Swing Of Southwest Farm Markets

(USDA) — Spots of strength and weakness checked southwest farm markets last week in every uneven trend, according to the Production and Marketing Administration, U. S. Department of Agriculture.

Wheat and oats registered rather sharp advances for the week. Corn hardly recovered early losses as continued favorable weather aided crop prospects. Sorghum fluctuated widely but closed Friday unchanged from a week earlier, at around \$3.65 per hundredweight. Wheat stood at \$3.00 per bushel, base grade.

Slight advances in rough rice prices reflected more active foreign demand for milled rice. Millfees and oilseed meals declined during the week, as most other feeds gained. Hay moved more freely at slightly higher prices, for good quality. Peanuts found slow demand, as harvesting became more general. Pine Texas wools were getting scarce, but average staple 1946 lots sold at \$1.18 to \$1.20 clean basis.

Spot cotton sales increased during the week, as harvesting went forward at full pace. Prices scored net advances of \$2 to \$3 per bale.

Eggs continued to sell at firm prices last week, while poultry showed slight weakness at some places. Most heavy hens brought 22 to 24 cents per pound at Fort Worth, 28 at Dallas, 22 to 26 at Denver, and 31 to 33 at New Orleans. Fort Worth and Dallas paid around 55 cents per dozen for best candled eggs, and New Orleans gave 56 for fresh No. 3 Extras. Denver took best current receipts at 43 to 47.

Cauliflower weakened at Colorado shipping points during the period, but potatoes and onions sold steady to firm. Some fall vegetables gained strength as frost season drew near. Cabbage, carrots, cucumbers and onions sold higher at St. Louis and Kansas City. Many products took on a firmer tone at Fort Worth. Demand slackened for sweet potatoes, but prices changed little in Louisiana.

Cattle varied some during the week, but closed mostly steady to strong, with Texas cows and calves principal exceptions. Medium good cows sold generally from \$14 to \$16 at Texas markets, where common and medium kinds range largely from \$12 to \$14, and canners and cutters from \$8.50 to \$11. Other southeast terminals paid around \$13.50 to \$18 for common to good cows. Canner and cutter cows brought \$9.20 to \$12.50 at Oklahoma City and Wichita, and \$11 to \$13.50 at Denver.

Slight daily ups and downs left hog prices largely steady to 50 cents higher for the week. San Antonio set a new all time high of \$28.50 but closed a little below the peak. Closing top prices on butcher hogs ranged from \$29 to \$29.50 at other southwest markets. Sows brought mostly \$25 to \$27, and pigs \$20 to \$26.

Slaughter lambs suffered losses of 50 cents to \$1 at most southwest terminals, but San Antonio remained steady to strong. Other classes held mostly steady. Medium and good fat lambs brought \$18.50 to \$19 at San Antonio, and \$18.50 to \$20 at Fort Worth. Good and choice kinds sold around \$21 to \$22.50 elsewhere.

Mr. and Mrs. Will Gardner had as their guests last week her nephew Mr. and Mrs. Claud Gregory of San Diego, California and Mrs. Mary Thompson of Wichita, Falls, Texas.

Mr. and Mrs. W. H. Porter and children left Tuesday morning for Dallas, Texas where they will visit relatives and attend the State Fair.

A Report From Greece

—By George Mahon

This is about Greece, written from London while I am awaiting a ship for New York. Our Committee on Foreign Aid has recently returned from a week in Greece.

Before going there, I had rather expected to see people dying in the streets from starvation and want. I believe Greece is in worse shape than any nation in Europe, but the aid program of the U. S. and the efforts of the people are preventing the complete collapse of the country. The Greeks made a heroic effort during the war to hold the enemy and give aid to the Allies and since VE Day vast sums of money of many nations have been spent there to arrest the ravages of disease and starvation.

At present our nation is in the midst of the 300 million dollar aid program to Greece which is being administered by former Governor Griswold of Nebraska. The object of the program is to help stabilize the country and prevent the further extension of the Russian Iron Curtain.

It is no secret that the principal object of American foreign policy in Europe is to assist democratic peoples and prevent the extension of Communist terrorization and domination to the Atlantic Ocean, enveloping all Europe. If the Iron Curtain of Russian Communism comes to the Atlantic, billions of additional American dollars will have to be spent on our national defense program and American security will be in jeopardy. For right or wrong that is the prevailing viewpoint of our government. No one knows for certain just what may develop; history will record whether our policy is right or wrong. We are taking a chance and if we lose, our efforts and our money may go for naught.

Greece has about the same population as Texas, but it is only one-fifth the size of our state. And what is more important, most of the country consists of a series of rugged mountain ranges and the land available for agriculture is very limited. Moreover the people depend principally on agriculture for a living as there is practically no industry. The annual rainfall is about the same as in West Texas.

We first went to Athens and then to Macedonia in northern Greece where much of the guerrilla warfare is being carried on. In company with Greek soldiers and officials, we went as far north as the Bulgarian and Yugoslav borders. In this part of Greece I saw scores of farms which would normally be planted to wheat lying idle because the people had fled from their farms and villages as a result of the terrorization program of the so-called bandits and guerrillas. It is estimated that 250,000 have fled from their homes because of the guerrilla menace, and they are living in the cities under unspeakable conditions. There are about 16,000 of these bandits in widely separated areas who hide out in the mountains and conduct sporadic raids upon the villages.

Some of the bandits are accepting the offer of the Greek Government to surrender on a promise of no punishment. I talked to a number of these surrendered bandits in different localities. Most of them were quite young. Their stories and everything I heard in Greece confirmed the charge that the bandits are being inspired and supported by the Communist across the Greek borders to the north.

The primary need in Greece is employment and freedom from the reign of terror of the bandits. Governor Griswold and his staff are actively pressing for action in the American aid program but their job is difficult and success is not assured. The Greek Government is still weak and the Greek army at present is doing a poor job of suppressing the bandits and restoring order. I found no one who thought American troops should take over this task. Such a policy in my opinion is not only unnecessary but would be a tragic mistake otherwise.

The top men in the agriculture program of the American Mission in Greece are E. N. Holmgren and B. F. Vance, both of whom were former administrators in the AAA program in Texas. Perhaps they were selected because Greek agriculture is similar in some respects to our own. I visited many dry-land farms and many farms where underground water is pumped for irrigation. The average farms is 7 acres in size. The irrigation program seems to offer the quickest way to increase production.

The Greek cotton crop will not be adequate to meet the needs of the country. Greece normally raises about 60,000 bales of cotton. There is a surplus of olive oil and tobacco for export but the Greek currency is

The Winner

PROUDEST BOY IN TEXAS this week is Stuart Henderson of Hyman, Mitchell County, shown here with his Hereford steer which was judged Grand Champion of the Junior Livestock Show at the State Fair of Texas. More than 40,000 4-H Club boys and girls, Future Farmers and Future Homemakers were on hand for opening day events, biggest gathering of its kind ever held in the Southwest.

Hallowe'en Rodeo To Be Held At Davis Grounds

Plans are being made for the Hallowe'en Rodeo to be held at the Davis Rodeo grounds near Clearmont on Thursday night October 30.

This Rodeo is being sponsored by the Jayton P. T. A. in place of the annual carnival. Everyone plan to make the rodeo grounds your headquarters Hallowe'en night.

The queen will be crowned and entries from several near by towns are expected to take part in the ceremonies.

Mr. Doyle Clark of Lubbock, son-in-law of Mr. and Mrs. J. O. Lee of Jayton, was stricken with a heart attack last Sunday afternoon. He is reported to be recovering in the Lubbock Hospital.

on such a weak footing that the export program is far from satisfactory. There is little confidence in the value of the currency.

The war devastation in Greece was terrific and many of the highways and railroads are impassable, and the great ports for Athens and Salonika are not yet in full operation. It takes time to repair the ravages of war.

Of one thing I am sure, the rank and file of the people in Greece do not want Communism and they will not willingly accept it. They are close to the Communist states of Bulgaria, Yugoslavia and Russia and the rank and file want no part of it. But Communism operates through terrorist methods and when a police state is established freedom is lost. That is the principal reason why Communist is such a threat throughout the world.

I have been forcefully struck during our study in Europe with this fact. You do not learn too much about a country at the Embassy or at the seat of the Government. You learn more by visiting the people in the streets and in the workshops -- by visiting them in their homes, on their farms and in their villages.

If you start a conversation in a village the whole neighborhood gathers about you. The people seem anxious to express their opinion and I found the people in Greece were well informed and greatly interested in current problems. They are well aware of American aid and they are grateful for it. That is not true throughout Europe.

One who has not been in Greece cannot realize the abject poverty of the Greek people. The most they could hope for is a chance to earn a meager existence and live in peace.

Our nation is seeking to follow a policy of enlightened self interest in Greece. It is a gamble of four powerful countries in the interest of world stability and peace. In six months we should know whether the chances of success are good.

In addition to conferences with members of the American Mission in Greece, we met at length with Prime Minister Sophoulis and various other Greek officials. We made no promises in behalf of Congress of the American people, we sought to get facts which would be of assistance to Congress when further action is taken in Washington.

Mr. and Mrs. Burkett Change Cafe Locations This Week

Mr. and Mrs. Dude Burkett, who have been operating the Ideal Cafe for several years, changed locations Wednesday of this week when they moved to the Coffee Pot Cafe.

Dude says the reason for this change were that there is more parking space, better location and they will be able to serve the public more conveniently.

Health Notes From Austin

Austin, Texas. — Seasonal health hazards for young children are to be guarded against in the wintertime just as carefully as they are in the summertime in the opinion of Dr. Geo. W. Cox, State Health Officer.

"Every mother is familiar with so-called summer complaints which effect small children but certain winter diseases can be just as likely to make their appearance unless proper precautions are used during the approaching season," Dr. Cox said.

In the group of winter diseases Dr. Cox included influenza, tonsillitis, pneumonia, bronchitis, asthma, and even diphtheria when a child has not had diphtheria immunization. Any such disease affecting a child's respiratory or breathing system is apt to be very serious and all too often fatal. Pneumonia often develops from a neglected cold or may follow a severe case of measles or whooping cough. Bronchitis conditions may also prove to be an after effect of such diseases and these respiratory ailments are much more difficult to combat successfully than the digestive ailments which are prevalent in the summertime, and known as summer complaints.

"These winter diseases are especially dangerous to babies and very young children," Dr. Cox stated.

"Nearly all of them are spread from the secretions of the nose and mouth. Children not in vigorous health are naturally more susceptible to these complaints and the first line of defense against them is to build up the child's general health, as a power of resistance against disease," Dr. Cox advised. "The second step is to keep them under medical supervision and the third is to make sure that they avoid contact with these who have coughs, colds, or fevers."

Mrs. C. C. Gallagher of Jal, New Mexico spent a few days last week in Jayton with her mother Mrs. S. W. Ellerbee.

Mr. and Mrs. Robert Florence had as their guests last week end, her sister, Mrs. Roy Foster, neice, Mr. and Mrs. Bernhard Gunaloch, and a friend, Miss Margie Boyd all of Rule, Texas.

Mrs. Travis Smith and Mrs. Robert Bybee and daughter went to Plainview, Texas last Saturday to visit Mrs. Smith's mother, Mrs. Reece, for a few days.

Fowler - Montgomery Vows Read

Miss Sue Fowler, daughter of Mr. and Mrs. Thos. Fowler, became the bride of Mr. James Bryan Montgomery, son of Mrs. J. H. Montgomery, at 7:00 P. M. Saturday in the home of the bride's parents with Rev. J. D. Ramsey officiating at the candle-light ceremony.

The altar was banked with fern and lighted by white tapers in wrought iron candelabras and flanked with baskets of white and pink gladioluses. Misses Patricia and Nancy Fowler, sisters of the bride, lighted the tapers.

The bride given in marriage by her father, wore a tailored suit of crystal aqua wool with brown accessories. She carried a bouquet of white carnations showered with pink satin streamers. For something old, the bride wore rhinestone earrings belonging to her mother, and for something borrowed, she carried a hand-painted handkerchief, belonging to the mother of the groom. Miss Loretta Halcombe of Dallas, former room-mate of the bride, served as maid-of-honor and was dressed in a Florentine purple suit with black accessories. She wore a corsage of white baby mums, John P. Montgomery, brother of the groom, was best man.

Mrs. Lee Witten, the former Alma Jo Holley, of Abilene sang "Always," accompanied by Mrs. Thos. Fowler, pianist, who also played the nuptial music.

Mrs. Fowler, mother of the bride, wore a black sheer frock with black accessories and a corsage of deep pink carnations. Mrs. Montgomery, mother of the groom, wore a raphael blue frock with black accessories and also wore a corsage of pale pink carnations.

A reception was hosted by the bride's parents with Mrs. Lee Witten, Abilene and Miss Evelyn Grace Hall, Lubbock, serving. The triple-tiered cake, topped by a miniature bride and bridegroom, and encircled by pink and white asters and maiden-hair fern, centered the filet lace-laid table.

The bride is a graduate of Jayton High School, and attended North Texas State Teachers College at Denton. She has been employed at the Federal Reserve Bank in Dallas for the past three and one-half years.

The groom is also a graduate of Jayton High School. He spent two years in the Marine Corps; eighteen months of this time being spent overseas in Guam and China. Since his return he has been engaged in farming and stock-raising.

After a short wedding trip to New Mexico the couple will make their home near Jayton.

Other Guests attending included: Mrs. J. H. Fowler, Mr. and Mrs. T. J. Fuller, Mr. and Mrs. John Fowler, Mr. and Mrs. W. K. Joiner, Mr. and Mrs. Dallas Kenady, Mr. and Mrs. H. D. Black and Jodie Black, Mrs. W. D. Jenkins, Comanche, Mr. and Mrs. Webb Jenkins and daughter of Kermit, Mr. and Mrs. B. E. Rutherford of Putnam, Mr. and Mrs. T. B. Smart and daughter of Cisco, Mr. and Mrs. Tom Bill Fowler of Canyon.

WARNING—SLEEPING SICKNESS

College Station. — A warning to stockmen about sleeping sickness among horses came from the Texas A. and M. College Extension Service this week.

Dr. E. A. Grist, Extension veterinarian, warned that from now until the first frost, sleeping sickness is a threat to farmers and ranchmen. In Louisiana recently, the disease epidemic stage, with official reports showing 3,713 cases in which horses were stricken.

While only 52 cases of the disease have been reported in Texas this year, Doctor Grist said, vaccination is still in order up until cold weather sets in.

A count on cases of sleeping sickness and other livestock diseases reported in Texas is kept by Doctor Grist, making possible timely warnings and recommendations for disease control. County agents and veterinarians report outbreaks to him monthly.

Mr. and Mrs. Roy Fuller and Mr. and Mrs. Grady Jones visited G. H. Brown at the West Texas Hospital at Lubbock last Saturday.

Mrs. H. H. Stedham of Carlsbad, New Mexico spent last week end in Jayton and Spur with her parents Dr. and Mrs. R. L. Alexander.

Mr. and Mrs. G. L. Hamilton and son and Mr. and Mrs. Johnie Hamilton and children spent last week end in Penrose, Colorado.

News From The County Agents' Office

Saturday afternoon, October 25th has been set as the tentative date for the Kent County Seas Gilt and Boar show to be held in Jayton. Mr. Charles Taylor, Dickens County Agent, will act as judge for the show.

The first place gilt and the boar will be sent to Sweetwater on November 1st to compete with the other county winners in the Sweetwater store area.

Jimmie Lee Bural, Girard, Texas will have the Durco boar on exhibition and gilts will be shown by Harold D. Thomas, Eldon Smith, Gerald Boland, and John L. Boyles of the Jayton 4-H Club and Charles Hunnicutt, Bernice Goodall, C. W. Burrow, and L. J. Williams Jr. of the Girard 4-H Club.

60 milk cows were tested for Bangs disease by Dr. A. J. Lewis, state veterinarian, in Kent County, Monday, October 13th, assisted by K. O. Lewis and Earnest Thomas.

Mr. Johnie Lewis was elected zone supervisor for the Duck Creek Soil Conservation Service at a meeting Tuesday night at the Jayton High School.

Hanford Long Receives State Farmer Degree

The Lone Star Farmer degree has been awarded Hanford Long by the Texas Association of Future Farmers, at the last annual meeting of the State Association. The gold key and certificate of a state farmer was presented Hanford at the Area I banquet, at the Hotel Lubbock Monday evening.

Only two percent of the total membership may receive this award, and then only when the highest qualifications are met. These are based on progress, or growth of their farming program over a period of three or more years. Leadership, scholastic rating are also considered in making these awards.

Others attending the Area I Banquet from the Jayton Chapter were: R. A. Moreland Jr., an area officer, John Henry Mayer, John Allen Kelley, Don Jay, Larry Dean Wright and E. Ray Dunlap.

Rotan Dairyman Has Prize Winning Cow

College Station. — Brampton Irene Ash, a registered Jersey cow owned by J. C. White, Rotan, has been given the silver Medal Award of the American Jersey Cattle Club for completing an outstanding production record.

Extension dairymen at Texas A. and M. College were informed by the cattle club's headquarters in Columbus, Ohio, that White's cow has chalked up a production record of 11,369 pounds of milk and 582 pounds of butterfat over a 305-day period. Her tests were verified by both the University of Illinois and the American Jersey Cattle Club.

In compiling this record, the cow produced more than two and one-half times as much butterfat as the average dairy cow in the United States. She has also been officially classified type by the cattle club, and given the high rating of Very Good.

UP TO DATE 1175 BALES ARE GINNED

A total of 1175 bales of cotton had been ginned in Jayton by the Co-op Society No. 1 Gin early Thursday morning. Favorable weather and a slight increase in pickers have given the gin an exceptionally good week.

However, more pickers are still needed to handle the crop.

Farmers were receiving from 27½ to 30½ cents a pound for cotton and \$85 a ton for seed.

Paraphrasing Browning, "Oh, to be in San Antonio now that autumn's there!"

Most romantic of Texas cities! Herds of bawling cattle once were driven down the dusty main street. Stagecoaches dashed in, with a story of a holdup or an Indian attack. Mules, with jingling little bells, plodded in, loaded with Spanish silver.

Her history is a procession of Spaniards, Mexicans, filibusteres, Comanches, cowboys brawling in the saloons, cattle kings betting thousands on the turn of a card.

From San Antonio, Jim Bowie set forth to seek the San Saba mine (Known to legend, too, now as "the lost Bowie mine"), had an epic fight with redskins and, because of his wounded men, had to turn back.

Roy Bean lived in San Antonio till he left for Langtry to become "the Law West of the Pecos."

San Antonio not only is the scene of the Alamo but here too were fought the Council House fight, the Grass Fight, Salado, Alazan, Medina, Concepcion; and the city was stormed by Texas patriots responding to the ringing call, "Who will go with old Ben Milan into San Antonio?"

Shanghai Pierce of the booming voice; Big-Foot Wallace, Texas-Ranger, stagecoach driver, hero of the Mier expedition and the War with Mexico; Bet-a-Million Gates; Sam Bass on the dodge; Ben Thompson, master of the six-gun; Robert E. Lee; Capt. Jack Hayes; Sidney Lanier; O. Henry; Brann the Iconoclast—all were here.

What a cast of characters! Imagine writing a whole book about San Antonio and leaving all this—or nearly all of it—out! Well, a fellow did.

A gambler who was an expert at poker was asked why he never bet on the races. He said, "They won't let me shuffle the horses."

A migratory labor force of 80,000 cotton pickers comes through Texas every year.

Milk cows are creatures of habit. Proper handling of cows on a regular schedule is the essence of good dairy management.

Mr. and Mrs. Buddy Gallagher of Pampa, Texas spent last week end in Jayton with Mr. and Mrs. W. Z. Wade.

Mr. and Mrs. B. C. Cairns of Claremont had business in Fort Worth, Texas this week.

GLOOMY PICTURE IS GIVEN ON CROPS, WATER, RANGES

Austin. — A gloomy crop, range and water picture boiling down to an urgent need for moisture over most of Texas was given Wednesday in statewide surveys by two federal agencies.

The United States Geological Survey found the state's eight principal reservoir held water reserves 21 percent lower in September than they were a year ago. The Red Bluff Lake on the Fecos was described as "practically empty."

The United States Department of Agriculture found that a general rain is "urgently needed" for pasture grass over the western two-thirds of the state as well as in some southeastern counties.

Flow of streams in the northern half of Texas, eastern New Mexico, all of Oklahoma and much of Texas, approached a new record low during September. No Serious water shortage was occurred thusfar, the USGS said, but if the present subnormal

precipitation continues, the lowest stream flow of record is in immediate prospect.

Ruroff was found to be sub-normal in all parts of the state, and definitely deficient in the northern half.

The USDA issued its weekly crop and weather bulletin, its range and livestock report as of Oct. 1, and its general crop prospect report of Oct. 1st.

Tommy Russell was operated on for appendicitis at the Stamford Hospital, Monday of this week.

Mrs. John Fowler was called to Austin, Texas Monday, due to the sudden death of her father.

Membership in the nation's farmer marketing and purchasing cooperatives went over the five million mark for the first time in the 1945-46 season.

MAHON FORESEES SPECIAL SESSION ON EUROPEAN AID

Colorado City. — Congressman George Mahon, who arrived home from Washington Sunday night for a three-weeks rest, foresaw Monday the probability of a special session of Congress on Dec. 1 to provide interim aid for France and Italy, an appropriation to ward off the starvation until the regular session in January.

He returned to the U. S. October 9 from a tour of Europe as a member of a 19-man House of Representatives committee studying the plight of European nations in relation to U. S. proposed aid.

Mahon declared that "there is no doubt that Europe is undernourished and would have already collapsed but for American assistance."

Mahon must go back to Washington November 5, when the Congressional committee which made the tour will re-assemble to work out a recommendation to Congress regarding U. S. assistance and particularly a report to the President as to whether a special session is necessary on order to arrange interim aid for Italy and France.

He would not predict what that committee's recommendation will be. The group is composed of many different kinds of thinkers, he said—liberals, isolationists and those with varying shades of opinion. The

views of all will have to be merged into a majority decision.

His first day at home, Mahon rested all morning; then he and his wife inspected their 400-acre farm near Loring and later had noon dinner with Mahon's father, J. K. Mahon, on the latter's farm in the "orange area. The elder Mahon will celebrate his 87th birthday Wednesday and the Congressman and wife are to visit him again that day.

He will be in Colorado City most of this week. Afterward he is to visit all parts of his district—the 19th—comprising 25 counties, since Lubbock as his headquarters. He has no set itinerary.

(This article was taken from the news story written by Earle Walker, Staff Writer for the Abilene Reporter-News.)

Under the Research and Marketing act of 1946, the U. S. Department of Agriculture cooperating with state agricultural experiment stations, will conduct surveys to determine requirements and kinds of foods consumed by different groups with this country's population, the material to be used as a basis for estimating potential outlets for farm products.

HEADACHE

ALKA-SELTZER is unusually effective in the relief of headache because its analgesic (painrelieving content) is made more positive by alkaline buffers.

Alka-Seltzer being a combination of painrelieving and alkalinizing ingredients has gained wide usage and popularity for the relief of Acid Indigestion, Cold Symptoms, "Morning After" misery and Muscular Pains. And be sure to try Alka-Seltzer for that tired feeling following hard work or strenuous exercise.

For the first time in nearly a quarter of a century, the national farm mortgage debt is increasing, estimates for last year showing a rise of nearly 3 1/2 percent.

School News

SENIOR NEWS

This is the senior class to again bring you the news. Well this is the week; six weeks examinations are here and everyone is, or should be, studying.

We elected Norma Ruth Turner as the senior representative in the queen's race; Reuben Capps will be the escort. We are all planning for the seniors to win this race.

The Jaybirds played their last baseball game of the season against Peacock last Friday on our home field; our boys played a good game but were defeated. The baseball team was honored with a party given by the J. Ps. on Monday night.

We are all enjoying the skating rink but are being bruised considerably. We have one champion speed skater in our class; he is Don Patton. Well so long until next week.

JUNIOR NEWS

At a class meeting this morning we elected our candidate for queen. She was Jimmie T. For her escort we picked Wylie. The candidate is supposed to ride a horse but as Jim can't ride we plan for her to ride the float. We all agreed to work hard and let Jim know we are really backing her all we can.

This week is six weeks exam week and we are striving to make good. We are enjoying the skating rink lots and are all learning how to skate.

After six weeks of hard thinking Helen finally came out for basketball. I think she is going to enjoy the sport lots.

We regret that Mrs. Fowler got the message of her father's death; she has our love and sympathy.

SOPHOMORE NEWS

We are all busy studying for our six weeks test this week.

We are looking forward to the Hallows'en rodeo and have elected Nancy Donoho to be our candidate and Billy John Harrison to be her escort.

We have all been wondering who is the best skater out of the sophomore class and we have come to the conclusion it is Nancy and Alma Joy.

Johnnie Nell and Bernadine have been seen riding in a one seated car lately.

Juanelle sure enjoys skating with a certain senior. —Reporter.

FRESHMAN NEWS

There will not be much skating this week as the six weeks tests are Wednesday and Thursday.

We have elected Edna Donoho and Larry Wright for our representatives for our class. We hope we will see them crowned queen and king of Jayton High School this year.

We had a good time last night at the party for the baseball boys given by the J. Ps. We hope the boys had a good time too.

We are very sorry that Flint George broke his arm while skating. We wish him a speedy recovery.

5TH GRADE NEWS

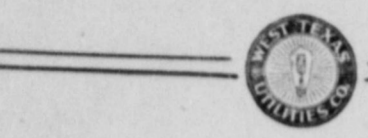

The fifth grade elected Barbara Kay Davis and Bill Gene Harrison as our representatives in the Hallows'en rodeo and of course we expect Barbara Kay to win out as queen. Everybody interested in the "Fifth Grade Jaybirds", please help us out. —Donald Gene Kissick.

J. P. NEWS

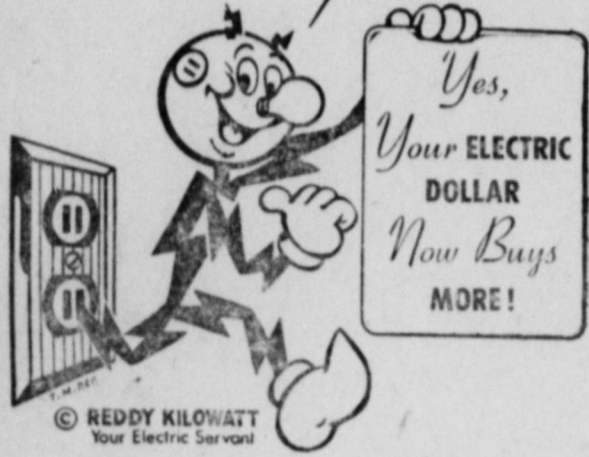

The J. Ps. gave a weiner roast for the baseball boys Monday night, October 13th. We roasted weiners and fried potatoes over the fire place at the school house. Those present were: Mr. and Mrs. Bill Jones, Mr. and Mrs. Hinds, Mr. Herman, Rev. and Mrs. Ramsey, Marie Smith, Joyce Brantner, Jimmie Cave, Helen Welch, Evelyn George, Bernadine Johnson, Johnnie Nell Rodgers, Juanelle Harrison, Lue Cave, Sue Cave, Peggy Chisum, Edith Jones, Nina Hall, Maxie Raye York and Nancy Hinds.

Bill Sartain, L. E. Browning, Billy Cade, E. W. Cade, Hugh Kissick, Fenny Payne Derden, Henry D. Taylor, Flint George, Don Patton, Bert Sartain, Johnny Davis, Naylan Vencil, Frank Sandell, Jerold Stanley, Melvin Florence and Donald Boggs.

After we ate, we went skating and everyone had a very enjoyable time. We are very sorry that Flint George broke his arm. —Reporter.

PLUG IN... I'M REDDY!

If the cost of electricity had increased the same as the cost of living, your electric service bill would be almost twice what it is today.

Actually, the average price of a kilowatt hour of electric service to residential users is down 32.6 per cent since 1933.

HERE IS A 4-UNIT DIESEL FREIGHT LOCOMOTIVE NOW OPERATED BY 2 MEN (1 ENGINEER AND 1 FIREMAN)

2 BRAKEMEN AND 1 CONDUCTOR COMPLETE THE CREW OF THIS TRAIN [One brakeman usually rides in the locomotive in freight service]

—BUT THE UNION LEADERS WANT 15 EXTRA "SITTERS" ON THIS TRAIN ... 3 ENGINEERS, 3 FIREMEN, 6 BRAKEMEN AND 3 CONDUCTORS ... TO GO ALONG FOR THE RIDE AT FULL PAY!

It's to your interest to know about this proposed feather-bedding!

For sheer feather-bedding, this mock work proposal takes the cake. But it is only one of 44 "rules" demands filed by the leaders of the operating unions. If all these demands were granted, they would cost the railroads an added BILLION DOLLARS A YEAR.

Increased Wages, Too

On top of these "rules" changes, the leaders of the operating unions have filed an additional demand for a wage increase of over 30 per cent. If granted, this would be an added cost to the railroads of \$400,000,000 a year.

\$468,000,000 To Non-Operating Employees

In addition to this, an Arbitration Board has just granted a wage increase of 15 1/2 cents an hour to the million employees represented by the 17 non-operating unions. This will cost the railroads \$468,000,000 a year.

Where Will The Money Come From?

Where will all the money come from to pay these increases? They total several times as much as the railroads made in 1946 or will make in 1947.

In July, the railroads filed an application for increased freight rates to close the gap which then existed between wage and material costs, and railroad revenues. Since then it has been necessary, because of further increases in wages and material costs, to supplement that petition and to ask for an additional freight rate

increase. No other course is open.

Railroads Do Not Run For Employees Alone

Railroads are operated for the benefit of not one, but several groups—shippers, passengers, employees, stockholders, and the general public. The interest of all must be served—and that cannot be done unless the railroads can operate efficiently and economically, and unless they are allowed to earn sufficient revenue to provide the kind of transportation service this country MUST HAVE.
