VOLUME XVI

JAYTON, KENT COUNTY, TEXAS. FRIDAY, APRIL 17, 1936

NUMBER 17

Boys' Club Calf Show Attended With Interest

W. J. Garrett's Baby Beef Winner

W. J. Garrett won first prize at the Club Calf Show which was held in Jayton Saturday April 11. Curtis Hancock won second place; Gerald Fincher of won third place; Billy McLauri won fourth place; and J. D. McGaha's calf placed fifth. W. J. Garrett's calf was approximately nine months old and has been on feed since October 1st. The original cost of the calf was \$25.00. He was fed on home grown feed with the exception of \$4.00 spent for meal. He weighed 732 pounds.

The calf Curtis Hancock fed was sixteen months old and weighed 940 pounds. The original cost of this calf was \$30.00. The feed cost \$19.61, making a total cost of \$49.61. A bid of \$65.00 was made on this calf and was rejected by Curtis. This calf has been on feed since October 25th. He has had access to wheat pasturage most of the time.

Gerald Fincher's calf weighed 669 pounds and was approximately nine months old. The original cost of the calf was \$26.00. He was fed entirely on home grown feed. He was on feed approximately six months. He was sold for \$46.00 to Mr. Young of Girard.

J. D. McGaha's calf weighed 541 and was seven months old. The original cost of this calf was \$32.50. He was fed home grown feed. He has been on feed since November 5.

Billy McLauri's calf weighed 682 and was approximately one year old. The original cost of this calf was \$10.00. The feed cost was 17.75. He was fed about five months.

The prizes were as follows: First, \$7.50; Second, \$5.00; Third, \$3.50; Fourth, \$2.50; and fifth \$1.50. This prize money was contributed by the business men of Jayton.

W. C. Taylor the county agent of Garza county judged the calves.

Local Resettlement Office Announces Latest Loan Service

Mr. Dale Campbell, district supervisor of the local Resettlement office, announces that applications are in order for this district's part of the additional \$150,000 allotted resettlement work in the state of Texas. The total amount must be incurred by the first of June, and there is no set figure for this area, composed of Dickens, Motley and Kent Counties.

The new allotment of funds is to be used for community and cooperative services, where loans are made to one individual, who cannot be a resettlement client, through the support of a number of community signers. The borrower may, upon recommendation of the county agent and the local resettlement supervisor, secure a loan for the purchase of either implements or pure bred stock to be used jointly by the cooperative signers of the purchaser's agreement.

At least twenty-five per cent of the signers, however, must be resettlement borrowers. The property is to be kept, at all times, available for those persons who have entered into the agreements, according to information from the administration office at Washington.

The loans are to be made on the rate of three percent interest, and to run a period of time necessary.

Anderson - Mason

Friday at Rule, Texas, Mr. Odell Anderson and Miss Ora Henderson of Spur, were united in marriage. Odell Anderson is a Jayton young man who has been in the gas and oil business in Spur for some time where he met and became acquainted with his wife. They understand that at the present are enjoying their honeymoon. Odell was a Jayton visitor while here had the car burned by the Sid Munsey.

Movie Stars See Exposition Music

John Boles and Gladys Swarthout, motion picture and radio stars, visited the Texas Centennial Exposition grounds together when they were in Dallas recently. They are shown inspecting a rare, twelfth century sacred anthem, part of the historical exhibit planned by the Exposition, first Southwest World's Fair, which opens in Dallas June 6. Mr. Boles, a native Texan, told Exposition officials that dozens of Hollywood movie stars have made plans to attend the big show during its June 6-Nov. 29 run.

Jayton's Bastille Burned Or Burns

About 10:00 o'clock Sunday night fifteen minutes after the last prisoner, a negro wife mauler, was turned out of the city strong box, greedy flames wrapped the building in loving embrace, and all that is now left of what was a useful the never ornamental structure is a skeleton of steel bars.

How it caught fire, or how it was set fire, none can or will say. Its rumored that perhaps the colored victim of her husband's cruel blows might have done it, in an effort to provide for her man, free passage to the other world in a chariot of fire, not knowing that he had been released some few moments before.

Some think it was the result of a cigaret stub left burning on the mattress by the departing guest of the afternoon, others suggest that it may have been done by some one who was in fear of having to spend some time in the structure soon. But, be as it may, the fact remains, Jayton is now with out a strong box, but traces chains and telephone poles are plentiful, so let the wilder, more desperate element of the wild world beware and hesitate before attempting to take in this town just because we have no hogsgow, now.

Mark Cave For Commissioner Pre. 4

Having had numerous solicitations from my friends in this County to make the race for Commissioner of Precinct No. 4 and after giving the matter due consideration I take this method of announcing my candidacy for the place.

Having been practically raised in Fisher County, to which this precinct is adjacent I have become acquainted with practically all of the voters from time to time in Precinct No. 4. I have resided in Kent County for the past ten years, being engaged in ranching and farming during my sojourn in the county, which has acquainted me with land and land values in the county as well as the needs of this precinct.

If the voters of this precinct shall see fit to elect me to this responsible position I will assure them that I will at all times try to give them an honest, economical and business administration to the best of my ability to do so.

I have never before asked for a public office, I feel that each and every voter should give me due consideration before casting their vote in the coming primary election.

Yours very truly,
MARK CAVE

The farm meeting at the tabernacle in Jayton Monday night was attended by more farmers than any meeting they have had so far this year. Both the land owners and tenants seem to like the new farm program much better than they did the old one.

J. B. Earnest For Re-election to Office of County Judge

If our readers will look over in the announcement column of the Chronicle this week they will find the name of J. B. Earnest as a candidate for re-election to the office of County Judge and Ex-officio County School Superintendent. The Judge tells us he fully intended to announce last week but hooked up with a severe case of the flu and the same kept him fully occupied until it was to late. Monday of this week he was able to officiate at the regular meeting of the Commissioners court, altho he looked as if he had been thru three weeks reducing school. Tuesday he was pledged to make a trip to Austin in the interest of the Girard school, while in fact he should have been in bed. The judge is determined to give the people of this county service such as they demand and deserve and has so far made a record this county can well be proud of, as well as himself.

As the youngest county judge in the State of Texas, he has accomplished many things that were believed almost beyond accomplishment two years ago.

The finance of the county under his administration has shown much improvement and the harmony he has had in the commissioners court room has proven him to be quite an efficient young diplomat.

Undoubtedly he will have no opposition for the second term and to our way of thinking, he deserves the endorsement of every voter in the county.

Prize Money From Lubbock Meat Show

The county agent received a check for \$9.00 from the Panhandle South Plains Fair Association as premiums on meat entered from Kent County. Kent County won first prize on bacon which carried a premium of \$5.00 and third place on hams which brought premium of \$4.00. Those furnishing meat for this show were as follows: Bud Morrison, two bacon and two hams; G. W. Grubbs, two hams and two bacon; Mrs. Monterey Cravey, two hams and two bacon; Mark Stewart, two hams and two bacon; Frank Stewart, two bacon; and Baxter Scoggin, two hams.

Modern Improvements At Laundry

The owner of the Helpy-Selfy Laundry in Jayton tells us that he is installing an up-to-date water softener at the Laundry. This machine eliminate all the grit and hardness from the water and makes it the same as fresh rain water. This should appeal to the folks who patronize the laundry as it will certainly improve the looks of the clothing. He expects to have it in operation within the next ten days.

Good Rains Fall Over Most Of This Section

Comments On The New Agricultural Program

The work of acquainting the farmers, both owners and tenants with the new farm program is well under way in Kent County. Meetings are being held this week in every community by the county agent and assistants, who explain the workings of the new program and community and county committeemen are being selected to push the work thru to a happy conclusion.

It must first be remembered by all interested parties that the old program has been entirely done away with. The rules and regulations in force under the Bankhead Act are a thing of the past. Bale tags, reduction checks, controlled production etc., are no more and the sooner we forget them the better off all of us will be.

The new program is one of soil conservation and soil building, in which the government makes it of interest to everyone dependent on the soil for a living to join in this far reaching campaign to save the soil and build it back to its virgin state of productivity.

Unthoughtedly, no doubt, the owners of the farm lands of this nation, have for the past few generations, been wantonly selling their soil thru their crops, with no consideration for the generation to follow, who, as they must depend upon the soil for a living. The idea has been "Get it while the getting's good and let those who follow me maintain themselves as best they can."

The man that continually checks on his bank account and never makes any more deposits soon finds himself without checking account, credit, or anything else. The farmer who takes from the fertility of his soil year after year and never replaces any of it, in time, will find himself bankrupt in more ways than one.

There is nothing compulsory about the present farm program. No one is forced in anyway to join up with it. The only thing about it is this — those who unite with the government and work with the government in this soil building and soil saving program will be liberally assisted by the government in carrying it out, and those who fail or refuse to take on the work will have to depend upon themselves.

It, in the long run, is a matter of education and as the love of home and the love of the land is restored to where it was in the years almost gone, the desires of the government will be better understood, more appreciated and more gladly accepted by all.

Years ago the first aim of the farmer was to make a living on the farm and when he made a living he soon began to accumulate a surplus. This surplus he sold and from the revenue derived he gradually stored up treasures of various kinds.

In these later years he became embued with the desire to get rich, and then he began selling the fertility of his soil by continuously growing money making crops, which are all soil robbers. Today we find the farmers, with few exceptions, in debt; their farm lands depleted and their hopes of getting rich gone glimmering. So now it is a case of pioneering, building back saving for themselves and for the generations to come, the land heritage of the nation.

If we will do this the government will assist us, if we will not, sooner or later, the mortgage holder will get the land and the soup kitchens of the future will find your children and mine filling the soup lines. It is ours to take and it is ours to leave. God refuses to drive us to heaven, if we are determined to go elsewhere, the government, likewise, will not assist us unless we show a willingness to help ourselves. What will we do about it?

Mrs. H. D. May, County home demonstration council chairman, attended an agricultural meeting in Snyder, April 13, conducted by Mr. C. L. Day, vice-president of the Texas Agricultural Association.

Rainfall In And Near Jayton Is Light

Newspaper and radio reports carry the good news of a general rain over West Texas ranging in amounts from 1-4 inch to an inch, with a tornado in the Midland territory that did considerable damage but no lives lost. The rain was spotted as to the amount that fell but most all parts of the country received reviving showers. Points near Spur reported one inch. It is claimed that the rain at Girard was much heavier than at Jayton. Peacock reports good rain as does Clairmont Luzon and Harmony, Uncle Cal Cade who was in from his ranch near Luzon, tells us that the rain was not as heavy at his place, as it was between his place and Jayton. But all in all it was a good rain. It reminded us that we had not been forgotten by the weather man and leads us to know that sooner or later we will get more.

Mrs. Fred Estes Died In Spur Sanitarium Tuesday Evening

Mrs. Fred Estes, 31, telephone exchange manager at Peacock, died in the Spur sanitarium, Tuesday evening of pneumonia after an illness of about one week. She and her children went to Roaring Springs Friday to spend the week end with her parents and when she arrived there she had high fever. A physician was summoned and a nurse secured, and all possible was done to relieve her of the condition. She was brought to the sanitarium in Spur Tuesday afternoon but was dying when she arrived.

The body was taken to Campbell Funeral Home at Roaring Springs and prepared for burial. Funeral services were held Wednesday afternoon at the First Baptist Church in Roaring Springs, Rev. D. G. Reid, of Roby and former pastor at Roaring Springs conducted the services assisted by Rev. A. V. Bradley the present pastor. Interment followed in Roaring Springs cemetery with Mr. Campbell in charge.

Mrs. Estes, whose maiden name was Miss Lola Simpson, was born in Haskell, July 1, 1905. She was the eldest daughter of Mr. and Mrs. B. E. Simpson who moved to Roaring Springs many years ago. She attended the high school at Abilene one year and then graduated at Roaring Springs after completing the full high school course. She and Mr. Estes were married about six years ago. They have three children in their home: Freddie Marie, 4; Robert Benjamin, 2; and Richard Dale, six months.

Others surviving are her parents, Mr. and Mrs. B. F. Simpson; one brother, Marion K. Simpson of Lubbock; one sister, Mrs. G. N. Fulfer of Matador and some uncles and aunts. Mr. Estes was in Arizona acting field supervisor for the Pre-Cooling Fruit Company and Mrs. Estes and her children planned and loaded their car to go to Mr. Estes when she became ill. They drove to Roaring Springs to spend the week end with her parents. Mr. Estes arrived late Tuesday night for the funeral.

Kent County Land Bank Loans

San Antonio, April 15—During the period from May 1, 1933, through December 31, 1935, 121 Federal Land Bank and Land Bank Commissioner loans, amounting to \$423,550, were closed in Kent County, according to an announcement made by H. P. Drought, State Director of the National Emergency Council for Texas. Of this number, 36 loans, amounting to \$250,700 were made by the Federal Land Bank, and 85 loans amounting to \$172,850, were made by the Land Bank Commissioner.

The total amount of loans closed by the Federal Land Bank and Land Bank Commissioner in Texas during the above period was \$139,850,700, representing 46,380 individual loans.

SUBSCRIPTION PRICE PER YEAR \$1.50

We are still lined up with the prodigal waiting for the fatted calf.

Why add the weight of tomorrow's load to the burden of this day? The seas are not stormy enough for ballast like that.

Whether it be the car, president or boss, centralized power is dangerous as it becomes absolute and irresponsible.

When a man has toiled for years and at last lays by enough to get out of the World's unceasing grind, he does not thereby become a retired pirate — this modern croaking against the rich to the contrary notwithstanding.

Sanford White checked the sob of the deluded and beautiful Evelyn Thaw by whispering that wrong lay not in its commission, but in its discovery. How far did he miss an apparently common fact? It is a mighty dangerous doctrine, but the one most of us try sometimes to believe.

The inexorable devotion to study and labor, this turning of brain and body into a machine, with the results that have followed in early middle life, present a fascinating subject for contemplation in these days of hurried and careless preparation for the big task of the world.

Mark Cave comes out this week as a candidate for commissioner in precinct No. 4. This gives each of the old commissioners in all of the precincts one or more opponents. Mark is a good man. If elected he will make a good official. Politics in Old Kent are getting interesting. Its our hope the best for every job open will be the winner. Keep your poll tax receipt handy and be ready to vote when the time comes.

According to the report from Illinois where a presidential primary was held this week the democrats outnumbered the Republicans two to one, and the democrats all voted for Roosevelt. Yet some claim Roosevelt can not be re-elected. I should smile. He is the same as re-elected now.

Judge J. E. Robinson of Anson, Texas was a business visitor in Jayton Tuesday and Wednesday of this week.

Tom Bonds of Bonds Chapel was in Jayton, Wednesday interviewing one of our lumber yard men. We did not learn whether he was figuring on a bill of materials for a new house or a new barn, or just after a picket to replace one that might have blown off his yard fence, but he was here and that's that.

We heard several folks remark this week, "It's getting a little dry." Sure it is getting a little dry, in fact it is getting plenty dry on top, but a three inch rain would make the moisture meet and leave plenty to run off down gulches and sand creeks, and if we will just wait long enough it will come, it always has here-to-fore, altho a few times it was a darn long time a coming.

H. F. Grindstaff, our District Attorney and now a candidate for District Judge was seeing friends and voters of this place, Wednesday of this week. Mr. Grindstaff has lots of good friends and well wishers in Kent County, where he has served them faithfully as district attorney for the past six years.

Even Texas Dogs Go High-Hat

Down Dallas way even the pups enter into the spirit of the coming Texas Centennial Exposition, which opens there June 6. Here is Bozette, seven-weeks-old, pedigreed Boston Terrier, getting into the spirit of things by using a 10-gallon hat for a kennel.

Messrs. Golding and Granberry of Spur visited in Jayton for a short time last Friday morning. They were on their way to Stamford and had to stop in Jayton to get a flock of flats fixed.

Uncle Bud McKinzie of Lubbock spent the week in Jayton looking after his farm interests in this part of the world.

Hon. Leonard Westfall of Aspermont, member of the state legislature from this district and a candidate for re-election, was a Jayton visitor for a short time last Friday. He was going from here to Dickens county and other parts of the district to contact a few of the voters and looking after his political fences.

The Texas Almanac — parties desiring a copy of the new Texas Almanac, published by the Dallas News, should leave their order with the Chronicle as soon as possible. 60 cents is the price and the book is well worth several dollars.

W. F. Gilbert of Spur, Texas, was seeing friends in Jayton, Wednesday.

Sam F. Steele, candidate for County attorney was seeing voters in Jayton, Wednesday.

Abb Cargile, commissioner from the Polar community was attending to business in Jayton, last Saturday and taking in the 4-H club baby beef show.

FOR SALE: Big fine sow with five good pigs three weeks old, \$35.00. One good four wheel trailer worth the money. One two row cultivator up in good shape — a bargain for the cash. If you are interested see me at once as you have no chance here to buy what you want and get your cash and make money. E. W. Goodman, Jayton, Texas.

Mrs. Sid Munsey, who has been suffering severely for some time with rheumatism, is again able to be up and about and come to town when the occasion demands.

Will McKinzie, cashier of the First State Bank of Jayton was kept at home for two days this week on account of slight illness. He was back on the job, Wednesday. In his absence Claude McKinzie handled his work in the bank. Claude is the cashier of the Peacock Bank.

Who said Kent county 4-H club boys could not grow good baby beeves? The five exhibited in Jayton last Saturday should convince all of us that Kent county boys and Kent county calves are premium products.

Rodeo Boss

Col. W. I. Johnson, of San Antonio, will take his world championship, rodeo to the Texas Centennial Exposition at Dallas for engagements in June and September. The first will start June 6, opening day of the \$25,000,000 World's Fair. Col. Johnson's rodeo is the one which has played in New York City's Madison Square Garden for the last five years.

Folk Leader

Gertrude Knott, noted authority on folk lore, is supervising handling of the third annual folk festival, which will open at the Texas Centennial Exposition in Dallas June 14. Special attention will be paid this year to the songs of the old Southwest. Miss Knott's staff plans to make the festival the largest on record.

Mrs. Glenn Huls who visited in Dallas last week is of the opinion the Texas Centennial will far surpass the Chicago Exposition.

A. B. Smart of the Smart Must Company, was transacting business in Girard and Jayton, Monday.

Miss Mable Waddell and Blanche Yarborough were shopping in Spur Tuesday.

Miss Neil Albin of Aspermont and Miss Chloe Darden were Spur visitors last Friday evening.

The farmers meeting billed for Clearmont Wednesday night had to be postponed on account of the wind and rain that came on late in the evening.

Miss Ruth Grimes, of the home economics Dept. of Gatesville is Kent County's new home demonstration agent. She is expected to arrive in the county April 17th.

Several truck loads of whiteface seedlings were sent from near by to the Stock market this week.

Rev. Sidney Cox and wife of New Mexico spent the holidays with Mr. Frank Cox and family.

GIVE YOUR CAR A SEMI-ANNUAL CHECK-UP FOR SUMMER

Dallas, Texas. — Drivers of the many new cars on the highways this spring are learning the importance of a semi-annual check-up for summer driving protection, it is indicated by the large number of new automobiles receiving "Summer-ize" service at Magnolia stations, Fred M. Lege, Jr., vice-president in charge of marketing for the Magnolia Petroleum Company reports.

"Summer-ize," the 7-point protective service provided by Magnolia stations and dealers, safeguard new cars whose long life and economical operation will depend largely on the care given them during the first six months

of operation," Mr. Lege said. "This service for cars of any age prepares them for smooth, safe operation all summer and eliminates the many expensive hot weather driving troubles." "Certain simple precautions are necessary to put any automobile or truck in condition for safe and economical summer driving," Mr. Lege said. "Thinner, quick-flowing winter lubricants are not capable of resisting the high temperatures generated under summer heat in the crankcase, differential, transmission and other vital parts of a motor vehicle. Heavier lubricants are necessary to protect the motor in hot weather, and gasoline adjusted for summer use, as Mobilgas is, should also be employed for best results."

"Summer-ize" service includes seven distinct operations worked out by Magnolia automotive engineers as those most necessary to protect a motor vehicle against the high temperatures of summer driving," Mr. Lege said. "In addition to draining the crankcase of dirty, winter grade oil and refilling with summer Mobil-oil, the transmission and differential are drained of winter lubricants, cleaned and refilled with Mobil Gear Oil for summer driving. A thorough grease job of Mobilubrication is performed according to manufacturer's charts and recommendations. The radiator is drained of anti-freeze solution and cleaned. The battery is checked and filled with distilled water, corrosion is removed and terminals are greased. The gasoline tank is filled with Mobilgas, which has been adjusted for summer driving."

Don't fail to see the "Hobgoblin House" next Tuesday night at the high school auditorium. Plenty of fun.

Ford - FOR ECONOMY

"The Ford V-8 uses less fuel and oil for the power it gives than any other car we have ever made

AND ITS UP-KEEP COST IS THE LOWEST"

ENTHUSIASTIC sales talk often begins and ends with gasoline mileage. Some salesmen would like you to believe it is the whole story of automobile economy. But drivers ought to know better. For, the fact is, it's way down the list.

The big items of car economy are low first cost, low up-keep cost and low depreciation. Savings here can make a great deal of difference in cost per mile. Gasoline mileage is more of a talking point than an economy factor.

Check up and you will find that the difference between 17 and 19 miles a

gallon is less than \$10 for a whole year's average driving (8400 miles at 18 cents a gallon). Here are the big items that make the Ford the most economical car:

- More value for every dollar you pay.
- Lower cost for repairs and service.
- Long life. Slow depreciation.

Quality means economy and the 1936 Ford V-8 gives you more real quality than any other low-price car. No other car under \$1645 has a V-8 engine. No other low-price car has Center-Poise Riding, safe, sure mechanical brakes and Safety Glass all around at no extra cost.

\$25 A MONTH WITH USUAL LOW DOWN-PAYMENT, BUYS ANY NEW FORD V-8 CAR ON NEW U.C.C. 1 1/2% PER MONTH FINANCE PLANS.

JAYTON - - - TEXAS

Canadian

Texas Centennial Exposition officials originally intended to have 48 Rangerettes on hostess duty when the \$25,000,000 World's Fair opens in Dallas June 6. When they found one of those selected came from Washington, D. C., they included Mexico to make an even 50. Now, not to overlook Canada, they have appointed Grace Louise Bailey, daughter of a Dallas publisher and born in Ojibwa, Ontario, near Windsor, making a total of 51.

Texas Exposition 150 Per Cent Over Original Size Plan

Chrysler Contract Puts Dallas World's Fair on Top in Motor Exhibits

DALLAS, Texas.—The Texas Centennial Exposition today turned the home stretch toward its June 6 opening, two and one-half times larger than its sponsors originally anticipated.

From \$10,000,000 value, estimated when the project was begun, the first World's Fair of the Southwest, has grown into a \$25,000,000 affair, the steel framework of its construction jobs stretching down mile after mile of parallel courses.

New Building Ordered

With the signing of the Chrysler Motor Corporation for a huge display space the Exposition boasts the largest motor exhibit ever shown at a World's Fair.

Originally the \$400,000 Hall of Transportation was intended to house exhibits of both transportation and petroleum industries.

So large was the space taken by Chrysler, however, that Exposition officials were forced to hurriedly realign their plans and build a separate Hall of Petroleum.

Ford, with its own building, General Motors, with a huge, air-conditioned auditorium where changing shows of radio and stage stars will be presented in one-week engagements throughout the June 6-Nov. 29 Exposition period, and Chrysler with an elaborate participation in the making, will give Dallas a record-breaking representation of the motor industry.

Livestock Also Featured

Further, the big fair will boast the largest livestock show ever assembled.

Other exhibits keep the pace, with the city display space at a premium and officials assured of an exhibit "sell-out" long before the opening day.

The City of Dallas, the State of Texas and the Federal government are keeping step with their important Exposition building programs.

W. A. Webb, general manager of the Exposition who holds an international reputation for his railroad construction work, has announced every building will be completed by the June 6 opening date.

The spirit of the Old West will be recreated at every turn.

In a city as metropolitan as any in the nation, the frontier days will live again.

Ten-Gallon Hats Epidemic

Ten-gallon hats are blooming on every corner. Service stations are garbing their attendants in the cowboy's regalia. Department stores are clothing their elevator girls in cowgirl uniforms similar to those of Exposition Rangerettes. Other stores are donating the big hats to their employes with instructions to wear them on all occasions.

Even the Exposition police will be in full Old West attire. The Texas Rangers will have a camp on the Exposition Race Track, with a replica of an old Ranger bunkhouse as their headquarters.

Not a single detail has been overlooked by the Exposition chiefs in their efforts to make the Southwest's World's Fair the most colorful in history.

THE STATE OF TEXAS) COUNTY OF KENT)

NOTICE OF SALE OF REAL ESTATE

BY VIRTUE OF an Order of Sale issued out of the District Court of Kent County, Texas, on a judgement rendered in said court on the 10th day of March, A. D. 1936, in favor of G. T. Hall, plaintiff, and against J. L. Williamson; Willie Williamson; Thell Browning; Edna Edmonds; E. C. Edmonds, individually; E. C. Edmonds, Trustee for The City National Bank of Spur, Texas; L. B. Withers, Receiver; and L. B. Withers, Receiver for The City National Bank of Spur, Texas, defendants in the case of G. T. Hall vs J. L. Williamson, et al, No. 746, on the docket of such court, I, did on the 8th day of April, 1936, at 2 o'clock, P. M., levy upon the following described tract and parcel of land situated in the County of Kent, State of Texas, as the property of the said J. L. Williamson; Willie Williamson; Thell Browning; Edna Edmonds; E. C. Edmonds, individually; E. C. Edmonds, Trustee for The City National Bank of Spur, Texas; L. B. Withers, Receiver; and L. B. Withers, Receiver for The City National Bank of Spur, Texas, to-wit:

ALL OF THE North one-half (N1-2) of Section No. One (1), John Redman, grantee, Abstract 490,

containing 329.8 acres of land, more or less, and on the 5th day of May, 1936, being the first Tuesday of said month, between the hours of 10 o'clock a. m. and 4 o'clock p. m., on said day, at the courthouse door of said county, in the town of Clairmont, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said J. L. Williamson; Willie Williamson; Thell Browning; Edna Edmonds; E. C. Edmonds, individually; E. C. Edmonds, Trustee for The City National Bank of Spur, Texas; L. B. Withers, Receiver; and L. B. Withers, Receiver for The City National Bank of Spur, Texas, in and to said property in satisfaction of a money judgement recovered by the said G. T. Hall in said suit, for \$4,455.00, together with interest thereon from the date of said judgement; said judgement was also for a foreclosure of a Vendor's Lien on the above described land, as it existed on August 13th, 1928, and upon all subsequent dates thereafter.

Dated at Clairmont, Texas, this 8th day of April, 1936.

B. A. Cumbie, Sheriff of Kent County, Texas. By E. V. Peek, Deputy.

H. D. Black and W. J. Hembree had business in Abilene, Wednesday.

NORTH TEXANS, GO SOUTH! SOUTH TEXANS, GO NORTH!

Travel Texas, Know Your State during

CENTENNIAL YEAR

Centennial year is travel year in Texas.

An opportunity for every Texan to know his own state; its scenic beauties, historical background and amazing resources!

The month of April is especially eventful. Houston, San Antonio, El Paso, Fort Worth, Victoria and other communities invite you to interesting historical celebrations—observances that will be cherished and long remembered by patriotic Texans.

Make your plans to attend these celebrations and other observances to be held throughout the year. Peek the lunny into the car, go by train or bus—really SEE Texas. You'll find Texas offers every vacation pleasure—and it's all right here in your own state.

See the calendar of the right. Write the Chamber of Commerce at the various cities for detailed information on events you are interested in.

VISIT THESE INTERESTING CENTENNIAL CELEBRATIONS

(April 14 through April 21. Revised to April 1)

APRIL 12-21—HOUSTON—San Jacinto Association Celebrations. Ten-day festival will include brilliant parades, banquets, concerts, and patriotic events. A public ball will be held the night of April 20 on Main Street at site of old capital of Texas.

APRIL 15-21—EL PASO—Schools' Centennial. Historical personality and patriotic exhibits devised to stimulate interest of school children in Texas history.

APRIL 17—TEMPLE—Bell County Music Festival. (Miss Central Texas and her court of honor to be crowned in special dedication.)

KINGSVILLE—Historical Celebrations. (South Texas city in honor of world's greatest cattle domain, the King Ranch, turns back the pages of history.)

RAYMONDVILLE—Texas Onion Festival. (Harvest festival will acquaint Texas visitors with number of State's great products.)

APRIL 19-18—DENTON—Wise County Centennial. (Historical personality and patriotic exhibits devised to stimulate interest of school children in Texas history.)

APRIL 18—GEORGETOWN—Agricultural and Cultural Fair. (Historical and educational advancement displayed in historic Texas community.)

FOUR WHEELS—Texas Under Six Feet. (Presents program, features the indoor show at 6000 acres, presented by TCU.)

ELMORE—Centennial Progress and Celebration.

SAN FELIX DE AUSTIN—Colonial Days. (Centennial Celebration.)

EDWINE—Cowboy Folk Festival. (Presents "Texas Through 25 Years" Pageant.)

PALESTINE—A Century of Texas' Progress.

BIG SPRING—"Rose Window" Centennial.

FALLS—Crosby County Centennial Celebration.

SNYDER—Hear of West Texas Centennial Forefront.

LULING—Caldwell County Centennial Round-Up.

For dates beyond April 21, write State Headquarters TEXAS CENTENNIAL CELEBRATIONS Dallas, Texas

Out of Door Health Rules Recommended

Recommendation to children and their parents to get together for some seasons of plan making in preparation for warm weather recreational activities was made this week by Dr. John W. Brown, State Health Officer.

"Texas has done a pretty good job in awakening health consciousness in the home and school," Dr. Brown said, "and it is an excellent idea to carry it into our out of door life. Texas is essentially an out of door State. From early spring until late fall the weather conditions make the countryside inviting. The warm weather comes on with a rush and there are dangers alike to children and adults.

"One excellent bit of advice, particularly for the grown-ups, to a constant menace to the health of the people, and the eager father who attempts to keep pace with his school boys and daughters on the first spring outing may be laying up trouble. Over-exposure to the sun is a danger that confronts all of the members of the family in their eagerness for the benefits of sunlight.

"For the whole family there can be no better practice in advance of spring and summer outings than to make a check list and obey a few simple rules. It is well to look to the source of water and milk, and to be wary of poison ivy and poisonous insects. A first aid kit is always a satisfying reliance. Watchful care should be taken of the youngsters who cannot resist the temptation to go bare foot, and immediate treatment should be given bruises and cuts. When wounds are inflicted by rusty nails or similar objects the child should be taken immediately to a physician."

Mystery Play To Be Given Next Tuesday Night At High School

"The Hobgoblin House," a mystery farce in three acts will be presented in the Jayton High School Auditorium, Tuesday night, April 20, by the faculty and students of Peacock High School.

This play promises to be very good as unusual preparations are being made for its presentation.

No doubt you have seen plays that have fairly made your flesh creep, well this one will top them all. It will actually make cold shivers down your back and have your hair standing on end. There is plenty of comedy mixed in, too.

Miss Priscilla Carter is vexed be-

cause her two nieces have fallen in love with two silly young "Nincompoops." In order to place these girls in complete seclusion from these sillies, Miss Carter purchases, Hobgood house in the foothills of the Ozarks and plans a safe retreat where the girls can't see their lovers for a period of six months. They really get into a complicated arrangement, however, because there are ghosts and strange happenings going on everywhere.

As luck would have, Blackbeard Brewson, who once committed a crime in the Hobgood house, arrives at the house on the very night Miss Carter and nieces take possession of it.

Just at the height of excitement the boys arrive and rescue the family from a desperate band of crooks, not until then does Miss Priscilla relent.

There are 13 characters in the play: the cocky Miss Priscilla, the nieces, Marion and Jill, Frank Harlow and Jack Loring, brave but fun-loving boys, Susan, the housekeeper, Henry Gocker and Delilah Worts, the two comical dorkies, Krepp, the caretaker of the Hobgoblin house, Blue beard Brewson, the escaped maniac, Bill Williams and the "Headless Phantom."

The play is sure to make a hit, don't miss it.

The admission will be 10c and 20c.

Bridge Party

Five tables arranged for bridge in the Sewalt home on Monday evening of this week with Misses Barney Payne and Doris Mae Sewalt, and Audrey Robinson as hostesses.

After several games were enjoyed an attractive refreshment plate was passed to the following guests:

Misses, Aletha Sprouls, Pearl Fuller, Bess Porter, Pauline Hall, Bess Robinson, Doris Holley and Margorie Howell, of Rochester and:

H. J. Whatley, Monroe Davis, Joe Dick Lewis, Bonard Cox, C. O. Fox, Richard Jay, Milton Sandell Jr., Audi Armes, Med and Heb Wade.

Surprise Party

Miss Varelle Jones was very busy with her packing, Tuesday night at the home of Mrs. Lane when her friends began arriving and after making a trip to her office for boxes for her packing she was surprised to find a house full of guests who announced that the Club was meeting with her so she quietly slipped away and powdered her nose, then joined the crowd which spent an hour in games of fun. Then a contest was had in which Miss Jones was voted the

winner, the prize being a shower of beautiful handkerchiefs.

Refreshments of chicken salad, lettuce leaf, crackers, cookies and punch was served. We regret Miss Jones leaving us as she was very efficient in her work here of which we all appreciated very much.

Club Reporter

JAYTON WINS

The soft ball game between Girard and Jayton at Girard was captured by Jayton the score being 8 to 4.

The Jayton boys also won over the Peacock boys last Sunday evening. It was a close game with plenty of errors and excitement. Score 10-11.

Glen Hancock and family of Big Spring visited relatives in Jayton, Easter Sunday.

Mrs. Bill Jones who is teaching school at Munday Texas, spent Easter Sunday in Jayton.

C. J. Robinson was on the sick rolls Tuesday.

Willie Garrett who is attending the University of Texas at Austin spent the Easter holidays in Jayton with his parents, Mr. and Mrs. W. J. Garrett.

E. L. Peterson of Polar was seeing the sights of Jayton with his friend Cargile last Saturday.

J. B. Durham, who is a candidate for commissioner of precinct three and lives in the Durham community S. W. of Clairemont was trading in Jayton and looking at the baby beaver last Saturday.

Quite a crowd was here from Girard last Saturday doing all they could to encourage the boys who had fat calves entered in the baby beef exhibition.

Some Jayton folks are doing a pretty good job of cleaning up around their premises but it would be a wonderful help if everyone would get in on the job.

P. H. Miller of Abilene, Texas was seeing friends in Jayton Wednesday of this week.

Cobb Wade of Bowie, Texas is here for a few days while he recovers from a severe case of the flu. He came in Tuesday night.

J. C. Miller made a business trip to Lubock this week and brought back a truck load of Sudan and grain berghams seed for the Jayton farmers.

Gulf Lafoon visited his son-in-law the CCC near Lamasa last week.

TIME TO CHANGE TO

Economical ELECTRIC Cookery

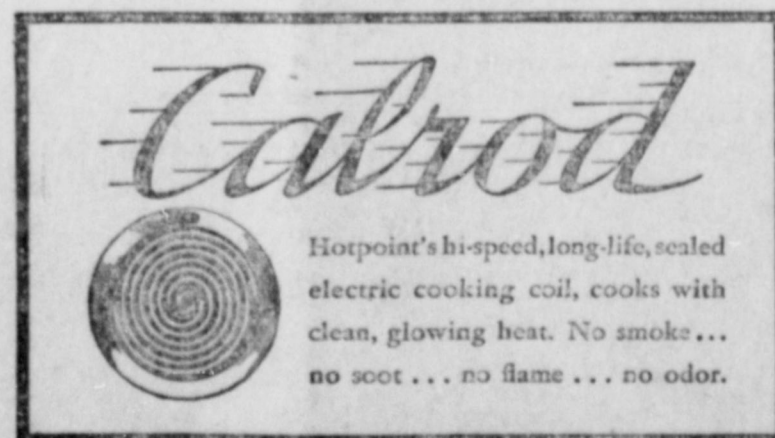

THE DAWN

A New Hotpoint electric range, now the talk of the nation. Styled by Helen Hughes Dunlop, foremost woman industrial stylist, it typifies the thinking of modern women in kitchen appliances.

YOU CAN HAVE THIS BEAUTIFUL, MODERN RANGE IN YOUR HOME

- Trade-in Allowance
- Low Down Payment
- Easy Monthly Terms

Hotpoint's hi-speed, long-life, sealed electric cooking coil, cooks with clean, glowing heat. No smoke... no soot... no flame... no odor.

The many ways you can save money with this modern new Hotpoint range would tickle the thriftiest Scotsman.

For example: Low electric rates assure low cooking costs; cheaper cuts of meats cook tender and flavorful in controlled, applied electric heat; the Thrift Cooker (nicknamed the "Scotch Kettle") turns out an entire delicious meal with about the same amount of electric current as an electric lamp! You can cook an entire meal (even to bread) in the wonderful electric oven without one bit of attention from you. And, we haven't mentioned the savings you enjoy on cleaning and decorating. See these ranges at once. Come in and get all facts today.

FEATURES • Calrod, hi-speed, clean-heat coils... "Chef's Brain" (automatic timer clock)... Thrift Cooker... new type oven temperature control... fully insulated oven... table-top model... all porcelain enamel... trimmed with chromium.

Work Starts on "Cavalcade of Texas"

The history of Texas, under the six flags which have flown over it from the days of the first Spaniards to the present, will be set forth in pump and color in "The Cavalcade of Texas," an expansive pageant to be presented three times daily during the Texas Centennial, the \$25,000,000 World's Fair, which runs in Dallas from June 6 to Nov. 29. Above J. Mark Hamilton, director and expert on lore of the Southwest, and Jan Isabelle Fortune, well known magazine writer, confer over the script.

Thursday morning and everybody feeling good over the fine rain, just what all have been wishing for. We received about one inch which will make a good planting season. Everything is getting better. The old Chronicle Grumblers have a smile on their faces and seem to have a new hope on life. Not only on this life but there has been new hopes the last week to those that think of the new life to come.

One of the greatest meetings Girard has experienced in some time, just closed Sunday night at the Baptist Church. There were eighty-two professed a faith in Christ and five rededicated their lives to the Master's cause.

Twelve were baptised Wednesday night at Spur Baptist Church. Sunday School has over double in number Sunday. Rev. John Rowan of Abilene did the preaching.

Brother Rowen will also do the preaching in the summer revival to be held by the Baptist Church beginning the 4th Sunday in July.

E. V. Bristow and wife were called to the side of their daughter, Wednesday evening, at Lamona.

Mrs. Barnett who has been on the sick list for the past several days is better at the time of this writing.

There is a few cases of mumps in our community but all are doing fine.

Grandma Pearson who has been sick for some time is better at this time.

Everybody is talking of planting gardens and crops of all kind, next week will be a busy week for the farmers.

Mr. Gilbert, manager of the Tri-County Lumber yard at Spur was in Girard early yesterday morning. We are glad to have this fine man to visit us.

east of town was in our town Wednesday buying fine cotton seed and preparing for the rain. Roy must have had a hunch it was coming.

Mr. S. R. Thomas from the Duck Creek Community was in town Thursday trading with our merchants.

All business seems to be getting better. One of our cream stations tested 47 cans of cream Saturday. Girard Reporter.

CLAIREMONT SCHOOL HONOR ROLL

Second Grade
 Norman Stevenson.
 Fern McCombs.
 Gilbert Contreras.
 Third Grade:
 Pell Thompson.
 Edna Ross Welch.
 Doris Porter.

Lon Perkins, one of the original settlers of Kent County, having come to the county in 1885, visited his son in Clairemont last week-end. Mr. Perkins is now living in Banderin County. Many of the old timers in the County will be pleased to hear that he is hale and hearty and as active as a young man.

Miss Vida and Mr. Odie Cox of Pampa were visiting their parents and seeing friends in Jayton during the weekend.

Miss Jewel Hughes who spent the Easter holidays in Jayton with her sister Mrs. C. B. Wagoner returned to her studies at Texas Tech, Monday.

Monroe Davis is now working at the Jones Drug Co. Monroe is replacing Mr. Elmo Holleg, who left last Friday to a job in San Diego, California.

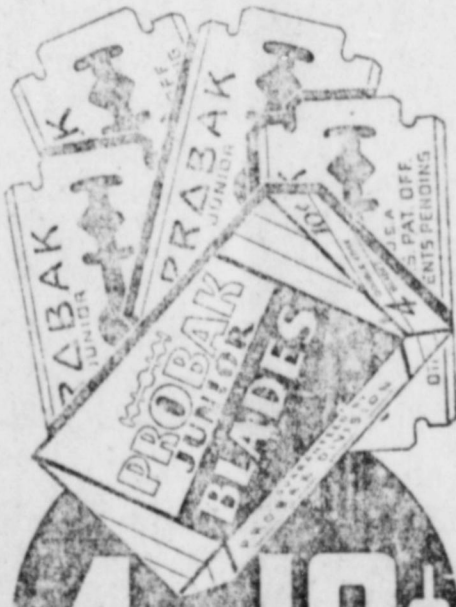

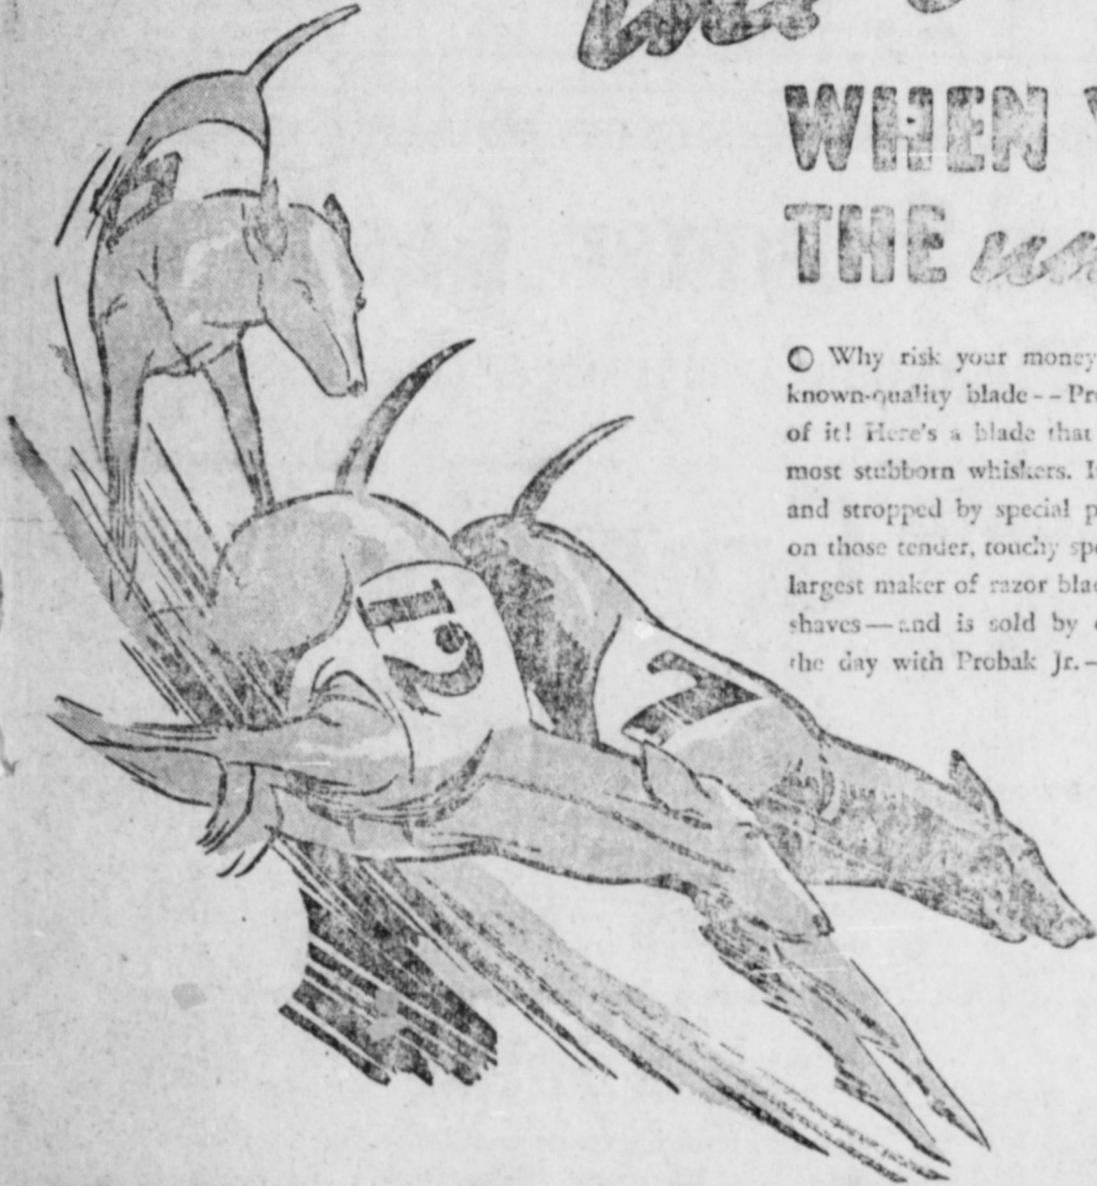

Doc and Lovell Blaine were in Spur Tuesday afternoon.

Mr. and Mrs. Ivey Murdoch were Spur visitors Tuesday.

You're bucking the odds

WHEN YOU BUY THE unknown

Why risk your money on unknown razor blades, when a known-quality blade—Probak Jr. sells at 4 for 10¢? Think of it! Here's a blade that knows its way through the thickest, most stubborn whiskers. It's built of fine steel, ground, honed and stropped by special process. Never pulls or irritates, even on those tender, touchy spots. Probak Jr. is made by the world's largest maker of razor blades—guarantees plenty of clean, cool shaves—and is sold by dealers everywhere. Tomorrow, start the day with Probak Jr.—and start saving money on shaves.

Landers & Gardner

THE CLANCY KIDS

Bring us back to the old days.

By PERCY L. CROSBY

THE DAY AFTER TIMMIE GOT PERMISSION FROM THE KIND LADY TO PICK A FEW CHERRIES.

Farm Program

Crops are all classified. Three classes have been set up. These are soil depleting crops, soil conserving crops, and soil building crops.

Two kinds of payments will be made to the farmers for land use; soil conserving payments and soil building payments, but the money will come in one check. And money for both will come only after the farmer has actually put into effect certain practices which conserve the soil on his farm.

Bases established on old reduction contracts will be taken as a guide for conservation program, with of course due allowance for crops not included in former contracts.

Organization of farmers will administer the program. The county agent will represent the Secretary of Agriculture in the county.

Since the entire acreage of every farm must be listed on the work sheet in planning for the soil conservation work a neutral classification has been set up as well as the three crop classification.

In general it will be easy to remember that the soil depleting crops are mostly row crops, while the soil conserving and soil building crops are the legumes, grains and grasses that are used for cover crops and to turn under a green manure. The neutral classification includes yards, lanes, roadways vineyards, and so forth.

About 20 per cent of the base acreage in soil depleting crops must, in 1936, be classified as soil conserving or soil building crops in order to qualify for participation in the program. The actual ratio will be determined by adding 20 per cent of the cotton base acreage to 15 per cent of the base acreage of other soil depleting crops. In other words, the required ratio of soil conserving and soil building crops to soil depleting

would probably be less than this figure.

The maximum cotton acreage on any one farm upon which soil conservation payment will be made is 35 percent of the cotton base.

No payment will be made for acreage taken out of food and feed crops unless 1936 acreage in such crops is at least equal to the actual needs of the farm family and work stock.

Corn interplanted with peas will be considered as 50 per cent corn and 50 per cent peas in calculating bases and performance.

The division of payment between landlord and tenant is arrived at in two ways. The division of the soil conserving payment is 37 1-2 per cent to the producer who furnishes the land; 12 1-2 per cent to the producer who furnishes the work stock and equipment; and 50 per cent to be divided among the producers as the crop is divided.

The soil building payment will be

building crops or practices.

The soil conserving payments will be based on the productivity of the land; for cotton it will be five cents per pound; for peanuts 1 1-4 cents a pound; for rice it will be 20 cents for each 100 pounds of the producers domestic consumption quota, subject to certain specified agreements; and for the other soil depleting crops the rate per acre will vary among the states and counties depending upon the productivity of the land.

Press Gleanings About The Centennial Governor

"It must be a source of solid satisfaction to every loyal Texan that this Centennial year finds the wheel of the ship of state in such able and worthy hands as those of Governor James V. Allred.

"... When Travis fell, was there none to take his place? Did statecraft

know what their heritage escheat?"

"... At least the sons of Texas can welcome those who come to worship at their shrines in this memorial year and acknowledge James V. Allred as one who fills their highest office with dignity and devotion, a man of wisdom well beyond his years and a steadfastness to ideals which all might imitate." - Longview Daily News, Col. Carl Estes, editor and publisher.

"There has been some criticism of Governor Allred for his steadfast refusal to summon the Texas Legislature into a special session to enact more taxes for financing old-age pensions in Texas. While there may be much for which to criticize the old-age pension law as it now stands, there is no basis for criticism of Governor Allred's attitude toward a special session at this time.

"... A business man sets no price upon the article he sells until he knows the cost. No legislature can be expected to enact a just and sensi-

ble in the state of Texas until we know how much money will be necessary to finance these pensions.

New Traffic Provisions

An officer of the state department of public safety pointed out Monday some of the little-known provisions of the new traffic law as represented in the driver's license statute. One is that when approaching a horse or horse-drawn vehicle care must be taken not to frighten the animal. If the rider or driver signals the motorist to slow down or stop the law says the motorist must comply.

Another important change is to make slow-driving and middle-of-the-road driving an illegal practice.

The Associated Press lists other new angles thus:

Failure to blow horn when attempting to pass a car.

Passing on the right instead of the left.

Failure to signal intention of turn-

G. H. Brown and wife made a trip over the south plains this week and came home convinced that Kent County is at least a near neighbor to God's country when compared with the some of the territory they drove over.

Mrs. R. L. Alexander and children visited Dr. and Mrs. Bob Alexander in Spur last Friday afternoon.

The extreme hot weather of last Saturday, Sunday and Monday was the cause of a lot of folks swapping their winter underwear and coats for clothing more suitable for the season. The hot wave following on the heels of the coldest April weather this country has had in years, made many feel everything but comfortable.

Work on the new Baptist church is now in full swing, all the dirt has been moved out for the basement foundation and a good start has been made on the cement foundation.
