

"The Biggest Little City In West Texas"

THE JAYTON CHRONICLE

VOLUME XVI

JAYTON, KENT COUNTY, TEXAS FRIDAY, JULY 31, 1936

NUMBER 32

George Mahon Re-Elected

MAHON BESTS SPECK THREE TO ONE

George Mahon congressman from this district and candidate for reelection has the honor of besting his opponent, E. B. Speck by a clear majority in every county in the district and an average over the entire district of three votes to Mr. Speck's one. This will, we hope settle the Townsend Old Age Pension Tax in this district for at least two years. Mahon and his thousand of friends over the district are highly pleased with the results which were deserved by our young congressman for on the record he had made he deserved reelection without opposition.

Club Women Plan Summer Encampment

The home demonstration club women plan to hold their annual encampment on August 6 and 7 at Two Draw Lake, Post.

Each club is to make its own arrangements for transportation and should plan to be at Two Draw Lake by 4 p. m. Thursday, July 6. Each person is to bring a picnic supper for Thursday night. Cantaloupe, bacon, eggs and bread for breakfast. The menu for Friday noon is fried chicken, a vegetable, cucumbers, tomatoes, cookies, ice cream, iced tea. Do not plan to bring tea or coffee as they will be furnished. Each person should bring her own bedding and dishes.

Swimming, games, and a trip thru the Garza Mill are planned for entertainment. If some one has failed to see you about the encampment, get in touch with your club president or recreation chairman for further plans, wear your picnic clothes, bring your bathing suit and enjoy a short vacation.

C. L. Harris Leads For State Representative

HARRIS AND WESTFALL IN RUNOFF

The race for the State legislature from this district when all returns over the district were tabulated, places Harris and Westfall in the runoff. The vote in the district was as follows: Harris — 3364, Westfall 2753, Merritt 2696, Craddock 950.

- JUSTICE OF PEACE, JAYTON: W. G. Billingsley — 454.
- COUNTY CHAIRMAN: L. P. Wade.
- PRECINCT COMMITTEES: Thos Fowler.

School Pupils Must Be Transferred Today

Special attention is again called to all our citizens, who are living in a school district but expect to send their boy or girl to another school, that the time is going very quickly in which you can transfer to the desired school. Today is the last day that a transfer may be secured. Some have the opinion that because the school board has decided to transport all their high school pupils to another school that you do not have to see about the individual transfer. I would like to make it clear that the local school board can and does decide to which school they will send their school bus, but they do not have the authority to transfer your child. This must be done by your parents.

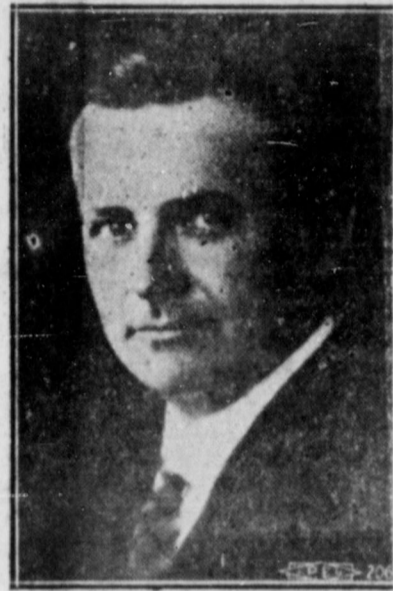

Please see to this at once because the receiving school is going to expect you to do that thing and if you do not you are likely to be called upon the first month to pay tuition for your child. The receiving school must have your transfer in order that they may know how to make up their program. So please do not forget this matter. Go to the county superintendent's office at once, today, and make the transfer.

Six Constitutional Amendments To Be Voted On In November

This week we start the publication of the six proposed constitutional amendments. We will publish them three more times. This is done so everyone may familiarize themselves with them in order to be able to vote intelligently when the day for voting comes. We beg of our readers that they will read them several times. Study them carefully and be prepared to vote your earnest convictions on each of them in November. We may have more to say about them later, but we desire time to study them closely before committing ourselves as for or against any of them. They either deserve to become a part of our state constitution or they deserve to be voted down, a mistake either way might be very costly to each and all of us.

Many people disagree over what the old age assistance amendment meant, simply because they did not study it closely. Lets not let this occur again. Lets all know what we are voting on. These amend

James V. Allred Re-Elected Over Four Opponents

INTERESTING FIGURES ON THE GOVERNOR'S RACE

Election reports as carried in the State papers of Wednesday were interesting to close observers of election returns.

They showed that Allred out of a total vote of 983,408 received 511,391 or 51.974 votes more than all the other candidates together. It showed that he received two votes to Hunter's one and had 58,545 left. Hunter receiving a total of 226,423. Fischer got a total of 136,483, so Allred bested Fischer 3 to 1 and had 101,483 votes to play on. Sandford got 77,673 votes Allred besting him 6 to 1 with 45,359 votes to spare. Brooks got only 31,438 votes, Allred besting him 16 to one and had 6,383 votes left. The people of Texas have spoken in a language all can understand.

Exciting Ball Game

One of the most exciting ball games of the season was played in Jayton, Tuesday afternoon between Girard and Jayton. Girard has been laying it on the Jayton team for some time but this last game was different. Jayton took a long lead in the first innings and for a time it looked as if they were going to make a run-a-way with the game. But eventually the luck changed and the Girard boys began to

J. E. McKenzie, Kent County Pioneer Buried Last Sunday Evening

Last Sunday afternoon a vast throng of loved ones and friends of J. E. (Uncle Bud) McKenzie gathered at the First Baptist Church to pay their last earthly tribute for love and respect to one of Jayton's oldest and most honored pioneers.

After having resided in Travis, Mason, Eastland, and San Saba counties Uncle Bud as he was known to all his friends, came to Kent County and settled on a tract of land, part of which is now included in the city limits of Jayton, more than 35 years ago.

There was no Jayton at that time of course only the ravious crys of the wild animals or fowls of the air broke the still silence on the broad prairie that is now Jayton and the surrounding farming community. Since the day of his coming until a few months before his death "Uncle Bud" played a noble part in the rapid development of the religious, civic, and moral life of this country, giving liberally of his means, time, and energy to every worthy cause.

Mr. McKenzie was for many years chairman of the Board of Deacons of the Baptist Church, and at the funeral services last Sunday the deacons of the church acted as ball-bearers. Rev. W. T. North former pastor of the Church conducted the services. The singing was led by Mr. R. D. Hill one of the deacons. Prayer was offered by Rev. Fred McPherson present pastor of the church. The scripture was made and an eulogy delivered by Rev. J. V. Bilberry pioneer Baptist minister and a boyhood playmate of Mr. McKenzie's. A special song, "How Beautiful Heaven Must Be," was rendered by Miss Durham, Miss Holley and Bro. North. The services were concluded with a sermon by Bro. North.

After the Church Services his body was layed to rest in the Jayton Cemetery.

Though the Lord spared the great and good man to live with us more than 75 years, we will sorely miss him, and extend to the family our deepest sympathy.

— Bro. McPherson.

Baptist Revival To Start Sunday, August 2

Dennis P. Ratliff Elected District Judge

Our information on the District Judges Race, is that Ratliff has a majority over Grindstaff of between 1800 and 1900.

Time Ripe To Fill Trench Silos

Two trench silos have been filled in the Jayton Community during the past few days. L. O. Meyer put up approximately nineteen tons last week and Tom Murdoch thirty tons this week. In each case the feed was cut by an insilage cutter. Mr. Mayer did not have enough feed to fill his trench; so he filled only one end and plans to fill the other with bundles as soon as his feed is mature enough. This will give him a test to determine which method is the more satisfactory.

A number of farmers in each community of the county have been inquiring about the value of the trench silo as a storage place for feed. A number of them have expressed that they wanted to store at least a part of their feed in this manner. The Trench Silo is comparatively new in this area, but it has been thoroughly tested in other sections and proved to be highly successful in every way. It is the cheapest and best method of storing feed that has been found. Eudora Dairy Special Extension Service feed silo.

Entered as second class matter February 10, 1921, at the post office at Jayton, Texas, under the Act of March 3 1879.

SUBSCRIPTION PRICE PER YEAR \$1.50

SWIMMING HAZARDS SHOULD BE HEADED

Austin, July 29 — In Texas, during 1935, there were 371 deaths from accidental drowning, according to records in the State Bureau of Vital Statistics. This is an increase of 54 over the number reported for the year 1934, and an increase of 85 over the number reported for 1933.

"While water sports are the greatest of all sports during the summer season, they present certain hazards which should be headed," said Dr. John W. Brown, State Health Officer. "Accidental drowning would not occur if each individual respected the fact that water is not man's natural element, and governed his activities in the water by standards of safety.

Certain precautions should be taken by all swimmers:

1. Never swim alone — especially in deserted places where no rescue is available in case of an emergency.
2. Do not let young children go out in deep water even if they know how to swim, unless older person proficient in life saving, is with him.

3. Do not go bathing directly after eating. Wait two hours before taking the plunge.

4. Do not dive in unfamiliar places until you are sure of the depth of the water and the absence of rocks.

5. Do not overtax your strength, work up gradually to a long swim by strengthening the muscles first.

6. Do not swim when fatigued.

7. Do not create a hazard for other swimmers by childish pranks and smart tricks.

"Accidental drownings, with few exceptions, occur through lack of proper safeguards or in places without adequate supervision. Take your swim in one of the approved sanitary swimming pools now available in most communities, and help reduce the deaths in Texas from drowning."

GOV. ALF M. LANDON AND CONSTITUTIONALITY

Mr. Hearst's New York Evening Journal uses the Social Security constitutional amendment proposed by Gov. Alf M. Landon's legislature as a peg on which to hang a "comparison" of the Kansas executive with President Roosevelt. The Journal seeks to create the impression that the Governor has always been careful not to violate the Constitution, while the President has "jammed through" emergency legislation "regardless."

"Just to keep this record straight," remarks the Philadelphia Record (Ind.), "Gov. Landon has on five dif-

ferent occasions run head-on into the Kansas Supreme Court during his three and half years as Governor of that State.

"Five bills signed by Landon were declared 'unconstitutional' by the Court. Not a bad record for a Governor who has managed to do as little as Landon."

"TEN HIGHEST SPOTS IN RECOVERY MARCH"

Power Consumption: New all-time peak.

Steel Operations: Highest since April, 1930.

Retail Sales: Heaviest in five years.

Buiding: 62 per cent above a year ago.

Carloadings: Best for season since 1931.

Gasoline Consumption: Breaking all previous records.

Lumber Production: At a new peak since May, 1930.

Automobile Output: Best since the boom.

Payrolls: Double the depression bottom.

Business Failures: At all-time record lows.

WAR CLOUDS

Civil war in Spain threatens the peace of the world again. From what we read in the Daily Papers, its cause neighbor against neighbor and war to the death.

Others nations are all sending war

ships to give protection to their citizens and it always possible for a spark to touch off a keg of powder the blast of which could be heard around the world. In China, war famine and floods are killing off the people by the millions. The African situation is none to peaceful and we read in Wednesdays papers where the Italians had killed another thousand Ethiopians who attempted to sever the Italian communication with the coast cities and their source of food and ammunition supplies. In the U. S. A., we are having droughts, floods, storms, high waves, and hot political campaigns, but these are troubles and the end is not yet in sight.

ROAD RACING LESS DANGEROUS

About a generation ago, automobile road races were held periodically in many part of the country, and were one of the most popular and thrilling of the hazardous sports.

The races were customarily held over public highways between important communities, and ranged in length from 100 to 500 miles. On race day, no other traffic was permitted to use the roads. Every precaution was taken to keep the right of way clear for the daredevils who were competing. The cars used were naturally in the pink of condition, and every driver was a qualified expert. No inexperienced driver took the wheel in a roadrace, if he did, his demise was a question of time.

But road races were eventually outlawed, principally because of the great dangers inherent in the sport. Deaths and injuries — to spectators, as well as participants — became too common.

Today our highways are thronged with cars which travel at speeds much greater than those attained in the old race days. Many of these cars are in bad mechanical condition, with faulty brakes, jittery steering, glaring or weak lights, worn-out tires. Many of them driven by drivers who are incompetent or reckless and, in some cases, physically incapacitated. It's likely that an old-time racing pilot would rather drive a car in a road race than take a chance on the highways of the present.

It is any wonder the automobile death toll continues to soar. No wonder 36,000 lives are sacrificed carelessly — that property loss each year to the gods of speed and from accidents runs into untold millions — that thousands of persons are seriously injured.

Until America moves aggressively against incompetent, reckless and speed-mad drivers, and out-of-repair cars, our grisly accident record will continue to get worse, not better.

Election Is Over

While the first election is over we are in the runoff for your business and are going strong for your cash trade. We have plenty of summer merchandise that needs moving to make room for the big fall stocks that will be arriving soon. The weather is plenty hot and will be that way for some time so do not hesitate to buy liberally while the prices are low and you have plenty of time to wear summer merchandise.

SAVE THAT FEED

The Case row binder is the best machine on earth for saving that feed crop. We have a car load and they are here for you at prices you can afford. Ask about them.

Groceries

When it comes to groceries you can get them here and make a saving whether the bill be large or small. The following price quotations will put you wise.

- LOUR, Texas Lilly, 48 lb. sack \$1.70
- SYRUP, Pure Cane, Gallon 49c
- BUFFED WHEAT, Large pkg. 10c
- CATCHES, Six boxes 18c
- PACARONI and SPAGHETTI pkg, 05c
- MAP, Big Bars, 7 for 25c

hope you live a thousand years, — but not me have a casket for every person and every purse.

ROBINSONS

BUY the New Firestone STANDARD AT Today's LOW PRICE

FIRST GRADE QUALITY—The new Firestone Standard Tire is built of first grade materials, by skilled workmen, and embodies the Firestone patented construction features of Gum-Dipping and two extra layers of Gum-Dipped cords under the tread.

GUM-DIPPED CORD BODY—Every cotton fibre in every cord in every ply is soaked in liquid rubber.

This is the only process known that prevents internal friction and heat, providing greater strength, blowout protection and longer life.

TWO EXTRA LAYERS OF GUM-DIPPED CORDS UNDER THE TREAD—This patented Firestone feature binds the whole tire into one unit of greater strength, cushions road shocks, gives extra protection against punctures.

NON-SKID MILEAGE—The specially designed non-skid

FRONTIER WORTH BANS GYPS

Transport Lines Offer Low Rates to Frontier

A glorified excursion, sans ant-fested lunch boxes, stalled motors and rooks on every corner, awaits the wide-awake this Summer.

Railroads and bus lines are bending over backwards to make things asible and pleasant for Frontier visitors through the Summer.

There's no need in backing an unwilling family chariot out of the garage and bronc-ing it all the way like a. Besides that, highways may be uncomfortably crowded unless your machine is knee-actoned, free-one wheeled and streamlined.

Transportation lines are certain of their heaviest traffic in years this Summer, but they're not taking the customer by the heels and have shaking out his pockets.

There'll be schedules from all points in the United States, and 7-day, 10-day or 30-day excursion whetrates for cities within a 24-hour Govradius.

Main point is that instead of paying more to get the biggest single show in the history of the entertainment world, you'll be paying less.

Same way with buses. Customary rate is a round trip for the double-way fare less 10 per cent. Those who are smart and intelligent and loving enough to come to the Frontier Centennial will get a round-trip for a fare and one-half's worth.

In addition to paring down the rates to meet the pocketbooks, transportation operators are increasing schedules, adding equipment, installing air-conditioning.

Once you get here, Fort Worth will treat you right.

Duck into any restaurant and you can purchase chicken and dump-lings for the same price as ever. Ask for a breezy southeast hotel room and you'd never suspect it could be rented for twice what you're paying. Souvenirs, necessities, clothing and entertainment will wear the same old price tags. The staggering features of the frontier show itself can be seen for a ridiculously low tax.

"We're just square-shooting that's all," says a Fort Worth spokesman.

PRIMARY OVER

All the primary campaigns are over. Remaining are the run-off campaigns, the results of which depend, as usual upon the alignment that come from the swing of the defeated candidates to the victorious.

Generally speaking, all the races have been made cleanly. It is ardent ly to be hoped that they continue to be so. With few exceptions, principally pertaining to last-minute literature, a cowardly procedure that gives the accused not a chance to defend himself, all the candidates have been sportsmanlike to their opponents despite the heat of the campaign. Blow has been swapped for blow, but cleanly and in all fairness, as is expected of a contender.

None of the incumbents expected to enter the campaign without assailed on his record. None of the assailants expected to charge without a rebuttal.

Yet there can be only one to win in each office; several lose. Let it be that the losers lost gallantly with plumes still flying even in defeat. Let it also be that the victors took their winnings with equal graciousness.

The public weary of bickering, of charges and countercharges, admire the one about as much as the other.

And there always comes another day, a trite saying that may as well serve as solace to the loser as well as a warning to the victor.

ALLRED RECEIVES CENTENNIAL MEDAL

Austin, July 29 — A gold medal, designed and executed by McClelland Barclay of New York, world famous artist and sculptor, has been presented to Governor James V. Allred. The medal symbolizes the spirit of the Texas Centennial.

The medal, five inches in diameter, presents it has relief a cowboy mounted on a bucking broncho. It bears the words "Ride 'Im Cowboy" and "Texas Centennial 1836-1936."

as well as a Lone Star and the artist's signature.

Barclay asked Governor Allred to accept the medal as a representation of how non-Texans feel toward Texas and toward him. He is well known in Texas, having visited here several times. He also is a brother of Sheppard Barclay, bridge expert and former resident of Texas where he was engaged in newspaper work.

THIRTEEN EVENTS ON CALENDAR FOR AUGUST

Austin, July 28 — Centennial celebrations scheduled in Texas during August, numbering 13, will include events of wide interest at Galveston and Houston.

Galveston opens the month's celebration with the Centennial Beach Carnival from August 3 to 9 and the Annual Auxiliary Cruiser race on August 8 and 9. Houston's August contribution to the year-long statewide observance will be the celebration of the anniversary of the founding of the city on August 30.

Other Centennial celebrations during August are as follows:

August 10-15 Alpine, Centennial celebration; August 11-14, Terry, 19th Annual Agricultural fair; August 18-20, Johnson City, Texas Angora Goat Raisers show; August 19, Panna Maria Centennial reunion; August 20, Weatherford, Old Settlers reunion; August 20-22, Colorado, Homecoming celebration; August 22, Perryton, Birthday party; August 24-29, Gainesville, Cooke County Fair; August 27-28 Roaring Springs, Dickens-Motley Old Settlers reunion, and August 31-September 5, Greenville Hunt County Fair.

1927 BRIDGE CLUB

An attractive party was given by Mrs. Sandell at the home of her daughter, Mrs. Van North last Thursday afternoon as a courtesy to members of the club.

After games and presentation of gifts to Mrs. Bake Robinson for high score and Mrs. Bill Daniels for low, a delicious salad course was served.

Member present were: Mesdames McLaury, North, C. Robinson Jr., Brown, Thorton, B. Robinson, Earnest, Kelly, Jay, Daniels and Miss Mary Robinson, and the hostess.

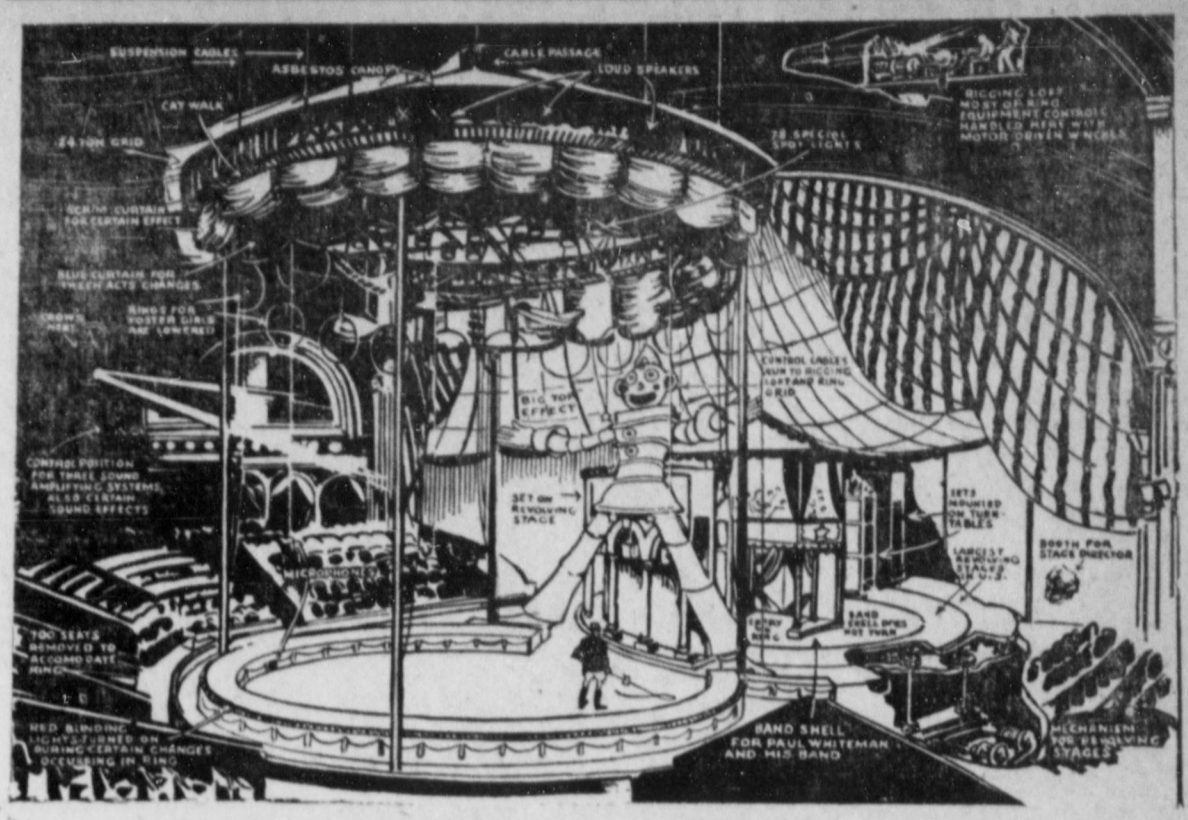

Frank Howell was social with friends this week. Frank's home is in Comanche county.

G. H. Brown and wife are spending the week in Oklahoma with Mrs.

The Prince Theatre added a new sound system to their equipment this week which gives Jayton the best equipped small theatre in all West.

The gamest fellow in the world is the game loser, and he will win eventually in fact he is already a winner. Were you a game loser?

What Makes the Wheels of Jumbo Go 'Round

Artist's Conception of the Innards of Billy Rose's Spectacle

Billy Rose's circus-musical comedy-drama-revue-extravaganza "Jumbo" will be seen to even greater advantage during its stay at the Fort Worth Frontier Centennial than during its season-long run at the New York Hippodrome. True nearly a quarter of a million dollars was expended making the famous Manhattan playhouse habitable for the elephantine spectacle.

But the "little ol' cow town way out west" has gone the big town on the Hudson one better. At Fort Worth a complete circus amphitheatre has been constructed, the first to be devoted exclusively to a circus in over seventy years. Designed and supervised by Albert Johnson it represents an investment of \$300,000.00, over a third of which is allotted to electrical equipment and another \$100,000.00 to paraphernalia.

Washing Made Easy

Do Your Laundry where washing is a pleasure. Clothes Bleach out and look their best when washed this Modern Way. We guarantee you to be more than just pleased. Did you know that there are a large number of washing machines in Jayton that are set aside and their owners are now doing their laundry at this place.

Why? Because everything is so handy. No heavy tubs of water to lift. No water to worry about heating even in rainy weather. Your Washing Problem is solved when you do your laundry at the Helpy Selfy. Our Prices are —

Considering how fine this railroad transportation is nowadays, you can't travel any cheaper. Fares lowest in history—substantial savings on round trip tickets. So why not take the train? It's safer. It's more dependable.

You can't beat the improved travel comfort in coaches and sleeping cars. It's a good thing movies don't have such restful seats—most folks would sure fall asleep.

Ever hear about the new Free pick-up-and-delivery of less than carload freight? It's a great convenience to shippers and receivers alike. Western railroads pick up at the door, ship by fast freight, and deliver to door at no extra charge.

Railroad trains are running on faster schedules these days. Seems like the iron horse wants to show these new streamlined diesels that he can step out, too. Both passenger and freight schedules have been speeded up.

What's more, the railroads believe in "safety first." Last year not one passenger was killed in a train accident on western railroads.

Talk to your local railroad agent. He's full of information about traveling and shipping.

We are proud of railroad achievements, appreciate the public's good will and increased patronage, and pledge continued progress.

"To insure SAFETY, COMFORT and ON-TIME SCHEDULES for our 30,000,000 PASSENGERS, Firestone GUM-DIPPED TIRES are used on Greyhound Buses"

Says C.E. Wickman, President, Greyhound Corporation, world's largest highway transportation system

FOLLOW the lead of big tire users who buy only on proof of performance.

Last year Greyhound buses traveled 138,000,000 miles from Coast to Coast and from Canada to the Gulf across deserts and over winding mountain roads.

They have won the National Safety Council's highest award in inter-city bus operation for the past four years. This is indeed a tribute to careful driving, efficient equipment and the reserve safety of Firestone Tires made possible by the Firestone Patented Process of Gum-Dipping which prevents internal friction and heat.

Firestone Gum-Dipped Tires run up to 28° cooler and give greatest blowout protection—the scientifically designed non-skid tread will stop your car up to 25% quicker and give you 50% longer non-skid mileage.

Take no chances! Buy your tires on proof of performance. Let us equip your car today with Firestone Gum-Dipped Tires, the Masterpiece of Tire Construction!

Visit the Firestone Exhibits at the Great Lakes Exposition in Cleveland and the Texas Centennial in Dallas.

FOR 25% LONGER TIRE MILEAGE EQUIP YOUR CAR WITH Firestone SEALTYE TUBES

A special compound on inside of tube seals the inner surface against leakage. By maintaining a constant air pressure, Firestone Sealtyle Tubes will increase your tire mileage 25%.

4500 GUESTS CAN DINE AND DANCE UNDER MILKY WAY

That Casa de Manana, the House of Tomorrow, is 100 light years ahead of anything else of its type in the world came from Billy Rose's own lips. He should know. He's seen 'em all at home and abroad. Besides Billy is director of the Fort Worth Frontier Centennial on whose spacious esplanade the gaudy facade of Casa Manana fronts.

To begin with, it's the largest cafe-theatre in the world. As another staggering item, it contains the biggest revolving stage in the universe. Compare its 130-foot diameter with Radio City Music Hall's 40-foot one and what do you get? Artist's Conception of What the Casa Manana Looks Like

The dizzying array of 600 arches in the building pattern suggests a general style copied from the land of the bullfighters. Dotting the huge tiered amphitheater will be tables, where 3,500 guests may wine and dine. More secluded parties can be arranged for balcony tables. The brilliant blue and white contrast will, to say the least, knock your eyes out.

There inside as Paul Whiteman twitches his baton to extract rhythm from the orchestra, the stage will spin around on a mammoth pool to reveal an elaborate setting for the glamorous show guaranteed to quicken the pulse.

With modest pride there will be presented Texas' own fairest daughter, Faye Cotton of Borger, winner of 75-city "Texas Sweetheart Contest," glittering like a Hollywood premiere in a \$5,000 gold mesh gown. Other blossoms of

the Texas plains will hold their chins up among the Broadway show girls. Big-name stars of radio, stage and screen will have you rubbernecking. Shirley Temple, Dick Powell, Fannie Brice and Everett Marshall to name a few.

If you can come down to earth after the show there will be moonlight dancing designed especially to start a romance and patch up a quarrel each time around the floor. And here's where sweet revenge comes in for the females. There'll be a Prince Charming for every Cinderella.

If the boy friend winks at a beautiful chorine drifting past in a gondola, the jilted femme can pick a waltz partner from a stag line of 100 bona fide dukes, counts and princes.

To say it is colossal dwarfs its real magnitude.

Holy City Exhibit

Dallas, July 28 — One of the largest as well as finest religious art exhibits ever shown in this country is assembled in the Holy City at the head of the Midway at the Texas Centennial Central Exposition. Included in the exhibit are more than 200 authentic shrines of the Holy Land.

The master piece of the display, however, is the 8 foot mother of pearl, hand carved cross designed and assembled by Antonio Bartlio in the Holy City of Jerusalem in the eighteenth century. The crucifix, which displays the fourteen stations in the life of Christ is made up of more than 15,000 pieces of mother of pearl and took more than ten years to complete.

The Lord's Last Supper, another kind of art treasure, also executed by Bartlio is the only one of its kind in the world. Made of colored mother of pearl it delineates the detail of the Leonardo d'Vinci painting in the most minute conception. This carving is over 200 years old and contains over 3,000 separate pieces of mother of pearl.

There is a series of over 200 water colors depicting the story of both the Old and the New Testaments. These were done on actual location in the Holy Land.

More than a million people visited the Holy Land exhibit during its two years' showing at the Century of Progress Exposition in Chicago and the unanimous expression of its many appreciative admirers was, "It is the next best thing to a trip to the Holy Land itself."

Have Name Bands

Dallas, July 28 1936 — Ted Lewis world famous "Is Everybody Happy?" band, with his high top hat and cane, led a parade of name bands into the Streets of Paris at the Texas Centennial here, and will close his engagement on Saturday night, it has been announced here by John McMahan, general manager of the Parisian Village attraction.

Lewis will be followed in close succession by Frankie Masters who will play from August 1 to 3; Ira Huton, August 4 to 11, and Isham Jones whose band will be presented nightly for two weeks beginning August 12.

These famous bands will be an added attraction and will be presented in addition to the second edition of the Streets of Paris French Revue, which is now playing. Featured in the French Revue are Mona Leslie, the diving Venus who does an entirely nude dance; the Clymas troupe, internationally famous knife throwing pantomime adagio dancers; Alene and Evens, novelty acrobatic dancers; Lady Godiva who rides as did the original unclothed and unmasked each night at midnight, and a company of seventy-people.

Horse Thief Operates In Dickens County

The good old times of the good old days were lived again in Dickens county last week end when a horse theft appeared on the charge books at the Sheriff's office after Claude Flippin's mount was taken during the Old-Timers picnic at the county capital Friday.

Mr. Flippin of the Croton community rode into Dickens for last day of the big affair and tied his horse to the Midway. Then about 11:30 he decided to start home, but found both his horse and saddle gone. Sheriff Koonsman and his deputies tracked the stolen animal through various parts of the Dickens country, through the Hamby pasture to a point south of Midway Saturday afternoon back to sections of Afton and East Afton before the rider was located through the aid of various citizens Monday afternoon about 2:30 o'clock at the Guy Geens place.

A 19-year-old youth giving his name as Johnnie Roan and his home as "any place he could hang his hat" and a person without relatives is in jail at Dickens charged with horse and saddle theft and cutting wire fencing in some dozen places — and the chance of obtaining a free trip to Huntsville soon.

Roan stopped at the Fulinjin place five miles south of Afton Sunday afternoon and ate supper, about an hour later as East Afton he ate again at the Kidd place. There he took a bath and rode on to the Chamber's place and on due west of Afton. Monday afternoon he was back at the Guy Geens place where he asked for his lunch. He was arrested in a lane near that farm by Wayland Lee and Hub Swan of the sheriff's office.

The youth is reported as having slept in the pasture shrubbery during the day and traveled at night. Up on approaching a farm house he would dismount and go on as if he was walking and ask for food. He is not asking food now — the county is feeding him but in the good old days it would have been different.

Words of Appreciation and Thanks To The Voters of Jayton and Kent County

THANK YOU, KENT COUNTY

Thank you Kent County for the large vote you gave me in the first primary. I shall appreciate your continued support, and your vote August 22.

If you voted for either of my worthy opponents who were not fortunate enough to enter the run-off election, I shall appreciate your consideration.

Gratefully yours,
C. L. Harris

A THOUSAND THANKS

Yes, a thousand thanks for every vote I received in the election Saturday. The confidence shown in me by the people of Kent County is an inspiration to me to make you the best Sheriff, Assessor and Collector it is possible for me to make. With the wholehearted cooperation of all the people there is no reason why we should not move forward hopefully, and unafraid.

B. A. CUMBIE

MAHON THANKS KENT COUNTY VOTERS

I see by the returns from Kent County that my vote there was almost 4 to 1 over my opponent. Over the entire district it is running three to one. To say that I appreciate this wonderful expression of confidence from the people of my district is putting it very mildly but I hope by my work in congress, to prove to them, if possible, just how great this appreciation is.

Sincerely your humble servant,
GEORGE MAHON

COMMISSIONER SUITS THANKS THE VOTERS OF KENT COUNTY

It is a pleasure to me to be able to say I thank each and all of you who voted for me in the first primary. As my work kept me from making a close canvas of the precinct, and will more than likely handicap me in the runoff I am again asking my friends to fall in line and give me their assistance in the runoff.

If you will do this I feel sure my re-election is possible and I will be able to complete the work I have undertaken for the county and the precinct I represent.

J. A. SUITS

TO THE VOTERS OF KENT COUNTY

I want to express herewith my most sincere appreciation of your very gratifying vote, at the polls last Saturday, in my unopposed campaign for the office of County Attorney. It will be my constant purpose to serve the people of Kent County to the best of my ability.

Sincerely Yours,
SAM F. STEELE

F. C. Whitford a former Kent county citizen but now living in Dickens county was seeing Jayton friends Monday. His health which has been bad for some time has greatly improved.

R. B. Corder was taken to Abilene last Sunday for medical treatment. Mr. Corder has been in poor health for several months and his Jayton friends hope that when he is able to come home this time that his health will be entirely restored.

DENNIS P. RATLIFF THANKS THE PEOPLE

It appears from the returns of the Democratic Primary of last Saturday, that I have received the nomination for the office of District Judge by a substantial majority.

I deeply appreciate this expression of confidence in me, on the part of the people of the district, and take this method of thanking them for their loyal support. I shall endeavor to discharge the duties of this highly important office, fairly and impartially, and to the best of my ability.

Sincerely yours,
Dennis P. Ratliff

MRS. PAGE THANKS THE VOTERS

I am sincerely grateful to all those who supported me in my race for County and District Clerk. When I entered this race I was a stranger to most of the people of the county as well without experience in politics. While I hoped to be elected I am pleased with the showing I made and appreciate the vote given me more than I have words to express. Two years from now I may be seeing you again.

Mrs. Lamora Page

French Robinson and Ben Charlie Chapman of Haskell were Jayton visitors Tuesday afternoon. They are rival candidates for the district attorney's office.

To say the least of it there has been one speck removed from political life in the 19th congressional district.

THANK YOU!

Words cannot express my appreciation for the support given me in the primary.

I commend the defeated candidates for their fair and honest race.

To those who did not support me, I earnestly solicit your support in the run-off.

I am considered a new hand and will do my best to make good if elected.

Sincerely
Tom Hunnicutt

TRULY APPRECIATES

The splendid vote given me Saturday by the voters of this County places me under lasting obligation to you to make the best County and District clerk possible. It will be my earnest effort to prove my appreciation by rendering a service satisfactory to you in the smallest detail.

W. T. CATHEY

This late Thursday afternoon we are enjoying a cooling breeze and the clouds look promising. It has showered in several directions from Jayton and we are hopeful of receiving a little moisture for this part of the county.

The infant son of Merle Jay and wife was taken to the Lubbock sanitarium the first of the week is reported as doing nicely and they hope to be able to bring him home today.

Will McKinzie and a party of Peacock friends had business in Colorado, Thursday.

TO THE PEOPLE OF THE 39TH JUDICIAL DISTRICT

Thanks to the two thousand of you who voted for me for District Attorney and all who have helped in this campaign. This expression of your confidence in my character and ability will ever remain a great inspiration to me. I hold nothing against my two friends who ran this clean race with me, nor against any of you who voted for either of them. This campaign has been a pleasant new experience for me, and I am glad to have made many new friends.

Yours sincerely,
VERNON D. ADCOCK

Mr. and Mrs. Will Gardner will leave Sunday for Colorado on a vacation visit to Melvin Landers.

Quite a few Jayton and Kent county folks are planning a motorcade to the Centennial celebration at Dallas the first of September, or just before the opening of school which has been set for September 7th.

W. J. Garrett had business in Abilene, Wednesday.

Will McKenzie and son J. E. have made a purchase of 15 registered bucks to go their big sheep ranch N. E. of Jayton.

Mrs. Mary Stanley's youngest son Jiggs is in the Sanitarium at Lubbock recovering from an operation for appendicitis.

Judge J. B. Earnest, Commissioner J. A. Suits and Mr. J. H. Montgomery had business in Paducah, Thursday.

TO THE PEOPLE OF KENT COUNTY

I gratefully appreciate the splendid vote given me in the first primary in my race for District Attorney, and I wish to thank every person in the county for the vote given me and for the kindness and courtesy shown me during the campaign.

I earnestly solicit and will deeply appreciate your vote support and influence in the second primary, and if elected I will do my very best to discharge the duties of the District Attorney's office in an honest, fair, and conscientious manner so that I may merit your confidence.

Sincerely,
BEN CHARLIE CHAPMAN

M. F. CHILDRESS THANKS THE VOTERS OF STONEWALL CO.

Peacock, Texas
July 29, 1936

To My Friends;

I wish to thank my friends over Stonewall County for their vote and support. It is a pleasure to know that I carried my home box by a big majority.

I have no alibi and no grudge, the other fellow won, I lost. I tried to run a clean race based on my merits.

I am proud of the new friends I made during my campaign and it is only with gratefulness that I say,

Thank You,
M. F. Childress

We hoped there would be a drop in the temperature after the election but our hopes were in vain, it getting warmer every day.

August the First is Our Feature Day

Many Great Bargains Featured On First Saturdays. Join The Crowds That Trade Here And Save Money;
