeanie Diederich. Division Two ratings included Pat Elder, Sue Johnson, Caroline Clark, Annette Gardner and Linda Eller.

Band ratings in Class A were: Industrial of Vanderbilt, II; Yorktown III; Aransas County, IV; Ganado, IV; Shiner, IV; Pettus, IV; Woodsboro, IV; Tidehaven, V. Ratings of the other bands that took part in the contest were as follows:

Class AAAA: Victoria High, with a rating of I.

Class AAA: Port Lavaca, II; Cuero, II; Beeville, III.

Class AA: Yoakum, I; Edna, II; Goliad, III; Hallettsville, III; Refugio, III; and Palacios, V.

Class B: Nordheim, III; Sheridan, III; Skidmore-Tynan, IV; and Pawnee, V.

Class CC: Patti Welder Junior High, Victoria, IV; Crain Junior High School, Victoria, IV; and Travis Junior High, II.

Out of the total of 25 bands, there were two Division I ratings, five Division II, seven Division III, eight Division IV, and three Division V ratings.

Joe Randow, director of the Pirate Band, said that it put on its finest performance of the season, and that he was proud of the precision with which bandmen executed their drills.

Considering the fact that he has had a band composed largely of 7th and 8th graders, with only a few senior high band students, Randow and the school are to be congratulated on the fine showing, especially in view of the fact that this year's contests were much stiffer than in former years.

## PROCLAMATION

By PRICE DANIEL  
Governor of Texas  
Austin, Texas

### GREETINGS:

The University Interscholastic League was founded in Abilene, Texas, in December, 1910, and has been operated since that time as a Bureau of the Division of Extension of the University of Texas, Austin.

From this beginning, the Interscholastic League has experienced a continuous growth during the last fifty years, and presently sponsors competitions for Texas high school, junior high school and elementary school students in music, number sense, debate, declamation, poetry reading, original oration, extemporaneous speaking, one-act play, ready writing, journalism, spelling, typewriting, shorthand, slide rule, story telling, picture memory, baseball, tennis, basketball, golf, volleyball, track and field, and football.

The University Interscholastic League last year had 2,450 member schools and almost 300,000 student participants, and ranked as the largest organization of its kind in the world.

The 1959-60 school year marks the fiftieth anniversary of the Interscholastic League. This observance will culminate at the 50th Annual University Interscholastic League State meet to be held in Austin on May 5, 6 and 7, 1960.

THEREFORE, I as Governor of Texas, do hereby designate the week of December 6-12, 1959, as UNIVERSITY INTERSCHOLASTIC LEAGUE WEEK in Texas, and urge school administrators, classroom teachers, students and citizens to pay tribute to the organization which has provided fifty years of valuable and successful service to the public schools of Texas.

In official recognition whereof, I hereby affix my signature this 9th day of Nov. 1959.

PRICE DANIEL  
Governor of Texas

## Picton Nominated For Director's Post on CBTA

Dick Picton of Rockport is one of eight persons nominated yesterday for four posts on the Coastal Bend Tourist Association board of directors.

They are Glenn Alexander of Jess Edwards, Inc.; Jim Brace of Moreman Tire Co.; John Bonney of Corpus Christi Bank and Trust; Elbert Cox of Cox Realtors; Jack Craveling of Craveling Motor Co.; W. H. (Bill) Hawn of Hawn Bros.; John P. Mitchell of SAMSCO; and Dick Picton of Charles T. Picton Lumber Co., Rockport.

Oscar Koepke, nominating committee chairman, said ballots will be mailed to 400 CBTA members today. He said the deadline for return of the ballots is Tuesday.

The votes will be tabulated Tuesday at the annual CBTA membership meeting at 3:30 p.m. at the Driscoll Hotel Terrace Room. A committee selected by CBTA President Lon C. Hill will count the votes.

The new directors, who will serve three-year terms, will take office Jan. 1.

## LOCAL MAN FINDS PEARLS

Tinker Thompson, of Bayview Clinic, sat down to a dinner of Rockport's famous oysters the other night and, like Jack Horner, stuck in his thumb and pulled out not a plum but a pearl necklace—or anyway, almost a pearl necklace.

There were ten pearls in the bivalve, five of them about the size of a pea, the others about half as big. The oyster tasted just like any of the rest, he said.

## Victoria Artist Wins Top Prize

Ronald Hoffman, young Victoria artist, won top award at the Rockport School of Fine Arts Show which closed Sunday night with his painting of sand dunes, entitled "Mustang Island" against 49 other Texas artists who exhibited 330 paintings.

Internationally famous judge, James Buchanan Winn, Jr., architectural sculptor and muralist, the exhibition as one of the finest of its kind that he had seen in Texas, and one that was exceedingly hard to judge because of the high quality of the canvases shown.

The awards were presented by Emory M. Spencer, local art patron and oil man. Those receiving them were:

Figure: Nancy Sue Everett, Beeville, first; Mrs. Willis Meigs, Rockport, second; Miss Quillian Garrison, Angleton, third; Albert Collier, Galveston, honorable mention; Miss Charlotte Krobst, Bay City, honorable mention.

Landscape: Miss Lorna Hamilton, Rockport; Mrs. B. M. Vagliente, League City; Miss Jeanne Davenport, Victoria; Mrs. Linda Bayer, Victoria; Mrs. Audrey Linebaugh, Victoria.

Still Life: Mrs. Camp Ezell, Freeport; Mrs. Ella Mielsch, Bay City; Mrs. Betsy Curlee Campbell, Goliad; Mrs. Gurtrude Triplett, George West.

Marine: Ronald Huffman, Victoria (with another painting of the sand dunes and shore on Mustang Island); Mrs. Virginia Higgins, Victoria; Miss Mary Edds, Corpus Christi; Mrs. Kit Dinger, Los Altos, Calif.; Mrs. Barbara Williams, Beeville.

Free Composition: Mrs. Betsy Curlee Campbell, Goliad; Miss Frances LeBlanc, Rockport; Miss Marsha Spence, Beeville; Mrs. Nora Wood, Seabrook; and Mrs. James A. Jarboe, Rockport.

Others exhibiting were Mrs. R. S. Frankenberg, Mrs. Lora Ritchey, Dalhart Dindberg, Valdemar Krump and Mrs. Charles Beyer, all of Victoria.

Miss Mary Louise Gerant, H. C. Stinson, Mrs. Mary Ann Tanner, Miss Nancy Holbert and Royce Lummus, Corpus Christi.

Mrs. Pearl Donaway, Miss Ethel Manning and Mrs. Ruby Petrichka all of Bay City; Mrs. T. Vonelle Markusen, Berclair; Mrs. Margaret Martin, Miss Angelina Wood, both of Beeville; Mrs. Frank E. Rooke, Woodsboro; Mrs. W. L. Piper, Beaumont; Miss Jane Simmons and Miss Mary Stockwell, Angleton.

Miss Maxine Clinton, Mrs. Grace Lentz, Tommy Thompson, and Mrs. N. F. Jackson, all of Rockport. Also Miss Pamela Harris, of Grand Forks, North Dakota.

Approximately 30 paintings were sold during the show, bringing the artists a little over \$1,000.

Winn was enthusiastic over the exhibition, which he said was of "Texas size," the high quality of the paintings, and the setting beneath the huge live oak trees on the school grounds.

## ALL-DISTRICT SINGING SLATED SATURDAY-SUNDAY

There will be an all-district Singing Convention at the Aransas County High School Auditorium in Rockport on Saturday night and Sunday, Nov. 29-30. Singing will begin at 7 p.m. Saturday, and will go on all day Sunday, according to Guy Epps, president of the organization. A box lunch will be held Sunday.

## United Fund President Says Charities Will Have to Take Less or People Will Have to Give More If Quotas Are Met

Charitable agencies depending on the Aransas County United Fund are going to have to accept a 30% reduction in the amounts requested, according to President Harold Picton, or else a secondary and intensified drive will have to be made.

Only \$7,000 or a little over has been collected, Picton said, against

a budget of \$10,000, and local youth agencies, the fire department, and similar charities will not receive their full quotas.

This failure so far has been attributed, to two things, a shortage of workers for the drive which was staged earlier, and a disinclination on the part of many people, including businesses, to give more than a dollar, and some of them didn't even give that.

"Despite an intensive campaign of education," Picton said, "many people persist in regarding the United Fund as just one more charity, to be put off with as small a donation as possible, rather than a collective charity, organized to relieve them from the nuisance of repeated drives for two or three dozen charities." We hope that here, just before Christmas, some of the people that were overlooked, or who overlooked giving, will examine their finances again, and help pull the Fund out of the hole.

The president then went on to say that he was in process of appointing a nominating committee to pick candidates for the twelve directors needed to fill expiring terms, but these would be announced later.

## UNION SERVICES PLANNED BY LOCAL CHURCHES

Local churches will hold a union Thanksgiving service Wednesday night, Nov. 25, at 7:30 o'clock in the sanctuary of the First Baptist Church with Pastor C. Wilson Brumley presiding and delivering the invocation. Mr. Harry Carter, lay minister of St. Peter's Episcopal Church, will read the Scriptural lesson.

The Rev. A. H. Bankert, pastor of the First Methodist Church, will deliver the sermon; music will be under the direction of Mrs. Gene Everett and the First Methodist choir.

Rev. Eulon Mills of the First Baptist Church at Fulton, will deliver the benediction.

## Girl's Basketball Starts Dec. 1

## Local Teachers To Attend Meet

Representing the Aransas County Local Unit of the 81st annual meeting of the Texas State Teachers Association will be local unit president Mr. Tom Dannelly. The meeting to be held in San Antonio on Nov. 26, 27 and 28. The highlights of the meeting will be speeches by Senator Lyndon B. Johnson and Dr. John H. Furbay and a special musical program of Fred Waring and his Pennsylvanians.

The business session of the convention will be held on Saturday morning when the House of Delegates is expected to pass on a request that Governor Daniels call a special session of the Legislature to consider the school legislation as proposed by the Hale-Aiken Study of two years ago.

The teachers are recommending that only a portion of this Citizens Report be enacted at this time. A proposed increase in teacher salaries will raise Texas from its present position of 31st in the nation and hold many teachers in the state who each year leave for states paying higher salaries.

The proposed increase in the maintenance and supply allowance and the increase in transportation funds will greatly relieve the schools who are now faced with higher prices (continued on page 8)

## FIVE ANNOUNCE FOR POLITICAL OFFICE

Mrs. Margaret Court Weber has announced for the office of tax assessor-collector which will be left vacant Jan. 1, 1961, when the offices of sheriff and tax assessor-collector are separated.

Mrs. Weber has worked for many years under various tax assessors-collectors in Aransas County. She served under Albert Brundrett, Mrs. Alice Thomerson, A. R. Curry and the present incumbent, A. C. Shivers. She is at present chief deputy tax assessor-collector under Shivers. She also worked in the tax office of the Aransas County Independent School District.

R. Y. (Bob) Ayers who filed last week, has lived in Aransas County for the past 15 years. In 1950 he was appointed the first tax assessor-collector for the Aransas County Independent School District and held that office for 3 1/2 years.

He resigned that office in 1953 to enter accounting and bookkeeping work which he has done for the past 23 years.

Mr. Ayers has served as Cub Scout committeeman and has been active in scout work.

Two have announced for the office of sheriff. First was Elva Mullinax, a life-long resident of the county. The present sheriff, A. C. Shivers, also has announced for re-election.

W. B. Allen, county commissioner of Precinct No. 1, has announced for re-election to that office.

## ROCKPORT P-TA CLEARS \$667.99 ON HALLOWEEN FETE

The Rockport P-TA, at its regular meeting heard the report of the Halloween Carnival Committee, which showed that a net profit of \$667.99 was made, to be devoted to the organization's projects. Mrs. Hazel Prophet and A. L. Griffith, Jr., spoke on teaching methods and special problems that are associated with children at various age levels. Joe Randow, director of the Aransas County High School Band, discussed needed school legislation and urged those present to contact their state legislators asking for a special session at which this legislation could be enacted.

The room count prize was awarded to the second grade class taught by Mrs. Golda James.

## NICK CARTER NOW COMMERCIAL MOTORS SALESMAN IN ROCKPORT

E. H. (Nick) Carter has been appointed local representative for Commercial Motors, of Aransas Pass, to sell both new and used cars.

Carter, well known in Rockport, retired from the Air Force three years ago as a master sergeant, and has made his home here ever since.

He is a member of the Presbyterian Church and the local Masonic lodge.

## BANK TO CLOSE

The First National Bank will be closed all day Thursday, Nov. 26, in observance of Thanksgiving Day.

—and produces naturally, very poor crops. We were amazed to learn that less than 1% of the total land area is under cultivation.

One year we did raise some beautiful flowers. The nasturtiums went absolutely wild, and climbed straight up the wall of our house.

It is disconcerting to see so many people who believe homesteading in Alaska is the answer to all their problems. It's just about the toughest job in the world though of course it can be done.

Wild animals are a common sight around the Fairbanks area. Hungry bears can be seen frequently around the dump. During our first spring, a cow mosee at the clothes right off my line.

In winter, people develop short tempers and long faces. Long before the winter is half over, everyone is weary of the sparse recreation available and the old TV programs.

Gambling is an open sport in Fairbanks and the interior area. The largest lotteries are held in the spring when chances are sold on the exact minute, hour and date the ice goes out in the Chena and Tanana Rivers.

the minute, hour and date when the thermometer first stood at zero. Bets are placed on dog races in the spring, and football games in the fall.

Since statehood, little has changed. Government officials were duly elected and sent to Juneau (accessible only by ship or plane), but little has been accomplished to better the new state.

Alaska, in particular the interior, is so remote that you forget how life is "on the outside," as the smaller states are referred to. Traffic, what there is of it, moves at a snail's pace.

In Fairbanks, you soon learn a special type of inventiveness in order to cope with unusual situations. Once when our well water was worse than usual, we called a man to fix it.

Once our brake lights froze in on position, and we had to use a pick-ax to break through the ice on the floorboard to turn them off.

Yes, Texas and Rockport in particular look awfully good to us. Living seems mighty easy. While we're enjoying the sunshine here, radio announcers back there are drearily saying, "we have seven minutes less of daylight today."

the top of it and immediately went down at the other end. Fishing is over in Alaska until next June, but today we caught all the trout and reds we could haul home from the end of our pier.

Our friends we left behind won't see the ground again until May, but our children are gathering sea shells today. It's wonderful to be home, and we keep remembering the British woman who gave us the best description we've ever heard of Alaska.

So—if you're dreaming of a white Christmas, don't talk to us. We're looking forward once more to a green one.

Hamilton P. Bee was appointed Brigadier General to command the 29th Brigade. Bee was well known and popular within his Brigade District.

A HISTORY of Rockport, Fulton, St. Mary's, Lamar and El Copano By Mrs. Will W. Wood

The county clerk took prompt and effective measures to guard against a slave uprising. The war having become a certainty, the court, on July 27, 1861, appointed patrols over the entire county.

The Texas contemporaries of the Civil War, were unanimous in stating that common table salt was one of the most needed commodities during the war.

In Refugio County many men answered these early calls to service. In our county were men who had settled here not long enough to wear their first love from their native states.

During April and May 1861, five volunteer companies were raised in Refugio County, they being: 1. The Refugio Guards; 2. Captain William T. Townsend's Home Guards of St. Mary's Precinct;

John Low's Rough and Ready Home Guards. Major John H. Woods, was later commissioned a Lt. Colonel in the Coast Guard and later was active in the re-creation of Corpus Christi from the Federals.

James M. Doughty, one of the founders of Rockport, enlisted in Captain M. M. Kenney's company K of the 21st Texas Cavalry on Sept. 20, 1864.

The Ninth Legislature, on December 27, 1861, enacted a law putting the state on a war footing. The law provided that every able bodied white male inhabitant of the State, between the ages of 18 and 50, should be liable to perform military duty, with certain exceptions.

At the adjournment of the session of the ninth Legislature, Alfred M. Hobby resigned his seat in the house, so that he could devote his entire time and efforts to raising a battalion of infantry for service with the 29th brigade.

In addition to the honoree, the guest list included Mrs. Travis Bailey, Mrs. John A. Cox, Mrs. E. T. White, Mrs. H. A. McDonald, Mrs. E. E. Anderson, Mrs. F. H. Prescott, Mrs. Rae Glass Smith, Mrs. Robert L. Stewart, Mrs. Bert Donnell, and Mrs. Jones Christian of Claude.

Mrs. Wilson Brumley told the Missionary story of "Paul, the Traveler."

In the business session an offering was taken for the Circle's Thanksgiving community project.

During the social hour the following ladies were served refreshments:

Mrs. Mabel Bryant, Mrs. Terry, Mrs. Alice Ballou, Mrs. Mabel Thompson, Mrs. Roy Mullinax, Mrs. Jim Smith, Mrs. Wilson Brumley, Mrs. W. S. Sanders, Mrs. Katherine Barton, and the hostess, Mrs. Calvert.

**METROPOLITAN MAIL DELIVERY STILL LEAVES MUCH TO BE DESIRED**

The so-called metropolitan mail delivery, about which we wrote last week, continues to leave much to be desired, although we are frank to admit that some of the foul ups may be occasioned by carelessness either in the post offices or among the people from which the mail emanates.

At any rate, most of our papers came in this week on schedule, all except the Woodsboro News, which is published on Friday and arrived in our box Tuesday morning. We could have walked to Woodsboro and back in that time it's only about forty miles.

**Alice Economy Based on Oil And Agriculture**

Alice—This community, built on agriculture and oil, can remember the sound of boot heels on wooden sidewalks, the disturbed yapping of coyotes protesting civilization's advance, and the howlings of longhorns, even though, in its second fifty years, it has spread over the landscape like a flooding river of progress.

At heart, despite automobiles and TVs, Alice is still a cow town, though booted riders no longer squat on their heels in front of the post office to roll Bull Durham cigarettes and retail rangeland gossip and news in their slow Texas drawl, while ponies, reins dropped in the dust, dozed in the sun.

Sired by the railroads at the expense of an ambitious and obstinate community known as Collins—which died when it refused to move to the junction of the Texas-Mexican and the San Antonio and Aransas Pass—Alice did nothing spectacular in its first half century. It became the junction of U. S. Highways 281, 44, and 58, sometime during the period, and some unsung genius used these and its two railroads as the basis for its nickname—The Hub of South Texas—but it was not until the early 1930s that Alice began to emulate Jack and the beanstalk.

In 1933 oil was discovered in Jim Wells County, of which Alice is the county seat, and the city became an oil center practically overnight. Today there are over 171 oil and gas fields operating or listed by the Texas Railroad Commission, including the fabulous Seeligson, which has produced oceans of oil.

A recycling plant was added to the city's assets, and in addition there are close to a hundred oil field equipment, supply and servicing companies among its business firms, while the number of other businesses approaches 1500, partly as a result of concerted action through an industrial foundation.

And at the most recent agricultural census, Jim Wells County had 874 farms and ranches, so livestock still plays an important part in the region's economy, with Alice rated as the fifth largest market in Texas. Gross sales of

livestock commission companies in the city annually exceed \$10 million, and the livestock population normally amounts to more than a quarter of a million head.

At the last census, in 1954, Jim Wells County had 56,696 beef cattle, 1650 sheep, 694 goats and 2872 horses. There were also 9763 dairy cattle, for this is an important part of the area's agricultural activities. More than 2,000,000 gallons of milk are produced annually, coming from more than 325 separate producers. Knolle Dairy Farms, in the northern part of the county, has the largest herd of Jersey cattle in the world.

Living conditions in Alice are those that might be expected in a town that has grown rapidly recently. Between 1910 and 1940 the population increased at a rate of about 188 per year. Between 1940 and 1958, it shot up to an estimated 22,945 people, with two results.

Enthusiasm and enterprise have been given a shot in the arm, but, on the other hand, several civic problems have been aggravated. Facilities have not always expanded as rapidly as the demand, and this is particularly true of school, hospital and recreational establishments. Likewise the housing situation is not entirely satisfactory, from quality and cost viewpoints.

A number of business blocks need modernization, as do a comparatively large number of store fronts.

Some of these business blocks are being replaced, while store modernization is underway in others. A full time recreational director was employed a year or so ago, and the school board is doing everything possible to meet the rise in scholastics.

Two annual affairs are in keeping with the general character of South Texas: the Jim Wells County Fair and the Alice Youth Rodeo, while an oil country shindig, The South Texas Blowout, is held every thing year, just to keep the pot boiling.

There are three banks and two savings and loan associations operating. Combined bank deposits were \$20,800,000 at a recent call, and bank loans at the same time were \$8.8 million. Deposits in the savings and loan associations total more than \$16 million, and their loans are over \$13 million.

Bonded indebtedness of the city, as of the first of this year was \$2,772,500, of which \$1,249,000 were revenue bonds, and \$1,523,500 supported by taxes. The Jim Wells County debt on the same date was \$1,612,000, while school district bonds amounted to approximately \$1.9 million.

City fathers, aware that Alice must have a plan of growth are banking heavily on a number of things, and point out that besides livestock and the fifteen million barrels of oil produced annually, there are other raw materials in the area that are not being used to their fullest extent. Among these are caliche, sand, gravel, clay, and an estimated 13,000,000 tons of gypsum, found in a deposit between Alice and Fallmorris.

Dependable supplies of electricity and gas are available, and the supply of water is adequate for the present. Twelve wells, yielding 4.5 million gallons a day, are now in operation, and Alice has never been rationed, even in periods of low rainfall.

It is obvious, however, that water for industrial use is a limiting factor at present. City officials recognize this fact and have initiated a comprehensive, long-range plan for development of an adequate and assured water supply. This plan involves taking of water from the Nueces River and other smaller streams in the region, and by means of canals, pipelines and storage reservoirs pumping water to a large impoundment just north of Alice, from which the city can draw its water.

The Alice Chamber of Commerce has just started construction of a \$28,000 office building. This, when completed around the first of the year, will contain, besides the Chamber office, meeting rooms to be used by local organizations.

The city and county operate the municipal airport jointly, and are pushing improvements, both of facilities and service.

The past two years have seen the greatest growth in commercial building in the city's history, and this is expected to carry over for the next year.

In addition, the Chamber of Commerce has been attempting to start commercial cattle feeding in the region. Several trips have been made by various groups and individuals throughout the nation, to learn more about the various phases of this on a large scale.

And, last but not least, the Master Plan for the City of Alice is now being prepared by a Houston firm, and is to be completed within the next year and a half. Great expectations are held for the future growth of the city through this planned development program.

**IT'S THE LAW**  
*in Texas*  
 A public service feature of the State Bar of Texas

**Legal Health**

Are you in sound legal "health"? It costs much less to avoid legal trouble than to get out of it once you are in. Hence the family lawyer.

But since you can't go running to him all the time, how do you spot legal trouble in time? The following pointers will help in diagnosing your situation.

1. When you come of age, marry, have children, get a divorce, buy or sell property, move to another state, or when someone in your family dies, you may take on new legal rights and duties.

Then you may need to up-date your will, your insurance program, or the way you figure your taxes.

2. When you buy or sell property always have the legal papers prepared or checked by your attorney before you sign them or put up any money.

Double check your contracts, important letters or leases before (not after) you sign them.

3. The law defends your rights, but sometimes only if you yourself act within certain time limits. Make sure you do. Otherwise your claim may be outlived, or it may be too late to file an action to protect your rights.

If you have been in a car accident, for example, get all the facts at once and check with your lawyer and your insurance company.

4. A few other questions may put you in good shape to avoid legal trouble:

In case something happens to you, who knows where you keep your papers—your deeds, will, insurance policies, or contracts?

Has everybody in your family a birth certificate?

Where is your marriage certificate? Your social security card?

Have you checked your life, hospital, health, home and accident insurance policies? Do they protect you the way you want? Does your life insurance plan, for example, fit in with your will?

Are your tax records in good shape?

(This column, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law).

**HELP FIGHT TB WITH CHRISTMAS SEALS**

**HOUSEHOLD WORKERS MAY GET SOCIAL SECURITY PAY**

"Wages paid for domestic service are generally low; so household workers have less opportunity than do most other workers to save for their old age or to provide for their families in the event of death," H. M. Cleveland, Manager of the Social Security Administration says. "Therefore, it is important and in the public interest that these people receive the full protection provided by the retirement and family insurance provisions of the law."

A worker who is paid \$20 a week, pays fifty cents a week social security tax which goes into a special trust fund. The employer pays an equal amount.

A person who has average earnings of \$20 a week could qualify for a monthly benefit of \$41 a month at age 65, or at age 50 in case of disability. In the event of death, the worker's family could receive as much as \$76.50 a month.

Employers are required to make regular quarterly reports of the wages they pay. The provisions are not optional for the employer or the worker, Cleveland added. Anyone who employs household help, either full or part time, should find out about his responsibilities under the law.

More information may be obtained by writing to the Social Security Administration, 530 South Water Street, Corpus Christi, Texas.

Mesdames Yarrell, Dodson and Page Entertain With Bridge

The Woman's Club of Aransas County was the setting for an elaborate bridge party of sixteen tables on Friday afternoon, with Mrs. Thomas Yarrell, Jr., of Belton, Mrs. A. D. Dodson of Snyder, and Mrs. Elton Page of Poteet, as joint hostesses. These ladies are winter guests at Palm Village.

ARMY-NAVY ON TV TWO SW CONFERENCE BROADCASTS NOV. 23

The Army-Navy game will be telecast and two Southwest Conference games will be broadcast Saturday by the Humble Company. The Army-Navy game will be telecast from Philadelphia with Red Grange and Lindsey Nelson at the microphones. TV time will be 12:15 p. m. over KRIS-TV, Corpus Christi.

Mr. and Mrs. William Natt Sanders left for Houston Tuesday to spend Thanksgiving with their daughter and her family.

Mr. and Mrs. Ora Taylor, and Mr. and Mrs. Oliver Taylor, of Osborn, Texas, also made a big catch, running between 50 and 60 trout.

APPLY EARLY FOR RETIREMENT INSURANCE

Retiring workers are advised to call on the Social Security Administration two or three months before the date of their retirement, says H. M. Cleveland, District Manager of the Administration in Corpus Christi.

"Early application for the social security benefits will enable us to attend to the necessary details and avoid delay in the payment of the first check," he said.

"Claims for the retirement and family insurance payments require some action before they can be certified to the Treasury Department for payment," according to Cleveland.

An applicant should bring some proof of age and earnings statement showing the amount of his wages in the last year. The self-employed person should furnish a copy of his last income tax return.

No appointment is necessary to file a claim. The Corpus Christi office of the Social Security Administration is located at 530 South Water Street. The office is open Monday through Friday from 8:45 a.m. to 5:00 p.m.

The Ladies' Bible Class of the Church of Christ will not meet Thursday morning, Thanksgiving Day, but the Men's Class will meet as usual on Thursday evening.

MAGAZINE HAS INTERESTING DUCK FEATURE

Austin.—If you are a duck hunter you will be interested in the illustrated article by Harold Irby, waterfowl biologist, in the November issue of Texas Game and Fish magazine.

The double-page spread "Ducks and Deductions," represents art work done by Irby himself, following his sojourn in Canada during the past summer, working with duck banding crews.

He covers the subjects of nesting, migration and wintering grounds, from the big duck factory in Canada to the rice fields and plains of Texas.

Another interesting article is the "Million Dollar Mule Deer," prepared by Tome More, wildlife biologist on the Black Gap Wildlife Management Area. This article reveals a harvest of 437 deer in 1937 compared to 5107 last season.

Other interesting articles cover underwater study of the artificial fishing reefs, a revealing short piece about oyster crabs, bird migration, squirrel hunting, the making of fish nets, and a new land use program which will include livestock and wildlife in its production.

There also is a report on white-winged dove shooting and numerous shorter articles covering fishing and other aspects of the outdoors.

Swm Oil Company has requested the U. S. Engineers for a permit to operate in Copano Bay, at a point approximately six miles north of Rockport, where they intend to run 2" and 4" inch pipe lines to State Tracts 69, 70, 72, 73 and 106.

Mrs. Elton Page, of Poteet, who is spending the winter at Palm Village, had as her guest for the past week, Mrs. Frank Davenport of San Antonio.

CITATION BY PUBLICATION THE STATE OF TEXAS

To the following named Defendants whose residences and/or whereabouts are unknown: Sod Brothers, Defendant as to Tract No. 1 hereinafter described; J. F. Newlan, Defendant as to Tract No. 2 hereinafter described; I. O. Siler, J. O. Siler, J. A. Fullerton and H. P. Holloway, Defendants as to Tract No. 3 hereinafter described; J. E. McKinney, Defendant as to Tract No. 4 hereinafter described; The unknown wives and husbands of the above enumerated and identified persons, if living and if any or all of the above named persons be dead, the unknown heirs, wives, husbands, legatees, devisees, and legal representatives of any or all such persons who may be dead, and their unknown heirs, wives, husbands, legatees, devisees, and legal representatives, all of whom are unknown to Plaintiff and to his attorney of record, of each, and all the Defendants above enumerated or identified, and all persons owning or claiming any interest in the hereinafter described land, hereinafter called Defendants.

DEFENDANTS IN THE HEREINAFTER STYLED AND NUMBERED CAUSE: GREETINGS: You are hereby commanded to appear before the Honorable District Court, 36th Judicial District of Aransas County, at the Court-house thereof in Rockport, Texas, at or before 10:00 o'clock A. M. of the first Monday next after the expiration of forty-two (42) days from the date of the issuance of this citation, same being the 28th day of December, A. D. 1959, then and there to answer the Plaintiff's petition filed in said Court on the 13th day of November, A. D. 1959, in the Cause Numbered 3468, on the docket of said Court styled M. L. SHAW, Plaintiff vs. SOD BROTHERS et al, and the following named person is Plaintiff: M. L. Shaw; and those persons are Defendants who are first named in this Citation and to whom it is directed.

A brief statement of the nature of this suit is as follows, to-wit: A suit in Trespass to Try Title to and possession of, as well as for damages on the following described tracts of land in Aransas County, Texas, to-wit:

Tract No. 1, Lot 25, Block 477, in the City of Aransas Pass. Tract No. 2, Lot 30, Block 477, in the City of Aransas Pass. Tract No. 3, Lot 31, Block 477, in the City of Aransas Pass. Tract No. 4, Lot 32, Block 477, in the City of Aransas Pass. All of the above mentioned property being shown on the map or plat of said City of Aransas Pass made by P. L. Telford, Surveyor and Civil Engineer, recorded in Vol. 3, page 41, Map Records, San Patricio County, Texas, and also filed in the Office of the Clerk of the County Court, Aransas County, Texas; to which map and the record thereof reference is here made for further description of said property.

On the first day of October, 1959, Plaintiff, M. L. Shaw, was and still is the owner in fee simple of the above described property. On said first day of October, 1959, Plaintiff, M. L. Shaw, was in possession of said premises, and afterwards on the same date, the Defendants, each and all unlawfully entered upon and dispossessed Plaintiff of said premises, and such unlawful possession has continued since said date of October 1, 1959, to Plaintiff's damage in the sum of Ten and No/100 (\$10.00) Dollars for each of said tracts. The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and seal of said Court at office in Rockport, Texas, this 13th day of November, 1959.

W. E. BEASLEY, Clerk of the District Court, Aransas County, Texas

**PIRATES LOSE**

(Continued from Page 1)

when Kenedy meets Bishop, we're betting on Bishop, because they have a big pair of ends that can catch a pass anywhere, and a fine passer in Gordon Box, along with enough power in the backfield to keep their opponents honest and make it impossible for them to gang up on either runners or pass receivers. Moreover, that Bishop line is a rugged proposition and, in our books, a little more rugged than that of Kenedy.

Happner received the kickoff on the ACHS 5 and ran it back to the Pirate 38. Warden gained a yard; Happner gained a yard; ACHS fumbled and lost six and then Snyder punted to Brown, who made a 25 yard return.

Brown made four; ACHS was offside and penalized five yards; then Linder's pass to Brown netted 21 yards and put the Lions on the Pirates 5. Rice powered through to the eighteen inch line, then a shovel pass from the Lion quarterback, Linder, to James Brown struck pay dirt and the Kenedy aggregation was on its way. No PAT.

Happner received the kickoff on the 10 and ran it back to the twenty. Huff made a couple; Huff made three more; then Rockport fumbled and Kenedy took over on ACHS 33.

Brown made 3; Linder to Rice was good for five; the Rice went through for five more. Brown's run was called back on a holding penalty. Linder's shovel pass to Brown in the flat, was good for eight, then Linder's pass was intercepted by Mike Johnson and ACHS took over on their own 30.

Happner made three, then two more, then Warden's pass to Rouquette was broken up by Brown and Snyder kicked.

Brown took the ball on the Lion 32 and ran it back ten yards but it was called back and Kenedy penalized for roughing the kicker, and Rockport went on from the 39. Huff made no gain; Happner's run was called back and ACHS penalized five yards for offside; then Warden's pass to Rouquette was intercepted by Brown, who ran it back to the Pirate 25.

Berry failed to gain; Brown, in a criss cross made five, then Rice, on the bootleg made 10. Brown failed to gain; Rice to Berry was good for five. Penalized five yards for delay of the game on the next down, Rice tore through center for ten yards and another touchdown.

Happner ran the kickoff back for 15 yards; Rouquette made five on the end around; Happner made a yard and the quarter ended. Penalized five yards for an ineligible receiver downfield on the next play, Johnson's pass was broken up and Snyder punted for the Pirates.

Brown ran the punt back to the ACHS 47. A holding penalty set Kenedy back fifteen yards; Rice was rushed and smeared back on the Lion 30, where Kenedy recovered a fumble and quick kicked on the next down.

ACHS took over on its own 28. Happner gained four yards in two tries; Warden failed, and Snyder kicked.

Brown ran the ball back 16 yards to the Lion's 45. Rice run-

bled through center for 14 yards; then he made two; then Linder's pass to Brown was good for 20 to the Rockport 20. Linder rolled out for 1; Rice made four; then Brown made 12, to ACHS 9. Linder made four; Rice made four; then Linder went over in the dive play, making the score 19-0 for Kenedy.

Kenedy kicked off to the Pirate 25; Barnard made 1; Pena made 1; Warden's pass to Rouquette went incomplete; and Snyder punted to the ACHS 36. Rice made 4; Brown made 3; Linder's pass to Brown was incomplete; Linder to Williams was also incomplete and the half ended.

Aransas County kicked off to Brown who ran it back fifteen yards to the Kenedy 25 and from here, on the first play, Rice plowed through for fourteen yards. Rice made six more and Linder 7. Then Rice went through for 12; Bailey made 5; Rice made 10.

Linder, on a keeper, made 5; a pitchout to Brown netted 4; then Linder went over from the one yard line for Kenedy's fourth touchdown of the evening. A pass to Williams was good for two points.

ACHS put the ball in play on its own 25. Huff failed to gain; Happner made 7; Happner made 5; Barnard made 8, the Warden passed to Rouquette on the Kenedy 40. Rouquette made 5 more, Happner 1, and Johnson's pass was intercepted by Newberry. Kenedy took over on its own 25; Rice made 6 in two carries, Brown made 2, and then Linder kicked to the Kenedy forty, although Barnard almost blocked it.

Here ACHS took over and Pena tried the line for a yard; then Happner made seven; Warden to Rouquette was incomplete and then a beautiful pass from Johnson to Rouquette was dropped, through no fault of either passer or receiver. The pressure was terrific from Kenedy, and, although Rouquette had the ball in his hands, there were so many Kenedy players around and diving at him that it was almost a miracle that he even touched it.

Kenedy then took over, on its own 31 and Rice made three yards on the first play of the series, just as the quarter ended. However, on the next two downs, Kenedy failed to gain enough and Linder kicked to Happner on the ACHS 10, and he ran it back for 20 yards to the 30.

Happner made 2; Rouquette was smeared for a five-yard loss on the double reverse; Warden was clobbered on the eleven yard line as he tried to find passing room, and then Snyder's punt was blocked by Roselrock, Kenedy's 235-pound tackle on the ACHS 7. However, Rice, on the second carry, fumbled on the one-yard line when Clark tackled him, and the ACHS ball once more. Three plays failed to get the required yardage and Snyder punted. Brown took it for Kenedy on the 50 but was hit and fumbled and ACHS took over

**PIRATES LOSE**—  
(Continued from Page 1)

when Kennedy meets Bishop, we're betting on Bishop, because they have a big pair of ends that can catch a pass anywhere, and a fine passer in Gordon Box, along with enough power in the backfield to keep their opponents honest and make it impossible for them to gang up on either runners or pass receivers. Moreover, that Bishop line is a rugged proposition and, in our books, a little more rugged than that of Kennedy.

Happner received the kickoff on the ACHS 5 and ran it back to the Pirate 38. Warden gained a yard; Happner gained a yard; ACHS fumbled and lost six and then Snyder punted to Brown, who made a 25 yard return.

Brown made four; ACHS was offside and penalized five yards; then Linder's pass to Brown netted 21 yards and put the Lions on the Pirate 5. Rice powered through to the eighteen inch line, then a shovel pass from the Lion quarterback, Linder, to James Brown struck pay dirt and the Kennedy aggregation was on its way. No PAT.

Happner received the kickoff on the 10 and ran it back to the twenty. Huff made a couple; Huff made three more; then Rockport fumbled and Kennedy took over on ACHS 33.

Brown made 3; Linder to Rice was good for five; the Rice went through for five more. Brown's run was called back on a holding penalty. Linder's shovel pass to Brown in the flat, was good for eight, then Linder's pass was intercepted by Mike Johnson and ACHS took over on their own 30. Happner made three, then two more, then Warden's pass to Rouquette was broken up by Brown and Snyder kicked.

Brown took the ball on the Lion 32 and ran it back ten yards but it was called back and Kennedy penalized for roughing the kicker, and Rockport went on from the 39.
