Willing To Cooperate
The four cities of Has- krell, Knox City and Munday will be the prime bene- ficiaries of the Millers Creek water supply project approved last week, the whole area sur- rounding Haskell and Knox City will share in the re- sults of assured domestic- quality is a prime necessity any community that hopes not only present stabili- zation of population but also desirable growth.
The future of the four places more secure, now that the \$15 million federal grant, the first situated in the heart of rich farming region, a part of the rolling plains whose fu- ture in agriculture alone is in- dustry promising.
The time will come, perhaps more than many anticipated, when the variety of produce that will be grown in the Has- krell area will spawn process- ing and canneries plants to en- rich the economy. In such situations, the availability of water will be a distinct side benefit of the vote im- plementing the North Central Municipal Water Author- ity which will handle the de- velopment of the Millers Creek project, the degree of mutual cooperation that was demon- strated. The ability to work to- gether on the water program should be reflected in un- der other programs in which the community benefits direct- ly and indirect benefits to the whole area.

Miss Texas Preliminaries Saturday Night

Sponsored by the Haskell Chamber of Commerce, Miss Deborah Darnell, daughter of Mr. and Mrs. John Darnell, and Miss Rhonda Woodard, daughter of Mayor and Mrs. H. V. Woodard, will enter competition in the "Miss Throckmorton" preliminary contest to be held at 8:00 p. m., Saturday, June 7, in the High School Auditorium in Throckmorton.
Miss Martha Shaver, daughter of Mr. and Mrs. R. A. Shaver, Jr., of Rochester, reigning 1968 "Miss Throckmorton" will serve as Mistress of ceremonies for the elaborately planned, spec- tacle of beauty.
While Throckmorton, Shackelford and Young counties will enter their lovely hopefuls, Haskell will be represented by two young ladies who have already proven their attraction in the 1968 "Miss Hey Day" contest, a popular County event.
A large delegation from Has- krell is expected to be in Throckmorton Saturday night to view the pageant.
A more detailed story con- cerning the event was published in last week's issue of the Free Press so this is just a reminder of the upcoming event.

Whopping 9.23 Inches of Rain Here In May

The month of May was a "wet one" moisturewise, as a whop- ping total of 9.23 inches of rain fell here during that period, ac- cording to Sam Herren, "The Weatherman." Normal precipi- tation for May is 3.99 inches.
Normal rainfall to date is 9.09 inches; however, a total of 16.44 inches has been gauged here through the first five months of 1969.
Here is how the rains came during May: May 4, .34; May 5, 1.97; May 7, 5.03; May 8, .03; May 14, .40; May 15, .71; May 16, .40; May 17, .16; May 23, .08; May 29, .01. Total, 9.23.
The lowest reading for the month of May was on the 9th when the temperature dropped to 48 degrees. A high of 88 was registered on May 31st.

Legion Boys' State Slated June 7-14th

Haskell will be well repre- sented at the American Legion Boys' State at Austin which will get underway June 7th and con- tinue through June 14th, at the University of Texas.
Jim Kemp, Randy O'Neal, Mark McCoy and Riley Middle- ton will attend the 1969 session of Boys' State.
Under the sponsorship of the Rogers-Cox Post 221, American Legion, the following organiza- tions will sponsor the repre- sentatives from Haskell as fol- lows:
American Legion, Jim Kemp; Lions Club, Randy O'Neal; Has- krell National Bank, Mark Mc- Coy, and Rotary Club, Riley Middleton.
During the Boys' State ses- sion the Haskell young men will participate in the organization of political parties, campaigns, and elections and the enactment and enforcement of their own laws in a mythical state.
As one of the American Leg- ion's outstanding youth train- ing programs, Boys' State af- fords these boys an opportunity to learn the functions of gov- ernments.
They will also see the im- portance of the role of a good citizen in discharging his citi- zenship responsibilities and dis- cover how that good govern- ment depends upon the active interest of every citizen.

Teenage, College Student Dance Friday Night

A teenage and college student dance, featuring the "Derek Show" and also the great "Crazy Elephant" with their song, "Gimmie Gimmie Good Lovin'" is slated Friday night, June 6, from 9:00 p. m. 'til 1:00 a. m. at the Corral building.
The dance is under the spon- sorship of the Haskell Jaycees.

BIG FRONTIER CELEBRATION SCHEDULED HERE JULY 1ST

Clock watchers, who are somewhat unhappy with the one-hour change in time, cur- rently being observed on a na- tion-wide basis, will have a unique way of getting "even" on Tuesday, July 1st, when Haskell merchants will go all of the way to turn the clock back for seventy-one years.
The special occasion will be the Frontier Days Celebration scheduled for that date in cen- tral Haskell. The first Cowboy Reunion held here in 1898 when crowds estimated at 15,000 peo- ple thronged the little frontier town for three days of western events.
Feature attraction at the cele- bration in 1898 was the world's first cutting horse contest where a cash prize was awarded and which was won by the legendar- y cutting horse known as "Old Hub" who at the ancient age of 22, carried home the laurels at the show staged here 71 years ago.
Plans call for restaging the ranch-style cutting horse con- test at the Powell Arena at 1:00 p. m. on July 1st with several major ranches of the area par- ticipating.
Other special attractions for the one-day celebration will be a livestock weight judging con- test for women only, with cash prizes totaling \$100 to be award- ed to three contestants on a ba- sis of \$50, \$30 and \$20 for the ones guessing the closest to the weight of a huge Holstein Steer engaged for the event.
All ladies desiring to enter are encouraged to do a little bit of preliminary judging of livestock so they will be better qualified to make a guess as to the weight of "Big Maek" who will be on public display.
Perhaps the most novel fea- ture of the celebration will be the fact that local merchants are slashing prices back to the ap- proximate cost of the days of 1898. Several merchants have already indicated for instance that it will be possible to pur- chase plate lunches for 25 cents, hair cuts for 25 cents, flat tires fixed for 5 cents, bread for sale at 5 cents per loaf and many other such bargains to be an- nounced in the Haskell Free Press prior to the Frontier Days Celebration.
Owners and employees of business firms are encouraged to dress in old-time styles to add color and fun to the entire day and nights celebration.

Vicar Babington, of St. Martins Episcopal Church, Lancaster, will officiate.
Mrs. Geiss is a niece of Mrs. R. L. Foote, Haskell, and Mrs. Ed Sproules, of Anson. Other survivors include her husband; three children; her mother, and one sister.

Haskell Gets Another Shower

Haskell received another 20 of rain Tuesday, according to Sam Herren, "The Weather- man".
The light showers began fall- ing around 5:00 a. m., then continued "off and on" until a little after noon.

County Library Plans Story Hour Programs

In the near future, story-hour programs are on the agenda of the Haskell County Library for the purpose of bringing "Litera- ture to Life" by using a multi- media approach through story telling, book talk sessions, poe- tetry sessions, favorite fairy tales, finger play short stories, tales with dialogues, and books with distinctive characterization to be used.
In order to plan and carry out the program, those inter- ested in Primary grades 1-3 and Intermediate Grades 4-5 should register with Mrs. Elsie McGee, Haskell County Librar- ian, during the regular library hours.

Miss Cook Is Named Child Welfare Worker

Miss Janice L. Cook has been designated the new Child Wel- fare Worker for the State De- partment of Public Welfare in Haskell. She replaces Mrs. Laura V. Miller who recently assumed a similar position in Vernon.
Miss Cook comes to Haskell from Rook where she taught school.
Born in Monahans, Texas, she is a 1968 graduate of Hardin-Simmons University, and is presently doing graduate work in Guidance-Counseling at H-SU.
A member of the Baptist Church, Miss Cook is making her home at Route 3, Haskell. She will work with dependent and neglected children and un- wed mothers throughout the seven-county area of Haskell, Knox, Archer, Baylor, Jones, Throckmorton and Shackelford Counties.

Four Area Cities Favor Water Contract; Issuance of Bonds

Haskell To Be Represented At Girls State

Qualified tax-paying voters in Haskell, Knox City, Munday and Goree marched to the polls in strong numbers, Thursday, May 29, and overwhelmingly approv- ed two issues at the polls to clear the way for building a wa- ter reservoir by the North Cen- tral Municipal Water Authority.
Approval of Water Contract and Proposition in the four munic- ipal elections authorizes each city to enter a contract with the Authority to purchase water to be stored in the reservoir. The other proposition provides a tax and revenue bond issue for a period of around two years as collateral for meeting the bond payment schedule.
A \$15 million Housing Urban Development grant was to ex- pire June 1, unless the project was approved by voters in the "now or never" opportunity to approve the oft-delayed \$5.6 million Millers Creek water project.
Provisions of the agreement accepted by the Authority stated that the grant would expire un- less certain conditions were met by the June 1 deadline. Repre- sentatives of the four cities met last Thursday night immediat- ly after the election returns were in to canvass the vote and certify the results.
The HUD grant had twice been extended. It is to assist the water authority in construction of a complete water system.
Cost of the Millers Creek Lake is to be financed by the HUD grant of \$1.5 million; state's share, \$700,000 and Authority's share of \$3.4 million.

TERRY KAY DIGGS

Terry Kay Diggs, daughter of Mr. and Mrs. Terry M. Diggs, will represent Haskell at Girls' State, which will be held June 10th through 20th at St. Ed- wards University, Austin. She is being sponsored by the American Legion Auxiliary.
The purpose of the Girls State program is to provide citizen- ship training for girls of high school age, to afford them an opportunity to live together as a self-governing group and to inform of the duties, privileges, rights and responsibilities which they will assume when they be- come adults.
They learn the problems of government by performing the same duties as real office hold- ers in the every day world. Cit- izens are selected at local lev- els principally on the basis of character and leadership from students who have just com- pleted their junior year in high school.
Girls' State has grown from an experimental conference of 94 girls held at Baylor University in 1941, to become the largest extra-curricular education pro- gram for high school girls in Texas.

First In Series of Immunization Clinics Set Saturday Afternoon

According to Dr. T. W. Wil- liams, County Health Officer, and Mrs. Elizabeth Acree, Has- krell County School Nurse, a se- ries of free immunization clin- ics will get underway here Sat- urday, June 7th, from 2:00-4:00 p. m. at the Community Action Center, Avenue D, East, Has- krell, and will continue each Sat- urday afternoon for several weeks.
Each child that is two months of age through six years should take advantage of these clinic dates.
"Children in the county should avail themselves of these "free shots" which will be given for Diphtheria, Whooping Cough, and Tetanus, also polio. Boosters for any of these will be given to those who have not had their booster shots within the past two years," Dr. Wil- liams said.
Children in the above age bracket are urged to take the series of shots or boosters. They should not wait until they enter school. This is to immunize the child before he becomes of school age, as they are required to have the immunizations be- fore entering school. The main purpose of the free immuniza- tion clinic is to get the child immunized before starting to school.
Sometime during the clinics, TB tests will be given.

Rites Held For Former Resident Of Haskell

Emory Menefee, 83, of Clint, Texas, former resident of Has- krell, passed away early Sunday morning in El Paso.

A. Sloan of Spur, J. M. Sloan of Haskell; one step-sister, Mrs. O. A. Ad- kins, of Chickasha, Okla.

County Savings Bonds Reaches 32% of 1969 Goal

During April the sale of United States Savings Bonds and Freedom Shares in Haskell County totaled \$24,973, accord- ing to County Chairman, R. W. Herren. The January-April sales were \$71,012 and this is 32% of the 1969 goal of \$220,000.
Texas sales during April to- taled \$15,903,089 as compared to \$16,729,456 during April 1968. Year-to-date sales totaled \$62,659,466 which is 36% of the state's goal of \$176.5 million.
Total April sales of E and H Bonds and Freedom Shares over the Nation totaled \$411 million, 1% over April 1968. Total Jan- uary-April sales of \$1,657 million were 5% under last year's first four months.

Organ Club Meets In Home of Mrs. Morrell Dick

The last meeting of the year for the Organ Club was held in the home of Mrs. Morrell Dick Monday night, June 2, with Mrs. J. F. Cadenhead, Sr., as hostess, and Mrs. Lynn Pace, leader.

The president, Mrs. Dick, presided over the business session and minutes of the previous meeting were read by the secretary-treasurer, Mrs. Lynn Pace, leader.

The table in the music room was beautifully decorated with a miniature bride and groom as interest center, surrounded with a bowl of white daisies typical of the month of June.

The program was presented with wedding music with Mrs. Pace giving an interesting talk concerning the many types of marches and music in the wed-

ding category, which was appropriate for any place in the home, church or any other places suitable for weddings. The music presented was appealing to emotions of the occasion rather than the thoughts.

The wedding march by R. Hoffmann was played by Mrs. J. F. Cadenhead as an introduction. It is a stately and dignified march and a new composition. She also gave the numbers "Devotion" by Crowder and "Souvenir" by Franz Drdla.

Mrs. Morrell Dick rendered the melancholy number "A Dream" by J. E. Bartlett, bringing memories of days gone by.

Miss Martha Meadors gave special favorites pertaining to songs, mostly sung at weddings. "Ah, Sweet Mystery of Life," "Traumerei" and "Gypsy Love Song" typical of the gypsy way of life.

Mrs. Virgil Meadors played "Melody of Love." Mrs. Lynn Pace's favorites "O Perfect Love," and "I Love Thee" were well rendered and received.

All expressed the enjoyment they had shared during the year, and looking forward to another year of music and fellowship.

Mrs. Cadenhead served apple sauce, frosted squares and Cran-Pineapple punch.

MRS. TROY DALE TRUSSELL ... formerly Alice Yvonne LeFevre

Alice Yvonne LeFevre and Troy Dale Trussell exchanged vows Friday, May 30, at 8:00 p. m. in the East Side Baptist Church, Haskell, with Rev. L. D. Regeon, officiating.

The bride is the daughter of Mr. and Mrs. Jerrell LeFevre of Haskell. Trussell's parents are Mr. and Mrs. H. R. Trussell of Rule.

Joan Williams played the organ, and Karen Pippin and Cathy Money sang a duet. Mrs. Jerald Expert of Fort Worth was matron of honor. Bridesmaid was Paula Wooten. Lisa LeFevre, sister of the bride, was flower girl.

Jerry Lynn Stocks was best man. Quincey LeFevre, brother of the bride, was groomsmen. Seating guests were Jack LeFevre, also brother of the bride, and Randy Stone, Vick LeFevre and Chris Trussell, brothers of the couple lighted candles.

Given in marriage by her father, the bride wore a floor-length gown of lace over taffeta with a fitted bodice that came to a point in front. The low square, scalloped neckline was embroidered with seed pearls and sequins. The long sleeves came to graceful point over the hand. The long flowing skirt, scalloped at the hemline, had a long train with lace roses coming to a point in back. She carried feathered carnations and English Ivy atop a Bible.

The attendants wore street-length high-waisted dresses of blue dacron-shantung with long sleeves and trim of beaded buttons and lace. Blue ribbons accented their hair. They carried white mums with blue streamers.

Immediately following the ceremony a reception was held in the East Side Baptist Church fellowship hall, hosted by Mr. and Mrs. Jerrell LeFevre.

The bride is a graduate of Haskell High School, and will enter Commercial College, Fort Worth, June 9.

Melinda Faye Wilson Is Married To Dwight Lee Kinney In Rule

Melinda Faye Wilson, daughter of Mr. and Mrs. Lee Roy Wilson of Rule, and Dwight Lee Kinney, son of Mr. and Mrs. Elvin Kinney, of Rule, were united in marriage Saturday afternoon, May 31, at 5:00 p. m., in the First Baptist Church, Rule.

The Rev. Mike Herrington officiated. Mrs. Herrington played the organ and the Velvetes sang.

Susan May was Maid of Honor. Bridesmaids were Debbie Wilson, Pamela Ross, and Fran Wilson, sister of the bride.

Ronald Kinney was best man. Groomsmen were Robert Jones, Jimmy Kitley and Ray Clark of Sagerton. Glenn Newsome of Rochester, Billy Morton and Paul Cornelius seated guests.

Petty Newsom was flower girl. Duane Herrington and Karen Beakley were ring bearers. Roy Don and Johnny

Ray Wilson, brothers of the bride, lighted the candles.

The bride, given in marriage by her father, wore a gown of peau de soie with ruffled lace bodice and chapel train. Head-dress was of seed pearls and white tulle. Bouquet was of white carnations with an orchid.

Attendants wore dresses of pale blue crepe, street length, with blue velvet ribbon. Matching bows were headpieces. They carried nosegays of white carnations.

A reception followed the ceremony in the banquet room of the church. Parents of the bridegroom hosted the rehearsal dinner at the Bluebonnet Cafe.

Both are graduates of Rule High School. The bride attended Cisco Junior College and the groom is a graduate of Texas Barber College.

Stitching And Stewing

By Ruth Ann Fansler County H. D. Agent

Planning a "dream" kitchen? Here are a few points to keep in mind: (1) Know your individual work habits; (2) Remember to locate the kitchen near the service entrance and dining area; (3) Investigate local wiring, plumbing and building codes before remodeling or building; (4) Choose appliances that will adapt to the changing patterns of family activities; and (5) Before actually beginning work, make a detailed plan on paper to avoid costly mistakes.

More uses for soybeans? The list keeps growing. About 105 million pounds of soybean protein products were used by U. S. food manufacturers in 1967. Baked goods accounted for almost half of the total volume.

Over the past few years, commercial bakery uses of soy protein has gone up 7 to 10 per cent annually. One of the primary assets of the soy protein is the fact that it holds moisture in bakery products which helps keep them fresh longer. It is also used in meat products and various vegetable protein foods and beverages. The U. S. produces about 75 per cent of the world's supply of soybeans.

Only one in 20 Americans were city dwellers back in 1790. Today 14 in 20 are, largely because as cities grew they offered more work—more hope. But the tide may be turning to a time of rural opportunity, and if it is, the change could relieve both the overcrowding in and around the cities and spot-

ty economy that has long pocketed rural areas. The U. S. Department of Agriculture outlines the potential for this rural alternative in solving the nation's people / opportunity imbalance. It notes what has been done, what can be done, when functional, multi-county communities blend the economic and cultural opportunities of urban living with space and beauty of the country side.

Johnnie Brueggeman, a member of the Weimer Jr. 4-H club, has submitted this week's recipe.

Strawberry Cake
1 pkg. white cake mix
1 pkg. strawberry jello
1 cup water
4 eggs
4 tbsps. flour
3/4 pkg. frozen strawberries
Mix all ingredients together, then bake in greased pans at 350 degrees F.

Strawberry Icing
1/4 pkg. frozen strawberries
1/2 stick margarine
1 box powdered sugar
Beat icing. Do not cook. Just mix and beat and spread on cake.

MORE MAN HOURS
The U. S. Department of Labor reports that the planting, care and harvesting of cotton require more man-months of seasonal labor than any other crop. Developments such as mechanization or programs limiting production, which affect the demand for cotton labor, have a profound effect on the nation's seasonal labor requirements.

COSTUME IN THE THEATER
FOR CENTURIES THE THEATER HAS HAD A PROFOUND EFFECT ON FASHION. LILY LANGTRY, A FAMOUS ACTRESS OF THE LATE 19TH CENTURY, CAUSED WOMEN EVERYWHERE TO WEAR CLOSE-FITTING JERSEY BODICES.

WHEN SARAH BERNHARDT CARRIED A JAPANESE PAPER PARASOL IN "LA DAME AUX CAMÉLIAS" IT CAUGHT THE PUBLIC FANCY SO THAT FOR THE NEXT 10 YEARS EVERY WOMAN CARRIED A REPLICA AND DECORATED HER SITTING ROOM FIRE-PLACE WITH ONE AS WELL.

AS EARLY AS 1920 BALLET COSTUMES MADE A RADICAL DEPARTURE FROM THE TUTU AND TIGHTS. MANY OF THE AVANT GARDE DESIGNS INFLUENCE THE DESIGNERS OF FASHION TODAY.

TODAY, WHEN BUYING WOMEN'S OR CHILDREN'S APPAREL LOOK FOR THIS LABEL - THE SYMBOL OF DECENCY, FAIR LABOR STANDARDS AND THE AMERICAN WAY OF LIFE.

Green Thumb Tips

A summer cottage near the seashore or a lake is likely to be surrounded by sandy soil...

Yet such annuals as love-in-a-mist, nemesis, mignonette and California poppy will grow well in sandy soil...

The term "monogerm" is a new one when applied to beets. For many years when you planted a beet "seed" you really sowed a group of seeds...

Not so with the beet varieties which are listed as "monogerm."

Single seeds produce a single seedling. This saves the work of thinning and regret at discarding seedlings.

If you have ever wondered why your neighbor's annual flowers bloomed earlier...

You didn't sow seeds early enough. You sowed seeds too thickly and then failed to thin enough.

You didn't thin seedlings soon enough. Or, you didn't allow the plants left after thinning sufficient room for full growth.

One reason gardeners may complain of trouble with bean seeds rotting instead of sprouting is cold soil.

Bean seeds are sensitive to soil temperature — wait until it warms before planting them.

There's a new ageratum on the market this year — earlier to bloom than others. Its name is Blue Surf, it's a hybrid and it grows 6 inches high.

Why not try it for a border?

Tax Questions And Answers

(This column of questions and answers on federal tax matters is provided by the local office of the U. S. Internal Revenue Service...)

Q—My son is taking a job this summer and plans to put most of the money he earns in the bank to pay his college expenses...

A—If your son is under 19 at year end or will be a full-time student during the year, the amount of money he earns will not disqualify him...

Q—Do you have to be a doctor or a lawyer to set up your own retirement plan?

A—No, other persons in business for themselves can take advantage of the tax provisions allowing them to deduct contributions to a self-employed retirement plan...

Publication 566, Questions and Answers on Retirement Plans for the Self-Employed, gives more information on these plans. Send a post card to your District Director for a free copy.

VA Questions And Answers

EDITOR'S NOTE: Veterans and their families are asking thousands of questions concerning the benefits their Government provides for them through the Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.

Q—If a veteran has an annual income of \$1,576, how much VA monthly pension will he get under the new law?

A—A monthly pension of \$57 is payable to veterans who do not have dependents and whose annual income ranges between \$1,500 and \$1,600.

JEANIE SUE HEWLETT WED TO PERRY PAYNE TURNBOW

MRS. PERRY PAYNE TURNBOW ... formerly Jeanie Sue Hewlett

Miss Jeanie Sue Hewlett and Perry Payne Turnbow exchanged double ring vows at 2:30 p. m., June 1, in the First Baptist Church, Wilson, Texas...

Parents of the bride are Mr. and Mrs. Harry Hewlett of Wilson. The bridegroom's parents are Mr. and Mrs. W. W. Turnbow, of Haskell.

Given in marriage by her father, the bride wore a floor-length gown of lace over taffeta fashioned with a fitted bodice, scoop neckline and short sleeves. The high-rise waistline was accented with a band of satin forming a bow in the back...

Miss Victor Gene Hughs, of Morenci, Arizona, was maid of honor. Karen Therswanger, of Stanton, was chosen as bridesmaid. They wore floor length yellow crepe gowns and carried nosegays of yellow pom-pom chrysanthemums.

Ronnie Josselot of Haskell served as best man and Fred Kreger, Haskell, was groomsman.

Seating guests were Lynn Gray, of Weinert, Andy Dyer, of Fort Worth, and John Fouts of Haskell.

Traditional wedding music was provided by Mrs. G. L. Nelson and Miss Gloria Foster, both of Wilson.

The bride is working towards a degree in Home Economics at Texas Tech. The bridegroom is also attending Texas Tech where he is studying Parks Administration. The couple will reside at Lubbock.

Lone Star Gas Co. Marks 60th Anniversary

Sixty years ago this week, history was made at a meeting in a small room in the Oriental Hotel in Dallas, Texas.

There a company was formed and the groundwork laid that one day would help boost the states of Texas and Oklahoma out of a wood and coal age into an industrial revolution.

The founders named the new company Lone Star Gas Company after the single star in the flag of the state in which the company was chartered on June 4, 1909, the state in which they soon would construct the southwest's first long-distance, large-diameter natural gas transmission pipeline.

In the six decades since the company's formation, Lone Star has grown as dramatically as the area it serves.

"We've come a long way from that first 130-mile pipeline. We've had to," said L. T. Potter, chairman. "Today Lone Star is four companies related by a common bond of product and customer service. Lone Star Gas is the parent firm and Lone Star Producing Company, Nipak, Inc., and Lone Star Gathering Company are subsidiaries."

IT CAN BE DONE!

Air-Conditioning The Outdoors — Texas-Style

Houston, Texas—(HK)—One of the nation's largest outdoor amusement parks, Astroworld, also has one of the world's most extensive outdoor air-conditioning systems to relax customers in the otherwise sweltering summer sun of Houston.

There is a cooling capacity of 2,400 tons to cut the temperature in the 57 acre park. Diffusers can be found in waiting areas, snack bars, picnic tables, rides and even in an artificial arctic mountain where the temperature drops to 10 degrees F.

The heart of the air-conditioning system is two electrically driven refrigerating machines with a capacity of 1,200 tons each. Some 105,000 tons of galvanized steel sheet duct work are used in the air-conditioning system. Nearly 3,000 gallons per minute of 40 degrees F water are

pumped through an underground piping system, and returned to the units at 60 degrees F.

Versatility and Capability

Three Astroworld amusements illustrate the versatility and capability of the air-conditioning systems:

- The French ice cream shop has 15 serving tables with built-in air-conditioning diffusers. Cool air is piped from a central fan-coil unit installed behind the serving area. Vertical takeoffs rise through the table pedestal and end three inches above the table top. A custom designed stainless steel cone caps each duct and directs the air in a 360 degree pattern toward seated customers.
- The Alpine ride is a 60 foot

structural steel and concrete mountain where customers sit in four-passenger sleds and take a rail trip through an avalanche, see the "Abominable Snowman," and experience a real snowfall at a temperature of 10 degrees F—all taking place in Houston's hot summer sun.

• The Lost World water ride illustrates one of the many packaged air-conditioning systems Astroworld also has—with capacities ranging from two to 40 tons. In Lost World, open river boats carry 25 passengers along a winding African river. Each boat has a 13-ton bus-type compressor which is powered by the same three cylinder 35-horsepower diesel engine that drives the boat. Six fan-coil units built into the boat roof deliver the cool air, while river water is used for condensing.

HOW TO HAVE A BETTER LAWN... IN 25 WEEDS OR LESS!

Gardeners trying to cope with the problems of weeds need not be "for-lawn". There are several modern ways of weeding out the unwelcome. The Antrol Lawn Research Bureau lists 25 weeds in three major groups and recommends controls for each.

Common among garden "gangsters," broadleaf weeds include the Dock, Dandelion, Plantain, Yarrow, Purslane,

Wild Onion, Shepherd's Purse and Buckhorn. Because these varieties tend to be easy targets, the most economical control is a "squirt"-type killer such as Squeeze 'N Weed. Viney weeds—those that spread by root runners—create

a net over a lawn, literally choking out good grass. To kill these weeds—chickweed, ground ivy, henbit, bur clover and their relatives—a weed

killer that sprays a fine mist in a wide patch is essential. Normal 1-shot aerosols and granular weed killer only kill a section of the weed root, and the weed promptly recovers and continues to spread. Specifically a wide stream aerosol chickweed killer is recommended.

By themselves are the summertime grassy weeds—crabgrass and its many relatives including goosegrass, barnyard grass, foxtail, quackgrass and orchard grass. The sooner after

the forsythia blossom fades they are sprayed—the easier it is to get total kill. Still 2 sprays with a new aerosol jet stream crabgrass killer—10 days apart are needed. For a handy FREE BOOKLET, illustrating the 25 most common weed problems in your area—and how to cope with them—send a self-addressed stamped envelope to ANTRON, Box 2255, Philadelphia, Pa. 19103.

Where can you fly without an engine and sail without water?

If you don't know the answer, you don't really know the Texas Mountain area. But let's give you another chance. Try this quiz on for size.

1. What Texas county is bigger than the entire State of Connecticut?
2. Why did Judge Leaton invite a bunch of horse thieves to dinner and what did they get for dessert?
3. Why was Mt. Locke chosen over other Texas mountains as the site of McDonald Observatory?

Still puzzled? Then take a "discovery trip" soon. Before you start traveling round the world, find out how many fascinating things there are to see right on your own doorstep. Start by sending for the Texas Mountain Trail folder. You'll discover a lot of things about Texas you never knew before. Like the answers to these questions.

IN ASIA, GIRLS SKIP ROPE-- BUT NOT WITH ROPE. THEY USE LONG BAMBOO POLES, AND ONE GIRL HOPS THROUGH THEM WHILE TWO OTHERS CLICK OUT COMPLICATED BEATS!

HERE IN AMERICA, THE TOUGHEST SKIP IS "HOT PEPPERS". WHEN THE TURNERS SPIN THE ROPE AS FAST AS THEY CAN, AND THE JUMPER MUST KEEP UP!

NOW, GIRLS NEEDN'T WORRY IF IT RAINS OR FRIENDS AREN'T AROUND. WITH MILTON BRADLEY'S "LIMBO LEGS", GIRLS CAN JUMP ANYTIME! ALL THEY DO IS SET THE AUTOMATIC ROD-- FAST OR SLOW, HIGH OR LOW.

Brazell To Speak At Foursquare Church, Weinert

George Brazell, Professor of Psychology and Sociology, at Cisco Junior College, will speak to the congregation of the Weinert Foursquare Church on Sunday morning, June 8th, at the 11:00 o'clock service, and Sunday evening at 6:30.

The highly interesting speaker spoke at the Weinert Church and the Weinert and Rochester schools last December.

Dr. Brazell is much in demand as a youth counselor and speaker.

Mrs. Brazell, head of the Journalism and Art Department, will accompany Dr. Brazell.

The public is invited to attend these services.

VIETNAM VIEW

DA NANG, Vietnam—Somewhere in Vietnam a Marine has been wounded. His life now depends on the best medical aid he can receive as quickly as possible.

A Navy hospital corpsman reaches the fallen Marine almost immediately to stop the bleeding and apply life-saving first aid. A few minutes later the injured man is placed aboard a helicopter and sped to the U. S. Navy hospital ship USS Sanctuary.

Moments later a call comes over the Sanctuary's loudspeaker system. "All hands, man your stations to stop helicopter." Immediately the crew springs to action.

In the ship's Marine Liaison Office, S-Sgt. Louis E. Nance, 114 Walnut Dr., Goodlettsville,

Tenn., prepares to meet the wounded Marine.

As the helicopter touches down on the landing pad of the Sanctuary, a litter team rushes to the aircraft. The patient is lifted out and carried by stretcher to the emergency treatment room where an assortment of medical specialists begin treating the Leatherneck's wounds.

Nance and his Marine liaison personnel now begin their tasks. All personal items belonging to the patient such as clothing, jewelry, wallets, weapons and equipment, are stored.

Information is gathered on the identity of the Marine, nature and extent of injury, where and how it happened and the type of treatment he will undergo.

As treatment on the Marine continues, the liaison section swings into the second phase of their job: to handle any problems that might arise once the patient begins his convalescence.

"Marine liaison means just that," explained Nance. "We act as a liaison between the ship and Marine Corps patients."

Once the patient begins recuperation, many personal problems can develop that could affect his progress. Problems concerning pay, mail or religious matters are eased by the liaison team.

"Morale is an important factor," Nance observed. "Whenever a problem occurs, we try to handle it as quickly and efficiently as possible."

Helping to boost patient morale, and aid in the important recovery phases, are the numerous recreational facilities aboard the Sanctuary. They include closed-circuit television and motion pictures every night, a basketball court, guitars, games, tapes and recorders, and even a small golf driving range.

Perhaps one of the most appreciated features is the Military Affiliate Radio System (MARS) that makes it possible for patients to call home and assure loved ones that all is well.

When the patient has finally recuperated enough to return to his unit or be transferred to shore-based medical facilities, his personal effects are returned to him, and if necessary, he is issued a new uniform. Comparing the Sanctuary to

scheduled for the night will be an old-time western jamboree at the Texas Theatre which will feature the well-known Western Queens, an all-girl western band from Abilene that is much in demand for conventions and special events. Area western bands will be invited to play after the concert of the Western Queens.

A calf roping contest will be held at the James Powell arena at night when area and visiting ropers will match their skill against ornery Brahma calves, in a tie-down roping event.

The Frontier Days Celebration program was presented to the board of directors of the Chamber of Commerce at a meeting held at Felker's Restaurant at 7:00 a. m., Tuesday, June 3rd.

Other business on the agenda was a report from Bob Philpot relative to a bid he had received

to enlarge the shades over the fireplaces at the Trailer park.

Dr. T. W. Williams stressed the fact that Haskell was losing out on much of the tourist business for several reasons to include the lack of a beautification program for the city which would make it more attractive to visitors.

Tentative date for the concert by the Breckenridge Boys' Choir has been set for June 25th subject to change to fit the summer tour schedule for the famous choir.

Manager Rex Felker told board members that the Chamber Office was in dire need of a new typewriter and a more modern mimeograph machine due to the load of work currently being done by the office.

Rotary Club Holds Regular Weekly Meeting

With the president, Couch, presiding, the weekly meeting of the Club was held last night at Felker's Restaurant dining room.

The session was rather as the program for the week had been materialized.

"Prexy" Couch led the meeting with Mrs. Henry West, the piano and the hymn was given by Bill Hartzell.

Guests noted were Bill Jim West, of Stamford, F. Frizzell, of Weimar, Oklahoma.

LIFE LINES

THE NEGRO IN AMERICA

Of all the immigrants to America, only the Negro was brought here against his will—to enter bondage, rather than escape it. A Dutch ship carried the first Negroes to Jamestown, Va., in 1619, where they were sold as servants in exchange for provisions.

The period since the Civil War has seen many Negroes rise to prominence in government, science, the arts, and sports. Such people as Ralph Bunche, Marian Anderson and Jackie Robinson are world famous for their achievements.

Today we are witnessing the Negro's effort to rediscover his black heritage. African dress, "natural look" hairstyles, black theatre groups and political organizations mark the beginning of a new and exciting chapter in American life. To learn more about these important changes, see Life Magazine's four-part series beginning in the Nov. 22 issue.

Wendell Ferrell Coston Receives Degree At TCU

Wendell Ferrell Coston, son of Mr. and Mrs. Ferrell Coston, of Haskell, completed degree requirements and was awarded a Bachelor of Business Administration at spring commencement at Texas Christian University, Fort Worth, on June 4.

More than 900 earned degrees were conferred by Dr. J. M. Moody, TCU chancellor, to mark this as the largest group of graduates in the University's history. The 1968 Spring total was 807 earned degrees.

Dr. Newton J. Robison, minister of First Christian Church in Amarillo and member of the TCU Board of Trustees, delivered the Baccalaureate message at the June 1 event.

Pork Producers Assn. Organize

The steering committee of the new Pork Producers Association met in the conference room of Stamford Electric Cooperative, May 23.

According to Darryl Schoonmaker, Secretary, the main purpose of the meeting was to outline and determine the feasibility of a Pork Producers Association. The steering voted unanimously to organize an association.

Dan R. Griffith, Chairman, appointed a five-man subcommittee to work up a constitution and by-laws to present to the next meeting. Also, the subcommittee is to set up a future educational program.

Present at the meeting were Dan R. Griffith, Barry Moore, J. C. Riddle, Delos Callicote, Weldon Holbrooks, Jerry Anderson, Charles Stenholm, John Therwanger, Max Stapleton and Darryl Schoonmaker.

TAX MAN SAM SEZ:

Internal Revenue employees will tell you that it is a very common occurrence to have taxpayers say, "I can't itemize my deductions—I have to take the standard deduction because I haven't got time to fool with keeping books and records." A well-known trade secret is the fact that most major oil companies spend a great deal of time and money training service station operators to replace those operators who did a fine job of running the station, but didn't follow the company's system of keeping books and records. You had better believe that the highly publicized million dollar a year income folks who don't pay any taxes kept their books and records. You might do well to consider doing a little better job on those books and records yourself. You probably won't get out of paying all of your taxes, but every dollar helps.

SS Disability Claims Should Be Filed Early

"Claims for social security disability benefits should be filed early," R. R. Tuley, Jr., social security manager stated. They take a bit longer to process than most retirement and death claims, since the medical evidence in each case must be evaluated in detail to determine whether or not the disability is severe enough to meet

the requirements of the law, he explained.

Persons having disabilities which will prohibit their working for 12 months or more ought to apply for benefits as soon as possible. Since disability payments can begin no earlier than the seventh month after the disability began, a disabled worker has six months in which to apply before any checks are due. "The earlier the claim is filed, the more time you and the claims specialists have to get all the necessary facts to

pay the claim," Tuley emphasized.

He urged any worker who might qualify for such benefits to check with the social security office at Room 232 of the Federal Building, Abilene, as soon as possible.

RETURNS HOME

Mrs. Arthur Edwards returned home last weekend from Austin, where she had spent several weeks with her daughter, Mr. and Mrs. V. R. Arnold, Dianne, Maryjyn and Scott.

Rev. Harper To Lead Revival At Blackwell

Rev. Steve Harper, son of Mr. and Mrs. Joe Harper, of Haskell, will lead a revival June 8-13 at the United Methodist Church at Blackwell.

In charge of music and youth activities will be Danny Ameron of Olton, also a junior at McMurry College.

Harper is associate evangelist with the Ed Robb Evangelistic Association, and is former pastor of the Weinert Methodist Church.

SERVING ABOARD ATTACK CARRIER

Airman Apprentice Lewis L. Davis, USN, son of Mr. and Mrs. Leonard M. Davis of Route 1, O'Brien, is serving aboard the attack aircraft carrier USS Constellation off the coast of California.

His ship is currently conducting carrier qualifications in preparation for its up-coming fifth deployment to Vietnam.

The Only Workable Control

Among the measures for controlling inflation that keeps cropping up for consideration are proposals for direct wage and price controls. Wartime experience with such controls has shown what may be expected if they are imposed - black markets, mountains of red tape, growing scarcities and proliferating bureaucracy. Paradoxically, even the threat of controls grows more eminent. Top labor spokesmen are proposing a boost in the minimum wage to \$2.00 an hour. Experience has shown that when the minimum wage is increased, wages and salaries escalate all along the line, thus, adding to the fires of inflation, as well as increasing unemployment among the young and unskilled.

The futility of trying to control inflation, rather than by responsible government fiscal policies, should be apparent when one tries to visualize the confusion that must ensue when government sets out to freeze and boost wages simultaneously. In the confusion, only one thing seems certain - the death of economic freedom. Present efforts of the Administration to bring spending under control deserve the support of all citizens. It is the only kind of inflation control that will work.

HASKELL COUNTY HISTORY

30 YEARS AGO (June 9, 1920)

Band members of the Paint Creek Chapter, Future Farmers of America, have been designated as a part of the official Area IV band at the state convention of Future Farmers which will be held in Temple this month. Band members, with Supt. C. E. Boyd, director, are: John Bray, William Prewitt, Tom Wiley, J. V. Weaver, Curtis Cox, Billy Prince, Billie Wayne Perry, Kenneth Kirby Vera Hise, Dale Middlebrook, Jack Medford, P. D. Boddy, Allen Overton, Ray Perry, Billy Lane, Albert Thane, Edwin Trimmer, June Cox, Edith Montgomery, Kermit Brown, Raymond Medford, Roy Overton, Jack Lane, Orville Cox, Durward Livengood.

Mmes. George and Ed Henshaw, Bob Herren and Matt Graham, went to Mineola Wednesday where they will attend a house party in the home of Mrs. Helt Eastland of that city.

Bob McNulty, a student in North Texas State Teachers College, is vacationing with his mother, Mrs. Carrie McNulty.

Lions Club officers elected to take office July 1 were as follows: J. C. Davis, Jr., president; George V. Wimbush, vice-president; R. O. Pearson, re-elected secretary; D. H. Persons, Tail Twister; Rev. A. C. Haynes, Lion Tamer; Directors, elected for a two-year term, were Dr. Gordon Phillips and Emory Menefee. Hold-over directors are D. H. Persons and Sam A. Roberts. Retiring officers, who have directed a successful program of club activities during the past year, are: J. G. Vaughter, president; J. C. Davis, Jr., vice-president; F. L. Daugherty, Tail Twister; M. P. Vannoy, Lion Tamer.

Bill Holden was a business visitor in Weiner, Tuesday.

Miss Hassie Davis has returned to Haskell for a visit with her parents, Mr. and Mrs. R. H. Davis, after having taught school in Dallas this past year.

A&M students home for the summer vacation include Jack and John Kimbrough, R. C. Couch and Eugene Frierson.

40 YEARS AGO (June 6, 1929)

Rain, wind and hail swooped down on Haskell County last Sunday afternoon and thousands of dollars damage was done to homes, barns, other outbuildings and growing crops.

Mr. Alvy R. Couch, who was formerly cashier of the Continental State Bank of Sargent, moved his family to Weinert last week where they will make their future home. Mr. Couch has been cashier of the Weinert Bank for some time but did not move his family until school was out.

J. W. Gholson, Tom Holland, Webb and C. G. Stark, landed a catfish Tuesday night from Paint Creek which weighed 31 pounds. The fish was a yellow cat and looked like a whale as it lay in the back of the Gholson delivery car which was standing on the streets Wednesday morning. The boys were elated over the catch and it has inspired all the other fishermen of the city to take a day off in search of the big game.

Mr. and Mrs. W. W. Ashby and children of Weinert were in the city Saturday shopping.

Paul Smith of Rochester was a business visitor to the city Thursday of last week.

Albert Pieser of Irby was a business visitor to the city, Friday. Albert is one of our leading farmers.

Ex-Sheriff M. E. Park, who lives in the Myers community, was in the city Saturday shaking hands with his many friends.

Mr. and Mrs. J. T. Thewhanger visited in the home of Mr. and Mrs. Eli Williamson, Sunday.

John W. Pace, Jr., who came in from a year's study at the Medical College, Dallas, left for the early part of the week for a visit with friends in El Paso.

Miss Mary Kimbrough will leave Monday morning for Abilene where she will enroll in the summer school at Simmons University.

50 YEARS AGO (June 5, 1900)

Mrs. T. J. Lemmon left Wednesday to visit relatives in Weatherford.

Mr. and Mrs. G. E. Lankford returned home the early part of the week from a visit to Central Texas and Oklahoma points.

Mr. Jno. Robertson made a business trip to Fort Worth a few days ago.

Gus Grussendorf says he has 150 acres of cotton up and 50 acres of feed.

Mr. Scott, who had the contract for the brick work for the new building of Smith and Sutherland on the north side, has completed same in the shortest time possible, and the plasterers have about finished the plastering.

The Wichita Valley has made some changes in its passenger schedule. The morning south-bound is three minutes earlier, evening 35 minutes earlier. The morning north bound is 45 minutes earlier. The night train 35 minutes later. We don't know how this will affect connections at Stamford.

Earl and Miss Odell have returned from Waco, where they have been attending the T. C. University.

Press, Frank and Miss Mabel Baldwin came home yesterday from T.C.U. at Waco.

Misses Norma Cobb and Lillian Chancellor, visited friends at Stamford, Thursday.

Courthouse News: Judge Higgins' court has been quite busy this week. Besides civil business disposed of, the following criminal cases were tried, or set for trial: State vs. Holder, charged with robbery; plea of guilty; State vs. J. A. Copeland; illegal banking; acquitted. State vs. E. W. Johnson, swindling; five years. State vs. Parr; murder, set for trial June 9. The case involving the jail lot controversy was adjourned until June 14th and leave granted plaintiffs to make new parties.

VISIT IN LAREDO AND SAN ANTONIO

Paul Hiebert and his sister, Ruth Montgomery, visited several days in San Antonio and Laredo.

In Laredo they visited Mr. and Mrs. David Hiebert.

Looking For A Job That Is Exciting?

Looking for a job that is exciting, intriguing and provides plenty of adventure? The Army can offer all of this and more in its military intelligence career program. Qualifications include being a high school graduate or its equivalent, a U. S. citizen with high moral standards and to have no police record. Following a number of special tests and basic training, it's on to one of the Army's Intelligence Schools.

Graduates are encouraged to learn a foreign language and also go on for more advanced training. Intelligence specialists, by virtue of their training and experience, can hold important positions in or out of the Army. Call collect 677-6161 or 611-1061 or drop by the Post Office Building, second floor, Abilene, for further information.

News from Weinert ...

MRS. ERON JENKINS
 Wheat Harvest
 Wheat harvest is in full swing and everyone is so happy that the good weather is holding out. There will be very little rest until it is finished. Some farmers are making even more than they expected to make. Some are running as much as 40 bushels per acre. We are hoping it will average around 30 bushels. That is plenty good.

Here And There
 Guest in the home of Mr. and Mrs. J. A. Mayfield over the weekend was Pat Fairchild, a student from Hardin-Simmons University.

Rev. Ross Anderson went to Stamford last Monday night on Double-Mountain area business.

Mr. and Mrs. J. D. Davis and family have five combines running this week. They are really busy people. The wheat

harvest must be fun for them, the same as profitable.
 Mr. Bill Boykin was home last weekend visiting his parents, Mr. and Mrs. T. R. Boykin. Bill lives in Midland.

Mrs. Harlan Weinert went to Grapevine last Thursday for a visit with her daughter and family, Mr. and Mrs. Jim Schmitt. She returned home on Saturday.

Mrs. Mike Gilbert stopped by on her way from Graham to Lubbock and spent Wednesday night with her mother-in-law, Mrs. Harlan Weinert.

Mr. and Mrs. J. W. Earr, Mrs. Lois Smith and Mrs. Eron Jenkins left Friday evening for Rising Star where they visited with Mr. and Mrs. E. A. McBeth. While there they attended the Hill reunion on Saturday, then on Sunday they went to the homecoming and all day singing at Amity.

Miss Alexia Wyn Mayfield was guest singer for the Elmwood West Lions Club of Abilene last Friday night. She was asked to entertain for the club by Mr. J. B. Wright. The meeting was held in Wyatt's Cafe dining room in West Gate Shopping Center.

Mrs. Nova Driggers had all four of her girls home last weekend for their spring get-together. They were Mr. and Mrs. P. R. Flanagan and Jay of Weatherford, Mr. and Mrs. W. H. Earr, Wyatt and Jeanna Beth of Pampa, Mr. and Mrs. Dewayne Vaughn, Elaine and Jerry, of Anson, and Mr. and Mrs. Melvin Vojkufka and Melanie.

Mrs. J. T. Alexander and Mrs. Leonard Alexander attended the wedding of their niece, Miss Yvonne LeFevre to Mr. Troy Trussel, last Friday night at the East Side Baptist Church in Haskell.

Among visitors at the Four Square Church last Sunday morning were Mr. and Mrs.

SAGERTON NEWS

MRS. DELBERT LEFEVRE

Homecoming

Around five hundred people attended the Sagerton home-

coming Sunday, June 1, at the Community Center here. This was the fourth one held, since 1954. Mr. Roy Woods of Fort Worth and his sister, Mrs. J. Thomas of Holliday, were the oldest students present who attended Sagerton's first school in 1905. Mrs. John Clark and her sister, Mrs. Charlie Clark of Holliday, started to school at Tanner Point and then came to school here and Mr. Oscar Gibson were other older students.

The class of 1947 was the only class that was complete with all its students present Sunday, and in 1964 at the last homecoming. The class of 1923 was also complete, but it had only two members, sisters, Mrs. Travis Bell of Old Glory, and Mrs. Eula Mae Magness of Friona.

Mr. M. Y. Benton's three sisters Mrs. Ethel Holmes of Wichita Falls, Mrs. Gene McClellan of Fort Worth, and Mrs. Oscar Nix of Houston, and Mr. McClellan and Mr. Nix, all visited Mr. and Mrs. M. Y. Benton recently.

Mr. and Mrs. Eldon Cook and daughters of Big Spring visited with Mr. and Mrs. M. Y. Benton on Friday.

Mrs. Charlie Clark of Holliday came Wednesday to visit with her sister, Mrs. John Clark. Mrs. Leslie Cobb of Midland visited with them over the weekend.

Mr. and Mrs. Warren Ahels of Angleton and Mrs. Grady Anderson and Mrs. Louise Busby of Houston visited with Mr. and Mrs. Cliff LeFevre last weekend.

Mr. and Mrs. Cecil Baumbach of Taylor visited with Mr. and Mrs. Johnny Tiechelman and other relatives. They came for the graduation of Vicki Tiechelman and the Sagerton Homecoming. Mr. and Mrs. T. A. Thorn of Abilene and Mrs. Claussen and daughter of Ohio were also guests in the John Tiechelman home.

Mr. and Mrs. Carl Kainer and little son from Iowa were here last week visiting Mr. and Mrs. Eddie Kainer. Mr. and Mrs. Jerry Kainer and children came from San Antonio for the weekend.

Mr. and Mrs. B. Kupatt of Fredericksburg were here last weekend visiting with Mr. and Mrs. Fred Kupatt and Mr. and Mrs. J. D. Kupatt and families.

Mr. and Mrs. Tullie Herring of Amarillo visited with Mr. and Mrs. Melvin Lewis over the holiday weekend.

Rev. and Mrs. Winston Hold and son are here visiting with Mr. and Mrs. A. H. Tiechelman from Dubuque, Iowa, where he was recently ordained.

Friends paid their last respects to Mrs. Emma Gerloff here Monday afternoon at the Faith Lutheran Church. She was 93. She was the last charter member of the St. Paul's Lutheran Church here.

Mr. and Mrs. Bill Scharff of Grayson County, former residents of this area, visited with Mr. and Mrs. Oscar Neimast over the weekend.

Mrs. R. L. White and daughter, Diane, of Arlington, visited with Mr. and Mrs. Delbert LeFevre and family over the weekend.

Mr. and Mrs. Carl Opitz and son of Abilene, Mr. and Mrs. J. C. Schwartz and daughters of Snyder, and Mr. and Mrs. Willie Dee Lehmann and family of Fort Worth visited the Otto Lehmanns over the weekend.

Mr. and Mrs. Leon Stegemoeller and family and Mrs. Joe Clark attended the confirmation of the son of Mr. and Mrs. George Olson of Ozona, last Sunday.

We cannot mention all the names of the former residents that attended the Sagerton

homecoming, but we in the community are very glad they all came, and we hope that they all had a very enjoyable time, and they can all come back five years from now. Mr. Roy Woods, Sagerton's oldest student present, said he would like to meet again before another five years because in five years he might get old.

The Sagerton L. O. C. Home Demonstration Club will meet in the home of Mrs. Delbert LeFevre on Thursday, June 5. All visitors are welcome. The meeting starts at 2:00 and the program will be on furniture refinishing.

VISIT IN GRAND PRAIRIE

Mr. and Mrs. Miller Montgomery, joined by his mother, Mrs. Alva Montgomery of Rotan, were in Grand Prairie over the Memorial Day weekend visiting the R. V. Furrhs'. While there they attended a dance recital, "The Sleeping Beauty Ballet", in which their granddaughters, Lee Ann and Gloria, had parts.

TAX MAN SAM SEZ:

Most of us have seen the picture of the girl holding up the reel of computer tape and showing that Internal Revenue's computer ends up with all of your business on a little less than one inch of magnetic tape. Even at the expense of boring you with reading about some more lightning fast statistics on Internal Revenue's National Computer Center at Martinsburg, West Virginia, here goes: The Service Centers — like Austin for our area — send mag-

netic tapes with miles of tax information by air mail to the National Computer in Martinsburg. Only 257 people work at the Center, an around-the-clock, 7-days-a-week, operation. Only Christmas and Thanksgiving are holidays, and then skeleton crews are on duty. The world's fastest input and output computers are used. Data sent by Service Centers is put on master tapes at the rate of 680,000 characters per second. If you don't think that's fast, just imagine standing in the middle of

Plainview and making a 360 degree turn, and unless it was a pretty fast turn, the computer could have checked most of the taxpayers within view — and that is quite a few.

OUTDOORS -IN- TEXAS

By Vern Sanford

A fantastic lake in Texas is the impoundment generally known as "Alcoa," near Rockdale. It is one of the most "constantly good" fishing lakes of its kind.

Alcoa furnishes good fishing for bass, crappie, bream and catfish practically the year around.

This lake was built by the Aluminum Company of America, when it opened its plant near Rockdale back in the early fifties.

Alcoa Lake was stocked by the Old Game & Fish Commission, kept closed for a reasonable time, then opened to public fishing. Since then thousands of pounds of wonderful fish have been taken from the lake.

Alcoa has permitted a concession on the lake, where boats can be rented or supplies bought. There are certain necessary restrictions, but none any good sportsman wouldn't approve.

It is a picturesque spot. Heavy smokestacks of the aluminum plant form a background that is most interesting. Part of the shoreline is rocky. There are also many cattails, reeds and willows along the banks. These furnish fine cover for the fish.

Alcoa Lake is kept at a fairly constant level because the company pumps water in from the San Gabriel and Little rivers some 12 miles away.

This lake is unusual from another standpoint. It has a "built in" hatchery, which produces a good crop of brood fish earlier than most other lakes in Texas.

Actually there are two lakes, connected by a deep channel. In one of these lakes the water used in the cooling process is released. This water is 10 to 20 degrees warmer than the water in the main body of the lake.

Fishing is not permitted in this water. As a result big brood bass are developed and they spawn early. Their young eventually work on out through the channel into the cooler water where they grow big and sassy.

State biologists go to this warm section every year and take a number of large brood bass for their own hatcheries. This gives them production much earlier than could be normally expected.

Alcoa also is one of the best crappie lakes and many fine strings are caught in the deeper water. Bream are very plentiful along the shoreline, offering good sport for fly and light tackle fishermen.

Alcoa is a popular lake not only with residents of the nearby towns, but with people from more than 100 miles away. It is one Texas lake where anglers are more likely to get a good mess of fish than perhaps from any other lake.

Near the concession building is a huge oak mott which pro-

vides ample shade for a park. Tables in the park make it a wonderful recreation area. Users help keep it clean by doing away with their own litter. This is a lake of many regulars. The same people go there time after time. They are well acquainted with all the hotspots on the lake. Perhaps that is the reason there are so many good catches reported.

This fabulous lake also has meant much in the way of goodwill for Alcoa. The lake is a necessity for the plant and it could have been fenced off, like so many similar impoundments. However, its gates have been opened by the company and everyone who fishes it is appreciative of its qualities.

Impala Custom Coupe

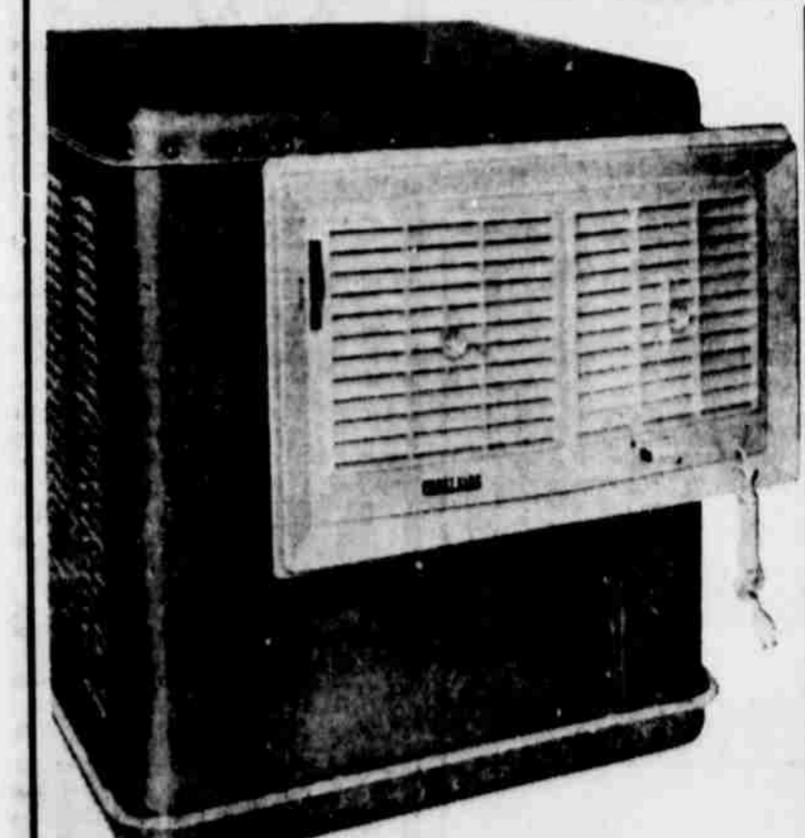

Match that, anybody.

We give you an honest increase in car at an honest decrease in price. Take the '69 Impala above. We improved the ride. Made it quieter inside. Added an anti-theft locking device. Put steel guard rails in the doors. Still, this Impala with a 300-hp V8, Turbo Hydra-matic, advanced-design power disc brakes, head restraints, whitewalls and wheel covers is

priced \$101* less than in 1968. The 300-hp V8 is priced \$40 less than last year's 275-hp. Turbo Hydra-matic costs less. Power disc brakes about half as much. Whitewalls a little less. Wheel covers about the same. And head restraints are now standard. Upping value and dropping price. That's the way Chevrolet operates.

Putting you first, keeps us first.
