

# WILL TELL BANKERS' STORY

## American Bankers Association Identifies Move to Stimulate Newspaper Advertising

NEW YORK—Plans for stimulating use of informative newspaper advertising by banks in promoting public understanding and confidence in existing banking conditions have been announced by Hecht, President of the American Bankers Association, as a part of his association's activities in aid of business recovery.

Thorough groundwork was prepared for a nationwide survey of advertising by banks relative to their willingness to extend justifiable loans to business and trade. This, he said, reveals that a large number in all parts of the country are pursuing aggressive policies along this line and encourage customers to develop forward-looking business plans. "It is our aim to foster this constructive attitude wherever possible," he said.

The theme of New Advertising Association's Advertising Department, under the direct supervision of general executive officers, has been set at the headquarters in New York, an informative advertising program for the use of member banks in connection with their own communities better public understanding regarding banking, Mr. Hecht said.

Underlying theme of this advertising that sound banking is based on human relations and that it has an interest with the people of security which binds them together with a common purpose, he said.

He is confident that if a clear understanding of this is brought home to all in all our banking communities will go far in restoring the public confidence which good banking demands. A bank in which people do not believe is doubly safe, it is to the interest of the people to have confidence in their banks.

The Place of Advertising in Banking. That bank advertising has a public duty to perform in this time of depression under existing conditions, which will be supplied in the future have developed will not only individual bank in promoting its own facilities but is also advertising about with the aid of advertising a clearer public

# COOK PORK WELL DONE

Austin, Texas, Jan. 16—Now the winter season is here and and pork products are more f used, warning against insuffi- cooking of these is given by John W. Brown, State Health cer.

Trichinosis is caused by a parasite in the muscles of pigs. This parasite may occur in large number infested meat.

The disease is rather extensively distributed among hogs, and all should be regarded with suspicion less treated to kill the larvae. Freshly killed pork is more dangerous than meat that has been kept in storage for some time because parasites tend to die out during prolonged storage at low temperatures. Other processes of preserving meat tend to kill the trichinella larvae. No method of meat inspection invariably discover the presence of this parasite. Thus safeguard against the disease must necessarily be taken by consumers of the infested pork. Thorough cooking may be counted upon to kill the parasite.

Trichinosis result from eating undercooked pork, usually in the form of sausage, that contains the larvae. There is often danger of not maintaining sufficient temperature to thoroughly cook the meat. Outer portions of the meat may appear well cooked while the inner part is quite rare and will retain the living parasites. Especially is this true if the piece of pork is quite thick. Cases of trichinosis have occurred from eating just such inner portions of undercooked pork. Pork with the slightest red tinge may contain the parasites. Pork should be cooked until all color disappears through the piece of meat, this is the only safeguard against trichinosis.

Mr. and Mrs. D. M. Dickey and baby daughter of Anson were visitors in Jayton, Sunday at the home of Mr. and Mrs. A. L. Patton and family.

been able to give them as well as for her happy, pleasing personality, which makes her a welcome guest in every home.

## McKENZIE — HODGE

Saturday, Jan. 19, at 12:00 o'clock noon at the home of Rev. Lee Dowdle, Mr. Woodrow Hodge and Miss Opal McKenzie were united in the holy bonds of matrimony, Rev. Dowdle performing the ceremony. Those witnessing the ceremony were Chest- er Dowdle Mrs. R. D. Hill and son T. J.

The best of wishes go to these newly weds for happiness and prosperity in the years to come.

Mrs. Eldon Wade is suffering with a severe cold this week.

A permanent residence by Santa Claus in Austin.

This story has no particular legislative significance, but here it is: Two gentlemen, well known members of the "third house" (the lobbyists) were discussing a freshman member of the house who had proved a bitter disappointment to them. Quite frankly, he told them he favored certain legislation they opposed—and they had understood his vote against could be counted on.

They were discussing him in a hotel lobby.

"If Huey Long had a half-witted brother, he would look exactly like that guy," ventured one of them.

"Oh, no, he wouldn't," remarked the other. "If Huey Long had a half-witted brother he would BE that guy."

A veteran East Texas representative was reading the mimeographed summary of new bills introduced at his desk in the house.

He came upon a bill proposing a tax upon certain luxury items, including perfume, cigars and snuff.

"Who introduced that?" he demanded, suddenly all attention.

He hastily consulted the sheet and learned the snuff tax bill was signed by another East Texas Legislator.

"Can you imagine a guy with no better political sense than that?" he asked. "Living in East Texas and offering a bill to tax snuff. He ought to include black bass and foxhounds and model T fords, too, if he wants to be sure and retire next election."

The announcement has been made from the office of George Mahon, Congressman of the 19th District, that Texas Technological College at Lubbock had been named as the Government Depository Library for his District.

After contacting the Government Printing Office Mr. Mahon found that he was entitled to designate one school in his District to serve as depository for all Government documents and official publications. In answer to a written request that a selection be made, he sent his official choice to the Superintendent of Documents, naming Texas Tech.

Mr. Mahon expressed pleasure at being able to cooperate in aiding the College in this matter.

Honorable George Mahon, 19th District Congressman, was elected Secretary to the Texas Delegation at its first caucus this year. Honorable Fritz Lanham of Fort Worth was elected Chairman.

The Texas Delegation is made up of all members of Congress from the State of Texas. It meets regularly every two weeks to discuss problems before Congress that peculiarly involve the interests of Texas.

## Kentucky Refuses To Carry Dogs On Relief

Louisville, Ky., Jan. 20—The Kentucky emergency relief administration took a firm stand today against carrying dogs on relief lists.

Relief workers found that in a section of one Kentucky county 84 families on relief owned 105 'coon dogs, many of them fat and sleek.

Into these families 63 babies were born last year.

The KERA ruled that it was all right to toss scraps and leftovers to the dogs but that it drew the line at writing the dogs name on the relief lists. Seeing that the babies are nourished is a big enough task, families owning dogs were informed.

Claude Worthen sends the Chronicle to his parents, Mr. and Mrs. A. E. Worthen at Levelland, Texas. Mr. and Mrs. Worthen appreciate the thoughtfulness of their son, and the Editor is thankful for the do re mi.

Harold Kennedy was on the sick list the first part of the week. We are glad to see Harold back on the job behind the bar at the Post Office.

their warm beds, to hurry, hurry the old fire demon that had been sleeping for months had broken loose and was getting in shape to go on a real rampage, if not checked and checked quickly.

The fire proved to be in the Jones Cafe. It started in the upper part of the building around the flue and all that prevented a bad blaze was the fact that there was for one time in the history of Jayton, not a breath of wind moving.

The fire truck was locked up in Hembree's garage and the owner, so we are told was off on a wolf hunt so the boys had to break in to get the truck, which delay might have been fatal, at any other time or under any other circumstances.

But the fire was extinguished and no great damage was done. But it left for the folks of Jayton a warning, and that is to arrange it so that fire wagon can be gotten to quickly, and if this is not done, some sweet day we will realize that we have tempted fate once too often.

## 1935 Model Chevrolets Arrive

Wednesday, Jay - Mason Chevrolet Company received their first shipment of 1935 model Chevrolet cars. The shipment contained one 4 door sedan, one 2 door sedan a pick up and a truck. They are now on display at their place of business in Jayton and are attracting much attention and favorable comment.

Read about them in the Company's big ad. It appears in this issue of the Chronicle, then go in and look them over and if in the market for a car, the boys are ready and anxious to do business with you.

Mr. Cumbley tells us that collections have picked up pretty well the last ten days. Last January 31st is your last day for paying without going delinquent. No matter what you do, be certain to pay your poll tax as there will be constitutional amendments to be voted on this year according to the times.

Jayton Cotton Oil Mill has again fired up its boilers and is doing business. The town is really jolted now at all of the boys have gone back to work.

Madell Brown left Sunday for where she will begin working for Mrs. D. M. Dickey.

## Texas to the United States

"Next October an international motorcade will start from the City of Mexico to Washington; within thirty days the return visit will be made officially by the Washington Committee; that is next fall, 1935. In other words, the whole tourist world in America will be moving toward Texas and Mexico by 1936 and the Centennial cannot be other than a colossal investment. To all and a part of the visit to New Spain belongs the Rio Grande.

"The Centennial, as a State legislative matter, is a gold mine and an investment at a \$10,000,000 appropriation, and should be made as permanent as possible.

## BRIDES SHOWER

Last Friday evening at the home of Mr. and Mrs. Bill Porter, Mrs. Robert Ben Whitaker was honored with a shower, given by Mrs. Porter and Miss Eloise Wilson.

The shower was one of the largest of such affairs ever to be held in Jayton, being attended by sixty or more. The bride received many beautiful as well as useful presents.

Mr. and Mrs. H. J. Whatley made a trip to Lubbock, Saturday.

Mrs. W. T. Cothey is in Dallas this week going through the clinic.

Mrs. F. T. Whitaker went to Lubbock today to attend to some business.

Mr. and Mrs. W. J. Lane accompanied by Mr. and Mrs. Henry Bilbery went to Brownwood last week to attend the funeral of Mr. Lane's brother-in-law.

Mrs. Eugene Murphy of Littlefield visited relatives and friends in Jayton the first part of the week.

Jack Holley is really working this week, helping his dad unload a car of lumber for the Tri-County Lumber Co.

Mr. B. A. Cumbley, our tax collector has an article in this week's paper explaining the law on the paying of taxes, delinquents etc. Be sure and read this article and if you do not fully understand same see the collector at once as the time is short and if you will heed his warning you can save considerable on your tax bill.

The county council consists of eighteen members representing nine clubs. The council awarded four scholarships to the A. and M. short Course, two to ward robe demonstrators, class 1, and 2, one to the co-operator in clothing work and one to the bedroom winner.

In conducting the four demonstrations; the farm food supply and wardrobe for women and gardening and improved bedrooms the agent has devoted two-hundred and seventy days to this years program and conducted 120 method demonstrations, given 5 training schools, visited 216 different farm homes, made 505 farm visits in conducting extension work, attended 13 achievement days and written 75 news stories.

## Methodist Church

Sunday School at 10:00  
Preaching at 11:00  
Young people meet at 6:45  
Preaching at 7:15

We are very thankful that the congregations are growing. We always appreciate your presence. You have an invitation to attend the services Sunday. Come and bring the children to Sunday School, and remain for the preaching hour.

The subject Sunday will be "Capitalizing Our Calamities."

We had no services last Sunday night, so we are announcing the same subject that we announced for that hour: "The Trifler."

## Snow In New Orleans

Radio reports, Tuesday, told of snow falling in New Orleans, La. The school children of that southern city seeing for the first time this wonderful happening. A good snow fall in this part of Texas would be appreciated, not that we need the cold but we do need the moisture. At this time we are getting a good start towards another year of drought, and most of us are more than satisfied that one year is God's plenty, and would welcome moisture be it in the shape of snow or rain. Instead of the Government planting trees across Texas it had better first dig a canal from the great Lakes in order to provide moisture, which trees must have before they can grow. We have plenty of folks that will do the tree planting provided they were certain there would be sufficient water to keep them growing.

ness of the den. Inquired the mother as  
stane use of cigarets and his expen-  
sive drinking, had undoubtedly weaken-  
ed his intellect. And so had further  
distorted his mind by dime novel ro-  
manticism until, fired by the example  
of the outlaw, he attempted to rob  
the train. Of course, there was but  
one ending. The would be desperado  
languishes behind the bars and will  
have ample time to meditate on the  
folly of practicing ten-cent absurd-  
ities among twentieth century real-  
ities.

### Wholesale Slaughter Permitted

A few months ago a great passen-  
ger liner burned at sea, with a loss  
of life totaling about 150. Recently  
a crack Canadian passenger train  
tore into a sliding and telescoped a  
"holiday special." A score of people  
died.

Each of these tragic incidents was  
headlined in newspapers throughout  
the civilized world. Millions of peo-  
ple were literally horror stricken.  
Public and private bodies immediately  
started inquires in an effort to fix the  
blame and punish those who were  
guilty. The whole force of public  
opinion backed by the authority of  
the law, determined that everything  
be done to make certain that there  
would be no more similar accidents.

Yet those killings, horrible as they  
were, were infinitesimal compared  
with a form of accident which the  
public accepts with complete indiffer-  
ence—the automobile killings.

Last year, incompetent, reckless or  
careless drivers and pedestrians ac-  
counted for a killing every fifteen  
minutes, and an injury every 31 sec-  
onds. The year showed a record kill-  
ing in the United States of 36,000  
and an injury total of 1,000,000.  
What would the public have done if  
the railroads and steamships had kill-  
ed 36,000 persons in one year?

Practically every accident, wheth-  
er it results in killings or only in  
scratched fenders, is the result of  
the human element. Ninety percent  
of automobile drivers are safe, care-  
ful and competent. The remaining  
ten per cent are reckless, careless or  
incompetent. And that ten per cent  
menaces the lives, health and prop-  
erty of us all.

If one steamship accident or a bad  
railroad accident, killing compara-  
tively few people, causes revolu-  
tionary legislation to protect the  
public, what should the safety pro-  
gram be when automobiles killings  
total 36,000 in one year?

# THE JAYTON CHRONICLE

VOLUME XV

JAYTON, KENT COUNTY, TEXAS, SAT. JANUARY 25, 1936

NUMBER 4

## Nobody's Business

BY Julian Capers, Jr.

Austin—Speaker Coke Stevenson named his 35 important committees in the Texas House of Representatives this week-end, and the ponderous machinery of democratic government made ready for action. During the next three and a half months it will grind out the laws under which Texas will live during the ensuing year. It will raise \$40,000,000 more—and appropriate the sum to the various agencies and departments of governments to conduct the budgeted departments of the government.

Besides the routine of financing government by taxes, the legislators determine conclusions upon a series of major issues of policy. Included is the liquor problem—prohibition of repeal of the constitutional prohibition amendment and consideration of a prohibition is wined out in law, already has been in fact throughout Texas. A bitter fight against re-issuance is indicated, before the amendment ever gets to the people—it does. With Governor Allred pledged to resubmission (although personally a dry himself) and theocratic state platform likewise urged for passing the problem back to the people, the prospect is that old-fashioned prohibition campaign will resound through the hills and dales of Texas by the fourth of

both is having its fling in Texas' Deal in the State government. Jimmie Allred is 36; Attorney General Bill McGraw is 39; Lieutenant Governor Walter Woodall entering his 40's; Carl Nesbitt is thirty, the new Adjutant General is thirties. Ernest Thompson and Commissioner, is still in the forties. The elder statesmen represented on the Railroads Commission by Commissioner Smith, in the Comptroller's office and the general Land Office. Legislature, as usual, has a general sprinkling of youthful mem-

Governor Allred, the cynosure of eyes at present, has taken a leaf from the book of President Roosevelt in his relations with the newsmen covering the Capitol. The President's happy relations with the newsmen in Washington is traditional and largely responsible for his "press." Gov. Allred has adopted a policy of holding his daily conference promptly at 9:30 o'clock. No matter who may be in the office, the newsmen know they have carte blanche to "crash the gate" to his office when clock strikes. Smilingly, Jimmie Allred, and answers all questions.

The press conference during the Ferguson regime had declined until it was not held once in two weeks, sometimes. Usually Governor Jimmie on hand, and did as much talking as the governor. With certain individual newsmen, Mrs. Ferguson had cordial relations; toward others she dealt harshly with her and Jim, she was bitterly antagonistic.

Job hunters still haunt the capital. More than 3,000 have applied for jobs on the State Ranger force, and two more jobs to be filled, under the present setup. Every veteran officer in Texas, it seems, would be a Ranger. Gov. Allred and aides handle the job-hunters suave but firmly. There have occurred outward incidents such as the "willing out" that Jim Ferguson was the assemblage after his wife's office two years ago, when he quickly told us to get to work.

State hotels are enjoying an unprecedented boom with the taking over by the new administration, comprising of the Legislature and subsequent descent of job-seekers upon the capital. Presently there are no accommodations available in the two large hotels. Immigration ceremonies reflect the high mark, when thousands lined up upon Austin. The travel industry here indicates the depression existing over in the capital, and the Centennial coming up next year, the innkeepers are anticipating

## Senator Duggan On 11 Standing Committees

Austin, Jan. 21—Member of 11 standing committees, four of which are among the more significant in the upper house is Senator Arthur P. Duggan of 19th District. New committee assignments were announced by Lieut.-Gov., Walter Woodul. Senator Duggan is chairman of the Committee on Educational Affairs, concerned with the problems of Texas' Fifty Million Dollar System of public schools and higher education. He is Vice-Chairman of the Committee on Internal Improvements.

The South Plains Senator is also member of the powerful Committees on Finance and Agricultural Affairs. Other Committees to which Senator Duggan belongs are: Public Lands and Land Office; Roads, Highways and Motor Traffic; State Penitentiaries; Counties and County boundaries; Public Printing; Congressional Districts and Senatorial Districts.

## HOME DEMONSTRATION AGENT RETURNS

Miss Veralee Jones, Kent Counties most efficient Home Demonstration Agent returned from Temple, where she has been for some time, last Sunday, greatly improved in health and ambitious to get back in the work in Kent county. A report on her work in the county for the past year appears in this issue of the Chronicle and after reading same the most of us must agree that her work has certainly been worth the cost to the county. We must also, remember that the year 1934 was one of the driest this county has ever known and for a Home Demonstration Agent to accomplish anything under these conditions was remarkable. Miss Jones will be welcomed back to her work here by the folks in every part of the county, who have learned to appreciate her for the help she has been able to give them as well as for her happy, pleasing personality which makes her a most successful every-day home.

## McKENZIE — HODGE

Saturday, Jan. 19, at 12:00 o'clock noon at the home of Rev. Lee Dowdle, Mr. Woodrow Hodge and Miss Opal McKenzie were united in the holy bonds of matrimony, Rev. Dowdle performing the ceremony. Those witnessing the ceremony were Chester Dowdle Mrs. R. D. Hill and son T. J.

The best of wishes go to these newly weds for happiness and prosperity in the years to come.

Mrs. Eldon Wade is suffering with a severe cold this week.

A permanent residence by Santa Claus in Austin.

This story has no particular legislative significance, but here it is: Two gentlemen, well known members of the "third house" (the lobbyists) were discussing a freshman member of the house who had proved a bitter disappointment to them. Quite frankly, he told them he favored certain legislation they opposed—and they had understood his vote against could be counted on.

They were discussing him in a hotel lobby.

"If Huey Long had a half-witted brother, he would look exactly like that guy," ventured one of them. "Oh, no, he wouldn't remarked the other. "If Huey Long had a half-witted brother he would BE that guy."

A veteran East Texas representative was reading the mimeographed summary of new bills introduced at his desk in the house.

He came upon a bill proposing a tax upon certain luxury items, including perfume cigars and snuff. "Who introduced that?" he demanded, suddenly all attention.

He hastily consulted the sheet and learned the snuff tax bill was signed by another East Texas Legislator.

"Can you imagine a guy with no better political sense than that?" he asked. "Living in East Texas and offering a bill to tax snuff. He ought to include black bass and fox-hounds and model T fords, too, if he wants to be sure and retire next election."

## Washington — News

Washington, Jan. 24.—(Special) The Congress of the United States has been in session for two weeks and 4138 bills have been introduced. These bills have been referred to committees and will be considered there before being given a chance to be brought before the House itself.

The first bill to be introduced into the House was one providing for the payment of the Soldier's Bonus. It is still being considered by the committee. The only one to pass the House of Representatives was an appropriation measure known as the Independent Offices Bill.

Some bills that have been introduced which involve the interests of the 19th District particularly will be briefly outlined as follows:

1. A bill providing for the reestablishment of the HOLC.
2. A bill providing for a continuation of the farm seed and feed loans.
3. A bill that would give the Western part of the State of Texas a supply Federal District Judge.

Mr. and Mrs. George Mahon, Mr. and Mrs. Naurv Mavrick, Mr. and Mrs. Charles L. South and Mr. and Mrs. Nat Patton were honor guest at the first social function sponsored by the Texas Club in Washington this year.

Mr. Mahon was called upon for a brief talk. He expressed his appreciation for the friendliness of the Texas people in Washington, and stated that it was his desire to do his job as well as the able statesmen already in Washington serving his State.

The Texas club is an organization of all those Texans who live in Washington and who are employed in any phase of the government service. Wright Matthews of the Bureau of Internal Revenue, is President, and Boh Jackson, secretary to Senator Connally is secretary to the Club.

The announcement has been made from the office of George Mahon, Congressman of the 19th District, that Texas Technological College at Lubbock had been named as the Government Depository Library for his District.

After contacting the Government Printing Office Mr. Mahon found that he was entitled to designate one school in his District to serve as depository for all Government documents and official publications. In answer to a written request that a selection be made, he sent his official choice to the Superintendent of Documents, naming Texas Tech.

Mr. Mahon expressed pleasure at being able to cooperate in aiding the College in this matter.

Honorable George Mahon, 19th District Congressman, was elected Secretary to the Texas Delegation at its first caucus this year. Honorable Fritz Lanham of Fort Worth was elected Chairman.

The Texas Delegation is made up of all members of Congress from the State of Texas. It meets regularly every two weeks to discuss problems before Congress that peculiarly involve the interests of Texas.

## Kentucky Refuses To Carry Dogs On Relief

Louisville, Ky., Jan. 20—The Kentucky emergency relief administration took a firm stand today against carrying dogs on relief lists.

Relief workers found that in a section of one Kentucky county 84 families on relief owned 105 'coon dogs, many of them fat and sleek.

Into these families 63 babies were born last year.

The KERA ruled that it was all right to toss scraps and leftovers to the dogs but that it drew the line at writing the dogs name on the relief lists. Seeing that the babies are nourished is a big enough task, families owning dogs were informed.

Claude Worthen sends the Chronicle to his parents, Mr. and Mrs. A. E. Worthen at Levelland, Texas. Mr. and Mrs. Worthen will appreciate the thoughtfulness of their son, and the Editor is thankful for the do re mi.

Harold Kennedy was on the sick list the first part of the week. We are glad to see Harold back on the job behind the bars at the Post Office.

## Dried Skim Milk For Relief Clients

Austin, Jan. 24. Large quantities of dried skim milk will be available to Texas relief clients early in February as a federal surplus commodity. It has been announced by C. Z. Crain, head of the commodities distribution department of the Texas Relief Commission.

Setting forth some of the benefits to be derived from the use of milk, Mrs. Helen S. Swanson, consultant dietitian of the commission, stated, "This commodity will do more toward supplying some of the food factors which are deficient or even lacking in the diets of many of our relief clients, than any food other than fresh or evaporated milk. Dried skim milk contains all of the food factors presenting fresh skimmed milk except water. It also contains 6 per cent more protein per pound than cheese, and is a rich source of mineral especially calcium and phosphorus, and vitamins B and G. One-fifth of a pound of dried skim milk plus one-tenth of a pound of butter is approximately equivalent to one quart of whole milk."

Mrs. Swanson said plans are being made to institute a campaign whereby relief clients can be educated to the use of the commodity.

The milk is bought in 200-pound drums and put in 2 pound packages. It is necessary to maintain about a 70 degree temperature in the plants, and packers are required to wear white sanitary uniforms. The small packages are sent to county administrators, who, in turn, distribute them to relief clients.

## Fire! — Fire!

Last Thursday night after everyone had crawled down under the blankets for a last good snore, the fire alarm sounded long and loud, calling the fire boys and others from their warm beds, and only was it a few moments before the fire was under control. The fire proved to be in the Jones Cafe. It started in the upper part of the building around the flue and all that prevented a bad blaze was the fact that there was for one time in the history of Jayton, not a breath of wind moving.

The fire truck was locked up in Hembree's garage and the owner, so we are told was off on a wolf hunt so the boys had to break in to get the truck, which delay might have been fatal, at any other time or under any other circumstances.

But the fire was extinguished and no great damage was done. But it left for the folks of Jayton a warning, and that is to arrange it so that fire wagon can be gotten to quickly, and if this is not done, some sweet day we will realize that we have tempted fate once too often.

## 1935 Model Chevrolets Arrive

Wednesday, Jay - Mason Chevrolet Company received their first shipment of 1935 model Chevrolet cars. The shipment contained one 4 door sedan, one 2 door sedan a pick up and a truck. They are now on display at their place of business in Jayton and are attracting much attention and favorable comment.

Read about them in the Company's big ad as it appears in this issue of the Chronicle, then go in and look them over and if in the market for a car those boys are ready and anxious to do business with you.

Tax Collector Cumble, tells us that tax collections have picked up wonderfully the last few days. Remember, January 31st is your last day for paying without going delinquent, what ever you do, be certain to pay your poll tax as there will be many constitutional amendments to vote on this year according to the signs of the times.

The Jayton Cotton Oil Mill has again fired up its boilers and is doing big business. The town is really hot now that all of the boys have gone back to work.

Mrs. Madell Brown left Sunday for Anson where she will begin working for Mrs. D. M. Dickey.

## "Must Do Now—Not Manana"

San Antonio, Texas, Jan. 10.—Recognizing that the tourist is the most critical of citizens and the most helpful or most hurtful advertiser, Cutler Borglum, famous sculptor, is of the opinion that the cities of Texas, in preparation for the Centennial celebration of 1936, "must do now — not manana, but now — is to put themselves in order; look their nicest - plant, water, clean up, and profit by holding the visitors to ease."

Mr. Borglum thinks that the sum of \$3,000,000, it is now proposed to ask of the State for Centennial purposes, is too small an amount and believes at least \$5,000,000 should be expended on permanent structures in Dallas, at the San Jacinto battlefield, at Goliad, San Antonio, and similar locations of historic shrines. He is confident that even \$10,000,000 invested in the Centennial project would not be ill-advised and is quoted as follows:

"Texas is on the main and only highway for three-quarters of the United States into Mexico and eventually to Panama. California will have a road to Mexico City if she will have to build it; no matter, Texas must be crossed one way by at least 300,000 autos annually, Mexico bound. Fifty thousand cars detour 200 miles out of their course annually to South Dakota to see the carving on mount Rushmore."

"Three hundred cars to Mexico is not too great an estimate. These cars average three persons per car; that means 900,000 practically new tourists. They will spend from \$40,000,000 to \$60,000,000 annually. If you do not believe these figures, drawn from memory from national tourist statistics, look them up and you will learn that I have cut down a quarter of the Government estimates. The Centennial has one object, to show Texas to the United States."

Whether an individual member of the same whether due to his final reward. Mexico to Washington; within thirty days the return visit will be made officially by the Washington Committee; that is next fall, 1935. In other words, the whole tourist world in America will be moving toward Texas and Mexico by 1936 and the Centennial cannot be other than a colossal investment. To all and a part of the visit to New Spain belongs the Rio Grande.

"The Centennial, as a State legislative matter, is a gold mine and an investment at a \$10,000,000 appropriation, and should be made as permanent as possible.

## BRIDES SHOWER

Last Friday evening at the home of Mr. and Mrs. Bill Porter, Mrs. Robert Ben Whitaker was honored with a shower, given by Mrs. Porter and Miss Eloise Wilson.

The shower was one of the largest of such affairs ever to be held in Jayton, being attended by sixty or more. The bride received many beautiful as well as useful presents.

Mr. and Mrs. H. J. Whatley made a trip to Lubbock, Saturday.

Mrs. W. T. Cathey is in Dallas this week going through the clinic.

Mrs. F. T. Whitaker went to Lubbock today to attend to some business.

Mr. and Mrs. W. J. Lane accompanied by Mr. and Mrs. Henry Hilbery went to Brownwood last week to attend the funeral of Mr. Lane's brother-in-law.

Mrs. Eugene Murphy of Littlefield visited relatives and friends in Jayton the first part of the week.

Jack Holley is really working this week, helping his dad unload a car of lumber for the Tri-County Lumber Co.

Mr. B. A. Cumble, our tax collector has an article in this weeks paper explaining the law on the paying of taxes, delinquents etc. Be sure and read this article and if you do not fully understand some see the collector at once as the time is short and if you will heed his warning you can save considerable on your tax bill.

## Summary of Home Demonstration Work In Kent Co. For 1934

\$7,866.48 of canned and preserved foods have been conserved by the one hundred and forty club women and others they have assisted. Thirteen have provided adequate storage for the farm food supply. All of the pantries have been built in cellars. Two of the cellars have been concreted.

The club girls have realized a profit of \$47.00 on their garden demonstration. \$4.50 of fresh vegetables were sold, vegetables valued at \$30 were used fresh, \$34.25 were canned or 288 quarts. Eighteen made hot beds for the purpose of growing tomato plants and 225 feet of tile was installed for the sub-irrigating purposes.

The club women report that of the 1480 garments they have made including those they have helped others to make through the clothing demonstration has saved them \$1,400. The four class 1 class robe demonstrations made 59 garments and their clothing for the year cost \$96.14. Class 2 demonstrators, three spent \$137.60 and made ninety-seven garments. Four demonstrators added permanent storage and three added temporary storage. Fifty-three co-operators have added temporary storage. Thirty are permanent. Eight non-club members have been assisted in making clothes closets.

\$82 was spent by fifty-six club girls in improving bedrooms. Forty-seven families were represented. The three co-operators spent \$47.50. Ten improving their bedrooms. The fifty-three cooperator spent \$47.50. Ten permanent clothes closets were provided at the cost of \$15 and fourteen temporary closets were built at the cost of \$6.50. Thirty-five sheets were made, thirty seven shoe racks and sixty-five hat stands.

The county council committee on home demonstration, representing the county, is planning to have a county fair in the fall. The fair will be held at the same place as the fair of 1934. The fair will be held at the same place as the fair of 1934. The fair will be held at the same place as the fair of 1934.

In conducting the four demonstrations; the farm food supply and wardrobe for women and gardening and improved bedrooms the agent has devoted two-hundred and seventy days to this year's program and conducted 120 method demonstrations, given 5 training schools, visited 216 different farm homes, made 505 farm visits in conducting extension work, attended 13 achievement days and written 75 news stories.

## Methodist Church

Sunday School at 10:00  
Preaching at 11:00  
Young people meet at 6:45  
Preaching at 7:15

We are very thankful that the congregations are growing. We always appreciate your presence. You have an invitation to attend the services Sunday. Come and bring the children to Sunday School, and remain for the preaching hour.

The subject Sunday will be "Capitalizing Our Calamities." We had no services last Sunday night, so we are announcing the same subject that we announced for that hour: "The Trifler."

## Snow In New Orleans

Radio reports, Tuesday, told of snow falling in New Orleans, La. The school children of that southern city seeing for the first time this wonderful happening. A good snow fall in this part of Texas would be appreciated, not that we need the cold but we do need the moisture. At this time we are getting a good start towards another year of drouth, and most of us are more than satisfied that one year is God's plenty, and would welcome moisture be it in the shape of snow or rain. Instead of the Government planting trees across Texas it had better first dig a canal from the great Lakes in order to provide moisture, which trees must have before they can grow. We have plenty of folks that will do the tree planting provided they were certain there would be sufficient water to keep 'em growing.

**MUSINGS**

By J. Marvin Nichols

The things we carry beyond the grave are the only things that are worth our while.

There is no greater luxury than the possession of a friend that understands you.

The one who really loves you loves the most amidst thickening shadows and gathering storms.

They call the pathway of life "a rocky road", yet the most of us want to stay on it.

This is the age of the muck-rake. Often the man at the handle ought to exchange places with the man under the teeth.

The costumes at some of our socials suggest that Eve was a little bit overdressed.

There are but few central suns—the most of us are only satellites.

The fellow who is long on animal life is generally short on cerebral activity.

The world's sweetest songs have fallen from lips that knew the bitterest taste of sorrow.

About the best definition for character we know is the age-old truism: "As a man thinketh in his heart so he is." And what is more, we fashion character as we mold thought. The story of the young fellow who recently attempted, single-handed, to hold up a fast express train, should certainly be a strong argument for the temperance and anti-cigarette crowd. This young man, by the constant use of cigarets and his expensive drinking, had undoubtedly dulled his intellect. And so having lost his wits, he attempted to rob the train. Of course, there was but one ending. The would-be desperado languishes behind the bars and will have ample time to meditate on the folly of practicing ten-cent absurdities among twentieth century realities.

**Wholesale Slaughter Permitted**

A few months ago a great passenger liner burned at sea, with a loss of life totaling about 150. Recently a crack Canadian passenger train tore into a sliding and telescoped a "holiday special." A score of people died.

Each of these tragic incidents was headlined in newspapers throughout the civilized world. Millions of people were literally horror stricken. Public and private bodies immediately started inquires in an effort to fix the blame and punish those who were guilty. The whole force of public opinion backed by the authority of the law, determined that everything to be done to make certain that there would be no more similar accidents.

Yet those killings, horrible as they were, were infinitesimal compared with a form of accident which the public accepts with complete indifference—the automobile killings.

Last year, incompetent, reckless or careless drivers and pedestrians accounted for a killing every fifteen minutes, and an injury every 31 seconds. The year showed a record killing in the United States of 36,000 and an injury total of 1,000,000. What would the public have done if the railroads and steamships had killed 36,000 persons in one year?

Practically every accident, whether it results in killings or only in scratched fenders, is the result of the human element. Ninety percent of automobile drivers are safe, careful and competent. The remaining ten per cent are reckless, careless or incompetent. And that ten per cent menaces the lives, health and property of us all.

If one steamship accident or a bad railroad accident, killing comparatively few people, causes revolutionary legislation to protect the public, what should the safety program be when automobiles killings total 36,000 in one year?

**Help The Crippled**

The President's Birthday Ball for benefit of Warm Springs Foundation held, at Spur Wednesday night, Jan. 30th, Dr. Brannen in charge. Jayton folks have a cordial welcome and invitation to attend and assist in this great cause, the treatment and care of crippled children, at the Spur Inn, Spur, Texas.

**Watch for the 'Silent Shape.'**

Eventually, we all come to the end of our row.

From lovely spring weather down to zero within a few hours is what took place here Sunday afternoon. Did we shiver and shake?

The present legislature will no doubt pass laws forcing the payment of all delinquent taxes that are collectable. It's going to hurt but the State and counties, school and cities can't exist without funds to pay running expenses.

Hostetter: "Is Quiggle what you would call a typical American?"

Kumgnat: "Yes, he likes baseball, is buying an auto on time, has his home mortgaged for more than it is worth, pays alimony and has seven different kinds of loans from the government and is trying to get on the relief rolls."

More hog killing weather but most of the hogs in this territory have either been killed or passed out from starvation.

**BE CAREFUL**

Folks should be careful. These sudden weather changes from Spring warmth to arctic conditions is liable to cause much severe sickness, such as flu and pneumonia. Unnecessary exposure should be guarded against, the bowels kept regular and over eating avoided.

**Card Of Thanks**

We wish to express sincere thanks to our Friends and relatives for their expressions of condolence and kindly ministrations to our comforts during our recent sorrow, in the loss of our father and husband. May God bless you.

Mrs. Martha Lang  
Herbert Lang

**A SCHOOL GIRLS THOUGHTS**

**HOPE:**—Would life be possible without hope? Could we live from day to day happy and cheerful, willing and determined to press on, if it were not for hope? Take hope out of our life and we have despair, that means death.

We should cultivate the hopeful spirit. We should not only be hopeful for ourselves and for our own benefits but for the good of our friends, neighbors, community, state and nation, in fact all the world.

**SCHOOL:**—Every school should be so organized that it would satisfy the pupils attending. Every pupil should be given special consideration so that the best in them may be brought out and developed. The teacher that wins the love, respect and honor of their pupils is the successful teacher.

Even the dullest pupil will strive and work to learn if they know their teacher is truly and sincerely interested in their welfare. Every teacher should be so qualified that they may be able to create a desire in the hearts of their pupils to go higher and do better each succeeding day. — MCW

It is our opinion that under the present administration quite a few of the reckless element in Texas will stop and consider before attempting to break into the penitentiary. Governor Allred has warned them that it will be easier to break in, than to break out, via the pardon route.

Quite a number of Jayton folks attended the basket ball games at Hamlin last Saturday night. The boys won another cup.

**EQUIPPED**

With the very latest machines and all work done in the most pleasing and careful manner at prices in reach of all, is what is offered you at our beauty shoppe.

**MRS. IVEY F. MURDOCH**

PHONE 37 JAYTON, TEXAS

At the Methodist Church last Sunday the collector approached one of the members and held out the pan. "I never give to missions" said the member. "Then take something out of the pan," said the collector. "This money is for heathens." Was the pan swept clean?

**City Tax Payers**

All parties paying their delinquent Taxes on or before Feb. 1st, 1935 will save all interest and penalties. After that date the penalties and interest will be added.

Now is your chance to save. Pay up before Feb. 1st. After Feb. 1st we will proceed to advertise and delinquent property and sell same for the taxes and costs. We are forced to do this to protect our bonded debt, otherwise the parties holding bonds will come in and foreclose. We are forced to collect or suffer the consequences.

M. V. Ja<sup>y</sup> - Mayor

**Smallpox Can Be Eliminated**

Austin, Jan. 24— Smallpox can be eliminated as a cause of illness and death if every person would be vaccinated against this disease at least every five years, declared Dr. John W. Brown, State Health Officer. There were almost eight hundred cases reported to the State Department of Health in 1934.

Smallpox occurs most frequently among young children under 14 years of age. The incubation period averages from 8 to 14 days, and the disease begins suddenly with a severe headache and a high fever. The severe headache and the intense pain in the loins, back and extremities are more characteristic of smallpox than of any other disease occurring in temperate climates. At the end of 3 or 4 days of these preliminary symptoms an eruption appears which, within a few hours becomes distinctly raised above the general level of the skin. With the appearance of the eruption the fever subsides and the patient becomes more comfortable. In contradiction to chickenpox, the eruption does not occur in crops, but goes through its development in a characteristic fashion nearly simultaneously all over the body.

At present there is an increasing lack of vaccination among school children, and they contribute a menace to our State. Is it right to sit complacently by and allow this disease to gain foothold, when a very simple weapon is in a position which would make the occurrence impossible? Every community is in a position to determine the amount of smallpox it wishes to have. Vaccination is an economical measure easily within the reach of all and brings protection. The disease is within human control and our advice to the people of Texas is to get vaccinated if you have not been within the last five years.

**BETTER ENGLISH CLUB**

Last Friday afternoon, Mrs. Hancock met with the Club, as Miss Waddell was gone to Rosco.

The errors of the week are:

John H. Montgomery said 'shore.'  
E. S. Gallagher said "arin."  
Kenneth Davis said 'I ain't got.'  
Sam Matthews said 'ort to.'  
Dell Lansdown said 'I have went.'  
Billy McLaury said 'I ain't got none.'

Crystal Lafoon, Jimmie D Howell and Amelia Moreland were elected as the poster committee.

Bulah Bell Gallagher and John H. Montgomery are to be complimented for making the best talk on selected short subjects the past week.

Tom Bill Fowler is still sick and we miss him. We hope he gets well soon so he can return to school.

Reporter

J. M. Johnston renewed his three Chronicle subscriptions Thursday morning, thereby greatly brightening the prospects for cats for us for the rest of the week. Mr. Johnson is a friend to the Chronicle and he is greatly appreciated.

Pete Lane is again working in the Club Cafe, after a lay off of about three months. Pete makes a swell cook.

Mr. and Mrs. John York were in from their farm east of Jayton, Saturday.

Herbert Lang, who was called here from California by the death of his father, visited us Monday afternoon.

A petition to President Roosevelt and Congress asking for a good rain over West Texas is now in order.

Tom Wade was out of school this week with a case of tonsillitis.

Claud Worthen is in bed this week with a sore throat and a light case of the flu. Claud says it is not so light if you ask him. We hope Claud recovers soon.

Claude Kelley said that Monday morning he was called on so much to help start cold automobiles that he was pushed and pulled out.

Merle Jay is still nursing his bone felon. Merle says that he has gotten one or two nights sleep in the past week or so. Well, Merle it should begin to get well in the next week or so.

Thursday morning a crew of men were working over the old gyp pump that has been the source of water for Jayton for the past four years, getting it in shape for use again as the lake is again dry.

Judge J. B. Earnest was over from Clairement, Wednesday looking after business affairs of the County.

You'll shiver when you meet the "Silent Shape."

# LEGAL NOTICES

## Notice! Tax Payers

In reply to the many inquiries as to whether or not we will come to different parts of the county for the purpose of collecting taxes will say: Owing to the fact that we have been very busy, the time is short and there are now taxpayers from all parts of the county and some out of the county coming to the office every day to pay taxes, it will be impossible for us to leave the office. However we are mailing out 1934 statements and if you wish to save a trip to Clairmont, you may mail your remittance, with statement to me and same will be given our prompt attention. Also, in answer to many inquiries as to penalty and interest on the 1934 taxes. Under Section 2, House Bill No. 6 passed by the fourth and last called session of the 43rd legislature reads as follows: If any person fails to pay one half of the taxes imposed by law upon him or his property, on or before the 13th day of November of the year for which the assessment is made, then unless he pays all of the taxes, (imposed by law on him or his property) on or before the thirty first day of January, the following penalty shall be payable thereon, to-wit:

During the month of February 1 per cent; during the month of March 2 per cent; during the month of April 3 per cent; during the month of May 4 per cent; during the month of June 5 per cent and on and after the first day of July, 8 per cent penalty and interest at the rate of 6 per cent per annum from the date of their delinquency.

If possible pay your taxes now and save these penalties and interest.

B. A. Cumbie  
TAX COLLECTOR  
KENT COUNTY

## Notice To Banking Corporations

Notice is hereby given to all banking corporations in Kent County, Texas, that the Commissioner's Court of said county will on the second Monday in February, A. D. 1935, the same being the 11th day of said month, receive proposals from any banking corporation in the county aforesaid, that may desire to be selected as a depository of the funds of said Kent County, Texas, on or before 10 o'clock A. M. on the 11th day of February, A. D. 1935.

All proposals must be sealed and each proposal must state the rate of interest that said banking corporation offers to pay on the funds of the county, for the term between the date of such bid and sixty days after the second Monday in February, 1935.

Each bid shall be accompanied by a certified check payable to the County Judge of Kent County, Texas, in the sum of \$500.00 the same being not less than one-half of one per cent of the County revenue of the preceding year, as a guarantee of good faith on the part of the bidder, and that if his bid shall be accepted said banking corporation will enter into and give the required bond. Upon the failure of the banking corporation that may be selected as such depository to give the required bond the amount of such certified check shall go to the County as liquidated damages.

J. B. Earnest  
County Judge  
Kent County, Texas  
(Seal)

## Notice! Land Owners

The government is leasing land in this county for a minimum term of 3 years and is paying cash rent. The rent is paid three years in advance. The land owner is required to furnish a house of 450 sq. ft. of floor space. Barn with stock shelter, chicken house, water, and available pasture.

The money per acre you can expect to be paid will be based on the cotton average for the past five years, aged and pasture land will not bring as much money as cotton land.

A family will be placed on these leases and the land will be worked by them under government supervision. I will be in Kent County on Thursday and Friday at the Relief Office.

Dale S. Campbell  
Rural Supervisor

## MORE MONEY FOR FARMERS

Washington, Jan. 23—President Roosevelt's hope that Congress would not vote more money for seed and harvesting loans this year has been voted a \$100,000,000 disappointment by the senate.

Mr. Roosevelt expressed his hope last year in signing the appropriation bill for 1934 loans. Drought conditions advanced now as the rea-

# SCHOOL NEWS

Alvin Durham is back in school, after staying out the first half.

We were entertained a few moments in chapel last Monday by two of the primary pupils. After they had made their speeches Miss Waddell and Mr. Coons made theirs on the ball games played at Roscoe by the girls and the boy's games played at Hamlin.

The girls went to Roscoe the last week end and played three games, losing the third game to Lorraine by a close score. They played Noodle first and won, then they played Sylvester who was rated to win the tourney and defeated them. The third game with Lorraine was the final game for the Jayton girls in that tourney, altho Jayton girls put up a stiff fight. Sylvester beat us at our tournament in the fall but we turned the tables and beat them this time.

Out of 28 teams entered in the tournament, Barney Faye Sewall proved her ability as a star player by being placed on the all star team of the tourney as forward, and Wednesday she received a gold medal so that she will be known for such where ever she goes.

The boys went to Hamlin, Friday and played Peacock at 1:30 and they beat us by a nice margin. They proved their ability Saturday night by defeating Noodle in the final game. The Jayton boys played Clyde at 4:30 and out scored them. Then Saturday we beat Avoca and won the right to play Hamlin, Saturday for the consolation cup. We lost but won a nice cup as runner up in the consolation. Out of 22 teams entered we won one of the four cups offered.

Mr. Lowrey called a general assembly today and told us about the county meet for this year. Probably most of you know that it is to be held at Clairmont on the 15 and 16th days of March. We are beginning to work on the different events and hope to win at the meet.

Fuzzy Harrison has missed the ninth period once now, for he missed it the other day when all of the teachers had something else to do.

Mr. Jenkins says that Merle Rose has not been late to class a time since he has had the class time change.

## TALKED ONCE TOO OFTEN

Chicago, Jan. 23.—A snicker today cost Mrs. Benjamin Bernstein 24 hours in jail.

"I lied to Judge Gudnecht when I said I didn't have a car," she laughingly told a bystander as she left court. "I'm on relief and not supposed to have one. That's why he dismissed that charge of going through a stoplight."

The bystander was a policeman in plain clothes.

## CENTENNIAL NEWS

Menard, Texas, Jan. 24—Menard citizens are active in their endeavor to prepare plans for 1936, the year that will witness commemoration of Texas' Centennial of Independence by many fitting celebrations throughout the state.

The county has about completed its quota of members for the Texas Million Centennial Club and a movement is on to endeavor to assure creation of a State Park about a mile from Menard, where is located one of the oldest missions in Texas. You will find one of the most attractive automobile rides in the State is that from this point for 22 miles, crossing and recrossing the spring-fed stream of the San Saba River, to where the buildings of the old fort still are in use today.

Menard is hopeful of being placed on the route of the road from San Angelo to San Antonio, which is expected to be paved in its entirety by the opening of the Centennial year.

## MAIL ROBBERY NETS \$129,000

Fall River, Mass., Jan. 23—Machine-gun bandits today hijacked a U. S. Mail truck, kidnaped the driver and escaped with an estimated \$129,000 in currency.

Part of the loot was consigned to the B. M. C. Durfee Trust company from the federal reserve bank of Boston for payrolls in Fall River mills.

Five men all masked, drove an automobile up to the mail truck, driven by Herbert Reid.

They leaped on Reid, tied him up and took him and the truck to a spot near the Providence highway, where both machines were later found. The bandits apparently fled in a third car.

# Reduced Prices On All Winter Merchandise

The worst part of winter may come later so you will have plenty of time to use Winter Merchandise.
