Evang. Harper Says Young People Represent New Hope For Church

Steve Harper, youth evangelist for the Ed Robb Evangelistic Association, says that today's young people and their potential for leadership represent new hope for the church.

Steve will be in charge of the Youth Rally at 7:30 p. m., Saturday, January 17, at 7:30 p. m., which will open the Revival at the Haskell First United Methodist Church, slated to run through Sunday, January 25th.

Mr. Harper has been the Association's youth evangelist since 1968. During this time, he has participated in scores of meetings, ranging from youth revivals to helping Mr. Robb with area wide crusades.

"I find that most young people are interested in finding a deeper meaning to their lives. This is contrary to what we read or hear about sometimes, but when you sit down with these young people and talk with them you find that they are really interested in Jesus Christ and how to know Him better. They want a life and a faith that continues to grow," Steve says.

Mr. Harper believes strongly in the small group method of working with youth. He divides them into groups of eight to ten for informal discussion on common problems and subjects of interest, using assistant leaders to help him when there are large crowds of young people.

In helping young people develop their religious faith and in preparing them for roles of leadership the church has a tremendous challenge, Mr. Harper says.

Mr. Harper has been preaching since he was 16. He was licensed to preach at 17 by the Northwest Texas Conference of the United Methodist Church and during the past four years has preached approximately 1,000 sermons. Mr. Harper is a senior at McMurry College in Abilene, and is planning on entering a theological seminary in 1970.

Linda Dell White Becomes Bride Of Willard Windfield Newbern, Jr.

MRS. WILLARD WINDFIELD NEWBERN, JR. ... formerly Linda Dell White

Berea Baptist Church in Big Spring was the setting for the candlelight ceremony Saturday evening, January 3, uniting Linda Dell White and Willard Windfield Newbern, Jr. in marriage.

Rev. Jack Key, pastor of Sweet Home Baptist Church in Rule performed the double-ring ceremony before an arch entwined with ferns and greenery, which was flanked by candleabra holding altar tapers and sunburst baskets of white gladioli, mums and greenery.

The bride is the daughter of Mrs. Thomas Earl White of Haskell, and the late Mr. White. The groom's parents are Mr. and Mrs. Willard W. Newbern, Sr., of Elizabeth City, North Carolina.

Given in marriage by her brother-in-law, Valton P. Barber, the bride wore a floor length gown of candlelight peau de sole designed with an empire waistline and A-line skirt. The bodice and petal point sleeves were overlaid with Alencon lace. The detachable chapel length train was accented by lace appliques and seed pearls. A Dior bow of peau de sole held the elbow length veil of bridal illusion. She carried a cascade of white carnations atop a white Bible.

They wore identical floor length gowns of emerald green velvet designed with empire waistline and bell sleeves. The waistline was accented by a green satin bow. Paint Creek

Mrs. Gene Overton We won't forget the last week of 1969, and the first week of 1970 for a long time. It was good for us all that the ice storm came, I guess. It made us realize that the "good old days" weren't really all that good, and it showed our children and grandchildren what country living used to be. Of course, we were more comfortable then because we had the things we needed for that kind of living. During the ice, we had to hurry to the cellar and find our oil lamps, or get out candles, find something large enough to haul water for us and stock, and some had to find other ways of heating their homes and of cooking. It is amazing how many things are controlled by electricity on the farm these days. I guess the electric water pumps were the most sorely missed, especially for you who had cattle and hogs depending on that pumped water. We fared well here because of the things we and Wallar had

bought for Scout camp-outs. Scouts sometimes forget that it might rain during the night and get their firewood wet, so Wallar has a two-burner Coleman stove for that emergency. He hadn't had to use it often, but we cooked on it all last week. He also had a Coleman lantern that makes a white bright light. I began to wish I hadn't given my good old gasoline iron away when we got electricity in 1941.

We had lights by Saturday, Jan. 3. Some Paint Creekers, Burl Medfords, John Kuenstlers, Buddy Grands and maybe many more I haven't heard of, don't have electricity yet, and that makes 9 days. Trucks are trying to replace the broken poles at Burl Medfords this morning while the ground is frozen, but they may not be able to get into his field. Farmers have furnished tractors to help pull that big pole truck when it gets stuck, but some fields are just too wet to even try to go into. We are all most

grateful to these electric service crews who have come from other rural electric co-ops to help us. Wallar drove the tractor for a crew from Tulla last Friday, and this crew trying to get Burl's poles back are from Dickens County. These poor boys from our own Stamford Electric Co-op have been working from 14 to 16 hours every day in miserable weather, and we've been worried that they would get so tired, they might become careless handling that dangerous stuff, electricity. Our dog stepped on one of the wires down in the yard after the electricity came on, and he thought his foot was ruined.

One man at Sagerton lost 9 baby pigs. They froze to death when his electric heaters went off. The sad thing is that he still didn't have electricity Sunday because the electric poles are in a field where the crews could not drive the trucks. That, and the Peisers having to haul water for all those hens they have, and older people without heat,

are real troubles. See the people living in the citizens homes were in bed during the night so they could be kept warm.

People with real problems were not and understanding is with imagined problems. The office at the Stamford Electric Co-op and members of the Co-op received some phone calls wouldn't believe. One called to say that he received a toy electric Christmas. She had two muffins in to bake electricity went off, and she was afraid she wouldn't be able to enjoy cooking. The electricity was shut off. One woman said they had bought a water heater by water by electricity. They were without electricity for one of the calls that most was a woman and said "Now that" (Cont. on Page 6, S)

Paint Creek . . .

(Cont. from Page 2, Section 1) the rich folks electricity on, will you please give us poor folks some service?" But you Paint Creekers be patient. You will have power just as soon as they can get to you.

Phones are something else. I don't imagine we will have phones for a month. With all the poles down and all the wires so messed up, I don't see how the phone companies can get all their work done for weeks.

Mr. and Mrs. Eric Bergstrom had their children home for the Christmas and New Year's holidays. Dr. Arvie Bergstrom from Los Angeles, Calif., Miss Joy Bergstrom from Hendricks School of Nursing at Abilene and Mr. and Mrs. Allen Morris of Seymour all were home for some part of the holiday.

Mr. and Mrs. Hoyt Perry moved back to the country during the icy weather. They had better heat, cooking facilities and water out on the farm than they did at their home in Haskell. They had company several times during the week who came to see them to take a bath.

Mr. and Mrs. Bruce McCain spent Christmas at their deer lease near Graham. Old Glory school began classes earlier than most schools, so they came home Saturday, Dec. 28.

Janie Lynn and Jimmy Dan Raughton spent last week with their grandparents, Mr. and Mrs. Roy Overton. Their parents and sister, Jean Ann, returned to their home in Bronte, and then came back for them Sunday.

Mr. and Mrs. J. B. Kuenstler and Gaynell spent Christmas in Irving with their daughter and family, Mr. and Mrs. Kenneth Neeley and daughters, John Carlos Montgomery and children of San Angelo spent last week visiting his mother, Mrs. J. Howard Montgomery.

The Paint Creek Methodist Church gave their Christmas offering to the Methodist Children's Home at Waco in memory of J. Howard Montgomery.

Our neighboring community of Ericsdahl lost two of its most beloved and civic minded citizens in the deaths of Dr. Hugo B. Haterius, and Lambert Stenholm. Dr. Haterius was pastor of the church for forty-nine years, and was a leader in Soil Conservation, in organization of their water Co-op and Rural Electric Co-op, and in anything that bettered his people. He had retired and had

been quite ill for several months.

Lambert's death was unexpected. He, too, was a leader in the church, in the organization of the Co-op Water organization, the Co-op Gin at Ericsdahl, the newly organized Grain Co-op and in Soil Conservation. He had served on the Soil Conservation Board as a Supervisor for 10 years. His son is Charles Stenholm who is the manager of the Stamford Rural Co-Op.

Mr. and Mrs. Paul Fischer had their children home Saturday and Sunday following Christmas. Mr. and Mrs. Sam Chaffin and Kelly from Midland, Mr. and Mrs. Jerry Jones from Fort Worth and Mr. and Mrs. Derrell Richards and Ursula from Avoca spent the weekend. The Fischers were in Midland the past weekend and brought granddaughter, Kelly, home with them to spend several days.

Pvt. Phil Coleman of Fort Leonard Wood, Mo., spent the holiday with his wife, Phyllis, his parents, Mr. and Mrs. Ira Coleman and her parents, Mr. and Mrs. Dale Middlebrook.

Billy Garland Middlebrook was a pneumonia patient several days in the Stamford Memorial Hospital last week.

Mr. and Mrs. Gene Overton and sons, Wallar and William, spent Christmas in Amarillo with her sister, Mrs. Charles McBeath and Mr. McBeath and her mother, Mrs. L. W. Jones, Sr. Also visiting in Amarillo were Mr. and Mrs. Doc Jones, Nan and Bill of Rule, and Mr. and Mrs. Jimmy New and Charles of Stamford.

Our sympathy to Henry Thane, Mrs. Eric Bergstrom and Mrs. A. A. Schaeke in the loss of their brother, Tom Thane of Sagerton last week. The Thane family has furnished Paint Creek with many of its citizens. To name a few of the Thane children and grandchild-

dren, Mrs. Willie Lee Medford, Mrs. Burl Medford, Walter Buerger, Mrs. Dan LeFevre, Albert Thane, Mrs. Wayne Wells, Eddie Lee and Danny Thane. The Paint Creek School was built on land furnished by Mrs. Annie Fischer Thane and with out Thane grandchildren the Methodist Church wouldn't have any little children at all.

Ray, Roy and Gene Overton received word of the death on Monday of a cousin, J. Warren

Hitt of Austin. Warren had been deputy state commissioner of education in Texas since 1950. He collapsed during a meeting at the Texas Education Agency Monday afternoon and died soon afterwards. He is survived by his wife, a son of Texarkana, and a brother, Dr. Harold Hitt, superintendent of the San Antonio Independent School District. Warren's parents once lived in Stamford and he has some cousins also in Rochester

and Rule. Not having a know which college he had to go to this week. Tech Simmons will have a vacation because of finals before Christmas. A. M. and San Antonio assumed classes Monday.

DEDICATION OF THE NEW WILL CENTER BUILDING

(Bell Taylor) People were then invited to visit the building, with the staff and teachers acting as hostesses.

The following Monday night a "Praise Service to the Lord," was held in Friendship House. Representatives from all the Baptist Churches in the city and many Bible Club members filled the small chapel.

Songs of praise were sung by the congregation. A prayer of gratitude was offered. A beautiful solo, "God Bless This House," was rendered. Maye Bell Taylor thanked the Foreign Mission Board of Southern Baptist Convention, the North Brasil Mission, the First Baptist Church of Gladewater, Texas, the First Baptist Church of Grapevine, Texas, the Hazel-Robert Reynolds Memorial Fund of Haskell, Texas, her uncle, Rev. Sam Taylor, friends and her family for making the buying of furniture, lots and construction possible. Missionaries, Mr. Edward Trot, who helped in selection of the lots, and Mr. Darrell Cruse, who helped in buying materials and with the construction, were kindly remembered. Also, missionary Mr. Glen Wicegood of Recife was thanked especially because he made blue prints and did the finishing of the building. Senhor Aldas Santos, who supervised the construction, was thanked for his contribution. She said she loved the people with whom she was working and hope to serve

ROCHESTER NEWS

EDWIN ROBERSON

By Edwin Roberson

Thursday, January 1, the Rochester Hobby Club began the new year off with a meeting in the home of Hattie Clark. The group employed sharing their hobbies over coffee, juice, cookies, and sandwiches.

Members attending were: Mary Adkins, Electra Thomas, Vera Keel, Mae Speck, Hattie Wreyford, Lois Speck, Cleve Hester, Eunice Newberry and Hattie Clark hostess. Visitors attending were Johnnie Bell King and Helen Cox, both of Rochester.

Greetings from Rochester! Now that most everyone has gotten back to the old grind after the holidays, there will be more news to relate to you. This week the students are gradually going back to the college campuses for the next

term, and the Rochester school students have returned to review and take the finals Thursday and Friday, although reluctantly. Amid the eyes glued to text books, many eyes will return to the basketball court to watch the teams from Rochester begin the new year with basketball on the agenda. New tasks and other extra-curricular activity will be added this month so the new year promises to bring back all the busy times to make life more interesting.

Miss Marsha Shaver, Texas Tech University junior, of Rochester, participated in the Maid of Cotton finals in Memphis, Tennessee last week. Along with her mother they flew to Memphis on the 29th so she could be in the finals. Marsha was one of 4 others from the state of Texas to gain a trip to the finals. After competing, Marsha was selected among the top ten.

Marsha is the daughter of Mr. and Mrs. R. A. Shaver, Jr. of Rochester.

All school Christmas parties for the school were held Monday night and Tuesday afternoon. Monday night grades 7-12 had their parties in the various home of students in their respective classes. Each class always exchanges gifts and are served refreshments. The parties were held in the following homes: Seniors - Mrs. Bill Chambers, Juniors - Mr.

and Mrs. Don Lamb, Sophomores - Mr. and Mrs. Albert English, Freshmen - Mr. and Mrs. Keele Acree, Eighth Grade - Mr. and Mrs. Jack Neathery, Seventh Grade - Mr. and Mrs. George Mullino.

Then on Tuesday afternoon, various mothers of the children in the lower grades, 1-6, brought refreshments and had planned games for the youngsters. Each grade had their own Christmas tree, and all exchanged gifts. Senior speech students provided some of the classes with readings or poems previously selected for Christmas. After so many weeks of hard studying all these parties were certainly enjoyed and welcomed.

Kirk Knight and Mike Clinton of Tulsa, Oklahoma, students at Cisco Junior College, visited Bro. and Mrs. Aubrey Headstream and Cary last weekend.

Mr. and Mrs. Wandell Stephens and family of Kansas City, Kansas visited Mr. and Mrs. Lewis Hester over the holidays.

Mr. and Mrs. Bobby Wilson and family of Big Spring are here to attend a funeral and visit Mr. and Mrs. Hubert Wilson.

Mr. and Mrs. Jack Gauntt and family of Fort Worth were here visiting Mr. and Mrs. Paul Melton.

Mr. and Mrs. A. J. Patterson and family of Jal, New Mexico were here visiting Mr. and Mrs. Lewis Hester.

Bro. and Mrs. Aubrey Headstream were in Wichita Falls Thursday visiting Mr. and Mrs.

David Hollingsworth. Along with over 73,000 other roaring fans in the Cotton Bowl and millions others on television New Years day, the B. O. Roberson family witnessed the annual Cotton Bowl Classic. There was never a dull moment in this National championship game as the Texas Longhorns stormed back to overtake the Fighting Irish of Notre Dame, 21-17. Also they attended the Cotton Bowl parade seen on National television. Mary Lue Alvis, student at the University of Texas also was there at the game in Dallas.

HOLIDAY VISITORS

Mr. and Mrs. David Hiebert and Betsy of Laredo, spent several days in Haskell during the Christmas holidays with his parents, Mr. and Mrs. D. V. Hiebert.

Cotton Classing Report

Light snow along with an ice storm completely stopped harvesting operations and slowed ginning to a crawl due to wet cotton or loss of power. There were 7,970 samples classed in the Munday Classing Office during the week of Dec. 29, 1969-Jan. 2, 1970, according to A. D. Peebles. The season total is now 36,786.

The predominant grade for the week was 42 with 34%. Other grades were as follows: 41-7%; 51-8%; 52-23%; 43-11%; and 53-8%.

The most common staple length continues to be 29 with 36% but there was an increase in 30's to 27%. Other staples are as follows: 28 and shorter-8%; 31-9%; 32-8%; and 33 and longer 7%.

Cotton continues to mope good with 85% in the 3.5-4.9 range. Cotton miking 5.0 and above continued at 6% while cotton miking below 3.5 increased to 8%.

Local market activity was very strong up through December 31 as farmers were trying to sell before the year's end. Insufficient price information was obtained to quote an average but cotton continues to sell for from 200 to 350 points above CCC loan.

THE GLORY OF WORK

Bandleader Lawrence Weik, well known for his "champagne" music, believes "A human being grows and prospers through the dignity of work. Rather than give a man money, simply because he exists...let us educate him to the glory that can be found in work...and then bend every effort toward helping him find and hold a job."

Mr. Weik also has a word to say on the effect of a guaranteed annual income on our children. He believes: "...A child raised in an atmosphere of defeat and apathy, and taught that his every need will be taken care of whether he works or not, stands little chance of developing a strong character. His own natural eagerness to learn and to grow and to excel is cut off at the very beginning of his life, and he may never know the thrill of achievement on his own. A child who is encouraged early to earn extra pennies by shining shoes or selling newspapers or doing household tasks, stands a much better chance of achieving his goals than a child who is taught to do nothing."

These words of wisdom from a man of music and entertainment come as a refreshing break in the daily litany of security without effort that we hear on every side.

Pilot Livestock Weighmaster School Set By The State-Federal Program

Livestock market and buying station owners have received invitations to Texas' first weighing officials.

The course covers such subjects as proper scale installation and correct weighing practices. Instructors for the intensified course is Copeland and T. C. Harris, Jr. from P&SA discussing Federal weighing programs. Representing the Texas Department of Agriculture are R. E. Williams, Director of Consumer Services, and Zack Florence. They will cover Texas weights and measures laws.

Invitations have been sent to about 550 livestock scales owners in the State. "These market operators hold key positions in livestock marketing," said Copeland. "Prices are determined by weights so a weighing error can hurt you in the wallet."

"We think everyone benefits from the mutual confidence gained when weighmasters have the advantage of good formal training," he added. Williams said accurate scales and weighing are especially important in Texas since over 53 percent of the agricultural economy of this state depends on the sale of livestock on a weight basis.

Waterway, Trails System Study Started

RAINY-DAY FUNDS

AT THE TURN OF THE CENTURY, WOMEN THOUGHT THEY WERE BEING ABUSIVE BY "BOCCHING" THEIR MONEY AWAY IN THE COOKIES, SALES AND THE AMUSEMENTS WHICH CLOSE UP PLACES TO SAVE FOR THE PROFESSIONAL RAINY DAY.

MANY PERSONS RELY SOLELY ON BANKS FOR SAVINGS BECAUSE THEY ARE "SAFE" UNFORTUNATELY BANK ACCOUNTS ARE NOT "SAFE" FROM INFLATIONARY PRESSURE WHEN THE VALUE OF MONEY DECLINES.

BUT GAINING IS ONLY ONE WAY TO ACQUIRE A PROTECTIVE UMBRELLA FOR LIFETIME RAINY DAYS. CONSULT NOW WITH THE TRUSTED FINANCIAL PLANNERS OF THE TRAVELERS COMPANIES. THEY'LL REVIEW YOUR FULL FINANCIAL PICTURE AND EXPLAIN WHAT STEPS YOU CAN TAKE NOW TO ASSURE A SUNNY FUTURE.

TAX MAN SAM SEZ:

If you didn't eat your black-eyed peas and hog jowl at 10 seconds after midnight, December 31-January 1, you may find it worth while to go back and make a couple of resolves: one of the best resolves that you can start right off with a bang is that you will keep all of your records so that you can take all those income tax deductions and get that refund that you didn't have the records to support this year. On the other

hand, it may be just as important to make a mid-January resolution to not let the groundhog catch you asleep on February 2 with all of your tax records and none of your tax forms filled out. Based on your past performance you may need to make a back-up resolution that on February 2nd, that if the groundhog discovers you out in the cold bright sunshine without your tax return completed and filed, that you will scurry back to your records and not let the Ides of April bring the final gloom and doom down upon you at 11:59 P. M. April 15.

You can avoid a whole lot of useless resolving and unnecessary muttering by simply getting those records, reading the instructions for those pretty new red, white and blue forms, and filing your form 1040 now.

Activities of The Negro People

By ETHEL W. PHEA

I'm sure everyone had a wonderful holiday vacation. The community of Haskell was blessed not to have any serious accidents or fatalities.

Several visited relatives and friends during the holidays. Mr. and Mrs. L. C. Johnson have their son O. T. Johnson and family. O. T. has been in service for more than five years. I do not have the full information on our boys in service . . . but may we pause long enough to say thanks to God and our country. These boys are confronting more than we realize. May we remember all the boys in the service man . . . you can do the same.

The community was blessed to be revived with a wonderful New Years meeting. The Rev. R. D. Williams of the East Side Baptist Church brought a beautiful message . . . "Now is the Time." Rev. Williams questions in the message were: "What Will We Do With The Time That Is Ours?" He said, "Many have said, if I had known." Well, we do know and what are we going to do about it? The platform speakers were: Rev. and Mrs. A. Clay, Mrs. L. B. Reed, Rev. W. M. Reed and Rev. W. L. Johnson.
