

THE JAYTON CHRONICLE

VOLUME XVI

JAYTON, KENT COUNTY, TEXAS. FRIDAY, OCTOBER 16, 1936

NUMBER 42

County Agent's News Letter

GOOD TIME TO DIG TRENCH SILO

Prospects look good for growth on the feed this fall, but from all indications much of this feed will be killed by frost before it matures. The sun will draw this frost from the feed in about two weeks. One can cut it at that time and put it down in a silo and it will make good feed. Our first crop turned out short this year, so it is essential to us to save all we can.

There are a number of fields of feed shocked in the county that took all the rain. If this feed is not mounded it will make good silage. When the water is added to this feed it improves the looks of it, as well as feed could have been put in the silo during the wet weather, if we had our silos dug. As soon as you get the cotton out of the way, why not dig your silo and have it ready to put your feed in when it matures or is caught by the frost.

Benefits from Terracing

The original purpose of terracing land was to prevent erosion by water. Experiment stations have proved that water will rob the soil of its fertility and productivity many times as fast as continuous cropping. Gully erosion shows up more plainly than sheet erosion, but the sheet erosion has been found the more damaging to the productivity of the soil. It takes water but a few minutes to wash off an inch of top fertile soil while it takes nature many years to deposit an inch of soil.

The plant gets its food from the top soil. Before the crops can use this feed it must be in a form which can be absorbed by the plant roots. It takes long exposure to air and sunlight for these plant materials to be changed into a form which can be absorbed by the plant. The depth of the top soil in this section varies from four to twelve inches. As this layer of the soil is washed away, the soil becomes less and less productive.

Often one hears the statement, "we can raise good crops if we get the water". This statement is generally true. Yet we usually get a sufficient amount of rainfall each year to grow a good crop, but it does not come at the time of year when the crop needs it. And too many of our rains come in hard dashes and most of the water runs off. Our soil is exceptionally good for its water holding capacity. Water stored in the soil is good for the crops as water from a pipe at the time it is needed by the plant.

This top soil held in place will improve in productivity. It can be held there by properly constructed terraces. This run off water can be held in check until it has time to go into the ground if the land is terraced and farmed on a water level. Experiment station records show terracing will practically double the production of land in this section. It cost very little to construct these terraces so why not terrace?

PLEASE TURN IN YOUR LAND MEASUREMENTS

College Station is calling for our compliance sheets. We can not mail them out until we get the land measurements. Please get these in to us as soon as practical in order that we may get the compliance papers in College Station. Remember that the sooner we get these papers to College Station in the proper form the sooner we may expect our checks.

RADIO PROGRAM BY PEOPLE OF KENT CO.

Introduction: A brief announcement of Music: Mrs. Bonard Cox. Song of Native Cotton for Warm Covers: By Mildred Osborn. Piano Solos: Mrs. Bonard Cox. Song: "The meaning of Agricultural Conservation"—Milton Bell and John Fulcher. Music: By Mrs. Bonard Cox. Monday 16th, 5 to 5:30 P.M. Lubbeck Radio Station

Robert Wade and Richard Jay are working their way through Mary College at Abilene visited parents in Jayton the past week.

National rider visited with her parents last Sunday.

WPA Sewing Rooms Make 4,700,000 Garments in Texas

SAN ANTONIO — More than 4,700,000 garments for the destitute of Texas have been manufactured by women workers in WPA sewing rooms during the past year, it has been announced by H. P. Drought, state works progress administrator.

While thousands of unfortunate Texans were being provided with adequate clothing, the 16,000 women in WPA sewing rooms were earning monthly incomes which through August amounted to slightly more than \$1,500,000. Since sewing room workers themselves were from relief rolls most of these dollars, Drought explained, immediately went into trade channels in exchange for food and other necessities. Texas merchants thus benefitted from consumers who previously were unable to buy and were dependent on the dole for subsistence.

Sewing rooms were established throughout Texas at points designated by city and county officials and where there were enough unemployed women to permit economical operation, Drought said. Sponsors provided space for the workers and utilities while the Works Progress Administration supplied equipment, material and supervision, in addition to paying salaries of workers. During the year, 421 sewing room units were operated in the 20 WPA districts.

As in other types of work, employees were classified as unskilled, intermediate and skilled workers, and monthly salaries ranged from \$21 to \$68. It is estimated that several thousand women have learned to sew for the first time in these work rooms and have been permanently aided by gaining the ability to make most of the garments required by their own families.

Garments made included shirts, trousers and overalls for men and boys, dresses, suits, blouses and underwear for women, and dresses, play suits, pants and shirts for children. The garments are not sold but are distributed among the state's indigents, who are designated by officials of the Texas Relief Commission, which sponsors a WPA project for distribution of commodities.

GOVERNOR ASKS VOTES TO ADOPT AMENDMENT NO. 4

AUSTIN, Oct. 9. — A plea to Texas voters to adopt Amendment Number Four on the November 3rd ballot, was made here this week by Governor James V. Allred.

This proposed Constitutional Amendment would remove pardoning power from the hands of the Governor to those of a non-political, non-partisan Board. At the present time the Governor has absolute power in clemency matters.

"It is not fair to the convicts nor to the public," Gov. Allred said, "and no governor has the time to give the proper attention to each case. It is a full time job and every convict's case should be subject to review without the necessity of bringing influence to bear. Prior to my election as Governor I advocated this change in our basic law and since I have been in the office I am more convinced than ever that it should be adopted."

The governor pointed out that during his administration criticism had greatly diminished but that the system inaugurated of having a board pass on meritorious cases could be better insured by adoption of Amendment Number Four on the ballot.

"In my opinion," the Governor continued, "the case of each inmate in the penitentiary should be subject to review automatically at the proper time. This would be possible if this amendment is adopted. I appeal to the people of Texas to give this proposal their most earnest consideration and vote for its adoption. In so doing this State will take a long step forward."

The Jayton Oil Mill is now running full time and giving employment to many people. If the Mill and Gins could run the year around this would be one extra good small town.

Commissioners Court was in session Monday and Wednesday of this week.

Howard Johnston was out of the store Thursday tending to his farm.

Texas Planning Board Urges Conservation Of Water and Soil

AUSTIN — Texas today was urged to conserve all underground and surface water supplies by the Texas planning board's water resources committee in a statement of policy made in connection with an exhaustive survey which is being made of the state's water supply.

Agriculture was asked by the committee to conserve water through such methods as terracing, contour plowing, strip cropping, rotation of crops, destruction of weeds in pastures, control of livestock grazing, and the retirement to timber of such areas as are best adapted to the growing of timber crops.

The committee also advised the construction of storage dams on all tributaries as well as on the main streams of Texas for the purpose of storing water for every useful purpose, as well as for the prevention of floods and the regulation and control of stream flow.

Legislation which will enable the State Board of Water Engineers to exert a positive control over the utilization of underground and surface water, including drainage in artificially constructed channels was proposed in the committee's statement of policy.

The state department of health was requested to strictly enforce existing regulations against pollution of Texas streams and the cooperation of the Texas State Parks Board and State Game, Fish and Oyster Commission was asked in the development of water recreational areas in the State.

Turning to the threat of future floods, the committee recommended the construction of a coordinated system of levees in connection with flood storage along the main streams for the purpose of protecting and reclaiming alluvial lands and protecting municipalities against flood damage.

The committee also recommended the encouragement of friendly cooperation between Texas and Louisiana, New Mexico, Oklahoma and Arkansas, and between Mexico and the United States, for the conservation of the waters of the Pecos, Canadian, Red and Sabine Rivers and the Rio Grande.

CENTENNIAL CELEBRATIONS EVEN AT HUNTSVILLE

DALLAS — Local Centennial celebrations have been predominated by typical Texas rodeos this year with a large number of communities making their observance of Texas' 100 anniversary. One of the most recent rodeo attractions is being held on successive Sundays during October at the Texas Prison System in Huntsville.

Not to be outdone by other Texas round-up shows inmates of the Texas prison system are making their own rodeo attraction this year, the sixth annual show, bigger and better than ever before.

Large crowds have been in attendance at the first two performances of the Huntsville rodeo this month. Two more will be conducted on successive Sundays, October 18 and October 25. Receipts from the contests are being placed in the Welfare fund for the benefit of the prisoners.

Under the direction of Col. O. J. S. Ellingson, prison manager, and a committee of prison authorities the Sixth Annual Rodeo features the best riders the prison system has to offer and only inmates are the contestants.

Wild cow milking, bulldogging, bronc and steer riding and wild mare milking are among the many features offered at the prison rodeo this year.

Alton Cox was behind the counter at Bryant-Link store Monday in the place of Roy Earnest who was called to Brady.

The fellow in Jayton who is not suffering from a bad cold is already dead.

Earl Draper returned from Dallas Wednesday where he attended a convention of Theatre Owners and purchased a selection of films for the Fall and Winter run at the Palace.

Central West Texas Fair to be at Haskell

The Central West Texas Fair, opening October 21st and running through the 24th at Haskell, Texas, will offer a varied program of entertainment designed to please every person. Among the major attractions will be automobile races on October 21st and 22nd, horse races on October 23rd and 24th, the Haskell-Roby Football game on the night of October 23, Tidwell's Shows on the Midway and a diversified showing of Agricultural products and livestock.

The Fair will be opened by a lengthy parade at noon, October 21st, featuring two batteries of the 131st Field Artillery from Wichita Falls, Texas. These two Batteries will not only take part in the parade but afterwards they will be on display at the race track and will open the races to the roar of cannon.

The feature entertainment will be automobile racing in which many of the greatest racing drivers in the U. S. have entered. It will be a thrill a minute and every minute a thrill from start to finish.

Horse racing will feature the last two days of the Fair and plenty of excitement is guaranteed.

With the cooperation of the various Home Demonstration Clubs, the Future Farmers of America and the 4-H Clubs as well as individuals and communities of the section entries have already been arranged to insure a diversified showing of livestock and of agricultural products. Some \$1200.00 has been offered as premium money for these exhibits, an increase of some \$400.00 over the Fair of 1935.

COMMON COLD AN ECONOMIC PROBLEM

AUSTIN — The common cold is an economic problem of considerable importance and more time is lost from work and school through colds and the illness to which they open the way than from any single cause, according to observation of public health authorities.

"As a means of preventing colds, grippe, influenza, or whatever you choose to call the ailment that is usually present at this season, keep yourself as fit as possible," said Dr. John W. Brown, State Health Officer. "Get plenty of sleep. Don't overdo. Eat nourishing food at regular times but do not over eat. Drink plenty of water and take some exercises out of doors every day."

"Colds are spread from person to person through the discharges from the nose and throat. Avoid droplet infection from the coughs and the sneezes. The germs which cause you to catch cold may enter your nose and throat passages from the air when the infected person talks, coughs or sneezes. You may also catch cold by using an unwashed glass, spoon or fork, which has been used by someone with a cold. The germs may be on your hands because you have touched something which has been handled by the person with a cold. Wash your hands frequently, especially before eating."

Dress according to the weather. Have a coat ready for the cool days and don't feel that you are coddling yourself when you put it on. Sleep with your windows open but have sufficient blankets available to be comfortable. Do not allow the temperature of your home or working place to exceed 70 degrees.

"The quickest way to rid yourself of a cold is to go to bed and stay there, following your physician's advice at the beginning of the attack. For the public, the surest prevention is for everyone with a cold to go to bed and stay there until it is cured, to receive no visitors and to avoid all crowds, in order that one may not be guilty of transmitting a possibly deadly infection."

Mr. W. H. Stone had business out of town last Thursday and Friday and Mrs. Melvin Jackson substituted in his place at school.

Clyde Cox and Jim White of Carlsbad, New Mexico visited in Jayton this week.

Mrs. A. J. Hagin and Mrs. Joe Hagin were stopping in Snyder, Saturday p. m.

Nettie Beth Hagins of Panhandle visited home folks here Saturday and Sunday.

Nations Future to Turn Upon Ownership of Farms by Farmers

Rural society cannot be secure and progressive with one-third or more of the rural people packing everything in the wagon in the middle of winter each year and moving off through the sleet and snow to a new location, to a new place which they will call home for a time. Such conditions are sapping the lifeblood of the people and is undermining the foundations of democratic government.

I am not saying that something should be arbitrarily taken from someone and given to someone else without due process of law. I am saying that the national welfare requires that people who live on the land and who till the soil, who produce the food and raw materials which the nation requires, have an inherent right to own the land which they till without having to compete with speculative interests in acquiring such ownership. I am saying that the soil, the very foundation of human existence, should not be subject to speculation and exploitation.

The truth is that absentee ownership has not only been a bad thing for farmers but for a number of years it has been unprofitable for investors in farm land. Indications are that the old practice of investing money in land and reaping rich profits is probably a thing of the past and there is no reason to believe that in the future speculative investments in land will be a losing game. It is to the interest of the capitalist and of the business and professional class that ownership of the farms of the United States be returned to the farmers who occupy the farms and that those who have savings to invest find some other place to invest their money.

ANDREWS TO BE HEAD OF SPUR BANK

W. T. Andrews, Active Vice President of the Spur Security Bank, since 1930 when he was promoted to that position from Cashier, will continue with that title and be the active head of the bank, it was announced following a meeting of the directors this week, Clifford B. Jones Vice President for many years, was named President. E. S. Lee, Assistant Cashier for several years, has been named Cashier. No changes in the present personnel of the bank is planned.

Mr. Andrews has been with the Spur bank since 1914 and was very closely associated in the operation of the bank with the late President, Walter E. Lee. Texas Spur.

FLOOD CONTROL ASSOCIATION ORGANIZED

Out of the floods which recently raged through central West Texas has come a new organization, the Central West Texas Conservation and Flood Control Association, organized at Ballinger by representatives of the flood ravaged counties and with permanent headquarters in San Angelo. The association will seek further protection against future floods.

KENT COUNTY RECEIVES \$5108.48 IN POOL CHECKS

The local county agent's office received 339 checks for the Tax exemption Certificates which were sold in the National Pool. These checks represent a total of \$5,108.48. Approximately 17 1-2 per cent of the tags surrendered to the pool were sold.

J. C. Miller, J. M. Johnston R. D. Hill and Tom Holley went to Abilene last Sunday to hear the great Evangelist Gypsy Smith deliver one of his special sermons. They enjoyed it greatly.

Jayton gins are now running day and night and if the weather continues favorably all cotton will be gathered by December 1.

Edna Davis is at Panhandle, Texas visiting Mrs. Henry Deahl.

Joe Earnest and Roy were called to Brady, Sunday night to see his father who is in ill health.

The Jayton Post Office reports a business for the month that surpasses all previous records for the year.

Westfall Seeks the Advice of People

The inconsistencies on the part of the voters of Texas, and the Legislature as well, seriously threatens a continuance of the old age assistance amendment voted by the people.

The Forty-fourth Legislature will vote, if given a chance by a majority to give pensions to everyone in this state over sixty five years of age. The Forty-fifth Legislature will vote by a greater majority for the same purpose. The people of Texas proved by their vote in the last primary that they were in favor of giving pensions to all people over sixty five years of age. They proved this by defeating members who were not in favor of giving it to all and electing new members with the pledge to construe the constitution to mean that the voters when they voted this amendment intended that it should mean all people over the age of sixty five years without any restrictions.

The people and the Legislature were very liberal in our laws to give it to all the people that come within that age. They refuse the taxation that will in any way be equal to the liberal policy they pursue in giving pensions to all old people.

The National Social Security Board, together with the Old Age Assistance Commission agree that our law is too liberal and a desperate effort will be made either at this special session or at the regular session to liberalize this law. A great majority of the members are pledged to make it more liberal, and all efforts to further restrict property qualifications of applicants for old age assistance will be futile, as these members will carry out their pledge to their people and never vote to make this law less liberal.

If we are going to make this law apply to all, it means that we must be more liberal in our vote in getting taxes or else the whole move will come to naught. The forty-fourth Legislature will doubtless decide the fate of the old age pension move in Texas, because as I have said before they will be compelled to restrict this law to the more needy or else be more liberal in taxing the people of Texas to pay it.

I would appreciate very much my people letting me know their wishes in this matter. I believe you want to give it to all the people over sixty-five years of age. Those of you who hold this view and those of you who believe the law is too liberal, or should be left as it is, I would appreciate you writing me your wishes in the matter as this will probably come up in this session of the legislature. If I can be convinced as to the wishes of my people, I will vote and fight for what I think you want.

Signed, Leonard Westfall.

BRIDE HONORED AT SHOWER

A shower complimenting a recent bride, Mrs. Bennie Carraker, was given Thursday afternoon, October 1, in Clairmont at the home of Mrs. J. B. Earnest. Mrs. Wesley Osman and Mrs. Bill Underwood were hostesses.

Guests were registered in the Brides book in which they also wrote a wish and a recipe for the bride. Several games were played then the bride was given the task of house cleaning and she discovered many lovely and useful gifts in the process.

The bride was the former Miss Kathryn Underwood, daughter of Mr. and Mrs. N. G. Underwood of Jayton.

About thirty guests attended and many others sent gifts.

LAFON - HOOVER

Saturday morning, October 10th, Miss Christal Lafon and Mr. Doyle Hoover were united in marriage by Judge J. B. Earnest of Clairmont.

The bride is the daughter of Mr. and Mrs. Bruce Lafon of Jayton.

The young couple have many friends in and around Jayton who wish for them a long and happy married life.

Wheat sown just before and after the long rainy spell is doing fine and will soon be ready for grazing.

Prof. and Mrs. E. C. Martin of Clairmont schools were business visitors in Jayton, Tuesday evening.

SUBSCRIPTION PRICE PER YEAR \$1.50

LET'S BE CONSISTANT AS WELL AS CHARITABLE

In this issue of the Chronicle appears a letter from Hon. Leonard Westfall, our representative in Austin, asking for advice on how the people of his district want him to vote on the Old Age Assistant law of Texas. The legislators, from the way Mr. Westfall looks at the matter, seem to think that when the people voted for the old age amendment they intended that everyone 65 years old and older should receive a pension from the State, whether they were in need of it or not. Possibly some of them voted for just that very thing, but it's our opinion that most of them voted for the amendment under the belief that pensions were to be given to the needy only. The idea to keep in mind is this: All pensions must be paid by direct taxation and the folks that pay the taxes pay the pensions. We earnestly desire that every needy person in Texas be cared for whether they be sixty-five years old or one year old, but we do not believe the tax payers of Texas desire to be taxed, or will even tolerate being taxed to provide funds to pay everyone, needy or otherwise five or fifteen or thirty dollars per month.

If they will, they are much more charitable than yours truly and much less consistant in the spending of their neighbors money than they are in the spending of their own.

The fact of the matter is that at this time 79,000 people in Texas have been placed in the "Needy Pension Rolls of the State"—and applications are now in for 80,000 more. To say that in Texas today there is that many old people who are in actual need of a pension is simply beyond sensible human belief. If its necessary to take care of all these people today—let me ask who has been taking care of them here-to-fore? Lets vote and have our legislators to vote to provide funds to give reasonable, even liberal care to the deserving old folks of Texas, but for the sake of Texas today, and the days to come, lets not act the fool and tax ourselves out of existence for who, yes, who will take care of us when we all go broke trying to pay pensions in such amounts that it will require more than all the income of all the taxpayers of the state to pay them. Lets be charitable but for our own sakes lets be consistant.

BETWEEN \$7,000 AND \$10,000 MONTHLY

Folks did you know the mail order business if continued at its present volume will eventually wreck the business of Jayton, put our schools on the bum, de-populate the territory and take of this community just a location for a few filling stations and a mail order post office.

Did you know we are sending more cash out of this community than any business house in the town takes in on an average. Well, we are. Where does it go? It goes to Chicago, New York, Kansas City, Dallas and Fort Worth. Goes to these towns to help

LAUNDRY

Some of the reasons why our laundry work is satisfactory.

1. We devote all of our time to laundry work and are well experienced.
2. We have the equipment to work with.
3. With our water softening machine our wash water is softer than rain water result is white clothes bleach out whiter, prints come out gayer.
4. Last but not least we have the best place in town for you to do your own laundry.

the people of these **C E** and expand, to help support their schools and colleges, their broadways and their whiteways, their alleyways and their subways. Do we owe it to them? Not by a damnsight. Charity begins at home and common sense should tell us that if we fail to care for our own, no one will care for them.

Now don't misunderstand us - it's not all the fault of the patrons of these mail order houses, much of it is the plain fault of our own home business men and business institutions. Knowing as they do that this business is here, and is daily going away from here and that they need it and the town need is these same business men and institutions should get in and go after it. Why don't they do it? Ask them, don't ask us. Half of us need a shot of highlife and the other half need a shot of home town loyalty serum and the quicker we all get shot with one or both of these serums the better off we will be. Only a nut will deliberately sit down and bleed himself to death - and that is just what we of this community are doing.

WHAT OF IT?

The republicans are throwing hilarious fits over the fact that Henry Ford announces that Landon is a good guy and that he will vote for him for president and hopes that he will be elected. Ford supported and voted for Cool Cal Coolidge. He has supported, worked and voted for "Starvation Hoover". So whom would one expect him to vote for now if not for Landon? Something to rejoice over we should say. Henry knows how to make Ford Cars, but when it comes to selecting presidents he has proven himself a failure.

A lot of big business men and some farmers remind us of bovines. The old cows were all boged down in the mud of republican mis-management and their cowboy Roosevelt happened along roped them and pulled them out on dry land. Now the old long horns want to hook him for saving their financial lives. Ingratitude of the rankest sort.

Take advantage of the bargains advertised in the Chronicle and you can save enough every week to pay for the Chronicle 10 times over.

Whose paper are you reading now? Come in and buy one of your own and thereby play fair with the editor and quit imposing on your neighbor.

Cotton is coming to Jayton gins and market from miles around. We are told it is because the gins do extra good work and then pay the limit for the staple and the seed.

If there is an idle person in this part of Texas, who is able to work they are idle just because they will not work.

Chronicle Announces Special BARGAIN RATE

\$50.00 In Cash Awards To Be Given During The Campaign

Could YOU use \$30.00 for Christmas money? If you can write an interesting letter of not more than 50 words beginning as follows: "I like the Jayton Chronicle because . . .", you will be given an opportunity to get a cash award of \$30.00 as first prize in a contest beginning now and closing Saturday, December 5th, 1936.

In addition to 13 prizes for the entire contest, two weekly cash prizes will be given for the two best letters received that week, \$1.00 for the best letter and 50c for the two next best. The 13 main prizes include \$30.00 for first award; \$7.50 for second; \$2.50 for third; and ten \$1.00 awards for the ten letters judged next best. In case of tie for any award, duplicate awards will be given the contestants tying.

RULES FOR ENTERING CONTEST

All letters must begin with the words "I like the Jayton Chronicle because . . ." and contain not more than 50 words in all. Use as few as necessary.

Write only on one side of the paper, placing your name and address at bottom of page. Write as plainly as possible, paying special attention to neatness.

In the event of a tie declared by the judges, identical prizes will be awarded.

All letters must be in the Chronicle office on or before December 5, 1936, the closing date of the contest.

This contest limited to those on our paid up subscription list.

BARGAIN RATE TO BE OFFERED DURING THIS CONTEST

In order to give each one an opportunity to get the Chronicle at the bargain rate before entering the contest, the management of The Jayton Chronicle announces a special bargain rate of 50c a year for the Chronicle to run concurrently with the letter writing contest. This rate will apply to subscriptions of residents in Kent and surrounding counties only. It is the aim of the Chronicle to make it possible for every reader in this territory to become a subscriber to their home town paper, THE JAYTON CHRONICLE.

If you have a friend or neighbor who is not now a subscriber to the CHRONICLE tell him of this offer and the letter writing contest for they will no doubt want to take advantage of this bargain rate. Come in at once before it is too late and avail yourself of this special rate. You may keep putting it off and before you know it, the offer will be withdrawn and the old price will again be in effect.

Subscriptions are limited to one year.

ROYAL D. ALFORD

COUNTY EXHIBIT, JAYTON OCTOBER 24

A few changes in plans for the county home demonstration club exhibit have been necessary since the last council meeting. The schedule for the exhibit is as follows:

All individual entries must be checked in by 9:30 A. M. Every club woman is urged to enter one jar of each variety of vegetables and fruits that she has canned. The committee in charge of this is Mrs. Earnest Clark, Mrs. Dick Sampson and Mrs. Wesley Osman.

At 11:00 o'clock Miss Lilith Boyd, Home Demonstration Agent from Tahoka, will hold an open judging of the canned foods. Each jar will be judged before the group and every one will have an opportunity to know on what qualities the jars are graded.

Beginning at 1:00 o'clock, some of the home demonstration and 4-H

te demonstrations on some phase of home demonstration work, following this schedule:

- Home Demonstration Clubs
1. Lost Lake - Well Balanced Meal From the Pantry.
2. Polar - Utilization Of Canned Meats
3. Harmony - Making Hot Tamales
4. Catfish - Variations Of Home Made Cheese
5. Clairemont - Leafy Vegetables In The Menu
6. Riversdale - Utilization of Canned Vegetables
7. Jayton - Cakes for Special Occasions.
8. Durham - Proper Table Settings Girls 4-H Clubs.

- 1. Clairmont - Making Light Weight Covers.
2. Girard No. 2 - Finishes For Dresser Scarfs.
3. Polar - Making Candlewick Bedspreads.
4. Girard No. 1 - Fruit and Vegetable Salads.
5. Harmony - Cake Frosting From Jelly.

The public is invited to attend both the opening judging and the demonstrations.

GOOD RECORD ON BEDROOM IMPROVEMENT

In checking and making a summary of the work, completed this year on the bedroom improvement demonstration for girls, the Girard club No. 2 made the following report on the 25 bedrooms improved:

- 1 window added.
12 rugs provided with new curtains.
4 floors improved.
8 rooms provided with new screens.
4 home made rugs added.
3 mattresses made at home.
16 pieces of bed linen added.
3 springs and mattress covers added.
5 bed spreads added.
6 woolen covers provided.
20 dresser scarfs added.
3 clothes closets added.
1 bathing center added.
6 reading or writing tables added.
3 book shelves provided.
12 lamps added.
6 chairs added.
15 pieces of furniture refinished.

The total cost of this work in the club was \$33.50. Polly Thompson bed room improvement demonstrator, was county winner this year and attended short course. Mrs. Floyd Blackwell is club sponsor.

School News

As Monday, October 12, was Columbus Day, or the day on which we celebrate Columbus' discovery of America, we had dramatized for us all the main events leading to the discovery and the staking of Columbus' claim on the new land for Spain.

Immediately following the play the school sang "America" with all the zeal of true Americans. The remainder of the program was musical selections given by the first grade. In conclusion Mr. Coons made a short talk concerning the six weeks tests.

Last Friday night our senior girls

and boys played Girard girls and boys at Girard. Before the games were played an "Our Gang Comedy" and an introduction to the Girard basketball players, the faculty and school board was put on the screen. After the show the girls played and Jayton won the game 24 to 8. Then Jayton also won the boys game which was a victory of 28 to 4.

Tonight Jayton goes to Peacock to play basketball. So come on gang! Let's Go!

On Tuesday night of next week we will play the Swenson boys and girls in our gym. The Swenson school has been enlarged to ten teachers which is almost as large as our school and we are expecting more competition from them than we might want.

On Friday night, October 23 our good friends but strong rivals from Peacock will be over to offer the crowd some good entertainment when our senior boys and girls play them in our gym. The price of admittance has been sliced in half this year so bring your dime and see some good basketball games. We need your support and you will enjoy the action.

Juniors

J. C. Moore, formerly of Girard school, is a new member of the Junior class. The senior boys basketball team is sure to be strengthened because of his ability to play ball.

Several members of the Junior class will perform in a short one-act play Monday morning in chapel. Be sure and come.

Geometry Student: "An axiom is something that is self evident."

Mr. Williams: "That answer won't stand up; if we see a cow out here somewhere, she would be self-evident but would she be an axiom?"

Sophomores

The twelve members of the sophomore class are really studying for the exams this week. We plan to make the best grades in high school this first six weeks, then we will celebrate by having a big time Halloween. So don't be surprised when you see that the Sophs had the best record in high school for the first six weeks.

DANCE MONDAY NIGHT

After you see the World's Greatest Ice Skating Carnival... Ernie Kratzinger's 15-Piece Orchestra... FREE Dancing... BLACK FOREST AT DALLAS CENTENNIAL

Freshmen

Station J. H. S. News Flash! October 2 the Freshmen Class met and elected the following officials: President: Mary Lou Matthews. Vice-president: Renelle Fuller. Secretary and treas.: Jim Clair Davis. Reporter: Beulah Belle Gallagher. Class Sponsor: Mrs. Jones.

Class Chaperon: Mrs. Coats. The class is planning to have several entertainments during the year so the president appointed Jack Coats and Nadine Callicotte to serve on a social committee.

Tune in next week on station JHS for another news flash from the Freshman class.

REPRODUCE COLOR OF OLD WEST FOR "HOPALONG" FILM

The extent to which motion pictures go to capture authenticity is shown by Harry Sherman, producer of "Three on the Trail," latest of the "Hopalong Cassidy" Western adventures, which opens Friday and Saturday at the Palace Theatre, Co-starring William Boyd, Jimmy Ellison and Onslow Stevens.

Resources and artistic ingenuity were combined to provide a background retaining the spirit of the Old West, where towns sprang up like mushrooms and died as quickly; saloon doors swung wide and gambling house and dance halls flourished.

The town of Mesquite was created, the locale for most of the exciting actions which transpires in "Three on the Trail". Centered in the midst of cattle ranches covering thousands of acres, near Kernville, California, Mesquite's Main Street was laid out in detail, with Kane's Paradise Bar, a typical two-story structure of the '80s, and the old Gunsight stagecoach, the town hall, the sheriff's office, a blacksmith shop, and cattle corral and stables all adding to the realism of the setting.

Mr. and Mrs. W. H. Porter visited in Sweetwater, Tuesday night.

Mr. and Mrs. Charles Robinson and babies had business in Aspermont, Wednesday with the dentist.

Mr. Floy Barfoot and Mrs. H. D. Black and Jo Adell and Mrs. J. W. Barfoot had business in Stamford Monday and Tuesday.

Mr. and Mrs. R. C. Patton visited in Rotan last Sunday.

Miss Nannie Beth Rice and Mr. and Mrs. R. B. Whitaker spent last weekend at Brownwood and Dallas Texas.

Mr. and Mrs. Bob Whitaker and Miss Audrey Lucille Robinson were in Tokio the first of the week.

Mr. and Mrs. C. O. Fox Jr. and Eloise Wilson of Snyder spent last weekend here.

City Tailor Shop

Thursday afternoon of last week Mrs. Van North entertained for members of the Club and guests in her home.

After several games of contract bridge high score award went to Mrs. Brown and low score award went to Mrs. McLaurie. Mrs. Patton held the traveling prize at the conclusion of the play.

The Hallowe'en motif was used in appointments.

Those present were: Mesdames Brown, Mason, Mayer, Sandell, Patton, Thornton, B. Robinson, Vercell, Sewalt, McLaurie, C. Robinson, Earnest and Misses Vivian Draper and Mary Robinson.

Mrs. Minnie Euell, an aunt of the hostess arrived during the play which gave a delightful surprise to those present.

PIE SUPPER A SUCCESS

The pie supper that was given last night at the Robinson building was a financial success. All of the pies were sold at fair prices, for pies, and the contest for the prettiest girl and ugliest boy drew some attention. The pie that brought the most was a coconut pie which sold for one dollar. Miss Lucille Daniels won the box of candy offered for the prettiest girl and Babs Robinson won the cigarettes for being the ugliest boy.

Mrs. H. J. Whatley, H. J. Jr. and Mrs. Melvin Jackson made a trip to Spur, Monday of this week.

A. J. Hagin came in Thursday from California.

Skeeter Lewis returned to Jayton after working for the past few weeks at Odessa.

LAWN SET IN BERMUDA GRASS

Mrs. E. C. Martin of Clairemont says she took advantage of the recent rains and set her yard with Bermuda grass. Rows were dug about one foot apart, the entire length of the yard and the clumps of grass were set in the rows.

If you want a smooth green lawn next spring, you should sow the seed or set out clumps of grass now. This is the best time of the year to start it, and by spring it will be fairly well covered over with grass.

Mesquite grass is similar to Bermuda and makes a hardy lawn grass. Grass will spread faster if it is kept mowed rather than allowed to grow tall.

CAN FRIED CHICKEN FOR WINTER USE

"You can have fried chicken all winter" reported Mrs. O. C. Lowrance of Jayton, "by canning friers now."

Only the young chickens should be canned as fried chicken according to Mrs. Lowrance, and older fowls can be canned as cubed, boned or ground chicken.

Jeffersonian

Cotton thieves are expected to be Orville S. Carpenter, executive director of the Old Age Assistance Commission, explained this week that present funds on hand will not be sufficient to pay assistance after October.

He said that the Commission would continue making grants and that checks will be sent November 1 if State money is made available before that time. Federal money can not be used unless State money is in the Texas Treasury to match it dollar for dollar.

In a report to Governor James V. Allred this week he predicted that the ultimate number of recipients under the present law will be 147,000 aged.

The Commission will probably approve 20,000 applications in October and like numbers in November as well as in December, the report indicated.

Mr. Carpenter stated that the yearly pension bill, after all eligible applicants receive their grants, will be \$30,000,000.

Of this amount Texas will have to furnish \$15,000,000 as its pro rata of the dollar for dollar matching program of the United States Government.

BALE OF COTTON

Last Monday night some one or more than one went out to Gordon Hamilton's cotton field and hauled away a bale of cotton that he had on the ground in his field. From the signs left by the thieves they moved the cotton across the field in sacks and loaded it on a truck and moved away. Gordon says that was one bale of cotton he paid double for and did not get.

Mrs. E. L. Draper and Floyd Blair visited in Spur last Tuesday night.

According to Deputy sheriff Byrum Smith, a small ring of petty thieves has been broken up. Their specialty was stealing tires and tubes from filling stations. Smith states that a young man caught in Childress implicated at least two other boys and confessed to robberies in several different towns to the north and east of here.

Read the ads then buy and save!

An aerial map recently made of the Brazos River basin disclosed that were treated to quite a few spots and upsets of the dope bucket this last week end so we are not hearing quite so many statements on how certain games will end this week end. Bottles Mason is the only one around here that has any right to even guess publicly how games will come out after the way some of the locals prophesied last week. Bottles says that with the exception of one or two games and a slight variation on scores was his record for pickin' 'em last week and the influence of some guys that were sure enough rightly 'informed' caused him to miss those he missed. But it looks like that it is going to be simply luck to pick them from now on as there is just nothing to this dope bucket stuff.

However, this writer picks TCU over A & M. but that on a small margin, and plays it safe and don't come out and declare his views on the other games scheduled in the S. W. Conference.

John Vincent, farmer of north of Jayton was a Spur visitor Tuesday.
