## WITH THE CHURCHES

### First Baptist Church GIRARD, TEXAS

We had wonderful services at our Church last Sunday. There were 23 for Sunday School and a good many more for the preaching hour. We had 70 for the B. T. U. services. Two fine young men and a fine young father and mother were buried with Christ by baptism Sunday morning and a fine young married man was added to the Church for baptism Sunday night.

We are very happy to report this good news from our Church, that others who were not present might rejoice with us and help us to give God the praise for all that was done through his servants.

It is wonderful that God so ordained that his work should be carried on through humble human beings and that he gives to us the great blessings when we submit to his divine will. This being true, why can't we offer our lives LIVING sacrifice, holy, acceptable unto God. We must offer REASONABLE service, praying, preaching, training, visiting the sick and helping the distressed in mind, body and spirit, looking ever to Jesus who is the author and finisher of our faith.

We are workers together with God, the good book tells us. Let all of us as Christians find our places and work while it is day for soon night will come when a man can work no more. How sad it will be when we look back on our past lives and see what we might have done and how we have spent our lives in idleness, our money spent for sinful pleasure and fleshly desires. There is a joy in attending the house of the Lord where people meet to teach, pray, preach, sing and train for better serve the Master.

We welcome all to come to our services.

Our brotherhood will meet Friday night, April 15 in the Baptist Church of Girard. The ladies will also meet the same night. We invite all members of the Church and any others that wish to, to meet with us. We will serve ice cream and cake that night. Don't forget the date.

We had 83 in Sunday School last Sunday and 39 for the evening services. If you are not enrolled in Sunday school or Church somewhere in Jayton why not enroll this next Sunday. To those who have recently moved to Jayton, we welcome you and invite you to attend services somewhere next Sunday. You are always welcome at the Methodist Church. We have four Churches in Jayton and each one has a class for you and your family. Go to Church somewhere Sunday.

Even in religion you can become lost, confused, bewildered. Why not make religion as simple as Jesus made it. (Read Luke 10:25-28) Certain Greeks came to Phillip and said, "Sir, we would see Jesus." They had heard of Jesus, had listened to people sing his praises and talk of his good works; but that was not satisfying. They wanted to see him. If only you could see Jesus clearly, lifted out of the mystical shadows, extricated from the wrangling mob of creeds, stripped of every elaborate doctrine! If only you could see Jesus, the simple, but dynamic, suffering servant of God who went about healing the sick, helping the poor, rebuilding the selfish, and liberating the fearful, then you would see the fundamental truth of the Christian religion. Come praying, stay listening, and go serving.

L. B. Taylor, Minister

### Assembly Of God

Again we are thankful that the Lord has been good to us through another week and spared our people and our town from death and destruction as has descended upon so many people and communities during the past week. Every one of us

should get upon our knees and thank Him for being merciful to us when we have been so disobedient to him. Many never go to Church and Sunday School, never thank him for health and strength, besides the many other things He has given us, but yet we expect Him to send us rain, and sunshine and bountiful harvest. What have you done for the Lord? "Every good gift and every perfect gift is from above, and cometh down from the Father of lights, with whom is no variableness, neither shadow of turning." (James 1:17)

We had a good number out to our young peoples service Saturday night. Although some were absent we had a good service. The subject was "Can a Christian". The true Christian will always have a very different standard of conduct from those of the world. The world's standard is low and base and broad. The Christian's standard should be high and holy, and God-honoring. The road you should travel is narrow and difficult, but don't forget that it leads to everlasting life. Whose standard of conduct are you going to live by? We are glad for those in our Churches here that are standing against the evil that is trying to creep in. God will honor those who stand by his teachings.

Sister McElyea brought us a wonderful message Sunday morning, using as her text, "Marvel not, my brethren, if the world hate you"—1 John 3:13. God blessed the word as it went forth to the ears of the people.

Bro. McElyea brought the message Sunday night. He read a few words from the Bible then gave an altar call and the convicting power of God was present, and three young people came forward and prayed for salvation. Two were gloriously saved. There was rejoicing in our midst and also in heaven. Thank the Lord for the blood of Jesus that taketh away the sins of the world.

Why not every father and mother take your children to Sunday School and Church next Sunday? Don't send them, take them, and see if God doesn't bless you.

Go to the Church of your choice every Sunday.

E. O. McElyea, Pastor  
By T. N. Sanders

### Cotton Markets Moderately Busy

Cotton markets in Oklahoma and Texas were moderately busy this past week, according to the Production and Marketing Administration, U. S. Department of Agriculture.

Sales at Dallas, Houston and Galveston totalled more than 48 thousand bales, nearly a third more than the previous week. The country's other leading spot markets reported larger sales, too, with the grand total for all ten reaching 121,000 bales.

Latest Commodity Credit Corporation figures show that Texas farmers have placed 679,587 bales of cotton in government loan and redeemed 125,664. Oklahoma farmers have placed 134,941 bales in loan and redeemed 36,376.

### Junior Livestock Show Claimed A Success

Last Saturday Jayton had one of the best Junior Livestock Shows that Kent County has held in several years. The boys and girls put forth a greater effort from the standpoint of feeding, showmanship and interest than in past years. It is hoped that next year will show even greater improvement. There were not as many Sow and Litter entries as there normally would have been because the boys had trouble getting their Sows bred this year, and they had not farrowed by show time. The goal for next year's show is to have 20 calves and at least 20 hogs. The best animals from the local show will be expected to compete in the area show at Sweetwater. The County Show date has been arranged purposely so that the boys can make the Sweetwater show if they so desire. An auction will be held for those who wish to sell in the County Show if there are enough animals to justify such a sale, and if the committee feels that it is feasible.

The 4-H Clubs made \$47 from the sale of food and drinks last Saturday. This money is to be used by the clubs to make educational tours this summer.

### News Notes From County ACA Office

Acreage data from 1941, 1945, 1946, 1947, 1948 and 1949 will have to be filed in the Kent County ACA office within the next 60 days. This information will be necessary on every farm in the county for the establishment of 1950 farm wheat allotments and later for establishing the farm cotton allotments.

Wheat acreage allotments will be announced around July 1, 1949. The Secretary of Agriculture will determine by July 1 whether or not the allotments and marketing quotas will be offered for the 1950 crop.

Farmers should start gathering this information now. Farmers will be notified in the next two weeks, to come to the county office and file this information. Small groups will be notified each day. It will be important for each farmer to come in on the day set for his community in order that this information can be gathered with a minimum of confusion. There is only a short time provided in which to collect this information and it will benefit all people concerned to cooperate with the plans set forth. A farmer will be required to file this information before he will be eligible to receive a wheat or cotton allotment. Remember, this information must be filed by June 1, 1949.

In order for wheat and cotton allotments to be placed on producers by the government, it must be voted upon by the farmers and passed by a two-thirds majority.

### Community Meeting To Be Held Thursday

Thursday Night (to-night), March 31, there will be a meeting in the High School Auditorium to discuss further the plans for a Community or Civic Center for the people of this area. The meeting is to begin at 8:00 p. m., and everyone is urged to attend.

It is hoped that every family in the area will have a representative present to hear as well as take part in the discussion and then make up their minds as to whether such an organization will be worthwhile.

At this meeting there will be an explanation as to how such an organization might function; in that a basic plan will be presented. Since this meeting will be the determining factor as to whether or not this area will have such an organization, it is very important that everyone be present—Thursday night at 8 P. M.

Visiting in the home of Mr. and Mrs. Sam Johnson last Sunday were: Mr. and Mrs. Bill Harrison and children; Mr. and Mrs. Bud Johnson and children; Mr. and Mrs. Tom Cheyne and children; Mr. and Mrs. Frank Chisum; Mrs. Jack Phillips and children; Mrs. Buster Chisum and children; Mrs. Pearl Chisum; Mrs. Laura Gibson; and Mr. and Mrs. Grover Jenkins of Lubbock.

### Farm Products Strong In Southwest Markets

Most southwest farm products brought steady to strong prices during the past week despite weakness in some cattle and vegetables, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Very light offerings of Klommore strawberries held firm at \$6.50 per 74 pint crate in week-end trade at Hammond, Louisiana. Sweet potatoes strengthened under good demand in southern Louisiana as cured U. S. No. 1 Porto Ricans brought \$4.50 to \$5 per 50 pound crate. Week's trade found beets unchanged in the Lower Rio Grande Valley, but carrots weakened slightly in light demand. Eagle Pass and Winter Garden districts moved cut-leaf spinach for packaging slightly weaker at \$1.75 per bushel.

Lighter receipts of livestock at southwestern markets found prices generally steady to strong, although lower grade cows and all grade calves sold mostly 50 cents to \$1 lower at Fort Worth and San Antonio. Oklahoma City quoted vealers to \$27 and choice heavy calves to \$26. Best calves reached \$25 at Fort Worth, \$26 at San Antonio, and \$26.50 at Houston. Good and choice vealers topped at \$32 at Denver.

Hogs brought steady to 25 cents higher prices in Texas and Oklahoma for the week, and 50 cents higher at Denver. Sows held unchanged in Texas, but gained around 50 cents higher at Oklahoma and Colorado markets. Good and choice medium weight butcher hogs topped at \$21 in Texas, \$21.50 at Oklahoma City, and \$23 at Denver. Sows ranged from \$16 to \$17.50 in Texas and Oklahoma and from \$16 to \$13 at Denver.

Sheep and lambs scored advances of 50 cents to as much as \$1.50 throughout the southwest. Spring lambs arrived in greater numbers, although overall receipts fell below a week ago. Choice spring lambs sold upward to \$27.50 at San Antonio, and \$29 at Fort Worth, while 84 pound offerings touched \$32 at Oklahoma City. Denver turned good good and choice lightweight woolled lambs at \$31 per hundred pounds.

Yellow corn advanced about a nickel for the week, and wheat, oats and white corn a cent less. Barley and sorghums lost 1 to 2 cents. No. 1 hard wheat closed Monday at \$2.40 1-4 to \$2.46 1-4 in bulk carlots. Based on No. 2 grades, white corn sold around \$1.72, yellow corn \$1.63 1-2, and barley \$1.38 to \$1.40. Galveston moved No. 2 white oats at 91 1-4 to 92 cents. No. 2 yellow milo brought \$2.58 to \$2.63 per 100 lbs.

Eggs and poultry sold firm to higher during the past week. Most current receipt eggs brought around 46 cents a dozen. Heavy hens ranged from 32 to 35 cents a pound at Fort Worth, 34 to 36 at Dallas, 36 to 38 at Denver, and 38 to 43 at New Orleans.

Southwest peanuts held firm during the week, and some unusually early planting started in North Texas. Hay and feeds met seasonally slow trade with a weaker undertone. Rice sold steady to slightly lower with short grain varieties showing the decline. Heavy rains throughout the southern rice belt delayed planting.

Wesb Jenkins and daughter of Monahan, Texas visited his sister, Mrs. Thos. Fowler last Friday.

## “and!!”

The local business men who purchased the culb calves last Saturday are to be commended. P. D. Allen bought the Grand Champion Steer from Harold Dean Thomas and paid 27c a pound. Earl Hall bought the Calf shown by Donna Sue Thomas and gave 26c a pound. Johnny (Sketer) Lewis bought the Reserve Champion from Pat Kelley and also the calf shown by Don Jay. He paid 25c a pound for both calves. Earl will sell the beef he bought in his market and "Sketer" will serve the two he bought in his restaurant.

We questioned the buyers of these calves and found out that the Angus calf fed by Don Jay dressed out 62.63 per cent and the other calves dressed out about 62 per cent. Mark up one for the Angus.

There are two elections coming up in the next few days that should be considered important. Saturday the election for trustees of the School District will be held and the election of City officials is scheduled for Tuesday. Somebody is going to have to get busy if any interest at all is taken in these two elections.

The first week of the Spring Term of District Court netted little. The civil suit, B. H. King vs D. G. Brooks, a trespass of title case, resulted in a hung jury. Altha Tryels, negro, charged with attempt rape, changed his plea from guilty to not guilty and a new date for his trial had to be set.

### Sophomores Honored With Skating Party

The Freshmen class gave the Sophomore class a weiner roast and skating party March 29.

We gathered at the School House at five o'clock and had our weiner roast. We also had potato salad, iced tea and cookies.

After we all had finished eating we took pictures then went to Dickens to skate.

We skated one session then we started home. After we all got in the bus we ate the remainder of the food. We had to stop in Spur and get something to drink.

Everyone seemed to have a very nice time.

We want to thank Mr. Hinds, Mrs. Fowler and the room mothers for helping with the party. We also want to thank Mr. Cooper for driving the bus for us. And, most of all we want to thank the Freshmen for taking us. We are looking forward to doing something for them.

The room mothers accompanying the group were: Mrs. Ben Boland, Mrs. W. D. Cave, Mrs. Cheek Thomas, Mrs. Merle Jay, Mrs. Grady Jones and Mrs. J. S. Hinds.

### Nation To Observe Cancer Control Month

Throughout the nation April is observed as National Cancer Control month, and on April 10, 17, and 24, the Texas State Department of Health is presenting special broadcasts over WOAI in San Antonio, at 7 A. M., outlining twenty different sites of cancer, the common age at which they appear, the accepted methods of treatment, the percentages of cure, and any known preventive measures.

Dr. Geo. W. Cox, State Health Officer, says that cancer patients today have a brighter prospect for recovery than at any time before in history, and agrees wholeheartedly with the national movement to stamp out cancer through educating the public that "early discovery can mean recovery."

"Surgery, radium and x-ray therapy are working wonders in many different types of cancer", Dr. Cox said. "In all types of cancer except leukemia there is a possibility of cure if the patient is diagnosed in the very early stages. Any suspicious symptoms should be investigated by a competent physician at their first appearance, and if cancer is found to be present and treatment instituted at once, there is every reason to hope for complete recovery. The important thing to remember is that cancer can be cured; but it depends entirely on early discovery and proper treatment."

All persons interested in cancer control are urged to hear these special broadcasts on April 10, 17 and 24, on WOAI San Antonio, at 7 A. M.

Mr. and Mrs. C. H. Meador returned home Tuesday of this week after visiting relatives in Jal, New Mexico, Big Spring and Lamesa.

## Boyce House Gives You Texas

If you go to Mexico City, should you attend a bull fight? Which ever you decide to do, you will probably be sorry. If you attend, the suffering inflicted on the bulls will make you regret being there; but if you do not go, you will miss one of the greatest sights in Mexico.

I have seen "death in the afternoon", as Ernest Hemingway calls the national sport of Latin America and Spain. The arena del toros in Mexico City is the largest in the world, even larger than the arenas in Madrid and Toledo. The wooden bowl has no top and it seated 12,000 — (it may have since been enlarged). Seats are "sombra" (shade) and "sol" (sun). Those in the hot glaring sunlight are cheaper. The fights are held on Sunday afternoons and the stands are always packed.

First there came a flourish of trumpets; then the participants paraded around the ring. The matadors were lavishly attired in tight, knee-length trousers, shirt and jacket, each of a different hue. Some of their admirers flung their hats into the

arena, the matadors tossed them back and waving and smiling to the cheering thousands. The circuit completed, they filed out, and then expectancy descended upon the throng.

Suddenly a gate opened and a big, spirited bull dashed into the ring. At the shouts which greeted him, the animal paused, his head high and turning from side to side. And then he became conscious of the presence of a man near him—a man with a bright red cloak. The bull charged and the man sprang to one side. The bull slowed, stopped, turned and charged, this time coming so close that another man sprang out to divert his attention.

Then came a picador—a man on horseback with a spear. The horse was little more than skin and bones, but the rider was a man whose size indicated his power. When the bull charged, the rider wheeled so that the steed's side was protected by a heavy padding and the man drove his lance into the bull. The weapon

would not penetrate very deeply and the wounded animal would push furiously in an effort to reach his enemy. It was a contest of strength between man and bull.

Another picador repeated the performance but this time the bull swung so quickly that he was on the unprotected side of the horse and gored the poor creature, who reared and then, dropped to the sand. Picadors rushed in with their capes to distract the bull while the picador could extricate himself and the dead horse was then dragged out.

And then entered the banderillos, each armed with a dart in either hand. As the bull would charge, the banderillo would wait until the last split second, spring to one side and at the same time would implant one of the arrows in each shoulder. It

was cruel by American standards, but it was superb timing and highly dangerous.

Several times, the bull wheeled and re-charged, forcing the banderillos to run for the shelter of one of the wooden sheds built at intervals near the wall. Once, no shield being close, the banderillo climbed the wall, inches ahead of the vicious horns.

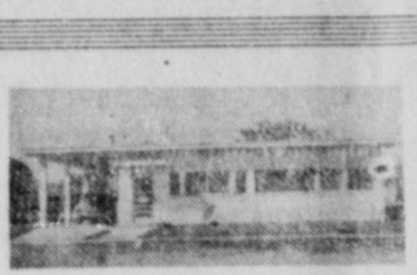

And then came the matador, "armed" only with a cape and he played the animal while the crowd cheered. There is a certain ritualism to follow. The matador spins and sidesteps; sometimes he does not move from his tracks but merely twists his body a fraction of an inch out of the path of the horns.

By now, the bull's side is stained from the wounds of the spears and

from the ornamented arrows that still cling to his shoulders and he is tiring from his exertions and from the loss of blood. As the animal stands motionless in pain and puzzlement, the matador drops tauntingly in front of him on one knee and the crowd cheers.

At last, the matador is given a sword and he keeps it concealed behind, the waving red cape until he induces the bull to lunge. The cape is dropped and the naked blade gleams for a moment, then enters the vital spot between neck and shoulders. To the hilt it goes and remains; the blood pours in a stream; the bull sways, then suddenly topples and in a moment or so, he is dead.

But that was only the first one. There were six more to be killed!
