

Business Sets New Two Year Record In Jayton, Saturday

Jayton Business men report to us that last Saturday set a two year record for Saturday business in Jayton. There was the largest and best buying crowd in town on that day we have seen for many months. Everyone seemed to be in good spirits and busy purchasing fall and winter merchandise. All stores used extra help and business was good from early to late. From 1:00 P. M. until about 5:30 it was a jam in all departments of all the stores in Jayton. All close in parking room was occupied and for a while around the main drag cars had to move with utmost caution. Again let us urge folks to keep in mind parking rules and do their best to keep the highway open to traffic. Some are inclined to park in the street turns and around the highway signs. Just why they persist in doing this is more than we can comprehend. It is dangerous to themselves and to the traveling public. One had accident in Jayton could cause more and suffering than all the trouble we could go to in a year parking the cars off the main traveled roads. There is plenty of room on the square and around the square, why not use it. Town folks could help out the merchants greatly by doing their Saturday shopping in the morning.

Palace Installs New Lights and Speaker

In keeping with modern mode the Palace moves forward with the march of improvements by installing new lighting system making the screen brighter without any glare or injury to the eyes. A new type speaker has been installed bringing the sound out more plainly and every little detail in presented in natural tones.

New 1936 Chevrolets Please Auto Public

On Saturday, November 2nd, Chevrolet Motor Company announced to the public their new 1936 Model Cars and Trucks. Commenting on the new Product and the manner in which the public accepted the new Chevrolets, Mr. H. C. Howard, Zone Manager, Dallas, said "In the Dallas Zone territory which comprises practically one-half of Texas, every dealership was literally crowded to over capacity on Announcement Day." He continued "The huge throngs of prospective buyers immediately endorsed the 1936 Chevrolet, which is significant by the number of new cars sold on Announcement Day. Many dealers in the Dallas Zone made immediate delivery last Saturday on from ten to twenty-five cars to customers. Dealers everywhere are making immediate delivery—this fact—combined with the unusually low prices of the new Chevrolets, has enabled Chevrolet Dealers and Salesmen to secure more advance orders than even in the boom year of 1929." Mr. Howard also stated that many people have commented to him on the exclusive features of the 1936 Chevrolet. Such as solid steel turret top bodies, new perfected hydraulic brakes, shock proof steering, and the safety of Chevrolet's "knee-action" ride are to be found in the low price field only in the 1936 Chevrolet Models. Chevrolet Motor Company has spent millions of dollars in enlarging plant facilities for the 1936 production in order that dealers everywhere can make immediate delivery of the new model. Additional manufacturing plants expended by Chevrolet has provided employment for thousands of craftsmen and factory workers. Mr. Howard stated further that the year 1936 appears to be the best year in the history of the Chevrolet Company and their Dealers.

Agents Notes

to the latest instructions in regard to the two on cotton sold form - 1, Cotton Sale Certificate are required to be on County Agent's office seven days after a particular lot of cotton, does not sign this blank, a statement given by the number of pounds, and the date of his blank does not obliterate in any way. Without we expect to have blanks in the County which the farmers applying for this money, each will receive will one per pound net cotton average of the ten for low middling 7-8 the cotton was sold the farmers are urged that they should be signed of this subsidy when the application since there is in the matter until the signed. who raised any county in 1930, '31 to get in touch with agent's office. We are agents for wheat cotton and November I be glad to consider should it prove profitable sign a contract for from the wheat grower is required to on by the 15th of this application does farmer to sign the will give him an opportunity should he decide is advantage to sign Agents office has inquiry from Mr. to a demand for strol of the screw flous counties of the inchers interested in urged to communication Agents office

CONVENTION SITES

We are told that the Jayton school officials have turned their delinquent tax list over to a firm of lawyers for collection. The school needs the money they say. The Peacock schools will start again Monday after a months cotton picking vacation. Mr. John Overton was somewhat indisposed this week from a cold.

A. C. C. Homecoming November 22 and 23

Abilene Christian College is expected its largest gathering of ex-students and friends to be present for the fourth annual Homecoming to be held at the College campus, Abilene, Texas, November 22 and 23. As students are enrolled in the school from this community and as a number of patrons and friends of the institution live here. A big number are expected to attend from Jayton.

High lights of the annual gathering which for the past two years has numbered more than 2,000 will be the traditional bonfire and pep rally Friday, November 22, with the Students' Association in charge; meetings of special groups, including ex-students of Christian colleges not now in operation which were last year voted as honorary members of the Ex-Students' Association, to be held Saturday morning; annual ex-student chapel program Saturday, November 23, 10:00 a.m., to be followed by a business meeting of the Ex-Students' Association. At 11:30 a.m. the traditional West Texas barbecue will be held on the campus, and at 2:30 p.m. the annual football game with McMurry College will be played.

Committee Chairman in charge of various activities are J. W. Treat, programs; Mrs. M. E. Gilliland and Miss Gladys Arledge, lodging; J. E. McKenzie, barbecue; and Wendell Eedichek, publicity.

Comer Clay '31, Abilene, is President of the Ex-Students' Association, which each year sponsors the Homecomings.

Mrs. Huls Entertains Jayton Bridge Club

The Bridge Club met Tuesday afternoon at the home of Mrs. Glenn Huls. After playing games of Auction, the club held a short business session with Mrs. Milton Sandell, resident, presiding. The members voted to play contract bridge hereafter.

A dainty plate lunch of sandwiches, pie, and tea was served to the following members and guests: Mmes. Milton Sandell, Chas. Robinson, Louis Mason, Lawrence Mayer, M. V. Jay, Van North, Claude Kelley, George Branch, H. H. Bilberry Jr., Grover Little, Mike Lairson, and Eldon Wade.

We will appreciate your newspaper business. That is our specialty. We sell only printing and newspapers—it is our only business and we feel we are entitled to this business. Buy your gas at the filling stations, your stamps at the post office, your dry-goods at the dry goods stores, your drugs at the drug stores, have your cotton ginned at the gins; that is their business. Please give us your newspaper business—it is our only way of making a living. The Jayton Chronicle.

Read the advertisements in the Jayton Chronicle and save the subscription price every week by taking advantage of the bargain offers.

Believe it or not, but the Editor's wife owns a Turkey hen that has been laying since the 4th day of Nov. and has not missed a day since.

Ebb Smith has leased the Mason Chevrolet Magnolia service Station, and is now actively engaged in gasing the cars of his friends.

Billie Sunday, the famous Evangelist died in Chicago Wednesday evening. He was past 72 years of age and at one time was a big league baseball player.

Mr. J. I. Cook has our thanks for his subscription to the Star-Telegram, The Dallas Semi-weekly Farm News and the Jayton Chronicle.—He believes in good reading.

President Requests Banks to Cooperate

All Texas banks have been requested by President Roosevelt to cooperate with Works Progress Administration in cashing worker's pay checks immediately without discount, State Administrator H. P. Drought announced today.

"All pay checks given WPA workers are subject to being cashed immediately by the persons receiving them and the complete cooperation of all banks will assist immeasurably the persons being taken off relief rolls and transferred to jobs on WPA projects," Drought said.

All banks in the United States are in receipt of the following communication from the president.

"The Nation-wide Works Program which the Federal Government has launched in order to give employment to men and women on the relief rolls is now under way. The program will naturally involve the issuance of a large number of pay checks, which checks will be drawn on the treasury of the United States by Federal disbursing officers in the States."

"In order to prevent delays in the payment of wages and in order that these workers, practically all of whom have been on the relief rolls, may receive the fullest benefit from their employment, it is essential that our banks throughout the country extend every possible cooperation by cashing these checks at par upon proper identification, which will in most cases be the identification card given the payee by the employing office."

"I urge bankers to extend to this program the fullest cooperation to the end that these checks will be cashed promptly and in full."

Announce Gains In Insurance Business

Dallas, Nov. 5—Colonel W. E. Talbot, vice president and agency manager of the Southland Life Insurance Company, today announced that the company showed a 23.7 per cent gain in applications and 23.3 per cent gain in volume over September of last year. Agents for the company in September 1935 wrote 762 applications for \$1,389,267 as compared with 616 applications for \$1,122,088 in September 1934.

Colonel Talbot, in commenting on the increase, said that although this figure is far higher than reports from other companies indicate over the country and is in the face of losses by some companies in the middle west and east, the entire trend appears to be upward and most certainly indicates bright prospects for Texas and the Southwest.

The Fire Whistle

Next Tuesday when the fire siren blows at 11:30 don't get excited. It is just to call the attention of the members of the Board of Civic Development that they are to gather at the Barfoot Hotel promptly at 12:45, for their luncheon. It is hoped that every member will be present as there is some very important business up for discussion. If you are not a member you have an invitation to see some of the membership committee or Glen Huls the Secretary and join. The purpose of the organization is to promote the general welfare of Jayton and all this immediate territory. Won't you come and be one of us?

RANGER ESCORTS FOR CENTENNIAL VISITORS

An old-fashioned Texas ranch house with corrals and stables will be headquarters on the grounds of the Texas Centennial Exposition for company of Texas Rangers.

Rangers will be on hand to escort distinguished visitors to the Exposition. They also will assist the Exposition police department.

Captain Tom Hickman, senior commander of the Rangers, said the ranch house will remain on the Fair grounds after the Exposition closes as a permanent headquarters in the City of Dallas for the State Police organization.

Living quarters for members of the Ranger company will be maintained in the ranch house.

Judge Emmett Robinson of Anson, Texas is here this week visiting and attending to business and writing insurance.

Jayton Teams Win Over Post and Girard

Monday night of this week the Post senior girls and senior boys teams came over and were defeated on the local floor by the two teams of Jayton.

The senior girls game was a little one sided affair after the first half. The Post girls held the locals down for the first two quarters but in the last half both the big and little seniors showed the Post girls how it was suppose to be done. The boys game was also one sided as the Jayton boys held the lead all the way through the game. Most of the boys were allowed to play during the game.

Wednesday night of this week the Jayton high school senior boys and senior girls in matched games with Girard came out victorious again.

Both teams won but the girls won by a larger margin of scores than did the boys.

We want to remind you here of an announcement that Prof. Lowry made Wednesday night in reference to the Bank night being sponsored by the Athletic Association of Jayton High School. Ask the kids all about it they can tell you plenty.

Boys Outlaw Team Loses to Aspermont

Wednesday night of this week the boys outlaw team of Aspermont defeated the local outlaw team in a fast and furious game of basketball.

Being as how the floor was all ice and polished or waxed or whatever you do to a floor to make it so slick, the game went along very smoothly as a great deal of time was spent by both teams on the floor on hands and knees and so forth. There were less fouls made by these two outside teams than any outlaw game his writer has had occasion to watch.

The locals promise to give the next invaders a little more competition.

Annual Red Cross Roll Call Opens

Beginning Monday, November the 11th the annual Red Cross Membership drive is on. We desire to place at least 300 membership cards in the County of Kent this year. Last year on account of the drouth and the entire crop failure in this community we were unable to secure but one lone member. This year we are blessed with a good crop and a fair price and we believe the folks will express their appreciation to the Red Cross for what they did for us in the years that have past and run membership up this year to where it should be. The Membership costs only one lone dollar and it may be the means of saving some life, here or elsewhere.

Resolve now to join and we guarantee to you that you will never regret the giving of the dollar to this wonderful organization.

Remember the drive for membership starts next Monday and YOU as you read this are selected to secure at least two members for the organization.

If you will, we will be over the top with-in two days. You will do this won't you. We are counting on you any way. Please don't disappoint us.

Jayton H. D. Club News

The Jayton H. D. Club met Nov. 7 with R. N. Thompson.

Election of officers for the coming year was the business of the meeting. President: Mrs. H. D. May. Vice-Pres. Mrs. R. N. Thompson. Sec. & Treas. Mrs. O. W. Coats.

Council delegate, Mrs. E. C. Clark. Club Reporter, Mrs. W. J. Ann.

Kitchen improvement will be the study theme another year. Mrs. O. W. Coats was elected as kitchen demonstrator, Mrs. Clark as Pantry Demonstrator. The club will have its next meeting December.

The weather as we go to press is just a little damp and cold. FOR SALE: Several nice Milk Cows or to trade for dry stuff. Also several nice poland china pigs for sale. On T. H. Hargus farm mile and a half south of Jayton. T. H. Hargus. 2tp

James McCormick And Wife Injured In A Car Accident

Tuesday night about ten o'clock while driving from Spur to Jayton, James McCormick, automobile mechanic for the Black Motor Company of Jayton, and his wife happened to one of the most serious accidents that has taken place in this part of Texas in months.

About five miles this side of Spur at the railroad crossing where the new and old highways connect, Mr. McCormick apparently lost control of his car, when, from indications he first started to leave the new highway and then seeing the new road open attempted to switch the car back, and the speed he was driving threw the car into a spin, turning it end over end then along sideways for a distance of around 150 feet. The car was wrecked almost completely. Mrs. McCormick was found 75 feet on down this way from where the car stopped rolling. Whether she walked, crawled or was thrown that distance none can say. An X-ray taken of her body and hips, showed that both pelvic bones were broken and that she was suffering terribly from the shock and other injuries.

James had both arms broken and his right leg badly injured as the flesh was cut to the bone from below his knee to well above it and the Doctors say he will have a stiff knee joint. He was found in the car. Even though he suffered from both arms being broken and the so badly cut leg he was able to walk about and when assistance arrived asked them to find his wife and take her to the hospital and leave him alone.

The accident occurred near a house and the owner came to them quickly and carried them back to the Spur Sanitarium.

Elvin Lee who was hauling cotton seed to the Jayton Oil Mill from Spur saw the accident from a distance and he said the car light went into the air and turn over performing a perfect circle, then he could see the light rolling on down the road.

These young folks had many friends in both Spur and Jayton all of whom hope they will recover from their misfortunes as soon as it is possible. Several from Jayton went to see them Wednesday morning on hearing of the sad happening.

Beware Of Old Age Pension Agents, Folks

It appears from newspaper reports that unscrupulous persons in several sections of the State have been posing as Old Age Pension agents and have been attempting to collect fees for "assisting" in securing pensions for old people.

The people of this State are warned against paying money to anyone who offers to help them secure an Old Age Pension or to put their name on the "rolls" or do anything else in this connection for pay.

Numerous requests are received daily by the Office of the State Auditor. These letters come from all over the State from persons interested in Old Age Pensions. These people ask for application blanks and for names of the proper persons in their districts to whom applications should be made for pensions.

It is suggested that the people watch the newspapers for facts on pension procedure and wait until the proper agency has been designated to which applications may be made. They should remember that at this time no one is authorized to receive applications for Old Age Pensions.

The Legislature is now working on the problem of enacting legislation to carry out the provisions of the Old Age Pension Amendment but at this time no legislation has been enacted and there is, therefore, at present no agency to whom applications may be made.

Laymen's Meeting

November the 12th, next Tuesday night at the Baptist Church in Jayton is the regular meeting of the laymen of Jayton. This is an open meeting and every man in Jayton is cordially invited to attend.

The special subject for discussion will be "What God Has Done for Me, and What I Have Done for Him." The first one on the program will be Tom Jones, others on the program are B. J. Smith, Howard Johnston, John Jones, J. I. Cook. You are invited to be present. The meeting will be interesting and worthwhile.

WEST TEXAS CAN DERIVE MOST GAIN FROM TEXAS CENTENNIAL

West Texas has for some time been rather disgruntled over the treatment accorded it in the general Centennial scheme. A part of this attitude was to my mind thoroughly justified, and a good part of it rather childish. West Texas has had a kick coming in several instances, has made that kick in each instance, and has won in a reasonable percentage of the arguments. Now it would be foolish, puerile, and disastrous for West Texas to continue to nurse a grudge, and to hold back on the most important state-wide movement in years because of petty grudges.

West Texas can have just as important a part in the success of the Centennial and reap just as rich a reward from the Centennial as any other portion of the State—if she will just get down off her high horse and get to work.

The people of the East, who will visit the Texas Centennial, will naturally be drawn here by the most spectacular show, the central exposition at Dallas. This central exposition is the joker in our hand, and if we can draw the proper cards, we can fit it into our straight to an excellent advantage. Once they are in Dallas, those Eastern tourists will start looking for the things which are in the Eastern mind synonymous with Texas—big hats, boots, spurs, and broad ranges. They will see few of these in Dallas. The romance, ruggedness and picturesque beauty of West Texas can be sold, at Dallas, to the visiting Easterners in such a manner that they will all want to

visit this "last frontier" before going home. West Texas is the only section that fits the tourist's picture of the true Texas, and if we take advantage of this fact our reward from the Centennial will be a rich one.

Further, and from the absolute dollar point of view, West Texas is the logical one to gain from the Centennial. We have here a great expanse of undeveloped territory, rich in minerals, waiting only the necessary capital to develop it. Future prosperity will be industrial, largely, and the Centennial, which will attract more people of means than any others, will give us an outstanding opportunity to display our treasures to the capitalistic eye.

I, for one, am ready to drop all past grievances and grudges, and get to work in the short time left us, on the job of making the Centennial a big thing for Texas and a bigger one for West Texas.

The above article was written by Ralph Shuffler, Editor, Odessa News-Times.

A lot of folks are asking the question—"Will Roosevelt be re-elected president of the United States?" The answer is simple—While a number of the big rich would gladly give their ears to see him defeated—their number is too few. The great middle class and the poorer folks with many of the more fortunate for him, each of whom have a vote—the same as the men who love their money above all other earthly or heavenly things. Votes elect the president and Roosevelt will most assuredly get the votes.

This great howl about the constitution is all "Baloney." Nobody wants to do away with the constitution. But it is a subject to amendment and has been ever since it was adopted—and has been amended several times and will be again—and the howl about doing away with it, or that it is in danger in anyway—is just pure and simple political rot. The folks who hope to beat Roosevelt with this Constitutional hokey, are more simple minded than they believe the public to be. Boys it is not even good sucker bait.

Roasting the Thanksgiving Turkey

FIRST, select a plump, well-fattened turkey. Either a young or an old turkey can be made excellent eating, but you must know which you have, for it makes a difference in the way you cook it. Allow from one-half to three-quarters of a pound in the weight of the turkey as you buy it for each person to be served—remembering that in the larger kinds you will get more meat in that proportion to bone. With a 15-pound turkey, for instance, you can get 20 very generous servings.

The dealer will usually draw the turkey for you, but certain things have to be looked out for at home. Cut off the oil sac, take out the windpipe and lungs, pull out any pin feathers and singe off hairs. Do this quickly so as not to darken or scorch the skin. Wipe the body cavity with a soft cloth wrung out of cold water. Scrub the outside with a wet cloth and soda or corn meal. Rinse off quickly and wipe the bird dry inside and outside. Never let a turkey or any other poultry soak in water. You lose flavor and food value.

Rub the inside with salt before putting in the stuffing. Slip a crusty end slice of a loaf of bread into the opening near the tail to hold in the stuffing, tuck the legs under the hand of skin left for that purpose, and saw up the slit with soft white twine. After stuffing and trussing the turkey, rub the outside all over with butter, salt and pepper and pat on flour. Lay a piece of turkey fat over the breast. Place on a rack in an open roasting pan. Do not put any water into the pan. Water in a roasting pan makes steam, and steam around a roasting turkey or any tender meat draws out the juices.

Have the oven hot (about 450° F.) when you put the turkey in. Brown it lightly for half an hour in this hot oven and after the first 15 minutes turn the bird with the breast down so it will brown all over. Then reduce the oven heat to very moderate (325° F.) To cool the oven down quickly leave the door open a few minutes. Turn the bird from time to time, basting it with turkey fat and butter.

If the turkey is young, continue the roasting at this moderate temperature with no lid on the pan until the bird

Testing the Doneness of the Bird for the Great Feast.

is done. Baste with pan drippings about every half hour. In turning, be careful not to break the skin. A young 10-12 pound turkey will need about three hours in the oven.

For a turkey a year or more old, after browning in the hot oven, put the cover on the roaster, and continue the cooking in the moderate oven (about 325° F.). You will probably need to allow 4 1/2 hours for a 15-pound bird a year or more old.

To test the "doneness" run a steel skewer or a cooking fork into the thigh next to the breast. If the juice does not show a red tinge, the turkey is done. Make gravy with the giblets and drippings.

The bureau of home economics, United States Department of Agriculture, which gives the foregoing suggestions, also supplies this recipe for a savory stuffing, and one for giblet gravy. For stuffing:

- 2 quarts dry bread crumbs
- 1/2 cup fat, butter and turkey fat
- 1 small onion, chopped
- 1/2 cup chopped parsley
- 1 pint chopped celery
- 2 tsp. salt
- 1 to 2 tsp. savory seasoning
- Pepper to taste

In the melted fat cook the onion, parsley and celery for a few minutes. Add the bread crumbs and seasonings and stir all together until the mixture is thoroughly heated. Pile the hot stuffing lightly into the turkey, but do not pack.

Giblet gravy: Simmer the giblets (liver, gizzard and heart) and the neck in one quart of water for about an hour. Drain the giblets and chop them fine, saving the broth. If there is too much fat on the drippings in the roaster, skim off some of the excess fat and leave about one-half cup. Into these pan drippings stir six level tablespoons of flour. Then gradually add the cool broth from the giblets and enough more cold water to make a thin smooth gravy. Cook for 5 minutes, add the chopped giblets and season to taste with salt and pepper.

RECOVERY IS GAINING

Raucous voices disturb the country's peace but cannot drown the undertone of the recovery which is taking place throughout the nation. There are many elements in America which have become increasingly clamorous. There is no element which today is paralyzed by fear as pretty much the whole nation was paralyzed three years ago.

The fact is that already the reorganization which was made necessary by the collapse in 1929 has been brought about in good part. Much of the grief which had to be absorbed has been absorbed. The machinery which had stopped is again beginning to function. Confidence in the future is re-asserting itself. Our particular problems, like that of restoring the export markets for cotton are being isolated, which means that they can now be attacked more understandingly and more pointedly.

America is entering into a new mood. It has quit looking back with bitter longings and regrets. It is again looking forward, and looking forward with fresh faith and courage. Its people know that there are struggles and difficulties ahead of them. But they know also that theirs is and continues to be, above all other lands, the land of opportunity.

Black Motor Co. reports the sale and delivery of six 1936 model V-8 and six more sold to be delivered as soon as they arrive from the factory.

Mason Chevrolet reports the sale of a Master Coach to A. A. Stephens of Girard and several more contracted just waiting on factory delivery.

L. O. Mayer is demonstrating a new Dodge sedan to the automobile public taking orders for delivery as soon as cars are available.

Sis Rose of Spur was in Jayton during the week end. She returned to Spur Tuesday of this week.

Robert Wade of Lamesa spent Saturday night and Sunday with some folks here.

Miss Edna Davis who is attending school in Lubbock was here Monday and Tuesday of this week.

Everything From The Cradle To The Grave

ETHIOPIA IN BIBLE TIMES

How ancient is the Kingdom of Ethiopia may be gathered from comparing its history with that of Rome. According to the Standard Bible Dictionary, Northern Ethiopia became independent about 2,000 years before Christ. But the date usually accepted for the founding of the City

of Rome is 753 B. C. In the Old Testament, Assyria and Ethiopia are frequently mentioned together as enemies of Israel, but Hezekiah, King of Judah, is said in the second book of Kings to have made an alliance, for mutual protection, with Tahshak, "King of Ethiopia."

Ethiopia had its good and bad times in the almost incessant wars of

conquest of ancient days. It was in turn conquered by Egypt and in control over Egypt, with the exception of the Delta. The Assyrians invaded Egypt, driving out the Ethiopian rulers, in 668 B. C. At that time, historians say, Ethiopia ceased to exercise any influence abroad.

A story in the eighth chapter of Acts describes the conversion to Christianity of the chamberlain of Queen Candace of Ethiopia, by Phillip, one of the earliest evangelists. According to this story, an angel told Phillip where to meet the Ethiopian. It happened that the Queen's chamberlain was reading the Old Testament book of Esaias—Isaiah—as he sat in his chariot. Phillip asked him if he understood what he was reading, and he said, "How can I, except some man should guide me." Whereupon Phillip explained the prophecies and converted him.

It is evident that the claim of the Coptic church of Ethiopia to be one of the most ancient of Christian churches is not without foundation. To the historian, Ethiopia, or Cush, as the Hebrews knew it, is most interesting, both for its persistence as a nation and its antiquity. In spite of the curses sometimes heaped upon it by the Hebrew prophets, it is still very much on the map.—St. Louis Post-Dispatch.

FAKE SECURITY DEALERS ARE NOW LEAVING TEXAS

The exodus is on. Fake security dealers are on their way out of Texas and legitimate dealers who offer the public sound investments are able to do so without fear of suspicion.

The Texas Securities Act, which passed both houses of legislature without a dissenting vote, is responsible for this happy condition.

However, the state is not completely rid of all fraudulent security dealers and the public is charged with the final responsibility. It is up to the persons who invest in stocks, oil, bonds, gas and mining leases to demand that the dealers they encounter be registered under the state securities law.

If a doubt as to the eligibility of

any dealer exists in the mind of any citizen it is the duty of that citizen to inquire immediately. This information can be secured from the Secretary of State's office in Austin.

Many dealers in gas and oil leases contend that they are exempt. Such a contention is a misunderstanding of the law. In some cases lease dealers are sincere in this belief and one laboring under a false impression. In

many cases the dealer does not want to know the law. He is aware that his past record as a swindler and a crook will not permit him to become a registered dealer in Texas.

Under article A of Section 2 of the Texas Security Act it is plainly stated that "any instrument representing any interest in or under an oil, gas or mining lease, fee or title" is to be classed as a security.

DISEASED IMAGINATION

Among a certain and rather extensive group of self-centered persons symptom hunting unfortunately is rather popular. Because of a too detailed study of so-called health literature of the alarmist type or on account of a recent death in the family, introspection develops to a morbid degree. The result is an entirely unfounded fear for all sorts of disease possibilities. Many becoming victims of this warped psychology developed brain and nerve exhaustion and in extreme cases even become affected mentally, stated Dr. John W. Brown, State Health Officer.

Of course, it is entirely proper to have a normal regard for personal well being. To maintain vitality and to prevent disease in a logical pursuit for everyone. But most decidedly must be kept within bounds. When one becomes obsessed with the subject, concern for health has overstepped the limits.

For all practical purposes, after giving reasonable attention to diet, personal sanitation, sleep and exercise, and assuming that one's bodily limitations as defined by the family physician are appreciated, the average person can dismiss the subject of health. This, plus the annual physical examination should adequately cover the situation.

On the other hand, conditions are bound to arise where actual disease symptoms manifest themselves. It will then be up to the doctor to decide what the trouble, if any is and for the patient to abide by his judgment.

In short, symptom hunting as a hobby is a dangerous matter. One should stay or get away from it. It is neither safe nor healthy to do otherwise.

"If the people who use our cars every day are not praising them, it matters little what we may say. The last word *must* be spoken by the car itself."

{FROM AN ADVERTISEMENT SIGNED BY HENRY FORD IN JULY, 1935}

AGAIN, A NEW AND MORE BEAUTIFUL FORD V-8

Speaks for Itself

MORE than two million Ford V-8's, in America alone are now in the hands of drivers. These owners have heard, from the car itself, a clear story of motoring value and pleasure that far outstrips all previous achievements in low priced cars.

Now, the 1936 Ford V-8 speaks for itself... new beauty of line; new, brighter colors; easier steering and gear-shifting; super-safety breaks. We urge you to get this car's story from the driver's seat—to know at first hand its V-8 performance—its luxury-car comfort and roominess.

Let the last word about the 1936 Ford V-8 "be spoken by the car itself." Make arrangements today through:—

- 1 pint of green tomato relish—Mrs. Taylor Havins.
- 1 pint of other relish—Mrs. Sid Munsey.
- 1 pint of tomato pickles—Mrs. H. D. May.
- 1 pint of chili sauce—Mrs. E. R. Cox.
- 1 container of jelly—Mrs. Taylor Havins.
- 1 quart of sweet pickled peaches—Mrs. W. J. Lane.

VARIETY OF CANNED BEANS
 "We have beans as snaps, shelled, and shelled with tomato sauce. To a quart we add three cups of shelled beans, 1 cup of chopped fresh tomatoes, chili powder and a slice of bacon. Upon processing this makes a sauce of good consistency for the beans, giving the beans a very pleasing flavor," says Mrs. B. C. Clanton, cooperator of the Polar H. D. Club. With thirty quarts of the beans put up in tomato sauce for variety the family will not tire of "canned beans," Mrs. Clanton adds.

REQUESTS NOMINATION FOR COUNTY PAROLE BOARDS

Governor James V. Allred has issued a special plea to the service clubs of Texas to speed up the nominations of county parole boards in counties where that has not been done.

It was pointed out by the Governor that only with a complete state setup of parole boards can the new plan of paroling convicts to these boards be come effective. This plan, a volunteer service on the part of public spirited citizens, is calculated to give parole prisoners a chance to become rehabilitated instead of being lured back into the path of crime, "which they may do unless some guidance is provided."

At present there are 30 counties in Texas with parole boards. These boards have been appointed through the nominations of service clubs to completely remove the stigma of politics from the general plan. Among the

metropolitan counties having boards are Bexar, Dallas, McLennan and Jefferson.

The Harris County service clubs had practically completed their organization and are appealing to the Community Chest of Houston to supply funds for a paid secretary worker who is familiar with parole work. This is one of the most advanced steps that has been taken in the parole board plan.

Federal probation officers throughout Texas have congratulated the Governor upon his humanitarian move to provide leadership and guidance for men who come from the state penal institutions.

Jim Barkley, the sage of Claremont, was a business visitor in Jayton Saturday.

The Methodist ladies did right well with their chuck wagon dinner last Saturday. They to thank everyone who took dinner with them.

T. C. and Rex Alexander of Lubbock visited their parents, Dr. and Mrs. R. L. Alexander, Sunday.

Believe it or not—A Dallas inventor now burns water in his car engine instead of gasoline.

YOU DON'T HAVE TO KNOW ANYTHING

It doesn't take brains to push the throttle of your car to the floor. It doesn't take cleverness to weave and out of traffic, sixty miles an hour to the consternation of the slow-moving highway-users. It doesn't take any intellectual capacity to hang onto the steering wheel, give her the gun, and see if she can make the speedometer touch sixty.

In other words, you don't have to know anything to drive fast.

Drivers who regard streets and highways as the Indianapolis bowl, who are divided into classes: First class who are weary of living and want to find if they take innocent part along with them to eternity. Second, those who are so stupid as to realize that several thousand pounds of metal moving at a terrific

speeds is as lethal a weapon as a machine gun—both for the occupant and for anyone else who happens to be in the locality.

Speed and speed alone is responsible for the great majority of automobile accidents. All other causes pale into insignificance beside it. As even the most mentally deficient driver should be able to realize, an accident occurring at sixty miles per hour is almost invariably more serious than one occurring at twenty.

The roads of America are strewn with corpses because a relatively small number of drives are plain dampfools.

Don't forget that the Girls Tournament starts today (Friday) at 3:00 o'clock. Be there.

SALESMEN WANTED: Man wanted for Rawleigh Route of 800 families. Write today. Rawleigh Dept. TXK - 389 - SA, Memphis Tenn.

THE THANKSGIVING PIE

Thanksgiving Pumpkin Pies

From the time the first golden pumpkin makes its appearance until the last one has been taken out of storage, there's no more universally popular dessert than pumpkin pie. Although canned pumpkin is available at all times and makes excellent pies, pumpkin pie enjoys a definite season and is most appreciated during the autumn months. Everybody has his own very definite ideas of just what a pumpkin pie should be from color to taste.

New England Thanksgiving Busy Time

THANKSGIVING day! How these words spelled days and days of work and worry for the colonial housewife! A festive holiday it was called by proclamation, observes a writer in the Boston Herald, but actually it represented a day which demanded more preparation than most any other in the year. Our old New England traditions required it—the Puritans did, so must we—was the common understanding of the day.

In days of yore grandmother would start her Thanksgiving preparation weeks in advance. The pies must be made. Of course she wouldn't serve mince pies that hadn't "ripened." They were made in quantity and put down cellar where they frequently froze to a solidly overcome only by a hot oven just before the feast.

In passing it might be well to remind you of the custom in one New England family to have three pieces of pie for breakfast on Thanksgiving morn. Mince, apple and squash were the three dictated by tradition.

Well in advance of the traditional day one would see grandmother take down the seasoning used but a few times a year, the crackers would be ground up and gradually the stuffing for the turkey was prepared—this also went down cellar to ripen. We mustn't forget the plum pudding which was made well in advance and hung in a bag up in the attic suspended from a nail so interested mice could not approach.

Then came the days before Thanksgiving. Sons were drafted to collect and crack the butternuts, walnuts, beechnuts, etc. (and more than one finger was smashed in the process). Daughters were drafted to peel squash, turnips, carrots, potatoes, sweet and white, and of course the proverbial tear-producing onions.

The turkey must be caught, killed, plucked, singed and hung up for a day before he was brought to the kitchen. Grandmother must make her famous nut bread for William ("he does like it

so when he comes home"). "Saddle, you make the fudge—Alice, you make the molasses candy—Sue, you make—" and so it goes. Everyone hustles, all wanting the same dishes, the same stove cover, the mince' spoon, etc.

Thanksgiving Preparations Started Long in Advance.

the village and get me some more crackers—Glory me! I've run out of seasoning"—and the errands start. These were typical New England days of preparation for the Thanksgiving feast, all of which must be executed in addition to the regular chores of making butter for market twice a week, churning the cottage cheese, collecting the eggs, etc., etc.

Then came the day—the house must be spic and span. Dozens of pictures must be dusted, the parlor must be opened up, wood brought in for the extra stove, chestnuts gathered to put on the fireplace hearth—and on went the great process of preparation.

The folks came, hugs and kisses went the rounds, the new baby was clucked under the chin and an immediate retreat to the kitchen by the feminine members took place. By one-thirty or

two the feast took place—and then the dishes. Stacks upon stacks of dishes, pots and pans (usually the turkey pan went under the sink for scouring the following day).

Games, gossip, etc., occupied a brief period until time for supper, when again the kitchen staff swung into ac-

tion and made turkey sandwiches, poured the cider and cut up the pies.

As the lights were blown out it was unusual to hear the women folks say, "Didn't we have a good time, but isn't Thanksgiving a tiresome day!"

This was the Thanksgiving of yore contrasted to the modern Thanksgiving of a restful morning, a motor ride through the country or a ride "in town," a sumptuous dinner prepared by

The Wonderful Feast is Served to the Happy Guests.

chefs who have vied with grandmother, and her recipes until even she is forced to admit that she has been surprised—a delightful matinee at the theater and an evening in the game cellar at home. What a contrast—and what a pity that grandmothers of old couldn't be here now to reap the benefits of the advance of New England family traditions!
