

THE JAYTON CHRONICLE

VOLUME XVI

JAYTON, KENT COUNTY, TEXAS. FRIDAY, SEPTEMBER 4, 1936

NUMBER 36

A. E. F. To Have Reunion at Dallas

Commander in Chief of the VETERANS OF FOREIGN WARS James E. Van Zandt of Washington, D. C. and Major General Frank Parker Commanding General of the 8th Corps Area U. S. Army, Lt. General Robert L. Bullard President of the National Security League will all assist Maj. Gen. Beaumont Buck the National Chairman in formally opening the First National AEF REUNION in Dallas September 10th, 1936 on the grounds of the Texas Centennial. The Reunion will be held four days September 10th thru 13th inclusive. Each of the Divisions of the Army as set up in the National Defense Act will have special days. September 10th being Regular Army Day honoring the 26th thru the 42nd Divisions AEF, September 12th will be National Army Day honoring the 76th thru the 92nd Divisions AEF, September 13th will be combined Army, Navy and Marine Day with Memorial Services that night. Many of the life time friendships formed on the field of battle and the training areas of France will be revived at this first Reunion. Many Last Man Clubs formed around the Vin Rouge tables in France will hold their first meeting here 18 years after. Inquiries have been pouring in asking about Buddies of the old outfit and already Small Battery and Company Luncheons are being arranged. The daily programs have been co-ordinated that each morning Company, Battery Regiments and Naval Ships will meet and many a happy hour will be spent when these veterans fight over again those long marches between poplar trees, the dangers of the front, and the long wait to return home. Eighteen years have passed and again the Veterans want to see that Buddy of yesterday who shared a common danger while in the service of our beloved America. Every AEF Veteran should make every effort to attend this first National Reunion of their Buddies. Special rates on all railroads and Busses.

Examination For Post Office at Clairemont

Receipt of applications to close September 18, 1936.
The date for assembling of competitors will be stated in the admission cards which will be mailed to applicants after the close of receipt of applications.
The United States Civil Service Commission has announced an examination, as a result of which it is expected to make certification to fill a contemplated vacancy in the position of fourth class postmaster at Clairemont, Texas and other vacancies as they may occur at that office, unless it shall be decided in the interest of the service to fill any vacancy by re-statement. The examination will be held at Spur, Texas. The compensation of the postmaster at this office was \$623 for the last fiscal year.
Applicants must have reached their twenty-first birthday but not their sixty-fifth birthday on the date of the close of receipt of applications.
Applicants must reside within the territory supplied by the post office for which the examination is announced.
The examination is open to all citizens of the United States who can comply with the requirements.
Application blanks, Form 9, and full information concerning the requirements of the examination can be secured from the postmaster at the place of vacancy or from the United States Civil Service Commission, Washington, D. C.
Applications must be properly executed and on file with the Commission at Washington, D. C., prior to the hour of closing business on the date specified at the head of this announcement.

Back To Peacock

We received a letter from Ellis Scoggin this week asking us to change his paper from Aspermont back to Peacock where Ellis will again be in charge of the Peacock Bank. Claude McKinzie, will come back to Jayton to his old job with the First State Bank of Jayton. Claude's many Jayton friends will be glad to have him return to Jayton and Mr. Scoggin's many friends will welcome him back to Peacock.

Request For Re-Count Could Not Be Granted

The Democratic county Executive committee met Thursday at a special called meeting to consider the request of J. R. George of Commissioner's Precinct No. 2 for the committee to open the ballot boxes and re-count the votes cast in the second primary in the commissioner's race, which vote as reported stood George 69 and Fuqua 72. After considering the request from all view points it was the unanimous opinion of the committee that according to the primary laws of the state the request could not be granted. All parties interested accepted the verdict of the committee without question and went home perfectly satisfied.

Ginning Underway

The Cotton Gins in Jayton are now getting several bales each day and total for all gins is going above twenty with an increase as the days go by.
Quite a few farmers started picking this week and by the first of next week many pickers will be in the fields. Present indications are that no outside help will be needed to gather this year's cotton crop, while no doubt some few will be used. The hot dry weather has reduced the crop at least half and where we were expecting a 6000 bale crop thirty days ago, 2500 to 3000 is the limit placed on it now. The feed will be even shorter than the cotton.

October Enrollment of Young Men For CCC

There will be an enrollment for young men to attend the CCC camps during the first two weeks of October, in order to fill camps to their normal capacity for the winter.
Young men between the ages of 17 and 29 will be eligible, providing members of their family are now receiving relief in some form or other. However, only one boy who is physically fit for hard labor and who has been out of camp by honorable discharge for at least one year will be accepted from each family.

It will be necessary to furnish figures to the Government before September 15 showing the actual number available in each county, and those boys desiring to go are asked to immediately call on either their County Welfare Case worker or the Texas Relief Commission Case worker in their respective counties. Those who have already made application and not been called are asked to call and advise the case workers if they still desire to go. Both members of Rural Resettlement families are eligible if they are not needed on the farm and meet other requirements. Those who wish to re-enlist are requested to bring their discharge papers with them, so that dates may be correct and no delay occasioned by any omissions. A certificate should be brought from a doctor showing that, after examination, the applicant is found free from all diseases which are contagious, and able to do normal manual labor without danger of injury to himself.
Even though one or more members of a family are working on a WPA project and there is a boy available to enroll, he will be accepted.
C. J. Sweeney, administrator

Baptist Church Announcement

First Sunday in September the general officers of the Church will be elected for the new year.
Everyone come and cast your vote.

W. M. U. SOCIAL

The Baptist W. M. U. held its annual social in the basement of the Church Monday afternoon August 31.

Seventy six guests were entertained. The hall was beautifully decorated as a flower garden. Decorations were in lavender and white. Special honor was given to all ex-presidents, and to Mrs. F. T. Whitaker our incoming president. Refreshments of icecream and cake were served to those present.

Will start my music class Monday September 7 All those interested see me in High School Auditorium —Barney Cox

"Cactus Jack" Welcomed Home

Twenty thousand cheering Texans greeted "Cactus Jack" Garner, vice president of the United States, when the Texas Centennial Exposition in Dallas celebrated his home-coming recently. The Vice President is shown with Governor James V. Allred of Texas as they entered the Exposition Cotton Bowl.

Trench Silo Demonstration

Milton Sandell and A. A. Fry will fill a trench silo on their farms Tuesday, September 8th. Mr. E. R. Eudaley, Extension Dairyman, will conduct a demonstration at each of these places that day. Mr. Eudaley will be at Mr. Sandell's farm, which is located six miles Northeast from Jayton at 8 o'clock on the morning of September 8th, and will be at Mr. Fry's farm, which is located immediately South from the Catfish School in the Northwest corner of Kent County at 11 o'clock A.M.

Mr. Eudaley has had a wide experience in feeding all types of livestock. He has had a broad experience with various kinds of feed storage and is exceptionally capable of explaining the various steps to be followed in storing and feeding different kinds of feed. All the farmers of Kent county are urged to be present at one of these demonstrations. You may be assured that your time will be well spent in listening to Mr. Eudaley for he knows his subject matter and can tell it in an interesting way.

Receives Carton Of Shortening Free

Walton Davis of Jayton has just received an eight-pound carton of Mr. Tucker's Shortening, and mention all over the country for producing the first bale of cotton in Kent County. Mr. Davis and the producers of the first bales of cotton in every county are being given cartons of Shortening by Mrs. Tucker of Sherman, Texas, to show her appreciation to the people who raise the cotton, which furnishes the seed for the cottonseed oil used in the manufacture of her products. Mrs. Tucker's Shortening is made from choice cottonseed oil produced in the Southwest. This oil is not only easily and quickly digested, but its sale helps produce a greater market for the chief money crop in this section.

Landon's Appeal To The Negro

Governor Landon yesterday sent a telegram to a group of negro politicians in Chicago which aimed at luring away from the New Deal those thousands of colored voters who had been traditional followers of the elephant as a political emblem.

Reminding them that the GOP always had been the friend and protector of the negro, Governor Landon made this bald declaration:

"No turn of fortune could change my belief in the absolute equality of all American citizens."

Democratic orators probably will ask embarrassing questions as to just what Governor Landon means by "absolute equality." For one thing it means, in Kansas, negroes and whites attending the same schools.

Folks Let Me Gin Some Of Your Cotton. — Less Matthews.

Gas Installed In County Court House

The commissioners court has let the contract and in fact the work is now well under way to the installing of a modern Gas heating and lighting system in the county court house at Clairemont. The old delco lighting systems has about played out and the old coal stove heating system has been very unsatisfactory for some time, it is not only costly but very much out of date in every way. The new system will be clean, sanitary, and nothing like as expensive. We congratulate the court on this improvement.

Bonds Sold

Bonds voted sometime back for the purchase of the right-of-way for the continuation of State Highway 18 thru Kent county from Jayton to the Dickens county line are reported sold and just as soon as the money is in the hands of the commissioners court work will start on securing the road bed. This will probably take a little longer time than some would think, but this work will be pushed just as fast as possible. The court hopes to get everything in shape and get the road work started so surplus labor in this territory will be provided for during the late winter and early spring. We believe the land owners will be perfectly willing to cooperate with the court and do their part toward getting this work started.

Federal Funds Received For Old Age Pensions

The Social Security Board authorized certification to the Secretary of Treasury the amount of \$907,200 for a grant to Texas covering the month of September for old age assistance, according to telegraphic advice received by Oscar M. Powell, of San Antonio, Regional Director.
On May 21 the Social Security Board announced the authorization of a \$1,181,250 grant to Texas, thus this State to date has received a total of \$2,088,450 covering the first quarter of the fiscal year 1937. These grants include \$1,989,000 which will pay half of any amount, not in excess of a Federal-State total of \$30 a month to an individual, which Texas grants to needy persons 65 years of age or over who are not inmates of a public institution. The total amount also includes an additional 5 per cent, or \$99,450, which Texans may use toward administering its plan or for assistance, or for both purposes.

These allowances made to the State by the Social Security Board, matched funds provided by the State, have made it possible to aid more than 60,000 men and women in the State who are 65 years of age or over.

Nothing To Do
The election is over, the revival meetings for the summer have all closed. There is very little cotton to pick and gin, the hot weather got it. Nothing can be done on the roads until it rains. The Oil Mill is waiting for the cotton crop to be picked and ginned before they can start up, so after looking the situation over carefully we have decided there is nothing now to do but sit around and tell each other how Roosevelt should run the government.

Posted, Stay Out

Notice is hereby given that the Cathy place east of Jayton is posted. No hunting, sand or gravel hauling allowed. Parties guilty of cutting the fence or entering upon this land for any purpose without a permit will be prosecuted to the limit of the law. This means You, Ethel Mayfield, Owner.

Openings in Marines For West Coast Duty

The Officer in Charge, United States Marine Corps Recruiting Office, Dallas, Texas is pleased to announce that 25 men may be enlisted during the month of September for duty on the West Coast. All men between the ages of 18 and 25 who may be interested in enlisting will receive literature outlining the duties and opportunities of a Marine by applying to the United States Marine Corps Recruiting Office, Room No. 822 Allen Building, 1700 Commerce Street, Dallas, Texas. Due to the limited number of men to be enlisted very best type physically, men and morally are to be enlisted.

FAVORS FOUR YEAR LOCAL OFFICE TERM

Austin, Sept. 1. — Representative H. F. McKee of Port Arthur has prepared a constitutional amendment extending to four years the terms of precinct, county and district officials. He will offer it at the regular session of the legislature convening in January and hopes for submission in 1937.

Kent County Asked To Give \$208 For Roosevelt's Campaign

Austin, Sept. 3 — District and County organizations are now active in raising their quotas for the \$250,000 campaign fund in behalf of Roosevelt and Garner, it was announced by Roy Miller, Director of Organization and Finance for the Democratic National Campaign in Texas. Dinners, luncheons and other meetings have been planned all over the state, indicating the enthusiasm with which Democrats are launching the drive.

Already two counties, Duval and Bosque, have turned in their full quotas, \$560 for the former and \$988 for the latter. Archie Pharr, former State Senator, who looked after the Duval collections, is one of the original Roosevelt men in Texas. Vice President Garner and Miller held a conference at Uvalde when the state-wide drive started and he approved the Texas plans, predicting Roosevelt will be elected with ease, but that Texas must and will do her part.

No county has been allocated less than \$100. Harris is highest in the list, with \$30,000, while Dallas is second with \$25,000; Bexar third with \$20,000 and Tarrant fourth with \$15,000. The campaign committee based each county quota at 29 cents a vote cast in the July primary. Kent County's quota is \$208.00.

Even before the drive began many contributions were received at headquarters, all the way from \$1 to the \$10,000 given by Mrs. Clara Sevier, National Committeewoman from Texas.

An unusual development, and yet not surprising to Miller, Garner and Chairman Myron Blalock, has attracted attention. Republicans here and there over the state are bolting and organizing clubs for Roosevelt, the first having been formed in Dallas, these Republicans believing since they shared in the benefits of the Roosevelt Administration they owe him support as a matter of gratitude and loyalty. And to prove it one leading Republican sent in a check for \$500 for the Roosevelt campaign.

Hunt Robbers In Three Counties

Haskell, Sept. 1. Officers of three counties aite today were pursuing investigations into a series of hijacking and wounding of a Guthrie resident, early Tuesday.

First of the hold-ups occurred at midnight at the George liquor package store on the King-Cottle county line, 15 miles north of Guthrie, where J. A. George, 58, proprietor, was shot in the abdomen. The second occurred two hours later at a beer stand at the King county line, west of Benjamin, where 32 cases of beer a rifle, a revolver and \$12 in cash was taken.

George, who was sleeping in front of his store, was accosted by one of two men who alighted from a light coupe, he told officers. He ran inside the building and closed the door, and was struck by bullets fired from the outside.

Meantime a second man went to the back door and attacked George's son, who was sleeping inside house. The younger man wrested gun from his assailant.

The wounded man was taken to a Paducah hospital, where it was said his condition was serious.

The beer stand west of Benjamin, operated by Homer T. Melton and W. T. Ward, was robbed by two men who fitted the description of those who held up the George place, officers learned. The beer was taken away in two lots, one of the hold-up men remaining at the place while the second carried the loot away. Officers believed they were assisted by confederates, traveling in a sedan.

Telephone wires in King county were cut and officers had difficulty in notifying other officers.

The shotgun which young George wrested from his assailant was sent to Wichita Falls for examination by a fingerprint expert.

Sheriff Athur Payne of Cottle county, Sheriff George Humphrey of King county, Knox county officers and state highway patrolmen from Abilene were investigating the crimes.

ROBINSONS

Texas Queen Crowns Texas Queen

Cinderella could do no better than Geraldine Robertson, 17, of Lamesa, Texas, Salesgirl and daughter of a truck driver, this sagebrush blonde of the Texas Panhandle was crowned queen of the Texas Centennial Exposition in Dallas by Ginger Rogers, film dance queen, also a Texan. She received a bona fide film contract with the crown.

Rabbit Gives Tea Parties DALLAS, Texas.—The March Hare, the Mad Hatter and Alice, characters of the Tony Sarg Marionette troupe, are hosts at a series of tea parties to children visiting the Texas Centennial Exposition.

More People at Expo DALLAS, Tex.—Sharp increases in attendance at the Texas Centennial Exposition with the advent of fall is foreseen by Centennial Exposition officials.

The Drought Drama

The Government counting: 956 counties in 22 states. 977 counties in 22 states. 1,044 counties in 22 states. Thus, inexorably, within the last two weeks the number of drought-stricken counties burned over the 1,000 mark as the Department of Agriculture drought committee at short few-day intervals announced its official certifications of emergency areas.

great farming and grazing area of the North Central United States was now near the bottom depth of what appears to be a 46-year precipitation cycle "in some way associated with cycle variation in the radiation output of the sun." This was the word of the Smithsonian Institution in Washington. There must be extensive migration of families from the drought-whacked area of the Great Plains, advised a study made public by the University of Pennsylvania.

3 BIG HITS FOR PARAMOUNT WEEK

Sept. 6th to 12th. See Them All!

The Camera Never Lies But Liars Take Pictures

When the Republican National Committee shows its film of that side walk in Arcadia, Mo., audiences will be aghast to discover that the WPA

paid \$20,098 for a cow promenade. As the camera never lies, the evidence of course, is indisputable. There is the sidewalk and there are the cows. And there, with his arms on a railing, is a farmer saying: "These cows sure do enjoy walking on those sidewalks, all right."

The audiences will not know the charming little scenario behind the film. It will not be told how a movie director and two cameramen went to Arcadia to supply visual proof of a statement in a G. O. P. pamphlet that the New Deal built a sidewalk for cows; how they rented six cows from George Mayes for \$25, trucked them into town at 5 a. m. and led them to the sidewalks; how they paid John New \$1 a minute to supply the speaking part; how they were run out of town by the Marshal when their object became known.

No, the camera never lies, but liars sometimes take pictures.

Profits Count

The American business man is slightly bewildered by some of the newspapers.

As he reads the financial pages he feels that all is well with the nation. He learns that unemployment is declining, that payrolls are advancing, that the stock market is rising, that bank deposits are increasing and that the general business outlook is brighter than it has been at any time since the crash of 1929.

The turn to the editorial page finds that all is dismal again. The country, under Roosevelt is on the road to perdition! What does it matter that unemployment is declining that payrolls are advancing, that the stock market is rising and that bank deposits are increasing? Impending ruin of the nation can be halted only by the defeat of the New Deal! Talk of recovery is only a sham!

But the American business man has one sure way of settling this in-

teresting difference of opinion between financial writers and editorial writers.

He can go to the office and count his profits.

FOR YOUR HOLIDAY TRIP**

FEW car owners realize how easily an otherwise perfect Labor Day trip can be spoiled by tire trouble. Now Firestone makes it possible for you to equip your car with four new tires that will give you blowout protection, non-skid safety and long mileage — at prices remarkably low.

Ever since the introduction of the new Firestone Standard Tire the Firestone factories have been running day and night to take care of the demand. Car owners were quick to recognize the outstanding safety and economy of this remarkable new tire. The extra values in the

new Firestone Standard Tire are made possible because Firestone saves you money five ways — buying better raw materials at the source, controlling every step in processing the raw material, more efficient tire manufacturing, volume production and more economical distribution.

Football at Texas Tech

Lubbock, Sept. 3 — First day sales of season tickets to Texas Tech's Red Raiders' home games reached a total of 400, Bo Williams, graduate manager of athletics at the college said. The tickets, including admission to six home games, went on sale in downtown Lubbock Monday. Williams said only 1,000 season tickets had been printed, and they will not be sold after Sept. 10. On that date tickets to the Texas Tech-T. C. U. game will be offered.

The clash with Dutch Meyer's Southwest Conference championship team highlights dedication ceremonies for the new Tech stadium here Sept. 26. This will be the second game of the season for the Red Raiders. By that time they will have met the Texas Wesleyan Rams, now in their second year of competition. The Raider-Rams tilt is set for Sept. 19. Other home games will pit the Red Raiders against Oklahoma City University's Goldbugs on October 3 and against the Centenary Gentlemen October 24. In November home fans will view flashy contests against the Oklahoma Aggies and Dea Paul Demons.

Coaches Pete Cawthon and Dutch Smith will start grooming the Raiders nine days before the T. W. C. game, according to Border Conference rules. After spending the summer on farms, ranches, and construction gangs, Matador footballers will return next week, ready to don the scarlet and black uniforms which have earned for them the monicker, "Maroon Marauders."

Uncle John Overton is able to ride to town and spend a short time visiting with his friends these days. We are happy to see him able to be up and going.

Will start my music class Monday September 7 All those interested see me in High School Auditorium —Barney Cox

garden was laid with tile and been irrigated from a well.

TRY VALUED AT \$80

spite of the dry hot weather summer Mrs. Ernest Clark, pan- demonstrator for the Jayton club conserved about 360 quarts of as and vegetables. The pantry is ed at about \$80.

rs. Clark's pantry has beets, k eyed peas, English peas, green s, squash, corn, pickles, tomato- reish, peaches, grapes, grape s, and dried peas and beans for

The Clairmont home demon- stration club met Wednesday September 2 with Mrs. Doris Underwood.

Mrs. Van North, delegate to short course gave reports on the lectures and demonstrations she attended at short course. Her main report was "On Being Well Dressed."

Johnston Grass Seed

Farmers in Bell County evidently have heard and heeded the adage that there is more than one way of choking a cat. For there came a news item this week from that section to the effect that farmers are receiving a financial return from an unexpected source this year, the money coming from the sale of Johnson grass seed. Johnson grass, as any Texas farmer can testify, is the worst enemy of crops in many sections of the State; certainly, it is no joke among the men who farm the fertile lands of Bell County.

Several combines have been operated in fields of Johnson grass in Bell County for several weeks, threshing the seed from the grass. And the seed is being sold to dealers who will in turn sell it to farmers and cattlemen who want to plant Johnson grass on land which will be grazed by livestock. Farmers have not, of course, become wealthy from

selling the seed, but some of them have netted from a dollar to a dollar and a half per acre from sale of seed—and they retain the hay, which will be cut and baled for their own use. They figure, and rightly, that any direct revenue coming from Johnson grass is that much profit. Which, incidentally is probably one reason why they are making their own living as farmers instead of being on the relief rolls.
