1935 GENERAL CONVENTION OF WEST TEXAS CHAMBER OF COMMERCE

The 1935 convention of the West Texas Chamber of Commerce is five weeks away. Dates are Monday, Tuesday and Wednesday, May 13-14-15. The host city is Plainview.

Plans are maturing on a half dozen fronts to make the convention notable, in the number of paid registrations number of towns represented, in color, and most important, quickly getting to the heart of what West Texas needs most for its prosperity and development and in formulating a program of work calculated to meet those needs. The organization's 1935-36 year, from convention to convention, then will be devoted to carrying out the program laid down as the memberships mandate at Plainview.

The Westex Chamber is now full of life and activity. Through its remarkable life it has gone through various stages, (1) organization to hopefulness, (2) hopefulness to testing under stress, and (3) successful testing into its present era of vigorous maturity. Since 1918, year of its birth, it has had only one goal: to be of service to its territory. There is no denying that it has accomplished greatly and that today it is at the peak of its strength and efficiency and usefulness. With enormous prestige, completely staffed, paying its way as it goes along, there is no reason why it should not serve us for many, many more years, growing bigger and better as its years increase.

The convention will major this year on the following three points, all fundamental in the life of West Texas.

TAXATION. A clear cut program will be devised with the objective of obtaining needed relief for the sorely pressed property owner who pays 75 percent of the taxes of Texas although holding only 33 1-3 per cent of the wealth.

AGRICULTURE. In this group conference those examination will be made of the Bankhead bill for termination whether the West Texas Chamber should favor its continuance, with important changes, or its abandonment altogether. The regional organization already on record as opposing the acreage control feature and favoring domestic allotment instead.

TERRITORIAL DEVELOPMENT. The great diversity of problems will be considered by this group conference with emphasis upon development of the Chamber's soil erosion program, the Brazos river and other developments. Ray H. Nichols of Vernon, West Texas Chamber of Commerce's first President will be chairman of the Territorial Development group conference.

Business of the convention will proceed smoothly along, with most of a routine work accomplished in committees and cleared before the directors in their various luncheon sessions. The all-important work committee will do its job under another former president, W. B. Hamilton of Wichita Falls. Resolutions will be submitted in groups daily at their directors' meetings, instead of being submitted to the general convention assembly, as heretofore. The change is a part of the plan to speed the work and bring the organization in closer contact and under closer control of its directors.

An unusual feature now in the making is a Governor's banquet, tentatively set for Tuesday evening May 14. Acceptance already has been given by James V. Alfred, governor of Texas; and invitations have been sent to the executives of New Mexico and Oklahoma. Presence of the Oklahoma governor, E. W. Marland, considered virtually assured. He is expected to arrive on a special train to be operated by the Good-Will committee of the Oklahoma Chamber of Commerce. Maury

MAHON ASKS FOR NEW FEDERAL JUDGE FOR WEST TEXAS

Congressman George Mahon introduced a bill in the House of Representatives Monday, April 1, providing for the creation of a new Federal Judicial District in West Texas. The district is outlined to include those counties which have heretofore made up the Amarillo, Lubbock, San Angelo and Abilene divisions of the Northern District of Texas.

A study of these conditions of the courts now in the Northern district reveals that the four divisions in the proposed new district are from 12 to 6 months behind with their work. With a new judge resident in the territory included in the new district, the litigants will have the advantage of convenience and the efficiency of the court itself should be greatly increased.

In commenting on the bill, Mr. Mahon said: "It is unfair for the people of West Texas to be compelled to travel all the way to Dallas or Fort Worth to contact a Federal Judge. This is often true when injunctions or special orders are sought. The three present judges of the Northern District reside in Fort Worth or Dallas. I believe that the new court can be well justified on the basis of service to the people of this great area."

GREATLY APPRECIATED

The splendid vote given me in the City Marshall's race is greatly appreciated and I hope to prove your confidence has not been misplaced. I shall do my very best to make you a good officer and sincerely ask the hearty cooperation of all the town's citizenship.

Very Truly yours
J. M. Hall.

Thos. P. Johnston was a Stamford visitor Wednesday.

Here and Yonder (Uncle Peavine)

Now that President Roosevelt is on his vacation, the few remaining GOP leaders think that the conditions will improve within the next few days.

Some people go off their nut as well as off their golf. But it seems that quite a few Jayton people have gone off their nut about golf.

Evidently of the two, Glen Huls is a better campaign manager than the Editor. Glen succeeded in putting L. F. into office by a mere margin of two votes.

A very worthwhile project is being planned by the Culture Club of Jayton and lets all cooperate in putting the library into being.

Personally we don't know which is the biggest pest, the insurance salesman or candidates for public office.

As one street cleaner said to the other business is picking up.

Your old Unc don't like to make comment on any one person's ability or inability but when a professional golfer stands in the same tee off position and slams 5 straights out of bounds into the road its time some amateurs got hold of him and told him how to play the game.

Why some golfers carry a measuring tape out with them is an unsolved mystery. But some of them insist on having one along when a match is in progress.

Citizens of Post and surrounding territory are certainly careful of what they say, for example we asked one where he lived and he said Justiceburg. Several residents have been asked the question "What do you try to look stupid and ask 'where is Post, I never heard of it place.'"

A man who can lose and take as tho he had won with a big majority is the kind of man that all people admire.

Doc says that if he were put on the stand to testify as to some people's sanity, that he wouldn't swear that they were insane but that he would say that they were as crazy as h—.

We are inclined to believe as doc one of our weather prophets, that it is going to rain more or less sooner or later.

Who was the local bridge fan who saved back a trump to use on his wife's ace and got caught and had to trump his partner's ace?

DUST CLOUDS DESTROY WHEAT

Nature is repeating herself. Last year she brought the greatest drought in history to the great American mid-west, turned millions of acres of rich wheat land to desert, and had the laugh on the puny efforts of mere man to control production.

As if that lesson weren't severe enough, Nature is again menacing crops, dust clouds recently swept day after day across the vast mid-west wheat country. The area affected includes over 50,000,000 acres of wheat land. The result unless late rains do the unexpected and remedy the situation, will be an inconsequential crop.

The secretary of Agriculture has removed certain restriction on the planting of spring wheat. This is expected to cause a rise of from 10 to 30 million bushels in the normal spring crop.

D. W. McKENZIE PASSES AWAY IN ABILENE HOSPITAL

Uncle Dan McKenzie who was taken to the West Texas Sanitarium at Abilene for treatment for complications following pneumonia died Thursday morning and we are told will be buried here in Jayton today. Uncle Dan had been in poor health for more than a year. He was one of the first settlers of Kent County. He has many friends over the territory that will mourn his going.

Urgently Warning

Your Fire Protection Insurance Now—Protected—After the fire its too late!

Let me fix you up for complete insurance coverage, and be protected against losses that otherwise might prove disastrous.

W. F. Gilbert

and other Bldg. The following were elected as Aldermen: Gilbert, Black, Brown, Mayer and Earnest.

J. M. Hall was elected City Marshall by a favorable majority. It is reported to the Chronicle that none of the successful candidates intend to qualify which will leave the old officers in for another term.

Following is the official returns of the election as handed in to the Chronicle for publication.

- For Mayor:
- L. F. Wade — 67
 - Glen Huls — 65
 - Tom Jones — 1
 - M. V. Jay — 3.
- For Alderman:
- W. F. Gilbert — 93
 - H. D. Black — 87
 - R. L. Alexander — 50
 - C. J. Robinson — 59
 - L. O. Mayer — 76
 - G. H. Brown — 71
 - Lee Howell — 62
 - G. B. Callicote — 40
 - Joe Earnest — 66
 - George Stephens — 51
 - Bill Porter — 1
 - J. C. Miller — 1
- For City Marshall:
- John Jones — 44
 - Charlie Fox — 15
 - Sam Barton — 21.

JAYTON CULTURE CLUB TO SPONSOR PUBLIC LIBRARY

The Jayton Culture Club has selected as one of its civic projects for the year the organization of a public library. For some time there has been a recognized need for a library in Jayton, and it is hoped that this venture will meet with the co-operation of the public.

There are two ways in which the townspeople may help: by donating books and by paying a small membership fee—25c for three months, or \$1 per year membership, entitling a member to full use of material in the library.

Sometime during the next two weeks a committee will call at each home for the books, you may wish to donate. Also if you wish to become a subscriber immediately, give your membership fee to this committee or to any other member of the Culture club. The money received will be used to buy new books.

\$40 PER MONTH

Mr. John Furr tells us he has a monthly income from his chickens and three milk cows of better than \$40 per month. He grows his own feed, with the exception of oyster shells and that the reason his bank account is never in the red.

Vice President Garner, Jessie Jones Sam Rayburn and Rep. Buchanan, of Moody's home district.

Governor Jimmie Alfred will make his first extended visit outside the state since his election on April 25 when he rides as a passenger upon the Texas Centennial Special train, touring the south and visiting Washington. That is understood to be the program unless the legislative situation is such that the governor can not leave. In that event, it is likely that Mrs. Alfred, the charming first lady of Texas, will represent the governor aboard the 'Centennial Special' which will bear the official invitation to the President, Vice-President, cabinet and the congress to visit Texas in 1936.

BAPTIST REVIVAL STARTS SUNDAY

Beginning Sunday morning at the eleven o'clock hour the Baptist will begin a revival meeting that is to last until the 14.

Rev. Fred McPherson, pastor of the First Baptist Church here in Jayton will do the preaching.

Rev. Finis Williams of Peacock will have charge of the song services.

Every body is invited to attend this meeting regardless of what denomination belief or whether you are a saint or sinner you are cordially invited to attend these services and help carry on the work of the Lord.

At the close of the Baptist meeting the Methodist plan to take up where the Baptist leave off and make a great effort to make Jayton's Christian life more powerful.

NOTICE TO FARMERS

I am opening a Western Produce House next door to Howells feed store in Jayton. Will pay top prices for your poultry and eggs. Always try to please. Butch Jones.

Associational Sunday School of the Stonewall Baptist Association will meet at Peacock Sunday afternoon April 7 at 3:00 o'clock. All Baptist Sunday School Members and workers are urged to be present.

C. J. Robinson and L. F. Wade had business in Aspermont Wednesday afternoon.

J. C. Miller was a Spur visitor Wednesday of this week.

AGRICULTURE

Business of the convention will proceed smoothly along, with most of a routine work accomplished in committees and cleared before the directors in their various luncheon sessions. The all-important work committee will do its job under another former president, W. B. Hamilton of Wichita Falls.

Resolutions will be submitted in groups daily at their directors' meetings, instead of being submitted to the general convention assembly, as heretofore. The change is a part of the plan to speed the work and bring the organization in closer contact and under closer control of its directors.

An unusual feature now in the making is a Governor's banquet, tentatively set for Tuesday evening May 14. Acceptance already has been given by James V. Alfred, governor of Texas; and invitations have been sent to the executives of New Mexico and Oklahoma.

Presence of the Oklahoma governor, E. W. Marland, considered virtually assured. He is expected to arrive on a special train to be operated by the Good-Will committee of the Oklahoma Chamber of Commerce. Maury

Insurance agents are as plentiful in Jayton this week as Grocery drummers.

Commissioner's court meets in Clairemont Monday.

These 'busy' men who grawl about having no time to read ought to learn the trick of working up the waste ends of time.

The man is regal who can control his appetite, his passions and his temper.

This is an age when many mothers pay homage at the feet of a molech whose arms scorch the very souls of daughters while they worship.

"The world is my country, and to do good is my religion." Even a creed like that makes a great and good man.

The average man only laughs when one of these skin tighters pokes her finger at the thin girl trying to cross a windy street.

The drunk swore in court that his wife supported him. Many a sober fellow would testify to that if put under oath.

That man or woman who determines to live a life alone faces a sure and certain destiny—extermination.

A man's mind may be likened to a garden, which may be intellectually cultivated or allowed to run wild; but whether cultivated or allowed to run wild, it must and will bring forth a harvest. If no useful seeds are put into it, then an abundance of useless weed seeds will fall in the mind and continue to produce their kind. This is a mental law no human can ignore.

A woman may paint like Raphael, play like Paderewski, or sing like Florence Nightingale, but can she cook? Can she cook? That's man's eternal question. These creatures who are experts at turning out biscuits have

The city without vision—that place without the sense of civi with in a:1 of it. First city is do med. That man is great who can ascribe to his worst enemy the highest possible motive for his act.

Knocks and bruises give success her peculiar charms. We learn: to love our difficulties since they are stepping stones to victo:g.

That which helps a man to help himself is the only help that is worth the while.

The friend who takes offense at every little trifle is never worthy of your friendship.

The man who knows the world will never be bashful, and the man who knows himself will never be impudent.

The young man of sound principle and fair ability who can save his money and control his habits is valuable to any concern.

That love is sweet that sweetly loves beneath a cloudless sky. That love is great that greatly loves when the storms are raging.

An occult paper truly claims that every man is where he is by the lot of his being; the thoughts that he has built into his character have brought him there, that in the arrangement of his life there is no element of chance, but all is the result of a law that cannot err. That this is just as true of those who fee, out of harmony with their surroundings as those who are contented with them.

THOSE HORRIBLE CODES

By Beska Goodrich

It is amusing sometimes to check up on the freakish effect of all those codes, rules and measures adopted at Washington aimed at the regulation, restriction and curtailment of production seemingly of every thing under the sun.

Why a man's whiskers is about the only thing left to normal development. It has come to pass here in the southwest that Dairy cows are not allowed to produce up to normal capacity, hens can only lay every other day. Porkers are not rendering out a normal supply of lard. Those profitable brood sows that used to have 15 or more pigs to the litter only have 5 or six. The weather man has curtailed our

6TH GRADE BETTER ENG CLUB HAS MEET

The sixth grade Better Eng Club met last Friday afternoon. The purpose of the meeting

WORKS OLD CLOTHES CLOSET OVER

"Changing position or hanging rod, lowering one shelf, adding three others, papering the inside of the clothes closet and making a large card board box into a hamper for soiled clothing, and fixing a shoe rack and hat stands were improvements that made the shell of a closet we had into one of convenience and adequate storage," says Mrs. Ven North, farm food supply demon

strator of the Jayton H. D. Club. "I took a large card board box and papered it on the outside. The side which had originally opened in it is fastened and turned toward the wall. This makes the side of the box on top. This is cut on three sides to make the door thru which the soiled clothing is put into the box. When you wish to remove the clothing it is easily done by removing the box from the closet and letting down the original opening which was turned to the wall," she says.

THE JAYTON CHRONICLE

JAYTON, KENT COUNTY, TEXAS.

FRIDAY APRIL 5th, 1935

NUMBER 14

Nobody's Business (Julian Caspers Jr.)

April, 2.—A lobbyist's name has been created in Austin the Texas Senate, obviously to attack Governor Allred for his campaign, obviously to attack certain senatorial skins. Under a month of the 120 day term left, the senate has more than 100 bills on its calendar, many important, but some extremely important. Besides these bills, there is a steady flow from the house and the senate committee of additional legislation.

Working at the rate it has during the last four months of the session, the senate can not possibly act on any of these bills.

Many of those coming up from the house are vitally important—as for example the appropriation measure, of which has passed the senate.

Banking bills yet to come before the senate are included the utility rate race track repeal bill, and common carrier pipe-line bill—

which form the heart of the governor's legislative program.

The race track bill is on the calendar, but near the prospect of a hearing before the senate is undeniably.

Major accomplishments of the senate apparently is the avenging of any real or imaginary wrong done by the governor when he called the voters to the reluctant members of that august body how they make their lives the senate's spiteful attack on the people of Texas.

Many of these bills, and many additional bills, must be spent for money to enact measures.

Wait for another regular session is made to order.

Their business is to kill the bills die on the calendar let them get out of commission the senate's legislative clogged by petty lobbyists every night for a system that, whatever it is, is neither efficient, and provides long-payers to foot the bill.

There are two ways in which the townspeople may help: by donating books and by paying a small membership fee—25c for three months, or \$1 per year membership, entitling a member to full use of material in the library.

Sometime during the next two weeks a committee will call at each home for the books, you may wish to donate. Also if you wish to become a subscriber immediately, give your membership fee to this committee or to any other member of the Culture club. The money received will be used to buy new books.

The Culture club believes that this is a worthwhile venture and will appreciate every effort to make it a success.

Mr. John Furr tells us he has a monthly income from his chickens and three milk cows of better than \$40 per month. He grows his own feed, with the exception of oyster shells and that the reason his bank account is never in the red.

Vice President Garner, Jessie Jones Sam Rayburn and Rep. Buchanan, of Moody's home district.

Governor Jimmie Allred will make his first extended visit outside the state since his election on April 25 when he rides as a passenger upon the Texas Centennial Special train, touring the south and visiting Washington. That is understood to be the program unless the legislative situation is such that the governor can not leave. In that event, it is likely that Mrs. Allred, the charming first lady of Texas, will represent the governor aboard the 'Centennial Special' which will bear the official invitation to the President, Vice-President, cabinet and the congress to visit Texas in 1936.

CITY ELECTION HOTLY CONTESTED AFFAIR TUESDAY

The city election Tuesday was an exciting affair. The contest for Mayor between Huls and Wade was a horse race from start to finish. Wade worked for Huls and Huls worked for Wade and the contest was not settled until Wade went home and Huls slipped in two votes for Wade that he had been keeping hid out in a storm cellar all day. Wade is now threatening to sue Huls for damages and openly charges Huls with political corruption, buying votes with free cokes and cigars and otherwise bribing and corrupting the voters. Huls claims he only acted in self defense. The whole matter may eventually be carried to the supreme court for settlement.

In the race for Alderman, Gilbert lead the field of 11 candidates.

The following were elected as aldermen: Gilbert, Black, Brown Mayer and Earnest.

J. M. Hall was elected City Marshal by a favorable majority.

It is reported to the Chronicle that none of the successful candidates intend to qualify which will leave the old officers in for another term.

Following is the official returns of the election as handed in to the Chronicle for publication.

For Mayor:

L. F. Wade — 67
Glen Huls — 65
Tom Jones — 1
M. V. Jay — 3.

For Alderman:

W. F. Gilbert — 93
H. D. Black — 87
R. L. Alexander — 50
C. J. Robinson — 59
L. O. Mayer — 76
G. H. Brown — 71
Lee Howell — 62
G. B. Callicotte — 40
Joe Earnest — 56
George Stephens — 51
Bill Porter — 1
J. C. Miller — 1

For City Marshal:

John Jor — 44
J. M. Hall — 21
Charlie Fox — 15
Sam Barton — 21.

JAYTON CULTURE CLUB TO SPONSOR PUBLIC LIBRARY

The Culture club believes that this is a worthwhile venture and will appreciate every effort to make it a success.

\$40 PER MONTH

Mr. John Furr tells us he has a monthly income from his chickens and three milk cows of better than \$40 per month. He grows his own feed, with the exception of oyster shells and that the reason his bank account is never in the red.

Vice President Garner, Jessie Jones Sam Rayburn and Rep. Buchanan, of Moody's home district.

Governor Jimmie Allred will make his first extended visit outside the state since his election on April 25 when he rides as a passenger upon the Texas Centennial Special train, touring the south and visiting Washington. That is understood to be the program unless the legislative situation is such that the governor can not leave. In that event, it is likely that Mrs. Allred, the charming first lady of Texas, will represent the governor aboard the 'Centennial Special' which will bear the official invitation to the President, Vice-President, cabinet and the congress to visit Texas in 1936.

LETTER TO THE EDITOR

Editor of the Chronicle
Jayton, Texas.

Dear Friend:
I took notice of your stand against my fight to save the State of Texas in the three million dollar appropriation.

I appreciate your sincerity in this matter, and am sure that your purpose is right. I think that if you knew all the facts as I know them here in the Legislature, you could better appreciate the stand that I have taken.

Whenever I have time to fully explain everything that has taken place down here in behalf of this appropriation, I believe you will agree with me that it should not be granted.

I will appreciate any suggestions you may offer on this or any other matters of which you may be concerned.

Sincerely, Your Friend
Leonard Westfall
Rep. 118th district.

There is no harm in folks differing in their views on public questions. All we know about the Centennial is what we read in the papers and its ten necessary to read between the lines to get exactly what they really intend to say.

We are by the Centennial as we were by the 20,000,000 bond issue to care for the folks in Texas during the drought and depression who could not care for themselves.

We believed so strongly in the manhood of our Texas leaders and Texans as a whole that we were certain none would stoop so low as to attempt to graft on this fund. It was inconceivable to us that even one might be tempted to profit or make political capital out of a fund created to provide the bare necessities of life for the State's destitute. That some have done this very thing is no doubt true, and our opinion of them is that they are as depraved as the microbes that inhabit the cesspools of hell.

We are for the centennial Celebration and a state appropriation to help finance the same, provided it is kept free from graft, sectional selfishness and moral rotteness. Texas can afford to celebrate her 100 years of freedom, but it must be a state wide affair and it must be clear of even the suspicion of personal or political profiteering.

BAPTIST REVIVAL STARTS SUNDAY

Beginning Sunday morning at the eleven o'clock hour the Baptist will begin a revival meeting that is to last until the 14.

Rev. Fred McPherson, pastor of the First Baptist Church here in Jayton will do the preaching.

Rev. Finis Williams of Peacock will have charge of the song services.

Every body is invited to attend this meeting regardless of what denomination belief or whether you are a saint or sinner you are cordially invited to attend these services and help carry on the work of the Lord.

At the close of the Baptist meet the Methodist plan to take up where the Baptist leave off and make a great effort to make Jayton's Christian life more powerful.

NOTICE TO FARMERS

I am opening a Western Produce House next door to Howells feed store in Jayton. Will Pay top prices for your poultry and eggs. Always try to please. Butch Jones.

Associational Sunday School of the Stonewall Baptist Association will meet at Peacock Sunday afternoon April 7 at 3:00 o'clock. All Baptist Sunday School Members and workers are urged to be present.

C. J. Robinson and L. F. Wade had business in Aspermont Wednesday afternoon.

J. C. Miller was a Spur visitor Wednesday this week.

G. H. Brown and Joe Earnest had business in Spur, Tuesday.

Commissioner's court meets in Claremont Monday.

Insurance agents are as plentiful in Jayton this week as Grocery drummers.

1935 GENERAL CONVENTION OF WEST TEXAS CHAMBER OF COMMERCE

The 1935 convention of the West Texas Chamber of Commerce is five weeks away. Dates are Monday, Tuesday and Wednesday, May 13-14-15. The host city is Plainview.

Plans are maturing on a half dozen fronts to make the convention notable in the number of paid registrations number of towns represented, in color, and most important, in quickly getting to the heart of what West Texas needs most for its prosperity and development and in formulating a program of work calculated to meet those needs. The organization's 1935-36 year, from convention to convention, then will be devoted to carrying out the program laid down as the membership mandate at Plainview.

The Westex Chamber is now full-statured organization of service. Through its remarkable life it has come through various stages, (1) organization to hopefulness, (2) hopefulness to testing under stress, and (3) successful testing into its present era of vigorous maturity.

Since 1918, year of its birth, it has had only one goal: to be of service to its territory. There is no denying that it has accomplished greatly and that today it is at the peak of its strength and efficiency and usefulness. With enormous prestige, completely staffed, paying its way as it goes along, there is no reason why it should not serve us for many, many more years, growing bigger and better as its years increase.

The convention will major this year on the following three points, all fundamental in the life of West Texas.

TAXATION. A clear cut program will be devised with the objective of obtaining needed relief for the sorely pressed property owner who pays 75 percent of the taxes of Texas although holding only 33 1-3 per cent of the real estate.

AGRICULTURE. In this group conference those examination will be made of the Bankhead bill for termination whether the West Texas Chamber should favor its continuance, with important changes, or its abandonment altogether. The regional organization already on record as opposing the acreage control feature and favoring domestic allotment instead.

TERRITORIAL DEVELOPMENT. Great diversity of problems will be considered by this group conference in emphasis upon development of Chamber's soil erosion program, and the Brazos river and other developments.

Ray H. Nichols of Vernon, West Texas Chamber of Commerce's first vice president will be chairman of the Territorial Development group conference.

Business of the convention will be smoothly along, with most of its routine work accomplished in committees and cleared before the directors in their various luncheon sessions. The all-important work committee will do its job under former president, W. B. Hamilton of Wichita Falls. Resolutions will be submitted in groups daily at their directors' meetings, instead of being brought to the general convention assembly, as heretofore. The change is a part of the plan to speed the work and bring the organization in closer contact and under control of its directors.

An unusual feature now in the planning is a Governor's banquet, tentatively set for Tuesday evening May 14. Acceptance already has been given by James V. Allred, governor of Texas; and invitations have gone to the executives of New Mexico and Oklahoma. Presence of the Oklahoma governor, E. W. Marland, is considered virtually assured. He is expected to arrive on a special train to be operated by the Good-Will tour committee of the Oklahoma Chamber of Commerce. Maury

MAHON ASKS FOR NEW FEDERAL JUDGE FOR WEST TEXAS

Congressman George Mahon introduced a bill in the House of Representatives Monday, April 1, providing for the creation of a new Federal Judicial District in West Texas. The district is outlined to include these counties which have heretofore made up the Amarillo, Lubbock, San Angelo and Abilene divisions of the Northern District of Texas.

A study of these conditions of the courts now in the Northern district reveals that the four divisions in the proposed new district are from 12 to 6 months behind with their work. With a new judge resident in the territory included in the new district, the litigants will have the advantage of convenience and the efficiency of the court itself should be greatly increased.

In commenting on the bill, Mr. Mahon said: "It is unfair for the people of West Texas to be compelled to travel all the way to Dallas or Fort Worth to contact a Federal Judge. This is often true when injunctions or special orders are sought. The three present judges of the Northern District reside in Fort Worth or Dallas. I believe that the new court can be well justified on the basis of service to the people of this great area."

GREATLY APPRECIATED

The splendid vote given me in the City Marshall's race is greatly appreciated and I hope to prove your confidence has not been misplaced. I shall do my very best to make you a good officer and sincerely ask the hearty cooperation of all the town's citizenship.

Very Truly yours
J. M. Hall.

Thos P. Johnston was a Stamford visitor Wednesday.

Jayton declaimers (Friday) morning water early this (Friday) morning to take part in the district contests. The Jayton Athletes also went down to try to take off a few first places in track and field sports.

Claud Worthen visited in Lubbock this week.

Mr. and Mrs. H. J. Whitley and H. J. Jr., Mrs. T. J. Fuller Claude Worthen and Audrey Robinson were in Lubbock Wednesday.

Miss Stephanie Oswald, Mrs. Jewel Daughtery and son Donald of Brownwood were guests of the B. M. Robinson home the past week end.

Hopkins, manager of the Oklahoma City Chamber of Commerce's Industrial Division, is bringing this representative Sooner group to Plainview. Hopkins formerly was assistant manager of the West Texas Chamber.

The two big convention contests, My Home Town and Poster, are open to entries, with indications that they will be larger than ever. Amarillo was first to sign its entry blank in the My Home Town contest; El Paso Second; then in order Floydada, Pampa and Spur, which has named Tommy Glasgow as its entry. Duman is No. 1 entry in the Poster contest, followed by Munday, Electra and Floydada.

Fight for the 1936 convention is between Amarillo, last year's runner up to Plainview; and Wichita Falls, the 1927 host city. Lines have been closely drawn and each city is sending a large delegation. There may be other contestants, among them Brownwood, Mineral Wells, El Paso and others. Usually a city has to put in its bid at least one year before it comes a close contender.

As to music, ten bands are expected with twice as many quartets and floor shows that will participate in the annual Revue. No. 1 band of course is Ralls New Deal Band under director Jimmie Thornhill, since it is the organization's 1935 official band. Others are expected from Lubbock (two) Amarillo, Wichita Falls, Tulla Anton and other points. The orchestra and floor show entertainers from North Texas State Teachers College, Denton, will be on hand again; and strong probability exists that the convention will entertain the National Orchestra of Mexico. It will be on Texas tour in May, and is being invited to Plainview.

* Here and Yonder * (Uncle Peavine)

Now that President Roosevelt is on his vacation, the few remaining GOP leaders think that the conditions will improve within the next few days.

Some people go off their nut as well as off their golf. But it seems that quite a few Jayton people have gone off their nut about golf.

Evidently of the two, Glen Huls is a better campaign manager than the Editor. Glen succeeded in putting L. F. into office by a mere margin of two votes.

A very worthwhile project is being planned by the Culture Club of Jayton and lets all cooperate in putting the library into being.

Personally we don't know which is the biggest pest, the insurance salesman or candidates for public office.

As one street cleaner said to the other business is picking up.

Your old Unc don't like to make comment on any one person's ability or inabilities but when a professional golfer stands in the same tee off position and slams 5 straights out of bounds into the road its time some amateurs got hold of him and told him how to play the game.

Why some golfers carry a measuring tape out with them is an unsolved mystery. But some of them insist on having one along when a match is in progress.

Citizens of Post and surrounding territory are certainly careful of what they say, for example we asked one where he lived and he said Justiceburg. Several residents have been asked the question about

or try to look stupid and ask "where is Post, I never heard of it place."

A man who can lose and take as tho he had won with a big majority is the kind of man that all people admire.

Doc says that if he were put on the stand to testify as to some people's sanity, that he wouldn't swear that they were insane but that he would say that they were as crazy as h---.

We are inclined to believe as does one of our weather prophets, that it is going to rain more or less sooner or later.

Who was the local bridge fan who saved back a trump to use on his wife's ace and got caught and had to trump his partner's ace?

DUST CLOUDS DESTROY WHEAT

Nature is repeating herself. Last year she brought the greatest drought in history to the great American mid-west, turned millions of acres of rich wheat land to desert, and had the laugh on the puny efforts of mere man to control production.

As if that lesson weren't severe enough, Nature is again menacing crops, dust clouds recently swept day after day across the vast mid-west wheat country. The area affected includes over 50,000,000 acres of wheat land. The result unless late rains do the unexpected and remedy the situation, will be an inconsequential crop.

The secretary of Agriculture has removed certain restriction on the planting of spring wheat. This is expected to cause a rise of from 10 to 30 million bushels in the normal spring crop.

D. W. MCKENZIE PASSES AWAY IN ABILENE HOSPITAL

Uncle Dan McKenzie who was taken to the West Texas Sanitarium at Abilene for treatment for complications following pneumonia died Thursday morning and we are told will be buried here in Jayton today.

Uncle Dan had been in poor health for more than a year. He was one of the first settlers of Kent County. He has many friends over the territory that will mourn his going.

THE GREATEST CRIMINAL

We think when a man, any man openly defies or violates the law, and such is proven to the jury and the jury refuses to convict after taking oath of a juror, that the jury should stand convicted of perjury and be sentenced to the chain gang for 12 months. If a man does not believe in enforcing the liquor laws of our state he should stay out of the jury box when the state is prosecuting liquor law violators, otherwise, the way we see it he becomes a party to the crime and the greater criminal because he commits a crime under oath.

A county superintendent in a near by county asked every teacher at the county institute who took their local or county paper to hold up their hand and only six responded. The superintendent expressed great surprise and said: "You don't spend a dollar a year with those papers, yet you expect them to print free of charge notices of all institutes, insect lung programs expect them to advertise you, thus assisting you to climb the ladder to better positions and better salaries, without one cent in return."—Rochester Reporter.

The above reminds us of a little happening in our short life. We were publishing a paper in a certain Texas county several years ago and upon soliciting the then county Attorney to subscribe were informed by him in a very positive way that "I never subscribe for or read the county papers, I read the state Daily papers." His statement and the way he made it got under our skin, and he has never been able to hold an office since.

WARD CLUB NEWS

Tender radish tops combined

with lettuce, makes a delicious salad," according to a demonstration on salads given by Miss Jones to the Girard H. D. Club which met at the home of Mrs. Earl Mayfield Feb. 28.

A bed for the salad was made by shredding lettuce and onions cutting the radish tops in pieces and mixing with cream salad dressing. A tomato that resembled a rose was placed in the center of the bed. A very pretty picture it made, and delicious eating.

We meet with Mrs. Floyd Blackwell the 2nd Thursday in April and hope the ladies of Girard and community will show their interest in the work by attending this meeting. Reporter.

ON TEXAS FARMS

Following a landscape plan, which she has worked out with the home demonstration agent, Mrs. B. H. Smith, Bastrop county yard improvement demonstrator, enlarged her yard to 150 x 60 feet and planted a screen of cedars and privet at the rear between the house and the barn and other service buildings.

Foundation plantings around the house, levelling and sodding the lawn and terracing the yard to prevent erosion were all a part of this plan and this home demonstration club members work is typical of that of several hundred who are serving as "demonstrators" to point the way to more beautiful farm stands.

In Dickens County, Mrs. Floyd Barnett, yard demonstrator is using Chinese elm to give shade for an outdoor living room. This is not only for the enjoyment of her own family but to show to all comers that here in a tree which is adapted to that part of the state and no West Texan need go shadeless unless he chooses to do so.

Denton county yard demonstrators so persevered in their work as to interest and enlist the support of the civic organizations and the City of Denton itself. Through this cooperation a plan has been set aside by the Denton Park Board to receive and care for shrubs donated by the other agencies. The shrubs are held in by the caretaker until the yard demonstrators come in from their county homes and claim them.

HERE'S SENSATIONAL NEWS!!
NO DOWN PAYMENT...AND AS
LITTLE AS 10¢ A DAY...BUYS
A GENUINE FRIGIDAIRE '35

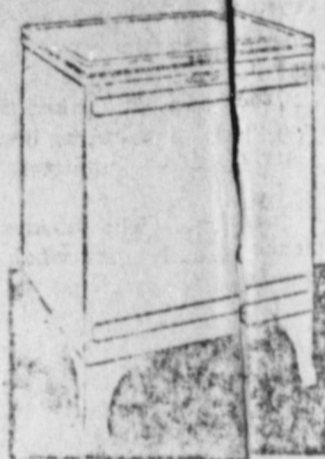

We've offered our customers some mighty attractive buys in the past, but we do not believe we've ever offered anything

Think of it! You can have your Genuine Frigidaire '35 delivered and installed without paying a penny down. All you do is drop the nickels and dimes it saves each day into the handy little Meter-Ice bank attached to the model you choose.

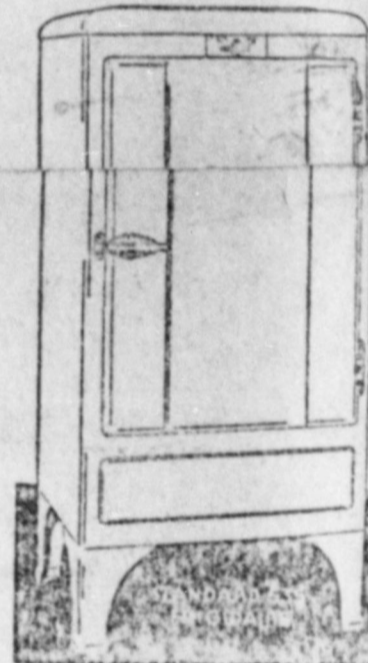

Isn't that the easiest, simplest, most logical way in the world to get that Frigidaire you want, RIGHT NOW?

Actually Your FRIGIDAIRE Costs You Nothing

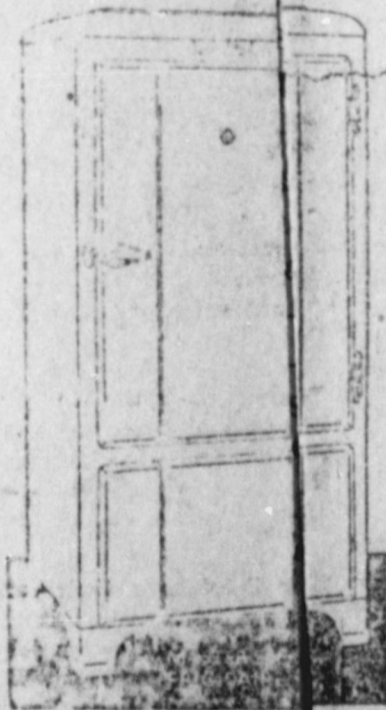

—And the best part about this plan is that it enables you to get your Frigidaire without its costing you a penny! You merely come in and select the model you want. There's no down payment, and we deliver it at once. Then you drop the nickels and dimes it saves (national surveys show the average savings of Frigidaire owners is more than 35¢ a day) into the Meter-Ice each day. In a few short months the Frigidaire is paid out and these daily savings will be all yours—a handsome dividend from a wise investment.

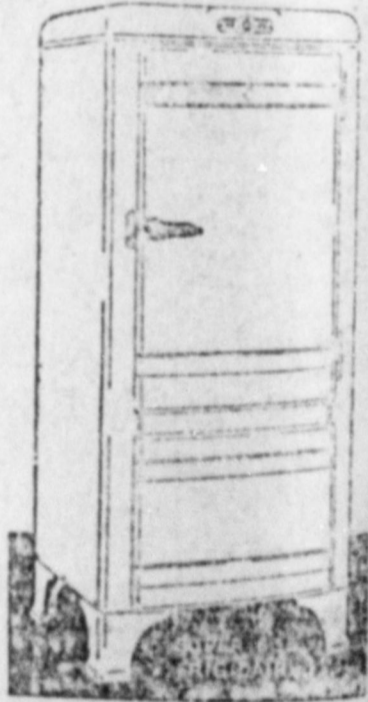

The Frigidaire Model 5-35 shown above is a genuine Frigidaire. It is a 5-door refrigerator with a built-in ice chest and a separate freezer compartment.

Another Frigidaire Model 6-25 shown above is a genuine Frigidaire. It is a 6-door refrigerator with a built-in ice chest and a separate freezer compartment.

The Model 5-35 shown above is a typical Frigidaire Model Series refrigerator. It is a 5-door refrigerator with a built-in ice chest and a separate freezer compartment.

The Model 6-25 illustrated above is a typical Frigidaire Model Series refrigerator. It is a 6-door refrigerator with a built-in ice chest and a separate freezer compartment.

This Unusual Offer
Will Be Available for a Limited Time Only

AT THE METHODIST CHURCH

Sunday school will meet at 10:00 Sunday morning. There are a great number of children in town that should be in Sunday school. I do not think parents realize the importance of keeping their children in Sunday school or else there would not be so many playing on the street each Sunday morning at the Sunday School hour. Bring your children to Sunday School Sunday.

At the eleven o'clock hour a program will be given by the children. The service will take place of the regular Children's Day program.

There will be no service at the evening hour. The meeting at the Baptist church will begin at the morning hour, and we will attend there. As pastor of the Methodist church I urge the members to cooperate with our Sister Church in every way possible in this week of revival.

Our meeting will begin April 14. You are invited to attend these services. We believe a spiritual awakening is the greatest need of our community. If the people could get right spiritually we believe that all the other things that trouble and vex us so much would take wings and fly away. We sincerely hope that the week's meeting conducted by Bro. McPherson, and the one conducted by the Methodist pastor will result in a great blessing to this community. This will be a good time to show your loyalty. We are depending on you. Do not disappoint us.

Raymond Van Zanit, Pastor.

I. M. Worthen of Denver Colorado and two sisters of Vinson Oklahoma went a few days last week with J. L. O'Connell and wife.

J. H. Montgomery and wife returned Monday from a two week visit in north Texas.

MUSINGS

You have but to repeat a scandal to be a detestable peddler of the same.

You can't sing the sweetest songs until you dwell amidst the shadows. The mocking bird sings sweetest in the dead of night.

The human will can be so educated that it will focus all our thoughts on the brighter side of things.

The man who takes the world too seriously is sure to become a rank materialist.

The man who hustles for experience usually gets what he goes after, and he outstrips the fellow who hustles.

The breadth and beauty of human character is dependent on the ideal he constantly before us.

You make a mistake if you think that poverty means only a lack of gold. Its worst form is the poverty of thought and ambition.

The man who is so everlastingly particular about his aim gives the same plenty of time to get beyond the range of his gun.

The man who debates a question until he decides not to act has reasoned too much.

Your sense of the difference between right and wrong is the limit of your convictions on a given question.

You are an optimist if you believe in the fall of man, and that he has risen upward.

The man who makes history for himself is rarely ever a back worm.

Old Shoes Made New

ROBINSONS

School News

On Monday morning in Chapel we had singing. Miss Bier is trying to get us ready to sing the songs that will be sung at the Texas Centennial in Dallas next year. We weren't very good but as the old ad saying goes "where there is a will there is a way" and "practice makes perfect" we ought to learn because we want to and are trying.

We presume that most of our readers are familiar with this Centennial talk. Next year, 1936, Texas will be 100 years old. When people live to the ripe old age of 100 years there is generally some kind of a celebration. Next year Texas will be 100 years old so Texas plans to have one of the biggest celebrations ever staged. We would surely like to go too.

Have you heard anyone say anything about school this week? Well we have had six weeks examinations and most of us realize it too.

This week a few of our students will go to Sweetwater to the district meet. Most of the literary work will be held Friday and the Athletic events will be Saturday.

On Thursday afternoon the school team contested some of the town boys in a baseball game and won by a one point margin. However the game was closer than the score indicated.

We have some magicians in Jayton because they take one school and make two. Several men were found busy last Wednesday moving our bath house so that a school could be made for the colored children.

SENIOR CLASS NEWS—

We wish to thank the Juniors for devoting so much of their school news space to us last week. It looked more like senior news, but we really enjoy the publicity if we can get it without writing it ourselves. We think we should be deeply grateful to our esteemed classmates (which we are) for this kind deed.

We're sorry the senior boys are such pest about begging the junior girls to wear their class rings. We will speak to them about the matter.

Mr. Lowrey said in chapel Monday morning that the grades of the seniors would be averaged up after these examinations to determine who the lucky gal or lucky boy was that would be Valedictorian and Salutatorian. This explains the extra deep crease on our fair brow.

In Sociology we found that two per cent of the people controlled the wealth of the United states and that two per cent of the people are insane. From this fact Merle concluded that all rich people are insane.

This weeks character is Geraldine Callicotte—

Geraldine is one of our most dignified seniors. After two or three moves her family moved to Abilene where she attended a Catholic convent. But she is not a catholic. She has that something about her that even teachers can't resist. Her weakness is a not so very tall and handsome blond from Peacock. But we won't hold that against her, as nobody knows about it. She is very intelligent in her books, almost too much so. Her favorite study is sociology. But she worries about exams but who doesn't? Her personality is not to be bettered by any great number in this high school and none outside of it. She likes to play basketball but she hadn't enough time for practice so she failed to make the team and her hopes of being a star are all shattered. She is a very good hiker and really likes to walk. After her daily hike out the new highway with two other seniors and an ex-senior we hear she enjoys a lavish meal of hot corn bread and butter which is her favorite dish. Her favorite color is blue, her hobby is collecting pictures and her pals (being particular) are Eunavaye and Florence. She has many desires, for this reason we pity the man she marries. But after all we expect she is a very nice little girl, or at least she had better be.

The ring detective has been trying to locate Pauline's ring for about a month and finally found it on the bankers son's finger.

JUNIOR CLASS NEWS—

As my tired eyes, after all these exams, roam over the study hall I behold the proud heads of the seniors, the crestfallen one's of the juniors, the teasing one's of the sophomores and the giggling freshmen. I realize that they are all very tired but not too tired to worry Mr. C. But I am to speak for the Junior well of course we all made 100% in everything (if we haven't we will publish it) however we are all hoping we will be seniors next year.

and maybe we will — eh?

FRIDAY APRIL 5th, 1935

NUMBER 14

Nobody's Business

(Julian Caspers Jr.)

Austin, April, 2.—A lobbyist's advice has been created in Austin in the Texas Senate, obviously to dilute against Governor Allred for barbs he threw during last summer's campaigns, many of which were under certain senatorial skins. In only a month of the 120 day session left, the senate has more than 100 bills on its calendar, many unimportant, but some extremely important. Besides these bills, there is a steady flow from the house and in the senate committee of additional legislation.

Working at the rate it has during the first three fourths of the session the senate can not possibly act on half of these bills. Many of those coming up from the house are vitally important—as for example the appropriation measure, one of which has passed the senate. By a strange coincidence, all the bills yet to come before the senate are included in the utility rate track repeal bill, and common carrier pipe-line bill—measures which form the heart of governor's legislative program. No sure track bill is on the senate calendar, but near the bottom of the list, with little prospect of a final hearing before adjournment. Strangely enough, this and the public utilities measure are the ones the governor has most strongly urged.

The legislature is undefeatable. Governor can accomplish much with the aid of the majority of its members. The senate apparently is fully avenging any real or slighted the governor may expect upon it, when he called attention of the voters to the reluctance of members of that august body to close how they make their livings. But the senate's spiteful attitude is routing the people of Texas, thousands of dollars, and many additional thousands must be spent for sessions to enact measures that can not wait for another session.

The situation is made to order by lobbyists. Their business is to kill bills. The easiest way to do this is to let the bills die on the calendar never let them get out of committee. With the senate's legislative machinery clogged by petty political lobbyists all say a prayer asking every night for a political system that, whatever its advantages, is neither efficient nor expensive, and provides longings tax-payers to foot the bill.

There are two ways in which the townspeople may help: by donating books and by paying a small membership fee—25c for three months, or \$1 per year membership, entitling a member to full use of material in the library. Sometime during the next two weeks a committee will call at each home for the books you may wish to donate. Also if you wish to become a subscriber immediately, give your membership fee to this committee or to any other member of the Culture Club. The money received will be used to buy new books.

The Culture club believes that this is a worthwhile venture and will appreciate every effort to make it a success.

Mr. John Furr tells us he has a monthly income from his chickens and three milk cows of better than \$40 per month. He grows his own feed, with the exception of oyster shells, and that the reason his bank account is never in the red.

CITY ELECTION HOTLY CONTESTED AFFAIR TUESDAY

The city election Tuesday was an exciting affair. The contest for Mayor between Huls and Wade was a horse race from start to finish. Wade worked for Huls and Huls worked for Wade and the contest was not settled until Wade went home and Huls slipped in two votes for Wade that he had been keeping hid out in a storm cellar all day. Wade is now threatening to sue Huls for damages and openly charges Huls with political corruption, buying votes with free cokes and cigars and otherwise bribing and corrupting the voters. Huls claims he only acted in self defence. The whole matter may eventually be carried to the supreme court for settlement.

In the race for Aldermen, Gilbert led the field of 11 candidates. The following were elected as aldermen: Gilbert, Black, Brown Mayer and Earnest.

J. M. Hall was elected City Marshall by a favorable majority.

It is reported to the Chronicle that none of the successful candidates intend to qualify which will leave the old officers in for another term.

Following is the official returns of the election as handed in to the Chronicle for publication.

- For Mayor:
L. F. Wade — 67
Glen Huls — 65
Tom Jones — 1
M. V. Jay — 3.
- For Aldermen:
W. F. Gilbert — 93
H. D. Black — 87
E. L. Alexander — 50
C. J. Robinson — 59
L. O. Mayer — 76
C. H. Brown — 71
Lee Howell — 62
G. E. Callicotte — 40
Joe Earnest — 65
George Stephens — 51
Bill Porter — 1
J. C. Miller — 1
- For City Marshall:
J. M. Hall — 75
J. M. Hall — 57
Charlie Fox — 15
Sam Barton — 21.

JAYTON CULTURE CLUB TO SPONSOR PUBLIC LIBRARY

The Jayton Culture Club has selected as one of its civic projects for the year the organization of a public library. For some time there has been a recognized need for a library in Jayton, and it is hoped that this venture will meet with the co-operation of the public.

There are two ways in which the townspeople may help: by donating books and by paying a small membership fee—25c for three months, or \$1 per year membership, entitling a member to full use of material in the library. Sometime during the next two weeks a committee will call at each home for the books you may wish to donate. Also if you wish to become a subscriber immediately, give your membership fee to this committee or to any other member of the Culture Club. The money received will be used to buy new books.

\$40 PER MONTH

Mr. John Furr tells us he has a monthly income from his chickens and three milk cows of better than \$40 per month. He grows his own feed, with the exception of oyster shells, and that the reason his bank account is never in the red.

NOTICE TO FARMERS

I am opening a Western Produce House next door to Howells feed store in Jayton. Will pay top prices for your poultry and eggs. Always try to please. Butch Jones.

Associational Sunday School of the Stonewall Baptist Association will meet at Peacock Sunday afternoon April 7 at 3:00 o'clock. All Baptist Sunday School Members and workers are urged to be present.

C. J. Robinson and L. F. Wade had business in Aspermont Wednesday afternoon.

J. C. Miller was a Spur visitor Wednesday of this week.

G. H. Brown and Joe Earnest had business in Spur, Tuesday.

Commissioner's court meets in Claremont Monday.

Insurance agents are plentiful in Jayton this week as Grocery drummers.

LETTER TO THE EDITOR

Editor of the Chronicle
Jayton, Texas.

Dear Friend:
I took notice of your stand against my fight to save the State of Texas in the three million dollar appropriation.

I appreciate your sincerity in this matter, and am sure that your purpose is right. I think that if you knew all the facts as I know them here in the Legislature, you could better appreciate the stand that I have taken.

Whenever I have time to fully explain everything that has taken place down here in behalf of this appropriation, I believe you will agree with me that it should not be granted.

I will appreciate any suggestions you may offer on this or any other matter of which you may be concerned.

Sincerely, Your Friend
Leonard Westfall
Rep. 118th District.

There is no harm in folks differing in their views on public questions. All we know about the Centennial is what we read in the papers and its it is necessary to read between the lines to get exactly what they really intend to say.

We are by the Centennial as we were by the 20,000,000 bond issue to care for the folks in Texas during the drought and depression who could not care for themselves.

We believed so strongly in the wisdom of our Texas leaders and Texans as a whole that we were certain none would stoop so low as to attempt to graft on this fund. It was inconceivable to us that even one might be tempted to profit or make political capital out of a fund created to provide the bare necessities of life for the State's destitute. That some have done this very thing is no doubt true, and our opinion of them is that they are as depraved as the microbes that inhabit the cesspools of hell.

We are for the centennial Celebration and a state appropriation to help finance the same, provided it is kept free from graft, sectional selfishness and moral rotteness. Texas can afford to celebrate her 100 years of freedom, but it must be a state wide affair and it must be clear of even the suspicion of personal or political profiteering.

BAPTIST REVIVAL STARTS SUNDAY

Beginning Sunday morning at the eleven o'clock hour the Baptist will begin a revival meeting that is to last until the 14.

Rev. Fred McPherson, pastor of the First Baptist Church here in Jayton will do the preaching.

Rev. Finis Williams of Peacock will have charge of the song services.

Every body is invited to attend this meeting regardless of what denomination belief or whether you are a saint or sinner you are cordially invited to attend these services and help carry on the work of the Lord.

At the close of the Baptist meet the Methodist plan to take up where the Baptist leave off and make a great effort to make Jayton's Christian life more powerful.

AGRICULTURE

In this group conference those examination will be made of the Bankhead bill for determination whether the West Texas Chamber should favor its continuance, with important changes, or favor its abandonment altogether. The regional organization already is on record as opposing the acreage control feature and favoring domestic allotment instead.

TERRITORIAL DEVELOPMENT
A great diversity of problems will be considered by this group conference with emphasis upon development of the Chamber's soil erosion program, and the Brazos river and other developments.

Ray H. Nichols of Vernon, West Texas Chamber of Commerce's first Vice President will be chairman of the Territorial Development group conference.

Business of the convention will move smoothly along, with most of the routine work accomplished in committees and cleared before the 200 directors in their various luncheon sessions. The all-important work Committee will do its job under another former president, W. B. Hamilton of Wichita Falls. Resolutions will be submitted in groups daily at their directors meetings, instead of being submitted to the general convention assembly, as heretofore. The change over is a part of the plan to speed up the work and bring the organization in closer contact and under closer control of its directors.

An unusual feature now in the planning is a Governor's banquet, tentatively set for Tuesday evening May 14. Acceptance already has been given by James V. Allred, governor of Texas; and invitations have gone to the executives of New Mexico and Oklahoma. Presence of the Oklahoma governor, E. W. Marland, is considered virtually assured. He is expected to arrive on a special train to be operated by the Good-Will Tours committee of the Oklahoma City Chamber of Commerce, Maury

1935 GENERAL CONVENTION OF WEST TEXAS CHAMBER OF COMMERCE

The 1935 convention of the West Texas Chamber of Commerce is five weeks away. Dates are Monday, Tuesday and Wednesday, May 13-14-15. The host city is Plainview.

Plans are maturing on a half dozen fronts to make the convention notable, in the number of paid registrations number of towns represented, in color, and most important, in quickly getting to the heart of what West Texas needs most for its prosperity and development and in formulating a program of work calculated to meet those needs. The organization's 1935-36 year, from convention to convention, then will be devoted to carrying out the program laid down as the membership mandate at Plainview.

The Westex Chamber is now full-staffed organization of service. Through its remarkable life it has come through various stages, (1) organization to helpfulness, (2) helpfulness to testing under stress, and (3) successful testing into its present era of vigorous maturity. Since 1918, year of its birth, it has had only one goal: to be of service to its territory. There is no denying that it has accomplished greatly and that today it is at the peak of its strength and efficiency and usefulness. With enormous prestige, completely staffed, paying its way as it goes along, there is no reason why it should not serve us for many, many more years, growing bigger and better as its years increase.

The convention will major this year on the following three points, all fundamental in the life of West Texas.

TAXATION. A clear cut program will be devised with the objective of obtaining a added relief for the sorely pressed property owner who pays 3.75 per cent of the taxes of Texas on his wealth. On an average, an valuation or real estate taxes in this state total an annual assessment of 3.75 per cent of the investment, and property is not earning 3.75 per cent or anywhere near it.

ARTHUR P. DUGGAN of Littlefield, State Senator, will be chairman of the Taxation group conference. Duggan is a member of the Senate's tax program committee, considered one of its authorities in the field of taxation.

AGRICULTURE. In this group conference those examination will be made of the Bankhead bill for determination whether the West Texas Chamber should favor its continuance, with important changes, or favor its abandonment altogether. The regional organization already is on record as opposing the acreage control feature and favoring domestic allotment instead.

TERRITORIAL DEVELOPMENT
A great diversity of problems will be considered by this group conference with emphasis upon development of the Chamber's soil erosion program, and the Brazos river and other developments.

Ray H. Nichols of Vernon, West Texas Chamber of Commerce's first Vice President will be chairman of the Territorial Development group conference.

Business of the convention will move smoothly along, with most of the routine work accomplished in committees and cleared before the 200 directors in their various luncheon sessions. The all-important work Committee will do its job under another former president, W. B. Hamilton of Wichita Falls. Allred, governor of Texas; and invitations have gone to the executives of New Mexico and Oklahoma. Presence of the Oklahoma governor, E. W. Marland, is considered virtually assured. He is expected to arrive on a special train to be operated by the Good-Will Tours committee of the Oklahoma City Chamber of Commerce, Maury

MAHON ASKS FOR NEW FEDERAL JUDGE FOR WEST TEXAS

Congressman George Mahon introduced a bill in the House of Representatives Monday, April 1, providing for the creation of a new Federal Judicial District in West Texas. The district is outlined to include those counties which have heretofore made up the Amarillo, Lubbock, San Angelo and Abilene divisions of the Northern District of Texas.

A study of these conditions of the courts now in the Northern district reveals that the four divisions in the proposed new district are from 12 to 6 months behind with their work. With a new judge resident in the territory included in the new district, the litigants will have the advantage of convenience and the efficiency of the court itself should be greatly increased.

In commenting on the bill, Mr. Mahon said: "It is unfair for the people of West Texas to be compelled to travel all the way to Dallas or Fort Worth to contact a Federal Judge. This is often true when injunctions or special orders are sought. The three present judges of the Northern District reside in Fort Worth or Dallas. I believe that the new court can be well justified on the basis of service to the people of this great area."

GREATLY APPRECIATED

The splendid vote given me in the City Marshall's race is greatly appreciated and I hope to prove your confidence has not been misplaced. I shall do my very best to make you a good officer and sincerely ask the hearty cooperation of all the town's citizenship.

Very Truly yours
J. M. Hall.

Jayton decliners left for Sweetwater on Friday morning to take part in the district contest. The Jayton Athletes also went down to try to take off a few first places in track and field sports.

Claud Werthen visited in Lubbock this week.

Mr. and Mrs. H. J. Whately and H. J. Jr., Mrs. T. J. Fuller Claude Werthen and Audrey Robinson were in Lubbock Wednesday.

Miss Stephanie Oswald, Mrs. Jewel Daugherty and son Donald of Brownwood were guests of the B. M. Robinson home the past week end.

Hopkins, manager of the Oklahoma City Chamber of Commerce's Industrial Division, is bringing this representative Sooner group to Plainview. Hopkins formerly was assistant manager of the West Texas Chamber.

The two big convention contests, My Home Town and Poster, are open to entries, with indications that they will be larger than ever. Amarillo was first to sign its entry blank in the My Home Town contest; El Paso Second; then in order Floydada, Pampa and Spur, which has named Tommy Glasgow as its entry. Duman is No. 1 entry in the Poster contest, followed by Munday, Electra and Floydada.

Fight for the 1936 convention is between Amarillo, last year's runner up to Plainview; and Wichita Falls, the 1927 host city. Lines have been closely drawn and each city is sending a large delegation. There may be other contestants, among them Brownwood, Mineral Wells, El Paso and others. Usually a city has to put in its bid at least one year before it comes a close contender.

As to music, ten bands are expected with twice as many quartets and floor shows that will participate in the annual Revue. No. 1 band of course is Ralls New Deal Band under director Jimmie Thornhill, since it is the organization's 1935 official band. Others are expected from Lubbock (two) Amarillo, Wichita Falls, Tulia Anton and other points. The orchestra and floor show entertainers from North Texas State Teachers College, Denton, will be on hand again; and strong probability exists that the convention will entertain the National Orchestra of Mexico. It will be on Texas tour in May, and is being invited to Plainview.

Here and Yonder

(Uncle Peavine)

Now that President Roosevelt is on his vacation, the few remaining GOP leaders think that the conditions will improve within the next few days.

Some people go off their nut as well as off their golf. But it seems that quite a few Jayton people have gone off their nut about golf.

Evidently of the two, Glen Huls is a better campaign manager than the Editor. Glen succeeded in putting L. F. into office by a mere margin of two votes.

A very worthwhile project is being planned by the Culture Club of Jayton and lets all cooperate in putting the library into being.

Personally we don't know which is the biggest pest, the insurance salesman or candidate for public office.

As one street cleaner said to the other business is picking up.

Your old Unc don't like to make comment on any one person's ability or inability but when a professional golfer stands in the same tee off position and slams 6 straights out of bounds into the road its time some amateurs got hold of him and told him how to play the game.

Why some golfers carry a measuring tape out with them is an unsolved mystery. But some of them insist on having one along when a match is in progress.

Citizens of Post and surrounding territory are certainly careful of what they say, for example we asked one where he lived and he said "I live in Post, but all dirt."

or try to lock stuffed and asked "where is Post, I never heard of the place."

A man who can lose and take it as he had won with a big majority is the kind of man that all people admire.

Doc says that if he were put on the stand to testify as to some peoples sanity, that he wouldn't swear that they were insane but that he would say that they were as crazy as h—

We are inclined to believe as does one of our weather prophets, that it is going to rain more or less sooner or later.

Who was the local bridge fan who saved back a trump to use on his wife's ace and got caught and had to trump his partner's ace?

DUST CLOUDS DESTROY WHEAT

Nature is repeating herself. Last year she brought the greatest drought in history to the great American mid-west, turned millions of acres of rich wheat land to desert, and had the laugh on the puny efforts of mere man to control production.

As if that lesson weren't severe enough, Nature is again menacing crops, dust clouds recently swept day after day across the vast mid-west wheat country. The area affected includes over 50,000,000 acres of wheat land. The result unless late rains do the unexpected and remedy the situation, will be an inconsequential crop.

The secretary of Agriculture has removed certain restriction on the planting of spring wheat. This is expected to cause a rise of from 10 to 30 million bushels in the normal spring crop.

D. W. McKENZIE PASSES AWAY IN ABILENE HOSPITAL

Uncle Dan McKenzie who was taken to the West Texas Sanitarium at Abilene for treatment for complications following pneumonia died Thursday morning and we are told will be buried here in Jayton today. Uncle Dan had been in poor health for more than a year. He was one of the first settlers of Kent County. He has many friends over the territory that will mourn his going.

THE GREATEST CRIMINAL

We think when a man, any man openly defies or violates the law, and such is proven to the jury and the jury refuses to convict after taking oath of a juror, that the jury should stand convicted of perjury and be sentenced to the chain gang for 12 months. If a man does not believe in enforcing the liquor laws of our state he should stay out of the jury box when the state is prosecuting liquor law violators, otherwise, the way we see it he becomes a party to the crime and the greater criminal because he commits a crime under oath.

A county superintendent in a nearby county asked every teacher at the county institute who took their local or county paper to hold up their hand and only six responded. The superintendent expressed great surprise and said: You don't spend a dollar a year with those papers, yet you expect them to print free of charge notices of all institutes, insert long programs expect them to advertise you, thus assisting you to climb the ladder to better positions and better salaries, without one cent in return.—Rochester Reporter.

The above reminds us of a little happening in our short life. We were publishing a paper in a certain Texas county several years ago and upon soliciting the then county Attorney to subscribe were informed by him in a very positive way that "I never subscribe for or read the county papers, I read the state Daily papers." His statement end the way he made it, not under any skin, and he fled on the spot.

GIRARD CLUB NEWS

"Tender radish tops combined

with lettuce, makes a delicious salad," according to a demonstration on salads given by Miss Jones to the Girard H. D. Club which met at the home of Mrs. Earl Mayfield Feb. 28.

A bed for the salad was made by shredding lettuce and onions cutting the radish tops in pieces and mixing with cream salad dressing. A tomato that resembled a rose was placed in the center of the bed. A very pretty picture it made, and delicious eating.

We meet with Mrs. Floyd Blackwell the 2nd Thursday in April and hope the ladies of Girard and community will show their interest in the work by attending this meeting. Reporter.

ON TEXAS FARMS

Following a landscape plan, which she has worked out with the home demonstration agent, Mrs. B. H. Smith, Bastrop county yard improvement demonstrator, enlarged her yard to 150 x 60 feet and planted a screen of cedars and privet at the rear between the house and the barn and other service buildings.

Foundation plantings around the house, levelling and sodding the lawn and terracing the yard to prevent erosion were all a part of this plan and this home demonstration club members work is typical of that of several hundred who are serving as "demonstrators" to point the way to more beautiful farm stands.

In Dickens County, Mrs. Floyd Barnett, yard demonstrator is using Chinese elm to give shade for an outdoor living room. This is not only for the enjoyment of her own family but to show to all comers that here is a tree which is adapted to that part of the state and no West Texan need go treeless unless he chooses to do so.

Denton county yard demonstrators so persevered in their work as to interest and enlist the support of the civic organizations and the City of Denton itself. Through this cooperation a place has been set aside by the Denton Park Board to receive and care for shrubs donated by the other agencies. The shrubs are heeled in by the caretaker until the yard demonstrators come in from their country homes and claim them.

J. M. Johnston and C. B. Calli- attended Revival. They tell us the noted evangelist is preaching to thousands daily and that more than fifty responded to his call for penitence Sunday night.

Marvin Carlile, Roby banker, and Ellis Scogin, Peacock banker were here holding a business conference with our local banker, Will McKenzie the first of the week—probably trying to figure out some way to persuade their folks to borrow more money.

Ms. and Mrs. H. D. Black, Mrs. Glen Huls and M. V. Jay were business visitors in Dallas Monday. Mrs. Huls drove home in a new Ford-V-8 purchased from the Black Motor company.

Grandpa Winters who has lived in Texas just about as long as the next one tells us that this is the first time in his life to see any part of the state covered with dirt from western Kansas. And for our part Kansas may hereafter keep her dirt at home for it makes us sick.

We see by the news dispatches that many are leaving Western Kansas and moving to Arkansas.—Well they can at least raise their eats in the Ozarks and for clothing—well nudism is growing more popular every day.

Mrs. L. D. McAfee and little daughter of Aspermont were visiting in Jayton last Sunday.

HERE'S SENSATIONAL NEWS!!
NO DOWN PAYMENT...AND AS LITTLE AS 10¢ A DAY...BUYS A GENUINE FRIGIDAIRE '35

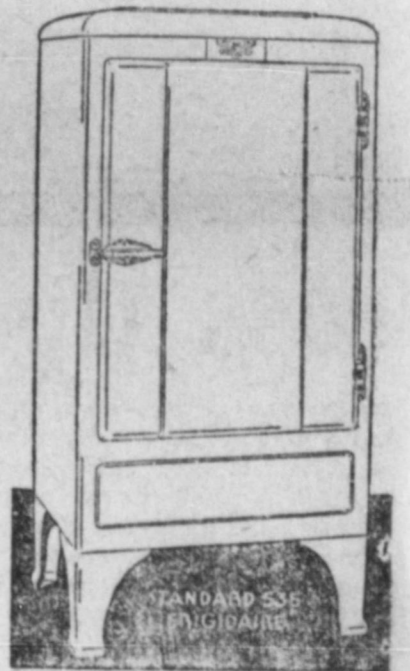

We've offered our customers some mighty attractive buys in the past, but we do not believe we've ever offered anything the equal of this!

The Frigidaire K-1400 is a Genuine Frigidaire, built-up dependable refrigerator in all those standard sizes and refrigerators costing extremely little to operate.

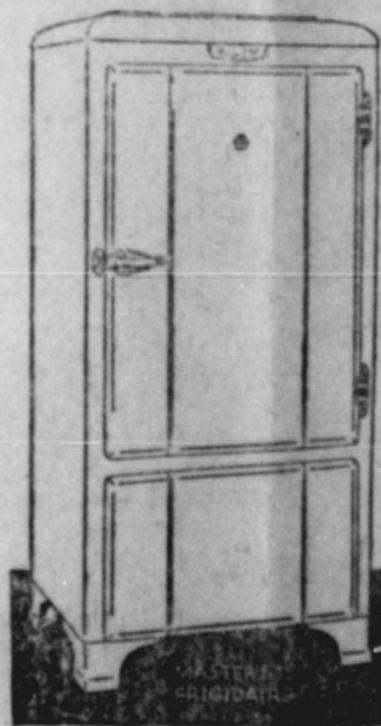

Think of it! You can have your Genuine Frigidaire '35 delivered and installed without paying a penny down. All you do is drop the nickels and dimes it saves each day into the handy little Meter-Ice bank attached to the model you choose.

Isn't that the easiest, simplest, most logical way in the world to get that Frigidaire you want, RIGHT NOW?

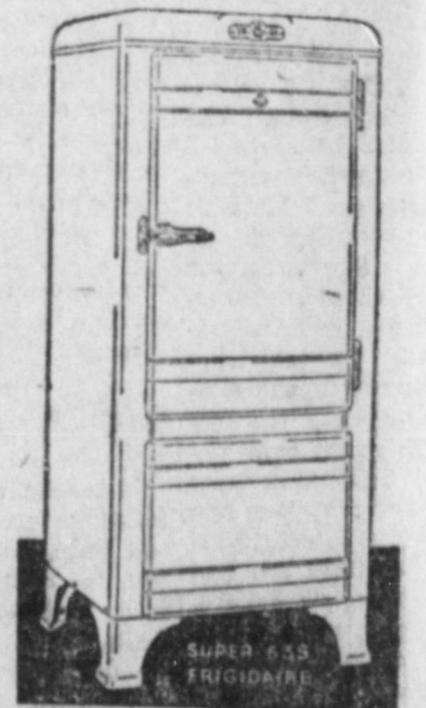

Combining low first cost with amazing economy of operation, the Standard S-35 illustrated above is representative of the Standard Series Frigidaires—the world's finest refrigerators at any price now there.

Actually Your FRIGIDAIRE Costs You Nothing!

The Master S-35 shown above is typical of Frigidaire's Master Series, offering features of convenience, utility and value ordinarily found only in much higher priced refrigerators.

—And the best part about this plan is that it enables you to get your Frigidaire without it costing you a penny! You merely come in and select the model you want. There's no down payment, and we deliver it at once. Then you drop the nickels and dimes it saves (national surveys show the average savings of Frigidaire owners is more than 36c a day) into the Meter-Ice each day. In a few short months the Frigidaire is paid out and these daily savings will be all yours—a handsome dividend from a wise investment.

The Super S-35, illustrated above, is representative of the Super Series Frigidaires—finished in Lustrous Porcelain and offering a wealth of vital features. Unequaled in the field of fine refrigerators.

This Unusual Offer

Will Be Available for a Limited Time Only So Select Your Frigidaire '35 Today!

Marvin Carlile, Roby Banker had business in Jayton Thursday afternoon.

Mr. Moore and family of the Center Point Community were called to the Double Mountain Community Wednesday to attend the funeral of a relative.

Matt Darden of Girard had business in Jayton Thursday of this week.

Mias Blanche Yarbrough made a trip to Abilene this last week end.

Mr. Lowrey had business in Wichita Falls Wednesday of this week.

Jim Barkley of Claremont had business in Jayton this week.

The Palace Theatre of Jayton has undergone a wonderful stage of redecoration.

AT THE METHODIST CHURCH

Sunday school will meet at 10:00 Sunday morning. There are a great number of children in town that should be in Sunday school. I do not think parents realize the importance of keeping their children in Sunday school or else there would not be so many playing on the street each Sunday morning at the Sunday School hour. Bring your children to Sunday School Sunday.

At the eleven o'clock hour a program will be given by the children. The service will take place of the regular Children's Day program.

There will be no service at the evening hour. The meeting at the Baptist church will begin at the morning hour, and we will attend there. As pastor of the Methodist church I urge the members to cooperate with our Sister Church in every way possible in this week of revival.

Our meeting will begin April 14. You are invited to attend these services. We believe a spiritual awakening is the greatest need of our community. If the people could get right spiritually we believe that all the other things that trouble and vex us so much would take wings and fly away. We sincerely hope that the week's meeting conducted by Bro. McPherson, and the one conducted by the Methodist pastor will result in a great blessing to this community. This will be a good time to show your loyalty. We are depending on you. Do not disappoint us.

Raymond Van Zandt, Pastor.

I. M. Werthen of Denver Colorado and two sisters of Vinsen Oklahoma spent a few days last week with J. E. Overton and wife.

J. H. Montgomery and wife returned Monday from a two weeks visit in south Texas.

Remember the election for school trustees takes place Saturday.

MUSINGS—

You have but to repeat a scandal to be a detestable peddler of the same.

You can't sing the sweeter songs until you dwell amidst the shadows. The mocking bird sings sweetest in the dead of night.

The human will can be so educated that it will focus all our thoughts on the brighter side of things.

The man who takes the world too seriously is sure to become a rank pessimist.

The man who hustles for experience usually gets what he goes after, and he outstrips the fellow with ability.

The breadth and beauty of human character is dependent on the ideal so constantly before us.

You make a mistake if you think that poverty means only a lack of gold. Its worst form is the poverty of thought and ambition.

The man who is so everlastingly particular about his aim gives the game plenty of time to get beyond the range of his gun.

The man who debates a question until he decides not to act has reasoned too much.

Your sense of the difference between right and wrong is the limit of your convictions on a given question.

You are an optimist if you believe in the fall of man, and that he has fallen upward.

The man who makes history for himself is rarely ever a book worm.

Old Shoes Made New

New shoes sold too. A guarantee of absolute satisfaction is behind our work and shoe sales.

Harness work, saddle work, in fact we do leather work of all kinds and do it as it should be done.

School News

On Monday morning in Chapel we had singing. Miss Bier is trying to get us ready to sing the songs that will be sung at the Texas Centennial in Dallas next year. We weren't very good but as the old old saying goes "where there is a will there is a way" and "practice makes perfect" we ought to learn because we want to and are trying.

We presume that most of our readers are familiar with this Centennial talk. Next year, 1936, Texas will be 100 years old. When people live to the ripe old age of 100 years there is generally some kind of a celebration. Next year Texas will be 100 years old so Texas plans to have one of the biggest celebrations ever staged. We would surely like to go too.

Have you heard anyone say anything about school this week? Well we have had six weeks examinations and most of us realize it too.

This week a few of our students will go to Sweetwater to the district meet. Most of the literary work will be held Friday and the Athletic events will be Saturday.

On Thursday afternoon the school team contested some of the town boys in a baseball game and won by a one point margin. However the game was closer than the score indicated.

We have some magicians in Jayton because they take one school and make two. Several men were found busy last Wednesday moving our bath house so that a school could be made for the colored children.

SENIOR CLASS NEWS—

We wish to thank the Juniors for devoting so much of their school news space to us last week. It looked more like senior news, but we really enjoy the publicity if we can get it without writing it ourselves. We think we should be deeply grateful to our esteemed classmates (which we are) for this kind deed.

We are sorry the senior boys are such pest about begging the junior girls to wear their class rings. We will speak to them about the matter.

Mr. Lowrey said in chapel Monday morning that the grades of the seniors would be averaged up after these examinations to determine who the lucky gal or lucky boy was that would be Valedictorian and Salutatorian. This explains the extra deep crease on our fair brows.

In Sociology we found that two per cent of the people controlled the wealth of the United states and that two per cent of the people are insane. From this fact Merle concluded that all rich people are insane.

This weeks character is Geraldine Callicotte—

Geraldine is one of our most dignified seniors. After two or three moves her family moved to Abilene where she attended a Catholic convent. But she is not a catholic. She has that something about her that even teachers can't resist. Her weakness is a not so very tall and handsome blond from Peacock. But we won't hold that against her, as nobody knows about it. She is very intelligent in her books, almost too much so. Her favorite study is sociology. But she worries about exams but who don't? Her personality is not to be bettered by any great number in this high school and none outside of it. She likes to play basket ball but she hadn't enough time for practice so she failed to make the team and her hopes of being a star are all shattered. She is a very good liker and really likes to walk. After her daily hike out the now hiway with two other seniors and an ex-senior we hear she enjoys a lavishing meal of hot corn bread and butter which is her favorite dish. Her favorite color is blue, her hobby is collecting pictures and her pals (being particular) are Eunavaye and Florence. She has many desires, for this reason we pity the man she marries. But after all we expect she is a very nice little girl, or at least she had better be.

The ring detective has been trying to locate Pauline's ring for about a month and finally found it on the bankers son's finger.

JUNIOR CLASS NEWS—

As my tired eyes, after all these exams, roam over the study hall, I behold the proud heads of the seniors, the crestfallen one's of the juniors, the teasing one's of the sophomores and the giggling freshmen I realize that they are all very tired but not too tired to worry Mr. Coons. But I am to speak for the Juniors—well of course we all made 100's in everything (if we haven't we won't publish it) however we are all hoping we will be seniors next year—

and maybe we will — eh?
