Goodfellows Face Tremendous Task In Providing Christmas For Needy

The "Goodfellows" project, sponsored by Haskell Lions, faces a tremendous task during the next few weeks if the needy families and underprivileged children of Haskell are to have a "Merry Christmas."
As in past years, Goodfellows will endeavor to coordinate activities in order that all deserving cases may be included in the Christmas basket distribution.
This will require money... more than the Goodfellows have prospects of getting unless everyone gives generously. From all indications, demands on Goodfellows this year will be greater than last year... So it is up to all of us to help with this worthy cause.
If you would like to make some ch'd happy... happy as only children can be at Christ- mastime, or to help lighten the burden of some worried parents who dread the approach of an empty Christmas, get in touch with the Goodfellows today, or mail your contribution to "Goodfellows", Haskell Free Press. A contribution in any amount, however small, will mean a lot.

The Fighting Haskell Indians captured the Bi-District Championship Friday night in Abilene's Shotwell Stadium by defeating the Coleman Bluecats 21-13.
In one of the best football games of the season, around 10,000 football fans saw two great teams battle for the title. It was perfect football weather, a little windy but not too uncomfortable. The Indians travel to Bobcat Stadium in San Angelo Friday night to tangle with Ozona for the Regional crown. Ozona won over Alpine last week by a 41-27 score. The Indians' representatives met with Ozona's reps Saturday morning to decide on time and place. Haskell lost the toss and Ozona picked San Angelo.
This is a sort of repeat of last year's season, when Haskell journeyed to San Angelo to play Regional against Reagan County. The Owls barely defeated the Indians last year 28-27. Winner of Regional this year will play the winner of the Childress-Denver City game in the quarter-finals.
Opening kickoff Friday night

in Abilene saw Coleman receiving. They took the kickoff on the 31 yard line. QB Jimmy Alcalá lost 3 yards on the first play. Mike Marrs picked up 6 and Alcalá none on third down. Donnie Wood punted on 4th to the Bluecat 48. The Indians took to the air on the first play as QB Terry Pringle threw to Charlie Franklin for an incomplete pass. Keith Everett tried to run only to lose 2 yards. Jackie Young picked up 3 yards and the Indians were forced to punt.
The Bluecats managed one first down on the next series of plays, to get to their own 32, before having to punt. The Indians took over on the 37. Franklin picked up 12 yards in place. Haskell lost the toss and Ozona picked San Angelo.
On the first play after first down, the Indians lost the ball when Bluecat Andy Henning recovered an Indian fumble on the 50. Again, the strong Indian defense held the Bluecats to minus 8 yards rushing and they completed one pass for 15 yards and had to punt on fourth. The Indians began on the Indian 24. Franklin picked up 17 yards in 4 carries; Everett added 1 and a 22-yard pass from Pringle to Eric Whitaker put the Indians on the Bluecat 38. Everett picked up 5 more yards. Two incomplete passes and the first period ended. Haskell picked up three first downs to Coleman's one in this period.
The second quarter was dominated almost entirely by the Indians. They took a 4th down (Cont. on Back Page, Sec. 1)

The Organ Club Meets In Home Of Mrs. Meadors

Mrs. V. W. Meadors was hostess in her home to the Organ Club, Saturday evening, Nov. 21st at seven o'clock.

The president, Mrs. Marrell Dick, welcomed the guests and Mrs. Meadors, secretary-treasurer, read minutes of the last meeting. It was voted to donate \$5.00 to the Haskell Hospital Heart Monitor fund.

The program was centered around Fall and Thanksgiving music, directed by Mrs. Dick. She stated "the first American Thanksgiving Day was celebrated during the second winter the Plymouth Colonists spent in the new world. It was spent in harvest festivals and days of thanking God for plentiful crops. For this reason the holiday is still celebrated in the Fall. In the United States the holiday is usually a family day with big dinners, and a time of serious religious thinking, personal prayer and singing.

In 1863, President Lincoln issued a proclamation setting aside the last Thursday in November for celebration and since has been a legal holiday.

"Thanksgiving Day," played by Mrs. Henry Withers, was by an Italian composer, Karoberni, whose song came from his most popular opera, "The Water Carriers." She also gave the favorite song, "Bless This House" which was a fitting piece for the musical.

"An Ode To Thanksgiving," a beautiful rendition, was presented by Martha Meadors, and other songs, "Green Leaves of Summer" and "Try To Reber" were added to the repertoire.

Mrs. Donna Brockus, a guest, favored the group with several hymns, "For the Beauty of the Earth," "Wonderful Peace," and the stirring patriotic song, "Mine Eyes Have Seen the Glory."

The Great Crusaders Hymn by E. L. Ashford was presented by Mrs. J. F. Cadenhead Sr., who played "May the Good Lord Bless and Keep You," as a fitting prayer climax.

The hostess, Mrs. Meadors, assisted by her daughter, Martha, served refreshing hot apple punch and home-made cookies with olives as appetizers to the members and guests.

Magazine Club Continues Program On Early Day Furnishings of The Home

The Magazine Club met Friday, Nov. 20, in the club house continuing their program on furnishings of the home from the early 1700's to 1870.

The president, Miss Nettie McCollum called the meeting to order. Routine business and reports were given.

Mrs. K. H. Thornton conducted a program on Iron Furniture and Furnishings. She explained that during this period a variety of articles were made from iron for use in the home, fields, gardens and stores. One big and important use of iron was in the construction of buildings. However, the terrible Chicago fire and other disasters demonstrated that heat could render iron useless for this purpose. Mrs. Thornton said that heating the homes called for many articles made of iron. She showed pictures of the earliest stoves, a well known one being the Benjamin Franklin. Pictures of fireplace equipment; and irons, screens, and other accessories were shown. Some fireplaces of the 1700's were elaborate in design.

Other well known articles were the weather vanes. Pictures of Weather Vanes were shown. An unusual one was an Indian Warrior, poised to release the arrow from his bow. This one was on the cupola of the Province House in Boston. The weather cock was used on the churches, the horse and the well remembered "half-chick" on the church steeple.

Early day radiators and some "covers" for them were discussed. The ingenuity of the American settlers in producing a variety of articles seemed endless.

Mrs. J. H. Strain told about the iron toys of this period. The circus wagons, fire engines, and trains were unusual in design. The dolls, too, of this time were most interesting in design and dress.

Mrs. Strain told about the popularity of the pocket watch for little boys. This was surely a prized possession even if they did "all point to 7:30."

The toy iron banks for children have today become quite a collector's item. The original price very likely was very small and now some are priceless.

The mechanical kind were the most unusual and the oldest also. Mrs. Strain explained how each worked, and she showed pictures of them. Two of them were the "Uncle Sam Bank," and the "Mule Kicking the Man." Later on the banks were not mechanical. They also have become collector items. Mrs. Strain had on display several of this kind. Two of them belonged to her, two were Mrs. Vaughtner's and one belonged to Mr. Thornton. Mrs. Cecil Lacey loaned four banks for display, which included a lion, an elephant, a train engine whose face (headlight) Casey Jones. A rather large one was a bust of General Pershing.

One that Mrs. Vaughtner showed belongs to her daughter, Beth. It was in the shape of a rocket, a replica of the first rocket the U. S. sent into space.

In conclusion, Mrs. Thornton, director of the program, mentioned that cast iron cooking utensils are still favorites for various purposes. Iron still holds its place in America.

Mrs. S. G. Cobb were hostesses for the afternoon.

Indian Boosters Are Ready To Go To San Angelo

A large number of fans were present Monday night for the regular meeting of the Indian Booster Club. A short business session was held with president, Leon Jones presiding.

Announcement was made that two buses are loaded and only 16 persons needed for the third bus for fans. Those riding the buses are to be at the high school parking lot at 3:45 p. m. Friday with a sack lunch.

Concerning downtown decorations, since the merchants are decorating for the Christmas season, black and gold streamers will be displayed on the flag brackets in front of the stores. Also all light poles in the downtown area have been decorated.

The members present were reminded of the pep rally at 11:15 a. m., Friday, in the high school gym. The stores will close for the rally and again at 3:00 p. m. to allow ample time for everyone to reach Bobcat Stadium before kick-off time. Also everyone is urged to be at the school parking lot at 1:15 p. m. to bid good wishes and farewell to the team as they leave for San Angelo.

Reviewing the Ozona team, Coach McAdams said this team consists of 16 seniors, plus a tremendous sophomore (Ozona's Charlie Franklin) back, Tambunga, No. 20. This young man runs a 9.9 100 and has scored 30 touchdowns this season. He averages 30 carries per game... last week against Alpine, Tambunga rushed for 208 yards. All this plus a great line, means the Haskell Indians have their work cut out for them Friday night.

Coach Everett expressed appreciation for the fine hospitality and good publicity given Haskell by the city of Abilene. He also expressed gratitude to his coaching staff for the great job, long hours and concern shown during the season, and especially in this time of play offs.

All present enjoyed the opportunity of seeing the Haskell Indians defeat the Coleman Bluecats again, if only on film. Evelyn Cobb was the recipient of the door prize, two orders of steak fingers, from Woody's.

Lueders-Avoca Pops Paint Creek

Led by Keith Henderson's three touchdowns, Lueders-Avoca polished off Paint Creek in three quarters last Thursday night, 50-0.

The game was called on the 45 point rule after Avoca scored its final TD in the third period.

Avoca obliterated Paint Creek with a 38 point barrage in the first half to close out their season at 64. Paint Creek finishes with a 37 mark.

Gene Davis scored two TD's on runs of 59 and 31 yards, the latter coming on a pass from Bryan Harvey. Harvey himself scored twice on runs of 43 and 44 yards. Rodney Burkanan got the other points on a safety.

Henderson's touchdowns all came on passes from Gene Davis.

Benjamin Bops Weinert 86-62

Benjamin and Weinert put on an explosive scoring circus last Thursday night at Weinert with Benjamin soaring to an 86-62 victory.

Shane Milson led Benjamin with 3 touchdown runs and a pair of TD passes. Donnie Roberts also contributed four TDs on the ground, while Steve Carter booted seven two point conversions.

Tommy Miller of Weinert put on quite a performance in accounting for all 62 of his team's points. Miller ran for four touchdowns, threw for five and kicked three two-point conversions while passing for a pair of one-point conversions. He had 540 yards total offense in a losing cause.

After 'em, Steve Guess! CAGE RESULTS

The Weinert girls team defeated Haskell Tuesday night, 26 to 32. Brenda Boone, 20 (Weinert), Pam Colbert, 15 (Haskell).

Knox City Hosts Special Education Program For Schools In This Area

School administrators, trustees and interested persons from schools in Paint Creek, Haskell, Rule, Rochester, Goree, Munday, Weinert, Benjamin, O'Brien and Knox City met in Knox City Thursday night for a turkey dinner and a program on the Plan A Comprehensive Special Education Program.

Miss Joan Williams of Austin, coordinator of all Plan A Schools, spoke to the group on the vital needs for progress and continued support of this remarkable and revolutionary teaching plan for individual problems that arise in children's learning habits. She stressed the Early Childhood teaching methods, and the giant steps forward in this area that have been made in just a short time.

The Haskell-Knox County Co-op is unique in that it is the only one of its kind in the program. There are only five Plan A centers in Texas and the other four are in much more thickly populated areas — El Paso, Galveston, Richardson and San Antonio. The Haskell-Knox County Co-op is also unique in that it has the cooperation of both the Abilene and Wichita Education Service Centers.

Attending the dinner and program from Haskell were Superintendent and Mrs. Hooper Wilkinson; high school principal, Bill Blakley and wife; Junior

High principal and Mrs. Hubert Bell; school board president, Dr. Frank Cadenhead and Mrs. Cadenhead; trustees and their wives, including Mr. and Mrs. Wallace Cox, Mr. and Mrs. Raymond Andrada, Mr. and Mrs. Leonard Weise and Mr. Abe Turner. Mr. and Mrs. Bill Comedy of the Haskell Free Press also attended the meeting.

James Mickler, co-ordinator, and wife, also attended.

The announcement was made at the 43rd annual Aggie Pig Roast Monday (Nov. 16) where scholarships valued at more than \$25,000 were presented.

The event is sponsored by the Tech Agricultural Council and the College of Agricultural Sciences. The primary purpose of the dinner is to recognize the outstanding students and leaders in Texas agriculture.

Cotton Classing Report

The USDA Cotton Classing Office at Munday, Texas, classed 10,472 samples during the week ending November 20, 1970. The season total reached 34,266 samples. This is approximately one-half of the total expected, according to John E. Williams, In Charge. The office continues to be about 4 days behind in classing.

There was an increase in the amount of white cotton classed with grade 31 showing the largest increase. The predominant grades and percentages were: 31 with 13%; 41 with 25%; 32 with 34%; and 42 with 22%. Staple length percentages remained almost unchanged with 2's

accounting for 28%; 30's, 48%; 31's, 10%; and 32's and longer, 15%.

Micronaire readings stayed the same with 53% miking in the premium range and 47% was 5.0 or higher. Pressley fiber strength readings remained unchanged with 92% averaging 80,000 pounds per square inch or higher.

Cotton prices were also down 25 points over what was reported last week. Producers received from 200 to 375 points above CCC loan prices for grades of 32 and lower and staple lengths less than one-inch. Some average prices for predominant grades in the premium mike range were: 32 30-19.85 cents; 42 29, 19.45 cents; and 42 30, 19.55 cents.

DEATHS, ACCIDENTS INCREASE ON TEXAS INTERSTATE SYSTEM

Traffic deaths and accidents in Texas on Interstate Highways have taken a surprising trend in recent weeks, according to the Texas Safety Association.

The safety group also noted today that traffic crashes continue to take a heavy economic toll. Traffic crashes during October cost Texas a staggering \$69 million, according to T.S.A.

The Statewide safety organization said that throughout the year a small decrease in the number of deaths and accidents on interstate highways had been recorded until the week ending Friday, November 13. At the end of that week an increase of seven per cent in the number of deaths, along with a three per cent increase in the number of accidents, was reported on the super highway system.

One contributing factor to the sudden increase in the number of deaths over last year appears to be an increase in multiple fatality collisions. During the same period last

year there were 133 accidents with 168 persons killed on the Interstate system. This year, so far, there have been a reported 137 accidents with 179 deaths.

Another means of reducing the traffic toll, according to T.S.A., is to obey all traffic laws and to "Drive Friendly."

Cotton Comments: Indians . . .

(Cont. from Page 1, Section 1) and your family and friends will be beginning Thanksgiving Day, 1970, as will ours?

It occurs to me that, along with a day set aside for "thanks" giving for our many personal blessings in this land of plenty, this is possibly the most appropriate time ever to remind ourselves that our God is our mainstay; our Country is our freedom; our Flag is our symbol of our true Thanksgiving.

The flag of our United States denotes freedom - God's own legacy to us, His people.

The poem, "1777" by Thomas E. Wicks, Sr., is perfectly worded to explain my thoughts on the flag of our beloved country.

"I am your Flag, I was born on June 14th, 1777. I am more than just cloth shaped into a design.

I am the refuge of the World's oppressed people.

I am the silent sentinel of Freedom.

I am the emblem of the greatest sovereign nation on earth.

I am the inspiration for which American Patriots gave their lives and fortunes.

I have led your sons into battle from Valley Forge to the bloody ridges of Korea.

I walk in silence with each of your Honored Dead to their final resting place beneath the "Gentle White Crosses, row upon row."

I have flown through Peace and War, Strife and Prosperity, and amidst it all I have been respected.

My Red Stripes . . . symbolize the blood spilled in defense of his glorious nation.

My White Stripes . . . signify the burning tears shed by Americans who lost their sons.

My Blue Field . . . is indicative of God's heaven under which I fly.

My Stars . . . clustered together, unify 50 States as one, for God and Country.

"Old Glory" is my nickname, and proudly I wave on high.

Honor me, respect me, defend me with your lives and your fortunes.

Never let my enemies tear me down from my lofty position, lest I never return.

Keep alight the fires of patriotism, strive earnestly for the spirit of democracy.

Worship Eternal God, and keep His commandments, and I shall remain the bulwark of peace and freedom for all mankind.

"I am your Flag."

What loyal, patriotic American could possibly burn a draft card, if he could only see the truth in these words?

What true American could march in our streets and complain that society or government owed them more than they were willing to work for?

What Christian could absorb this message and feel dissatisfied with America's place in the world without working to better it, and express unhappiness with the government leaders that we, ourselves, put into office, without supporting them with all his heart?

What man could deny that America—truly—is still a land of opportunity and freedom, and that by living by the laws of God: the laws of man are automatically respected?

Can you?

From our family to your family, we wish you a truly happy Thanksgiving Day!

Minor Injuries Reported From Downtown Crash

Mrs. Joe Larned, of Haskell, was taken to the Haskell Memorial Hospital in a Halden-McCauley ambulance, following a downtown accident last Thursday around 5:30 p. m.

The attending physician said Mrs. Larned was "just shaken-up" but was kept overnight in the hospital for observation.

The accident occurred as Mrs. Larned was attempting to park her car on the north side of the courthouse square to view the parade and pep rally, when her foot slipped off the brake and hit the gas pedal. The vehicle rammed into a West Texas Utilities pole, topping the pole onto the car.

Mrs. Larned's three-year-old son, Kendall, in the automobile with her, received a small gash on his head and a scratched and bruised leg. Considerable damage resulted to the vehicle.

Rotarians Get Annual Turkey Shoot Underway

Haskell Rotary Club members met at the City Cafe at noon, Thursday, November 19th for the regular luncheon session with vice-president, Brooks Middleton, presiding in the absence of president, Bob Herron.

A regular program was not held due to the allotted time being used for discussion of two major projects which the Rotary Club is sponsoring. A group planning session was held in regards to the annual club sponsored "Turkey Shoot" which is the major fund raising project of the local Rotary club.

The shooting gallery is managed by club members, and it was put in operation at 1:00 p. m., Saturday, Nov. 21st, with plans to keep it going until the Christmas holidays.

The general public is invited to drop by to test their marksmanship in shooting the targets for which high scores will receive dressed turkeys as a reward. A division is held each year for female marksmen and this has created a great deal more interest, plus giving the ladies the opportunity of participating in a division all by themselves.

Invocation was given by Rev. Aubrey Headstream. The song-selection was led by H. V. Woodard, and pianist Gail Barnett providing accompaniment.

Announcement was made that the club had three 100% meetings as far as attendance is concerned during the last five meeting dates.

It was also announced that

Lions And Guests View Slides Of Exotic Wildlife

George W. Litton, of Sweetwater, Wildlife Biologist, with the Parks and Wildlife Department, spoke to members of the Lions Club and guests and showed colorful slides of Exotic Wildlife at the Tuesday noon-day luncheon meeting at Felker's Restaurant dining room. Rex Felker was program chairman for the day and introduced the speaker.

"Africa does not have to trek to Africa to hunt exotic wildlife, as practically all of these animals may be found right here in the Lone Star State," Litton said.

"Hunting is now big business and many land owners have found that they can make more profit off of game than they can from other crops," the speaker said.

Guests noted were D. A. (Bill) Pevehouse, manager of the Sweetwater Facility Texas State Technical Institute, and Bob

Other than the "High Sheriff Garth Garrett."

The Haskell High School Gym was brimming full of Indian Boosters for the pep rally last Friday morning, and the rafters literally rang with cheers and salutes to the Indians. Skits, yells, and other extra-curricular activities were well received, and the large turn-out again revealed that Haskell goes all-out for its team.

This scribe left the rally a few minutes before it was concluded...and downtown not a creature was stirring...not even a mouse. They were all at the pep rally.

Another Thanksgiving is here again, so let us pause to give thanks. Sometimes we are under the impression that we do not have much for which to be thankful, and yet when we stop to enumerate the many things for which we should give thanks, then we become aware of the many, many blessings bestowed upon us the past year. We should indeed be thankful that the American way of life lives on. That we live in a country where democracy still exists; where we can express our thoughts, viewpoints and ideas, where we can worship in the way we choose and an opportunity to make a decent

living for our loved ones. We should give thanks for health, for loved ones, for friends and each of us could go on and on enumerating why we should be thankful on this Thanksgiving Day.

So, let us remember the old familiar hymn... "Count Your Blessings, Name Them One by One, Count Your Many Blessings, See What God Has Done."

The first Thanksgivings were pioneer feasts held in Virginia and Massachusetts in the early 1600's. Almost all of the variety of meat on the tables consisted of game. Able hunters among the early settlers provided it.

This November as we observe Thanksgiving, it is still possible for Americans to go out and take with their guns nearly every species of game that graced the original Thanksgiving menus.

Forests have been cut away, hillsides eroded, waterways changed and polluted, but Americans in most sections of our country still enjoy good hunting and the fruits of the chase.

For this, and for the whole basis of the present campaign against air and water pollution in general, we can thank a few pioneers of the present century — the early conservationists who turned the tide of extermination and saved our game from extinction.

Almost to a man, these giants of conservation who led the way for the millions today were hunters. Notable among them was President Theodore Roosevelt, both an ardent hunter and a dedicated conservationist.

Virtually unnoticed until lately, the relatively small bands of devoted men not only preserve much of the wildlife of America...they increased and expanded it. It has been said that there may be more deer in the U. S. now than when the first white settlers arrived. Pheasants and other game breeds have been introduced. Wildlife sanctuaries and broad refuges have been established. The National Wildlife Refuge System embraces 28.5 million acres.

True, the passenger pigeons that once darkened unpolluted blue skies, have been hunted out of existence. The buffalo that blackened the prairies are but a tiny remnant of the awesome thundering herds. But market hunters and commercial exploiters, not sportsmen, accounted for their extinction. To blame it loosely on "hunters", implying sportsmen, as we do, beclouds the truth.

The National Wildlife Federation, the Izaak Walton League and many statewide and local organizations have fought that good fight for decades to preserve not merely game but all forms of creature life... fish, birds, and larger mammals and their habitats. The National Rifle Association

tion of America, a recognized partner of long standing in the conservation field, is proud to be associated with these efforts. The NRA has spoken out through the years in behalf of conservation. Its representatives have appeared by invitation at Congressional hearings, supporting conservation bills.

The spiritual ingredients of the first Thanksgivings were based on the Bible, the firearm and the American dream.

As we sit down to our Thanksgiving dinner this year, we are conscious of the fact that we still have much to learn from the Book and that in our savage world the gun is still necessary to safeguard our way of life that the dream has not been fully realized. But the basic elements of Thanksgiving are just as necessary and just as valid today as they were on the first Thanksgiving Day.

THANKSGIVING DAY 1970

This is a time when it seems that most human energies are devoted to kicking or complaining. It is therefore doubly satisfying to welcome, once again, that good old traditional holiday...

It is well to remember that North America in the early 1600's was not the United States, and the people who came here then knew only that they were in a hostile wilderness. With this same historical experience, our Canadian neighbors to the north also observe Thanksgiving Day...

Many of the complainers hold these things in low esteem, perhaps because they take them for granted or are too poor in spirit to appreciate them. Thanksgiving, however, is a day that helps to enrich the lives of everyone...

A&M, Texas To Dedicate Game To Prisoners of War

Two arch football rivals, the University of Texas and Texas A&M University, have united in dedicating their traditional Thanksgiving Day gridiron clash in Austin Thursday to Americans who are prisoners of war or missing in action in Southeast Asia.

At least 25 graduates and former students of the two universities are among the 1,500-plus American servicemen who are missing in action. Some 430 of the 1,500 are known to be prisoners.

PAINT CREEK NEWS

By Mrs. Gene Overton

I guess if one were coloring Paint Creek this morning, one would color it blue—with cold. Our thermometer registered 16 when we looked at six this morning. It is a dry freeze, so that will finish any gardens or anything that can't live after being frozen.

Little Linda Fischer returned home from Hendrick's Hospital in Abilene last Friday. She had her tonsils removed Wednesday. Linda is the daughter of Mr. and Mrs. Gene Fischer. She has had to miss a day or two of school every few weeks when she had colds and tonsillitis, so now she will be healthy.

Bruce and Marie McCain were in New Braunfels over the weekend meeting their new little grandson. Mr. and Mrs. Charles McCain are the parents of a baby boy. Everybody is most pleased about the boy. Charles is the only boy in his generation in the McCain family, and now this little fellow will carry on the McCain name.

Dub Harrison who returned from Vietnam last Sunday, spent Monday morning with Wallar and the Gene Overtons. Dub was stationed at a fire base on the Cambodian border during his year's tour. Dub is the son of Mr. and Mrs. Bland Harrison of Stamford.

Little Eric Richards, one of the twin sons of Mr. and Mrs. Derrill Richards, underwent surgery for a hernia repair in Hendrick's Memorial Hospital last week. He was brought home Saturday, and is doing fine.

Mr. and Mrs. Boyd Cathey of Grand Prairie spent last weekend at their farm home. They are having some improvements made on their pasture and their stock tanks.

Danny Isbell of Hardin-Simmons University spent the weekend at home with his parents, Mr. and Mrs. Allen Isbell. Superintendent Bill Gibbs was in Iraan Monday where he served as a pallbearer for the funeral of Bill King.

Wallar Overton attended the Executive Board meeting of the Chisholm Trail Council, Boy Scouts of America at the Nib Shaw Scout Center in Abilene last Tuesday. Dr. Bill Kemp, Abe Turner of Haskell and Burr Kussel of Stamford also attended.

There is much to be thankful for this Thanksgiving of 1970. Our community has had many blessings this year, and we are all lucky to be able to live in the country and farm God's good earth.

Savings Bonds Make Perfect Christmas Gifts

"This year, U. S. Savings Bonds make better-than-ever Christmas gifts," Rex Brack, Texas Chairman for the Treasury's Savings Bond Program, said. "The interest rate is higher than ever, and the popular E Bonds has a shorter-than-ever maturity period."

The recently announced half-percent bonus brings the effective rate of interest on Bonds bought today to 5½ percent if held to maturity... and E Bonds now mature in only 5 years, 10 months.

There are other reasons for buying Savings Bonds as gifts, Brack pointed out. "You don't have to worry about style, size, shape or color. And they're priced to fit almost any pocketbook. They're indestructible... if lost, stolen, mutilated, or destroyed, the Treasury will replace them free of charge. They're patriotic, too."

"It's easy to buy Bonds. Your bank has them available in denominations ranging from \$25.00 to \$1,000. And you have a choice of four colorful and free gift envelopes."

"While Savings Bonds are especially appropriate at Christmas time, they are ideal gifts for almost any occasion," Brack added. "For birthdays, new babies, anniversaries, graduations, weddings you name it Savings Bonds are the gift that keeps on giving."

CRUISING MEDITERRANEAN

Steve Zingerman of the U. S. Navy is cruising the Mediterranean Sea. For a while he was in Spain and also France. He wrote his parents, Mr. and Mrs. Roger Zingerman of Austin that Spain was a very pretty country... especially the Spanish girls are very nice.

Steve is the grandson of Mrs. Eula Therwanger and has visited Haskell a number of times. He will be back in the States next March.

JEHOVAH'S WITNESSES BACK FROM MEETING

Hundreds of Jehovah's Witnesses met in Lubbock last weekend and heard L. M. Dugan, District minister from the world headquarters of the Witnesses, answer the question, "Who Will Conquer the World in the 1970's?"

Over 800 met in the Fair Park Coliseum and heard Dugan state, "Regardless of our occupation, whether we are a carpenter, a housewife, or a school child, we are facing death because of the issue of world conquest in 1970's."

Jehovah's Witnesses from this area who were in attendance included Mr. and Mrs. James Simpson and sons, Steve and Phill; Mrs. Ray Ellis and sons, Brian and Danny; Mrs. Brenda Stuart and son, Rusty.

Promising a peaceful future, Dugan stated that shortly, Christ's forces will conquer the world in a physical way. That conquest will bring everlasting good, peace, happiness and eternal life.
