Tax Free Dollars

Your neighbor carelessly backs his car into your fence, causing \$200 worth of damage. Acknowledging his fault. he hands you a check for \$200. Do you have to pay income tax on this amount?

No, because it is not really 'income" at all. The money merely makes you "come out even.'

Now, suppose he refuses to pay and you have to sue him for the money. Then, too, if you win the \$200, it is tax free. Again, it simply makes you come out even. This principle has wide appli-

cation, notably in personal injury cases. Accident victims sometimes win verdicts involving large sums of money. To the extent that the money is compensation for their injuries, it is not subject to income tax. In fact, the injury need not

even be physical at all. In one case, a man won \$100,000 for defamation of character. The government tried to collect income tax on this sum, but a court ruled that is was not taxable. The court said the purpose of the money was just to "make the plaintiff whole." And in another case, the money that a girl won in a

breach of promise suit was likewise held not taxable, since it was compensating her only for the harm she had suffered.

However a verdict may also include "punitive" damages, im-

It's pretty exhausting to have two big brothers that excel in everything!

Of course, there are advantages. Like the time a bully beat me up-my brothers followed me to school for two weeks. They wouldn't have fought him, but he didn't know that. Every night they worked out with me. Finally, I took him on and won.

My brothers are first-rate in everything-studies and athletics. There's nothing wishy-washy about them. -if they don't think something's right they say so. When there was a "walk-out" at school, they squashed it, practically single-handed.

Because our parents have always taken us to church and taught us God's way, my brothers are strong-principled and good. I aim to be like them.

Your church is a training ground for integrity!

THE CHURCH FOR ALL . ALL FOR THE CHURCH The Church is the greatest ctor on earth for the building character and good citizen-

ship. It is a storehouse of spiritual values. Without a strong Church, neither democ-racy nor civilization can sur-vive. There are four sound

reasons why every person should attend services regu-larly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his sake. (4) For the sake of his

community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go su church regularly and read your whole daily.
