Elks Beat Highland Park

Doug Pittman #11 squeezing through and #76 Wade McKinney coming up to clear the way.

Coaches Corner

By Coach Dollar

The Stratford Elks defeated the Highland Park Hornets 63-0. The Elk offense completely dominated the game. The Elks had over 500 yards of total offense. Gared McBryde had 183 yards rushing on 15 carries. Parker Johnson had 67 yards on 9 carries. Nine other players carried the ball during the game. Doug Pittman had 70 yards passing.

The Elk defense was equally impressive, giving up only four first downs to the Hornet offensive. Lance Brooks intercepted a pass and returned it for a touchdown. Duane Mungia and Neal Smith also had interceptions.

Six different players scored for the Elks. Gared McBryde scored three times leading the team. Several junior varsity players played during the game. Scott Brooks, one of the J.V. players scored twice during the game. Parker Johnson, Brady Schoonover, Chris Waters and Lance Brooks each scored one touchdown.

Next Friday's game with Sudan has been changed to an 8:00 p.m. game. Not much is known about Sudan. They won last years contest 28-19. We do know they have excellent speed and quickness. There are no junior high or jr games this week.

Fate is smiling on the Elks. Last week White Deer beat Panhandle. The Stratford-White Deer game in two weeks will be for a tie for the second play-off spot.

I'm not sure who made the banners and the yard signs, but to all who are responsible the coaches and players want to especially thank you. Congratulations to Kim Morris on being chosen Homecoming Queen.

The Stratford Elks 8th Grade defeated Highland Park 46-14. The 8th grade football team played a very good game Thursday. Our offense looked really tough and was hard to stop. We are 6-0 on the season with

one game left. We play White Deer Nov. 5th for 1st place in District.

The 7th grade team have had their last two ballgames cancelled. For this reason they are playing with the 8th grade team. The 7th grade ended the season 5-0.

SPS SEEKS TO DECREASE ELECTRIC RATES & TO PASS ALONG FUEL-COST SAVINGS

Southwestern Public Service Company (SPS) announced today it is preparing to file for an annual rate decrease of approximately \$13 million, or 2.8%, for its residential, commercial, industrial and other retail customers in Texas, primarily due to savings resulting from federal tax reform.

In addition, SPS is requesting to credit to its Texas retail customers \$11 million in fuel-cost savings and interest.

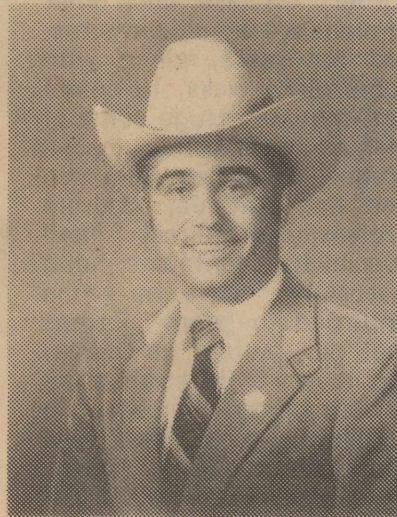

The lower rates and the one-time credit could be effective by December, said Sam Hunter, SPS vice president of rates and economic research.

Currently, SPS is conferring with the cities it serves in Texas and with the Public Utility Commission of Texas (PUCT) on the amount and timing of the rate reduction. In Texas, cities have original jurisdiction over base rates within their city limits. The PUCT establishes base rates in rural areas and regulates the fuel-cost portion of electric rates.

Effective with SPS's current fiscal year, which began September 1, its federal income tax rate was

5-State Peace Officer's Association Meeting

Police Chief Dennis Davis and DPS Officer Harvey Ward

The fall meeting of the 'Five-State Peace Officer's Association' was held last week in Springfield, Colo.

Sheriff Willard Goff was host for the two day meeting. Activities highlighting the event included a pistol match, golf scramble and lectures by law enforcement personnel and news media representatives.

In the business meeting of the Association, Trooper Harvey Ward of Stratford was elected as a vice-president, replacing Dennis Davis, also of Stratford, who was an outgoing vice-president.

Also elected to a new office was Davis, who was elected to the position of

Secretary-Treasurer, by Association members. 'With the responsibility of Secretary-Treasurer, also comes the honor of having the new headquarters of the 'Five-State Peace Officer's Association' moved from Hugoton, Kansas to Stratford, Texas', states Davis. Bob Nease, of the Kansas Fish & Game Department in Hugoton, Kansas had served as Secretary-Treasurer for the Association for the past six years. He has been an active member of the Organization for some twenty-three years. 'With two of the six officers of the Association being from Stratford, I feel that Stratford has gained an important position and voice in the organization,' Davis continues.

The 'Five-State Peace Officer's Association' is over thirty years old and is comprised of several hundred law enforcement officers from Texas, Oklahoma, New Mexico, Kansas and Colorado.

Among its members are agents of the FBI, Alcohol, Tobacco & Firearms, Secret Service, Judges, Sheriffs, Chiefs of Police, Game Wardens, Highway Patrol, Patrolmen, Sheriff's Deputies and constables.

Letter To Editor

To Whom It May Concern
I realize that this has been a busy week - what with homecoming and now Halloween just around the corner but it still does not excuse the person or persons who stooped so low as to steal my children's pumpkin out of the front yard. This was not some little pumpkin that could be replaced by buying another at the grocery store - they don't have them that big. It was a gift to my children and they were not very happy to find it gone. Stealing from another does not set a very good example for the young children of our community. So, whoever you are, thanks for making this a Happy Halloween for my children.

Greetings:

I wish to compliment you on the people of your town. They go to the top of my list! Two friends and I were stranded near the east side of town in front of Mike Mathews' place of business when our car just had a "Heart attack" and died with no warning! Mr. Mathews spent an hour and a half or two hours at least trying to get help for us. It was finally decided it would take a computer to get to the trouble. Don Gibson also had a hand in trying to get help for us. Since it was going to take a tow job to get to a computer we decided to have the car towed to Liberal, since we live southwest of Dodge City, Kansas. The owner of the tow truck couldn't get away but his assistant took us, and he was Frank O'Dell. And he never complained that it would take him until after midnight to get back home! And how many tow truck operators

would call the next morning to see if we got home all right? This he did for our ride hadn't arrived yet in Liberal when he had to leave. And that's not all! The nicest couple drove up beside our car and offered to keep us all night--and didn't even know us! How can you beat that? One lady had a husband who wasn't too well and although he was accompanied by his grandchild, and daughter, she needed to get home or we'd have been very pleased to have stayed with them. So, your town will always be on our map of memories. What better public relations can you have with the outside world than the way we were treated? I'm sorry I don't have the name of that nice couple who asked us to stay all night. Thank you so very much for the nice treatment we had; we'll always remember you. I've told so many and they can't believe that we had such fine treatment, being strangers there.

To The Editor:
Pari-Mutuel Horse Racing - can We Afford to Vote No? In the past three or four years, Texas citizens have been clobbered with substantial increases in existing taxes and fees, new taxes for goods and services, etc. under two separate governors. To make matters worse our local taxes have risen dramatically the past several years. There's more to come several years ahead, unless passage of the pari-mutuel referendum rescues our legislature come next Tuesday. Many visualize a state income tax or sales tax on food in order to raise teachers' salaries to a respectable level. What bugs me are the same, old worn-out object-

here are several of interest; on April 15th over sixty-five thousand were in attendance at Oaklawn Park in Hot Springs for the Arkansas Derby and they wagered five and one-half million dollars. One month ago when the Super Derby was run at Louisiana Downs, a short distance from Shreveport, fifty-five thousand were on hand and bet four and one-half million. Darline and I make it a point to observe license plates, so we'd fairly estimate that 40% were TEXANS. The state treasuries were enriched with dollars by two neighboring states that could be better used at home to elevate teachers' salaries to

The world's most sensitive natural gas detection device.

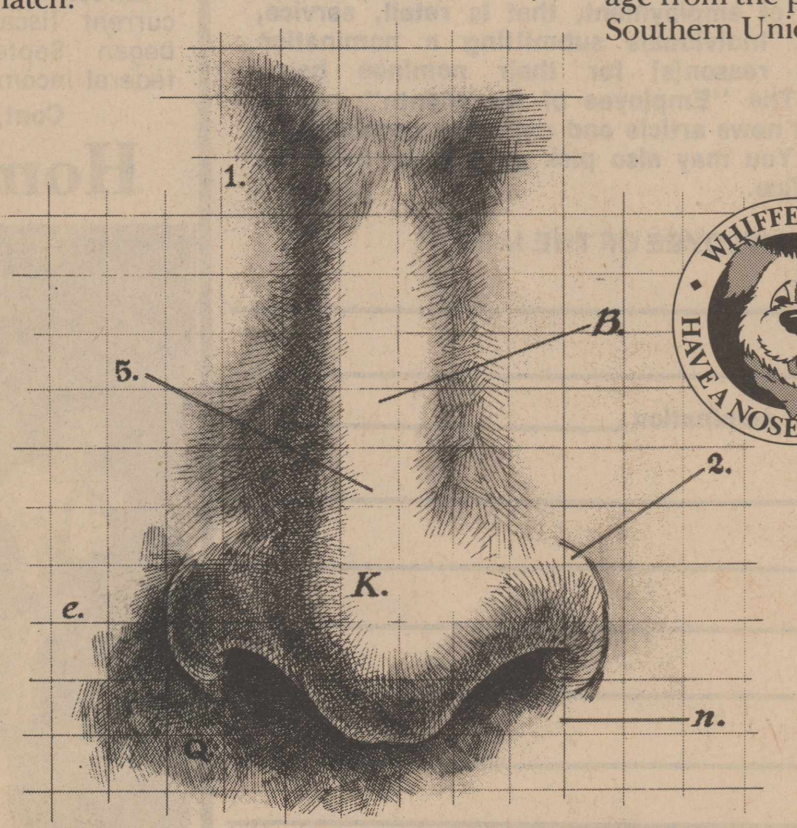

If you have a nose and a normal sense of smell, you have all the equipment you need to detect odorized natural gas leaks.

If you smell the odor of gas indoors, quickly check to see if a pilot light has gone out or if a burner valve is partially turned on. If you cannot readily locate the source of gas, leave the house immediately. Don't light a match or switch anything on or off. Call us from a neighbor's telephone at once.

If you happen to smell gas outdoors, keep your distance from the area, don't smoke, and don't start up your car.

Here are some simple, common sense steps to take if you ever smell gas:

- Don't use the phone, flip any electrical switches or strike a match.
- It's simple: Just use your nose first. Then use your head. A safety message from the people at Southern Union Gas.

SCOT Notes

by Timmie Brown

Sherman County Older Texans, friends and neighbors, greetings! Just think - the Lord made this beautiful fall day, Monday, Oct. 26, 1987 especially for us to enjoy and be happy! Let us be a little careful what we do with today and tomorrow as well. October is about gone. For SCOT folks we can play 42 or 88 Tues. Oct. 27 at 3 p.m. (this announcement holds true for Nov. 3, 10, 17 & 24). There is quilting Mon., Wed., Fri. (Oct. 26, 28, & 30) at 1 - 4:30 p.m. and dance practice on Mon., Oct. 26 at 8 p.m. (Nov. 2, 9, 16, 23 & 30).

The activity at Scot Hall to finish the month is the dance on Saturday, Oct. 31, 1987 at 8 p.m. Music will be furnished by the Panhandle Travelers from Liberal, Ks. Friends from surrounding areas are cordially invited. The charge is \$3.00 per person. Home folks are to bring finger foods for refreshments. Wonder if 'spooks' will be about?

SCOT's regular meeting last Thursday was wonderful. We counted 97 people present. The food and fellowship couldn't have been better - even the weather cooperated.

The blood pressure personnel, Wanda Riffe and Sue Smith resigned. They have served SCOT faithfully for a long time. A heartfelt 'thank you' is small pay for the time and effort these two dears have given SCOT. We love and appreciate them. Jack Gore and W.D. Brannan have assumed this responsibility. We welcome them. They serve the entire community as E.M.T.'s, also.

SCOT Board of Directors is composed of 30 members. A group of ten must be replaced each year. Nominated to serve for three years were Jimmie Jackson, Anita and 'Red' Debord, Glennell Dettle, Cindy Crabtree, Jack Gore, Arlene Baker, Margarite Terrell,

Ben Bidy and Bill Rice. The slate was presented to SCOT body. It was accepted and voted 'yea' so these people will join the board Jan. 1, 1988. Scotters thank these talented people for accepting places of service on the Board of Directors.

Anniversaries and birthdays were recognized. Cards were sent to Woody Gay, who has spent many hours serving SCOT and to Dick Diehl, Stratford's own son, who is having a bout with Cancer. Woody had a hip joint replacement.

The program was on Indonesia. Olene Caraway, recognized Shirley Foreman, who in turn presented Dan Lunow. Mr. Lunow is a native of Germany. He is a missionary to New Guinea serving since 1968. The First Methodist Church, Stratford supports his work. His movies were compelling, showing what can be accomplished among aboriginals but also the 'terrible slowness of missionary work' he said. Put him on your prayer list. Thanks to Shirley and Oline.

Special guest at noon were Gladys Arnold's family: Ruby Darry, Lewiston, Id., Rosa James and John Broyles, Dalhart. Wanda and Ross Lolmaugh, Buchanan, Mich. were present. They are friends of Pete and Nell Wall. Ross and Pete were army buddies in Germany.

Willie Dee announced that Stratford E.M.T. would like to instruct Scotters in what they need to know to help care for themselves and others. E.M.T. we will plan a class if enough Scotters are interested. Let Him Know.

Thursday was a great day. A few people stayed after the meeting and played 88. Avail yourself of opportunities to associate with your peers. It's good medicine!

At the Board Meeting

Sharon Harrington offered to lend SCOT her VCR. Lorel Haile accepted. Plans were made for cassette shows on Saturday night. So Saturday evening Oct. 24, a group of Scotters enjoyed the show 'Stand By Me' at SCOT Hall.

The reception was good, clear and audible. Thanks to Lorel and Geneva for popcorn and being such nice hosts. We are looking forward to shows on Saturday evening during the winter. The last Saturday each month is dance time, however. Out of town guest were Lela and Ron Hagar of Amarillo, Ethel's folks. Those present really enjoyed the show.

Delbert Michaels of San Pedro, Ca. is visiting Betty & Baskin Brown and friends Betty and Delbert are visiting his sister, Harriett Wells, in Elkhart, Ks., today (Mon.) Delbert was with his sister Helen Sherwood Panhandle, Tx. last weeks.

Audrey Gamble is home from Ca. where she attended the wedding of her son, Larry Reed. We reported that Lone Reed was in Ca. also. Due to nature's unkindness in the form of arthritis, lone was unable to make the trip. Some compensation came to her in the form of Larry Reed and his bride returning from their honeymoon trip via Stratford and visiting lone and Audry. Larry lives in Kingsville, Ca.

Limma Fedric continues physical therapy in Amarillo. Sorry we have no address. Playing games at SCOT Hall Tues., Oct. 19 were Eskie Ritchie, Frieda Dortch, Ruby Garoutte, Bertha Oquin, Corda Pleyer, Jewel Dovel, Kathleen King, Marie Hill, Opal Bryant, Timmie Brown. Plan to come by any Tues. at 3 p.m. It's your hall!

We hope to soon have SCOT Hall open for Scotter's use 6 days a week. This week look out for 'goblin's & Trick or Treaters' - pass out SCOT shoulder pats and 'luv' - Be happy and useful.

dropped to 34% from 44%. Although some corporate tax credits and deductions were eliminated by tax reform, the net effect is a smaller tax burden, Hunter said. Taxes are included in the cost of providing electric service.

"The fuel-cost savings resulted from several factors Hunter said." "First, we obtained lower prices for coal and natural gas. Second, because of the relatively mild summer, we did not have to operate older, less efficient power plants as much as in the past. Third, we have continued to improve the efficiency of our plants."

SPS recently was cited as seventh best among the 100 largest investor-owned electric utilities in the United States, in terms of generating efficiency.

In New Mexico, SPS is preparing to file for a rate reduction of \$2.65 million, or 2.1%, because of tax reform, Hunter said. Fuel-cost savings have been passed through to SPS customers in New Mexico by monthly automatic fuel-cost adjustments, which are not allowed in Texas.

Wholesale customers of SPS--rural electric cooperatives and municipal utilities--in Texas, New Mexico and Oklahoma are expected to receive a rate decrease of \$13.2 million, or 6.9%, and a one-time credit of \$5 million, Hunter said. SPS is

discussing the proposed wholesale rates with its wholesale customers prior to filing a rate request with the Federal Energy Regulatory

a respectable level! States like California, New York, New Jersey, Florida, Illinois, etc. would face financial disaster should the tracks shut down overnight. Some track managers are begging politicians to lower their take percentages since the introduction of lotteries has caused a slight reduction in attendance. In Illinois the tax is 5.7%. Multiply this by approx. three million dollars each racing day for nearly eleven months which is a lot of moolah; and the state gets the cream right off the top without a dime of investment.

Finally, it boggles the mind to imagine how Texas would have prospered since 1937 when pari-mutuel was forcefully rescinded through the efforts of a short-sighted governor. For three years the income from tracks made it possible to pay bills, and breeding farms flourished especially King Ranch. It's sad to relate that a percentage of the handle was earmarked for education.

AGAINST greyhound racing in our state. The Texas Humane Information Network wants Texans to know the cruel facts about racing.

Greyhounds are trained to run with the use of live lures. Rabbits, chickens, puppies and kittens are used as 'bait' for racing dogs - trainers allow their dogs to rip this 'bait' to shreds to encourage speed and aggression. Over 90% of greyhound trainers openly admit to using live lures, claiming that it is the only way to train properly.

Hundreds of thousands of greyhounds are bred - less than half of these show racing potential. Unsuccessful animals are destroyed, thus promoting the idea that racing dogs are inanimate objects, and not sensitive creatures. The Humane Society of the United States estimated that this needless destruction of life amounts to the massacre of 50,000 dogs annually.

Successful racing dogs have an average lifespan of only 4 years. By this time most have had a series of painful racing injuries such as lacerations, dropped and torn muscles, ruptured tendons, fractured bones, and sprained ligaments - ultimately resulting in their destruction, as well.

The truth demands a NO vote to Referendum 2 on November 3.

Sincerely,

The Board of Directors

1 John 2:15-17

"Love not the world, neither the things that are in the world. If any man love the world, the love of the Father is not in him. For all that is in the world, the lust of the flesh, and the lust of the eyes, and the pride of life, is not of the Father, but is of the world. And the world passeth away, and the lust thereof: but he that doeth the will of God abideth for ever."

Remember what we have looked at in the previous weeks? Solomon had it all. Solomon lived in verse 16 of 1 John 2. He had all the lust of the flesh, all the lust of the eyes, all the pride of life, but it did not satisfy him. "For the world passeth away and the lust thereof". This world and the life here on it is not all there is. Jesus Christ told us of a man who lived as if this world was all there is, it is found in Luke 16:19-31. This man was a rich man "who fared sumptuously every day." But this man died and Jesus said about him: "And in hell he lift up his eyes, being in torments...."

There is more than this world and the life here on it. For there is death and after that, either Heaven or Hell. [Heb. 9:27] Real life starts for the born-again after their body is laid in the grave. Real death starts then as well for those not knowing Jesus as their Savior. You will exist in one of those two places for eternity. You don't go to Heaven automatically, you must make reservations ahead of time. You make those reservations by receiving Jesus Christ as your Savior. You receive Jesus Christ by repenting from your way, your lifestyle, your sin and placing your faith in Him and in him alone to take you to Heaven when you die. [1 John 5:12]

Business Spotlight

Glenda Loman, Gloria Slater, Rusty Hembree & Ole Olson

Olson Automotive is owned and operated by Ole and Audrine Olson. The business was started new in 1973 when Ole purchased the Reeves Implement building. Olson Automotive began first as a machine shop then later expanded, adding several parts lines for machine work and irrigation engine supplies. In the summer of 1974 a fire destroyed the front portion of the business, however, Ole was determined and rebuilt adding a full parts inventory and machine shop, servicing all types of motors.

When irrigation began to lessen, Ole added the Briggs and Stratton small engine line, as well as a line of air compressors. In 1981, Ole saw the need for evaporative air conditioning and repair parts for servicing the coolers, therefore, adding to his inventory pumps, motors, pads, etc.

In 1984 Rick and Lana Keener purchased the Machine shop equipment and began to serve the community with machine shop work and car, truck, tractor and irrigation engine repair.

Later in 1985 a shop was

added to Olson Automotive for small engine and lawn mower repair. Ole continues to add supplies and parts as he sees the need or has requests, the latest line to be added is the Nuptick products. The business was started with service in mind and Olson Automotive's hope is to continue that service. Ole is always open for suggestions and requests for new lines or particular needs and supplies.

Three people are employed by Olson Automotive, they are; Gloria Slater, Rusty Hembree and Glenda

Loman.

Ole and his wife, Audrine, have one son, Rick and one daughter, Sheronda, both graduated from Stratford High School. Rick graduated from Texas Tech University and presently is the manager of Pacific Molasses Inc. in Hereford, Texas. Sheronda graduated from TSTI in Amarillo and is employed at Texas Instruments in Dallas, Texas.

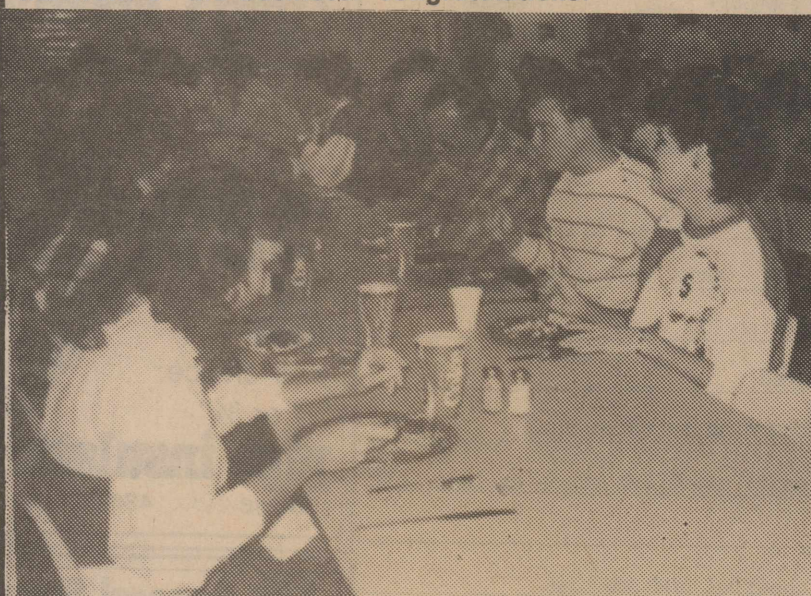

Ole is an active supporter of the Stratford Chamber of Commerce, serves on the Board of Directors of Automotive Wholesalers of Texas and has served on the Texas Panhandle Private Industry Council. In 1980 Ole was chosen Business Person of the Year. Ole works with the Stratford Schools Co-operative Training Program in hiring students to work and train. Ole says 'he is always amazed at the lack of knowledge most students have about business, customer relations, parts, and/or office work, however equally amazed that those who want to work and learn, catch on so quickly'. We have been fortunate to work with and employ so many great young people, and see them move on to further studies or jobs elsewhere.'

Thank you for Helping Beautify Stratford award, given by the Ladies division of the Chamber of Commerce was given to Pat Johnson & Barbara Wiley. The flowers in front of their businesses on Main Street adds a beautiful touch of color to the front of the business. Congratulations!

TOPS 897

Everyone enjoyed a delicious meal at the Band Smorgasbord Supper Friday night before the Elks victory over Highland Park for Homecoming.

Tops 897 met Tuesday, Oct. 20 at 8 o'clock in the County barn for their regular meeting. 8 members weighed with a 9 lbs. loss and only 3/4 lb. gain and 1 turtle. Geneva Bell won the fruit basket for most lbs. lost. Leader, Maurine Wilson called the meeting to order by leading the group in saying the Tops pledge. Roll was called by each member telling what they had done the past week. The minutes were read by Elsie Lasley, secretary. They were approved. The quilt show, which will be Nov. 8 at 1

p.m. in the County barn, was discussed. We want to invite anyone who has some quilts to bring them to the barn on Saturday the 7th and we will be happy to show them. There will not be any charge at the door, but a \$1.00 donation for a chance at a lovely quilt and pillow. There will be dolls, antiques and what-nots on display. Coffee and tea will be served. Everyone is welcomed.

Maurine gave an interesting program on "The C's of self control". The meeting adjourned.
