JAYTON, KENT COUNTY, TEXAS

Body's Business

Speaker Coke Stevenson has 35 important committees in the House of Representatives ready for action. During the week-end, and the pondering of democratic government ready for action. During the week-end, and the pondering of democratic government ready for action.

Senator Duggan On 10 Standing Committees

Austin, Jan. 21 —Member of 10 standing committees, four of which are among the more significant in the upper house is Senator Arthur P. Duggan of 19th District. New committee assignments were announced by Lieut.-Gov., Walter Woodul. Senator Duggan is chairman of the Committee on Educational Affairs, concerned with the problems of Texas' Fifty Million Dollar System of public schools and higher education. He is Vice-Chairman of the Committee on Internal Improvements.

Washington — News Dried

Washington, Jan. 24.—(Special) The Congress of the United States has been in session for two weeks and 4138 bills have been introduced. These bills have been referred to committees and will be considered there before being given a chance to be brought before the House itself.

The first bill to be introduced into the House was one providing for the payment of the Soldier's Bonus. It is still being considered by the committee. The only one to pass the House of Representatives was an appropriation measure known as the Independent Offices Bill. Some bills that have been introduced which involve the interests of the 19th District particularly might be briefly outlined as follows:

1. A bill providing for the reestablishment of the HOLC.
2. A bill providing for a continuation of the farm seed and feed loans.
3. A bill that would give the Western part of the State of Texas a supply Federal District Judge.

Mr. and Mrs. George Mahon, Mr. and Mrs. Naury Mavrick, Mr. and Mrs. Charles L. South and Mr. and Mrs. Nat Patton were honor guest at the first social function sponsored by the Texas Club in Washington this year.

Mr. Mahon was called upon for a brief talk. He expressed his appreciation for the friendliness of the Texas people in Washington, and stated that it was his desire to do his job as well as the able statesmen already in Washington serving his State.

The Texas club is an organization of all those Texans who live in Washington and who are employed in any phase of the government service.

Wright Matthews of the Bureau of Internal Revenue, is President, and Bob Jackson, secretary to Senator Connally is secretary to the Club.

the routine of financing government by taxes, the solemn conclusions upon a major issue of policy. In the liquor problem—prohibition of repeal of the institutional prohibition and consideration of a regulation of the traffic.

A bitter fight against re-in indicated, before the it ever gets to the people— With Governor Allred to resubmission (although a dry himself) and the state platform likewise on passing the problem back to the people, the prospect is that prohibition cam-

around through the hills of Texas by the fourth of

having its fling in Texas' in the State government. Ammie Allred is 36; Ag- eral Bill McGraw is 39; Governor Walter Woodul ding his 40's; Carl Nesbitt he new Adjutant General ties. Ernest Thompson

HOME DEMONSTRATION AGENT RETURNS

Miss Veralee Jones, Kent Counties most efficient Home Demonstration Agent returned from Temple, where she has been for some time, last Sunday, greatly improved in health and ambitious to get back in the work in Kent county. A report on her work in the county for the past year appears in this issue of the Chronicle and after reading same the most of us must agree that her work has certainly been worth the cost to the county. We must also, remember that the year 1934 was one of the driest this county has ever known and for a Home Demonstration Agent to accomplish anything under these conditions was remarkable. Miss Jones will be welcomed back to her work here by the folks in every part of the county, who have learned to

ROBINSONS

Bulah Bell Gallagher and John H. Montgomery are to be complimented for making the best talks on selected short subjects the past week.

J. M. Johnston renewed his three Chronicle subscriptions Thursday morning, thereby greatly brightening the prospects for eats for us for the rest of the week. Mr. Johnson is a friend to the Chronicle and he is greatly appreciated.

Pete Lane is again working in the Club Cafe, after a lay off of about three months. Pete makes a swell cook.

Mr. and Mrs. John York were in from their farm east of Jayton, Saturday.

Herbert Lang, who was called here from California by the death of his father, visited us Monday afternoon.

A petition to President Roosevelt and Congress asking for a good rain over West Texas is now in order.

Tom Wade was out of school this week with a case of tonsillitis.

Claud Worthen is in bed this week with a sore throat and a light case of the flu. Claud says it is not so light if you ask him. We hope Claud recovers soon.

Claude Kelley said that Monday morning he was called on so much to help start cold automobiles that he was pushed and pulled out.

Merle Jay is still nursing his bone felon. Merle says that he has gotten one or two nights sleep in the past week or so. Well, Merle it should begin to get well in the next week or so.

Thursday morning a crew of men were working over the old gyp pump that has been the source of water for Jayton for the past four years, getting it in shape for use again as the lake is again dry.

Judge J. B. Earnest was over from Clairemont, Wednesday looking after business affairs of the County.

You'll shiver when you meet the "Silent Shape."

MUSINGS

By J. Marvin Nichols

The things we carry beyond the grave are the only things that are worth our while.

There is no greater luxury than the possession of a friend that understands you.

The one who really loves you loves the most amidst thickening shadows and gathering storms.

They call the pathway of life "a rocky road", yet the most of us want to stay on it.

This is the age of the muck-rake. Often the man at the handle ought to exchange places with the man under the teeth.

The costumes at some of our socials suggest that Eve was a little bit overdressed.

There are but few central suns—the most of us are only satellites.

The fellow who is long on animal life is generally short on cerebral activity.

The world's sweetest songs have fallen from lips that knew the bitterest taste of sorrow.

About the best definition for character we know is the age-old truism: "As a man thinketh in his heart so he is." And what is more, we fashion character as we mold thought. The story of the young fellow who recently attempted, single-handed, to hold up a fast express train, should certainly be a strong argument for the temperance and anti-cigarette crowd. This young man, by the con-

Help The Crippled

The President's Birthday Ball for benefit of Warm Springs Foundation fund, at Spur Wednesday night, Jan. 30th, Dr. Brannen in charge. Jayton folks have a cordial welcome and invitation to attend and assist in this great cause, the treatment and care of crippled children, at the Spur Inn, Spur, Texas.

Watch for the 'Silent Shape.'

Eventually, we all come to the end of our row.

From lovely spring weather down to zero within a few hours is what took place here Sunday afternoon. Did we shiver and shake?

The present legislature will no doubt pass laws forcing the payment of all delinquent taxes that are collectable. It's going to hurt but the State and counties, school and cities can't exist without funds to pay running expenses.

Hostetter: "Is Quiggle what you would call a typical American?"

Kumgnat: "Yes, he likes baseball, is buying an auto on time, has his home mortgaged for more than it is worth, pays alimony and has seven different kinds of loans from the government and is trying to get on the relief rolls."

More hog killing weather but most of the hogs in this territory have either been killed or passed out from starvation.

BE CAREFUL

Folks should be careful. These sudden weather changes from Spring warmth to arctic conditions is liable to cause much severe sickness, such as flu and pneumonia. Unnecessary exposure should be guarded against, the bowels kept regular and over eating avoided.

Card Of Thanks

We wish to express sincere thanks to our Friends and relatives for their expressions of condolence and kindly ministrations to our comforts during our recent sorrow, in the loss of our father and husband. May God bless you.

Mrs. Martha Lang
Herbert Lang

A SCHOOL GIRLS THOUGHTS

HOPE:—Would life be possible without hope? Could we live from day to day happy and cheerful, willing and determined to press on, if it were not for hope? Take hope out of our life and we have despair, that means death.

We should cultivate the hopeful spirit. We should not only be hopeful for ourselves and for our own benefits but for the good of our friends, neighbors, community, state and nation, in fact all the world.

SCHOOL:—Every school should be so organized that it would satisfy the pupils attending. Every pupil should be given special consideration so that the best in them may be brought out and developed. The teacher that wins the love, respect and honor of their pupils is the successful teacher.

Even the dullest pupil will strive and work to learn if they know their teacher is truly and sincerely interested in their welfare. Every teacher should be so qualified that they may be able to create a desire in the hearts of their pupils to go higher and do better each succeeding day. — MCW

It is our opinion that under the present administration quite a few of the reckless element in Texas will stop and consider before attempting to break into the penitentiary. Governor Allred has warned them that it will be easier to break in, than to break out, via the pardon route.

Quite a number of Jayton folks attended the basketball games at Hamlin last Saturday night. The boys won another cup.

At the Methodist Church last Sunday the collector approached one of the members and held out the pan. "I never give to missions" said the member. "Then take something out of the pan," said the collector, "This money is for heathens." Was the pan swept clean?

Notice! Land Owners

The government is leasing land in this county for a minimum term of 3 years and is paying cash rent. The rent is paid three years in advance.

The land owner is required to furnish a house of 480 sq. ft. of floor space. Barn with stock shelter, chicken house, water, and available pasture.

The money per acre you can expect to be paid will be based on the cotton average for the past five years, feed and pasture land will not bring as much money as cotton land.

A family will be placed on these leases and the land will be worked by them under government supervision.

I will be in Kent County on Thursday and Friday at the Relief Office.
Dale S. Campbell
Relief Supervisor

MORE MONEY FOR FARMERS

Washington, Jan. 23—President Roosevelt's hope that Congress would not vote more money for seed and harvesting loans this year has been voted a \$100,000,000 disappointment by the senate.

Mr. Roosevelt expressed his hope last year in signing the appropriation bill for 1934 loans. Drought conditions are advanced now as the re-

BY U. S. FOR REFORESTATION

Washington, Jan. 23—Purchase of 85,383 acres of East Texas land for reforestation has been authorized by the national reservation commission.

The Texas purchase at a cost of \$213,457, was the largest unit of a purchasing program aggregating 457,461 acres approved by the commission for early completion.

The new national forest purchase unit takes in part of Sabine, Shelby, and San Augustine counties.

Beginning of actual purchase authorizations was regarded as the first step toward retirement of potential forest lands from cultivation.

ORDER SURVEY OF RUNNELS PROJECT

Austin, Jan. 21—The Texas relief commission yesterday authorized projects aggregating \$134,662 to provide work for 2,445 men daily for eight to ninety days and totaling 2,894 working days.

A survey was ordered of advisability of constructing twenty low water dams in Runnels county as a water conservation and sub-soil irrigation project. The survey also is expected to determine if similar projects could be undertaken in counties hard hit by drought.

TALKED ONCE TOO OFTEN

Chicago, Jan. 23.—A snicker today cost Mrs. Benjamin Bernstein 24 hours in jail.

"I lied to Judge Gudnecht when I said I didn't have a car," she laughingly told a bystander as she left court. "I'm on relief and not supposed to have one. That's why he dismissed that charge of going through a stoplight."

The bystander was a policeman in plain clothes.

CENTENNIAL NEWS

Menard, Texas, Jan. 24—Menard citizens are active in their endeavor to prepare plans for 1936, the year that will witness commemoration of Texas' Centennial of Independence by many fitting celebrations throughout the state.

The county has about completed its quota of members for the Texas Million Centennial Club and a movement is on to endeavor to assure creation of a State Park about a mile from Menard, where is located one of the oldest missions in Texas. You will find one of the most attractive automobile rides in the State is that from this point for 22 miles, crossing and recrossing the spring-fed stream of the San Saba River, to where the buildings of the old fort still are in use today.

Menard is hopeful of being placed on the route of the road from San Angelo to San Antonio, which is expected to be paved in its entirety by the opening of the Centennial.

MAIL ROBBERY NETS \$12,000

Fall River, Mass., Jan. 23. Machine-gun bandits today captured a U. S. Mail truck, kidnaped the driver and escaped with an estimated \$12,000 in currency.

Part of the loot was deposited to the B. M. C. Durfee Trust, many from the federal reserve bank of Boston for payrolls in Fall River mills.

Five men all masked, in an automobile up to the machine, driven by Herbert Reid, they leaped on Reid, tied him up and took him and the truck to a spot near the Providence way.

where both machines were found. The bandits appeared in a third car.

Smallpox Can Be Eliminated

Austin, Jan. 24— Smallpox can be eliminated as a cause of illness and death if every person would be vaccinated against this disease at least every five years, declared Dr. John W. Brown, State Health Officer. There were almost eight hundred cases reported to the State Department of Health in 1934.

Smallpox occurs most frequently among young children under 14 years of age. The incubation period averages from 8 to 14 days, and the disease begins suddenly with a severe headache and a high fever. The severe headache and the intense pain in the loins, back and extremities are more characteristic of smallpox than of any other disease occurring in temperate climates. At the end of 3 or 4 days of these preliminary symptoms an eruption appears which, within a few hours becomes distinctly raised above the general level of the skin. With the appearance of the eruption the fever subsides and the patient becomes more comfortable. In contradiction to chickenpox, the eruption does not occur in crops, but goes through its development in a characteristic fashion nearly simultaneously all over the body.

At present there is an increasing lack of vaccination among school children, and they contribute a menace to our State. Is it right to sit complacently and allow this disease to gain foothold, when a very simple weapon is in a position which would make the occurrence impossible? Every community is in a position to determine the amount of smallpox it wishes to have. Vaccination is an economical measure easily within the reach of all and brings protection. The disease is within human control and our advice to the people of Texas is to get vaccinated if you have not been within the last five years.

BETTER ENGLISH CLUB

Last Friday afternoon, Mrs. Hancock met with the Club, as Miss Waddell was gone to Rosco.

The errors of the week are: John H. Montgomery said 'shore, E. S. Gallagher said 'arin.' Kenneth Davis said 'I ain't got.' Sam Matthews said 'ort to.' Dell Lansdown said 'I have went.' Billy McLaury said 'I ain't got none.'

Crystal Lafoon, Jimmie D Howell and Amelia Moreland were elect...

Conservation and sanitation will be in for their share, as will tunnels, flood dams and forest conservation. Road building will naturally be near the head of the list.

There was considerable dissatisfaction in Congress over the fact that the President wants the public works money under his control, congressmen wanted to distribute it themselves. However, this idea seems to be definitely out, allocation of funds will be in the jurisdiction of the White House, through a board appointed by the president.

So far as the social security program is concerned, it is finding rather hard going. It seems that every Congressman has his own idea as to how the ill, the aged and the unemployed should be aided—there is a good deal of argument, many words and little agreement. By the time this is read, the so-called Townsend Plan, whereby every person over 60 would be given \$200 a month by the government, will probably have been introduced in the lower house, proponents of the plan claim enough supporters to get it thru. The President's influence however, will be thrown against it, and in favor of a much more moderate policy.

Patton-Davis

Last Sunday morning at the Baptist Church, the pastor, Rev. Fred McPherson, announced the marriage of Miss Estelle Davis to Mr. R. C. Patton. They were married Nov. 10 and had kept it secret until last Sunday.

Mr. and Mrs. Patton were married in Aspermont Nov. 10 at 10 a. m. in the home of J. C. Mann, pastor of the first Methodist church in Aspermont, Rev. Mann performing the ceremony.

Mr. Patton is the son of Mr. and Mrs. A. R. Patton of Seminole Texas, he has lived here for the past year with his sister Mrs. Geo. Branch.

His bride is the daughter of Mr. and Mrs. Walton Davis of this city. The couple have made their home in Jayton in an apartment at the home of Mrs. Mary Jones. The two have the best wishes of all their friends for a long and happy married life.

Abb Gallagher took Mary Jones to Stamford the first of the week to have the plaster cast she is wearing as the result of a car wreck adjusted.

Mrs. Milton Sandell says Croton creek is still dry.

which he reached in time to get his pocket knife open for the next round. The last charge broke the post off at the ground, knocked Mr. Pafford to one side and let the bull pass. It was then the county commissioner-elect had his inning. He jumped to his feet and grabbed the enraged animal by the horn (the other horn had been broken off) and with a bulldog grip pinned the animal to the ground with one hand while he sank his knife into its throat with the other, finally puncturing the jugular vein.

And there the two wrestled until the bull bled to death.

Warning Against Great American Desert

Col. Clarence Douglas Says Conservations Measures Must Be Taken At Once

Oklahoma City, Jan. 27—A great American desert will reach from the Rocky Mountains to the Dakotas with in two generations if water conservation steps are not immediately taken, Col. Clarence Douglas, one-time lecturer for the war department today.

Asked for the remedy, Colonel Douglas declared: "Trap the water where it falls. Hold it in small lakes and reservoirs. Restore as much of the land as possible to meadows. Practice contour farming. Plant trees near streams and bodies of water."

Col. Douglas, president of the National Rivers and Harbors Association for nine years, cited two factors responsible for the dissipation of the water resources of the Western States. "Our networks of concrete highways, plus the habit of our farmers plowing furrows up and down hills instead of around them, in contour fashion, are creating vast systems carrying the water off as rapidly as it falls. It goes to the Mississippi river, and is carried into the sea."

"And right menace. The genial 'Old song but a head in the tentacles it sucking wa..."

The great bank of floral offerings displayed at the funeral was in a way a means of showing the esteem and respect shown for Mr. Wilson by his friends and neighbors in this community.

He was a good citizen, a loving husband and father, and will be greatly missed by his loved ones and friends. The Jayton schools and the business houses of Jayton were closed for the funeral services.

Teachers Hold Meeting At Girard

On Tuesday evening the Kent Co. teachers had their second meeting of the year to discuss school problems. A very good program was given by different teachers of the county. Following is the program that was carried out.

Modern trends in English in the High Schools: by Miss Cornwell of Girard.

History in the High School: by Mr. Marvin Williams of Centerpoint.

Making the school music minded: by Mr. Webb D. Jenkins of Jayton.

Modern trends in Geography: by Miss Cora Lee Hyatt of Center Point.

Science in the High School: by Mr. Jackson of Girard.

The County Unit Plan: by Mr. Smith of Girard.

Miss Whiteside was chairman of the program and all was very well presented.

To break the monotony of the many speeches, Ruth Shearer, Wilda Stephens, Ethel McGaha, Opal Johnson and Dorothy Olive gave a representation of an old English Folk Dance.

Asalene Havins, Ermagene Mayfield and Maxine Goodall presented "The Irish Washer Woman" another Folk Dance.

Little Miss Betty Blackwell gave a reading "The Measles."

Besides the teachers Ex-officio County Supt., was also present at the meeting.

Melvin Landers who owns a grocery store here and one in Spur and a big general store in Kansas is here this week looking after his business and seeing old time friends and associates. He tells us conditions in Kansas are fairly good and the wheat crop is doing fine and supplying lots of pasture for livestock.

Miss Polly Waddell, Mayme Morris Murphy and Eunice Marie Huffines had business in Spur Wednesday afternoon.

Senator Duggan, F. J. Holbrook of Galveston and Grady Woodruff of Decatur are sponsors of the bill.

Tax-payers would be given authority to borrow money to pay current or delinquent taxes and, "upon payment of the delinquent taxes, the tax collector shall, AT THE REQUEST OF THE OWNERS OF THE PROPERTY, execute a written instrument transferring the tax lien to the lender. In such cases the tax lien shall be superior to any other lien except such as may accrue to the state or its political subdivisions. Such lien may be merged into a deed of trust lien or chattel mortgage lien upon the property involved, may at maturity be foreclosed after the manner of a deed of trust or chattel mortgage. Such tax liens are eligible for investment by banks, building and loan associations, life and fire insurance companies."

Commissioners court would appoint the deputy delinquent tax collector, with approval of the Comptroller of Public Accounts and the deputies' compensation would be a percentage of the delinquent taxes which he actually collects, not, as the bill says, "to exceed 10 per cent of the sum collected and in counties where the amount of delinquent taxes exceed \$1,000,000.00 not more than 5 per cent." Bond of the deputy is to be filed with and approved by the county judge, shall be of an amount fixed by the Commissioners' Court, but not less than \$2,500.

Also by Senators Duggan, Holbrook and Woodruff is the bill requiring a quick consideration by state courts of record of injunctions to enjoin the collection of any state taxes and requiring a final determination of such injunctions before disposing of any other business pending before the court.

The term "emergency" is applied to the bill because "injunctions may be secured against the collection of taxes and the hearing postponed for such a period of time, after a temporary restraining order has been issued, that it seriously embarrasses the State in the collection of revenue."

Cotton Census Bureau Report on '34 Cotton

The census bureau report shows that 1,539 bales of cotton have been ginned in Kent County prior to January 16, 1935, as compared to 15,465 bales to the same date in 1934.

Sheriff Cumbie was in Jayton early Thursday morning.

The present legislature will no doubt pass laws forcing the payment of all delinquent taxes that are collectable. It's going to hurt but the State and counties, school and cities can't exist without funds to pay running expenses.

Hostetter: "Is Quiggle what you would call a typical American?"

Kumgnat: "Yes, he likes baseball, is buying an auto on time, has his home mortgaged for more than it is worth, pays alimony and has seven different kinds of loans from the government and is trying to get on the relief rolls."

More hog killing weather but most of the hogs in this territory have either been killed or passed out from starvation.

BE CAREFUL

Folks should be careful. These sudden weather changes from Spring warmth to arctic conditions is liable to cause much severe sickness, such as flu and pneumonia. Unnecessary exposure should be guarded against, the bowels kept regular and over eating avoided.

Card Of Thanks

We wish to express sincere thanks to our Friends and relatives for their expressions of condolence and kindly ministrations to our comforts during our recent sorrow, in the loss of our father and husband. May God bless you.

Mrs. Martha Lang
Herbert Lang

A SCHOOL GIRLS THOUGHTS

HOPE; —Would life be possible without hope? Could we live from day to day happy and cheerful, willing and determined to press on, if it were not for hope? Take hope out of our life and we have despair, that means death.

We should cultivate the hopeful spirit. We should not only be hopeful for ourselves and for our own benefits but for the good of our friends, neighbors, community, state and nation, in fact all the world.

SCHOOL:—Every school should be so organized that it would satisfy the pupils attending. Every pupil should be given special consideration so that the best in them may be brought out and developed. The teacher that wins the love, respect and honor of their pupils is the successful teacher.

Even the dullest pupil will strive and work to learn if they know their teacher is truly and sincerely interested in their welfare. Every teacher should be so qualified that they may be able to create a desire in the hearts of their pupils to go higher and do better each succeeding day. — MCW

It is our opinion that under the present administration quite a few of the reckless element in Texas will stop and consider before attempting to break into the Penitentiary. Governor Allred has warned them that it will be easier to break in, than to break out, via the pardon route.

Quite a number of Jayton folks attended the basketball games at Hamlin last Saturday night. The boys won another cup.

At the Methodist Church last Sunday the collector approached one of the members and held out the pan. "I never give to missions" said the member. "Then take something out of the pan," said the collector. "This money is for heathens." Was the pan swept clean?

JAYTON, TEXAS

BY U. S. FOR REFORESTATION

Washington, Jan. 23 —Purchase of 85,383 acres of East Texas land for reforestation has been authorized by the national reservation commission.

The Texas purchase at a cost of \$213,457, was the largest unit of a purchasing program aggregating 457,461 acres approved by the commission for early completion.

The new national forest purchase unit takes in part of Sabine, Shelby, and San Augustine counties.

Beginning of actual purchase authorizations was regarded as the first step toward retirement of potential forest lands from cultivation.

ORDER SURVEY OF RUNNELS PROJECT

Austin, Jan. 23 — The Texas relief commission yesterday authorized projects aggregating \$134,662 to provide work for 2,445 men daily for eight to ninety days and totaling 2,894 working days.

A survey was ordered of advisability of constructing twenty low water dams in Runnels county as a water conservation and sub-soil irrigation project. The survey also is expected to determine if similar projects could be undertaken in counties hard hit by drought.

TALKED ONCE TOO OFTEN

Chicago, Jan. 23.—A snicker today cost Mrs. Benjamin Bernstein 24 hours in jail.

"I lied to Judge Gudnecht when I said I didn't have a car," she laughingly told a bystander as she left court. "I'm on relief and not supposed to have one. That's why he dismissed that charge of going through a stoplight."

The bystander was a policeman in plain clothes.

CENTENNIAL NEWS

Menard, Texas, Jan. 24—Menard citizens are active in their endeavor to prepare plans for 1936, the year that will witness commemoration of Texas' Centennial of Independence by many fitting celebrations throughout the state.

The county has about completed its quota of members for the Texas Million Centennial Club and a movement is on to endeavor to assure creation of a State Park about a mile from Menard, where is located one of the oldest missions in Texas. You will find one of the most attractive automobile rides in the State is that from this point for 22 miles, crossing and recrossing the spring-fed stream of the San Saba River, where the buildings of the old fort still are in use today.

Menard is hopeful of being placed on the route of the road from San Angelo to San Antonio, which is expected to be paved in its entirety by the opening of the Centennial.

MAIL ROBBERY NETS \$12,000

Fall River, Mass., Jan. 23.—Machine-gun bandits today hijacked a U. S. Mail truck, kidnaped a driver and escaped with an estimated \$12,000 in currency.

Part of the loot was credited to the B. M. C. Durfee Trust, many from the federal reserve account of Boston for payrolls in Fall River mills.

Five men all masked, an automobile up to the machine, driven by Herbert Reid.

They leaped on Reid, tied him up and took him and the truck to a spot near the Providence bridge, where both machines were found. The bandits apparently fled in a third car.

Smallpox Can Be Eliminated

Austin, Jan. 24- Smallpox can be eliminated as a cause of illness and death if every person would be vaccinated against this disease at least every five years, declared Dr. John W. Brown, State Health Officer. There were almost eight hundred cases reported to the State Department of Health in 1934.

Smallpox occurs most frequently among young children under 14 years of age. The incubation period averages from 8 to 14 days, and the disease begins suddenly with a severe headache and a high fever. The severe headache and the intense pain in the loins, back and extremities are more characteristic of smallpox than of any other disease occurring in temperate climates. At the end of 3 or 4 days of these preliminary symptoms an eruption appears which, within a few hours becomes distinctly raised above the general level of the skin. With the appearance of the eruption the fever subsides and the patient becomes more comfortable. In contradiction to chickenpox, the eruption does not occur in crops, but goes through its development in a characteristic fashion nearly simultaneously all over the body.

At present there is an increasing lack of vaccination among school children, and they contribute a menace to our State. Is it right to sit complacently by and allow this disease to gain foothold, when a very simple weapon is in a position which would make the occurrence impossible? Every community is in a position to determine the amount of smallpox it wishes to have. Vaccination is an economical measure easily within the reach of all and brings protection. The disease is within human control and our advice to the people of Texas is to get vaccinated if you have not been within the last five years.

BETTER ENGLISH CLUB

Last Friday afternoon, Mrs. Hancock met with the Club, as Miss Waddell was gone to Roscoe.

The errors of the week are: John H. Montgomery said 'shore, E. S. Gallagher said 'arin,' Kenneth Davis said 'I ain't got.' Sam Matthews said 'ort to.' Dell Lansdown said 'I have went.' Billy McLauray said 'I ain't got none.'

Crystal Lafoon, Jimmie D Howell and Amelia Moreland were elected.

Conservation and sanitation will be in for their share, as will tunnels, flood dams and forest conservation. Road building will naturally be near the head of the list.

There was considerable dissatisfaction in Congress over the fact that the President wants the public works money under his control, congressmen wanted to distribute it themselves. However, this idea seems to be definitely out, allocation of funds will be in the jurisdiction of the White House, through a board appointed by the president.

So far as the social security program is concerned, it is finding rather hard going. It seems that every Congressman has his own idea as to how the ill, the aged and the unemployed should be aided—there is a good deal of argument, many words and little agreement. By the time this is read, the so-called Townsend Plan, whereby every person over 60 would be given \$200 a month by the government, will probably have been introduced in the lower house, proponents of the plan claim enough supporters to get it thru. The President's influence however, will be thrown against it, and in favor of a much more moderate policy.

Patton-Davis

Last Sunday morning at the Baptist Church, the pastor, Rev. Fred McPherson, announced the marriage of Miss Estelle Davis to Mr. R. C. Patton. They were married Nov. 10 and had kept it secret until last Sunday.

Mr. and Mrs. Patton were married in Aspermont Nov. 10 at 10 a. m. in the home of J. C. Mann, pastor of the first Methodist church in Aspermont. Rev. Mann performing the ceremony.

Mr. Patton is the son of Mr. and Mrs. A. R. Patton of Seminole Texas, he has lived here for the past year with his sister Mrs. Geo. Branch.

His bride is the daughter of Mr. and Mrs. Walton Davis of this city. The couple have made their home in Jayton in an apartment at the home of Mrs. Mary Jones. The two have the best wishes of all their friends for a long and happy married life.

Abb Gallagher took Mary Jones to Stamford the first of the week to have the plaster cast she is wearing as the result of a car wreck adjusted.

Mrs. Milton Sandell says Croton creek is still dry.

which he reached in time to get his pocket knife open for the next round. The last charge broke the post off at the ground, knocked Mr. Pafford to one side and let the bull pass. It was then the county commissioner-elect had his inning. He jumped to his feet and grabbed the enraged animal by the horn (the other horn had been broken off) and with a bulldog grip pinned the animal to the ground with one hand while he sank his knife into its throat with the other, finally puncturing the jugular vein.

And there the two wrestled until the bull bled to death.

Warning Against Great American Desert

Col. Clarence Douglas Says Conservation Measures Must Be Taken At Once

Oklahoma City, Jan. 27—A great American desert will reach from the Rocky Mountains to the Dakotas with two generations if water conservation steps are not immediately taken, Col. Clarence Douglas, one-time lecturer for the war department said here today.

Asked for the remedy, Colonel Douglas declared: "Trap the water where it falls. Hold it in small lakes and reservoirs. Restore as much of the land as possible to farming. Practice contour planting near streams and bodies of water."

Col. Douglas, president of the National Rivers and Harbors Association for nine years, cited two factors responsible for the dissipation of the resources of the Western States.

"Our networks of concrete highways, plus the habit of our farmers plowing furrows up and down hills instead of around them, in fashion, are creating vast wastelands carrying the water off as rapidly as it falls. It goes to the Mississippi river valley, and is carried into the sea."

"And right there is your greatest menace. The Mississippi is not the 'Old Man River' of poetry and song but a gigantic octopus with its gulf of Mexico and its tentacles stretching over the west, sucking water out of 25 states."

Mrs. Doc Davis and Gaston were here for the funeral of Mr. Wilson Wednesday.

Thursday January 31st Is the last day for paying 1934 Taxes and not go DELINQUENT

Extra Low Prices

Extra low prices on all winter goods now in stock. The

The great bank of floral offerings displayed at the funeral was in a way a means of showing the esteem and respect shown for Mr. Wilson by his friends and neighbors in this community.

He was a good citizen, a loving husband and father, and will be greatly missed by his loved ones and friends. The Jayton schools and the business houses of Jayton were closed for the funeral services.

Teachers Hold Meeting At Girard

On Tuesday evening the Kent Co. teachers had their second meeting of the year to discuss school problems. A very good program was given by different teachers of the county. Following is the program that was carried out.

Modern trends in English in the High Schools: by Miss Cornwell of Girard.

History in the High School: by Mr. Marvin Williams of Centerpoint.

Making the school music minded: by Mr. Webb D. Jenkins of Jayton.

Modern trends in Geography: by Miss Cora Lee Hyatt of Center Point.

Science in the High School: by Mr. Jackson of Girard.

The County Unit Plan: by Mr. Smith of Girard.

Miss Whiteside was chairman of the program and all was very well presented.

To break the monotony of the many speeches, Ruth Shearer, Wilda Stephens, Ethel McGaha, Opal Johnson and Dorothy Olive gave a representation of an old English Folk Dance.

Asalene Havins, Ermagene Mayfield and Maxine Goodall presented "The Irish Washer Woman" another Folk Dance.

Little Miss Betty Blackwell gave a reading "The Measles."

Besides the teachers Ex-officio County Supt. was also present at the meeting.

Melvin Landers who owns a grocery store here and one in Spur and a big general store in Kansas is here this week looking after his business and seeing old time friends and associates. He tells us conditions in Kansas are fairly good and the wheat crop is doing fine and supplying lots of pasturage for livestock.

Miss Polly Waddell, Mayme Morris Murphy and Eunice Marie Huffines had business in Spur Wednesday afternoon.

Senator Duggan, T. J. Holbrook of Galveston and Grady Woodruff of Decatur are sponsors of the bill.

Tax-payers would be given authority to borrow money to pay current or delinquent taxes and, "upon payment of the delinquent taxes, the tax collector shall, AT THE REQUEST OF THE OWNERS OF THE PROPERTY, execute a written instrument transferring the tax lien to the lender. In such cases the tax lien shall be superior to any other lien except such as may accrue to the state or its political subdivisions. Such lien may be merged into a deed of trust lien or chattel mortgage lien upon the property involved, may at maturity be foreclosed after the manner of a deed of trust or chattel mortgage. Such tax liens are eligible for investment by banks, building and loan associations, life and fire insurance companies."

Commissioners court would appoint the deputy delinquent tax collector, with approval of the Comptroller of Public Accounts and the deputies' compensation would be a percentage of the delinquent taxes which he actually collects, not, as the bill says, "to exceed 10 per cent of the sum collected and in counties where the amount of delinquent taxes exceed \$1,000,000.00 not more than 5 per cent." Bond of the deputy is to be filed with and approved by the county judge, shall be of an amount fixed by the Commissioners' Court, but not less than \$2,500.

Also by Senators Duggan, Holbrook and Woodruff is the bill requiring a quick consideration by state courts of record of injunctions to enjoin the collection of any state taxes and requiring a final determination of such injunctions before disposing of any other business pending before the court.

The term "emergency" is applied to the bill because "injunctions may be secured against the collection of taxes and the hearing postponed for such a period of time, after a temporary restraining order has been issued, that it seriously embarrasses the State in the collection of revenue."

Cotton Census Bureau Report on '34 Cotton

The census bureau report shows that 1,539 bales of cotton have been ginned in Kent County prior to January 16, 1935, as compared to 15,465 bales to the same date in 1934.

Sheriff Cumbie was in Jayton early Thursday morning.

LEGAL NOTICES

Notice! Tax Payers

In reply to the many inquires as to whether or not we will come to different parts of the county for the purpose of collecting taxes will say: Owing to the fact that we have been very busy, the time is short and there are now taxpayers from all parts of the county and some out of the county coming to the office every day to pay taxes, it will be impossible for us to leave the office. However we are mailing out 1934 statements end if you wish to save a trip to Clairmont, you may mail your remittance, with statement to me and same will be given our prompt attention. Also, in answer to many inquires as to penalty and interest on the 1934 taxes. Under Section 2, House Bill No. 6 passed by the fourth and last called session of the 43rd legislature reads as follows: If any person fails to pay one half of the taxes imposed by law upon him or his property, on or before the 13th day of November of the year for which the assessment is made, then unless he pays all of the taxes, (imposed by law on him or his property) on or before the thirty first day of January, the following penalty shall be payable thereon, to-wit:

During the month of February 1 per cent; during the month of March 2 per cent; during the month of April 3 per cent; during the month of May 4 per cent; during the month of June 5 per cent and on and after the first day of July, 8 per cent penalty and interest at the rate of 6 per cent per annum from the date of their delinquency.

If possible pay your taxes now and save these penalties and interest.

B. A. Cumbie
TAX COLLECTOR
KENT COUNTY

Notice To Banking Corporations

Notice is hereby given to all banking corporations in Kent County, Texas, that the Commissioner's Court of said county will on the second Monday in February, A. D. 1935, the same being the 11th day of said month, receive proposals from any banking corporation in the county aforesaid, that may desire to be selected as a depository of the funds

prove their homes and living conditions, taught them economics, health happiness and contentment, and her work, in an educational way has an augmented value that but few can visualize. We hate to accuse any public official of being ignorant, but if this step is not an ignoramus move we have no name for it.

The Home Demonstration Agent may be removed from the county at the time being, but in our judgment some county Officials will be the next in line for removal.

Economy — h—? What do people get out of life anyway. Just what they enjoy and there are hundreds of homes, inhabited by industrial and intelligent people who are now enjoying constant visits from Miss Brent, who have received knowledge and helpful suggestions from her that would have never come to them from any other source, that have a value not measured in dollars and cents.

We also favor an economic administration, but it is our opinion that the economical administration has begun at the wrong end of the line, and forgotten that intelligence needs encouragement.

This may sound like dampfoolishness to some, but it is "Died in the wool" doctrine to us and we believe we speak the sentiments of the majority of the intelligent people in Coleman county.

Coleman county is not in such a bad fix. There are fewer delinquencies in Coleman county than in a majority of the counties in the state, and a better promise of redemption than in most of them. Believe it or not—Coleman county is still one of the leading counties of the state and always will be.

But we need education—and our home demonstration agent is among the most valuable assets we have to home building and maintenance. Believe it or not we are correct."

Cutting out "Home Demonstration Work in the name of ECONOMY is laughable if it were not so serious.

We heard of a fellow once that cut his own throat to keep from having to feed his face. The man that tried to learn his horse to live without eating, and the fellow that would n't intentionally go to hell for a dime, but while fishing for the dime that was lost in the "pit" slipped and fell in. Many crimes are committed in the name of economy; We have known merchants in the name of economy to starve their business into the hands of the sheriff for the want of advertising. When ever a penny gets so large that county commissioners and Judges, business men,

SCHOOL NEWS

Alvin Durham is back in school after staying out the first half.

We were entertained a few moments in chapel last Monday by two of the primary pupils. After they had made their speeches Miss Waddell and Mr. Coons made theirs on the ball games played at Roscoe by the girls and the boy's games played at Hamlin.

The girls went to Roscoe the last week end and played three games, losing the third game to Loraine by a close score. They played Noodle first and won, then they played Sylvester who was rated to win the tourney and defeated them. The third game with Loraine was the final game for the Jayton girls in that tourney, altho Jayton girls put up a stiff fight. Sylvester beat us at our tournament in the fall but we turned the tables and beat them this time.

Out of 28 teams entered in the tournament, Barney Payne Sewalt proved her ability as a star player by being placed on the all star team of the tourney as forward, and Wednesday she received a gold medal so that she will be known for such where ever she goes.

The boys went to Hamlin, Friday and played Peacock at 1:30 and they beat us by a nice margin. They proved their ability Saturday night by defeating Noodle in the final game. The Jayton boys played Clyde at 4:30 and out scored them. Then Saturday we beat Avoca and won the right to play Hamlin. Saturday for the consolation cup. We lost but won a nice cup as runner up in the consolation. Out of 22 teams entered we won one of the four cups offered.

Mr. Lowrey called a general assembly today and told us about the county meet for this year. Probably most of you know that it is to be held at Clairmont on the 15 and 16th days of March. We are beginning to work on the different events and hope to win at the meet.

Fuzzy Harrison has missed the ninth period once now, for he missed it the other day when all of the teachers had something else to do.

Mr. Jenkins says that Merle

son for extending the loan system for another year. The fund is to provide credit for farmers who have no collateral and who cannot borrow from any source except the treasury. Administration leaders were not prepared for the generosity of the senate agriculture committee which received the 1935 loan bill from the house and increased the authorization from \$50,000,000 to \$160,000,000.

If the money is disbursed it will bring to almost \$3,000,000,000 the outstanding loans and discounts of the farm credit administration in behalf of farmers. The largest item of this sum is \$1,866,000,000 advanced through the federal land banks.

The farm credit administration balance sheet as of Nov. 30, 1934 shows that for the period 1931-34 unpaid loans and discounts in connection with seed and other emergency crop loans aggregate \$78,341,364. The records indicate that approximately \$225,000,000 has been loaned to farmers on the emergency basis since that time.

TAX REMISSION

It is to be hoped that the legislature's expectation of increased tax payments as a result of the new delinquency bill realized, for the state has a top-heavy deficit that is steadily growing larger. Back of that deficit is the story of unpaid taxes.

The new measure which was passed by the special session and made effective by legislative action this week remits all penalties and interest on taxes delinquent last August 1, providing they are paid between now and March 15. From March 15 to June 30 a penalty of one per cent will be added each month.

By a senate amendment, the bill declares flatly against any further remissions after June 30 on the ground that it would not be good policy to do so. Tax remissions have been blamed for the huge delinquency existing, many of those able to pay taking advantage of the situation along with those who could not pay.

Representative W. E. Pope of Corpus Christi, who sponsored the measure, said he looked for "enormous sums" to accrue to the state as a result.

THE JAYTON CHRONICLE

JAYTON, KENT COUNTY, TEXAS.

FRIDAY FEBRUARY 1, 1935

NUMBER 5

Nobody's Business

BY Julian Capers, Jr.

Austin, Feb. 1.—The Texas Centennial commission, back before the legislature with a requested \$3,000,000 appropriation for the state's 100th anniversary celebration in 1936, has today changed its tactics. Indiana are now the commission will have better luck than it did in the last session.

It has pared its asking from \$3,000,000 to \$1,000,000. Its new bill asks for an appropriation from general revenue, and offers no taxing provisions as did the defeated bill.

The commission has delegated the job to retired Lieutenant-Governor Edgar Witt to handle its legislative duties in Austin. There is no popular figure with the legislature than Edgar Witt. His unflinching friendliness, his keen understanding of the state's problems, his long-time support of the centennial project sugar for the legislature.

That house was no more vested in the preferential oratorical pyrotechnics of the commission's bankers than by his stripped pants, time the commission divested of a load of its oratory at a for legislators at a Driskill dinner, turned its bill over to the competent hands of Gov. Witt, who left town. The impression is that he will obtain a suitable appropriation for the Centennial.

Hurley Sampson Passes Away

Friends and relatives gathered at the Baptist Church in Jayton Thursday afternoon to pay their last tributes and respect to the last remains of the one time famous rodeo star and pioneer ranchman of Kent Co. Hurley (Red) Sampson was born in DeLeon County Texas in 1885. He moved with his parents to this county when but a small boy and spent the remainder of his days in this and Scurry county. He died Jan. 30 at 15 minutes till 12 o'clock in Snyder Texas at the home of his sister Mrs. L. D. Green.

Funeral services were conducted by the Pastor of the First Baptist church of Snyder (name not reported) assisted by Rev. McPherson pastor of the first Baptist Church of Jayton.

Mr. Sampson never married. He leaves 4 sisters and 2 brothers to mourn his passing. Three of his sisters being present for the funeral and both brothers being present for the last rites.

Interment was made in the Jayton Cemetery Thursday afternoon.

Protect Children From Tuberculosis

Austin, Texas Jan. 29.—Speaking of children and their susceptibility to tuberculosis, Dr. John W. Brown, State Health Officer, said: "Few people realize that babies and young children and very likely to catch tuberculosis if they are kept in a room with people who have the disease, use the same dishes, sleep in the same beds or are handled and kissed by people who have tuberculosis."

"Babies and young children pick up the germs of tuberculosis just as readily as they pick up the germs of diphtheria and if enough

Economic Highlights

According to the old saying, "The mills of the gods grind slowly, but they grind exceedingly fine." That adage can be accurately applied to the present Congress, as it considers the President's new recovery and relief program. It is moving slowly, it is taking a good deal, and it is gradually grinding out legislation toward the two principal projects of the White House, social security, and an unprecedentedly vast public works program, designed to eliminate the debt.

The public works program is of the most immediate interest. It will cost \$4,000,000,000—the largest draft ever drawn against the United States Treasury for any single purpose. It will put about 3,000,000 men to work directly. And, if the President's hopes materialize, it will put another 3,500,000 to work indirectly in jobs created by the spending power of the first 3,000,000.

Equally important are the promised principles upon which the program is predicated. All work is to be useful, in that it will either permanently improve living conditions or create new wealth. Pay for workers will be above the present dole level, but low enough so that the men employed will still keep an eye out for jobs in private businesses. Projects will be selected so as to use the largest possible amount of labor for the money spent. The money will be allocated on the basis of the greatest need, that is, a state which has 20 per cent of its people on relief will get more than a state which has but ten per cent on relief. It is said the public works program will avoid competition with private enterprise, which is justifiably jittery about government activities in the industrial field.

The list of possible public works has not been completed, but a number are known. Public buildings will be one.

John B. Payne Dead

Washington D. C. Jan. 24 John Barton Payne, Chairman of the American National Red Cross, died early today in George Washington University hospital here. Judge Payne's death occurred three days before his eightieth birthday which would have been Saturday, Jan. 26. He was reappointed chairman of the National Red Cross by President Roosevelt last December and was serving his fourteenth year. He was also chairman of the board of Governors of the League of Red Cross Societies to which sixty-one nations belong. He entered official Washington life from Chicago when President Wilson drafted his legal services as general counsel of the railroad administration in 1917. He had been Judge of the Superior Court of Cook county. He was a member of Wilson's cabinet as secretary of the Interior. He immediate cause of death was pneumonia, according to his medical staff, which included Admiral Cary Grayson.

Bull Fight Won With Small Pocket Knife

Claude, Texas.—An interesting and exciting event in Armstrong county recently was a bull fight staged by J. L. Pafford, county commissioner-elect, with a neighbors 2 year old 800 pound bull.

While strolling through his pasture one morning recently, Mr. Pafford noticed the stray animal among his herd and decided to separate it from the herd by driving his cattle into other pasture. But the bull obstinately refused to move.

Best protection was a barb wire fence, under which Mr. Pafford, as the bulled plunged, was the bulled plunged. His next and only

John A. Wilson, Mgr. Williams-Miller Gin Dies In Sleep

The people of Jayton were made to catch their breath when word went out Tuesday morning that Mr. John A. Wilson, manager of the Williams-Miller Gin in Jayton for the past six years and passed away during the early morning hours while asleep.

Mr. Wilson had been up and about his usual business the day before and was down town until about ten o'clock, and while not feeling well made no unusual complaints.

For several years he had been suffering with heart trouble, but was able most of the time to go about and attend to his gin business.

Funeral services were held at the Methodist church in Jayton, Wednesday morning at 10 o'clock, and his last mortal remains were then taken to McCaulley for interment.

Mr. Wilson was born in Mexia, Limestone county, Texas April 6th, 1885. With his parents he came to McCaulley, Fisher County, in early childhood and lived there until coming to Jayton about six years ago. December 24, 1911, he was married to Miss Tenie Mae Cellum and to this union was born three children: Mrs. Charles Robinson, Miss Louise Wilson and John Arden Wilson all of whom live in Jayton. A niece, Mrs. F. Buckley, who now resides in California, was also reared in the home.

Surviving Mr. Wilson besides his wife, children and niece, a sister, Mrs. W. E. Pritchett, of Dallas; and two brothers, Walter E. Wilson, of San Antonio, and C. H. Wilson of Winters, Texas.

Mr. Wilson's father was a Presbyterian minister and Mr. Wilson professed religion in 1910 and joined the Methodist church in 1914 and was a member of the same when

Legislation to Aid Schools and Collect Delinquent Tax

Austin, Jan. 29. (Special) Three emergency measures introduced in the senate this week would insure high school educational advantages for every boy and girl in the state, would make tax liens eligible for investment, would require Texas courts to place injunction hearings at the head of their dockets.

The bills were submitted under the co-authorship of Arthur P. Duggan of Littlefield.

Perfection of rules as to transfer of students from one school to another and a guarantee that high schools will be paid tuition allowed by law for pupils from other districts are sought in a bill which would give "to any pupil between (the ages of) six and twenty one, who has been promoted to a high school grade not taught in his home district, the right to attend a standardized, classified and affiliated high school at the expense of his home district if such district is financially able to provide tuition; or, at the expense of the state.

Teeth were put in the measure by a provision which invests the state superintendent of public instruction with authority to withhold current per capita apportionment from districts which fail to accept eligible transfers or sending districts which fail or refuse to pay transfer accounts after a designated period of time.

Besides placing tax liens on a par with other investments, a proposed act which went thru the Senate hopper as Senate Bill No. 111 would provide for appointment of deputy collectors of delinquent taxes in counties or other taxing subdivisions harassed by mounting totals of past due taxes.

Coleman County Dis-
continues Home
Club Agent

At the last session of the Commissioners court in Coleman county two county commissioners were joined by the county judge in a vote to discontinue the work of the Home Demonstration agent in that county. They did it in the name of ECONOMY. Commenting on their act the editor of the Santa Anna News has this to say:

It seems to us that two of our County Commissioners and the county judge are "penny-wise and pound foolish." In our judgment, our Home Demonstration agent has done one of the greatest pieces of work of any person in this county during her ten years service, and we don't believe the people of Coleman county will stand for any such drastic steps on the part of the commissioners court. Miss Gertrude Brent has organized clubs in most every community in Coleman county and many counties but little larger than Coleman employ two Home Demonstrators to do the work she is doing here with the aid of home workers she has trained in the several communities. From a standpoint of real service and future benefits to be derived from the work, we think Miss Brent has done a real service to the people of Coleman County, and her work is just beginning to take effect. The best way to health and happiness is thru ones stomach, and she has been instrumental in improving the stomach supply since her inception in the county, and this is not all of her important work. She has organized to improve their homes and living conditions.

Mrs. Gertrude Pursley and grandmother McClain of Dunlap N. M. were here this week visiting relatives and attending to business matters. Mrs. Pursley tells us that it is just about as dry in N. M. as it is in Jayton and that the hopes of all the people where she lives are that it will snow or rain soon, otherwise the future will be indeed dark.

Mrs. L. H. Mason is spending the week in Haskell, Texas with her son and wife Mr. and Mrs. Cecil Mason.

Mrs. L. H. Mason and daughter Mozelle visited Mr. Mason's father in Rule, Sunday and Monday.

Mrs. J. A. Suits has returned home from a two weeks visit with relatives in Brownwood, Texas.

Mrs. Lanore Page and Mrs. Clark Peck spent Thursday in Jayton.

Mrs. Jack Daughtery is indisposed this week.

Several Jayton folks attended the President's birthday ball at Spur, Wednesday night. We understand that it was a great success both financially and socially.

PRICK THE POLITICAL POWER BALLOON

The so-called "power issue" represents one of the most amazing political phenomena in the history of this or any other country.

If the advocates of government power developments are to be believed, the country is continuing in depression largely because power rates are too high. Men are out of work, children are unfed, widows and orphans are freezing, and our social structure is tottering, all because of the nefarious activities of the power barons.

It would be interesting to see just one of the millions of citizens who are said to suffer these severe deprivations because of high cost of power. The average household electric bill is about \$3.00 a month. That, by comparison with its grocery bill, its tax bill, and its amusement bill is of infinitesimal significance. Its a safe bet that the average family tobacco bill is in a majority of cases more than the monthly power and light bill for the home.

If "free" political power, were peddled to the public from government subsidized, tax exempt public plants, the householder might save tobacco money or a half dozen 50c movie tickets a month. If it were cut by 50 per cent it would not save enough in many cases to pay the garbage man. If power costs are causing family suffering, what are bread and meat bills, grocery bills and tax bills causing?

Probably no economic problem affects the home less than does power. A fractional cut in the tax rate, for example, would save the average family more than would the complete elimination of its power bill. So would a fractional cut in the cost of medical care, food clothing or rent. They why all the hullabaloo about reducing the power bill?

Power has been blown up into a great political balloon to frighten the people, but when you puncture it with the pin of fact, it returns to its infinitesimal size in relation to the cost of living.

There never was a fellow in the world who did not make mistakes, but let us hope he never made the mis-

Sometimes it does seem that men and women meet most suffering in solitude; but in the bitterest hour that which divides each human being from every other, breaks a barrier. They draw near—they come and lean upon one another.

Alfred Russel Wallace caught a baby orang-outang. Just like a human baby, it had to be fondled. One must cress a little before it would go to sleep. When alone it would fall asleep. Footfalls brought on the whimpering. Did it ever occur to you that the most of our crying is done for the galleries?

Voluptuous language always lures the mind and soul to the destruction of its own feeling and thought.

The friend you have to pat to keep him from snapping at you is never worth your while.

The narrower the view of life the more it makes a man unworthy of his larger possibilities.

refinancing existing mortgages, under Titles 2 and 3 of the housing act. Walter Cline, Centennial tycoon and FHA Administrator for this region, in Austin on Centennial business, beamed when his aides reported the Senate victory.

Bill McCraw, red-headed, affable attorney general, is ready to do the job the people entrusted to him at the last election, and he doesn't ask any odds. For years it has been the custom in passing many bills authorizing persons with contested claims against the state to bring law suits to require such suits to be filed in Travis county. McCraw told the house judiciary committee this was unnecessary, if it worked a hardship on the citizen who wanted to sue.

The Attorney General office will bring against the state of Texas, any time, in any court in the state that has legal jurisdiction. He states, "that they don't have to come to Austin to make it easy for us." So now the suit bills will probably authorize action in the home county of the petitioner.

J. M. Head of Girard was in Jayton Monday and remembered us with his renewal.

Jayton Teams again came out victorious in games matched with Dickens Thursday afternoon. Three teams playing were the Senior boys 1st string which defeated Dickens 1st string boys by a wide margin.

The second string team of Jayton boys also defeated the second string Dickens boys by a score of 19 to 15 the important play of the game was when C. B. Coats made the only goal he ever made in his life in a matched game.

The Senior girls carried out their end of the bargain by defeating the Dickens Senior girls in a fast and thrilling game.

W. L. Coons has our thanks this week for his contribution to the news staff of a few of the write-ups concerning the school work.

Wednesday afternoon the Jayton outlaw team defeated the local high school boys in a fast game that was close through out the entire game. There was never more than three points difference in the score.

It was one of the fastest games the two teams have enjoyed since they began the series. If you want to see some good ball playing drop around some afternoon around four o'clock when the games are scheduled and we guarantee that you will get your money's worth because the high school boys under the direction of their efficient coach W. L. Coons really know their stuff when it comes to handling the ball.

Seventh Grade Organizes Good English Club

Tuesday afternoon the Seventh grade organized a Good English Club for the purpose of learning to speak correct English at all times. Officers were elected as follows:

President: Maxine Gallagher.
Secretary, Verda Mae Fuller.
Reporter: Dorothy Earnest.

It was voted on and was unanimous that pupils making an English Error would be fined one penny. This Club will meet every Friday afternoon to discuss and correct errors made and to select the two ranking highest in the honor roll.

The best spellers and pupils having the best English lesson will get their name on the honor roll every week. Buzz Daniels is the outstanding professor of incorrect English. If you want to learn just listen to his Reporter.

Mr. and Mrs. Geo. Cellum and Gladys of Corpus Christi are visiting Mrs. Wilson and children.

Unemployables to Be Cared for by State

Austin, Texas, Jan. 30.—The State of Texas during the month of December had 62,270 Unemployable cases on its list of relief clients, it was announced by State Relief Director Adair R. Johnson.

Results of the state-wide survey, undertaken by the social welfare department of the Texas Relief Commission through the county administrators of relief, have been compiled and the Board of Control of the legislature may appreciate the task confronting the state when federal authorities discontinue providing funds for persons unable to work, as they have stated they will do. Discontinuance of these funds originally was scheduled for February 1st; however, Harry L. Hopkins, federal administrator, recently announced removal of such persons would be effected gradually. The 62,270 cases represent approximately 225,000 people, or 20.09 per cent of the state case load. Unemployables according to the survey are divided into four classes. 39 per cent of them were people who were more than 65 years of age who have not been regularly employed and who do not obtain a physician's certificate of good health. There were 21,282 cases in this classification.

Persons less than 65 years old who are physically or mentally incapable

of working numbered 18,269 cases. Twenty per cent or 11,399 cases were women eligible to mother's aid. All others, 3,767 cases, amounted to six per cent of the total.

"Those people won't be cut off the rolls and left to starve," State Director Johnson said. "The Texas Relief Commission is not going to abandon anybody in destitute circumstances. We won't drop them from our relief rolls, as many people have been led to believe, but, on the contrary, we will take care of them from State funds until a definite plan has been worked out for their future."

Declaration of federal authorities that they would withdraw financial aid to Unemployables was misinterpreted by many to mean that these unfortunates would be abandoned entirely. That assuredly is NOT the case.

JAYTON COTTON OIL MILL TO HAVE 3 WEEKS RUN

The Jayton Cotton Oil Mill is again running giving employment to from 40 to fifty men. We are glad to see the mill in operation even if it is for only a short time. When the wheels of industry are turning there is a good chance for progress but when they are stopped there is a chance of slipping back into the rut of doleism.

—o—

Jeppha Craig and wife of Spur visited friends in Jayton last Sunday.

CARD OF THANKS

We would like to take this way to express our sincerest appreciation for everyone's in this our greatest hour of sorrow, the death of our dear husband and father. For the beautiful floral offering and word of sympathy both written and oral. May God bless and help every one of you.

Committee.

High School Boys Defeat Town Team

Last Monday afternoon at the local basket ball court at the high school building, the Jayton High School boys defeated the town team in a hard fought game which ended by a score of 26 to 23.

Local critics say that the town team could beat the high school boys if they had the wind and endurance that the school boys obtain. And the school boys say that if the town team had the 'wind' and could play basket ball that they might win a game once in a while.

TENTATIVE SCHEDULE FOR M. D. CLUB MEETING

A demonstration on the "foundation pattern and its possibilities," will be given by the home demonstration agent to the H. D. Clubs as scheduled.

Do you know how to adapt your foundation patterns to the present style trends? Do you know how to use your foundation pattern in cutting slip patterns and patterns for other undergarments? If not do not miss the opportunity of learning to make further use of your foundation pattern.

Non club members are cordially invited to attend these demonstrations in their respective communities.

Feb. 12 2 p.m. Polar H. D. Club.
Feb. 13, 2:00 p.m. Clairemont.
Feb. 14, 2:00 p.m. Jayton.

News From Austin

Austin, Texas. (Special) Thousands of mythical names will be taken from 1936 school rolls, "padding" will be summarily discouraged at a great saving to the state exchequer under the terms of legislation now pending in the Texas Senate.

Fashioning of a bill completely altering the present method of taking school census was prompted by such glaring anomalies as: according to findings of the Senate crime committee the state is in one Texas city paying \$16.50 per capita appropriation for 18,000 school children who in reality do not exist while in West Texas counties, approximately 2 per cent more pupils are attending school than are enumerated. The biennial report of the State Auditor shows that 276 school districts in Texas have been able to run their school systems wholly on state appropriations without using money from local taxes.

Sponsors of the bill are Senators Beck, John Redditt, Will Martin, W. R. Poage and Grady Woodruff.

Swift passage of the measure was recommended this week by Senator Arthur P. Duggan, Chairman of the Committee on Educational affairs.

The bill would create officers known as census trustees, appointed by the State Superintendent of Public Instruction on recommendation of county superintendents, who would take the school census in all counties between May 1 and June 1, 1936 and every tenth year thereafter. The census will be taken of all children from birth to twenty-two years of age who are residents of the school district.

Census takers will visit each home in the districts, enumerate scholastics by question and observation, require the parent or guardian to subscribe forms and take oath as to the truth of information given the census trustees.

After compilation, the census trustee's report will be submitted to the State Superintendent and will be kept up-to-date by annual reports of births, deaths of persons less than 22 years of age and by lists of families of children that have moved into the district during the year.

Insertion of names not legally entitled to be included as scholastics is made by the bill a serious offense, subjecting the "rollpadder" to a fine

Howard - Campbell

On January 28 1935 at the home of Mr. and Mrs. Bill Porter, Miss Beatrice Howard stole a march on her friends and was quietly married to Mr. R. B. Campbell Jr. of Clyde, Texas. Judge J. B. Earnest performed the ceremony that made them husband and wife.

This young couple accompanied by Judge Earnest and Miss Maurice Patton drove up to this beautiful home where Hon. J. B. Earnest said the words that bound the young couple in the bonds of holy matrimony.

Immediately after the ceremony the three couples attended the show in Spur, "Now and Forever" with the casualness as the nothing had happened. Returning home in the same manner as the nothing had occurred but a pleasurable night in seeing the show and until this week nothing was said about the matter.

This week after making a formal announcement the bride was given a beautiful shower by Mrs. Bill Porter and Miss Elouise Wilson.

The bride is the daughter of our depot agent Mr. and Mrs. G. G. Howard and has many friends here, having graduated from Jayton High School.

The groom is the son of Mr. and Mrs. R. B. Campbell of Clyde, Texas. The couple plan to make their home in Pecos Texas, where Mr. Campbell is employed at the present time.

Bridal Shower

Tuesday afternoon at the home of Mr. and Mrs. Bill Porter, Mrs. R. Campbell Jr., was honored with a shower given by Mrs. Porter and Elouise Wilson.

The bride received many beautiful and useful gifts. There were 10 or more names registered in Brides Book.

After numerous games were played, delicious refreshments of sandwiches, tea and cake were served to the present.

I. Patterson was doing business in Jayton Wednesday of this week.

36 000 Killed 882,000 Injured In U. S.

The worst automobile accident casualty toll ever experienced in the United States was recorded last year when 36,000 persons were killed and nearly a million injured as a result of 882,000 personal injury collisions on streets and highways.

Although practically two-thirds of the accidents involved driving errors, pedestrians paid the highest price in the loss of life as shown by the death of nearly 16,000, or 44 per cent of the total fatalities.

Detailed statistics giving the circumstances of the accidents as tabulated by the Travelers Insurance Company in its annual analysis show that the country's adverse experience was not due solely to an increase in the use of motor vehicles. Deaths gained 16 per cent as against an increase of between 5 and 6 per cent in registrations and 6 per cent in gasoline consumption. In this connection the analysis points out that in 1934, the previous high record in deaths, registrations were 3 per cent greater and gasoline consumption nearly one per cent more than in 1934, while fatalities in 1934 were almost 8 per cent less than last year.

Too much speed for time and place is cited as dominant factor in the greater seriousness of automobile accidents last year. As an example of the extreme hazard produced by driving too fast, the rate of death per accident because of exceeding the speed limit was 40 per cent worse last year than the average of all accidents involving driving errors.

Available records for the year show that 3.16 per cent of the drivers in accidents were declared to have been under the influence of intoxicants as against 2.43 per cent in 1933, an increase of one-third. The available records also show that 4.47 per cent of the pedestrians in accidents were declared to have been under the influence of intoxicants as against 2.99 per cent in 1933, an increase of 49.5 per cent.

at the Chronicle office and if you are interested, the writer of this article will endeavor to get some outside help for the purpose of organizing and getting the club chartered or affiliated with other civic organizations throughout West Texas. How about it men? Are you satisfied to stay in the same old rut wear the same old shoe? Lets do something for the benefit of the town because something doesn't benefit you directly is that any reason why you should hold back on something that would benefit the town as a whole?

Lets put Jayton on the map in a big way. If we are going to make this our home then lets improve the living conditions as much as possible by at least helping ourselves, but we should put forth more effort.

Jayton, the railroad center of the county, the highway center, the industrial center, yet with all these advantages we don't seem to want to grasp the opportunities that come our way. Will you do your part?

CARD OF THANKS

Nothing can remove the deep heart ache and sadness entirely but our sad hearts and lonely days are so much eased by the kind words of sympathy from loved ones.

We take this opportunity to thank our friends and neighbors for their help and kindness in the recent illness and death of our loving wife and daughter and sister.

Mr. J. A. Haynes.
Mr. and Mrs. R. B. Corder.
Mr. and Mrs. J. T. Haynes.
Mr. and Mrs. Martin Meadow.

LEGAL NOTICE

Notice To Banking Corporations

Notice is hereby given to all banking corporations in Kent County, Texas, that the Commissioner of the Court of said county will on the second Monday in February, A. D. 1935, the same being the 11th day of said month, receive proposals from any banking corporation in the county aforesaid, that may desire to be selected as a depository of the funds of said Kent County, Texas, on or before 10 o'clock A. M. on the 11th day of February, A. D. 1935.

All proposals must be sealed and each proposal must state the rate of interest that said banking corporation offers to pay on the funds of the county, for the term between the date of such bid and sixty days after the second Monday in February, 1935.

Each bid shall be accompanied by a certified check payable to the County Judge of Kent County, Texas, in the sum of \$500.00 the same being not less than one-half of one percent of the County revenue of the preceding year, as a guarantee of good faith on the part of the bidder, and that if his bid shall be accepted said banking corporation will enter into and give the required bond. Upon the failure of the banking corporation that may be selected as such depository to give the required bond the amount of such certified check shall go to the County as liquidated damages.

J. B. Earnest
County Judge
Kent County, Texas
(Seal)

AT THE METHODIST CHURCH SUNDAY

Sunday School at 10:00.
Preaching at 11:00.
Young Peoples meet at 6:45.
Preaching at 7:30.
The W. M. S. Meets every Monday afternoon.
The theme for the morning hour will be "Christ the Sun of Righteousness."
The theme for the evening hour will be "The Fatal Night."
You have a special invitation to attend these services. We will meet you at the church.

ALL TAXES ARE SALES TAXES

No form of taxation is so bitterly assailed as the sales tax. The political "friends of the common people" have been especially virulent in denouncing it, on the grounds that the burden of the tax falls more heavily on persons of small and moderate means than on the wealthy.

That is all very well. But the vital point is this: There is no other kind of tax, so far as the effect is concerned, than the sales tax.

Every tax must be paid, and paid in full, by the ultimate consumers of goods and products. Every tax levied increases the cost of necessities and luxuries we need and buy and use. When we buy a pair of shoes we must pay a score of taxes—the tax was paid by the raiser of the cattle, by the railroad that transported them by the factory that tanned and cured the leather, by the manufacturer, by the distributor, and finally, that paid by the dealer is included in the cost of a pair of shoes we get. That is true of food, clothing, entertainment and every thing else.

The "common people"—families of moderate income—have the most to lose from tax extravagance, and the most to gain from tax economy. There aren't enough rich in this country to carry the cost of government for a week, all but a small part of the government income stems indirectly from workers and salaried people and from those who have a little coming in from investments. The sales tax by name may be unpopular, but we all pay it. We cannot get rid of it, but we can, by mass action, demand governmental economy, efficiency and retrenchment that will lower its cost.

No lover of the New Deal in Washington is Sen. Holbrook, veteran conservative from Galveston. He bitterly assailed the New Dealers when eight bills offered by representatives of the Federal Housing Administration, to liberalize Texas banking laws and permit Texas banks to participate in the FHA program, were before the senate. Senator Welly Hopkins of Gonzales, himself a famed exponent of Jeffersonian democracy, defended the bills. They passed, 30 to 1, only Holbrook voting "nay." The house is expected to rush the passage. Then the FHA claims it can begin lending money for new homes and

SCHOOL NEWS

Last Monday in chapel we were entertained by the pupus of Miss Murphy's class. The younger pupils received some valuable training and the older pupils were entertained very well.

On Friday night several Jaytonites motored down to Peacock to see our girls play the Peacock girls in a turning and fast game of basketball. The game ended with the final score of 20 to 20 so the game must have been interesting until the last waste time. We plan on going to the girls tournament at Peacock soon.

Our county championship games are being played when the weather permits. Last week the Junior boys and Junior girls defeated Girard. Probably more games will be played this week end.

We plan to start track, tennis and baseball soon. Several students are trying out for tennis now.

Last Saturday night the Sophs were entertained in the home of Mrs. Hancock. Everyone seemed to enjoy the occasion to the fullest extent. May we have more such entertainments. Things that will never happen: Merle Rose getting to school on time.

Billie McLaury and Buddy Gallagher wear shoes to school instead of boots.

Fuzzy Harrison pass a test. Arvin Durham play basket ball. Miss Yarrow give an easy English exam.

Florence and Euna Vaye come to school separately.

Royal leave the chemicals alone in the laboratory.

Loyal know where his books are. Owen sit on the front seat.

Mozelle, Dorothy and Peggy Louise sit very far apart in class.

Barney Faye and Doris Mae with purple hair.

Ald C. B. buy a pair of shoes big enough for him.

We were very sorry to hear of the passing away of Mr. Wilson. We miss a real friend of the school because all of the students really liked him.

OUTLAWS DEFEAT HIGH SCHOOL TEAM 36-3

offenders a suspended sentence placed them on parole for a year. And this happened in the last of the free! Men hailed into court, sentenced for serving their customers too well.

"When profitability disappears through prices falling below the situation may be restored in two ways. Prices may be raised or costs may be reduced. The latter is the normal method by which depression is finally ended with the removal of the maladjustments which it originated." —Sir Arthur Salter.

The Fallacy Of 'Free Money'

The American public has come to look on the Federal government as a financial Santa Claus, which goes on forever distributing the bounty of "Free Money" for one purpose or another. One of the proudest boasts of many elected officials is that they have been able to get this appropriation or that for their state.

Current plans call for an expenditure of some \$5,000,000,000 for public works by the Federal government. Much of this great sum will be distributed to the states, to spend on roads, relief, dams, public buildings or some other public purpose. When the money has been spent, citizens will look at the imposing courthouse or superhighway or whatever it created and think happily that it cost them nothing—that magical forces at play in Washington produced the money out of thin air and kindly passed it on.

Well, that \$5,000,000,000 will be raised through the sale of Federal bonds. These bonds amount to mortgage on every piece of property in the nation—every home, factory or investment. If the \$5,000,000,000 is divided by the number of Congressional districts in the country, the share of each district amounts to about \$12,000,000. Even a nickel of that money must be paid back by the American people through taxation—and they must pay, in addition, many hundreds of millions more in interest on the government bonds. Probably few congressional districts would burden themselves with a \$12,000,000 bond issue if were proposed to vote such a debt against the district.

Unhappily there is no such thing as a financial Santa Clause —

Saturday Feb. 2 Will Be First Saturday

and on this date we are going to make Extra Special low prices on merchandise of quality and if you take advantage of these Extra Specials you will be sure to save money! Our Specials have been selected from our regular stocks of Quality merchandise and when you buy them you have the satisfaction of knowing that you save some on each purchase. Money Saved is Money Earned!

Jayton Texas

THE JAYTON CHRONICLE

VOLUME XV JAYTON, KENT COUNTY, TEXAS, FRIDAY FEBRUARY 1, 1935 NUMBER 5

Nobody's Business

BY Julian Capers, Jr.

Attn, Feb. 1.—The Texas Centennial commission, back before the state with a requested \$3,000,000 appropriation for the state's 100th anniversary celebration in 1936, has changed its tactics. Indiana is now the commission will better luck than it did in the session.

It has pared its asking from \$3,000,000 to three. Its new bill is an appropriation from general revenue, and offers no taxing provisions as did the defeated bill. The commission has delegated the retired Lieutenant-Governor Witt to handle its legislative business in Austin. There is no popular figure with the legislation than Edgar Witt. His unpopularity, his keen understanding of the state's problems, his long-time support of the project augur for the bill.

The house was no more vested with the commission's bankers than by his stripped pants. The commission divested a load of its oratory at a legislative at a Driskill hotel, turned its bill over to the hands of Gov. Witt, who left town. The impression is that he will obtain a suitable bill for the Centennial.

It is Texas to be the happy land and the favorite republic enemies. Legislation is administered in the senate provides for a state police force, built on existing units—the state highway patrol.

There will be adequately staffed in 100-mile-an-hour roads with machine guns. The members of the highway patrol are to be killed in years past, attempting to kill modern crime-surpassing.

A step in a cleanup of the state is taken by Adj. Gen. Carl C. ... cancelled all outstanding commissions, numbered 1,000. He appointed Tom ... of the ablest officers as the ranger insignia, as charge of the Ft. Worth ... and Frank Hamner ... the coup that ends ... public enemy Noel ... Hurley Sampson Passes Away

Friends and relatives gathered at the Baptist Church in Jayton Thursday afternoon to pay their last tributes and respect to the last remains of the one time famous rodeo star and pioneer ranchman of Kent Co. Hurley (Red) Sampson was born in DeLeon County Texas in 1885. He moved with his parents to this county when but a small boy and spent the remainder of his days in this and Scurry county. He died Jan. 30 at 15 minutes till 12 o'clock in his sister Mrs. L. D. Green.

Funeral services were conducted by the Pastor of the First Baptist church of Snyder (name not reported) assisted by Rev. McPherson pastor of the first Baptist Church of Jayton.

Mr. Sampson never married. He leaves 4 sisters and 2 brothers to mourn his passing. Three of his sisters being present for the funeral and both brothers being present for the last rites.

Inment was made in the Jayton Cemetery Thursday afternoon.

Protect Children From Tuberculosis

Austin, Texas Jan. 29.—Speaking of children and their susceptibility to tuberculosis, Dr. John W. Brown, State Health Officer, said: "Few people realize that babies and young children are very likely to catch tuberculosis if they are kept in a room with people who have the disease, use the same dishes, sleep in the same beds or are handled and kissed by people who have tuberculosis."

"Babies and young children pick up the germs of tuberculosis just as readily as they pick up the germs of measles or whooping cough or of any other of the so called children's diseases. But tuberculosis is different from other diseases in certain particulars. Unlike most diseases, it has more than one form. Babies who get tuberculosis may not show the symptoms we associate with the disease in older people. But the disease in most cases develops rapidly and is likely to end fatally. Tuberculosis in babies and young children is a very serious matter, but recent studies have shown that if young children are removed promptly from contact with the disease and given the necessary care, many lives can be saved."

"A great deal can be accomplished whenever tuberculosis develops, both in young and old, if the presence of the disease is recognized when it is in its early stages and if medical attention is secured promptly."

"Tuberculosis doesn't just simply happen. Nobody is born with the disease. Everybody who develops tuberculosis gets it from some other source. Children and young people who have been in contact with persons ill with tuberculosis are especially likely to contract it."

Jayton Boast Youngest Broadcaster in World

David Carlton McPherson, born Saturday Jan 19th has the honor of probably being the youngest broadcaster in the world. He is the son of Rev. and Mrs. Fred McPherson of Jayton and when one day old greeted his aunt who lives in San Antonio, Texas over long distance telephone. Being born with a lusty voice and when his aunt called from that distant city his proud father lifted him to the phone and let him send his greeting to his auntie as an infant only can, and she heard him and assured the father that judging by the volume of his voice he would no doubt grow up and become a great pulpit orator.

The present one cent federal gas tax which expires in July, and thus resulting in no actual increase in tax to the gas consumer. So far, no organized opposition to the proposal has appeared. Continuation of the plan, after two years, would be put up to the voters thru a constitutional amendment. Future bond issues of the relieved counties for road purposes would be regulated by the board.

Economic Highlights

According to the old saying, "The times are good, but the money is exceedingly tight." That usage can be accurately applied to the present Congress, as it considers the President's new recovery and relief program. It is moving slowly, it is taking a good deal, and it is gradually grinding out legislation toward the two principal projects of the White House, social security, and an unprecedentedly vast public works program, designed to eliminate the unemployment problem.

The public works program is of the most immediate interest. It will cost \$4,000,000,000—the largest draft ever drawn against the United States Treasury for any single purpose. It will put about 3,000,000 men to work directly. And, if the President's hopes materialize, it will put another 3,500,000 to work indirectly in jobs created by the spending power of the first 3,000,000.

Equally important are the promised principles upon which the program is predicated. All work is to be useful, in that it will either permanently improve living conditions or create new wealth. Pay for workers will be above the present level, but low enough so that the men employed will still keep an eye out for jobs in private businesses. Projects will be selected so as to use the largest possible amount of labor for the money spent. The money will be allocated on the basis of the greatest need, that is, a state which has 20 per cent of its people on relief will get more than a state which has but ten per cent on relief. It is said the public works program will avoid competition with private enterprise, which is justifiably jittery about government activities in the industrial field.

Bull Fight Won With Small Pocket Knife

Claude, Texas.—An interesting and exciting event in Armstrong county recently was a bull fight staged by J. L. Pafford, county commissioner-elect, with a neighbors 2 year old 800 pound bull.

While strolling through his pasture one morning recently, Mr. Pafford noticed the stray animal among his herd and decided to separate it from the herd by driving his cattle into another pasture. But the bull objected and proceeded to drive Mr. Pafford out of the pasture.

The nearest protection was a barbed wire fence, under which Mr. Pafford rolled as the bull plunged thru the fence. His next and only refuge was a bois d'arc fence post which he reached in time to get his pocket knife open for the next round. The last charge broke the post off at the ground, knocked Mr. Pafford to one side and let the bull pass. It was then the county commissioner-elect had his inning. He jumped to his feet and grabbed the enraged animal by the horn (the other horn had been broken off) and with a bulldog grip pinned the animal to the ground with one hand while he sank his knife into its throat with the other, finally puncturing the jugular vein.

And there the two wrestled until the bull bled to death.

Warning Against Great American Desert

Col. Clarence Douglas Says Conservation Measures Must Be Taken At Once

Oklahoma City, Jan. 27.—A great American desert will reach from the Rocky Mountains to the Dakotas within two generations if water conservation steps are not immediately taken. Col. Clarence Douglas, one-time lecturer for the war department said here today.

Asked for the remedy, Colonel Douglas declared:

"Trap the water where it falls. Hold it in small lakes and reservoirs. Restore as much of the land as possible to meadows. Practice contour farming. Plant trees near streams and bodies of water."

Col. Douglas, president of the National Rivers and Harbors Association for nine years, cited two factors responsible for the dissipation of the water resources of the Western States.

"Our networks of concrete highways, plus the habit of our farmers have of plowing furrows up and down hills instead of around them, in contour fashion, are creating vast drainage systems carrying the water from the land as rapidly as it falls. The water goes to the Mississippi river eventually, and is carried into the sea."

"And right there is your greatest menace. The Mississippi is not the genial 'Old Man River' of poetry and song but a gigantic octopus with its head in the gulf of Mexico and its tentacles stretching over the west, sucking water out of 25 states."

Mrs. Doc Davis and Gaston were here for the funeral of Mr. Wilson Wednesday.

Patton-Davis

Last Sunday morning at the Baptist Church, the pastor, Rev. Fred McPherson, announced the marriage of Miss Estelle Davis to Mr. R. C. Patton. They were married Nov. 10 and had kept it secret until last Sunday.

Mr. and Mrs. Patton were married in Aspermont Nov. 10 at 10 a. m. in the home of J. C. Mann, pastor of the first Methodist church in Aspermont. Rev. Mann performing the ceremony.

Mr. Patton is the son of Mr. and Mrs. A. R. Patton of Seminole Texas, he has lived here for the past year with his sister Mrs. Geo. Branch.

His bride is the daughter of Mr. and Mrs. Walton Davis of this city.

The couple have made their home in Jayton in an apartment at the home of Mrs. Mary Jones. The two have the best wishes of all their friends for a long and happy married life.

Abb Gallagher took Mary Jones to Stamford the first of the week to have the plaster cast she is wearing as the result of a car wreck adjusted.

Mrs. Milton Sandell says Croton creek is still dry.

John B. Payne Dead

Washington D. C. Jan. 24 John Barton Payne, Chairman of the American National Red Cross, died early today in George Washington University hospital here. Judge Payne's death occurred three days before his eightieth birthday which would have been Saturday, Jan. 26. He was reappointed chairman of the National Red Cross by President Roosevelt last December and was serving his fourteenth year. He was also chairman of the board of Governors of the League of Red Cross Societies to which sixty-one nations belong. He entered official Washington life from Chicago when President Wilson drafted his legal services as general counsel of the railroad administration in 1917. He had been judge of the Superior Court of Cook county. He was a member of Wilson's cabinet as secretary of the Interior. His immediate cause of death was pneumonia, according to his medical staff, which included Admiral Cary A. Grayson.

John A. Wilson, Mgr. Williams-Miller Gin Dies In Sleep

The people of Jayton were made to catch their breath when word went out Tuesday morning that Mr. John A. Wilson, manager of the Williams-Miller Gin in Jayton for the past six years and passed away during the early morning hours while asleep.

Mr. Wilson had been up and about his usual business the day before and was down town until about ten o'clock, and while not feeling well made no unusual complaints.

For several years he had been suffering with heart trouble but was able most of the time to go about and attend to his gin business.

Funeral services were held at the Methodist church in Jayton, Wednesday morning at 10 o'clock, and his last mortal remains were then taken to McCaulley for interment.

Mr. Wilson was born in Mexia, Limestone county, Texas April 6th, 1885. With his parents he came to McCaulley, Fisher County, in early childhood and lived there until coming to Jayton about six years ago. December 24, 1911, he was married to Miss Tenie Mae Cellum and to this union was born three children: Mrs. Charles Robinson, Miss Elouise Wilson and John Arden Wilson all of whom live in Jayton. A niece, Mrs. F. Buckley, who now resides in California, was also reared in the home.

Surviving Mr. Wilson besides his wife, children and niece, a sister, Mrs. W. E. Pritchett, of Dallas; and two brothers, Walter E. Wilson, of San Antonio, and C. H. Wilson of Winters, Texas.

Mr. Wilson's father was a Presbyterian minister, and Mr. Wilson was a member of the same when called to his final reward.

The great bank of floral offerings displayed at the funeral was in a way a means of showing the esteem and respect shown for Mr. Wilson by his friends and neighbors in this community.

He was a good citizen, a loving husband and father, and will be greatly missed by his loved ones and friends. The Jayton schools and the business houses of Jayton were closed for the funeral services.

Teachers Hold Meeting At Girard

On Tuesday evening the Kent Co. teachers had their second meeting of the year to discuss school problems. A very good program was given by different teachers of the county. Following is the program that was carried out.

Modern trends in English in the High Schools: by Miss Cornwell of Girard.

History in the High School: by Mr. Marvin Williams of Centerpoint.

Making the school music minded: by Mr. Webb D. Jenkins of Jayton.

Modern trends in Geography: by Miss Cora Lee Hyatt of Center Point.

Science in the High School: by Mr. Jackson of Girard.

The County Unit Plan: by Mr. Smith of Girard.

Miss Whiteside was chairman of the program and all was very well presented.

To break the monotony of the many speeches, Ruth Shearer, Wilda Stephens, Ethel McGaha, Opal Johnson and Dorothy Olive gave a representation of an old English Folk Dance.

Asalene Havins, Ermagene Mayfield and Maxine Goodall presented "The Irish Washer Woman" another Folk Dance.

Little Miss Betty Blackwell gave a reading "The Measles."

Besides the teachers Ex-officio County Supt., was also present at the meeting.

Melvin Landers who owns a grocery store here and one in Spur and a big general store in Kansas is here this week looking after his business and seeing old time friends and associates. He tells us conditions in Kansas are fairly good and the wheat crop is doing fine and supplying lots of pasturage for livestock.

Miss Polly Waddell, Mayme Morris Murphy and Eunice Marie Huffines had business in Spur Wednesday afternoon.

Legislation to Aid Schools and Collect Delinquent Tax

Austin, Jan. 29. (Special) Three emergency measures introduced in the senate this week would insure high school educational advantages for every boy and girl in the state, would make tax liens eligible for investment, would require Texas courts to place injunction hearings at the head of their dockets.

The bills were submitted under the co-authorship of Arthur P. Duggan of Littlefield.

Perfection of rules as to transfer of students from one school to another and a guarantee that high schools will be paid tuition allowed by law for pupils from other districts are sought in a bill which would give, "to any pupil between (the ages of) six and twenty one, who has been promoted to a high school grade not taught in his home district, the right to attend a standardized, classified and affiliated high school at the expense of his home district if such district is financially able to provide tuition; or, at the expense of the state."

Teeth were put in the measure by a provision which invests the state superintendent of public instruction with authority to withhold current per capita apportionment from districts which fail to accept eligible transfers or sending districts which fail or refuse to pay transfer accounts after a designated period of time.

Besides placing tax liens on a par with other investments, a proposed act which went thru the Senate hopper as Senate Bill No. 114 would provide for the Congratulatory ...

Cotton Census Bureau Report on '34 Cotton

The census bureau report shows that 1,539 bales of cotton have been ginned in Kent County prior to January 16, 1935, as compared to 15,465 bales to the same date in 1934.

Sheriff Cumble was in Jayton early Thursday morning.

Warning Against Great American Desert

Col. Clarence Douglas Says Conservation Measures Must Be Taken At Once

Oklahoma City, Jan. 27.—A great American desert will reach from the Rocky Mountains to the Dakotas within two generations if water conservation steps are not immediately taken. Col. Clarence Douglas, one-time lecturer for the war department said here today.

Teachers Hold Meeting At Girard

On Tuesday evening the Kent Co. teachers had their second meeting of the year to discuss school problems. A very good program was given by different teachers of the county. Following is the program that was carried out.

Modern trends in English in the High Schools: by Miss Cornwell of Girard.

History in the High School: by Mr. Marvin Williams of Centerpoint.

Making the school music minded: by Mr. Webb D. Jenkins of Jayton.

Modern trends in Geography: by Miss Cora Lee Hyatt of Center Point.

Science in the High School: by Mr. Jackson of Girard.

The County Unit Plan: by Mr. Smith of Girard.

Miss Whiteside was chairman of the program and all was very well presented.

To break the monotony of the many speeches, Ruth Shearer, Wilda Stephens, Ethel McGaha, Opal Johnson and Dorothy Olive gave a representation of an old English Folk Dance.

Asalene Havins, Ermagene Mayfield and Maxine Goodall presented "The Irish Washer Woman" another Folk Dance.

Little Miss Betty Blackwell gave a reading "The Measles."

Besides the teachers Ex-officio County Supt., was also present at the meeting.

Melvin Landers who owns a grocery store here and one in Spur and a big general store in Kansas is here this week looking after his business and seeing old time friends and associates. He tells us conditions in Kansas are fairly good and the wheat crop is doing fine and supplying lots of pasturage for livestock.

Miss Polly Waddell, Mayme Morris Murphy and Eunice Marie Huffines had business in Spur Wednesday afternoon.

Cotton Census Bureau Report on '34 Cotton

The census bureau report shows that 1,539 bales of cotton have been ginned in Kent County prior to January 16, 1935, as compared to 15,465 bales to the same date in 1934.

Sheriff Cumble was in Jayton early Thursday morning.

Coleman County Dis-
continues Home
Club Agent

At the last session of the Commission-
ers court in Coleman county two
county commissioners were joined by
the county judge in a vote to dis-
continue the work of the Home Demon-
stration agent in that county. They
did it in the name of ECONOMY. Com-
menting on their act the editor of
the Santa Anna News has this to
say:

It seems to us that two of our
County Commissioners and the county
Judge are "penny-wise and pound
foolish."

In our judgment, our Home Dem-
onstration agent has done one of the
greatest pieces of work of any per-
son in this county during her ten
years service, and we don't believe
the people of Coleman county will
stand for any such drastic steps on
the part of the commissioners Court.

Miss Gertrude Brent has organized
clubs in most every community in
Coleman county and many counties
but little larger than Coleman employ
two Home Demonstrators to do the
work she is doing here with the aid
of home workers she has trained in
the several communities.

From a standpoint of real service
and future benefits to be derived
from the work, we think Miss Brent
has done a real service to the people
of Coleman County, and her work is
just beginning to take effect. The
best way to health and happiness is
thru ones stomach, and she has been
instilling this knowledge into the
county, and this is not all of her
important work. She has organized
clubs, taught people how to im-
prove their homes and living condi-
tions, taught them economics, health
happiness and contentment, and her
work, in an educational way has an
augmented value that but few can
visualize. We hate to accuse any
public official of being ignorant, but
if this step is not an ignoramus move
we have no name for it.

The Home Demonstration Agent
may be removed from the county at
the time being, but in our judgment
some county Officials will be the
next in line for removal.

Economy — h — ? What do peo-
ple get out of life anyway. Just what
they enjoy and there are hundreds of
homes, inhabited by industrial and
intelligent people who are now en-
joying constant visits from Miss
Brent, who have received knowledge
and helpful suggestions from her that
would have never come to them from
any other source, that have a value
not measured in dollars and cents.

We also favor an economic admin-
istration, but it is our opinion that
the economical administration has
begun at the wrong end of the line,
and forgotten that intelligence needs
encouragement.

This may sound like damphoolishness
ness to some, but it is "Died in the
wool" doctrine to us and we believe
we speak the sentiments of the ma-
jority of the intelligent people in
coleman county.

Coleman county is not in such a
bad fix. There are fewer delinquen-
cies in Coleman county than in a
majority of the counties in the state,
and a better promise of redemption
than in most of them. Believe it or
not—Coleman county is still one of
the leading counties of the state and
always will be.

But we need education—and our
home demonstration agent is among
the most valuable assets we have to
home building and maintenance. Be-
lieve it or not we are correct."

Cutting out "Home Demonstration
Work in the name of ECONOMY is
laughable if it were not so serious.

We heard of a fellow once that
cut his own throat to keep from hav-
ing to feed his face. The man that
tried to learn his horse to live with-
out eating, and the fellow that would
n't intentionally go to hell for a dime,
but while fishing for the dime that
was lost in the "pit" slipped and fell
in. Many crimes are committed in
the name of economy! We have
known merchants in the name of
economy to starve their business in-
to the hands of the sheriff for the
want of advertising. When ever a
penny gets so large that county
commissioners and Judges, business men,

and anyone else can't vision the
dollar over the penny, ignorance is
a premium and progress at an
end.

PRICK THE POLITICAL
POWER BALLOON

The so-called "power issue" re-
presents one of the most amazing
political phenomena in the history
of this or any other country.

If the advocates of government
power developments are to be be-
lieved, the country is continuing in
depression largely because power
rates are too high. Men are out of
work, children are unfed, widows
and orphans are freezing, and our
social structure is tottering, all be-
cause of the nefarious activities of
the power barons.

It would be interesting to see just
one of the millions of citizens who
are said to suffer these severe de-
privations because of high cost of
power. The average household elec-
tric bill is about \$3.00 a month. That,
by comparison with its grocery bill,
its tax bill, and its amusement bill is
of infinitesimal significance. Its a
safe bet that the average family to-
bacco bill is in a majority of cases
more than the monthly power and
light bill for the home.

If "free" political power were ped-
dled to the public from government
subsidized, tax exempt public plants,
the householder might save tobacco
money or a half dozen 50c movie
tickets a month. If it were cut by
50 per cent it would not save enough
in many cases to pay the garbage
man. If power costs are causing
family suffering, what are bread and
meat bills, grocery bills and tax bills
causing?

Probably no economic problem af-
fects the home less than does power.
A fractional cut in the tax rate, for
example, would save the average
family more than would the complete
elimination of its power bill. So
would a fractional cut in the cost
of medical care, food clothing or
rent. They why all the hullabaloo a-
bout reducing the power bill?

Power has been blown up into a
great political balloon to frighten
the people, but when you puncture it
with the pin of fact, it returns to its
infinitesimal size in relation to the
cost of living.

There never was a man in the
world who did not make mistakes, but
let us hope he never made the mis-
take of doing nothing.

Sometimes it does seem that men
and women must meet suffering in
solitude; but in the bitterest pain,
that which divides each human be-
ing from every other, breaks a un-
der. They draw near—they comfort
and lean upon one another.

Alfred Russel Wallace caught a
baby orang-outang. Just like a hu-
man baby, it had to be fondled. One
must crouch a little before it would
go to sleep. When alone it would fall
asleep. Footfalls brought on the
whining. Did it ever occur to you that
the moat of our crying is done for
the galleries?

Voluptuous language always lures
the mind and soul to the destruction
of its own feeling and thought.

The friend you have to pat to keep
him from snapping at you is never
worth your while.

The narrower the view of life the
more it makes a man unworthy of his
larger possibilities.

Unemployables to Be Cared for by State

Austin, Texas, Jan. 30.—The State of Texas during the month of December had 52,270 Unemployables on its list of relief clients, it was announced by State Relief Director Adam R. Johnson.

Results of the state-wide survey, undertaken by the social welfare department of the Texas Relief Commission through the county administrators of relief, have been compiled and ordered that the Board of Control of the legislature may appreciate the task confronting the state when the relief authorities discontinue providing funds for persons unable to work, as they have stated they will do. Discontinuance of these funds originally was scheduled for January 1st; however, Harry L. King, federal administrator, recently announced removal of such persons would be effected gradually.

The 52,270 cases represent approximately 225,000 people, or 20.09 per cent of the state case load. Unemployables according to the survey are divided into four classes. 39 per cent of them were people who were over 65 years of age who have been regularly employed and who do not obtain a physician's certificate of good health. There were 21,000 cases in this classification.

Persons less than 65 years old who are physically or mentally incapable

of working numbered 18,269 cases. Twenty per cent or 11,399 cases were women eligible to mother's aid. All others, 3,707 cases, amounted to six per cent of the total.

"These people won't be cut off the rolls and left to starve," State Director Johnson said. "The Texas Relief Commission is not going to abandon anybody in destitute circumstances. We won't drop them from our relief rolls, as many people have been led to believe, but, on the contrary, we will take care of them from state funds until a definite plan has been worked out for their future.

Declaration of federal authorities that they would withdraw financial aid to Unemployables was misinterpreted by many to mean that these unfortunates would be abandoned entirely. That assuredly is NOT the case."

JAYTON COTTON OIL MILL TO HAVE 3 WEEKS RUN

The Jayton Cotton Oil Mill is again running giving employment to from 40 to fifty men. We are glad to see the mill in operation even if it is for only a short time. When the wheels of industry are turning there is a good chance for progress but when they are stopped there is a chance of slipping back into the rut of doleism.

Jephtha Craig and wife of Spur visited friends in Jayton last Sunday.

CARD OF THANKS

We would like to take this opportunity to express our sincerest appreciation to everyone's in this our great hour of sorrow, the death of our dear husband and father. For a beautiful floral offering and a word of sympathy both written and oral. May God bless and help every one of you.

Mr. John A. Wilson

Mr. and Mrs. Chas. C. Robinson.

RABBIT DRIVE SATURDAY

Saturday afternoon at 2:00 p.m. Clairemont is staging a big rabbit drive. Everyone is invited to come over and enjoy the fun. We catch 'em alive by driving them into wire pens. Come on over and lets have a big time.

Committee.

High School Boys Defeat Town Team

Last Monday afternoon at the local basket ball court at the high school building, the Jayton High School boys defeated the town team in a hard fought game which ended by a score of 26 to 23.

Local critics say that the town team could beat the high school boys if they had the wind and endurance that the school boys obtain. And the school boys say that if the town team had the 'wind' and could play basket ball that they might win a game once in a while.

TENTATIVE SCHEDULE FOR H. D. CLUB MEETING

A demonstration on the "foundation pattern and its possibilities," will be given by the home demonstration agent to the H. D. Clubs as scheduled.

Do you know how to adapt your foundation patterns to the present style trends? Do you know how to use your foundation pattern in cutting slip patterns and patterns for other undergarments? If not do not miss the opportunity of learning to make further use of your foundation pattern.

Non club members are cordially invited to attend these demonstrations in their respective communities.

- Feb. 12, 2:00 p.m. Polar H. D. Club.
- Feb. 13, 2:00 p.m. Clairemont.
- Feb. 14, 2:00 p.m. Jayton.
- Feb. 15, 2:00 p.m. Girard.
- Feb. 19, 2:00 p.m. Centerpoint.
- Feb. 10, 2:00 p.m. Red Mud.
- Feb. 21, 2:00 p.m. Harmony.
- Feb. 22, 2:00 p.m. Rosewood.

LEGAL NOTICE

Notice To Banking Corporations

Notice is hereby given to all banking corporations in Kent County, Texas, that the Commissioner's Court of said county will on the second Monday in February, A. D. 1935, the same being the 11th day of said month, receive proposals from any banking corporation in the county aforesaid, that may desire to be selected as a depository of the funds of said Kent County, Texas, on or before 10 o'clock A. M. on the 11th day of February, A. D. 1935.

All proposals must be sealed and each proposal must state the rate of interest that said banking corporation offers to pay on the funds of the county, for the term between the date of such bid and sixty days after the second Monday in February, 1935.

Each bid shall be accompanied by a certified check payable to the County Judge of Kent County, Texas, in the sum of \$500.00 the same being not less than one-half of one percent of the County revenue of the preceding year, as a guarantee of good faith on the part of the bidder, and that if his bid shall be accepted said banking corporation will enter into and give the required bond. Upon the failure of the banking corporation that may be selected as such depository to give the required bond the amount of such certified check shall go to the County as liquidated damages.

J. B. Earnest
County Judge

AT THE METHODIST CHURCH SUNDAY

Sunday School at 10:00.
Preaching at 11:00.
Young Peoples meet at 6:45.
Preaching at 7:30.
The W. M. S. Meets every Monday afternoon.

The theme for the morning hour will be "Christ the Sun of Righteousness."

The theme for the evening hour will be, "The Fatal Night."

You have a special invitation to attend these services. We will most joyfully receive you.

Mrs. Gertrude Pursley and grandmother McClain of Dunlap N. M. were here this week visiting relatives and attending to business matters. Mrs. Pursley tells us that it is just about as dry in N. M. as it is in Jayton and that the hopes of all the people where she lives are that it will snow or rain soon, otherwise the future will be indeed dark.

Mrs. L. H. Mason is spending the week in Haskell, Texas with her son and wife Mr. and Mrs. Cecil Mason.

Mrs. L. H. Mason and daughter Mozelle visited Mr. Mason's father in Rule, Sunday and Monday.

Mrs. J. A. Suits has returned home from a two weeks visit with relatives in Brownwood, Texas.

Mrs. Lanore Page and Mrs. Clark Peck spent Thursday in Jayton.

Mrs. Jack Daughtery is indisposed this week.

Several Jayton folks attended the President's birthday ball at Spur, Wednesday night. We understand that it was a great success both financially and socially.

ALL TAXES ARE SALES TAXES

No form of taxation is so bitterly assailed as the sales tax. The political "friends of the common people" have been especially virulent in denouncing it, on the grounds that the burden of the tax falls more heavily on persons of small and moderate means than on the wealthy.

That is all very well. But the vital point is this: There is no other kind of tax, so far as the effect is concerned, than the sales tax.

Every tax must be paid, and paid in full, by the ultimate consumers of goods and products. Every tax levied increases the cost of necessities and luxuries we need and buy and use. When we buy a pair of shoes we must pay a score of taxes—the tax was paid by the raiser of the cattle, by the railroad that transported them to the factory that tanned and cured the leather, by the manufacturer, by the distributor, and finally, that paid by the dealer is included in the cost of a pair of shoes we get. That is true of food, clothing, entertainment and every thing else.

The "common people" — families of moderate income—have the most to lose from tax extravagance, and the most to gain from tax economy. There aren't enough rich in this country to carry the cost of government for a week, all but a small part of the government income stems indirectly from workers and salaried people and from those who have a little coming in from investments. The sales tax by name may be unpopular, but we all pay it. We cannot get rid of it, but we can, by mass action, demand governmental economy, efficiency and retrenchment that will lower its cost.

No lover of the New Deal in Washington is Sen. Holbrook, veteran conservative from Galveston. He bitterly assailed the New Dealers when eight bills offered by representatives of the Federal Housing administration, to liberalize Texas banking laws and permit Texas banks to participate in the FHA program, were before the senate. Senator Welly Hopkins of Gonzales, himself a famed exponent of Jeffersonian democracy, defended the bills. They passed, 30 to 1, only Holbrook voting "nay." The house is expected to rush the measure. Then it will be up to the president to make money for new homes and refinancing existing mortgages, under Titles 2 and 3 of the housing act. Walter Cline, Centennial tycoon and FHA Administrator for this region, in Austin on Centennial business, beamed when his aides reported the Senate victory.

Bill McCraw, red-headed, affable attorney general, is ready to do the job the people entrusted to him at the last election, and he doesn't ask any odds. For years it has been the custom in passing many bills authorizing persons with contested claims against the state to bring law suits to require such suits to be filed in Travis county. McCraw told the house-judiciary committee this was unnecessary, if it worked a hardship on the citizen who wanted to sue.

The Attorney General office will any suit that any citizen wants to bring against the state of Texas, any time, in any court in the state that has legal jurisdiction. He states, "that they don't have to come to Austin to make it easy for us." So now the suit bills will probably authorize action in the home county of the petitioner.

J. M. Head of Girard was in Jayton Monday and remembered us with his renewal.

Mrs. W. J. Wade of Groom, Texas is here visiting her mother Mrs. J. R. Ward.

B. A. Cumber, assessor and tax assessor and collector of Kent County had business in this part of the county Tuesday of this week.

Jayton Teams again came out victorious in games matched with Dickens Thursday afternoon. Three teams playing were the Senior boys 1st string which defeated Dickens 1st string boys by a wide margin.

The second string team of Jayton boys also defeated the second string Dickens boys by a score of 19 to 15 the important play of the game was when C. B. Coats made the only goal he ever made in his life in a matched game.

The Senior girls carried out their end of the bargain by defeating the Dickens Senior girls in a fast and thrilling game.

W. L. Coons has our thanks this week for his contribution to the news staff of a few of the write-ups concerning the school work.

SCHOOL NEWS

Last Monday in chapel we were entertained by the pupils of Miss Murphy's class. The younger pupils received some valuable training and the older pupils were entertained very well.

On Friday night several Jaytonites motored down to Peacock to see our girls play the Peacock girls in a morning and last game of basketball. The game ended with the final score of 20 to 20 so the game must have been interesting until the last whistle blew. We plan on going to the girls tournament at Peacock soon.

Our county co-emption ship games are being played when the weather permits. Last week the Junior boys and Junior girls defeated Girard. Probably more games will be played this week etc.

We plan to start track, tennis and baseball soon. Several students are trying out for tennis now.

Last Saturday night the Sophs were entertained in the home of Mrs. Hancock. Everyone seemed to enjoy the occasion to the utmost extent. May we have more such entertainments. **Thing that will never happen:** Marie Kose getting to school on time.

Billie McLaury and Buddy Gallagher wear shoes to school instead of boots.

Fuzzy Harrison pass a test.

Avin Durham play basket ball.

Miss Yarborough give an easy English exam.

Florence and Euna Vaye come to school separately.

Royal leave the chemicals alone in the laboratory.

Loyal know where his books are. Owen sit on the front seat.

Mozelle, Dorothy and Peggy Louise sit very far apart in class.

Barney Faye and Doris Mae with purple hair.

And C. B. buy a pair of shoes big enough for him.

SCHOOL TEAM 36-5

Wednesday afternoon the Jayton outlaw team defeated the local high school boys in a fast game that was close through out the entire game. There was never more than three points difference in the score.

It was one of the fastest games the two teams have enjoyed since they began the series. If you want to see some good ball playing drop around some afternoon around four o'clock when the games are scheduled and we guarantee that you will get your money's worth because the high school boys under the direction of their efficient coach W. L. Coons really know their stuff when it comes to handling the ball.

Seventh Grade Organizes Good English Club

Tuesday afternoon the Seventh grade organized a Good English Club for the purpose of learning to speak correct English at all times. Officers were elected as follows:

President: Maxine Gallagher.
Secretary: Vyrda Mae Fuller.
Reporter: Dorothy Earnest.

It was voted on and was unanimous that pupils making an English Error would be fined one penny. This Club will meet every Friday afternoon to discuss and correct errors made and to select the two ranking highest on the honor roll.

The best spellers and pupils having the best English lesson will get their name on the honor roll each week. Buzz Daniels is the outstanding professor of incorrect English. If you want to learn just listen to him. Reporter.

Mr. R. B. Campbell is visiting Mr. G. G. Howard and family this week end.
