## Special Session Is Held By The Hosp. Auxiliary

The Haskell Memorial Hospital Auxiliary met in the community room, Haskell National Bank, Tuesday afternoon, September 16, for a special session to make plans to attend the District Convention which was held Monday, September 22, in the Rio-Concho Manor, at San Angelo.

Mrs. E. L. Wyche opened the meeting and Miss Nettie McCollum, secretary, read the minutes of the last meeting. Mrs. Bob Herren, treasurer, gave a report and stated the Auxiliary had purchased a cot for the hospital.

She stated: "The importance of our work in hospitals and rest homes. About wisdom in our united effort for mankind. The symbol of the State Auxiliaries is a wise old owl."

The art of caring was stressed by the speaker at the Dallas Convention. He chose the 8th Psalm for the motive of love for one another; the art of love; the art of communication of service to patients. The greatest thing in the world is human kindness.

Mrs. Ramon Lyles, of Weinert, presented two favorite piano numbers, "Without a Song" and theme from Dr. Zhivago, which were well received.

## MAYOR WOODARD PROCLAIMS YOUNG HOMEMAKERS WEEK

This week, September 21st through the 27th, has been proclaimed by Mayor H. V. Woodard, as "Young Homemakers Week." This week has not only been designated for Haskell Young Homemakers, but also for clubs throughout the state. Young Homemakers are joining hands around the state to work toward a 1969-70 goal of "Family Unity." The Haskell Chapter cooperates fully with a motto this year called "Young Homemakers - The Heart of the Home." The creed states as follows: "We, the Young Homemakers of Texas, seek to strengthen the bonds of family with Knowledge, Integrity, Love, Understanding, and Faith in God - in order that our homes may be established in the firm foundation of our Community, State, Nation, and the World - Upholding the right of each in-

dividual to dream, to work, and to assume the privileges and responsibilities of the democratic way of life."

Activities to celebrate this week started by proclaiming September 21st through the 27th as Young Homemakers Week. The week of activities will end with the Area IV Young Homemakers meeting to be held Saturday, September 27th, at the Starlin Inn in Abilene. Many of the Young Homemakers plan to attend. Mrs. W. H. McEroom will be the Haskell club's nominee for Area IV President and Mrs. David Frierson for Vice-President.

The goal for the club is "Friendship", and there is no better way to describe the outstanding Haskell Club than to quote Emerson when he said, "The only way to have a friend is to be one."

## Progressive Study Club Opens New Year of Activities With A Dinner

Members of the Progressive Study Club launched the new year of activities Thursday evening, Sept. 18, at 7:30 o'clock with a "Papa 'n Mama" dinner at the Haskell Country Club. This year's theme, "The American Idea: An Individual Experience," was carried out in wall decorations which included a large poster board likeness of the Statue of Liberty and use of the colors, red, white and blue throughout the room. The invocation was given by Mrs. W. H. Pitman, and a delicious typically American meal including fried chicken and apple pie was then served.

Following the meal, Mrs. Kenneth Lane, president, welcomed all in attendance and recognized guests who, in addition to husbands of club members, included Mr. Tom Ed Simpson of Rule, Mrs. Karl Fanning of Galveston, Mrs. Pearl Monke Turner, Miss Lyla Stegall, Miss Mary Sloan, Mr. and Mrs. Jimmy Browning, Mr. and Mrs. H. T. Fillingim, and honorary members and their husbands, Rev. and Mrs. H. O. Abbott, and Rev. and Mrs. R. D. Williams. Mrs. Lane then introduced Mrs. Tom Ed Simpson of Rule who entertained the group with a delightful book re-

## "The P.T.A. Family ... Who And What" Theme of PTA Meeting Held Sept. 17

The Haskell Elementary Parent Teacher Association met Sept. 17, 1969, at 3:00 p. m., with the association's new president, Mr. R. D. Williams, presiding. Rev. Isaias Longoria gave the invocation by leading the group in repeating the Parent Teacher prayer.

The business meeting was conducted, and the unit reminded of the following important P.T.A. dates to remember: September 24: District Board Meeting, Snyder; October 9: P.T.A. Day at State Fair, Dallas; October 15: Membership dues to State Office; October 21: Fall Workshop, Hamlin; November 12-14: State Convention, San Antonio.

Mr. Williams introduced this year's program chairman, Mrs. David Frierson, who introduced Mr. Alex Swenn, principal of the elementary school. Mr. Swenn paid high tribute to the elementary teachers by saying that they are "excellent and the finest that he has had an opportunity to work with." Mr. Swenn then introduced the teachers to parents.

The program: "The P.T.A. Family - Who and What," was given by the president, Mr. Williams. Mr. Williams told the parents and teachers that, "Today as never before, public education is being faced with many problems. The race problem, changing curriculums, problems involving adequately trained teachers, the problem students, the gifted students, problem parents, and many others which make this process, which we call education, a very complex work. These problems must be faced and solved. Educators are working with such problems, but there are many pressure groups which cause added difficulties. I would like to believe that there is one group - the P.T.A. - standing between the home and the school - between teacher and pupil - not hindering but seeking to aid both family and school to achieve their highest and most wholesome objectives. The P.T.A. is part of a team. Who is on that team? It is you and I! Why do I want to be a member of P.T.A.? To help understand my school and its teachers, to help understand my school and home, and to help undertake a work that will better my school and home.

"As a pastor, I believe that as we come to work together in P.T.A. there is a foundation for us to build on. (1) We must fear God. The fear of the Lord is the beginning of knowledge, and a wise man will hear and increase learning. (2) The im-

**Stitching And Stewing**

County H. D. Agent  
By Ruth Ann Fausler

Metal dinette furniture has surmounted its original identity as "kitchen furniture" and moved into dinettes and small regular dining areas.

The reasons are exciting, freshly up-dated designs; new finishes that bring the warmth of wood to metal and new frame colors that permit coordination with floor coverings, walls, or draperies; small scaling; and the introduction of more decorative upholstery fabrics and trim materials.

Engineering and design improvements are responsible for the broadened acceptance of metal dinette groups, reports the National Association of Furniture Manufacturers. Chairs now swivel, tables assume new and interesting shapes, and their plastic laminate surfaces marble, slate and handsomely textured wood grains. Bases include a choice of pedestal or leg styles.

Most manufacturers have table sizes that range from 36 inches to 48 inches that extend to 60, 72 or 84 inches.

Architects now are including small dinette and dining areas

in the new high-rise apartments and condominiums. Metal dinettes are scaled just right for these spaces. Interior designers who use the new modern metal-framed upholstered furniture in living rooms, also like to put metal dinette groups in the adjoining dining "el" or alcove—or even in a separate dining area.

The major manufacturers of metal dinette groups produce rectangular, oval, octagonal and round table shapes—with leg or pedestal bases. They have both stationary and swivel chairs. Their designs include Spanish, Mediterranean, traditional, Early American and Modern.

Other selections include wrought-iron with ice cream chairs for the smallest breakfast nook. Used in a room where one wall is in scenic wallpaper, such sets are as much at home as in outdoor settings.

A manufacturer of rattan furniture has an attractive group for small dining areas in Italian styling that introduces

an old world look in a light, airy way—and it's moderately priced.

Mrs. Henry Smith of Weinert submitted the recipe for this week:

**VIETNAM VIEW**

(As reported by Marine Corps Combat Correspondents)

DA NANG, Vietnam—A point man's job in leading his men through the wilderness of war is to smell out the enemy before they are able to ambush his unit. Recently a 1st Marine Division Leatherneck with "M" Company, 3rd Battalion, 5th Marine Regiment, proved he really knew his job when he broke up two ambushes, killing one enemy soldier in each instance.

In the first incident, Private First Class Leo Garcia 19, 371 Charben Dr., San Antonio, Texas, was leading his platoon down a heavily overgrown jungle trail six miles southeast of here when he came across a small clearing. Garcia stopped the platoon and slowly checked the area out while concealing himself in dense underbrush.

As he moved through the brush, he spotted a North Vietnamese Army soldier giving instructions to six or seven others who were setting up an ambush for the Marine platoon. Garcia immediately opened up with his M-16 rifle, killing the leader of the band and scattering the rest.

The next day Garcia was again leading another patrol through the mountainous jungle searching for the elusive enemy. As he came to a wide clearing that appeared to be an ideal ambush site, Garcia sensed there might be trouble ahead so he halted the platoon behind him.

"I didn't want to take any chances crossing this one so I got down and crawled forward," he explained. "I made it about halfway across when I spotted a head bobbing around, concealed in a fighting hole and well covered by dense foliage. I figured I could take him alone so I kept crawling forward."

Garcia made it to within 10 feet of the enemy soldier before he was spotted, but it was too late as he opened up and dropped the NVA.

Afterward, Garcia led the platoon off again down the seemingly endless trail of war. To him it was just another patrol on which he had a job to do, but to the men following behind him, Garcia was something special, a man that could save their lives.

By Sgt. John M. McGowan  
DA NANG, Vietnam—During a recent search and clear operation on Go Noi Island, 14 miles south of here, the Marines of "F" Company, 2nd Battalion, 1st Marine Regiment, found they literally had the enemy under foot.

It was a sudden discovery made by a Houston, Texas Marine machine-gunner when he sat down on a clump of elephant grass for a 10-minute rest and felt something beneath him move.

Lance Corporal William Boone leaped to his feet, drew his pistol and began probing the

grass with his free hand. "At first I didn't know what I was looking for," Boone recounted. But it didn't take him long to find out as his grasp suddenly closed around somebody's arm and he yanked upward.

Attached to the arm was a live North Vietnamese soldier who Boone described as being "as surprised as I was."

"I can just imagine how he felt when I sat down on him," Boone said, and added: "I know there are ways to capture the enemy, but I hope I never capture any more by sitting on them."

Boone's unusual experience triggered an extensive sweep of the area by his unit which yielded eight enemy killed and 11 prisoners.

## Tax Questions And Answers

(This column of questions and answers on federal tax matters is provided by the local office of the U. S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.)

Q—I sold some standing timber on my farm to a lumber company. Is this regular income or capital gain?

A—Such a sale is usually reported as a capital gain or loss. For details on when sale of timber is treated as a capital gain, send a post card to your District Office requesting IRS Publication 544, Sales and Exchanges of Assets.

The Department of Agriculture also has a publication on this subject. It is Handbook No. 274, "The Timber Owner and his Federal Income Tax," and is available from the Superintendent of Documents, U. S. Government Printing Office, Washington, D. C. 20402, for 35c a copy.

Q—I have a sales job that requires me to use my car several days a week. Since my boss doesn't pay me for the use of my car, can I deduct these expenses on my tax return?

A—If you have to use your car on business then the costs can be deducted. However, the costs of getting to and from your job are personal and not deductible.

You may deduct the actual expense including depreciation, or if you prefer, a standard rate of 10c a mile for the first 15,000 miles of business use and 7c a mile thereafter. Business related parking fees and tolls may be deducted in addition to the standard mileage rate.

Q—Our 16-year-old daughter has a part-time job after school, but we still provide over half her total support. Since she is our dependent, should she take a withholding exemption for herself on her job?

A—Your daughter may claim her own exemption for withholding purposes even though she is your dependent. She is also entitled to claim an exemption for herself when she files her income tax return, if she is required to file a return. She must file a return to claim any refund of income tax withheld.

Q—Should you bring a tax expert with you when you are called in for an audit?

A—Professional tax help is usually not needed during the

WASHINGTON "As it looks from here" OMAR BURLESON Congressman 17th District

WASHINGTON, D. C.—The decision of the Supreme Court in

1962, banning the use of prescribed prayer by the New York State Board of Regents, continues to be subject to interpretation in its application. There is no question that the court said in this particular case, that an official body at any level of government, could not prescribe a set prayer or scriptural reading. This, coupled with the assumption that the attendance of students was

compulsory, was the basis of that decision. The question immediately arose, and remains undetermined, in spite of subsequent cases, as to whether the New York case became "the law of the Land" or just the law in the particular case. Does it prohibit any sort or kind of religious practice in public schools established by custom and tradition in the particular community?

The opinions and threats of Mrs. Madalyn Murray O'Hair notwithstanding, there appears to be a number of plans which may keep her and the Courts busy, if they decide to bring more suits.

In 1963, following the New York case, the Supreme Court again ruled that Pennsylvania and Maryland could not constitutionally require reading of verses from the Bible and recitation of the Lord's Prayer in public schools. In the New York case the key word seems to be "prescribed." In the latter cases the word "require" appears determining.

The elimination of these two factors should satisfy the Courts.

A school committee in Leyden, Massachusetts, has developed a plan, believed by those giving careful study to the issue, to overcome the legal technicalities raised in the above mentioned cases.

Essentially the plan provides that on each school day, before classes begin, a period of five minutes shall be available to those teachers and students who may wish to participate voluntarily in the free exercise of religion as guaranteed by our Constitution. The plan specifically states that "This freedom of religion shall not be expressed in any way which will interfere with another's rights."

Under such an arrangement it would seem exceedingly unlikely that a reasonable mind could find legal fault. It will not please the Mrs. O'Hairs and those who wish to deny students and teachers the opportunity of even recognizing the existence of a Divine Being. Mrs. O'Hair and her kind want the Astronauts, who roared through space, to be censured. It is suggested that no one become too exercised that anything of the sort will be done—any more than the historic practice of opening each Session of the Congress with prayer will be abandoned. Neither will the motto "In God we Trust" be removed from the National Legislative Halls nor from our money.

Back to the "Leyden Plan", either the teacher or the pupils may offer the prayer. Those who do not wish to take part will be allowed to leave. The Committee which offered this solution makes it perfectly clear that non-participation shall not be evidence of non-religion. The program is not to be supervised, controlled or directed by any religious group and students and parents will be notified that whatever is done is non-compulsory. All that is being done in the school system is providing the time and place for the conduct of a brief period of prayer and devotion.

If the word "prescribed" in the New York case and the words "require" in the Pennsylvania and Maryland cases, hold legal logic then let the objectors challenge the words "voluntarily" and "freedom of worship" in the "Leyden Plan."

IT'S IN THE LIBRARY

"World Aflame" by Billy Graham Billy Graham tells why he believes the world is on a collision course and what this generation can and must do about it. He shows how the "New Morality" is really the old immorality. He presents the answer his Crusades have brought to millions around the world... the Bible-based faith which is at the heart of his ministry. Billy Graham calls "World Aflame" the most important book he has ever written.

Tax Questions ...

(Cont. from Page 5, Section 1) If I'm also claiming her as my dependent?

A—Yes, she may claim her own withholding exemption and you can continue to claim her as long as she qualifies as your dependent. She is also entitled to claim herself when she files an income tax return next year.

Q—Can you deduct anything for employment agency fees? A—Fees paid to an employment agency for securing a job are deductible when you itemize your deductions.

Q—I use my country club to entertain some of my customers. Am I allowed any deduction for my club fees and expenses?

A—Your business lunches at the country club would be deductible just as a business lunch

any place would be. Other entertainment expenses at the club may also qualify. A portion of your annual club dues may be deducted if you use the country club more than 50 percent of the time for business purposes. Membership or initiation fees paid once for membership privileges are generally considered a capital expense and are not deductible. To show you use the club more than half the time for business purposes, keep a record of the days you and your family use the club's facilities, and indicate whether for business or personal purposes. If you use the club for both business and personal purposes on the same day, it counts as a day of business use. Club dues are discussed in Publication 463, "Travel, Entertainment and Gift Expenses." For a free copy, send a postcard to your District Director.

year. Patriotism isn't found in the whooping of the crowd or maudlin flag-waving.

Patriotism is the sum of the three cardinal virtues: Faith, Hope and Charity. Faith in the principles of our government; Hope in the future of our country; Charity toward all and malice toward none.

Patriotism is that spirit that makes us help our neighbors when they are in distress, and extend sympathy when they are stricken.

Patriotism is the tugging at our heartstrings, and a sincere kinship with those who toil in field or shop or marketplace.

Patriotism is the emotion that makes a lump rise in the throat when some intrepid spirit strives to achieve something that no human being ever before achieved.

Patriotism is to be unashamed at the moisture that comes welling up in our tear-ducts with the passing of some great and noble soul, who unselfishly devoted his life to the cause of mankind.

Patriotism is loving one's country, respecting its traditions, and honoring its people, high or low, rich or poor.

Patriotism is standing firm and unselfish for the right, for the common good, for the peace and well-being of all; sacrificing self, if need be, and standing tall and unafraid against all opposition...The U.C.A. Lantern.

#### RAINY DAY PLAYHOUSE

For rainy days indoors, make a sheet playhouse for the children. Simply drape an old cotton sheet over a card table. First you can cut out windows and a door, and let children decorate the "walls" of the fabric house with crayons or water colors.

#### TRIM, TAILORED LOOK

To give new cotton draperies a trim, tailored look, pin pleats vertically at the bottom hem. Tie the pleats loosely together with a lightweight cotton cord and let them "set" for four or five days.

### Volunteers Busy Picking Up Stock For The WTRC

ABILENE—In trucks, trailers and pickups loaded by other ranchers, volunteers are busy driving all over the state picking up stock donated to the cattlemen's round-up for crippled children.

The Round-Up, the unique fund-raising event which annually provides a bulk of the operational funds for the West Texas Rehabilitation Center, is set for September 29 at Ranchers and Farmers Livestock Auction, Abilene.

One of the top donations already in the WTRC's holding pens is a 4-year-old, 2,600 pound tested Charolais bull given by Mrs. L. O. Tarrant of the L. T. Ranches at Richmond.

Bidding for the spot on the auction block, too, will be a registered Santa Gertrudis bull from the 9-Bar Ranch at Cypress; two registered Santa Gertrudis from R. W. Briggs of San Antonio; and a registered Hereford bull from J. Elke Godfrey of Spur, the president of the West Texas Chamber of Commerce.

The King Ranch at Kingsville has also sent one of its top steers to the sale.

Conspicuous in its absence this year is the support of Conda Wylie, Fort Chadbourne Rancher who earned the title "Father of the Cattlemen's Round-Up" before his death last spring. He annually kicked off each year's round-up with the donation of as many as 100 head of his top crossbred stock. Persons wishing to donate

stock to the sale are asked to contact their area chairman, or the West Texas Rehabilitation Center, 4601 Hartford St., Abilene, Texas 79605, according to

#### TAX MAN SAM SEX:

September is here and back to school time has finally arrived for Mama—or much too soon for Junior. Going back to school does create one small income tax problem for those students who worked during the summer. Nowadays this includes most of the senior high school students, as well as college students on summer vacation. Ordinarily the students worked in jobs that required their employer to withhold income tax and social security tax from their pay check. The law requires their employer to issue them a W-2 within 30 days after they leave the job. The students will need to carefully put away this W-2 until January 1, 1970. Ordinarily if they do not work elsewhere, they will get all of their income tax withheld refunded, provided they file a Form 1040 with the

General Chairman, Charlie Morris. James Powell is the local chairman.

Internal Revenue Service. Of course they are not required to file unless they make \$600, but IRS can't send their money back until they do file. The students that lose the W-2's usually find that the employer will give them a duplicate—but only after at least one, and usually a series of tongue lashings.

# American Citizens The Haskell Jaycees Urgently Ask Your Help

Mrs. Madalyn Murray O'Hair, the atheist, has started a letter campaign to NASA asking that the Apollo eleven astronauts be censured for reading from the Holy Bible while in space and that such religious activities be banned in future space flights. Mrs. O'Hair's campaign has produced some 30,000 letters thus far.

The Texas Jaycees have begun a campaign to get together 300,000 letters to be sent to the Director of NASA, expressing to him our belief and yours, that the astronauts have the right of religious expression.

**WE ALLOWED THIS WOMAN TO HAVE RELIGION REMOVED FROM OUR SCHOOLS. WE MUST NOT LET THIS HAPPEN TO OUR ASTRONAUTS OR TO ANY MORE OF OUR CITIZENS.**

The Jaycee Creed states: "We believe that faith in God gives meaning and purpose to human life." The Haskell Jaycees ask you as Christians and as American Citizens to clip out and sign the letter below, that we may send it to the Director of NASA. We feel that by doing this we may help to preserve the rights of all Americans to freedom of religious choice and expression.

Dear Sirs:

I just wanted to write you a short note expressing the fact that I have no objection to the astronauts of the future being granted the right to read aloud from the Holy Bible while in the midst of a space mission.

It is my opinion that to deny this privilege would be in direct conflict with our democratic way of life. Rather than continue to negate a means of spiritual inspiration in areas of public life, we would hope for the basic freedom for each individual to worship if he chooses.

Thank you for considering this letter.

Sincerely,

**INCOME TAX ILLEGAL?**

Anyone who has been around for a few years may recall Miss Vivien Kellems, the Connecticut industrialist, who for years has carried on a long battle against the inequities of the national income tax. By and large, it has been a losing battle. But undaunted at 72 years of age, she is again standing up for her convictions and her rights. She is fighting for the return of more than \$73,000 which she feels is due her as a result of taxes collected illegally from her because she has no husband.

Says Mrs. Kellems, "There is no law that says single people must pay a higher rate than married people. Congress never has, nor does it dare pass, such a law; even the Supreme Court would have to declare it unconstitutional. If you can tax me because I am single, you can tax me because my eyes are gray, my hair white, or I am 72 years old. I have no more control over these conditions than I have over my marital status. How many eligible single men, age 72, or thereabouts, do you know?"

Miss Kellems has raised an issue that will arouse the sympathy and support of a great many taxpayers. "We salute a brave fighter for a cause she believes to be right."

**HASKELL COUNTY HISTORY**

**30 YEARS AGO**  
(September 29, 1938)

More than 300 persons, including many out-of-town visitors, inspected the attractive new home of Mr. and Mrs. R. L. Burton during open house reception held last Sunday afternoon. The six-room brick structure, recently completed, is modern in both design and interior furnishings and appointments, including latest air-conditioning equipment for winter and summer, an all-electric kitchen, and the newer trend in interior lighting. Out-of-town guests who attended the open house included visitors from Monday, Weinert, Rule, Sagerston and Hamlin.

Mrs. Stanley Furth and daughter, Nancy and Royce Adkins visited Mr. and Mrs. W. W. Maloy in Abilene this week. Mrs. R. J. Paxton, Leon Gilliam, D. Scott, Sam A. Roberts and B. M. Whitaker attended a quarterly meeting of the Haskell Association in Knox City, Friday.

The large barn at the home of Fred Sanders in the east part of the city, was destroyed by fire about 3:00 o'clock Saturday afternoon. The fire had spread through the structure before it was discovered, and all the contents of the barn were destroyed in the fire, including a truck, wagon, and several tons of maize. The fire department made a run to the scene, but could be of little service as the fire was far beyond reach of the city water mains.

The real weather during the past ten days has caused a considerable gain in cotton ginnings in Haskell and throughout this section.

Mr. and Mrs. Henry King and little daughter, Beverly Gayle, returned last week from an extended visit with relatives and friends at Mineral Wells, Fort Worth, Cisco and Abilene.

Miss Ella D. Koonce returned last Friday from Alpine, where she has been in summer school at Sul Ross Institute.

**FORMER RESIDENT OF HASKELL  
CELEBRATES 97TH BIRTHDAY**

**VISIT HERE**

Bobby Camp and family, Dallas, visited in Haskell last weekend with his parents, Mr. and Mrs. Johney Camp.

Mr. John E. Solomon, for many years a resident of Haskell and Haskell County, who has been living with a daughter, Mrs. J. D. Turpen, for some seven years in Denton, celebrated his 97th birthday in her home on September 14.

Mr. Solomon, now too feeble to walk, was bedfast most of the summer in Flow Memorial Hospital in Denton. He is now a resident of the Colonial Nursing Home in Denton; however, for his birthday, he was able to be moved to Mrs. Turpen's home for a couple of days. Here he had a constant stream of relatives, friends and neighbors who dropped in to extend greetings and presents, and they all enjoyed a big birthday dinner honoring Mr. Solomon. He was particularly fond of the lovely pot of golden chrysanthemums sent him by the Jess Kreger family in Haskell, longtime friends of the Solomon family.

Although weak physically, his mind is still alert and he recognized all his visitors and enjoyed the occasion very much. Out-of-town relatives present included the following: Mrs. Bob Mahood and daughters, Pam, Patricia and Kathie, of Hobbs, New Mexico; Mr. and Mrs. Ricky Busby, and Mr. and Mrs. R. D. Busby Jr. and children, Nehwana, Nitacarol, Robbie and Rodney, all of Seymour; Mr. and Mrs. Blackie Lammert of Healdton, Okla.; Miss Lily Solomon, a daughter who teaches in Gainesville.

Among the local friends and relatives were Miss Elizabeth Lomax, Mrs. W. A. Larimer, Mr. Reynolds Wilson, Mr. and Mrs. W. T. Hill, Mr. G. W. Watkins and Mrs. T. M. Cunningham.

#### Comments of Today's Market

The fat calf and feeder cattle market was from 1.00 to \$2.00 a hundred lower. The major packers are trying to break the market and they are accomplishing it. The stocker market was active. Pairs sold higher than they have in a long time. We had too many cattle for a little ole country sale Saturday. Be sure and attend the fair this week. Bring your calves to the sale Saturday for the Rehabilitation Center sale. We will get them to Abilene.

during the winter months in Texas.

In fact, if you want "quality" fishing it awaits you most everywhere in the Longhorn State. In the cold, cold weather when the whites are hitting.

Ever go after white bass? Best time of the year is the cold-month period. And they hit live bait, dead bait, artificial lures... almost anything you toss out among the lively schooling whites.

And it's a ball catching them! They're scrappy, energetic creatures. Good eating, too!

Thrill of white bass fishing is the tremendous action. They are hit-and-run fighters—the whole school of them seem to battle for the bait. Taking 20 or 40 whites from one darting school is not uncommon. We've heard of as many as 140 catches in one day's haul.

Don't deny the hoggishness of such an angler. 'Tis said that you could take all the whites out of an impoundment the size of Lake Travis... but 20... and in one season the entire stock would be replenished. Don't

know whether this is true or not, but I understand from biologists that the white bass do reproduce by the thousands.

White bass fishing in the wintertime is done in quantity—by following the gulls. When you locate these circling birds, you know you've hit the jackpot. Right below those "spot-ter's" you'll find a school of darting, dashing shad. And right below the shad you'll find whites.

Probably your best lure is a silver spoon, like the Dixie, or a Mr. Champ, or a slab.

Make your cast beside the school... on the edge of the activity... not in the middle of it.

Heavier the lure the deeper and faster it sinks... and the larger the fish you'll catch. Reason for this is the big ones stay below and gobble up the injured shad as these cripples sink to the bottom.

Occasionally you'll find a lazy ole lunker black bass on your hook... providing your lure goes deep enough. Most likely he will be right on the very bottom eating only what food comes his

way. He's lazy, but foxy, and a fighter, too, with lots of objection to being netted.

Fishing for whites is equally successful, if not more so, in the tail-races below a dam—when the whites go upstream to spawn. And that's in cold-weather, too... oftentimes in the deep of winter... on the very coldest days... when the ice freezes in the guides of your fishing rod and the angler's veins turn purple.

But it's fun... and when you're catching fish you don't notice the weather... be it steaming hot or freezin' cold.

developed saliva glands.

Like the Indians used mirrors for signaling, the proghorn antelopes warn other members of the herd about danger by raising the white hairs on their rumps.

Unlike his cousins, the polar bear does not take a long winter nap. He spends most of his time searching for food.

Sand dollars dine on microscopic life. They, in turn, are eaten by Flounder, cod, haddock and starfish.

### DPS Recruiting Men To Train For Patrolmen

AUSTIN—Colonel Wilson E. Speir, director of the Texas Department of Public Safety, announced today that the DPS is actively recruiting men to train for the post of patrolman.

To increase the strength of the Highway Patrol from 1,222 to 1,259 men. Those selected to enter training will fill these vacancies plus others created by promotions to other DPS services.

Speir said the next training school will begin October 21 at the DPS Law Enforcement Academy in Austin. The course lasts 18 weeks, and includes some 800 hours of intensive

classroom work and supervised study.

Student patrolmen live in the Academy and are paid \$525 monthly. Upon graduation, their pay increases to \$330 per month with all uniforms and equipment furnished. Patrolmen also receive an allowance for meals and cleaning.

Prospective applicants must be between the ages of 20 and 35; must be high school graduates or equivalent; of good moral character; must be in excellent physical condition; and must have visual acuity no worse than 20/40, correctable to 20/20.

Speir said men interested should contact any DPS office or patrolman for an application. The completed applications should then be taken to the nearest regional, district, or sub-district DPS headquarters where the written examination will be given.

Applicants who qualify for further consideration will be given an agility test, and arrangements will be made for a physical examination. Those selected for the Academy will be notified prior to the date for classes to begin.

### SS Office Ends Extended Office Hours Sept. 30th

The "extra hours" service on Tuesdays at the Abilene social security office will end September 30th, according to word from R. R. Tuley, Jr., district manager.

"The number of callers at the office between 5 and 7 p. m. has decreased well below the minimum felt necessary to justify the cost of keeping 4-5 persons on duty those overtime hours," he explained.

The service was begun in mid-1967 as an accommodation to persons nearing 65 who found it inconvenient to get to the office during normal 9-5 hours.

# SAGERTON NEWS

MRS. DELBERT LEFFRE

**Cemetery Working**  
A work-day has been set for Saturday, September 27, for working at the Fair View Cemetery north of Sagerton. All who have people buried out there or have friends there, are urged to come help and the job should not take long. There are many members of the pioneer families of this community buried there who no longer have folks here. They did a lot to start our little community, and we should honor their memory.

Mrs. Ben Hess is on the sick list this week. We wish her a speedy recovery.

Mr. and Mrs. August Balzer have returned from visiting with Mr. and Mrs. Larry Cornelison and family in Marshall. They were there to see their granddaughter, Kathy Cornelison, off to school at East Texas State at Commerce. They also visited with Mr. and Mrs. F. A. Stegemöller in the home of Mr. and Mrs. Kenneth Stegemöller and family in DeSoto.

Mike Summers, son of Mr. and Mrs. Zenor Summers, left Sunday for his first year at San Angelo State College.

Guests in the home of Mr. Oscar Gibson over the weekend were: Mr. and Mrs. John Burroughs and Mrs. Eula Mae Magness of Friona. Mrs. Magness has been staying with her

father, Mr. Gibson, since he was released from the Stamford Hospital recently.

Mr. and Mrs. Winston Ulmer and family of San Antonio were weekend guests in the home of Mr. and Mrs. F. A. Ulmer.

Bro. Marvin Fisher, pastor of the Sagerton Methodist Church, was back in the pulpit Sunday after being ill, and his congregation is very happy to have him back.

Larry LeFevre, a student at McMurry, was home Sunday in the home of his parents, Mr. and Mrs. Delbert LeFevre. Delbert and Kent LeFevre went to watch McMurry play Tarleton Saturday night.

Guests in the home of Mr. and Mrs. Pat Sellers over the weekend were: Mr. and Mrs. Johnny Johnson and daughter of Lubbock, Mr. and Mrs. Billy Sellers and son of Abilene, Mr. and Mrs. Terry Sellers of Old Glory and Mrs. J. A. Bush.

Kraig Kupatt and Nicki Hunt, both fourth graders at Rule School had a joint birthday party at the Rule Park Friday afternoon. They were both ten last week. Their parents, Mr. and Mrs. Fred Kupatt, and Mr. and Mrs. Festus Hunt, hosted the party.

Jill LeFevre was honored on her tenth birthday Sunday afternoon with a picnic at the Quade Recreation Park west of

Sagerton. A weiner roast and hike were enjoyed by: Kris and Kraig Kupatt, Jay and Susan Swofford, Lyn Fouts, Nicki Hunt, Linda Rhodes, Mark Lewis, and the honoree. Others present were: Mr. and Mrs. Cliff LeFevre, Mr. and Mrs. Fred Kupatt, Mrs. Will Stegemöller, Mrs. August Balzer, Mrs. Festus Hunt, and Mr. and Mrs. Delbert LeFevre.

### Hunters Return from Alaska

The Alaskan hunters have returned! They came home Saturday night with fine specimens of moose horns and enough meat for their families to get a taste. They were unable to bring much meat because they had to fly part of the way from the spot where they hunted back to Anchorage, Alaska. They also brought back some game birds from Alaska.

Those making the trip were: Whit, Reece and Charles Clark, and J. W. Threet. Their families and friends gathered at the home of Mr. and Mrs. Charles Clark Sunday afternoon to greet them and help them unpack and take pictures.

Mr. and Mrs. Norvell Lehmann and family spent the weekend visiting Mr. and Mrs. Jan Fouts and family in Lubbock.

Mr. and Mrs. Otto Lehmann visited with Mr. and Mrs. J. C. Schwartz and daughters in Snyder Friday and Saturday.

### Cotton Growers Hear Report At Stamford

Leading cotton growers heard a detailed report in Stamford recently on the \$13 million research and promotion program of Cotton Producers Institute (CPI) and the National Cotton Council.

Among those attending from the Haskell area were Jimmy Browning, Willard Mullins and W. H. McBroom.

The National Cotton Council provides the staff and facilities for CPI's dollars-a-bale program.

### TAX MAN SAM SEX:

September is here and back to school time has finally arrived for Mama—or much too soon for Junior. Going back to school does create one small income tax problem for those students who worked during the summer. Nowadays this includes most of the senior high school students, as well as college students on summer vacation. Ordinarily the students worked in jobs that required their employer to withhold income tax and social security tax from their pay check. The law requires their employer to issue them a W-2 within 30 days after they leave the job. The students will need to carefully put away this W-2 until January 1, 1970. Ordinarily if they do not work elsewhere, they will get all of their income tax withheld refunded, provided they file a Form 1040 with the Internal Revenue Service. Of course they are not required to file unless they make \$600, but IRS can't send their money back until they do file. The students that lose the W-2's usually find that the employer will give them a duplicate—but only after at least one, and usually a series of tongue lashings.

## Baptist Churches of Haskell, Knox Counties Slated Tonight At Munday

DR. HOWARD HALSELL

The Baptist Churches of Haskell and Knox Counties will have a giant rally tonight, Thursday, September 25. It is called Sunday School "Action" night. Sunday school workers from 18 churches and missions will meet with the First Baptist Church in Munday at 7:15 p. m. These churches have over 300 Sunday school workers.

The first part of the meeting will be conferences for age group workers. There will be seven different conferences for workers from the nursery to the adult departments.

The second part of the program will feature a message by Dr. Howard Halsell from the Sunday school board in Nashville, Tennessee. Dr. Halsell is a consultant for Week-day and Vacation Bible School work. He also works with the Associations in their Sunday school work.

A native of Arkansas, Halsell is a bachelor of arts graduate of Quachita Baptist University and attended Southwestern Baptist Theological Seminary. He served in the U. S. Navy in World War II and holds the rank of Lieutenant Commander in the Naval Reserves.

Before joining the board's Sunday school department staff in October of 1962, Halsell was

Secretary of the Sunday school department for the Kansas convention of Southern Baptist.

If you have a young fingerprint artist in the family, keep his clothes free of the paint with a pint-size artist's smock. Ideal for this is a man's old cotton shirt. Cut the collar and sleeves off and finish with a machine stitch. Shorten the hem. The finished "smock" is worn backward. Pop in the washing machine with colored cottons.

## VA Questions And Answers

**EDITOR'S NOTE:** Veterans and their families are asking thousands of questions concerning the benefits their Government provides for them through the Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.

Q—How can a veteran selling his home be relieved of liability on a VA guaranteed loan?  
A—One method is to require the purchaser to pay off the GI loan with his own resources or to obtain a new loan. Another method is to have an approved purchaser assume all the veteran's liabilities on the home and have the VA approve the assumption agreement and specifically release the veteran from further liability to the VA.

Q—A veteran's former wife received his G.I. life insurance payment after he died while his widow and children received nothing. How can this happen?  
A—The veteran evidently named his first wife as the beneficiary, perhaps neglecting to change the designation when

Q—I am a patient in a VA Hospital and am 100% disabled due to service-connected disability. I am receiving additional compensation for my daughter who will be 18 soon. If she continues in school, will benefits continue for her?

# Plymouth makes it so

### 1970 Hemi-'Cuda.

This year, there are 10 new Barracudas. And we've changed the looks substantially. (We've packed a 426 Hemi engine under a "Shaker" hood on one of them and called it the Hemi-'Cuda.)

However you look at it, our Barracuda is all-new. We've moved it two inches closer to the ground. Pushed the wheels farther apart on our standard torsion-bar suspension. Put a tough optional bumper on the front that comes in most paint colors. And given the interior the design and comfort of a jet cockpit. If you want a car that makes it... Plymouth makes it.

### 1970 Sport Fury Brougham.

Here's our luxury model. (One of 28 Fury models with a new wide stance.) It's big enough inside to carry six adults in comfort. It's plush. But the price is still Plymouth. With a front seat that has individual adjustments for the driver and passenger, center armrests, and a reclining back on the passenger's side.

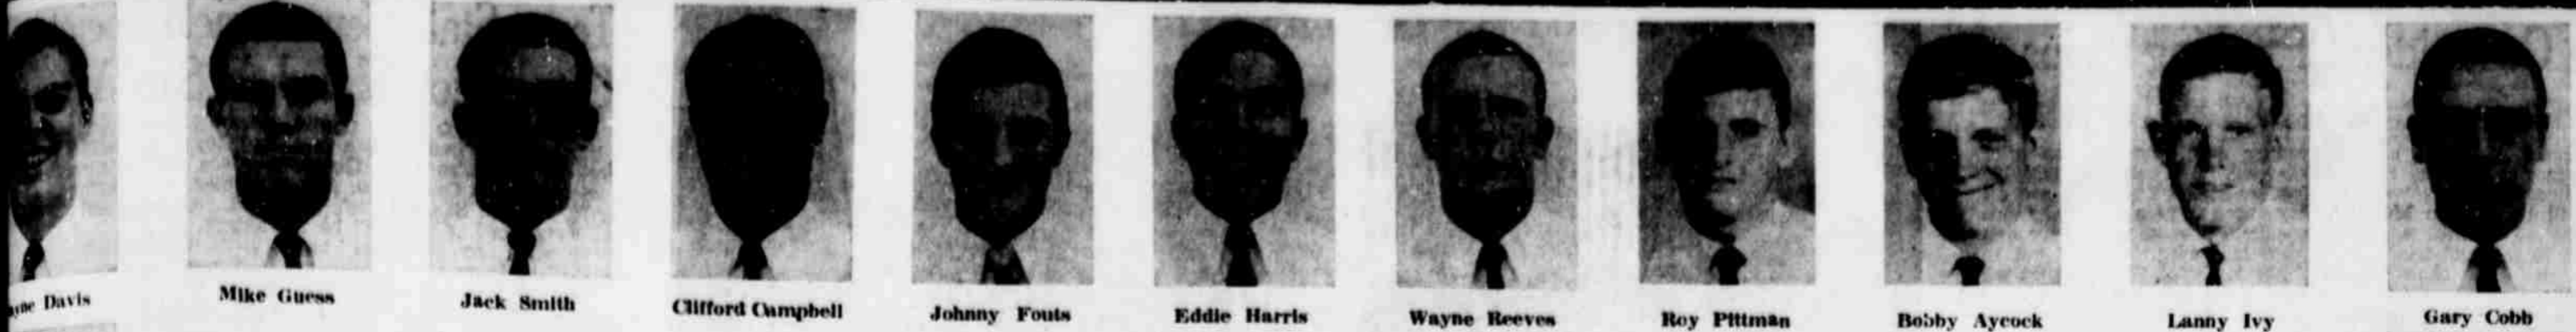

Of course, the carpeting is thick, the headlights are hidden, and the price is still Plymouth.

Whether you like your luxury in small packages, or as big as a 1970 Sport Fury... Plymouth makes it.

**Area Committee Of Rolling Plains Economic Program Slated Tuesday**

The annual meeting of the Area Committee of the Rolling Plains Economic Program (R-PEP) will be held in Monday, September 30, at 2:00 p. m. in the High School auditorium, according to Jim Humphreys, chairman.

Although this is a committee meeting, it has been opened up to the public because of the nature of the program, the main theme of which is "How can each farmer in the Rolling Plains increase his net income?"

With this in mind, the executive committee of R-PEP has asked ten commodity or special interest groups to make a brief report to the annual meeting on what they think their potential is in the Rolling Plains and what is needed to increase agricultural income. These reports will be very brief and to the point. The speakers will then form a panel moderated by J. L. Hill to answer questions following the reports. The commodities or special interest groups and the person making the report for each, are as follows:

Beef cattle, Jack Idol, Benjamin; Cotton, Charles Brass, Stamford; Family Living, Mrs. H. A. Haynes, Anson; Grain Sorghum, Jack King, Lubbock; Outdoor Recreation, Rob Brown, Threefork; Sheep and Goats, James A. Gray, San Angelo; Special Crops, Dr. Murray Kimmman, College Station; Swine, Carl Black, Paducah; Vegetables, Fruits and Nuts, H. H. Partridge, Munday; Wheat and Small Grain, Dwight C. Key, Munday.

There will also be several agricultural displays and exhibits which should be of interest to farmers and ranchers in the Rolling Plains.

Humphreys said, "Following this meeting very definite plans of action will be initiated to begin programs and activities to

realize the income potential stressed by these reports." He further stated that "We are all interested in hearing what these speakers have to say so we can formulate programs and get to work on them. We feel that we can increase agricultural income in this area several million dollars by working together and making the best use of what we have to work with. This is the whole objective of this program. With this in mind we hope that each farmer, rancher and agri-business man can make the meeting on September 30."

**VA Questions And Answers**

(Cont. from Page 6, Section 2) he re-married. The law requires VA to pay insurance benefits to the beneficiary named by the insured.

Responsibility for naming the correct beneficiary rests with the policyholder.

Q—What can I do to hurry along my educational subsistence checks?

A—Lose no time in submitting the Certificate of Eligibility you received from the VA to the proper school official for completion. Make certain he returns it to VA as soon as possible. Upon receipt of this certificate, the VA starts your allowance checks.

Q—My husband has become permanently and totally disabled as the result of injuries sustained in an automobile accident. He was in the service from 1959 to 1961. Is he eligible for a non-service connected pension from the Veterans Administration?

A—No. To be eligible for a pension for a non-service connected disability, a veteran must have service during a period of "war". Service after Jan. 31, 1955, and prior to Aug. 5, 1964, is called peacetime—not "war"—service.

**TO APPEAR IN PARADE:** The famous Eight-Horse Belgian Hitch of the Spring Creek Farm of Richardson, Texas, will appear in the Haskell County Fair Parade, today, Thursday, Sept. 25, at 5:00 p. m. Don Shannon is the trainer and driver.

**New Baby**

Mr. and Mrs. Don Cunningham of Corpus Christi are announcing the arrival of a new son. Mrs. M. C. Cunningham left Sunday morning for Corpus Christi for a few days visit with her son and family.

**Correction:** Last week's paper read: Mrs. Henry King was visiting children in Denton and other points. It should have read: Mrs. Henry Smith.

**Visiting in the home of Mr. and Mrs. Jack Sanders last weekend were:** Mr. and Mrs. Bill Maupin and children of Odessa, Rocky Sanders of Irving, Vicki Balduowski of Stamford and Mr. and Mrs. Charles Davis and family of Ft. Worth.

**Mrs. Betty Cooper of Haskell and Mrs. Turner of Tarpun Springs, Florida,** greeted old friends and attended services at the Baptist Church Sunday morning. Mrs. Turner is the former postmistress here.

**SERVING ABOARD THE USS HORNE**

Navy Warrant Officer John R. Estes, of Rule, is serving aboard the USS Horne off the Southern California coast.

The ship recently participated in Exercise Bell Express, a combined Navy-Marine exercise, preparing the units for conditions they will meet not only in Southeast Asia, but throughout the Western Pacific area.

The participating Fleet had to evade Navy aircraft acting as enemy surveillance planes as one of the many maneuvers included in the exercise.

In one respect, Bell Express might be compared to a graduation exercise, since each unit was evaluated and graded on its performance.
