

THE JAYTON CHRONICLE

VOLUME XVI

JAYTON, KENT COUNTY, TEXAS FRIDAY, OCTOBER 2, 1936

NUMBER 43

Advertising Texas Will Pay Big Dividends

Houston, Texas, Sept. 25. Lieutenant Governor Walter F. Woodul today issued the following statement relative to an advertising campaign for the state:

"Business Week, issue of August 29, shows the following percentage of gain in Texas the first six months of 1936 over 1935 as follows: passenger car sales plus 11; commercial car sales plus 25; household refrigerator sales plus 17; value of checks drawn plus 17; electric power output plus 14; and heavy construction plus 93. Texas is definitely on the upgrade.

"On two of the tax items that visitors from out of the state help us pay, the figures in the State Comptroller's office show we collected \$4,047,409 more on gasoline taxes for the 12 months ending September 1, 1936, over the same period ending in 1935, and a like increase in cigarette taxes of \$1,121,723.

"Better business helps the taxpayer to meet the burdens of taxes. It is estimated there is some \$25,000,000.00 in delinquent taxes due over the state. Should Texas pursue a five year advertising program men and money will come to Texas and create a market for real estate with increased prices, and when real estate trading again becomes a fact and not a recollection, one of the first and most natural results will be to clean up in a large measure this delinquent tax situation. I confidentially expect as a result of five years of advertising and publicizing Texas, we could in that time collect enough of these delinquent taxes to pay the cost of the campaign and wipe out the State deficit, not to mention the money benefits that would accrue directly and indirectly to every citizen of Texas.

"Texas, as one of the world's most powerful business institutions with an annual 2 1/2 billion dollar spendable income from sales of oil, cotton, lumber and other products, is like a giant department store with varied products for sale, and should advertise itself as such.

"Advertising should triple the value of Texas industrially in five years, and the greatly increased population would better distribute taxation—consequently lowering cost to individuals for the maintenance of State, country and city government. It is safe to predict that a million dollars a year spent for advertising Texas as the next five years would return to Texas a hundred dollars for each dollar spent, and prove of real benefit to every individual citizen."

1927 Bridge Club

Seven members of the bridge club met at the home of Mrs. Mason last Thursday where she entertained with two tables of contract.

Gifts were presented at the end of the games to Mrs. Brown for high score and Miss Mary Robinson for low.

A delicious refreshment plate consisting of tuna fish sandwiches, peaches topped with whipped cream, cake and hot tea was served.

Mesdames—B. Robinson, North, Daniels, Earnest, Thornton, Brown, and Miss Mary Robinson were present.

Results of a recent survey of the minerals of Texas by the mineral resources committee of the Texas Planning Board are being put into booklet form for the use of industries interested in Texas minerals.

Last Wednesday night, September 23, Mr. Hassel Elliott and Miss Elsie McGee were united in marriage at the Baptist Parsonage by Rev. Fred McPherson. The friends of this young couple wish for them a long and happy married life.

Recent tests made for the Texas Planning Board's land use committee show that beef cattle can be finished for market in Texas just as well as they can be finished in the famous mid-west finishing areas.

Judge J. B. Earnest, Merle Jay, A. L. Houston and C. R. Kelley went to Lubbock last Saturday night to see the football game between Tech and T. C. U.

Williams is now employed at the Agents office.

Mrs. Monroe Davis Honored With Shower

Friday afternoon at the Methodist church in Jayton, Mrs. Monroe Davis the former Miss Pearl Fuller, before her marriage Sept. 12, was honored with a bridal shower, hostesses being Mrs. W. M. McLaury, Mrs. H. D. Black, Mrs. Charles Robinson Jr., Mrs. M. V. Jay, Mrs. Bernard Cox, Mrs. C. R. Kelley, Mrs. Oscar Hargus, Miss Doris Mae Sewalt.

As the guests arrived they were greeted by a receiving line of Mrs. W. M. McLaury, hostess, Mrs. M. D. Fulmer, mother of the bride, Mrs. Monroe Davis, bride, Mrs. Walton Davis, mother of the groom, and Miss Edna Davis, sister of the groom, who received the gifts. Music was furnished by Mrs. Bernard Cox while Mrs. Charles Robinson presided over the lovely hand painted bride's book. As the guests arrived they were ushered to the basement where a dainty refreshment plate of cream ritz sandwiches, cake and coffee were served by Mrs. H. D. Black, Mrs. M. V. Jay, Mrs. Oscar Hargus, Mrs. C. R. Kelley and Miss Doris Mae Sewalt.

Nuptial plate favors were miniature shoes with bags of rice on each and napkins with bride and groom.

A very interesting as well as beautiful program was enjoyed by all. The first number being a song "The Wedding Bells Are Breaking Up That Old Gang Of Mine," by Doris Sewalt, Eugenia Smith, Bess Porter, Lucille Fuller and Pauline Hall. A musical reading "That Old Sweetheart Of Mine," was given by Mrs. J. B. Earnest. A Tom Thumb wedding was then presented with each child in appropriate dress, and beautiful cut flower bouquets for all the brides maids and flower girls. Members of the wedding party were:

Joe Harrison, Minister; Deanie Branch, bride; Don Jones, groom; Taylor Van Zandt, best man; Richard Hembree, father of the bride; Maud Brown, matron of honor; Bobbie Fuller, maid of honor; Mae Jones, ring bearer; John Kelley and John Davis, train bearers; Janette Raney, Annette Raney, Betty Thornton, and Nina Hall, flower girls; brides maids and attendants, Betty Joyce Benton, Jr. Davis, Anna Sue Hembree, Earl Harrison, Lucille Robinson, Jimmy Matthews, Rhoda Lou Kelley, Bobby Scrouls, Peggy Robinson, Rae Smith, Ollie Engledow, Bobby Cox, Janice Jones and Joe Steve Earnest.

The wedding march was played as they entered and "I Love Yoy Truly" was sung by Sallie Bess Robinson and Taylor Van Zandt.

The bride presented her beautiful bouquet to Mrs. Davis and a note therein presented the gifts.

One hundred and thirty two names were registered in the bride's book.

Garner Will Help

Austin.—Aid of Vice President John N. Garner in the negotiations of a Rio Grande water treaty with Mexico was enlisted this week by the Texas Planning Board.

Maj. E. A. Wood, director of the planning board, C. S. Clark, also a member of the board and chairman of the State Board of Water Engineers, and Frank S. Robertson, San Antonio, conferred with the Vice President about the treaty in New York.

Garner evidenced considerable interest in the proposed treaty and assured the Texas delegation that he would do anything possible to hasten the negotiations of such a pact.

The proposed treaty would provide for a diversion of the waters in the Rio Grande to conserve the flood waters of the river for irrigation and other purposes.

We notice quite a number of cotton pickers coming in to this territory the last few days. They will find plenty of work, without looking around much.

We had a letter from Cobb Wade Wednesday. Cobb is working in the Record office at Lampasas, Texas. He writes us that the water was two feet deep deep in the office and he was having a wet time.

After a two weeks lay off on account of the prolonged rains the Jayton guns were again running Wednesday.

Marvin Fuller and Mr. and Mrs. Ed Hamilton went to Lubbock last Sunday to Mrs. Floyd Green who is in the Sanitarium there.

\$10,272 To The Good

The treasury of Kent county has received \$10,272 during the past year as a result of voluntary debt adjustments reached through aid of the Resettlement Administration.

Adjustments have been made for 25 farmers of this county to prevent foreclosures or forced sales. A total of 24,948 acres of land, as well as other property, was involved. Debts amounting to \$188,971 before adjustments were reduced by \$39,242.

"One long-time purpose of the Resettlement Administration is to help farmers toward ownership of the land which they operate," said W. T. Cathey, chairman of the county debt adjustment committee. "It is just as important to keep them from losing land which they already own as to help them buy new land". He said that the debt adjustment work is largely with small farmers whose financial needs are so small that other agencies find no profit in handling them, or where the debt is so large in proportion to the value of the property, that other financing agencies consider it unsafe. The Resettlement Administration makes no loans for paying delinquent taxes, interest or principal, but through committees of local volunteer workers brings about agreements between the debtor and creditors for reducing or extending the indebtedness to such an extent that the debtor has a reasonable opportunity of paying it off. Assistance is rendered in refinancing the debt, through the Farm Credit Administration or other public or private lending agencies.

Although it can make no loans for payments on land or taxes, the Resettlement Administration is authorized to make loans for purchase of teams, tools and supplies. Such loans were made in many of the cases adjusted during the year. Unsettled cases pending September 1, totaled four.

Members of the adjustment committee for Kent county are: W. T. Cathey, Claremont; T. T. Ginn, Ganeytown; Tom Abbott, Aspermont.

Additional Federal Aid For College Students

Austin, Oct. 1.—Lyndon B. Johnson, director of the National Youth Administration in Texas, Monday announced that funds for 109 additional part-time jobs had been allotted by the Washington office to 12 Texas colleges for employment of students whose families have been adversely affected by drought conditions during the summer.

This number is in addition to drought quotas totaling 817 jobs announced last Friday for 31 other Texas colleges and universities.

The increase in allotments were made effective for the first three months of the school year, but Mr. Johnson said he felt certain the jobs would extend through the first semester and possibly through both semesters.

These job quotas supplement the regular NYA student aid quotas announced recently, under which 5,038 part-time jobs were made available in 88 schools and universities in Texas.

Students seeking jobs under the drought allotments will apply to their school officials, Mr. Johnson said. The allotments provide that each student may earn an average wage of \$15 a month.

Additional drought allotments made to Texas colleges are:

Ableene Christian College, Ableene, \$285 for 19 jobs.

Austin College, Sherman, \$15 for 1 job.

Bishop College, Marshall, \$420 for 8 jobs.

Daniel Baker College, Brownwood, \$120 for 8 jobs.

Jarvis Christian College, Hawkins, \$45 for 3 jobs.

Prairie View State Normal and Industrial College, Prairie View, \$255 for 17 jobs.

Schreiner Institute, Kerville, \$45 for 3 jobs.

St. Philip's Junior College, San Antonio, \$30 for 2 jobs.

Texas College, Tyler, \$180 for 12 jobs.

Texas Wesleyan College, Ft. Worth, \$285 for 19 jobs.

Tillotson College, Austin, \$75 for 5 jobs.

Wiley College, Marshall, \$180 for 12 jobs.

Adjust Cameras In Cold Storage

Two motion picture cameras were put in cold storage for 48 hours to adjust themselves to a 22 degree temperature before making the gorgeous moonlight ice-skating scenes in "Hearts in Bondage," Republic's Civil War romance picture which presents Mae Clarke, James Dunn, Charles Henry and David Manners Saturday night prime, Sunday and Monday at the Palace theatre.

"In a low temperature," explains Cameraman Ernest Miller, "lenses 'sweat' just like the inside of a car or house window on a cold day. That's because the moisture in the air is condensed on the glass by its own coldness. Motion pictures can't be filmed through misty lenses, so we had to put the cameras in cold storage until they become adjusted to the temperature, after which the mist disappears."

The beautiful skating scene, supposedly in New York's Central Park in 1860, was filmed on real ice in a truly costly atmosphere inside a large Los Angeles icehouse.

The place has been equipped with trees and other backgrounds for motion picture use, with the Republic picture being the first to be filmed in it.

Dunn and Manners play the roles of young naval officers and pals on leave to see their sweethearts in New York at the outbreak of the Civil War. It is a cruel trick of the war that they are placed on opposing sides and that both become officers of the famous Monitor and Merrimac.

It is around the history-making but indecisive battle of these two original gunboats that the story revolves, with the fortunes of war governing largely the romances which the two couples try to keep alive during the long and tragic struggle.

Low Ayers, for years a favorite screen actor, makes his debut as a director with "Hearts in Bondage", credit hailed as a triumph for him.

School Dates At Centennial, Oct. 21 - 22

Dallas, Texas, Oct. 1.—Students of Northwest Texas will close the third week of the movement to bring a million school children to the Texas Centennial Exposition before November 25. Their dates are October 21 and 22.

These students also will have the rare opportunity of seeing the greatest collection of books pertaining to early Texas now extant. It comes from the New York Public Library and will be at the World's Fair until October 26.

J. D. Wilson of Wellington is the administrator in charge of the district. Counties are Collingsworth, Hall, Childress, Hardeman, Foard, Cottle, Motley, Dickens, King, Knox, Haskell, Stonewall and Kent.

Value of the Exposition to the school children has been stressed in a proclamation by Governor James V. Allred and is endorsed by State Superintendent L. A. Woods.

Arrangements have been made for exhibit space in the \$1,200,000 Texas Hall of State for the various schools. They also are to be given two programs of an hour each, a portion of which will be broadcast.

Special group admission tickets have been arranged for the students and their accompanying teachers at a cost of 25 cents each. A special showing of the historical Cavalcade of Texas is provided at the same price.

Elithe Hamilton Deal, of the Centennial's school division, also has announced special group trip rates for those desiring to take advantage of them. Full information lying in the hands of the administrator and all school principals.

Steve Hargus who is working in Sweetwater was in Jayton over the weekend.

Mr. and Mrs. Claud Darden went to Lubbock Tuesday and returned Wednesday.

Mr. and Mrs. Armustead Osborn and Mrs. J. E. McKinzie of Lubbock were seeing Jayton friends the first of this week.

Misses Joie and Lelliah Baird of Rotan were shopping in Jayton, Tuesday afternoon.

Tea And Shower For Mrs. C. O. Fox Jr.

Miss Jane Robinson, Mrs. Oscar Hargus and Miss Jeanie Smith entertained with an informal tea and shower in the home of Mr. and Mrs. J. H. Deavers, Tuesday afternoon, honoring Mrs. C. O. Fox Jr.

The guest were welcomed by Mrs. C. O. Fox Jr., Mrs. J. C. Sprouls, the brides mother and Mrs. Merle Jay, the bride-groom's sister. At the end of the parlor was an attractive table adorned with centerpiece of Star of Bethlehem flowers. Presiding at one end of the table was Miss Jane Robinson serving hot chocolate and at the other end was Miss Jeanie Smith serving coffee. Mince cookies and dainty canapés made the attractive table complete. At the other end of the parlor was a bed laden with expensive gifts.

Mrs. C. O. Fox Jr. wore for the shower a frock of navy blue crepe with navy accessories and corsage of baby blue flowers.

Mrs. Oscar Hargus attended the bride's book. There were one hundred and twenty two guests bidden.

Health Education Important Program

Austin, Oct. 1.—Assembling of students in the schools of the State this month calls public attention the definite health responsibility of parents and teachers, as well as health workers, and is the subject of an address from the State Department of Health to the citizenship.

"A public health education program is an outstanding factor in the development of the physical, mental, and social welfare of the school children of today," said Dr. John W. Brown, State Health Officer. "Health teaching should be a basic part of every educational program.

Practically every phase of the school system is related to health. Housing, screening, diet, disposal of wastes, exercise, rest, even the manner of daily contact with others, all have a direct bearing on health. Schools must treat the child as a whole — with his physical condition related definitely to his mental and emotional capacities.

Prevention is the all important factor in the control of communicable diseases. 'Communicable' — as we all know — describes that kind of disease which may be imparted or transmitted from one person to another, either by personal contact or through some other method. One by one, the communicable diseases, such as smallpox, diphtheria, whooping cough and typhoid fever are being controlled by preventive or immunizing agents. It is much better for all concerned that the child should be protected from ever taking these diseases which often leave some condition that will cause trouble later in life.

"Assume your responsibility in the community and work for the development of health education which will pave the way to a better health for the future."

Promotion Day Program

Sunday, October 5 at the Baptist church will be promotion day. J. M. Johnston, superintendent of the Sunday School will be in charge and award diplomas to the cap and gown graduates.

Cradle Roll — all who have not previously received birth certificates. Program by 3 year olds — Mrs. Mary Jones.

Beginners Program — Mrs. Claud Darden.

Primary Program — Mrs. Bill Porter.

Junior Program — Mrs. Thos. Fowler.

Intermediate Program — Mrs. W. J. Hembree.

We hope that everyone who is entitled to a certificate will be present to receive same. Welcome all.

J. A. Glen, assistant to the general manager of the Gulf, Colorado and Santa Fe Railway, Beaumont, Texas, has accepted appointment to the Texas Planning Board's transportation committee.

Mr. and Mrs. Mack Woodrum and children went to Seymour last Tuesday to attend the funeral of Mack's mother.

Texas Democrats Doing Their Part

Austin, Texas, Sept. 30.—Regardless of all the polls, straw votes and predictions the people of Texas are digging into bank rolls and piling up moral support for the Roosevelt-Gannett ticket in conformity to the old-fashioned Democratic spirit of Texas. If every other state does what Texas Democrats are now doing throughout the 48 states of the union would be in the Democratic column in November, which statement is based on facts.

For instance, right here in Travis County Democratic leaders have given Roy Miller, National Campaign Director in this State, assurance they will double their campaign fund-quota. Although assigned \$3,240 for the Roosevelt war chest, already Travis County has turned in \$5,497, and expects to go over \$7,500. Three other counties, Winkler, Duval and Bosque have filled their quotas and turned over the money to Miller, while scores of others are just about to complete their quotas.

From New York, Congressman Sam Rayburn contributed \$1,000. Rayburn, whose home is at Bonham, is in charge of the Speakers' Bureau for the National Campaign for Roosevelt.

Up in Fannin County Deets Derough, H. A. Cunningham and S. F. Leslie are collecting a quota of \$1,666, and while this is being written already have obtained more than \$300.

Down at Beaumont \$4,000 toward Jefferson County's quota has been subscribed, nearly one-half of the entire quota.

Over in Gregg County rallies have been planned, with Sirney Latham, militant member of the Legislature, as one of the speakers, with Miss Clara Mahkey organizing the women, and Ith S. Parker, County Chairman, working strenuously. Parker, by the way, issued an unusual statement, "Every person who has a job, every business man, every professional man should be willing to contribute" he said. "Gregg County is Democratic and will assert itself accordingly at the polls November 3. In the meantime it is very important that we maintain tradition by raising our quota in rapid time. Every man, woman and child in Gregg county should contribute who is interested in the Democratic party whether it be 50 cents or \$50."

The enthusiasm manifest in Gregg County is being equalled all over the state, according to Director Miller, and he is confident that Texas will raise its quota of \$250,000, badly needed where the fight is hottest, in the doubtful states.

Down at Port Arthur retail clerks have organized a Roosevelt Club.

Democrats in Washington are doing their duty to the Texas Campaign fund and Earnest H. Donoho, Chairman of the Texas Democratic Club of Washington, is confident that the \$25,000 quota assigned to them will be filled.

Texas Democracy has been called upon to enlist under the colors and help Roosevelt with contributions, moral support and votes because the party must depend upon many contributors of small amounts, not having the resources of the Republicans of the East and North, who have subscribed several millions of dollars to put over Landon.

Miller and State headquarters are especially grateful to witness how the contributions have been coming in, for they are turned in with real spirit and everyone was glad to do his or her bit.

Then, there is A. O. McCracken, head of the Young Democrats in Texas, assisting Miller in the drive, McCracken going to many sections to cooperate with his organization in behalf of the National Ticket. McCracken is a newly-elected member of the Legislature, is a hard worker and has the confidence of his co-workers and colleagues.

Well, the Roosevelt Administration gave to Texas \$1,000,000,000 to put the State on its feet, so why not help him a little bit?

I. D. Rodgers Sr., and I. D. Jr., of Girard were in Jayton last Friday trying to buy a boat. We did not learn whether or not he found one to suit them.

Lorilla Stephens spent last week end at Girard with her parents.

"JEFFERSONIAN" DEMOCRACY

We carry in this issue a paid advertisement for the self-styled "Jeffersonian" Democrats of Texas, an organization of reactionaries headed by J. Evetts Haley, former Midlander, research professor for the University of Texas and magazine writer. This group is composed of determined bolters from the Democratic Party who choose to avoid a name similar to that given the Hoovercrats of a few years back by naming themselves Democrats of another brand. Their chief platform, like that of the late Hoovercratic group, is to support the

Republican nominees for President and Vice-President.

In this advertisement, as in other campaign literature from the same source which we have seen, vituperation is the theme song, reaction the chief aim. Outside of fantastic charges against the present administration the chief arguments presented are that since the Democratic Party has changed in some respects since the days of Jefferson, it is no longer the Democratic Party.

By the same logical trend of thought, automobiles are no longer automobiles, and, for that matter, voters are no longer voters. This second generation of "sons of the wild jackass" are doomed, we feel, to the same political ignominy assigned by history to their predecessors.

Last Saturday morning Clifford Phipps and Maydean Williams of Girard muddled up to Spur and were quietly married. Alfred Smith and Lorene Murdoch were witnesses. The young couple left Tuesday morning for San Antonio.

WORKERS OF BAPTIST CHURCH TO MEET AT ORIANA, OCT 5

The program for the meeting is as follows.

- 9:45 A. M. - Song Service led by Carl Guess.
 - 10:00 - Devotional - By Alton Vaughn.
 - 10:20 - How May We Win Souls in the Sunday School - Bro. McPherson.
 - 10:40 - How May We Win Souls in the B. T. U. Rev. R. T. Barton.
 - 11: - Sermon - Rev. Rowan of Aspermont.
 - 12: - Dinner.
 - 1:30 - Song Service - Carl Guess.
 - 1:40 - Devotional - Rev. Sidney Cox.
 - 2: - How May We Win Souls in the Church - Rev. Dinnes.
 - 2:30 - Soul Winning in the W. M. U. - Mrs. F. T. Whitaker.
 - 2:45 - Soul Winning in the Brotherhood - J. M. Johnston.
- Come and enjoy the day with us.
Committee

Foreign Trade

The Commerce and Marine Commission of the American Bankers Association has made a report which shows that the foreign trade of the world for the year 1935 on the basis of its estimated physical volume was 78.9 per cent of the 1929 level. This was 2.1 per cent above the volume of 1934 and is the highest since 1929. The gold values of world trade were much lower due to the lower commodity prices in January, 1936. The combined index of 75 countries showed 35.7 per cent of the 1929 average.

National Bank Growth

Comptroller of the Currency O'Connor announced recently that total deposits of the 5,374 national banks in the United States on June 30, 1936, the date of the last call made for statements of condition, aggregated \$26,200,453,000. The figure is a new high record for national banks, exceeding by \$1,340,998,000, or 5.39%, the amount reported as of March 4, 1936, the previous high record. The current figures show also that deposits increased \$3,682,207,000 or 16.35%, over the amount reported as of June 29, 1935, the date of the corresponding call a year ago.

Heads World Fair

Harry Olmsted, for quarter of a century prominent in Southwestern business and civic affairs, is the new head of the Texas Centennial Exposition. He succeeds to the leadership of the \$25,000,000 world's fair following the recent death of William A. Webb, general manager. Mr. Olmsted was for twenty years a director and for five years president of the State Fair of Texas.

Why, Mr. La Salle!

History does not reveal that Rene Robert Cavalier Le Sieur de La Salle carried any such fair passenger when he came to Texas centuries ago. In fact he didn't. This is merely Neila Goodelle, radio star climbing the rigging of La Salle's ship on the stage of "The Calvalcade of Texas," historical drama at the Texas Centennial Exposition in Dallas.

CARD OF THANKS

We wish to express our thanks and appreciation to our many friends for the gifts and offering. As the great author has said, "A friend in need is a friend indeed."
Mr. and Mrs. Wesley Lewis and family

Mrs. Floyd Green has been in the Lubbock Sanitarium the last week.

Mr. and Mrs. Virgil Dake and son visited in Peacock last week.

Jeffersonian Democrats Declare Stand They Will Make In Coming Presidential Election

With a full realization that our country faces a political crisis transcending all partisan interests, we Democrats of Texas pledge our best services to the Nation upon a nonpartisan basis. We reassert our belief in the Constitution, in the rights of the States, and in the Jeffersonian principle. Believing thus, we must condemn the Roosevelt Administration.

The issue before the American people today is not Roosevelt versus Landon; nor is it the Republican Party versus the Democratic Party. The issue here is the same as that which rocks the rest of the world, and that issue is regimentation versus freedom and democracy. We are comforted with a change in our form of government from a Democracy, in which the government is a servant of the people, to a Socialistic and Communist state in which the individual becomes the servant of the state and loses all personal freedom and property rights.

We charge that Mr. Roosevelt is not a Democrat and never has been in sympathy with the principles of the Democratic party.

We charge that Mr. Roosevelt has aided and abetted the aims and the Socialist and communist, and has set up a board of advisers known as the 'brain trust,' which is largely made up of red radicals not in sympathy with our form of government.

We charge that few members of this 'brain trust' have ever been connected with the Democratic party prior to the nomination of Mr. Roosevelt for President.

We charge that the key positions in the numerous bureaus set up by Mr. Roosevelt are now held by radical appointees selected from the most part by Felix Frankfurter, known throughout the country for his red radical activities.

We charge that the radicals, whether they call themselves socialist or communist, now have the nation by the throat, thanks being due Mr. and Mrs. Roosevelt, Miss Perkins (a married woman following the Russian system of not taking her husband's name), Felix Frankfurter, Rex Tugwell, and others.

We charge that all New Deal acts such as NRA, AAA, and others in which business, farmers, and the rest of us were to be regimented and directed by some bureaucrat are the brain children of radicals, one of whom is Tugwell. We will prove to you before November 3rd, by quoting Mr. Tugwell himself, that he is as red or redder than Stalin, the Russian dictator.

We charge that Mr. Roosevelt has shown no interest in the 1932 platform of the Democratic party except to repeal prohibition.

We charge that most of the New Deal bills he forced through Congress were specifically called for in the 1932 Communist and Socialist platforms. We will prove this to you before November 3rd by showing you word for word the platforms of these parties and showing you how the New Deal acts met the demand of these platforms.

We charge that when Mr. Roosevelt insisted on having all relief and PWA money given to him to use at his discretion it was for the purpose of getting control of Congress, by denying any Congressman money spending projects in his district if he voted against the President's bills.

We charge that Jim Farley, the Tammany politician and ex-prize fight commissioner, expended this money in building up a political machine to Tammanize the United States, and has succeeded in doing so to an extent that it is as vicious as it is in New York.

We charge that the Nation cannot survive the continuation of the present, flagrant, wasteful spending far beyond its income. Mr. Roosevelt ex-

pects to continue it. Our national debt is now more than \$35,000,000,000, or approximately \$1,500 for the average family. The interest charges of 2 1-2 per cent upon this debt amount to \$880,000,000.

The President's program of soaking the rich by increasing the taxes on all income above \$50,000 does not provide enough money to pay even the interest charges on this debt. If the entire income of this group were confiscated, it would just pay the interest charges, which as shown by the United States Treasury Department figures for 1934, was \$890,963,207. The New Dealers have put the millstone of debt around the necks of our children and our grandchildren. We believe these debts are being piled up for the purpose of bankrupting the Nation to forward the plans of the Communist and Socialists.

We charge that the most active bureau in Washington today is that of propaganda, through which millions of dollars of taxpayer's money is spent to misinform him and sing praises of the New Deal.

We charge that Mr. Roosevelt is wholly undependable. His record is one of broken promises. The Nation and business cannot go forward when it cannot rely on the statements of the President.

We claim that Landon and Knox are the only national nominees defending the time-honored principles of Democracy. The most important plank in their platform is that in defense of State's rights to prevent the centralization of power in Washington, where some organized minority can seize control of our government.

We claim that we are going to carry this state against Roosevelt. The normal Republican vote is about 150,000. Add to this 50,000 Republicans who ordinarily do not vote because they feel that it is useless. Add to this 150,000 Democrats who will not vote for Roosevelt under any circumstances. You know your community is full of this kind of Democrats. Add to this 150,000 Democrats who will gladly join us if they think there is any use to vote against him.

This alone will mean the election against Roosevelt, but add to this thousands more who will vote against Roosevelt when they are shown the fallacies and frauds of the New Deal. We Democrats are not going to let the New Dealers and Tammany Jim put any collar around our necks. A Texas voter is never a yellow dog unless he is a politician.

We want you to step out on the firing line with us. Are you willing to help us in the distribution of our literature, or in getting money to forward this work? We have a large number of organizations throughout Texas. We want one in every town.

Tiny Horse Has Giant Godfather

"Tynymite," smallest horse in the world, was christened at the Texas Centennial Exposition recently. The 21 pound pony was chosen mascot for the Southwestern All Stars in their game against the Chicago Bears at the Exposition. "King," 2,400 pound Clydesdale international champion, one of the biggest horses in America, acted as godfather. He is owned by Thomas E. Wilson, Chicago packer. Ann Combs, who named "Tynymite," is shown holding him in the picture.

Amelia Tackles New Piloting Job

Amelia Earhart, famed aviatrix, tries her hand on a new kind of piloting—with a "Scooter Ride" auto on the Midway of the Texas Centennial Exposition in Dallas. The badge she wears is that of a constable from "Judge Roy Bean's Court."

Markham Scores Modern Art

"It won't last," said Edwin C. Markham, 84-year-old poet, when he eyed Grant Wood's "American Gothic" at the Texas Centennial Exposition in Dallas. He declared it belonged to a rapidly vanishing era and the author of "The Man With The Hoe" much preferred Millet's famous painting of the same name.

Talking Fish at Expo

DALLAS, Tex.—Now it's the talking catfish.

Two of this type of catfish were received recently at the Texas Centennial Exposition Aquarium.

They won that cognomen because of the peculiar noises they make when they are taken from the water.

The fish were discovered in the Amazon river, and procured by the Aquarium from a New York importer.

NEW YORK.—The natural forces of recovery have demonstrated their strength and have a momentum which may reasonably be expected to carry the country into new high ground, says "Banking," the publication of the American Bankers Association, in its August issue. The momentary stimulation following the distribution of bonus funds to the veterans has practically died away and is no longer an important business factor. A certain degree of uncertainty arising from the national political campaign is unavoidable, the magazine says.

LAUNDRY

Some of the reasons why our laundry work is satisfactory.

1. We devote all of our time to laundry work and are well experienced.
2. We have the equipment to work with.
3. With our water softening machine our wash water is softer than rain water result is white clothes bleach out whiter, prints come out gay.
4. Last but not least we have the best place in town for you to do your own laundry.

School News

The Senior class is again making way for a big and better year of schooling. Mr. Coons is helping by giving us about hump-tillion Crives tests this week and Miss Butler is helping the cause by getting started on the Canterbury Tales, so don't tell us that this is not an early start toward a busy year.

In about a week we are going to have a sketch of the lives and works of each member of the Senior class. There is just twenty of us this year so it won't take over three months for you to know all about each of us.

The Seniors, as in every school, are supposed to be examples for the lower classes and if they work as we are and are having too, this will be a great school year for Jayton.

During the rain we had quite a number of the parents to come to the school house after their children but not many of them came in the inside to see what we are doing in classes. We are always glad to have patrons of the school to come in and see what we are doing. The next time that you are up our way come in and visit with us.

The members of the Junior class number thirteen and may be considered an unlucky number but the thirteen Juniors of the 1936-37 class of Jayton High School are going to make it a lucky number.

In a recent class meeting we elected Lucille Daniels as president, Bake Robinson as vice-president, Halley Wade as secretary and treasurer, Dessie Mae Taylor as reporter. Mrs. Taylor was chosen as sponsor and Mr. Harrison as chaperon.

The thirteen members of the junior class are: Maurey Darden, Ilene Hoover, John Robinson, Bake Robinson, Winnell McKinzie, Betty Jo Lane, Bill Walker, Katherine Jay, Sylvia Rollins, Lucille Daniels, John Arden Wilson, Halley Wade and Dessie Mae Taylor.

Bake Robinson would like for some one to tell him why he has to take geometry.

Lucille thought Champlain was a drink of some kind.

Maurey called hypothesis an animal.

Mr. and Mrs. M. E. Lee visited in Girard Wednesday of this week.

MY WORK AS KITCHEN IMPROVEMENT DEMONSTRATOR

With the advice of the home demonstration agent, I entered the kitchen improvement work as demonstrator for the Polar club.

The walls of the kitchen seemed to need improvement more than any part of the room. The boards in the wall were not fitted together closely, and this left cracks that made the room cold in the winter, and wall paper could not be made to stay on. Since the house is rented, we did not wish to spend much money on improvements that could not be taken with us, but to make the room comfortable my husband tacked thin strips of board over the openings in the wall and we papered the room with a light colored building paper.

The woodwork had never been finished and would have taken a great amount of ordinary paint, so I used a mixture of asphalt and kerosene which makes a very nice looking dark finish. I added a colorful congo-lem rug to the floor.

The furnishings in the room included dining table and chairs, an old fashioned china closet, wood range, and kitchen cabinet. These were arranged in the room from left to right in the order named. This arrangement made my centers so scattered that I had to walk back and forth across the room a number of times in the preparation of a meal. I decided to move all of the equipment except the dining table, in one end of the room near the stove, so that I could reach all of them with very few steps.

The kitchen cabinet was put in good condition and placed just to the right of the stove. Groceries, pans, and small mixing equipment were arranged in the cabinet. By the window to the right of the cabinet, I placed a sink, built from an old gas tank to which a drain pipe was added for five cents. A drain board was constructed from a model T Ford turtle top, and since I am left handed this was fitted to the right end of the sink. The drain board is long enough to hold the big bucket of water that supplies the kitchen. The china closet was placed next to the drain board to hold the dishes. All of this equipment was enameled a

INTEREST TO FARMERS

J. W. Whinger of Lamb county proposes to have plenty of food for his family during winter in the face of scarcity and high prices. He filled one barrel with corn in August with sugar, salt, and corn bundles, and another one the same size in

When the work on the kitchen was complete, I was well pleased with the appearance, which had been improved at such a small cost. The thing I like best about my kitchen is the new arrangement. I find that I take fewer steps in a meal preparation, and the work seems much easier than before.

Mrs. R. C. Hoyle
Polar, Texas

VARIETY OF VEGETABLES CAN BE GROWN

A wide variety of vegetables can be grown in this county and the garden of Mr. B. C. Cairns of Claimont gives evidence of this fact.

Egg plant was planted in the cold frame in March and the plants were set out in April. This short row has furnished a ample supply of egg-plants during September, and the plants are still bearing.

Other vegetables Mr. Cairns garden has furnished the last few weeks are asparagus, and okra. The garden was irrigated from a surface tank.

SWISS CHARD FOR WINTER GREENS

Nearly all gardeners in the county are pointing proudly to the turnips, radishes, mustard, lettuce, beets, and carrots that are already up and growing.

Mrs. Claude Darden of Jayton has planted Swiss Chard to supply greens during the winter. This plant will stand heavy frosts, and only a few plants will furnish an adequate supply of leafy vegetables throughout the winter months.

The Texas Planning Board's bill creating a State Department of Public Welfare which would absorb the Old Age Assistance Commission, the Texas Relief Commission and the Division of Child Welfare of the Board of Control, will not be submitted to the Legislature until the next regular session in January.

INTEREST TO FARMERS

J. W. Whinger of Lamb county proposes to have plenty of food for his family during winter in the face of scarcity and high prices. He filled one barrel with corn in August with sugar, salt, and corn bundles, and another one the same size in

Nine farmers terraced 1,097 acres of land in precinct 2, Crocoy county, during August. County Agriculture agent R. W. Howe, estimates that the work was done at a cost of 32 cents per acre with the use of the county grader secured by the cooperation of the county commissioner. Howe supervised the terracing of 500 other acres without the use of the county equipment, and reports the cost a little less per acre, but the terraces are quite so good as where the heavy county equipment was used.

Supt. Paul Rogers of Girard had business in Jayton Thursday morn.

Newell Porter of Carlsbad, New Mexico is here this week visiting his parents, Mr. and Mrs. N. E. Porter.

De Loyd Barton and wife visited in Girard last Monday.

John Goodall and family visited in Jayton last weekend.

Mrs. Jessie Wade McSpadden will leave this morning for Amarillo to take up her position there.

Mrs. C. J. Robinson and Mrs. C. C. Robison and Nancy Nell went to Abilene this morning.

L. H. Mason had business in Chillicothe Thursday.

J. L. Ward of Coleman is here visiting this week.
