THE JAYTON CHRONICLE

Volume XXIX

Jayton, Kent County Texas

Thursday, September 8, 1949

Number 36

The ginning season is off to a good start in Jayton. According to information received from the local gin Wednesday morning about 9 o'clock some 43 bales have been ginned so far this season. However the good rain of 3-4 to 1 inch that fell Wednesday night will delay the harvest for a few days.

We had been wondering just what was going to happen when it rained on the recently graded streets of the town. We found out, we walked, as did many others. Ah well, the exercise will be good for a lot of us.

You have seen the shy youngster with a new pair of shoes that would just stand around and grin and not say a word? Well, that is just about the best example we can give for the delay in this week's issue of the Chronicle. You see, we bought some new parts for the old Linotype and when we put them on, the old mill it was so proud and shy we just couldn't get a word out of it. We do hope that the 'new' is off by next week and we can get the old 'mill' to 'speak' enough to get the paper out.

Mr. C. V. Wright has just finished repainting his service station and grocery store and it certainly looks good. Next door to Mr. Wright, the Coffee Pot Cafe is being remodeled, repainted, and we understand that Mr. Hurst will have the cafe open for business in the near future.

The seal coating of the highways of the county was completed this week and Kent county can boast of having one of the smoothest highways in west Texas. We would like to know who, if anybody, had the nerve to drive the heavy rollers used on the job, across the bridge between here and Clairmont. If the rollers were driven across the bridge the driver should have a hero's medal and his head examined.

BOYCE HOUSE

Gives You Texas

The greatest shortcoming of youth is impatience. Youth wants to do great things but wants to do them overnight.

Somewhere, someone penned a profound thought, "Despite not the day of small beginnings."

There was a young lawyer in a medium-sized Middle-Western town. He was not overly-burdened with clients and cases but he was receiving invitations to speak-- usually to small crowds in hard-to-get-at places.

He accepted as many invitations as he could fill and, gradually, he came to be recognized as a leader in a cause which was attracting more and more attention--free silver.

And when the national Democratic convention met in Chicago, the 36-year old lawyer was chosen to close the debate on free silver, the most important issue of the campaign.

He arose with the confidence that comes from preparation and experience. The speech, in its thoughts and largely in its words, was what he had been saying in small towns for two or three years--but here he had a great occasion: an audience of 10,000 and, beyond, a nation's eyes focused on the scene.

And he stamped that convention and was nominated for president. He was, of course, William Jennings Bryan.

Had he said, "I won't go to those obscure places; such gatherings are beneath my dignity; I will wait for my big moment", then probably the big moment would never have come for him. Or if it had, he would not have been capable of taking full advantage of its possibilities.

William Jennings Bryan did not despise the day of small beginnings.

And speaking of youth-- Bernard Shaw said, "Youth is a wonderful thing; what a pity it is wasted on the young."

Mrs. J. T. Leech and Mrs. C. R. Kelley visited in Lubbock Thursday.

Farley Wade of Lubbock visited his grandparents, Mr. and Mrs. L. F. Wade, in Jayton, last week end.

Mr. and Mrs. G. L. Hamilton and son spent last Sunday in Stamford with relatives.

Mrs. C. J. Robinson spent last week in Odessa with her daughter, Mrs. O. B. Byford and family.

Mr. and Mrs. L. O. Mayer and John Henry are visiting in South Texas this week.

Legion To Assist In Locating Veterans

A very important meeting of the Williams-Puckett Post No. 161 of the American Legion, Spur, has been called for 8 o'clock p. m., Thursday September 8, 1949, at the Legion Hut in Spur. The American Legion will assist all local veterans in applying for their National Life Insurance dividends. Two other very important matters will also be presented to the membership. This was announced Wednesday by Maurice P. Vannoy, commander of the Williams-Puckett Post No. 161 of the American Legion of Spur, Texas.

"Our post will have the necessary applications which veterans will have to make to the VA to get their NSLI dividends," Commander Vannoy said. "Every veteran who held his NSLI policy for 90 days or more will have a refund coming to him. The VA expects to pay out approximately \$2,800,000,000 in these refunds. Payments per veteran are expected to average about \$175, according to the VA. Applications should be filed as quickly as possible because it will take weeks and months for a veteran to get his refund check."

Actually, Commander Vannoy explained, the American Legion will put on the biggest manhunt in history in trying to locate veterans who are eligible for NSLI refunds.

"The VA estimates that some 16,000,000 veterans are entitled to NSLI refunds," Commander Vannoy said. "Actually, today the VA has the home address of only six million of eligible veterans. The American Legion will help it to locate the other 10,000,000."

"Every member of the Williams-Puckett post is urged to attend the meeting and is requested to bring with him any veteran who has not filed his application, whether he is a member of the Legion or not. This meeting will be of benefit to all veterans so make plans to be present at the Legion Hut in Spur, Thursday night, September 8.

New Alfalfa For Dry Area

"Pilca Butta", dry land alfalfa, a relatively new legume which came to this country about 10 years ago from Australia, may prove to be the answer to the ranchers need for forage and hay crop, according to County Agent Kirby Clayton. Although, this legume was imported 10 years ago, no test was made until 1946, when a rancher in Bandera County disced in 43 acres at the rate of 5 pounds per acre on a well prepared seedbed, following treatment of 450 pounds of 22 per cent phosphate per acre. A reasonable good stand was acquired but drought, insects and cold weather set it back considerably. At first, the alfalfa had a spotted growth but it later began to spread over the entire area, making a very promising growth for grazing and hay crop.

This alfalfa seems to be well adapted to the dry land areas of 18-22 inches of rainfall, and has been known to stand a temperature of eight degrees below zero F. It is a prolific grower under irrigation but care must be taken that the area does not stand in water. It will grow in a wide range of soil conditions provided the subsoil will allow the long roots to penetrate deeply and the soil is not cold and damp and subject to water logging.

In dry areas, it should be seeded at the rate of 3-5 pounds per acre along with Wimmera grass or Harting grass, or 5-10 pounds per acre if sown alone. It should be planted in the fall of the year following an application of 200 pounds of Super phosphate per acre. It should not be planted over 1 inch deep.

Farmers who wish to try this legume for the fall season, can secure seed through the County Agent.

Junior Class Elects Officers

We elected officers Wednesday morning to start off the new year in the right way. The officers are as follows: President; Peggy Chisum, Vice President; Flint George, Secretary; Lue Cave, Treasurer; Jonell Gallagher, Reporter; Nina Hall.

We want to welcome Flute Moore to the Junior Class and hope she will enjoy this school year. Miss Moore is from Texline and attended school in Clayton, N. M., last year.

We received a letter from Herf Jones and Company giving us information about ordering our rings. By the way, our rings are going to be prettier than the ones the Seniors of this year will have.

Kirby Clayton visited his parents in Dublin, Texas, last week end.

Annual Pig Show September 17

The Kent County Sears Pig elimination show will be held Saturday, September 17, at 1:30 P. M. in Jayton, according to County Agent Kirby Clayton. There will be eight gilts and a boar and two or three pens of fat barrows in the show. The first place gilt and the 1st. place pen of three fat barrows along with the boar will go to Sweetwater on September 24 to compete in the Area Show with Nolan, Mitchell, Scurry, Fisher and Stonewall counties.

Prizes on gilts will be awarded down to fifth place as listed below.

1st. Place	\$10.00
2nd. Place	\$8.00
3rd. Place	\$6.00
4th. Place	\$4.00
5th. Place	\$2.00

Prizes on pens of three fat barrows will be awarded only to the first four places.

1st. Place	\$15.00
2nd. Place	\$12.50
3rd. Place	\$7.50
4th. Place	\$5.00

There is no County prize, set up for the boar, but he must be on exhibit.

The prize for first place gilt in the Area Show is \$40, for the first place pen of three fat barrows \$20 and for the first place boar, \$40. All of the prizes will be in the form of merchandise, no cash will be awarded.

Charles Taylor, County Agent of Dickens County, will judge the local show.

Black Motor Co. To Take Part In \$100,000 Contest

H. D. Black, local Ford dealer has entered his company in the \$100,000 car safety contest sponsored by the Ford Division of the Ford Motor Company.

Seven hundred prizes totaling \$100,000 will be awarded winners of the safety contest. The prizes include 25 new Fords including five Ford trucks; 25 \$1,000 U. S. saving bonds, 100 \$100 bonds, 200 \$50 bonds and 350 \$25 bonds.

In order to participate in the contest, Mr. Black said, motorist must bring their car or truck, of any make to the dealer for a safety check at absolutely no cost or obligation to the motorist.

Free checks will be made on the brakes, steering, headlights, rear and stop lights, tires, windshield wipers, muffler, glass, horn and rear view mirror.

An attractive safe driver reflector insignia will be placed on the car or truck inspected and motorist will be given an entry blank to participate in the contest.

The motorist must then complete in no more than 50 additional words the following statement:

"All cars and trucks should be safety-checked periodically because"

Other details are available at the H. D. Black Motor Company.

Mr. and Mrs. George Dew of Beeville, Texas, visited in the home of Mr. and Mrs. C. R. Kelley the first of the week.

Mr. and Mrs. H. C. Wade and Patsy of Lubbock spent last Friday and Saturday in Jayton with his parents, Mr. and Mrs. L. F. Wade.

Rev. and Mrs. Ramsey of Fort Worth, Texas, visited Mr. and Mrs. G. H. Brown and Ann Tuesday of this week.

Cottonseed Loan Set At \$49.50

Details of the cottonseed loan program through which the Commodity Credit Corporation is supporting the price of 1949 crop cottonseed at 90 per cent of August 1 parity price of \$55 per ton were announced recently by the Production and marketing administration, U. S. Department of Agriculture.

Loans are being made at the rate of \$49.50 per ton on clean, safely-stored cottonseed having a moisture content of 1) per cent or less.

Nonrecourse loans, secured by chattel mortgages on the seed, will be made to farmers on cottonseed stored in structures, on or off the farm.

The loans will be made through December 31, 1949, payable on demand, and will mature not later than April 30, 1950.

In addition, the program will be implemented by loans to farmers up to 85 percent of the cost of acquiring or constructing farm storage facilities for cottonseed. Loans on storage facilities will be made for a period not to exceed five years and will bear 5 percent interest per annum. (These farm storage loan provisions are comparable with those available for producers of grain and some other crops.)

Details of the cottonseed loan program are available at the Kent County Agricultural Conservation Office.

Cancer Ranks Second As Killer

Dr. Geo. W. Cox, State Health Officer, in speaking of cancer, said that it ranked second as a cause of death in Texas, being exceeded only by heart disease. Last year approximately 6900 Texans died of this disease. One of the reasons so many people die of cancer is because the disease usually exists sometime before it is recognized. By then it has progressed from a small local cancer to a large and dangerous one.

In the beginning cancer is not painful so many persons do not consult a doctor. Any lump, especially in the breast, should be looked upon with suspicion. Other suspicious symptoms are any sore that does not heal about the tongue mouth or lips; sores caused by broken teeth or ill fitting dental plates should receive attention; irregular bleeding or discharge from any opening of the body is a danger signal. Persistent indigestion with loss of weight is a symptom of cancer of the stomach. With any of these signs one should go immediately to a doctor. Many times the suspicion of cancer will be unfounded but it is much better to be safe.

It is desirable to treat all diseases in their early stages, but in no case is it more important than cancer. Periodic examinations made with cancer in mind affords the best protection against this disease. Surgery, x-ray and radium are the main weapons which are used to combat cancer.

PTA Begins Year With Family Meeting

An enjoyable meeting for the entire family has been planned by the P. T. A. for their meeting Friday night, September 9. The meeting will be held on the lawn of the Home Making Cottage and is scheduled to begin at 8:00 p. m.

An evening of fun and fellowship is in store for all who attend.

1949-50 School Year Begins With Assembly

The 1949-50 school year officially began in Jayton Monday morning with a general assembly of students, teachers and patrons in school auditorium. Rev. C. C. Beatty gave the invocation followed by the singing of "Alma Mater" and "America" by the entire group.

Rev. Beatty gave a short talk on the importance of study to both the student and the teacher. He emphasized to the students that the teachers had to do, by far, the most studying.

Supt. Hinds introduced the new teachers and welcomed them to the Jayton School. Special recognition was given Mrs. Check Jay. Mrs. Jay retired from the teaching profession at the close of the 1948-49 school year after serving for many years as a teacher in the grade school.

Supt. Hinds closed the school year with a short talk to the students. He gave a motto, "Break your own record tomorrow", for the students to use as a guide during the school year.

According to Supt. Hinds 183 students were registered Monday. This is the smallest enrollment for the Jayton School in a number of years.

Many Officers Instructed By DPS

AUSTIN, Sept. 2--Nine hundred and thirty-seven Texas peace officers participated in law enforcement training programs conducted by the Texas Department of Public Safety Training Division during the 12 month period ending August 31st, according to an announcement today by Homer Garrison, Jr., Director of the Public Safety Department.

A total of 19 schools were conducted with 201 rookie Highway Patrolmen and Drivers License Examiners graduated; 185 members of the Department received inservice training; and 551 city and county officers were enrolled and graduated from schools offered by the Department of Public Safety. The latter group included a school for newly elected sheriffs and their deputies which was held last fall as well as classes held in several cities over the State for the benefit of local officers.

From The "Center"

By Erma Black

Testy Old George Bernard Shaw remarked once that youth is wasted on the young. But, we suspect that he might revise that judgment if he could see our Community Center in action. Not only are our young people having a wonderful time; carrying on the necessary business and keeping the building in order but they are making a very definite contribution to the community by taking part in all the activities.

September is here--and that means college for part of the group and school for the rest. This also means that the Center will be open only on Saturday night for the teenagers.

Loitering around in the Center one can hear such expressions as "Carrom", "Gusher or Dry Well", "Well who is the Murderer?" then one notices the table tennis, the darts, horseshoes, and other games being played along together, and is well pleased that all are taking part and helping to make the Center a place of activity.

The younger fry will find an assortment of new games when they meet at the Center. It is believed that we will have games that will be of interest to any age group.

We will have some important announcements in the paper next week regarding our "Every Members Party". So please watch for the date and hour of this party.

ZANA LOU PHILLIPS HONORED WITH PARTY

Miss Zana Lou Phillips, daughter of Mr. and Mrs. John Phillips, was honored with a party on her 10th birthday last Friday at the home of her parents west of Jayton. Guests arrived at three o'clock and several interesting games were played before the refreshments of punch and cake were served.

Those attending the party were Cleon and Janis Burrow, Darlene Hagar, Ann Brown, Jeanie Chisum, Bonnie Hagar, Joe Bill Phillips and the honoree, Zana Lou Phillips.

Mr. and Mrs. Ervin Lee and Mr. and Mrs. Elmer Lee of Monahans, Texas, visited relatives in Jayton last week.

LOOPHOLES in the Law

By WILL WILSON

Past President, Texas District and County Attorneys Association

Fighting 36th Reunion In Waco Sept. 9-10-11

Thousands of the 36th "Texas" Division veterans are expected at the Annual Reunion at Waco, Texas, September 9, 10 and 11th, announced Charles M. Beacham of Corpus Christi, Texas, current President of the 36th Division Association. Over 70,000 men served in this Texas unit during World War II and thousands of others were veterans of World War I and a few of the Spanish-American War.

This famous fighting unit, known as the "T-Patchers" by its distinctive shoulder insignia, saw about 363 days of front line service in Italy, France, Germany and Austria. It fought in seven major campaigns, made two amphibious assaults, -- the famed "Bloody Salerno" landing of September 9th, 1943, and the landing on the southern coast of France on August 15th, 1944. The reunion was selected in commemoration of the Italian landing, the first such operation against the mainland of Europe.

A business meeting of the officers of the Association is scheduled for Friday, September 9th, at the Roosevelt Hotel, Waco, Texas, followed by a general meeting on Saturday morning at the National Guard Armory. A barbecue is planned for the afternoon, and a dance for the evening. Regular election of officers and a memorial service will be held on Sunday.

Reservations may be mailed to Wiley Stem, at either the Raleigh Hotel or the Roosevelt Hotel, Waco, Texas.

Visitors in the home of Mr. and Mrs. Sam Newberry this week were, Mr. and Mrs. S. M. Newberry and children of Lubbock, Mr. and Mrs. J. A. Wonsley, Mrs. Bell Phillips of Fort Worth and Mr. and Mrs. O. C. Newberry of Hamlin.

Zulus Play Host to U. S. Sailors

Natives in Africa give crew members of the cruiser USS Huntington and the destroyer USS Douglas H. Fox a lesson in basket weaving. With but a short four-day sojourn in Durban, South Africa, thirty U. S. Navy camera enthusiasts and adventurers made a tour into the interior to visit African tribes. Even the depths of the Dark Continent are no stranger to the contact of America established through the cruises of U. S. Naval vessels to African ports. (Official U. S. Navy Photograph)

(Editor's Note: This is one of a series of short case histories, all taken from court records, showing how legal loopholes have in the past enabled criminals to escape punishment in Texas. Will Wilson is chairman of a special steering committee of the State Bar which is working for revision of the antiquated Criminal Code and Code of Criminal Procedure in order to eliminate these loopholes.)

(Burglar Joe admitted he broke into a store operated by Mrs. Fred Smith in Prairie Hill, Texas. He confessed that on September 27, 1941 he broke in the back door of the store building, entered and stole several articles of merchandise.)

Since there was no doubt of Joe's guilt, he was convicted and sentenced to five years in the penitentiary. But on appeal the verdict was reversed.

At the trial Mrs. Smith testified that she was the wife of Mr. Smith and that she lived with him at Prairie Hill, where they operated a store. The indictment pointed out that the store, at the time of the burglary, was under the control and ownership of Mrs. Smith.

The reversal was solely on a technicality involving ownership of the store. Although Mrs. Smith was operator of the store, it was community property belonging jointly to her and Mr. Smith. In the eyes of the law the husband was the owner. The indictment charging Joe should have alleged that the husband instead of the wife was the owner of the property.

If the State Bar is successful in its efforts to bring about revision of Texas' criminal statutes, such loopholes in the law can be closed. Under the present system too many criminals escape justice even when there is no doubt of their guilt, breeding disrespect for the law and subjecting good citizens to constant threats from lawbreakers.

WITH THE CHURCHES

The Methodist Church

Sunday School at 10 a. m.
Services at 11 a. m.
Evening Services at 8 p. m.
Young People and Juniors at 7:15 p. m.
Wednesday Night Bible Study at 8 p. m.

First Baptist Church GIRARD, TEXAS

Our revival which began August 19 was really a revival. The church was benefited in many ways. Sixteen were added to the church. Eight by letter and eight by baptism.

We had 153 in Sunday School the 27 of August and 102 last Sunday. The B. T. U. gained in attendance proportionately.

Our people are realizing more and more what the church means to their community, and are more determined to put the cause of Christ above all other things of this world.

It is very important that we have food and clothing for our bodies but of equal importance is spiritual food for our souls. We need spiritual

food that we may grow in grace and prepare our lives so we can say, "as Paul did, 'to live is Christ, but to die is gain.'" Whether we live or die we belong to him and are subject to his call at any time, then why not work, while it is day, for his wonderful cause.

God is depending on us to declare his goodness throughout the world. If you are a Baptist, in reach of Girard, and want to do something for your master, we offer you a church home with plenty of opportunity to work, pray and sing praises to our King, Jesus Christ our only Lord.

We invite all people to come and worship with us and hear the Gospel messages. We do not want our Sunday School to have less than 100 in attendance at any time during the coming year. Come, bring your children, and be a part of this great work.

First Baptist Church

We had some wonderful services over the week end. Those who missed the service Sunday and Monday truly missed a blessing. Rev. Bill Tanner, a student of Hardin Simmons, preached a wonderful message from God's word. Although he is just a beginner, if he continues in God's leadership he will make one of the best Baptist preachers in Texas.

Sunday night we had a good attendance for Training Union. Fifty were present.

We want to urge all men, who will to meet each Saturday night and pray for the Sunday services.

We urge you to attend church somewhere Sunday.

—Marie Smith

Reducing The Chances Of Cure

Regardless of what is being learned through research . . .

Regardless of the tremendous advances being made in medical science and in the care of the patient . . .

Regardless of the newest developments in atomic energy and radiation therapy . . .

Early suspicion, prompt investigation, and treatment are still the most important weapons against cancer.

Cancer is like a forest fire—spread by sparks which are carried off through the blood stream to distant parts of the body. No one can pre-

Taffeta and Bold Lace

Listen to his heart lilt when he sees you in this dancing dress that's as soft and rustling as a September evening. Comopolitan magazine's Male Jury succumbed to its romantically-whispering taffeta, gossamer-like lace and bare shoulder styling. Choose from gold, Kelly green or bronze taffeta and dapple it with the black lace overshift—for about \$40.

dict when this will take place.

But if a person is able to recognize the early symptoms of cancer, and will see his doctor at the earliest sign, and if he makes regular physical check-ups a habit for life, he has in his possession the surest in-

urance against this disease.

"The person who delays in going to a qualified doctor is only reducing his chances of cure," says J. Louis Neff, executive director of the American Cancer Society, Texas Division. "There is seldom a second

chance in cancer treatment. The right treatment must be used the first time."

Mr. Neff warned Texans to beware of advertised "cure alls", patent medicines, and such quack remedies. There are only three accepted methods of treatment—surgery, x-ray, and radium. See your family doctor not a cancer quack who advertises a cure.

Mr. and Mrs. Ed Cobbs of Leveland spent the week end in Jayton with relatives.

Mr. and Mrs. Dave Boydston and family went to Lamesa last week to visit her parents, Mr. and Mrs. George Wilson.

Miss Maude Brown of Lubbock visited Mr. and Mrs. J. W. Barfoot last Thursday.

PUZZLE

DEMPSTER WATER SUPPLY EQUIPMENT

That's probably the easiest puzzle you ever saw. But Dempster can solve your water supply problems just that easily. The Dempster Deep Well Jet Pump has many outstanding features, and simplicity of operation is one of the foremost. The pump has only one moving part . . . no working parts in the well . . . and does not have to be installed directly over the well.

Let us show you the Dempster Deep Well Jet Pump today.

Over Eating Can Be Dangerous

As we grow older we begin to dream of living longer. But a long happy life depends to some extent on what and how much you eat, according to Louise Mason, extension foods and nutrition specialist of Texas A. and M. College.

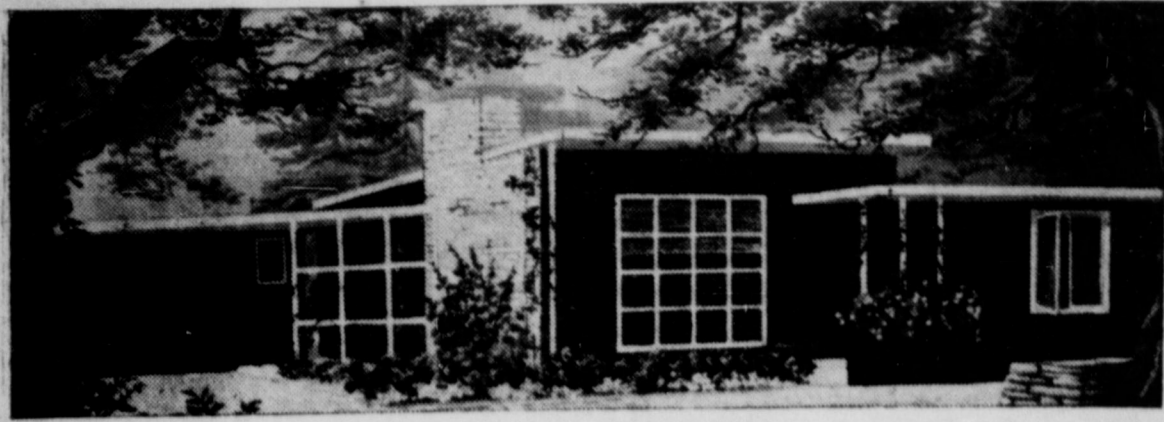

She says it isn't easy to cut down on certain foods that you have been accustomed to, but sometimes it

necessary in order to prevent some diseases and ailments that come with old age.

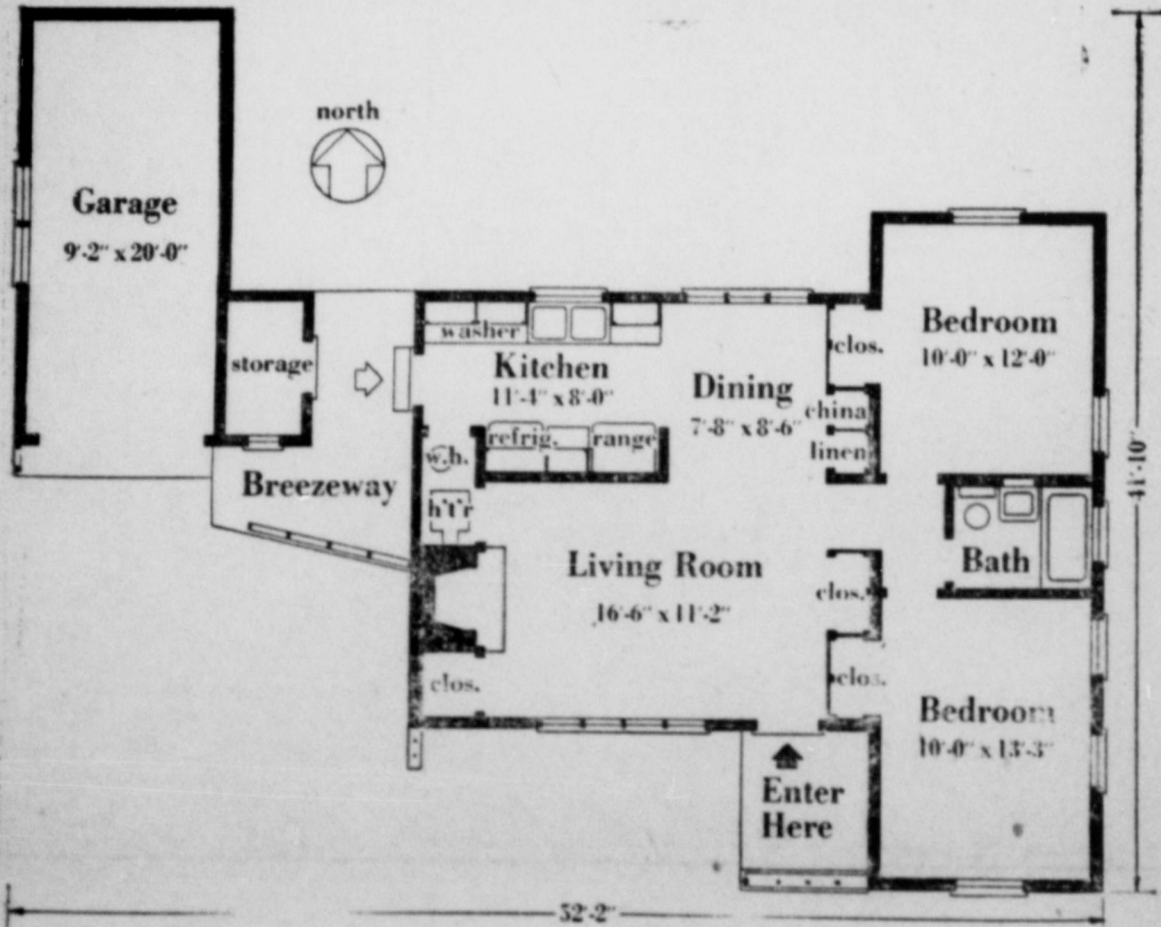

Over eating seems to be our greatest common dietary fault. That is, eating too many fat, rich, and sweet foods. Miss Mason recommends eating more green leafy vegetables, milk, citrus fruits, tomatoes and animal protein foods such as cheese, eggs, lean meat: beef, pork and poultry to ward off such ailments as high blood pressure, diabetes, hardening of the arteries and even cancer.

Some folks are allergic to certain foods; some don't like them: some can't digest certain foods. Therefore, each person develops his individual food habits. You can develop these habits to extend your life expectancy. Eat foods you like, says Miss Mason, but eat more of the good mineral and protein rich foods and less of the sweet and rich foods for longer healthier living.

Mr. and Mrs. Dallas Kenady visited relatives in Big Spring last week end.

SOUND SIMPLICITY at rock-bottom cost is the keynote of this new model home recently opened by the Montauk Beach Company, Inc., on Long Island, N. Y. Designed after the suggestions of Douglas Toomey, building consultant for Good Housekeeping magazine, the architect kept expenses down by: (1) Elimination of basement; (2) Simple frame and roof; (3) Dry Wall construction; (4) Simplified windows and trim; (5) Use of closets for partitions. Although the house embodies the latest principles and advancements in moderate-priced design and construction, it's so simple to build that the toolwise amateur can do much of the work. The Montauk House lends itself to any seashore terrain and can be used for a summer or year round home. It is featured in the June issue of the magazine.

CAPTIVATING COTTON

Florida beaches are full of beautiful vacationers this summer. Here's one that was spotted by the cameraman at the oceanside. He was captivated by her cute cotton beach coat designed in white bird's-eye pique by Margaret Newman. Cotton beach coats are important news in vacation wardrobes this season, National Cotton Council fashion experts report.

Patricia Fowler visited Jane Ann Jones in Abilene last week.

PROSIT IN BAVARIA

The United States Navy has a way of turning up in the least expected places. Here on leave at Garmisch in the Bavarian Alps, site of the 1938 winter Olympics and in pre-war days one of the most exclusive resorts in Europe, an American sailor with two Bavarian friends performing an ancient ritual on a mountain top.
(Official U.S. Navy Photograph)
