# THE JAYTON CHRONICLE

Vol. 47 -- Number 14

Entered As Second Class

JAYTON, KENT COUNTY, TEXAS 79528

\$4.00 PER YEAR

Friday, September 2, 1970

## County Bond Election Divided Into Two Issues

Kent Countians will notice in this week's paper a legal notice about the bond issue coming up for vote here on Sept. 22nd. Actually it will be two different issues.

One calls for bonds of \$100,000 for library and community center. Another calls for \$75,000 for parks, etc. They are in two issues, and may be voted separately. In other words if a voter favors the parks and not the library, he can vote for parks and against the library. Or, if a voter favors the library and not the parks, then he

can vote for the library and against the parks. This seems very fair, and will let the voters decide what they want.

It is the understanding of the Chronicle that these issues can be both paid for out of present taxable funds, and will not require a raise in the tax rate, if favored by Kent County voters.

The Chronicle will carry more on this in a later issue of the paper.

Voters may now vote absentee at the office of the County Clerk.

## Meeting Is Set On Line Stock Feeding

A livestock feeding meeting will be held on Wednesday afternoon, September 9th, at 4:30 P. M. in the County Courtroom of the Kent County Courthouse, states County Agent Mark A. Geerlin.

Mr. U. D. Thompson, Extension Service Animal Husbandman, will discuss rations for cattle, feeding for shows, and requirements for producing a desirable carcass.

Mr. Thompson has been a livestock feeding specialist with the Texas A & M staff since 1948. His primary work is with beef cattle nutrition. He spent two years as a beef cattle specialist in Brazil.

Thompson is well-known among livestock people in Texas and has published many publications on beef cattle subjects.

Livestock producers, beef feeders, and 4-H Club members are invited to attend the meeting at Jayton on Wednesday afternoon, September 9th, at 4:30 P. M.

### CALIF. VISITORS

Mr. and Mrs. J. L. Smith of Fremont, California spent last week at Jayton visiting her parents, the Morelands; they also visited her brother, R. A., Jr. at Lubbock.

### WEEKEND IN STRATFORD

Mr. and Mrs. Ray Smith and Robert Bybee spent the weekend in Stratford with Mr. and Mrs. William Smith.

situation, the county agent notes that creep feeding might offer better possibilities than in the normal years. Stockmen interested in more information on the subject are invited to contact Geerlin's office for a copy of B-792, "Creep Feeding Beef Calves."

The youngest cowboy during the summer was Ray Chisum, son of Mr. and Mrs. Zanny Roy Chisum. Ray is three years old and although he bent the pattern in some events, he never faltered nor failed to try.

## Play Night Ends Roping Club Activities

Everyone from 3 to 93 enjoyed the activities at the Kent County Roping Club during the summer months. Crowds turned out to talk, watch, and visit every Saturday night at 8:00.

The lights flashed on and the dirt boiled up, while horses and cars milled around causing excitement stirring in the air. Every person who owned a horse or could ride a bull put on their rigging and began the activities for the Kent County Playnight. Being about the only "happening" in Jayton on Saturday night throughout the summer, people turned out and supported the contestants in each event.

Every person entering an event automatically added two points to their favor each night, while first place winner in each event won 10 points, second place 7 points and third place 5 points. Using this point system, each person continued to add points to their total. When the tally was completed there were six trophy winners and one second place prize, a pair of spurs contributed by Chuck's Swap Shop.

Howard Goswick was responsible for making the Playnight possible by donating the use of his calves for roping purposes, and Bill Hale of Spur furnished the bucking stock.

Of the many people that supported the club, there were two couples that to everyone's knowledge never missed a night, counting Tuesday, Thursday and Saturday night of every week. These people were Mr. and Mrs. Sam Johnson and Mr. and Mrs. Bill Daniels. Members of the club always looked to be sure these two couples were there.

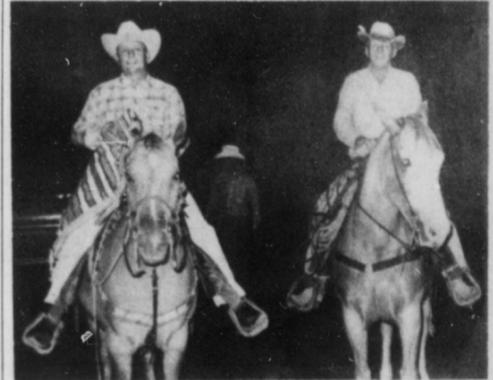

Domie Carriker served the club as President with Guy Arney as treasurer. Many of the members worked hard to make the Playnight a big success. Bobbie Don Smith worked before almost every show, watering the arena to settle the dust. Eddwin Kyle worked as arena director and was responsible for the show running smooth and fast. Mark Geerlin, Bill Vencil and Sterling Fudge worked as announcer and timekeepers. This is one of the most important jobs because of the close race for points. Teresa Kyle registered the contestants and recorded the time and

Mark Geeslin, Teresa Kyle, Sterling Fudge and Bill Vencil were the occupants of the announcers stand, busy announcing, keeping time, and totaling points for each contestant. These men along with Bill McMeans were presented

appreciation plaques for their contributing work this summer, and Teresa Kyle was given a \$25.00 gift certificate from McAteer's Dept. Store which was credited to a new pair of boots.

See Play Night, page 3.

Howard Goswick and Bill Hale were responsible for furnishing the calves and bucking stock for the Playnight. The members of the club presented these men with gifts to show their appreciation of the

hard work they have done. Howard Goswick was given a genuine Navajo saddle blanket and a pocket knife while Bill Hale was given a complete bridle for his horse.

points for each person. There were six main events every Saturday night, bull riding, calf roping, ribbon roping, pole bending, flag racing, and barrel racing. As the summer progressed, steer roping was added to the list with a special each week

with Jim Roby, from White Camp, bull dogging a steer. A rescue race was thrown in for the wild adventurous people of the crowd, usually not won by Wood Byrd and Eddwin Kyle.

The kiddies of the audience

Mr. and Mrs. Sam Johnson and Mr. and Mrs. Bill Daniels were presented awards for always supporting the Roping Club. A night never went by throughout the summer that these two couples were not there to watch and spur the boys on.

## The Bennett - Arnold Wedding

Belinda Bennett and Randy Arnold exchanged wedding vows in the First Baptist Church in Jayton on Aug. 15, 1970 with Rev. Tommy Ewing officiating.

The couple were wed beneath a candle-lit arch of pink gladioli and rose carnations. The bride was given in marriage by her father, Aaron Bennett. She wore an imported gown of silk organza and alencon lace with a chapel length train. The gown and train were trimmed with appliqued lace and pearls. The veil was caught with a crown of pearls. The bride's

bouquet was pink sweetheart roses with pink orchids.

Bridesmaids were Linda McAteer and sister of the bride, Marilyn Bennett. They wore pink, pleated chiffon evening pants trimmed with pearls and sequins and carried rose carnations on white satin hearts.

Bill Dunaway and Max White, both of Spur, served as groomsmen.

Guests were seated by ushers, Dennis Lehew and Phil Kelley. Mrs. Cindy White registered guests.

Belinda was a 1969 grad-

Carlett Kyle previously from Alaska was first place winner in the barrel race with

56 points and Shelia Chisum won the trophy in the Flag Race with 55 points.

Bill Hale, Spur, was winner of the Ribbon Roping trophy with 61 points and Marsanette Hale was winner of the Pole

Bending trophy with 48 points, closely followed by Bobbie Don Smith with 47 points.

## Co. Reprecincting Order Effective Next Jan. 1st

The re-precincting order, passed last week by the Kent County Commissioner's Court, has the county pretty evenly divided in four precincts. No. 2 had 225 voters registered, which was just about right. Since new lines were drawn, the others are all within a few votes of this mark.

At present the City of Jayton is just about evenly divided among Precincts No. 1, No. 3, and No. 4. Also each of these three precincts has about the same number of rural votes. Precinct No. 2 has about an equal division of

votes in the town of Girard, and rural votes. This should be as equal as it could have been arranged.

Almost all of the shuffling was in the city of Jayton. The only other move made, was to take Jimmy Byrd out of No. 1 and put him in No. 3.

Printed elsewhere in the paper is a map of the way the lines are now drawn within the City of Jayton.

But people should remember these new lines do not become effective until Jan. 1, 1971. Up until that time, everything remains just like it has been. Don't forget this.

## Increased Profits Goal Of All Feeding Projects

Creep feeding is a management tool in the production of calves that depends on the judgement of the individual cattleman for its success, says County Agent Geerlin.

The ultimate goal is to increase profit. In most tests run on creep feeding, figures are on the wrong side of the profit ledger for calves on good pasture. Increased value of feeder calves is seldom enough to pay for the additional feed and labor.

uate of Jayton High School and attended Texas Tech University in Lubbock. Randy was a 1969 graduate of Spur High School and attended South Plains Jr. College in Levelland.

The couple will be at home in Lubbock after a honeymoon in Ruidosa, N. M.

Performance testing shows that the average creep-fed calf gains one-tenth of a pound more per day than his non-creep-fed counterpart. This amounts to 25 pounds at weaning. However, if put-on cost is greater than the sale price, profits are lost.

The county agent notes that creep feeding varies widely from farm to farm. If profits are to be gained, the herd manager must pay close attention to several factors.

Feeders should be placed where the herd congregates, such as near water or shade. A ready supply of clean, fresh, inexpensive feed is a must at all times. Winter creep-fed calves will probably need a ration containing 14 to 15 percent protein. In summer on pasture, a protein content of 12 percent is sufficient.

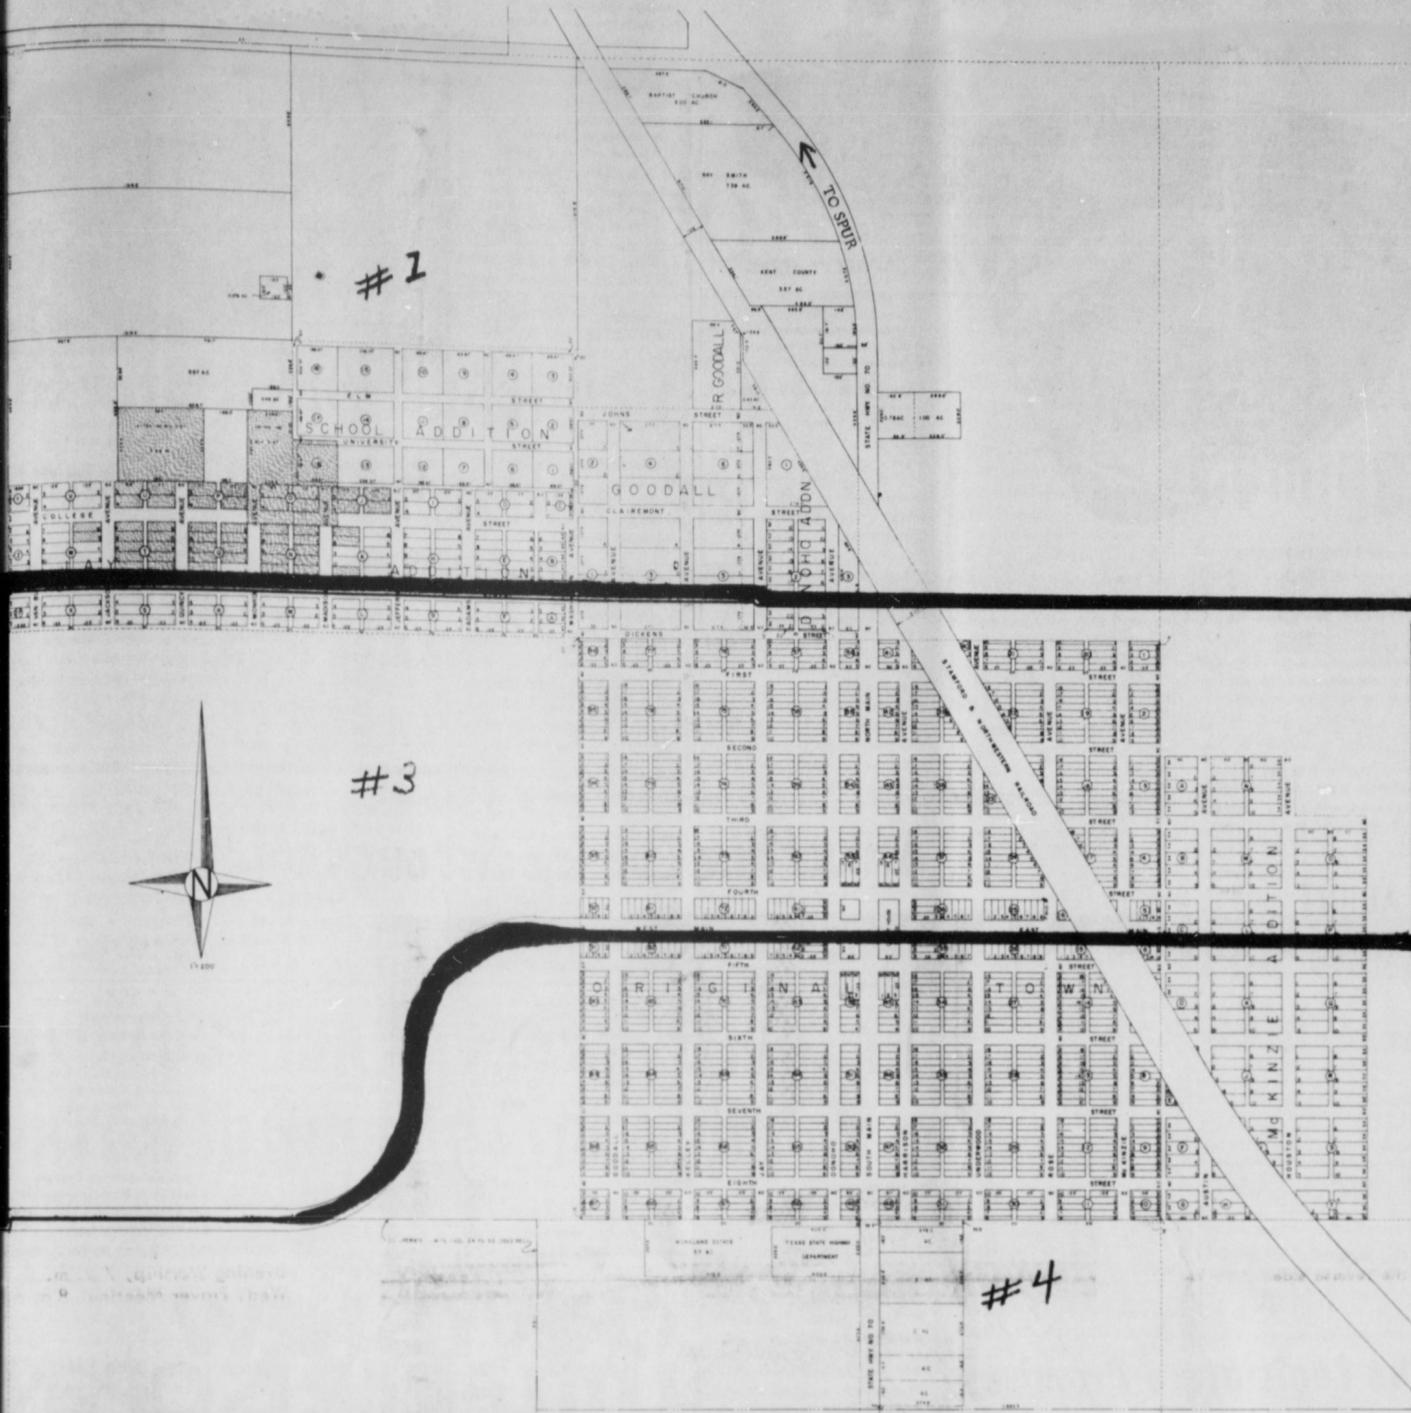

In view of the present

Calf roping was won by Jim Roby from White Camp with 53 points. Ricky Clark from the O-O Ranch won the Bull Riding trophy with Steve

Owens, Jayton, in second place winning a pair of spurs donated by Chucks Swap Shop. Joe Bill Phillips served as judge for the bull riding.

visited in Amarillo with sister and family last Friday night Saturday.

Mr. and Mrs. Raymond Hooper were in Hamlin last Thursday and at the Hospital for Mrs. Hooper a medical check-up, on the way home they stopped by the Aspermont hospital for a visit with M. A. Darden who is a patient there.

Gerry McCrary, minister of the local Church of Christ for the past year or more has resigned as Minister here and he and his family will be leaving soon. They are in New Mexico this week.

Mr. and Mrs. Abe Martin of Aspermont will be moving to Girard soon. Mr. Martin has been employed as Minister for the Girard Church of Christ. We welcome the Martins to Girard.

Whats going on? See in the Chronicle where a Bond issue for \$175,000 is to be voted on for Library, Community Center and Library and not to exceed \$100,000. Two different petitions and all in the same County seems to be a way out of line. Even though I signed the petition in Girard favoring the calling of a election its a dead cinch I won't

vote to saddle the people with a \$175,000 Bond indebtedness. A group of tax payers met with the Court some time ago and we were told that there was money to build a Library with out a Bond election, something over \$40,000, and now somebody wants a \$175,000 deal. I am still of the opinion that a Library in the basement of the Court house could be set up with a elevator for senior citizens who are unable to climb or walk down in the basement for less than \$40,000. Yep, we need a 175,000 Bond issue like we need a hole in our head.

## Girard Potshots

Ollie Bural reminded us that I wasn't quite through if I was going to write about all the Dray Lines that Girard once had. Yep, he is right, there was Ike Tylers Dray Wagon back in the Roaring Twenties. And Ike also got to be Constable and some of the boys who are now beginning to get gray around the ears gave like the works came Saturday night. Two drug stores did a land office business in those days, namely the Glenn Huls Drug and the Edwin Moody Drug Store. And at one time Mr. and Mrs. Ross Green operated a drug store here.

One of the early day barbers here was Kinch Paris, who operated a barbershop between the hotel and depot. Uncle Kinch played the fiddle and another barber who worked for him picked the guitar and when they caught with the shaves and hair cuts on Saturday all the folks would gather around while the two barbers hit up the old tunes--such as "Hell Among the Yearlings," "Wagoner" and "Missouri Waltz."

Yep, that was some of the "good old days" in Girard.

Met up with Dee Sumerlin last Monday in the waiting room of the Rotan hospital. Dee has been around many moons. For many years, a breeder of fine horses in the Rotan country. And he raced his horses for years on the "Brush Tracks" of Texas. It hurts to see old friends wear out.

M. A. Darden, early day merchant of Girard is still in

the hospital in Aspermont at this writing. Uncle Matt, as he is known by old friends--has been around 93 summers.

Word came last Tuesday that R. W. (Earl) Darden of De Leon was in a car wreck between Eastland and De Leon Tuesday and was in an Eastland hospital. He is a former resident of this community, many years ago. His daughter, Mrs. Jake Simmons lives in Girard; also a brother here M. A. Darden.

Mrs. Jake Simmons drove Mr. and Mrs. Morris Yandell to the Rotan Hospital last Wednesday after Mrs. Yandell became quite ill.

Mrs. Clifford Scott was a visitor in the home of Mrs. George Darden last Wednesday.

At the last meeting of the Kent-Dickens Fair before the Fair in September the Community Center was a packed house of Fair minded citizens, last Thursday night. Getting all the details worked out for the best Fair ever which will be held on the 17th, 18th and 19th of September.

A Cleanup Day has been set for Sept. 3rd on the Fair grounds and buildings in Girard. Bring your rakes, hoes, and hunch on that day. Please.

Mrs. Olen Chaney of Jayton will have the concession rights for soda pops, hamburgers at the Fair. Other concessions will be let for snow cones, cotton candy and etc. If interested, contact the

scribe.

Moody Galbreath, former school supt. in Girard was a pleasant visitor in our home last Wednesday, while here he handed us "four bucks" for another years subscription for the Jayton Chronicle. Thanks Moddy.

Mr. and Mrs. Shorty Clark and children from Lubbock visited over the weekend in the home of his parents, The Alton Clarks.

Mrs. George Darden under went surgery in the Rotan hospital last Monday Aug. 31st. Her sister, Mrs. Sim Reeves from Ft. Stockton is with her. Mrs. Darden will be in the hospital for a week or ten days.

Mr. and Mrs. Jess Brooks spent last week and with daughter and family in Midland.

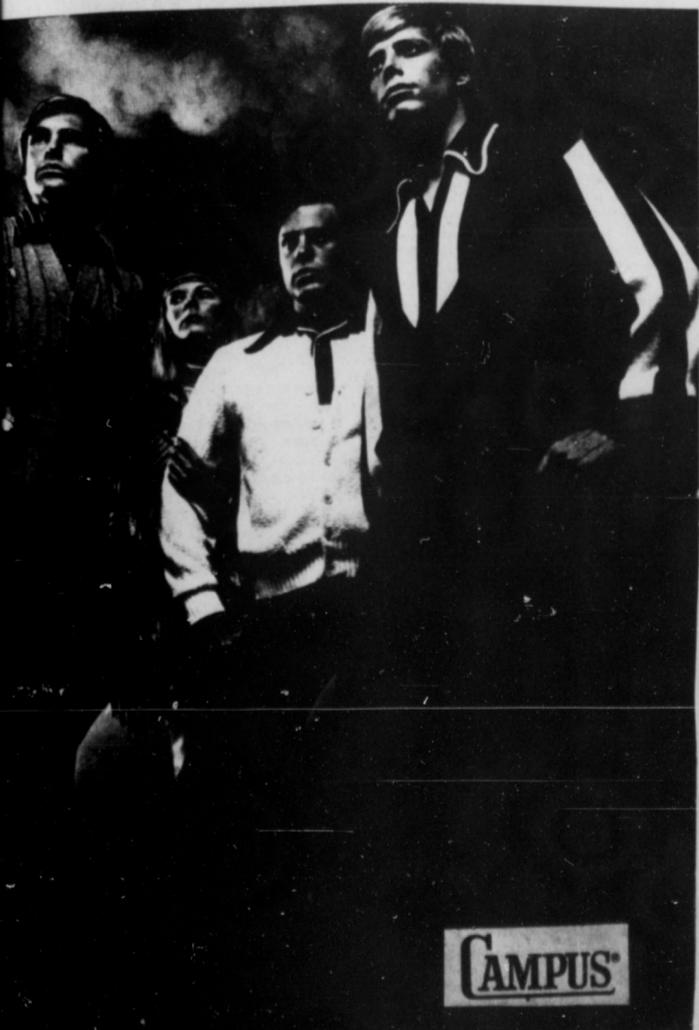

Gin hands have been busy the past week getting the Cotton Gin ready for the Fall Crop.

If you would like to advertise the Kent-Dickens Fair, the County Agent or some other official of the Fair will be happy to furnish Car Stickers, and they are RED.

Mr. and Mrs. Walter Brooks drove Mrs. Tom Bailey to Big Springs last Thursday for a visit with Dick Spear, Mrs. Bailey's nephew who is a patient in a Big Spring hospital.

Mrs. Carlos Dickerson is spending a part of this week in Lubbock with a daughter and family and two sons.

Mrs. Tom Cooper of Spur

### This Week In Jayton

Recently the Congress voted down a measure to eliminate the draft, raise salaries, and operate a paid army. I read many editorials, praising the Congress for not passing the bill, but it seemed to me to be a very good thing. Perhaps there are things to be considered that I never thought about, such as the quality of men this would draw. But, it would serve two purposes. There are a lot of young men that if the salary was high enough, they would just as soon be part of a standing army as not.

Then, this would open the field for others to go on with a normal life, and not have to work around the draft. As it is, young men can make no plans of their own because of plans the military may have for them.

People of Lubbock are now proving that they have been operating a double-standard school.

Dunbar school, all down through the years, has been a school for black children. In recent years, the claim has been made that it has had equal facilities in every way, and that it has been just as good school as any of the others. School officials, and the people of Lubbock have told everyone concerned that this is a fact, the HEW people have not believed this. And now, the people of Lubbock have given proof, even unwittingly, that HEW has been right all along.

When Judge Woodard, recently changed boundary lines and made Dunbar an integrated school, you should have heard the howl. Why are you howling? Of course, you consider Dunbar an inferior school to the one where their children have been attending.

One of the cries in educational circles now is the bilingual teachers for the lower grades. I am not as impressed with the importance of this as some seem to be.

A few weeks ago I was driving in the Stamford area about midnight and stopped on the side of the highway to help a family having car trouble. They were of Spanish descent. In the group was a little boy about three years of age. One thing for sure, he will not need a bilingual teacher. He almost talked my leg off--in as plain English as you ever heard.

### PLAY NIGHT..... from page 1

were not left out as calf scrambles were held and one of the luckiest, fastest running 12 year olds or under would win a dollar.

Everyone was sorry to see the Playnight end, however plans are already in progress for next summer and now interest is stirred.

The members of the Kent County Roping Club would like to thank every person who attended the activities and helped make this summer a big success. We hope to see you again next year along with many new and interesting people.

### BIRD TRACKS

The first assembly was had for the 1970-71 Jaybird Year last Thursday in the high school auditorium.

Principal Ralph Newton discussed projects for the coming year. The student council is taking a survey of the ten best liked meals from our school cafeteria.

Thursday night there will be a scrimmage held here between Ira and Benjamin. Friday night the fighting Jaybird football team has a scrimmage here with Floydada Junior Varsity. Ours will start at 8:00.

Last Friday night there was a big crowd available to see our scrimmage with Turkey, there. Our boys looked like they were going to shape into a fine team for this football season.

Now for the latest gossip: Mrs. Nauert, don't you know that school silverware doesn't belong in the trash can?

"Why doesn't someone tell Keith Lovett to keep his fingers out of the holes in the desk in the science lab?"

Arthur (Loverboy) Johnston is up to his usual tricks.

Larry Taylor is trying to make new connections behind the stereo in the library.

We're in the second week of school and only one "steady-duo" in sight. "Hey, what's the matter?"

The two new freshmen girls are causing quite a sensation around school. "Just because their fathers are both coaches, don't let it scare you, boys."

"Bill Paris, you didn't know that your I. Q. was a requirement for son-in-law, did you?"

Two Aries are great together!!!

"Jim Phillips, what do you think is the most strenuous, intense workout or speech I?"

"Coach Land are you having trouble in your study hall, with a certain table?"

Attention: All Freshmen, you'll get along better if you'll stay on your feet in the hall.

"Who's having a love affair with her hair brush in PE Class?"

Mrs. Jack Myers and Mrs. Bill Myers of Jayton visited with Mr. and Mrs. Porter Myers of Post.

IN GERMANY Mrs. L. O. Mayer is in Germany for a while.

VISITED IN HOUSTON Mr. and Mrs. John H. Mayer and children spent a few days in Houston and visited places of interest.

IN HOSPITAL Mrs. O. C. Lowrance is in Calian Hospital in Rotan.

VISIT IN HOSPITAL Mrs. Ray Smith and Mrs. Travis Smith visited Mrs. O. C. Lowrance in Rotan, Monday.

VISITORS FROM ODESSA Mrs. Oleta York has visitors from Odessa this weekend.

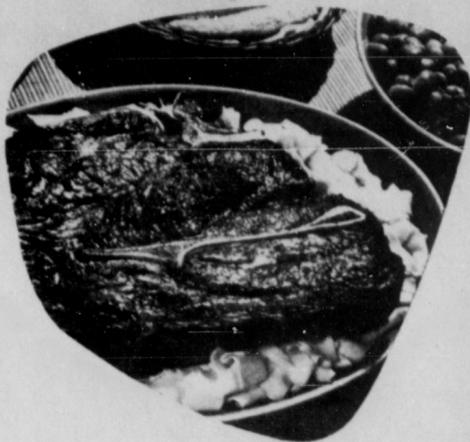

HAS SURGERY Mrs. George Darden of Girard had surgery Monday in the Rotan hospital.

ATTENDS BALL GAME IN HOUSTON Mr. and Mrs. J. D. Patterson spent the week end in Houston and attended the ball game while there.

VISITED IN DALLAS Mrs. Faye Alexander and Mickey visited in Dallas with her mother, Mrs. Cade.

Mrs. Ray Smith and Mrs. Rayburn Fitts visited Mrs. Clyde Trammell in Aspermont Tuesday.

### From The Recipe File Of Opal Richards

#### STUFFED FLANK STEAK

- 1 flank steak
- Salt, Pepper, Flour
- 4 cups bread cubes
- 2 small onions, chopped
- ¾ cup chopped celery
- 1½ teaspoons sage
- 3 tablespoons butter

Have flank steak scored lightly crosswise. Sprinkle with salt and pepper, dredge with flour and pound well with potato masher. Combine bread cubes, onions, celery, sage and butter. Moisten with water and season with salt and pepper. Spread stuffing over

flank steak, roll meat and tie or fasten edge with toothpicks. Brown in fat, add about ½ cup water, cover pan and cook in moderate oven (350°F.) about 1½ hours or until tender. Baste meat occasionally. Serves 6.

**FLANK STEAK FILLETS**—Roll steak around strips of salt pork, skewer, cut into slices. Brown in hot fat. Braise with tomatoes, onion and green pepper.

*For the budgeteer, flank steak is ideal when stuffed and rolled, tied in tufts to make a turtle or cut in strips for skewered filets*

### ABOUT YOUR HOME

Where to store the family sports equipment is an annoying question that arises seasonally in almost every home.

In many homes there isn't a convenient special place for materials such as the children's hats, balls, roller skates, tennis rackets and Dad's golf clubs and soft-ball paraphernalia.

If there is no such storage in the home, why not plan now to build one? Many handymen can complete such a project over the weekend.

Choose a spot in the rear of the house, in the basement, a corner under the basement stairs, or in the garage. The

materials used need not be fine or expensive. In sections of the country where the climate is damp, it would be wise to include some kind of insulating board which will help keep dampness from reaching the equipment. Have ample shelves and hooks for hanging the equipment.

A special room for storing sports equipment will not only enable the members of the family to lay their hands on a particular piece of equipment quickly, but it will also teach children habits of neatness, responsibility and the right care of property.

### The Legislature Promises Aid To Small Hospitals

AUSTIN Speaker G. F. (Gus) Mutscher has made good his promise to appoint a Texas Health Care Committee to work with local citizens, federal administrators and the Congress to try to head off a medical crisis which threatens to close some 170 Texas hospitals.

"Present problems in handling the medicare program, especially in regard to hospitals and hospital care, are placing a tremendous burden on local facilities. The retroactive denial method of denying payments for services rendered is alarming hospital administrators throughout the state," Mutscher said.

"The Federal Government should find some better method of handling these problems than is used by the present administration. The very thought of the possibility of closing 170 hospitals is diametrically opposed to my plan of greater health services for the people which I presented to the Legis-

lature in January, 1969." "I am particularly concerned about this problem as it relates to the small towns and communities, for without health services, hospitals and medical facilities our rural communities cannot prosper and grow," Mutscher emphasized.

"Five outstanding laymen and five House Members, all vitally interested in the work of this committee, have enthusiastically agreed to serve on this committee. Representative R. H. (Dick) Cory of Victory will be chairman of the Committee," Mutscher said.

Other House members are Representatives Richard G. Slack of Pecos, Dick Reed of Dallas, Raul L. Longoria of Pharr and Dave Allred of Wichita Falls. Other committee members will be Land D. Wall of Lubbock, Dr. Delbert H. Stark of Brenham, Dr. Donald F. McKay of Houston, Taylor H. Jobe of Gladewater and Danny Barfield of E. Dorado.

#### DIVINITY ICING

- 1½ cups sugar
- 6 tablespoons water
- ½ teaspoon cream of tartar
- 2 egg whites, stiffly beaten
- 1 teaspoon vanilla

Combine sugar, water and cream of tartar. Cook sirup (without stirring) to 238°F. or until a small amount forms a soft ball when dropped into cold water. Pour ½ of the sirup in a fine stream over stiffly beaten egg whites while beating constantly. Cook remainder of sirup to 248°F. or until a small amount forms a firm ball when dropped into cold water. Remove from heat and pour ½ of the remaining sirup in a fine stream into the mixture while beating constantly. Cook remaining sirup to 268°F. or the hard-ball stage. Remove from heat and pour the last of the sirup in a fine stream into the icing, beating thoroughly. Add flavoring and beat mixture until thick enough to spread. Will cover tops and sides of 2 (9-inch) layers.

#### BANANA FROSTING

- ½ cup mashed banana (1 large banana)
- ½ teaspoon lemon juice
- ¼ cup butter
- 1 pound (3½ cups) confectioners' sugar, sifted

Mix banana and lemon juice together. Cream butter with 1 cup sugar, then add banana and enough of remaining sugar to make mixture thick enough to spread. Will cover tops and sides of 2 (8-inch) layers.

#### SEVEN-MINUTE ICING

- 1½ cups sugar
- ½ cup water
- 2 egg whites
- ¼ teaspoon cream of tartar
- ¼ teaspoon salt
- 1 teaspoon vanilla

Combine all ingredients, except vanilla in top of double boiler. Beat with a rotary beater until thoroughly mixed. Place over rapidly boiling water and beat constantly for 7 to 10 minutes or until icing will hold a peak. Remove from heat and add vanilla. Beat until cool and thick enough to spread. Will cover tops and sides of 2 (9-inch) layers. Omit cream of tartar and use 1½ teaspoons corn sirup.

**MARSHMALLOW**—Add 1½ (½ pound) marshmallows, cut into quarters, to hot cooked icing; beating until smooth.

**ORANGE MARSHMALLOW**—Use grated orange rind instead of vanilla in Marshmallow Seven-minute Icing.

#### On Pain of Perjury

Cutting off the tongue is no longer considered, as it once was, a proper punishment for perjury. Nevertheless, the law still considers perjury a serious offense indeed. The obligation to tell the truth under oath is a vital cog in the machinery of justice.

In fact, a person may be guilty of perjury even when he does tell the truth—if he does not know it was the truth. For example: A witness in a homicide case swore that the defendant had not been present at the scene of the shooting. Later, the witness ad-

mitted that he himself had not been there either. Charged with perjury he acknowledged that he had faked his story.

"But as it turned out," he told the court, "the story happened to be true after all. The defendant really had not been present, just as I said."

Yet the court found him guilty of perjury. Even though he had

VISITS IN ANSON Mrs. Travis Smith visited in Anson with Mr. and Mrs. Kirby Clayton.

#### BANANA LAYER CAKE

- 2¼ cups sifted cake flour
- 2½ teaspoons baking powder
- ½ teaspoon baking soda
- ½ teaspoon salt
- ½ cup shortening
- 1 cup sugar
- 2 eggs
- 1 teaspoon vanilla
- 1 cup mashed ripe bananas
- ½ cup sour milk or buttermilk

Sift flour, baking powder, soda and salt together. Cream shortening with sugar until fluffy. Add eggs, one at a time, beating thoroughly after each is added. Stir in vanilla. Combine bananas and milk. Add sifted dry ingredients and milk mixture alternately in small amounts, beating thoroughly after each addition. Pour into greased pans and bake in moderate oven (375°F.) 25 to 30 minutes. Spread Seven-minute Icing between layers and on top and sides of cake. Makes 2 (9-inch) layers.

Omit icing. Put layers together with whipped cream and sliced bananas. Spread whipped cream over top of cake and garnish with sliced bananas.

#### ECONOMY CAKE

- 1 cup brown sugar
- ½ cup shortening
- ½ teaspoon cloves
- 1 teaspoon cinnamon
- ½ teaspoon nutmeg
- ½ teaspoon salt
- 2 cups seeded raisins
- 1 cup water
- 2 cups sifted flour
- ½ teaspoon baking powder
- 1 teaspoon baking soda

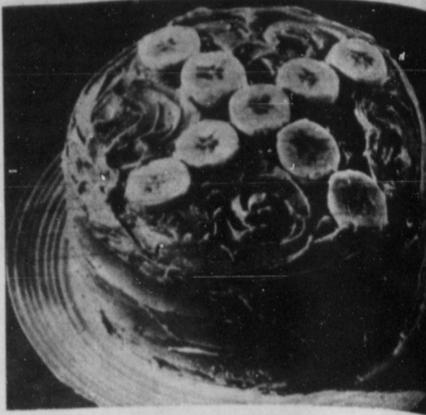

Heat first 8 ingredients to boiling, boil for 3 minutes and cool. Sift flour, baking powder and soda together, add to cooled mixture and beat 3 minutes. Pour into greased loaf pan and bake in 350°F. oven about 45 minutes. Makes 1 (8x8 inch) cake.

Office Supplies at the Jayton Chronicle

his facts straight, said the court, he had still lied about his knowledge of those facts.

Nor does a cautious phrase like "I guess" or "I think" protect a witness from the possibility of committing perjury. Thus, a witness who says "I think the defendant was speeding" would be guilty of perjury if he privately thought just the opposite—that the defendant was not speeding.

Of course, there is no perjury if the witness is honestly mistaken. Nor is there perjury if he is not put under oath.

#### MARIGOLD CAKE

- 2¼ cups sifted cake flour
- ½ teaspoon salt
- 2½ teaspoons baking powder
- ½ cup shortening
- 1½ cups sugar
- 3 eggs
- 1 teaspoon vanilla
- ¾ cup milk
- Bananas

Sift flour, salt and baking powder together. Cream shortening with sugar until fluffy; add unbeaten eggs, one at a time, beating well after each is added. Add vanilla and mix thoroughly. Add sifted dry ingredients and milk alternately in small amounts, beating well after each addition. Pour into 3 greased cake pans and bake in moderate oven (350°F.) 25 to 30 minutes. When cold, prepare a double recipe of Lemon Filling, spread between layers, add a layer of sliced bananas and cover with more lemon filling to prevent discoloration. Cover top and sides of cake with Divinity Icing and decorate with sliced bananas. Serves 12 to 16.

#### GOLD NUGGET CAKE

- 2 cups sifted flour
- ½ teaspoon baking powder
- ¾ teaspoon baking soda
- ½ teaspoon salt
- ½ cup sour milk or buttermilk
- 1 cup mashed bananas (2 to 3)
- ½ cup shortening
- 1½ cups sugar
- 2 eggs, well beaten
- 1 teaspoon vanilla
- 3 bananas, sliced

Sift flour, baking powder, soda and salt together. Add milk to mashed bananas. Cream shortening with sugar until fluffy. Add eggs and beat well. Add sifted dry ingredients and milk mixture alternately in small amounts, beating well after each addition. Stir in flavoring. Pour into greased pans and bake in moderate oven (375°F.) 30 minutes. Cool. Put layers together with Banana Frosting and sliced bananas. Spread frosting over top and sides of cake and garnish with sliced bananas. Makes 2 (8-inch) layers.

Gold nugget cake is a "find" for any clever hostess

## CHEVY'S NEW LITTLE CAR IS OPEN FOR BUSINESS.

We call it Vega. We also call it "the little car that does everything well."

Because it does. Everything? Everything. Vega moves well, stops well, steers well, rides well, handles well, parks well, weaves well, and is priced well under what you'd expect to pay for such a talented little car.

In our highway tests, Vega has been getting gas mileage in the neighborhood of the little imports, which isn't a bad neighborhood.

Yet unlike your average little car, ours steps right out when you step on the gas.

The engine is a specially designed overhead cam four with a lightweight aluminum alloy block. It turns slowly and quietly at turnpike speeds, with power to spare.

Disc brakes are standard in the front. So are bucket seats, except on the truck.

How we doing so far? Numbers speak louder than words. The wheelbase is 97 inches. Total length is just under 170 inches, or nearly four feet shorter than a full-size Chevrolet.

Height of the coupe is just 50 inches, nine inches lower than the leading import.

Width: a nice stable 5½ feet. Weight: 2,190 lbs. for the sedan. Engine displacement: 140 cubic inches.

Fuel economy: about 25 mpg, with the standard engine and transmission, in our highway tests.

Horsepower: 90. You can order 110. (80 and 93 hp, SAE Net.) Seating capacity: 4 adults.

What it all adds up to is a lot of little car.

Three cars and a truck. Vega turned out so well that we couldn't turn out just one.

So we're turning out four: the sporty little hatchback coupe shown open and closed in the foreground below; the sedan, on the right; the Kamback wagon, on the left; and the little panel truck, in the rear.

Oh, and a special GT version of the coupe and wagon which we'll show you later on.

September 10th is Opening Day. All 6,300 Chevrolet dealers are handling Vega, so you shouldn't have to go very far to see and drive one.

Chevy's new little car is open for business. Look into it.
